UFONN
SUNDAY

1
00:00:18,790 --> 00:00:16,790
this is not good

2
00:00:21,109 --> 00:00:18,800
and good afternoon from philadelphia

3
00:00:24,470 --> 00:00:21,119
frank here with our very first

4
00:00:24,950 --> 00:00:24,480
ufo news network sunday of 2021 uh we're

5
00:00:27,509 --> 00:00:24,960
joined

6
00:00:29,349 --> 00:00:27,519
once again by steve bassett head of the

7
00:00:31,109 --> 00:00:29,359
paradigm research group

8
00:00:32,790 --> 00:00:31,119
and uh let's not beat around the bush

9
00:00:33,510 --> 00:00:32,800
you all know who steve is so uh let's

10
00:00:35,510 --> 00:00:33,520
bring him right on

11
00:00:38,630 --> 00:00:35,520
uh steve uh glad you could join us to

12
00:00:42,709 --> 00:00:38,640
get the new year started off right

13
00:00:45,110 --> 00:00:42,719

yeah another another regular easy

14

00:00:46,549 --> 00:00:45,120

normal year well we'll we'll see we'll

15

00:00:49,270 --> 00:00:46,559

see how it goes

16

00:00:50,709 --> 00:00:49,280

we'll we'll see things getting a little

17

00:00:52,950 --> 00:00:50,719

bit messy and uh

18

00:00:54,869 --> 00:00:52,960

the outside of the ufo world and uh

19

00:00:55,350 --> 00:00:54,879

inside the ufo world too we'll get to

20

00:00:57,670 --> 00:00:55,360

all that

21

00:00:59,029 --> 00:00:57,680

uh but before we do yeah i would be

22

00:01:01,830 --> 00:00:59,039

really remiss

23

00:01:03,110 --> 00:01:01,840

if i didn't mention the the passing of

24

00:01:05,910 --> 00:01:03,120

angela joyner

25

00:01:07,109 --> 00:01:05,920

uh for i i would assume that there are

26

00:01:09,750 --> 00:01:07,119

some folks who

27

00:01:11,510 --> 00:01:09,760

are fairly late comers to all this ufo

28

00:01:12,070 --> 00:01:11,520

stuff who don't really even know who she

29

00:01:14,870 --> 00:01:12,080

is

30

00:01:16,469 --> 00:01:14,880

but she was a reporter for the local

31

00:01:19,510 --> 00:01:16,479

stephenville newspaper

32

00:01:20,710 --> 00:01:19,520

uh back in 2008 when the stephenville

33

00:01:24,310 --> 00:01:20,720

ufo case

34

00:01:27,670 --> 00:01:24,320

uh captured maybe the the

35

00:01:28,870 --> 00:01:27,680

highest uh amount of ufo attention of uh

36

00:01:31,350 --> 00:01:28,880

anything was going on

37

00:01:32,550 --> 00:01:31,360

in that time frame it really uh really

38

00:01:34,789 --> 00:01:32,560

got a lot of coverage

39

00:01:35,830 --> 00:01:34,799

as she appeared on the larry king show

40

00:01:38,710 --> 00:01:35,840

uh you might

41

00:01:40,230 --> 00:01:38,720

remember her from a brief appearance in

42

00:01:42,630 --> 00:01:40,240

james fox's uh

43

00:01:44,630 --> 00:01:42,640

uh not most recent film the phenomenon

44

00:01:46,389 --> 00:01:44,640

but the one before that i know what i

45

00:01:49,910 --> 00:01:46,399

saw she was in that movie

46

00:01:51,109 --> 00:01:49,920

and uh while she had she was uh very

47

00:01:54,149 --> 00:01:51,119

heavily involved for

48

00:01:55,990 --> 00:01:54,159

quite a while uh with the ufo stuff uh

49

00:01:57,990 --> 00:01:56,000

she got uh some local heat

50

00:02:00,550 --> 00:01:58,000

from the local government and the local

51
00:02:00,950 --> 00:02:00,560
paper about her uh wanting to continue

52
00:02:04,230 --> 00:02:00,960
to

53
00:02:06,310 --> 00:02:04,240
paper

54
00:02:07,990 --> 00:02:06,320
and the kind of hung out her own shingle

55
00:02:10,150 --> 00:02:08,000
uh with a podcast back

56
00:02:11,830 --> 00:02:10,160
in those days i think it ran a good two

57
00:02:13,670 --> 00:02:11,840
or three years

58
00:02:15,990 --> 00:02:13,680
back when i was first getting really

59
00:02:16,470 --> 00:02:16,000
seriously proactively interested in all

60
00:02:18,710 --> 00:02:16,480
this

61
00:02:20,470 --> 00:02:18,720
i mean it was my go-to podcast i was a

62
00:02:21,430 --> 00:02:20,480
big fan of angela joyner's there's no

63
00:02:24,470 --> 00:02:21,440

doubt about it

64

00:02:26,710 --> 00:02:24,480

uh she was one of the first ufo people i

65

00:02:28,070 --> 00:02:26,720

uh wrote a little fan letter to and a

66

00:02:30,550 --> 00:02:28,080

little fan email

67

00:02:31,990 --> 00:02:30,560

and she was very responsive we became

68

00:02:35,350 --> 00:02:32,000

friends on facebook and

69

00:02:35,990 --> 00:02:35,360

uh still remains so uh really uh right

70

00:02:38,710 --> 00:02:36,000

up

71

00:02:40,710 --> 00:02:38,720

until her death this past week and uh

72

00:02:41,430 --> 00:02:40,720

she kind of evolved away from the field

73

00:02:43,750 --> 00:02:41,440

but

74

00:02:45,430 --> 00:02:43,760

uh she was uh she was a big deal she was

75

00:02:47,030 --> 00:02:45,440

an important person a person who came

76
00:02:48,869 --> 00:02:47,040
from a journalism background getting

77
00:02:51,670 --> 00:02:48,879
very involved in this field

78
00:02:52,309 --> 00:02:51,680
and uh yeah even though though like i

79
00:02:54,790 --> 00:02:52,319
say

80
00:02:56,470 --> 00:02:54,800
uh she had sort of evolved away from the

81
00:02:58,229 --> 00:02:56,480
field over the years

82
00:03:00,149 --> 00:02:58,239
she will be missed uh people who

83
00:03:03,110 --> 00:03:00,159
remember her and dealt with her

84
00:03:03,589 --> 00:03:03,120
whether it was ufos or anything else

85
00:03:06,149 --> 00:03:03,599
will

86
00:03:07,350 --> 00:03:06,159
remember her as a the finest type of

87
00:03:08,869 --> 00:03:07,360
person to steve

88
00:03:12,070 --> 00:03:08,879

i'm sure you have some thoughts on

89

00:03:15,990 --> 00:03:14,550

uh frank as you as you may know i i have

90

00:03:19,830 --> 00:03:16,000

a lot of

91

00:03:21,910 --> 00:03:19,840

regard for journalism i

92

00:03:23,589 --> 00:03:21,920

i i know i understand that journalism

93

00:03:25,030 --> 00:03:23,599

under its attac is under attack these

94

00:03:28,710 --> 00:03:25,040

days

95

00:03:32,149 --> 00:03:28,720

but uh the fact is is that uh

96

00:03:34,149 --> 00:03:32,159

the the press media journalists are

97

00:03:37,430 --> 00:03:34,159

absolutely key to

98

00:03:40,470 --> 00:03:37,440

the sustainability of our

99

00:03:41,509 --> 00:03:40,480

government of our democratic society and

100

00:03:45,350 --> 00:03:41,519

when the journalists

101
00:03:49,110 --> 00:03:45,360
serve us well good things come from that

102
00:03:51,589 --> 00:03:49,120
uh so uh and i also know

103
00:03:53,750 --> 00:03:51,599
that oftentimes you have to be pretty

104
00:03:55,830 --> 00:03:53,760
courageous to be a journalist

105
00:03:57,350 --> 00:03:55,840
to say the least you don't have to be in

106
00:04:00,710 --> 00:03:57,360
a war zone

107
00:04:03,910 --> 00:04:00,720
to need to be courageous

108
00:04:07,990 --> 00:04:03,920
so and jelly was like wonderful

109
00:04:12,309 --> 00:04:08,000
she she was just a uh

110
00:04:15,190 --> 00:04:12,319
a lady in stevensville texas

111
00:04:17,270 --> 00:04:15,200
uh not a huge place out of the way uh

112
00:04:20,310 --> 00:04:17,280
working for the paper

113
00:04:23,670 --> 00:04:20,320

got a husband randall decent life and

114

00:04:26,230 --> 00:04:23,680

it's all all fine and then the e.t

115

00:04:28,070 --> 00:04:26,240

issue like it often happens landed on

116

00:04:29,590 --> 00:04:28,080

her door literally

117

00:04:32,150 --> 00:04:29,600

so you had this extraordinary

118

00:04:35,749 --> 00:04:32,160

stephensville sighting

119

00:04:39,270 --> 00:04:35,759

and she covered it big story

120

00:04:41,030 --> 00:04:39,280

she jumped in she covered it and

121

00:04:43,350 --> 00:04:41,040

was really the first one to get that

122

00:04:45,830 --> 00:04:43,360

story out

123

00:04:47,270 --> 00:04:45,840

and after a while the paper which is a

124

00:04:49,590 --> 00:04:47,280

smaller paper it's not a

125

00:04:51,110 --> 00:04:49,600

it's a small town paper just wanted to

126
00:04:54,710 --> 00:04:51,120
move on

127
00:04:56,710 --> 00:04:54,720
and didn't want to be covered anymore

128
00:04:59,110 --> 00:04:56,720
and she didn't like that she put some

129
00:05:01,830 --> 00:04:59,120
resistance up and ultimately

130
00:05:03,270 --> 00:05:01,840
left the paper uh if it wasn't for that

131
00:05:04,710 --> 00:05:03,280
event

132
00:05:06,710 --> 00:05:04,720
she might still be working she might

133
00:05:08,310 --> 00:05:06,720
have been working for the stephensville

134
00:05:11,189 --> 00:05:08,320
paper i figured the name of it

135
00:05:11,909 --> 00:05:11,199
vampire tribune i think but uh right for

136
00:05:14,629 --> 00:05:11,919
the next

137
00:05:15,590 --> 00:05:14,639
15 years or so but no so it cost her a

138
00:05:17,670 --> 00:05:15,600

job

139

00:05:19,270 --> 00:05:17,680

but she accepted that and she got into

140

00:05:22,150 --> 00:05:19,280

the field and she did her

141

00:05:23,670 --> 00:05:22,160

made her contributions as so many

142

00:05:25,110 --> 00:05:23,680

hundreds of thousands of people have

143

00:05:28,150 --> 00:05:25,120

done what i call research

144

00:05:29,350 --> 00:05:28,160

activist journalists uh in the et

145

00:05:31,510 --> 00:05:29,360

phenomena

146

00:05:33,350 --> 00:05:31,520

uh and made it made a mark and made a

147

00:05:35,270 --> 00:05:33,360

contribution

148

00:05:39,110 --> 00:05:35,280

so and she's just a wonderful person too

149

00:05:43,270 --> 00:05:39,120

just a a lovely lady

150

00:05:47,590 --> 00:05:43,280

and it

151
00:05:52,550 --> 00:05:50,710
she passed from coven 19. as did her

152
00:05:54,629 --> 00:05:52,560
husband literally a day within

153
00:05:56,550 --> 00:05:54,639
her husband when she died it was uh it's

154
00:05:58,309 --> 00:05:56,560
a horrible story steve it really is

155
00:05:59,590 --> 00:05:58,319
yeah it's about as bad as it gets so

156
00:06:00,790 --> 00:05:59,600
there have been plenty of bad story

157
00:06:03,110 --> 00:06:00,800
horrible stories

158
00:06:03,990 --> 00:06:03,120
but essentially she's 59 years old her

159
00:06:06,390 --> 00:06:04,000
husband

160
00:06:08,150 --> 00:06:06,400
she goes in says she gets covered with

161
00:06:09,430 --> 00:06:08,160
with the husband at the same time

162
00:06:11,590 --> 00:06:09,440
they end up pretty much going to the

163
00:06:14,469 --> 00:06:11,600

hospital at the same time but his

164

00:06:16,150 --> 00:06:14,479

his disease progresses a little faster

165

00:06:16,790 --> 00:06:16,160

and so ultimately he has to go to the

166

00:06:19,590 --> 00:06:16,800

ventilator

167

00:06:19,990 --> 00:06:19,600

i think a day or two before her death

168

00:06:22,790 --> 00:06:20,000

and so

169

00:06:24,390 --> 00:06:22,800

she is aware of this she knows this she

170

00:06:27,270 --> 00:06:24,400

knows that he is

171

00:06:28,230 --> 00:06:27,280

in what could be the final uh final uh

172

00:06:31,510 --> 00:06:28,240

sage

173

00:06:34,710 --> 00:06:31,520

and he dies now she

174

00:06:37,749 --> 00:06:34,720

has to cope with that while preparing to

175

00:06:41,029 --> 00:06:37,759

go to the ventilator herself

176

00:06:48,469 --> 00:06:44,870

so um

177

00:06:50,309 --> 00:06:48,479

let me just say as someone who has

178

00:06:53,589 --> 00:06:50,319

got a lot of time on his hands the last

179

00:06:55,990 --> 00:06:53,599

year who watches an enormous amount of

180

00:06:56,950 --> 00:06:56,000

news coverage reads a great deal of

181

00:07:04,309 --> 00:06:56,960

coverage

182

00:07:06,710 --> 00:07:04,319

and has a lot of people uh

183

00:07:08,309 --> 00:07:06,720

conveying to me their opinions on

184

00:07:11,189 --> 00:07:08,319

facebook and on twitter

185

00:07:12,469 --> 00:07:11,199

in that format not one-on-one directly

186

00:07:16,390 --> 00:07:12,479

but they're posting

187

00:07:20,870 --> 00:07:16,400

and i'm reading them i'm seeing that uh

188

00:07:24,469 --> 00:07:20,880

let's just say that uh this disease

189

00:07:27,189 --> 00:07:24,479

is awful it is

190

00:07:28,390 --> 00:07:27,199

one of the worst pandemics that ever hit

191

00:07:31,350 --> 00:07:28,400

the human race

192

00:07:32,710 --> 00:07:31,360

certainly in modern times if we go back

193

00:07:35,990 --> 00:07:32,720

maybe but

194

00:07:37,510 --> 00:07:36,000

uh it's not over we have not handled it

195

00:07:39,830 --> 00:07:37,520

well

196

00:07:42,830 --> 00:07:39,840

and a lot of people are going to die a

197

00:07:46,070 --> 00:07:42,840

lot more people are going to die

198

00:07:49,990 --> 00:07:46,080

and that's one thing

199

00:07:52,790 --> 00:07:50,000

because we all die but to die

200

00:07:54,469 --> 00:07:52,800

because a large numbers of people have

201
00:07:57,350 --> 00:07:54,479
been misled

202
00:07:58,469 --> 00:07:57,360
by unscrupulous journalists and

203
00:08:02,070 --> 00:07:58,479
propagandists

204
00:08:02,629 --> 00:08:02,080
politicians pretty much to serve their

205
00:08:06,869 --> 00:08:02,639
own

206
00:08:10,869 --> 00:08:06,879
personal agenda that's

207
00:08:13,749 --> 00:08:10,879
that's uh bad

208
00:08:15,909 --> 00:08:13,759
and there's going to be more of that we

209
00:08:18,150 --> 00:08:15,919
just had a massive super spreader event

210
00:08:20,790 --> 00:08:18,160
in dc

211
00:08:21,589 --> 00:08:20,800
tens of thousands of people not wearing

212
00:08:24,869 --> 00:08:21,599
masks

213
00:08:26,710 --> 00:08:24,879

who have brought all the variants uk

214

00:08:28,469 --> 00:08:26,720

south africa and maybe even the new

215

00:08:30,869 --> 00:08:28,479

variant has turned up the u.s right into

216

00:08:33,110 --> 00:08:30,879

dc which has had a very

217

00:08:34,870 --> 00:08:33,120

pretty good run on this on this virus it

218

00:08:36,790 --> 00:08:34,880

has not had high numbers

219

00:08:38,469 --> 00:08:36,800

that may very well change and more

220

00:08:41,750 --> 00:08:38,479

people will die

221

00:08:43,829 --> 00:08:41,760

so we lost angelia we're gonna lose some

222

00:08:47,110 --> 00:08:43,839

more

223

00:08:50,150 --> 00:08:47,120

and i don't argue with people one-on-one

224

00:08:52,150 --> 00:08:50,160

i don't post back responses to those

225

00:08:54,230 --> 00:08:52,160

that put their opinions up

226

00:08:55,509 --> 00:08:54,240

but since i do have a bit of a platform

227

00:08:58,389 --> 00:08:55,519

let me say

228

00:09:00,949 --> 00:08:58,399

this disease is real it is not a hoax it

229

00:09:04,470 --> 00:09:00,959

has been handled terribly

230

00:09:07,590 --> 00:09:04,480

and the vaccine is absolutely the way

231

00:09:09,190 --> 00:09:07,600

we're going to get back our country and

232

00:09:13,030 --> 00:09:09,200

our lives

233

00:09:14,949 --> 00:09:13,040

uh i intend to get one i'll get as many

234

00:09:16,790 --> 00:09:14,959

as they want to give me

235

00:09:18,870 --> 00:09:16,800

because i know enough about science to

236

00:09:20,389 --> 00:09:18,880

know that that is what works

237

00:09:21,990 --> 00:09:20,399

doesn't mean that somebody may not have

238

00:09:24,550 --> 00:09:22,000

a poor reaction

239

00:09:26,230 --> 00:09:24,560

but 500 000 people are not going to have

240

00:09:31,670 --> 00:09:26,240

poor reactions

241

00:09:38,710 --> 00:09:35,110

let me also say that i put up angelia

242

00:09:41,829 --> 00:09:38,720

on my immemorial page uh which

243

00:09:44,389 --> 00:09:41,839

chronicles and account and mentions

244

00:09:46,470 --> 00:09:44,399

this of many many people in this field i

245

00:09:49,430 --> 00:09:46,480

don't know how many i'm up to 80 or so

246

00:09:50,389 --> 00:09:49,440

so she's now on that list and in

247

00:09:52,630 --> 00:09:50,399

memoriam

248

00:09:54,550 --> 00:09:52,640

paradigm research group.org you can see

249

00:09:56,790 --> 00:09:54,560

a link to some info about her

250

00:09:58,870 --> 00:09:56,800

and many of the others we've lost over

251
00:10:01,670 --> 00:09:58,880
the last few years so

252
00:10:02,949 --> 00:10:01,680
we we have we we continue on frank to

253
00:10:06,550 --> 00:10:02,959
get the job done

254
00:10:09,590 --> 00:10:06,560
yeah i you know i don't understand it

255
00:10:12,150 --> 00:10:09,600
at least from my eyes you know i was uh

256
00:10:13,670 --> 00:10:12,160
watching those uh the news releases and

257
00:10:15,829 --> 00:10:13,680
the videos coming in from

258
00:10:17,350 --> 00:10:15,839
italy i mean that was almost a year ago

259
00:10:19,030 --> 00:10:17,360
already you know what i mean

260
00:10:21,990 --> 00:10:19,040
and if you didn't see that there was a

261
00:10:23,590 --> 00:10:22,000
problem coming a real problem coming

262
00:10:25,190 --> 00:10:23,600
i don't know what you were thinking

263
00:10:27,990 --> 00:10:25,200

because it was

264

00:10:28,870 --> 00:10:28,000

obviously a really bad bug a really bad

265

00:10:31,509 --> 00:10:28,880

virus

266

00:10:31,990 --> 00:10:31,519

and you just have to protect your health

267

00:10:35,590 --> 00:10:32,000

and

268

00:10:37,430 --> 00:10:35,600

you know i'm seeing a lot of it you know

269

00:10:39,430 --> 00:10:37,440

down there in texas maybe they thought

270

00:10:40,550 --> 00:10:39,440

that uh they didn't have to worry about

271

00:10:43,590 --> 00:10:40,560

it quite so much

272

00:10:46,389 --> 00:10:43,600

i know it it's being a a

273

00:10:48,230 --> 00:10:46,399

pretty devastating a little bit more in

274

00:10:51,030 --> 00:10:48,240

the rural areas it took a while

275

00:10:51,829 --> 00:10:51,040

for it to get out there and people just

276

00:10:53,829 --> 00:10:51,839

uh

277

00:10:56,710 --> 00:10:53,839

you know they just didn't see it coming

278

00:10:58,389 --> 00:10:56,720

and i did see an interview with a nurse

279

00:11:00,150 --> 00:10:58,399

who was working at a rural hospital and

280

00:11:01,750 --> 00:11:00,160

they're getting overrun right now

281

00:11:03,910 --> 00:11:01,760

and she was saying people just don't

282

00:11:06,949 --> 00:11:03,920

take it seriously until they get it

283

00:11:09,350 --> 00:11:06,959

and uh i think unfortunately

284

00:11:11,829 --> 00:11:09,360

that's a big part of the problem uh for

285

00:11:14,389 --> 00:11:11,839

a long time i was really blaming uh the

286

00:11:16,069 --> 00:11:14,399

politicians uh i know you're alluding to

287

00:11:17,350 --> 00:11:16,079

trump i mean let's not not beat around

288

00:11:19,750 --> 00:11:17,360

the bush as far as

289

00:11:21,350 --> 00:11:19,760

uh the disinformation goes but uh early

290

00:11:23,110 --> 00:11:21,360

on i live in the northeast

291

00:11:25,670 --> 00:11:23,120

you know i wasn't happy at all with the

292

00:11:28,710 --> 00:11:25,680

way uh cuomo and to a lesser extent

293

00:11:31,990 --> 00:11:28,720

uh governor murphy and new jersey and

294

00:11:34,150 --> 00:11:32,000

even our own governor wolf here handle

295

00:11:35,430 --> 00:11:34,160

a lot of it was not happy with them was

296

00:11:37,910 --> 00:11:35,440

not happy with

297

00:11:39,430 --> 00:11:37,920

doctors fauci or redfield at the federal

298

00:11:41,670 --> 00:11:39,440

level the way

299

00:11:43,110 --> 00:11:41,680

they didn't get on the mask situation a

300

00:11:44,710 --> 00:11:43,120

little bit earlier than i think

301
00:11:46,550 --> 00:11:44,720
they should have they should have had

302
00:11:48,790 --> 00:11:46,560
data they should have had studies

303
00:11:51,110 --> 00:11:48,800
about this before this virus even

304
00:11:54,230 --> 00:11:51,120
manifested itself you know

305
00:11:54,710 --> 00:11:54,240
and then they didn't do it and uh again

306
00:11:56,870 --> 00:11:54,720
i was

307
00:11:57,750 --> 00:11:56,880
very unhappy with them but at the end of

308
00:12:00,310 --> 00:11:57,760
the day it's about

309
00:12:01,269 --> 00:12:00,320
individuals protecting their own health

310
00:12:03,350 --> 00:12:01,279
and uh to

311
00:12:04,790 --> 00:12:03,360
to such a great extent that that that

312
00:12:06,389 --> 00:12:04,800
really has not happened i mean it just

313
00:12:08,790 --> 00:12:06,399

hasn't happened

314

00:12:10,870 --> 00:12:08,800

ultimately the the bad work that i think

315

00:12:12,790 --> 00:12:10,880

of the five guys they mentioned and a

316

00:12:16,150 --> 00:12:12,800

lot of others along the way

317

00:12:17,670 --> 00:12:16,160

just sort of sped up the inevitable that

318

00:12:19,350 --> 00:12:17,680

people just don't care enough about

319

00:12:20,710 --> 00:12:19,360

their health in the united states

320

00:12:23,190 --> 00:12:20,720

and if you don't have your health you

321

00:12:25,190 --> 00:12:23,200

don't have anything

322

00:12:26,470 --> 00:12:25,200

let me do mention one thing though just

323

00:12:29,670 --> 00:12:26,480

case i want people to

324

00:12:31,829 --> 00:12:29,680

have a misunderstanding here angelia

325

00:12:34,069 --> 00:12:31,839

took the d seriously oh i know she did i

326

00:12:37,030 --> 00:12:34,079

know she took the precautions

327

00:12:37,990 --> 00:12:37,040

uh she wasn't somebody that that

328

00:12:40,710 --> 00:12:38,000

downplayed it

329

00:12:41,750 --> 00:12:40,720

or bought into the to the propaganda

330

00:12:45,350 --> 00:12:41,760

understood i understood

331

00:12:47,190 --> 00:12:45,360

so she didn't get this because of that

332

00:12:48,870 --> 00:12:47,200

she got this disease because other

333

00:12:52,069 --> 00:12:48,880

people

334

00:12:53,750 --> 00:12:52,079

did not take this disease properly and

335

00:12:56,629 --> 00:12:53,760

believe the propaganda

336

00:12:58,550 --> 00:12:56,639

and help to pass it on around texas and

337

00:12:59,750 --> 00:12:58,560

so she is a victim of other people's

338

00:13:01,750 --> 00:12:59,760

stupidity

339

00:13:03,030 --> 00:13:01,760

as are a lot of people so i want to be

340

00:13:06,790 --> 00:13:03,040

clear on that

341

00:13:08,150 --> 00:13:06,800

and as far as further elaborating and i

342

00:13:11,190 --> 00:13:08,160

won't go any further than this

343

00:13:14,310 --> 00:13:11,200

history will decide who

344

00:13:16,870 --> 00:13:14,320

was most culpable in this fiasco

345

00:13:18,790 --> 00:13:16,880

uh it's a little early for us going

346

00:13:21,190 --> 00:13:18,800

through it to make those decisions

347

00:13:22,870 --> 00:13:21,200

we could argue all day long about who

348

00:13:24,150 --> 00:13:22,880

and what and when but history will we'll

349

00:13:27,030 --> 00:13:24,160

flesh it out

350

00:13:28,870 --> 00:13:27,040

and those that serve the public will be

351
00:13:29,750 --> 00:13:28,880
recognized and those that disserve the

352
00:13:32,069 --> 00:13:29,760
public

353
00:13:33,750 --> 00:13:32,079
will be condemned but that's for history

354
00:13:35,910 --> 00:13:33,760
and that's down the line for now

355
00:13:37,829 --> 00:13:35,920
we just have to find a way to stay alive

356
00:13:38,870 --> 00:13:37,839
yeah just protect yourself at all times

357
00:13:41,670 --> 00:13:38,880
you know that's right the

358
00:13:43,590 --> 00:13:41,680
the virus the virus is a virus it's uh

359
00:13:45,189 --> 00:13:43,600
it doesn't think it doesn't wait around

360
00:13:47,509 --> 00:13:45,199
the corner to jump on you

361
00:13:49,350 --> 00:13:47,519
uh like some some street criminal or

362
00:13:52,230 --> 00:13:49,360
something like that that uh

363
00:13:52,710 --> 00:13:52,240

you know it uh it it does spread it can

364

00:13:54,629 --> 00:13:52,720

spread

365

00:13:57,030 --> 00:13:54,639

a little bit through the air largely

366

00:13:58,310 --> 00:13:57,040

inside uh but uh it doesn't think it

367

00:14:00,470 --> 00:13:58,320

doesn't say oh there there's a

368

00:14:01,590 --> 00:14:00,480

uh there that looks like a fine victim

369

00:14:03,189 --> 00:14:01,600

or i'm going to

370

00:14:04,629 --> 00:14:03,199

pass on that younger person because i'm

371

00:14:05,269 --> 00:14:04,639

not going to be able to kill that person

372

00:14:07,110 --> 00:14:05,279

so let me

373

00:14:09,430 --> 00:14:07,120

let me jump on that older person you

374

00:14:12,710 --> 00:14:11,189

you can protect yourself it's not it's

375

00:14:15,189 --> 00:14:12,720

not rocket science

376

00:14:16,389 --> 00:14:15,199

yes indeed okay all right so yeah what

377

00:14:18,150 --> 00:14:16,399

uh uh

378

00:14:19,750 --> 00:14:18,160

yeah let's get to it it's a terrible oh

379

00:14:20,230 --> 00:14:19,760

uh yeah well one other question steve i

380

00:14:22,389 --> 00:14:20,240

don't

381

00:14:23,350 --> 00:14:22,399

i i was a big fan of that podcast when

382

00:14:25,430 --> 00:14:23,360

she was doing them and

383

00:14:27,590 --> 00:14:25,440

there were some fine interviews i don't

384

00:14:30,870 --> 00:14:27,600

specifically recall you doing the show

385

00:14:34,069 --> 00:14:30,880

but i'm gonna guess that you did

386

00:14:34,629 --> 00:14:34,079

did you do so many don't think so so

387

00:14:38,069 --> 00:14:34,639

many

388

00:14:40,069 --> 00:14:38,079

podcasts a little time i don't think so

389

00:14:43,269 --> 00:14:40,079

but i'm sure it was wonderful

390

00:14:45,030 --> 00:14:43,279

i'm glad she had one i'm i'm

391

00:14:46,629 --> 00:14:45,040

about to launch mine i think i may

392

00:14:47,430 --> 00:14:46,639

actually put it up online tonight we'll

393

00:14:49,670 --> 00:14:47,440

see

394

00:14:51,189 --> 00:14:49,680

um but yeah everybody's got to have a

395

00:14:53,430 --> 00:14:51,199

podcast and

396

00:14:54,230 --> 00:14:53,440

soon i'll have one and and so forth but

397

00:15:00,389 --> 00:14:54,240

uh

398

00:15:02,550 --> 00:15:00,399

new age yeah yeah everybody has power to

399

00:15:04,550 --> 00:15:02,560

express themselves in ways that only uh

400

00:15:07,750 --> 00:15:04,560

previous generations could have imagined

401
00:15:08,470 --> 00:15:07,760
yeah which is fantastic but that also

402
00:15:11,030 --> 00:15:08,480
means that

403
00:15:12,389 --> 00:15:11,040
everybody's opinion increasingly has

404
00:15:13,670 --> 00:15:12,399
almost an equal footing to everyone

405
00:15:15,670 --> 00:15:13,680
else's

406
00:15:16,870 --> 00:15:15,680
uh and a lot there's a lot of opinions

407
00:15:21,269 --> 00:15:16,880
out there

408
00:15:23,030 --> 00:15:21,279
so it's uh dense it's dense

409
00:15:25,590 --> 00:15:23,040
one one could spend virtually their

410
00:15:28,790 --> 00:15:25,600
entire life just sorting through

411
00:15:30,389 --> 00:15:28,800
what people think about this or that uh

412
00:15:32,150 --> 00:15:30,399
because those opinions are actually

413
00:15:34,389 --> 00:15:32,160

turning up in front of us

414

00:15:35,829 --> 00:15:34,399

it's a we're still adjusting to this new

415

00:15:38,870 --> 00:15:35,839

reality ultimately

416

00:15:41,990 --> 00:15:38,880

it is free speech it is uh

417

00:15:43,590 --> 00:15:42,000

a human expression and ultimately i

418

00:15:44,870 --> 00:15:43,600

believe it will serve us well but we're

419

00:15:46,150 --> 00:15:44,880

going through a kind of awkward

420

00:15:49,509 --> 00:15:46,160

transition

421

00:15:52,550 --> 00:15:49,519

where the downside of mass communication

422

00:15:54,550 --> 00:15:52,560

is uh is also impacting our society as

423

00:15:55,350 --> 00:15:54,560

well as the upside yeah we'll see how it

424

00:15:57,189 --> 00:15:55,360

turns out

425

00:15:59,189 --> 00:15:57,199

oh yeah i i think i think it's going

426

00:15:59,990 --> 00:15:59,199

great uh to be perfectly honest with you

427

00:16:02,150 --> 00:16:00,000

yeah

428

00:16:04,150 --> 00:16:02,160

it's sort of like uh the way you you do

429

00:16:06,150 --> 00:16:04,160

have to protect your health at all times

430

00:16:08,069 --> 00:16:06,160

uh basically it's uh protecting your

431

00:16:08,870 --> 00:16:08,079

most valuable resource and that's your

432

00:16:12,230 --> 00:16:08,880

time

433

00:16:12,870 --> 00:16:12,240

and uh you know we lost angela this past

434

00:16:14,389 --> 00:16:12,880

week and

435

00:16:16,389 --> 00:16:14,399

i'm not getting any younger and you're

436

00:16:20,389 --> 00:16:16,399

not getting any younger and uh

437

00:16:22,550 --> 00:16:20,399

time is a a finite resource so

438

00:16:24,629 --> 00:16:22,560

how much time are you going to spend uh

439

00:16:27,509 --> 00:16:24,639

putting it into

440

00:16:29,110 --> 00:16:27,519

less than the uh the the best uh

441

00:16:30,870 --> 00:16:29,120

material out there and

442

00:16:33,030 --> 00:16:30,880

are you going to be able to put the time

443

00:16:35,670 --> 00:16:33,040

in to sort of uh sift through that

444

00:16:36,870 --> 00:16:35,680

and sort of become your own editor and

445

00:16:39,829 --> 00:16:36,880

not rely on

446

00:16:41,509 --> 00:16:39,839

editors at uh news stations or with

447

00:16:42,949 --> 00:16:41,519

newspapers and you have to sort of

448

00:16:45,910 --> 00:16:42,959

become your own editor

449

00:16:46,310 --> 00:16:45,920

and have to develop that skill and uh

450

00:16:48,710 --> 00:16:46,320

yeah

451
00:16:49,990 --> 00:16:48,720
put you put your time into uh the good

452
00:16:52,069 --> 00:16:50,000
material because there

453
00:16:53,910 --> 00:16:52,079
are experts there are people who really

454
00:16:54,949 --> 00:16:53,920
know this field and a lot of other

455
00:16:57,189 --> 00:16:54,959
fields too

456
00:16:58,629 --> 00:16:57,199
that have access to speak their piece

457
00:17:00,550 --> 00:16:58,639
that they never could have gotten

458
00:17:00,949 --> 00:17:00,560
through back in the old days when it was

459
00:17:05,189 --> 00:17:00,959
uh

460
00:17:08,549 --> 00:17:05,199
narrow cast

461
00:17:09,669 --> 00:17:08,559
very much uh having uh insider decision

462
00:17:11,429 --> 00:17:09,679
makers decide

463
00:17:13,029 --> 00:17:11,439

uh what's going to get on and even that

464

00:17:14,390 --> 00:17:13,039

even if you did get through all that

465

00:17:16,230 --> 00:17:14,400

how much time were you going to get to

466

00:17:17,590 --> 00:17:16,240

make your point you know so i think it's

467

00:17:20,230 --> 00:17:17,600

a better world but it

468

00:17:21,909 --> 00:17:20,240

again it it's also a world that's going

469

00:17:24,870 --> 00:17:21,919

to require more individual

470

00:17:27,909 --> 00:17:24,880

responsibility at the same time so

471

00:17:29,430 --> 00:17:27,919

true and i think in general as we try to

472

00:17:33,270 --> 00:17:29,440

adjust to these new

473

00:17:36,390 --> 00:17:33,280

technologies and so forth we need to

474

00:17:38,630 --> 00:17:36,400

finally reach a point where we spend

475

00:17:40,470 --> 00:17:38,640

a lot more time thinking and a lot less

476

00:17:42,390 --> 00:17:40,480

time posting

477

00:17:43,990 --> 00:17:42,400

i think the overall quality of discourse

478

00:17:46,150 --> 00:17:44,000

will improve

479

00:17:47,270 --> 00:17:46,160

and you talked about your own podcast uh

480

00:17:48,390 --> 00:17:47,280

what's the deal with that where are

481

00:17:49,990 --> 00:17:48,400

people going to be able to check that

482

00:17:52,230 --> 00:17:50,000

out

483

00:17:53,270 --> 00:17:52,240

it may go up it may i may watch it this

484

00:17:55,750 --> 00:17:53,280

evening it's the

485

00:17:57,110 --> 00:17:55,760

it's called the disclosure wire podcast

486

00:17:59,669 --> 00:17:57,120

and it will be about the

487

00:18:02,230 --> 00:17:59,679

extraterrestrial et issue

488

00:18:03,110 --> 00:18:02,240

exo politics uh the exo-political aspect

489

00:18:04,710 --> 00:18:03,120

certainly

490

00:18:06,630 --> 00:18:04,720

it will be based in the studio here in

491

00:18:08,710 --> 00:18:06,640

washington d.c near the capitol

492

00:18:10,950 --> 00:18:08,720

or near the white house rather the only

493

00:18:13,669 --> 00:18:10,960

one to do that the only one to broadcast

494

00:18:15,669 --> 00:18:13,679

out of dc so far

495

00:18:17,190 --> 00:18:15,679

it's just about to start it's going to

496

00:18:20,710 --> 00:18:17,200

take time to build it

497

00:18:22,390 --> 00:18:20,720

um and get to guests and so forth but

498

00:18:23,750 --> 00:18:22,400

what's your fault where's your platform

499

00:18:24,310 --> 00:18:23,760

are you going to do it on youtube are

500

00:18:26,470 --> 00:18:24,320

you going to

501
00:18:27,990 --> 00:18:26,480
just uh upload it to everyone it's going

502
00:18:28,470 --> 00:18:28,000
to be on it will be home based on

503
00:18:31,510 --> 00:18:28,480
youtube

504
00:18:32,710 --> 00:18:31,520
linked from my website linked from its

505
00:18:36,710 --> 00:18:32,720
own domain

506
00:18:38,470 --> 00:18:36,720
uh disclosurewire.org uh i'll certainly

507
00:18:40,789 --> 00:18:38,480
look at all the other platforms there

508
00:18:42,630 --> 00:18:40,799
are so many now and slowly work it into

509
00:18:46,070 --> 00:18:42,640
all of these it's not

510
00:18:47,430 --> 00:18:46,080
no advertising no no paywall yeah yeah

511
00:18:48,870 --> 00:18:47,440
but you've got there you've got a nice

512
00:18:50,310 --> 00:18:48,880
mailing list you'll be able to promote

513
00:18:51,110 --> 00:18:50,320

it through that i get your emails all

514

00:18:54,390 --> 00:18:51,120

the time

515

00:18:56,310 --> 00:18:54,400

uh but the target for this podcast is

516

00:18:58,310 --> 00:18:56,320

the key target it's for everybody of

517

00:18:59,750 --> 00:18:58,320

course particularly people that don't

518

00:19:01,750 --> 00:18:59,760

know what's going on like to get caught

519

00:19:03,750 --> 00:19:01,760

up but the uh the

520

00:19:05,830 --> 00:19:03,760

important target is the journalists and

521

00:19:09,110 --> 00:19:05,840

academics and political

522

00:19:10,230 --> 00:19:09,120

people in this town in washington uh i'm

523

00:19:12,230 --> 00:19:10,240

hoping

524

00:19:13,430 --> 00:19:12,240

to reach a point where i can get people

525

00:19:15,830 --> 00:19:13,440

to come

526

00:19:18,470 --> 00:19:15,840

hopefully in studio here this will be

527

00:19:21,190 --> 00:19:18,480

obviously after the vaccinations have

528

00:19:23,510 --> 00:19:21,200

taken place uh and people who have never

529

00:19:25,590 --> 00:19:23,520

talked about this issue on camera

530

00:19:26,710 --> 00:19:25,600

but feel comfortable now to do that and

531

00:19:29,190 --> 00:19:26,720

to give them a

532

00:19:30,630 --> 00:19:29,200

an interview and uh discuss their

533

00:19:32,310 --> 00:19:30,640

thinking on it uh there are

534

00:19:33,990 --> 00:19:32,320

a lot of people i assure you in

535

00:19:35,669 --> 00:19:34,000

washington dc that have known for

536

00:19:36,470 --> 00:19:35,679

decades that there's an extraterrestrial

537

00:19:38,630 --> 00:19:36,480

presence

538

00:19:40,470 --> 00:19:38,640

but simply we're not going to talk about

539

00:19:43,270 --> 00:19:40,480

it because it was not

540

00:19:45,750 --> 00:19:43,280

going to help their career or their life

541

00:19:48,789 --> 00:19:45,760

really in any way but that's changing

542

00:19:50,310 --> 00:19:48,799

and uh so while i'm going to have guests

543

00:19:51,669 --> 00:19:50,320

on that you know about i'm sure they've

544

00:19:52,630 --> 00:19:51,679

been talking about this issue for a long

545

00:19:54,230 --> 00:19:52,640

time

546

00:19:55,750 --> 00:19:54,240

i'm i'm seeking those individuals

547

00:19:57,029 --> 00:19:55,760

particularly journalists so we'll see

548

00:19:58,470 --> 00:19:57,039

how that goes

549

00:20:00,630 --> 00:19:58,480

it will go up and i'll start the

550

00:20:02,470 --> 00:20:00,640

promotion of it and uh

551
00:20:03,909 --> 00:20:02,480
but i've been putting it off frankly i

552
00:20:05,270 --> 00:20:03,919
mean it was gonna go

553
00:20:07,270 --> 00:20:05,280
i originally planned to do it in

554
00:20:08,710 --> 00:20:07,280
november december of last year believe

555
00:20:11,270 --> 00:20:08,720
it or not

556
00:20:12,950 --> 00:20:11,280
but i kept putting it off because the

557
00:20:15,110 --> 00:20:12,960
circumstances just weren't right

558
00:20:16,390 --> 00:20:15,120
and i i just didn't want to try to

559
00:20:18,710 --> 00:20:16,400
compete

560
00:20:20,470 --> 00:20:18,720
with the political circus that was going

561
00:20:22,950 --> 00:20:20,480
on it was unrivaled

562
00:20:24,310 --> 00:20:22,960
uh to try to draw the attention of

563
00:20:26,310 --> 00:20:24,320

people in politics and

564

00:20:27,990 --> 00:20:26,320

and and journalism and that's not

565

00:20:29,430 --> 00:20:28,000

entirely over yet

566

00:20:31,270 --> 00:20:29,440

no it's not over yet but i'll tell you i

567

00:20:32,710 --> 00:20:31,280

mean between the pandemic and the

568

00:20:34,390 --> 00:20:32,720

political circus

569

00:20:36,470 --> 00:20:34,400

you just can't compete with that and so

570

00:20:38,390 --> 00:20:36,480

i kept putting it off putting it off

571

00:20:40,630 --> 00:20:38,400

and i was going to launch it on the

572

00:20:41,990 --> 00:20:40,640

seventh the day after the georgia

573

00:20:45,110 --> 00:20:42,000

primaries

574

00:20:47,990 --> 00:20:45,120

well we know how the seventh went and so

575

00:20:49,190 --> 00:20:48,000

i put it off again and i'm hoping to get

576

00:20:52,230 --> 00:20:49,200

it up tonight if not

577

00:20:54,710 --> 00:20:52,240

tomorrow uh i'm ready to go

578

00:20:55,909 --> 00:20:54,720

i've i've got everything set up i know

579

00:20:56,470 --> 00:20:55,919

how to edit it and all that kind of

580

00:20:58,870 --> 00:20:56,480

stuff

581

00:21:05,430 --> 00:20:58,880

so i'll get it up is that i'm not going

582

00:21:08,950 --> 00:21:08,310

less is more clean reasonably well

583

00:21:10,870 --> 00:21:08,960

produced

584

00:21:12,230 --> 00:21:10,880

but i'm not going to try to out fancy

585

00:21:14,870 --> 00:21:12,240

anybody it's all

586

00:21:16,549 --> 00:21:14,880

going to be about content and over time

587

00:21:18,870 --> 00:21:16,559

i'll probably get a little better at it

588

00:21:20,310 --> 00:21:18,880

uh work in some yep slide shows that

589

00:21:22,870 --> 00:21:20,320

that doesn't that does happen

590

00:21:23,510 --> 00:21:22,880

yeah you do you do learn along i'd like

591

00:21:25,110 --> 00:21:23,520

to do that

592

00:21:27,350 --> 00:21:25,120

let's let's try that next time around

593

00:21:28,870 --> 00:21:27,360

yep but that is part of the game

594

00:21:31,190 --> 00:21:28,880

and uh you know at least for me it's

595

00:21:31,669 --> 00:21:31,200

been a really fun process it really has

596

00:21:33,750 --> 00:21:31,679

so i

597

00:21:35,029 --> 00:21:33,760

i think you're going to enjoy it yeah i

598

00:21:37,830 --> 00:21:35,039

think it's the way to go

599

00:21:39,590 --> 00:21:37,840

yeah yeah you're definitely if i enjoy

600

00:21:41,270 --> 00:21:39,600

it as much as all these teenagers are

601
00:21:43,750 --> 00:21:41,280
enjoying their tick tock videos

602
00:21:45,270 --> 00:21:43,760
there you go there you go the only i

603
00:21:47,029 --> 00:21:45,280
guess the only downside is you won't be

604
00:21:48,310 --> 00:21:47,039
able to do as many guest appearances on

605
00:21:51,590 --> 00:21:48,320
other podcasts

606
00:21:53,830 --> 00:21:51,600
oh no no no no my job is to do that

607
00:21:55,350 --> 00:21:53,840
there is no microphone or camera i'm not

608
00:21:56,870 --> 00:21:55,360
wanting to get in front of so i have no

609
00:21:58,710 --> 00:21:56,880
fear that will not stop and

610
00:22:00,390 --> 00:21:58,720
you were talking about trying to line up

611
00:22:01,190 --> 00:22:00,400
some people who don't normally do these

612
00:22:03,110 --> 00:22:01,200
types of shows

613
00:22:05,350 --> 00:22:03,120

i did see within the last couple of

614

00:22:08,230 --> 00:22:05,360

weeks uh professor avi loeb

615

00:22:09,430 --> 00:22:08,240

uh who is a uh an astrophysicist at

616

00:22:11,590 --> 00:22:09,440

harvard who

617

00:22:16,230 --> 00:22:11,600

really believes that that or at least

618

00:22:19,990 --> 00:22:18,230

object that floated around earth a

619

00:22:22,149 --> 00:22:20,000

couple of years back was in fact

620

00:22:23,430 --> 00:22:22,159

an alien probe he's going on record and

621

00:22:25,270 --> 00:22:23,440

he's saying that he's

622

00:22:26,710 --> 00:22:25,280

actually doing a couple of ufo

623

00:22:28,070 --> 00:22:26,720

interviews and i'm toyed with the idea

624

00:22:29,830 --> 00:22:28,080

of asking him myself and

625

00:22:31,990 --> 00:22:29,840

probably should follow up and try to get

626

00:22:34,310 --> 00:22:32,000

him on that uh that isn't

627

00:22:36,630 --> 00:22:34,320

that is uh actually uh even though it's

628

00:22:38,549 --> 00:22:36,640

not directly ufo related well

629

00:22:40,630 --> 00:22:38,559

i mean it kind of is and so there is

630

00:22:42,070 --> 00:22:40,640

some disagreement uh that is an

631

00:22:43,590 --> 00:22:42,080

interesting development that's happened

632

00:22:44,549 --> 00:22:43,600

over the last couple weeks he's got this

633

00:22:46,149 --> 00:22:44,559

book out now

634

00:22:47,830 --> 00:22:46,159

and he's out there you know he's out

635

00:22:49,750 --> 00:22:47,840

there uh flogging it

636

00:22:52,830 --> 00:22:49,760

trying to get it going and he's making

637

00:22:56,390 --> 00:22:52,840

that claim it's a bold claim steve

638

00:22:58,230 --> 00:22:56,400

yeah avi avi loeb dr avi loeb

639

00:22:59,909 --> 00:22:58,240

i believe is the head of the astronomy

640

00:23:03,590 --> 00:22:59,919

department at carbon

641

00:23:05,430 --> 00:23:03,600

uh saw the writing on the wall

642

00:23:07,190 --> 00:23:05,440

read the articles in the new york times

643

00:23:08,870 --> 00:23:07,200

and watched what was going on and

644

00:23:10,230 --> 00:23:08,880

decided it was time to get on board the

645

00:23:12,870 --> 00:23:10,240

disclosure train

646

00:23:14,470 --> 00:23:12,880

okay and uh he's not the only one you're

647

00:23:17,510 --> 00:23:14,480

seeing this

648

00:23:19,190 --> 00:23:17,520

a lot uh totally understandable no

649

00:23:21,590 --> 00:23:19,200

criticism intended

650

00:23:23,110 --> 00:23:21,600

uh but i assure you ten years ago he

651
00:23:25,029 --> 00:23:23,120
wouldn't have dared

652
00:23:28,310 --> 00:23:25,039
take this move now the route that he

653
00:23:31,750 --> 00:23:28,320
took was intriguing to me a little bit

654
00:23:34,630 --> 00:23:31,760
safe just by and large is safe

655
00:23:37,669 --> 00:23:34,640
so he decided that um whoever can

656
00:23:40,710 --> 00:23:37,679
pronounce this

657
00:23:43,190 --> 00:23:40,720
um how do you pronounce it again frank

658
00:23:43,830 --> 00:23:43,200
more more i think that sounds i don't

659
00:23:46,950 --> 00:23:43,840
think that's pretty

660
00:23:48,870 --> 00:23:46,960
hell i'll go with it whatever that uh it

661
00:23:50,149 --> 00:23:48,880
seems like it has a characteristic that

662
00:23:52,070 --> 00:23:50,159
means it's not a natural

663
00:23:53,830 --> 00:23:52,080

rock and it could be a space probe well

664

00:23:56,310 --> 00:23:53,840

this is a fairly safe play

665

00:23:57,990 --> 00:23:56,320

right i don't i don't think it is i

666

00:24:01,350 --> 00:23:58,000

think it's a rock i don't think there is

667

00:24:03,990 --> 00:24:01,360

evidence to even remotely be convincing

668

00:24:04,630 --> 00:24:04,000

that this is a quote probe from outer

669

00:24:07,590 --> 00:24:04,640

space

670

00:24:09,190 --> 00:24:07,600

but it's enough of a hook that he could

671

00:24:09,909 --> 00:24:09,200

he could get on board the train and he

672

00:24:13,590 --> 00:24:09,919

has

673

00:24:16,070 --> 00:24:13,600

it as far as i know

674

00:24:17,590 --> 00:24:16,080

uh unlike john mack who's they tried to

675

00:24:21,110 --> 00:24:17,600

run him out of harvard

676
00:24:21,590 --> 00:24:21,120
with a with a committee uh or rather a

677
00:24:24,470 --> 00:24:21,600
general

678
00:24:26,549 --> 00:24:24,480
what they call it investigation his work

679
00:24:28,390 --> 00:24:26,559
was a little less safe though

680
00:24:30,070 --> 00:24:28,400
i'm sorry his work was a little less

681
00:24:33,590 --> 00:24:30,080
safe though

682
00:24:36,789 --> 00:24:33,600
a little safe but also very early 1992

683
00:24:37,909 --> 00:24:36,799
93 but not abby so avi is on a safe play

684
00:24:39,590 --> 00:24:37,919
he's getting i'm good you're going to

685
00:24:41,990 --> 00:24:39,600
see a lot more people finding

686
00:24:44,310 --> 00:24:42,000
some way to get up on the stage because

687
00:24:46,390 --> 00:24:44,320
they know the play is about to begin

688
00:24:48,070 --> 00:24:46,400

and that's great i'm glad to see him

689

00:24:48,630 --> 00:24:48,080

wish they'd maybe gotten there a little

690

00:24:50,710 --> 00:24:48,640

sooner

691

00:24:52,470 --> 00:24:50,720

but that's all right uh and that's just

692

00:24:55,269 --> 00:24:52,480

one example of many

693

00:24:57,430 --> 00:24:55,279

uh that indicates that something big is

694

00:24:59,669 --> 00:24:57,440

going down and as you know from

695

00:25:01,029 --> 00:24:59,679

interviews we've already had frank i'm

696

00:25:03,909 --> 00:25:01,039

pretty convinced something big

697

00:25:04,390 --> 00:25:03,919

is going down and uh yeah before we move

698

00:25:09,190 --> 00:25:04,400

on

699

00:25:10,470 --> 00:25:09,200

news that uh yuri milner's breakthrough

700

00:25:13,190 --> 00:25:10,480

listen program

701
00:25:14,310 --> 00:25:13,200
has discovered what they think is a very

702
00:25:17,590 --> 00:25:14,320
narrow band

703
00:25:19,909 --> 00:25:17,600
radio signal from proxima centauri

704
00:25:21,590 --> 00:25:19,919
right around the corner the closest star

705
00:25:26,870 --> 00:25:21,600
system to us

706
00:25:32,470 --> 00:25:30,070
the seti programs on occasion have heard

707
00:25:34,470 --> 00:25:32,480
a little something and got on it the wow

708
00:25:36,870 --> 00:25:34,480
signal and so forth

709
00:25:39,190 --> 00:25:36,880
of all the people who need to get on the

710
00:25:42,470 --> 00:25:39,200
train the disclosure train

711
00:25:47,430 --> 00:25:42,480
the seti world has got probably

712
00:25:52,870 --> 00:25:51,190
so if you if you anyone is watching

713
00:25:55,269 --> 00:25:52,880

what's going on and realizing we may

714

00:25:58,710 --> 00:25:55,279

very well be headed for disclosure

715

00:26:00,230 --> 00:25:58,720

and you've been part of a a scientific

716

00:26:03,269 --> 00:26:00,240

endeavor

717

00:26:08,310 --> 00:26:03,279

that for uh

718

00:26:10,390 --> 00:26:08,320

60 years going back to 1960

719

00:26:12,789 --> 00:26:10,400

has been looking for extraterrestrial

720

00:26:15,909 --> 00:26:12,799

signals with no

721

00:26:17,430 --> 00:26:15,919

no results while spending hundreds of

722

00:26:21,750 --> 00:26:17,440

millions of dollars

723

00:26:25,669 --> 00:26:23,909

essentially acting as kind of a front

724

00:26:27,430 --> 00:26:25,679

for the truth embargo

725

00:26:29,190 --> 00:26:27,440

in the sense that we're looking for ets

726

00:26:30,870 --> 00:26:29,200

what's your problem

727

00:26:32,549 --> 00:26:30,880

right all that other stuff you you claim

728

00:26:33,750 --> 00:26:32,559

to be seeing there's nothing there

729

00:26:35,990 --> 00:26:33,760

it's all going to be out there in

730

00:26:38,070 --> 00:26:36,000

signals if you're a yuri milner and you

731

00:26:40,549 --> 00:26:38,080

invested 100 million dollars

732

00:26:41,430 --> 00:26:40,559

supposedly that's what they reported in

733

00:26:44,710 --> 00:26:41,440

quote

734

00:26:48,230 --> 00:26:44,720

looking for these signals boy you want

735

00:26:52,549 --> 00:26:50,710

right and if you don't find one you want

736

00:26:54,789 --> 00:26:52,559

to say you found one because that gives

737

00:26:56,789 --> 00:26:54,799

you a hook to the issue

738

00:26:58,470 --> 00:26:56,799

and you can get on board the disclosure

739

00:27:00,230 --> 00:26:58,480

train

740

00:27:01,990 --> 00:27:00,240

but when the hearings come and the

741

00:27:03,750 --> 00:27:02,000

witnesses start testifying

742

00:27:05,350 --> 00:27:03,760

to the kinds of things that we've been

743

00:27:09,029 --> 00:27:05,360

hearing from witnesses

744

00:27:12,070 --> 00:27:09,039

for almost two years now uh regarding

745

00:27:13,510 --> 00:27:12,080

obviously the the to the stars events uh

746

00:27:16,710 --> 00:27:13,520

to the stars of uh

747

00:27:17,750 --> 00:27:16,720

of uh um the two of the stars academy of

748

00:27:19,110 --> 00:27:17,760

arts and sciences and the

749

00:27:20,310 --> 00:27:19,120

and the articles in the new york times

750

00:27:22,549 --> 00:27:20,320

and the witness testimony from the

751

00:27:24,070 --> 00:27:22,559

pilots if you've been watching that

752

00:27:25,430 --> 00:27:24,080

and you realize hearings are come where

753

00:27:27,590 --> 00:27:25,440

that testimony is going to be given to

754

00:27:30,710 --> 00:27:27,600

congress under oath

755

00:27:34,389 --> 00:27:30,720

not about signals from alpha centauri

756

00:27:37,510 --> 00:27:34,399

but about e.t craft in our sky right now

757

00:27:37,830 --> 00:27:37,520

you want to giddy up right i get in

758

00:27:41,830 --> 00:27:37,840

there

759

00:27:44,230 --> 00:27:41,840

right and so uh uh am i impressed

760

00:27:45,510 --> 00:27:44,240

no do i think yuri milner threw his

761

00:27:48,870 --> 00:27:45,520

money down the toilet

762

00:27:49,430 --> 00:27:48,880

yes uh would it be great if he'd get on

763

00:27:51,669 --> 00:27:49,440

board the

764

00:27:53,190 --> 00:27:51,679

the activism right now and provide help

765

00:27:54,870 --> 00:27:53,200

provide funds so that we can

766

00:27:56,389 --> 00:27:54,880

ensure that the public's interests are

767

00:27:58,230 --> 00:27:56,399

served by this process

768

00:27:59,990 --> 00:27:58,240

that would be nice do i expect that not

769

00:28:03,269 --> 00:28:00,000

a chance

770

00:28:08,389 --> 00:28:03,279

so yeah uh that's my thoughts on that uh

771

00:28:11,990 --> 00:28:09,990

what what history is going to write

772

00:28:13,590 --> 00:28:12,000

about seti

773

00:28:16,549 --> 00:28:13,600

is not something i would ever want to

774

00:28:18,710 --> 00:28:16,559

have to read if i was in city

775

00:28:20,149 --> 00:28:18,720

uh it's not going to be pretty it's

776

00:28:21,990 --> 00:28:20,159

going to be very ugly

777

00:28:23,909 --> 00:28:22,000

and it's going to be a stain on the

778

00:28:26,870 --> 00:28:23,919

scientific community

779

00:28:27,590 --> 00:28:26,880

for a long time well don't you think

780

00:28:30,230 --> 00:28:27,600

that that

781

00:28:31,430 --> 00:28:30,240

is really most about i mean this city is

782

00:28:34,389 --> 00:28:31,440

a lot more

783

00:28:36,549 --> 00:28:34,399

than the the the city.org that's uh

784

00:28:38,789 --> 00:28:36,559

located here in the states i mean it's a

785

00:28:40,630 --> 00:28:38,799

it's a it's a branch of study in the in

786

00:28:42,230 --> 00:28:40,640

astronomy uh

787

00:28:44,149 --> 00:28:42,240

no seti is about searching for

788

00:28:45,669 --> 00:28:44,159

extraterrestrial life right it's not

789

00:28:47,590 --> 00:28:45,679

about searching for extraterrestrial

790

00:28:50,149 --> 00:28:47,600

planets that's being handled by

791

00:28:50,950 --> 00:28:50,159

nasa and right and jpl and they haven't

792

00:28:52,389 --> 00:28:50,960

done any of that

793

00:28:54,470 --> 00:28:52,399

they have built a lot of radio

794

00:28:57,350 --> 00:28:54,480

telescopes which i imagine

795

00:28:58,149 --> 00:28:57,360

some of them were were rented out the is

796

00:28:59,909 --> 00:28:58,159

doing other things

797

00:29:01,430 --> 00:28:59,919

which is what you do you could be if you

798

00:29:03,110 --> 00:29:01,440

have down time you rent it you get time

799

00:29:05,269 --> 00:29:03,120

on it right they've provided that but

800

00:29:07,269 --> 00:29:05,279

let's be clear

801
00:29:08,470 --> 00:29:07,279
it has been the search for

802
00:29:11,590 --> 00:29:08,480
extraterrestrial

803
00:29:13,590 --> 00:29:11,600
signals since 1958

804
00:29:16,710 --> 00:29:13,600
and the and the government knew about

805
00:29:19,190 --> 00:29:16,720
the extraterrestrial presence in 1947

806
00:29:20,710 --> 00:29:19,200
and i guarantee you some of the original

807
00:29:22,549 --> 00:29:20,720
founders of seti knew there was an

808
00:29:23,750 --> 00:29:22,559
extraterrestrial presence

809
00:29:25,110 --> 00:29:23,760
some of the scientists that have worked

810
00:29:26,710 --> 00:29:25,120
for it since have known there's an

811
00:29:28,310 --> 00:29:26,720
extraterrestrial presence

812
00:29:29,830 --> 00:29:28,320
but talking about that was not going to

813
00:29:32,470 --> 00:29:29,840

get them a paycheck

814

00:29:33,909 --> 00:29:32,480

from nasa or the government or private

815

00:29:36,870 --> 00:29:33,919

funders

816

00:29:38,389 --> 00:29:36,880

because that issue was still embargoed

817

00:29:42,310 --> 00:29:38,399

that's cowardice

818

00:29:45,669 --> 00:29:42,320

misrepresentation and scientific fraud

819

00:29:47,190 --> 00:29:45,679

so hey my empathies are with the

820

00:29:47,990 --> 00:29:47,200

scientists that came forward on this

821

00:29:50,230 --> 00:29:48,000

issue when they

822

00:29:51,990 --> 00:29:50,240

knew it was going to cost them not the

823

00:29:52,630 --> 00:29:52,000

scientists that collected paychecks in

824

00:29:56,549 --> 00:29:52,640

order to play

825

00:29:59,029 --> 00:29:56,559

games with science and misrepresent it

826

00:29:59,830 --> 00:29:59,039

uh and misrepresent to funders i'm sure

827

00:30:02,149 --> 00:29:59,840

milner was

828

00:30:04,549 --> 00:30:02,159

was was given a whole bill of goods

829

00:30:07,750 --> 00:30:04,559

right and convinced wow i'm gonna put

830

00:30:10,310 --> 00:30:07,760

tons of money into this well

831

00:30:10,870 --> 00:30:10,320

he was conned and his money went down

832

00:30:13,029 --> 00:30:10,880

the drain

833

00:30:14,549 --> 00:30:13,039

so i have no sympathies frank none there

834

00:30:17,750 --> 00:30:14,559

is no sympathy

835

00:30:19,269 --> 00:30:17,760

at all so you don't think that uh that

836

00:30:20,789 --> 00:30:19,279

type of thing that the ex

837

00:30:23,029 --> 00:30:20,799

the exoplanet hunting you're separating

838

00:30:25,510 --> 00:30:23,039

those out yeah

839

00:30:26,389 --> 00:30:25,520

yeah yeah i love the exoplanet stuff

840

00:30:29,029 --> 00:30:26,399

that work

841

00:30:30,389 --> 00:30:29,039

has done more to really galvanize a

842

00:30:33,029 --> 00:30:30,399

large portion of the public to the

843

00:30:36,630 --> 00:30:33,039

reality we're not alone in this universe

844

00:30:37,269 --> 00:30:36,640

but understand well before those planets

845

00:30:39,350 --> 00:30:37,279

were

846

00:30:41,029 --> 00:30:39,360

being quote chronicled by the various

847

00:30:43,510 --> 00:30:41,039

telescopes

848

00:30:45,190 --> 00:30:43,520

plenty of knowledgeable scientists had

849

00:30:46,710 --> 00:30:45,200

already arrived at the conclusion that

850

00:30:50,470 --> 00:30:46,720

absolutely

851

00:30:51,750 --> 00:30:50,480

this the galaxy is filled with planets

852

00:30:54,549 --> 00:30:51,760

but you know they didn't get a lot of

853

00:30:55,110 --> 00:30:54,559

attention why because if the galaxy is

854

00:30:56,549 --> 00:30:55,120

filled with

855

00:30:58,549 --> 00:30:56,559

planets and there's a good chance that

856

00:31:00,149 --> 00:30:58,559

galaxy is filled with life and if it's

857

00:31:01,110 --> 00:31:00,159

filled with life it may be filled with

858

00:31:02,789 --> 00:31:01,120

sentient life

859

00:31:04,630 --> 00:31:02,799

and if their sentient life they could be

860

00:31:06,470 --> 00:31:04,640

advanced and they could have starships

861

00:31:08,230 --> 00:31:06,480

and that would bring us to the e.t issue

862

00:31:09,509 --> 00:31:08,240

and you're not allowed to talk about

863

00:31:12,630 --> 00:31:09,519

that

864

00:31:13,990 --> 00:31:12,640

it's embargoed shut your mouth or we'll

865

00:31:17,110 --> 00:31:14,000

take your paycheck

866

00:31:20,470 --> 00:31:17,120

right so

867

00:31:21,990 --> 00:31:20,480

even the the scientific work

868

00:31:23,669 --> 00:31:22,000

that have have brought forward these

869

00:31:25,350 --> 00:31:23,679

exoplanets and really

870

00:31:27,029 --> 00:31:25,360

uh provided a census of the universe

871

00:31:29,830 --> 00:31:27,039

it's profound

872

00:31:30,870 --> 00:31:29,840

let me put it this way their attitude

873

00:31:33,990 --> 00:31:30,880

and what they will say

874

00:31:34,870 --> 00:31:34,000

is well until we actually saw those

875

00:31:38,149 --> 00:31:34,880

planets

876

00:31:39,990 --> 00:31:38,159

on our uh uh screening

877

00:31:41,750 --> 00:31:40,000

right of these various solar systems

878

00:31:43,590 --> 00:31:41,760

using the advanced techniques

879

00:31:45,029 --> 00:31:43,600

that showed there was a planet there

880

00:31:47,750 --> 00:31:45,039

until we actually

881

00:31:49,509 --> 00:31:47,760

saw that hard evidence we just couldn't

882

00:31:51,430 --> 00:31:49,519

really talk about

883

00:31:53,110 --> 00:31:51,440

the fact there could be a lot of planets

884

00:31:54,710 --> 00:31:53,120

i think one scientist not too long ago

885

00:31:55,990 --> 00:31:54,720

about 15 years ago wrote a book called

886

00:31:58,950 --> 00:31:56,000

rare earth

887

00:32:00,630 --> 00:31:58,960

making the case about how we are really

888

00:32:02,549 --> 00:32:00,640

rare in this universe

889

00:32:04,630 --> 00:32:02,559

but that's how science sort of works

890

00:32:06,310 --> 00:32:04,640

they they don't go out on limbs

891

00:32:07,909 --> 00:32:06,320

they might speculate a little bit and

892

00:32:10,070 --> 00:32:07,919

talk in terms of uh

893

00:32:11,990 --> 00:32:10,080

probabilities there's a high probability

894

00:32:13,750 --> 00:32:12,000

of this a low probability of that

895

00:32:15,430 --> 00:32:13,760

that that's how science works on every

896

00:32:16,630 --> 00:32:15,440

field those students no that's not how

897

00:32:19,509 --> 00:32:16,640

science okay

898

00:32:21,830 --> 00:32:19,519

let's talk about atomic physics well

899

00:32:23,750 --> 00:32:21,840

before we actually saw a proton

900

00:32:24,870 --> 00:32:23,760

there were plenty of science saying

901
00:32:34,149 --> 00:32:24,880
there

902
00:32:35,590 --> 00:32:34,159
and they were theorizing about and

903
00:32:36,710 --> 00:32:35,600
talking about it and putting it into

904
00:32:39,029 --> 00:32:36,720
play

905
00:32:41,669 --> 00:32:39,039
which is appropriate all right and then

906
00:32:42,950 --> 00:32:41,679
eventually we discovered those particles

907
00:32:44,789 --> 00:32:42,960
what i'm trying but you see the

908
00:32:46,230 --> 00:32:44,799
government didn't intervene the

909
00:32:48,310 --> 00:32:46,240
government didn't come into the people

910
00:32:49,750 --> 00:32:48,320
that are trying to theorize about

911
00:32:52,389 --> 00:32:49,760
the fact that there may be protons and

912
00:32:54,470 --> 00:32:52,399
electrons and say that's embargoed

913
00:32:56,870 --> 00:32:54,480

uh you can't talk about that national

914

00:32:59,990 --> 00:32:56,880

security don't have a right to know

915

00:33:01,990 --> 00:33:00,000

no on this issue that's what happened

916

00:33:03,430 --> 00:33:02,000

and that's not the way science works

917

00:33:05,110 --> 00:33:03,440

science is not supposed to say look

918

00:33:06,470 --> 00:33:05,120

we're theorizing this is happening oh no

919

00:33:08,789 --> 00:33:06,480

the government says we can't go there

920

00:33:11,430 --> 00:33:08,799

okay i'll shut up

921

00:33:12,549 --> 00:33:11,440

no that's not how science works frank uh

922

00:33:13,990 --> 00:33:12,559

and so in this case

923

00:33:16,149 --> 00:33:14,000

one of the reasons that truth embargo

924

00:33:17,430 --> 00:33:16,159

needs to take place is so we can fix

925

00:33:19,110 --> 00:33:17,440

that

926
00:33:21,430 --> 00:33:19,120
so i don't want the government

927
00:33:24,070 --> 00:33:21,440
intervening in massively important

928
00:33:24,950 --> 00:33:24,080
theoretical science and science for

929
00:33:27,190 --> 00:33:24,960
political

930
00:33:28,630 --> 00:33:27,200
reasons now it's happened in the with

931
00:33:31,430 --> 00:33:28,640
the nazis has happened

932
00:33:33,029 --> 00:33:31,440
with uh with a number of societies over

933
00:33:34,710 --> 00:33:33,039
the years we get that

934
00:33:36,870 --> 00:33:34,720
they've killed scientists burning by the

935
00:33:38,630 --> 00:33:36,880
stake in all of that america is supposed

936
00:33:41,830 --> 00:33:38,640
to be better than that

937
00:33:46,310 --> 00:33:41,840
shining city on the hill right

938
00:33:49,430 --> 00:33:46,320

right the uh uh the special nation

939

00:33:51,269 --> 00:33:49,440

so we have to stop that we want a free

940

00:33:51,669 --> 00:33:51,279

scientific community not interfered with

941

00:33:55,269 --> 00:33:51,679

by

942

00:33:57,509 --> 00:33:55,279

stupid politicians well i say stupid

943

00:33:59,990 --> 00:33:57,519

look the embargo of the e.t issue was

944

00:34:02,710 --> 00:34:00,000

for national security reasons

945

00:34:04,470 --> 00:34:02,720

and there was a nuclear standoff going

946

00:34:06,950 --> 00:34:04,480

on so

947

00:34:09,109 --> 00:34:06,960

let's just say that it wasn't all

948

00:34:12,389 --> 00:34:09,119

stupidity some of it was

949

00:34:15,589 --> 00:34:12,399

a a realistic concern

950

00:34:18,710 --> 00:34:15,599

that the et issues emergence was

951
00:34:20,710 --> 00:34:18,720
poorly timed that if it wasn't for the

952
00:34:22,310 --> 00:34:20,720
nuclear standoff and the existential

953
00:34:23,829 --> 00:34:22,320
threat to all of humanity

954
00:34:26,310 --> 00:34:23,839
we might have been more open about that

955
00:34:27,750 --> 00:34:26,320
so let me let me back off a little bit

956
00:34:29,430 --> 00:34:27,760
since the cold war ended though

957
00:34:30,550 --> 00:34:29,440
stupidity has become a little bit more

958
00:34:32,069 --> 00:34:30,560
prevalent

959
00:34:33,589 --> 00:34:32,079
national security a little less

960
00:34:35,990 --> 00:34:33,599
appropriate

961
00:34:37,990 --> 00:34:36,000
so yeah uh but you know i have hearts i

962
00:34:39,190 --> 00:34:38,000
believe i have hard views about this

963
00:34:39,829 --> 00:34:39,200

right i don't talk about them all the

964

00:34:41,510 --> 00:34:39,839

time

965

00:34:42,950 --> 00:34:41,520

but they will be discussed and they'll

966

00:34:45,510 --> 00:34:42,960

be discussed by me but

967

00:34:46,950 --> 00:34:45,520

right now i'm more interested in getting

968

00:34:48,629 --> 00:34:46,960

the job done i'm more interested in

969

00:34:51,109 --> 00:34:48,639

helping

970

00:34:52,710 --> 00:34:51,119

end this truth embargo get this

971

00:34:55,349 --> 00:34:52,720

confirmation out

972

00:34:56,470 --> 00:34:55,359

so that the world can decide how they

973

00:34:58,150 --> 00:34:56,480

want to act

974

00:35:00,230 --> 00:34:58,160

what kind of policies they want to have

975

00:35:02,870 --> 00:35:00,240

what kind of science they want to pursue

976
00:35:04,390 --> 00:35:02,880
in an era when they know not only that

977
00:35:06,950 --> 00:35:04,400
they're not alone in the universe but

978
00:35:10,790 --> 00:35:06,960
advanced technology civilizations

979
00:35:15,349 --> 00:35:13,829
and uh yeah before we move on and i i do

980
00:35:16,790 --> 00:35:15,359
we spend a lot of time on the science

981
00:35:17,990 --> 00:35:16,800
but that's good because it doesn't get

982
00:35:19,670 --> 00:35:18,000
discussed that much

983
00:35:21,109 --> 00:35:19,680
another paper that recently came out

984
00:35:24,310 --> 00:35:21,119
that was co-authored by

985
00:35:26,710 --> 00:35:24,320
a nasa scientist and unfortunately

986
00:35:29,109 --> 00:35:26,720
his name is not on the tip of my tongue

987
00:35:30,710 --> 00:35:29,119
but he was the co-author of this study

988
00:35:32,630 --> 00:35:30,720

uh what they've done is actually uh

989

00:35:35,670 --> 00:35:32,640

built a a model

990

00:35:36,230 --> 00:35:35,680

to try to figure out where uh these

991

00:35:38,069 --> 00:35:36,240

advanced

992

00:35:39,270 --> 00:35:38,079

extraterrestrial civilizations are

993

00:35:41,510 --> 00:35:39,280

actually located

994

00:35:42,390 --> 00:35:41,520

uh the main point from the paper was

995

00:35:44,950 --> 00:35:42,400

that

996

00:35:45,990 --> 00:35:44,960

he they think uh based on the models

997

00:35:47,910 --> 00:35:46,000

that they put together

998

00:35:50,230 --> 00:35:47,920

uh that these civilizations are most

999

00:35:50,790 --> 00:35:50,240

likely much closer to the galactic

1000

00:35:53,829 --> 00:35:50,800

center

1001

00:35:55,990 --> 00:35:53,839

we're about 25 000 light years out and

1002

00:35:58,230 --> 00:35:56,000

uh the estimate from this particular

1003

00:36:00,870 --> 00:35:58,240

model is they're more along the lines of

1004

00:36:01,510 --> 00:36:00,880

you know maybe uh seven to nine thousand

1005

00:36:03,510 --> 00:36:01,520

uh uh

1006

00:36:05,430 --> 00:36:03,520

uh light years uh from the galactic

1007

00:36:06,310 --> 00:36:05,440

center uh an interesting paper uh

1008

00:36:08,310 --> 00:36:06,320

obviously

1009

00:36:10,150 --> 00:36:08,320

they're just uh theoretical models uh

1010

00:36:10,950 --> 00:36:10,160

but again uh these kind of papers are

1011

00:36:13,910 --> 00:36:10,960

being written

1012

00:36:14,710 --> 00:36:13,920

and uh i think it's a huge step in the

1013

00:36:17,829 --> 00:36:14,720

right direction

1014

00:36:19,349 --> 00:36:17,839

and uh it's not hurting us uh not by any

1015

00:36:20,870 --> 00:36:19,359

stretch of the imagination

1016

00:36:23,190 --> 00:36:20,880

and these scholars that are writing this

1017

00:36:26,069 --> 00:36:23,200

paper that's their way

1018

00:36:26,870 --> 00:36:26,079

of getting on board the train something

1019

00:36:28,470 --> 00:36:26,880

anything

1020

00:36:29,910 --> 00:36:28,480

right if you know the biggest event in

1021

00:36:31,750 --> 00:36:29,920

human history with probably the most

1022

00:36:33,510 --> 00:36:31,760

profound scientific implications of any

1023

00:36:36,069 --> 00:36:33,520

of that human history is coming

1024

00:36:36,710 --> 00:36:36,079

and you're a scientist even remotely

1025

00:36:38,630 --> 00:36:36,720

connected

1026
00:36:40,790 --> 00:36:38,640
but certainly in astronomy astrophysics

1027
00:36:41,510 --> 00:36:40,800
and so forth but even astrobiology and

1028
00:36:42,950 --> 00:36:41,520
so forth

1029
00:36:44,870 --> 00:36:42,960
and you just kind of figure this is

1030
00:36:46,390 --> 00:36:44,880
coming you're not going to necessarily

1031
00:36:46,790 --> 00:36:46,400
run out in the street and start yelling

1032
00:36:49,030 --> 00:36:46,800
yeah

1033
00:36:50,310 --> 00:36:49,040
disclosure is coming but because

1034
00:36:51,910 --> 00:36:50,320
nobody's going to listen to you but

1035
00:36:53,670 --> 00:36:51,920
but you're going to certainly think how

1036
00:36:55,829 --> 00:36:53,680
can i get on this train

1037
00:36:56,710 --> 00:36:55,839
how can i be part of this event what can

1038
00:36:58,790 --> 00:36:56,720

i do

1039

00:37:00,630 --> 00:36:58,800

right and if you've never done anything

1040

00:37:03,430 --> 00:37:00,640

before it's a little tough but

1041

00:37:04,790 --> 00:37:03,440

everyone is searching how what can i say

1042

00:37:07,030 --> 00:37:04,800

what can i do

1043

00:37:10,069 --> 00:37:07,040

that hooks me to what's coming down and

1044

00:37:13,109 --> 00:37:10,079

that's great i love it

1045

00:37:15,030 --> 00:37:13,119

i love it too and let's face it let's

1046

00:37:16,870 --> 00:37:15,040

say if uh for whatever reason

1047

00:37:18,870 --> 00:37:16,880

uh this uh pentagon report that's uh

1048

00:37:21,109 --> 00:37:18,880

supposed to uh become public in

1049

00:37:23,190 --> 00:37:21,119

roughly six months or so uh comes out

1050

00:37:24,390 --> 00:37:23,200

and says yeah there's at least a uh

1051

00:37:26,630 --> 00:37:24,400

we think there's at least the

1052

00:37:29,030 --> 00:37:26,640

possibility or let's say that they uh

1053

00:37:30,550 --> 00:37:29,040

they they say uh we think uh these are

1054

00:37:31,910 --> 00:37:30,560

some of these ufos or e.t

1055

00:37:33,430 --> 00:37:31,920

let's say they come out and say that

1056

00:37:35,270 --> 00:37:33,440

well that's going to raise a lot more

1057

00:37:38,790 --> 00:37:35,280

questions than it's going to answer

1058

00:37:40,630 --> 00:37:38,800

because well

1059

00:37:42,390 --> 00:37:40,640

yeah but here's what i believe is going

1060

00:37:44,950 --> 00:37:42,400

to happen right

1061

00:37:46,550 --> 00:37:44,960

uh we're i think the stage is set for

1062

00:37:47,510 --> 00:37:46,560

hearings and i think we could have them

1063

00:37:49,510 --> 00:37:47,520

very quickly

1064

00:37:50,550 --> 00:37:49,520

we should you would you had mentioned

1065

00:37:51,349 --> 00:37:50,560

that and that was the next thing i

1066

00:37:53,510 --> 00:37:51,359

wanted to jump to

1067

00:37:54,470 --> 00:37:53,520

so let's talk about the hearings i i

1068

00:37:58,870 --> 00:37:54,480

invite everybody

1069

00:38:03,510 --> 00:37:58,880

um once the inauguration is over

1070

00:38:06,390 --> 00:38:03,520

and uh the street warfare is over

1071

00:38:07,030 --> 00:38:06,400

and things get a little back to normal

1072

00:38:09,829 --> 00:38:07,040

watch

1073

00:38:11,510 --> 00:38:09,839

the news very carefully and most people

1074

00:38:15,190 --> 00:38:11,520

are

1075

00:38:16,310 --> 00:38:15,200

for anything that sort of pokes at the

1076

00:38:17,910 --> 00:38:16,320

idea of hearings

1077

00:38:19,349 --> 00:38:17,920

watch it because it can come up very

1078

00:38:23,030 --> 00:38:19,359

very quickly

1079

00:38:26,630 --> 00:38:23,040

so what i think is going should happen

1080

00:38:28,230 --> 00:38:26,640

is that the witnesses are ready

1081

00:38:30,710 --> 00:38:28,240

members of congress key members of

1082

00:38:33,270 --> 00:38:30,720

congress have been briefed

1083

00:38:35,670 --> 00:38:33,280

and and then in the next administration

1084

00:38:36,790 --> 00:38:35,680

things are going to be a lot more stable

1085

00:38:39,829 --> 00:38:36,800

and a lot of things are going to be

1086

00:38:41,589 --> 00:38:39,839

pushed off to the side to be handled by

1087

00:38:43,829 --> 00:38:41,599

other parts of the government or

1088

00:38:46,390 --> 00:38:43,839

whatever uh

1089

00:38:48,069 --> 00:38:46,400

so hearings in which these witnesses

1090

00:38:49,589 --> 00:38:48,079

come forward

1091

00:38:51,829 --> 00:38:49,599

could take place right away and that

1092

00:38:53,270 --> 00:38:51,839

would begin so we're talking not one day

1093

00:38:55,349 --> 00:38:53,280

we're talking weeks

1094

00:38:57,109 --> 00:38:55,359

we're talking multiple committees senate

1095

00:38:59,109 --> 00:38:57,119

intelligence house intelligence armed

1096

00:39:00,870 --> 00:38:59,119

services and so forth

1097

00:39:02,710 --> 00:39:00,880

and these hearings will be watched by

1098

00:39:04,069 --> 00:39:02,720

hundreds of millions of people you can

1099

00:39:05,589 --> 00:39:04,079

bet on that

1100

00:39:08,390 --> 00:39:05,599

and hundreds of millions people will be

1101
00:39:10,790 --> 00:39:08,400
tuning in and and seeing this evidence

1102
00:39:12,470 --> 00:39:10,800
of many much of which we've already seen

1103
00:39:15,349 --> 00:39:12,480
in other contexts

1104
00:39:16,470 --> 00:39:15,359
uh but under oath in front of real

1105
00:39:19,829 --> 00:39:16,480
members of congress

1106
00:39:21,670 --> 00:39:19,839
in in committee rooms uh and that's

1107
00:39:22,310 --> 00:39:21,680
gonna generate an enormous amount of

1108
00:39:25,750 --> 00:39:22,320
excitement

1109
00:39:28,950 --> 00:39:25,760
now while that is going on

1110
00:39:31,670 --> 00:39:28,960
the reports from the oni office of naval

1111
00:39:33,670 --> 00:39:31,680
intelligence and other agencies

1112
00:39:35,030 --> 00:39:33,680
will start coming in they don't have to

1113
00:39:37,109 --> 00:39:35,040

wait until the deadline

1114

00:39:39,510 --> 00:39:37,119

june 25 or so they can come anytime they

1115

00:39:41,829 --> 00:39:39,520

want and they will bring in information

1116

00:39:44,390 --> 00:39:41,839

it could be drawn right into those

1117

00:39:46,230 --> 00:39:44,400

hearings could be very powerful

1118

00:39:47,589 --> 00:39:46,240

now one of the reasons we need to have

1119

00:39:52,069 --> 00:39:47,599

hearings early on

1120

00:39:54,069 --> 00:39:52,079

is this for 70 years the government has

1121

00:39:56,950 --> 00:39:54,079

been stonewalling on this issue

1122

00:39:58,550 --> 00:39:56,960

refusing to answer foias refusing to

1123

00:40:00,390 --> 00:39:58,560

give information to presidents

1124

00:40:02,310 --> 00:40:00,400

or providing disinformation when they

1125

00:40:05,270 --> 00:40:02,320

thought it would serve the truth embargo

1126

00:40:05,990 --> 00:40:05,280

uh every trick in the book in order to

1127

00:40:09,270 --> 00:40:06,000

not

1128

00:40:11,270 --> 00:40:09,280

put out hard clear

1129

00:40:13,430 --> 00:40:11,280

files and documents and information that

1130

00:40:16,470 --> 00:40:13,440

they have a 70-year track record of this

1131

00:40:18,550 --> 00:40:16,480

and so there's no reason not to think

1132

00:40:19,670 --> 00:40:18,560

that the reports are going to come in

1133

00:40:22,630 --> 00:40:19,680

from the o and i will

1134

00:40:24,150 --> 00:40:22,640

be mush it'll be the usual not

1135

00:40:27,270 --> 00:40:24,160

particularly significant

1136

00:40:29,030 --> 00:40:27,280

uh a whole bunch of things not repo

1137

00:40:31,030 --> 00:40:29,040

not not reported that could be and so

1138

00:40:32,069 --> 00:40:31,040

forth thus leaving that question mark

1139

00:40:34,470 --> 00:40:32,079

hanging in the air

1140

00:40:36,230 --> 00:40:34,480

which if it happened and hearings hadn't

1141

00:40:37,910 --> 00:40:36,240

been take taken place by then

1142

00:40:39,589 --> 00:40:37,920

then it's possible that those within

1143

00:40:41,670 --> 00:40:39,599

congress and others could make the case

1144

00:40:43,589 --> 00:40:41,680

what's the point of having hearings

1145

00:40:46,390 --> 00:40:43,599

there wasn't that it wasn't anything

1146

00:40:48,630 --> 00:40:46,400

absolutely uh confirmatory that we got

1147

00:40:51,430 --> 00:40:48,640

from our wonderful agencies

1148

00:40:52,950 --> 00:40:51,440

right who would never mislead us or hold

1149

00:40:54,230 --> 00:40:52,960

back the truth right

1150

00:40:56,069 --> 00:40:54,240

and blow the whole thing out of the

1151

00:40:57,829 --> 00:40:56,079

water absolutely not

1152

00:41:00,309 --> 00:40:57,839

on the other hand if hearings are taking

1153

00:41:03,030 --> 00:41:00,319

place and this testimony is

1154

00:41:04,790 --> 00:41:03,040

galvanizing people all over the world

1155

00:41:05,990 --> 00:41:04,800

the people inside these agencies are

1156

00:41:08,950 --> 00:41:06,000

going to go

1157

00:41:10,630 --> 00:41:08,960

now we we can't sit this one out uh we

1158

00:41:12,230 --> 00:41:10,640

need to get on board too

1159

00:41:14,150 --> 00:41:12,240

and so let's give them what they want

1160

00:41:16,309 --> 00:41:14,160

let's really provide

1161

00:41:17,190 --> 00:41:16,319

documents that normally they would never

1162

00:41:19,589 --> 00:41:17,200

get to see

1163

00:41:20,950 --> 00:41:19,599

let's bring out stuff that just closes

1164

00:41:24,069 --> 00:41:20,960

the case

1165

00:41:26,390 --> 00:41:24,079

and that way everybody wins

1166

00:41:27,190 --> 00:41:26,400

the committee chairs win the committee

1167

00:41:30,309 --> 00:41:27,200

members win

1168

00:41:32,950 --> 00:41:30,319

both uh democrats and republicans the

1169

00:41:35,750 --> 00:41:32,960

president wins the media wins

1170

00:41:36,950 --> 00:41:35,760

the public winds and the navy and the

1171

00:41:38,870 --> 00:41:36,960

other agencies that

1172

00:41:42,470 --> 00:41:38,880

joined in and provide us information

1173

00:41:45,910 --> 00:41:42,480

they win everybody's on the truth train

1174

00:41:47,270 --> 00:41:45,920

which is what we need i i we don't it's

1175

00:41:48,950 --> 00:41:47,280

not a zero-sum game

1176

00:41:50,630 --> 00:41:48,960

we don't have to have a bunch of losers

1177

00:41:51,670 --> 00:41:50,640

i'm more than happy for this to unfold

1178

00:41:54,309 --> 00:41:51,680

in such a way as

1179

00:41:54,950 --> 00:41:54,319

everybody wins and and and getting

1180

00:41:57,349 --> 00:41:54,960

things done

1181

00:41:58,630 --> 00:41:57,359

in a democracy is about win win win

1182

00:42:00,470 --> 00:41:58,640

that's how you get it done

1183

00:42:02,390 --> 00:42:00,480

if you're constantly creating situations

1184

00:42:03,910 --> 00:42:02,400

where this is what we want and you're

1185

00:42:05,430 --> 00:42:03,920

going to get screwed

1186

00:42:08,390 --> 00:42:05,440

you're going to get stonewall you're

1187

00:42:11,190 --> 00:42:08,400

going to get uh intransigence

1188

00:42:12,150 --> 00:42:11,200

hearings more information from the

1189

00:42:14,309 --> 00:42:12,160

agencies

1190

00:42:15,750 --> 00:42:14,319

under the request from the senate all

1191

00:42:19,190 --> 00:42:15,760

coming together

1192

00:42:21,190 --> 00:42:19,200

february march april may this is done

1193

00:42:22,550 --> 00:42:21,200

and what will happen is the president

1194

00:42:25,190 --> 00:42:22,560

will be in a position

1195

00:42:26,870 --> 00:42:25,200

where he can confirm the e.t presence

1196

00:42:27,829 --> 00:42:26,880

based upon the information brought

1197

00:42:30,470 --> 00:42:27,839

forward

1198

00:42:32,950 --> 00:42:30,480

in front of the american people because

1199

00:42:35,109 --> 00:42:32,960

clearly that's what it it says

1200

00:42:36,950 --> 00:42:35,119

and people are not going to say oh well

1201

00:42:38,309 --> 00:42:36,960

wait a minute uh

1202

00:42:41,349 --> 00:42:38,319

you why didn't you tell us sooner and

1203

00:42:43,109 --> 00:42:41,359

all that no it it i'm not saying that it

1204

00:42:45,270 --> 00:42:43,119

excavates everyone that has been sitting

1205

00:42:47,270 --> 00:42:45,280

on this issue for 30 or 40 years but

1206

00:42:48,550 --> 00:42:47,280

it is a process that will be acceptable

1207

00:42:50,390 --> 00:42:48,560

and appropriate

1208

00:42:52,230 --> 00:42:50,400

and the president will be comfortable

1209

00:42:54,630 --> 00:42:52,240

and it will be it will have minimal

1210

00:42:55,750 --> 00:42:54,640

political damage to either side that's

1211

00:42:57,510 --> 00:42:55,760

what has to happen

1212

00:43:00,230 --> 00:42:57,520

and we've had this kind of opportunity

1213

00:43:03,270 --> 00:43:00,240

before in other words

1214

00:43:06,309 --> 00:43:03,280

america and american politics

1215

00:43:09,190 --> 00:43:06,319

has become the professional masters

1216

00:43:09,750 --> 00:43:09,200

of snatching defeat from the jaws of

1217

00:43:11,190 --> 00:43:09,760

victory

1218

00:43:12,630 --> 00:43:11,200

every chance we get a chance to do

1219

00:43:13,670 --> 00:43:12,640

something where everybody will win they

1220

00:43:15,910 --> 00:43:13,680

say no

1221

00:43:17,270 --> 00:43:15,920

let's do it this way because it'll

1222

00:43:20,470 --> 00:43:17,280

probably fail or

1223

00:43:24,230 --> 00:43:20,480

screw a lot of people up not this time

1224

00:43:27,270 --> 00:43:24,240

we've got to do this right hearings

1225

00:43:29,750 --> 00:43:27,280

major testimony massive media coverage

1226
00:43:30,950 --> 00:43:29,760
new information coming in from the oni

1227
00:43:32,630 --> 00:43:30,960
more hearings

1228
00:43:35,190 --> 00:43:32,640
confirmation by the united states

1229
00:43:37,109 --> 00:43:35,200
president disclosure

1230
00:43:42,309 --> 00:43:37,119
post-disclosure world and all the other

1231
00:43:45,670 --> 00:43:44,230
now we have seen it'll be a pretty

1232
00:43:47,910 --> 00:43:45,680
difficult to

1233
00:43:49,349 --> 00:43:47,920
deny that there's this great interest uh

1234
00:43:52,230 --> 00:43:49,359
within the pentagon because

1235
00:43:52,710 --> 00:43:52,240
we have seen some voyage out information

1236
00:43:55,030 --> 00:43:52,720
where

1237
00:43:56,550 --> 00:43:55,040
you know the these are top guys that are

1238
00:43:57,670 --> 00:43:56,560

getting briefed on this particular

1239

00:44:00,150 --> 00:43:57,680

subject

1240

00:44:02,069 --> 00:44:00,160

and uh let's see let me go back i've got

1241

00:44:05,109 --> 00:44:02,079

the slide up from a recent one

1242

00:44:05,670 --> 00:44:05,119

uh we've got uh a foia doubt email here

1243

00:44:09,030 --> 00:44:05,680

from

1244

00:44:12,230 --> 00:44:09,040

robert burke admiral us navy to

1245

00:44:14,630 --> 00:44:12,240

steven wilson general u.s air force uh

1246

00:44:16,550 --> 00:44:14,640

recommend you take the brief i just

1247

00:44:17,430 --> 00:44:16,560

received from our director of naval

1248

00:44:20,870 --> 00:44:17,440

intelligence

1249

00:44:23,589 --> 00:44:20,880

and matt koehler on uap secretary of

1250

00:44:26,309 --> 00:44:23,599

navy will get the same brief tomorrow at

1251

00:44:27,190 --> 00:44:26,319

uh 10 a.m uh that is a fight out

1252

00:44:30,069 --> 00:44:27,200

document that

1253

00:44:31,750 --> 00:44:30,079

really did not get at least in my view

1254

00:44:34,390 --> 00:44:31,760

of the attention that it should have

1255

00:44:36,309 --> 00:44:34,400

these are high-level pentagon players

1256

00:44:36,790 --> 00:44:36,319

passing this information back and forth

1257

00:44:40,710 --> 00:44:36,800

this is

1258

00:44:41,589 --> 00:44:40,720

seriously it's uh it's documented we

1259

00:44:43,670 --> 00:44:41,599

know this

1260

00:44:45,430 --> 00:44:43,680

they've always taken it seriously frank

1261

00:44:47,190 --> 00:44:45,440

from day one i assure you they've taken

1262

00:44:49,510 --> 00:44:47,200

it with the utmost seriousness

1263

00:44:51,270 --> 00:44:49,520

the truth embargo was testimony to that

1264

00:44:52,950 --> 00:44:51,280

they didn't invest this vast amount of

1265

00:44:54,550 --> 00:44:52,960

effort and time and resources

1266

00:44:55,829 --> 00:44:54,560

in embargoing the truth of something

1267

00:44:56,950 --> 00:44:55,839

that was apparent to anybody that could

1268

00:44:58,550 --> 00:44:56,960

look up in the sky

1269

00:44:59,990 --> 00:44:58,560

for 70 years because they didn't take it

1270

00:45:02,390 --> 00:45:00,000

seriously

1271

00:45:03,030 --> 00:45:02,400

and x number of documents have emerged

1272

00:45:06,069 --> 00:45:03,040

over the

1273

00:45:07,829 --> 00:45:06,079

past 70 years the research community

1274

00:45:10,069 --> 00:45:07,839

pretty much has seized on everyone

1275

00:45:12,150 --> 00:45:10,079

they've gotten some some degree of

1276

00:45:13,510 --> 00:45:12,160

exposure so that they're they're part of

1277

00:45:14,470 --> 00:45:13,520

the evidentiary pile

1278

00:45:16,790 --> 00:45:14,480

a few of them may have been

1279

00:45:17,510 --> 00:45:16,800

disinformation and may prove to be bogus

1280

00:45:19,030 --> 00:45:17,520

but yet

1281

00:45:20,710 --> 00:45:19,040

even they contributed i think to the

1282

00:45:24,710 --> 00:45:20,720

disclosure process

1283

00:45:26,710 --> 00:45:24,720

what you're seeing now is different uh

1284

00:45:28,150 --> 00:45:26,720

the as i said seti has an enormous

1285

00:45:31,670 --> 00:45:28,160

public relations problem

1286

00:45:33,990 --> 00:45:31,680

as disclosure approaches but so does the

1287

00:45:34,870 --> 00:45:34,000

military intelligence complex it's a

1288

00:45:39,430 --> 00:45:34,880

huge

1289

00:45:42,470 --> 00:45:39,440

public relations problem uh and

1290

00:45:44,710 --> 00:45:42,480

obviously they they want to

1291

00:45:46,790 --> 00:45:44,720

minimize that as much as possible

1292

00:45:47,510 --> 00:45:46,800

everybody wants that i mean nobody wants

1293

00:45:50,710 --> 00:45:47,520

to be

1294

00:45:53,829 --> 00:45:50,720

seen in the worst possible light and so

1295

00:45:55,670 --> 00:45:53,839

how do they get on board the train

1296

00:45:57,510 --> 00:45:55,680

because they can't just walk on down to

1297

00:46:00,470 --> 00:45:57,520

the station you know in their

1298

00:46:01,510 --> 00:46:00,480

in their uniforms and wearing their dod

1299

00:46:02,950 --> 00:46:01,520

badges and

1300

00:46:04,550 --> 00:46:02,960

cop on the train because a lot of

1301
00:46:07,109 --> 00:46:04,560
reporters are going to say that what

1302
00:46:08,390 --> 00:46:07,119
what's going on here so how do they get

1303
00:46:10,550 --> 00:46:08,400
on the train well i'll tell you how one

1304
00:46:12,150 --> 00:46:10,560
way they got on the train

1305
00:46:14,790 --> 00:46:12,160
they supported the creation of the to

1306
00:46:17,750 --> 00:46:14,800
the stars academy

1307
00:46:19,190 --> 00:46:17,760
that emerged out of the pentagon not

1308
00:46:20,710 --> 00:46:19,200
some hobbyist project

1309
00:46:22,710 --> 00:46:20,720
from a couple of guys that had retired

1310
00:46:25,030 --> 00:46:22,720
didn't have much to do

1311
00:46:26,390 --> 00:46:25,040
so that that organization that

1312
00:46:29,670 --> 00:46:26,400
non-governmental organization

1313
00:46:31,990 --> 00:46:29,680

ngo was literally created with support

1314

00:46:34,069 --> 00:46:32,000

of people in the pentagon so we could go

1315

00:46:35,190 --> 00:46:34,079

do things those people in the pentagon

1316

00:46:41,109 --> 00:46:35,200

could not do

1317

00:46:48,069 --> 00:46:44,790

endeavor to help

1318

00:46:50,309 --> 00:46:48,079

indirectly by proxy get the pentagon

1319

00:46:52,069 --> 00:46:50,319

on the disclosure train okay and that's

1320

00:46:53,829 --> 00:46:52,079

been operating now and doing a lot of

1321

00:46:55,190 --> 00:46:53,839

interesting things for three years

1322

00:46:57,190 --> 00:46:55,200

profound things and there's been a whole

1323

00:46:57,510 --> 00:46:57,200

bunch that's come from that so the issue

1324

00:47:04,230 --> 00:46:57,520

is

1325

00:47:06,790 --> 00:47:04,240

uh another way that the

1326

00:47:08,829 --> 00:47:06,800

military intelligence complex can

1327

00:47:12,069 --> 00:47:08,839

improve its public relations

1328

00:47:13,910 --> 00:47:12,079

is memos are going to pop up

1329

00:47:16,150 --> 00:47:13,920

something we hadn't seen oh there it is

1330

00:47:19,270 --> 00:47:16,160

oh didn't know that it'd be a facts here

1331

00:47:20,950 --> 00:47:19,280

a letter here a memo there you know a

1332

00:47:23,109 --> 00:47:20,960

testimony here

1333

00:47:24,069 --> 00:47:23,119

and occasionally a witness here and so

1334

00:47:25,510 --> 00:47:24,079

you just kind of have these little

1335

00:47:29,030 --> 00:47:25,520

things popping up

1336

00:47:31,109 --> 00:47:29,040

right emerging out of the the noise

1337

00:47:32,069 --> 00:47:31,119

of the massive military intelligence

1338

00:47:33,829 --> 00:47:32,079

complex

1339

00:47:35,510 --> 00:47:33,839

and each one of you with those things

1340

00:47:37,829 --> 00:47:35,520

not that not to interrupt steve but uh

1341

00:47:39,430 --> 00:47:37,839

you would you uh characterize uh these

1342

00:47:43,510 --> 00:47:39,440

occasional poppings up as

1343

00:47:46,870 --> 00:47:43,520

a sort of uh cya efforts

1344

00:47:47,990 --> 00:47:46,880

some might call it cya i would call it

1345

00:47:51,510 --> 00:47:48,000

public relations

1346

00:47:53,109 --> 00:47:51,520

okay uh meaning and why the reason why i

1347

00:47:56,470 --> 00:47:53,119

call it

1348

00:47:58,150 --> 00:47:56,480

cya kind of refers to illegal stuff

1349

00:48:00,790 --> 00:47:58,160

in other words i committed a crime now i

1350

00:48:02,549 --> 00:48:00,800

got to cover my my took us here

1351

00:48:03,990 --> 00:48:02,559

the as i've said many times the truth

1352

00:48:06,710 --> 00:48:04,000

embargo

1353

00:48:08,630 --> 00:48:06,720

however offensive one might find it was

1354

00:48:09,510 --> 00:48:08,640

a legal policy of the united states

1355

00:48:14,390 --> 00:48:09,520

government

1356

00:48:16,790 --> 00:48:14,400

is legal national security based and so

1357

00:48:18,870 --> 00:48:16,800

it's not that they're trying to cover

1358

00:48:21,430 --> 00:48:18,880

themselves because of illegal activities

1359

00:48:22,549 --> 00:48:21,440

they're trying to get seen in the best

1360

00:48:25,990 --> 00:48:22,559

light

1361

00:48:28,390 --> 00:48:26,000

because the policies they did follow

1362

00:48:30,230 --> 00:48:28,400

are objectionable to an awful lot of

1363

00:48:31,030 --> 00:48:30,240

people and were probably carried on too

1364

00:48:33,829 --> 00:48:31,040

long

1365

00:48:35,190 --> 00:48:33,839

but this is a matter of interpretation

1366

00:48:37,589 --> 00:48:35,200

all right in other words

1367

00:48:39,190 --> 00:48:37,599

some would say no some would say yes but

1368

00:48:42,230 --> 00:48:39,200

plenty will be not happy about it

1369

00:48:44,230 --> 00:48:42,240

and so they're trying to improve their

1370

00:48:47,349 --> 00:48:44,240

image their position

1371

00:48:48,069 --> 00:48:47,359

as we uh approach the finish line and

1372

00:48:50,630 --> 00:48:48,079

and and

1373

00:48:52,390 --> 00:48:50,640

and let's be clear all of these little

1374

00:48:54,470 --> 00:48:52,400

bubbling ups that i'm referring to

1375

00:48:59,670 --> 00:48:54,480

are advancing the progress and each one

1376

00:49:04,390 --> 00:49:02,870

and so it's that these memos and letters

1377

00:49:05,190 --> 00:49:04,400

and statements coming from this person

1378

00:49:06,549 --> 00:49:05,200

and that person

1379

00:49:09,510 --> 00:49:06,559

and of course the entire action of the

1380

00:49:10,230 --> 00:49:09,520

ttsa has advanced the process is speeded

1381

00:49:11,990 --> 00:49:10,240

it up

1382

00:49:13,510 --> 00:49:12,000

uh or you know definitely it helped it

1383

00:49:15,510 --> 00:49:13,520

move along in spite of the fact that

1384

00:49:16,470 --> 00:49:15,520

we're going through extremely difficult

1385

00:49:19,510 --> 00:49:16,480

times

1386

00:49:21,750 --> 00:49:19,520

which would normally shove the

1387

00:49:22,710 --> 00:49:21,760

uh any et issue way in the back of the

1388

00:49:24,470 --> 00:49:22,720

stove but

1389

00:49:26,069 --> 00:49:24,480

it's still pretty much near the front

1390

00:49:27,750 --> 00:49:26,079

front of the stove and so

1391

00:49:29,190 --> 00:49:27,760

it's a positive thing it's a good thing

1392

00:49:32,630 --> 00:49:29,200

i am not

1393

00:49:35,270 --> 00:49:32,640

i am totally cool with the

1394

00:49:37,109 --> 00:49:35,280

military intelligence community and to

1395

00:49:40,549 --> 00:49:37,119

some degree some politicians like

1396

00:49:44,069 --> 00:49:40,559

marco rubio getting on board

1397

00:49:47,829 --> 00:49:44,079

helping this train leave the station uh

1398

00:49:50,549 --> 00:49:47,839

we the fundamental goal is disclosure

1399

00:49:55,910 --> 00:49:50,559

not retribution

1400

00:49:57,510 --> 00:49:55,920

not legal actions not i told you so's

1401
00:49:59,349 --> 00:49:57,520
i'm going to put a big when disclosure

1402
00:50:01,589 --> 00:49:59,359
happens i'm putting a big sign

1403
00:50:02,950 --> 00:50:01,599
on my door so that every time i leave

1404
00:50:07,349 --> 00:50:02,960
the office i'll read it

1405
00:50:09,349 --> 00:50:07,359
it'll say i told you so's don't help

1406
00:50:10,790 --> 00:50:09,359
right so that's the goal is to get

1407
00:50:12,470 --> 00:50:10,800
disclosure i welcome

1408
00:50:14,069 --> 00:50:12,480
everybody on board i welcome any

1409
00:50:16,390 --> 00:50:14,079
witnesses to come forward

1410
00:50:17,910 --> 00:50:16,400
uh i welcome any media to get involved

1411
00:50:19,270 --> 00:50:17,920
and if you hadn't gotten involved before

1412
00:50:20,950 --> 00:50:19,280
it's okay

1413
00:50:22,950 --> 00:50:20,960

right now admittedly you may be saying

1414

00:50:26,470 --> 00:50:22,960

okay if you feel that way

1415

00:50:31,109 --> 00:50:26,480

why are you so hard on seti

1416

00:50:33,430 --> 00:50:31,119

because seti has not only held out

1417

00:50:35,109 --> 00:50:33,440

longer than any other organization on

1418

00:50:38,950 --> 00:50:35,119

this issue

1419

00:50:40,870 --> 00:50:38,960

when its fundamental re is on detroit

1420

00:50:42,870 --> 00:50:40,880

was dealing with the extraterrestrial

1421

00:50:44,790 --> 00:50:42,880

issue well i i think

1422

00:50:46,790 --> 00:50:44,800

i think where you're being a little too

1423

00:50:47,270 --> 00:50:46,800

hard on seti in general you're talking

1424

00:50:48,870 --> 00:50:47,280

about the

1425

00:50:50,870 --> 00:50:48,880

the seth shah stack involved

1426

00:50:58,549 --> 00:50:50,880

organization as compared with

1427

00:51:03,589 --> 00:51:01,030

there is a search for extraterrestrial

1428

00:51:05,190 --> 00:51:03,599

uh scientific endeavor that is broad and

1429

00:51:05,670 --> 00:51:05,200

is international involves a lot of

1430

00:51:07,829 --> 00:51:05,680

people

1431

00:51:09,030 --> 00:51:07,839

and then there is the city.org

1432

00:51:11,190 --> 00:51:09,040

organization

1433

00:51:13,030 --> 00:51:11,200

that seth shawstak works for look you're

1434

00:51:14,150 --> 00:51:13,040

right i i think i think it's important

1435

00:51:17,349 --> 00:51:14,160

to make that distinction

1436

00:51:19,910 --> 00:51:17,359

some people don't know that meaning

1437

00:51:21,510 --> 00:51:19,920

just the general idea of of et

1438

00:51:23,670 --> 00:51:21,520

intelligence and is it out there

1439

00:51:25,750 --> 00:51:23,680

might even include theorizing about

1440

00:51:27,589 --> 00:51:25,760

exobiology and what have you no i'm not

1441

00:51:29,829 --> 00:51:27,599

referring to that in general

1442

00:51:30,870 --> 00:51:29,839

i'm referring to the organization which

1443

00:51:33,190 --> 00:51:30,880

has had a number of

1444

00:51:34,069 --> 00:51:33,200

sort of incan in incarnations over the

1445

00:51:37,270 --> 00:51:34,079

years but yeah

1446

00:51:39,750 --> 00:51:37,280

the formal paid people

1447

00:51:41,430 --> 00:51:39,760

organized searching for extraterrestrial

1448

00:51:42,950 --> 00:51:41,440

signals when they damn well knew

1449

00:51:44,630 --> 00:51:42,960

the et's were already here and if you

1450

00:51:46,470 --> 00:51:44,640

wanted to talk to an e.t

1451
00:51:48,230 --> 00:51:46,480
go see your brother-in-law because he

1452
00:51:49,829 --> 00:51:48,240
probably was out up in one of the craft

1453
00:51:50,790 --> 00:51:49,839
last friday night on a regular

1454
00:51:52,710 --> 00:51:50,800
inspection

1455
00:51:53,910 --> 00:51:52,720
that's who i'm talking about and i've

1456
00:51:55,030 --> 00:51:53,920
been hard on that

1457
00:51:57,589 --> 00:51:55,040
right because i don't know if there's

1458
00:51:59,829 --> 00:51:57,599
any redemption there and also a lot of

1459
00:52:02,630 --> 00:51:59,839
money was thrown down the drain

1460
00:52:04,870 --> 00:52:02,640
uh but with respect to the military

1461
00:52:07,030 --> 00:52:04,880
intelligence complex

1462
00:52:08,630 --> 00:52:07,040
which for most of well all of my

1463
00:52:09,510 --> 00:52:08,640

lifetime has been the only thing

1464

00:52:12,549 --> 00:52:09,520
standing between

1465

00:52:15,349 --> 00:52:12,559
us and nuclear annihilation

1466

00:52:16,069 --> 00:52:15,359
and a very dangerous world people who

1467

00:52:19,270 --> 00:52:16,079
are

1468

00:52:21,270 --> 00:52:19,280
particularly you know that much

1469

00:52:22,870 --> 00:52:21,280
no i'm going to be very generous with

1470

00:52:26,230 --> 00:52:22,880
respect to journalists

1471

00:52:28,069 --> 00:52:26,240
generous right without question and by

1472

00:52:30,950 --> 00:52:28,079
and large the politicians

1473

00:52:32,549 --> 00:52:30,960
i mean they've got enough negative marks

1474

00:52:33,349 --> 00:52:32,559
on their report card i don't need to add

1475

00:52:35,910 --> 00:52:33,359
one more

1476

00:52:37,430 --> 00:52:35,920

um there has been some some instances of

1477

00:52:39,589 --> 00:52:37,440

great courage

1478

00:52:41,030 --> 00:52:39,599

uh and politicians have a lot on their

1479

00:52:44,069 --> 00:52:41,040

plate and i get that so

1480

00:52:46,630 --> 00:52:44,079

uh overall uh just uh

1481

00:52:48,309 --> 00:52:46,640

uh doubling back to politicians though

1482

00:52:49,910 --> 00:52:48,319

it still seems that that

1483

00:52:51,750 --> 00:52:49,920

the more things change the more they

1484

00:52:54,870 --> 00:52:51,760

stay the same they only

1485

00:52:56,790 --> 00:52:54,880

bring it up when specifically asked

1486

00:52:58,870 --> 00:52:56,800

they tend not to bring it up themselves

1487

00:53:01,510 --> 00:52:58,880

even in that marco rubio interview

1488

00:53:02,309 --> 00:53:01,520

uh the uh the miami reporter had to ask

1489

00:53:04,309 --> 00:53:02,319

rubio

1490

00:53:05,829 --> 00:53:04,319

about the ufo issue i mean he answered

1491

00:53:06,710 --> 00:53:05,839

fine you know know where he's there once

1492

00:53:07,990 --> 00:53:06,720

he was asked

1493

00:53:09,829 --> 00:53:08,000

but he would never have brought it up

1494

00:53:11,430 --> 00:53:09,839

unless he was asked at least

1495

00:53:13,670 --> 00:53:11,440

unless he had said something in

1496

00:53:15,750 --> 00:53:13,680

pre-interview hey ask me about the ufo

1497

00:53:19,510 --> 00:53:15,760

stuff i mean that's always possible

1498

00:53:20,950 --> 00:53:19,520

but otherwise that's how it came up

1499

00:53:23,670 --> 00:53:20,960

it only came out because he was asked

1500

00:53:25,030 --> 00:53:23,680

about of course naturally look

1501

00:53:26,549 --> 00:53:25,040

our own political system is

1502

00:53:28,870 --> 00:53:26,559

dysfunctional now it's a mess it should

1503

00:53:32,309 --> 00:53:28,880

be completely revamped

1504

00:53:35,510 --> 00:53:32,319

but when you in order to be a

1505

00:53:36,790 --> 00:53:35,520

a member of the congress you have to

1506

00:53:38,950 --> 00:53:36,800

spend anywhere between

1507

00:53:41,990 --> 00:53:38,960

a hundred thousand two hundred thousand

1508

00:53:45,589 --> 00:53:42,000

and a hundred million dollars

1509

00:53:47,109 --> 00:53:45,599

to get elected the two

1510

00:53:49,750 --> 00:53:47,119

senate races in georgia this is a

1511

00:53:51,430 --> 00:53:49,760

special case but the two senate races in

1512

00:53:54,870 --> 00:53:51,440

georgia

1513

00:53:55,510 --> 00:53:54,880

cost half a billion bucks 250 million

1514

00:53:57,670 --> 00:53:55,520

dollars

1515

00:53:59,030 --> 00:53:57,680

a race now a huge amount of this money

1516

00:54:01,190 --> 00:53:59,040

goes into the

1517

00:54:03,349 --> 00:54:01,200

media of in georgia and elsewhere right

1518

00:54:04,870 --> 00:54:03,359

so it's into the economy and people

1519

00:54:05,109 --> 00:54:04,880

getting paid it's getting moved around

1520

00:54:07,190 --> 00:54:05,119

and

1521

00:54:08,230 --> 00:54:07,200

i get that but but still you got to

1522

00:54:11,109 --> 00:54:08,240

raise it

1523

00:54:14,230 --> 00:54:11,119

so if you got to raise a million 10 20

1524

00:54:16,309 --> 00:54:14,240

30 40 million dollars to get elected

1525

00:54:17,990 --> 00:54:16,319

i mean you've got to please a whole lot

1526

00:54:19,990 --> 00:54:18,000

of people with money in their pockets

1527

00:54:22,150 --> 00:54:20,000

and their bank accounts

1528

00:54:24,309 --> 00:54:22,160

you're gonna the the the amount of

1529

00:54:25,910 --> 00:54:24,319

courage you're gonna be able to muster

1530

00:54:27,589 --> 00:54:25,920

to break ranks with anything is going to

1531

00:54:30,069 --> 00:54:27,599

be minimal and so

1532

00:54:31,670 --> 00:54:30,079

you end up with a with a with a campaign

1533

00:54:34,710 --> 00:54:31,680

financing system like this

1534

00:54:37,510 --> 00:54:34,720

you end up mostly with cowards you just

1535

00:54:38,710 --> 00:54:37,520

get ideological cowards or ideological

1536

00:54:42,069 --> 00:54:38,720

servants

1537

00:54:43,670 --> 00:54:42,079

and uh political cowards so don't expect

1538

00:54:45,430 --> 00:54:43,680

things to go well don't expect

1539

00:54:48,549 --> 00:54:45,440

innovation don't expect

1540

00:54:52,230 --> 00:54:48,559

you know the the challenging of

1541

00:54:54,630 --> 00:54:52,240

of uh of norms and protocols

1542

00:54:56,069 --> 00:54:54,640

so it's not just the e.t issue that they

1543

00:54:59,510 --> 00:54:56,079

won't address but the e.t

1544

00:55:02,470 --> 00:54:59,520

issue which is nonpartisan right

1545

00:55:04,549 --> 00:55:02,480

so it it's a little harder to sort of

1546

00:55:04,950 --> 00:55:04,559

back away because it's a highly partisan

1547

00:55:06,630 --> 00:55:04,960

issue

1548

00:55:08,549 --> 00:55:06,640

and that's that's one of the more

1549

00:55:10,630 --> 00:55:08,559

astonishing things about it

1550

00:55:12,069 --> 00:55:10,640

it's a universal thing but they still

1551

00:55:13,589 --> 00:55:12,079

have to back away

1552

00:55:15,270 --> 00:55:13,599

because the embargo has made it

1553

00:55:17,349 --> 00:55:15,280

dangerous for them to do that

1554

00:55:19,190 --> 00:55:17,359

and they got to raise 100 million bucks

1555

00:55:20,630 --> 00:55:19,200

and if i actually say anything positive

1556

00:55:22,950 --> 00:55:20,640

about the extraterrestrial issue

1557

00:55:24,710 --> 00:55:22,960

i may only get to raise 60 million bucks

1558

00:55:27,670 --> 00:55:24,720

in which case i won't get elected again

1559

00:55:29,829 --> 00:55:27,680

and being in the the the congress is the

1560

00:55:33,030 --> 00:55:29,839

only thing i can do

1561

00:55:35,030 --> 00:55:33,040

i can't do anything else and and i and i

1562

00:55:37,670 --> 00:55:35,040

love the perks and so forth and i just

1563

00:55:40,390 --> 00:55:37,680

can't give it up and i will say and do

1564

00:55:41,109 --> 00:55:40,400

anything to keep this job let me tell

1565

00:55:44,630 --> 00:55:41,119

you something

1566

00:55:45,990 --> 00:55:44,640

we don't fix that pretty soon

1567

00:55:47,430 --> 00:55:46,000

we're we're going to have a lot of

1568

00:55:49,030 --> 00:55:47,440

trouble getting getting getting it

1569

00:55:51,109 --> 00:55:49,040

together in this country so

1570

00:55:52,230 --> 00:55:51,119

let's hope that fixing that is also on

1571

00:55:54,710 --> 00:55:52,240

the agenda

1572

00:55:56,950 --> 00:55:54,720

of the uh the next administration you

1573

00:56:01,030 --> 00:55:56,960

did mention the to the stars academy

1574

00:56:02,309 --> 00:56:01,040

and they had some significant defections

1575

00:56:03,990 --> 00:56:02,319

recently i mean it was a

1576
00:56:05,349 --> 00:56:04,000
it's been a good three years and they've

1577
00:56:08,549 --> 00:56:05,359
been the prime catalyst

1578
00:56:11,349 --> 00:56:08,559
uh uh regarding that but you've got uh

1579
00:56:13,430 --> 00:56:11,359
uh three high-profile uh players uh

1580
00:56:15,990 --> 00:56:13,440
executives with that organization

1581
00:56:17,109 --> 00:56:16,000
and uh member of the advisory board uh

1582
00:56:19,990 --> 00:56:17,119
louie lozando

1583
00:56:20,390 --> 00:56:20,000
excuse me chris mellon and steve justice

1584
00:56:30,470 --> 00:56:20,400
uh

1585
00:56:33,030 --> 00:56:30,480
think it looks very good at all

1586
00:56:33,510 --> 00:56:33,040
you talked about uh investors losing

1587
00:56:36,789 --> 00:56:33,520
money

1588
00:56:39,510 --> 00:56:36,799

on uh the uh on various

1589

00:56:40,309 --> 00:56:39,520

seti programs uh you know i i don't see

1590

00:56:42,870 --> 00:56:40,319

any uh

1591

00:56:44,549 --> 00:56:42,880

profit down the road uh for investors

1592

00:56:45,910 --> 00:56:44,559

into the stars uh

1593

00:56:47,750 --> 00:56:45,920

what do you what did you make of all

1594

00:56:50,150 --> 00:56:47,760

that well i

1595

00:56:52,390 --> 00:56:50,160

i see it completely different frank okay

1596

00:56:54,230 --> 00:56:52,400

uh first of all i wasn't surprised by it

1597

00:56:57,829 --> 00:56:54,240

secondly i don't think you could call

1598

00:57:01,270 --> 00:56:57,839

those defections they're not defections

1599

00:57:04,390 --> 00:57:01,280

uh the two's the stars academy uh

1600

00:57:06,710 --> 00:57:04,400

the part of their their their

1601
00:57:07,670 --> 00:57:06,720
mission statement was to pursue a number

1602
00:57:09,750 --> 00:57:07,680
of things

1603
00:57:10,710 --> 00:57:09,760
entertainment some research and so forth

1604
00:57:12,549 --> 00:57:10,720
which they laid out

1605
00:57:14,789 --> 00:57:12,559
when they when they were founded in

1606
00:57:16,230 --> 00:57:14,799
their in their in their website

1607
00:57:18,069 --> 00:57:16,240
and in their financial documents and

1608
00:57:19,510 --> 00:57:18,079
they they created a public benefit

1609
00:57:20,870 --> 00:57:19,520
corporation and they raised

1610
00:57:22,789 --> 00:57:20,880
some money to two and a half million

1611
00:57:25,190 --> 00:57:22,799
bucks not a lot they

1612
00:57:26,630 --> 00:57:25,200
i think they fully expected to raise 10

1613
00:57:29,990 --> 00:57:26,640

times that

1614

00:57:31,589 --> 00:57:30,000

but the circumstances surrounding the

1615

00:57:33,270 --> 00:57:31,599

the uh emergence of the to the stars

1616

00:57:34,710 --> 00:57:33,280

academy did not turn out the way they

1617

00:57:36,710 --> 00:57:34,720

thought they would

1618

00:57:38,150 --> 00:57:36,720

and it turned bad actually and so they

1619

00:57:39,510 --> 00:57:38,160

they were limited to how much money they

1620

00:57:42,950 --> 00:57:39,520

could raise

1621

00:57:43,910 --> 00:57:42,960

uh and i i am quite comfortable in

1622

00:57:46,470 --> 00:57:43,920

saying

1623

00:57:47,750 --> 00:57:46,480

that knowing what i know is going down

1624

00:57:51,349 --> 00:57:47,760

uh i have

1625

00:57:53,270 --> 00:57:51,359

really great confidence in the

1626
00:57:55,270 --> 00:57:53,280
the financial success of the two the

1627
00:57:56,549 --> 00:57:55,280
stars academy and wish i had a bunch of

1628
00:57:58,870 --> 00:57:56,559
shares

1629
00:58:00,950 --> 00:57:58,880
but i don't and i wouldn't have bought

1630
00:58:03,349 --> 00:58:00,960
them if i had the money because i

1631
00:58:05,750 --> 00:58:03,359
as an activist i can't have a financial

1632
00:58:08,789 --> 00:58:05,760
interest in an entity that

1633
00:58:10,630 --> 00:58:08,799
tied to my my uh

1634
00:58:12,069 --> 00:58:10,640
mission statement and so forth so but

1635
00:58:14,150 --> 00:58:12,079
i'm not worried about that they're going

1636
00:58:17,430 --> 00:58:14,160
to do very well

1637
00:58:20,870 --> 00:58:17,440
so what has happened here here's how i

1638
00:58:24,309 --> 00:58:23,109

and again if someone doesn't have a

1639

00:58:25,990 --> 00:58:24,319

great knowledge

1640

00:58:28,230 --> 00:58:26,000

of the whole history of the tsa and

1641

00:58:29,750 --> 00:58:28,240

what's going on for three years

1642

00:58:31,109 --> 00:58:29,760

i appreciate that they may go wait a

1643

00:58:32,470 --> 00:58:31,119

minute how you coming up with this and i

1644

00:58:33,109 --> 00:58:32,480

understand but i don't have time to go

1645

00:58:36,710 --> 00:58:33,119

through all that

1646

00:58:39,430 --> 00:58:36,720

i will on my going to do a podcast

1647

00:58:39,750 --> 00:58:39,440

podcast on tsa we're going to go through

1648

00:58:42,630 --> 00:58:39,760

it

1649

00:58:44,309 --> 00:58:42,640

tooth and nail but so here's the way to

1650

00:58:48,150 --> 00:58:44,319

look at it

1651
00:58:49,349 --> 00:58:48,160
the the pentagon supporters of this of

1652
00:58:50,870 --> 00:58:49,359
disclosure

1653
00:58:52,549 --> 00:58:50,880
the numbers of which we don't know but

1654
00:58:54,150 --> 00:58:52,559
they're enough that

1655
00:58:55,750 --> 00:58:54,160
the to the stars academy could could

1656
00:58:59,109 --> 00:58:55,760
exist and happen

1657
00:59:01,990 --> 00:58:59,119
uh created this uh helped to support

1658
00:59:03,750 --> 00:59:02,000
backed this ngo called the to the stars

1659
00:59:04,789 --> 00:59:03,760
academy of arts and sciences we call it

1660
00:59:06,870 --> 00:59:04,799
two stars academy

1661
00:59:07,829 --> 00:59:06,880
that's enough anything after that is is

1662
00:59:11,430 --> 00:59:07,839
excess

1663
00:59:12,950 --> 00:59:11,440

uh uh in order to do things that the

1664

00:59:14,630 --> 00:59:12,960

pentagon can't do

1665

00:59:16,230 --> 00:59:14,640

and so the to the stars academy could

1666

00:59:17,910 --> 00:59:16,240

take the gun camera footage

1667

00:59:19,510 --> 00:59:17,920

which the pentagon declassified to the

1668

00:59:20,710 --> 00:59:19,520

new york times but the guys in the

1669

00:59:23,829 --> 00:59:20,720

pentagon couldn't

1670

00:59:27,190 --> 00:59:23,839

you see what i'm saying right and so

1671

00:59:28,710 --> 00:59:27,200

off they go to essentially drive the

1672

00:59:31,990 --> 00:59:28,720

disclosure process

1673

00:59:33,910 --> 00:59:32,000

and it made sense the to the stars

1674

00:59:35,990 --> 00:59:33,920

academy

1675

00:59:37,430 --> 00:59:36,000

when it's announced to us we learn that

1676

00:59:41,190 --> 00:59:37,440

one

1677

00:59:43,670 --> 00:59:41,200

its ceo is a musician a rock guy

1678

00:59:44,309 --> 00:59:43,680

a 40 year old going on 30 year old rock

1679

00:59:46,630 --> 00:59:44,319

guy

1680

00:59:47,589 --> 00:59:46,640

who is uh you know got a high school

1681

00:59:49,589 --> 00:59:47,599

education

1682

00:59:51,270 --> 00:59:49,599

but a lifelong interest in the subject

1683

00:59:53,670 --> 00:59:51,280

who has a good deal of money

1684

00:59:54,950 --> 00:59:53,680

he's been researching himself and been

1685

00:59:56,950 --> 00:59:54,960

involved from time to time

1686

00:59:59,030 --> 00:59:56,960

while selling lots of records and is

1687

01:00:00,309 --> 00:59:59,040

well liked and certainly connected to

1688

01:00:02,950 --> 01:00:00,319

the millennials

1689

01:00:05,589 --> 01:00:02,960

um in other words he's the exact

1690

01:00:06,630 --> 01:00:05,599

opposite of a 30-year cia career officer

1691

01:00:09,670 --> 01:00:06,640

you know what i'm saying

1692

01:00:11,190 --> 01:00:09,680

yeah and uh his high profile was

1693

01:00:13,109 --> 01:00:11,200

able to get them some sort of uh

1694

01:00:15,510 --> 01:00:13,119

pre-publicity well

1695

01:00:17,270 --> 01:00:15,520

the general concept not just the

1696

01:00:19,829 --> 01:00:17,280

publicity it's the kind of publicity

1697

01:00:21,109 --> 01:00:19,839

in other words it's it's softened it's

1698

01:00:23,589 --> 01:00:21,119

softened the project

1699

01:00:26,230 --> 01:00:23,599

and then the project talks about books

1700

01:00:28,789 --> 01:00:26,240

and documentaries and entertainment

1701

01:00:30,630 --> 01:00:28,799

right so it's an information company as

1702

01:00:32,470 --> 01:00:30,640

well as a little some research

1703

01:00:34,069 --> 01:00:32,480

and the books are coming out like uh you

1704

01:00:36,230 --> 01:00:34,079

know secret machines

1705

01:00:37,829 --> 01:00:36,240

fiction is non-fiction uh our

1706

01:00:41,030 --> 01:00:37,839

non-fiction is fiction

1707

01:00:42,069 --> 01:00:41,040

again this is a fairly soft image it's

1708

01:00:44,630 --> 01:00:42,079

great

1709

01:00:46,710 --> 01:00:44,640

it it it makes it a little easier for

1710

01:00:49,430 --> 01:00:46,720

for the public to embrace it

1711

01:00:51,750 --> 01:00:49,440

as opposed to a spin-off of the cia

1712

01:00:54,630 --> 01:00:51,760

filled with a bunch of high-profile

1713

01:00:56,630 --> 01:00:54,640

high non-disclosure guys right who were

1714

01:00:57,990 --> 01:00:56,640

just recently doing super classified

1715

01:01:00,069 --> 01:00:58,000

work for god knows who

1716

01:01:01,270 --> 01:01:00,079

and they formed this little cl clack of

1717

01:01:02,950 --> 01:01:01,280

people and they're going to

1718

01:01:04,870 --> 01:01:02,960

start telling us about the et's they

1719

01:01:08,150 --> 01:01:04,880

would have been savaged

1720

01:01:09,990 --> 01:01:08,160

okay so soft soft beginning all right

1721

01:01:13,349 --> 01:01:10,000

and then they move forward

1722

01:01:17,030 --> 01:01:13,359

history channel program comfortable

1723

01:01:20,309 --> 01:01:17,040

right not a bad venue

1724

01:01:21,510 --> 01:01:20,319

but not exactly cbs nbc news right

1725

01:01:23,510 --> 01:01:21,520

so they do that get some more

1726

01:01:25,510 --> 01:01:23,520

information out bring some witnesses

1727

01:01:27,030 --> 01:01:25,520

meanwhile melon goes up on the hill

1728

01:01:29,910 --> 01:01:27,040

private meetings

1729

01:01:31,270 --> 01:01:29,920

not publicized really a few members of

1730

01:01:32,150 --> 01:01:31,280

congress mentioned that they had been

1731

01:01:35,190 --> 01:01:32,160

briefed by some

1732

01:01:36,870 --> 01:01:35,200

by some people pilots usually mellon

1733

01:01:38,710 --> 01:01:36,880

probably maybe elizondo

1734

01:01:40,549 --> 01:01:38,720

and so these these go on for a long time

1735

01:01:43,109 --> 01:01:40,559

but they're they're off the record

1736

01:01:44,950 --> 01:01:43,119

no problem meanwhile witnesses are being

1737

01:01:46,870 --> 01:01:44,960

vetted by by elizondo

1738

01:01:49,109 --> 01:01:46,880

some of them are brought on the the show

1739

01:01:52,150 --> 01:01:49,119

on history channel unidentified

1740

01:01:54,309 --> 01:01:52,160

others are just put in a file

1741

01:01:56,630 --> 01:01:54,319

checked out military witnesses like the

1742

01:01:58,789 --> 01:01:56,640

pilots

1743

01:02:00,950 --> 01:01:58,799

seen and others significant witnesses to

1744

01:02:04,470 --> 01:02:00,960

be sure that's all gathered

1745

01:02:09,109 --> 01:02:04,480

and then we start to move towards the

1746

01:02:12,470 --> 01:02:09,119

end game all right and we start to

1747

01:02:14,230 --> 01:02:12,480

picture that uh not only when mark

1748

01:02:15,349 --> 01:02:14,240

warner comes out and says that he's been

1749

01:02:16,309 --> 01:02:15,359

briefed but then of course when mark

1750

01:02:18,630 --> 01:02:16,319

rubio

1751

01:02:20,549 --> 01:02:18,640

puts the wording into the intelligence

1752

01:02:22,950 --> 01:02:20,559

appropriations bill about getting

1753

01:02:23,990 --> 01:02:22,960

information and files which wasn't that

1754

01:02:25,430 --> 01:02:24,000

long ago

1755

01:02:27,029 --> 01:02:25,440

and then well it was a while ago but

1756

01:02:27,589 --> 01:02:27,039

then it does it doesn't get launched

1757

01:02:29,910 --> 01:02:27,599

until the

1758

01:02:31,750 --> 01:02:29,920

uh the act was uh the deadline does this

1759

01:02:33,589 --> 01:02:31,760

until the act was passed and signed

1760

01:02:35,109 --> 01:02:33,599

which was just a short while ago the

1761

01:02:36,150 --> 01:02:35,119

deadline is now out in june we get a

1762

01:02:38,549 --> 01:02:36,160

glimpse of that

1763

01:02:39,510 --> 01:02:38,559

but i'm i'm watching other tea leaves

1764

01:02:42,630 --> 01:02:39,520

i'm reading other

1765

01:02:44,150 --> 01:02:42,640

tea leaves and so forth and so i knew

1766

01:02:46,789 --> 01:02:44,160

was clear to me that they were getting

1767

01:02:50,390 --> 01:02:46,799

ready for hearings now

1768

01:02:50,789 --> 01:02:50,400

different situation if you're going to

1769

01:02:54,150 --> 01:02:50,799

go

1770

01:02:56,950 --> 01:02:54,160

and actually complete the setting up

1771

01:02:58,870 --> 01:02:56,960

and the conduction conducting hearings

1772

01:03:00,710 --> 01:02:58,880

in the house and senate

1773

01:03:03,029 --> 01:03:00,720

you don't want to be coming at the house

1774

01:03:04,549 --> 01:03:03,039

and senate as the to the stars academy

1775

01:03:06,230 --> 01:03:04,559

of arts and sciences

1776

01:03:09,510 --> 01:03:06,240

with the with the books and the

1777

01:03:13,109 --> 01:03:09,520

documentaries and the education stuff

1778

01:03:14,150 --> 01:03:13,119

no and the rock star no criticism

1779

01:03:17,109 --> 01:03:14,160

attended

1780

01:03:17,589 --> 01:03:17,119

he will go down in history tom believe

1781

01:03:20,150 --> 01:03:17,599

me

1782

01:03:21,270 --> 01:03:20,160

he played an extraordinary role but you

1783

01:03:23,190 --> 01:03:21,280

don't go

1784

01:03:24,309 --> 01:03:23,200

to the senate in the house with the two

1785

01:03:27,430 --> 01:03:24,319

stars academy

1786

01:03:27,910 --> 01:03:27,440

and so consequently the three most i

1787

01:03:30,470 --> 01:03:27,920

think

1788

01:03:31,510 --> 01:03:30,480

important players two very prominent one

1789

01:03:35,109 --> 01:03:31,520

in the background

1790

01:03:38,950 --> 01:03:35,119

of the initial ten now a total of twelve

1791

01:03:40,710 --> 01:03:38,960

some some switched out melon elizondo

1792

01:03:44,069 --> 01:03:40,720

and justice

1793

01:03:45,990 --> 01:03:44,079

justice because his background it uh at

1794

01:03:48,789 --> 01:03:46,000

lockheed i mean he represents the

1795

01:03:51,109 --> 01:03:48,799

the uh defense contractor world uh

1796

01:03:53,029 --> 01:03:51,119

lockheed skunk works

1797

01:03:55,670 --> 01:03:53,039

heavily rumored to have been involved in

1798

01:03:56,870 --> 01:03:55,680

an et technology re-engineering

1799

01:03:59,750 --> 01:03:56,880

which he would know about though he

1800

01:04:03,029 --> 01:03:59,760

can't talk about it so those three

1801

01:04:06,710 --> 01:04:03,039

leave the tsa and then they

1802

01:04:10,150 --> 01:04:06,720

will be the ones that complete

1803

01:04:11,190 --> 01:04:10,160

the agenda to get the hearings the tsa

1804

01:04:16,789 --> 01:04:11,200

steps back

1805

01:04:21,190 --> 01:04:19,430

things right it's not going away because

1806

01:04:23,190 --> 01:04:21,200

they would be insane if they weren't

1807

01:04:24,950 --> 01:04:23,200

if you look at their mission statement

1808

01:04:26,710 --> 01:04:24,960

if you look at what they have done

1809

01:04:28,390 --> 01:04:26,720

try to imagine disclosure happening i

1810

01:04:30,549 --> 01:04:28,400

don't know the end of march

1811

01:04:31,990 --> 01:04:30,559

middle of april next year and the

1812

01:04:35,750 --> 01:04:32,000

confirmation of the e.t

1813

01:04:38,390 --> 01:04:35,760

presence is confirmed worldwide

1814

01:04:40,549 --> 01:04:38,400

and you're the tsa yeah think you're

1815

01:04:41,750 --> 01:04:40,559

not going to be able to raise some money

1816

01:04:44,789 --> 01:04:41,760

you think you're not going to get some

1817

01:04:45,910 --> 01:04:44,799

press man i wish i had a ton of that

1818

01:04:49,190 --> 01:04:45,920

stock but i don't

1819

01:04:51,510 --> 01:04:49,200

okay so that is what's happening

1820

01:04:52,789 --> 01:04:51,520

frank and i understand why people are

1821

01:04:54,549 --> 01:04:52,799

looking at this and they

1822

01:04:56,069 --> 01:04:54,559

you know it's all the all you get is the

1823

01:04:57,430 --> 01:04:56,079

occasional article here and a little

1824

01:04:58,069 --> 01:04:57,440

something there and it pops up on

1825

01:04:59,829 --> 01:04:58,079

twitter

1826

01:05:02,630 --> 01:04:59,839

who has the time to follow this thing

1827

01:05:04,630 --> 01:05:02,640

well i do i have nothing else to do

1828

01:05:05,910 --> 01:05:04,640

and so i'm i'm giving you i think a very

1829

01:05:07,910 --> 01:05:05,920

strong very clear

1830

01:05:09,990 --> 01:05:07,920

the mainstream is not following this at

1831

01:05:11,670 --> 01:05:10,000

all i mean the the inside baseball stuff

1832

01:05:13,829 --> 01:05:11,680

the the real detail stuff

1833

01:05:14,950 --> 01:05:13,839

there's still a five-minute segment here

1834

01:05:16,470 --> 01:05:14,960

article there

1835

01:05:18,069 --> 01:05:16,480

that kind of thing they're not following

1836

01:05:19,910 --> 01:05:18,079

this sort of thing but

1837

01:05:21,750 --> 01:05:19,920

when when i looked at it it seemed to me

1838

01:05:22,150 --> 01:05:21,760

and there had also been a lot of talk

1839

01:05:24,309 --> 01:05:22,160

about

1840

01:05:25,589 --> 01:05:24,319

uh uh unhappiness within the

1841

01:05:27,750 --> 01:05:25,599

organization of how

1842

01:05:28,789 --> 01:05:27,760

certain things were run uh that type of

1843

01:05:32,549 --> 01:05:28,799

thing uh

1844

01:05:33,190 --> 01:05:32,559

understanding the internet is nothing

1845

01:05:35,510 --> 01:05:33,200

but talk

1846

01:05:37,349 --> 01:05:35,520

it's loaded with talk everybody's got a

1847

01:05:40,630 --> 01:05:37,359

theory anybody can put it out

1848

01:05:41,990 --> 01:05:40,640

and so i i really it takes a lot for me

1849

01:05:44,230 --> 01:05:42,000

to bite down

1850

01:05:46,630 --> 01:05:44,240

on anything coming through the social

1851
01:05:48,230 --> 01:05:46,640
media or even through emails are getting

1852
01:05:51,349 --> 01:05:48,240
passed around amongst colleagues

1853
01:05:52,710 --> 01:05:51,359
uh we have information overload uh and

1854
01:05:55,349 --> 01:05:52,720
everybody can play

1855
01:05:57,430 --> 01:05:55,359
uh and so i i i have been very good

1856
01:06:01,109 --> 01:05:57,440
about staying in the middle

1857
01:06:04,870 --> 01:06:01,119
right and moving forward okay and so

1858
01:06:08,549 --> 01:06:04,880
uh i i just like all i can say is talk

1859
01:06:10,150 --> 01:06:08,559
is talk uh if if theaters say tsa puts

1860
01:06:11,670 --> 01:06:10,160
out a press release

1861
01:06:13,510 --> 01:06:11,680
saying that there's been serious issues

1862
01:06:14,309 --> 01:06:13,520
within the organization and so and so

1863
01:06:15,910 --> 01:06:14,319

and this and that

1864

01:06:17,349 --> 01:06:15,920

fine i'll pay attention to it other than

1865

01:06:18,870 --> 01:06:17,359

that now

1866

01:06:21,829 --> 01:06:18,880

let me ask you this uh what is it what

1867

01:06:25,029 --> 01:06:21,839

does jim semivan do for them

1868

01:06:29,109 --> 01:06:25,039

do you know specifically

1869

01:06:31,990 --> 01:06:29,119

again in order to they know

1870

01:06:34,069 --> 01:06:32,000

look they are a company operating with a

1871

01:06:35,510 --> 01:06:34,079

certain amount of public exposure

1872

01:06:37,190 --> 01:06:35,520

and they brought in a group of people

1873

01:06:38,230 --> 01:06:37,200

initially of which semi-van was one of

1874

01:06:41,670 --> 01:06:38,240

them

1875

01:06:45,029 --> 01:06:41,680

now he was cia that's a big deal

1876

01:06:46,710 --> 01:06:45,039

uh but as we know uh

1877

01:06:49,190 --> 01:06:46,720

and this is one of the the difficulties

1878

01:06:51,109 --> 01:06:49,200

that they face

1879

01:06:52,470 --> 01:06:51,119

everyone with the exception of tom

1880

01:06:55,190 --> 01:06:52,480

delong

1881

01:06:56,950 --> 01:06:55,200

that was part of the to the stars

1882

01:06:59,990 --> 01:06:56,960

academy team this amazing

1883

01:07:01,190 --> 01:07:00,000

ngo that suddenly emerged

1884

01:07:02,950 --> 01:07:01,200

essentially out of the military

1885

01:07:03,990 --> 01:07:02,960

intelligence complex i mean that's what

1886

01:07:06,150 --> 01:07:04,000

happened

1887

01:07:07,029 --> 01:07:06,160

every one of them had classified

1888

01:07:09,109 --> 01:07:07,039

statuses

1889

01:07:11,750 --> 01:07:09,119

with their government work every one of

1890

01:07:16,069 --> 01:07:11,760

them had non-disclosure agreements

1891

01:07:18,630 --> 01:07:16,079

and so on that basis alone

1892

01:07:20,309 --> 01:07:18,640

what they may what they may be intending

1893

01:07:21,750 --> 01:07:20,319

to do with that organization what they

1894

01:07:23,910 --> 01:07:21,760

are doing that organization could very

1895

01:07:25,270 --> 01:07:23,920

well simply not be talked about

1896

01:07:27,750 --> 01:07:25,280

and so they they're obviously going to

1897

01:07:29,029 --> 01:07:27,760

make a contribution and it may be that a

1898

01:07:32,470 --> 01:07:29,039

lot of what they're contributing

1899

01:07:35,190 --> 01:07:32,480

is related to a classified material

1900

01:07:36,470 --> 01:07:35,200

who knows uh but they have a team and

1901

01:07:38,150 --> 01:07:36,480

oftentimes when you launch an

1902

01:07:39,430 --> 01:07:38,160

organization like that you put together

1903

01:07:40,630 --> 01:07:39,440

a strong team that doesn't mean that

1904

01:07:42,950 --> 01:07:40,640

everybody's got a

1905

01:07:44,710 --> 01:07:42,960

an immediate job to do on day one but it

1906

01:07:47,270 --> 01:07:44,720

means that you have

1907

01:07:48,950 --> 01:07:47,280

uh the people that can take you where

1908

01:07:51,589 --> 01:07:48,960

you gotta go at some point

1909

01:07:53,430 --> 01:07:51,599

plus a lot of that is advisory in other

1910

01:07:57,029 --> 01:07:53,440

words you've got advisory and

1911

01:07:58,549 --> 01:07:57,039

more importantly remember the tsa would

1912

01:08:01,670 --> 01:07:58,559

not exist if there wasn't

1913

01:08:03,349 --> 01:08:01,680

a reasonable amount of support within

1914

01:08:05,910 --> 01:08:03,359

the pentagon itself and the depart and

1915

01:08:08,230 --> 01:08:05,920

the military intelligence complex

1916

01:08:08,950 --> 01:08:08,240

that makes it possible for them to exist

1917

01:08:12,069 --> 01:08:08,960

otherwise

1918

01:08:12,789 --> 01:08:12,079

those within the mic that oppose any of

1919

01:08:15,829 --> 01:08:12,799

this

1920

01:08:17,669 --> 01:08:15,839

would have moved to stop it and so

1921

01:08:18,630 --> 01:08:17,679

they've got those people inside that are

1922

01:08:19,910 --> 01:08:18,640

backing them up

1923

01:08:21,669 --> 01:08:19,920

and you're gonna you're gonna want

1924

01:08:23,590 --> 01:08:21,679

people on your team that are connected

1925

01:08:25,349 --> 01:08:23,600

to those people that can communicate

1926

01:08:26,630 --> 01:08:25,359

with those people

1927

01:08:28,229 --> 01:08:26,640

and so some of your people are going to

1928

01:08:30,149 --> 01:08:28,239

be liaisons back into the military

1929

01:08:32,070 --> 01:08:30,159

intelligence complex

1930

01:08:34,550 --> 01:08:32,080

this is no simple deal this is

1931

01:08:36,630 --> 01:08:34,560

incredibly complex and a lot of people

1932

01:08:38,229 --> 01:08:36,640

want it to be simple and straightforward

1933

01:08:39,349 --> 01:08:38,239

and be able to understand it from day

1934

01:08:41,590 --> 01:08:39,359

one or they get upset

1935

01:08:42,709 --> 01:08:41,600

i understand that but the world is

1936

01:08:45,430 --> 01:08:42,719

complicated

1937

01:08:47,590 --> 01:08:45,440

things are not easy and we're this is

1938

01:08:50,390 --> 01:08:47,600

about as complicated as it gets

1939

01:08:52,550 --> 01:08:50,400

and so i invite people to be tolerant

1940

01:08:54,950 --> 01:08:52,560

understanding and patient

1941

01:08:58,309 --> 01:08:54,960

uh i am paying attention and we are

1942

01:09:01,669 --> 01:08:58,319

going where we're supposed to go

1943

01:09:02,950 --> 01:09:01,679

all right so uh anything else uh before

1944

01:09:04,630 --> 01:09:02,960

we wrap up uh is this

1945

01:09:06,789 --> 01:09:04,640

uh uh that's what you're seeing here at

1946

01:09:08,390 --> 01:09:06,799

some point that we'll get the report

1947

01:09:10,470 --> 01:09:08,400

at some point this year you're

1948

01:09:13,990 --> 01:09:10,480

predicting hearings

1949

01:09:16,470 --> 01:09:14,000

on the hill and uh and then

1950

01:09:18,309 --> 01:09:16,480

following up from that you're predicting

1951

01:09:20,470 --> 01:09:18,319

uh future president biden

1952

01:09:22,470 --> 01:09:20,480

will actually come forward and say uh

1953

01:09:25,349 --> 01:09:22,480

yeah we're we're convinced uh that

1954

01:09:26,149 --> 01:09:25,359

some of these ufos are e.t yeah yeah if

1955

01:09:27,430 --> 01:09:26,159

the hearings are

1956

01:09:28,709 --> 01:09:27,440

the ones we should have that they're

1957

01:09:29,590 --> 01:09:28,719

right if they're not just some show

1958

01:09:31,030 --> 01:09:29,600

thing

1959

01:09:32,709 --> 01:09:31,040

if they're the real deal and that means

1960

01:09:34,709 --> 01:09:32,719

they're gonna go on for weeks

1961

01:09:36,709 --> 01:09:34,719

uh yeah the disclosure is absolutely

1962

01:09:38,630 --> 01:09:36,719

inevitable it can't be avoided and it'll

1963

01:09:40,550 --> 01:09:38,640

be appropriate and and fine

1964

01:09:41,829 --> 01:09:40,560

uh so that's what to look forward to

1965

01:09:44,789 --> 01:09:41,839

i'll be reporting on that

1966

01:09:45,829 --> 01:09:44,799

with the podcast with my email list uh

1967

01:09:49,829 --> 01:09:45,839

through my twitter

1968

01:09:51,510 --> 01:09:49,839

page by the way i woke up yesterday

1969

01:09:53,349 --> 01:09:51,520

and i went on my twitter page did you

1970

01:09:53,749 --> 01:09:53,359

lose a lot of followers and um and i'm

1971

01:09:57,030 --> 01:09:53,759

saying

1972

01:09:58,790 --> 01:09:57,040

i've lost 500 500 what did i

1973

01:10:12,470 --> 01:09:58,800

what did i do what did i post and i'm

1974

01:10:17,189 --> 01:10:14,550

no problem i'll get that back in no time

1975

01:10:19,430 --> 01:10:17,199

look uh disclosurewire.org

1976

01:10:20,790 --> 01:10:19,440

the the podcast may be up late tonight

1977

01:10:23,590 --> 01:10:20,800

or tomorrow morning

1978

01:10:25,510 --> 01:10:23,600

uh i invite people to subscribe sign on

1979

01:10:26,950 --> 01:10:25,520

whatever it's free

1980

01:10:29,110 --> 01:10:26,960

and do anything you want with it you

1981

01:10:31,910 --> 01:10:29,120

want except misrepresented

1982

01:10:32,870 --> 01:10:31,920

uh paradigm research group is the uh my

1983

01:10:36,149 --> 01:10:32,880

website

1984

01:10:37,270 --> 01:10:36,159

subscribe to my newsletter which is also

1985

01:10:38,709 --> 01:10:37,280

free

1986

01:10:40,070 --> 01:10:38,719

it's easy to do but i want you to

1987

01:10:40,390 --> 01:10:40,080

subscribe that way because it puts you

1988

01:10:42,790 --> 01:10:40,400

in an

1989

01:10:43,510 --> 01:10:42,800

eye contact constant contact file and so

1990

01:10:46,229 --> 01:10:43,520

forth

1991

01:10:47,110 --> 01:10:46,239

uh i do have a twitter page paradigm

1992

01:10:49,669 --> 01:10:47,120

research group

1993

01:10:51,669 --> 01:10:49,679

please follow as well as a facebook

1994

01:10:53,189 --> 01:10:51,679

paradigm research group please follow

1995

01:10:55,030 --> 01:10:53,199

uh twitter's going through an awkward

1996

01:10:56,550 --> 01:10:55,040

time but it's still pretty important

1997

01:10:58,470 --> 01:10:56,560

if you're an activist and you're trying

1998

01:11:00,229 --> 01:10:58,480

to get a message out so yeah this is

1999

01:11:02,470 --> 01:11:00,239

this is nonpartisan so

2000

01:11:04,550 --> 01:11:02,480

you know i mean what i'm calling so you

2001

01:11:07,110 --> 01:11:04,560

know just uh just stay with it uh

2002

01:11:08,950 --> 01:11:07,120

uh social media uh twitter more recently

2003

01:11:09,590 --> 01:11:08,960

for me but the facebook going back a

2004

01:11:12,390 --> 01:11:09,600

ways

2005

01:11:13,990 --> 01:11:12,400

uh has been a great tool for all of us

2006

01:11:15,030 --> 01:11:14,000

we've made contacts with shared

2007

01:11:17,350 --> 01:11:15,040

information

2008

01:11:18,790 --> 01:11:17,360

uh sometimes you just had to fill time

2009

01:11:20,790 --> 01:11:18,800

and maybe things got a little

2010

01:11:22,390 --> 01:11:20,800

uh a little bit more heated just out of

2011

01:11:24,709 --> 01:11:22,400

boredom than they should have

2012

01:11:25,750 --> 01:11:24,719

but by and large uh the social media has

2013

01:11:28,950 --> 01:11:25,760

been a a

2014

01:11:30,390 --> 01:11:28,960

godsend i think to the ufo community oh

2015

01:11:33,510 --> 01:11:30,400

yeah without the internet

2016

01:11:34,950 --> 01:11:33,520

and uh and social media as well the

2017

01:11:36,470 --> 01:11:34,960

disclosure process would have been

2018

01:11:38,950 --> 01:11:36,480

significantly slower

2019

01:11:40,709 --> 01:11:38,960

it's very powerful we just have to learn

2020

01:11:43,830 --> 01:11:40,719

how to live with it better

2021

01:11:45,669 --> 01:11:43,840

um and uh we will

2022

01:11:47,750 --> 01:11:45,679

it's a tool it's a tool you just have

2023

01:11:50,790 --> 01:11:47,760

yeah and the schools need to teach kids

2024

01:11:51,510 --> 01:11:50,800

early on what it is how it works and so

2025

01:11:53,750 --> 01:11:51,520

forth

2026

01:11:55,750 --> 01:11:53,760

uh but for now yeah it's going to be

2027

01:11:57,750 --> 01:11:55,760

it's a it's the wild west

2028

01:11:58,870 --> 01:11:57,760

it's the electronic wild west of our

2029

01:12:00,550 --> 01:11:58,880

time uh

2030

01:12:02,550 --> 01:12:00,560

and eventually the wild west was tamed

2031

01:12:03,270 --> 01:12:02,560

as you know and the internet i think

2032

01:12:06,550 --> 01:12:03,280

will be tame

2033

01:12:10,470 --> 01:12:06,560

not not how would you say censored

2034

01:12:13,189 --> 01:12:10,480

controlled we don't want that not i'll

2035

01:12:14,790 --> 01:12:13,199

i'll live i'll live with a little uh

2036

01:12:18,149 --> 01:12:14,800

raggedness and uh even

2037

01:12:20,310 --> 01:12:18,159

some nastiness rather than than being uh

2038

01:12:24,790 --> 01:12:20,320

controlled or constrained in some way

2039

01:12:28,950 --> 01:12:27,189

there's nothing surprising about this

2040

01:12:30,870 --> 01:12:28,960

you if you were to take a full page out

2041

01:12:31,830 --> 01:12:30,880

of the new york times totally slandering

2042

01:12:35,030 --> 01:12:31,840

somebody

2043

01:12:36,709 --> 01:12:35,040

with false statements and so forth the

2044

01:12:37,990 --> 01:12:36,719

the times probably wouldn't print it

2045

01:12:39,669 --> 01:12:38,000

yeah they wouldn't print it because they

2046

01:12:41,110 --> 01:12:39,679

have that option but if they did print

2047

01:12:41,590 --> 01:12:41,120

it you'd get sued for a whole lot of

2048

01:12:43,669 --> 01:12:41,600

money

2049

01:12:46,310 --> 01:12:43,679

and so this idea that you can say

2050

01:12:47,750 --> 01:12:46,320

anything do anything and it's cool no

2051

01:12:49,110 --> 01:12:47,760

it may not be cool and if it's not

2052

01:12:50,470 --> 01:12:49,120

there's going to be a price to be paid

2053

01:12:52,149 --> 01:12:50,480

but that's the way it's always been

2054

01:12:53,350 --> 01:12:52,159

there's nothing new about that it's just

2055

01:12:55,910 --> 01:12:53,360

now more players

2056

01:12:57,830 --> 01:12:55,920

we have more players on the field right

2057

01:12:59,990 --> 01:12:57,840

so it's it's it's tough

2058

01:13:01,669 --> 01:13:00,000

and a lot of people have been harmed but

2059

01:13:02,550 --> 01:13:01,679

yet there's tremendous power and good

2060

01:13:05,189 --> 01:13:02,560

here

2061

01:13:06,630 --> 01:13:05,199

and so what can i say you you do your

2062

01:13:08,229 --> 01:13:06,640

best you work forward and the next

2063

01:13:10,950 --> 01:13:08,239

generation i'm sure we'll

2064

01:13:12,550 --> 01:13:10,960

we'll do better at this than we have i

2065

01:13:14,790 --> 01:13:12,560

think so and i just

2066

01:13:15,750 --> 01:13:14,800

i don't know when i was a kid uh going

2067

01:13:18,790 --> 01:13:15,760

to school

2068

01:13:19,990 --> 01:13:18,800

back in the last century now um you know

2069

01:13:21,830 --> 01:13:20,000

we

2070

01:13:23,510 --> 01:13:21,840

used to hear uh don't believe everything

2071

01:13:25,510 --> 01:13:23,520

you read you don't believe everything

2072

01:13:26,149 --> 01:13:25,520

you read do you almost dismissively you

2073

01:13:29,189 --> 01:13:26,159

know

2074

01:13:32,229 --> 01:13:29,199

and uh that that's uh that's an old

2075

01:13:33,270 --> 01:13:32,239

uh bromide that seems to have uh uh

2076

01:13:34,870 --> 01:13:33,280

faded away

2077

01:13:36,310 --> 01:13:34,880

people don't use that anymore that was

2078

01:13:37,750 --> 01:13:36,320

that was a pejorative you don't believe

2079

01:13:42,070 --> 01:13:37,760

everything you read do you

2080

01:13:45,110 --> 01:13:42,080

yeah you remember that there was a time

2081

01:13:47,270 --> 01:13:45,120

if you want to get a publish a book you

2082

01:13:49,430 --> 01:13:47,280

you had to go to a publisher

2083

01:13:50,790 --> 01:13:49,440

they fact checked it they edited it

2084

01:13:54,630 --> 01:13:50,800

right it was a difficult

2085

01:13:55,990 --> 01:13:54,640

process people would go wow okay and

2086

01:13:57,270 --> 01:13:56,000

they'd read this book and they realized

2087

01:13:58,870 --> 01:13:57,280

what it had gone through

2088

01:14:01,110 --> 01:13:58,880

and they're thinking okay that gives me

2089

01:14:03,990 --> 01:14:01,120

some confidence that there is some

2090

01:14:04,709 --> 01:14:04,000

uh legitimacy and factuality here well

2091

01:14:07,270 --> 01:14:04,719

now

2092

01:14:09,430 --> 01:14:07,280

guess what a 17 year old kid can

2093

01:14:12,070 --> 01:14:09,440

self-publish a book that looks just as

2094

01:14:12,790 --> 01:14:12,080

is as cool as a book published 50 60

2095

01:14:14,470 --> 01:14:12,800

years ago

2096

01:14:16,229 --> 01:14:14,480

and put it out and the whole thing could

2097

01:14:19,350 --> 01:14:16,239

be nonsense hey

2098

01:14:20,070 --> 01:14:19,360

it's in the democracy of speech has

2099

01:14:22,630 --> 01:14:20,080

never been

2100

01:14:24,950 --> 01:14:22,640

broader but philosophers have been

2101

01:14:27,669 --> 01:14:24,960

telling us for centuries millennia

2102

01:14:28,790 --> 01:14:27,679

that the dem that pure unadulterated

2103

01:14:31,910 --> 01:14:28,800

democracy

2104

01:14:34,630 --> 01:14:31,920

is a difficult path filled with

2105

01:14:35,669 --> 01:14:34,640

many uh potholes many many uh

2106

01:14:39,510 --> 01:14:35,679

treacherous

2107

01:14:43,510 --> 01:14:39,520

uh uh paths so we're learning that now

2108

01:14:46,950 --> 01:14:43,520

we're working with it uh and ultimately

2109

01:14:50,149 --> 01:14:46,960

and i'll end with this the absolute

2110

01:14:52,229 --> 01:14:50,159

solution to uh or rather

2111

01:14:53,510 --> 01:14:52,239

the path we need to take in order to

2112

01:14:55,669 --> 01:14:53,520

live in a social

2113

01:14:56,630 --> 01:14:55,679

media world with the mass communications

2114

01:14:59,669 --> 01:14:56,640

we have

2115

01:15:02,790 --> 01:14:59,679

and be able to benefit from it and

2116

01:15:06,390 --> 01:15:02,800

be minimally damaged is a decent

2117

01:15:08,870 --> 01:15:06,400

education and so the every nation of the

2118

01:15:10,950 --> 01:15:08,880

world has got to make a decision

2119

01:15:13,350 --> 01:15:10,960

are we going to create a decent

2120

01:15:14,790 --> 01:15:13,360

education for every one of our citizens

2121

01:15:16,870 --> 01:15:14,800

or are you just going to keep building

2122

01:15:19,189 --> 01:15:16,880

more aircraft carriers

2123

01:15:20,070 --> 01:15:19,199

so that's a decision that remains to be

2124

01:15:21,910 --> 01:15:20,080

made

2125

01:15:23,590 --> 01:15:21,920

uh but that's part of what's going to

2126
01:15:24,870 --> 01:15:23,600
have to happen frank thanks so much for

2127
01:15:26,070 --> 01:15:24,880
having me absolutely absolutely

2128
01:15:27,430 --> 01:15:26,080
absolutely and uh yeah

2129
01:15:29,910 --> 01:15:27,440
just in closing i don't know if you had

2130
01:15:31,510 --> 01:15:29,920
the chance to read frank milburn's paper

2131
01:15:33,910 --> 01:15:31,520
that was published over at the uh the

2132
01:15:36,229 --> 01:15:33,920
big and sadat center he talked about

2133
01:15:38,310 --> 01:15:36,239
a little bit about how analysts uh

2134
01:15:41,030 --> 01:15:38,320
professional analysts look at uh

2135
01:15:43,350 --> 01:15:41,040
information and uh decide in terms of

2136
01:15:44,950 --> 01:15:43,360
any kind of uh intelligence briefings uh

2137
01:15:46,790 --> 01:15:44,960
uh they look at the source they look at

2138
01:15:48,630 --> 01:15:46,800

the information included i thought

2139

01:15:50,390 --> 01:15:48,640

i thought it was a very interesting and

2140

01:15:51,110 --> 01:15:50,400

it's nice to have a guy like that in the

2141

01:15:53,189 --> 01:15:51,120

field

2142

01:15:55,430 --> 01:15:53,199

because yeah i mean they literally have

2143

01:15:56,550 --> 01:15:55,440

a little bit of a formula when looking

2144

01:15:58,070 --> 01:15:56,560

at this sort of thing

2145

01:15:59,990 --> 01:15:58,080

and that's the kind of thing i think

2146

01:16:00,790 --> 01:16:00,000

that we need more of in every field i

2147

01:16:04,790 --> 01:16:00,800

thought that

2148

01:16:06,550 --> 01:16:04,800

paper obviously the ufo stuff was

2149

01:16:08,390 --> 01:16:06,560

uh you know it was a lot of stuff that i

2150

01:16:10,149 --> 01:16:08,400

already knew it that obviously uh the

2151

01:16:11,910 --> 01:16:10,159

the target audience wasn't uh

2152

01:16:13,750 --> 01:16:11,920

people like me or most of our listeners

2153

01:16:14,470 --> 01:16:13,760

are you it was people who are relatively

2154

01:16:16,709 --> 01:16:14,480

new to the

2155

01:16:18,310 --> 01:16:16,719

uh to the field but i thought uh that

2156

01:16:21,430 --> 01:16:18,320

was very interesting and it's

2157

01:16:24,149 --> 01:16:21,440

good to have again because of the

2158

01:16:25,669 --> 01:16:24,159

uh because of the internet that we have

2159

01:16:28,709 --> 01:16:25,679

access to that paper

2160

01:16:31,910 --> 01:16:28,719

and uh we can read it and uh we can read

2161

01:16:33,030 --> 01:16:31,920

uh yeah what he came up with as far as

2162

01:16:34,870 --> 01:16:33,040

the ufo stuff but

2163

01:16:37,189 --> 01:16:34,880

again more importantly than that the

2164

01:16:37,910 --> 01:16:37,199

perspective through which he looks at it

2165

01:16:40,229 --> 01:16:37,920

and i thought

2166

01:16:42,709 --> 01:16:40,239

i thought that was a another nice little

2167

01:16:45,030 --> 01:16:42,719

uh another nice little development since

2168

01:16:46,950 --> 01:16:45,040

uh the last time we're on

2169

01:16:48,070 --> 01:16:46,960

we need to remind ourselves occasionally

2170

01:16:51,430 --> 01:16:48,080

that it was not

2171

01:16:52,149 --> 01:16:51,440

that long ago that mark zuckerberg was a

2172

01:16:54,550 --> 01:16:52,159

geek

2173

01:16:55,430 --> 01:16:54,560

in a harvard dorm room who couldn't get

2174

01:16:57,430 --> 01:16:55,440

a date

2175

01:16:58,470 --> 01:16:57,440

there you go it hasn't been that long

2176

01:17:00,070 --> 01:16:58,480

ago and so

2177

01:17:02,550 --> 01:17:00,080

we need to give ourselves a little bit

2178

01:17:05,189 --> 01:17:02,560

of slack if we're struggling

2179

01:17:06,070 --> 01:17:05,199

with this thing that just exploded into

2180

01:17:10,070 --> 01:17:06,080

our life

2181

01:17:12,630 --> 01:17:10,080

overnight uh i'd be totally shocked

2182

01:17:14,229 --> 01:17:12,640

if it wasn't driving us around the bench

2183

01:17:15,030 --> 01:17:14,239

by the same token i was thinking about

2184

01:17:16,870 --> 01:17:15,040

this

2185

01:17:18,870 --> 01:17:16,880

i'd i've been working with computers

2186

01:17:21,350 --> 01:17:18,880

since you know god

2187

01:17:22,390 --> 01:17:21,360

through work uh the late 70s into the

2188

01:17:24,709 --> 01:17:22,400

early 80s

2189

01:17:26,470 --> 01:17:24,719

i was a little bit late to the game in

2190

01:17:28,310 --> 01:17:26,480

terms of buying a computer

2191

01:17:30,550 --> 01:17:28,320

for the home simply because i always

2192

01:17:31,270 --> 01:17:30,560

viewed it as a work tool and the idea of

2193

01:17:32,950 --> 01:17:31,280

having

2194

01:17:35,030 --> 01:17:32,960

a computer in the home was like i don't

2195

01:17:35,910 --> 01:17:35,040

want to work in my house you know i i do

2196

01:17:38,870 --> 01:17:35,920

that at work

2197

01:17:40,229 --> 01:17:38,880

so it wasn't until uh 2000 that i

2198

01:17:40,950 --> 01:17:40,239

actually bought my first in-home

2199

01:17:43,270 --> 01:17:40,960

computer

2200

01:17:44,470 --> 01:17:43,280

i got on the internet at that point but

2201

01:17:46,709 --> 01:17:44,480

you know i'm 60

2202

01:17:48,390 --> 01:17:46,719

and that was 20 years ago already you

2203

01:17:49,350 --> 01:17:48,400

know so that's a third of my life now

2204

01:17:51,270 --> 01:17:49,360

and i'm not a kid

2205

01:17:52,630 --> 01:17:51,280

that's a third of my life where you know

2206

01:17:55,990 --> 01:17:52,640

we're in this world so

2207

01:17:57,750 --> 01:17:56,000

it is moving forward and uh uh yeah uh

2208

01:17:59,189 --> 01:17:57,760

you know again like protect yourself

2209

01:18:02,709 --> 01:17:59,199

from the virus but

2210

01:18:05,110 --> 01:18:02,719

also time is your most valuable asset

2211

01:18:07,030 --> 01:18:05,120

as i'm realizing more and more every day

2212

01:18:09,510 --> 01:18:07,040

that's my opinion anyway steve

2213

01:18:10,950 --> 01:18:09,520

and uh time is your most valuable asset

2214

01:18:13,350 --> 01:18:10,960

and uh protect that too

2215

01:18:15,510 --> 01:18:13,360

don't uh don't go wasting it uh going

2216

01:18:16,229 --> 01:18:15,520

down meaningless rabbit holes and things

2217

01:18:19,270 --> 01:18:16,239

like that

2218

01:18:21,990 --> 01:18:19,280
