

UFO NEWS UPDATE

DOD INSPECTOR GENERAL STEPS IN
MELLON ON STEPHENVILLE CASE
REID ON DEBRIS RUMORS
VALLEE MATERIALS BOOK REWORKED

UFONN
SUNDAY

1
00:00:03,520 --> 00:00:19,349

[Music]

2
00:00:22,710 --> 00:00:21,429

and good evening frank here with yet

3
00:00:25,830 --> 00:00:22,720

another episode of

4
00:00:28,870 --> 00:00:25,840

ufo news network sunday and it was

5
00:00:32,069 --> 00:00:28,880

quite a week for news this past week

6
00:00:35,270 --> 00:00:32,079

uh some plot twists along the way in the

7
00:00:37,750 --> 00:00:35,280

long and twisted story of finding out

8
00:00:40,950 --> 00:00:37,760

more and more about this ufo stuff

9
00:00:43,430 --> 00:00:40,960

so let's not beat around the bush let's

10
00:00:43,990 --> 00:00:43,440

get right to the big story of the week

11
00:00:48,069 --> 00:00:44,000

it dropped

12
00:00:51,430 --> 00:00:48,079

early in the week on may the 3rd

13
00:00:53,990 --> 00:00:51,440

on monday the project and announcement

14

00:00:56,229 --> 00:00:54,000

and evaluation of the department of

15

00:00:59,349 --> 00:00:56,239

defense's actions regarding

16

00:01:00,790 --> 00:00:59,359

the unidentified aerial phenomenon uh

17

00:01:03,750 --> 00:01:00,800

coming from the

18

00:01:05,189 --> 00:01:03,760

department of defense's office of the

19

00:01:08,230 --> 00:01:05,199

inspector general

20

00:01:10,469 --> 00:01:08,240

uh quite uh something uh

21

00:01:12,230 --> 00:01:10,479

uh from left field i mean i don't think

22

00:01:14,870 --> 00:01:12,240

anybody really saw this coming

23

00:01:16,630 --> 00:01:14,880

uh it's very interesting uh this is a

24

00:01:19,670 --> 00:01:16,640

hammer no doubt about it

25

00:01:22,070 --> 00:01:19,680

we've been hearing stories that

26

00:01:23,270 --> 00:01:22,080

uh the the things just aren't moving

27

00:01:25,990 --> 00:01:23,280

along properly

28

00:01:27,749 --> 00:01:26,000

that uh that the the the whole effort

29

00:01:30,310 --> 00:01:27,759

needed a bit of a kick

30

00:01:31,109 --> 00:01:30,320

and uh this is certainly that uh

31

00:01:33,270 --> 00:01:31,119

somebody uh

32

00:01:34,870 --> 00:01:33,280

pushed probably the best button that

33

00:01:37,429 --> 00:01:34,880

they could possibly push

34

00:01:40,710 --> 00:01:37,439

in regards to moving more facts coming

35

00:01:43,910 --> 00:01:40,720

out about ufos along and uh

36

00:01:44,310 --> 00:01:43,920

let's go into the details now uh we've

37

00:01:47,590 --> 00:01:44,320

got

38

00:01:51,590 --> 00:01:47,600

uh uh we plan to

39

00:01:53,910 --> 00:01:51,600

begin the subject evaluation in may 2021

40

00:01:54,310 --> 00:01:53,920

so this isn't happening right away uh

41

00:01:58,069 --> 00:01:54,320

well

42

00:02:00,230 --> 00:01:58,079

yeah we're already in may 2021.

43

00:02:03,030 --> 00:02:00,240

uh the objective of this evaluation is

44

00:02:05,749 --> 00:02:03,040

to determine the extent to which the dod

45

00:02:07,190 --> 00:02:05,759

has taken actions regarding unidentified

46

00:02:09,669 --> 00:02:07,200

aerial phenomenon

47

00:02:11,750 --> 00:02:09,679

we may revise the objective as the

48

00:02:14,229 --> 00:02:11,760

evaluation proceeds

49

00:02:16,470 --> 00:02:14,239

we will perform the evaluation at the

50

00:02:17,750 --> 00:02:16,480

offices of the secretary of defense

51

00:02:20,150 --> 00:02:17,760

military services

52

00:02:21,990 --> 00:02:20,160

combatant commands combat support

53

00:02:25,270 --> 00:02:22,000

agencies defense agencies

54

00:02:28,949 --> 00:02:25,280

and the military criminal investigative

55

00:02:31,190 --> 00:02:28,959

organizations uh that is a tool that is

56

00:02:32,630 --> 00:02:31,200

in the inspector general's toolbox i

57

00:02:34,470 --> 00:02:32,640

don't expect that we're going to see

58

00:02:36,949 --> 00:02:34,480

anybody going to jail

59

00:02:38,869 --> 00:02:36,959

anytime soon over all this but again

60

00:02:40,309 --> 00:02:38,879

it's a tool in the toolbox they can

61

00:02:42,150 --> 00:02:40,319

prosecute people

62

00:02:44,309 --> 00:02:42,160

now please provide us with a point of

63

00:02:46,309 --> 00:02:44,319

contact for the evaluation within five

64

00:02:48,150 --> 00:02:46,319

days of the date of this memorandum

65

00:02:50,309 --> 00:02:48,160

uh the point of contact should be a

66

00:02:51,229 --> 00:02:50,319

government employee or military service

67

00:02:54,550 --> 00:02:51,239

member

68

00:02:56,869 --> 00:02:54,560

gs15 and here's the

69

00:02:58,390 --> 00:02:56,879

the con send the contacts name to this

70

00:02:59,990 --> 00:02:58,400

redacted email

71

00:03:01,430 --> 00:03:00,000

you can obtain information about the

72

00:03:04,070 --> 00:03:01,440

department of defense

73

00:03:04,790 --> 00:03:04,080

office of the inspector general from dod

74

00:03:07,270 --> 00:03:04,800

directive

75

00:03:08,309 --> 00:03:07,280

and so on and so forth so if you have

76

00:03:10,949 --> 00:03:08,319

any questions

77

00:03:12,070 --> 00:03:10,959

please contact this redacted name at the

78

00:03:15,990 --> 00:03:12,080

dod

79

00:03:16,869 --> 00:03:16,000

and uh excuse me and here are the uh

80

00:03:19,589 --> 00:03:16,879

hang on let me

81

00:03:21,270 --> 00:03:19,599

go over to the slide here and uh here

82

00:03:23,830 --> 00:03:21,280

are the people who were

83

00:03:26,309 --> 00:03:23,840

sort of uh put on notice regarding this

84

00:03:28,550 --> 00:03:26,319

secretaries of the military departments

85

00:03:29,830 --> 00:03:28,560

uh so secretary of the navy secretary of

86

00:03:32,309 --> 00:03:29,840

the air force and so on

87

00:03:34,390 --> 00:03:32,319

uh chairman of the joint chiefs of staff

88

00:03:35,670 --> 00:03:34,400

under secretary of defense for research

89

00:03:37,830 --> 00:03:35,680

and intelligence

90

00:03:38,710 --> 00:03:37,840

uh so on down the line commander of

91

00:03:41,110 --> 00:03:38,720

central command

92

00:03:41,990 --> 00:03:41,120

northern command u.s special operations

93

00:03:45,190 --> 00:03:42,000

command

94

00:03:48,789 --> 00:03:45,200

uh director of defense advanced research

95

00:03:52,070 --> 00:03:48,799

projects defense intelligence agency uh

96

00:03:52,470 --> 00:03:52,080

that is uh avril haynes and uh the uh

97

00:03:54,550 --> 00:03:52,480

let's

98

00:03:55,830 --> 00:03:54,560

see here secretary of the military

99

00:04:00,070 --> 00:03:55,840

department's

100

00:04:02,550 --> 00:04:00,080

uh defense uh missile defense agency uh

101

00:04:04,949 --> 00:04:02,560

geospatial intelligence agency

102

00:04:06,149 --> 00:04:04,959

uh that's uh uh the auditor general of

103

00:04:09,589 --> 00:04:06,159

the navy uh

104

00:04:11,990 --> 00:04:09,599

army and uh air force so this is a

105

00:04:14,470 --> 00:04:12,000

uh this is uh quite a bombshell uh this

106

00:04:17,590 --> 00:04:14,480

is quite a button to push uh

107

00:04:19,830 --> 00:04:17,600

not too sure exactly who pushed it uh

108

00:04:21,110 --> 00:04:19,840

there's was some speculation of course

109

00:04:23,350 --> 00:04:21,120

uh during the week

110

00:04:24,310 --> 00:04:23,360

uh that because uh prosecutions people

111

00:04:27,030 --> 00:04:24,320

are going to jail

112

00:04:28,469 --> 00:04:27,040

maybe this has to do with uh lou

113

00:04:30,070 --> 00:04:28,479

elizondo being something of a

114

00:04:31,749 --> 00:04:30,080

whistleblower and it's a

115

00:04:33,350 --> 00:04:31,759

some blowback from all that i don't

116

00:04:35,270 --> 00:04:33,360

think that's the case uh

117

00:04:37,030 --> 00:04:35,280

the the most reasonable speculation

118

00:04:40,469 --> 00:04:37,040

would be uh that the

119

00:04:43,670 --> 00:04:40,479

senate select committee on intelligence

120

00:04:47,590 --> 00:04:43,680

senators rubio and uh uh

121

00:04:49,110 --> 00:04:47,600

mark warner uh got enough word that the

122

00:04:50,950 --> 00:04:49,120

things aren't moving along and they

123

00:04:53,189 --> 00:04:50,960

decided to step in and push the buttons

124

00:04:54,150 --> 00:04:53,199

uh maybe some of it came internally yeah

125

00:04:56,790 --> 00:04:54,160

maybe uh

126

00:04:58,790 --> 00:04:56,800

some uh are acting in a little bit more

127

00:05:01,270 --> 00:04:58,800

of a prop fashion than others

128

00:05:02,870 --> 00:05:01,280

and uh somebody uh internally within the

129

00:05:04,870 --> 00:05:02,880

pentagon got a little tired of this

130

00:05:08,150 --> 00:05:04,880

maybe it was a combination of the two

131

00:05:10,629 --> 00:05:08,160

i think those are the most reasonable uh

132

00:05:11,430 --> 00:05:10,639

suspects in this uh but needless to say

133

00:05:15,189 --> 00:05:11,440

this is a

134

00:05:17,590 --> 00:05:15,199

is going to have

135

00:05:19,110 --> 00:05:17,600

any impact on when the report comes out

136

00:05:20,870 --> 00:05:19,120

remember it's due in less than two

137

00:05:23,990 --> 00:05:20,880

months towards the end of june

138

00:05:27,670 --> 00:05:24,000

so we will see but this is a very

139

00:05:29,830 --> 00:05:27,680

compelling button to push so

140

00:05:31,670 --> 00:05:29,840

big news uh don't think any this wasn't

141

00:05:33,749 --> 00:05:31,680

uh rumored anywhere wasn't uh

142

00:05:36,550 --> 00:05:33,759

being talked about anywhere uh but this

143

00:05:38,710 --> 00:05:36,560

news dropped and uh it is compelling

144

00:05:39,670 --> 00:05:38,720

and i would say this is an excellent

145

00:05:41,909 --> 00:05:39,680

plot twist

146

00:05:42,950 --> 00:05:41,919

uh for us who are following this story

147

00:05:45,510 --> 00:05:42,960

uh this is something

148

00:05:46,469 --> 00:05:45,520

that we like quite a bit and uh should

149

00:05:48,870 --> 00:05:46,479

like it quite a bit

150

00:05:49,510 --> 00:05:48,880

a real hammer here a real good button to

151
00:05:52,469 --> 00:05:49,520
push

152
00:05:53,670 --> 00:05:52,479
uh again not probably the best possible

153
00:05:56,550 --> 00:05:53,680
button to push

154
00:05:57,510 --> 00:05:56,560
in order to get the information out so

155
00:05:59,590 --> 00:05:57,520
that's that

156
00:06:01,830 --> 00:05:59,600
not too much more to say on it than that

157
00:06:03,110 --> 00:06:01,840
but uh that's where that is and that is

158
00:06:06,309 --> 00:06:03,120
good news that was a

159
00:06:10,070 --> 00:06:06,319
a big plus for the the pro ufo

160
00:06:14,870 --> 00:06:12,790
also during the week we had a couple of

161
00:06:16,309 --> 00:06:14,880
long form interviews from christopher

162
00:06:18,710 --> 00:06:16,319
mellon of course uh

163
00:06:20,150 --> 00:06:18,720

he was with tsa and then he's kind of

164

00:06:23,830 --> 00:06:20,160

moved on and

165

00:06:26,629 --> 00:06:23,840

now i guess he's formally uh working as

166

00:06:28,309 --> 00:06:26,639

some kind of a uh startup fund manager

167

00:06:30,550 --> 00:06:28,319

or something along those lines uh

168

00:06:32,309 --> 00:06:30,560

obviously finance or something he

169

00:06:34,629 --> 00:06:32,319

doesn't have to worry about

170

00:06:36,550 --> 00:06:34,639

but he did a couple long-form interviews

171

00:06:39,270 --> 00:06:36,560

and as far as i can recall

172

00:06:40,070 --> 00:06:39,280

these are firsts uh he has done some

173

00:06:43,270 --> 00:06:40,080

sort of quick

174

00:06:45,110 --> 00:06:43,280

hit interviews on the the various cable

175

00:06:46,790 --> 00:06:45,120

news networks and news networks

176
00:06:48,390 --> 00:06:46,800
that maybe run about five minutes and

177
00:06:51,749 --> 00:06:48,400
you're not really able

178
00:06:53,589 --> 00:06:51,759
to get too much of a feel uh for

179
00:06:55,589 --> 00:06:53,599
what he knows and obviously his

180
00:06:58,230 --> 00:06:55,599
knowledge base is estimable

181
00:06:58,950 --> 00:06:58,240
but this is the first time he's really

182
00:07:01,110 --> 00:06:58,960
sat down

183
00:07:03,350 --> 00:07:01,120
and done some lengthy interviews two of

184
00:07:04,710 --> 00:07:03,360
them uh both were very interesting

185
00:07:06,870 --> 00:07:04,720
one i think a little bit more

186
00:07:09,510 --> 00:07:06,880
interesting than the others in terms of

187
00:07:10,870 --> 00:07:09,520
uh getting a good information out there

188
00:07:13,510 --> 00:07:10,880

but uh one he did with

189

00:07:14,390 --> 00:07:13,520

joe rogan uh earlier in the week that

190

00:07:17,830 --> 00:07:14,400

was released

191

00:07:20,629 --> 00:07:17,840

midweek and uh not uh

192

00:07:21,350 --> 00:07:20,639

rogan was really fixated on bob lazar

193

00:07:23,749 --> 00:07:21,360

and uh

194

00:07:24,550 --> 00:07:23,759

mellon seemed pretty uh skeptical about

195

00:07:26,790 --> 00:07:24,560

lazar

196

00:07:28,230 --> 00:07:26,800

a couple things that i want to go over

197

00:07:30,710 --> 00:07:28,240

regarding that

198

00:07:33,430 --> 00:07:30,720

but rogan again not really fixated on

199

00:07:36,469 --> 00:07:33,440

lazar really fixated on lazar's story

200

00:07:39,510 --> 00:07:36,479

uh melon was skeptical and at

201
00:07:41,110 --> 00:07:39,520
one point uh he had said that he was

202
00:07:42,790 --> 00:07:41,120
told and that this is gonna be a

203
00:07:45,270 --> 00:07:42,800
recurring theme in this uh

204
00:07:46,150 --> 00:07:45,280
uh in this show i was told this and i

205
00:07:47,670 --> 00:07:46,160
heard that and

206
00:07:49,270 --> 00:07:47,680
that sort of thing even from credible

207
00:07:51,830 --> 00:07:49,280
sources like chris mellon

208
00:07:54,070 --> 00:07:51,840
uh that uh lazar had worked in that when

209
00:07:54,710 --> 00:07:54,080
he worked at los alamos uh all he really

210
00:07:57,670 --> 00:07:54,720
did was

211
00:08:00,230 --> 00:07:57,680
check radiation shields uh these are

212
00:08:01,110 --> 00:08:00,240
this is the first in a few anecdotes uh

213
00:08:05,350 --> 00:08:01,120

that

214

00:08:08,710 --> 00:08:05,360

provide a little bit of background on

215

00:08:10,790 --> 00:08:08,720

and what the melon said that the lazar

216

00:08:12,150 --> 00:08:10,800

had his job was merely checking

217

00:08:14,469 --> 00:08:12,160

radiation shields

218

00:08:16,710 --> 00:08:14,479

this sounds like something he was told

219

00:08:18,070 --> 00:08:16,720

i'm not sure how accurate it is i'm

220

00:08:18,550 --> 00:08:18,080

going to share with you the reason

221

00:08:20,950 --> 00:08:18,560

because

222

00:08:22,790 --> 00:08:20,960

when he said that it caught my attention

223

00:08:25,189 --> 00:08:22,800

and jogged my memory immediately

224

00:08:26,150 --> 00:08:25,199

it sounds like something that was just

225

00:08:29,589 --> 00:08:26,160

said to him

226

00:08:30,309 --> 00:08:29,599

uh to sort of uh minimize uh uh lazar's

227

00:08:33,829 --> 00:08:30,319

work at los

228

00:08:34,870 --> 00:08:33,839

alamos that he was just there in a sort

229

00:08:36,469 --> 00:08:34,880

of a

230

00:08:37,670 --> 00:08:36,479

he wasn't a top scientist let's put it

231

00:08:38,790 --> 00:08:37,680

that way i want to say it was him he had

232

00:08:41,190 --> 00:08:38,800

a menial job

233

00:08:44,949 --> 00:08:41,200

but he wasn't a top scientist and here

234

00:08:47,990 --> 00:08:47,590

there was an old james bond movie called

235

00:08:50,949 --> 00:08:48,000

uh

236

00:08:51,509 --> 00:08:50,959

diamonds are forever and at one point a

237

00:08:54,470 --> 00:08:51,519

bond

238

00:08:55,590 --> 00:08:54,480

infiltrated a secret base in the las

239

00:08:58,230 --> 00:08:55,600

vegas area

240

00:08:58,949 --> 00:08:58,240

uh yep that's true it did happen in the

241

00:09:01,750 --> 00:08:58,959

movie

242

00:09:03,509 --> 00:09:01,760

and uh his cover he was sort of like

243

00:09:05,590 --> 00:09:03,519

disguising himself as a

244

00:09:07,590 --> 00:09:05,600

a guy who worked there was that he was

245

00:09:08,389 --> 00:09:07,600

just checking radiation shield so let me

246

00:09:11,190 --> 00:09:08,399

pull that clip

247

00:09:11,910 --> 00:09:11,200

up for you just uh checking my radiation

248

00:09:21,030 --> 00:09:11,920

shield

249

00:09:22,310 --> 00:09:21,040

so there's that so so we got that

250

00:09:23,350 --> 00:09:22,320

through i put that on a loop it's a

251

00:09:26,230 --> 00:09:23,360

pretty short clip

252

00:09:26,870 --> 00:09:26,240

uh so uh that was one interesting uh

253

00:09:29,990 --> 00:09:26,880

little

254

00:09:30,550 --> 00:09:30,000

uh aside that they talked about and

255

00:09:31,990 --> 00:09:30,560

again

256

00:09:33,829 --> 00:09:32,000

you know you hear things i think

257

00:09:36,949 --> 00:09:33,839

somebody just made sort of an

258

00:09:38,389 --> 00:09:36,959

offhand comment uh you know james bond

259

00:09:39,670 --> 00:09:38,399

fan uh we've all

260

00:09:41,430 --> 00:09:39,680

you know if you're of a certain age

261

00:09:42,310 --> 00:09:41,440

you've seen all those james bond movies

262

00:09:44,389 --> 00:09:42,320

and i think that's

263

00:09:45,829 --> 00:09:44,399

just basically uh it was a little joke

264

00:09:47,990 --> 00:09:45,839

that uh mellon

265

00:09:49,190 --> 00:09:48,000

didn't exactly get that's what i think

266

00:09:52,550 --> 00:09:49,200

is what happened there

267

00:09:54,949 --> 00:09:52,560

so uh that is that now another uh

268

00:09:56,470 --> 00:09:54,959

thing that came up during uh this was

269

00:09:57,590 --> 00:09:56,480

this came from melon this was another

270

00:10:01,110 --> 00:09:57,600

little anecdote

271

00:10:03,269 --> 00:10:01,120

uh where melon discussed a an incident

272

00:10:05,670 --> 00:10:03,279

involving steven spielberg

273

00:10:08,310 --> 00:10:05,680

being at the white house with ronald

274

00:10:11,430 --> 00:10:08,320

reagan showing his movie e.t

275

00:10:12,710 --> 00:10:11,440

and in fact uh that is actually that

276

00:10:14,230 --> 00:10:12,720

actually did happen

277

00:10:16,310 --> 00:10:14,240

he didn't confirm it he didn't state it

278

00:10:18,150 --> 00:10:16,320

as fact he just stated it as kind of

279

00:10:19,829 --> 00:10:18,160

a general anecdote that may or may not

280

00:10:23,269 --> 00:10:19,839

have happened but actually

281

00:10:26,310 --> 00:10:23,279

that did happen uh steven spielberg

282

00:10:28,150 --> 00:10:26,320

uh was interviewed and uh this this made

283

00:10:29,910 --> 00:10:28,160

actually a little bit of a stir

284

00:10:34,069 --> 00:10:29,920

uh back in the day when that when this

285

00:10:37,350 --> 00:10:35,590

and i i couldn't believe looking at the

286

00:10:40,069 --> 00:10:37,360

date looking back on it was already

287

00:10:41,509 --> 00:10:40,079

it's already almost 10 years ago uh when

288

00:10:43,190 --> 00:10:41,519

this happened i thought it was uh

289

00:10:44,790 --> 00:10:43,200

quite astonishing it was the most

290

00:10:45,670 --> 00:10:44,800

shocking thing looking back it's been 10

291

00:10:47,269 --> 00:10:45,680

years already

292

00:10:49,829 --> 00:10:47,279

because you know things were slow back

293

00:10:53,190 --> 00:10:49,839

in those days as far as ufo goes so

294

00:10:54,949 --> 00:10:53,200

uh when uh steven spielberg goes on the

295

00:10:56,310 --> 00:10:54,959

record and basically confirmed sort of

296

00:10:58,150 --> 00:10:56,320

an anecdote that had been floating

297

00:11:00,790 --> 00:10:58,160

around for a number of years

298

00:11:01,269 --> 00:11:00,800

it was it did create a little bit of

299

00:11:03,910 --> 00:11:01,279

news

300

00:11:05,829 --> 00:11:03,920

at least among us ufo folks so uh here's

301
00:11:07,190 --> 00:11:05,839
uh here's how the conversation went uh

302
00:11:09,670 --> 00:11:07,200
this fellow quinta

303
00:11:11,030 --> 00:11:09,680
uh wright uh wrote for this uh ain't it

304
00:11:13,509 --> 00:11:11,040
cool news website

305
00:11:15,269 --> 00:11:13,519
uh essentially a movie website i've

306
00:11:17,110 --> 00:11:15,279
heard a story that i wanted to run by

307
00:11:17,590 --> 00:11:17,120
you i have no idea if it's true but an

308
00:11:20,790 --> 00:11:17,600
effects

309
00:11:22,310 --> 00:11:20,800
friend of mine told me about a special

310
00:11:24,069 --> 00:11:22,320
screening of e.t

311
00:11:25,590 --> 00:11:24,079
for ronald reagan have you heard the

312
00:11:27,509 --> 00:11:25,600
story spielberg

313
00:11:28,790 --> 00:11:27,519

i was there so yeah this is great you

314

00:11:30,949 --> 00:11:28,800

actually here's a

315

00:11:33,110 --> 00:11:30,959

here's an instance where you actually

316

00:11:34,710 --> 00:11:33,120

have uh the person who is uh

317

00:11:36,310 --> 00:11:34,720

there he's there so you got a first

318

00:11:38,230 --> 00:11:36,320

person on the record account

319

00:11:40,389 --> 00:11:38,240

now it'd be like to see it'd be nice to

320

00:11:43,269 --> 00:11:40,399

see a lot more of this type of thing

321

00:11:44,870 --> 00:11:43,279

as far as ufos are concerned about some

322

00:11:45,910 --> 00:11:44,880

more important matters than this old

323

00:11:47,269 --> 00:11:45,920

anecdote but i thought it was

324

00:11:48,310 --> 00:11:47,279

interesting it made me chuckle when

325

00:11:50,870 --> 00:11:48,320

melon brought it up

326

00:11:52,230 --> 00:11:50,880

so uh going back to quinn uh the story i

327

00:11:55,030 --> 00:11:52,240

heard is that when reagan

328

00:11:55,990 --> 00:11:55,040

saw it he started talking about how

329

00:11:57,990 --> 00:11:56,000

close to reality

330

00:11:59,269 --> 00:11:58,000

it was and he was quickly ushered out of

331

00:12:01,990 --> 00:11:59,279

the room is that true

332

00:12:03,030 --> 00:12:02,000

well spielberg said well no that part

333

00:12:05,110 --> 00:12:03,040

wasn't true

334

00:12:07,110 --> 00:12:05,120

and again is this is how these uh these

335

00:12:10,389 --> 00:12:07,120

things get twisted around you know

336

00:12:12,389 --> 00:12:10,399

uh the the old telephone game in uh

337

00:12:14,550 --> 00:12:12,399

seemed seemingly everything regarding

338

00:12:16,069 --> 00:12:14,560

ufos now he wasn't ushered out of the

339

00:12:16,629 --> 00:12:16,079

room he was the president of the united

340

00:12:18,470 --> 00:12:16,639

states

341

00:12:20,069 --> 00:12:18,480

uh nobody could usher ronald reagan out

342

00:12:22,150 --> 00:12:20,079

of the room it was a

343

00:12:23,829 --> 00:12:22,160

in a the white house screening room and

344

00:12:25,430 --> 00:12:23,839

reagan got up to thank me for bringing

345

00:12:27,269 --> 00:12:25,440

the film to show the president first

346

00:12:30,069 --> 00:12:27,279

lady hold a guest so on so on

347

00:12:30,790 --> 00:12:30,079

i think neil armstrong was there i'm not

348

00:12:32,550 --> 00:12:30,800

100

349

00:12:34,150 --> 00:12:32,560

certain but it was an amazing amazing

350

00:12:35,910 --> 00:12:34,160

evening so uh

351
00:12:37,590 --> 00:12:35,920
he just stood up and looked around the

352
00:12:38,470 --> 00:12:37,600
room almost like he was doing a head

353
00:12:40,790 --> 00:12:38,480
count he said

354
00:12:42,389 --> 00:12:40,800
i wanted to thank you for bringing e.t

355
00:12:43,110 --> 00:12:42,399
to the white house we really enjoyed

356
00:12:44,629 --> 00:12:43,120
your movie

357
00:12:46,629 --> 00:12:44,639
and then he looked around the room and

358
00:12:48,710 --> 00:12:46,639
said and there are a number of people in

359
00:12:50,870 --> 00:12:48,720
this room who know that everything on

360
00:12:52,629 --> 00:12:50,880
that screen is absolutely true

361
00:12:53,990 --> 00:12:52,639
and he said it without smiling but he

362
00:12:56,550 --> 00:12:54,000
said it uh that

363
00:12:57,110 --> 00:12:56,560

he said that and everybody laughed by

364

00:12:58,949 --> 00:12:57,120

the way

365

00:13:00,870 --> 00:12:58,959

uh the whole room laughed because he

366

00:13:02,949 --> 00:13:00,880

presented it like a joke but he wasn't

367

00:13:05,190 --> 00:13:02,959

smiling as he said it so that's uh

368

00:13:06,470 --> 00:13:05,200

the way uh spielberg recounts that

369

00:13:07,670 --> 00:13:06,480

particular story i guess he didn't

370

00:13:10,150 --> 00:13:07,680

follow up with reagan and

371

00:13:11,670 --> 00:13:10,160

impress him on what he knew about ufos

372

00:13:13,190 --> 00:13:11,680

since you know spielberg didn't make

373

00:13:15,990 --> 00:13:13,200

close encounters as well

374

00:13:17,829 --> 00:13:16,000

but uh that was the movie that was uh

375

00:13:18,150 --> 00:13:17,839

showing that particular night and uh

376

00:13:19,990 --> 00:13:18,160

that's

377

00:13:21,670 --> 00:13:20,000

uh that was the comment reagan made and

378

00:13:23,829 --> 00:13:21,680

yeah that uh that

379

00:13:25,269 --> 00:13:23,839

you know uh you got sp steven spielberg

380

00:13:27,430 --> 00:13:25,279

on the record saying yeah

381

00:13:29,030 --> 00:13:27,440

the the story was essentially true not

382

00:13:30,710 --> 00:13:29,040

that about him being ushered out of the

383

00:13:31,350 --> 00:13:30,720

room but it was uh by and large it was

384

00:13:32,949 --> 00:13:31,360

accurate

385

00:13:34,949 --> 00:13:32,959

and so i thought that was pretty

386

00:13:36,150 --> 00:13:34,959

interesting and uh digging into the

387

00:13:38,389 --> 00:13:36,160

archives i thought that was

388

00:13:40,470 --> 00:13:38,399

worth sharing with you all so uh there

389

00:13:44,150 --> 00:13:40,480

was that and then there was another one

390

00:13:47,509 --> 00:13:44,160

that uh joe rogan brought up about

391

00:13:49,110 --> 00:13:47,519

uh jackie gleason seeing alien bodies at

392

00:13:52,710 --> 00:13:49,120

an air force base

393

00:13:55,829 --> 00:13:52,720

in florida now that one again

394

00:13:57,269 --> 00:13:55,839

that one is essentially true but there

395

00:14:00,470 --> 00:13:57,279

are some problems with it

396

00:14:03,189 --> 00:14:00,480

uh and what let me uh let me get

397

00:14:04,230 --> 00:14:03,199

to i have a tough time reading off the

398

00:14:07,829 --> 00:14:04,240

smaller

399

00:14:09,030 --> 00:14:07,839

uh yeah okay off the uh the small text

400

00:14:10,949 --> 00:14:09,040

on the uh

401
00:14:12,870 --> 00:14:10,959
on the uploading software so i have to

402
00:14:16,230 --> 00:14:12,880
look at it in a different program

403
00:14:19,269 --> 00:14:16,240
uh but uh basically uh

404
00:14:22,629 --> 00:14:19,279
the way rogan recounted it was larry

405
00:14:25,110 --> 00:14:22,639
warren of uh rendelsham forest fame and

406
00:14:27,189 --> 00:14:25,120
uh someone who was a a while uh he was

407
00:14:29,509 --> 00:14:27,199
stationed at rendelsham uh uh

408
00:14:31,350 --> 00:14:29,519
while the uh uh while the uh rendelsome

409
00:14:34,790 --> 00:14:31,360
forest incident took place he's

410
00:14:37,430 --> 00:14:34,800
proven to be uh somewhat uh uh

411
00:14:38,949 --> 00:14:37,440
less than a uh really credible source on

412
00:14:40,470 --> 00:14:38,959
a lot of other things that he's thought

413
00:14:42,470 --> 00:14:40,480

a lot of things that he said

414

00:14:43,910 --> 00:14:42,480

a lot of things that he's recounted and

415

00:14:44,790 --> 00:14:43,920

how he's put himself into different

416

00:14:47,590 --> 00:14:44,800

situations

417

00:14:49,750 --> 00:14:47,600

uh but he had apparently said that that

418

00:14:52,150 --> 00:14:49,760

gleason told him directly

419

00:14:52,870 --> 00:14:52,160

uh essentially uh the uh the essence of

420

00:14:56,829 --> 00:14:52,880

the story

421

00:15:00,550 --> 00:14:56,839

but the the the

422

00:15:03,189 --> 00:15:00,560

the source is uh mrs gleason herself

423

00:15:04,310 --> 00:15:03,199

uh she was interviewed in the national

424

00:15:07,350 --> 00:15:04,320

inquirer

425

00:15:09,750 --> 00:15:07,360

uh back in 1983 it was while

426

00:15:10,870 --> 00:15:09,760

uh she was going uh through a divorce uh

427

00:15:13,829 --> 00:15:10,880

with gleason

428

00:15:14,389 --> 00:15:13,839

but the essence of the story is true uh

429

00:15:17,829 --> 00:15:14,399

some key

430

00:15:21,910 --> 00:15:17,839

facts like i say i'm highly skeptical of

431

00:15:23,829 --> 00:15:21,920

the fact that uh larry warren uh became

432

00:15:25,990 --> 00:15:23,839

ufo buddies with jackie gleason they

433

00:15:28,629 --> 00:15:26,000

heard that story directly from gleason i

434

00:15:29,030 --> 00:15:28,639

i think that tends not to be the case uh

435

00:15:30,870 --> 00:15:29,040

but

436

00:15:32,389 --> 00:15:30,880

again uh the essence of the story is

437

00:15:35,670 --> 00:15:32,399

true a little bit off

438

00:15:37,910 --> 00:15:35,680

and again you see let me uh

439

00:15:39,670 --> 00:15:37,920

there's the uh in a cool news story and

440

00:15:43,030 --> 00:15:39,680

there's the gleason story

441

00:15:44,949 --> 00:15:43,040

so you get to see those and uh

442

00:15:47,110 --> 00:15:44,959

yep that was in the national enquirer

443

00:15:50,310 --> 00:15:47,120

back in 1983

444

00:15:53,670 --> 00:15:50,320

and uh yeah melon

445

00:15:56,870 --> 00:15:53,680

also discussed a video of

446

00:15:59,829 --> 00:15:56,880

supposedly ufos that were shown

447

00:16:01,509 --> 00:15:59,839

on the television show nightline back

448

00:16:02,870 --> 00:16:01,519

when that ted koppel was hosting it this

449

00:16:05,350 --> 00:16:02,880

was back in the 80s

450

00:16:06,470 --> 00:16:05,360

so let's uh that was tracked down and

451

00:16:09,350 --> 00:16:06,480

let's take a look

452

00:16:10,870 --> 00:16:09,360

at that particular video this is it uh

453

00:16:12,470 --> 00:16:10,880

can't make out too much from that but

454

00:16:14,389 --> 00:16:12,480

that's the video you get to see it for

455

00:16:16,550 --> 00:16:14,399

yourself and judge it for yourself

456

00:16:17,670 --> 00:16:16,560

looping that over a little bit so that

457

00:16:20,389 --> 00:16:17,680

was that

458

00:16:22,150 --> 00:16:20,399

and uh there it is in case you were

459

00:16:23,990 --> 00:16:22,160

wondering hey i'd like to take a look at

460

00:16:27,430 --> 00:16:24,000

that video uh there it is so

461

00:16:30,790 --> 00:16:27,440

so there's that now let's go back to

462

00:16:34,389 --> 00:16:30,800

uh the melon interviews

463

00:16:36,389 --> 00:16:34,399

and let's uh go to

464

00:16:38,790 --> 00:16:36,399

his conversation with uh former

465

00:16:39,350 --> 00:16:38,800

astronaut uh former jet fighter pilot uh

466

00:16:41,829 --> 00:16:39,360

terry

467

00:16:42,389 --> 00:16:41,839

verts he did an interview with verts and

468

00:16:45,590 --> 00:16:42,399

during

469

00:16:47,829 --> 00:16:45,600

this interview uh he made

470

00:16:49,030 --> 00:16:47,839

uh some very interesting comments

471

00:16:51,350 --> 00:16:49,040

regarding

472

00:16:52,230 --> 00:16:51,360

the rendleship case or excuse me not the

473

00:16:55,110 --> 00:16:52,240

rental ship

474

00:16:55,749 --> 00:16:55,120

the stephenville case and that is a case

475

00:16:58,069 --> 00:16:55,759

that is of

476

00:17:00,790 --> 00:16:58,079

a great deal of interest to me it was a

477

00:17:03,350 --> 00:17:00,800

a huge case back in 2009

478

00:17:04,230 --> 00:17:03,360

very early on uh when i was uh excuse me

479

00:17:06,069 --> 00:17:04,240

2008

480

00:17:08,309 --> 00:17:06,079

very early on when i started following

481

00:17:08,949 --> 00:17:08,319

all this so let's take a listen and uh

482

00:17:11,909 --> 00:17:08,959

listen to

483

00:17:13,270 --> 00:17:11,919

what uh uh finally uh from somebody on

484

00:17:15,990 --> 00:17:13,280

the inside actually

485

00:17:18,230 --> 00:17:16,000

volunteering some information about the

486

00:17:19,270 --> 00:17:18,240

stephenville case this was a huge case

487

00:17:21,189 --> 00:17:19,280

in the day

488

00:17:23,429 --> 00:17:21,199

it was right in the middle of uh when

489

00:17:25,669 --> 00:17:23,439

the a-tip program was operational

490

00:17:28,069 --> 00:17:25,679

it happened over the uh the continental

491

00:17:29,909 --> 00:17:28,079

united states to land it wasn't

492

00:17:31,590 --> 00:17:29,919

out over the ocean somewhere on some

493

00:17:34,310 --> 00:17:31,600

naval training exercises

494

00:17:35,830 --> 00:17:34,320

it happened right as a matter of fact

495

00:17:37,990 --> 00:17:35,840

urath county it happened

496

00:17:40,470 --> 00:17:38,000

right near crawford county uh which is

497

00:17:42,630 --> 00:17:40,480

where then president george

498

00:17:44,070 --> 00:17:42,640

w bush was living so let's take a look

499

00:17:46,789 --> 00:17:44,080

and listen to what

500

00:17:47,110 --> 00:17:46,799

he has to say here and let's pull this

501
00:17:56,150 --> 00:17:47,120

up

502
00:17:56,789 --> 00:17:56,160

non-attribution anonymous i would just

503
00:17:59,430 --> 00:17:56,799

scour

504
00:18:01,110 --> 00:17:59,440

the air force pilot ranks and radar

505
00:18:02,950 --> 00:18:01,120

operators awax and say hey

506
00:18:04,870 --> 00:18:02,960

have you guys seen anything that's the

507
00:18:07,590 --> 00:18:04,880

only you know

508
00:18:09,190 --> 00:18:07,600

we have the data we have but knowing the

509
00:18:11,110 --> 00:18:09,200

culture i bet you there's more data out

510
00:18:14,230 --> 00:18:11,120

there that people haven't reported

511
00:18:15,669 --> 00:18:14,240

i promise you there is um i'm in touch

512
00:18:17,830 --> 00:18:15,679

with uh

513
00:18:19,190 --> 00:18:17,840

people on on the task force some of them

514

00:18:21,990 --> 00:18:19,200

and

515

00:18:22,470 --> 00:18:22,000

i know there are many other incidents

516

00:18:25,990 --> 00:18:22,480

that

517

00:18:27,430 --> 00:18:26,000

the public domain

518

00:18:29,190 --> 00:18:27,440

i also know there have been incidents

519

00:18:32,150 --> 00:18:29,200

over the years

520

00:18:33,430 --> 00:18:32,160

for example um there was an intercept in

521

00:18:36,070 --> 00:18:33,440

texas

522

00:18:37,750 --> 00:18:36,080

during uh george bush the younger george

523

00:18:41,270 --> 00:18:37,760

bush's presidency

524

00:18:43,270 --> 00:18:41,280

of an unidentified uh aircraft that was

525

00:18:45,990 --> 00:18:43,280

approaching his ranch

526
00:18:46,630 --> 00:18:46,000
and um faa radars were tracking it the

527
00:18:50,549 --> 00:18:46,640
air force

528
00:18:53,510 --> 00:18:50,559
scrambled some f-16s and um

529
00:18:54,789 --> 00:18:53,520
there was sort of a prolonged uh chase

530
00:18:57,270 --> 00:18:54,799
engagement there

531
00:18:58,950 --> 00:18:57,280
near stevensville texas and during the

532
00:19:01,350 --> 00:18:58,960
a-tip program

533
00:19:03,029 --> 00:19:01,360
one of the air force officers who had uh

534
00:19:03,750 --> 00:19:03,039
you know top secret clearances and so

535
00:19:05,909 --> 00:19:03,760
forth

536
00:19:07,830 --> 00:19:05,919
uh tried to interview some of the f-16

537
00:19:10,150 --> 00:19:07,840
pilots and they refused to talk they

538
00:19:11,510 --> 00:19:10,160

said we signed non-disclosure agreements

539

00:19:12,470 --> 00:19:11,520

and even though you're air force and

540

00:19:13,990 --> 00:19:12,480

even though you're supposed to be

541

00:19:17,110 --> 00:19:14,000

investigating

542

00:19:17,590 --> 00:19:17,120

this phenomenon we can't talk to you and

543

00:19:19,909 --> 00:19:17,600

so

544

00:19:21,110 --> 00:19:19,919

there's there's that kind of information

545

00:19:24,070 --> 00:19:21,120

that um

546

00:19:25,909 --> 00:19:24,080

is out there but but you know who's

547

00:19:27,909 --> 00:19:25,919

who's got the who's ever recorded that

548

00:19:30,310 --> 00:19:27,919

and where does it reside

549

00:19:32,150 --> 00:19:30,320

on what their what it was that they saw

550

00:19:33,110 --> 00:19:32,160

and encountered and so forth i think

551
00:19:36,630 --> 00:19:33,120
there's a

552
00:19:39,430 --> 00:19:36,640
available

553
00:19:41,990 --> 00:19:39,440
potentially that's uh not been tapped or

554
00:19:45,110 --> 00:19:42,000
looked at yet

555
00:19:46,870 --> 00:19:45,120
and it's about time

556
00:19:48,870 --> 00:19:46,880
somebody finally uh brought up the

557
00:19:50,470 --> 00:19:48,880
stephen case uh good job christopher

558
00:19:51,430 --> 00:19:50,480
bell and that was a nice little plot

559
00:19:53,669 --> 00:19:51,440
twist this week

560
00:19:55,190 --> 00:19:53,679
i wasn't expecting that coming i've been

561
00:19:56,710 --> 00:19:55,200
talking about stephenville in the

562
00:20:00,150 --> 00:19:56,720
context of atip

563
00:20:01,750 --> 00:20:00,160

uh really since uh we knew uh when that

564

00:20:04,310 --> 00:20:01,760

program was operational

565

00:20:05,909 --> 00:20:04,320

you know uh uh what years that was

566

00:20:08,230 --> 00:20:05,919

operational hey right in the middle of

567

00:20:12,070 --> 00:20:08,240

all that there was the stephenville case

568

00:20:15,190 --> 00:20:12,080

and uh let's uh talk a little bit about

569

00:20:16,230 --> 00:20:15,200

uh what happened with stephenville and

570

00:20:19,350 --> 00:20:16,240

uh there was a

571

00:20:22,470 --> 00:20:19,360

a report written by mufon by robert

572

00:20:23,029 --> 00:20:22,480

powell and glenn schultz where they were

573

00:20:26,230 --> 00:20:23,039

able to

574

00:20:29,830 --> 00:20:26,240

foia out uh the commercial uh

575

00:20:31,110 --> 00:20:29,840

radar readings and in that information

576
00:20:33,830 --> 00:20:31,120
they were able to make this

577
00:20:34,230 --> 00:20:33,840
determination as to what these witnesses

578
00:20:36,230 --> 00:20:34,240
saw

579
00:20:37,669 --> 00:20:36,240
it is difficult to determine uh to

580
00:20:40,870 --> 00:20:37,679
determine it uh

581
00:20:43,669 --> 00:20:40,880
it was not any known aircraft uh the

582
00:20:45,830 --> 00:20:43,679
enormous size of the object its complete

583
00:20:48,789 --> 00:20:45,840
silence and its ability to travel

584
00:20:50,549 --> 00:20:48,799
at high rates of speed and to remain

585
00:20:53,430 --> 00:20:50,559
also remain stationary or

586
00:20:53,750 --> 00:20:53,440
travel at slow speeds is not explained

587
00:20:56,710 --> 00:20:53,760
by

588
00:20:58,950 --> 00:20:56,720

any known aircraft uh the smallest size

589

00:21:02,070 --> 00:20:58,960

calculated for witness descriptions

590

00:21:04,070 --> 00:21:02,080

was 524 feet and most of the

591

00:21:05,270 --> 00:21:04,080

calculations based on approximate

592

00:21:08,390 --> 00:21:05,280

distance of the object

593

00:21:09,029 --> 00:21:08,400

and the witness descriptions of degrees

594

00:21:11,190 --> 00:21:09,039

of sky

595

00:21:14,710 --> 00:21:11,200

covered by the object indicated an

596

00:21:17,669 --> 00:21:14,720

object closer to a thousand feet in size

597

00:21:21,990 --> 00:21:17,679

twice radar picked up an unknown object

598

00:21:24,070 --> 00:21:22,000

flying at 1900 to 2100 miles an hour

599

00:21:25,750 --> 00:21:24,080

admittedly it could have been a

600

00:21:28,470 --> 00:21:25,760

coincidental radar hit

601
00:21:31,029 --> 00:21:28,480
but in both cases that coincident occur

602
00:21:33,270 --> 00:21:31,039
coincidence occurred when a witness saw

603
00:21:35,350 --> 00:21:33,280
a very fast moving object

604
00:21:36,870 --> 00:21:35,360
in the same direction as an object

605
00:21:39,029 --> 00:21:36,880
painted by radar

606
00:21:41,110 --> 00:21:39,039
twice a radar tracked slow moving

607
00:21:43,190 --> 00:21:41,120
objects for extended periods of time

608
00:21:44,789 --> 00:21:43,200
that were very near the witness location

609
00:21:45,830 --> 00:21:44,799
in the direction described by the

610
00:21:48,470 --> 00:21:45,840
witnesses

611
00:21:50,310 --> 00:21:48,480
by the witness and at approximately the

612
00:21:51,350 --> 00:21:50,320
same time that the witness saw the

613
00:21:54,470 --> 00:21:51,360

unknown object

614

00:21:55,430 --> 00:21:54,480

it is very difficult to dismiss witness

615

00:21:58,070 --> 00:21:55,440

testimony

616

00:22:00,470 --> 00:21:58,080

that is corroborated by radar and to

617

00:22:01,029 --> 00:22:00,480

further augment the strangeness of these

618

00:22:03,190 --> 00:22:01,039

events

619

00:22:04,310 --> 00:22:03,200

radar tracked one of those two objects

620

00:22:07,190 --> 00:22:04,320

for over an hour

621

00:22:07,830 --> 00:22:07,200

as it traveled toward Crawford ranch the

622

00:22:09,990 --> 00:22:07,840

authors

623

00:22:10,870 --> 00:22:10,000

cannot comment on the source or origin

624

00:22:12,789 --> 00:22:10,880

of this object

625

00:22:13,909 --> 00:22:12,799

but it is clear to the authors that the

626

00:22:16,950 --> 00:22:13,919

unknown object

627

00:22:19,029 --> 00:22:16,960

was real and not imaginary why

628

00:22:20,070 --> 00:22:19,039

are more people not pressing on more

629

00:22:22,630 --> 00:22:20,080

information

630

00:22:24,870 --> 00:22:22,640

about this case i certainly have when

631

00:22:26,950 --> 00:22:24,880

i've had the opportu

632

00:22:28,870 --> 00:22:26,960

and here's that quote from george knapp

633

00:22:31,110 --> 00:22:28,880

he did and asked me anything

634

00:22:31,990 --> 00:22:31,120

over at the coast to coast uh website a

635

00:22:35,029 --> 00:22:32,000

while back

636

00:22:38,230 --> 00:22:35,039

uh this is uh the the best chance that i

637

00:22:38,950 --> 00:22:38,240

got to get in this question and uh this

638

00:22:41,750 --> 00:22:38,960

was it

639

00:22:42,549 --> 00:22:41,760

uh the answer is yes however that part

640

00:22:44,710 --> 00:22:42,559

uh

641

00:22:46,230 --> 00:22:44,720

my questions obviously did the a tip or

642

00:22:48,310 --> 00:22:46,240

awesome take a look at

643

00:22:49,909 --> 00:22:48,320

the stephenville case and uh obviously

644

00:22:51,750 --> 00:22:49,919

uh from two different sources now we've

645

00:22:52,310 --> 00:22:51,760

got to confirm that they did for mellon

646

00:22:55,669 --> 00:22:52,320

and now

647

00:22:57,750 --> 00:22:55,679

melon

648

00:22:58,950 --> 00:22:57,760

uh the answer is yes however the part

649

00:23:01,830 --> 00:22:58,960

that is fuzzy

650

00:23:03,909 --> 00:23:01,840

is whether it was a tip or awsap uh he

651
00:23:06,149 --> 00:23:03,919
said uh melon said it was a tip

652
00:23:07,110 --> 00:23:06,159
the program had two names awesapp was

653
00:23:08,870 --> 00:23:07,120
the first name

654
00:23:10,310 --> 00:23:08,880
and it mostly referred to the private

655
00:23:13,350 --> 00:23:10,320
contractor bass

656
00:23:15,029 --> 00:23:13,360
i do not have a security clearance so

657
00:23:15,750 --> 00:23:15,039
i'm not supposed to know some of this

658
00:23:17,270 --> 00:23:15,760
stuff

659
00:23:19,669 --> 00:23:17,280
but can say with some level of

660
00:23:21,990 --> 00:23:19,679
confidence that the stephenville case

661
00:23:23,669 --> 00:23:22,000
did garner some attention i can't say

662
00:23:25,590 --> 00:23:23,679
for sure whether that was

663
00:23:27,750 --> 00:23:25,600

uh the folks in the pentagon who looked

664

00:23:29,270 --> 00:23:27,760

at it or the private contractors but

665

00:23:31,430 --> 00:23:29,280

they did exchange info

666

00:23:32,549 --> 00:23:31,440

on a fairly regular basis from what i

667

00:23:34,950 --> 00:23:32,559

understand

668

00:23:37,190 --> 00:23:34,960

this is one case that uh you know you've

669

00:23:41,029 --> 00:23:37,200

got all these uh ufo activists

670

00:23:43,990 --> 00:23:41,039

uh uh sending uh uh letters and uh

671

00:23:45,350 --> 00:23:44,000

correspondence to congress asking uh for

672

00:23:48,549 --> 00:23:45,360

more about this stuff

673

00:23:49,029 --> 00:23:48,559

uh about uh get us disclosure blah blah

674

00:23:50,950 --> 00:23:49,039

blah

675

00:23:53,029 --> 00:23:50,960

we've got real specific questions that

676
00:23:53,669 --> 00:23:53,039
we can ask you know in the real specific

677
00:23:55,669 --> 00:23:53,679
places

678
00:23:56,950 --> 00:23:55,679
uh that we can send this information and

679
00:24:00,230 --> 00:23:56,960
uh frankly it's uh

680
00:24:02,070 --> 00:24:00,240
misdirected and uh honestly uh robert

681
00:24:03,750 --> 00:24:02,080
powell is a member of the scu

682
00:24:05,350 --> 00:24:03,760
uh they're uh they're ones who are

683
00:24:06,549 --> 00:24:05,360
gathered together a bunch of scientists

684
00:24:07,590 --> 00:24:06,559
saying that we should get this

685
00:24:09,350 --> 00:24:07,600
information out

686
00:24:10,789 --> 00:24:09,360
and uh when i asked him what he thought

687
00:24:12,870 --> 00:24:10,799
about all this he said

688
00:24:14,630 --> 00:24:12,880

it didn't happen they didn't look at it

689

00:24:17,510 --> 00:24:14,640

because and uh the reason being

690

00:24:19,110 --> 00:24:17,520

according to pal was if the military had

691

00:24:20,310 --> 00:24:19,120

looked at the stephenville case i would

692

00:24:22,870 --> 00:24:20,320

have known about it well

693

00:24:24,149 --> 00:24:22,880

i think we've got two pretty solid on

694

00:24:25,990 --> 00:24:24,159

the record sources

695

00:24:27,830 --> 00:24:26,000

that are saying that they did look at it

696

00:24:30,549 --> 00:24:27,840

and uh we need to start

697

00:24:30,950 --> 00:24:30,559

asking some more questions about it so

698

00:24:37,830 --> 00:24:30,960

uh

699

00:24:40,789 --> 00:24:37,840

friday

700

00:24:41,750 --> 00:24:40,799

uh and uh this was a story where uh

701
00:24:45,029 --> 00:24:41,760
harry reid

702
00:24:47,669 --> 00:24:45,039
uh made some comments about uh uh

703
00:24:48,070 --> 00:24:47,679
crash debris was a really lengthy story

704
00:24:50,950 --> 00:24:48,080
that

705
00:24:52,870 --> 00:24:50,960
was appeared in the new yorker uh in

706
00:24:55,510 --> 00:24:52,880
general a good story

707
00:24:56,549 --> 00:24:55,520
i think for sort of a general audience

708
00:25:00,950 --> 00:24:56,559
uh

709
00:25:02,390 --> 00:25:00,960
describe it as a good story for a

710
00:25:04,549 --> 00:25:02,400
general audience but

711
00:25:06,870 --> 00:25:04,559
it was nice to have a little bit of

712
00:25:09,830 --> 00:25:06,880
information that was good for us as well

713
00:25:10,230 --> 00:25:09,840

and uh the quote uh here from reed well

714

00:25:12,870 --> 00:25:10,240

it

715

00:25:15,110 --> 00:25:12,880

goes back over some old ground regarding

716

00:25:18,310 --> 00:25:15,120

a discrepancy and a retraction

717

00:25:20,470 --> 00:25:18,320

uh from a new york times story uh last

718

00:25:22,310 --> 00:25:20,480

summer regarding crash debris

719

00:25:24,470 --> 00:25:22,320

and uh there was a little bit of back

720

00:25:25,430 --> 00:25:24,480

and forth about that uh skeptics seize

721

00:25:27,430 --> 00:25:25,440

on it and make

722

00:25:28,549 --> 00:25:27,440

uh make a big deal out of it i i don't

723

00:25:31,430 --> 00:25:28,559

think it's

724

00:25:33,029 --> 00:25:31,440

that much of a big deal maybe just a a

725

00:25:35,750 --> 00:25:33,039

clarification

726

00:25:36,070 --> 00:25:35,760

again not a big deal but uh the author

727

00:25:41,190 --> 00:25:36,080

uh

728

00:25:43,990 --> 00:25:41,200

ask reed about it and ask him to clarify

729

00:25:44,470 --> 00:25:44,000

so uh he he covers it and i think this

730

00:25:46,630 --> 00:25:44,480

is a

731

00:25:47,590 --> 00:25:46,640

uh the most interesting part of the

732

00:25:49,269 --> 00:25:47,600

story to uh

733

00:25:50,870 --> 00:25:49,279

you know uh the folks like us the folks

734

00:25:53,590 --> 00:25:50,880

who follow this stuff uh

735

00:25:54,149 --> 00:25:53,600

uh you know the inside baseball stuff we

736

00:25:55,430 --> 00:25:54,159

want to know

737

00:25:57,269 --> 00:25:55,440

we already know a lot and we want to

738

00:25:59,590 --> 00:25:57,279

know more basically so

739

00:26:01,190 --> 00:25:59,600

uh in the story keane and blumenthal

740

00:26:03,029 --> 00:26:01,200

wrote that harry reid believed that

741

00:26:03,909 --> 00:26:03,039

crashes of vehicles from other worlds

742

00:26:05,990 --> 00:26:03,919

had occurred

743

00:26:07,990 --> 00:26:06,000

and that retrieved materials had been

744

00:26:09,990 --> 00:26:08,000

studied secretly for decades

745

00:26:11,269 --> 00:26:10,000

often by aerospace companies under

746

00:26:13,590 --> 00:26:11,279

government contract

747

00:26:14,710 --> 00:26:13,600

uh the day after its publication that

748

00:26:17,510 --> 00:26:14,720

times had

749

00:26:19,269 --> 00:26:17,520

to append a correction senator reid did

750

00:26:20,789 --> 00:26:19,279

not believe that crash debris had been

751

00:26:22,310 --> 00:26:20,799

allocated to private military

752

00:26:24,470 --> 00:26:22,320

contractors for study

753

00:26:25,750 --> 00:26:24,480

he believed that ufos may have crashed

754

00:26:27,909 --> 00:26:25,760

and that if so

755

00:26:29,909 --> 00:26:27,919

we should be studying the fallout when i

756

00:26:31,350 --> 00:26:29,919

asked reed about the confusion he told

757

00:26:33,269 --> 00:26:31,360

me that he admired keane

758

00:26:34,470 --> 00:26:33,279

but that he had never seen proof of any

759

00:26:37,029 --> 00:26:34,480

remnants something

760

00:26:38,390 --> 00:26:37,039

keane had never actually claimed yeah

761

00:26:39,190 --> 00:26:38,400

which is accurate she didn't say that

762

00:26:41,350 --> 00:26:39,200

she didn't write that

763

00:26:43,110 --> 00:26:41,360

but he left no doubt in our conversation

764

00:26:45,110 --> 00:26:43,120

as to his personal assessment

765

00:26:46,789 --> 00:26:45,120

i was told for decades here's that theme

766

00:26:49,430 --> 00:26:46,799

again i heard this i heard that

767

00:26:49,909 --> 00:26:49,440

okay uh that uh i was told for decades

768

00:26:52,149 --> 00:26:49,919

that

769

00:26:53,750 --> 00:26:52,159

lockheed had some of these retrieved

770

00:26:55,830 --> 00:26:53,760

materials he said

771

00:26:58,149 --> 00:26:55,840

and i tried to get it as i recall a

772

00:27:00,149 --> 00:26:58,159

classified approval by the pentagon

773

00:27:01,269 --> 00:27:00,159

to have me go look at the stuff they

774

00:27:03,430 --> 00:27:01,279

would not approve that

775

00:27:05,909 --> 00:27:03,440

i don't know what all the numbers were

776

00:27:07,190 --> 00:27:05,919

what kind of uh classification it was

777

00:27:09,350 --> 00:27:07,200

but they would not

778

00:27:11,590 --> 00:27:09,360

give that to me he told me that the

779

00:27:14,789 --> 00:27:11,600

pentagon had not provided a reason

780

00:27:18,710 --> 00:27:14,799

i asked if it was if that was

781

00:27:21,510 --> 00:27:18,720

why he'd requested sap status for atip

782

00:27:22,710 --> 00:27:21,520

he said yeah that's why i wanted uh them

783

00:27:24,310 --> 00:27:22,720

to take a look at it

784

00:27:25,750 --> 00:27:24,320

but they wouldn't give me the clearance

785

00:27:28,710 --> 00:27:25,760

so that was that

786

00:27:29,830 --> 00:27:28,720

basically now uh there's a lot there's a

787

00:27:32,230 --> 00:27:29,840

lot of narrative

788

00:27:33,590 --> 00:27:32,240

going on about this kind of material we

789

00:27:36,870 --> 00:27:33,600

saw in the wilson notes

790

00:27:37,750 --> 00:27:36,880

about any of this uh ufo uh crash debris

791

00:27:39,510 --> 00:27:37,760

material

792

00:27:41,590 --> 00:27:39,520

ending up in the hands of private

793

00:27:43,029 --> 00:27:41,600

contractors and it's not stated

794

00:27:44,950 --> 00:27:43,039

specifically in

795

00:27:46,310 --> 00:27:44,960

the wilson notes but the illusion is

796

00:27:48,870 --> 00:27:46,320

that they're talking about

797

00:27:49,669 --> 00:27:48,880

lockheed martin here that is uh you know

798

00:27:52,870 --> 00:27:49,679

they are

799

00:27:55,269 --> 00:27:52,880

uh

800

00:27:57,990 --> 00:27:55,279

that is the implication there in that

801
00:28:01,510 --> 00:27:58,000
and uh reed is saying it uh directly

802
00:28:03,029 --> 00:28:01,520
but i never and also a part of the

803
00:28:05,350 --> 00:28:03,039
narrative i should add

804
00:28:06,549 --> 00:28:05,360
is that uh it's a great way to avoid

805
00:28:08,870 --> 00:28:06,559
four-year requests as if

806
00:28:10,389 --> 00:28:08,880
classification itself doesn't work

807
00:28:12,470 --> 00:28:10,399
because obviously it does

808
00:28:14,830 --> 00:28:12,480
and uh you can keep harry reid out of a

809
00:28:18,230 --> 00:28:14,840
program uh you know you can keep uh

810
00:28:21,350 --> 00:28:18,240
uh keith basterfield or paul dean

811
00:28:22,950 --> 00:28:21,360
or tony bergalia from the information

812
00:28:25,269 --> 00:28:22,960
when they file for your request so

813
00:28:29,430 --> 00:28:25,279

that's a that's a silly and i think

814

00:28:31,830 --> 00:28:29,440

a misdirective misdirective and

815

00:28:33,830 --> 00:28:31,840

unhelpful narrative that's been going on

816

00:28:35,909 --> 00:28:33,840

it's all privatized to keep uh

817

00:28:38,310 --> 00:28:35,919

uh to keep people from requesting foyers

818

00:28:40,710 --> 00:28:38,320

it's a complete nonsensical story

819

00:28:41,909 --> 00:28:40,720

and uh one of the reasons that i think

820

00:28:45,110 --> 00:28:41,919

that's the case

821

00:28:46,789 --> 00:28:45,120

is came up in the past week over at the

822

00:28:49,190 --> 00:28:46,799

war zone the drive

823

00:28:50,789 --> 00:28:49,200

uh honeywell fined millions over

824

00:28:53,990 --> 00:28:50,799

exporting sensitive info

825

00:28:57,510 --> 00:28:54,000

on f 22 f 35 and more

826

00:28:58,070 --> 00:28:57,520

to china you've got if you can't

827

00:29:00,789 --> 00:28:58,080

possibly

828

00:29:02,630 --> 00:29:00,799

be telling me that uh uh any defense

829

00:29:03,750 --> 00:29:02,640

contractor lockheed martin i don't i

830

00:29:06,230 --> 00:29:03,760

don't care who it is

831

00:29:07,510 --> 00:29:06,240

is going to do a better job at keeping

832

00:29:09,590 --> 00:29:07,520

secrets to the government

833

00:29:11,029 --> 00:29:09,600

so the idea that they would give this

834

00:29:14,070 --> 00:29:11,039

sensitive information

835

00:29:16,070 --> 00:29:14,080

it uh over to a private contractor no

836

00:29:16,630 --> 00:29:16,080

matter how confident they are no matter

837

00:29:21,750 --> 00:29:16,640

how

838

00:29:23,750 --> 00:29:21,760

essentially they've uh who've taken the

839

00:29:25,750 --> 00:29:23,760

golden parachute and moved over

840

00:29:27,190 --> 00:29:25,760

uh into the defense contracting realm

841

00:29:28,389 --> 00:29:27,200

and are working on the other side of the

842

00:29:30,470 --> 00:29:28,399

tunnel essentially

843

00:29:32,470 --> 00:29:30,480

that that they'd be doing this but the

844

00:29:34,310 --> 00:29:32,480

the details on the story basically this

845

00:29:35,909 --> 00:29:34,320

uh the u.s government and defense

846

00:29:36,549 --> 00:29:35,919

contractor honeywell have reached a

847

00:29:40,149 --> 00:29:36,559

settlement

848

00:29:41,110 --> 00:29:40,159

over alleged violations of portions of

849

00:29:44,470 --> 00:29:41,120

the arms

850

00:29:45,830 --> 00:29:44,480

export control act uh the uh

851

00:29:47,990 --> 00:29:45,840

matter at hand had to do with

852

00:29:49,669 --> 00:29:48,000

honeywell's alleged unauthorized export

853

00:29:51,350 --> 00:29:49,679

of dozens of technical drawings

854

00:29:52,950 --> 00:29:51,360

related to components of various

855

00:29:57,029 --> 00:29:52,960

aircraft uh

856

00:29:59,990 --> 00:29:57,039

the b-1b bomber in there f-f-35

857

00:30:01,830 --> 00:30:00,000

joint strike force fighter f-22 raptor

858

00:30:05,029 --> 00:30:01,840

tomahawk cruise missile

859

00:30:06,710 --> 00:30:05,039

m1a1 abrams uh to multiple countries

860

00:30:08,630 --> 00:30:06,720

including china not just china but the

861

00:30:10,470 --> 00:30:08,640

multiple countries american officials

862

00:30:13,190 --> 00:30:10,480

contend that some of the disclosures

863

00:30:14,549 --> 00:30:13,200

are national security honeywell denies

864

00:30:16,630 --> 00:30:14,559

it of course

865

00:30:18,470 --> 00:30:16,640

the u.s state department announced the

866

00:30:21,430 --> 00:30:18,480

deal in which honeywell agreed

867

00:30:21,990 --> 00:30:21,440

to pay 13 million dollars in civil uh

868

00:30:24,310 --> 00:30:22,000

penalties

869

00:30:26,230 --> 00:30:24,320

among other things of that amount uh the

870

00:30:27,669 --> 00:30:26,240

payment of five million dollars was

871

00:30:30,230 --> 00:30:27,679

immediately suspended

872

00:30:30,870 --> 00:30:30,240

on the condition that the company put it

873

00:30:33,029 --> 00:30:30,880

toward

874

00:30:33,909 --> 00:30:33,039

uh remedial compliance measures in other

875

00:30:35,590 --> 00:30:33,919

words they

876

00:30:37,269 --> 00:30:35,600

they need more money to do their job

877

00:30:39,430 --> 00:30:37,279

right so they get they get a kickback

878

00:30:39,990 --> 00:30:39,440

essentially on their 13 million dollar

879

00:30:41,590 --> 00:30:40,000

fine

880

00:30:43,909 --> 00:30:41,600

so they only took eight million dollars

881

00:30:46,950 --> 00:30:43,919

from them so that's basically that story

882

00:30:50,230 --> 00:30:46,960

uh i think that uh does a good a

883

00:30:50,470 --> 00:30:50,240

a good real world story that uh kind of

884

00:30:55,430 --> 00:30:50,480

uh

885

00:30:59,430 --> 00:30:55,440

around

886

00:31:00,549 --> 00:30:59,440

number one that that people are actually

887

00:31:02,870 --> 00:31:00,559

gonna go to jail

888

00:31:03,990 --> 00:31:02,880

uh because of this ufo cover-up that's

889

00:31:06,389 --> 00:31:04,000

pretty clearly not going

890

00:31:07,269 --> 00:31:06,399

to happen and the the other is that uh

891

00:31:09,430 --> 00:31:07,279

basically uh

892

00:31:11,830 --> 00:31:09,440

the military-industrial complex is going

893

00:31:14,470 --> 00:31:11,840

to hand the keys to the kingdom

894

00:31:15,750 --> 00:31:14,480

essentially uh extraterrestrial uh

895

00:31:17,909 --> 00:31:15,760

functional aircraft

896

00:31:18,789 --> 00:31:17,919

uh to the private sector to any private

897

00:31:23,190 --> 00:31:18,799

contractor

898

00:31:26,230 --> 00:31:23,200

so that is basically that and

899

00:31:29,509 --> 00:31:26,240

finally we did get a curve ball this

900

00:31:33,669 --> 00:31:32,549

caused some consternation uh at least on

901
00:31:36,870 --> 00:31:33,679
my part

902
00:31:37,590 --> 00:31:36,880
uh a a a plot twist that uh to be honest

903
00:31:39,909 --> 00:31:37,600
about it

904
00:31:41,350 --> 00:31:39,919
uh it didn't look good to me uh of

905
00:31:44,149 --> 00:31:41,360
course uh it's been uh

906
00:31:46,389 --> 00:31:44,159
talked about for a while that uh jacques

907
00:31:48,230 --> 00:31:46,399
villa's book the best kept secret

908
00:31:50,230 --> 00:31:48,240
i was on its way it was uh going to be

909
00:31:50,950 --> 00:31:50,240
published earlier this week and to tell

910
00:31:52,789 --> 00:31:50,960
you the truth

911
00:31:55,029 --> 00:31:52,799
i was actually thinking about buying it

912
00:31:56,950 --> 00:31:55,039
putting a crowbar in my very own wallet

913
00:31:59,590 --> 00:31:56,960

and buying this book so i could read it

914

00:32:02,149 --> 00:31:59,600

myself uh what it purported to be

915

00:32:03,350 --> 00:32:02,159

uh based on the description at the

916

00:32:05,430 --> 00:32:03,360

original amazon

917

00:32:07,909 --> 00:32:05,440

site where it was uh available for

918

00:32:10,789 --> 00:32:07,919

pre-order uh was that it would be a

919

00:32:11,190 --> 00:32:10,799

look into uh basically the the details

920

00:32:13,350 --> 00:32:11,200

of

921

00:32:15,430 --> 00:32:13,360

materials research that valet was doing

922

00:32:16,950 --> 00:32:15,440

his own work with atip and bigelow and

923

00:32:19,990 --> 00:32:16,960

so on and so forth

924

00:32:20,870 --> 00:32:20,000

and we found out within the last day or

925

00:32:23,830 --> 00:32:20,880

so

926
00:32:25,350 --> 00:32:23,840
that he's been working on this for years

927
00:32:27,830 --> 00:32:25,360
uh this is from uh

928
00:32:28,630 --> 00:32:27,840
2017 contact in the desert before we

929
00:32:30,870 --> 00:32:28,640
even got the

930
00:32:32,310 --> 00:32:30,880
uh the to the starters uh to the stars

931
00:32:33,669 --> 00:32:32,320
academy announcement so

932
00:32:35,990 --> 00:32:33,679
it's been going he's been working on

933
00:32:37,909 --> 00:32:36,000
this for a while but uh what we saw last

934
00:32:40,070 --> 00:32:37,919
night was something quite different

935
00:32:41,590 --> 00:32:40,080
apparently the book is going to be

936
00:32:44,710 --> 00:32:41,600
reworked

937
00:32:46,470 --> 00:32:44,720
at trinity the best kept secret it's a

938
00:32:47,750 --> 00:32:46,480

apparently at least according to this

939

00:32:51,590 --> 00:32:47,760

rework cover

940

00:32:54,789 --> 00:32:51,600

going to focus on a case from 1945

941

00:32:58,230 --> 00:32:54,799

out in san antonio in new mexico

942

00:33:00,230 --> 00:32:58,240

where a craft came down uh this is uh

943

00:33:01,750 --> 00:33:00,240

this is uh one of the pieces that

944

00:33:05,509 --> 00:33:01,760

apparently was studied

945

00:33:08,470 --> 00:33:05,519

and uh this uh so some kids uh

946

00:33:09,350 --> 00:33:08,480

found this stuff and uh that's been

947

00:33:12,789 --> 00:33:09,360

researched

948

00:33:15,190 --> 00:33:12,799

uh the problems uh uh and uh criticism

949

00:33:17,190 --> 00:33:15,200

about the story uh came pretty

950

00:33:19,990 --> 00:33:17,200

immediately some researchers who

951
00:33:21,110 --> 00:33:20,000
uh worked on it directly uh chase

952
00:33:24,549 --> 00:33:21,120
klutzky and

953
00:33:26,710 --> 00:33:24,559
alejandra rojas talked about oh not not

954
00:33:28,470 --> 00:33:26,720
not this case not this case how could

955
00:33:30,389 --> 00:33:28,480
how could it be this case has been

956
00:33:33,190 --> 00:33:30,399
looked at in the past

957
00:33:34,310 --> 00:33:33,200
and there's uh there's a drawing there

958
00:33:36,549 --> 00:33:34,320
and uh part

959
00:33:37,590 --> 00:33:36,559
pieces from this crash excuse me how

960
00:33:40,470 --> 00:33:37,600
this crash debris

961
00:33:41,190 --> 00:33:40,480
had been analyzed in the past uh by uh

962
00:33:45,830 --> 00:33:41,200
mufon

963
00:33:49,029 --> 00:33:45,840

once in a while uh they're not making uh

964

00:33:50,549 --> 00:33:49,039

bad news for uh you know all sorts of

965

00:33:53,350 --> 00:33:50,559

unfortunate things uh

966

00:33:55,110 --> 00:33:53,360

uh but uh uh in this case uh they got

967

00:33:55,909 --> 00:33:55,120

hold of the piece uh they had it and

968

00:33:58,310 --> 00:33:55,919

well there's uh

969

00:33:59,669 --> 00:33:58,320

uh that requested by jan harzon now we

970

00:34:02,149 --> 00:33:59,679

haven't heard his name again

971

00:34:02,870 --> 00:34:02,159

uh for a while so uh that's uh uh that's

972

00:34:04,950 --> 00:34:02,880

a good thing

973

00:34:06,710 --> 00:34:04,960

uh but uh basically uh it goes through

974

00:34:09,030 --> 00:34:06,720

the story uh they did have it

975

00:34:09,829 --> 00:34:09,040

and uh what the these parts are are cast

976

00:34:14,069 --> 00:34:09,839

aluminum they're

977

00:34:16,629 --> 00:34:14,079

they're very ordinary and uh uh

978

00:34:18,629 --> 00:34:16,639

the uh folks that are familiar with this

979

00:34:21,750 --> 00:34:18,639

case and have worked this case directly

980

00:34:23,190 --> 00:34:21,760

uh you know they're they kind of

981

00:34:25,430 --> 00:34:23,200

are shaking their heads you know yeah

982

00:34:26,629 --> 00:34:25,440

it's a valet but uh they're shaking

983

00:34:29,510 --> 00:34:26,639

their heads on this one they

984

00:34:31,270 --> 00:34:29,520

they can't figure this out so maybe

985

00:34:31,990 --> 00:34:31,280

maybe he did pull a rabbit out of his

986

00:34:33,750 --> 00:34:32,000

hat and

987

00:34:36,710 --> 00:34:33,760

they've done some additional analysis

988

00:34:40,069 --> 00:34:36,720

but according to this report

989

00:34:42,389 --> 00:34:40,079

this frontier analysis limited it's

990

00:34:43,589 --> 00:34:42,399

ordinary it's an ordinary piece it's

991

00:34:46,629 --> 00:34:43,599

cast aluminum

992

00:34:49,430 --> 00:34:46,639

very earthly isotopic ratios are

993

00:34:50,869 --> 00:34:49,440

normal as to be expected uh nothing to

994

00:34:51,430 --> 00:34:50,879

see here at least according to this

995

00:34:53,430 --> 00:34:51,440

report

996

00:34:54,950 --> 00:34:53,440

and uh some additional editorial

997

00:34:57,430 --> 00:34:54,960

comments uh from the

998

00:34:59,270 --> 00:34:57,440

uh the authors who worked on it uh the

999

00:35:00,950 --> 00:34:59,280

the witnesses yeah they they seem more

1000

00:35:01,349 --> 00:35:00,960

interested in money than anything else

1001

00:35:04,550 --> 00:35:01,359

they

1002

00:35:06,630 --> 00:35:04,560

you know so uh we'll see you know

1003

00:35:08,630 --> 00:35:06,640

it's a field where uh rabbits get pulled

1004

00:35:11,109 --> 00:35:08,640

out of hats we're in a period of uh

1005

00:35:12,550 --> 00:35:11,119

lots of plot twists so uh anything can

1006

00:35:13,270 --> 00:35:12,560

happen who knows what's gonna happen

1007

00:35:16,870 --> 00:35:13,280

next week

1008

00:35:17,990 --> 00:35:16,880

uh rumors coming up that uh 60 minutes

1009

00:35:21,430 --> 00:35:18,000

is going to do a

1010

00:35:23,190 --> 00:35:21,440

story on this uh this ufo stuff as it's

1011

00:35:25,030 --> 00:35:23,200

been going down over the last couple

1012

00:35:27,349 --> 00:35:25,040

years a couple three years now

1013

00:35:28,390 --> 00:35:27,359

and we'll see if that happens a good

1014

00:35:30,550 --> 00:35:28,400

reason to believe

1015

00:35:32,870 --> 00:35:30,560

that it is uh because a couple of uh

1016

00:35:35,589 --> 00:35:32,880

60-minute producers with the official

1017

00:35:37,829 --> 00:35:35,599

blue badges on a twitter have sort of

1018

00:35:39,589 --> 00:35:37,839

hinted around about ufo stuff so

1019

00:35:41,349 --> 00:35:39,599

uh could very well be that they are

1020

00:35:42,950 --> 00:35:41,359

working on it and if they if they are

1021

00:35:44,230 --> 00:35:42,960

they're just about done now we should be

1022

00:35:46,150 --> 00:35:44,240

seeing it uh

1023

00:35:47,670 --> 00:35:46,160

maybe as early as uh by the end of this

1024

00:35:49,430 --> 00:35:47,680

month uh that

1025

00:35:51,109 --> 00:35:49,440

uh that would be my guess that's about

1026
00:35:51,829 --> 00:35:51,119
the turnaround time on those types of

1027
00:35:53,910 --> 00:35:51,839
stories

1028
00:35:55,510 --> 00:35:53,920
so uh we will see and that we will keep

1029
00:35:58,150 --> 00:35:55,520
you updated on the news

1030
00:35:59,589 --> 00:35:58,160
uh like i said i think we had a uh uh

1031
00:36:02,150 --> 00:35:59,599
there's uh there's the uh

1032
00:36:04,230 --> 00:36:02,160
uh the uh artists rendering of uh the

1033
00:36:06,150 --> 00:36:04,240
the ufo so we do have a little bit more

1034
00:36:07,910 --> 00:36:06,160
and then back to the top story this is

1035
00:36:11,510 --> 00:36:07,920
the best news of the week that uh

1036
00:36:13,750 --> 00:36:11,520
uh the uh this uh ufo uh reporting uh

1037
00:36:15,270 --> 00:36:13,760
from uh the uh the defense department

1038
00:36:17,109 --> 00:36:15,280

and the dia and

1039

00:36:18,790 --> 00:36:17,119

all the rest is uh i've gotten a little

1040

00:36:21,190 --> 00:36:18,800

bit of a kick and uh that

1041

00:36:22,950 --> 00:36:21,200

i think uh that's what it needs and uh

1042

00:36:27,750 --> 00:36:22,960

uh

1043

00:36:30,710 --> 00:36:27,760

you a little bit of a kick

1044

00:36:32,550 --> 00:36:30,720

and i'll be back as soon as i've got

1045

00:36:34,230 --> 00:36:32,560

something more to talk about for

1046

00:36:35,670 --> 00:36:34,240

you know however long i have to talk

1047

00:36:37,589 --> 00:36:35,680

about it so enjoy the rest of your
