both in and out of the ufo community on

39

00:02:24,309 --> 00:02:21,040

various topics

40

00:02:26,550 --> 00:02:24,319

welcome to the show alejandro thank you

41

00:02:27,350 --> 00:02:26,560

happy to be here thank you so much for

42

00:02:28,710 --> 00:02:27,360

being on our show

43

00:02:30,630 --> 00:02:28,720

i wanted to start off with something

44

00:02:31,509 --> 00:02:30,640

really fascinating and that is an

45

00:02:34,150 --> 00:02:31,519

article that you

46

00:02:35,990 --> 00:02:34,160

actually uh authored recently it is

47

00:02:38,229 --> 00:02:36,000

titled the us intelligence community

48

00:02:40,390 --> 00:02:38,239

insiders got the senate's attention

49

00:02:42,550 --> 00:02:40,400

regarding ufos which you

50

00:02:44,550 --> 00:02:42,560

wrote and posted on october 23rd of this

51
00:02:45,910 --> 00:02:44,560
year and i just wanted to read a little

52
00:02:48,150 --> 00:02:45,920
excerpt from it

53
00:02:50,070 --> 00:02:48,160
it says how the u.s intelligence

54
00:02:51,750 --> 00:02:50,080
community insiders got the senate's

55
00:02:53,589 --> 00:02:51,760
attention regarding ufos

56
00:02:55,670 --> 00:02:53,599
when they couldn't get credible data

57
00:02:56,710 --> 00:02:55,680
regarding ufos in front of the secretary

58
00:02:59,190 --> 00:02:56,720
of defense

59
00:03:00,949 --> 00:02:59,200
two intelligence insiders hatched a plan

60
00:03:03,910 --> 00:03:00,959
to get the world to pay attention

61
00:03:04,869 --> 00:03:03,920
and succeeded i did read this article in

62
00:03:07,030 --> 00:03:04,879
its entirety

63
00:03:09,509 --> 00:03:07,040

and i do have some questions for you on

64

00:03:11,110 --> 00:03:09,519

it but before we ask uh some questions

65

00:03:13,830 --> 00:03:11,120

of you did you want to give us

66

00:03:16,070 --> 00:03:13,840

a review of your article and perhaps

67

00:03:17,990 --> 00:03:16,080

some thoughts on it

68

00:03:19,430 --> 00:03:18,000

yeah i mean just in that i think it's

69

00:03:22,229 --> 00:03:19,440

really important and i don't

70

00:03:22,630 --> 00:03:22,239

know that the significant significance

71

00:03:28,309 --> 00:03:22,640

of

72

00:03:31,190 --> 00:03:28,319

appreciated i mean it's a game changer

73

00:03:34,789 --> 00:03:31,200

in so many ways it really essentially

74

00:03:37,270 --> 00:03:34,799

opened a major door we've never had open

75

00:03:38,789 --> 00:03:37,280

to us when it comes to the ufo community

76

00:03:39,430 --> 00:03:38,799

or people interested in the topic in

77

00:03:41,750 --> 00:03:39,440

that

78

00:03:44,309 --> 00:03:41,760

you know it's been taboo you haven't

79

00:03:46,869 --> 00:03:44,319

been really able to approach

80

00:03:47,430 --> 00:03:46,879

well it's happened but it's not common

81

00:03:49,270 --> 00:03:47,440

but

82

00:03:51,430 --> 00:03:49,280

you have it's been difficult to approach

83

00:03:51,990 --> 00:03:51,440

the military or any government agency on

84

00:03:54,630 --> 00:03:52,000

this

85

00:03:56,309 --> 00:03:54,640

but that's all changed um so much so

86

00:03:57,830 --> 00:03:56,319

that they're taking it upon themselves

87

00:04:01,030 --> 00:03:57,840

to look into it

88

00:04:02,550 --> 00:04:01,040

and why it's because and and this is

89

00:04:05,429 --> 00:04:02,560

what i think is significant

90

00:04:06,550 --> 00:04:05,439

it was a whole plan that uh luis

91

00:04:09,830 --> 00:04:06,560

elizondo who

92

00:04:12,869 --> 00:04:09,840

worked for atip the uh pentagon project

93

00:04:16,310 --> 00:04:12,879

uh looking into ufos and

94

00:04:19,349 --> 00:04:16,320

and chris mellon who late in the game

95

00:04:21,509 --> 00:04:19,359

came in tried to help louise ellison to

96

00:04:22,790 --> 00:04:21,519

get the information up the ladder from

97

00:04:25,189 --> 00:04:22,800

the inside

98

00:04:26,710 --> 00:04:25,199

uh they were both unsuccessful to melons

99

00:04:30,070 --> 00:04:26,720

to surprise

100

00:04:33,590 --> 00:04:30,080

and and they hatched a plan

101
00:04:36,070 --> 00:04:33,600
to use the media to kind of use us uh

102
00:04:36,950 --> 00:04:36,080
i wouldn't say is you know use us as in

103
00:04:38,790 --> 00:04:36,960
um

104
00:04:40,790 --> 00:04:38,800
as far as the community ufo community

105
00:04:44,550 --> 00:04:40,800
goes to use us as far as

106
00:04:46,950 --> 00:04:44,560
you know helping in an effort we already

107
00:04:49,030 --> 00:04:46,960
were participating in but a little bit

108
00:04:51,189 --> 00:04:49,040
unwittingly and i've joked around with

109
00:04:52,629 --> 00:04:51,199
brian bender with the politico around

110
00:04:54,550 --> 00:04:52,639
this if you read my story

111
00:04:56,870 --> 00:04:54,560
a lot of the news a lot of the really

112
00:04:58,950 --> 00:04:56,880
important things that happened

113
00:05:00,710 --> 00:04:58,960

brian bender was the guy with politico

114

00:05:02,870 --> 00:05:00,720

who broke those stories

115

00:05:04,550 --> 00:05:02,880

and those were highly highly significant

116

00:05:06,150 --> 00:05:04,560

stories like the navy

117

00:05:09,110 --> 00:05:06,160

claiming they take these things

118

00:05:12,230 --> 00:05:09,120

seriously the senate getting briefed

119

00:05:13,029 --> 00:05:12,240

on the topic any number of items like

120

00:05:15,590 --> 00:05:13,039

that

121

00:05:17,270 --> 00:05:15,600

the senate intelligence committee taking

122

00:05:18,629 --> 00:05:17,280

up the case and asking for more

123

00:05:21,350 --> 00:05:18,639

information about the topic

124

00:05:22,629 --> 00:05:21,360

uap task force in existence of course in

125

00:05:24,230 --> 00:05:22,639

the ufo community there are a lot of

126

00:05:25,830 --> 00:05:24,240

people talking about these things

127

00:05:28,550 --> 00:05:25,840

but brian bender was the mainstream

128

00:05:31,670 --> 00:05:28,560

media guy who was breaking those stories

129

00:05:34,070 --> 00:05:31,680

so really important and then it all

130

00:05:35,110 --> 00:05:34,080

resulted in exactly what their goal was

131

00:05:37,189 --> 00:05:35,120

is to kind of do an

132

00:05:39,510 --> 00:05:37,199

end run they couldn't get that

133

00:05:42,629 --> 00:05:39,520

information up the ladder up to

134

00:05:43,430 --> 00:05:42,639

mattis and and that's the senate so they

135

00:05:46,710 --> 00:05:43,440

went

136

00:05:49,350 --> 00:05:46,720

public got the media interest

137

00:05:50,629 --> 00:05:49,360

forcing essentially the military to

138

00:05:54,150 --> 00:05:50,639

respond

139

00:05:56,390 --> 00:05:54,160

manner which then

140

00:05:58,230 --> 00:05:56,400

opened the door for justification for

141

00:05:59,029 --> 00:05:58,240

them to go to the senate intelligence

142

00:06:01,749 --> 00:05:59,039

committee

143

00:06:04,230 --> 00:06:01,759

who chris mellon worked for as a staff

144

00:06:06,070 --> 00:06:04,240

director for nine years

145

00:06:07,350 --> 00:06:06,080

and they were able to get this this

146

00:06:09,430 --> 00:06:07,360

incredible action

147

00:06:11,990 --> 00:06:09,440

and right now you know right this very

148

00:06:14,469 --> 00:06:12,000

moment is a really significant time

149

00:06:16,150 --> 00:06:14,479

for this topic in that the senate

150

00:06:18,150 --> 00:06:16,160

intelligence committee is reviewing

151
00:06:19,110 --> 00:06:18,160
information on this topic and what to do

152
00:06:21,909 --> 00:06:19,120
about it

153
00:06:23,430 --> 00:06:21,919
and we've never been here before and i

154
00:06:25,909 --> 00:06:23,440
almost feel like

155
00:06:27,510 --> 00:06:25,919
a lot of this is getting lost on those

156
00:06:29,110 --> 00:06:27,520
people who are really interested in this

157
00:06:31,830 --> 00:06:29,120
topic while they kind of

158
00:06:32,550 --> 00:06:31,840
chase tails and and chase red herrings

159
00:06:34,790 --> 00:06:32,560
and and

160
00:06:36,870 --> 00:06:34,800
go on the typical wild goose chases

161
00:06:39,270 --> 00:06:36,880
whatever you used to

162
00:06:41,110 --> 00:06:39,280
well that's uh for the ufo community i

163
00:06:43,749 --> 00:06:41,120

wanted to mention something about uh

164

00:06:46,230 --> 00:06:43,759

christian lambright who is a very

165

00:06:49,270 --> 00:06:46,240

serious researcher in the ufo community

166

00:06:50,870 --> 00:06:49,280

and he's done research for decades now i

167

00:06:51,830 --> 00:06:50,880

wanted to read a statement that he made

168

00:06:53,830 --> 00:06:51,840

regarding this

169

00:06:55,029 --> 00:06:53,840

interview that i was going to read on

170

00:06:57,909 --> 00:06:55,039

air if

171

00:06:58,870 --> 00:06:57,919

they gave the three videos to elizondo

172

00:07:00,870 --> 00:06:58,880

originally

173

00:07:02,150 --> 00:07:00,880

then someone gave the three to melon

174

00:07:05,189 --> 00:07:02,160

according to him

175

00:07:05,909 --> 00:07:05,199

and finally naver naval air systems

176
00:07:07,589 --> 00:07:05,919
command

177
00:07:10,070 --> 00:07:07,599
officially acknowledged them on their

178
00:07:12,469 --> 00:07:10,080
own site what videos

179
00:07:14,070 --> 00:07:12,479
did they withhold from me meaning

180
00:07:17,350 --> 00:07:14,080
christian lambride

181
00:07:18,629 --> 00:07:17,360
saying they posed uh grave damage to

182
00:07:21,510 --> 00:07:18,639
national security

183
00:07:22,469 --> 00:07:21,520
i've even written to them to ask if what

184
00:07:24,790 --> 00:07:22,479
they released was

185
00:07:25,670 --> 00:07:24,800
all they had but was told to keep

186
00:07:28,550 --> 00:07:25,680
waiting

187
00:07:29,270 --> 00:07:28,560
so if those three didn't pose grave

188
00:07:32,230 --> 00:07:29,280

damage

189

00:07:33,430 --> 00:07:32,240

what else is there that does you know

190

00:07:35,990 --> 00:07:33,440

he's talking about

191

00:07:37,670 --> 00:07:36,000

the us navy's response to his foia

192

00:07:39,270 --> 00:07:37,680

request regarding wanting to know more

193

00:07:42,230 --> 00:07:39,280

information on those uh

194

00:07:43,189 --> 00:07:42,240

topics and apparently u.s navy

195

00:07:46,150 --> 00:07:43,199

intelligence

196

00:07:47,189 --> 00:07:46,160

uh said and uh it was uh there was an

197

00:07:50,469 --> 00:07:47,199

article on um

198

00:07:53,670 --> 00:07:50,479

i think it was a cbs or a mainstream

199

00:07:56,309 --> 00:07:53,680

uh media website indicating that if

200

00:07:57,510 --> 00:07:56,319

they being the us government gave

201
00:07:59,430 --> 00:07:57,520
christian lambricht

202
00:08:01,830 --> 00:07:59,440
the information he was requesting by

203
00:08:05,670 --> 00:08:01,840
foia

204
00:08:08,070 --> 00:08:05,680
that it would pose grave national

205
00:08:09,589 --> 00:08:08,080
grave damage to national security so do

206
00:08:13,029 --> 00:08:09,599
you have anything to say about

207
00:08:14,950 --> 00:08:13,039
what he's asking here definitely i mean

208
00:08:16,070 --> 00:08:14,960
that's a really important part to this

209
00:08:18,230 --> 00:08:16,080
this puzzle and

210
00:08:19,830 --> 00:08:18,240
the story of where this is actually

211
00:08:20,710 --> 00:08:19,840
headed and the attitude that the

212
00:08:22,790 --> 00:08:20,720
military

213
00:08:24,469 --> 00:08:22,800

currently has towards the topic and

214

00:08:26,150 --> 00:08:24,479

there are some recent uh

215

00:08:27,749 --> 00:08:26,160

pieces of information especially from

216

00:08:28,629 --> 00:08:27,759

the documentary the phenomenon the

217

00:08:30,950 --> 00:08:28,639

interview there

218

00:08:32,310 --> 00:08:30,960

with chris mellon also that pertains

219

00:08:34,949 --> 00:08:32,320

that is important

220

00:08:35,829 --> 00:08:34,959

which uh essentially chris millen is

221

00:08:37,430 --> 00:08:35,839

admitting

222

00:08:39,509 --> 00:08:37,440

that he's the one who leaked those

223

00:08:41,110 --> 00:08:39,519

documents to the new york times and got

224

00:08:43,509 --> 00:08:41,120

those unto the stars

225

00:08:44,949 --> 00:08:43,519

uh lua lazando has previously said he

226

00:08:47,990 --> 00:08:44,959

was not the source

227

00:08:49,829 --> 00:08:48,000

in my interviews and others so

228

00:08:51,590 --> 00:08:49,839

i think the history of these videos is

229

00:08:53,350 --> 00:08:51,600

also important and

230

00:08:55,590 --> 00:08:53,360

part of some of the comments melon made

231

00:08:57,590 --> 00:08:55,600

around this the history of the videos is

232

00:08:59,430 --> 00:08:57,600

not that they were given to anyone

233

00:09:00,710 --> 00:08:59,440

but that they were retrieved so these

234

00:09:03,990 --> 00:09:00,720

were videos

235

00:09:07,269 --> 00:09:04,000

that lou elizondo was aware of

236

00:09:09,990 --> 00:09:07,279

essentially when they hatched their plan

237

00:09:10,470 --> 00:09:10,000

to go to the public they knew they

238

00:09:13,590 --> 00:09:10,480

needed

239

00:09:16,470 --> 00:09:13,600

a strong press package a press kit

240

00:09:18,070 --> 00:09:16,480

they needed information concise

241

00:09:20,790 --> 00:09:18,080

information about

242

00:09:21,430 --> 00:09:20,800

some compelling information to show that

243

00:09:23,670 --> 00:09:21,440

this

244

00:09:24,550 --> 00:09:23,680

topic is serious they needed a case that

245

00:09:27,030 --> 00:09:24,560

they knew

246

00:09:27,990 --> 00:09:27,040

the million kerry had taken serious and

247

00:09:29,990 --> 00:09:28,000

a case that had

248

00:09:31,430 --> 00:09:30,000

hopefully some av components which the

249

00:09:33,110 --> 00:09:31,440

media loves if you're going to create a

250

00:09:35,829 --> 00:09:33,120

press release this is how you do it

251
00:09:36,550 --> 00:09:35,839
you want to have some video lou elizondo

252
00:09:39,829 --> 00:09:36,560
then

253
00:09:42,310 --> 00:09:39,839
he requested the release of those videos

254
00:09:43,269 --> 00:09:42,320
and was able to get those videos um

255
00:09:44,790 --> 00:09:43,279
they're short

256
00:09:47,110 --> 00:09:44,800
with not much information in them and

257
00:09:49,509 --> 00:09:47,120
that's that's partially key as well

258
00:09:51,590 --> 00:09:49,519
well and i'm sorry to interrupt you but

259
00:09:54,070 --> 00:09:51,600
i think christian lambright felt that

260
00:09:56,470 --> 00:09:54,080
there was some other kinds of videos

261
00:09:57,990 --> 00:09:56,480
that right right withheld so i'm getting

262
00:10:00,470 --> 00:09:58,000
to that there's certainly

263
00:10:01,990 --> 00:10:00,480

uh well it does seem that there are

264

00:10:04,790 --> 00:10:02,000

other videos but

265

00:10:05,829 --> 00:10:04,800

uh in the release of these three

266

00:10:08,150 --> 00:10:05,839

particular

267

00:10:09,750 --> 00:10:08,160

uh videos chris mellon even said we had

268

00:10:12,389 --> 00:10:09,760

to bend some rules

269

00:10:13,350 --> 00:10:12,399

in order to make this happen and so they

270

00:10:15,509 --> 00:10:13,360

were

271

00:10:16,790 --> 00:10:15,519

skating on some some shaky ground there

272

00:10:18,870 --> 00:10:16,800

which some people have

273

00:10:20,870 --> 00:10:18,880

pointed out some have been very critical

274

00:10:23,430 --> 00:10:20,880

of that uh

275

00:10:24,550 --> 00:10:23,440

much criticism but to your point the

276

00:10:27,269 --> 00:10:24,560

other videos

277

00:10:28,949 --> 00:10:27,279

uh all of the people involved melon uh

278

00:10:30,790 --> 00:10:28,959

you know

279

00:10:33,350 --> 00:10:30,800

louise elizondo has said this in the

280

00:10:35,990 --> 00:10:33,360

entire time and even harry reid has

281

00:10:36,630 --> 00:10:36,000

has come in and said there are other

282

00:10:38,389 --> 00:10:36,640

videos

283

00:10:40,230 --> 00:10:38,399

according to elizondo there's a lot of

284

00:10:42,870 --> 00:10:40,240

other videos but the key

285

00:10:43,350 --> 00:10:42,880

is the attitude of the military which

286

00:10:46,150 --> 00:10:43,360

chris

287

00:10:48,150 --> 00:10:46,160

got which is that the military did not

288

00:10:50,710 --> 00:10:48,160

release these videos it wasn't

289

00:10:51,910 --> 00:10:50,720

their intention they claimed that if

290

00:10:53,430 --> 00:10:51,920

they knew

291

00:10:55,190 --> 00:10:53,440

what would happen with those videos they

292

00:10:58,470 --> 00:10:55,200

wouldn't have um

293

00:11:01,590 --> 00:10:58,480

you know cleared them for release so

294

00:11:04,069 --> 00:11:01,600

uh they didn't want those nor

295

00:11:04,710 --> 00:11:04,079

do they want anything released does it

296

00:11:07,269 --> 00:11:04,720

seem like

297

00:11:09,190 --> 00:11:07,279

all of their comments towards the uap

298

00:11:11,910 --> 00:11:09,200

task force towards their efforts

299

00:11:13,190 --> 00:11:11,920

uh current and future and findings they

300

00:11:15,670 --> 00:11:13,200

say are classified

301

00:11:16,470 --> 00:11:15,680

i'm not planning on sharing so what

302

00:11:18,949 --> 00:11:16,480

they've told chris

303

00:11:20,389 --> 00:11:18,959

is you know why are they classified

304

00:11:22,550 --> 00:11:20,399

because they pose a great

305

00:11:24,389 --> 00:11:22,560

threat why do they pose a great threat

306

00:11:26,150 --> 00:11:24,399

well this is what we're really

307

00:11:27,430 --> 00:11:26,160

kind of butting our heads against

308

00:11:28,870 --> 00:11:27,440

because in a way they have it's a

309

00:11:30,790 --> 00:11:28,880

justified answer

310

00:11:31,910 --> 00:11:30,800

in that what are they looking at what

311

00:11:34,550 --> 00:11:31,920

are unidentified

312

00:11:35,350 --> 00:11:34,560

objects they could be uh they could be

313

00:11:37,590 --> 00:11:35,360

chinese

314

00:11:38,550 --> 00:11:37,600

they could be russian they could be from

315

00:11:41,590 --> 00:11:38,560

elsewhere they don't

316

00:11:44,550 --> 00:11:41,600

know where and until they know

317

00:11:45,030 --> 00:11:44,560

it's it's incumbent upon them not to

318

00:11:47,110 --> 00:11:45,040

share

319

00:11:48,710 --> 00:11:47,120

the details of their investigation

320

00:11:50,310 --> 00:11:48,720

because for many reasons

321

00:11:51,750 --> 00:11:50,320

counterintelligence reasons

322

00:11:53,590 --> 00:11:51,760

they could be tipping their hat that

323

00:11:55,670 --> 00:11:53,600

they know about technology

324

00:11:57,590 --> 00:11:55,680

that is out there they don't want to do

325

00:11:58,230 --> 00:11:57,600

that typically you don't let your enemy

326
00:12:06,870 --> 00:11:58,240
know

327
00:12:08,790 --> 00:12:06,880
it's a very delicate situation and

328
00:12:10,150 --> 00:12:08,800
what they can release and i don't think

329
00:12:10,629 --> 00:12:10,160
they even want to go there if they're

330
00:12:12,790 --> 00:12:10,639
like

331
00:12:15,030 --> 00:12:12,800
you know why release anything because

332
00:12:16,069 --> 00:12:15,040
the potential for damage to national

333
00:12:18,310 --> 00:12:16,079
security is there

334
00:12:20,790 --> 00:12:18,320
so we don't want to release anything and

335
00:12:21,190 --> 00:12:20,800
that is the big danger going forward is

336
00:12:24,389 --> 00:12:21,200
that

337
00:12:26,790 --> 00:12:24,399
if we want as the public

338
00:12:28,069 --> 00:12:26,800

for information to come out from this

339

00:12:29,750 --> 00:12:28,079

uap task force

340

00:12:31,590 --> 00:12:29,760

of some sort at least some sort of

341

00:12:33,509 --> 00:12:31,600

briefing to tell us something

342

00:12:34,949 --> 00:12:33,519

then right now is the time to start

343

00:12:36,949 --> 00:12:34,959

asking about it because

344

00:12:38,470 --> 00:12:36,959

when their report comes out to the

345

00:12:39,910 --> 00:12:38,480

senate intelligence committee it's

346

00:12:41,990 --> 00:12:39,920

likely gonna say

347

00:12:44,150 --> 00:12:42,000

we've got this under control this stuff

348

00:12:46,230 --> 00:12:44,160

is classified for justifiable reasons

349

00:12:47,509 --> 00:12:46,240

it needs to stay there just let us

350

00:12:49,670 --> 00:12:47,519

handle it and

351
00:12:51,030 --> 00:12:49,680
marco rubio mark warner the other guys

352
00:12:53,110 --> 00:12:51,040
in the intelligence committee

353
00:12:54,629 --> 00:12:53,120
kamala harris if she's still in it or

354
00:12:57,269 --> 00:12:54,639
not may say okay

355
00:12:58,470 --> 00:12:57,279
you guys got it you got it and that's it

356
00:13:00,470 --> 00:12:58,480
all great points

357
00:13:02,310 --> 00:13:00,480
and i'm i thank you for that one extra

358
00:13:04,230 --> 00:13:02,320
point i wanted to make

359
00:13:05,910 --> 00:13:04,240
super briefly about what you said as far

360
00:13:07,110 --> 00:13:05,920
as the grocery list of reasons why the

361
00:13:08,629 --> 00:13:07,120
u.s government

362
00:13:10,949 --> 00:13:08,639
may or may not want to acknowledge

363
00:13:13,190 --> 00:13:10,959

anything under a pressure of a

364

00:13:14,629 --> 00:13:13,200

threat to national securities they also

365

00:13:15,190 --> 00:13:14,639

may not want to acknowledge that they

366

00:13:16,870 --> 00:13:15,200

don't know

367

00:13:18,310 --> 00:13:16,880

but moving along i wanted to mention

368

00:13:20,629 --> 00:13:18,320

something to our audience

369

00:13:22,470 --> 00:13:20,639

and also ask you a two-part question

370

00:13:23,910 --> 00:13:22,480

christopher mellen a former deputy

371

00:13:25,829 --> 00:13:23,920

assistant secretary

372

00:13:27,190 --> 00:13:25,839

of defense for intelligence and the

373

00:13:29,190 --> 00:13:27,200

clinton and georgia

374

00:13:30,870 --> 00:13:29,200

w bush administrations and later for

375

00:13:33,190 --> 00:13:30,880

security and information

376

00:13:34,790 --> 00:13:33,200

operations who formerly served as a

377

00:13:36,389 --> 00:13:34,800

staff director of the united states

378

00:13:40,230 --> 00:13:36,399

senate select committee and

379

00:13:42,150 --> 00:13:40,240

on intelligence claimed and i quote

380

00:13:43,910 --> 00:13:42,160

i received the videos the now famous

381

00:13:44,710 --> 00:13:43,920

videos in the pentagon parking lot from

382

00:13:46,870 --> 00:13:44,720

a defense

383

00:13:49,350 --> 00:13:46,880

department official i still have the

384

00:13:49,750 --> 00:13:49,360

packaging this is a case where somebody

385

00:13:51,750 --> 00:13:49,760

bent

386

00:13:52,949 --> 00:13:51,760

the rules a little bit and they did so

387

00:13:54,629 --> 00:13:52,959

for the larger good

388

00:13:56,230 --> 00:13:54,639

and we're absolutely all better off

389

00:13:59,829 --> 00:13:56,240

because of it melon continued

390

00:14:01,269 --> 00:13:59,839

two-part question for you alejandro

391

00:14:04,150 --> 00:14:01,279

do you think more folks from the

392

00:14:07,509 --> 00:14:04,160

intelligence community will be so bold

393

00:14:11,509 --> 00:14:07,519

as to bend the rules as mellon put it

394

00:14:14,310 --> 00:14:11,519

regarding the uap topic and

395

00:14:16,710 --> 00:14:14,320

how ethical or not ethical is it for

396

00:14:18,389 --> 00:14:16,720

someone of his stature

397

00:14:20,550 --> 00:14:18,399

to feel he had the right to bend the

398

00:14:23,750 --> 00:14:20,560

rules or whomever it was

399

00:14:27,590 --> 00:14:23,760

that meant the rules without fear of

400

00:14:30,550 --> 00:14:28,870

it sounds like it could have been

401
00:14:31,350 --> 00:14:30,560
planned i don't mean to ask a leading

402
00:14:33,910 --> 00:14:31,360
question if i

403
00:14:34,949 --> 00:14:33,920
am i apologize for that but you know

404
00:14:38,150 --> 00:14:34,959
look

405
00:14:41,990 --> 00:14:38,160
we both know that when folks uh

406
00:14:45,030 --> 00:14:42,000
in or outside of the uh us government

407
00:14:45,590 --> 00:14:45,040
actually publish or post something

408
00:14:48,790 --> 00:14:45,600
online

409
00:14:51,189 --> 00:14:48,800
that is of top secret uh level or po

410
00:14:52,550 --> 00:14:51,199
possibly poses a national uh grave

411
00:14:54,949 --> 00:14:52,560
national security

412
00:14:56,230 --> 00:14:54,959
risk to our nation they can get

413
00:14:57,590 --> 00:14:56,240

prosecuted for that

414

00:15:00,150 --> 00:14:57,600

so there must have been some kind of

415

00:15:02,389 --> 00:15:00,160

permission given uh and if that's

416

00:15:03,990 --> 00:15:02,399

necessarily okay and i am glad you said

417

00:15:06,790 --> 00:15:04,000

that and thank you

418

00:15:07,430 --> 00:15:06,800

because it's a circular discussion isn't

419

00:15:09,350 --> 00:15:07,440

it

420

00:15:10,870 --> 00:15:09,360

if somebody doesn't realize that if

421

00:15:12,949 --> 00:15:10,880

somebody doesn't realize

422

00:15:14,470 --> 00:15:12,959

that not necessarily like you said which

423

00:15:17,030 --> 00:15:14,480

is true

424

00:15:18,230 --> 00:15:17,040

um then they're gonna end up in a loop

425

00:15:20,389 --> 00:15:18,240

in their head going

426

00:15:21,910 --> 00:15:20,399

well if they're not allowed to publish

427

00:15:25,670 --> 00:15:21,920

this kind of stuff under threat of

428

00:15:26,150 --> 00:15:25,680

possible prosecution for espionage or

429

00:15:28,230 --> 00:15:26,160

whatever

430

00:15:29,910 --> 00:15:28,240

unknown kinds of charges there could be

431

00:15:32,710 --> 00:15:29,920

a whole barrage of them

432

00:15:34,790 --> 00:15:32,720

um then why would they have been allowed

433

00:15:36,870 --> 00:15:34,800

to bend the rules so what what is your

434

00:15:39,110 --> 00:15:36,880

response to that

435

00:15:40,949 --> 00:15:39,120

um you know it's one of those things i

436

00:15:41,590 --> 00:15:40,959

think they weren't allowed to bend the

437

00:15:43,590 --> 00:15:41,600

route they took

438

00:15:45,110 --> 00:15:43,600

rules like they took it upon themselves

439

00:15:47,269 --> 00:15:45,120

to bend the rules

440

00:15:48,230 --> 00:15:47,279

um and you know there's there's a few

441

00:15:51,509 --> 00:15:48,240

different ways that

442

00:15:52,150 --> 00:15:51,519

this was done essentially elizondo going

443

00:15:55,590 --> 00:15:52,160

rogue

444

00:15:58,550 --> 00:15:55,600

quitting i mean when you are told no

445

00:16:00,389 --> 00:15:58,560

and he's a military guy you cannot go up

446

00:16:02,790 --> 00:16:00,399

the ladder with this

447

00:16:03,990 --> 00:16:02,800

done you know it's typically a sir yes

448

00:16:05,749 --> 00:16:04,000

sir

449

00:16:07,749 --> 00:16:05,759

they felt compelled they felt it

450

00:16:09,749 --> 00:16:07,759

important enough to bend those rules

451
00:16:11,749 --> 00:16:09,759
and the end run that elizondo did by

452
00:16:14,069 --> 00:16:11,759
quitting and going public

453
00:16:14,790 --> 00:16:14,079
it's he says he's not a wessel blurry

454
00:16:16,710 --> 00:16:14,800
because he's not

455
00:16:18,230 --> 00:16:16,720
revealing anything classified but he

456
00:16:20,310 --> 00:16:18,240
kind of is a whistleblower he's

457
00:16:21,430 --> 00:16:20,320
revealing information that the defense

458
00:16:24,629 --> 00:16:21,440
department didn't want

459
00:16:27,110 --> 00:16:24,639
out there as far as the videos go

460
00:16:29,189 --> 00:16:27,120
an important aspect to those videos is

461
00:16:31,670 --> 00:16:29,199
that air force report

462
00:16:33,110 --> 00:16:31,680
where the air force did look into

463
00:16:36,470 --> 00:16:33,120

whether those videos

464

00:16:37,430 --> 00:16:36,480

were released illegally so they already

465

00:16:40,550 --> 00:16:37,440

examined

466

00:16:41,509 --> 00:16:40,560

that who released them when why is there

467

00:16:43,430 --> 00:16:41,519

a problem here

468

00:16:44,629 --> 00:16:43,440

and they had determined that there

469

00:16:47,030 --> 00:16:44,639

wasn't a problem

470

00:16:48,310 --> 00:16:47,040

although it was strange because they on

471

00:16:50,829 --> 00:16:48,320

the one hand said

472

00:16:52,230 --> 00:16:50,839

they weren't cleared for

473

00:16:55,430 --> 00:16:52,240

declassification

474

00:16:55,829 --> 00:16:55,440

before the dob circuit department told

475

00:16:58,310 --> 00:16:55,839

lou

476
00:16:59,829 --> 00:16:58,320
go ahead and use those videos so that

477
00:17:01,990 --> 00:16:59,839
was one problem that was

478
00:17:03,829 --> 00:17:02,000
susan go from the dod even admitted that

479
00:17:05,350 --> 00:17:03,839
was the dobsor's mistake they should

480
00:17:06,870 --> 00:17:05,360
have waited for that clearance

481
00:17:09,429 --> 00:17:06,880
but on the other hand the air force is

482
00:17:12,870 --> 00:17:09,439
saying they weren't classified anyway

483
00:17:13,429 --> 00:17:12,880
and um i've gotten via foia and so have

484
00:17:16,549 --> 00:17:13,439
others

485
00:17:18,710 --> 00:17:16,559
the email string between the navy

486
00:17:21,189 --> 00:17:18,720
and dobson when when elizondo was

487
00:17:22,870 --> 00:17:21,199
getting asking for the release of those

488
00:17:25,350 --> 00:17:22,880

videos and and they said

489

00:17:27,029 --> 00:17:25,360

you know essentially wipe the metadata

490

00:17:29,430 --> 00:17:27,039

off of them which gives you know

491

00:17:31,350 --> 00:17:29,440

details about the the nature of the

492

00:17:32,230 --> 00:17:31,360

technology being used to record those

493

00:17:34,710 --> 00:17:32,240

videos

494

00:17:35,510 --> 00:17:34,720

delete that metadata and go ahead and

495

00:17:38,549 --> 00:17:35,520

use them

496

00:17:40,789 --> 00:17:38,559

they were fine with it so they were

497

00:17:43,350 --> 00:17:40,799

unclassified they weren't classified

498

00:17:44,310 --> 00:17:43,360

so it's not as big of a deal that this

499

00:17:47,270 --> 00:17:44,320

information

500

00:17:48,150 --> 00:17:47,280

was released but it wasn't completely

501
00:17:51,350 --> 00:17:48,160
cleared

502
00:17:53,110 --> 00:17:51,360
you know for public release and uh

503
00:17:54,710 --> 00:17:53,120
which is why this little bit of cloak

504
00:17:57,830 --> 00:17:54,720
and dagger um

505
00:17:59,590 --> 00:17:57,840
we do know that uh from elizondo

506
00:18:01,190 --> 00:17:59,600
and others we do know they've got some

507
00:18:01,909 --> 00:18:01,200
confederates they have some friends and

508
00:18:03,830 --> 00:18:01,919
colleagues

509
00:18:05,430 --> 00:18:03,840
in the inside at least that were

510
00:18:08,710 --> 00:18:05,440
supporting them when they left

511
00:18:09,350 --> 00:18:08,720
uh it seems like one of those situations

512
00:18:11,110 --> 00:18:09,360
where

513
00:18:13,190 --> 00:18:11,120

you know everybody's asking for a

514

00:18:13,990 --> 00:18:13,200

volunteer and and everybody steps

515

00:18:15,510 --> 00:18:14,000

backwards and one

516

00:18:18,390 --> 00:18:15,520

person's left they're standing

517

00:18:21,430 --> 00:18:18,400

unfortunately they really didn't come to

518

00:18:22,870 --> 00:18:21,440

have elizondo's back as much as he felt

519

00:18:25,029 --> 00:18:22,880

they should have and that's from my

520

00:18:27,430 --> 00:18:25,039

private conversations with him really

521

00:18:29,270 --> 00:18:27,440

uh that a lot of them got shy when he

522

00:18:31,190 --> 00:18:29,280

came out and he you know received this

523

00:18:33,990 --> 00:18:31,200

avalanche of media attention

524

00:18:35,110 --> 00:18:34,000

but somebody one of those people was at

525

00:18:37,669 --> 00:18:35,120

least willing to

526

00:18:39,190 --> 00:18:37,679

stick their neck out enough to give

527

00:18:42,710 --> 00:18:39,200

melon those videos

528

00:18:45,750 --> 00:18:42,720

we don't know who so uh those same

529

00:18:47,270 --> 00:18:45,760

people though elizondo has said some of

530

00:18:50,230 --> 00:18:47,280

this information

531

00:18:51,510 --> 00:18:50,240

that around what we investigated is not

532

00:18:53,830 --> 00:18:51,520

classified

533

00:18:55,510 --> 00:18:53,840

but it's not mine to give he says

534

00:18:57,669 --> 00:18:55,520

essentially he's saying that

535

00:19:00,950 --> 00:18:57,679

i'm aware of other information out there

536

00:19:03,270 --> 00:19:00,960

but those are in departments or areas

537

00:19:05,430 --> 00:19:03,280

where my friends and colleagues would

538

00:19:06,470 --> 00:19:05,440

not want that released and i respect

539

00:19:09,669 --> 00:19:06,480

their opinion

540

00:19:11,270 --> 00:19:09,679

and so all i can do eliza and mello

541

00:19:13,190 --> 00:19:11,280

have both kind of talked about all we

542

00:19:15,510 --> 00:19:13,200

can do is try to compel those people

543

00:19:17,590 --> 00:19:15,520

to release that information which may or

544

00:19:19,830 --> 00:19:17,600

may not happen in the future

545

00:19:21,590 --> 00:19:19,840

but um there's more apparently

546

00:19:24,710 --> 00:19:21,600

unclassified information is where

547

00:19:26,310 --> 00:19:24,720

well is classified and um you know what

548

00:19:27,990 --> 00:19:26,320

the hard part is with

549

00:19:29,350 --> 00:19:28,000

these technologies for instance we don't

550

00:19:32,630 --> 00:19:29,360

even know the

551
00:19:34,390 --> 00:19:32,640
the nature of the cameras that we use to

552
00:19:36,310 --> 00:19:34,400
video we don't know exactly which camera

553
00:19:37,990 --> 00:19:36,320
the making the model because that sort

554
00:19:39,750 --> 00:19:38,000
of stuff is classified

555
00:19:41,430 --> 00:19:39,760
because we don't want the enemy to know

556
00:19:44,310 --> 00:19:41,440
you know sure the extent of our

557
00:19:45,430 --> 00:19:44,320
technology so those are the issues that

558
00:19:47,029 --> 00:19:45,440
come into play

559
00:19:49,110 --> 00:19:47,039
yeah let me jump in here real quick uh

560
00:19:50,549 --> 00:19:49,120
with a question uh you had mentioned

561
00:19:53,669 --> 00:19:50,559
senators warner and

562
00:19:54,310 --> 00:19:53,679
rubio and somewhere along the line they

563
00:19:57,590 --> 00:19:54,320

had to

564

00:20:00,230 --> 00:19:57,600

be won over uh to pursue this

565

00:20:01,190 --> 00:20:00,240

through the senate select committee on

566

00:20:03,830 --> 00:20:01,200

intelligence

567

00:20:04,390 --> 00:20:03,840

and do you know much about that process

568

00:20:08,470 --> 00:20:04,400

and

569

00:20:11,190 --> 00:20:08,480

were basically turned

570

00:20:12,549 --> 00:20:11,200

yeah a little bit um i do know and and

571

00:20:14,310 --> 00:20:12,559

that's something that

572

00:20:15,750 --> 00:20:14,320

melon shared with me that i also have in

573

00:20:18,310 --> 00:20:15,760

this article and i think a big point

574

00:20:22,549 --> 00:20:18,320

that he wanted to get across was

575

00:20:24,710 --> 00:20:22,559

um you know he has no ability to

576

00:20:25,909 --> 00:20:24,720

dictate what the senate intelligence

577

00:20:29,190 --> 00:20:25,919

committee does

578

00:20:32,070 --> 00:20:29,200

his goal and by the navy admitting they

579

00:20:33,270 --> 00:20:32,080

investigate uaps and take them seriously

580

00:20:35,909 --> 00:20:33,280

it opened the door

581

00:20:36,870 --> 00:20:35,919

for him to share information for him to

582

00:20:39,990 --> 00:20:36,880

start

583

00:20:42,470 --> 00:20:40,000

going to staffers briefing them

584

00:20:43,430 --> 00:20:42,480

and brief them all in the information so

585

00:20:45,990 --> 00:20:43,440

like he says

586

00:20:48,470 --> 00:20:46,000

he was able to give them information it

587

00:20:49,350 --> 00:20:48,480

was up to them to decide whether that

588

00:20:52,149 --> 00:20:49,360

information

589

00:20:52,630 --> 00:20:52,159

was compelling enough to prompt some

590

00:20:55,750 --> 00:20:52,640

sort of

591

00:20:56,310 --> 00:20:55,760

action fortunately i think for us for

592

00:20:58,470 --> 00:20:56,320

people who

593

00:21:00,390 --> 00:20:58,480

do believe that you know this is a

594

00:21:02,390 --> 00:21:00,400

significant issue

595

00:21:03,909 --> 00:21:02,400

they they felt so as well they saw the

596

00:21:06,230 --> 00:21:03,919

material and they said hey

597

00:21:06,950 --> 00:21:06,240

this is important you know we feel like

598

00:21:08,710 --> 00:21:06,960

we should

599

00:21:10,549 --> 00:21:08,720

have been briefed on this and we want

600

00:21:12,870 --> 00:21:10,559

more information on this

601
00:21:14,149 --> 00:21:12,880
they felt like melon was kind of saying

602
00:21:17,029 --> 00:21:14,159
is he felt this was an

603
00:21:18,630 --> 00:21:17,039
intelligence failure um by not paying

604
00:21:20,070 --> 00:21:18,640
attention to these items and and they

605
00:21:22,870 --> 00:21:20,080
felt similarly so

606
00:21:23,669 --> 00:21:22,880
the briefings they received did compel

607
00:21:26,310 --> 00:21:23,679
them enough

608
00:21:27,110 --> 00:21:26,320
to take it upon themselves to ask for

609
00:21:30,549 --> 00:21:27,120
this uap

610
00:21:33,750 --> 00:21:30,559
report um to um also

611
00:21:36,149 --> 00:21:33,760
you know ask for a coordination of uap

612
00:21:37,190 --> 00:21:36,159
research and and compilation of

613
00:21:39,909 --> 00:21:37,200

information

614

00:21:40,789 --> 00:21:39,919

um so which is pretty significant i

615

00:21:43,270 --> 00:21:40,799

think

616

00:21:43,990 --> 00:21:43,280

uh yeah i know i i'll go ahead and

617

00:21:46,310 --> 00:21:44,000

finish up but

618

00:21:47,590 --> 00:21:46,320

i do have a follow-up i was going to say

619

00:21:48,310 --> 00:21:47,600

i don't know the extent of the

620

00:21:50,390 --> 00:21:48,320

information

621

00:21:53,430 --> 00:21:50,400

they were given of course they're clear

622

00:21:55,750 --> 00:21:53,440

to see classified information

623

00:21:57,909 --> 00:21:55,760

we know so we don't know everything they

624

00:21:59,270 --> 00:21:57,919

saw but we do know from my unidentified

625

00:22:01,350 --> 00:21:59,280

that they did at least

626
00:22:03,029 --> 00:22:01,360
hear about the nimitz case and the the

627
00:22:04,870 --> 00:22:03,039
roosevelt cases that were

628
00:22:07,110 --> 00:22:04,880
featured in the unidentified television

629
00:22:08,630 --> 00:22:07,120
show and uh what we're seeing from both

630
00:22:10,470 --> 00:22:08,640
of them i think

631
00:22:12,310 --> 00:22:10,480
warner at least at one point a little

632
00:22:14,390 --> 00:22:12,320
more than a year ago was a little bit

633
00:22:15,190 --> 00:22:14,400
proactive in terms of talking about it

634
00:22:17,430 --> 00:22:15,200
publicly

635
00:22:18,870 --> 00:22:17,440
and we sort of knew that he was at least

636
00:22:20,230 --> 00:22:18,880
one guy who was uh

637
00:22:22,710 --> 00:22:20,240
definitely pushing for it he's the

638
00:22:24,070 --> 00:22:22,720

co-chair and obviously he got some

639

00:22:27,029 --> 00:22:24,080

cooperation

640

00:22:28,950 --> 00:22:27,039

but rubio had done an interview earlier

641

00:22:29,909 --> 00:22:28,960

this year with a tv station down in

642

00:22:32,710 --> 00:22:29,919

miami

643

00:22:34,230 --> 00:22:32,720

and he you know he wasn't asked about it

644

00:22:35,430 --> 00:22:34,240

or i mean excuse me uh he wasn't

645

00:22:38,149 --> 00:22:35,440

offering anything up

646

00:22:39,430 --> 00:22:38,159

but when he was asked about it he did uh

647

00:22:40,870 --> 00:22:39,440

you know he was pretty forthright and

648

00:22:41,590 --> 00:22:40,880

actually made some very interesting

649

00:22:43,510 --> 00:22:41,600

comments

650

00:22:44,950 --> 00:22:43,520

and warner as far as i know is up for

651
00:22:47,909 --> 00:22:44,960
reelection uh

652
00:22:49,430 --> 00:22:47,919
next week he'll be uh going for his i

653
00:22:51,510 --> 00:22:49,440
think his third term

654
00:22:53,350 --> 00:22:51,520
and as far as i know he's not running on

655
00:22:54,950 --> 00:22:53,360
any kind of a ufo platform

656
00:22:57,029 --> 00:22:54,960
this seems to be something that these

657
00:22:58,630 --> 00:22:57,039
guys aren't really sort of front loading

658
00:23:00,549 --> 00:22:58,640
but they will answer

659
00:23:01,909 --> 00:23:00,559
at least seriously if they're asked

660
00:23:03,830 --> 00:23:01,919
about it

661
00:23:06,230 --> 00:23:03,840
yeah and i think that's significant that

662
00:23:08,390 --> 00:23:06,240
whatever they saw was compelling enough

663
00:23:09,750 --> 00:23:08,400

for them to say in those interviews

664

00:23:13,110 --> 00:23:09,760

where they were approached uh

665

00:23:16,070 --> 00:23:13,120

fairly recently certainly i think in the

666

00:23:17,590 --> 00:23:16,080

uh red zone as far as campaigning goes

667

00:23:20,390 --> 00:23:17,600

uh for warner

668

00:23:22,310 --> 00:23:20,400

that that they take it very seriously

669

00:23:23,990 --> 00:23:22,320

that what they saw um

670

00:23:25,990 --> 00:23:24,000

we should take this stuff very very

671

00:23:28,710 --> 00:23:26,000

seriously uh like you said

672

00:23:30,230 --> 00:23:28,720

you know rubio went so far as to say not

673

00:23:33,510 --> 00:23:30,240

only should we take it seriously

674

00:23:35,190 --> 00:23:33,520

i hope it's aliens yeah yeah yeah i like

675

00:23:37,029 --> 00:23:35,200

that response i like that quote be

676

00:23:38,950 --> 00:23:37,039

very scary to know that they have

677

00:23:41,029 --> 00:23:38,960

technology like this so

678

00:23:42,149 --> 00:23:41,039

um you can tell they're taking it very

679

00:23:45,190 --> 00:23:42,159

seriously it

680

00:23:47,110 --> 00:23:45,200

seems and at least i know melon feels uh

681

00:23:48,230 --> 00:23:47,120

and others people like brian bender

682

00:23:50,789 --> 00:23:48,240

other people kind of have

683

00:23:52,230 --> 00:23:50,799

the the pulse on on the hill there that

684

00:23:55,430 --> 00:23:52,240

they are pretty compelled

685

00:23:57,430 --> 00:23:55,440

to to get answers um that

686

00:23:58,710 --> 00:23:57,440

they're not going to drop this so they

687

00:24:01,350 --> 00:23:58,720

want answers

688

00:24:02,950 --> 00:24:01,360

uh do we know if there's anybody more

689

00:24:04,710 --> 00:24:02,960

than just those two

690

00:24:06,549 --> 00:24:04,720

that are sort of at least behind the

691

00:24:08,630 --> 00:24:06,559

scenes pushing for this or is uh that's

692

00:24:11,029 --> 00:24:08,640

uh that's all we know for now

693

00:24:12,070 --> 00:24:11,039

that's all we know for sure for now

694

00:24:14,630 --> 00:24:12,080

there was another

695

00:24:15,909 --> 00:24:14,640

uh house representative and i can't

696

00:24:17,669 --> 00:24:15,919

remember his name

697

00:24:19,590 --> 00:24:17,679

he asked the navy wrote a letter to the

698

00:24:21,430 --> 00:24:19,600

nation

699

00:24:23,590 --> 00:24:21,440

wrote a letter to the navy asking for

700

00:24:25,029 --> 00:24:23,600

information the navy essentially said

701
00:24:26,789 --> 00:24:25,039
well we talked to the house armed

702
00:24:28,390 --> 00:24:26,799
services committee so

703
00:24:30,470 --> 00:24:28,400
we're good essentially we're not going

704
00:24:33,190 --> 00:24:30,480
to give you anything we

705
00:24:35,029 --> 00:24:33,200
answer to them he wasn't happy with that

706
00:24:37,510 --> 00:24:35,039
answer

707
00:24:39,750 --> 00:24:37,520
but you know he didn't take it any

708
00:24:41,750 --> 00:24:39,760
further but that was right before

709
00:24:43,350 --> 00:24:41,760
the senate intelligence committee

710
00:24:44,470 --> 00:24:43,360
decided to do something so he may have

711
00:24:45,669 --> 00:24:44,480
been tipped off hey

712
00:24:47,669 --> 00:24:45,679
don't worry about it we're getting

713
00:24:49,190 --> 00:24:47,679

answers and you know yeah that was a

714

00:24:51,110 --> 00:24:49,200

while back that was uh mark

715

00:24:52,470 --> 00:24:51,120

walker by the way from mark walker there

716

00:24:55,830 --> 00:24:52,480

you go so

717

00:24:56,870 --> 00:24:55,840

um so yeah fortunately it doesn't seem

718

00:24:59,669 --> 00:24:56,880

to have

719

00:25:00,710 --> 00:24:59,679

had a negative effect on anyone's

720

00:25:02,870 --> 00:25:00,720

campaign

721

00:25:04,149 --> 00:25:02,880

uh which is kind of interesting and even

722

00:25:06,230 --> 00:25:04,159

four years ago

723

00:25:08,070 --> 00:25:06,240

uh you know john podesta was pushing for

724

00:25:09,669 --> 00:25:08,080

hillary clinton to talk about ufos and

725

00:25:12,470 --> 00:25:09,679

she did in some instances

726
00:25:13,029 --> 00:25:12,480
yeah if she was asked if and podesta was

727
00:25:15,110 --> 00:25:13,039
pushing

728
00:25:16,789 --> 00:25:15,120
ask her ask her ask her and she would

729
00:25:19,990 --> 00:25:16,799
respond if she was asked but

730
00:25:20,390 --> 00:25:20,000
otherwise nobody's pushing it though but

731
00:25:23,909 --> 00:25:20,400
what

732
00:25:25,029 --> 00:25:23,919
kind of indicate they don't feel that it

733
00:25:27,269 --> 00:25:25,039
is kind of the

734
00:25:28,710 --> 00:25:27,279
the anchor or it's going to sink their

735
00:25:29,669 --> 00:25:28,720
campaigns like it did for dennis

736
00:25:32,470 --> 00:25:29,679
kucinich in

737
00:25:34,070 --> 00:25:32,480
2008 when you know it was revealed in in

738
00:25:35,350 --> 00:25:34,080

shirley maclaine's book that he had had

739

00:25:38,070 --> 00:25:35,360

a ufo sighting

740

00:25:39,909 --> 00:25:38,080

and he was made fun of which you know

741

00:25:42,070 --> 00:25:39,919

ultimately was one of the

742

00:25:43,029 --> 00:25:42,080

nails in the coffin to his campaign his

743

00:25:45,669 --> 00:25:43,039

running

744

00:25:46,630 --> 00:25:45,679

of course he was an outsider anyway but

745

00:25:48,549 --> 00:25:46,640

uh

746

00:25:49,990 --> 00:25:48,559

the point was is that yeah it doesn't

747

00:25:52,390 --> 00:25:50,000

seem to have hurt their campaigns

748

00:25:54,149 --> 00:25:52,400

they are enthusiastic about the topic

749

00:25:56,390 --> 00:25:54,159

and and that speaks volumes i think

750

00:25:58,549 --> 00:25:56,400

that's really important

751
00:25:59,430 --> 00:25:58,559
those were great questions frank thank

752
00:26:02,789 --> 00:25:59,440
you i

753
00:26:03,269 --> 00:26:02,799
wanted to ask you alejandro was this a

754
00:26:05,269 --> 00:26:03,279
form

755
00:26:06,310 --> 00:26:05,279
and you'll know where i'm going when i

756
00:26:08,710 --> 00:26:06,320
ask this question

757
00:26:09,669 --> 00:26:08,720
was this a form of disclosure by the u.s

758
00:26:12,070 --> 00:26:09,679
government

759
00:26:14,070 --> 00:26:12,080
when the new york times writers leslie

760
00:26:15,909 --> 00:26:14,080
keane ralph blumenthal

761
00:26:18,390 --> 00:26:15,919
and helen cooper wrote the story they

762
00:26:20,390 --> 00:26:18,400
did titled glowing auras and black money

763
00:26:22,230 --> 00:26:20,400

the pentagon's mysterious ufo program in

764

00:26:24,470 --> 00:26:22,240

december 2017.

765

00:26:26,149 --> 00:26:24,480

the only reason i asked that question is

766

00:26:27,909 --> 00:26:26,159

because there have been some well-known

767

00:26:28,630 --> 00:26:27,919

folks in the ufo community that have

768

00:26:33,750 --> 00:26:28,640

studied

769

00:26:37,029 --> 00:26:33,760

uh the topic of ufos and ets for decades

770

00:26:40,470 --> 00:26:37,039

and they felt that that one article

771

00:26:43,029 --> 00:26:40,480

was a form of disclosure um

772

00:26:43,990 --> 00:26:43,039

and others have felt that was just a

773

00:26:47,269 --> 00:26:44,000

sort of

774

00:26:49,669 --> 00:26:47,279

pseudo-drip pseudo-disclosure kind of

775

00:26:52,149 --> 00:26:49,679

move on the u.s government's part

776

00:26:53,269 --> 00:26:52,159

what are your thoughts on that topic i

777

00:26:57,590 --> 00:26:53,279

think it was definitely

778

00:27:00,230 --> 00:26:57,600

uh disclosure of some sort a disclosure

779

00:27:01,110 --> 00:27:00,240

and maybe even and i think elizondo

780

00:27:04,470 --> 00:27:01,120

argued

781

00:27:06,549 --> 00:27:04,480

it was the disclosure it was disclosure

782

00:27:09,350 --> 00:27:06,559

it was disclosure that they they're

783

00:27:12,070 --> 00:27:09,360

investigating looking into the topic

784

00:27:13,430 --> 00:27:12,080

they've ran across genuine anomalies

785

00:27:15,750 --> 00:27:13,440

that they can't explain

786

00:27:17,830 --> 00:27:15,760

that they take it seriously and it is a

787

00:27:21,029 --> 00:27:17,840

legitimate topic

788

00:27:24,470 --> 00:27:21,039

that to is essentially disclosure

789

00:27:26,470 --> 00:27:24,480

the uh question is you know

790

00:27:27,990 --> 00:27:26,480

the the next step which everybody is

791

00:27:31,430 --> 00:27:28,000

looking at of course is

792

00:27:35,909 --> 00:27:31,440

disclosing everything but that's kind of

793

00:27:36,630 --> 00:27:35,919

untenable um and in a way justifiably in

794

00:27:38,549 --> 00:27:36,640

that

795

00:27:41,430 --> 00:27:38,559

kind of like we discussed earlier some

796

00:27:44,549 --> 00:27:41,440

of this stuff is justifiably

797

00:27:47,350 --> 00:27:44,559

classified and that's the hard part

798

00:27:47,750 --> 00:27:47,360

between what's classified and what's not

799

00:27:50,070 --> 00:27:47,760

um

800

00:27:51,269 --> 00:27:50,080

melon does make a point though uh he

801
00:27:54,470 --> 00:27:51,279
says that you know

802
00:27:56,870 --> 00:27:54,480
he did not anticipate he had suggested

803
00:27:59,190 --> 00:27:56,880
in an article in the op-ed on the hill

804
00:28:00,470 --> 00:27:59,200
that the senate do this that the senate

805
00:28:02,630 --> 00:28:00,480
make inquiries

806
00:28:04,389 --> 00:28:02,640
now that the navy's admitted to all of

807
00:28:06,230 --> 00:28:04,399
this they also put

808
00:28:07,590 --> 00:28:06,240
some verbage or some kind of talking

809
00:28:10,710 --> 00:28:07,600
points to this on the

810
00:28:12,710 --> 00:28:10,720
to the star's website to help encourage

811
00:28:13,269 --> 00:28:12,720
the senate intelligence committee to do

812
00:28:16,389 --> 00:28:13,279
this

813
00:28:17,909 --> 00:28:16,399

but they did not and millen wrote if

814

00:28:19,830 --> 00:28:17,919

much of this research is in the

815

00:28:21,110 --> 00:28:19,840

classified world it'll probably have to

816

00:28:22,789 --> 00:28:21,120

stay classified

817

00:28:24,230 --> 00:28:22,799

so he suggested these briefings will

818

00:28:27,269 --> 00:28:24,240

have to be classified

819

00:28:28,950 --> 00:28:27,279

he was surprised he says when the senate

820

00:28:29,430 --> 00:28:28,960

intelligence committee actually asked

821

00:28:32,070 --> 00:28:29,440

for a

822

00:28:33,190 --> 00:28:32,080

public report a public-facing partial

823

00:28:34,789 --> 00:28:33,200

portion of this

824

00:28:36,389 --> 00:28:34,799

and he says you know some of those

825

00:28:37,909 --> 00:28:36,399

people may bulk some of those

826

00:28:39,830 --> 00:28:37,919

intelligence people saying hey this is

827

00:28:42,470 --> 00:28:39,840

classified how are we going to do that

828

00:28:43,990 --> 00:28:42,480

but he argued you can definitely do it

829

00:28:46,549 --> 00:28:44,000

every year you have to do this

830

00:28:47,990 --> 00:28:46,559

because every year they have to provide

831

00:28:51,029 --> 00:28:48,000

public reports

832

00:28:53,909 --> 00:28:51,039

and sometimes throughout the year

833

00:28:56,070 --> 00:28:53,919

when a senator is says hey i need to

834

00:28:58,710 --> 00:28:56,080

speak to my constituents about this

835

00:28:59,909 --> 00:28:58,720

project it's classified projects so i

836

00:29:03,190 --> 00:28:59,919

need you

837

00:29:04,070 --> 00:29:03,200

to distill a public you know report for

838

00:29:05,510 --> 00:29:04,080

me

839

00:29:07,510 --> 00:29:05,520

and then they'll provide that public

840

00:29:09,190 --> 00:29:07,520

report so they have to you know do the

841

00:29:10,789 --> 00:29:09,200

work to figure out how do we frame this

842

00:29:12,149 --> 00:29:10,799

how do we tell people what this is

843

00:29:14,470 --> 00:29:12,159

without revealing anything that's

844

00:29:15,510 --> 00:29:14,480

classified so that is a regular process

845

00:29:16,950 --> 00:29:15,520

that they do and that's what they're

846

00:29:20,470 --> 00:29:16,960

going to have to do

847

00:29:23,269 --> 00:29:20,480

the extent of what they share you know

848

00:29:25,669 --> 00:29:23,279

this is the door that's open now we can

849

00:29:27,510 --> 00:29:25,679

approach our politicians

850

00:29:29,590 --> 00:29:27,520

and we can say we want more information

851

00:29:32,230 --> 00:29:29,600

we want more information it's a legit

852

00:29:33,430 --> 00:29:32,240

topic there's even a location a uap task

853

00:29:35,590 --> 00:29:33,440

force working on this

854

00:29:36,789 --> 00:29:35,600

we want them to share more information

855

00:29:39,350 --> 00:29:36,799

this all enables

856

00:29:41,029 --> 00:29:39,360

us and empowers us to be able to get

857

00:29:42,470 --> 00:29:41,039

more information in the future and

858

00:29:44,470 --> 00:29:42,480

that's going to be going to be the game

859

00:29:45,350 --> 00:29:44,480

we're playing in the future serious ufo

860

00:29:47,110 --> 00:29:45,360

researchers are

861

00:29:48,630 --> 00:29:47,120

that's going to be our battle is you

862

00:29:50,950 --> 00:29:48,640

know getting that information

863

00:29:52,070 --> 00:29:50,960

i'm glad you brought up ufo researchers

864

00:29:55,029 --> 00:29:52,080

because i wanted to

865

00:29:55,990 --> 00:29:55,039

mention something interesting from a ufo

866

00:29:57,669 --> 00:29:56,000

researcher

867

00:29:59,510 --> 00:29:57,679

you are very familiar with barry

868

00:30:00,710 --> 00:29:59,520

greenwood and he wrote a thought

869

00:30:04,389 --> 00:30:00,720

provoking book

870

00:30:05,909 --> 00:30:04,399

um reading the summary review of it

871

00:30:07,750 --> 00:30:05,919

based on the government's own research

872

00:30:07,990 --> 00:30:07,760

and internal files what they've learned

873

00:30:10,230 --> 00:30:08,000

about

874

00:30:12,389 --> 00:30:10,240

ufos is a threat to national security

875

00:30:14,470 --> 00:30:12,399

ufo sightings at military bases in the

876

00:30:17,110 --> 00:30:14,480

u.s north africa and the middle east

877

00:30:19,269 --> 00:30:17,120

the cover-up role of the fbi and the cia

878

00:30:20,870 --> 00:30:19,279

the president's legislatures astronauts

879

00:30:23,510 --> 00:30:20,880

military leaders and international

880

00:30:25,669 --> 00:30:23,520

scientific authorities who are on record

881

00:30:26,389 --> 00:30:25,679

as in favor of renewed investigation of

882

00:30:28,389 --> 00:30:26,399

ufos

883

00:30:29,669 --> 00:30:28,399

that was called ufo cover-up but the

884

00:30:32,789 --> 00:30:29,679

government won't say

885

00:30:34,470 --> 00:30:32,799

he had to uh

886

00:30:36,149 --> 00:30:34,480

well he wanted to make a statement to

887

00:30:38,870 --> 00:30:36,159

you just to find out

888

00:30:40,950 --> 00:30:38,880

what your response would be to it

889

00:30:42,710 --> 00:30:40,960

regarding this interview with you

890

00:30:44,630 --> 00:30:42,720

he said he feels that the results of the

891

00:30:47,110 --> 00:30:44,640

senate intelligence committee

892

00:30:48,389 --> 00:30:47,120

uh committee will probably be of the

893

00:30:50,549 --> 00:30:48,399

most general nature

894

00:30:52,950 --> 00:30:50,559

and not earth shaking what is your

895

00:30:55,110 --> 00:30:52,960

response to that

896

00:30:56,470 --> 00:30:55,120

well it depends i mean a lot of that is

897

00:30:58,310 --> 00:30:56,480

a matter of perspective

898

00:30:59,669 --> 00:30:58,320

and and i gotta say i'm a huge fan of

899

00:31:01,590 --> 00:30:59,679

barry greenwood's book

900

00:31:03,269 --> 00:31:01,600

our work and that book is one of the

901
00:31:03,590 --> 00:31:03,279
most important in this field i use it

902
00:31:06,789 --> 00:31:03,600
for

903
00:31:09,909 --> 00:31:06,799
referencing quite a bit you know um

904
00:31:13,110 --> 00:31:09,919
but it depends on a matter

905
00:31:14,789 --> 00:31:13,120
for instance just that marco rubio and

906
00:31:16,149 --> 00:31:14,799
mark warner are talking about this and

907
00:31:19,029 --> 00:31:16,159
taking it seriously

908
00:31:20,149 --> 00:31:19,039
is mind-blowing to a large percentage of

909
00:31:22,470 --> 00:31:20,159
the population

910
00:31:24,630 --> 00:31:22,480
especially in washington dc in fact it's

911
00:31:28,230 --> 00:31:24,640
probably mind-blowing to everybody

912
00:31:29,509 --> 00:31:28,240
in washington d.c i mean like harry reid

913
00:31:31,750 --> 00:31:29,519

said in the phenomenon

914

00:31:33,509 --> 00:31:31,760

he had a ton of pushback when he wanted

915

00:31:35,990 --> 00:31:33,519

to start these programs and

916

00:31:37,590 --> 00:31:36,000

um and they were threatening on firing

917

00:31:38,070 --> 00:31:37,600

the guy he put in charge of it he says

918

00:31:40,470 --> 00:31:38,080

so

919

00:31:41,509 --> 00:31:40,480

there was a ton of pushback for them

920

00:31:43,350 --> 00:31:41,519

then to say hey

921

00:31:44,630 --> 00:31:43,360

wow this is actually legit there's

922

00:31:46,149 --> 00:31:44,640

something to this

923

00:31:47,909 --> 00:31:46,159

i mean that's mind-blowing for a lot of

924

00:31:48,710 --> 00:31:47,919

people it's not necessarily mind-blowing

925

00:31:51,029 --> 00:31:48,720

to people who are

926
00:31:51,830 --> 00:31:51,039
into ufos or have watched some of the

927
00:31:53,590 --> 00:31:51,840
pope culture

928
00:31:55,190 --> 00:31:53,600
are familiar with some of the mythology

929
00:31:57,750 --> 00:31:55,200
out there but um

930
00:31:58,310 --> 00:31:57,760
so it is kind of a matter of perspective

931
00:32:00,389 --> 00:31:58,320
uh

932
00:32:01,590 --> 00:32:00,399
so i think that that report will blow

933
00:32:02,870 --> 00:32:01,600
some people's minds

934
00:32:04,630 --> 00:32:02,880
and i think it'll blow the right

935
00:32:06,230 --> 00:32:04,640
people's minds it'll blow the minds

936
00:32:08,389 --> 00:32:06,240
we've been trying to blow

937
00:32:09,669 --> 00:32:08,399
for decades you know it'll blow the

938
00:32:11,750 --> 00:32:09,679

minds of people who

939

00:32:12,710 --> 00:32:11,760

you know barry greenwood's book or if

940

00:32:15,750 --> 00:32:12,720

his book was

941

00:32:17,350 --> 00:32:15,760

in front of all of the right people you

942

00:32:17,990 --> 00:32:17,360

know and his book probably blew a lot of

943

00:32:20,549 --> 00:32:18,000

people's

944

00:32:21,830 --> 00:32:20,559

minds it'll do it along those lines but

945

00:32:23,350 --> 00:32:21,840

i think it's right

946

00:32:25,430 --> 00:32:23,360

for those of us looking for more

947

00:32:29,509 --> 00:32:25,440

information information that

948

00:32:31,509 --> 00:32:29,519

is not out in the public it might be um

949

00:32:33,350 --> 00:32:31,519

who knows it could be very disappointing

950

00:32:34,230 --> 00:32:33,360

we just don't know i asked mellon what

951
00:32:35,990 --> 00:32:34,240
he thought

952
00:32:38,070 --> 00:32:36,000
and he essentially said i'm not

953
00:32:39,669 --> 00:32:38,080
speculating because essentially what

954
00:32:42,389 --> 00:32:39,679
he's doing right now

955
00:32:43,590 --> 00:32:42,399
is doing his best to make sure that

956
00:32:47,350 --> 00:32:43,600
those reports

957
00:32:50,630 --> 00:32:47,360
are as full and honest and as really

958
00:32:52,470 --> 00:32:50,640
revealing as possible in fact they even

959
00:32:53,909 --> 00:32:52,480
said you know season two of unidentified

960
00:32:56,149 --> 00:32:53,919
that's what it was all about

961
00:32:57,350 --> 00:32:56,159
is to cover military case after military

962
00:33:00,230 --> 00:32:57,360
cases to show

963
00:33:01,750 --> 00:33:00,240

hey these guys got a lot of records so

964

00:33:02,630 --> 00:33:01,760

if they come out and say we don't know

965

00:33:04,950 --> 00:33:02,640

much that's

966

00:33:06,549 --> 00:33:04,960

not true they know a lot they've got

967

00:33:07,669 --> 00:33:06,559

decades worth of cases that they've

968

00:33:10,149 --> 00:33:07,679

looked into

969

00:33:10,870 --> 00:33:10,159

so um that's the kind of stuff that he

970

00:33:13,190 --> 00:33:10,880

is trying to

971

00:33:14,470 --> 00:33:13,200

hold their feet to the fire on and just

972

00:33:17,269 --> 00:33:14,480

to jump in really quick

973

00:33:17,909 --> 00:33:17,279

with the question uh regarding that uh

974

00:33:22,149 --> 00:33:17,919

uh

975

00:33:24,710 --> 00:33:22,159

announced not too long ago that

976

00:33:27,029 --> 00:33:24,720

david norquist that was going to be uh

977

00:33:27,750 --> 00:33:27,039

the assistant uh secretary of defense

978

00:33:29,909 --> 00:33:27,760

was uh

979

00:33:32,149 --> 00:33:29,919

going to be overseeing that among some

980

00:33:35,350 --> 00:33:32,159

of his other duties are also he

981

00:33:38,310 --> 00:33:35,360

is the chairman of the special access

982

00:33:40,070 --> 00:33:38,320

project uh uh committee uh within the

983

00:33:43,029 --> 00:33:40,080

defense department so

984

00:33:44,870 --> 00:33:43,039

he's got a few duties on his desk but

985

00:33:47,430 --> 00:33:44,880

this is one he's also

986

00:33:49,509 --> 00:33:47,440

taken on and well let's face it that

987

00:33:50,470 --> 00:33:49,519

we've got an election day coming up next

988

00:33:52,470 --> 00:33:50,480

tuesday

989

00:33:54,149 --> 00:33:52,480

there's a very realistic possibility

990

00:33:55,029 --> 00:33:54,159

that the current president will not be

991

00:33:57,590 --> 00:33:55,039

re-elected

992

00:33:58,950 --> 00:33:57,600

and if he goes uh david norquist and his

993

00:34:02,389 --> 00:33:58,960

boss mark esper go

994

00:34:04,789 --> 00:34:02,399

too uh do you see any kind of a

995

00:34:05,669 --> 00:34:04,799

change of the guard over at the pentagon

996

00:34:08,790 --> 00:34:05,679

having

997

00:34:11,430 --> 00:34:08,800

an impact on the momentum that uh has

998

00:34:14,149 --> 00:34:11,440

been built up up to this point

999

00:34:16,470 --> 00:34:14,159

well see this is a kind of like uh this

1000

00:34:18,790 --> 00:34:16,480

is a kind of close game this is kind of

1001
00:34:20,149 --> 00:34:18,800
the details i mean there's so much going

1002
00:34:23,190 --> 00:34:20,159
on in the hill

1003
00:34:26,069 --> 00:34:23,200
that's what we're here for opinions and

1004
00:34:26,389 --> 00:34:26,079
feelings and we just don't know we have

1005
00:34:31,510 --> 00:34:26,399
so

1006
00:34:33,270 --> 00:34:31,520
hard to know and i've asked

1007
00:34:35,589 --> 00:34:33,280
you know people like melon and brian

1008
00:34:37,750 --> 00:34:35,599
bender people who spend more time

1009
00:34:38,790 --> 00:34:37,760
on the hill and would might have some

1010
00:34:40,790 --> 00:34:38,800
insight into this

1011
00:34:42,149 --> 00:34:40,800
and they don't either they don't know

1012
00:34:44,950 --> 00:34:42,159
because people

1013
00:34:46,790 --> 00:34:44,960

uh you know are in the if they have an

1014

00:34:48,389 --> 00:34:46,800

interest in this topic they're typically

1015

00:34:49,589 --> 00:34:48,399

in the closet about it so you're just

1016

00:34:51,909 --> 00:34:49,599

not going to know

1017

00:34:53,829 --> 00:34:51,919

what their level of interest is or how

1018

00:34:55,430 --> 00:34:53,839

seriously they take it so

1019

00:34:57,190 --> 00:34:55,440

i just feel we don't have enough

1020

00:35:00,630 --> 00:34:57,200

information to know

1021

00:35:03,990 --> 00:35:00,640

what administration would be better uh

1022

00:35:05,030 --> 00:35:04,000

for it i think that um uh bryce is able

1023

00:35:08,230 --> 00:35:05,040

made the argument

1024

00:35:09,030 --> 00:35:08,240

in an article today that the people

1025

00:35:12,310 --> 00:35:09,040

might want

1026

00:35:14,390 --> 00:35:12,320

to be feel more comfortable in

1027

00:35:15,990 --> 00:35:14,400

the pentagon and in washington dc to

1028

00:35:18,950 --> 00:35:16,000

work with someone who

1029

00:35:20,310 --> 00:35:18,960

um does things in the manner that

1030

00:35:23,430 --> 00:35:20,320

they're used to

1031

00:35:26,150 --> 00:35:23,440

so uh they may and they may you know

1032

00:35:27,430 --> 00:35:26,160

shirk the chaos but who knows it's so

1033

00:35:30,069 --> 00:35:27,440

difficult to know

1034

00:35:30,950 --> 00:35:30,079

i i don't at least i don't feel like i

1035

00:35:33,190 --> 00:35:30,960

know for sure

1036

00:35:34,630 --> 00:35:33,200

even with all the people i've talked to

1037

00:35:35,190 --> 00:35:34,640

i don't feel like i have any more

1038

00:35:38,390 --> 00:35:35,200

insight

1039

00:35:39,430 --> 00:35:38,400

in uh what affect you know kamala harris

1040

00:35:40,230 --> 00:35:39,440

being on the senate intelligence

1041

00:35:43,030 --> 00:35:40,240

committee and then

1042

00:35:45,589 --> 00:35:43,040

maybe being vice president or not or

1043

00:35:48,150 --> 00:35:45,599

norquest staying or leaving

1044

00:35:50,870 --> 00:35:48,160

it's just really hard to say i wanted to

1045

00:35:54,550 --> 00:35:50,880

bring up something interesting that

1046

00:35:57,430 --> 00:35:54,560

well-known ufo researcher

1047

00:35:57,990 --> 00:35:57,440

jan aldrich who's been studying the ufo

1048

00:36:01,750 --> 00:35:58,000

topic

1049

00:36:04,630 --> 00:36:01,760

of basically ufo data compiling mountain

1050

00:36:05,670 --> 00:36:04,640

mountainous evid mountainous amounts of

1051

00:36:07,990 --> 00:36:05,680

ufo data

1052

00:36:09,270 --> 00:36:08,000

another great person i'm a fan of his

1053

00:36:11,109 --> 00:36:09,280

too yeah yeah

1054

00:36:13,349 --> 00:36:11,119

a serious researcher we all reverend

1055

00:36:14,950 --> 00:36:13,359

respect and who's also a very very good

1056

00:36:19,270 --> 00:36:14,960

friend of barry greenwood's

1057

00:36:20,870 --> 00:36:19,280

and he also runs project 1947.

1058

00:36:23,750 --> 00:36:20,880

i wanted to read a few statements from

1059

00:36:25,030 --> 00:36:23,760

him they're slightly long

1060

00:36:27,109 --> 00:36:25,040

but i was going to read them in their

1061

00:36:30,310 --> 00:36:27,119

entirety

1062

00:36:33,750 --> 00:36:30,320

christopher mellon jan aldrige states

1063

00:36:34,069 --> 00:36:33,760

the may 2016 interview he said he knew

1064

00:36:37,270 --> 00:36:34,079

of

1065

00:36:39,349 --> 00:36:37,280

no ufo investigation and he should know

1066

00:36:41,430 --> 00:36:39,359

every intel activity going on

1067

00:36:45,030 --> 00:36:41,440

later the story changed he did know

1068

00:36:45,990 --> 00:36:45,040

about aatip an email exchange on current

1069

00:36:48,069 --> 00:36:46,000

encounters

1070

00:36:49,910 --> 00:36:48,079

he admitted he was not aware of every

1071

00:36:50,950 --> 00:36:49,920

intel activity a more realistic

1072

00:36:53,109 --> 00:36:50,960

assessment

1073

00:36:54,710 --> 00:36:53,119

since then the story of his official ufo

1074

00:36:56,470 --> 00:36:54,720

involvement has mushroomed

1075

00:36:59,109 --> 00:36:56,480

this might be understandable but it

1076

00:37:03,030 --> 00:36:59,119

gives me problems

1077

00:37:06,870 --> 00:37:03,040

then he goes on to say i know of tangent

1078

00:37:10,150 --> 00:37:06,880

tangent tangential item to ufo

1079

00:37:11,990 --> 00:37:10,160

from active duty the last time i checked

1080

00:37:14,470 --> 00:37:12,000

it is still classified even though

1081

00:37:15,430 --> 00:37:14,480

some was published because this happened

1082

00:37:17,270 --> 00:37:15,440

it does not

1083

00:37:18,710 --> 00:37:17,280

give me the authority to talk about it

1084

00:37:21,510 --> 00:37:18,720

that being said he's

1085

00:37:21,990 --> 00:37:21,520

going on regarding melon he said he knew

1086

00:37:24,790 --> 00:37:22,000

nothing

1087

00:37:25,430 --> 00:37:24,800

of ufo investigations then he knew about

1088

00:37:35,109 --> 00:37:25,440

a

1089

00:37:37,750 --> 00:37:35,119

of defense

1090

00:37:39,670 --> 00:37:37,760

how much further will this story go see

1091

00:37:40,550 --> 00:37:39,680

how far it has gone since his first

1092

00:37:43,510 --> 00:37:40,560

interview

1093

00:37:44,710 --> 00:37:43,520

i asked um jan if i could quote him on

1094

00:37:46,950 --> 00:37:44,720

all this he said yes

1095

00:37:47,829 --> 00:37:46,960

and as you can see he it sounds like

1096

00:37:49,990 --> 00:37:47,839

he's just

1097

00:37:52,150 --> 00:37:50,000

talking like he would normally just

1098

00:37:54,150 --> 00:37:52,160

basically to a person these are just

1099

00:37:56,710 --> 00:37:54,160

notes that i took so i apologize if

1100

00:37:59,750 --> 00:37:56,720

they're a little choppy

1101
00:38:00,790 --> 00:37:59,760
no i get it then he said i'm sorry to

1102
00:38:03,990 --> 00:38:00,800
interrupt you

1103
00:38:07,190 --> 00:38:04,000
he said i'm not accusing melon of a lack

1104
00:38:08,710 --> 00:38:07,200
of integrity let's be clear on that as

1105
00:38:10,550 --> 00:38:08,720
far as ufos go

1106
00:38:12,230 --> 00:38:10,560
i believe the whole thing is an

1107
00:38:16,069 --> 00:38:12,240
intelligence failure

1108
00:38:17,109 --> 00:38:16,079
specifically pbb treated every case as a

1109
00:38:19,589 --> 00:38:17,119
separate event

1110
00:38:20,870 --> 00:38:19,599
hynek wanted them computerized to look

1111
00:38:23,030 --> 00:38:20,880
for patterns

1112
00:38:25,349 --> 00:38:23,040
every ufo case that came into the

1113
00:38:28,710 --> 00:38:25,359

pentagon was sent to the cia

1114

00:38:31,750 --> 00:38:28,720

in five copies and all message traffic

1115

00:38:34,710 --> 00:38:31,760

on ufos also was forwarded to the cia

1116

00:38:35,670 --> 00:38:34,720

nsa got three copies however cases were

1117

00:38:39,109 --> 00:38:35,680

periodically

1118

00:38:40,310 --> 00:38:39,119

destroyed how can you identify patterns

1119

00:38:43,109 --> 00:38:40,320

in these kind

1120

00:38:45,990 --> 00:38:43,119

of procedures since ufos were already

1121

00:38:48,310 --> 00:38:46,000

known to be foolishness

1122

00:38:49,589 --> 00:38:48,320

there was no incentive to do a good job

1123

00:38:51,829 --> 00:38:49,599

see also the uk

1124

00:38:52,790 --> 00:38:51,839

and australian intel docks for the same

1125

00:38:55,109 --> 00:38:52,800

attitude

1126

00:38:57,190 --> 00:38:55,119

see larry hancock unidentified the

1127

00:38:58,550 --> 00:38:57,200

national intelligence problem of ufos

1128

00:39:00,790 --> 00:38:58,560

and swords and powell

1129

00:39:02,310 --> 00:39:00,800

ufos and government then he went on to

1130

00:39:04,630 --> 00:39:02,320

say elizondo

1131

00:39:07,109 --> 00:39:04,640

i have big problems with this guy he

1132

00:39:09,430 --> 00:39:07,119

talks for hours without saying anything

1133

00:39:10,790 --> 00:39:09,440

every time people start questioning then

1134

00:39:12,790 --> 00:39:10,800

it's classified

1135

00:39:14,150 --> 00:39:12,800

reread the first new york times article

1136

00:39:17,030 --> 00:39:14,160

which claims most of this

1137

00:39:18,790 --> 00:39:17,040

is unclassified he obviously is ignorant

1138

00:39:19,510 --> 00:39:18,800

of history of the subject before his

1139

00:39:21,750 --> 00:39:19,520

involvement

1140

00:39:23,270 --> 00:39:21,760

his excuse for this is not credible then

1141

00:39:26,069 --> 00:39:23,280

he goes on to delong

1142

00:39:26,950 --> 00:39:26,079

de long he is the arbitrator of what is

1143

00:39:29,430 --> 00:39:26,960

relevant

1144

00:39:30,950 --> 00:39:29,440

no one with ufo community need to be

1145

00:39:33,270 --> 00:39:30,960

needs to be consulted

1146

00:39:34,790 --> 00:39:33,280

why did the main brace for sighting

1147

00:39:37,589 --> 00:39:34,800

become so important

1148

00:39:39,990 --> 00:39:37,599

it is not an outstanding incident rather

1149

00:39:42,950 --> 00:39:40,000

it was not well investigated except for

1150

00:39:44,630 --> 00:39:42,960

maybe the uk top cliff sighting then he

1151

00:39:48,310 --> 00:39:44,640

goes on to say

1152

00:39:50,470 --> 00:39:48,320

in 1977 bob pratt asked the depart

1153

00:39:52,710 --> 00:39:50,480

deputy secretary of defense for public

1154

00:39:53,430 --> 00:39:52,720

information about how ufos were handled

1155

00:39:57,349 --> 00:39:53,440

post

1156

00:39:59,270 --> 00:39:57,359

pbb um just so folks know what he's

1157

00:40:01,750 --> 00:39:59,280

referring to that's project blue book

1158

00:40:02,870 --> 00:40:01,760

pra pratt was told they were recorded

1159

00:40:05,670 --> 00:40:02,880

but nor

1160

00:40:07,510 --> 00:40:05,680

uh but not necessarily investigated my

1161

00:40:09,109 --> 00:40:07,520

personal opinion the reports recorded

1162

00:40:09,990 --> 00:40:09,119

and signed by a flag officer at the

1163

00:40:14,150 --> 00:40:10,000

national military

1164

00:40:17,270 --> 00:40:14,160
command center nmcc evidence for

1165

00:40:18,710 --> 00:40:17,280
exist he just said also that gets intel

1166

00:40:20,710 --> 00:40:18,720
out of the ufo business

1167

00:40:22,550 --> 00:40:20,720
and turns it over to operations which

1168

00:40:23,990 --> 00:40:22,560
was discussed at the termination of

1169

00:40:26,950 --> 00:40:24,000
project blue book

1170

00:40:28,309 --> 00:40:26,960
last thing he says here i continue to

1171

00:40:31,030 --> 00:40:28,319
believe that the

1172

00:40:31,670 --> 00:40:31,040
government has more and better info than

1173

00:40:33,750 --> 00:40:31,680
we do

1174

00:40:35,750 --> 00:40:33,760
but not necessarily the answer as you

1175

00:40:37,349 --> 00:40:35,760
can see he went over a variety of topics

1176

00:40:38,069 --> 00:40:37,359

do you have any thoughts on anything he

1177

00:40:39,750 --> 00:40:38,079

said

1178

00:40:41,910 --> 00:40:39,760

yeah i'm going to go backwards so i want

1179

00:40:43,430 --> 00:40:41,920

to go tom elizondo

1180

00:40:45,109 --> 00:40:43,440

then melon because melons i think the

1181

00:40:48,150 --> 00:40:45,119

biggest key to all of this

1182

00:40:49,990 --> 00:40:48,160

um but you know the last statement he

1183

00:40:52,150 --> 00:40:50,000

said is something that you got to keep

1184

00:40:55,270 --> 00:40:52,160

in mind when we're covering all of this

1185

00:40:56,470 --> 00:40:55,280

and that last statement that he made is

1186

00:40:58,710 --> 00:40:56,480

very similar

1187

00:41:00,309 --> 00:40:58,720

to the mindset of the people that he's

1188

00:41:02,069 --> 00:41:00,319

kind of criticizing there

1189

00:41:03,910 --> 00:41:02,079

so i think when you put yourself in

1190

00:41:06,069 --> 00:41:03,920

their shoes especially him

1191

00:41:07,990 --> 00:41:06,079

he'll understand i think their actions a

1192

00:41:10,390 --> 00:41:08,000

little better so going backwards

1193

00:41:12,470 --> 00:41:10,400

tom de long tom delong although he has

1194

00:41:14,630 --> 00:41:12,480

said we don't need to consult

1195

00:41:16,870 --> 00:41:14,640

people in the ufo community they are

1196

00:41:19,589 --> 00:41:16,880

consulting people in the ufo community

1197

00:41:20,069 --> 00:41:19,599

what they mean is not like at large not

1198

00:41:22,390 --> 00:41:20,079

like the

1199

00:41:23,670 --> 00:41:22,400

the general mythology or what is grant

1200

00:41:26,309 --> 00:41:23,680

cameron calls it the

1201
00:41:28,150 --> 00:41:26,319
uh the core story these core stories

1202
00:41:30,069 --> 00:41:28,160
that's the mythology that's the

1203
00:41:32,710 --> 00:41:30,079
stuff that is down the rabbit hole that

1204
00:41:35,030 --> 00:41:32,720
is just nowhere that serves no purpose

1205
00:41:36,630 --> 00:41:35,040
in what they're trying to do but while

1206
00:41:39,910 --> 00:41:36,640
tom delong says this

1207
00:41:41,190 --> 00:41:39,920
he's also kind of like any of the like a

1208
00:41:42,950 --> 00:41:41,200
lot of the people listening

1209
00:41:44,710 --> 00:41:42,960
i mean he's a conspiracy guy he's

1210
00:41:46,230 --> 00:41:44,720
watching all of the videos he could be

1211
00:41:48,470 --> 00:41:46,240
watching this interview he's

1212
00:41:50,069 --> 00:41:48,480
watching the videos he's watching you

1213
00:41:51,750 --> 00:41:50,079

know all of the stuff he's watching

1214

00:41:53,829 --> 00:41:51,760

jimmy church he's watching

1215

00:41:55,430 --> 00:41:53,839

richard dolan he's watching you know all

1216

00:41:57,430 --> 00:41:55,440

of these kind of people that we know

1217

00:41:59,030 --> 00:41:57,440

who are talking about all of kind of

1218

00:42:02,150 --> 00:41:59,040

some of the more french and really

1219

00:42:04,390 --> 00:42:02,160

wild wild stuff as part as far as

1220

00:42:05,510 --> 00:42:04,400

speculative what may be going on stephen

1221

00:42:07,430 --> 00:42:05,520

graham we know this

1222

00:42:08,550 --> 00:42:07,440

because he references it a lot yeah even

1223

00:42:11,670 --> 00:42:08,560

stephen greer

1224

00:42:13,190 --> 00:42:11,680

um you know richard doty uh who we know

1225

00:42:16,230 --> 00:42:13,200

is kind of like you know

1226
00:42:17,510 --> 00:42:16,240
putting out false information um so he's

1227
00:42:18,069 --> 00:42:17,520
following all of these people and

1228
00:42:22,950 --> 00:42:18,079
creating

1229
00:42:25,430 --> 00:42:22,960
of what he believes may be going on

1230
00:42:27,270 --> 00:42:25,440
around that but at the same time when

1231
00:42:28,710 --> 00:42:27,280
you step back to the professional goals

1232
00:42:31,990 --> 00:42:28,720
that someone like elizondo

1233
00:42:34,550 --> 00:42:32,000
or melon would have that

1234
00:42:35,910 --> 00:42:34,560
plan that melon hatched you know there's

1235
00:42:37,990 --> 00:42:35,920
only certain people

1236
00:42:39,349 --> 00:42:38,000
should they have consulted jan aldriss

1237
00:42:42,150 --> 00:42:39,359
and barry greenwood

1238
00:42:43,349 --> 00:42:42,160

yes they didn't but i can tell you they

1239

00:42:45,510 --> 00:42:43,359

did consult people who

1240

00:42:46,470 --> 00:42:45,520

are fans of theirs who know their work

1241

00:42:47,910 --> 00:42:46,480

very well let me

1242

00:42:49,510 --> 00:42:47,920

let me jump in and say something nice

1243

00:42:52,550 --> 00:42:49,520

about barry greenwood when

1244

00:42:55,829 --> 00:42:52,560

tim mcmillan got a look at that uh

1245

00:42:56,950 --> 00:42:55,839

report from bigelow's bass organization

1246

00:42:59,349 --> 00:42:56,960

to the pentagon

1247

00:43:01,270 --> 00:42:59,359

uh greenwood's buck clear intent was

1248

00:43:04,630 --> 00:43:01,280

cited heavily in that just uh

1249

00:43:07,030 --> 00:43:04,640

just so yeah exactly exactly great point

1250

00:43:08,790 --> 00:43:07,040

so they are looking at people like jan

1251
00:43:10,390 --> 00:43:08,800
people like barry they are looking at

1252
00:43:11,430 --> 00:43:10,400
their work and they take it very very

1253
00:43:14,550 --> 00:43:11,440
seriously

1254
00:43:15,750 --> 00:43:14,560
so um so i think that kind of they may

1255
00:43:18,230 --> 00:43:15,760
not have given him a call

1256
00:43:20,230 --> 00:43:18,240
but they like his work uh type of stuff

1257
00:43:22,550 --> 00:43:20,240
uh when it comes to louis elizondo

1258
00:43:23,990 --> 00:43:22,560
i disagree that his reason for not

1259
00:43:27,109 --> 00:43:24,000
knowing ufo history

1260
00:43:27,910 --> 00:43:27,119
is uh is not legit i think it's very

1261
00:43:30,710 --> 00:43:27,920
legit

1262
00:43:31,670 --> 00:43:30,720
i think that there is so much noise in

1263
00:43:34,550 --> 00:43:31,680

the signal

1264

00:43:35,990 --> 00:43:34,560

when you go out to public information

1265

00:43:39,589 --> 00:43:36,000

regarding ufos

1266

00:43:41,829 --> 00:43:39,599

that i do think it's a net by far

1267

00:43:43,589 --> 00:43:41,839

and that negative i mean if you take all

1268

00:43:44,230 --> 00:43:43,599

of the the stuff out there all of the

1269

00:43:46,309 --> 00:43:44,240

books

1270

00:43:47,829 --> 00:43:46,319

you're just going to get a lot of wild

1271

00:43:49,829 --> 00:43:47,839

conjecture or just

1272

00:43:51,270 --> 00:43:49,839

made up stuff that's going to be very

1273

00:43:53,349 --> 00:43:51,280

far from the truth

1274

00:43:54,550 --> 00:43:53,359

he explained it he explained it early on

1275

00:43:56,470 --> 00:43:54,560

why he didn't look

1276

00:43:58,309 --> 00:43:56,480

at it he just looked at what was on his

1277

00:44:00,069 --> 00:43:58,319

desk

1278

00:44:02,390 --> 00:44:00,079

yeah he didn't want to be tainted by any

1279

00:44:04,390 --> 00:44:02,400

of the past he wanted to look at the

1280

00:44:05,190 --> 00:44:04,400

cases as they were as they came across

1281

00:44:07,030 --> 00:44:05,200

his desk

1282

00:44:08,630 --> 00:44:07,040

uh which is what he was tasked to do and

1283

00:44:11,670 --> 00:44:08,640

take them at face value

1284

00:44:12,470 --> 00:44:11,680

and the beauty of that is that doing

1285

00:44:14,470 --> 00:44:12,480

that

1286

00:44:16,390 --> 00:44:14,480

um kind of similar to let's say other

1287

00:44:17,190 --> 00:44:16,400

people who worked doing this in the

1288

00:44:20,230 --> 00:44:17,200

government like

1289

00:44:20,550 --> 00:44:20,240

nick pope or dr j allen heineck he found

1290

00:44:23,190 --> 00:44:20,560

that

1291

00:44:24,870 --> 00:44:23,200

hey this is legit we've got a genuine

1292

00:44:26,550 --> 00:44:24,880

mystery here we've got a problem we've

1293

00:44:29,030 --> 00:44:26,560

got an intelligence issue

1294

00:44:30,950 --> 00:44:29,040

we've got a major major this is a major

1295

00:44:33,109 --> 00:44:30,960

deal that we have to get escalated

1296

00:44:34,069 --> 00:44:33,119

so i think it's good that he took that

1297

00:44:37,430 --> 00:44:34,079

stance

1298

00:44:40,230 --> 00:44:37,440

um when it comes to um then melon

1299

00:44:40,630 --> 00:44:40,240

uh what's funny about what jan says

1300

00:44:44,230 --> 00:44:40,640

there

1301

00:44:46,550 --> 00:44:44,240

is i posed a very similar question

1302

00:44:48,390 --> 00:44:46,560

to chris melon fairly recently i'm like

1303

00:44:49,430 --> 00:44:48,400

i'm looking at this and i'm a little

1304

00:44:51,829 --> 00:44:49,440

confused

1305

00:44:53,910 --> 00:44:51,839

and i mentioned the same thing and he

1306

00:44:56,069 --> 00:44:53,920

said well i don't see why you would

1307

00:44:58,069 --> 00:44:56,079

be confused by that it seems clear to me

1308

00:45:01,829 --> 00:44:58,079

but he's like you know

1309

00:45:03,990 --> 00:45:01,839

we'll talk about it so he's out of town

1310

00:45:05,190 --> 00:45:04,000

but that's a good point but by looking

1311

00:45:06,710 --> 00:45:05,200

at it closer

1312

00:45:08,470 --> 00:45:06,720

and this is before i read my article

1313

00:45:09,270 --> 00:45:08,480

because i did get some clarification

1314

00:45:12,790 --> 00:45:09,280

from him

1315

00:45:16,710 --> 00:45:12,800

um for my article um

1316

00:45:19,349 --> 00:45:16,720

he there's a difference between projects

1317

00:45:21,109 --> 00:45:19,359

and work he told me in my article when

1318

00:45:22,550 --> 00:45:21,119

he found out about atip he was surprised

1319

00:45:25,190 --> 00:45:22,560

because he didn't think anything there

1320

00:45:28,309 --> 00:45:25,200

were any projects or programs going on

1321

00:45:30,309 --> 00:45:28,319

in this field meaning ufos

1322

00:45:32,069 --> 00:45:30,319

there may not be projects or programs

1323

00:45:35,030 --> 00:45:32,079

going on and he did have

1324

00:45:36,309 --> 00:45:35,040

access to a lot of them if not all of

1325

00:45:38,390 --> 00:45:36,319

them and i mean

1326

00:45:39,990 --> 00:45:38,400

i think that people say that's

1327

00:45:42,630 --> 00:45:40,000

unrealistic but prove it

1328

00:45:44,470 --> 00:45:42,640

we really don't um and i'm working on

1329

00:45:45,670 --> 00:45:44,480

that right now i'm seeing if i can prove

1330

00:45:48,870 --> 00:45:45,680

that

1331

00:45:50,630 --> 00:45:48,880

but so far i really don't see

1332

00:45:52,550 --> 00:45:50,640

any room for that that would be a really

1333

00:45:55,589 --> 00:45:52,560

big deal if you can prove

1334

00:45:56,390 --> 00:45:55,599

there is a project going on that is not

1335

00:45:59,349 --> 00:45:56,400

under

1336

00:46:00,950 --> 00:45:59,359

typical oversight that is a big deal

1337

00:46:04,150 --> 00:46:00,960

that's a big scandal

1338

00:46:04,710 --> 00:46:04,160

um that shouldn't exist and if you found

1339

00:46:11,349 --> 00:46:04,720

that

1340

00:46:12,470 --> 00:46:11,359

closer but there's a difference the ufo

1341

00:46:14,550 --> 00:46:12,480

work that's been going

1342

00:46:16,150 --> 00:46:14,560

gone on like they said is classified but

1343

00:46:18,309 --> 00:46:16,160

it easily fits

1344

00:46:19,589 --> 00:46:18,319

and elizondo even said this because this

1345

00:46:21,349 --> 00:46:19,599

is how he got

1346

00:46:23,109 --> 00:46:21,359

to partner with so many different

1347

00:46:23,990 --> 00:46:23,119

agencies and and branches of the

1348

00:46:25,750 --> 00:46:24,000

military

1349

00:46:27,349 --> 00:46:25,760

because those people who were doing a

1350

00:46:29,270 --> 00:46:27,359

little bit of work in it these are

1351

00:46:30,470 --> 00:46:29,280

embedded in other projects that have

1352

00:46:33,190 --> 00:46:30,480

nothing to do

1353

00:46:34,309 --> 00:46:33,200

with ufos you know for instance radar

1354

00:46:39,589 --> 00:46:34,319

projects or

1355

00:46:41,430 --> 00:46:39,599

projects that's the job of the foreign

1356

00:46:43,349 --> 00:46:41,440

technology division is to

1357

00:46:45,030 --> 00:46:43,359

look at foreign technology figure out

1358

00:46:47,589 --> 00:46:45,040

what it is capture it

1359

00:46:49,670 --> 00:46:47,599

back engineer it if possible you know

1360

00:46:51,990 --> 00:46:49,680

that's what they're doing so

1361

00:46:54,069 --> 00:46:52,000

these sort of examinations have happened

1362

00:46:56,950 --> 00:46:54,079

before people like keith basterfield

1363

00:46:58,230 --> 00:46:56,960

a great researcher um and others have

1364

00:47:00,230 --> 00:46:58,240

been able to find

1365

00:47:01,510 --> 00:47:00,240

you know follow these these threads as

1366

00:47:03,510 --> 00:47:01,520

to where who's looking at these

1367

00:47:04,470 --> 00:47:03,520

different ufo cases and discover some of

1368

00:47:06,630 --> 00:47:04,480

those things

1369

00:47:08,230 --> 00:47:06,640

so he's talking about and i'm going to

1370

00:47:09,670 --> 00:47:08,240

clarify because i don't want to speak

1371

00:47:10,150 --> 00:47:09,680

for him but i believe what he's talking

1372

00:47:11,829 --> 00:47:10,160

about is

1373

00:47:14,309 --> 00:47:11,839

projects he was not aware that there

1374

00:47:15,109 --> 00:47:14,319

were any projects how did he know about

1375

00:47:21,109 --> 00:47:15,119

atip

1376

00:47:22,950 --> 00:47:21,119

than a regular program everybody keeps

1377

00:47:24,790 --> 00:47:22,960

getting on elizondo saying oh this isn't

1378

00:47:26,710 --> 00:47:24,800

a project this isn't a program

1379

00:47:28,309 --> 00:47:26,720

it's and some of you are kind of saying

1380

00:47:30,549 --> 00:47:28,319

it's more like a dossier

1381

00:47:32,630 --> 00:47:30,559

and i've had this conversation with lou

1382

00:47:34,710 --> 00:47:32,640

and with nick pope recently because nick

1383

00:47:37,030 --> 00:47:34,720

pope gets blamed for the same thing

1384

00:47:38,390 --> 00:47:37,040

and it's true these aren't big prague

1385

00:47:40,790 --> 00:47:38,400

programs or projects

1386

00:47:41,829 --> 00:47:40,800

in that they've got a lot of staff and

1387

00:47:44,710 --> 00:47:41,839

people on them

1388

00:47:45,589 --> 00:47:44,720

um you know these are kind of dossiers

1389

00:47:48,790 --> 00:47:45,599

these are

1390

00:47:51,270 --> 00:47:48,800

files of of cases to look at

1391

00:47:52,950 --> 00:47:51,280

so they're they're not as small as just

1392

00:47:55,030 --> 00:47:52,960

one person's hobby but they're not as

1393

00:47:58,230 --> 00:47:55,040

big of as actually official program

1394

00:48:01,349 --> 00:47:58,240

beyond that atip is a pep project

1395

00:48:01,990 --> 00:48:01,359

of harry reid a senator it wasn't

1396

00:48:04,790 --> 00:48:02,000

something

1397

00:48:05,430 --> 00:48:04,800

that the pentagon wanted to do or asked

1398

00:48:07,589 --> 00:48:05,440

to do

1399

00:48:09,349 --> 00:48:07,599

it was foisted upon them because harry

1400

00:48:12,390 --> 00:48:09,359

reid wanted to do it

1401

00:48:16,150 --> 00:48:12,400

and he wanted to keep it secret so

1402

00:48:19,670 --> 00:48:16,160

this is kind of a an example of at least

1403

00:48:22,390 --> 00:48:19,680

a program that was discoverable

1404

00:48:24,069 --> 00:48:22,400

you really got to give bigelow credit

1405

00:48:25,589 --> 00:48:24,079

and his whole crew

1406

00:48:27,670 --> 00:48:25,599

you know the people who knew like hal

1407

00:48:30,950 --> 00:48:27,680

put off or eric davis or

1408

00:48:33,349 --> 00:48:30,960

or come kellahar who had worked on

1409

00:48:35,510 --> 00:48:33,359

the atip project and also were

1410

00:48:37,750 --> 00:48:35,520

interfacing with the ufo community

1411

00:48:40,069 --> 00:48:37,760

but never let the cat out of the bag we

1412

00:48:41,990 --> 00:48:40,079

never knew that this was going on

1413

00:48:43,270 --> 00:48:42,000

so the secret was kept it was

1414

00:48:44,790 --> 00:48:43,280

discoverable

1415

00:48:46,470 --> 00:48:44,800

but just chris mellon didn't know where

1416

00:48:49,109 --> 00:48:46,480

to look until

1417

00:48:49,589 --> 00:48:49,119

he did find out somebody gave him a tip

1418

00:48:54,950 --> 00:48:49,599

he

1419

00:48:56,950 --> 00:48:54,960

believed it happened

1420

00:48:58,710 --> 00:48:56,960

that somebody gave him the tip maybe

1421

00:49:01,030 --> 00:48:58,720

somebody on bigelow's team

1422

00:49:03,030 --> 00:49:01,040

um because he has worked with them he

1423

00:49:04,950 --> 00:49:03,040

was working on the ufo data

1424

00:49:06,470 --> 00:49:04,960

project which had some some of those

1425

00:49:07,430 --> 00:49:06,480

people i think how put off was working

1426

00:49:09,190 --> 00:49:07,440

on that as well

1427

00:49:11,349 --> 00:49:09,200

yes somehow he got tipped off to

1428

00:49:13,829 --> 00:49:11,359

elizondo went to elizondo

1429

00:49:16,230 --> 00:49:13,839

and decided to try to help him and you

1430

00:49:18,150 --> 00:49:16,240

know he's very excited that it existed

1431

00:49:19,829 --> 00:49:18,160

i'm glad i'm glad you brought that up

1432

00:49:20,150 --> 00:49:19,839

because there was a few other things

1433

00:49:23,750 --> 00:49:20,160

that

1434

00:49:24,470 --> 00:49:23,760

bring up to you and i also misspoke

1435

00:49:26,549 --> 00:49:24,480

earlier

1436

00:49:27,910 --> 00:49:26,559

i didn't mean to say how he would speak

1437

00:49:29,670 --> 00:49:27,920

to a normal person

1438

00:49:31,430 --> 00:49:29,680

i meant to say how he would chat

1439

00:49:33,990 --> 00:49:31,440

normally with a person

1440

00:49:34,470 --> 00:49:34,000

so regarding jan and how he just uh gave

1441

00:49:37,349 --> 00:49:34,480

me these

1442

00:49:37,670 --> 00:49:37,359

uh uh rough draft notes that he sent to

1443

00:49:39,510 --> 00:49:37,680

me

1444

00:49:41,109 --> 00:49:39,520

and i also called him by phone to talk

1445

00:49:43,910 --> 00:49:41,119

to him a little bit about this top

1446

00:49:45,750 --> 00:49:43,920

these topics also two just one last

1447

00:49:46,390 --> 00:49:45,760

thing on that is i do want to pursue

1448

00:49:49,750 --> 00:49:46,400

that

1449

00:49:51,670 --> 00:49:49,760

question further yes so what i made were

1450

00:49:53,510 --> 00:49:51,680

kind of some guesses and generalizations

1451

00:49:56,470 --> 00:49:53,520

and how i understand things

1452

00:49:57,589 --> 00:49:56,480

yes i am pursuing on nailing that down

1453

00:49:59,430 --> 00:49:57,599

and getting

1454

00:50:01,109 --> 00:49:59,440

specific answers to those specific

1455

00:50:02,790 --> 00:50:01,119

questions thank you now let me

1456

00:50:04,390 --> 00:50:02,800

let me ask you this uh it looks like

1457

00:50:07,990 --> 00:50:04,400

chant wants to move on a little bit

1458

00:50:10,309 --> 00:50:08,000

but i do want to ask you uh yeah yeah

1459

00:50:12,390 --> 00:50:10,319

let me let me jump in here and uh

1460

00:50:13,190 --> 00:50:12,400

basically jan is pretty critical pretty

1461

00:50:15,910 --> 00:50:13,200

skeptical

1462

00:50:17,510 --> 00:50:15,920

over some things that uh mellon had said

1463

00:50:19,829 --> 00:50:17,520

back in 2016.

1464

00:50:21,510 --> 00:50:19,839

and do you think it's just a case of uh

1465

00:50:21,990 --> 00:50:21,520

it's like hey that was then and this is

1466

00:50:25,190 --> 00:50:22,000

now

1467

00:50:27,109 --> 00:50:25,200

and uh the ball is moving and

1468

00:50:29,510 --> 00:50:27,119

let's not look a gift horse in the mouth

1469

00:50:35,109 --> 00:50:32,790

no i think that um when i laid out

1470

00:50:35,910 --> 00:50:35,119

almost exactly what jan laid out to

1471

00:50:38,390 --> 00:50:35,920

chris he said

1472

00:50:40,069 --> 00:50:38,400

i don't see where any of those comments

1473

00:50:42,710 --> 00:50:40,079

contradict one another

1474

00:50:44,309 --> 00:50:42,720

and in looking at it i can see it in a

1475

00:50:47,349 --> 00:50:44,319

manner in which they don't

1476

00:50:48,710 --> 00:50:47,359

as well so i don't necessarily think

1477

00:50:51,190 --> 00:50:48,720

things have changed

1478

00:50:52,230 --> 00:50:51,200

but i think that um there's a lot of

1479

00:50:55,190 --> 00:50:52,240

gaps there

1480

00:50:56,950 --> 00:50:55,200

that it could be articulated in a way

1481

00:50:58,230 --> 00:50:56,960

that clarifies that and that's what i

1482

00:51:00,390 --> 00:50:58,240

hope to get

1483

00:51:01,430 --> 00:51:00,400

yeah so jen had actually brought up two

1484

00:51:04,390 --> 00:51:01,440

extra points that i

1485

00:51:06,069 --> 00:51:04,400

i wanted to read to you uh one we'll go

1486

00:51:09,829 --> 00:51:06,079

ahead and start off with a little shade

1487

00:51:13,510 --> 00:51:09,839

that he threw at gordon cooper

1488

00:51:14,870 --> 00:51:13,520

dan said gordon cooper have people read

1489

00:51:17,190 --> 00:51:14,880

cooper's leap of faith

1490

00:51:18,069 --> 00:51:17,200

he supports contacting dan fry a major

1491

00:51:20,069 --> 00:51:18,079

embarrassment

1492

00:51:22,230 --> 00:51:20,079

he wrote himself into white sands

1493

00:51:24,630 --> 00:51:22,240

filming tom tullian interviewed

1494

00:51:25,510 --> 00:51:24,640

the tracking crew and they did not work

1495

00:51:27,510 --> 00:51:25,520

for cooper

1496

00:51:28,870 --> 00:51:27,520

cooper was not in their chain of command

1497

00:51:30,870 --> 00:51:28,880

he was not involved

1498

00:51:32,390 --> 00:51:30,880

moving along he you mentioned bigelow

1499

00:51:33,510 --> 00:51:32,400

earlier i was going to go ahead and

1500

00:51:37,589 --> 00:51:33,520

mention a comment

1501
00:51:43,109 --> 00:51:37,599
that jan aldrich made about bigelow

1502
00:51:47,510 --> 00:51:45,030
right here it says i don't know what

1503
00:51:49,829 --> 00:51:47,520
bigelow did with 22 million dollars

1504
00:51:51,990 --> 00:51:49,839
but indications that some of what some

1505
00:51:54,069 --> 00:51:52,000
of it was not well spent

1506
00:51:55,430 --> 00:51:54,079
so those two things regarding gordon

1507
00:51:57,750 --> 00:51:55,440
cooper and

1508
00:51:58,790 --> 00:51:57,760
bigelow did you have any comments on

1509
00:52:01,670 --> 00:51:58,800
those

1510
00:52:03,270 --> 00:52:01,680
yes first gordon cooper i didn't i

1511
00:52:04,390 --> 00:52:03,280
wasn't aware i mean jan's a great

1512
00:52:07,349 --> 00:52:04,400
researcher so

1513
00:52:08,950 --> 00:52:07,359

uh i want to pursue that second part

1514

00:52:10,710 --> 00:52:08,960

more closely in other words

1515

00:52:13,190 --> 00:52:10,720

you know gordon cooper said he had a

1516

00:52:13,910 --> 00:52:13,200

crew at edwards air force base that saw

1517

00:52:17,750 --> 00:52:13,920

this uh

1518

00:52:18,470 --> 00:52:17,760

you know circular or saucer-shaped craft

1519

00:52:20,710 --> 00:52:18,480

land

1520

00:52:22,150 --> 00:52:20,720

and then take off they filmed it gordon

1521

00:52:22,950 --> 00:52:22,160

cooper said he came and they told him

1522

00:52:24,710 --> 00:52:22,960

about it

1523

00:52:26,309 --> 00:52:24,720

he looked and he saw in the film that

1524

00:52:28,150 --> 00:52:26,319

certainly that was there he didn't watch

1525

00:52:30,870 --> 00:52:28,160

the film but he stretched it out and

1526

00:52:32,950 --> 00:52:30,880

saw the object called a courier or

1527

00:52:33,430 --> 00:52:32,960

notified his higher-ups coryo came from

1528

00:52:35,510 --> 00:52:33,440

dc

1529

00:52:37,670 --> 00:52:35,520

took the film he never saw it again he's

1530

00:52:39,990 --> 00:52:37,680

even looked for it never saw it again

1531

00:52:41,589 --> 00:52:40,000

um however that's not the only encounter

1532

00:52:44,309 --> 00:52:41,599

that he shared

1533

00:52:46,790 --> 00:52:44,319

all the way going back into the 70s he's

1534

00:52:48,790 --> 00:52:46,800

and maybe even further he shared another

1535

00:52:49,829 --> 00:52:48,800

encounter that happened to him in 1955

1536

00:52:52,390 --> 00:52:49,839

in germany

1537

00:52:53,349 --> 00:52:52,400

when he was flying you know training

1538

00:52:56,230 --> 00:52:53,359

missions

1539

00:52:59,750 --> 00:52:56,240

and uh that you know he's in a group of

1540

00:53:02,230 --> 00:52:59,760

jets flying one direction and a group of

1541

00:53:03,109 --> 00:53:02,240

discs flying in a different fly in a

1542

00:53:05,109 --> 00:53:03,119

different direction

1543

00:53:07,030 --> 00:53:05,119

very quickly he says they chased them

1544

00:53:07,990 --> 00:53:07,040

they were on alert for these objects

1545

00:53:10,390 --> 00:53:08,000

stuff like this

1546

00:53:11,109 --> 00:53:10,400

now he shared that story a long time ago

1547

00:53:14,870 --> 00:53:11,119

so

1548

00:53:18,790 --> 00:53:14,880

um in his later years did he start to

1549

00:53:19,750 --> 00:53:18,800

mix things up or or fabricate or was his

1550

00:53:22,950 --> 00:53:19,760

memory

1551
00:53:25,030 --> 00:53:22,960
um you know messed up that's possible

1552
00:53:26,549 --> 00:53:25,040
i certainly would not take that off the

1553
00:53:29,910 --> 00:53:26,559
table because unfortunately

1554
00:53:30,470 --> 00:53:29,920
there's so many old men uh who have had

1555
00:53:32,390 --> 00:53:30,480
some

1556
00:53:34,309 --> 00:53:32,400
you know i've won a lot of rewards jet

1557
00:53:36,630 --> 00:53:34,319
fighter pilots stuff like this who have

1558
00:53:38,230 --> 00:53:36,640
you know shared some just silly stories

1559
00:53:39,990 --> 00:53:38,240
or stories that just don't make any

1560
00:53:41,270 --> 00:53:40,000
sense and and sometimes that happens

1561
00:53:44,150 --> 00:53:41,280
unfortunately so

1562
00:53:45,829 --> 00:53:44,160
i don't know however uh you know when

1563
00:53:46,549 --> 00:53:45,839

when chris mullen did say it was gordon

1564

00:53:49,670 --> 00:53:46,559

cooper

1565

00:53:51,910 --> 00:53:49,680

who went to um william

1566

00:53:52,870 --> 00:53:51,920

um i can't remember his last name right

1567

00:53:55,829 --> 00:53:52,880

now but essentially

1568

00:53:56,309 --> 00:53:55,839

uh bill clinton's secretary of defense

1569

00:53:59,349 --> 00:53:56,319

and

1570

00:54:01,109 --> 00:53:59,359

uh what was that uh william perry or

1571

00:54:04,390 --> 00:54:01,119

william cohen

1572

00:54:06,309 --> 00:54:04,400

cohen he went to cohen and uh well

1573

00:54:08,230 --> 00:54:06,319

that cooper talked to the president and

1574

00:54:10,390 --> 00:54:08,240

then the president went to cohen

1575

00:54:12,230 --> 00:54:10,400

and said and then cohen went to melon

1576
00:54:13,510 --> 00:54:12,240
and said hey go figure out what you can

1577
00:54:15,349 --> 00:54:13,520
find out about this

1578
00:54:16,710 --> 00:54:15,359
we don't know specifically which event

1579
00:54:18,150 --> 00:54:16,720
he was talking about

1580
00:54:20,150 --> 00:54:18,160
it seems as though he was looking for

1581
00:54:21,829 --> 00:54:20,160
that film but uh

1582
00:54:24,710 --> 00:54:21,839
whatever it was even if it was just the

1583
00:54:26,470 --> 00:54:24,720
first incident um in germany

1584
00:54:27,990 --> 00:54:26,480
you know mellon says when he did make

1585
00:54:30,549 --> 00:54:28,000
the inquiry he was told to

1586
00:54:31,349 --> 00:54:30,559
just get out of town and don't ask me

1587
00:54:34,470 --> 00:54:31,359
again

1588
00:54:37,109 --> 00:54:34,480

um so so yeah so

1589

00:54:38,630 --> 00:54:37,119

who knows with that that's that's an

1590

00:54:41,670 --> 00:54:38,640

interesting thought and something worth

1591

00:54:43,510 --> 00:54:41,680

pursuing but regardless though whether

1592

00:54:45,270 --> 00:54:43,520

cooper's incident was real or not it was

1593

00:54:47,750 --> 00:54:45,280

the inspiration for mellon

1594

00:54:49,670 --> 00:54:47,760

um getting into all of this co you know

1595

00:54:52,549 --> 00:54:49,680

the secretary of defense asking him

1596

00:54:54,069 --> 00:54:52,559

to research something on this um and

1597

00:54:56,710 --> 00:54:54,079

that was like in the 90s

1598

00:54:58,470 --> 00:54:56,720

that it inspired him when it comes to

1599

00:55:01,030 --> 00:54:58,480

bigelow and the spending of the money

1600

00:55:02,230 --> 00:55:01,040

i don't know i think that would be

1601
00:55:04,630 --> 00:55:02,240
debatable

1602
00:55:05,670 --> 00:55:04,640
uh you know he he spent some with mufon

1603
00:55:07,190 --> 00:55:05,680
and i was you know

1604
00:55:09,510 --> 00:55:07,200
move on spokesperson at the time that

1605
00:55:11,030 --> 00:55:09,520
that project went on and we didn't know

1606
00:55:12,549 --> 00:55:11,040
you know we just we thought the money

1607
00:55:14,390 --> 00:55:12,559
came from bigelow uh

1608
00:55:15,990 --> 00:55:14,400
we didn't know exactly where it did come

1609
00:55:17,750 --> 00:55:16,000
from and it's funny that you know

1610
00:55:20,230 --> 00:55:17,760
we were essentially working on atip

1611
00:55:22,789 --> 00:55:20,240
without knowing about it

1612
00:55:23,670 --> 00:55:22,799
so was that money well spent i think

1613
00:55:26,390 --> 00:55:23,680

that

1614

00:55:27,990 --> 00:55:26,400

while there were a handful of good cases

1615

00:55:31,190 --> 00:55:28,000

that resulted from

1616

00:55:34,549 --> 00:55:31,200

uh that cooperation there was a lot of

1617

00:55:37,910 --> 00:55:34,559

uh you know there was it was a

1618

00:55:39,829 --> 00:55:37,920

it was a trial effort that failed

1619

00:55:41,030 --> 00:55:39,839

um eventually it didn't get extended

1620

00:55:43,910 --> 00:55:41,040

because it didn't work

1621

00:55:44,710 --> 00:55:43,920

my opinion of why it failed is just that

1622

00:55:46,870 --> 00:55:44,720

you're asking

1623

00:55:48,549 --> 00:55:46,880

too much of these volunteers these

1624

00:55:51,270 --> 00:55:48,559

people who are

1625

00:55:52,870 --> 00:55:51,280

trying to to work 40 hours a day take

1626
00:55:55,190 --> 00:55:52,880
care of their families and then you want

1627
00:55:57,829 --> 00:55:55,200
them to go do these major investigations

1628
00:55:58,470 --> 00:55:57,839
on fly you know at a moment's notice all

1629
00:56:00,390 --> 00:55:58,480
around

1630
00:56:01,990 --> 00:56:00,400
the country it just those were the

1631
00:56:03,990 --> 00:56:02,000
logistics that didn't work with

1632
00:56:06,069 --> 00:56:04,000
that so was that money well it's not

1633
00:56:08,630 --> 00:56:06,079
well spent i don't know i think that

1634
00:56:10,710 --> 00:56:08,640
that's highly debatable uh and i think

1635
00:56:12,549 --> 00:56:10,720
an argument can be made that it

1636
00:56:14,069 --> 00:56:12,559
and that wasn't necessarily the case and

1637
00:56:16,230 --> 00:56:14,079
even if it was

1638
00:56:18,390 --> 00:56:16,240

that 22 million was not all that was

1639

00:56:18,950 --> 00:56:18,400

spent bigelow had to reach into his own

1640

00:56:22,150 --> 00:56:18,960

pockets

1641

00:56:24,549 --> 00:56:22,160

and spend more money on the project so

1642

00:56:25,910 --> 00:56:24,559

i wanted to uh move along to a really

1643

00:56:29,270 --> 00:56:25,920

fascinating topic

1644

00:56:32,630 --> 00:56:29,280

that i actually wanted to get

1645

00:56:35,589 --> 00:56:32,640

some hopefully

1646

00:56:36,390 --> 00:56:35,599

deep insight from you on or at least

1647

00:56:40,390 --> 00:56:36,400

your thought

1648

00:56:43,190 --> 00:56:40,400

processes on it tsa which is a company

1649

00:56:45,910 --> 00:56:43,200

that is a public benefits corporation

1650

00:56:47,950 --> 00:56:45,920

established in 2017.

1651
00:56:49,990 --> 00:56:47,960
i went ahead and looked them up on the

1652
00:56:51,670 --> 00:56:50,000
sec.gov's website

1653
00:56:53,109 --> 00:56:51,680
and i wanted to read to you a little bit

1654
00:56:57,430 --> 00:56:53,119
about them regarding

1655
00:57:00,390 --> 00:56:57,440
what is stated on the sec.gov's website

1656
00:57:01,990 --> 00:57:00,400
currently this year it says our mission

1657
00:57:02,710 --> 00:57:02,000
is to be a vehicle for change by

1658
00:57:04,230 --> 00:57:02,720
inspiring

1659
00:57:05,829 --> 00:57:04,240
a newfound appreciation and

1660
00:57:08,150 --> 00:57:05,839
understanding of the profound

1661
00:57:09,990 --> 00:57:08,160
yet unresolved mysteries of the universe

1662
00:57:10,870 --> 00:57:10,000
that can have a positive impact on

1663
00:57:12,870 --> 00:57:10,880

humanity

1664

00:57:14,630 --> 00:57:12,880

we are working to achieve our mission

1665

00:57:16,069 --> 00:57:14,640

via an entertainment science and

1666

00:57:17,750 --> 00:57:16,079

aerospace consortium

1667

00:57:19,750 --> 00:57:17,760

that inspires and collaborates with

1668

00:57:20,870 --> 00:57:19,760

global citizens to investigate the outer

1669

00:57:23,349 --> 00:57:20,880

edges of science

1670

00:57:25,190 --> 00:57:23,359

and unconventional thinking in order to

1671

00:57:27,750 --> 00:57:25,200

push human knowledge and capability

1672

00:57:29,589 --> 00:57:27,760

forward results of operation

1673

00:57:31,030 --> 00:57:29,599

the company is currently organized as

1674

00:57:32,870 --> 00:57:31,040

two separate divisions

1675

00:57:34,630 --> 00:57:32,880

the entertainment division and the

1676
00:57:36,870 --> 00:57:34,640
science and technology division

1677
00:57:38,710 --> 00:57:36,880
our public benefit purpose is a unifying

1678
00:57:40,549 --> 00:57:38,720
factor across our divisions

1679
00:57:42,230 --> 00:57:40,559
currently only one of our divisions the

1680

channels

1690

00:58:06,950 --> 00:58:05,359

existing products may be found at a

1691

00:58:07,990 --> 00:58:06,960

certain website that it states right

1692

00:58:09,430 --> 00:58:08,000

there now i wanted to read

1693

00:58:11,589 --> 00:58:09,440

something interesting to you when i went

1694

00:58:15,030 --> 00:58:11,599

ahead and read further on the sec.gov

1695

00:58:15,750 --> 00:58:15,040

website regarding tsa their financial

1696

00:58:19,270 --> 00:58:15,760

state

1697

00:58:22,230 --> 00:58:19,280

their sec filing shows 53 million

1698

00:58:24,150 --> 00:58:22,240

into and out of their capital account

1699

00:58:25,270 --> 00:58:24,160

which means that they have a capital

1700

00:58:28,789 --> 00:58:25,280

account deficit

1701

00:58:31,950 --> 00:58:28,799
of 53 million dollars

1702

00:58:33,190 --> 00:58:31,960
um further it states that in august of

1703

00:58:36,390 --> 00:58:33,200
2018

1704

00:58:38,150 --> 00:58:36,400
which is a separate topic the company

1705

00:58:40,630 --> 00:58:38,160
entered into two statements

1706

00:58:43,829 --> 00:58:40,640
of work with earth tech international

1707

00:58:45,990 --> 00:58:43,839
also known as eti

1708

00:58:48,069 --> 00:58:46,000
to prepare plans perform scientific

1709

00:58:49,270 --> 00:58:48,079
analysis and advise the company on

1710

00:58:51,910 --> 00:58:49,280
materials

1711

00:58:52,309 --> 00:58:51,920
analysis and beamed energy propulsion

1712

00:58:54,630 --> 00:58:52,319
launch

1713

00:58:55,829 --> 00:58:54,640

systems eti's founder and president is

1714

00:58:58,789 --> 00:58:55,839

company director

1715

00:59:00,470 --> 00:58:58,799

harold e put off these projects total

1716

00:59:02,789 --> 00:59:00,480

sixty thousand of which

1717

00:59:04,069 --> 00:59:02,799

twelve thousand five hundred and thirty

1718

00:59:07,270 --> 00:59:04,079

thousand has been paid

1719

00:59:10,630 --> 00:59:07,280

during 2019 and 2018

1720

00:59:12,870 --> 00:59:10,640

respectively in august 2018 the company

1721

00:59:15,430 --> 00:59:12,880

entered into two statements of work with

1722

00:59:17,589 --> 00:59:15,440

earth tech international to prepare

1723

00:59:19,670 --> 00:59:17,599

plans perform scientific analysis

1724

00:59:22,069 --> 00:59:19,680

and advise the company on materials

1725

00:59:22,549 --> 00:59:22,079

analysis and beamed energy propulsion

1726
00:59:25,349 --> 00:59:22,559
launch

1727
00:59:26,390 --> 00:59:25,359
systems eti's founder and president is

1728
00:59:29,829 --> 00:59:26,400
company director

1729
00:59:33,510 --> 00:59:29,839
harold e putoff these projects total 60

1730
00:59:35,829 --> 00:59:33,520
000 of which 12 530 000 has been paid in

1731
00:59:38,630 --> 00:59:35,839
2019 and 2018

1732
00:59:39,109 --> 00:59:38,640
respectively what are your thoughts on

1733
00:59:42,390 --> 00:59:39,119
that

1734
00:59:43,030 --> 00:59:42,400
uh those two topics okay a couple things

1735
00:59:45,829 --> 00:59:43,040
with that

1736
00:59:46,549 --> 00:59:45,839
first of all i guess i'll answer them in

1737
00:59:49,190 --> 00:59:46,559
order

1738
00:59:49,670 --> 00:59:49,200

that 53 million dollars isn't real money

1739

00:59:53,109 --> 00:59:49,680

um

1740

00:59:53,910 --> 00:59:53,119

it's essentially stocks so they value

1741

00:59:56,150 --> 00:59:53,920

stocks

1742

00:59:57,190 --> 00:59:56,160

and they've got a value essentially

1743

00:59:59,829 --> 00:59:57,200

here's a lot

1744

01:00:01,109 --> 00:59:59,839

of stocks worth 53 million dollars that

1745

01:00:02,630 --> 01:00:01,119

we're going to try to sell so if they

1746

01:00:03,270 --> 01:00:02,640

sell them all hopefully it'll be that

1747

01:00:05,430 --> 01:00:03,280

much

1748

01:00:06,950 --> 01:00:05,440

until they sell them all it looks as

1749

01:00:10,069 --> 01:00:06,960

though it's it's a negative

1750

01:00:11,990 --> 01:00:10,079

but it's not really it's i'm probably

1751

01:00:14,150 --> 01:00:12,000

not being completely accurate in

1752

01:00:16,069 --> 01:00:14,160

explaining that but i have talked to

1753

01:00:18,710 --> 01:00:16,079

accountants who understand that better

1754

01:00:20,549 --> 01:00:18,720

and it's very complicated and it just

1755

01:00:21,109 --> 01:00:20,559

reminds me of why i didn't want to be an

1756

01:00:23,829 --> 01:00:21,119

accountant

1757

01:00:25,589 --> 01:00:23,839

when they explain the stuff to me so

1758

01:00:27,270 --> 01:00:25,599

it's very complicated but it's not like

1759

01:00:28,069 --> 01:00:27,280

what it appears to be as far as like

1760

01:00:30,390 --> 01:00:28,079

they owe

1761

01:00:32,390 --> 01:00:30,400

50 million or something like that okay

1762

01:00:35,430 --> 01:00:32,400

um as far as earth tech goes

1763

01:00:37,990 --> 01:00:35,440

earth tech is hal put off and dr

1764

01:00:39,270 --> 01:00:38,000

eric davis essentially it was and those

1765

01:00:42,230 --> 01:00:39,280

were two people

1766

01:00:43,430 --> 01:00:42,240

who were consultants who uh you know

1767

01:00:45,510 --> 01:00:43,440

we're working with

1768

01:00:47,510 --> 01:00:45,520

to the stars so essentially they're

1769

01:00:48,230 --> 01:00:47,520

paying hal and eric for their work

1770

01:00:52,230 --> 01:00:48,240

through

1771

01:00:54,150 --> 01:00:52,240

eti although eric davis is now working

1772

01:00:56,150 --> 01:00:54,160

for the aerospace company so he's not

1773

01:00:59,109 --> 01:00:56,160

even working for eti anymore

1774

01:00:59,670 --> 01:00:59,119

and last i heard eti might be closing

1775

01:01:03,190 --> 01:00:59,680

shop i

1776

01:01:04,870 --> 01:01:03,200

i don't know maybe hal is retiring

1777

01:01:06,870 --> 01:01:04,880

but i think his son worked on it with

1778

01:01:08,390 --> 01:01:06,880

him but you know that's a company that

1779

01:01:11,349 --> 01:01:08,400

hal has been doing work through for

1780

01:01:13,750 --> 01:01:11,359

years so that's essentially how that

1781

01:01:14,549 --> 01:01:13,760

works as far as the viability of the

1782

01:01:17,589 --> 01:01:14,559

company

1783

01:01:19,270 --> 01:01:17,599

that's the question and and it's an

1784

01:01:21,430 --> 01:01:19,280

outstanding question who knows

1785

01:01:23,670 --> 01:01:21,440

um like they said the only revenue

1786

01:01:24,630 --> 01:01:23,680

generating section is the entertainment

1787

01:01:27,589 --> 01:01:24,640

section

1788

01:01:27,910 --> 01:01:27,599

um which tom's in charge of he's about

1789

01:01:32,069 --> 01:01:27,920

to

1790

01:01:35,349 --> 01:01:32,079

movie

1791

01:01:37,589 --> 01:01:35,359

um it's something monsters uh little

1792

01:01:39,190 --> 01:01:37,599

not little monsters little monsters of

1793

01:01:40,230 --> 01:01:39,200

the movie we watched not long ago that

1794

01:01:43,190 --> 01:01:40,240

was really funny

1795

01:01:44,470 --> 01:01:43,200

but um something monsters california

1796

01:01:45,270 --> 01:01:44,480

monster something like that is this

1797

01:01:47,829 --> 01:01:45,280

movie that

1798

01:01:50,630 --> 01:01:47,839

you know tom delong directed and is

1799

01:01:52,549 --> 01:01:50,640

going to be coming out soon

1800

01:01:54,230 --> 01:01:52,559

there are other projects books there's a

1801

01:01:57,589 --> 01:01:54,240

cartoon in the works um

1802

01:02:00,710 --> 01:01:57,599

even unidentified was produced uh

1803

01:02:02,069 --> 01:02:00,720

partially by this so yeah so the

1804

01:02:03,430 --> 01:02:02,079

entertainment part is the only one

1805

01:02:06,870 --> 01:02:03,440

making money so

1806

01:02:08,870 --> 01:02:06,880

which is kind of difficult i mean and

1807

01:02:10,870 --> 01:02:08,880

as far as the research side there's kind

1808

01:02:14,470 --> 01:02:10,880

of two parts to that there is

1809

01:02:15,510 --> 01:02:14,480

the uh a viable aerospace company is

1810

01:02:17,510 --> 01:02:15,520

what they want to be

1811

01:02:19,270 --> 01:02:17,520

that's where they went keep talking

1812

01:02:21,750 --> 01:02:19,280

about these technologies

1813

01:02:23,190 --> 01:02:21,760

um and and i even criticized them a bit

1814

01:02:24,630 --> 01:02:23,200

that you know when they tweet that we're

1815

01:02:25,750 --> 01:02:24,640

working on this new technology

1816

01:02:27,430 --> 01:02:25,760

everybody's like well

1817

01:02:29,510 --> 01:02:27,440

i gave you money to work on ufos what

1818

01:02:32,549 --> 01:02:29,520

about ufos um but

1819

01:02:34,710 --> 01:02:32,559

what they're they're kind of um

1820

01:02:36,309 --> 01:02:34,720

haven't really explained is the deal is

1821

01:02:38,789 --> 01:02:36,319

they hope to make money

1822

01:02:39,829 --> 01:02:38,799

off of these aerospace projects in order

1823

01:02:43,430 --> 01:02:39,839

to fund

1824

01:02:45,510 --> 01:02:43,440

research um and it kind of explains why

1825

01:02:46,630 --> 01:02:45,520

people were kind of bummed from the

1826

01:02:47,990 --> 01:02:46,640

beginning and it's like we're not

1827

01:02:48,950 --> 01:02:48,000

getting much information we

1828

01:02:50,630 --> 01:02:48,960

thought we were going to get all this

1829

01:02:51,349 --> 01:02:50,640

research and investigation out of you

1830

01:02:53,190 --> 01:02:51,359

guys

1831

01:02:54,470 --> 01:02:53,200

what are you doing well what people

1832

01:02:56,069 --> 01:02:54,480

didn't know is

1833

01:02:57,510 --> 01:02:56,079

you know there's only a handful of

1834

01:02:59,750 --> 01:02:57,520

people essentially

1835

01:03:01,270 --> 01:02:59,760

you know elizondo and mellon and what

1836

01:03:01,990 --> 01:03:01,280

are they doing they're not only shooting

1837

01:03:03,829 --> 01:03:02,000

that

1838

01:03:05,029 --> 01:03:03,839

the tv show for unidentified they're

1839

01:03:05,829 --> 01:03:05,039

doing the things they showed that they

1840

01:03:07,750 --> 01:03:05,839

were doing

1841

01:03:09,109 --> 01:03:07,760

they're working on this game plan and

1842

01:03:11,109 --> 01:03:09,119

that's what i

1843

01:03:12,230 --> 01:03:11,119

wrote this story this is what these guys

1844

01:03:14,789 --> 01:03:12,240

have been up to

1845

01:03:16,870 --> 01:03:14,799

they've been up to briefing officials

1846

01:03:19,750 --> 01:03:16,880

briefing politicians

1847

01:03:20,309 --> 01:03:19,760

getting this up the ladder getting

1848

01:03:22,150 --> 01:03:20,319

people

1849

01:03:24,549 --> 01:03:22,160

uh you know government officials around

1850

01:03:27,430 --> 01:03:24,559

the world up to date and up to speed

1851
01:03:28,789 --> 01:03:27,440
on this issue and making what has

1852
01:03:32,309 --> 01:03:28,799
happened happened

1853
01:03:34,230 --> 01:03:32,319
they were laser focused on this plan and

1854
01:03:35,670 --> 01:03:34,240
we didn't know that the whole time we're

1855
01:03:37,190 --> 01:03:35,680
wondering what's going on and we're

1856
01:03:39,750 --> 01:03:37,200
writing stories and

1857
01:03:41,510 --> 01:03:39,760
and you know they they held their cards

1858
01:03:43,990 --> 01:03:41,520
close to their vests

1859
01:03:45,109 --> 01:03:44,000
for a reason to accomplish what they

1860
01:03:46,710 --> 01:03:45,119
accomplished and

1861
01:03:48,710 --> 01:03:46,720
i think what they accomplished is pretty

1862
01:03:49,670 --> 01:03:48,720
extraordinary just like my headline you

1863
01:03:51,430 --> 01:03:49,680

know that these

1864

01:03:53,190 --> 01:03:51,440

government insiders were able to get the

1865

01:03:56,150 --> 01:03:53,200

senate to to

1866

01:03:57,750 --> 01:03:56,160

start talking ufos yeah real quick uh

1867

01:03:59,430 --> 01:03:57,760

let me jump in with a question are we

1868

01:04:02,309 --> 01:03:59,440

going to see a season three from these

1869

01:04:06,630 --> 01:04:04,789

uh i had heard it was kind of uh

1870

01:04:08,390 --> 01:04:06,640

skeptical that perhaps there wouldn't be

1871

01:04:09,750 --> 01:04:08,400

but then you know skinwalker was kind of

1872

01:04:11,430 --> 01:04:09,760

the same

1873

01:04:13,510 --> 01:04:11,440

but skinwalker has announced they're

1874

01:04:16,309 --> 01:04:13,520

doing a third season

1875

01:04:17,190 --> 01:04:16,319

um i think it's very possible uh we'll

1876

01:04:18,950 --> 01:04:17,200

see

1877

01:04:21,349 --> 01:04:18,960

did you did you follow the ratings at

1878

01:04:23,510 --> 01:04:21,359

all because they started strong

1879

01:04:24,390 --> 01:04:23,520

but it seemed like they really nose

1880

01:04:27,029 --> 01:04:24,400

dived

1881

01:04:28,549 --> 01:04:27,039

when the unexpected happened and the nba

1882

01:04:31,109 --> 01:04:28,559

and the nhl playoffs

1883

01:04:32,630 --> 01:04:31,119

uh popped up in august and that seemed

1884

01:04:34,630 --> 01:04:32,640

to take away a lot of the audience and

1885

01:04:35,589 --> 01:04:34,640

they really dropped off after episode

1886

01:04:37,750 --> 01:04:35,599

three

1887

01:04:40,069 --> 01:04:37,760

the good thing is that it served its

1888

01:04:41,829 --> 01:04:40,079

purpose it served as major purpose and

1889

01:04:45,109 --> 01:04:41,839

its major purpose was to

1890

01:04:46,950 --> 01:04:45,119

aid in that plan that i outlined in my

1891

01:04:49,589 --> 01:04:46,960

article which was to

1892

01:04:51,430 --> 01:04:49,599

put pressure media pressure from

1893

01:04:54,870 --> 01:04:51,440

multiple different angles

1894

01:04:56,870 --> 01:04:54,880

on the military to keep them you know

1895

01:04:58,230 --> 01:04:56,880

to get this keep this topic front

1896

01:04:58,870 --> 01:04:58,240

forward so they would get all this

1897

01:05:02,069 --> 01:04:58,880

attention

1898

01:05:05,109 --> 01:05:02,079

to it and that in that manner it worked

1899

01:05:05,910 --> 01:05:05,119

so um it kind of served the major

1900

01:05:09,270 --> 01:05:05,920

purpose

1901

01:05:12,069 --> 01:05:09,280

as far as that that plan goes um

1902

01:05:13,829 --> 01:05:12,079

and the other difficulty with with in

1903

01:05:15,589 --> 01:05:13,839

reality when it comes to entertainment

1904

01:05:17,750 --> 01:05:15,599

entertainment is entertainment

1905

01:05:19,349 --> 01:05:17,760

typically the things that get the most

1906

01:05:22,549 --> 01:05:19,359

attention are things like

1907

01:05:25,829 --> 01:05:22,559

ancient aliens which is very

1908

01:05:26,789 --> 01:05:25,839

speculative if not bordering on in some

1909

01:05:29,589 --> 01:05:26,799

cases

1910

01:05:31,510 --> 01:05:29,599

dare i say ridiculous sorry to some of

1911

01:05:34,789 --> 01:05:31,520

my buddies who are our regulars on that

1912

01:05:36,230 --> 01:05:34,799

but uh whereas you know the real

1913

01:05:39,109 --> 01:05:36,240

credible great stuff

1914

01:05:39,829 --> 01:05:39,119

is is not you know doesn't get the

1915

01:05:42,150 --> 01:05:39,839

viewership

1916

01:05:43,510 --> 01:05:42,160

for example you talked about i i work a

1917

01:05:45,750 --> 01:05:43,520

lot with national geographic

1918

01:05:48,549 --> 01:05:45,760

i love national geographic they're like

1919

01:05:51,270 --> 01:05:48,559

the last bastion of real science

1920

01:05:53,190 --> 01:05:51,280

and real credible information regarding

1921

01:05:55,430 --> 01:05:53,200

topics that they cover in their shows

1922

01:05:57,829 --> 01:05:55,440

nobody else is really doing that other

1923

01:05:59,829 --> 01:05:57,839

the rest is reality tv show stuff

1924

01:06:00,950 --> 01:05:59,839

that is usually made up that's

1925

01:06:02,789 --> 01:06:00,960

make-believe and

1926

01:06:05,829 --> 01:06:02,799

especially in the last few years we had

1927

01:06:07,510 --> 01:06:05,839

a panel at the ufo congress with um

1928

01:06:09,029 --> 01:06:07,520

a couple other researchers who worked on

1929

01:06:09,349 --> 01:06:09,039

television shows and we were all just it

1930

01:06:11,829 --> 01:06:09,359

came

1931

01:06:12,630 --> 01:06:11,839

in to to be just a complaint session

1932

01:06:14,309 --> 01:06:12,640

about how

1933

01:06:16,150 --> 01:06:14,319

we're complaining and the producers just

1934

01:06:18,230 --> 01:06:16,160

want us to fake stuff and lie

1935

01:06:19,750 --> 01:06:18,240

and and read their scripts they don't

1936

01:06:21,829 --> 01:06:19,760

care about the reality of these

1937

01:06:25,029 --> 01:06:21,839

situations they just want to entertain

1938

01:06:25,990 --> 01:06:25,039

so it's really hard right now to get the

1939

01:06:28,789 --> 01:06:26,000

attention

1940

01:06:30,630 --> 01:06:28,799

to legitimate research on on television

1941

01:06:32,069 --> 01:06:30,640

i'm glad you brought up ufo uh the

1942

01:06:33,829 --> 01:06:32,079

international ufo congress

1943

01:06:36,230 --> 01:06:33,839

because folks just wanted to let you

1944

01:06:37,270 --> 01:06:36,240

know that uh the beautiful woman in the

1945

01:06:40,069 --> 01:06:37,280

background that we see

1946

01:06:40,710 --> 01:06:40,079

walking back and forth occasionally the

1947

01:06:43,430 --> 01:06:40,720

owner

1948

01:06:44,309 --> 01:06:43,440

of the international ufo congress karen

1949

01:06:47,349 --> 01:06:44,319

burrard

1950

01:06:48,230 --> 01:06:47,359

who is a very beautiful kind caring

1951

01:06:51,029 --> 01:06:48,240

person

1952

01:06:52,470 --> 01:06:51,039

and has a lot of responsibility and that

1953

01:06:55,670 --> 01:06:52,480

is to make sure that

1954

01:06:58,150 --> 01:06:55,680

international ufo uh congress runs

1955

01:06:58,789 --> 01:06:58,160

seamlessly which she does a fantastic

1956

01:07:00,549 --> 01:06:58,799

job of

1957

01:07:01,829 --> 01:07:00,559

and i think she needs to be given a lot

1958

01:07:04,549 --> 01:07:01,839

of credit for that

1959

01:07:06,470 --> 01:07:04,559

and so we thank her for that i wanted to

1960

01:07:07,990 --> 01:07:06,480

go ahead and ask you a question from tom

1961

01:07:10,710 --> 01:07:08,000

whitmore who's on the board of

1962

01:07:11,990 --> 01:07:10,720

mufon he said i want to know that if

1963

01:07:15,109 --> 01:07:12,000

they start deploying

1964

01:07:16,789 --> 01:07:15,119

scout would the civilian data go to the

1965

01:07:19,910 --> 01:07:16,799

pentagon

1966

01:07:22,789 --> 01:07:19,920

well uh probably not and

1967

01:07:25,829 --> 01:07:22,799

can we explain what scout is first real

1968

01:07:28,710 --> 01:07:25,839

quick can we explain what scout is

1969

01:07:29,349 --> 01:07:28,720

think it's essentially an app that would

1970

01:07:32,470 --> 01:07:29,359

collect

1971

01:07:35,190 --> 01:07:32,480

um ufo reports and um

1972

01:07:36,789 --> 01:07:35,200

i'm not sure what perspective tom is

1973

01:07:38,470 --> 01:07:36,799

bringing that question

1974

01:07:39,910 --> 01:07:38,480

is he he may be trying to say well

1975

01:07:40,710 --> 01:07:39,920

mufon's data doesn't go to the

1976

01:07:42,870 --> 01:07:40,720

government

1977

01:07:44,309 --> 01:07:42,880

well they did work with bigelow they've

1978

01:07:45,270 --> 01:07:44,319

demonstrated that they're willing to

1979

01:07:47,349 --> 01:07:45,280

work with the government

1980

01:07:48,549 --> 01:07:47,359

not that i say that's necessarily a

1981

01:07:51,990 --> 01:07:48,559

problem but

1982

01:07:55,589 --> 01:07:52,000

um really to the stars chris

1983

01:07:59,109 --> 01:07:55,599

and lou have some insider buddies but

1984

01:07:59,750 --> 01:07:59,119

the has made it very clear in my humble

1985

01:08:02,789 --> 01:07:59,760

opinion

1986

01:08:05,829 --> 01:08:02,799

that they are not happy with elizondo

1987

01:08:07,109 --> 01:08:05,839

that they they essentially make up what

1988

01:08:09,910 --> 01:08:07,119

i i've written this

1989

01:08:11,670 --> 01:08:09,920

article about how the dod keeps getting

1990

01:08:13,430 --> 01:08:11,680

it wrong concerning ufos

1991

01:08:14,950 --> 01:08:13,440

and there's a whole record of

1992

01:08:16,390 --> 01:08:14,960

misinformation that they put out there

1993

01:08:17,749 --> 01:08:16,400

where they've had to go back and say

1994

01:08:20,070 --> 01:08:17,759

oops we were wrong

1995

01:08:21,189 --> 01:08:20,080

but they keep continuing to put out this

1996

01:08:22,870 --> 01:08:21,199

misinformation

1997

01:08:24,229 --> 01:08:22,880

the last statement they put out about

1998

01:08:26,309 --> 01:08:24,239

lou even though

1999

01:08:27,269 --> 01:08:26,319

they have countered this they've said

2000

01:08:29,269 --> 01:08:27,279

the opposite

2001
01:08:30,470 --> 01:08:29,279
many times before is that he had nothing

2002
01:08:33,669 --> 01:08:30,480
to do with atip

2003
01:08:35,349 --> 01:08:33,679
which is just a ridiculous thing to say

2004
01:08:36,709 --> 01:08:35,359
because we know from harry reid who

2005
01:08:38,390 --> 01:08:36,719
created the program

2006
01:08:40,870 --> 01:08:38,400
from the engineers who worked on the

2007
01:08:41,990 --> 01:08:40,880
program everybody related the program

2008
01:08:44,470 --> 01:08:42,000
says yeah of course

2009
01:08:45,430 --> 01:08:44,480
lose the guy we talked to lou was a tip

2010
01:08:48,390 --> 01:08:45,440
but for some

2011
01:08:50,229 --> 01:08:48,400
ridiculous reason the only thing i can

2012
01:08:52,630 --> 01:08:50,239
think of is retaliation

2013
01:08:54,309 --> 01:08:52,640

they keep making up these stories so

2014

01:08:57,349 --> 01:08:54,319

they're definitely not happy with him

2015

01:08:58,789 --> 01:08:57,359

i don't know that uh they are interested

2016

01:09:01,829 --> 01:08:58,799

in cooperating

2017

01:09:03,510 --> 01:09:01,839

at that level so i i wouldn't think so

2018

01:09:06,149 --> 01:09:03,520

thank you for your input on that dr

2019

01:09:08,870 --> 01:09:06,159

roger stankovic national director of

2020

01:09:11,990 --> 01:09:08,880

mutual of mufons australia and new

2021

01:09:15,030 --> 01:09:12,000

zealand and also a neuroscientist

2022

01:09:17,749 --> 01:09:15,040

at the university of sydney he had

2023

01:09:20,149 --> 01:09:17,759

a statement and a question that he

2024

01:09:23,189 --> 01:09:20,159

wanted to make to you for this program

2025

01:09:25,910 --> 01:09:23,199

he said if these deeply seated saps

2026
01:09:27,030 --> 01:09:25,920
do indeed exist and are funded by black

2027
01:09:29,910 --> 01:09:27,040
budget money

2028
01:09:30,749 --> 01:09:29,920
presumably for the examination of

2029
01:09:33,590 --> 01:09:30,759
crashed

2030
01:09:33,990 --> 01:09:33,600
extraterrestrial craft why are we not

2031
01:09:36,390 --> 01:09:34,000
turning

2032
01:09:38,470 --> 01:09:36,400
our focus to engaging more senators to

2033
01:09:41,910 --> 01:09:38,480
launch a formal investigation

2034
01:09:42,229 --> 01:09:41,920
of the matter alejandro why are we not

2035
01:09:44,390 --> 01:09:42,239
well

2036
01:09:45,269 --> 01:09:44,400
that's a great point we should be

2037
01:09:52,229 --> 01:09:45,279
engaging

2038
01:09:54,550 --> 01:09:52,239

specifically right who to the stars and

2039

01:09:55,669 --> 01:09:54,560

chris mullen is engaging specifically is

2040

01:09:59,270 --> 01:09:55,679

really important though

2041

01:10:02,390 --> 01:09:59,280

because like the uh response was to

2042

01:10:03,750 --> 01:10:02,400

walker um you know hey classified

2043

01:10:05,350 --> 01:10:03,760

information there's only

2044

01:10:07,270 --> 01:10:05,360

certain committees that are cleared for

2045

01:10:08,709 --> 01:10:07,280

this information we're working with the

2046

01:10:10,630 --> 01:10:08,719

armed services committee

2047

01:10:13,189 --> 01:10:10,640

we're working with our the intelligence

2048

01:10:17,110 --> 01:10:13,199

committee those are the appropriate

2049

01:10:20,229 --> 01:10:17,120

people to work with so if you do

2050

01:10:21,750 --> 01:10:20,239

want to contact more senators those are

2051
01:10:23,910 --> 01:10:21,760
the people that you need to contact

2052
01:10:25,189 --> 01:10:23,920
especially those on the senate

2053
01:10:27,350 --> 01:10:25,199
intelligence committee

2054
01:10:28,830 --> 01:10:27,360
of which kamala harris is one of them

2055
01:10:32,470 --> 01:10:28,840
and she actually voted

2056
01:10:33,350 --> 01:10:32,480
to request this uap report she was on

2057
01:10:35,830 --> 01:10:33,360
board with that

2058
01:10:37,110 --> 01:10:35,840
so those are the people that we really

2059
01:10:38,630 --> 01:10:37,120
need to engage

2060
01:10:41,030 --> 01:10:38,640
and what do we need to tell them we need

2061
01:10:42,229 --> 01:10:41,040
to tell them that we're not satisfied

2062
01:10:44,229 --> 01:10:42,239
with

2063
01:10:46,390 --> 01:10:44,239

how the government's handled this one

2064

01:10:48,790 --> 01:10:46,400

thing the media has not pointed out

2065

01:10:50,870 --> 01:10:48,800

i wrote an article about how you know

2066

01:10:52,709 --> 01:10:50,880

we've been gaslighted for decades on

2067

01:10:54,149 --> 01:10:52,719

this topic and we have

2068

01:10:55,750 --> 01:10:54,159

you know when we go to the government

2069

01:10:57,189 --> 01:10:55,760

and say look i've got a document here

2070

01:10:59,750 --> 01:10:57,199

that shows that you guys

2071

01:11:01,669 --> 01:10:59,760

had this ufo incursion over a nuclear

2072

01:11:02,550 --> 01:11:01,679

facility and you raised it all the way

2073

01:11:04,550 --> 01:11:02,560

to the top

2074

01:11:06,229 --> 01:11:04,560

level what happened with this oh we

2075

01:11:08,870 --> 01:11:06,239

don't care about ufos

2076

01:11:10,790 --> 01:11:08,880

that's no big deal you know totally

2077

01:11:13,189 --> 01:11:10,800

lying making it seem silly

2078

01:11:14,149 --> 01:11:13,199

when we've got the receipts but ignoring

2079

01:11:15,430 --> 01:11:14,159

it and that's been for

2080

01:11:17,110 --> 01:11:15,440

part of my frustration and other

2081

01:11:17,830 --> 01:11:17,120

people's frustrations that we've got the

2082

01:11:20,870 --> 01:11:17,840

receipts

2083

01:11:21,910 --> 01:11:20,880

but nobody cares well now they do and

2084

01:11:22,709 --> 01:11:21,920

that's what we have to tell them we've

2085

01:11:23,990 --> 01:11:22,719

got the receipts

2086

01:11:25,990 --> 01:11:24,000

there are all these cases we want to

2087

01:11:28,550 --> 01:11:26,000

know about these cases what happened in

2088

01:11:29,830 --> 01:11:28,560

washington dc overnight in 1952 what

2089

01:11:32,470 --> 01:11:29,840

happened in iran

2090

01:11:33,510 --> 01:11:32,480

what happened uh over chicago o'hare in

2091

01:11:35,430 --> 01:11:33,520

2008.

2092

01:11:37,350 --> 01:11:35,440

you know these are sort of things that

2093

01:11:39,270 --> 01:11:37,360

we need to all of these and they're

2094

01:11:41,430 --> 01:11:39,280

called if you google like let's say

2095

01:11:42,390 --> 01:11:41,440

keith basterfield or paul dean or even

2096

01:11:44,870 --> 01:11:42,400

my website

2097

01:11:47,669 --> 01:11:44,880

or or blackvul and you look for the

2098

01:11:50,470 --> 01:11:47,679

oprep3 reports those are the reports

2099

01:11:51,990 --> 01:11:50,480

that were high value high intelligence

2100

01:11:53,430 --> 01:11:52,000

value meaning they're important

2101

01:11:56,149 --> 01:11:53,440

and they're escalated to the top

2102

01:11:56,630 --> 01:11:56,159

immediately we do have ufo reports that

2103

01:12:00,470 --> 01:11:56,640

are

2104

01:12:02,310 --> 01:12:00,480

that we need to say hey

2105

01:12:03,510 --> 01:12:02,320

we want to know what happened to these

2106

01:12:05,590 --> 01:12:03,520

now that they're admitting

2107

01:12:06,550 --> 01:12:05,600

they did look into these things what did

2108

01:12:08,470 --> 01:12:06,560

they find

2109

01:12:09,830 --> 01:12:08,480

we've got to tell them we want we want

2110

01:12:12,390 --> 01:12:09,840

answers and

2111

01:12:13,910 --> 01:12:12,400

otherwise like i said they could say

2112

01:12:15,350 --> 01:12:13,920

military wants to keep it classified

2113

01:12:18,070 --> 01:12:15,360

we're staying classified

2114

01:12:19,430 --> 01:12:18,080

from chase kletzke who actually knows of

2115

01:12:22,790 --> 01:12:19,440

folks who are

2116

01:12:25,270 --> 01:12:22,800

on the board of ttsa

2117

01:12:26,070 --> 01:12:25,280

she's a forensic specialist and author

2118

01:12:28,630 --> 01:12:26,080

she said

2119

01:12:30,310 --> 01:12:28,640

alejandro has offered another real

2120

01:12:32,310 --> 01:12:30,320

article from the inside

2121

01:12:35,030 --> 01:12:32,320

i know for a fact that he is a trusted

2122

01:12:35,990 --> 01:12:35,040

ttsa friend and trusted with content

2123

01:12:37,750 --> 01:12:36,000

most do not see

2124

01:12:40,070 --> 01:12:37,760

until the information is ready for the

2125

01:12:40,709 --> 01:12:40,080

public he has an immense understanding

2126

01:12:47,990 --> 01:12:40,719

of dc

2127

01:12:51,110 --> 01:12:48,000

military apparatus and how it happens

2128

01:12:51,910 --> 01:12:51,120

she put in quotes which put him out

2129

01:12:54,149 --> 01:12:51,920

front

2130

01:12:55,590 --> 01:12:54,159

this article should be read by everyone

2131

01:12:58,630 --> 01:12:55,600

as alejandro

2132

01:13:00,790 --> 01:12:58,640

demonstrates real and solid leads he is

2133

01:13:03,189 --> 01:13:00,800

known for amazing work and his continued

2134

01:13:06,229 --> 01:13:03,199

contributions and more valuable

2135

01:13:08,630 --> 01:13:06,239

and is this is realized every year i

2136

01:13:11,030 --> 01:13:08,640

never miss what he publishes

2137

01:13:12,870 --> 01:13:11,040

by the way dr kevin knew physics

2138

01:13:13,750 --> 01:13:12,880

professor at the university of albany

2139

01:13:16,070 --> 01:13:13,760

new york

2140

01:13:17,350 --> 01:13:16,080

and a former nasa research scientist

2141

01:13:21,189 --> 01:13:17,360

wanted to make a comment

2142

01:13:23,990 --> 01:13:21,199

for your interview today alejandro

2143

01:13:25,510 --> 01:13:24,000

he also published a really fascinating

2144

01:13:28,709 --> 01:13:25,520

paper on uap's

2145

01:13:31,669 --> 01:13:28,719

that was published by the max planck

2146

01:13:33,910 --> 01:13:31,679

institute and this work was uh presented

2147

01:13:36,950 --> 01:13:33,920

at the 39th international workshop

2148

01:13:40,229 --> 01:13:36,960

on bayesian interference

2149

01:13:42,870 --> 01:13:40,239

inference and maximum entropy methods in

2150

01:13:44,310 --> 01:13:42,880

science and engineering

2151
01:13:46,470 --> 01:13:44,320
which was held at the max planck

2152
01:13:50,390 --> 01:13:46,480
institute of course

2153
01:13:52,630 --> 01:13:50,400
for plasma physics he states to you

2154
01:13:56,149 --> 01:13:52,640
i wish that congress would commit to

2155
01:13:58,630 --> 01:13:56,159
publicly involving scientists

2156
01:13:59,830 --> 01:13:58,640
of course i'd like to know more about

2157
01:14:01,669 --> 01:13:59,840
ufos

2158
01:14:03,189 --> 01:14:01,679
they appear to be able to move through

2159
01:14:05,990 --> 01:14:03,199
both air and water

2160
01:14:07,590 --> 01:14:06,000
unimpeded is it possible for them to

2161
01:14:10,470 --> 01:14:07,600
move through solids

2162
01:14:12,310 --> 01:14:10,480
has this ever been observed i'd like to

2163
01:14:14,149 --> 01:14:12,320

know more about the optical effects

2164

01:14:15,990 --> 01:14:14,159
surrounding these objects

2165

01:14:17,750 --> 01:14:16,000
i'd like to see someone compile a

2166

01:14:20,790 --> 01:14:17,760
catalog of emblems

2167

01:14:22,630 --> 01:14:20,800
and writing that have been observed

2168

01:14:25,350 --> 01:14:22,640
i'd like to know how many ufos are

2169

01:14:27,590 --> 01:14:25,360
present on earth at any given time

2170

01:14:29,910 --> 01:14:27,600
i have so many questions and i doubt

2171

01:14:31,430 --> 01:14:29,920
that there are answers

2172

01:14:35,030 --> 01:14:31,440
he made this statement to you do you

2173

01:14:37,350 --> 01:14:35,040
have any thoughts on what he just stated

2174

01:14:38,149 --> 01:14:37,360
first of all thank you so much to chase

2175

01:14:40,790 --> 01:14:38,159
that was like

2176

01:14:42,790 --> 01:14:40,800

incredible that's like the nicest

2177

01:14:44,630 --> 01:14:42,800

paragraph anybody's written about me so

2178

01:14:47,750 --> 01:14:44,640

that was that was really nice

2179

01:14:48,870 --> 01:14:47,760

but as far as kevin kevin i've i've been

2180

01:14:51,830 --> 01:14:48,880

interacting with for

2181

01:14:53,510 --> 01:14:51,840

the last year or so and kevin brings up

2182

01:14:54,310 --> 01:14:53,520

i think one of the really important

2183

01:14:56,550 --> 01:14:54,320

points

2184

01:14:58,070 --> 01:14:56,560

um in all of this as well which i think

2185

01:15:00,149 --> 01:14:58,080

is really

2186

01:15:02,310 --> 01:15:00,159

maybe the most important in my mind

2187

01:15:03,990 --> 01:15:02,320

matter right now

2188

01:15:05,669 --> 01:15:04,000

given that the senate is looking at all

2189

01:15:07,189 --> 01:15:05,679

of this which is what are they going to

2190

01:15:08,229 --> 01:15:07,199

do with that information

2191

01:15:10,550 --> 01:15:08,239

what are they going to do with the

2192

01:15:13,510 --> 01:15:10,560

nimitz case uh cases

2193

01:15:15,189 --> 01:15:13,520

where their true unidentifieds what kind

2194

01:15:18,950 --> 01:15:15,199

of science and research is going to go

2195

01:15:22,310 --> 01:15:18,960

on with those or is it going to be left

2196

01:15:24,390 --> 01:15:22,320

to to just die on the vine and so i

2197

01:15:25,430 --> 01:15:24,400

think those questions kevin asking are

2198

01:15:27,830 --> 01:15:25,440

really important

2199

01:15:29,830 --> 01:15:27,840

and kevin opened my eyes to something

2200

01:15:32,310 --> 01:15:29,840

else recently in a recent interview

2201

01:15:35,189 --> 01:15:32,320

which is that

2202

01:15:35,990 --> 01:15:35,199

the navy saying that they take ufo

2203

01:15:38,790 --> 01:15:36,000

seriously

2204

01:15:41,110 --> 01:15:38,800

and have investigated them not only

2205

01:15:43,669 --> 01:15:41,120

opened the door to justify

2206

01:15:44,390 --> 01:15:43,679

interaction and questioning and and

2207

01:15:46,229 --> 01:15:44,400

holding our

2208

01:15:47,910 --> 01:15:46,239

politicians feet to the fire on this

2209

01:15:51,350 --> 01:15:47,920

topic but he says

2210

01:15:52,229 --> 01:15:51,360

it also justified scientists to now look

2211

01:15:55,189 --> 01:15:52,239

at this this

2212

01:15:56,870 --> 01:15:55,199

issue and he goes over it and at the

2213

01:15:58,390 --> 01:15:56,880

international ufo congress he did an

2214

01:16:00,870 --> 01:15:58,400

amazing talk on this

2215

01:16:01,430 --> 01:16:00,880

and he kind of outlined it in detail but

2216

01:16:03,350 --> 01:16:01,440

that

2217

01:16:04,870 --> 01:16:03,360

really you can't look into when

2218

01:16:06,070 --> 01:16:04,880

scientists are looking for projects to

2219

01:16:09,270 --> 01:16:06,080

look into you're looking for

2220

01:16:11,750 --> 01:16:09,280

science to research if something

2221

01:16:12,550 --> 01:16:11,760

is not in the realm of science it's not

2222

01:16:15,510 --> 01:16:12,560

really

2223

01:16:17,189 --> 01:16:15,520

researchable it's not real science and

2224

01:16:18,310 --> 01:16:17,199

ufos was one of those things that was

2225

01:16:20,470 --> 01:16:18,320

kind of continents catch

2226

01:16:22,550 --> 01:16:20,480

22. it wasn't science because there

2227

01:16:25,189 --> 01:16:22,560

hadn't been a lot of science done

2228

01:16:27,110 --> 01:16:25,199

but because of that it's it's trapped

2229

01:16:28,310 --> 01:16:27,120

over here nobody can look at it or we'll

2230

01:16:30,070 --> 01:16:28,320

look at it because

2231

01:16:32,070 --> 01:16:30,080

it's not considered science but it has

2232

01:16:34,149 --> 01:16:32,080

to get some science done on it in order

2233

01:16:35,350 --> 01:16:34,159

to be considered science in the

2234

01:16:38,229 --> 01:16:35,360

mainstream

2235

01:16:39,910 --> 01:16:38,239

but the navy just saying we're taking

2236

01:16:40,950 --> 01:16:39,920

this seriously and we're researching it

2237

01:16:43,350 --> 01:16:40,960

then justify

2238

01:16:45,030 --> 01:16:43,360

scientists to check their work to say

2239

01:16:47,430 --> 01:16:45,040

well is there really something to this

2240

01:16:50,630 --> 01:16:47,440

then this is a scientific question

2241

01:16:52,229 --> 01:16:50,640

at this point and uh you know

2242

01:16:54,310 --> 01:16:52,239

we're both part of the scientific

2243

01:16:56,470 --> 01:16:54,320

coalition for uap research and

2244

01:16:57,830 --> 01:16:56,480

one of the things i want to do with the

2245

01:17:00,310 --> 01:16:57,840

scu is start to

2246

01:17:01,669 --> 01:17:00,320

advocate and ask for this sort of

2247

01:17:04,229 --> 01:17:01,679

science to be done

2248

01:17:05,910 --> 01:17:04,239

because first of all it should be done

2249

01:17:07,990 --> 01:17:05,920

it takes resources

2250

01:17:09,669 --> 01:17:08,000

the science that he's done which is kind

2251

01:17:11,590 --> 01:17:09,679

of speculative

2252

01:17:14,070 --> 01:17:11,600

looking at some of these questions that

2253

01:17:16,390 --> 01:17:14,080

he asks just those questions alone

2254

01:17:18,070 --> 01:17:16,400

i think are brilliant you know those are

2255

01:17:19,830 --> 01:17:18,080

the things those are the directions we

2256

01:17:21,510 --> 01:17:19,840

need to look at that's what science

2257

01:17:22,070 --> 01:17:21,520

would look at and that's where we need

2258

01:17:24,470 --> 01:17:22,080

to go

2259

01:17:25,669 --> 01:17:24,480

so we need to foster more scientists

2260

01:17:28,149 --> 01:17:25,679

getting involved

2261

01:17:29,750 --> 01:17:28,159

but scientists don't usually work alone

2262

01:17:31,430 --> 01:17:29,760

on these they're usually projects that

2263

01:17:32,950 --> 01:17:31,440

are funded through universities or

2264

01:17:35,830 --> 01:17:32,960

through government funding

2265

01:17:36,709 --> 01:17:35,840

and so we also have to try to encourage

2266

01:17:39,510 --> 01:17:36,719

people to do

2267

01:17:40,630 --> 01:17:39,520

that and one of the things we need to

2268

01:17:42,390 --> 01:17:40,640

know

2269

01:17:43,669 --> 01:17:42,400

or need to request of that senate

2270

01:17:46,310 --> 01:17:43,679

intelligence committee is

2271

01:17:46,950 --> 01:17:46,320

what science is going to be done and can

2272

01:17:53,669 --> 01:17:46,960

you

2273

01:17:56,310 --> 01:17:53,679

is give information to scientists

2274

01:17:58,229 --> 01:17:56,320

in the public arena that will

2275

01:18:00,550 --> 01:17:58,239

transparently research

2276

01:18:01,590 --> 01:18:00,560

and investigate you know the results

2277

01:18:03,350 --> 01:18:01,600

that you all get

2278

01:18:06,470 --> 01:18:03,360

we need to ask for that and try to

2279

01:18:09,110 --> 01:18:06,480

demand that and that is certainly

2280

01:18:09,830 --> 01:18:09,120

where we need to head because kevin

2281

01:18:12,470 --> 01:18:09,840

deserves

2282

01:18:13,350 --> 01:18:12,480

answers to those questions and they need

2283

01:18:15,910 --> 01:18:13,360

to provide

2284

01:18:16,470 --> 01:18:15,920

answers to those questions and those are

2285

01:18:18,470 --> 01:18:16,480

that's

2286

01:18:20,149 --> 01:18:18,480

really what we all should be focused on

2287

01:18:21,830 --> 01:18:20,159

trying to get right now is

2288

01:18:23,270 --> 01:18:21,840

get that sort of information into the

2289

01:18:25,110 --> 01:18:23,280

hands of some of these scientists

2290

01:18:26,550 --> 01:18:25,120

yeah i want to jump in here really quick

2291

01:18:28,550 --> 01:18:26,560

and uh follow up on

2292

01:18:30,709 --> 01:18:28,560

uh one thing that professor knuth

2293

01:18:33,110 --> 01:18:30,719

brought up and that is he asked what at

2294

01:18:36,390 --> 01:18:33,120

least in my opinion is the key question

2295

01:18:38,550 --> 01:18:36,400

uh how often are these types of really

2296

01:18:39,830 --> 01:18:38,560

interesting really significant cases

2297

01:18:42,950 --> 01:18:39,840

where you've got

2298

01:18:45,270 --> 01:18:42,960

a a solid witness account uh

2299

01:18:47,750 --> 01:18:45,280

perhaps uh backed up with some remote

2300

01:18:50,709 --> 01:18:47,760

sensing data in the form of

2301

01:18:52,229 --> 01:18:50,719

radar or flir video how often is this

2302

01:18:55,189 --> 01:18:52,239

actually happening where

2303

01:18:56,149 --> 01:18:55,199

at least our military is uh picking that

2304

01:18:58,149 --> 01:18:56,159

sort of thing up

2305

01:19:00,229 --> 01:18:58,159

uh you would have to think that it can't

2306

01:19:02,470 --> 01:19:00,239

be happening that often

2307

01:19:04,709 --> 01:19:02,480

but you know we're looking back you had

2308

01:19:06,470 --> 01:19:04,719

mentioned that going back to the the 52

2309

01:19:08,950 --> 01:19:06,480

dc case so you're talking about

2310

01:19:09,830 --> 01:19:08,960

you know going back let's say even to 47

2311

01:19:12,229 --> 01:19:09,840

you're talking about

2312

01:19:14,229 --> 01:19:12,239

three quarters of a century now uh how

2313

01:19:15,270 --> 01:19:14,239

often do these kind of things pop up for

2314

01:19:17,270 --> 01:19:15,280

the military

2315

01:19:18,550 --> 01:19:17,280

it can't be certainly it's not on a

2316

01:19:20,950 --> 01:19:18,560

daily basis uh

2317

01:19:24,870 --> 01:19:20,960

is it weekly is it monthly is it a few

2318

01:19:28,470 --> 01:19:26,709

yeah it's so and that would be so

2319

01:19:30,550 --> 01:19:28,480

important who knows

2320

01:19:32,310 --> 01:19:30,560

and uh yeah those are the type of

2321

01:19:34,790 --> 01:19:32,320

answers that that we need to get at

2322

01:19:36,950 --> 01:19:34,800

and at the same time you know let's say

2323

01:19:38,870 --> 01:19:36,960

it is fairly frequent

2324

01:19:40,070 --> 01:19:38,880

um you can see why they would be

2325

01:19:42,070 --> 01:19:40,080

concerned about

2326

01:19:43,430 --> 01:19:42,080

telling people that their uh our

2327

01:19:46,709 --> 01:19:43,440

aerospace

2328

01:19:49,189 --> 01:19:46,719

uh is being you know um um

2329

01:19:50,390 --> 01:19:49,199

there are unknowns flying over us on a

2330

01:19:51,750 --> 01:19:50,400

daily basis

2331

01:19:53,750 --> 01:19:51,760

and there's nothing that they can do

2332

01:19:56,390 --> 01:19:53,760

about it um

2333

01:19:58,149 --> 01:19:56,400

and i could understand why they would be

2334

01:19:59,990 --> 01:19:58,159

hesitant to share that with the public

2335

01:20:01,350 --> 01:20:00,000

uh do you think it's possible that it is

2336

01:20:03,430 --> 01:20:01,360

happening that often

2337

01:20:05,510 --> 01:20:03,440

it's not yeah once in a while maybe once

2338

01:20:07,590 --> 01:20:05,520

a month spread out all over the world

2339

01:20:09,430 --> 01:20:07,600

different branches one hand doesn't know

2340

01:20:12,310 --> 01:20:09,440

what the other hand is doing that

2341

01:20:13,270 --> 01:20:12,320

kind of explains the uh the the

2342

01:20:16,070 --> 01:20:13,280

ambivalence

2343

01:20:16,950 --> 01:20:16,080

on the part of the pentagon i think what

2344

01:20:20,709 --> 01:20:16,960

you're explaining

2345

01:20:23,110 --> 01:20:20,719

uh is more along the lines of what uh

2346

01:20:25,030 --> 01:20:23,120

real deep insiders like john alexander

2347

01:20:27,270 --> 01:20:25,040

or chris mellon are kind of saying

2348

01:20:28,950 --> 01:20:27,280

that things are so stove-piped there's

2349

01:20:31,430 --> 01:20:28,960

so little cooperation

2350

01:20:32,070 --> 01:20:31,440

chris mellon was actually part of that

2351

01:20:34,870 --> 01:20:32,080

initiative

2352

01:20:36,870 --> 01:20:34,880

after 9 11 to help to consolidate

2353

01:20:38,950 --> 01:20:36,880

intelligence so they would work together

2354

01:20:40,629 --> 01:20:38,960

but still on this matter it's like the

2355

01:20:41,830 --> 01:20:40,639

old days where nobody's talking to each

2356

01:20:44,229 --> 01:20:41,840

other working together

2357

01:20:46,070 --> 01:20:44,239

which is kind of why the senate said hey

2358

01:20:48,070 --> 01:20:46,080

guys we need a central location

2359

01:20:49,430 --> 01:20:48,080

all of you are doing your own thing and

2360

01:20:51,110 --> 01:20:49,440

here and there you need to work together

2361

01:20:52,550 --> 01:20:51,120

and we need a central location

2362

01:20:54,310 --> 01:20:52,560

which is what they've created in this

2363

01:20:57,189 --> 01:20:54,320

uap task force

2364

01:20:57,590 --> 01:20:57,199

but they might not even know so i don't

2365

01:20:59,830 --> 01:20:57,600

know

2366

01:21:01,990 --> 01:20:59,840

they could have been open to a surprise

2367

01:21:03,669 --> 01:21:02,000

when they get all these reports and

2368

01:21:05,110 --> 01:21:03,679

you know what you had when here you had

2369

01:21:07,110 --> 01:21:05,120

one here you had one here

2370

01:21:08,470 --> 01:21:07,120

these are happening like every week guys

2371

01:21:11,110 --> 01:21:08,480

you know right right right

2372

01:21:12,229 --> 01:21:11,120

some pretty crazy revelations so it's so

2373

01:21:14,629 --> 01:21:12,239

hard to know

2374

01:21:16,149 --> 01:21:14,639

we have a couple comments uh from people

2375

01:21:18,950 --> 01:21:16,159

that you know very well

2376

01:21:20,950 --> 01:21:18,960

uh steve bassett he said tell alejandro

2377

01:21:22,629 --> 01:21:20,960

hello and that i admire his years of

2378

01:21:24,790 --> 01:21:22,639

great research and journalism and then

2379

01:21:28,629 --> 01:21:24,800

also we have a dear friend of yours

2380

01:21:30,950 --> 01:21:28,639

and karen barrards who uh

2381

01:21:31,910 --> 01:21:30,960

i think you you've actually spent a lot

2382

01:21:34,709 --> 01:21:31,920

of time

2383

01:21:36,070 --> 01:21:34,719

with uh phoenix mufon and she's the

2384

01:21:40,390 --> 01:21:36,080

director of

2385

01:21:42,790 --> 01:21:40,400

wright

2386

01:21:44,470 --> 01:21:42,800

she wrote alejandro rojas has

2387

01:21:46,149 --> 01:21:44,480

demonstrated clear understanding of the

2388

01:21:47,189 --> 01:21:46,159

subject matter that he writes about or

2389

01:21:49,189 --> 01:21:47,199

reports on

2390

01:21:50,629 --> 01:21:49,199

he's considered by many in the ufo arena

2391

01:21:53,030 --> 01:21:50,639

to be correct and concise

2392

01:21:53,830 --> 01:21:53,040

he does his research his methods of

2393

01:21:55,750 --> 01:21:53,840

networking

2394

01:21:57,350 --> 01:21:55,760

have proven time and again that his

2395

01:21:58,390 --> 01:21:57,360

resources his logic and his

2396

01:22:01,430 --> 01:21:58,400

understanding

2397

01:22:03,590 --> 01:22:01,440

of the key players proved to be spot on

2398

01:22:05,510 --> 01:22:03,600

this field of ufology needs more players

2399

01:22:08,390 --> 01:22:05,520

like alejandro rojas to keep us

2400

01:22:09,990 --> 01:22:08,400

involved with the scientific method and

2401

01:22:12,790 --> 01:22:10,000

then also just a comment

2402

01:22:13,510 --> 01:22:12,800

from a friend of yours jeff krauss

2403

01:22:15,910 --> 01:22:13,520

director of

2404

01:22:17,430 --> 01:22:15,920

socal mufon so-called southern

2405

01:22:19,830 --> 01:22:17,440

california mufon

2406

01:22:20,629 --> 01:22:19,840

he said he asked us every time i

2407

01:22:23,750 --> 01:22:20,639

interview you

2408

01:22:26,149 --> 01:22:23,760

um alejandro the

2409

01:22:27,030 --> 01:22:26,159

same question as last year where's my

2410

01:22:30,390 --> 01:22:27,040

five bucks

2411

01:22:32,310 --> 01:22:30,400

i know it was la he said i um

2412

01:22:34,390 --> 01:22:32,320

he and i were talking so he said i know

2413

01:22:36,470 --> 01:22:34,400

but last year it was five bucks

2414

01:22:38,709 --> 01:22:36,480

shouldn't i charge some interest tell

2415

01:22:40,709 --> 01:22:38,719

him i said hello and when i see him in

2416

01:22:42,950 --> 01:22:40,719

person next time maybe he can just give

2417

01:22:45,030 --> 01:22:42,960

me a new t-shirt the last one appears to

2418

01:22:46,870 --> 01:22:45,040

be defective as it no longer covers my

2419

01:22:49,910 --> 01:22:46,880

belly he wanted to just wind up

2420

01:22:53,350 --> 01:22:49,920

we're his five boxes um

2421

01:22:55,750 --> 01:22:53,360

there is a comment from russell

2422

01:22:57,830 --> 01:22:55,760

asbill former forensic investigator of

2423

01:23:00,950 --> 01:22:57,840

phoenix mufon for under a decade

2424

01:23:03,510 --> 01:23:00,960

here are a few questions i'll try and

2425

01:23:05,110 --> 01:23:03,520

keep them as short as possible

2426
01:23:06,950 --> 01:23:05,120
he said in spite of the reporting

2427
01:23:07,669 --> 01:23:06,960
requirements do you think a significant

2428
01:23:10,229 --> 01:23:07,679
amount

2429
01:23:11,189 --> 01:23:10,239
of uap et encounters will remain

2430
01:23:13,270 --> 01:23:11,199
suppressed

2431
01:23:15,350 --> 01:23:13,280
have any policies been put in place to

2432
01:23:16,470 --> 01:23:15,360
protect the careers of military pilots

2433
01:23:20,070 --> 01:23:16,480
and crews that report

2434
01:23:22,629 --> 01:23:20,080
an uh uap et incident

2435
01:23:23,350 --> 01:23:22,639
due to ongoing media coverage uaps and

2436
01:23:25,030 --> 01:23:23,360
ets

2437
01:23:26,790 --> 01:23:25,040
are common knowledge with people

2438
01:23:28,629 --> 01:23:26,800

throughout the world these days

2439

01:23:30,149 --> 01:23:28,639

why do you think governments continue to

2440

01:23:32,310 --> 01:23:30,159

deny uap et

2441

01:23:33,750 --> 01:23:32,320

incidents regardless of the number of

2442

01:23:35,669 --> 01:23:33,760

credible sightings

2443

01:23:37,830 --> 01:23:35,679

do you believe the new reporting

2444

01:23:40,070 --> 01:23:37,840

requirements open the door to full

2445

01:23:42,229 --> 01:23:40,080

disclosure by the u.s government

2446

01:23:43,990 --> 01:23:42,239

do you think actual full disclosure will

2447

01:23:45,750 --> 01:23:44,000

ever truly take place

2448

01:23:47,030 --> 01:23:45,760

do you think the military knows more

2449

01:23:48,629 --> 01:23:47,040

about the uap et

2450

01:23:50,629 --> 01:23:48,639

incidents and capabilities than it

2451
01:23:51,590 --> 01:23:50,639
discloses to the civilian leadership of

2452
01:23:54,149 --> 01:23:51,600
this nation

2453
01:23:55,030 --> 01:23:54,159
he has quite a few questions here did

2454
01:23:56,870 --> 01:23:55,040
you want to

2455
01:23:58,629 --> 01:23:56,880
attack a few of them one of the last

2456
01:24:02,390 --> 01:23:58,639
ones he asked because i think he has

2457
01:24:04,149 --> 01:24:02,400
you know like 20. on the topic of

2458
01:24:06,149 --> 01:24:04,159
reporting and disclosure in spite of the

2459
01:24:07,189 --> 01:24:06,159
phoenix lights appearing over a major

2460
01:24:10,229 --> 01:24:07,199
u.s city

2461
01:24:12,070 --> 01:24:10,239
no fighter jets were scrambled from new

2462
01:24:13,350 --> 01:24:12,080
nearby luke air force base to

2463
01:24:14,550 --> 01:24:13,360

investigate

2464

01:24:16,070 --> 01:24:14,560

do you believe the government has

2465

01:24:17,910 --> 01:24:16,080

detailed knowledge about the origin

2466

01:24:20,470 --> 01:24:17,920

intent of the phoenix lights

2467

01:24:22,149 --> 01:24:20,480

uh do you have any comment about

2468

01:24:23,750 --> 01:24:22,159

anything that he asked there

2469

01:24:25,270 --> 01:24:23,760

let's see i'll try to go through do i

2470

01:24:26,629 --> 01:24:25,280

think they know what the phoenix lights

2471

01:24:29,189 --> 01:24:26,639

were probably not

2472

01:24:29,830 --> 01:24:29,199

um you know caught off guard like you

2473

01:24:31,189 --> 01:24:29,840

said

2474

01:24:33,189 --> 01:24:31,199

some people say there were jets

2475

01:24:35,510 --> 01:24:33,199

scrambled um

2476

01:24:36,550 --> 01:24:35,520

i don't know i haven't seen anything

2477

01:24:41,270 --> 01:24:36,560

really hard

2478

01:24:43,750 --> 01:24:41,280

in concrete regarding that um so

2479

01:24:44,870 --> 01:24:43,760

but it doesn't seem like you know it

2480

01:24:46,709 --> 01:24:44,880

seems like they were caught off guard

2481

01:24:49,110 --> 01:24:46,719

they didn't know what was going on

2482

01:24:50,550 --> 01:24:49,120

or maybe didn't even investigate it even

2483

01:24:53,110 --> 01:24:50,560

in 1952

2484

01:24:55,189 --> 01:24:53,120

when they flew over washington dc

2485

01:24:57,750 --> 01:24:55,199

although there was an investigation done

2486

01:24:59,990 --> 01:24:57,760

by edward rupelt and project blue book

2487

01:25:01,510 --> 01:25:00,000

they didn't really care they just were

2488

01:25:04,629 --> 01:25:01,520

more concerned about the public

2489

01:25:06,310 --> 01:25:04,639

and their public perception um on that

2490

01:25:09,350 --> 01:25:06,320

one so who knows

2491

01:25:12,149 --> 01:25:09,360

uh et's et certainly is not a given

2492

01:25:13,270 --> 01:25:12,159

at all like completely 100 percent

2493

01:25:16,149 --> 01:25:13,280

disagree with that

2494

01:25:17,590 --> 01:25:16,159

um that i don't think we have physical

2495

01:25:19,030 --> 01:25:17,600

evidence i don't think you could prove

2496

01:25:21,430 --> 01:25:19,040

your case

2497

01:25:23,110 --> 01:25:21,440

we do have anecdotal information

2498

01:25:26,470 --> 01:25:23,120

anecdata

2499

01:25:29,830 --> 01:25:26,480

which kevin says his friend calls it

2500

01:25:32,390 --> 01:25:29,840

uh but that data is is not um usable

2501

01:25:34,310 --> 01:25:32,400

as far as scientific it's usable in a

2502

01:25:36,470 --> 01:25:34,320

way in order to identify a potential

2503

01:25:38,470 --> 01:25:36,480

phenomena which of course has been done

2504

01:25:40,070 --> 01:25:38,480

but then the investigation has to happen

2505

01:25:41,110 --> 01:25:40,080

to understand the nature of the

2506

01:25:43,830 --> 01:25:41,120

phenomena which

2507

01:25:45,110 --> 01:25:43,840

we really haven't even gotten to i feel

2508

01:25:46,790 --> 01:25:45,120

we've gotten some research and

2509

01:25:47,750 --> 01:25:46,800

collection of stories which i think is

2510

01:25:50,950 --> 01:25:47,760

helpful

2511

01:25:52,950 --> 01:25:50,960

but it's really um difficult to

2512

01:25:55,669 --> 01:25:52,960

you know you can't say i don't feel you

2513

01:25:57,910 --> 01:25:55,679

we're definitive on that nor

2514

01:25:58,870 --> 01:25:57,920

um nor do i have any indication that

2515

01:26:01,750 --> 01:25:58,880

government people are

2516

01:26:02,229 --> 01:26:01,760

definitive on that tsa isn't even going

2517

01:26:05,590 --> 01:26:02,239

that

2518

01:26:09,510 --> 01:26:05,600

far but um

2519

01:26:10,950 --> 01:26:09,520

uh it's something worth looking into but

2520

01:26:12,950 --> 01:26:10,960

what they know or what they don't know

2521

01:26:13,910 --> 01:26:12,960

is difficult to say i think that they

2522

01:26:17,110 --> 01:26:13,920

definitely

2523

01:26:17,830 --> 01:26:17,120

know more than the public they

2524

01:26:20,870 --> 01:26:17,840

definitely

2525

01:26:22,870 --> 01:26:20,880

will not and i would argue cannot share

2526

01:26:24,790 --> 01:26:22,880

everything that they do know for

2527

01:26:28,229 --> 01:26:24,800

instance let's say

2528

01:26:31,430 --> 01:26:28,239

the unsolved cases in a way it would be

2529

01:26:33,910 --> 01:26:31,440

irresponsible and this is the hard part

2530

01:26:35,030 --> 01:26:33,920

i want them to share information with

2531

01:26:38,310 --> 01:26:35,040

scientists but

2532

01:26:38,870 --> 01:26:38,320

how do you come up with a mechanism for

2533

01:26:42,950 --> 01:26:38,880

that

2534

01:26:43,990 --> 01:26:42,960

is classified and should remain

2535

01:26:47,030 --> 01:26:44,000

classified

2536

01:26:49,270 --> 01:26:47,040

if you have an open case you're not sure

2537

01:26:52,310 --> 01:26:49,280

whose technology

2538

01:26:54,709 --> 01:26:52,320

this case you know who's technology who

2539

01:26:57,270 --> 01:26:54,719

belong who it belongs to

2540

01:26:58,149 --> 01:26:57,280

should you reveal that information when

2541

01:27:04,950 --> 01:26:58,159

it could be

2542

01:27:07,590 --> 01:27:04,960

um information or data that is

2543

01:27:08,470 --> 01:27:07,600

belongs to an enemy or something like

2544

01:27:10,950 --> 01:27:08,480

that you know

2545

01:27:13,110 --> 01:27:10,960

if you don't know maybe you really need

2546

01:27:14,950 --> 01:27:13,120

to hold on to it but maybe there are

2547

01:27:16,310 --> 01:27:14,960

certain circumstances where the cases

2548

01:27:19,910 --> 01:27:16,320

are so old

2549

01:27:22,070 --> 01:27:19,920

or the data that they've gotten is so

2550

01:27:23,669 --> 01:27:22,080

uh anomalous that they can't really make

2551

01:27:25,110 --> 01:27:23,679

a heads or tail of it so that would be

2552

01:27:27,189 --> 01:27:25,120

information to share that's why this

2553

01:27:29,910 --> 01:27:27,199

discussion needs to start to happen is

2554

01:27:31,350 --> 01:27:29,920

how and what can be released because i

2555

01:27:33,270 --> 01:27:31,360

think they need to

2556

01:27:35,110 --> 01:27:33,280

release something and i don't think they

2557

01:27:38,470 --> 01:27:35,120

feel it incumbent upon themselves to

2558

01:27:39,110 --> 01:27:38,480

release anything but because of that

2559

01:27:41,669 --> 01:27:39,120

there will

2560

01:27:42,550 --> 01:27:41,679

be certain things that will stay under

2561

01:27:45,590 --> 01:27:42,560

wraps

2562

01:27:46,470 --> 01:27:45,600

so we will i don't think we'll know

2563

01:27:49,430 --> 01:27:46,480

everything but

2564

01:27:50,790 --> 01:27:49,440

hopefully we have the door open to start

2565

01:27:52,709 --> 01:27:50,800

to learn more

2566

01:27:53,910 --> 01:27:52,719

um and i think right now is that

2567

01:27:56,709 --> 01:27:53,920

critical moment

2568

01:27:58,310 --> 01:27:56,719

where we've got to start to let our

2569

01:27:59,189 --> 01:27:58,320

politicians know we've got to let the

2570

01:28:01,669 --> 01:27:59,199

government know

2571

01:28:02,950 --> 01:28:01,679

what we want and what we expect if we

2572

01:28:04,790 --> 01:28:02,960

don't do that

2573

01:28:05,990 --> 01:28:04,800

then like i keep saying they could just

2574

01:28:07,669 --> 01:28:06,000

say military

2575

01:28:09,669 --> 01:28:07,679

keep it classified you got it under

2576

01:28:11,110 --> 01:28:09,679

control keep on keeping on

2577

01:28:13,110 --> 01:28:11,120

and then we're kind of cut out of the

2578

01:28:14,390 --> 01:28:13,120

loop that would be the worst case

2579

01:28:20,229 --> 01:28:14,400

scenario

2580

01:28:22,390 --> 01:28:20,239

they work with

2581

01:28:24,950 --> 01:28:22,400

i would love for some organization if

2582

01:28:27,990 --> 01:28:24,960

it's not the scu which is kind of a

2583

01:28:31,510 --> 01:28:28,000

burgeoning group of of people

2584

01:28:34,229 --> 01:28:31,520

in the public uh some other organization

2585

01:28:35,270 --> 01:28:34,239

i don't think seti's the right one but i

2586

01:28:37,830 --> 01:28:35,280

think that uh

2587

01:28:39,110 --> 01:28:37,840

maybe but some other project where

2588

01:28:39,750 --> 01:28:39,120

there's a group of scientists that they

2589

01:28:42,070 --> 01:28:39,760

allow

2590

01:28:43,590 --> 01:28:42,080

that in a transparent way which

2591

01:28:45,750 --> 01:28:43,600

scientists often want

2592

01:28:47,270 --> 01:28:45,760

they want to be transparent because

2593

01:28:49,350 --> 01:28:47,280

especially something like this you want

2594

01:28:53,350 --> 01:28:49,360

your work checked

2595

01:28:55,189 --> 01:28:53,360

that they are able to get information

2596

01:28:57,990 --> 01:28:55,199

to a public-facing scientific

2597

01:28:59,830 --> 01:28:58,000

organization allow that organization to

2598

01:29:01,669 --> 01:28:59,840

do some research

2599

01:29:03,189 --> 01:29:01,679

i would love it if kevin knew was in

2600

01:29:03,750 --> 01:29:03,199

charge of this group or part of the

2601
01:29:05,990 --> 01:29:03,760
group

2602
01:29:07,910 --> 01:29:06,000
so kevin can ask those questions that he

2603
01:29:10,870 --> 01:29:07,920
has and get those answers

2604
01:29:12,390 --> 01:29:10,880
which enlighten us all uh on you know

2605
01:29:13,350 --> 01:29:12,400
starting to understand the nature of

2606
01:29:17,030 --> 01:29:13,360
some of this

2607
01:29:20,550 --> 01:29:17,040
um and pursue the fringe

2608
01:29:22,229 --> 01:29:20,560
potentials um you know the idea behind

2609
01:29:23,510 --> 01:29:22,239
science and and what's beautiful about

2610
01:29:26,149 --> 01:29:23,520
science is you run

2611
01:29:27,350 --> 01:29:26,159
you're trying to pre-prove the null

2612
01:29:28,950 --> 01:29:27,360
hypothesis

2613
01:29:30,390 --> 01:29:28,960

so what a kevin knuth and the others are

2614

01:29:32,870 --> 01:29:30,400

going to do is try to prove

2615

01:29:35,189 --> 01:29:32,880

these are not anomalous if they are

2616

01:29:37,590 --> 01:29:35,199

successful in that we get some answers

2617

01:29:38,709 --> 01:29:37,600

and maybe we learned some things about

2618

01:29:40,950 --> 01:29:38,719

natural phenomena

2619

01:29:43,189 --> 01:29:40,960

sprites and things that we didn't know

2620

01:29:45,510 --> 01:29:43,199

but then there's also the potential that

2621

01:29:47,750 --> 01:29:45,520

they don't and they can't prove the null

2622

01:29:49,510 --> 01:29:47,760

hypothesis which then proves that

2623

01:29:51,590 --> 01:29:49,520

something anomalous there's some sort of

2624

01:29:51,990 --> 01:29:51,600

intelligence interacting with us that

2625

01:29:53,350 --> 01:29:52,000

that

2626

01:29:55,270 --> 01:29:53,360

we don't understand and they can

2627

01:29:58,310 --> 01:29:55,280

scientifically say this

2628

01:29:59,510 --> 01:29:58,320

is you know our scientific stance on

2629

01:30:01,830 --> 01:29:59,520

what's going on

2630

01:30:02,790 --> 01:30:01,840

that changes the conversation so greatly

2631

01:30:06,229 --> 01:30:02,800

and it turns

2632

01:30:09,110 --> 01:30:06,239

you know um the whole entire

2633

01:30:10,550 --> 01:30:09,120

world it acknowledges that there are

2634

01:30:13,430 --> 01:30:10,560

these mysteries out there

2635

01:30:13,830 --> 01:30:13,440

um and who knows maybe we can discover

2636

01:30:17,510 --> 01:30:13,840

that

2637

01:30:18,149 --> 01:30:17,520

somebody out there is trying to

2638

01:30:20,149 --> 01:30:18,159

communicate

2639

01:30:21,510 --> 01:30:20,159

with us in manners that we don't

2640

01:30:22,229 --> 01:30:21,520

understand that the scientists can

2641

01:30:25,189 --> 01:30:22,239

figure out

2642

01:30:26,550 --> 01:30:25,199

i mean the potentials are extraordinary

2643

01:30:29,110 --> 01:30:26,560

a couple questions left

2644

01:30:30,550 --> 01:30:29,120

and uh also in uh before the end of the

2645

01:30:33,510 --> 01:30:30,560

show wanted to

2646

01:30:35,750 --> 01:30:33,520

include a little bit of interesting and

2647

01:30:36,709 --> 01:30:35,760

fun information about the wonderful ufo

2648

01:30:38,470 --> 01:30:36,719

that's hovering

2649

01:30:40,790 --> 01:30:38,480

behind you in the background because i

2650

01:30:42,709 --> 01:30:40,800

myself would love to purchase one but

2651
01:30:45,750 --> 01:30:42,719
anyway let me go ahead and ask these

2652
01:30:46,390 --> 01:30:45,760
two questions from uh two co-hosts who

2653
01:30:50,229 --> 01:30:46,400
actually

2654
01:30:52,709 --> 01:30:50,239
run a great podcast called wild and west

2655
01:30:55,990 --> 01:30:52,719
virginia ufo paranormal talk show

2656
01:30:58,070 --> 01:30:56,000
and uh host ron lanham asked regarding

2657
01:31:00,470 --> 01:30:58,080
the nuclear incursions

2658
01:31:02,390 --> 01:31:00,480
overflight of bases an alleged

2659
01:31:04,950 --> 01:31:02,400
initiation of a launch state

2660
01:31:07,189 --> 01:31:04,960
with one case in russia at least do you

2661
01:31:09,270 --> 01:31:07,199
think we can honestly say this phenomena

2662
01:31:09,910 --> 01:31:09,280
represents no actual threat to global

2663
01:31:11,990 --> 01:31:09,920

security

2664

01:31:13,189 --> 01:31:12,000

did you want me to read that again i

2665

01:31:16,229 --> 01:31:13,199

can't if not

2666

01:31:19,430 --> 01:31:16,239

okay um

2667

01:31:21,590 --> 01:31:19,440

it's hard to say uh the problem is is

2668

01:31:22,629 --> 01:31:21,600

i you can never assume a motivation

2669

01:31:24,950 --> 01:31:22,639

unless you have

2670

01:31:26,470 --> 01:31:24,960

you know definitive evidence i think

2671

01:31:29,030 --> 01:31:26,480

that a lot of people would go there

2672

01:31:30,310 --> 01:31:29,040

interestingly the government of chile

2673

01:31:31,910 --> 01:31:30,320

has determined that

2674

01:31:34,709 --> 01:31:31,920

they're like the only government who

2675

01:31:37,430 --> 01:31:34,719

actually had a meeting you know convened

2676

01:31:39,189 --> 01:31:37,440

a group of high-level officials in their

2677

01:31:41,110 --> 01:31:39,199

government to sit down and say

2678

01:31:43,430 --> 01:31:41,120

hey what's the deal behind all this

2679

01:31:45,750 --> 01:31:43,440

stuff and when they sat at the table

2680

01:31:47,910 --> 01:31:45,760

everybody sat with the idea with the

2681

01:31:49,590 --> 01:31:47,920

knowledge that this is a real phenomena

2682

01:31:51,430 --> 01:31:49,600

and with a belief that they're being

2683

01:31:52,550 --> 01:31:51,440

engaged by some sort of intelligence

2684

01:31:55,510 --> 01:31:52,560

from

2685

01:31:56,550 --> 01:31:55,520

elsewhere maybe the future you know just

2686

01:31:58,629 --> 01:31:56,560

from elsewhere

2687

01:32:00,390 --> 01:31:58,639

and they determined that it doesn't pose

2688

01:32:02,149 --> 01:32:00,400

a threat the biggest threat is that

2689

01:32:03,110 --> 01:32:02,159

they're distracting our pilots when they

2690

01:32:04,870 --> 01:32:03,120

fly by

2691

01:32:06,390 --> 01:32:04,880

um and they felt maybe we need to

2692

01:32:08,470 --> 01:32:06,400

educate our pilots just

2693

01:32:10,550 --> 01:32:08,480

don't worry when one of these things fly

2694

01:32:11,990 --> 01:32:10,560

by so far they have been benign they

2695

01:32:15,430 --> 01:32:12,000

haven't hurt anybody

2696

01:32:17,110 --> 01:32:15,440

um so uh but otherwise it's it's just

2697

01:32:18,149 --> 01:32:17,120

really difficult to say i think uh

2698

01:32:20,229 --> 01:32:18,159

elizondo

2699

01:32:22,550 --> 01:32:20,239

or i can't remember who uses this

2700

01:32:25,030 --> 01:32:22,560

analogy elizondo uses one but

2701

01:32:26,470 --> 01:32:25,040

so does ben hansen but the idea was okay

2702

01:32:28,390 --> 01:32:26,480

you wake up in the morning

2703

01:32:29,990 --> 01:32:28,400

and there's footsteps coming from

2704

01:32:31,110 --> 01:32:30,000

outside to your fridge and then back

2705

01:32:33,350 --> 01:32:31,120

outside

2706

01:32:34,550 --> 01:32:33,360

now it could have been a friendly person

2707

01:32:37,430 --> 01:32:34,560

who just came in and

2708

01:32:38,390 --> 01:32:37,440

got a soda and left but you're gonna be

2709

01:32:41,510 --> 01:32:38,400

extremely

2710

01:32:43,590 --> 01:32:41,520

frightened you're gonna feel that you

2711

01:32:45,110 --> 01:32:43,600

were in danger because a stranger came

2712

01:32:47,270 --> 01:32:45,120

into your homes maybe your kids are

2713

01:32:49,430 --> 01:32:47,280

asleep upstairs at that time

2714

01:32:51,350 --> 01:32:49,440

so those are the reasons that we have to

2715

01:32:53,030 --> 01:32:51,360

assume uh at least that

2716

01:32:54,629 --> 01:32:53,040

that the military and defense are going

2717

01:32:56,709 --> 01:32:54,639

to assume that this is

2718

01:32:58,470 --> 01:32:56,719

a threat until they can prove otherwise

2719

01:33:00,229 --> 01:32:58,480

and you know to the stars gets a lot of

2720

01:33:02,550 --> 01:33:00,239

flack where oh they're they're making it

2721

01:33:03,910 --> 01:33:02,560

seem evil and bad and this is a threat

2722

01:33:06,229 --> 01:33:03,920

well that's the perspective they're

2723

01:33:08,070 --> 01:33:06,239

taking well that's a great analogy

2724

01:33:09,910 --> 01:33:08,080

i i've actually used that analogy

2725

01:33:11,669 --> 01:33:09,920

because if if you think about it's great

2726

01:33:14,070 --> 01:33:11,679

metaphor because our skies

2727

01:33:15,430 --> 01:33:14,080

are our home they're part of our home i

2728

01:33:17,590 --> 01:33:15,440

know you know this i'm just

2729

01:33:18,629 --> 01:33:17,600

telling our listeners you know it's a

2730

01:33:20,629 --> 01:33:18,639

really

2731

01:33:23,030 --> 01:33:20,639

a powerful analogy because if somebody

2732

01:33:25,110 --> 01:33:23,040

just sort of strides through your house

2733

01:33:26,870 --> 01:33:25,120

and you're sitting there on your couch

2734

01:33:29,270 --> 01:33:26,880

watching tv

2735

01:33:31,270 --> 01:33:29,280

you don't know if that's a friend or foe

2736

01:33:33,590 --> 01:33:31,280

and if it's not a friend

2737

01:33:34,629 --> 01:33:33,600

um and you don't know them you still

2738

01:33:35,350 --> 01:33:34,639

don't know if they're going to be

2739

01:33:38,550 --> 01:33:35,360

friendly

2740

01:33:40,229 --> 01:33:38,560

so naturally go ahead most states

2741

01:33:42,070 --> 01:33:40,239

legally you can shoot first and ask

2742

01:33:43,990 --> 01:33:42,080

questions later in that situation

2743

01:33:46,070 --> 01:33:44,000

yes you're absolutely right so anyway um

2744

01:33:46,870 --> 01:33:46,080

the other question by the co-host of

2745

01:33:56,310 --> 01:33:46,880

wild

2746

01:33:59,990 --> 01:33:58,070

hypothetically why do you think the

2747

01:34:03,750 --> 01:34:00,000

powers

2748

01:34:05,430 --> 01:34:03,760

are courses propagate the uap topic over

2749

01:34:08,229 --> 01:34:05,440

and over for decades

2750

01:34:09,030 --> 01:34:08,239

until their hand was forced would it not

2751
01:34:12,310 --> 01:34:09,040
have been

2752
01:34:15,590 --> 01:34:12,320
made for better optics going public

2753
01:34:15,990 --> 01:34:15,600
sooner i don't know in some ways i feel

2754
01:34:20,790 --> 01:34:16,000
that

2755
01:34:21,270 --> 01:34:20,800
navy's kind of done the navy did get in

2756
01:34:23,830 --> 01:34:21,280
front

2757
01:34:24,709 --> 01:34:23,840
of the whole situation and they uh which

2758
01:34:27,350 --> 01:34:24,719
is awesome

2759
01:34:28,310 --> 01:34:27,360
i mean uh the first time i interviewed

2760
01:34:30,950 --> 01:34:28,320
kevin day

2761
01:34:33,030 --> 01:34:30,960
at the international ufo congress he was

2762
01:34:34,070 --> 01:34:33,040
emotional about it he was so proud of

2763
01:34:36,229 --> 01:34:34,080

the navy

2764

01:34:37,750 --> 01:34:36,239

for having done this and he felt you

2765

01:34:40,229 --> 01:34:37,760

know like they really

2766

01:34:41,669 --> 01:34:40,239

backed him and the other witnesses and

2767

01:34:42,790 --> 01:34:41,679

and he appreciated that and i think

2768

01:34:45,109 --> 01:34:42,800

everybody does

2769

01:34:46,070 --> 01:34:45,119

um it's kind of funny because the navy

2770

01:34:47,910 --> 01:34:46,080

has also been

2771

01:34:50,229 --> 01:34:47,920

the most secretive over the last few

2772

01:34:52,790 --> 01:34:50,239

decades they've shared practically

2773

01:34:53,990 --> 01:34:52,800

nothing regarding their uap research

2774

01:34:55,270 --> 01:34:54,000

over the last few years even though

2775

01:34:57,030 --> 01:34:55,280

we've gotten a lot from

2776

01:34:59,109 --> 01:34:57,040

a lot of different other agencies but

2777

01:35:01,189 --> 01:34:59,119

they they were in front of this so

2778

01:35:03,030 --> 01:35:01,199

it did help them i think in their public

2779

01:35:05,270 --> 01:35:03,040

relations to a degree

2780

01:35:06,390 --> 01:35:05,280

now it seems like they're a little more

2781

01:35:09,030 --> 01:35:06,400

hesitant about it

2782

01:35:10,390 --> 01:35:09,040

in that they're calling elizondo into

2783

01:35:12,070 --> 01:35:10,400

question and saying

2784

01:35:14,070 --> 01:35:12,080

all of this is classified and it's

2785

01:35:15,750 --> 01:35:14,080

remaining classified so

2786

01:35:18,070 --> 01:35:15,760

they're they're not kind of following up

2787

01:35:20,709 --> 01:35:18,080

with more openness unfortunately

2788

01:35:21,750 --> 01:35:20,719

but maybe um that might have been a good

2789

01:35:24,070 --> 01:35:21,760

tactic but it's

2790

01:35:25,669 --> 01:35:24,080

you know it is a really difficult topic

2791

01:35:27,189 --> 01:35:25,679

i mean it's really difficult if you were

2792

01:35:29,030 --> 01:35:27,199

working for the air force

2793

01:35:31,750 --> 01:35:29,040

you were the pr guy or something would

2794

01:35:34,229 --> 01:35:31,760

you want to reveal that you don't know

2795

01:35:35,830 --> 01:35:34,239

i'm kind of a there's there's stuff i

2796

01:35:37,189 --> 01:35:35,840

don't know so i may feel differently if

2797

01:35:38,950 --> 01:35:37,199

i was in that position

2798

01:35:40,550 --> 01:35:38,960

but i'm certainly someone who likes to

2799

01:35:42,310 --> 01:35:40,560

share and would try to figure out

2800

01:35:43,990 --> 01:35:42,320

some way to share and hopefully that's

2801

01:35:45,270 --> 01:35:44,000

the stage we're moving into

2802

01:35:47,109 --> 01:35:45,280

where they're gonna have to figure out

2803

01:35:50,470 --> 01:35:47,119

some way to share more information

2804

01:35:52,149 --> 01:35:50,480

with all of us but um

2805

01:35:54,149 --> 01:35:52,159

but i can't understand it it's a really

2806

01:35:56,470 --> 01:35:54,159

tough topic um especially with

2807

01:35:58,390 --> 01:35:56,480

incursions over nuclear sites

2808

01:35:59,990 --> 01:35:58,400

i mean to think that our nukes might not

2809

01:36:02,229 --> 01:36:00,000

be safe that's

2810

01:36:03,830 --> 01:36:02,239

a good point and i know that is a an

2811

01:36:04,709 --> 01:36:03,840

entire talk show which frank and i have

2812

01:36:07,030 --> 01:36:04,719

had before

2813

01:36:08,310 --> 01:36:07,040

talking about the topic on on on

2814

01:36:10,470 --> 01:36:08,320

multiple talk shows

2815

01:36:12,470 --> 01:36:10,480

wanted to bring up something interesting

2816

01:36:14,550 --> 01:36:12,480

very fast before we end the show

2817

01:36:15,750 --> 01:36:14,560

and that is a fascinating document that

2818

01:36:19,590 --> 01:36:15,760

i found in the cia

2819

01:36:22,830 --> 01:36:19,600

archives uh about uh witnesses of

2820

01:36:26,229 --> 01:36:22,840

ufo uh craft in the sky

2821

01:36:29,830 --> 01:36:26,239

um i think it was during the 50s

2822

01:36:32,629 --> 01:36:29,840

and they were actually interrogated

2823

01:36:33,189 --> 01:36:32,639

uh afterwards about those sightings and

2824

01:36:36,310 --> 01:36:33,199

it was

2825

01:36:38,709 --> 01:36:36,320

uh kehoe major kehoe who

2826
01:36:40,470 --> 01:36:38,719
was uh persisting in his effort to find

2827
01:36:44,629 --> 01:36:40,480
out if a cia

2828
01:36:46,790 --> 01:36:44,639
agent um had interrogated any of these

2829
01:36:47,750 --> 01:36:46,800
folks regarding unidentified flying

2830
01:36:51,430 --> 01:36:47,760
objects

2831
01:36:53,109 --> 01:36:51,440
um and it says that yeah this was in

2832
01:36:56,390 --> 01:36:53,119
march 1953

2833
01:36:57,830 --> 01:36:56,400
and it says here that when kehoe

2834
01:37:00,950 --> 01:36:57,840
inquired about it

2835
01:37:01,910 --> 01:37:00,960
that the u.s air force does not have any

2836
01:37:04,870 --> 01:37:01,920
kind of

2837
01:37:07,109 --> 01:37:04,880
security involved regarding the

2838
01:37:08,870 --> 01:37:07,119

harassment of ufo witnesses

2839

01:37:10,390 --> 01:37:08,880

so i just wanted to bring that up to you

2840

01:37:11,109 --> 01:37:10,400

i thought that was a really fascinating

2841

01:37:13,830 --> 01:37:11,119

document

2842

01:37:14,950 --> 01:37:13,840

you were talking about uh how the u.s

2843

01:37:18,070 --> 01:37:14,960

navy

2844

01:37:19,990 --> 01:37:18,080

had not uh that that they've been very

2845

01:37:21,109 --> 01:37:20,000

quiet about it and it just reminded me

2846

01:37:24,550 --> 01:37:21,119

of that document

2847

01:37:27,830 --> 01:37:24,560

um i guess because they've been quiet

2848

01:37:29,109 --> 01:37:27,840

but according to some folks around the

2849

01:37:30,950 --> 01:37:29,119

world they feel that they've been

2850

01:37:33,030 --> 01:37:30,960

interrogated by the u.s government

2851
01:37:34,950 --> 01:37:33,040
various factions of the u.s government

2852
01:37:36,950 --> 01:37:34,960
who accorded according to them were not

2853
01:37:38,870 --> 01:37:36,960
quiet they actually were interrogated

2854
01:37:40,390 --> 01:37:38,880
for hours about ufo

2855
01:37:42,709 --> 01:37:40,400
sightings that they felt that they may

2856
01:37:45,030 --> 01:37:42,719
have had and they regret re reporting

2857
01:37:45,830 --> 01:37:45,040
uh moving along one last question from

2858
01:37:50,310 --> 01:37:45,840
one of our

2859
01:37:52,790 --> 01:37:50,320
uh listeners robert farmer uh he asked

2860
01:37:56,390 --> 01:37:52,800
my question would be simple why don't

2861
01:37:56,400 --> 01:38:12,709
um well my name is alejandro

2862
01:38:16,229 --> 01:38:14,629
why don't you just spit it out louise oh

2863
01:38:17,990 --> 01:38:16,239

my but that's what he wrote yeah that's

2864

01:38:20,470 --> 01:38:18,000

what he wrote that's what he wrote yeah

2865

01:38:22,470 --> 01:38:20,480

i i think it was just sort of a question

2866

01:38:22,950 --> 01:38:22,480

for alexander and i guess he's asking

2867

01:38:30,950 --> 01:38:22,960

you

2868

01:38:33,830 --> 01:38:30,960

his question

2869

01:38:34,629 --> 01:38:33,840

is for luis and he's asking you that

2870

01:38:36,310 --> 01:38:34,639

regarding

2871

01:38:37,910 --> 01:38:36,320

i think you get the the gist of his

2872

01:38:39,669 --> 01:38:37,920

question right yeah and i think i

2873

01:38:42,550 --> 01:38:39,679

touched upon it earlier and i

2874

01:38:43,669 --> 01:38:42,560

i personally feel it's totally legit i

2875

01:38:48,229 --> 01:38:43,679

feel that

2876

01:38:51,510 --> 01:38:48,239

if uh lou felt he could share he would

2877

01:38:54,709 --> 01:38:51,520

but you know he's a very loyal person

2878

01:38:57,510 --> 01:38:54,719

if you get to know him uh he is

2879

01:38:57,990 --> 01:38:57,520

he's he's concerned with other people

2880

01:38:59,830 --> 01:38:58,000

and his

2881

01:39:01,669 --> 01:38:59,840

colleagues and he doesn't want to out

2882

01:39:02,870 --> 01:39:01,679

his colleagues he doesn't want to share

2883

01:39:04,950 --> 01:39:02,880

anything that they wouldn't be

2884

01:39:05,910 --> 01:39:04,960

comfortable with him sharing he's a

2885

01:39:07,910 --> 01:39:05,920

patriot

2886

01:39:09,030 --> 01:39:07,920

he worked in the government for many

2887

01:39:12,070 --> 01:39:09,040

years

2888

01:39:15,030 --> 01:39:12,080

working in counterterrorism he uh

2889

01:39:16,470 --> 01:39:15,040

worked you know uh he he still he didn't

2890

01:39:18,390 --> 01:39:16,480

leave because he didn't believe in the

2891

01:39:20,629 --> 01:39:18,400

country or his job or

2892

01:39:22,070 --> 01:39:20,639

or he had problems with any of his

2893

01:39:23,669 --> 01:39:22,080

associates it's because

2894

01:39:25,430 --> 01:39:23,679

he wanted to bring more attention to

2895

01:39:28,629 --> 01:39:25,440

this topic which he did

2896

01:39:29,910 --> 01:39:28,639

and by being careful about what they say

2897

01:39:32,149 --> 01:39:29,920

and what they reveal

2898

01:39:33,750 --> 01:39:32,159

which has allowed them to accomplish

2899

01:39:36,709 --> 01:39:33,760

what they've accomplished which is

2900

01:39:38,470 --> 01:39:36,719

very substantial i think i think we

2901

01:39:40,470 --> 01:39:38,480

personally i think it's amazing what

2902

01:39:43,750 --> 01:39:40,480

they accomplished they accomplished more

2903

01:39:45,510 --> 01:39:43,760

in three years than you know the ufo

2904

01:39:47,430 --> 01:39:45,520

research has been able to do in in

2905

01:39:49,350 --> 01:39:47,440

decades um

2906

01:39:50,470 --> 01:39:49,360

now i would also argue though that what

2907

01:39:52,470 --> 01:39:50,480

they did was kind of

2908

01:39:54,070 --> 01:39:52,480

stand on the shoulders of giants type of

2909

01:39:55,750 --> 01:39:54,080

stuff and they certainly did

2910

01:39:57,430 --> 01:39:55,760

i mean the big little group and

2911

01:39:59,270 --> 01:39:57,440

everything has been working on this

2912

01:40:01,189 --> 01:39:59,280

how put off has been working on this

2913

01:40:04,709 --> 01:40:01,199

sort of stuff for decades

2914

01:40:07,910 --> 01:40:04,719

so um i think he's sharing what he can

2915

01:40:08,390 --> 01:40:07,920

and i personally uh feel it's important

2916

01:40:11,669 --> 01:40:08,400

that he

2917

01:40:13,510 --> 01:40:11,679

discretion because

2918

01:40:15,430 --> 01:40:13,520

if he's able to keep his buddies on the

2919

01:40:16,550 --> 01:40:15,440

inside he's going to have more influence

2920

01:40:19,350 --> 01:40:16,560

with them as well

2921

01:40:21,189 --> 01:40:19,360

and he's hoping and he believes that at

2922

01:40:22,470 --> 01:40:21,199

some point he will be able to influence

2923

01:40:24,870 --> 01:40:22,480

these people to reveal

2924

01:40:26,550 --> 01:40:24,880

uh information on their own which would

2925

01:40:29,669 --> 01:40:26,560

be the best case scenario

2926

01:40:30,390 --> 01:40:29,679

so i think he's working on this in a

2927

01:40:33,830 --> 01:40:30,400

manner that

2928

01:40:35,669 --> 01:40:33,840

is that we don't see but it

2929

01:40:37,830 --> 01:40:35,679

will hopefully be fruitful i'm sure it

2930

01:40:39,270 --> 01:40:37,840

will be uh and fruitful in a manner

2931

01:40:41,189 --> 01:40:39,280

that's more appropriate

2932

01:40:43,270 --> 01:40:41,199

right yeah i've got uh one final

2933

01:40:45,109 --> 01:40:43,280

question uh before we wrap up

2934

01:40:47,590 --> 01:40:45,119

uh the years guys been a very

2935

01:40:51,590 --> 01:40:47,600

interesting 2020.

2936

01:40:53,830 --> 01:40:51,600

the the news has kind of come in little

2937

01:40:55,830 --> 01:40:53,840

floods and then slow periods i think

2938

01:40:57,430 --> 01:40:55,840

we're kind of in a slow period now

2939

01:41:00,070 --> 01:40:57,440

uh what are you looking for in terms of

2940

01:41:03,350 --> 01:41:00,080

2021

2941

01:41:05,189 --> 01:41:03,360

um me i'm kind of looking for

2942

01:41:06,790 --> 01:41:05,199

you know one of the things that hasn't

2943

01:41:08,390 --> 01:41:06,800

happened is the media picking up this

2944

01:41:10,709 --> 01:41:08,400

story in the manner that they should

2945

01:41:12,229 --> 01:41:10,719

the story that i wrote the media should

2946

01:41:13,590 --> 01:41:12,239

be writing about this story these are

2947

01:41:17,270 --> 01:41:13,600

the pertinent

2948

01:41:19,270 --> 01:41:17,280

stories pertinent incredible stories

2949

01:41:20,790 --> 01:41:19,280

related to all of this that you know

2950

01:41:22,149 --> 01:41:20,800

they need to examine a little more

2951

01:41:24,870 --> 01:41:22,159

closely i don't think that

2952

01:41:25,350 --> 01:41:24,880

you know tucker carlson is being that

2953

01:41:28,470 --> 01:41:25,360

really

2954

01:41:29,270 --> 01:41:28,480

intellectual about the topic um i don't

2955

01:41:30,870 --> 01:41:29,280

think

2956

01:41:32,470 --> 01:41:30,880

in fairness he doesn't have the time

2957

01:41:34,310 --> 01:41:32,480

though tv is just

2958

01:41:36,310 --> 01:41:34,320

that's the nature i just i would not

2959

01:41:38,550 --> 01:41:36,320

necessarily agree with that because i

2960

01:41:40,310 --> 01:41:38,560

they can definitely and anybody in tv

2961

01:41:41,510 --> 01:41:40,320

can delve deeper into these topics

2962

01:41:44,629 --> 01:41:41,520

they're being surfaced

2963

01:41:45,910 --> 01:41:44,639

not to that i'm saying i'm everybody's

2964

01:41:48,310 --> 01:41:45,920

doing that in the media

2965

01:41:49,910 --> 01:41:48,320

at least he's talking about it but it's

2966

01:41:53,350 --> 01:41:49,920

still i guess my point is still

2967

01:41:54,629 --> 01:41:53,360

very surface um they really and it's not

2968

01:41:56,709 --> 01:41:54,639

difficult to

2969

01:41:58,550 --> 01:41:56,719

ask the harder questions and these are

2970

01:42:00,870 --> 01:41:58,560

people who are talking about washington

2971

01:42:03,109 --> 01:42:00,880

they're talking about the hill every day

2972

01:42:05,350 --> 01:42:03,119

they understand how it operates they

2973

01:42:07,430 --> 01:42:05,360

know the more pertinent questions how

2974

01:42:08,870 --> 01:42:07,440

did this happen how did he find out this

2975

01:42:11,109 --> 01:42:08,880

what did he think of that

2976

01:42:11,990 --> 01:42:11,119

mattis nobody's even bringing up mattis

2977

01:42:14,390 --> 01:42:12,000

that is the

2978

01:42:15,830 --> 01:42:14,400

secretary of defense that luisa lozando

2979

01:42:17,270 --> 01:42:15,840

was working for who he is trying to get

2980

01:42:19,590 --> 01:42:17,280

the information to

2981

01:42:21,030 --> 01:42:19,600

nobody's even asked him anything um you

2982

01:42:22,229 --> 01:42:21,040

know brian bender is one of the few

2983

01:42:24,149 --> 01:42:22,239

there's a few others

2984

01:42:25,990 --> 01:42:24,159

uh that are doing of course leslie kane

2985

01:42:29,030 --> 01:42:26,000

ralph blumenthal

2986

01:42:31,750 --> 01:42:29,040

tyler rogoway mj banayas and and

2987

01:42:33,189 --> 01:42:31,760

tim um tim mcmillan are getting some

2988

01:42:34,470 --> 01:42:33,199

mainstream articles out there in

2989

01:42:37,669 --> 01:42:34,480

mainstream media

2990

01:42:39,189 --> 01:42:37,679

but um you know the big guy

2991

01:42:41,990 --> 01:42:39,199

the big stories aren't getting out there

2992

01:42:44,470 --> 01:42:42,000

so what i hope to do at the very least

2993

01:42:45,910 --> 01:42:44,480

is start to bring out some more of these

2994

01:42:47,270 --> 01:42:45,920

stories so i've been in view

2995

01:42:48,790 --> 01:42:47,280

interviewing some of these key people

2996

01:42:50,310 --> 01:42:48,800

and now i'm trying to coalesce some of

2997

01:42:52,149 --> 01:42:50,320

these stories so

2998

01:42:53,510 --> 01:42:52,159

the idea of the science how do we get

2999

01:42:56,229 --> 01:42:53,520

science involved

3000

01:42:56,709 --> 01:42:56,239

um these secret projects are there off

3001

01:42:59,990 --> 01:42:56,719

the books

3002

01:43:02,310 --> 01:43:00,000

are there um secret projects that

3003

01:43:03,109 --> 01:43:02,320

do not get oversight how big of a deal

3004

01:43:05,990 --> 01:43:03,119

is that

3005

01:43:07,510 --> 01:43:06,000

if that's really going on um are there

3006

01:43:08,229 --> 01:43:07,520

examples of this which i don't think

3007

01:43:11,510 --> 01:43:08,239

there are

3008

01:43:15,430 --> 01:43:11,520

examples of rogue

3009

01:43:17,750 --> 01:43:15,440

players inside the cia um

3010

01:43:19,270 --> 01:43:17,760

kind of maybe you can even say hoover

3011

01:43:20,310 --> 01:43:19,280

was kind of like that hoover definitely

3012

01:43:22,550 --> 01:43:20,320

had his own

3013

01:43:24,070 --> 01:43:22,560

secret projects are there these kind of

3014

01:43:25,590 --> 01:43:24,080

things going on where

3015

01:43:27,270 --> 01:43:25,600

different agencies have their own

3016

01:43:28,310 --> 01:43:27,280

projects that they've they're hiding

3017

01:43:30,390 --> 01:43:28,320

from everyone else

3018

01:43:31,910 --> 01:43:30,400

um you know those are some of the

3019

01:43:33,430 --> 01:43:31,920

questions related to all of this that

3020

01:43:35,750 --> 01:43:33,440

are the big questions

3021

01:43:36,470 --> 01:43:35,760

that need to be examined and hopefully

3022

01:43:37,990 --> 01:43:36,480

i'll

3023

01:43:39,669 --> 01:43:38,000

try to write some stories on that yeah

3024

01:43:41,350 --> 01:43:39,679

you do it

3025

01:43:43,109 --> 01:43:41,360

they're not doing it is giving you the

3026

01:43:44,229 --> 01:43:43,119

opportunity to do it so don't complain

3027

01:43:46,070 --> 01:43:44,239

too much

3028

01:43:47,990 --> 01:43:46,080

it does but you know like this article

3029

01:43:49,510 --> 01:43:48,000

which i'm really proud of it took a long

3030

01:43:50,149 --> 01:43:49,520

time to get all that information

3031

01:43:53,350 --> 01:43:50,159

together

3032

01:43:55,270 --> 01:43:53,360

um so a great article thank you

3033

01:43:57,270 --> 01:43:55,280

uh before we wrap up i wanted to go and

3034

01:43:59,750 --> 01:43:57,280

mention to our listeners a few

3035

01:44:00,629 --> 01:43:59,760

uh movies that deeply affected or

3036

01:44:03,990 --> 01:44:00,639

influenced

3037

01:44:06,790 --> 01:44:04,000

uh alejandra rojas and that is uh

3038

01:44:07,750 --> 01:44:06,800

i have the list here it's it's my

3039

01:44:09,910 --> 01:44:07,760

basically

3040

01:44:11,750 --> 01:44:09,920

it matches my list i know it probably

3041

01:44:13,830 --> 01:44:11,760

matches quite a few of our listeners

3042

01:44:16,470 --> 01:44:13,840

lists regarding favorite movies

3043

01:44:17,910 --> 01:44:16,480

close encounters 2001 star trek star

3044

01:44:20,310 --> 01:44:17,920

wars dune

3045

01:44:21,510 --> 01:44:20,320

and those were a few that affected you

3046

01:44:26,470 --> 01:44:21,520

as a kid

3047

01:44:29,910 --> 01:44:26,480

came out and what's kind of cool

3048

01:44:32,950 --> 01:44:29,920

is douglas trumbull who uh is the site

3049

01:44:34,709 --> 01:44:32,960

the special effects guru behind close

3050

01:44:36,550 --> 01:44:34,719

encounters 2001

3051
01:44:38,229 --> 01:44:36,560
blade runner some of my favorite movies

3052
01:44:40,550 --> 01:44:38,239
and some of my favorite movies that

3053
01:44:42,629 --> 01:44:40,560
inspired my interest in this topic

3054
01:44:45,189 --> 01:44:42,639
and it was wonderful to learn you know

3055
01:44:47,350 --> 01:44:45,199
15 years ago or so or 10 years ago

3056
01:44:49,510 --> 01:44:47,360
what that he was really into this topic

3057
01:44:51,270 --> 01:44:49,520
and my good betty mark day antonio

3058
01:44:52,709 --> 01:44:51,280
works with him on almost on a on a

3059
01:44:55,030 --> 01:44:52,719
regular basis

3060
01:44:56,390 --> 01:44:55,040
so that's really exciting that he's so

3061
01:44:57,510 --> 01:44:56,400
into this topic in fact

3062
01:44:59,750 --> 01:44:57,520
that might have been my favorite

3063
01:45:01,270 --> 01:44:59,760

interview ever when we had at the ufo

3064

01:45:04,470 --> 01:45:01,280

congress and i got to interview him

3065

01:45:06,390 --> 01:45:04,480

a few years ago yeah uh marked antonio

3066

01:45:08,709 --> 01:45:06,400

we have the pleasure of interviewing him

3067

01:45:11,189 --> 01:45:08,719

off and on he's a wonderful person

3068

01:45:12,950 --> 01:45:11,199

and uh really highly recommend folks

3069

01:45:15,669 --> 01:45:12,960

check out his podcast he

3070

01:45:17,030 --> 01:45:15,679

he does an astronomy related podcast and

3071

01:45:19,189 --> 01:45:17,040

he's also opening up

3072

01:45:21,109 --> 01:45:19,199

an observatory in arizona which i did

3073

01:45:22,629 --> 01:45:21,119

just speak to him recently on

3074

01:45:23,990 --> 01:45:22,639

but anyway i wanted to go ahead and

3075

01:45:25,350 --> 01:45:24,000

thank you very much for having been on

3076

01:45:28,070 --> 01:45:25,360

our show and before we go

3077

01:45:30,390 --> 01:45:28,080

i wanted to ask where our listeners can

3078

01:45:31,990 --> 01:45:30,400

get that wonderful ufo that you have

3079

01:45:33,910 --> 01:45:32,000

hovering behind you in the background

3080

01:45:36,070 --> 01:45:33,920

where do they purchase that

3081

01:45:37,430 --> 01:45:36,080

yeah the other great thing that karen

3082

01:45:40,790 --> 01:45:37,440

does uh is she

3083

01:45:43,350 --> 01:45:40,800

is able to procure some really cool ufo

3084

01:45:45,430 --> 01:45:43,360

stuff so if you go to ufocongress.com

3085

01:45:46,870 --> 01:45:45,440

click on the store you'll be able to see

3086

01:45:49,750 --> 01:45:46,880

all kinds of cool stuff

3087

01:45:51,350 --> 01:45:49,760

including this lamp with the ufo on it

3088

01:45:51,830 --> 01:45:51,360

which is so popular and it's funny

3089

01:45:54,229 --> 01:45:51,840

because

3090

01:45:55,910 --> 01:45:54,239

i was doing one of these videos and it

3091

01:45:58,229 --> 01:45:55,920

was in the background

3092

01:45:59,830 --> 01:45:58,239

and uh so then i was doing a video from

3093

01:46:02,390 --> 01:45:59,840

somewhere else and whenever i

3094

01:46:03,750 --> 01:46:02,400

do a video interview or something and

3095

01:46:05,590 --> 01:46:03,760

it's not in the background

3096

01:46:08,629 --> 01:46:05,600

i get all kinds of people asking where's

3097

01:46:10,310 --> 01:46:08,639

ufo where's the ufo so now i try to keep

3098

01:46:11,990 --> 01:46:10,320

one in the background when i do these

3099

01:46:14,709 --> 01:46:12,000

because people love it so much

3100

01:46:16,229 --> 01:46:14,719

it's pretty cool yeah we do love it i

3101

01:46:18,470 --> 01:46:16,239

recommend to our listeners to please

3102

01:46:22,390 --> 01:46:18,480

3103

01:46:24,390 --> 01:46:22,400

our show we look forward to having the

3107

01:46:30,790 --> 01:46:28,719

3108

01:46:34,070 --> 01:46:30,800

interviewing you again alejandro

3109

01:46:35,590 --> 01:46:34,080

thank you and and you know these

3111

01:46:39,910 --> 01:46:37,840

you can find them in the rojas report so

so we'll be back this coming weekend

3121

01:46:57,030 --> 01:46:55,280

with another fabulous show
