THREAT SCENARIO CONTROVERSY  
PLUS MORE VIDEO

**UFONN**  
**SUNDAY**

1  
00:00:03,450 --> 00:00:17,750

[Music]

2  
00:00:21,670 --> 00:00:19,990

and good afternoon from philadelphia

3  
00:00:24,470 --> 00:00:21,680

frank here with yet another

4  
00:00:26,630 --> 00:00:24,480

episode of ufo news network sunday a

5  
00:00:29,830 --> 00:00:26,640

busy week it certainly was

6  
00:00:31,750 --> 00:00:29,840

awful lot happened uh major news

7  
00:00:34,790 --> 00:00:31,760

broadcast network coverage

8  
00:00:37,510 --> 00:00:34,800

uh continued coverage uh ambush

9  
00:00:38,709 --> 00:00:37,520

interviews interviews on entertainment

10  
00:00:41,190 --> 00:00:38,719

talk shows uh

11  
00:00:42,630 --> 00:00:41,200

uh and uh quite a bit happen so let's

12  
00:00:43,990 --> 00:00:42,640

not beat around the bush

13  
00:00:45,750 --> 00:00:44,000

i'm gonna try to cover this in

14

00:00:47,750 --> 00:00:45,760

chronological order

15

00:00:48,869 --> 00:00:47,760

roughly maybe some jumping back and

16

00:00:52,069 --> 00:00:48,879

forth but uh

17

00:00:55,510 --> 00:00:52,079

let's get to last friday a week ago

18

00:00:56,150 --> 00:00:55,520

friday which would have been the 14th uh

19

00:00:59,029 --> 00:00:56,160

jerry

20

00:01:01,349 --> 00:00:59,039

jeremy corbell releasing yet another

21

00:01:05,030 --> 00:01:01,359

video

22

00:01:07,350 --> 00:01:05,040

of uh

23

00:01:08,469 --> 00:01:07,360

three frame grabs that he had released

24

00:01:11,510 --> 00:01:08,479

when he released the

25

00:01:13,429 --> 00:01:11,520

triangle video this one looked based on

26  
00:01:13,830 --> 00:01:13,439  
that of those grabs to be a little bit

27  
00:01:15,990 --> 00:01:13,840  
more

28  
00:01:17,350 --> 00:01:16,000  
interesting than what i think is that

29  
00:01:20,630 --> 00:01:17,360  
fairly obviously

30  
00:01:22,550 --> 00:01:20,640  
some sort of plane or drone dressed up

31  
00:01:23,670 --> 00:01:22,560  
to look like a plane with the flashing

32  
00:01:25,510 --> 00:01:23,680  
nav lights so

33  
00:01:27,350 --> 00:01:25,520  
let's take a look at this video really

34  
00:01:30,390 --> 00:01:27,360  
quick

35  
00:01:33,749 --> 00:01:30,400  
and there it is finally we see

36  
00:01:36,390 --> 00:01:33,759  
uh this uh sphere-like object uh

37  
00:01:38,310 --> 00:01:36,400  
it's it's a it's a better video i've i i

38  
00:01:40,789 --> 00:01:38,320

can't tell what it is specifically

39

00:01:42,230 --> 00:01:40,799

it doesn't look like anything that i can

40

00:01:44,710 --> 00:01:42,240

easily identify

41

00:01:45,350 --> 00:01:44,720

some people are saying balloon but then

42

00:01:47,670 --> 00:01:45,360

when you

43

00:01:48,789 --> 00:01:47,680

continue to watch it what have you got

44

00:01:53,830 --> 00:01:48,799

oh picnic kid

45

00:01:56,550 --> 00:01:53,840

rafael peralta to launch hilo

46

00:01:57,670 --> 00:01:56,560

it's hovering there and then we see this

47

00:02:00,310 --> 00:01:57,680

descent

48

00:02:01,109 --> 00:02:00,320

and it seems to disappear beneath uh

49

00:02:04,709 --> 00:02:01,119

waves

50

00:02:06,870 --> 00:02:04,719

six feet

51  
00:02:08,469 --> 00:02:06,880  
it doesn't it's hard to tell it's hard

52  
00:02:10,389 --> 00:02:08,479  
to tell that they're that choppy

53  
00:02:12,309 --> 00:02:10,399  
but eventually what you'll see is this

54  
00:02:15,350 --> 00:02:12,319  
video go further down

55  
00:02:16,630 --> 00:02:15,360  
and down or excuse me this uh aircraft

56  
00:02:22,229 --> 00:02:16,640  
go further down

57  
00:02:24,309 --> 00:02:22,239  
down down and disappear from view

58  
00:02:25,990 --> 00:02:24,319  
and there it goes there we go so now

59  
00:02:28,070 --> 00:02:26,000  
they they see it too a splash they hit

60  
00:02:32,150 --> 00:02:28,080  
the water

61  
00:02:36,470 --> 00:02:34,229  
so what we're seeing there doesn't

62  
00:02:40,150 --> 00:02:36,480  
necessarily jump out and say gee there's

63  
00:02:42,949 --> 00:02:40,160

an advanced extraterrestrial craft there

64

00:02:44,550 --> 00:02:42,959

not sure exactly what that is certainly

65

00:02:47,110 --> 00:02:44,560

not sure at ct

66

00:02:47,830 --> 00:02:47,120

i don't know about that at all and that

67

00:02:50,710 --> 00:02:47,840

brings up

68

00:02:52,630 --> 00:02:50,720

a an article that was uh published on

69

00:02:55,509 --> 00:02:52,640

the 19th of last week

70

00:02:57,509 --> 00:02:55,519

and basically uh tom rogan over at the

71

00:02:58,309 --> 00:02:57,519

washington examiner he's been a guest on

72

00:03:00,390 --> 00:02:58,319

the show

73

00:03:02,710 --> 00:03:00,400

and basically what uh he was talking

74

00:03:05,430 --> 00:03:02,720

about was uh his concerns which

75

00:03:06,710 --> 00:03:05,440

echoed mine expressed here uh back on

76

00:03:09,110 --> 00:03:06,720

april 18th

77

00:03:10,229 --> 00:03:09,120

that there are so many of these uh

78

00:03:12,070 --> 00:03:10,239

non-et

79

00:03:13,910 --> 00:03:12,080

we don't know exactly what they are

80

00:03:16,470 --> 00:03:13,920

there could be uh

81

00:03:17,110 --> 00:03:16,480

adversarial recon uh aircraft of some

82

00:03:20,630 --> 00:03:17,120

sort

83

00:03:21,430 --> 00:03:20,640

well he's basically uh echoing the same

84

00:03:23,509 --> 00:03:21,440

thing

85

00:03:24,789 --> 00:03:23,519

i fear that haynes may play up this

86

00:03:26,630 --> 00:03:24,799

factor

87

00:03:29,030 --> 00:03:26,640

meaning these recon drones to the

88

00:03:29,589 --> 00:03:29,040

exclusion or underplaying of the three

89

00:03:31,670 --> 00:03:29,599

others

90

00:03:33,509 --> 00:03:31,680

and that would be incompatible with the

91

00:03:35,110 --> 00:03:33,519

spirit of the senate's request and the

92

00:03:37,589 --> 00:03:35,120

obligation

93

00:03:39,190 --> 00:03:37,599

and considering what i believe should be

94

00:03:41,350 --> 00:03:39,200

the second factor in the report

95

00:03:43,509 --> 00:03:41,360

namely that the most compelling ufos

96

00:03:45,270 --> 00:03:43,519

those ufos which lack conventional

97

00:03:47,910 --> 00:03:45,280

alternative explanation

98

00:03:49,910 --> 00:03:47,920

after exhausting investigation give

99

00:03:50,470 --> 00:03:49,920

credible indication of being highly

100

00:03:52,550 --> 00:03:50,480

advanced

101  
00:03:53,589 --> 00:03:52,560  
intelligently controlled vehicles uh the

102  
00:03:55,830 --> 00:03:53,599  
government

103  
00:03:57,190 --> 00:03:55,840  
has confidence that these most important

104  
00:03:59,270 --> 00:03:57,200  
compelling ufos

105  
00:04:00,789 --> 00:03:59,280  
are vehicles versus amorphous things

106  
00:04:03,110 --> 00:04:00,799  
take root and data returns

107  
00:04:03,990 --> 00:04:03,120  
and so on and so on and so on he's

108  
00:04:06,949 --> 00:04:04,000  
expect

109  
00:04:07,190 --> 00:04:06,959  
he's just expressing the same concerns

110  
00:04:10,149 --> 00:04:07,200  
as

111  
00:04:12,149 --> 00:04:10,159  
that i am that this report might be

112  
00:04:15,750 --> 00:04:12,159  
buried in the obviously

113  
00:04:17,830 --> 00:04:15,760

uh far greater in number uh

114

00:04:19,430 --> 00:04:17,840

encounters with just sort of ordinary

115

00:04:21,030 --> 00:04:19,440

things that they can't specifically

116

00:04:21,430 --> 00:04:21,040

explain they don't know exactly what it

117

00:04:24,790 --> 00:04:21,440

is

118

00:04:26,710 --> 00:04:24,800

as compared to these uh other uh

119

00:04:28,550 --> 00:04:26,720

incidents uh like the nimitz incidents

120

00:04:29,590 --> 00:04:28,560

where you've got the hypersonic speeds

121

00:04:32,230 --> 00:04:29,600

where you've got the

122

00:04:32,710 --> 00:04:32,240

incredible maneuverability that type of

123

00:04:38,629 --> 00:04:32,720

thing

124

00:04:38,950 --> 00:04:38,639

craft that that's going to get buried

125

00:04:40,870 --> 00:04:38,960

under

126

00:04:42,070 --> 00:04:40,880

sort of an avalanche of the the much

127

00:04:45,830 --> 00:04:42,080

more ordinary

128

00:04:49,110 --> 00:04:45,840

sort of mundane uh earthbound

129

00:04:51,270 --> 00:04:49,120

explanation uh ufos so that's his

130

00:04:51,830 --> 00:04:51,280

concern it was my concern two a week ago

131

00:05:04,150 --> 00:04:51,840

i

132

00:05:05,430 --> 00:05:04,160

however there's also some very good

133

00:05:08,790 --> 00:05:05,440

reason to think

134

00:05:10,390 --> 00:05:08,800

that the task force is uh well

135

00:05:12,550 --> 00:05:10,400

at least things are moving in the right

136

00:05:14,790 --> 00:05:12,560

direction uh no matter what that what is

137

00:05:18,150 --> 00:05:14,800

actually in the task force report

138

00:05:19,350 --> 00:05:18,160

and uh a big event uh last last sunday

139

00:05:22,790 --> 00:05:19,360

we could go today

140

00:05:23,590 --> 00:05:22,800

uh cbs went all out in terms of uh ufo

141

00:05:27,029 --> 00:05:23,600

reporting

142

00:05:30,469 --> 00:05:27,039

uh their cbs sunday morning show uh

143

00:05:31,270 --> 00:05:30,479

reported a sort of a hybrid ufo uh

144

00:05:34,390 --> 00:05:31,280

report uh

145

00:05:35,189 --> 00:05:34,400

uh focusing on what's been going on uh

146

00:05:38,710 --> 00:05:35,199

with the

147

00:05:40,070 --> 00:05:38,720

the uh all the uh the a-tip uh the ufo

148

00:05:41,830 --> 00:05:40,080

task force all that

149

00:05:44,070 --> 00:05:41,840

i spoke to leslie keane who had

150

00:05:44,469 --> 00:05:44,080

obviously uh written that new york times

151  
00:05:46,790 --> 00:05:44,479  
article

152  
00:05:47,749 --> 00:05:46,800  
gave you i gave her some nice face time

153  
00:05:49,510 --> 00:05:47,759  
and also

154  
00:05:51,110 --> 00:05:49,520  
and i thought this was uh pretty

155  
00:05:53,350 --> 00:05:51,120  
interesting uh pretty odd

156  
00:05:54,550 --> 00:05:53,360  
that they sort of uh juxtaposed this

157  
00:05:56,950 --> 00:05:54,560  
situation

158  
00:05:57,990 --> 00:05:56,960  
with uh avi loeb uh the harvard

159  
00:06:01,029 --> 00:05:58,000  
astronomer

160  
00:06:04,390 --> 00:06:01,039  
who uh has said that this uh more more

161  
00:06:06,950 --> 00:06:04,400  
uh ufo

162  
00:06:08,309 --> 00:06:06,960  
for a little further out in space is

163  
00:06:11,590 --> 00:06:08,319

actually uh might be

164

00:06:13,670 --> 00:06:11,600

a uh ufo spacecraft itself i thought

165

00:06:15,830 --> 00:06:13,680

that was kind of interesting uh an

166

00:06:18,629 --> 00:06:15,840

interesting uh juxtaposition

167

00:06:20,390 --> 00:06:18,639

and uh they actually they actually uh

168

00:06:21,029 --> 00:06:20,400

dug up a tape i thought that was pretty

169

00:06:24,710 --> 00:06:21,039

interesting

170

00:06:26,469 --> 00:06:24,720

because this is something that

171

00:06:28,629 --> 00:06:26,479

we saw a few months ago i saw it and

172

00:06:30,870 --> 00:06:28,639

i've never commented on it here

173

00:06:33,110 --> 00:06:30,880

i think at the time that this came out

174

00:06:35,350 --> 00:06:33,120

we were really focused on the

175

00:06:36,950 --> 00:06:35,360

uh the materials for your release we

176

00:06:39,510 --> 00:06:36,960

spent a couple shows on that

177

00:06:41,430 --> 00:06:39,520

and really got into that in some detail

178

00:06:43,590 --> 00:06:41,440

so i kind of passed over this but uh

179

00:06:46,830 --> 00:06:43,600

since cbs sunday morning brought it up

180

00:06:50,950 --> 00:06:46,840

uh let's uh let's take a closer look at

181

00:06:50,960 --> 00:06:55,430

all right jill next

182

00:07:01,670 --> 00:06:58,710

so avi i get a little bit pissed off

183

00:07:03,350 --> 00:07:01,680

when you throw the entire scientific

184

00:07:05,350 --> 00:07:03,360

culture under the bus

185

00:07:07,749 --> 00:07:05,360

because some of us have been thinking

186

00:07:10,950 --> 00:07:07,759

about and building instruments to find

187

00:07:14,870 --> 00:07:10,960

anomalies for a very long time

188

00:07:18,230 --> 00:07:14,880

and i think that when we say

189

00:07:20,990 --> 00:07:18,240

that if we ever are going to announce

190

00:07:22,870 --> 00:07:21,000

such a detection that we require

191

00:07:24,990 --> 00:07:22,880

extraordinary evidence

192

00:07:27,110 --> 00:07:25,000

we're doing that as a way of

193

00:07:30,230 --> 00:07:27,120

differentiating ourselves

194

00:07:33,589 --> 00:07:30,240

from the pseudoscience that is so much a

195

00:07:36,870 --> 00:07:33,599

part of popular culture with ufos and

196

00:07:38,710 --> 00:07:36,880

and all kinds of claims of things that

197

00:07:42,790 --> 00:07:38,720

people have detected

198

00:07:46,150 --> 00:07:42,800

so um i wouldn't be so hard on the

199

00:07:49,670 --> 00:07:46,160

whole culture abby well let me explain

200

00:07:50,790 --> 00:07:49,680

to your first point i'm talking about a

201  
00:07:53,270 --> 00:07:50,800  
factor of a

202  
00:07:54,309 --> 00:07:53,280  
thousand in funding i'm not talking

203  
00:07:57,670 --> 00:07:54,319  
about a factor of

204  
00:08:00,070 --> 00:07:57,680  
two over a decade increasing funding

205  
00:08:00,869 --> 00:08:00,080  
i'm saying there is a discrepancy by a

206  
00:08:03,670 --> 00:08:00,879  
factor of a

207  
00:08:04,550 --> 00:08:03,680  
thousand in what's what needs to be the

208  
00:08:09,589 --> 00:08:04,560  
case

209  
00:08:11,830 --> 00:08:09,599  
community that you are talking about

210  
00:08:14,150 --> 00:08:11,840  
a factor of a thousand is a big factor

211  
00:08:16,150 --> 00:08:14,160  
in funding

212  
00:08:17,430 --> 00:08:16,160  
and moreover it's even a bigger factor

213  
00:08:21,189 --> 00:08:17,440

in bullying

214

00:08:23,670 --> 00:08:21,199

because anyone that makes a suggestion

215

00:08:26,230 --> 00:08:23,680

in the direction of technological

216

00:08:28,790 --> 00:08:26,240

signature is being bullied and ridiculed

217

00:08:31,589 --> 00:08:28,800

i don't know wait a second let me finish

218

00:08:33,269 --> 00:08:31,599

now my second point is

219

00:08:35,990 --> 00:08:33,279

uh my second point which is very

220

00:08:39,190 --> 00:08:36,000

important is in the dark ages

221

00:08:40,790 --> 00:08:39,200

people used to say that the human body

222

00:08:42,790 --> 00:08:40,800

should not be dissected there shouldn't

223

00:08:43,829 --> 00:08:42,800

be operations because it has magical

224

00:08:46,949 --> 00:08:43,839

powers

225

00:08:47,430 --> 00:08:46,959

because there is a soul now think about

226

00:08:50,550 --> 00:08:47,440

it

227

00:08:53,990 --> 00:08:50,560

if scientists were to say we don't want

228

00:08:55,670 --> 00:08:54,000

to discuss the human body

229

00:08:57,829 --> 00:08:55,680

until there are extraordinary evidence

230

00:08:58,389 --> 00:08:57,839

for something we don't want to discuss

231

00:09:01,750 --> 00:08:58,399

it

232

00:09:03,509 --> 00:09:01,760

because of all these nonsense being said

233

00:09:06,790 --> 00:09:03,519

about the human body

234

00:09:08,310 --> 00:09:06,800

what well that

235

00:09:10,389 --> 00:09:08,320

that was a little bit longer piece than

236

00:09:13,910 --> 00:09:10,399

the the small snippet they used there so

237

00:09:16,310 --> 00:09:13,920

you get the you get the idea uh that uh

238

00:09:18,310 --> 00:09:16,320

that uh within the scientific community

239

00:09:21,430 --> 00:09:18,320

there seems to be not only uh

240

00:09:21,990 --> 00:09:21,440

an aversion to a particular a particular

241

00:09:25,350 --> 00:09:22,000

subject

242

00:09:28,150 --> 00:09:25,360

uh like e.t visiting us

243

00:09:29,509 --> 00:09:28,160

and uh also uh there seems to be a

244

00:09:32,550 --> 00:09:29,519

certain

245

00:09:35,509 --> 00:09:32,560

way too

246

00:09:37,430 --> 00:09:35,519

and i i i don't like uh tarter's

247

00:09:39,670 --> 00:09:37,440

position in that particular exchange

248

00:09:41,350 --> 00:09:39,680

now uh loeb did something that threw the

249

00:09:45,350 --> 00:09:41,360

entire scientific community

250

00:09:47,269 --> 00:09:45,360

under the bus uh uh just uh don't uh uh

251  
00:09:48,710 --> 00:09:47,279  
don't think she was in the right there

252  
00:09:51,430 --> 00:09:48,720  
at all

253  
00:09:53,030 --> 00:09:51,440  
and uh uh appreciate that loeb standing

254  
00:09:54,389 --> 00:09:53,040  
up for himself so i thought that was a

255  
00:09:56,630 --> 00:09:54,399  
pretty interesting exchange

256  
00:09:58,230 --> 00:09:56,640  
uh let's face it as we go forward with

257  
00:09:59,829 --> 00:09:58,240  
this there is going to be

258  
00:10:01,990 --> 00:09:59,839  
a lot more overlay a lot more

259  
00:10:05,670 --> 00:10:02,000  
interlapping between science

260  
00:10:06,389 --> 00:10:05,680  
and uh us folks here in the ufo

261  
00:10:08,150 --> 00:10:06,399  
community

262  
00:10:09,910 --> 00:10:08,160  
uh we already saw a little bit of a

263  
00:10:12,069 --> 00:10:09,920

pushback uh from some

264

00:10:14,389 --> 00:10:12,079

uh some mainstream scientists uh over

265

00:10:15,269 --> 00:10:14,399

the last uh week after that 60 minutes

266

00:10:18,150 --> 00:10:15,279

piece ryan

267

00:10:20,230 --> 00:10:18,160

i'll get more to that a little bit later

268

00:10:23,110 --> 00:10:20,240

but

269

00:10:25,110 --> 00:10:23,120

uh they did uh go out and get the one of

270

00:10:27,829 --> 00:10:25,120

the usual suspects of course

271

00:10:29,829 --> 00:10:27,839

on the debunking side he wasn't wasn't

272

00:10:32,230 --> 00:10:29,839

too harsh here today uh

273

00:10:32,870 --> 00:10:32,240

last sunday he wasn't uh too harsh on

274

00:10:34,870 --> 00:10:32,880

either side

275

00:10:37,110 --> 00:10:34,880

but they did yeah you know they did get

276

00:10:38,949 --> 00:10:37,120

him to do the very unique double debunk

277

00:10:40,870 --> 00:10:38,959

he was actually sort of debunking uh the

278

00:10:44,389 --> 00:10:40,880

ufos on the one side and

279

00:10:44,910 --> 00:10:44,399

uh debunking uh uh loeb's finding about

280

00:10:48,069 --> 00:10:44,920

the

281

00:10:49,110 --> 00:10:48,079

um whatever it was and i thought that

282

00:10:51,509 --> 00:10:49,120

was pretty interesting

283

00:10:52,790 --> 00:10:51,519

now i'm going to tell uh like i said he

284

00:10:55,910 --> 00:10:52,800

wasn't too bad

285

00:10:58,069 --> 00:10:55,920

him in a

286

00:10:59,430 --> 00:10:58,079

bad light he seems like a an evocular

287

00:11:02,310 --> 00:10:59,440

chat a

288

00:11:02,870 --> 00:11:02,320

a chatty guy most of the time not a bad

289

00:11:06,389 --> 00:11:02,880

guy

290

00:11:08,550 --> 00:11:06,399

but they tried him out to uh basically

291

00:11:10,230 --> 00:11:08,560

spread over the years a lot of bad

292

00:11:11,829 --> 00:11:10,240

information about ufos i didn't see

293

00:11:14,790 --> 00:11:11,839

anything too terrible from him

294

00:11:15,350 --> 00:11:14,800

last sunday but i will talk about the uh

295

00:11:18,150 --> 00:11:15,360

a little

296

00:11:18,870 --> 00:11:18,160

incident uh that i had with him on

297

00:11:20,710 --> 00:11:18,880

facebook

298

00:11:22,389 --> 00:11:20,720

this this is a story i've never told on

299

00:11:23,750 --> 00:11:22,399

the show uh but i think it's

300

00:11:25,829 --> 00:11:23,760

worth telling in this spot and then

301  
00:11:26,710 --> 00:11:25,839  
we'll get into the review of the 60

302  
00:11:29,269 --> 00:11:26,720  
minutes piece

303  
00:11:30,870 --> 00:11:29,279  
but that basically right after the first

304  
00:11:33,269 --> 00:11:30,880  
new york times story came out

305  
00:11:34,150 --> 00:11:33,279  
the one written by leslie keane back in

306  
00:11:37,910 --> 00:11:34,160  
december

307  
00:11:40,870 --> 00:11:37,920  
of 2017 uh shasta

308  
00:11:41,430 --> 00:11:40,880  
said i'm going on facebook live through

309  
00:11:44,470 --> 00:11:41,440  
the seti

310  
00:11:46,949 --> 00:11:44,480  
there

311  
00:11:48,150 --> 00:11:46,959  
and i'm going to answer questions about

312  
00:11:50,230 --> 00:11:48,160  
ufos and

313  
00:11:51,990 --> 00:11:50,240

uh no matter how tough they are think up

314

00:11:55,190 --> 00:11:52,000

your toughest question

315

00:11:57,509 --> 00:11:55,200

and uh you know ask me about ufos so

316

00:11:58,949 --> 00:11:57,519

i'm on break and this is probably as i

317

00:12:00,470 --> 00:11:58,959

remember it's a weekday i'm on the

318

00:12:03,269 --> 00:12:00,480

holiday break for uh

319

00:12:04,470 --> 00:12:03,279

uh for uh from work so you know i'm able

320

00:12:06,470 --> 00:12:04,480

to do it

321

00:12:08,310 --> 00:12:06,480

we get in there and a lot of people are

322

00:12:09,670 --> 00:12:08,320

asking there was a pretty good turnout

323

00:12:11,590 --> 00:12:09,680

as i recall not

324

00:12:13,030 --> 00:12:11,600

not thousands but i mean it was a good

325

00:12:15,030 --> 00:12:13,040

turnout a lot there were

326

00:12:16,150 --> 00:12:15,040

there were plenty of questions he's got

327

00:12:18,069 --> 00:12:16,160

assistance there

328

00:12:19,829 --> 00:12:18,079

you know helping uh go through the

329

00:12:20,550 --> 00:12:19,839

questions and feeding him and so on and

330

00:12:22,949 --> 00:12:20,560

so forth

331

00:12:24,870 --> 00:12:22,959

well the first question i ask is what

332

00:12:27,829 --> 00:12:24,880

about ufos and radar

333

00:12:29,269 --> 00:12:27,839

and uh it doesn't get answered and now

334

00:12:29,910 --> 00:12:29,279

there are a couple other people in there

335

00:12:32,470 --> 00:12:29,920

we're thinking

336

00:12:34,550 --> 00:12:32,480

along the same lines as me that also

337

00:12:37,990 --> 00:12:34,560

asked about ufos and radar

338

00:12:39,590 --> 00:12:38,000

uh so all in tall i think five uh i

339

00:12:40,550 --> 00:12:39,600

asked my question twice because it

340

00:12:41,910 --> 00:12:40,560

didn't get answered

341

00:12:43,590 --> 00:12:41,920

somebody else did the same thing and

342

00:12:46,870 --> 00:12:43,600

then somebody else was asking

343

00:12:50,150 --> 00:12:46,880

so all in all toll uh he he was

344

00:12:52,069 --> 00:12:50,160

asked five different questions about the

345

00:12:54,949 --> 00:12:52,079

ufos and radar

346

00:12:55,670 --> 00:12:54,959

and he didn't answer any of them and

347

00:12:57,750 --> 00:12:55,680

it's not like

348

00:12:59,190 --> 00:12:57,760

he was so deluged with questions like i

349

00:13:01,750 --> 00:12:59,200

said he had a nice uh

350

00:13:02,550 --> 00:13:01,760

a nice group in there but uh there's no

351  
00:13:05,670 --> 00:13:02,560  
way

352  
00:13:08,470 --> 00:13:05,680  
that he didn't uh didn't

353  
00:13:10,629 --> 00:13:08,480  
he was his assistant didn't see and uh

354  
00:13:12,069 --> 00:13:10,639  
feed him uh at least one question about

355  
00:13:15,190 --> 00:13:12,079  
ufos and radar

356  
00:13:16,150 --> 00:13:15,200  
so uh he dodged those questions and uh i

357  
00:13:17,670 --> 00:13:16,160  
think uh

358  
00:13:19,590 --> 00:13:17,680  
unless you can put a camera in front of

359  
00:13:21,430 --> 00:13:19,600  
him he's gonna keep on dodging

360  
00:13:23,430 --> 00:13:21,440  
i'm not sure what his position is he's

361  
00:13:27,030 --> 00:13:23,440  
sort of irrelevant to the thing but

362  
00:13:28,470 --> 00:13:27,040  
he's always uh he he's always uh

363  
00:13:30,310 --> 00:13:28,480

one of the first guys to call for

364

00:13:32,470 --> 00:13:30,320

whatever reason uh this is a

365

00:13:35,030 --> 00:13:32,480

this is what you see when you need an

366

00:13:36,870 --> 00:13:35,040

expert you know an expert

367

00:13:38,470 --> 00:13:36,880

sort of grounded scientist they call

368

00:13:39,990 --> 00:13:38,480

this guy for whatever reason he's not a

369

00:13:41,910 --> 00:13:40,000

bad guy he's okay on tv

370

00:13:43,910 --> 00:13:41,920

he's articulate and all that but he's

371

00:13:45,990 --> 00:13:43,920

the first guy the same way that

372

00:13:47,990 --> 00:13:46,000

a lot of people call nick pope when they

373

00:13:49,430 --> 00:13:48,000

want something pro ufo what's going on

374

00:13:51,910 --> 00:13:49,440

with this ufo stuff and

375

00:13:53,509 --> 00:13:51,920

you know nick pope is uh doesn't really

376

00:13:55,350 --> 00:13:53,519

add anything hasn't really

377

00:13:56,949 --> 00:13:55,360

contributed anything within the field

378

00:13:59,509 --> 00:13:56,959

but that he's gotten himself

379

00:14:00,069 --> 00:13:59,519

into this position where he's recognized

380

00:14:03,509 --> 00:14:00,079

by

381

00:14:04,470 --> 00:14:03,519

tv people uh as a a good guy to talk to

382

00:14:06,310 --> 00:14:04,480

uh on tv

383

00:14:08,069 --> 00:14:06,320

and i mean that's basically the limit of

384

00:14:09,750 --> 00:14:08,079

uh what he brings to this uh

385

00:14:12,629 --> 00:14:09,760

this particular subject he might have

386

00:14:14,470 --> 00:14:12,639

some uh uh you know i i admire the city

387

00:14:17,030 --> 00:14:14,480

work i'm okay with the seti work on the

388

00:14:18,949 --> 00:14:17,040

seti work he's uh very very good

389

00:14:20,310 --> 00:14:18,959

and when it comes to him talking about

390

00:14:22,949 --> 00:14:20,320

ufos he's

391

00:14:24,150 --> 00:14:22,959

been very very bad and he has been for a

392

00:14:25,910 --> 00:14:24,160

long time

393

00:14:27,590 --> 00:14:25,920

so there's that and let's get to really

394

00:14:28,790 --> 00:14:27,600

the main event let's not beat around the

395

00:14:31,189 --> 00:14:28,800

bush the main event

396

00:14:32,310 --> 00:14:31,199

uh this past week was the 60 minute

397

00:14:35,189 --> 00:14:32,320

story

398

00:14:36,310 --> 00:14:35,199

well we knew it was coming uh i think we

399

00:14:38,790 --> 00:14:36,320

talked about it

400

00:14:40,230 --> 00:14:38,800

uh was it uh on the last show that i

401

00:14:42,470 --> 00:14:40,240

mentioned that it was coming

402

00:14:44,069 --> 00:14:42,480

and they did get it in before memorial

403

00:14:46,470 --> 00:14:44,079

day before the end of the month

404

00:14:48,069 --> 00:14:46,480

looks like they probably uh graham

405

00:14:48,790 --> 00:14:48,079

messick as you can see up at the top the

406

00:14:50,550 --> 00:14:48,800

producer

407

00:14:51,990 --> 00:14:50,560

he was hinting around about it on

408

00:14:53,509 --> 00:14:52,000

twitter a while back so

409

00:14:55,750 --> 00:14:53,519

they pretty well must have had this

410

00:14:57,110 --> 00:14:55,760

story pretty well near done before he

411

00:14:59,910 --> 00:14:57,120

started dropping hints

412

00:15:00,949 --> 00:14:59,920

online because like i say usually takes

413

00:15:02,389 --> 00:15:00,959

a little while

414

00:15:04,150 --> 00:15:02,399

they probably work the story they

415

00:15:06,230 --> 00:15:04,160

probably started working this story like

416

00:15:07,910 --> 00:15:06,240

back in april i would say uh that would

417

00:15:08,790 --> 00:15:07,920

be my guess they got it turned around

418

00:15:10,470 --> 00:15:08,800

pretty quick

419

00:15:13,030 --> 00:15:10,480

you know you gotta you gotta move people

420

00:15:15,030 --> 00:15:13,040

around you've got to fly here and there

421

00:15:16,870 --> 00:15:15,040

you've got to uh you got to gather them

422

00:15:17,430 --> 00:15:16,880

together you got to line them up you got

423

00:15:20,710 --> 00:15:17,440

to

424

00:15:23,269 --> 00:15:20,720

do some preliminary research so

425

00:15:24,829 --> 00:15:23,279

one thing that i pointed out online is

426

00:15:27,829 --> 00:15:24,839

60 minutes

427

00:15:28,870 --> 00:15:27,839

undoubtedly uh has a lot of a very good

428

00:15:30,870 --> 00:15:28,880

material

429

00:15:32,310 --> 00:15:30,880

gathered together but unfortunately with

430

00:15:33,749 --> 00:15:32,320

the because it's tv

431

00:15:35,509 --> 00:15:33,759

what they've got to do is they've got to

432

00:15:38,710 --> 00:15:35,519

boil it down into a

433

00:15:39,509 --> 00:15:38,720

very small time frame i i think the show

434

00:15:43,350 --> 00:15:39,519

is going to go

435

00:15:46,230 --> 00:15:43,360

uh far far longer than the 60 minutes

436

00:15:46,710 --> 00:15:46,240

piece uh went last sunday you know what

437

00:15:50,069 --> 00:15:46,720

13

438

00:15:52,710 --> 00:15:50,079

14 minutes of this show

439

00:15:53,269 --> 00:15:52,720

no yeah i don't think we've we've never

440

00:15:55,430 --> 00:15:53,279

done

441

00:15:56,710 --> 00:15:55,440

a show that short and that's what

442

00:15:58,710 --> 00:15:56,720

they've got to do on tv

443

00:15:59,749 --> 00:15:58,720

it's amazing that uh the money the

444

00:16:01,749 --> 00:15:59,759

resources

445

00:16:03,910 --> 00:16:01,759

uh the access that they get because when

446

00:16:05,110 --> 00:16:03,920

60 minute calls and uh wants to do an

447

00:16:06,230 --> 00:16:05,120

interview with you yeah sure you're

448

00:16:06,949 --> 00:16:06,240

going to do it you're not going to tell

449

00:16:08,710 --> 00:16:06,959

them now

450

00:16:11,030 --> 00:16:08,720

and they're going to get you to

451  
00:16:13,030 --> 00:16:11,040  
someplace or they'll rent a room

452  
00:16:15,030 --> 00:16:13,040  
uh you know if you don't want them over

453  
00:16:17,430 --> 00:16:15,040  
to your house

454  
00:16:18,629 --> 00:16:17,440  
they've got incredible resources and

455  
00:16:21,430 --> 00:16:18,639  
money and access

456  
00:16:22,230 --> 00:16:21,440  
and influence and an audience too

457  
00:16:24,710 --> 00:16:22,240  
apparently

458  
00:16:26,389 --> 00:16:24,720  
they drew about nine million people uh

459  
00:16:28,150 --> 00:16:26,399  
watching live and then maybe

460  
00:16:29,910 --> 00:16:28,160  
several million more have watched since

461  
00:16:33,590 --> 00:16:29,920  
that including overseas

462  
00:16:36,069 --> 00:16:33,600  
so uh the the the show uh

463  
00:16:37,990 --> 00:16:36,079

has some incredible pull and i would say

464

00:16:41,509 --> 00:16:38,000

just as an overall review

465

00:16:45,189 --> 00:16:41,519

uh considering the time constraints

466

00:16:47,189 --> 00:16:45,199

that they have to deal with

467

00:16:48,629 --> 00:16:47,199

and basically they've got no time at all

468

00:16:51,829 --> 00:16:48,639

a blink of an eye

469

00:16:54,150 --> 00:16:51,839

to put a fairly complicated and nuanced

470

00:16:56,310 --> 00:16:54,160

story together and have it make sense

471

00:16:57,670 --> 00:16:56,320

for people who are listening at home

472

00:16:59,990 --> 00:16:57,680

they did a good job with that they

473

00:17:00,629 --> 00:17:00,000

really did i was very impressed with

474

00:17:03,350 --> 00:17:00,639

that part

475

00:17:03,990 --> 00:17:03,360

did i learn anything new not a whole lot

476

00:17:06,390 --> 00:17:04,000

i would say

477

00:17:07,110 --> 00:17:06,400

uh uh the one thing that i learned that

478

00:17:08,309 --> 00:17:07,120

was new

479

00:17:10,390 --> 00:17:08,319

that i thought was interesting was a

480

00:17:13,350 --> 00:17:10,400

little bit more about uh how mellon

481

00:17:14,710 --> 00:17:13,360

and elizondo first crossed paths uh

482

00:17:16,710 --> 00:17:14,720

while they were both still uh

483

00:17:18,949 --> 00:17:16,720

in the government that was uh uh that

484

00:17:20,789 --> 00:17:18,959

was a kinda that was interesting and uh

485

00:17:22,150 --> 00:17:20,799

that was a small little piece that i was

486

00:17:24,230 --> 00:17:22,160

not aware of so

487

00:17:26,309 --> 00:17:24,240

again uh some sort of inside baseball

488

00:17:26,630 --> 00:17:26,319

background how did how did they meet you

489

00:17:28,630 --> 00:17:26,640

know

490

00:17:30,310 --> 00:17:28,640

was it a blind date or no no they were

491

00:17:31,830 --> 00:17:30,320

working on ufo stuff and they did

492

00:17:34,150 --> 00:17:31,840

become aware of each other and cross

493

00:17:35,190 --> 00:17:34,160

paths and uh that's how that happened so

494

00:17:38,470 --> 00:17:35,200

that was interesting

495

00:17:40,710 --> 00:17:38,480

and then of course uh again uh

496

00:17:41,750 --> 00:17:40,720

alex dietrich actually appearing on

497

00:17:44,070 --> 00:17:41,760

camera

498

00:17:44,789 --> 00:17:44,080

this was a first we hadn't seen that

499

00:17:47,750 --> 00:17:44,799

before

500

00:17:48,390 --> 00:17:47,760

obviously a couple years ago on season

501  
00:17:51,510 --> 00:17:48,400  
one of

502  
00:17:53,350 --> 00:17:51,520  
unidentified the tsa uh melanie

503  
00:17:55,909 --> 00:17:53,360  
elizondo the long show

504  
00:17:57,350 --> 00:17:55,919  
over on history channels she did appear

505  
00:18:00,789 --> 00:17:57,360  
but in shadows so

506  
00:18:03,270 --> 00:18:00,799  
now we finally got her and uh she's

507  
00:18:04,950 --> 00:18:03,280  
actually kind of a uh gone public as an

508  
00:18:06,789 --> 00:18:04,960  
account over on twitter is fielding

509  
00:18:08,630 --> 00:18:06,799  
questions and all that so uh

510  
00:18:10,470 --> 00:18:08,640  
that's uh pretty interesting there

511  
00:18:12,390 --> 00:18:10,480  
everybody uh sort of uh

512  
00:18:13,830 --> 00:18:12,400  
wants to see what she thinks about this

513  
00:18:14,789 --> 00:18:13,840

and that and the other thing and

514

00:18:17,750 --> 00:18:14,799

apparently she's

515

00:18:19,430 --> 00:18:17,760

expressed some interest in uh actually

516

00:18:20,870 --> 00:18:19,440

uh learning a little bit more about the

517

00:18:23,909 --> 00:18:20,880

ufo stuff so

518

00:18:24,630 --> 00:18:23,919

so uh that uh that story has changed a

519

00:18:26,870 --> 00:18:24,640

little bit

520

00:18:28,630 --> 00:18:26,880

from the beginning now she she'll she'll

521

00:18:30,549 --> 00:18:28,640

never come forward she'll

522

00:18:32,470 --> 00:18:30,559

never speak about this too hey it's

523

00:18:34,950 --> 00:18:32,480

quite a surprise when she did the in

524

00:18:36,710 --> 00:18:34,960

shadow interview on unidentified a

525

00:18:38,390 --> 00:18:36,720

couple years back and now here she is we

526

00:18:39,830 --> 00:18:38,400

see who she is we know who she is

527

00:18:42,549 --> 00:18:39,840

we knew the name it had leaked out

528

00:18:43,190 --> 00:18:42,559

before i did not focus on it here

529

00:18:44,870 --> 00:18:43,200

because

530

00:18:46,630 --> 00:18:44,880

hey that's what you wanted you can

531

00:18:47,590 --> 00:18:46,640

certainly respect that i think people

532

00:18:51,029 --> 00:18:47,600

have the right to

533

00:18:53,990 --> 00:18:51,039

uh pursue and share information uh uh as

534

00:18:55,669 --> 00:18:54,000

they see fit in terms of uh their

535

00:18:58,789 --> 00:18:55,679

privacy and all that

536

00:18:59,270 --> 00:18:58,799

in general and elizondo back on there

537

00:19:01,669 --> 00:18:59,280

again

538

00:19:03,110 --> 00:19:01,679

he certainly had a busy week we'll get a

539

00:19:05,110 --> 00:19:03,120

little bit further to that

540

00:19:07,430 --> 00:19:05,120

and then basically that was the 60

541

00:19:11,029 --> 00:19:07,440

minutes i got quite a bit of attention

542

00:19:11,909 --> 00:19:11,039

and uh deservedly so they did i think a

543

00:19:15,830 --> 00:19:11,919

a really

544

00:19:16,789 --> 00:19:15,840

excellent job um boiling down a very

545

00:19:19,830 --> 00:19:16,799

complicated

546

00:19:21,990 --> 00:19:19,840

nuanced story into 14 minutes that

547

00:19:24,310 --> 00:19:22,000

could sort of make sense to somebody

548

00:19:27,029 --> 00:19:24,320

coming into all this fresh so uh

549

00:19:27,990 --> 00:19:27,039

and the attention that it got because it

550

00:19:29,669 --> 00:19:28,000

didn't end there

551

00:19:31,669 --> 00:19:29,679

of course the fact that 60 minutes

552

00:19:33,029 --> 00:19:31,679

covered it got a lot of attention that

553

00:19:36,230 --> 00:19:33,039

was a catalyst for a

554

00:19:39,430 --> 00:19:36,240

very interesting work week

555

00:19:41,110 --> 00:19:39,440

so it seems like cbs has become the ufo

556

00:19:42,070 --> 00:19:41,120

network at least it was for a couple

557

00:19:44,150 --> 00:19:42,080

days there

558

00:19:46,390 --> 00:19:44,160

now because monday night the former

559

00:19:49,110 --> 00:19:46,400

president barack obama

560

00:19:50,390 --> 00:19:49,120

appeared on the the late night show over

561

00:19:53,350 --> 00:19:50,400

on cbs with

562

00:19:54,310 --> 00:19:53,360

james corden and if you remember back in

563

00:19:56,150 --> 00:19:54,320

december

564

00:19:58,070 --> 00:19:56,160

he was he must have some kind of

565

00:20:00,390 --> 00:19:58,080

arrangement he's like the nick pope of

566

00:20:01,830 --> 00:20:00,400

cbs over there because he's on there

567

00:20:02,630 --> 00:20:01,840

quite a bit he was on with stephen

568

00:20:04,870 --> 00:20:02,640

colbert

569

00:20:06,870 --> 00:20:04,880

and that basically did not deal with the

570

00:20:09,110 --> 00:20:06,880

question at all about ufos

571

00:20:11,270 --> 00:20:09,120

that's definitely further than he's gone

572

00:20:12,149 --> 00:20:11,280

as far as i know in any interview in

573

00:20:14,390 --> 00:20:12,159

terms of

574

00:20:15,270 --> 00:20:14,400

uh sort of acknowledging that there are

575

00:20:18,230 --> 00:20:15,280

at least

576

00:20:19,190 --> 00:20:18,240

some unusual ufos out there that defy

577

00:20:20,950 --> 00:20:19,200

explanation

578

00:20:22,710 --> 00:20:20,960

so that was pretty interesting and it

579

00:20:24,149 --> 00:20:22,720

was also interesting that he talked

580

00:20:27,350 --> 00:20:24,159

about deflecting

581

00:20:29,590 --> 00:20:27,360

because uh late in the week on friday

582

00:20:30,390 --> 00:20:29,600

finally uh somebody has actually gotten

583

00:20:33,750 --> 00:20:30,400

a ufo

584

00:20:36,870 --> 00:20:33,760

question into president joe biden he's

585

00:20:38,710 --> 00:20:36,880

somehow managed to evade them throughout

586

00:20:40,070 --> 00:20:38,720

the primaries throughout the election

587

00:20:42,070 --> 00:20:40,080

and throughout

588

00:20:44,549 --> 00:20:42,080

the first several months of his

589

00:20:45,750 --> 00:20:44,559

presidency but finally at a press

590

00:20:48,789 --> 00:20:45,760

conference with

591

00:20:51,990 --> 00:20:48,799

the south korean president he was

592

00:20:58,789 --> 00:20:52,000

asked the question and uh here is his

593

00:21:06,390 --> 00:21:00,830

if you're not asking me like you usually

594

00:21:14,390 --> 00:21:10,789

obama says that there is footage

595

00:21:17,029 --> 00:21:14,400

and records of objects in the skies

596

00:21:17,750 --> 00:21:17,039

these unidentified aerial phenomenon and

597

00:21:20,870 --> 00:21:17,760

he says

598

00:21:21,750 --> 00:21:20,880

we don't know exactly what they are what

599

00:21:24,070 --> 00:21:21,760

do you think

600

00:21:27,270 --> 00:21:24,080

that it is i would ask him again thank

601  
00:21:27,280 --> 00:21:33,750  
come on let's go

602  
00:21:38,630 --> 00:21:36,470  
so there was the question and that was

603  
00:21:40,149 --> 00:21:38,640  
the answer he looked like he was uh

604  
00:21:42,230 --> 00:21:40,159  
looking to get out of there after that

605  
00:21:43,830 --> 00:21:42,240  
one as quickly as possible he forgot to

606  
00:21:45,990 --> 00:21:43,840  
take out his earpiece

607  
00:21:47,909 --> 00:21:46,000  
as he was making his way out of the room

608  
00:21:50,549 --> 00:21:47,919  
there and

609  
00:21:51,110 --> 00:21:50,559  
tripped up a little bit so yeah that was

610  
00:21:54,549 --> 00:21:51,120  
it

611  
00:21:57,590 --> 00:21:54,559  
fox news

612  
00:21:58,870 --> 00:21:57,600  
uh ducey asked it was a good question it

613  
00:22:01,430 --> 00:21:58,880

was specific but

614

00:22:03,350 --> 00:22:01,440

he was able to deflect it pretty quickly

615

00:22:04,950 --> 00:22:03,360

uh hopefully somebody else goes back to

616

00:22:07,350 --> 00:22:04,960

the drawing board and

617

00:22:08,310 --> 00:22:07,360

asks him another specific question uh

618

00:22:10,950 --> 00:22:08,320

probably about the

619

00:22:11,750 --> 00:22:10,960

the the task force report that type of

620

00:22:14,149 --> 00:22:11,760

thing but uh

621

00:22:15,110 --> 00:22:14,159

he was able to uh deflect that one

622

00:22:17,029 --> 00:22:15,120

pretty quickly

623

00:22:18,870 --> 00:22:17,039

so uh that's where we're at with

624

00:22:21,190 --> 00:22:18,880

presidents and ufos

625

00:22:23,350 --> 00:22:21,200

uh it wasn't a whole lot from biden but

626

00:22:24,070 --> 00:22:23,360

we did get more uh from everett uh more

627

00:22:26,390 --> 00:22:24,080

than ever

628

00:22:27,110 --> 00:22:26,400

uh from obama he did uh talk a little

629

00:22:30,549 --> 00:22:27,120

bit more

630

00:22:33,029 --> 00:22:30,559

uh about uh his uh uh at least some uh

631

00:22:34,630 --> 00:22:33,039

somewhat of an interest in the ufo stuff

632

00:22:36,710 --> 00:22:34,640

uh while he was president

633

00:22:39,029 --> 00:22:36,720

uh we know that he had hillary clinton

634

00:22:40,710 --> 00:22:39,039

as uh his secretary of state and she was

635

00:22:43,590 --> 00:22:40,720

interested and of course he had

636

00:22:44,549 --> 00:22:43,600

john podesta as a senior advisor and we

637

00:22:46,950 --> 00:22:44,559

know how

638

00:22:48,390 --> 00:22:46,960

uh seriously interested he's been in all

639

00:22:52,390 --> 00:22:48,400

this over the years so

640

00:22:55,190 --> 00:22:52,400

uh the the guy reggie

641

00:22:56,710 --> 00:22:55,200

didn't uh didn't really dig in on that

642

00:22:57,270 --> 00:22:56,720

kind of background you know he just

643

00:22:59,750 --> 00:22:57,280

asked

644

00:23:00,470 --> 00:22:59,760

a general question about aliens and uh

645

00:23:02,230 --> 00:23:00,480

obama

646

00:23:04,549 --> 00:23:02,240

could have uh could have rebuffed it but

647

00:23:06,870 --> 00:23:04,559

he did go into a little bit more detail

648

00:23:08,310 --> 00:23:06,880

that he has in the past so presidents

649

00:23:11,029 --> 00:23:08,320

are getting asked again

650

00:23:12,710 --> 00:23:11,039

so that's a good thing it's uh going to

651  
00:23:16,149 --> 00:23:12,720  
stay in the news and

652  
00:23:17,830 --> 00:23:16,159  
another group of individuals

653  
00:23:19,990 --> 00:23:17,840  
are talking about this particular

654  
00:23:23,110 --> 00:23:20,000  
subject and that is a

655  
00:23:25,110 --> 00:23:23,120  
former uh director-level personnel from

656  
00:23:26,070 --> 00:23:25,120  
these intelligence agencies are getting

657  
00:23:28,630 --> 00:23:26,080  
asked again

658  
00:23:29,510 --> 00:23:28,640  
and uh former uh director of national

659  
00:23:32,710 --> 00:23:29,520  
intelligence

660  
00:23:34,310 --> 00:23:32,720  
james clapper was asked uh this week

661  
00:23:37,430 --> 00:23:34,320  
about uh what's up

662  
00:23:40,310 --> 00:23:37,440  
what's going on with the ufo stuff

663  
00:23:41,190 --> 00:23:40,320

so clapper was on over at cnn and he got

664

00:23:43,590 --> 00:23:41,200

asked again

665

00:23:44,230 --> 00:23:43,600

and uh his answer is interesting along

666

00:23:47,430 --> 00:23:44,240

with

667

00:23:49,190 --> 00:23:47,440

uh john ratcliffe who's a former dni

668

00:23:50,950 --> 00:23:49,200

director has been asked and

669

00:23:52,310 --> 00:23:50,960

he's talking of course he was in office

670

00:23:54,070 --> 00:23:52,320

he's gotten he's

671

00:23:55,909 --> 00:23:54,080

acknowledged he's gotten briefed he's

672

00:23:56,950 --> 00:23:55,919

seen a lot of the information that's

673

00:23:58,230 --> 00:23:56,960

floating around

674

00:24:00,549 --> 00:23:58,240

in those circles at least the

675

00:24:01,510 --> 00:24:00,559

contemporary information and uh some

676  
00:24:04,310 --> 00:24:01,520  
guys who've

677  
00:24:06,149 --> 00:24:04,320  
uh been in that uh situation in the past

678  
00:24:08,390 --> 00:24:06,159  
top-level intelligence people

679  
00:24:09,430 --> 00:24:08,400  
uh like uh woolsey over at the cia and

680  
00:24:11,909 --> 00:24:09,440  
john brennan

681  
00:24:14,070 --> 00:24:11,919  
uh he they have uh uh they have uh sort

682  
00:24:16,549 --> 00:24:14,080  
of a joined this chorus now

683  
00:24:18,549 --> 00:24:16,559  
uh four individuals that uh with the the

684  
00:24:19,430 --> 00:24:18,559  
holding director-level positions in the

685  
00:24:22,710 --> 00:24:19,440  
intelligence

686  
00:24:25,190 --> 00:24:22,720  
area uh have uh gone on record and uh

687  
00:24:27,269 --> 00:24:25,200  
saying uh they're open to this uh that

688  
00:24:29,669 --> 00:24:27,279

so i think that's interesting let's take

689

00:24:31,110 --> 00:24:29,679

a look at clapper's comments

690

00:24:34,230 --> 00:24:31,120

a government report is expected to be

691

00:24:35,909 --> 00:24:34,240

made public on the sightings of ufos

692

00:24:37,510 --> 00:24:35,919

as the former director of national

693

00:24:39,110 --> 00:24:37,520

intelligence i think there

694

00:24:41,750 --> 00:24:39,120

there have been a lot of theories about

695

00:24:42,789 --> 00:24:41,760

ufos what do you make of these

696

00:24:44,870 --> 00:24:42,799

revelations

697

00:24:48,310 --> 00:24:44,880

what might this be have you seen any

698

00:24:51,590 --> 00:24:48,320

yourself what do you make of this

699

00:24:53,510 --> 00:24:51,600

well uh first i think it is kind of uh

700

00:24:54,950 --> 00:24:53,520

there is logic to the intelligence

701  
00:24:56,470 --> 00:24:54,960  
community addressing this since the

702  
00:24:57,909 --> 00:24:56,480  
tilde community has a lot of practice of

703  
00:25:00,549 --> 00:24:57,919  
dealing with ambiguity

704  
00:25:01,669 --> 00:25:00,559  
and less than complete facts and

705  
00:25:04,789 --> 00:25:01,679  
secondly i think it

706  
00:25:08,549 --> 00:25:04,799  
is really important that the whenever

707  
00:25:11,669 --> 00:25:08,559  
we uh witness such phenomenon that

708  
00:25:12,630 --> 00:25:11,679  
it is recorded and documented uh for the

709  
00:25:14,470 --> 00:25:12,640  
future

710  
00:25:15,669 --> 00:25:14,480  
uh when we may have gather more

711  
00:25:16,710 --> 00:25:15,679  
information and have a better

712  
00:25:18,789 --> 00:25:16,720  
understanding

713  
00:25:20,149 --> 00:25:18,799

of uh what's what is it what's

714

00:25:23,029 --> 00:25:20,159

transpiring

715

00:25:24,870 --> 00:25:23,039

uh could there be life out there sure uh

716

00:25:26,870 --> 00:25:24,880

as huge as the universe is we

717

00:25:29,110 --> 00:25:26,880

you know we really can't reject that

718

00:25:29,590 --> 00:25:29,120

possibility so i think this is a good

719

00:25:33,350 --> 00:25:29,600

thing

720

00:25:35,430 --> 00:25:33,360

the transparency uh i

721

00:25:37,190 --> 00:25:35,440

expect this report will be filled with

722

00:25:39,190 --> 00:25:37,200

ambiguity as well

723

00:25:40,310 --> 00:25:39,200

and people uh depending on their

724

00:25:42,310 --> 00:25:40,320

leanings will

725

00:25:45,350 --> 00:25:42,320

extract what they want out of this

726

00:25:47,990 --> 00:25:45,360

report how it always goes right

727

00:25:49,510 --> 00:25:48,000

where there is ambiguity people can pull

728

00:25:51,750 --> 00:25:49,520

what they want from it but it is

729

00:25:53,510 --> 00:25:51,760

it does sound like it is uh you know

730

00:25:55,190 --> 00:25:53,520

something that we haven't seen before

731

00:25:56,950 --> 00:25:55,200

this type of transparency around this

732

00:25:58,950 --> 00:25:56,960

topic

733

00:26:00,230 --> 00:25:58,960

yes you know you know i'm not sure why

734

00:26:03,110 --> 00:26:00,240

that is uh

735

00:26:04,789 --> 00:26:03,120

the only reason for uh to me for

736

00:26:05,909 --> 00:26:04,799

classification would be if there's some

737

00:26:09,430 --> 00:26:05,919

sensitive

738

00:26:12,390 --> 00:26:09,440

method that uh data relating to you

739

00:26:13,350 --> 00:26:12,400

so-called ufos was collected but other

740

00:26:14,870 --> 00:26:13,360

than that

741

00:26:17,510 --> 00:26:14,880

i don't know why we haven't been more

742

00:26:19,990 --> 00:26:17,520

transparent about it in the past and

743

00:26:20,870 --> 00:26:20,000

and uh i i'm i'm part of that crime i

744

00:26:24,149 --> 00:26:20,880

guess

745

00:26:26,870 --> 00:26:24,159

uh and my former capacities were

746

00:26:29,190 --> 00:26:26,880

you know i didn't i didn't insist on

747

00:26:34,149 --> 00:26:29,200

more transparency with respect to

748

00:26:37,990 --> 00:26:36,470

so you've got these intel directors

749

00:26:41,190 --> 00:26:38,000

these former intel directors

750

00:26:43,750 --> 00:26:41,200

uh talking about ufos that they're

751  
00:26:45,510 --> 00:26:43,760  
that they're a legitimate thing there

752  
00:26:48,470 --> 00:26:45,520  
should be more openness on them

753  
00:26:49,269 --> 00:26:48,480  
uh it seems to me that uh with all these

754  
00:26:52,950 --> 00:26:49,279  
guys uh

755  
00:26:56,070 --> 00:26:52,960  
saying largely the same thing in general

756  
00:26:57,029 --> 00:26:56,080  
that uh they they're still in the loop i

757  
00:26:59,990 --> 00:26:57,039  
mean obviously

758  
00:27:00,310 --> 00:27:00,000  
uh ratcliffe was in the job you know uh

759  
00:27:06,390 --> 00:27:00,320  
as

760  
00:27:07,669 --> 00:27:06,400  
trump left office so uh these guys have

761  
00:27:09,669 --> 00:27:07,679  
gotten the

762  
00:27:10,950 --> 00:27:09,679  
better uh better intel a better

763  
00:27:12,230 --> 00:27:10,960

information than

764

00:27:14,149 --> 00:27:12,240

uh than we've been getting on the

765

00:27:15,190 --> 00:27:14,159

outside and now they've gotten the heads

766

00:27:17,190 --> 00:27:15,200

up i believe that

767

00:27:19,190 --> 00:27:17,200

uh the the former guys uh they're still

768

00:27:20,950 --> 00:27:19,200

in the loop uh they they still get

769

00:27:23,510 --> 00:27:20,960

briefed they still hear things

770

00:27:24,630 --> 00:27:23,520

and uh somebody's in their ear uh

771

00:27:26,470 --> 00:27:24,640

basically telling them

772

00:27:28,470 --> 00:27:26,480

they might have to pivot a little bit

773

00:27:30,630 --> 00:27:28,480

and get a little bit more out in front

774

00:27:32,389 --> 00:27:30,640

in this because they're going on tv all

775

00:27:34,070 --> 00:27:32,399

the time uh talking about

776

00:27:37,029 --> 00:27:34,080

other intel matters you know they're

777

00:27:40,310 --> 00:27:37,039

acting as a consultants and uh analysts

778

00:27:42,950 --> 00:27:40,320

for these various tv networks so uh

779

00:27:45,029 --> 00:27:42,960

somebody has a uh gotten in their ear

780

00:27:45,909 --> 00:27:45,039

like i said and uh basically uh told

781

00:27:48,310 --> 00:27:45,919

them that

782

00:27:49,350 --> 00:27:48,320

uh this is what it is that this is a

783

00:27:51,990 --> 00:27:49,360

this is on the way

784

00:27:53,669 --> 00:27:52,000

this is coming and uh better when you

785

00:27:55,750 --> 00:27:53,679

get asked about it uh better to

786

00:27:57,510 --> 00:27:55,760

uh to pivot a little bit then look like

787

00:27:58,389 --> 00:27:57,520

you're terribly behind the curve and out

788

00:28:01,909 --> 00:27:58,399

of the loop

789

00:28:04,630 --> 00:28:01,919

so uh later on in the week uh senator

790

00:28:05,190 --> 00:28:04,640

martin heinrich from new mexico who is

791

00:28:07,190 --> 00:28:05,200

on the

792

00:28:09,269 --> 00:28:07,200

senate intel committee that asks for

793

00:28:11,990 --> 00:28:09,279

this uh ufo report

794

00:28:13,190 --> 00:28:12,000

from the pentagon and you know the intel

795

00:28:15,590 --> 00:28:13,200

sources as well

796

00:28:17,909 --> 00:28:15,600

uh he was asked about it it's a very

797

00:28:19,830 --> 00:28:17,919

interesting this one comes from tmz

798

00:28:21,510 --> 00:28:19,840

tmz pretty good at the ambush interview

799

00:28:22,710 --> 00:28:21,520

so they're tracking these guys down

800

00:28:25,750 --> 00:28:22,720

they're getting hold of them

801  
00:28:28,230 --> 00:28:25,760  
and of all of all sources you know

802  
00:28:29,029 --> 00:28:28,240  
sort of a tabloid entertainment uh

803  
00:28:31,350 --> 00:28:29,039  
what's up with

804  
00:28:32,470 --> 00:28:31,360  
the latest celebrity uh getting arrested

805  
00:28:34,230 --> 00:28:32,480  
or doing this or that

806  
00:28:36,389 --> 00:28:34,240  
or uh cheating on their wives or

807  
00:28:38,549 --> 00:28:36,399  
whatever uh they're uh

808  
00:28:40,549 --> 00:28:38,559  
they're the outlet that's uh getting uh

809  
00:28:41,269 --> 00:28:40,559  
it's gotten out of uh senator rubio in

810  
00:28:43,110 --> 00:28:41,279  
the past and

811  
00:28:45,029 --> 00:28:43,120  
uh now i've got uh senator martin

812  
00:28:45,909 --> 00:28:45,039  
heinrich uh earlier this week you're on

813  
00:28:47,750 --> 00:28:45,919

intel committee

814

00:28:49,909 --> 00:28:47,760

bigger thing to worry about if it's a

815

00:28:52,549 --> 00:28:49,919

foreign government or if it's aliens

816

00:28:54,149 --> 00:28:52,559

oh option b much bigger thing you think

817

00:28:57,269 --> 00:28:54,159

the aliens would be worse

818

00:29:00,630 --> 00:28:57,279

i'm not really a betting man but

819

00:29:03,669 --> 00:29:00,640

the way uh these things

820

00:29:04,789 --> 00:29:03,679

operate you know they certainly you

821

00:29:07,669 --> 00:29:04,799

wouldn't want a human

822

00:29:08,870 --> 00:29:07,679

being or any living creature in

823

00:29:11,669 --> 00:29:08,880

something that

824

00:29:13,909 --> 00:29:11,679

moves that fast and changes direction

825

00:29:16,870 --> 00:29:13,919

that quickly

826

00:29:17,669 --> 00:29:16,880

so based on that brief little snippet uh

827

00:29:23,990 --> 00:29:17,679

he's

828

00:29:25,430 --> 00:29:24,000

he has seen much better evidence for

829

00:29:27,750 --> 00:29:25,440

these hypersonic

830

00:29:29,029 --> 00:29:27,760

uh hypersonic vehicles that the the

831

00:29:34,070 --> 00:29:29,039

change on a

832

00:29:36,549 --> 00:29:34,080

hand turns at supersonic speeds

833

00:29:37,750 --> 00:29:36,559

that type of thing that the human body

834

00:29:41,350 --> 00:29:37,760

couldn't withstand

835

00:29:44,310 --> 00:29:41,360

so he he's telling you that

836

00:29:46,230 --> 00:29:44,320

he's seen evident uh not really evident

837

00:29:46,789 --> 00:29:46,240

obviously it satisfies at least in his

838

00:29:48,950 --> 00:29:46,799

mind

839

00:29:50,230 --> 00:29:48,960

enough proof that that type of thing has

840

00:29:53,510 --> 00:29:50,240

uh has gone on

841

00:29:53,990 --> 00:29:53,520

i don't know what the source of that is

842

00:29:58,549 --> 00:29:54,000

is it

843

00:30:01,669 --> 00:29:58,559

combination of the two

844

00:30:04,470 --> 00:30:01,679

but i think all these guys have seen uh

845

00:30:05,909 --> 00:30:04,480

seen much better evidence and maybe uh

846

00:30:08,549 --> 00:30:05,919

leading up to the

847

00:30:09,510 --> 00:30:08,559

point of proving it at least in these

848

00:30:11,909 --> 00:30:09,520

guys minds

849

00:30:12,630 --> 00:30:11,919

that uh those kind of uh vehicles are

850

00:30:14,950 --> 00:30:12,640

out there

851  
00:30:15,669 --> 00:30:14,960  
and that we have captured remote sensing

852  
00:30:18,230 --> 00:30:15,679  
data

853  
00:30:18,710 --> 00:30:18,240  
uh on that uh so uh there are some

854  
00:30:22,070 --> 00:30:18,720  
people

855  
00:30:24,070 --> 00:30:22,080  
saying

856  
00:30:25,110 --> 00:30:24,080  
yeah this is a done deal that so that's

857  
00:30:27,269 --> 00:30:25,120  
very interesting

858  
00:30:29,510 --> 00:30:27,279  
while uh earlier on i talked about the

859  
00:30:32,470 --> 00:30:29,520  
uh the sort of a mundane

860  
00:30:33,510 --> 00:30:32,480  
uh uaps that we've seen uh for the most

861  
00:30:35,430 --> 00:30:33,520  
part on video

862  
00:30:37,190 --> 00:30:35,440  
uh especially the recent videos that

863  
00:30:38,470 --> 00:30:37,200

were released yeah that could be

864

00:30:39,350 --> 00:30:38,480

anything you know who knows about what

865

00:30:41,830 --> 00:30:39,360

that might be

866

00:30:43,350 --> 00:30:41,840

or that is you know a plane or that

867

00:30:44,630 --> 00:30:43,360

could be a balloon we're not sure

868

00:30:47,430 --> 00:30:44,640

they're not

869

00:30:49,669 --> 00:30:47,440

not really exhibiting any of those kind

870

00:30:52,630 --> 00:30:49,679

of extraordinary flight characteristics

871

00:30:53,029 --> 00:30:52,640

but uh believe that these guys have seen

872

00:30:55,750 --> 00:30:53,039

it

873

00:30:57,830 --> 00:30:55,760

uh rubio as well mark warner as well in

874

00:31:04,310 --> 00:30:57,840

the uh the senate intelligence committee

875

00:31:07,990 --> 00:31:04,320

so that's where that is and

876

00:31:08,789 --> 00:31:08,000

finally uh what is uh the ufo subject

877

00:31:11,190 --> 00:31:08,799

without some

878

00:31:12,149 --> 00:31:11,200

good old-fashioned soap opera and it's a

879

00:31:15,430 --> 00:31:12,159

very uh

880

00:31:18,389 --> 00:31:15,440

very interesting developments uh uh

881

00:31:19,190 --> 00:31:18,399

somewhat involving uh stephen greer and

882

00:31:23,110 --> 00:31:19,200

also

883

00:31:26,230 --> 00:31:23,120

the lawyer daniel sheehan who has

884

00:31:30,470 --> 00:31:26,240

done done some work with greer and

885

00:31:32,789 --> 00:31:30,480

also was featured rather prominently

886

00:31:34,870 --> 00:31:32,799

in greer's last movie the first third of

887

00:31:37,750 --> 00:31:34,880

which was basically a manifesto

888

00:31:38,230 --> 00:31:37,760

knocking the threat scenario regarding

889

00:31:41,590 --> 00:31:38,240

uh

890

00:31:42,789 --> 00:31:41,600

et ufos did a nice job of it

891

00:31:44,870 --> 00:31:42,799

actually it was the best part of the

892

00:31:47,350 --> 00:31:44,880

movie and i thought he did a

893

00:31:49,430 --> 00:31:47,360

fair job of it and actually i'm on that

894

00:31:49,990 --> 00:31:49,440

side as far as all this and apparently

895

00:31:57,590 --> 00:31:50,000

the

896

00:31:58,389 --> 00:31:57,600

to national security and so on and so

897

00:32:01,190 --> 00:31:58,399

forth

898

00:32:03,269 --> 00:32:01,200

from these ufos uh regardless of uh

899

00:32:07,029 --> 00:32:03,279

whether they're e.t or not

900

00:32:07,509 --> 00:32:07,039

but uh that uh i i've been against it

901  
00:32:14,950 --> 00:32:07,519  
uh

902  
00:32:18,950 --> 00:32:14,960  
gotten

903  
00:32:20,789 --> 00:32:18,960  
certainly have the right to speak out

904  
00:32:21,909 --> 00:32:20,799  
against uh the threat scenario i think

905  
00:32:24,470 --> 00:32:21,919  
it's nonsense

906  
00:32:26,870 --> 00:32:24,480  
but at the same time you can't you can't

907  
00:32:28,870 --> 00:32:26,880  
argue with the results so it was a

908  
00:32:31,350 --> 00:32:28,880  
means to an end and apparently uh that

909  
00:32:32,789 --> 00:32:31,360  
was uh acknowledged uh within uh at

910  
00:32:34,310 --> 00:32:32,799  
least uh based on

911  
00:32:35,990 --> 00:32:34,320  
uh some of the things that sheehan's

912  
00:32:38,710 --> 00:32:36,000  
been saying over the last week

913  
00:32:40,789 --> 00:32:38,720

uh ella's he's been uh well elizondo has

914

00:32:41,509 --> 00:32:40,799

apparently retained him uh retained

915

00:32:44,630 --> 00:32:41,519

sheehan

916

00:32:47,269 --> 00:32:44,640

as a lawyer and uh that

917

00:32:48,149 --> 00:32:47,279

that is one of the caveats of sheehan's

918

00:32:50,630 --> 00:32:48,159

continued

919

00:32:52,710 --> 00:32:50,640

work with elizondo that he's got to get

920

00:32:56,230 --> 00:32:52,720

away from that and he's got to

921

00:32:56,870 --> 00:32:56,240

not talk talk about the ufos uh in the

922

00:32:58,870 --> 00:32:56,880

the threat

923

00:33:01,110 --> 00:32:58,880

context it was very interesting uh

924

00:33:03,350 --> 00:33:01,120

elizondo appeared

925

00:33:05,590 --> 00:33:03,360

on the uh the george stephanopoulos uh

926

00:33:09,029 --> 00:33:05,600

uh show uh this sunday morning was a

927

00:33:11,590 --> 00:33:09,039

a very brief interview he didn't

928

00:33:13,430 --> 00:33:11,600

really provide much uh but uh elizondo

929

00:33:15,190 --> 00:33:13,440

did steer clear of it uh

930

00:33:17,190 --> 00:33:15,200

and uh some other interesting things

931

00:33:20,549 --> 00:33:17,200

that have happened during the last week

932

00:33:23,830 --> 00:33:20,559

that uh she and has filed an additional

933

00:33:24,389 --> 00:33:23,840

uh complaint with the inspector general

934

00:33:31,990 --> 00:33:24,399

uh

935

00:33:34,470 --> 00:33:32,000

have been said about elizondo

936

00:33:35,029 --> 00:33:34,480

from the pentagon related to his atip

937

00:33:37,269 --> 00:33:35,039

work

938

00:33:39,509 --> 00:33:37,279

uh they uh he might be making some

939

00:33:40,310 --> 00:33:39,519

progress uh too because uh also late in

940

00:33:42,630 --> 00:33:40,320

the week

941

00:33:43,590 --> 00:33:42,640

uh the the pentagon finally acknowledged

942

00:33:47,190 --> 00:33:43,600

that uh

943

00:33:50,310 --> 00:33:47,200

atip did at least do some

944

00:33:52,230 --> 00:33:50,320

work related to ufos really kind of

945

00:33:53,350 --> 00:33:52,240

acknowledging the obvious and uh sort of

946

00:33:56,710 --> 00:33:53,360

correcting a rather

947

00:33:58,710 --> 00:33:56,720

uh transparent and uh ridiculous lie

948

00:34:00,789 --> 00:33:58,720

they they gain nothing from this

949

00:34:02,389 --> 00:34:00,799

obviously uh from doing it except that

950

00:34:04,310 --> 00:34:02,399

making themselves look bad

951

00:34:07,190 --> 00:34:04,320

but they they did finally correct that

952

00:34:09,990 --> 00:34:07,200

who knows that might be sheehan's work

953

00:34:10,389 --> 00:34:10,000

uh behind the scenes uh he had uh said

954

00:34:13,669 --> 00:34:10,399

that

955

00:34:15,909 --> 00:34:13,679

he had a meeting with the inspector

956

00:34:16,310 --> 00:34:15,919

general uh coming up uh this was uh this

957

00:34:18,389 --> 00:34:16,320

past

958

00:34:19,669 --> 00:34:18,399

wednesday so uh sheen is talking a

959

00:34:21,589 --> 00:34:19,679

little bit he's talked about his

960

00:34:24,069 --> 00:34:21,599

interactions with elizondo

961

00:34:25,829 --> 00:34:24,079

about uh how he should get away from the

962

00:34:28,149 --> 00:34:25,839

threat narrative and that

963

00:34:30,149 --> 00:34:28,159

uh if you want shane to do the work for

964

00:34:32,230 --> 00:34:30,159

him uh uh then uh you know

965

00:34:34,389 --> 00:34:32,240

you you gotta change your messaging a

966

00:34:37,030 --> 00:34:34,399

little bit and uh that

967

00:34:38,790 --> 00:34:37,040

we see some evidence that she and uh

968

00:34:39,270 --> 00:34:38,800

might be getting some results behind the

969

00:34:42,389 --> 00:34:39,280

scene

970

00:34:44,629 --> 00:34:42,399

on elizondo's behalf and uh clearing up

971

00:34:46,629 --> 00:34:44,639

some of the uh the nonsense that's been

972

00:34:49,430 --> 00:34:46,639

passed from the pentagon to the public

973

00:34:49,990 --> 00:34:49,440

regarding his uh work record and duties

974

00:34:53,750 --> 00:34:50,000

there

975

00:34:54,869 --> 00:34:53,760

and also uh elizondo didn't spend a

976

00:34:57,190 --> 00:34:54,879

whole lot of time

977

00:34:58,710 --> 00:34:57,200

uh talking about the threat scenario it

978

00:35:01,750 --> 00:34:58,720

was rather interesting

979

00:35:03,190 --> 00:35:01,760

that during the during the interview

980

00:35:06,470 --> 00:35:03,200

with the abc

981

00:35:08,390 --> 00:35:06,480

uh stephanopoulos asked the

982

00:35:10,150 --> 00:35:08,400

other individual who's on there was

983

00:35:13,829 --> 00:35:10,160

apparently an abc

984

00:35:17,430 --> 00:35:13,839

uh defense analyst

985

00:35:19,829 --> 00:35:17,440

for them a former air force colonel

986

00:35:21,109 --> 00:35:19,839

he asked him about the uh about the

987

00:35:23,190 --> 00:35:21,119

threat scenario and

988

00:35:24,870 --> 00:35:23,200

maybe elizondo said look i'm not going

989

00:35:27,030 --> 00:35:24,880

to answer any questions about that

990

00:35:27,990 --> 00:35:27,040

but the segment itself got short shrift

991

00:35:29,510 --> 00:35:28,000

and

992

00:35:31,670 --> 00:35:29,520

really compared to the other things that

993

00:35:34,310 --> 00:35:31,680

we've seen this week it really doesn't

994

00:35:36,230 --> 00:35:34,320

uh merit a lot of detail but uh the uh

995

00:35:38,150 --> 00:35:36,240

the threat scenario this has been talked

996

00:35:38,950 --> 00:35:38,160

about for some time now carol rosen's

997

00:35:41,190 --> 00:35:38,960

talked about it

998

00:35:42,870 --> 00:35:41,200

uh she worked with uh wernher von braun

999

00:35:45,430 --> 00:35:42,880

that uh that did happen

1000

00:35:46,069 --> 00:35:45,440

uh von braun died back in the late 70s

1001  
00:35:48,470 --> 00:35:46,079  
but

1002  
00:35:49,990 --> 00:35:48,480  
she has stated repeatedly that von braun

1003  
00:35:52,630 --> 00:35:50,000  
told her

1004  
00:35:54,550 --> 00:35:52,640  
that at some point the military will use

1005  
00:35:57,270 --> 00:35:54,560  
the extraterrestrial threat

1006  
00:35:58,390 --> 00:35:57,280  
as a way of uh ginning up funding and so

1007  
00:36:00,630 --> 00:35:58,400  
on and so forth

1008  
00:36:02,390 --> 00:36:00,640  
uh the nbc correspondent talked about

1009  
00:36:05,109 --> 00:36:02,400  
how ridiculous that is

1010  
00:36:06,550 --> 00:36:05,119  
well uh maybe uh maybe in the uh with

1011  
00:36:07,750 --> 00:36:06,560  
the current brass and the current

1012  
00:36:09,670 --> 00:36:07,760  
situation it is

1013  
00:36:11,589 --> 00:36:09,680

but down the road you never know what

1014

00:36:14,950 --> 00:36:11,599

might happen uh

1015

00:36:17,430 --> 00:36:14,960

reminded of uh uh billy mitchell uh back

1016

00:36:20,630 --> 00:36:17,440

in the the late 1920s uh

1017

00:36:23,670 --> 00:36:20,640

he was uh a very uh

1018

00:36:26,470 --> 00:36:23,680

very much a proponent of air power and

1019

00:36:27,190 --> 00:36:26,480

use of war back in the 20s and the the

1020

00:36:29,349 --> 00:36:27,200

the brass

1021

00:36:31,589 --> 00:36:29,359

they wanted to build more battleships

1022

00:36:34,230 --> 00:36:31,599

and not aircraft carriers and

1023

00:36:35,190 --> 00:36:34,240

uh mitchell was uh went through a lot of

1024

00:36:37,270 --> 00:36:35,200

heat he ended up

1025

00:36:38,550 --> 00:36:37,280

actually getting court-martialed over

1026

00:36:40,870 --> 00:36:38,560

his criticism of

1027

00:36:42,630 --> 00:36:40,880

that particular strategy and i think uh

1028

00:36:45,030 --> 00:36:42,640

history uh proved to brighton

1029

00:36:45,750 --> 00:36:45,040

while the brass felt that way back then

1030

00:36:48,550 --> 00:36:45,760

uh you'd

1031

00:36:49,270 --> 00:36:48,560

have a hard time finding uh the brass of

1032

00:36:51,829 --> 00:36:49,280

today

1033

00:36:53,910 --> 00:36:51,839

uh not liking any kind of a new

1034

00:36:55,270 --> 00:36:53,920

expensive aerial platform that they can

1035

00:36:57,109 --> 00:36:55,280

get their hands on so

1036

00:36:58,630 --> 00:36:57,119

uh things can evolve over time yeah that

1037

00:37:02,150 --> 00:36:58,640

was a century ago

1038

00:37:04,150 --> 00:37:02,160

but uh keep that in mind and uh let's uh

1039

00:37:06,390 --> 00:37:04,160

let's also go back this is the first

1040

00:37:09,030 --> 00:37:06,400

documented

1041

00:37:10,310 --> 00:37:09,040

uh piece that i'm aware of that talks

1042

00:37:13,190 --> 00:37:10,320

about the alien

1043

00:37:14,630 --> 00:37:13,200

uh using uh the uh the alien threat so

1044

00:37:18,069 --> 00:37:14,640

uh this is written by

1045

00:37:19,510 --> 00:37:18,079

uh fletcher prouty and uh there's a book

1046

00:37:21,990 --> 00:37:19,520

called the secret team

1047

00:37:23,190 --> 00:37:22,000

very critical of the cia in this

1048

00:37:26,790 --> 00:37:23,200

particular book

1049

00:37:29,910 --> 00:37:26,800

and uh in this he talked about

1050

00:37:31,430 --> 00:37:29,920

uh well here it goes uh this is uh the

1051  
00:37:33,270 --> 00:37:31,440  
well the power structure that kept the

1052  
00:37:34,390 --> 00:37:33,280  
cold war at that level of cost and

1053  
00:37:36,470 --> 00:37:34,400  
intensity has been

1054  
00:37:37,470 --> 00:37:36,480  
had been spearheaded by the secret team

1055  
00:37:40,630 --> 00:37:37,480  
and its mo

1056  
00:37:42,390 --> 00:37:40,640  
multi-national covert operations to wit

1057  
00:37:45,270 --> 00:37:42,400  
this is the fundamental game of the

1058  
00:37:47,109 --> 00:37:45,280  
secret team they have this power because

1059  
00:37:48,550 --> 00:37:47,119  
they control secrecy and secret

1060  
00:37:49,270 --> 00:37:48,560  
intelligence and because they have the

1061  
00:37:51,589 --> 00:37:49,280  
ability

1062  
00:37:53,670 --> 00:37:51,599  
to take advantage of the most modern

1063  
00:37:54,710 --> 00:37:53,680

communication system in the world and so

1064

00:37:57,349 --> 00:37:54,720

on and so forth

1065

00:37:59,430 --> 00:37:57,359

it will be interesting to see what enemy

1066

00:38:03,190 --> 00:37:59,440

develops in the years ahead it appears

1067

00:38:05,430 --> 00:38:03,200

that ufos and aliens are being

1068

00:38:06,550 --> 00:38:05,440

prime to fulfill that role for the

1069

00:38:09,109 --> 00:38:06,560

future

1070

00:38:09,950 --> 00:38:09,119

and uh that was uh from fletcher prouty

1071

00:38:12,790 --> 00:38:09,960

in

1072

00:38:13,910 --> 00:38:12,800

1997 and uh just a little bit of

1073

00:38:16,150 --> 00:38:13,920

background on

1074

00:38:17,030 --> 00:38:16,160

fletcher prouty it's not like he's just

1075

00:38:20,470 --> 00:38:17,040

some armchair

1076

00:38:31,030 --> 00:38:23,750

was spouting off conspiracy theories

1077

00:38:35,349 --> 00:38:33,510

yeah uh prouty was uh the former chief

1078

00:38:37,190 --> 00:38:35,359

of special operations for the joint

1079

00:38:40,470 --> 00:38:37,200

chiefs of staff under uh

1080

00:38:41,829 --> 00:38:40,480

john f kennedy uh let's see some of the

1081

00:38:44,069 --> 00:38:41,839

other things that he did

1082

00:38:45,270 --> 00:38:44,079

uh that was a basically his biggest

1083

00:38:48,550 --> 00:38:45,280

claim to fame

1084

00:38:50,710 --> 00:38:48,560

uh he was uh let's see with the creation

1085

00:38:53,190 --> 00:38:50,720

of the defense intelligence agency by

1086

00:38:54,630 --> 00:38:53,200

secretary robert mcnamara uh he was

1087

00:38:57,910 --> 00:38:54,640

transferred to the office

1088

00:38:59,910 --> 00:38:57,920

to create a uh chief of special

1089

00:39:03,750 --> 00:38:59,920  
operations with the joint staff

1090

00:39:08,069 --> 00:39:03,760  
during 62-63 uh

1091

00:39:11,430 --> 00:39:10,230  
well those are those are major claims to

1092

00:39:15,030 --> 00:39:11,440  
fame but uh he was

1093

00:39:17,430 --> 00:39:15,040  
it was an insider and uh you know

1094

00:39:19,270 --> 00:39:17,440  
it's uh certainly uh that talk was

1095

00:39:20,310 --> 00:39:19,280  
clearly going around that at some point

1096

00:39:23,430 --> 00:39:20,320  
in time

1097

00:39:25,589 --> 00:39:23,440  
uh so it's not uh uh not completely out

1098

00:39:26,150 --> 00:39:25,599  
of hand it's not some crazy conspiracy

1099

00:39:28,630 --> 00:39:26,160  
theory

1100

00:39:30,310 --> 00:39:28,640  
it is uh you know it uh this guy heard

1101

00:39:32,790 --> 00:39:30,320

this and this guy heard that

1102

00:39:33,349 --> 00:39:32,800

but uh still at least it's coming up

1103

00:39:35,190 --> 00:39:33,359

from

1104

00:39:36,710 --> 00:39:35,200

uh something close to a credible source

1105

00:39:37,990 --> 00:39:36,720

so we'll see how all that plays out

1106

00:39:40,230 --> 00:39:38,000

although i don't see that

1107

00:39:41,349 --> 00:39:40,240

uh that happening anytime soon but

1108

00:39:43,589 --> 00:39:41,359

obviously

1109

00:39:44,870 --> 00:39:43,599

uh uh sheehan has also done some work on

1110

00:39:48,390 --> 00:39:44,880

the assassination

1111

00:39:50,870 --> 00:39:48,400

of uh jfk so uh he's obviously well

1112

00:39:55,190 --> 00:39:50,880

aware of proud he has a red secret team

1113

00:39:58,069 --> 00:39:55,200

i'm sure and uh he wants uh elizondo to

1114

00:39:59,109 --> 00:39:58,079

get away from that uh from that kind of

1115

00:40:02,630 --> 00:39:59,119

threat talk

1116

00:40:05,030 --> 00:40:02,640

and uh get more into the uh the

1117

00:40:06,230 --> 00:40:05,040

positive contact with extraterrestrials

1118

00:40:08,390 --> 00:40:06,240

and i have to admit

1119

00:40:09,750 --> 00:40:08,400

i'm on the same page with them on that

1120

00:40:12,710 --> 00:40:09,760

i'd like to see that happen

1121

00:40:13,670 --> 00:40:12,720

but again uh means to an end and you

1122

00:40:16,790 --> 00:40:13,680

can't deny

1123

00:40:18,550 --> 00:40:16,800

where uh where the ufo subject is now so

1124

00:40:19,430 --> 00:40:18,560

uh that's about it for this week uh

1125

00:40:21,349 --> 00:40:19,440

hopefully

1126

00:40:22,790 --> 00:40:21,359

uh you've gotten some insights and uh

1127

00:40:25,190 --> 00:40:22,800

some things to think about

1128

00:40:27,670 --> 00:40:25,200

uh the the the car is not in the garage

1129

00:40:30,230 --> 00:40:27,680

yet and uh we don't know exactly how

1130

00:40:32,230 --> 00:40:30,240

uh it's gonna get there which uh the the

1131

00:40:34,550 --> 00:40:32,240

precise streets it's gonna go down

1132

00:40:36,470 --> 00:40:34,560

but we've got soap opera we've got this

1133

00:40:38,150 --> 00:40:36,480

is the uh the greatest soap opera in the

1134

00:40:38,710 --> 00:40:38,160

world going right about now you got

1135

00:40:42,150 --> 00:40:38,720

president

1136

00:40:45,270 --> 00:40:42,160

uh uh

1137

00:40:48,950 --> 00:40:45,280

directors of uh intel agencies uh

1138

00:40:51,030 --> 00:40:48,960

uh the u.s senators uh the media

1139

00:40:52,390 --> 00:40:51,040

uh everybody's uh involved now

1140

00:40:54,390 --> 00:40:52,400

everybody's all in

1141

00:40:55,910 --> 00:40:54,400

and uh it's going to continue to be

1142

00:40:58,309 --> 00:40:55,920

interesting hopefully it's not

1143

00:41:00,150 --> 00:40:58,319

too interesting this coming week because

1144

00:41:02,790 --> 00:41:00,160

i want to kind of sit back and enjoy

1145

00:41:03,990 --> 00:41:02,800

my holiday weekend and not have too much

1146

00:41:06,150 --> 00:41:04,000

to do with this but

1147

00:41:08,550 --> 00:41:06,160

if it merits it uh we'll be back next

1148

00:41:10,550 --> 00:41:08,560

week uh but uh probably i would say

1149

00:41:11,829 --> 00:41:10,560

since uh i think uh this is uh building

1150

00:41:14,710 --> 00:41:11,839

a little bit i would say

1151

00:41:16,470 --> 00:41:14,720

probably uh the first weekend in june it

1152

00:41:17,270 --> 00:41:16,480

will be the next show but you never know

1153

00:41:19,270 --> 00:41:17,280

you never know

1154

00:41:20,870 --> 00:41:19,280

so uh you have a great week everybody i

1155

00:41:24,069 --> 00:41:20,880

think we're in a good spot

1156

00:41:26,150 --> 00:41:24,079

and uh if you don't like exactly uh

1157

00:41:27,829 --> 00:41:26,160

where things are going uh you can do

1158

00:41:28,309 --> 00:41:27,839

like me you can just speak out about it

1159

00:41:30,550 --> 00:41:28,319

because

1160

00:41:32,550 --> 00:41:30,560

you've got your platforms i've got mine

1161

00:41:32,790 --> 00:41:32,560

and uh certainly intend to keep using

1162

00:41:34,470 --> 00:41:32,800

them

1163

00:41:36,390 --> 00:41:34,480

so have a great weekend if i don't talk

1164

00:41:38,230 --> 00:41:36,400

to you between now and then have a great
