

UFO NEWS UPDATE WITH JAN ALDRICH

UFO REPORT DETAILS LEAK
NASA STEPS INTO UFO ISSUE

UFONN
SUNDAY

1
00:00:03,020 --> 00:00:17,990

[Music]

2
00:00:21,510 --> 00:00:20,310

and good evening from philadelphia frank

3
00:00:25,029 --> 00:00:21,520

here with yet another

4
00:00:27,830 --> 00:00:25,039

episode of ufo news network sunday

5
00:00:28,790 --> 00:00:27,840

a lot of news going on in the world of

6
00:00:30,870 --> 00:00:28,800

ufos

7
00:00:32,630 --> 00:00:30,880

very interesting stuff as we get closer

8
00:00:36,549 --> 00:00:32,640

to the release of the

9
00:00:38,310 --> 00:00:36,559

uh ufo uh uh report

10
00:00:40,549 --> 00:00:38,320

through the director of national

11
00:00:42,470 --> 00:00:40,559

intelligence alvaro hines

12
00:00:44,470 --> 00:00:42,480

and uh we're gonna get to all that but

13
00:00:46,549 --> 00:00:44,480

the first uh let me bring in

14
00:00:47,910 --> 00:00:46,559
my co-host chad hannah chan you've had a

15
00:00:50,549 --> 00:00:47,920
busy weekend i know

16
00:00:51,990 --> 00:00:50,559
uh covering the fscu conference and now

17
00:00:53,510 --> 00:00:52,000
this so how are you doing how are you

18
00:00:55,830 --> 00:00:53,520
holding up

19
00:00:58,069 --> 00:00:55,840
i'm doing really well the scu conference

20
00:01:01,430 --> 00:00:58,079
uh i plan on covering a more detailed

21
00:01:04,310 --> 00:01:01,440
show but they have fantastic guests

22
00:01:05,429 --> 00:01:04,320
and i also wanted to mention that we

23
00:01:08,950 --> 00:01:05,439
have a really

24
00:01:10,390 --> 00:01:08,960
um fantastic uh show today maybe you

25
00:01:12,870 --> 00:01:10,400
want to cover that a little bit

26

00:01:14,789 --> 00:01:12,880

yeah that we've got uh we've got there's

27

00:01:17,590 --> 00:01:14,799

something that we actually agree on chad

28

00:01:20,070 --> 00:01:17,600

we've got a fabulous guest today

29

00:01:21,670 --> 00:01:20,080

so why don't you introduce him i would

30

00:01:24,630 --> 00:01:21,680

love to introduce him he's the head of

31

00:01:25,590 --> 00:01:24,640

project 1947 jan aldrich he has been

32

00:01:27,990 --> 00:01:25,600

studying the uap

33

00:01:28,789 --> 00:01:28,000

topic since the mid-1960s is my

34

00:01:31,830 --> 00:01:28,799

understanding

35

00:01:34,789 --> 00:01:31,840

and also wanted to mention that uh

36

00:01:37,270 --> 00:01:34,799

jan is an icon in the ufo community he's

37

00:01:40,550 --> 00:01:37,280

a very well-known individual who has

38

00:01:42,469 --> 00:01:40,560

exhaustively studied the uap topic and

39

00:01:43,990 --> 00:01:42,479

folks if you do not know him if you're

40

00:01:46,389 --> 00:01:44,000

novice regarding

41

00:01:49,429 --> 00:01:46,399

uh the uap topic his last name is

42

00:01:51,590 --> 00:01:49,439

spelled a-l-d-r-i-c-h

43

00:01:54,310 --> 00:01:51,600

jan is his first name and look up

44

00:01:56,230 --> 00:01:54,320

project 1947.com and go to his site

45

00:01:58,870 --> 00:01:56,240

but jan i wanted to start this off right

46

00:01:59,670 --> 00:01:58,880

away uh regarding a really fascinating

47

00:02:03,030 --> 00:01:59,680

topic

48

00:02:04,709 --> 00:02:03,040

and that is the uh senate intelligence

49

00:02:07,590 --> 00:02:04,719

committee the folks that are

50

00:02:09,669 --> 00:02:07,600

delegated to the task of the uap report

51
00:02:12,390 --> 00:02:09,679
they're assigned that task

52
00:02:14,630 --> 00:02:12,400
you sent them 27 folders on the uap

53
00:02:16,550 --> 00:02:14,640
topic and other topics

54
00:02:18,070 --> 00:02:16,560
related possibly to chinese drones or

55
00:02:21,270 --> 00:02:18,080
other things and then

56
00:02:21,990 --> 00:02:21,280
the notes on 53 topics and background

57
00:02:23,910 --> 00:02:22,000
files on these

58
00:02:25,030 --> 00:02:23,920
topics a lot of these are previous

59
00:02:26,710 --> 00:02:25,040
investigations

60
00:02:28,390 --> 00:02:26,720
now that might sound a little ambiguous

61
00:02:29,750 --> 00:02:28,400
to some but jan is here to clear up what

62
00:02:31,350 --> 00:02:29,760
i just said so

63
00:02:34,949 --> 00:02:31,360

can you please share with us a little

64

00:02:41,190 --> 00:02:38,150

okay on on previous investigations

65

00:02:44,150 --> 00:02:41,200

of course we all know blue book and

66

00:02:44,550 --> 00:02:44,160

it started out with project sign but

67

00:02:52,470 --> 00:02:44,560

there

68

00:02:59,030 --> 00:02:52,480

navy was involved in 52-54

69

00:03:05,509 --> 00:03:02,070

alfred alfred loading

70

00:03:09,670 --> 00:03:05,519

excuse me i'm saying loading uh

71

00:03:13,589 --> 00:03:09,680

art lindell who was the head of the navy

72

00:03:16,710 --> 00:03:13,599

uh photographic uh

73

00:03:19,670 --> 00:03:16,720

uh analysis division which was

74

00:03:21,270 --> 00:03:19,680

later transferred to the cia he went to

75

00:03:25,190 --> 00:03:21,280

the uh

76

00:03:28,470 --> 00:03:25,200

for the navy

77

00:03:30,550 --> 00:03:28,480

project of course

78

00:03:32,229 --> 00:03:30,560

he won't he wouldn't talk about what

79

00:03:34,149 --> 00:03:32,239

what was said there

80

00:03:35,350 --> 00:03:34,159

but that's always something i've had on

81

00:03:39,430 --> 00:03:35,360

my mind

82

00:03:42,789 --> 00:03:39,440

um and of course there's

83

00:03:46,229 --> 00:03:42,799

other other projects hidden away

84

00:03:51,509 --> 00:03:46,239

after blue book uh

85

00:03:54,630 --> 00:03:51,519

went away a heineke continued working

86

00:03:58,830 --> 00:03:54,640

for uh for the air force

87

00:04:04,470 --> 00:04:01,350

um i guess he

88

00:04:08,390 --> 00:04:04,480

let loose one time saying that he was

89

00:04:11,589 --> 00:04:08,400

still studying ufos uh other than that

90

00:04:12,949 --> 00:04:11,599

almost nobody knows about that i i asked

91

00:04:15,030 --> 00:04:12,959

all his

92

00:04:17,030 --> 00:04:15,040

uh colleagues and everything everybody

93

00:04:19,270 --> 00:04:17,040

says oh no i can't say anything about

94

00:04:22,950 --> 00:04:19,280

that so

95

00:04:26,790 --> 00:04:22,960

uh the navy

96

00:04:29,749 --> 00:04:26,800

uh was asked by robert todd

97

00:04:30,950 --> 00:04:29,759

uh why are you guys this is after blue

98

00:04:32,870 --> 00:04:30,960

book coast

99

00:04:35,270 --> 00:04:32,880

why are you guys still investigating

100

00:04:39,830 --> 00:04:35,280

ufos your fingerprints are all over

101
00:04:45,909 --> 00:04:42,870
the o and i then the

102
00:04:47,189 --> 00:04:45,919
office of naval intelligence foyer

103
00:04:50,230 --> 00:04:47,199
contact

104
00:04:52,950 --> 00:04:50,240
told him uh the navy

105
00:04:53,430 --> 00:04:52,960
doesn't care about ufos we don't think

106
00:04:58,070 --> 00:04:53,440
they're

107
00:05:00,950 --> 00:04:58,080
of any uh intelligence significance

108
00:05:02,310 --> 00:05:00,960
we only investigate because the air

109
00:05:05,830 --> 00:05:02,320
force is interested in

110
00:05:10,230 --> 00:05:05,840
them so this is 1975.

111
00:05:15,430 --> 00:05:10,240
um finally uh 1977.

112
00:05:19,430 --> 00:05:15,440
thomas ross assistant secretary

113
00:05:22,710 --> 00:05:19,440

of defense for public affairs

114

00:05:26,230 --> 00:05:22,720

now he would be of an equal rank to what

115

00:05:26,710 --> 00:05:26,240

mellon was when he was there he but he's

116

00:05:29,830 --> 00:05:26,720

not

117

00:05:33,350 --> 00:05:29,840

intelligence he's public affairs um

118

00:05:35,270 --> 00:05:33,360

bob pratt asked him what are you guys

119

00:05:38,110 --> 00:05:35,280

still investigating ufos

120

00:05:40,950 --> 00:05:38,120

and he said well not really he said

121

00:05:44,390 --> 00:05:40,960

re-record them

122

00:05:47,350 --> 00:05:44,400

and then they are stored away and he

123

00:05:50,629 --> 00:05:47,360

said they are in the national

124

00:05:52,909 --> 00:05:50,639

military command center

125

00:05:54,150 --> 00:05:52,919

is where they are stored now that's

126
00:05:56,070 --> 00:05:54,160
1977.

127
00:05:58,150 --> 00:05:56,080
well after that we don't have much of

128
00:06:01,950 --> 00:05:58,160
anything except

129
00:06:06,070 --> 00:06:01,960
we have alonzo saying that uh

130
00:06:10,150 --> 00:06:06,080
1980s the navy was in charge

131
00:06:17,670 --> 00:06:14,390
uh our government asked uruguay to uh

132
00:06:19,110 --> 00:06:17,680
send them re send the us government

133
00:06:23,430 --> 00:06:19,120
reports from

134
00:06:29,270 --> 00:06:26,150
we don't know what branch of our

135
00:06:32,629 --> 00:06:29,280
government was getting here because uh

136
00:06:33,270 --> 00:06:32,639
uh alonso wasn't uh wasn't forthcoming

137
00:06:36,390 --> 00:06:33,280
on that

138
00:06:39,830 --> 00:06:36,400

but so those are just a few

139

00:06:42,550 --> 00:06:39,840
samples and i let the uh i'll let the

140

00:06:46,830 --> 00:06:42,560
intelligence committee know about those

141

00:06:49,189 --> 00:06:46,840
and others um there's electronic

142

00:06:53,110 --> 00:06:49,199
army um

143

00:06:56,790 --> 00:06:53,120
laboratory that was studying ufos in the

144

00:07:05,270 --> 00:07:01,430
and there's other other individual

145

00:07:09,510 --> 00:07:05,280
uh what you would say

146

00:07:12,469 --> 00:07:09,520
uh laboratories or or activities

147

00:07:13,270 --> 00:07:12,479
would sometimes study ufos for a time

148

00:07:17,110 --> 00:07:13,280
and then

149

00:07:19,830 --> 00:07:17,120
leave them be so um

150

00:07:20,870 --> 00:07:19,840
all that i could find i i uh let the

151
00:07:23,589 --> 00:07:20,880
senate

152
00:07:24,070 --> 00:07:23,599
uh intelligent subcommittee know in my

153
00:07:29,029 --> 00:07:24,080
letter

154
00:07:34,390 --> 00:07:29,039
about them uh we also sent a copy of

155
00:07:38,790 --> 00:07:36,550
so uh basically just sort of a deep

156
00:07:40,710 --> 00:07:38,800
background briefing for these guys uh

157
00:07:42,150 --> 00:07:40,720
to save uh maybe their staffers a lot of

158
00:07:42,950 --> 00:07:42,160
trouble you've got this stuff already

159
00:07:44,230 --> 00:07:42,960
together

160
00:07:45,990 --> 00:07:44,240
and uh just give them a little

161
00:07:49,110 --> 00:07:46,000
background on uh the

162
00:07:50,390 --> 00:07:49,120
the long and uh sort of a tumultuous

163
00:07:52,950 --> 00:07:50,400

history of

164

00:07:53,749 --> 00:07:52,960

ufos uh what the government's doing and

165

00:07:57,029 --> 00:07:53,759

uh what the

166

00:07:59,350 --> 00:07:57,039

guys like yourself uh robert powell uh

167

00:08:01,990 --> 00:07:59,360

michael swards and putting together this

168

00:08:04,869 --> 00:08:02,000

uh this book here ufos and government

169

00:08:06,950 --> 00:08:04,879

uh just uh uh doing a lot of the leg

170

00:08:10,710 --> 00:08:06,960

work for them

171

00:08:14,550 --> 00:08:10,720

yeah i hope so i also sent them

172

00:08:19,029 --> 00:08:14,560

what i call significant events

173

00:08:24,830 --> 00:08:19,039

um say like the uh the

174

00:08:27,830 --> 00:08:24,840

minot case in october uh 1968

175

00:08:28,950 --> 00:08:27,840

um pretty thoroughly investigated and

176

00:08:31,990 --> 00:08:28,960

then

177

00:08:35,350 --> 00:08:32,000

tom tolene came came on the scene

178

00:08:39,190 --> 00:08:35,360

and uh talked to everybody

179

00:08:42,469 --> 00:08:39,200

all the living crew members of the b-52

180

00:08:46,389 --> 00:08:42,479

which the case took place in um there

181

00:08:54,310 --> 00:08:46,399

are radar photographs

182

00:08:58,070 --> 00:08:54,320

and a trance a transcript of the uh a

183

00:09:04,710 --> 00:09:01,110

um and this uh the

184

00:09:09,269 --> 00:09:04,720

air force came up with a rather silly

185

00:09:12,470 --> 00:09:09,279

answer as to what this was and if

186

00:09:15,030 --> 00:09:12,480

if it was a plasma ball

187

00:09:17,190 --> 00:09:15,040

running around in the lower atmosphere

188

00:09:20,790 --> 00:09:17,200

chasing aircraft

189

00:09:23,829 --> 00:09:20,800

at over a thousand miles an hour

190

00:09:25,110 --> 00:09:23,839

that's a major scientific discovery and

191

00:09:28,470 --> 00:09:25,120

why didn't the air force

192

00:09:32,230 --> 00:09:28,480

inform the continent committee which was

193

00:09:36,150 --> 00:09:32,240

in session at the time or

194

00:09:38,630 --> 00:09:36,160

why didn't they inform aviation safety

195

00:09:40,310 --> 00:09:38,640

they didn't either but that's their

196

00:09:41,350 --> 00:09:40,320

that's their answer in there that's one

197

00:09:47,269 --> 00:09:41,360

of their

198

00:09:50,710 --> 00:09:47,279

uh answers everybody says there's 701

199

00:09:54,470 --> 00:09:50,720

uh unknowns i

200

00:09:57,910 --> 00:09:54,480

i invite everybody to go on to google

201
00:10:01,269 --> 00:09:57,920
and uh

202
00:10:04,630 --> 00:10:01,279
google brad sparks

203
00:10:08,550 --> 00:10:04,640
preliminary a listing

204
00:10:12,470 --> 00:10:08,560
of on blue book unknowns

205
00:10:15,990 --> 00:10:12,480
and uh i contributed to this

206
00:10:21,190 --> 00:10:16,000
brad did most of the work

207
00:10:24,470 --> 00:10:21,200
we looked at a lot of uh supposed gnomes

208
00:10:25,829 --> 00:10:24,480
and we're we're not saying that they're

209
00:10:27,590 --> 00:10:25,839
unknowns but there's

210
00:10:29,509 --> 00:10:27,600
we're saying that these things need to

211
00:10:31,110 --> 00:10:29,519
be looked at

212
00:10:33,829 --> 00:10:31,120
yeah i've looked at some of those blue

213
00:10:36,870 --> 00:10:33,839

book cases myself the kelly johnson case

214

00:10:39,829 --> 00:10:36,880

uh lenticular cloud uh

215

00:10:41,190 --> 00:10:39,839

case balloon uh yeah just uh i wanted to

216

00:10:42,710 --> 00:10:41,200

talk about uh yeah

217

00:10:44,550 --> 00:10:42,720

if you look closely at some of those

218

00:10:46,630 --> 00:10:44,560

cases that uh

219

00:10:47,990 --> 00:10:46,640

yeah i'm not sure that uh those

220

00:10:49,750 --> 00:10:48,000

explanations are

221

00:10:51,990 --> 00:10:49,760

uh necessarily solved you're right about

222

00:10:52,870 --> 00:10:52,000

that jen okay the question i have for

223

00:10:55,590 --> 00:10:52,880

jan is uh

224

00:10:57,110 --> 00:10:55,600

twofold i wanted to know um and i'm

225

00:10:59,670 --> 00:10:57,120

sorry if i missed this part

226

00:11:01,030 --> 00:10:59,680

when did you send in that report and

227

00:11:03,829 --> 00:11:01,040

also

228

00:11:06,150 --> 00:11:03,839

uh that report including the breadth of

229

00:11:07,190 --> 00:11:06,160

the 27 folders and the notes on 53

230

00:11:09,590 --> 00:11:07,200

different topics

231

00:11:11,750 --> 00:11:09,600

and the the ufo's and government book

232

00:11:13,829 --> 00:11:11,760

when did you send that in

233

00:11:15,350 --> 00:11:13,839

and also you know if you send in more

234

00:11:15,990 --> 00:11:15,360

information later i want to know the

235

00:11:18,630 --> 00:11:16,000

time

236

00:11:19,910 --> 00:11:18,640

stamps on both of those dates and then i

237

00:11:22,710 --> 00:11:19,920

also want to know

238

00:11:24,389 --> 00:11:22,720

did they request that information no

239

00:11:27,750 --> 00:11:24,399

they did not request it it's

240

00:11:31,509 --> 00:11:27,760

uh i'm just volunteering it to them it

241

00:11:35,190 --> 00:11:31,519

went in yesterday at 11 o'clock

242

00:11:38,310 --> 00:11:35,200

so uh it was

243

00:11:39,570 --> 00:11:38,320

a lot more difficult to compile than i

244

00:11:41,269 --> 00:11:39,580

thought it was going to

245

00:11:44,630 --> 00:11:41,279

[Laughter]

246

00:11:46,150 --> 00:11:44,640

i'm not be i'm not finished and there's

247

00:11:48,069 --> 00:11:46,160

other people that are not finished

248

00:11:51,750 --> 00:11:48,079

either

249

00:11:55,509 --> 00:11:51,760

um so uh

250

00:11:59,430 --> 00:11:55,519

as you know it's no secret

251
00:12:02,550 --> 00:11:59,440
the kufos files are now in new mexico

252
00:12:06,310 --> 00:12:02,560
um and if you if you

253
00:12:10,790 --> 00:12:06,320
uh if you look at dave moller's uh

254
00:12:14,470 --> 00:12:10,800
website um you can see

255
00:12:16,949 --> 00:12:14,480
his filing cabinets are down one side

256
00:12:18,949 --> 00:12:16,959
of the building and the kufos filing

257
00:12:20,550 --> 00:12:18,959
cabinets are down the other side of the

258
00:12:24,230 --> 00:12:20,560
building

259
00:12:27,750 --> 00:12:24,240
and uh one of the reasons uh

260
00:12:28,710 --> 00:12:27,760
dave's files are so big is because he

261
00:12:31,990 --> 00:12:28,720
has

262
00:12:35,670 --> 00:12:32,000
antonio uenas's files

263
00:12:37,430 --> 00:12:35,680

uh that are uh

264

00:12:39,030 --> 00:12:37,440

he went ahead and put them together so

265

00:12:42,310 --> 00:12:39,040

they're there plus another

266

00:12:43,190 --> 00:12:42,320

a number of other people and i will be

267

00:12:46,470 --> 00:12:43,200

sending my

268

00:12:50,310 --> 00:12:46,480

files down there approximately

269

00:12:52,150 --> 00:12:50,320

in uh september

270

00:12:53,350 --> 00:12:52,160

and just for the folks who don't know uh

271

00:12:54,949 --> 00:12:53,360

make sure just to

272

00:12:57,910 --> 00:12:54,959

uh make sure i'm right about this uh

273

00:12:59,509 --> 00:12:57,920

kufos is the uh center for ufos studies

274

00:13:00,870 --> 00:12:59,519

that heinek put together after he

275

00:13:02,230 --> 00:13:00,880

stopped working for the air force is

276

00:13:04,389 --> 00:13:02,240

that about right

277

00:13:06,150 --> 00:13:04,399

yeah that's correct okay okay yeah just

278

00:13:08,790 --> 00:13:06,160

for folks who aren't aware of that

279

00:13:09,350 --> 00:13:08,800

all these acronyms all this uh going on

280

00:13:13,110 --> 00:13:09,360

and

281

00:13:15,670 --> 00:13:13,120

oh god i should have said that

282

00:13:16,629 --> 00:13:15,680

well let me let me say what's in these

283

00:13:20,310 --> 00:13:16,639

files

284

00:13:23,750 --> 00:13:20,320

it's probably the biggest collection

285

00:13:25,430 --> 00:13:23,760

of project blue book cases outside the

286

00:13:28,150 --> 00:13:25,440

government

287

00:13:29,829 --> 00:13:28,160

now here's why that's important because

288

00:13:33,110 --> 00:13:29,839

hynek was

289

00:13:34,550 --> 00:13:33,120

the air force consultant for almost 20

290

00:13:37,550 --> 00:13:34,560

years

291

00:13:38,949 --> 00:13:37,560

and some of these cases he

292

00:13:41,750 --> 00:13:38,959

reinvestigated or

293

00:13:42,069 --> 00:13:41,760

investigated for the air force and they

294

00:13:46,069 --> 00:13:42,079

are

295

00:13:50,150 --> 00:13:46,079

annotated with his um

296

00:13:53,829 --> 00:13:50,160

what he found so some cases he solved

297

00:13:55,750 --> 00:13:53,839

in other cases he found and

298

00:13:58,150 --> 00:13:55,760

later on in his career he started

299

00:14:00,230 --> 00:13:58,160

getting much more independent

300

00:14:02,710 --> 00:14:00,240

and investigating things on his own

301

00:14:07,670 --> 00:14:02,720

without the air force asking

302

00:14:10,790 --> 00:14:07,680

and also uh he was much more

303

00:14:16,389 --> 00:14:10,800

aggressive in uh

304

00:14:19,750 --> 00:14:16,399

looking at air force cases and uh

305

00:14:21,269 --> 00:14:19,760

investigating not just one or two

306

00:14:23,750 --> 00:14:21,279

items that they wanted him to

307

00:14:25,670 --> 00:14:23,760

investigate or comment on

308

00:14:27,110 --> 00:14:25,680

he would go through the whole thing

309

00:14:30,550 --> 00:14:27,120

again

310

00:14:33,110 --> 00:14:30,560

uh besides that there are

311

00:14:35,110 --> 00:14:33,120

what's called the nycap files national

312

00:14:36,230 --> 00:14:35,120

investigations committee on aerial

313

00:14:39,350 --> 00:14:36,240

phenomena

314

00:14:43,829 --> 00:14:39,360

it was a ufo organization

315

00:14:48,310 --> 00:14:43,839

run by major kio a

316

00:14:49,590 --> 00:14:48,320

uh uh military and scientific people

317

00:14:52,790 --> 00:14:49,600

were

318

00:14:56,949 --> 00:14:52,800

in part of the

319

00:15:00,710 --> 00:14:56,959

organization and those

320

00:15:05,110 --> 00:15:00,720

uh files are consolidated with

321

00:15:07,189 --> 00:15:05,120

the kufos files and that makes a huge

322

00:15:08,629 --> 00:15:07,199

makes a huge amount of files like i say

323

00:15:11,430 --> 00:15:08,639

if you go on dave's site you can see

324

00:15:12,150 --> 00:15:11,440

i think he has a picture and you could

325

00:15:15,670 --> 00:15:12,160

see the

326

00:15:19,350 --> 00:15:15,680

the size of the files there it's just uh

327

00:15:21,509 --> 00:15:19,360

huge and i have almost the same amount

328

00:15:22,150 --> 00:15:21,519

as dave does so when that gets down

329

00:15:25,430 --> 00:15:22,160

there

330

00:15:27,110 --> 00:15:25,440

we don't know what we're going to do

331

00:15:31,269 --> 00:15:27,120

he'll have to build an addition onto his

332

00:15:34,790 --> 00:15:31,279

house in his backyard

333

00:15:38,829 --> 00:15:37,030

okay i did want to bring up something to

334

00:15:41,990 --> 00:15:38,839

you jan

335

00:15:44,310 --> 00:15:42,000

um so i wanted to read you a quote from

336

00:15:46,870 --> 00:15:44,320

alejandro uh rojas

337

00:15:48,150 --> 00:15:46,880

and whom you've known for many years and

338

00:15:51,189 --> 00:15:48,160

it's regarding the uap

339

00:15:51,509 --> 00:15:51,199

report topic i'm sorry to our listeners

340

00:15:54,069 --> 00:15:51,519

my

341

00:15:55,030 --> 00:15:54,079

throat is a little froggy i apologize

342

00:15:57,509 --> 00:15:55,040

for that

343

00:15:59,749 --> 00:15:57,519

but if you could just suffer through it

344

00:16:00,949 --> 00:15:59,759

here is a quote from him that he just

345

00:16:04,069 --> 00:16:00,959

approved

346

00:16:06,790 --> 00:16:04,079

um right before the show he

347

00:16:07,189 --> 00:16:06,800

he said i think it is completely fair to

348

00:16:09,749 --> 00:16:07,199

say

349

00:16:11,829 --> 00:16:09,759

they have found no evidence that ufos

350

00:16:13,829 --> 00:16:11,839

have anything to do with aliens

351
00:16:15,509 --> 00:16:13,839
and when the ufo community gets upset

352
00:16:16,629 --> 00:16:15,519
with that they need to look at

353
00:16:18,310 --> 00:16:16,639
themselves

354
00:16:20,389 --> 00:16:18,320
because they're the ones making these

355
00:16:22,550 --> 00:16:20,399
claims and in addition to that

356
00:16:24,230 --> 00:16:22,560
i would also argue that we as civilian

357
00:16:26,629 --> 00:16:24,240
researchers have also found no

358
00:16:27,509 --> 00:16:26,639
evidence the end result is the media

359
00:16:29,269 --> 00:16:27,519
gets it

360
00:16:30,790 --> 00:16:29,279
at the beginning of when the new york

361
00:16:33,990 --> 00:16:30,800
times story broke

362
00:16:37,110 --> 00:16:34,000
there was a lot of it's not aliens

363
00:16:39,710 --> 00:16:37,120

so is it russia or china but it quickly

364

00:16:42,790 --> 00:16:39,720

evolved to how can it be russia or china

365

00:16:43,749 --> 00:16:42,800

122 incursions over the past couple of

366

00:16:45,509 --> 00:16:43,759

decades

367

00:16:47,829 --> 00:16:45,519

and we've got them on satellite and

368

00:16:48,550 --> 00:16:47,839

radar well it's obviously not russia or

369

00:16:50,949 --> 00:16:48,560

china

370

00:16:51,590 --> 00:16:50,959

so then what is it and i think that

371

00:16:53,990 --> 00:16:51,600

there is an

372

00:16:55,189 --> 00:16:54,000

overall very big silver lining because

373

00:16:57,030 --> 00:16:55,199

it reinforces

374

00:16:58,550 --> 00:16:57,040

and buttresses the credibility of the

375

00:17:00,790 --> 00:16:58,560

ufo phenomenon

376

00:17:01,590 --> 00:17:00,800

and in that respect i think it's a huge

377

00:17:03,670 --> 00:17:01,600

great thing

378

00:17:05,350 --> 00:17:03,680

but a lot of the main reason we got here

379

00:17:07,909 --> 00:17:05,360

was due to the efforts of

380

00:17:09,189 --> 00:17:07,919

ttsa and in particular melon and

381

00:17:10,630 --> 00:17:09,199

elizondo

382

00:17:12,309 --> 00:17:10,640

i think they are disappointed the

383

00:17:13,189 --> 00:17:12,319

military isn't sharing more info

384

00:17:15,669 --> 00:17:13,199

publicly

385

00:17:17,429 --> 00:17:15,679

but i can understand why defense why the

386

00:17:18,309 --> 00:17:17,439

defense department would have a problem

387

00:17:19,829 --> 00:17:18,319

with that

388

00:17:22,710 --> 00:17:19,839

because they deal with sensitive

389

00:17:25,829 --> 00:17:22,720

information and they feel this incense

390

00:17:28,390 --> 00:17:25,839

info and no one has made enough

391

00:17:29,190 --> 00:17:28,400

argument that it is not the next step is

392

00:17:31,430 --> 00:17:29,200

figure out

393

00:17:32,789 --> 00:17:31,440

how we look into that and having a

394

00:17:34,710 --> 00:17:32,799

mechanism

395

00:17:36,070 --> 00:17:34,720

where the defense department can get

396

00:17:39,669 --> 00:17:36,080

scrubbed data

397

00:17:41,190 --> 00:17:39,679

to a serious uh research organization

398

00:17:43,430 --> 00:17:41,200

it looks like nasa may be getting

399

00:17:45,350 --> 00:17:43,440

involved in that but organizations like

400

00:17:48,070 --> 00:17:45,360

the scu can play a part in that

401
00:17:49,270 --> 00:17:48,080
do you have a reaction to any of that uh

402
00:17:52,549 --> 00:17:49,280
jan

403
00:17:55,590 --> 00:17:52,559
well what i told the senate

404
00:17:56,950 --> 00:17:55,600
uh select uh committee on intelligence

405
00:18:00,549 --> 00:17:56,960
was

406
00:18:04,549 --> 00:18:00,559
i i told him we wrote this book

407
00:18:08,150 --> 00:18:04,559
ufos and government with the philosophy

408
00:18:11,750 --> 00:18:08,160
that we don't know what ufos are

409
00:18:19,669 --> 00:18:15,270
but the people

410
00:18:22,710 --> 00:18:19,679
that in the government that interacted

411
00:18:26,390 --> 00:18:22,720
with the problem

412
00:18:29,430 --> 00:18:26,400
they are historical people kyo

413
00:18:32,390 --> 00:18:29,440

kio was wasn't a historical person

414

00:18:33,590 --> 00:18:32,400

heinek was a historical person you can

415

00:18:37,110 --> 00:18:33,600

read their

416

00:18:40,390 --> 00:18:37,120

um papers

417

00:18:42,070 --> 00:18:40,400

and you can study the history so that's

418

00:18:45,750 --> 00:18:42,080

what we're doing we're not

419

00:18:49,990 --> 00:18:45,760

we're not defending uh a position

420

00:18:53,909 --> 00:18:50,000

on what ufos are we are only trying to

421

00:18:56,150 --> 00:18:53,919

uh tell what we know about history and

422

00:18:59,270 --> 00:18:56,160

the government's reaction

423

00:19:01,350 --> 00:18:59,280

to the phenomenon phenomena

424

00:19:03,430 --> 00:19:01,360

who knows one or the other maybe it's

425

00:19:06,870 --> 00:19:03,440

more than one thing going on

426

00:19:12,070 --> 00:19:06,880

but uh the history is

427

00:19:16,150 --> 00:19:15,430

i i don't speculate uh myself and barry

428

00:19:19,990 --> 00:19:16,160

greenwood

429

00:19:23,190 --> 00:19:20,000

uh uh we don't uh

430

00:19:23,669 --> 00:19:23,200

we are just interested in completing the

431

00:19:26,310 --> 00:19:23,679

record

432

00:19:27,590 --> 00:19:26,320

that that is our mission we've decided

433

00:19:30,710 --> 00:19:27,600

that is our mission

434

00:19:33,909 --> 00:19:30,720

our mission is not to go to conferences

435

00:19:37,350 --> 00:19:33,919

and tell people what we think the

436

00:19:41,669 --> 00:19:37,360

the uh the euphenots will do

437

00:19:46,310 --> 00:19:44,070

okay but jan with regards to what

438

00:19:49,190 --> 00:19:46,320

alejandro said when he said

439

00:19:50,070 --> 00:19:49,200

um 122 incursions over the past couple

440

00:19:51,750 --> 00:19:50,080

of decades

441

00:19:54,070 --> 00:19:51,760

and we've got them on satellite and

442

00:19:55,190 --> 00:19:54,080

radar well it's obviously not russia or

443

00:19:58,230 --> 00:19:55,200

china so then

444

00:20:00,470 --> 00:19:58,240

what is it uh so do you have any

445

00:20:03,510 --> 00:20:00,480

response to that

446

00:20:03,830 --> 00:20:03,520

i uh do you feel like another country

447

00:20:06,149 --> 00:20:03,840

with

448

00:20:08,070 --> 00:20:06,159

you know better technology than ours i

449

00:20:10,549 --> 00:20:08,080

know that you are not here to

450

00:20:13,430 --> 00:20:10,559

categorize what the topic could be or

451

00:20:16,789 --> 00:20:13,440

you know speculate you know

452

00:20:19,110 --> 00:20:16,799

into like get involved in speculative

453

00:20:20,870 --> 00:20:19,120

physics or anything like that but what

454

00:20:23,029 --> 00:20:20,880

do you think it could be if it's

455

00:20:25,669 --> 00:20:23,039

a hundred and twenty two incursions by

456

00:20:29,190 --> 00:20:25,679

satellite and radar

457

00:20:32,470 --> 00:20:29,200

well i i i think the the government

458

00:20:35,029 --> 00:20:32,480

uh 122 is not you know

459

00:20:36,230 --> 00:20:35,039

that's uh that i don't believe that for

460

00:20:37,909 --> 00:20:36,240

a minute

461

00:20:39,590 --> 00:20:37,919

i believe that it's much bigger i

462

00:20:43,510 --> 00:20:39,600

believe the government has

463

00:20:47,430 --> 00:20:43,520

more and better information than we do

464

00:20:48,390 --> 00:20:47,440

lots more lots better um like ratcliffe

465

00:20:50,950 --> 00:20:48,400

said

466

00:20:52,230 --> 00:20:50,960

the former director of national

467

00:20:55,430 --> 00:20:52,240

intelligence

468

00:20:56,310 --> 00:20:55,440

who's a very smart man and the woman

469

00:20:59,830 --> 00:20:56,320

that's in

470

00:21:03,750 --> 00:20:59,840

in charge of it today uh her

471

00:21:07,669 --> 00:21:03,760

her resume blows my mind

472

00:21:10,789 --> 00:21:07,679

uh avril haynes he's got more

473

00:21:13,990 --> 00:21:10,799

more degrees than most women have charms

474

00:21:17,510 --> 00:21:16,230

i've worked for a woman like that she

475

00:21:20,630 --> 00:21:17,520

had she had

476

00:21:23,110 --> 00:21:20,640

multiple degrees uh i i was at

477

00:21:24,549 --> 00:21:23,120

mit working at the laboratory for

478

00:21:26,950 --> 00:21:24,559

nuclear science

479

00:21:28,870 --> 00:21:26,960

and this woman had degrees in everything

480

00:21:32,870 --> 00:21:28,880

music

481

00:21:37,350 --> 00:21:32,880

philosophy of uh psychology

482

00:21:41,110 --> 00:21:37,360

uh mathematics physics

483

00:21:45,190 --> 00:21:41,120

uh she's just that you know such a great

484

00:21:48,310 --> 00:21:45,200

uh so well read and so

485

00:21:52,230 --> 00:21:48,320

uh educated and

486

00:21:56,230 --> 00:21:52,240

besides that she was uh

487

00:21:59,590 --> 00:21:56,240

a fantastic

488

00:22:04,070 --> 00:21:59,600

uh woman that could be a model

489

00:22:06,310 --> 00:22:04,080

and i said i go to work every day here

490

00:22:07,110 --> 00:22:06,320

and i hear her complaining to the other

491

00:22:09,510 --> 00:22:07,120

women

492

00:22:13,909 --> 00:22:09,520

that she can't find any men well there

493

00:22:17,909 --> 00:22:16,149

now um i did want to ask you something

494

00:22:20,390 --> 00:22:17,919

that's a little different and that is

495

00:22:21,830 --> 00:22:20,400

um do you believe that the u.s

496

00:22:25,270 --> 00:22:21,840

government

497

00:22:28,710 --> 00:22:25,280

will or has uh in the past

498

00:22:31,350 --> 00:22:28,720

for example um or in the future will use

499

00:22:32,470 --> 00:22:31,360

some kind of circular or catch-22

500

00:22:35,270 --> 00:22:32,480

related

501
00:22:36,310 --> 00:22:35,280
statements or strategies or arguments

502
00:22:38,710 --> 00:22:36,320
regarding the uap

503
00:22:39,669 --> 00:22:38,720
issue i want to read a quote to you from

504
00:22:42,870 --> 00:22:39,679
shane hurd

505
00:22:43,990 --> 00:22:42,880
who is a an assistant director for

506
00:22:45,430 --> 00:22:44,000
phoenix mufon

507
00:22:47,909 --> 00:22:45,440
regarding what he said about this

508
00:22:49,669 --> 00:22:47,919
possibility he said i think it is

509
00:22:51,270 --> 00:22:49,679
possible the us government will use some

510
00:22:53,750 --> 00:22:51,280
circular catch-22

511
00:22:56,230 --> 00:22:53,760
related arguments regarding uap issue

512
00:22:58,549 --> 00:22:56,240
however because they are a public entity

513
00:23:00,149 --> 00:22:58,559

still subject to the people the pressure

514

00:23:01,909 --> 00:23:00,159

brought upon them by the public through

515

00:23:02,870 --> 00:23:01,919

the individual efforts of people such as

516

00:23:05,190 --> 00:23:02,880

chris mellon

517

00:23:07,110 --> 00:23:05,200

lou elizondo and others now will help

518

00:23:08,710 --> 00:23:07,120

alleviate that possibility

519

00:23:10,950 --> 00:23:08,720

meaning they are officially now on the

520

00:23:12,870 --> 00:23:10,960

record for taking the subject seriously

521

00:23:14,390 --> 00:23:12,880

to report on incidents to investigate

522

00:23:16,230 --> 00:23:14,400

those incidents and then

523

00:23:19,590 --> 00:23:16,240

ultimately provide an accounting for

524

00:23:21,830 --> 00:23:19,600

that for those investigations and then

525

00:23:24,070 --> 00:23:21,840

in turn reporting congress which will be

526
00:23:24,630 --> 00:23:24,080
done in an unclassified way at least in

527
00:23:27,510 --> 00:23:24,640
part

528
00:23:28,310 --> 00:23:27,520
okay so jan do you think that the u.s

529
00:23:31,190 --> 00:23:28,320
government

530
00:23:32,149 --> 00:23:31,200
has in the past will currently and also

531
00:23:35,510 --> 00:23:32,159
in the future

532
00:23:38,710 --> 00:23:35,520
use a circular or catch-22

533
00:23:42,390 --> 00:23:38,720
illogic with regards to the uap

534
00:23:44,070 --> 00:23:42,400
topic i i agree with barry greenwood

535
00:23:46,870 --> 00:23:44,080
you can't trust anything the government

536
00:23:54,390 --> 00:23:46,880
says on ufos

537
00:24:00,950 --> 00:23:57,750
almost uh full existence

538
00:24:04,750 --> 00:24:00,960

uh not into the 80s but from

539

00:24:09,110 --> 00:24:04,760

57 to

540

00:24:10,390 --> 00:24:09,120

1970 was trying to get information from

541

00:24:13,510 --> 00:24:10,400

the government

542

00:24:17,909 --> 00:24:13,520

and exposing

543

00:24:18,630 --> 00:24:17,919

incorrect misinformation disinformation

544

00:24:22,870 --> 00:24:18,640

from the

545

00:24:25,590 --> 00:24:22,880

various um departments

546

00:24:27,350 --> 00:24:25,600

within the government now sometimes they

547

00:24:31,990 --> 00:24:27,360

got cooperation

548

00:24:36,070 --> 00:24:32,000

um the uh

549

00:24:39,190 --> 00:24:36,080

uh the public relations officer

550

00:24:42,950 --> 00:24:39,200

uh when keo was uh there

551
00:24:46,070 --> 00:24:42,960
uh al chop um and then

552
00:24:49,430 --> 00:24:46,080
captain bob white they would slip him

553
00:24:52,470 --> 00:24:49,440
stuff um

554
00:24:54,950 --> 00:24:52,480
there was a captain working in

555
00:24:55,510 --> 00:24:54,960
air force intelligence and he would give

556
00:24:59,669 --> 00:24:55,520
keogh

557
00:25:01,430 --> 00:24:59,679
stuff that was unclassified

558
00:25:03,350 --> 00:25:01,440
theo would not take anything that was

559
00:25:05,830 --> 00:25:03,360
classified he didn't want to hear

560
00:25:08,630 --> 00:25:05,840
anything that was classified he said he

561
00:25:12,830 --> 00:25:08,640
would put his hands over his ears

562
00:25:16,149 --> 00:25:12,840
um and uh

563
00:25:19,510 --> 00:25:16,159

i a

564

00:25:22,710 --> 00:25:19,520
engineer working for republic uh

565

00:25:25,590 --> 00:25:22,720
aircraft who had

566

00:25:27,590 --> 00:25:25,600
clearances and were at he was at a lot

567

00:25:32,070 --> 00:25:27,600
of the ufo meetings

568

00:25:36,549 --> 00:25:32,080
and he actually went to the cia and

569

00:25:40,710 --> 00:25:36,559
tried to uh get them interested in ufos

570

00:25:44,070 --> 00:25:40,720
in the early 50s uh he also passed

571

00:25:48,549 --> 00:25:44,080
things on the keo and we have

572

00:25:55,750 --> 00:25:52,549
also the government tried to block

573

00:26:03,430 --> 00:26:00,230
in the in the night about 1960 61

574

00:26:06,070 --> 00:26:03,440
when uh many congressmen were interested

575

00:26:08,830 --> 00:26:06,080
in having hearings on ufos

576

00:26:10,789 --> 00:26:08,840

uh the air force went out of its way to

577

00:26:14,070 --> 00:26:10,799

uh um

578

00:26:16,630 --> 00:26:14,080

try to block the hearings so

579

00:26:18,390 --> 00:26:16,640

uh and that's you know that's not oh

580

00:26:19,430 --> 00:26:18,400

that's a good story oh where'd you get

581

00:26:22,870 --> 00:26:19,440

that that's it that's

582

00:26:23,909 --> 00:26:22,880

in project blue book you can read heinek

583

00:26:27,269 --> 00:26:23,919

and colonel friend

584

00:26:30,870 --> 00:26:27,279

trying to uh do everything they can

585

00:26:33,430 --> 00:26:30,880

at the behest of uh uh

586

00:26:36,230 --> 00:26:33,440

the air force generals and everything to

587

00:26:38,630 --> 00:26:36,240

keep this out of congress

588

00:26:40,390 --> 00:26:38,640

so you can read it in there and some of

589

00:26:43,430 --> 00:26:40,400

the things they did they asked

590

00:26:48,470 --> 00:26:43,440

they asked hill and carter the guy

591

00:26:51,990 --> 00:26:51,750

a former cia director they they asked

592

00:26:55,110 --> 00:26:52,000

him

593

00:26:59,190 --> 00:26:55,120

to resign from nycap because he

594

00:27:01,110 --> 00:26:59,200

he being on the board of nycap

595

00:27:03,430 --> 00:27:01,120

that was an embarrassment to the air

596

00:27:05,510 --> 00:27:03,440

force because he was

597

00:27:06,470 --> 00:27:05,520

saying the exact opposite of what the

598

00:27:10,789 --> 00:27:06,480

air force

599

00:27:12,310 --> 00:27:10,799

was putting out okay i i wanted to

600

00:27:13,830 --> 00:27:12,320

when you're done i had a question for

601
00:27:17,430 --> 00:27:13,840
you go ahead no no

602
00:27:19,669 --> 00:27:17,440
i'm finished okay so dr irina scott

603
00:27:21,029 --> 00:27:19,679
uh who is a scientist and also an author

604
00:27:24,149 --> 00:27:21,039
of many uh uap

605
00:27:25,830 --> 00:27:24,159
related books regarding the uap report

606
00:27:27,990 --> 00:27:25,840
she had a statement to make and i wanted

607
00:27:30,710 --> 00:27:28,000
to get your reaction to it she said

608
00:27:32,310 --> 00:27:30,720
having worked at patel memorial in state

609
00:27:35,990 --> 00:27:32,320
and with investigators

610
00:27:38,549 --> 00:27:36,000
i know that the 1953 pentacle memoriam

611
00:27:39,750 --> 00:27:38,559
memorandum is a valid document showing

612
00:27:42,389 --> 00:27:39,760
that the government was

613
00:27:43,190 --> 00:27:42,399

lying to the public about the ufo

614

00:27:45,190 --> 00:27:43,200

phenomena

615

00:27:46,310 --> 00:27:45,200

its importance is that it uncovered the

616

00:27:48,230 --> 00:27:46,320

secret study

617

00:27:50,990 --> 00:27:48,240

project blue book special report number

618

00:27:54,710 --> 00:27:51,000

14 and then she put in parentheses

619

00:27:55,990 --> 00:27:54,720

sr-14 which was done while the robertson

620

00:27:58,630 --> 00:27:56,000

panel was refuting

621

00:27:59,750 --> 00:27:58,640

ufo evidence if the government goes back

622

00:28:01,909 --> 00:27:59,760

on this

623

00:28:04,070 --> 00:28:01,919

many will realize how untruthful

624

00:28:06,149 --> 00:28:04,080

untruthful the government really is

625

00:28:07,990 --> 00:28:06,159

on something of high importance it was

626
00:28:08,950 --> 00:28:08,000
discussed in detail in my book sacred

627
00:28:10,630 --> 00:28:08,960
corridors

628
00:28:12,710 --> 00:28:10,640
secrets behind the real project blue

629
00:28:15,669 --> 00:28:12,720
book wright patterson air force base

630
00:28:16,549 --> 00:28:15,679
roswell patel memorial medal dr j allen

631
00:28:19,510 --> 00:28:16,559
heineken

632
00:28:20,789 --> 00:28:19,520
and ufo cover-up cover-ups what is your

633
00:28:23,830 --> 00:28:20,799
reaction to

634
00:28:26,549 --> 00:28:23,840
um the uh

635
00:28:27,909 --> 00:28:26,559
the aspect of her uh quote where she's

636
00:28:30,950 --> 00:28:27,919
talking about how

637
00:28:34,070 --> 00:28:30,960
in 1953 the pinnacle pentacle

638
00:28:35,830 --> 00:28:34,080

memorandum is a valid document and then

639

00:28:37,110 --> 00:28:35,840

she goes on to state that she feels that

640

00:28:40,310 --> 00:28:37,120

the us government was

641

00:28:42,630 --> 00:28:40,320

lying i i i

642

00:28:43,590 --> 00:28:42,640

totally agree that the pinnacle

643

00:28:47,190 --> 00:28:43,600

memorandum

644

00:28:50,470 --> 00:28:47,200

is um

645

00:28:52,950 --> 00:28:50,480

uh a valid document i

646

00:28:54,070 --> 00:28:52,960

do not agree that with some of the

647

00:28:57,190 --> 00:28:54,080

people that

648

00:29:00,389 --> 00:28:57,200

read things into it

649

00:29:03,750 --> 00:29:00,399

uh now

650

00:29:06,149 --> 00:29:03,760

uh in 1951 the

651
00:29:07,990 --> 00:29:06,159
air force re-programmed a hundred

652
00:29:10,789 --> 00:29:08,000
thousand dollars

653
00:29:12,310 --> 00:29:10,799
to give to battelle memorial so they

654
00:29:15,430 --> 00:29:12,320
could do the first

655
00:29:20,149 --> 00:29:15,440
computer study of ufos

656
00:29:24,830 --> 00:29:20,159
that was done by uh general garland

657
00:29:27,750 --> 00:29:24,840
who was a advocate for ufos and uh

658
00:29:31,269 --> 00:29:27,760
um probably the reason that

659
00:29:34,950 --> 00:29:31,279
uh uh edward rupelt became

660
00:29:40,070 --> 00:29:34,960
project blue book head um

661
00:29:44,310 --> 00:29:40,080
now general garland wanted um

662
00:29:47,430 --> 00:29:44,320
ufos closely studied

663
00:29:50,070 --> 00:29:47,440

not just writing down

664

00:29:53,430 --> 00:29:50,080

witness statements after somebody saw a

665

00:29:57,750 --> 00:29:55,590

he wasn't the only one there were people

666

00:30:00,870 --> 00:29:57,760

that preceded him and

667

00:30:02,230 --> 00:30:00,880

uh after he was gone there's people that

668

00:30:05,750 --> 00:30:02,240

succeeded him

669

00:30:09,269 --> 00:30:05,760

that also advocated for

670

00:30:13,830 --> 00:30:09,279

um radar photographs

671

00:30:17,990 --> 00:30:13,840

uh sensor data um

672

00:30:21,990 --> 00:30:18,000

deploying cameras all over the place

673

00:30:24,549 --> 00:30:22,000

um and in some cases these guys were

674

00:30:25,510 --> 00:30:24,559

the people that were advocating good ufo

675

00:30:30,070 --> 00:30:25,520

studies

676

00:30:34,070 --> 00:30:32,470

uh there were there's a fight going on

677

00:30:38,389 --> 00:30:34,080

inside the air force so

678

00:30:40,789 --> 00:30:38,399

these these people a lot of times

679

00:30:42,870 --> 00:30:40,799

there was starts and stops people would

680

00:30:46,870 --> 00:30:42,880

try to get the air force to be

681

00:30:51,350 --> 00:30:46,880

more um objective

682

00:30:53,350 --> 00:30:51,360

on ufos and uh

683

00:30:54,710 --> 00:30:53,360

a program would get going and then they

684

00:30:58,710 --> 00:30:54,720

would get canceled

685

00:31:02,230 --> 00:30:58,720

so that that's that now on uh

686

00:31:04,149 --> 00:31:02,240

special report uh

687

00:31:05,350 --> 00:31:04,159

project blue book special report number

688

00:31:08,549 --> 00:31:05,360

14.

689

00:31:13,350 --> 00:31:08,559

if you go to my website and

690

00:31:16,389 --> 00:31:13,360

uh it's on the shg part of my website

691

00:31:20,149 --> 00:31:16,399

there's uh something about robert s

692

00:31:24,310 --> 00:31:20,159

allen he is a columnist

693

00:31:25,750 --> 00:31:24,320

he wrote about the secret report in 1952

694

00:31:29,909 --> 00:31:25,760

which is

695

00:31:32,389 --> 00:31:29,919

the uh project blue book 14

696

00:31:33,509 --> 00:31:32,399

or we think it is we're pretty sure that

697

00:31:36,950 --> 00:31:33,519

it is

698

00:31:38,230 --> 00:31:36,960

um he said it was more extensive than

699

00:31:42,630 --> 00:31:38,240

what was

700

00:31:45,990 --> 00:31:42,640

finally released by the air force um

701

00:31:49,029 --> 00:31:46,000

uh the air force's the battelle

702

00:31:51,830 --> 00:31:49,039

project was called project store

703

00:31:52,710 --> 00:31:51,840

and then it went to project white stork

704

00:31:56,549 --> 00:31:52,720

and

705

00:32:00,630 --> 00:31:56,559

the this is the overall project

706

00:32:04,230 --> 00:32:00,640

and ufos were fit in there

707

00:32:06,470 --> 00:32:04,240

uh white stork was about what are the

708

00:32:11,669 --> 00:32:06,480

new uh

709

00:32:18,950 --> 00:32:14,710

and how can we counter them

710

00:32:21,990 --> 00:32:18,960

so i guess ufos were thought to maybe be

711

00:32:23,669 --> 00:32:22,000

possibly soviet now when the study was

712

00:32:27,590 --> 00:32:23,679

done

713

00:32:30,070 --> 00:32:27,600

they found things like um

714

00:32:30,870 --> 00:32:30,080

there's a difference between the

715

00:32:33,669 --> 00:32:30,880

unknowns

716

00:32:35,590 --> 00:32:33,679

and the gnomes there's a definite

717

00:32:36,389 --> 00:32:35,600

difference between them they don't have

718

00:32:41,190 --> 00:32:36,399

things that are

719

00:32:44,230 --> 00:32:41,200

the same all over the place so it's

720

00:32:47,750 --> 00:32:44,240

nodes and unknowns are different

721

00:32:53,590 --> 00:32:47,760

uh they also notice that around

722

00:33:01,029 --> 00:32:57,590

there seem to be more cases

723

00:33:01,039 --> 00:33:07,190

they went ahead and kind of tried to

724

00:33:10,789 --> 00:33:09,430

take these conclusions that they made

725

00:33:14,630 --> 00:33:10,799

and try to

726

00:33:16,549 --> 00:33:14,640

blur them but

727

00:33:18,630 --> 00:33:16,559

and they did not release the report to

728

00:33:23,350 --> 00:33:18,640

the public

729

00:33:26,070 --> 00:33:23,360

until congressman moss of the

730

00:33:28,710 --> 00:33:26,080

information committee said they must

731

00:33:31,269 --> 00:33:28,720

release it

732

00:33:32,149 --> 00:33:31,279

and that was before there was freedom of

733

00:33:35,830 --> 00:33:32,159

information

734

00:33:37,509 --> 00:33:35,840

or anything they just put out a press

735

00:33:37,990 --> 00:33:37,519

release and said this is what this

736

00:33:45,590 --> 00:33:38,000

report

737

00:33:47,990 --> 00:33:45,600

it was something else than what they

738

00:33:52,389 --> 00:33:50,830

and chairman moss of the information

739

00:33:55,509 --> 00:33:52,399

subcommittee

740

00:33:59,190 --> 00:33:55,519

said this is this is for the public you

741

00:33:59,200 --> 00:34:02,230

so

742

00:34:06,630 --> 00:34:04,789

well let's uh let's get to the news now

743

00:34:08,230 --> 00:34:06,640

a because

744

00:34:10,069 --> 00:34:08,240

big things are happening now and i know

745

00:34:13,270 --> 00:34:10,079

you have some opinions on that

746

00:34:15,270 --> 00:34:13,280

uh jan that we did uh see uh

747

00:34:16,869 --> 00:34:15,280

an article in the new york times

748

00:34:19,349 --> 00:34:16,879

apparently uh some intel

749

00:34:20,389 --> 00:34:19,359

folks have seen at least a rough draft

750

00:34:22,470 --> 00:34:20,399

of this report

751
00:34:23,430 --> 00:34:22,480
uh that's going to be coming out and uh

752
00:34:27,430 --> 00:34:23,440
they've uh

753
00:34:29,190 --> 00:34:27,440
they've got a few things uh uh

754
00:34:30,629 --> 00:34:29,200
we've got some idea what's uh going to

755
00:34:34,069 --> 00:34:30,639
happen you had mentioned the uh

756
00:34:36,869 --> 00:34:34,079
uh or alejandro did the 120

757
00:34:38,790 --> 00:34:36,879
incidents over two decades the report

758
00:34:40,389 --> 00:34:38,800
determines that a vast majority of more

759
00:34:42,310 --> 00:34:40,399
than 120 incidents

760
00:34:44,149 --> 00:34:42,320
over the past two decades did not

761
00:34:47,909 --> 00:34:44,159
originate from any

762
00:34:49,430 --> 00:34:47,919
american military or other advanced us

763
00:34:51,669 --> 00:34:49,440

government technology

764

00:34:53,190 --> 00:34:51,679

senior officials briefed on the

765

00:34:55,510 --> 00:34:53,200

intelligence conceded

766

00:34:56,470 --> 00:34:55,520

that the very ambiguity of the of the

767

00:34:57,670 --> 00:34:56,480

findings

768

00:34:59,750 --> 00:34:57,680

meant the government could not

769

00:35:02,310 --> 00:34:59,760

definitely rule out uh

770

00:35:03,430 --> 00:35:02,320

theories that the phenomenon observed by

771

00:35:06,790 --> 00:35:03,440

military pilots

772

00:35:07,750 --> 00:35:06,800

might be alien spacecraft many of the

773

00:35:10,310 --> 00:35:07,760

more than

774

00:35:12,710 --> 00:35:10,320

120 incidents examined in the reporter

775

00:35:14,950 --> 00:35:12,720

from navy personnel officials said

776

00:35:16,790 --> 00:35:14,960

the report also examined incidents

777

00:35:19,109 --> 00:35:16,800

involving foreign militaries

778

00:35:20,069 --> 00:35:19,119

over the last two decades intelligence

779

00:35:22,390 --> 00:35:20,079

officials believe

780

00:35:25,109 --> 00:35:22,400

at least some of the aerial phenomena

781

00:35:28,630 --> 00:35:25,119

could have been experimental technology

782

00:35:30,790 --> 00:35:28,640

from a rival power most likely russia or

783

00:35:32,550 --> 00:35:30,800

china seems like there's a little bit of

784

00:35:34,550 --> 00:35:32,560

a discrepancy there i'm sure

785

00:35:36,470 --> 00:35:34,560

the final report will clear that up some

786

00:35:38,550 --> 00:35:36,480

difference of opinion along the way

787

00:35:39,670 --> 00:35:38,560

one senior official briefed on the

788

00:35:42,390 --> 00:35:39,680

intelligence said

789

00:35:44,790 --> 00:35:42,400
without hesitation that u.s officials

790

00:35:46,310 --> 00:35:44,800
knew it was not american technology

791

00:35:48,470 --> 00:35:46,320
he said there was worry among

792

00:35:51,190 --> 00:35:48,480
intelligence and military officials

793

00:35:53,990 --> 00:35:51,200
that uh china or russia could be

794

00:35:56,310 --> 00:35:54,000
experimenting with hypersonic technology

795

00:35:58,150 --> 00:35:56,320
now uh a couple things uh because you

796

00:36:01,430 --> 00:35:58,160
know so much about history jan

797

00:36:03,430 --> 00:36:01,440
all right uh okay uh uh today uh maybe

798

00:36:05,270 --> 00:36:03,440
even up until the last 20 years

799

00:36:06,870 --> 00:36:05,280
uh we've got those kind of issues but

800

00:36:09,190 --> 00:36:06,880
we've got a pretty good idea

801
00:36:11,109 --> 00:36:09,200
what everybody had back in the 40s back

802
00:36:13,510 --> 00:36:11,119
in the 50s back in the 60s

803
00:36:15,109 --> 00:36:13,520
and they were still reporting these uh

804
00:36:17,829 --> 00:36:15,119
hypersonic ufos

805
00:36:19,829 --> 00:36:17,839
uh making uh right angle turns uh

806
00:36:20,870 --> 00:36:19,839
hovering and then instant acceleration

807
00:36:22,870 --> 00:36:20,880
that kind of thing

808
00:36:24,870 --> 00:36:22,880
uh nobody had that kind of gear back

809
00:36:26,870 --> 00:36:24,880
then yet we're still getting those uh

810
00:36:28,069 --> 00:36:26,880
those kind of reports that's uh uh

811
00:36:30,470 --> 00:36:28,079
that's where some of the real

812
00:36:34,230 --> 00:36:30,480
value of uh this kind of the kind of

813
00:36:37,270 --> 00:36:34,240

historical research that you do comes in

814

00:36:39,670 --> 00:36:37,280

yeah i would say so um let me just say

815

00:36:41,510 --> 00:36:39,680

this about the new york times article

816

00:36:43,270 --> 00:36:41,520

everybody's saying well that's you know

817

00:36:46,230 --> 00:36:43,280

they got a scoop

818

00:36:47,670 --> 00:36:46,240

yeah well if you uh go go walk your dog

819

00:36:51,030 --> 00:36:47,680

too you have a scoop poo

820

00:36:56,230 --> 00:36:51,040

and what do you get okay so

821

00:37:02,390 --> 00:36:59,510

miss avril haynes there

822

00:37:03,430 --> 00:37:02,400

she is she briefs the president every

823

00:37:05,670 --> 00:37:03,440

day

824

00:37:07,750 --> 00:37:05,680

or one of her deputies briefs the

825

00:37:10,150 --> 00:37:07,760

president every day

826

00:37:12,230 --> 00:37:10,160

she's like the number two person there

827

00:37:14,630 --> 00:37:12,240

or maybe she's number five

828

00:37:17,190 --> 00:37:14,640

depending on how they they run up this

829

00:37:22,230 --> 00:37:17,200

thing in the military but she is

830

00:37:25,190 --> 00:37:22,240

she's the one that sees him all the time

831

00:37:25,589 --> 00:37:25,200

and uh if you uh i know you sent me a

832

00:37:29,829 --> 00:37:25,599

thing

833

00:37:31,750 --> 00:37:29,839

saying that the uh secretary of defense

834

00:37:35,829 --> 00:37:31,760

austin was

835

00:37:36,630 --> 00:37:35,839

briefed on the contents of the report

836

00:37:39,430 --> 00:37:36,640

and i

837

00:37:40,790 --> 00:37:39,440

think i wrote back to you yeah he wants

838

00:37:44,390 --> 00:37:40,800

to know what his

839

00:37:47,829 --> 00:37:44,400
chowderheads are telling the dnr

840

00:37:50,390 --> 00:37:47,839
that's right that's right if she does

841

00:37:52,710 --> 00:37:50,400
if she doesn't get good information she

842

00:37:54,069 --> 00:37:52,720
can rip off his face and he won't know

843

00:37:57,510 --> 00:37:54,079
it for two weeks

844

00:38:02,870 --> 00:37:57,520
exactly exactly yes he has

845

00:38:06,230 --> 00:38:02,880
the ear of the president but she is also

846

00:38:06,710 --> 00:38:06,240
in a position to have some of the best

847

00:38:09,829 --> 00:38:06,720
people

848

00:38:11,190 --> 00:38:09,839
in the world now the cia has not always

849

00:38:14,870 --> 00:38:11,200
been in that position

850

00:38:18,069 --> 00:38:14,880
in 1952 the head of the

851

00:38:19,109 --> 00:38:18,079

uh scientific intelligence within the

852

00:38:21,670 --> 00:38:19,119

cia

853

00:38:23,750 --> 00:38:21,680

said what do i have i have a bunch of

854

00:38:26,630 --> 00:38:23,760

square pegs in round holes

855

00:38:27,430 --> 00:38:26,640

they're people that the services don't

856

00:38:32,310 --> 00:38:27,440

want

857

00:38:34,710 --> 00:38:32,320

because they're uh um they can't do uh

858

00:38:37,430 --> 00:38:34,720

the work that the services want them to

859

00:38:41,670 --> 00:38:37,440

do so they sent them over here to my

860

00:38:44,829 --> 00:38:41,680

um to scientific intelligence

861

00:38:46,069 --> 00:38:44,839

so uh but they don't have that today she

862

00:38:48,630 --> 00:38:46,079

has

863

00:38:51,190 --> 00:38:48,640

some of the best people going and

864

00:38:55,349 --> 00:38:51,200

they're going to see through

865

00:38:58,550 --> 00:38:55,359

some of this stuff that uh

866

00:39:02,150 --> 00:38:58,560

is is going on now how much

867

00:39:05,510 --> 00:39:02,160

how much they let the public know

868

00:39:07,670 --> 00:39:05,520

but uh i'm sure that's why

869

00:39:09,750 --> 00:39:07,680

austin got a briefing he wanted to know

870

00:39:11,510 --> 00:39:09,760

what they're telling her

871

00:39:14,230 --> 00:39:11,520

because they better tell her the truth

872

00:39:17,510 --> 00:39:14,240

because i think she's

873

00:39:20,550 --> 00:39:17,520

she's had enough experience he's

874

00:39:22,470 --> 00:39:20,560

the number two person at the cia

875

00:39:23,750 --> 00:39:22,480

she has enough experience to know when

876

00:39:27,030 --> 00:39:23,760

she's being

877

00:39:29,109 --> 00:39:27,040

uh hornswood so well i think it's

878

00:39:31,430 --> 00:39:29,119

important to let the folks know that

879

00:39:32,790 --> 00:39:31,440

the director of national intelligence is

880

00:39:35,829 --> 00:39:32,800

a relatively

881

00:39:37,190 --> 00:39:35,839

recent uh uh uh office

882

00:39:39,750 --> 00:39:37,200

you know it didn't exist before

883

00:39:42,150 --> 00:39:39,760

september 11th it was because of

884

00:39:42,950 --> 00:39:42,160

that catastrophe from an intel

885

00:39:45,829 --> 00:39:42,960

standpoint

886

00:39:46,630 --> 00:39:45,839

that they wanted somebody over the cia

887

00:39:49,430 --> 00:39:46,640

over the

888

00:39:50,150 --> 00:39:49,440

uh uh defense intelligence agency over

889

00:39:52,310 --> 00:39:50,160

these uh

890

00:39:53,510 --> 00:39:52,320

the fbi as well over these different

891

00:39:56,790 --> 00:39:53,520

agencies to sort of

892

00:39:59,670 --> 00:39:56,800

and get everything coordinated and uh

893

00:40:01,349 --> 00:39:59,680

just keep people from uh sort of

894

00:40:02,790 --> 00:40:01,359

sequestering their information and

895

00:40:04,470 --> 00:40:02,800

sharing information better

896

00:40:05,910 --> 00:40:04,480

that's kind of the purpose of the entire

897

00:40:07,510 --> 00:40:05,920

office

898

00:40:11,109 --> 00:40:07,520

yeah that well that that's kind of what

899

00:40:15,430 --> 00:40:11,119

i was saying the other thing is

900

00:40:18,470 --> 00:40:15,440

i i can prove like the cia

901
00:40:22,150 --> 00:40:18,480
and the nsa after they were

902
00:40:24,710 --> 00:40:22,160
formed the cia got five copies of

903
00:40:26,710 --> 00:40:24,720
every intelligence report that went

904
00:40:29,670 --> 00:40:26,720
through the pentagon

905
00:40:31,349 --> 00:40:29,680
they got five copies of every ufo

906
00:40:34,069 --> 00:40:31,359
intelligence report that went through

907
00:40:38,790 --> 00:40:34,079
the pentagon

908
00:40:41,589 --> 00:40:38,800
they got the nsa got three copies

909
00:40:42,069 --> 00:40:41,599
and then you see what the the foia thing

910
00:40:45,430 --> 00:40:42,079
is

911
00:40:47,829 --> 00:40:45,440
they put out 900 pages are you kidding

912
00:40:53,510 --> 00:40:50,710
do you think i'm stupid i can read this

913
00:40:56,309 --> 00:40:53,520

as you guys get five copies

914

00:40:57,829 --> 00:40:56,319

and you can't find them it's the central

915

00:41:01,349 --> 00:40:57,839

intelligence agency

916

00:41:05,670 --> 00:41:01,359

it's supposed to be able to retrieve

917

00:41:08,950 --> 00:41:08,230

and they can't well they they do have

918

00:41:10,069 --> 00:41:08,960

some i

919

00:41:12,309 --> 00:41:10,079

do know they have some legal

920

00:41:14,309 --> 00:41:12,319

restrictions as far as what they gather

921

00:41:18,230 --> 00:41:14,319

uh within the state so they they do have

922

00:41:21,190 --> 00:41:18,240

that so that's i guess the fbi's job

923

00:41:23,109 --> 00:41:21,200

every everything that project blue brook

924

00:41:27,349 --> 00:41:23,119

got in five copies

925

00:41:29,910 --> 00:41:27,359

plus other stuff plus they got the navy

926

00:41:31,030 --> 00:41:29,920

the navy sent them three copies of every

927

00:41:34,550 --> 00:41:31,040

ufo

928

00:41:37,030 --> 00:41:34,560

that i can that i can look at

929

00:41:39,190 --> 00:41:37,040

the air force i've got a lot more

930

00:41:43,430 --> 00:41:39,200

information on the air force

931

00:41:45,349 --> 00:41:43,440

because every uh

932

00:41:47,430 --> 00:41:45,359

intelligence report that goes through ed

933

00:41:50,950 --> 00:41:47,440

for air force headquarters

934

00:41:53,750 --> 00:41:50,960

is cataloged and has signed a special

935

00:41:58,309 --> 00:41:56,230

and on the index cards that they used to

936

00:42:00,710 --> 00:41:58,319

be cataloged on now they do it with

937

00:42:04,550 --> 00:42:00,720

computers

938

00:42:07,430 --> 00:42:04,560

it indicates five copies for the cia

939

00:42:08,309 --> 00:42:07,440

three copies for the nsa one copy for

940

00:42:12,069 --> 00:42:08,319

the navy

941

00:42:15,270 --> 00:42:12,079

one copy for the army uh

942

00:42:16,390 --> 00:42:15,280

maybe one copy for australia one copy

943

00:42:19,349 --> 00:42:16,400

for new zealand

944

00:42:22,069 --> 00:42:19,359

one copy for canada one copy for great

945

00:42:22,079 --> 00:42:28,069

depending on what the what the uh

946

00:42:31,589 --> 00:42:31,109

the uh information that they want to let

947

00:42:34,870 --> 00:42:31,599

the

948

00:42:38,230 --> 00:42:34,880

foreigners have so

949

00:42:42,790 --> 00:42:38,240

uh they're saying that there they have

950

00:42:46,870 --> 00:42:45,270

baffle gas they got a lot more than that

951
00:42:50,630 --> 00:42:46,880
is what you're saying

952
00:42:51,430 --> 00:42:50,640
right um okay jan i wanted to interject

953
00:42:54,470 --> 00:42:51,440
and ask you

954
00:42:56,150 --> 00:42:54,480
about a quote i got from um

955
00:42:59,430 --> 00:42:56,160
a chief investigator who's also an

956
00:43:02,790 --> 00:42:59,440
assistant director of regarding um

957
00:43:06,309 --> 00:43:02,800
los angeles mufon and

958
00:43:08,630 --> 00:43:06,319
he said those are waiting those who

959
00:43:10,470 --> 00:43:08,640
are waiting for official disclosure on

960
00:43:13,270 --> 00:43:10,480
the ufo phenomenon

961
00:43:13,670 --> 00:43:13,280
are going to be in for disappointment as

962
00:43:17,910 --> 00:43:13,680
ever

963
00:43:20,790 --> 00:43:17,920

continue their long history of

964

00:43:22,470 --> 00:43:20,800

obfuscation on this on the subject

965

00:43:23,270 --> 00:43:22,480

everything i've heard so far has been

966

00:43:25,910 --> 00:43:23,280

more of

967

00:43:27,990 --> 00:43:25,920

the same they speak of these objects

968

00:43:30,069 --> 00:43:28,000

breaking newton's laws over military

969

00:43:32,069 --> 00:43:30,079

installations and ships as though

970

00:43:34,309 --> 00:43:32,079

this were a new thing we know that the

971

00:43:36,150 --> 00:43:34,319

pentagon has seen the phenomenon as a

972

00:43:39,270 --> 00:43:36,160

national security risk

973

00:43:40,470 --> 00:43:39,280

since at least the 1940s yet they're

974

00:43:42,550 --> 00:43:40,480

playing stupid

975

00:43:44,550 --> 00:43:42,560

acting like anomalous objects playing

976
00:43:45,910 --> 00:43:44,560
cat and mouse with our top gun fighter

977
00:43:47,670 --> 00:43:45,920
jets is something new

978
00:43:49,750 --> 00:43:47,680
that the pentagon is suddenly has an

979
00:43:52,309 --> 00:43:49,760
interest i expect

980
00:43:52,950 --> 00:43:52,319
zero transparency here they will claim

981
00:43:56,150 --> 00:43:52,960
to have no

982
00:43:57,910 --> 00:43:56,160
idea as to who are flying these objects

983
00:43:59,829 --> 00:43:57,920
they'll say that the phenomenon they're

984
00:44:01,750 --> 00:43:59,839
seeing has nothing to do with ufos

985
00:44:03,430 --> 00:44:01,760
reported historically

986
00:44:05,190 --> 00:44:03,440
that there's some how a difference

987
00:44:07,190 --> 00:44:05,200
between the tic tac and when the

988
00:44:09,510 --> 00:44:07,200

military send jets up to intercept the

989

00:44:12,309 --> 00:44:09,520

lubbock lights back in 1951.

990

00:44:13,030 --> 00:44:12,319

what's your reaction to that well i i

991

00:44:16,390 --> 00:44:13,040

would say that

992

00:44:16,950 --> 00:44:16,400

right here okay a rack cliff was the

993

00:44:21,030 --> 00:44:16,960

former

994

00:44:24,630 --> 00:44:21,040

dni now if you if you

995

00:44:27,670 --> 00:44:24,640

uh you can listen to him and trey gowdy

996

00:44:28,950 --> 00:44:27,680

uh talking about their time in the

997

00:44:32,550 --> 00:44:28,960

congress

998

00:44:36,150 --> 00:44:32,560

and gowdy wanted to be on uh

999

00:44:38,710 --> 00:44:36,160

the intelligence committee and uh uh

1000

00:44:40,630 --> 00:44:38,720

radcliffe wanted to be on there and this

1001

00:44:44,470 --> 00:44:40,640

is kind of a funny story

1002

00:44:47,670 --> 00:44:44,480

uh radcliffe went to the uh uh

1003

00:44:49,109 --> 00:44:47,680

the spirit of the house and said i want

1004

00:44:51,109 --> 00:44:49,119

to be on the intelligence committee and

1005

00:44:54,309 --> 00:44:51,119

here's my resume

1006

00:44:57,430 --> 00:44:54,319

but if you decide on gowdy he

1007

00:44:59,190 --> 00:44:57,440

he he knows things that i don't know and

1008

00:45:02,870 --> 00:44:59,200

i know things he don't know

1009

00:45:05,589 --> 00:45:02,880

and he didn't uh radcliffe did not know

1010

00:45:08,069 --> 00:45:05,599

that gowdy did the same thing about a

1011

00:45:10,150 --> 00:45:08,079

week before he said i want to be on the

1012

00:45:11,109 --> 00:45:10,160

intelligence committee that's one of my

1013

00:45:14,069 --> 00:45:11,119

goals

1014

00:45:14,950 --> 00:45:14,079

but if you if you think that radcliff is

1015

00:45:18,390 --> 00:45:14,960

better

1016

00:45:21,670 --> 00:45:18,400

i i defer to him so

1017

00:45:25,829 --> 00:45:21,680

um but radcliffe has gone ahead

1018

00:45:29,109 --> 00:45:25,839

and pulled the rug out from dod

1019

00:45:31,270 --> 00:45:29,119

he told them he told the press

1020

00:45:32,630 --> 00:45:31,280

oh yeah we've been picking these up with

1021

00:45:35,109 --> 00:45:32,640

satellites

1022

00:45:37,349 --> 00:45:35,119

now they wouldn't admit that i have a

1023

00:45:39,190 --> 00:45:37,359

thing from the navy that greenwood got

1024

00:45:41,349 --> 00:45:39,200

in a foyer

1025

00:45:44,829 --> 00:45:41,359

they're saying they picked up stuff with

1026
00:45:50,390 --> 00:45:48,069
um and anybody that can get a hold of

1027
00:45:53,910 --> 00:45:50,400
jerry clark's

1028
00:45:57,589 --> 00:45:53,920
uh third uh edition of his

1029
00:45:58,470 --> 00:45:57,599
ufo encyclopedia get your library to buy

1030
00:46:00,069 --> 00:45:58,480
it if

1031
00:46:01,910 --> 00:46:00,079
if you can't afford it because it's

1032
00:46:04,470 --> 00:46:01,920
rather expensive

1033
00:46:06,470 --> 00:46:04,480
but get your library and read brad

1034
00:46:11,670 --> 00:46:06,480
sparks's

1035
00:46:15,750 --> 00:46:11,680
um essay on norad

1036
00:46:20,069 --> 00:46:15,760
it is fascinating and

1037
00:46:24,630 --> 00:46:23,190
and it's uh he he went through the

1038
00:46:27,510 --> 00:46:24,640

process

1039

00:46:28,230 --> 00:46:27,520

where how they decide things are ufos

1040

00:46:34,870 --> 00:46:28,240

with the

1041

00:46:38,390 --> 00:46:34,880

um the main thing is that radcliff has

1042

00:46:41,589 --> 00:46:38,400

pulled the rug out from dod all that

1043

00:46:45,670 --> 00:46:41,599

all that stuff is he says we got more

1044

00:46:51,829 --> 00:46:49,589

and uh we've got satellite detection

1045

00:46:53,750 --> 00:46:51,839

okay i just have to correct myself thank

1046

00:46:56,950 --> 00:46:53,760

you for that jim that was wonderful

1047

00:46:58,790 --> 00:46:56,960

um regarding uh the position and title

1048

00:47:00,950 --> 00:46:58,800

that earl grey holds

1049

00:47:03,190 --> 00:47:00,960

for mufon he is assistant state director

1050

00:47:05,670 --> 00:47:03,200

of southern california he's also chief

1051
00:47:06,390 --> 00:47:05,680
field investigator for many years for

1052
00:47:08,390 --> 00:47:06,400
mufon

1053
00:47:10,309 --> 00:47:08,400
and he's also a member of the star team

1054
00:47:12,150 --> 00:47:10,319
um so uh

1055
00:47:13,630 --> 00:47:12,160
jan i wanted to ask you a little bit

1056
00:47:16,470 --> 00:47:13,640
about the topic of

1057
00:47:17,109 --> 00:47:16,480
classification or classifying things

1058
00:47:20,950 --> 00:47:17,119
regarding

1059
00:47:23,270 --> 00:47:20,960
um data raw data that the us government

1060
00:47:25,270 --> 00:47:23,280
specialists have when it goes across

1061
00:47:28,150 --> 00:47:25,280
their desks

1062
00:47:29,430 --> 00:47:28,160
let's just say you're an officer for the

1063
00:47:32,150 --> 00:47:29,440

us government whatever

1064

00:47:33,270 --> 00:47:32,160

your title is and you are responsible

1065

00:47:35,510 --> 00:47:33,280

for deciding

1066

00:47:36,470 --> 00:47:35,520

how to classify a topic that's on your

1067

00:47:39,430 --> 00:47:36,480

desk

1068

00:47:40,710 --> 00:47:39,440

um is it true or not true from your

1069

00:47:43,109 --> 00:47:40,720

perspective

1070

00:47:45,670 --> 00:47:43,119

that it is possible that there is an

1071

00:47:48,150 --> 00:47:45,680

abusive overclassification

1072

00:47:49,510 --> 00:47:48,160

of topics in a certain manner i'll give

1073

00:47:52,950 --> 00:47:49,520

an example

1074

00:47:54,230 --> 00:47:52,960

i am always in the cia archives studying

1075

00:47:57,349 --> 00:47:54,240

whatever i can

1076
00:47:58,549 --> 00:47:57,359
regarding the uap topic and i came

1077
00:48:00,549 --> 00:47:58,559
across

1078
00:48:01,990 --> 00:48:00,559
multiple documents indicating that the

1079
00:48:05,430 --> 00:48:02,000
us government believes

1080
00:48:07,589 --> 00:48:05,440
that there is a rampant misuse of the

1081
00:48:08,549 --> 00:48:07,599
top secret classification regarding

1082
00:48:11,190 --> 00:48:08,559
their files

1083
00:48:12,230 --> 00:48:11,200
that it's being overused do you believe

1084
00:48:14,470 --> 00:48:12,240
that's true

1085
00:48:15,750 --> 00:48:14,480
and how hard is it to decide how to

1086
00:48:18,829 --> 00:48:15,760
classify something

1087
00:48:21,190 --> 00:48:18,839
when it's on a us government agent's

1088
00:48:25,430 --> 00:48:21,200

desk the uh

1089

00:48:29,950 --> 00:48:28,470

and and eisenhower eliminated one whole

1090

00:48:32,230 --> 00:48:29,960

category of

1091

00:48:33,589 --> 00:48:32,240

classification because he thought it was

1092

00:48:37,990 --> 00:48:33,599

over classified

1093

00:48:42,150 --> 00:48:40,470

restricted data excuse me that

1094

00:48:45,510 --> 00:48:42,160

restricted data is

1095

00:48:47,190 --> 00:48:45,520

nuclear but the classification

1096

00:48:49,750 --> 00:48:47,200

restricted

1097

00:48:51,190 --> 00:48:49,760

eisenhower eliminated that because he

1098

00:48:54,950 --> 00:48:51,200

thought everything was

1099

00:48:56,230 --> 00:48:54,960

over classified so it's a problem that

1100

00:49:01,510 --> 00:48:56,240

constantly

1101
00:49:03,510 --> 00:49:01,520
plagues the government

1102
00:49:05,349 --> 00:49:03,520
and the president's the one that decides

1103
00:49:08,230 --> 00:49:05,359
how things work and

1104
00:49:08,790 --> 00:49:08,240
it's hard for him to keep controlling us

1105
00:49:18,710 --> 00:49:08,800
so

1106
00:49:20,870 --> 00:49:18,720
brings up another topic i apologize for

1107
00:49:23,270 --> 00:49:20,880
asking this now but i i do want to know

1108
00:49:26,150 --> 00:49:23,280
your reaction to this and that is

1109
00:49:26,870 --> 00:49:26,160
let's just pretend you are responsible

1110
00:49:29,430 --> 00:49:26,880
for bringing

1111
00:49:30,549 --> 00:49:29,440
topics to the president of the united

1112
00:49:34,230 --> 00:49:30,559
states

1113
00:49:37,190 --> 00:49:34,240

and uh my question to you is

1114

00:49:39,510 --> 00:49:37,200

as an individual who who in a fictional

1115

00:49:41,030 --> 00:49:39,520

situation were to bring

1116

00:49:42,870 --> 00:49:41,040

topics to the president of the united

1117

00:49:44,069 --> 00:49:42,880

states would you be bringing him uap

1118

00:49:46,710 --> 00:49:44,079

related topics

1119

00:49:49,030 --> 00:49:46,720

or do the alphabet agencies want

1120

00:49:50,710 --> 00:49:49,040

deniability on the presence part so he

1121

00:49:53,270 --> 00:49:50,720

he or she doesn't have to admit they

1122

00:49:57,670 --> 00:49:53,280

know anything about the topic at all

1123

00:49:57,990 --> 00:49:57,680

well um obviously obama knows something

1124

00:50:13,030 --> 00:49:58,000

about

1125

00:50:15,829 --> 00:50:13,040

a a historical

1126

00:50:17,349 --> 00:50:15,839

thing everybody that saw the movie

1127

00:50:22,470 --> 00:50:17,359

patent

1128

00:50:29,589 --> 00:50:26,069

his air force general was named

1129

00:50:32,549 --> 00:50:29,599

wylan and patton said

1130

00:50:33,910 --> 00:50:32,559

this is the best damn general in the air

1131

00:50:38,829 --> 00:50:33,920

force

1132

00:50:45,750 --> 00:50:41,990

um uh they had uh

1133

00:50:49,349 --> 00:50:45,760

uh ufos that were seen and uh

1134

00:50:52,950 --> 00:50:49,359

in january and somebody leaked it

1135

00:50:57,109 --> 00:50:52,960

to the press in february and

1136

00:51:00,390 --> 00:50:57,119

uh the pentagon went completely

1137

00:51:04,150 --> 00:51:00,400

uh uh gazumba

1138

00:51:06,630 --> 00:51:04,160

on it and uh um

1139

00:51:10,069 --> 00:51:06,640

this this is an error in our book as a

1140

00:51:15,270 --> 00:51:13,670

and so uh they did come up with an

1141

00:51:17,430 --> 00:51:15,280

explanation which they sent

1142

00:51:19,750 --> 00:51:17,440

to congress because the armed services

1143

00:51:23,109 --> 00:51:19,760

subcommittee

1144

00:51:26,150 --> 00:51:23,119

or the committee chair

1145

00:51:27,030 --> 00:51:26,160

richard russell demanded to know what

1146

00:51:30,150 --> 00:51:27,040

was going on

1147

00:51:31,670 --> 00:51:30,160

in korea and they gave him a half-assed

1148

00:51:35,349 --> 00:51:31,680

answer

1149

00:51:41,829 --> 00:51:38,790

a general wylan in uh

1150

00:51:43,270 --> 00:51:41,839

in japan and he's directing the korean

1151

00:51:46,309 --> 00:51:43,280

war the air war

1152

00:51:49,109 --> 00:51:46,319

and he said uh uh

1153

00:51:50,069 --> 00:51:49,119

i don't believe the i don't believe that

1154

00:51:52,309 --> 00:51:50,079

answer

1155

00:51:53,990 --> 00:51:52,319

i think that's wrong and he said

1156

00:51:55,589 --> 00:51:54,000

something else that shouldn't have been

1157

00:51:59,750 --> 00:51:55,599

said at the time either

1158

00:52:01,990 --> 00:51:59,760

he said oh the chinese have wonderful

1159

00:52:03,750 --> 00:52:02,000

fighter pilots they're shooting down our

1160

00:52:06,470 --> 00:52:03,760

planes all over the place

1161

00:52:07,430 --> 00:52:06,480

they're just wonderful what he was

1162

00:52:11,030 --> 00:52:07,440

saying was

1163

00:52:14,549 --> 00:52:11,040

the russians have a special squadron

1164

00:52:17,270 --> 00:52:14,559

that were shooting down our planes

1165

00:52:19,109 --> 00:52:17,280

until we got better planes and more

1166

00:52:21,510 --> 00:52:19,119

trained pilots

1167

00:52:23,670 --> 00:52:21,520

uh that was a problem and he he

1168

00:52:26,870 --> 00:52:23,680

definitely was not supposed to say

1169

00:52:32,150 --> 00:52:26,880

anything like that but he didn't care

1170

00:52:35,910 --> 00:52:32,160

because he was just like pat

1171

00:52:38,710 --> 00:52:35,920

so uh that okay yes yeah that's a

1172

00:52:39,430 --> 00:52:38,720

you know things come out because of that

1173

00:52:42,150 --> 00:52:39,440

kind of a

1174

00:52:43,349 --> 00:52:42,160

thing i understand now i wanted to ask

1175

00:52:45,190 --> 00:52:43,359

you a question

1176

00:52:46,390 --> 00:52:45,200

um that we talked maybe just a little

1177

00:52:49,990 --> 00:52:46,400

bit about before

1178

00:52:51,109 --> 00:52:50,000

not that long ago and i i framed it in

1179

00:52:53,190 --> 00:52:51,119

this manner

1180

00:52:54,549 --> 00:52:53,200

and you can go ahead and answer however

1181

00:52:57,190 --> 00:52:54,559

you desire

1182

00:52:59,190 --> 00:52:57,200

you know if you want to bring in another

1183

00:53:00,790 --> 00:52:59,200

topic to it it's up to you but

1184

00:53:02,950 --> 00:53:00,800

what i had asked you was the u.s

1185

00:53:04,470 --> 00:53:02,960

government is charged with the safety of

1186

00:53:06,069 --> 00:53:04,480

its military

1187

00:53:07,910 --> 00:53:06,079

do you believe the us government would

1188

00:53:09,270 --> 00:53:07,920

prefer to be on the side of saving a

1189

00:53:11,349 --> 00:53:09,280

buck

1190

00:53:12,870 --> 00:53:11,359

or protecting the u.s military regarding

1191

00:53:15,430 --> 00:53:12,880

the uap topic

1192

00:53:16,309 --> 00:53:15,440

here's an example the us military has

1193

00:53:18,549 --> 00:53:16,319

raw data

1194

00:53:20,470 --> 00:53:18,559

indicating swarms of ufo activity are

1195

00:53:22,390 --> 00:53:20,480

occurring in the united states

1196

00:53:24,069 --> 00:53:22,400

would the us government spend money to

1197

00:53:24,470 --> 00:53:24,079

outfit their own military to protect

1198

00:53:26,790 --> 00:53:24,480

them

1199

00:53:28,710 --> 00:53:26,800

better while they investigate these

1200

00:53:31,030 --> 00:53:28,720

unknown aerial objects

1201

00:53:32,710 --> 00:53:31,040

or rely on their own military's training

1202

00:53:34,230 --> 00:53:32,720

instead

1203

00:53:37,349 --> 00:53:34,240

and not spend more money on the

1204

00:53:39,510 --> 00:53:37,359

equipment they have already

1205

00:53:41,109 --> 00:53:39,520

would they be more likely to lean on the

1206

00:53:43,349 --> 00:53:41,119

training of their military or would they

1207

00:53:44,790 --> 00:53:43,359

spend extra money to outfit them with

1208

00:53:46,630 --> 00:53:44,800

better equipment to try and learn more

1209

00:53:48,630 --> 00:53:46,640

about the uap topic

1210

00:53:49,750 --> 00:53:48,640

which and do you think they're worried

1211

00:53:53,109 --> 00:53:49,760

about the safety of their

1212

00:53:53,750 --> 00:53:53,119

of their personnel also regarding the

1213

00:53:56,870 --> 00:53:53,760

uap

1214

00:53:59,990 --> 00:53:56,880

topic i think they are but you know

1215

00:54:03,510 --> 00:54:00,000

the military's a hazardous place yeah

1216

00:54:08,069 --> 00:54:03,520

i was in it for 25 years um they

1217

00:54:10,470 --> 00:54:08,079

they told at one time about 56 or so

1218

00:54:13,829 --> 00:54:10,480

they told pilots to ram their planes

1219

00:54:19,910 --> 00:54:18,069

so uh yeah they um

1220

00:54:22,390 --> 00:54:19,920

i think what the problem with the

1221

00:54:23,030 --> 00:54:22,400

military is is something that goes back

1222

00:54:26,870 --> 00:54:23,040

to

1223

00:54:31,510 --> 00:54:26,880

kyo kyo said there's a silence group

1224

00:54:34,950 --> 00:54:31,520

and there's people like dewey forney

1225

00:54:36,150 --> 00:54:34,960

and uh al chop and and people like that

1226
00:54:37,990 --> 00:54:36,160
that want

1227
00:54:39,510 --> 00:54:38,000
the information to come out to the

1228
00:54:41,829 --> 00:54:39,520
public

1229
00:54:43,190 --> 00:54:41,839
and so there's a difference of opinion

1230
00:54:46,390 --> 00:54:43,200
within the uh

1231
00:54:49,030 --> 00:54:46,400
in the military and

1232
00:54:50,789 --> 00:54:49,040
the people that have the upper hand are

1233
00:54:53,910 --> 00:54:50,799
what keo would call

1234
00:54:58,150 --> 00:54:53,920
the silence group and i

1235
00:55:01,670 --> 00:55:01,430
they have uh every once in a while come

1236
00:55:03,750 --> 00:55:01,680
up

1237
00:55:06,150 --> 00:55:03,760
with a thing there was a some kind of

1238
00:55:09,349 --> 00:55:06,160

directive you see a ufo over the

1239

00:55:10,470 --> 00:55:09,359

same over the pacific tried to shoot it

1240

00:55:12,150 --> 00:55:10,480

down

1241

00:55:14,630 --> 00:55:12,160

um and that got to the press and

1242

00:55:15,109 --> 00:55:14,640

immediately the navy said no no no no no

1243

00:55:20,390 --> 00:55:15,119

no

1244

00:55:23,750 --> 00:55:20,400

that um uh

1245

00:55:24,549 --> 00:55:23,760

and of course back in uh 1952 when the

1246

00:55:27,589 --> 00:55:24,559

washington

1247

00:55:29,109 --> 00:55:27,599

thing was going on that's what they were

1248

00:55:32,789 --> 00:55:29,119

saying

1249

00:55:34,470 --> 00:55:32,799

um just just curious go ahead go ahead

1250

00:55:38,309 --> 00:55:34,480

please go ahead we're going to shoot

1251
00:55:42,789 --> 00:55:41,589
um of course there's uh there's a

1252
00:55:45,829 --> 00:55:42,799
difference of opinion

1253
00:55:47,510 --> 00:55:45,839
and of course we can't spend an infinite

1254
00:55:51,030 --> 00:55:47,520
amount of money

1255
00:55:53,670 --> 00:55:51,040
they they uh but we've

1256
00:55:55,349 --> 00:55:53,680
been willing to pay enough money to get

1257
00:55:59,190 --> 00:55:55,359
the best military

1258
00:56:02,390 --> 00:55:59,200
in the world but what it would

1259
00:56:05,270 --> 00:56:02,400
fare against somebody that's a couple of

1260
00:56:07,270 --> 00:56:05,280
centuries ahead of us

1261
00:56:08,789 --> 00:56:07,280
you know it's pretty hopeless as a

1262
00:56:10,950 --> 00:56:08,799
matter of fact

1263
00:56:12,950 --> 00:56:10,960

well we are we are seeing this uh

1264

00:56:13,670 --> 00:56:12,960

seeming difference between the the navy

1265

00:56:16,069 --> 00:56:13,680

which is

1266

00:56:17,510 --> 00:56:16,079

a little been pretty open about this

1267

00:56:20,470 --> 00:56:17,520

relatively speaking

1268

00:56:22,069 --> 00:56:20,480

as as compared to the air force which

1269

00:56:24,630 --> 00:56:22,079

doesn't seem to have contributed

1270

00:56:26,069 --> 00:56:24,640

at least based on this leak to the times

1271

00:56:27,510 --> 00:56:26,079

doesn't seem like the air force has

1272

00:56:29,750 --> 00:56:27,520

contributed all that much

1273

00:56:31,030 --> 00:56:29,760

but it's uh much more about the navy the

1274

00:56:32,710 --> 00:56:31,040

navy's doing it so

1275

00:56:34,870 --> 00:56:32,720

it seems like there's a difference there

1276

00:56:38,390 --> 00:56:34,880

between the two branches

1277

00:56:42,470 --> 00:56:38,400

yeah well uh the navy was feeding keough

1278

00:56:45,030 --> 00:56:42,480

stuff because he knew

1279

00:56:47,589 --> 00:56:45,040

he had been to the naval academy he knew

1280

00:56:50,710 --> 00:56:47,599

all these people

1281

00:56:52,950 --> 00:56:50,720

so uh and they were all admirals at that

1282

00:56:54,390 --> 00:56:52,960

you know by that he had been out he

1283

00:56:58,710 --> 00:56:54,400

retired because he was

1284

00:57:02,870 --> 00:56:58,720

injured in guam but uh

1285

00:57:06,950 --> 00:57:02,880

uh uh the the uh

1286

00:57:09,670 --> 00:57:06,960

most of the admirals uh knew him

1287

00:57:11,190 --> 00:57:09,680

from the academy days so he could go

1288

00:57:14,950 --> 00:57:11,200

into their offices

1289

00:57:17,349 --> 00:57:14,960

and talk to them and uh

1290

00:57:17,990 --> 00:57:17,359

he got things from the navy that he

1291

00:57:21,510 --> 00:57:18,000

probably

1292

00:57:26,390 --> 00:57:21,520

shouldn't have um

1293

00:57:31,829 --> 00:57:26,400

so uh it's interesting too uh

1294

00:57:36,309 --> 00:57:34,390

the navy doesn't talk about things that

1295

00:57:39,510 --> 00:57:36,319

happen at sea

1296

00:57:43,109 --> 00:57:39,520

so uh um if you look at my

1297

00:57:43,990 --> 00:57:43,119

uh navy catalog there's a lot of places

1298

00:57:46,470 --> 00:57:44,000

there where they

1299

00:57:47,589 --> 00:57:46,480

where the commander or the ship says

1300

00:57:50,390 --> 00:57:47,599

this didn't happen

1301
00:57:51,510 --> 00:57:50,400
don't anybody say anything about this i

1302
00:57:54,630 --> 00:57:51,520
want to be

1303
00:57:56,710 --> 00:57:54,640
one day okay uh

1304
00:57:58,950 --> 00:57:56,720
jan i wanted to add that's very funny by

1305
00:58:02,950 --> 00:57:58,960
the way um i wanted to ask you

1306
00:58:06,470 --> 00:58:02,960
um is the pentagon's uap report

1307
00:58:08,789 --> 00:58:06,480
just a pr exercise to satiate

1308
00:58:10,150 --> 00:58:08,799
uh an unavoidable demand on the uap

1309
00:58:12,750 --> 00:58:10,160
topic

1310
00:58:14,549 --> 00:58:12,760
i think uh well i think if you look at

1311
00:58:17,829 --> 00:58:14,559
stanford's

1312
00:58:21,349 --> 00:58:17,839
um press conference that's what it was

1313
00:58:21,829 --> 00:58:21,359

there um i think this will be the same

1314

00:58:24,870 --> 00:58:21,839

thing

1315

00:58:26,630 --> 00:58:24,880

except i am looking at the caliber of

1316

00:58:29,750 --> 00:58:26,640

people that are going to be

1317

00:58:33,030 --> 00:58:29,760

having input here and i'm

1318

00:58:34,789 --> 00:58:33,040

i'm impressed and like i said ratcliffe

1319

00:58:39,109 --> 00:58:34,799

got out in front of this

1320

00:58:43,349 --> 00:58:39,119

now he's no longer the dni

1321

00:58:46,549 --> 00:58:43,359

but he said things that uh

1322

00:58:46,870 --> 00:58:46,559

uh uh to me it's amazing he said yeah oh

1323

00:58:50,150 --> 00:58:46,880

we

1324

00:58:53,349 --> 00:58:50,160

picked this up with satellites

1325

00:58:54,230 --> 00:58:53,359

that's that's to me amazing now does

1326

00:58:59,510 --> 00:58:54,240

that

1327

00:59:03,990 --> 00:58:59,520

jan

1328

00:59:06,470 --> 00:59:04,000

sure it could yeah well the nsa don't

1329

00:59:07,030 --> 00:59:06,480

they're they're not known for being very

1330

00:59:14,069 --> 00:59:07,040

uh

1331

00:59:16,789 --> 00:59:14,079

it's the least possible

1332

00:59:18,230 --> 00:59:16,799

i think everybody comes under the dni

1333

00:59:21,589 --> 00:59:18,240

one way or another

1334

00:59:23,990 --> 00:59:21,599

as far as nsa and

1335

00:59:25,670 --> 00:59:24,000

a couple of these agencies that they say

1336

00:59:28,950 --> 00:59:25,680

they don't even exist today

1337

00:59:31,990 --> 00:59:28,960

like the uh uh national

1338

00:59:34,549 --> 00:59:32,000

reconnaissance office yeah well there

1339

00:59:37,109 --> 00:59:34,559

yeah there but there's one that's uh the

1340

00:59:39,349 --> 00:59:37,119

ocean reconnaissance office

1341

00:59:42,870 --> 00:59:39,359

and please note that you know we've got

1342

00:59:45,670 --> 00:59:42,880

a radar net around the united states

1343

00:59:49,109 --> 00:59:45,680

we've got an anti-submarine net around

1344

00:59:49,119 --> 00:59:55,190

and they pick up things

1345

00:59:58,549 --> 00:59:57,510

okay uh anything else or yeah because

1346

01:00:01,190 --> 00:59:58,559

i'd like to uh

1347

01:00:03,349 --> 01:00:01,200

i'd like to start talking about uh bill

1348

01:00:04,789 --> 01:00:03,359

nelson uh the administrator at nasa i'd

1349

01:00:06,230 --> 01:00:04,799

like to start talking about

1350

01:00:07,430 --> 01:00:06,240

his comments a little bit because i

1351

01:00:09,109 --> 01:00:07,440

think i thought they were pretty

1352

01:00:10,870 --> 01:00:09,119

interesting too

1353

01:00:12,950 --> 01:00:10,880

yeah that's that that is really

1354

01:00:16,950 --> 01:00:12,960

interesting that's

1355

01:00:18,950 --> 01:00:16,960

oh wow yeah uh because uh

1356

01:00:21,270 --> 01:00:18,960

uh nelson isn't that isn't really a

1357

01:00:22,150 --> 01:00:21,280

typical nasa administrator a lot of

1358

01:00:24,870 --> 01:00:22,160

those guys will

1359

01:00:25,190 --> 01:00:24,880

uh take over at nasa they've uh worked

1360

01:00:27,030 --> 01:00:25,200

uh

1361

01:00:28,950 --> 01:00:27,040

sort of worked their way up some of them

1362

01:00:30,390 --> 01:00:28,960

are former astronauts that have gotten

1363

01:00:32,549 --> 01:00:30,400

into administration

1364

01:00:34,150 --> 01:00:32,559

uh one name that if you look at the

1365

01:00:35,990 --> 01:00:34,160

administrators in the past you might

1366

01:00:38,390 --> 01:00:36,000

recognize as james webb

1367

01:00:39,910 --> 01:00:38,400

who's had the uh the uh the space

1368

01:00:42,069 --> 01:00:39,920

telescope named after him

1369

01:00:43,589 --> 01:00:42,079

but for the most part they don't uh

1370

01:00:44,789 --> 01:00:43,599

they're not former senators they're not

1371

01:00:47,270 --> 01:00:44,799

former congressmen

1372

01:00:48,150 --> 01:00:47,280

uh nelson's over there now he was uh

1373

01:00:50,309 --> 01:00:48,160

just put in there

1374

01:00:51,190 --> 01:00:50,319

by joe biden since uh biden became

1375

01:00:53,670 --> 01:00:51,200

president

1376

01:00:54,549 --> 01:00:53,680

and uh he had three terms in the senate

1377

01:00:57,270 --> 01:00:54,559

and he was a

1378

01:00:58,069 --> 01:00:57,280

plugged in guy to say the least on

1379

01:01:00,150 --> 01:00:58,079

issues like

1380

01:01:01,510 --> 01:01:00,160

intelligence like the military like

1381

01:01:03,430 --> 01:01:01,520

science in fact

1382

01:01:05,670 --> 01:01:03,440

he actually went into space himself he

1383

01:01:06,549 --> 01:01:05,680

was a a crew member on one of the space

1384

01:01:08,710 --> 01:01:06,559

shuttle missions

1385

01:01:10,950 --> 01:01:08,720

while he was in the senate so a very

1386

01:01:13,430 --> 01:01:10,960

plugged in guy and he had some very

1387

01:01:15,349 --> 01:01:13,440

interesting comments about the ufos

1388

01:01:18,069 --> 01:01:15,359

uh earlier this week so let's go to

1389

01:01:20,789 --> 01:01:18,079

those right now americans have long

1390

01:01:23,589 --> 01:01:20,799

been fascinated by ufos and the public

1391

01:01:26,630 --> 01:01:23,599

has seen the videos

1392

01:01:29,030 --> 01:01:26,640

do you think that we have been contacted

1393

01:01:31,589 --> 01:01:29,040

by extraterrestrials

1394

01:01:32,069 --> 01:01:31,599

well i have talked to those navy pilots

1395

01:01:34,789 --> 01:01:32,079

and

1396

01:01:35,510 --> 01:01:34,799

they are sure that they saw something

1397

01:01:37,510 --> 01:01:35,520

real

1398

01:01:39,589 --> 01:01:37,520

and of course we've seen their video

1399

01:01:43,510 --> 01:01:39,599

from their jets

1400

01:01:46,549 --> 01:01:43,520

what is it we don't know

1401
01:01:48,069 --> 01:01:46,559
so now that i'm here at nasa i've turned

1402
01:01:51,349 --> 01:01:48,079
to our scientist

1403
01:01:53,349 --> 01:01:51,359
and i've said would you

1404
01:01:54,870 --> 01:01:53,359
looking at it from a scientific

1405
01:01:57,510 --> 01:01:54,880
standpoint

1406
01:01:59,990 --> 01:01:57,520
see if you can determine so that we can

1407
01:02:02,789 --> 01:02:00,000
have a better idea

1408
01:02:03,750 --> 01:02:02,799
we don't know if it's extraterrestrial

1409
01:02:07,510 --> 01:02:03,760
we don't know

1410
01:02:11,109 --> 01:02:07,520
an

1411
01:02:13,029 --> 01:02:11,119
optical phenomenon we don't think so

1412
01:02:13,510 --> 01:02:13,039
because of the characteristics that

1413
01:02:19,109 --> 01:02:13,520

those

1414

01:02:21,589 --> 01:02:19,119

navy jet pilots described as they saw it

1415

01:02:22,150 --> 01:02:21,599

going against move around the wind's 120

1416

01:02:26,230 --> 01:02:22,160

west

1417

01:02:28,069 --> 01:02:26,240

the bottom line is we want to know

1418

01:02:29,510 --> 01:02:28,079

and that's what we're trying to do what

1419

01:02:30,710 --> 01:02:29,520

do you think it is i mean what's your

1420

01:02:33,750 --> 01:02:30,720

personal take on it

1421

01:02:36,069 --> 01:02:33,760

i don't have an idea that's why i turned

1422

01:02:38,069 --> 01:02:36,079

to our scientists

1423

01:02:40,549 --> 01:02:38,079

and what have they said to you well

1424

01:02:42,230 --> 01:02:40,559

they're looking into it

1425

01:02:44,069 --> 01:02:42,240

would you like me to call you when i get

1426

01:02:45,670 --> 01:02:44,079

an answer please because i want to know

1427

01:02:47,349 --> 01:02:45,680

just as much as you want to know just as

1428

01:02:49,829 --> 01:02:47,359

much as the public wants to know

1429

01:02:50,470 --> 01:02:49,839

and you know the pentagon they will soon

1430

01:02:53,589 --> 01:02:50,480

release

1431

01:02:55,829 --> 01:02:53,599

their report on ufos but when you know

1432

01:02:56,870 --> 01:02:55,839

when people think of mysterious things

1433

01:02:59,990 --> 01:02:56,880

flying in the sky

1434

01:03:01,829 --> 01:03:00,000

and aliens they think of nasa so what

1435

01:03:03,029 --> 01:03:01,839

have you guys been briefed about in

1436

01:03:05,990 --> 01:03:03,039

terms of this report

1437

01:03:07,349 --> 01:03:06,000

have you been involved in any way i was

1438

01:03:09,910 --> 01:03:07,359

actually briefed on this

1439

01:03:13,109 --> 01:03:09,920

a couple of years ago in my capacity on

1440

01:03:15,670 --> 01:03:13,119

the senate armed services committee

1441

01:03:17,510 --> 01:03:15,680

nasa appropriately is going to look at

1442

01:03:18,549 --> 01:03:17,520

it yeah i'm still playing the video jan

1443

01:03:20,309 --> 01:03:18,559

sorry about that

1444

01:03:21,750 --> 01:03:20,319

and that's what we're doing but do you

1445

01:03:25,190 --> 01:03:21,760

think the agency should be

1446

01:03:27,270 --> 01:03:25,200

more involved at this point well we are

1447

01:03:29,589 --> 01:03:27,280

and i've started it i've been here a

1448

01:03:31,029 --> 01:03:29,599

month and i've started it

1449

01:03:32,870 --> 01:03:31,039

and are you guys working with the

1450

01:03:36,470 --> 01:03:32,880

pentagon then on that report

1451

01:03:38,870 --> 01:03:36,480

we are not directly uh working with them

1452

01:03:40,870 --> 01:03:38,880

but i can guarantee you if we find

1453

01:03:44,870 --> 01:03:40,880

something

1454

01:03:47,829 --> 01:03:44,880

the pentagon will want to know

1455

01:03:48,870 --> 01:03:47,839

and so there are nelson's comments and

1456

01:03:51,990 --> 01:03:48,880

again that they are

1457

01:03:52,470 --> 01:03:52,000

very interesting indeed uh uh jan i'm uh

1458

01:03:55,510 --> 01:03:52,480

look

1459

01:03:58,950 --> 01:03:55,520

to myself you know

1460

01:03:59,510 --> 01:03:58,960

is it possible that uh nelson is

1461

01:04:01,510 --> 01:03:59,520

offering

1462

01:04:03,430 --> 01:04:01,520

the pentagon sort of an outlet pass a

1463

01:04:05,750 --> 01:04:03,440

way of getting this potato hot potato

1464

01:04:08,230 --> 01:04:05,760

off their plate

1465

01:04:09,349 --> 01:04:08,240

uh i hadn't thought of that but that's a

1466

01:04:12,069 --> 01:04:09,359

possibility

1467

01:04:14,309 --> 01:04:12,079

i think what what we can say about this

1468

01:04:17,829 --> 01:04:14,319

is this is what we wanted all

1469

01:04:21,029 --> 01:04:17,839

all along somebody outside the military

1470

01:04:22,549 --> 01:04:21,039

investigating ufos and i think that's

1471

01:04:24,309 --> 01:04:22,559

what we wanted

1472

01:04:27,029 --> 01:04:24,319

and now that we've got it nobody's

1473

01:04:29,430 --> 01:04:27,039

excited i'm excited yeah i'm excited too

1474

01:04:31,109 --> 01:04:29,440

i think it's pretty interesting and uh

1475

01:04:34,390 --> 01:04:31,119

realistically

1476

01:04:36,950 --> 01:04:34,400

you know the the best uh sensor uh

1477

01:04:38,309 --> 01:04:36,960

data gathering uh instruments are in the

1478

01:04:41,349 --> 01:04:38,319

hands of the military

1479

01:04:43,430 --> 01:04:41,359

but let's say let's assume that uh some

1480

01:04:45,990 --> 01:04:43,440

of these ufos are e.t

1481

01:04:48,069 --> 01:04:46,000

they're like they're the the worst

1482

01:04:50,710 --> 01:04:48,079

entity to be handling this

1483

01:04:52,230 --> 01:04:50,720

really so we're we're in this weird spot

1484

01:04:53,270 --> 01:04:52,240

they've got the best data but they're

1485

01:04:54,950 --> 01:04:53,280

really uh

1486

01:04:57,029 --> 01:04:54,960

the worst entity to be dealing with the

1487

01:04:59,309 --> 01:04:57,039

issue

1488

01:05:00,710 --> 01:04:59,319

we've always wanted a scientific

1489

01:05:02,870 --> 01:05:00,720

organization

1490

01:05:06,829 --> 01:05:02,880

to look at this well the content

1491

01:05:12,870 --> 01:05:09,910

but this is what i think this is

1492

01:05:15,270 --> 01:05:12,880

what everybody wants is somebody uh

1493

01:05:15,670 --> 01:05:15,280

independent of the military to look at

1494

01:05:19,109 --> 01:05:15,680

it

1495

01:05:22,630 --> 01:05:19,119

now um i'm

1496

01:05:23,029 --> 01:05:22,640

i'm just uh fascinated by this and i

1497

01:05:27,430 --> 01:05:23,039

think

1498

01:05:30,069 --> 01:05:27,440

uh uh we need to tell

1499

01:05:31,589 --> 01:05:30,079

uh tell nelson that there's a giant

1500

01:05:34,789 --> 01:05:31,599

reservoir

1501

01:05:38,069 --> 01:05:34,799

of ufo reports outside

1502

01:05:39,349 --> 01:05:38,079

of the military and like i said the

1503

01:05:43,349 --> 01:05:39,359

kufos

1504

01:05:46,789 --> 01:05:43,359

stuff is um

1505

01:05:49,270 --> 01:05:46,799

dr willie smith and um

1506

01:05:52,630 --> 01:05:49,280

half a dozen other scientists uh

1507

01:06:00,230 --> 01:05:56,470

massive data and then nycap stuff

1508

01:06:04,549 --> 01:06:00,240

some of this fascinating um i remember

1509

01:06:07,589 --> 01:06:04,559

nycap saying during that time is

1510

01:06:09,270 --> 01:06:07,599

do you think ufos should be studied do

1511

01:06:10,549 --> 01:06:09,280

you think they're real

1512

01:06:13,029 --> 01:06:10,559

do you think they might be

1513

01:06:15,029 --> 01:06:13,039

interplanetary well

1514

01:06:16,789 --> 01:06:15,039

some scientists would put down most

1515

01:06:19,430 --> 01:06:16,799

scientists would put down

1516

01:06:20,789 --> 01:06:19,440

that belonged to nightcap put down one

1517

01:06:24,230 --> 01:06:20,799

for sure

1518

01:06:28,630 --> 01:06:24,240

and two uh

1519

01:06:31,589 --> 01:06:28,640

not not unanimously

1520

01:06:33,109 --> 01:06:31,599

but three very few people put that down

1521

01:06:37,029 --> 01:06:33,119

but almost every

1522

01:06:40,230 --> 01:06:37,039

scientist that was a nicamp member

1523

01:06:44,789 --> 01:06:40,240

put down one for sure right right

1524

01:06:48,470 --> 01:06:44,799

that's what we were looking for um

1525

01:06:52,230 --> 01:06:50,390

i've been working with this kufo stuff

1526

01:06:56,630 --> 01:06:52,240

for a while now

1527

01:07:00,309 --> 01:06:56,640

and i'm constantly surprised at the

1528

01:07:01,589 --> 01:07:00,319

and mcdonald's uh james mcdonald said

1529

01:07:03,589 --> 01:07:01,599

the same thing

1530

01:07:05,670 --> 01:07:03,599

he said this stuff is better than what

1531

01:07:07,510 --> 01:07:05,680

the air force has

1532

01:07:10,470 --> 01:07:07,520

what i've been able to see at blue book

1533

01:07:15,750 --> 01:07:10,480

he said this is better

1534

01:07:17,750 --> 01:07:15,760

so um there is a reservoir of good ufo

1535

01:07:19,990 --> 01:07:17,760

reports that can be looked at i'm not

1536

01:07:22,150 --> 01:07:20,000

saying it proves anything

1537

01:07:23,270 --> 01:07:22,160

but if you if you actually look at it

1538

01:07:27,029 --> 01:07:23,280

some of this stuff is

1539

01:07:29,910 --> 01:07:27,039

really good um

1540

01:07:31,270 --> 01:07:29,920

and like i said heinek followed up on

1541

01:07:34,390 --> 01:07:31,280

cases

1542

01:07:38,789 --> 01:07:34,400

people

1543

01:07:42,630 --> 01:07:38,799

followed up on cases uh

1544

01:07:45,910 --> 01:07:42,640

uh brad sparks brought up the uh

1545

01:07:47,990 --> 01:07:45,920

is a case in 56 from

1546

01:07:50,150 --> 01:07:48,000

project blue book and he said you know

1547

01:07:52,710 --> 01:07:50,160

this this says cochise

1548

01:07:54,870 --> 01:07:52,720

and then it says new mexic you know he

1549

01:07:56,230 --> 01:07:54,880

says new mexico cochise isn't in new

1550

01:07:59,750 --> 01:07:56,240

mexico

1551

01:08:03,510 --> 01:07:59,760

so we found the 460 second uh

1552

01:08:03,990 --> 01:08:03,520

case file on that and it's arizona of

1553

01:08:07,589 --> 01:08:04,000

course

1554

01:08:11,109 --> 01:08:07,599

and besides that it's a

1555

01:08:14,549 --> 01:08:11,119

it's an em case um

1556

01:08:17,990 --> 01:08:14,559

you know the ufo was blocking

1557

01:08:22,070 --> 01:08:20,550

and i'm saying hey hey brad this is a

1558

01:08:27,110 --> 01:08:22,080

this is an unknown

1559

01:08:33,030 --> 01:08:30,709

i already have what do you think i did

1560

01:08:34,149 --> 01:08:33,040

so and there's there's a number of

1561

01:08:38,070 --> 01:08:34,159

things like that

1562

01:08:38,630 --> 01:08:38,080

we we um we're scanning these things now

1563

01:08:44,789 --> 01:08:38,640

this is

1564

01:08:45,269 --> 01:08:44,799

like nasa could do we're just doing this

1565

01:08:48,789 --> 01:08:45,279

very

1566

01:08:52,470 --> 01:08:48,799

simple thin thing we start off

1567

01:08:55,669 --> 01:08:52,480

the title of the file when we scan

1568

01:08:58,390 --> 01:08:55,679

it as the date

1569

01:08:59,590 --> 01:08:58,400

well guess what there's other files that

1570

01:09:01,910 --> 01:08:59,600

have the same date

1571

01:09:03,349 --> 01:09:01,920

or there's files in my collection or

1572

01:09:06,309 --> 01:09:03,359

greenwich collection

1573

01:09:07,910 --> 01:09:06,319

or a mahler's collection that have the

1574

01:09:10,229 --> 01:09:07,920

same date

1575

01:09:11,030 --> 01:09:10,239

so do we do we say well we already

1576

01:09:13,590 --> 01:09:11,040

scanned that

1577

01:09:15,189 --> 01:09:13,600

no we scan everything yeah yeah yeah you

1578

01:09:19,030 --> 01:09:15,199

got you've got to find a way

1579

01:09:23,030 --> 01:09:19,040

uh give them independent uh uh

1580

01:09:24,390 --> 01:09:23,040

case numbers uh beyond the date you know

1581

01:09:26,309 --> 01:09:24,400

there are different ways of doing that

1582

01:09:29,349 --> 01:09:26,319

but sorry about that yeah so

1583

01:09:30,709 --> 01:09:29,359

so what you get is four things of the

1584

01:09:32,870 --> 01:09:30,719

same date

1585

01:09:35,910 --> 01:09:32,880

now there may be one piece of paper in

1586

01:09:38,789 --> 01:09:35,920

one of those files that's different

1587

01:09:40,390 --> 01:09:38,799

from the others and that's like i said

1588

01:09:43,829 --> 01:09:40,400

we found the cochise

1589

01:09:48,309 --> 01:09:43,839

thing we found that the don

1590

01:09:50,550 --> 01:09:48,319

on the spot investigators uh

1591

01:09:51,669 --> 01:09:50,560

had more information than the blue book

1592

01:09:55,590 --> 01:09:51,679

file

1593

01:09:59,669 --> 01:09:55,600

and there's several cases like that

1594

01:10:03,030 --> 01:09:59,679

and then of course uh a pop-up ufo

1595

01:10:03,990 --> 01:10:03,040

uh yeah uh these two pilots are chasing

1596

01:10:07,030 --> 01:10:04,000

this ufo

1597

01:10:10,310 --> 01:10:07,040

and there's a there's an overcast

1598

01:10:11,590 --> 01:10:10,320

so the ufo disappears in the overcast

1599

01:10:14,630 --> 01:10:11,600

one pilot goes up

1600

01:10:16,950 --> 01:10:14,640

one pilot goes down the ufo comes out of

1601

01:10:22,470 --> 01:10:16,960

the overcast

1602

01:10:24,390 --> 01:10:22,480

says there it is and i'm going for it

1603

01:10:26,229 --> 01:10:24,400

and it pops back on and

1604

01:10:28,229 --> 01:10:26,239

down into the overcast it comes out the

1605

01:10:31,350 --> 01:10:28,239

other one the other boss is

1606

01:10:37,830 --> 01:10:34,550

i call that the pop-up ufo but

1607

01:10:41,430 --> 01:10:37,840

there's there's information in the press

1608

01:10:44,950 --> 01:10:41,440

about that and mcdonald

1609

01:10:47,430 --> 01:10:44,960

interviewed the pilots uh

1610

01:10:48,709 --> 01:10:47,440

and at the time we didn't have the uh

1611

01:10:51,750 --> 01:10:48,719

the project blue book

1612

01:10:53,910 --> 01:10:51,760

cases with the names so

1613

01:10:54,790 --> 01:10:53,920

it was afterwards that we found out the

1614

01:10:57,510 --> 01:10:54,800

pilot

1615

01:10:58,709 --> 01:10:57,520

got the date wrong and then we said wait

1616

01:11:01,270 --> 01:10:58,719

a minute this is the pop-up

1617

01:11:02,070 --> 01:11:01,280

ufo and here's the guy that went after

1618

01:11:07,270 --> 01:11:02,080

it

1619

01:11:09,510 --> 01:11:07,280

here

1620

01:11:11,110 --> 01:11:09,520

and it's better than what's in blue book

1621

01:11:12,790 --> 01:11:11,120

right right

1622

01:11:14,390 --> 01:11:12,800

yeah that can happen sometimes it takes

1623

01:11:15,110 --> 01:11:14,400

a while to put these things together

1624

01:11:17,350 --> 01:11:15,120

it's like the

1625

01:11:19,910 --> 01:11:17,360

uh pieces in a puzzle and it takes a

1626

01:11:22,950 --> 01:11:19,920

while it takes a while

1627

01:11:25,189 --> 01:11:22,960

now uh chat you're back yeah i did

1628

01:11:27,030 --> 01:11:25,199

actually have a question that harkens

1629

01:11:30,229 --> 01:11:27,040

back to an earlier topic

1630

01:11:31,830 --> 01:11:30,239

and i'm sorry to um this topic might

1631

01:11:33,030 --> 01:11:31,840

bore some of our listeners but it might

1632

01:11:35,189 --> 01:11:33,040

fascinate others

1633

01:11:36,310 --> 01:11:35,199

and the reason why it is relevant is

1634

01:11:39,510 --> 01:11:36,320

because

1635

01:11:42,709 --> 01:11:39,520

the uap report in part hinges

1636

01:11:43,270 --> 01:11:42,719

on the classification system that the us

1637

01:11:46,310 --> 01:11:43,280

government

1638

01:11:48,470 --> 01:11:46,320

uses americans have already been

1639

01:11:49,350 --> 01:11:48,480

fascinated by so i wanted to bring

1640

01:11:52,870 --> 01:11:49,360

something to

1641

01:11:54,070 --> 01:11:52,880

jan's attention and and then i also want

1642

01:11:57,430 --> 01:11:54,080

to get a

1643

01:11:59,110 --> 01:11:57,440

reaction from him on it now this is a re

1644

01:12:02,709 --> 01:11:59,120

this article isn't that recent it came

1645

01:12:04,630 --> 01:12:02,719

out in um 2013 it says the title of it

1646

01:12:07,430 --> 01:12:04,640

is the biggest problem in the u.s

1647

01:12:09,750 --> 01:12:07,440

government classification system today

1648

01:12:10,470 --> 01:12:09,760

and it's on clearancejobs.com but it

1649

01:12:12,390 --> 01:12:10,480

says

1650

01:12:14,149 --> 01:12:12,400

every year the us government agencies

1651

01:12:16,870 --> 01:12:14,159

add petabytes

1652

01:12:17,350 --> 01:12:16,880

of information and a petabyte equals 20

1653

01:12:20,550 --> 01:12:17,360

million

1654

01:12:22,189 --> 01:12:20,560

four drawer filing cabinets all of which

1655

01:12:24,790 --> 01:12:22,199

will be subject to a future cl

1656

01:12:26,390 --> 01:12:24,800

declassification review and if you hold

1657

01:12:28,149 --> 01:12:26,400

the us government national security

1658

01:12:29,430 --> 01:12:28,159

clearance there's a high probability

1659

01:12:31,189 --> 01:12:29,440

that you'll be touching some of those

1660

01:12:33,590 --> 01:12:31,199

documents now i

1661

01:12:35,830 --> 01:12:33,600

wanted to read uh an interesting thing

1662

01:12:38,310 --> 01:12:35,840

from this article it says

1663

01:12:41,270 --> 01:12:38,320

interestingly the classification system

1664

01:12:43,270 --> 01:12:41,280

we currently use was created in 1953

1665

01:12:44,550 --> 01:12:43,280

and has been a topic of much discussion

1666

01:12:46,950 --> 01:12:44,560

over the years

1667

01:12:47,990 --> 01:12:46,960

and this is a quote it says and this

1668

01:12:51,350 --> 01:12:48,000

quote by the way it's

1669

01:12:52,229 --> 01:12:51,360

it's from redefining security a report

1670

01:12:54,630 --> 01:12:52,239

to the you

1671

01:12:55,910 --> 01:12:54,640

the secretary of defense and director of

1672

01:12:58,310 --> 01:12:55,920

central intelligence

1673

01:13:00,229 --> 01:12:58,320

on february 28 1994 from the joint

1674

01:13:03,270 --> 01:13:00,239

security commission

1675

01:13:05,350 --> 01:13:03,280

and this quote is despite the best of

1676
01:13:06,630 --> 01:13:05,360
intentions the classification system

1677
01:13:09,270 --> 01:13:06,640
largely unchanged

1678
01:13:09,669 --> 01:13:09,280
since the eisenhower administration has

1679
01:13:11,750 --> 01:13:09,679
grown

1680
01:13:14,070 --> 01:13:11,760
out of control more information has been

1681
01:13:14,709 --> 01:13:14,080
classified and for extended periods of

1682
01:13:17,270 --> 01:13:14,719
time

1683
01:13:19,510 --> 01:13:17,280
security rules proliferate becoming more

1684
01:13:20,390 --> 01:13:19,520
complex yet remaining unrelated to the

1685
01:13:22,630 --> 01:13:20,400
threat

1686
01:13:24,070 --> 01:13:22,640
security costs increase as inconsistent

1687
01:13:26,070 --> 01:13:24,080
requirements are imposed

1688
01:13:28,550 --> 01:13:26,080

by different agencies or by different

1689

01:13:30,709 --> 01:13:28,560

program managers within the same agency

1690

01:13:31,990 --> 01:13:30,719

this accretion of security rules and

1691

01:13:34,470 --> 01:13:32,000

requirements to protect

1692

01:13:35,910 --> 01:13:34,480

classified information does not make the

1693

01:13:38,630 --> 01:13:35,920

system work better

1694

01:13:40,229 --> 01:13:38,640

indeed the classification system is not

1695

01:13:42,870 --> 01:13:40,239

trusted on the inside

1696

01:13:44,790 --> 01:13:42,880

any more than it is on the outside

1697

01:13:46,790 --> 01:13:44,800

insiders do not trust it to protect

1698

01:13:48,550 --> 01:13:46,800

information that needs protection

1699

01:13:50,390 --> 01:13:48,560

outsiders do not trust it to release

1700

01:13:51,510 --> 01:13:50,400

information that does not need

1701

01:13:53,750 --> 01:13:51,520

protection

1702

01:13:54,870 --> 01:13:53,760

this cold war classification can be

1703

01:13:58,470 --> 01:13:54,880

simplified

1704

01:14:00,550 --> 01:13:58,480

the question i have for you jan is

1705

01:14:02,149 --> 01:14:00,560

will the u.s government really work on

1706

01:14:04,310 --> 01:14:02,159

that and then

1707

01:14:05,590 --> 01:14:04,320

the other question i have for you is the

1708

01:14:07,750 --> 01:14:05,600

uafp report

1709

01:14:09,030 --> 01:14:07,760

that's pending right now regarding when

1710

01:14:11,750 --> 01:14:09,040

it comes out

1711

01:14:12,550 --> 01:14:11,760

do you think that report could in part

1712

01:14:15,990 --> 01:14:12,560

be

1713

01:14:19,270 --> 01:14:16,000

a victim a potential victim of

1714

01:14:20,229 --> 01:14:19,280

the over or under classification of that

1715

01:14:23,590 --> 01:14:20,239

antiquated

1716

01:14:27,270 --> 01:14:23,600

system i just read about well it's not

1717

01:14:33,030 --> 01:14:30,709

uh article is incompetent

1718

01:14:34,550 --> 01:14:33,040

well that was a quote and so that quote

1719

01:14:37,669 --> 01:14:34,560

was from redefining

1720

01:14:40,709 --> 01:14:37,679

security to his research

1721

01:14:42,870 --> 01:14:40,719

go ahead it's a major overhaul

1722

01:14:43,990 --> 01:14:42,880

during the reagan administration because

1723

01:14:47,270 --> 01:14:44,000

of the ellsberg

1724

01:14:50,550 --> 01:14:47,280

new york times thing okay well being

1725

01:14:51,990 --> 01:14:50,560

said and this is this is this is very

1726

01:14:55,590 --> 01:14:52,000

smart

1727

01:14:56,070 --> 01:14:55,600

but it's not for par for the public it's

1728

01:14:59,510 --> 01:14:56,080

smart

1729

01:15:01,910 --> 01:14:59,520

for the classification system he said

1730

01:15:05,189 --> 01:15:01,920

if something is classified it's

1731

01:15:07,669 --> 01:15:05,199

classified forever

1732

01:15:09,510 --> 01:15:07,679

if you don't if you have a classified

1733

01:15:12,070 --> 01:15:09,520

document you got for some

1734

01:15:13,110 --> 01:15:12,080

from somebody and you don't need it

1735

01:15:16,790 --> 01:15:13,120

anymore

1736

01:15:17,430 --> 01:15:16,800

destroy it or go back to the guy that

1737

01:15:19,990 --> 01:15:17,440

wrote it

1738

01:15:21,350 --> 01:15:20,000

and ask them if what they should what

1739

01:15:24,550 --> 01:15:21,360

you should do with it

1740

01:15:28,229 --> 01:15:24,560

can you release it to the public and

1741

01:15:32,790 --> 01:15:28,239

the uh so that's called uh

1742

01:15:36,630 --> 01:15:32,800

oadr uh um

1743

01:15:39,030 --> 01:15:36,640

uh um oh jeez i can't remember what

1744

01:15:41,669 --> 01:15:39,040

what what it means is the guy that wrote

1745

01:15:44,390 --> 01:15:41,679

it decides whether it's

1746

01:15:45,990 --> 01:15:44,400

to declassify it or not you'll probably

1747

01:15:47,990 --> 01:15:46,000

remember at three in the morning

1748

01:15:50,390 --> 01:15:48,000

but i was going to ask you what happens

1749

01:15:51,910 --> 01:15:50,400

if that guy died

1750

01:15:54,950 --> 01:15:51,920

it doesn't matter there's somebody in

1751

01:15:58,149 --> 01:15:54,960

his place yeah that's true

1752

01:15:59,750 --> 01:15:58,159

so the military is you know it is

1753

01:16:01,510 --> 01:15:59,760

it's like the sergeant major told me

1754

01:16:04,149 --> 01:16:01,520

this is uh you know

1755

01:16:06,790 --> 01:16:04,159

nobody's indispensable in this this uh

1756

01:16:09,350 --> 01:16:06,800

organization here um

1757

01:16:11,669 --> 01:16:09,360

if you screw up i get somebody to

1758

01:16:12,390 --> 01:16:11,679

replace you he may not be as good as you

1759

01:16:15,430 --> 01:16:12,400

are

1760

01:16:19,669 --> 01:16:15,440

but he'll be there

1761

01:16:21,830 --> 01:16:19,679

so there's always somebody there so we

1762

01:16:23,110 --> 01:16:21,840

we know the us government is concerned

1763

01:16:25,510 --> 01:16:23,120

to a degree

1764

01:16:26,630 --> 01:16:25,520

about uh documents being classified

1765

01:16:29,430 --> 01:16:26,640

correctly

1766

01:16:30,630 --> 01:16:29,440

um and coherently but and they have a

1767

01:16:34,149 --> 01:16:30,640

process for it

1768

01:16:37,189 --> 01:16:34,159

that could be outdated at times or

1769

01:16:38,630 --> 01:16:37,199

considered outdated maybe to some but

1770

01:16:43,030 --> 01:16:38,640

do you think they're really working on

1771

01:16:53,189 --> 01:16:49,430

it's proliferating in this way

1772

01:16:56,950 --> 01:16:53,199

the classifications are probably

1773

01:16:59,510 --> 01:16:56,960

close to what they should be but

1774

01:17:03,189 --> 01:16:59,520

we have another system it's like a

1775

01:17:06,229 --> 01:17:03,199

chimney system

1776

01:17:09,910 --> 01:17:06,239

if you're working on an aircraft

1777

01:17:15,030 --> 01:17:09,920

say a brand new aircraft you may your

1778

01:17:19,110 --> 01:17:15,040

your your contribution may be

1779

01:17:20,790 --> 01:17:19,120

the avionics or the wing

1780

01:17:22,470 --> 01:17:20,800

so you don't need to know about what

1781

01:17:25,590 --> 01:17:22,480

kind of computer goes

1782

01:17:28,229 --> 01:17:25,600

inside the aircraft

1783

01:17:28,830 --> 01:17:28,239

that's different you don't need to know

1784

01:17:31,990 --> 01:17:28,840

that

1785

01:17:35,709 --> 01:17:32,000

so what they do is they

1786

01:17:38,030 --> 01:17:35,719

have what's called sensitive

1787

01:17:39,830 --> 01:17:38,040

compartmentalized information they

1788

01:17:42,630 --> 01:17:39,840

compartmentalize the

1789

01:17:44,550 --> 01:17:42,640

the thing you're working on the wing you

1790

01:17:46,630 --> 01:17:44,560

only need to know what the wing is

1791

01:17:47,990 --> 01:17:46,640

you're working on the avionics you only

1792

01:17:50,310 --> 01:17:48,000

need to know about that

1793

01:17:53,669 --> 01:17:50,320

you're working on a computer you might

1794

01:17:55,590 --> 01:17:53,679

need information from other

1795

01:17:57,189 --> 01:17:55,600

people working on this thing but it

1796

01:17:59,910 --> 01:17:57,199

keeps

1797

01:18:01,590 --> 01:17:59,920

it's a way of keeping the information on

1798

01:18:03,110 --> 01:18:01,600

a close home

1799

01:18:04,550 --> 01:18:03,120

because what do the russians do when

1800

01:18:04,950 --> 01:18:04,560

they're trying to get everything they

1801

01:18:11,750 --> 01:18:04,960

can

1802

01:18:18,709 --> 01:18:15,270

nobody knows how many of these uh

1803

01:18:22,390 --> 01:18:18,719

uh compartment

1804

01:18:26,070 --> 01:18:22,400

mentalized things are so i worked in

1805

01:18:28,790 --> 01:18:26,080

in nuclear and we had one system of

1806

01:18:32,310 --> 01:18:28,800

nuclear release

1807

01:18:35,669 --> 01:18:32,320

um there are other systems

1808

01:18:37,910 --> 01:18:35,679

um and remember we don't want the enemy

1809

01:18:41,030 --> 01:18:37,920

to know what's going on let me tell you

1810

01:18:43,430 --> 01:18:41,040

a brief thing uh

1811

01:18:44,310 --> 01:18:43,440

in germany this is not really true it's

1812

01:18:47,990 --> 01:18:44,320

just

1813

01:18:49,990 --> 01:18:48,000

a story to illustrate uh we had a

1814

01:18:55,030 --> 01:18:50,000

a position that we were supposed to go

1815

01:18:57,910 --> 01:18:55,040

to if the russians attacked

1816

01:19:00,310 --> 01:18:57,920

uh we were we were you know uh

1817

01:19:03,669 --> 01:19:00,320

supporting the germans

1818

01:19:04,870 --> 01:19:03,679

and uh we'd go there and the germans had

1819

01:19:06,550 --> 01:19:04,880

come out the

1820

01:19:08,070 --> 01:19:06,560

people who were supporting they come out

1821

01:19:11,270 --> 01:19:08,080

with their band

1822

01:19:13,990 --> 01:19:11,280

and play you know the local people

1823

01:19:15,830 --> 01:19:14,000

one one place we just pulled into this

1824

01:19:18,470 --> 01:19:15,840

guy's driveway and

1825

01:19:21,350 --> 01:19:18,480

and that that was our position i mean

1826

01:19:23,350 --> 01:19:21,360

he'd already agreed to that

1827

01:19:24,790 --> 01:19:23,360

so and we're having you know they

1828

01:19:28,390 --> 01:19:24,800

whenever we go up there

1829

01:19:30,070 --> 01:19:28,400

they like i said the band be playing

1830

01:19:32,070 --> 01:19:30,080

the the germans would bring us

1831

01:19:34,470 --> 01:19:32,080

sandwiches and stuff and everybody be

1832

01:19:36,149 --> 01:19:34,480

having a great old time

1833

01:19:39,669 --> 01:19:36,159

and that was the biggest lie in the

1834

01:19:42,550 --> 01:19:39,679

world that was not our position

1835

01:19:44,470 --> 01:19:42,560

and almost nobody in the unit knew that

1836

01:19:48,390 --> 01:19:44,480

the commander

1837

01:19:51,189 --> 01:19:48,400

the uh uh some of the

1838

01:19:53,189 --> 01:19:51,199

uh the operations officer and the

1839

01:19:54,390 --> 01:19:53,199

operations sergeant duda

1840

01:19:56,870 --> 01:19:54,400

i didn't know that i was the

1841

01:19:59,110 --> 01:19:56,880

intelligence sergeant and then sometimes

1842

01:20:01,110 --> 01:19:59,120

sometimes i didn't have a intelligence

1843

01:20:03,189 --> 01:20:01,120

officer i didn't know that

1844

01:20:06,310 --> 01:20:03,199

one day we went to a completely

1845

01:20:13,030 --> 01:20:09,669

and these there were there were no bands

1846

01:20:13,990 --> 01:20:13,040

playing and the german officers that we

1847

01:20:17,030 --> 01:20:14,000

worked with

1848

01:20:20,149 --> 01:20:17,040

were deadly serious

1849

01:20:23,590 --> 01:20:20,159

and they were not kidding about anything

1850

01:20:27,030 --> 01:20:23,600

this was the real thing

1851
01:20:29,669 --> 01:20:27,040
and almost nobody knew about it

1852
01:20:30,870 --> 01:20:29,679
and uh one time we went we went on a

1853
01:20:34,070 --> 01:20:30,880
terrain walk

1854
01:20:37,590 --> 01:20:34,080
so university of maryland has uh

1855
01:20:40,950 --> 01:20:37,600
study tours we did a

1856
01:20:43,110 --> 01:20:40,960
phony study tour we got some local

1857
01:20:51,750 --> 01:20:43,120
historian on the german

1858
01:20:54,790 --> 01:20:53,669
and we'd actually leave some papers

1859
01:20:56,870 --> 01:20:54,800
behind

1860
01:20:58,629 --> 01:20:56,880
that indicated that we were students it

1861
01:21:01,350 --> 01:20:58,639
was the officers and

1862
01:21:03,430 --> 01:21:01,360
and some of the senior ncos and we'd

1863
01:21:04,870 --> 01:21:03,440

walk around where the terrain where we

1864

01:21:07,270 --> 01:21:04,880

were going to be

1865

01:21:08,629 --> 01:21:07,280

like we were we're studying this castle

1866

01:21:11,750 --> 01:21:08,639

or something

1867

01:21:14,229 --> 01:21:11,760

so that's now that's

1868

01:21:16,790 --> 01:21:14,239

that's not a true incident but something

1869

01:21:20,390 --> 01:21:16,800

close to it like that happened

1870

01:21:22,390 --> 01:21:20,400

so i understand

1871

01:21:24,070 --> 01:21:22,400

i see enemies looking at you all the

1872

01:21:26,070 --> 01:21:24,080

time i follow

1873

01:21:27,430 --> 01:21:26,080

i wanted to bring up a topic if you

1874

01:21:28,229 --> 01:21:27,440

don't want to talk about it that's fine

1875

01:21:30,950 --> 01:21:28,239

but the

1876

01:21:32,629 --> 01:21:30,960

idea just the idea i'm saying this in

1877

01:21:35,189 --> 01:21:32,639

the most general way possible if you

1878

01:21:38,310 --> 01:21:35,199

want to go ahead and

1879

01:21:39,590 --> 01:21:38,320

address this topic it's up to you but i

1880

01:21:41,990 --> 01:21:39,600

have a suspicion

1881

01:21:44,149 --> 01:21:42,000

that it is possible that the us

1882

01:21:44,790 --> 01:21:44,159

government has contingency plans for

1883

01:21:46,950 --> 01:21:44,800

just about

1884

01:21:49,189 --> 01:21:46,960

everything do you feel from your

1885

01:21:51,189 --> 01:21:49,199

perspective that it is possible

1886

01:21:53,110 --> 01:21:51,199

that the us government has a contingency

1887

01:21:56,310 --> 01:21:53,120

plan regarding the uap report

1888

01:21:56,629 --> 01:21:56,320

or that kind of topic i i believe that

1889

01:22:00,310 --> 01:21:56,639

that

1890

01:22:03,669 --> 01:22:00,320

know

1891

01:22:06,310 --> 01:22:03,679

have told me that i understand and i'd

1892

01:22:08,870 --> 01:22:06,320

just jump in and say uh nelson and nasa

1893

01:22:12,790 --> 01:22:08,880

could be part of that plan

1894

01:22:15,110 --> 01:22:12,800

yeah i it could be but um

1895

01:22:16,629 --> 01:22:15,120

the guy i was talking about and people

1896

01:22:19,750 --> 01:22:16,639

could figure out

1897

01:22:21,990 --> 01:22:19,760

who it was probably by the number of

1898

01:22:25,110 --> 01:22:22,000

people that have died

1899

01:22:28,709 --> 01:22:25,120

um so uh mark

1900

01:22:29,270 --> 01:22:28,719

cashman died and uh joel carpenter died

1901

01:22:36,709 --> 01:22:29,280

and

1902

01:22:40,149 --> 01:22:36,719

uh that might be this person but

1903

01:22:43,430 --> 01:22:40,159

this guy is still alive and he is

1904

01:22:45,350 --> 01:22:43,440

he is no longer working in upology

1905

01:22:47,030 --> 01:22:45,360

but every once in a while he tells me a

1906

01:22:50,310 --> 01:22:47,040

couple of things

1907

01:22:52,149 --> 01:22:50,320

and he yeah

1908

01:22:54,470 --> 01:22:52,159

that's what they have a contingency plan

1909

01:22:56,790 --> 01:22:54,480

for everything they knew

1910

01:22:58,229 --> 01:22:56,800

they have a contingency plan if congress

1911

01:23:01,430 --> 01:22:58,239

gets interested in this

1912

01:23:05,350 --> 01:23:01,440

they have a contingency plan if if the

1913

01:23:08,550 --> 01:23:05,360

if the media uh penetrates

1914

01:23:11,590 --> 01:23:08,560

uh their security they have all they

1915

01:23:15,030 --> 01:23:11,600

have those kind of contingency plans

1916

01:23:18,149 --> 01:23:15,040

um okay yeah so i i think

1917

01:23:22,149 --> 01:23:18,159

i think that that's that's true well if

1918

01:23:25,030 --> 01:23:22,159

in in before we uh end this podcast here

1919

01:23:26,709 --> 01:23:25,040

i wanted to also mention that there is a

1920

01:23:30,790 --> 01:23:26,719

real deep concern

1921

01:23:33,830 --> 01:23:30,800

uh and rightfully so that um

1922

01:23:35,189 --> 01:23:33,840

members of the press could be um

1923

01:23:38,950 --> 01:23:35,199

[Music]

1924

01:23:40,229 --> 01:23:38,960

charged with legally by the us

1925

01:23:43,430 --> 01:23:40,239

government

1926

01:23:44,070 --> 01:23:43,440

but but over documents that may have

1927

01:23:46,629 --> 01:23:44,080

been over

1928

01:23:47,189 --> 01:23:46,639

classified when they shouldn't have been

1929

01:23:50,229 --> 01:23:47,199

made

1930

01:23:55,030 --> 01:23:50,239

secret or classified at all

1931

01:23:57,669 --> 01:23:55,040

no no no no ellsberg remember ellsberg

1932

01:23:58,310 --> 01:23:57,679

now he was yeah the pentagon papers yeah

1933

01:24:01,030 --> 01:23:58,320

pentagon

1934

01:24:02,950 --> 01:24:01,040

papers he was giving out this stuff and

1935

01:24:05,990 --> 01:24:02,960

ellsberg was

1936

01:24:09,030 --> 01:24:06,000

uh you know and they tried to stop him

1937

01:24:11,110 --> 01:24:09,040

and the supreme court said

1938

01:24:13,270 --> 01:24:11,120

it's your responsibility to keep this

1939

01:24:17,590 --> 01:24:13,280

stuff secret

1940

01:24:19,189 --> 01:24:17,600

the news people get it it's your fault

1941

01:24:22,790 --> 01:24:19,199

yeah i mean ellsberg would still be on

1942

01:24:25,990 --> 01:24:22,800

the hook but the paper for going with it

1943

01:24:29,350 --> 01:24:26,000

is free and clear they're free and clear

1944

01:24:30,709 --> 01:24:29,360

yeah the uh that's why reagan put in

1945

01:24:34,550 --> 01:24:30,719

that oadr

1946

01:24:40,149 --> 01:24:34,560

because they could not establish

1947

01:24:44,390 --> 01:24:42,470

well there is an interesting article on

1948

01:24:46,229 --> 01:24:44,400

that topic if anybody wants to read

1949

01:24:47,270 --> 01:24:46,239

about it because apparently it is a real

1950

01:24:52,229 --> 01:24:47,280

concern

1951

01:24:52,950 --> 01:24:52,239

and it is on rcfp.org reporters

1952

01:24:54,950 --> 01:24:52,960

committee

1953

01:24:56,550 --> 01:24:54,960

and it says overclassification is an

1954

01:24:59,990 --> 01:24:56,560

even bigger problem in

1955

01:25:01,750 --> 01:25:00,000

the an age of leak hunting and

1956

01:25:03,350 --> 01:25:01,760

it just starts out by saying earlier

1957

01:25:04,470 --> 01:25:03,360

this month the reporters committee for

1958

01:25:06,950 --> 01:25:04,480

freedom of the press

1959

01:25:09,270 --> 01:25:06,960

created a visualization of the uptick

1960

01:25:12,229 --> 01:25:09,280

over the last decade in the news media

1961

01:25:13,990 --> 01:25:12,239

leak prosecutions that is criminal cases

1962

01:25:15,590 --> 01:25:14,000

against journalistic sources for the

1963

01:25:18,070 --> 01:25:15,600

unauthorized disclosure

1964

01:25:20,229 --> 01:25:18,080

of government secrets to the press the

1965

01:25:21,189 --> 01:25:20,239

visualization builds on research by the

1966

01:25:22,709 --> 01:25:21,199

technology

1967

01:25:24,550 --> 01:25:22,719

and press freedom project at the

1968

01:25:25,990 --> 01:25:24,560

reporters committee over the last year

1969

01:25:27,750 --> 01:25:26,000

to catalog all cases

1970

01:25:29,510 --> 01:25:27,760

involving either formal leak

1971

01:25:30,709 --> 01:25:29,520

investigations or prosecutions

1972

01:25:32,709 --> 01:25:30,719

throughout history

1973

01:25:34,870 --> 01:25:32,719

and then it just goes on to say and i'll

1974

01:25:35,990 --> 01:25:34,880

be very brief that research paints in

1975

01:25:38,470 --> 01:25:36,000

stark relief

1976

01:25:39,590 --> 01:25:38,480

the dangers from over classification in

1977

01:25:41,590 --> 01:25:39,600

particular

1978

01:25:43,510 --> 01:25:41,600

dogged news gathering is one of the only

1979

01:25:44,310 --> 01:25:43,520

ways to hold the military intelligence

1980

01:25:46,550 --> 01:25:44,320

agencies

1981

01:25:48,629 --> 01:25:46,560

and federal law enforcement accountable

1982

01:25:49,510 --> 01:25:48,639

particularly given the expanse of

1983

01:25:51,990 --> 01:25:49,520

authority

1984

01:25:54,229 --> 01:25:52,000

that they claim in order to keep secrets

1985

01:25:55,350 --> 01:25:54,239

over classification has been a concern

1986

01:25:57,669 --> 01:25:55,360

for decades

1987

01:25:59,030 --> 01:25:57,679

in 1989 an opinion piece for the

1988

01:26:01,189 --> 01:25:59,040

washington post

1989

01:26:03,270 --> 01:26:01,199

the former u.s solicitor general who

1990

01:26:05,270 --> 01:26:03,280

argued the pentagon papers case

1991

01:26:07,110 --> 01:26:05,280

for the government trying to block

1992

01:26:08,790 --> 01:26:07,120

publication of certain parts

1993

01:26:10,550 --> 01:26:08,800

of a classified history of the vietnam

1994

01:26:11,990 --> 01:26:10,560

war switch sides there you go it just

1995

01:26:13,590 --> 01:26:12,000

mentioned what you were talking about

1996

01:26:15,590 --> 01:26:13,600

which is actually a really well known

1997

01:26:17,910 --> 01:26:15,600

part of history but anyway i'm

1998

01:26:19,990 --> 01:26:17,920

really really glad we were able to talk

1999

01:26:21,990 --> 01:26:20,000

to you again

2000

01:26:24,310 --> 01:26:22,000

just uh just one thing on that it will

2001

01:26:26,470 --> 01:26:24,320

be interesting because of course this uh

2002

01:26:28,950 --> 01:26:26,480

ufo report is going to have a public

2003

01:26:31,189 --> 01:26:28,960

facing and a classified section

2004

01:26:33,830 --> 01:26:31,199

uh would be interesting if uh some of

2005

01:26:35,990 --> 01:26:33,840

that classified material did get leaked

2006

01:26:37,350 --> 01:26:36,000

so uh there's that i just thought i'd

2007

01:26:40,229 --> 01:26:37,360

mention it

2008

01:26:41,030 --> 01:26:40,239

yeah uh greenwood did uh did a foia with

2009

01:26:44,149 --> 01:26:41,040

the uh

2010

01:26:45,030 --> 01:26:44,159

department of justice asking if anybody

2011

01:26:48,790 --> 01:26:45,040

had ever been

2012

01:26:51,990 --> 01:26:48,800

charged uh by releasing

2013

01:26:54,709 --> 01:26:52,000

a ufo information and they said no

2014

01:26:56,470 --> 01:26:54,719

no wow that's really important that he

2015

01:26:58,790 --> 01:26:56,480

did that

2016

01:27:00,149 --> 01:26:58,800

right when when did he do that do you

2017

01:27:02,709 --> 01:27:00,159

know roughly

2018

01:27:03,590 --> 01:27:02,719

oh yeah it was it was quite a few years

2019

01:27:05,350 --> 01:27:03,600

ago

2020

01:27:08,790 --> 01:27:05,360

but here's the thing you know remember

2021

01:27:11,830 --> 01:27:08,800

the service reports janet 146

2022

01:27:15,830 --> 01:27:11,840

it says five thousand dollars or uh

2023

01:27:19,030 --> 01:27:15,840

ten years if you uh if you uh

2024

01:27:22,790 --> 01:27:19,040

release material that's in this uh

2025

01:27:24,470 --> 01:27:22,800

in these messages apparently that has

2026

01:27:28,310 --> 01:27:24,480

never been

2027

01:27:30,310 --> 01:27:28,320

been done and the Canadians release

2028

01:27:33,430 --> 01:27:30,320

information that are in these reports

2029

01:27:36,709 --> 01:27:33,440

all the time

2030

01:27:38,629 --> 01:27:36,719

that is fascinating probably draw uh

2031

01:27:39,990 --> 01:27:38,639

more attention and do more harm than

2032

01:27:41,350 --> 01:27:40,000

good to pursue something like that

2033

01:27:44,470 --> 01:27:41,360

legally if it

2034

01:27:48,229 --> 01:27:44,480

if it did ever happen uh Rupell

2035

01:27:48,870 --> 01:27:48,239

wanted Menzel and and several other

2036

01:27:54,070 --> 01:27:48,880

people

2037

01:27:56,790 --> 01:27:54,080

uh charged with espionage

2038

01:27:59,430 --> 01:27:56,800

menzel stole part of the blue book

2039

01:28:02,390 --> 01:27:59,440

papers for a while

2040

01:28:03,669 --> 01:28:02,400

he was denied access to him and he he

2041

01:28:07,910 --> 01:28:03,679

got him in a

2042

01:28:12,390 --> 01:28:07,920

underhanded way and rupell wanted to

2043

01:28:15,910 --> 01:28:12,400

to charge him and uh under security laws

2044

01:28:19,110 --> 01:28:15,920

and uh colonel dunn said no

2045

01:28:20,629 --> 01:28:19,120

we're not going to do that yeah but i i

2046

01:28:24,550 --> 01:28:20,639

could see why you'd want to back away

2047

01:28:28,070 --> 01:28:27,590

well uh jan we are always so grateful to

2048

01:28:31,430 --> 01:28:28,080

be able

2049

01:28:32,310 --> 01:28:31,440

to bring up these uh fascinating topics

2050

01:28:34,149 --> 01:28:32,320

with you and

2051
01:28:36,870 --> 01:28:34,159
listen to you expound upon them so thank

2052
01:28:39,350 --> 01:28:36,880
you for your time

2053
01:28:40,709 --> 01:28:39,360
thanks so much thanks so much it was

2054
01:28:43,030 --> 01:28:40,719
great having you on it

2055
01:28:44,070 --> 01:28:43,040
this important time you know uh good

2056
01:28:46,390 --> 01:28:44,080
news happening

2057
01:28:48,070 --> 01:28:46,400
uh interesting stuff we're uh cursed all

2058
01:28:50,070 --> 01:28:48,080
have been interesting times and

2059
01:28:51,669 --> 01:28:50,080
it's good to get your analysis on what's

2060
01:28:54,550 --> 01:28:51,679
going on today and of course

2061
01:28:56,149 --> 01:28:54,560
uh some historical backdrop as well

2062
01:28:59,189 --> 01:28:56,159
thanks so much

2063
01:29:01,350 --> 01:28:59,199

okay thank you uh but but jim one last

2064

01:29:03,510 --> 01:29:01,360

question before you hang up

2065

01:29:04,629 --> 01:29:03,520

i wanted to know can we ask you back on

2066

01:29:07,990 --> 01:29:04,639

the show when the uap

2067

01:29:09,590 --> 01:29:08,000

report comes out sure sure

2068

01:29:11,669 --> 01:29:09,600

okay good yeah i think i think

2069

01:29:12,470 --> 01:29:11,679

regardless even uh some of the uh the

2070

01:29:15,430 --> 01:29:12,480

the negative

2071

01:29:17,189 --> 01:29:15,440

uh predictions i think uh we'll we'll

2072

01:29:17,750 --> 01:29:17,199

have plenty to talk about when it does

2073

01:29:20,149 --> 01:29:17,760

come out

2074

01:29:21,750 --> 01:29:20,159

no doubt about it in my mind plenty to

2075

01:29:24,550 --> 01:29:21,760

talk about

2076

01:29:25,590 --> 01:29:24,560

okay so uh well uh that's uh that part

2077

01:29:28,390 --> 01:29:25,600

of the show but uh

2078

01:29:29,830 --> 01:29:28,400

uh chant you've been busy all weekend uh

2079

01:29:33,189 --> 01:29:29,840

attending the online

2080

01:29:34,149 --> 01:29:33,199

scu conference and uh one of the cases

2081

01:29:36,830 --> 01:29:34,159

that i've had a

2082

01:29:37,750 --> 01:29:36,840

particular interest in regarding uh this

2083

01:29:41,030 --> 01:29:37,760

ufa uh

2084

01:29:42,709 --> 01:29:41,040

ffo stuff and uh the work of atip

2085

01:29:45,110 --> 01:29:42,719

has been the stephenville case it

2086

01:29:46,870 --> 01:29:45,120

happened while atip was operational

2087

01:29:48,550 --> 01:29:46,880

and that we've gotten some bits and

2088

01:29:51,590 --> 01:29:48,560

pieces about uh

2089

01:29:54,310 --> 01:29:51,600

atip's looking into it and uh robert

2090

01:29:54,709 --> 01:29:54,320

powell who was a uh an investigator on

2091

01:29:57,990 --> 01:29:54,719

the

2092

01:30:00,629 --> 01:29:58,000

stephenville case

2093

01:30:02,870 --> 01:30:00,639

while he was uh working with mufon uh he

2094

01:30:03,189 --> 01:30:02,880

did uh quite a bit of work uh foied out

2095

01:30:33,270 --> 01:30:03,199

a

2096

01:30:34,870 --> 01:30:33,280

did i guess it just didn't show up

2097

01:30:36,870 --> 01:30:34,880

regarding the browser that i'm using i

2098

01:30:38,470 --> 01:30:36,880

apologize mr powell

2099

01:30:40,310 --> 01:30:38,480

um the question i have for you is are

2100

01:30:42,310 --> 01:30:40,320

you familiar with christopher mellon's

2101
01:30:43,350 --> 01:30:42,320
interview with former astronaut terry

2102
01:30:45,189 --> 01:30:43,360
verts

2103
01:30:46,629 --> 01:30:45,199
where he stated during the stephenville

2104
01:30:49,750 --> 01:30:46,639
event

2105
01:30:51,030 --> 01:30:49,760
two u.s air force f-16s chased a ufo

2106
01:30:52,470 --> 01:30:51,040
over texas

2107
01:30:55,110 --> 01:30:52,480
the stephenville incident was

2108
01:30:57,590 --> 01:30:55,120
investigated by atip and that a-tip

2109
01:30:59,510 --> 01:30:57,600
investigators were stonewalled by the

2110
01:31:00,790 --> 01:30:59,520
u.s air force pilots who said they

2111
01:31:05,510 --> 01:31:00,800
signed ndas

2112
01:31:09,189 --> 01:31:07,430
yes i'm aware of that chant actually i

2113
01:31:12,950 --> 01:31:09,199

talked to chris about that

2114

01:31:17,189 --> 01:31:16,229

atip apparently used the stephenville

2115

01:31:20,870 --> 01:31:17,199

report

2116

01:31:23,510 --> 01:31:20,880

right to find out uh basically they

2117

01:31:25,669 --> 01:31:23,520

read the report they found out about the

2118

01:31:27,350 --> 01:31:25,679

f-16 pilots so then

2119

01:31:28,950 --> 01:31:27,360

they were able to locate the pilots

2120

01:31:33,030 --> 01:31:28,960

because in my report

2121

01:31:33,669 --> 01:31:33,040

i give the date of when those planes

2122

01:31:37,110 --> 01:31:33,679

took off

2123

01:31:40,229 --> 01:31:37,120

i also had a copy of voya copy

2124

01:31:42,470 --> 01:31:40,239

of the actual flights and so it gives

2125

01:31:43,590 --> 01:31:42,480

the flight information now all the

2126

01:31:47,270 --> 01:31:43,600

pilots

2127

01:31:48,790 --> 01:31:47,280

names were redacted in the foia uh reply

2128

01:31:51,110 --> 01:31:48,800

that i got but i'm sure that

2129

01:31:52,790 --> 01:31:51,120

chris and the atic group were probably

2130

01:31:56,870 --> 01:31:52,800

able to get their names

2131

01:31:59,189 --> 01:31:56,880

and so he said they went to those pilots

2132

01:32:01,189 --> 01:31:59,199

and they said you know we've got top

2133

01:32:01,830 --> 01:32:01,199

secret clearance we're authorized to get

2134

01:32:04,629 --> 01:32:01,840

this

2135

01:32:04,950 --> 01:32:04,639

data blah blah blah and the pilots told

2136

01:32:07,030 --> 01:32:04,960

them

2137

01:32:08,870 --> 01:32:07,040

well doesn't make the same difference we

2138

01:32:10,149 --> 01:32:08,880

you know we were told not to talk about

2139

01:32:13,110 --> 01:32:10,159

this and we're not going to

2140

01:32:13,830 --> 01:32:13,120

so he was they were unsuccessful in

2141

01:32:16,709 --> 01:32:13,840

getting any

2142

01:32:19,270 --> 01:32:16,719

information from the f-16 pilots okay

2143

01:32:22,790 --> 01:32:19,280

thank you for your time

2144

01:32:24,470 --> 01:32:22,800

so chant hannah the old of my browser

2145

01:32:27,110 --> 01:32:24,480

isn't working properly trick

2146

01:32:27,750 --> 01:32:27,120

to get on audio and ask the question

2147

01:32:31,669 --> 01:32:27,760

that was a

2148

01:32:33,350 --> 01:32:31,679

rich was thrilled

2149

01:32:35,030 --> 01:32:33,360

that you did that in there but you got

2150

01:32:36,870 --> 01:32:35,040

that in there but we did get the better

2151
01:32:38,390 --> 01:32:36,880
audio with you actually asking the

2152
01:33:01,110 --> 01:32:38,400
question that was great stuff so

2153
01:33:08,709 --> 01:33:04,950
helps to run the um

2154
01:33:10,470 --> 01:33:08,719
scientific coalition's uap

2155
01:33:12,149 --> 01:33:10,480
event annually and i believe it's

2156
01:33:15,430 --> 01:33:12,159
happened for two years

2157
01:33:18,950 --> 01:33:15,440
and this is the second year and

2158
01:33:20,470 --> 01:33:18,960
that quote that i was able i'm sorry

2159
01:33:22,790 --> 01:33:20,480
that question is able to present i'd

2160
01:33:25,350 --> 01:33:22,800
like to go and give credit to frank

2161
01:33:26,870 --> 01:33:25,360
my host my co-host because he thought up

2162
01:33:30,229 --> 01:33:26,880
that question

2163
01:33:31,430 --> 01:33:30,239

and um i was able to yeah i want to know

2164

01:33:33,270 --> 01:33:31,440

more about stephenville

2165

01:33:35,350 --> 01:33:33,280

i think it'll be really interesting to

2166

01:33:36,550 --> 01:33:35,360

see whether or not this case is

2167

01:33:39,910 --> 01:33:36,560

mentioned in the

2168

01:33:41,669 --> 01:33:39,920

uh the ufo report because you know hey

2169

01:33:42,149 --> 01:33:41,679

it's got everything i had the graphic up

2170

01:33:46,149 --> 01:33:42,159

there

2171

01:33:49,510 --> 01:33:46,159

uh 1900 to 2000 miles an hour speed

2172

01:33:52,629 --> 01:33:49,520

at least 500 feet in size uh

2173

01:33:54,149 --> 01:33:52,639

tracked by radar over texas uh and uh

2174

01:33:54,870 --> 01:33:54,159

we've got the additional information

2175

01:33:58,390 --> 01:33:54,880

there was a

2176

01:34:00,629 --> 01:33:58,400

an f-16 pursuit of this ufo

2177

01:34:01,669 --> 01:34:00,639

uh if this not isn't in the report you

2178

01:34:05,189 --> 01:34:01,679

know uh

2179

01:34:08,790 --> 01:34:05,199

i gotta say what's going on here um

2180

01:34:10,950 --> 01:34:08,800

yes and we let's do talk about what you

2181

01:34:12,070 --> 01:34:10,960

just said but just for reference sake i

2182

01:34:14,790 --> 01:34:12,080

wanted to go ahead

2183

01:34:16,629 --> 01:34:14,800

and let folks know exactly what i was

2184

01:34:18,310 --> 01:34:16,639

involved in here so i was attending the

2185

01:34:21,270 --> 01:34:18,320

scientific coalition's

2186

01:34:23,030 --> 01:34:21,280

uap conference and this was on uh was

2187

01:34:25,350 --> 01:34:23,040

this on saturday frank

2188

01:34:26,709 --> 01:34:25,360

uh yeah that part you got saturday and

2189

01:34:27,590 --> 01:34:26,719

then there was some stuff today too i

2190

01:34:30,470 --> 01:34:27,600

guess okay yeah

2191

01:34:32,310 --> 01:34:30,480

so this was on june 5th and just so

2192

01:34:34,950 --> 01:34:32,320

everybody knows the name of that

2193

01:34:36,390 --> 01:34:34,960

particular talk that mr robert powell

2194

01:34:38,550 --> 01:34:36,400

was giving

2195

01:34:40,870 --> 01:34:38,560

that was called an examination of past

2196

01:34:43,350 --> 01:34:40,880

attempts at statistical analysis of

2197

01:34:44,070 --> 01:34:43,360

ufo reports and a proposal for an

2198

01:34:47,510 --> 01:34:44,080

improved and

2199

01:34:49,430 --> 01:34:47,520

improved analysis technique now uh

2200

01:34:50,790 --> 01:34:49,440

it only takes like 30 seconds to read

2201

01:34:52,470 --> 01:34:50,800

this i think it's really important for

2202

01:34:53,270 --> 01:34:52,480

our members our listeners to be able to

2203

01:34:56,070 --> 01:34:53,280

hear

2204

01:34:57,910 --> 01:34:56,080

uh what his abstract was based on and

2205

01:35:01,590 --> 01:34:57,920

then want to talk about stephenville

2206

01:35:04,950 --> 01:35:01,600

so that is a really interesting title um

2207

01:35:06,149 --> 01:35:04,960

regarding what powell presented and um

2208

01:35:07,910 --> 01:35:06,159

i'm not going to read the entire

2209

01:35:09,350 --> 01:35:07,920

abstract i'm only going to read an

2210

01:35:12,070 --> 01:35:09,360

excerpt from it

2211

01:35:12,950 --> 01:35:12,080

but the first part of the abstract

2212

01:35:14,629 --> 01:35:12,960

indicates

2213

01:35:15,990 --> 01:35:14,639

that he will examine the problems with

2214

01:35:17,830 --> 01:35:16,000

ufo databases

2215

01:35:19,189 --> 01:35:17,840

it will identify the percent of ufo

2216

01:35:21,270 --> 01:35:19,199

reports that are true unknowns in

2217

01:35:22,229 --> 01:35:21,280

various historical databases such as

2218

01:35:24,310 --> 01:35:22,239

blue book

2219

01:35:26,310 --> 01:35:24,320

nycap new york and mufon it will

2220

01:35:27,350 --> 01:35:26,320

identify what can and cannot be analyzed

2221

01:35:28,950 --> 01:35:27,360

in such a database

2222

01:35:30,629 --> 01:35:28,960

and it will discuss the correlation

2223

01:35:31,830 --> 01:35:30,639

issues involved with attempts to analyze

2224

01:35:34,070 --> 01:35:31,840

and what can be considered

2225

01:35:36,310 --> 01:35:34,080

corrupt data sets the second part of the

2226

01:35:37,830 --> 01:35:36,320

presentation will examine past attempts

2227

01:35:39,510 --> 01:35:37,840

to look for correlations such as a

2228

01:35:42,229 --> 01:35:39,520

brookings institute study

2229

01:35:43,990 --> 01:35:42,239

for the air force project's blue book

2230

01:35:46,390 --> 01:35:44,000

and the conclusions that were drawn

2231

01:35:47,669 --> 01:35:46,400

now the question i have for my co-host

2232

01:35:51,510 --> 01:35:47,679

is

2233

01:35:52,950 --> 01:35:51,520

do you believe that and i have a few

2234

01:35:54,790 --> 01:35:52,960

questions so hear me out

2235

01:35:56,149 --> 01:35:54,800

there are multiple questions the

2236

01:35:58,950 --> 01:35:56,159

questions i have for you

2237

01:36:00,790 --> 01:35:58,960

that are kind of many but i'll try and

2238

01:36:03,270 --> 01:36:00,800

do as few as possible

2239

01:36:04,790 --> 01:36:03,280

were there a lot of people researching

2240

01:36:07,109 --> 01:36:04,800

forensically

2241

01:36:07,830 --> 01:36:07,119

in a forensic manner the stephenville

2242

01:36:10,310 --> 01:36:07,840

case uh

2243

01:36:12,149 --> 01:36:10,320

other question i have is do you think

2244

01:36:15,350 --> 01:36:12,159

the folks that came

2245

01:36:17,510 --> 01:36:15,360

forward with their research their

2246

01:36:21,189 --> 01:36:17,520

forensic related research

2247

01:36:24,629 --> 01:36:21,199

and data on the stephenville case

2248

01:36:27,030 --> 01:36:24,639

had anything of value to share and

2249

01:36:29,030 --> 01:36:27,040

then the other question i have is what

2250

01:36:30,950 --> 01:36:29,040

significant

2251

01:36:32,229 --> 01:36:30,960

what was the significance of the best

2252

01:36:35,830 --> 01:36:32,239

part of the reports

2253

01:36:39,350 --> 01:36:35,840

to you well as far as i know that's the

2254

01:36:41,350 --> 01:36:39,360

uh the report that uh powell and uh

2255

01:36:44,310 --> 01:36:41,360

glenn schultz wrote for mufon

2256

01:36:46,310 --> 01:36:44,320

was the the only you know real forensic

2257

01:36:47,270 --> 01:36:46,320

report they had fourier data so they had

2258

01:36:49,189 --> 01:36:47,280

something to go on

2259

01:36:51,430 --> 01:36:49,199

plus they also interviewed a lot of the

2260

01:36:51,990 --> 01:36:51,440

witnesses uh people tend to forget now

2261

01:36:54,310 --> 01:36:52,000

especially

2262

01:36:56,229 --> 01:36:54,320

folks who've come into this ufo stuff

2263

01:36:59,910 --> 01:36:56,239

maybe since 2017

2264

01:37:00,229 --> 01:36:59,920

when tsa kicked off uh they tend to for

2265

01:37:02,629 --> 01:37:00,239

uh

2266

01:37:03,270 --> 01:37:02,639

maybe not be aware of or tend to forget

2267

01:37:06,950 --> 01:37:03,280

this was

2268

01:37:09,669 --> 01:37:06,960

really the last time in the states where

2269

01:37:10,390 --> 01:37:09,679

an entire community was sort of up in

2270

01:37:13,510 --> 01:37:10,400

arms over

2271

01:37:15,430 --> 01:37:13,520

a series of ufo incidents and it got a

2272

01:37:16,709 --> 01:37:15,440

lot of attention at the time this was in

2273

01:37:19,350 --> 01:37:16,719

2008

2274

01:37:21,189 --> 01:37:19,360

so when i seriously got into this was 09

2275

01:37:23,510 --> 01:37:21,199

it was still getting talked about it was

2276

01:37:25,430 --> 01:37:23,520

kind of dying down but still i was aware

2277

01:37:28,550 --> 01:37:25,440

of it it made national news

2278

01:37:31,510 --> 01:37:28,560

larry king went down to stephenville and

2279

01:37:33,109 --> 01:37:31,520

did an episode about ufos uh down there

2280

01:37:35,669 --> 01:37:33,119

in stephenville and

2281

01:37:37,590 --> 01:37:35,679

james fox's uh movie not the the one

2282

01:37:39,990 --> 01:37:37,600

that he just released the phenomenon

2283

01:37:42,149 --> 01:37:40,000

but the previous one i know what i saw

2284

01:37:44,310 --> 01:37:42,159

focused a lot on witnesses uh

2285

01:37:45,750 --> 01:37:44,320

from the area but that's what they had

2286

01:37:48,950 --> 01:37:45,760

they had the witnesses

2287

01:37:51,030 --> 01:37:48,960

pal had the radar data but as far as any

2288

01:37:53,830 --> 01:37:51,040

government involvement and either

2289

01:37:54,310 --> 01:37:53,840

doing any chasing or any investigating

2290

01:38:00,310 --> 01:37:54,320

uh

2291

01:38:01,189 --> 01:38:00,320

any real information about it so what

2292

01:38:02,709 --> 01:38:01,199

obviously

2293

01:38:04,790 --> 01:38:02,719

you know you could look at the dates

2294

01:38:05,270 --> 01:38:04,800

that atip was operational and there it

2295

01:38:08,709 --> 01:38:05,280

is

2296

01:38:10,310 --> 01:38:08,719

did they take a look at it

2297

01:38:12,310 --> 01:38:10,320

that's something i've really wanted to

2298

01:38:13,990 --> 01:38:12,320

know about from day one since that new

2299

01:38:15,510 --> 01:38:14,000

york times article came out

2300

01:38:17,750 --> 01:38:15,520

it's something i asked george knapp

2301

01:38:19,430 --> 01:38:17,760

about and he said yeah he's uh he's uh

2302

01:38:21,830 --> 01:38:19,440

can say with some confidence

2303

01:38:22,870 --> 01:38:21,840

uh that they did look at it and then

2304

01:38:24,310 --> 01:38:22,880

unsolicited

2305

01:38:26,629 --> 01:38:24,320

chris mellon brought it up in that

2306

01:38:29,030 --> 01:38:26,639

interview with uh terry verts that

2307

01:38:30,310 --> 01:38:29,040

you mentioned uh when you asked pal that

2308

01:38:32,470 --> 01:38:30,320

question so

2309

01:38:33,510 --> 01:38:32,480

the very little that we really have to

2310

01:38:37,189 --> 01:38:33,520

go on just that

2311

01:38:38,709 --> 01:38:37,199

uh from melon atip went down there their

2312

01:38:40,550 --> 01:38:38,719

investigators

2313

01:38:42,709 --> 01:38:40,560

asked the air force pilot so they were

2314

01:38:45,270 --> 01:38:42,719

able to figure out who was involved

2315

01:38:47,270 --> 01:38:45,280

and they got stonewalled basically so

2316

01:38:49,830 --> 01:38:47,280

it'll be interesting to see

2317

01:38:51,189 --> 01:38:49,840

uh if there's any mention of this

2318

01:38:53,590 --> 01:38:51,199

particular case

2319

01:38:55,270 --> 01:38:53,600

in the ufo report that comes out towards

2320

01:38:57,910 --> 01:38:55,280

the end of the month hopefully

2321

01:38:59,590 --> 01:38:57,920

and if not it's something that we should

2322

01:39:03,270 --> 01:38:59,600

still be banging on because

2323

01:39:06,629 --> 01:39:03,280

this is a an important case that merits

2324

01:39:08,709 --> 01:39:06,639

an explanation do you think that the

2325

01:39:11,430 --> 01:39:08,719

stephenville case is just as

2326

01:39:13,350 --> 01:39:11,440

important as the phoenix lights case oh

2327

01:39:16,390 --> 01:39:13,360

more so more so for sure

2328

01:39:18,870 --> 01:39:16,400

i know you think more so but

2329

01:39:19,990 --> 01:39:18,880

exactly why and by the way just for

2330

01:39:21,910 --> 01:39:20,000

listeners

2331

01:39:24,310 --> 01:39:21,920

most people know what the phoenix lights

2332

01:39:25,189 --> 01:39:24,320

was about but it was a series of widely

2333

01:39:27,510 --> 01:39:25,199

cited

2334

01:39:29,510 --> 01:39:27,520

ufos observed in the skies over the u.s

2335

01:39:30,550 --> 01:39:29,520

states of arizona nevada and the mexican

2336

01:39:33,430 --> 01:39:30,560

state of sonora

2337

01:39:34,229 --> 01:39:33,440

on march 13th 1997 and just so everybody

2338

01:39:36,709 --> 01:39:34,239

knows

2339

01:39:37,830 --> 01:39:36,719

um i'm reading that from wikipedia i i

2340

01:39:39,830 --> 01:39:37,840

cover the phoenix lights

2341

01:39:41,669 --> 01:39:39,840

all the time every year and i did i

2342

01:39:42,550 --> 01:39:41,679

think was like a two or three hour show

2343

01:39:45,669 --> 01:39:42,560

on it and i spent

2344

01:39:46,470 --> 01:39:45,679

seven hours at dr lin kitai's event that

2345

01:39:48,790 --> 01:39:46,480

she had

2346

01:39:49,910 --> 01:39:48,800

at the harkins theater when it was uh

2347

01:39:51,750 --> 01:39:49,920

going on but

2348

01:39:53,430 --> 01:39:51,760

but anyway yes so everybody's so

2349

01:39:55,910 --> 01:39:53,440

familiar with that but you happen to

2350

01:39:59,750 --> 01:39:55,920

think that the stephenville

2351

01:40:01,750 --> 01:39:59,760

incident is far more significant but why

2352

01:40:04,550 --> 01:40:01,760

yeah well i'll tell you why number one

2353

01:40:07,430 --> 01:40:04,560

now we've got the the radar report okay

2354

01:40:08,390 --> 01:40:07,440

from uh mufon uh powell and schultz okay

2355

01:40:12,229 --> 01:40:08,400

we've got that

2356

01:40:14,870 --> 01:40:12,239

and we've got uh the uh the fact that

2357

01:40:15,669 --> 01:40:14,880

uh it happened uh while during the time

2358

01:40:18,229 --> 01:40:15,679

that atip

2359

01:40:20,390 --> 01:40:18,239

was operational they looked into it per

2360

01:40:23,750 --> 01:40:20,400

christopher mellon they got stonewalled

2361

01:40:24,310 --> 01:40:23,760

okay uh why did that happen and uh also

2362

01:40:32,070 --> 01:40:24,320

it

2363

01:40:33,430 --> 01:40:32,080

this 20-year time frame that apparently

2364

01:40:35,189 --> 01:40:33,440

this uh this

2365

01:40:37,189 --> 01:40:35,199

report that's going to be released in

2366

01:40:39,350 --> 01:40:37,199

june uh from the dni

2367

01:40:41,830 --> 01:40:39,360

covers so it that falls within the time

2368

01:40:43,270 --> 01:40:41,840

frame uh phoenix lights goes back to 97

2369

01:40:44,550 --> 01:40:43,280

so you're talking about almost a quarter

2370

01:40:47,189 --> 01:40:44,560

of a century now

2371

01:40:48,070 --> 01:40:47,199

uh yeah uh stephenville's uh almost a

2372

01:40:50,470 --> 01:40:48,080

decade but

2373

01:40:51,350 --> 01:40:50,480

it's still within the time frame and

2374

01:40:53,270 --> 01:40:51,360

we've got enough

2375

01:40:54,629 --> 01:40:53,280

information about it that yeah we'd like

2376

01:40:56,070 --> 01:40:54,639

to know more about this

2377

01:40:57,430 --> 01:40:56,080

i mean i'm not saying we shouldn't know

2378

01:40:58,790 --> 01:40:57,440

more about phoenix lights i'd like to

2379

01:41:00,629 --> 01:40:58,800

know more about that one too

2380

01:41:02,390 --> 01:41:00,639

but it seems like we at least have a

2381

01:41:04,229 --> 01:41:02,400

better bead on

2382

01:41:05,910 --> 01:41:04,239

what this case is about and uh some key

2383

01:41:08,629 --> 01:41:05,920

facts uh regarding this case

2384

01:41:10,550 --> 01:41:08,639

uh than we do on the other so this i

2385

01:41:11,990 --> 01:41:10,560

want to ask you something in a very

2386

01:41:15,350 --> 01:41:12,000

biased way

2387

01:41:17,910 --> 01:41:15,360

okay okay so um my

2388

01:41:19,669 --> 01:41:17,920

my bias perception is if somebody views

2389

01:41:23,109 --> 01:41:19,679

something that could be

2390

01:41:24,950 --> 01:41:23,119

um not of this world in the sky

2391

01:41:27,430 --> 01:41:24,960

or coming out of the ocean and it

2392

01:41:31,189 --> 01:41:27,440

definitely does not appear to be

2393

01:41:33,910 --> 01:41:31,199

human made um

2394

01:41:36,870 --> 01:41:33,920

then then imagine a series of multiple

2395

01:41:38,629 --> 01:41:36,880

witnesses seeing the same thing

2396

01:41:41,590 --> 01:41:38,639

don't you think from your perspective

2397

01:41:43,510 --> 01:41:41,600

it's a lot easier for witnesses to cope

2398

01:41:45,189 --> 01:41:43,520

psychologically with what they saw if it

2399

01:41:46,950 --> 01:41:45,199

was a mass event

2400

01:41:48,870 --> 01:41:46,960

as opposed to just one lonely event

2401
01:41:49,750 --> 01:41:48,880
where one person saw it and nobody else

2402
01:41:53,030 --> 01:41:49,760
did

2403
01:41:55,109 --> 01:41:53,040
oh sure sure absolutely and in this case

2404
01:41:56,470 --> 01:41:55,119
we've got the extra added attraction of

2405
01:41:58,550 --> 01:41:56,480
having the radar report

2406
01:42:01,669 --> 01:41:58,560
which is physical evidence something was

2407
01:42:04,070 --> 01:42:01,679
there something was flying there

2408
01:42:05,109 --> 01:42:04,080
you know i i do hold witnesses in a very

2409
01:42:07,830 --> 01:42:05,119
high regard

2410
01:42:09,669 --> 01:42:07,840
but i think when you've got physical

2411
01:42:11,910 --> 01:42:09,679
evidence in the form of a radar report

2412
01:42:14,709 --> 01:42:11,920
let's say or a fleer

2413
01:42:15,350 --> 01:42:14,719

a camera video uh things along those

2414

01:42:17,830 --> 01:42:15,360

lines

2415

01:42:18,470 --> 01:42:17,840

that just that just adds uh that much

2416

01:42:20,390 --> 01:42:18,480

more

2417

01:42:21,910 --> 01:42:20,400

um there's physical evidence there and

2418

01:42:24,229 --> 01:42:21,920

that is physical evidence so

2419

01:42:25,910 --> 01:42:24,239

right and and also just for a listener's

2420

01:42:28,629 --> 01:42:25,920

sake just wanted to say something

2421

01:42:30,310 --> 01:42:28,639

and regarding why i agree with frank

2422

01:42:30,709 --> 01:42:30,320

math sightings are a lot easier to deal

2423

01:42:34,390 --> 01:42:30,719

with

2424

01:42:37,030 --> 01:42:34,400

when it comes to ufo reports because

2425

01:42:39,030 --> 01:42:37,040

let's just say um this is a total

2426

01:42:41,830 --> 01:42:39,040

fictional example i'm going to give here

2427

01:42:45,030 --> 01:42:41,840

but you have an individual who might not

2428

01:42:48,390 --> 01:42:45,040

have who might have a checkered past

2429

01:42:51,590 --> 01:42:48,400

or they might have some kind of

2430

01:42:53,109 --> 01:42:51,600

disability that

2431

01:42:55,030 --> 01:42:53,119

where they might hallucinate

2432

01:42:55,590 --> 01:42:55,040

occasionally or they have a disorder

2433

01:42:58,629 --> 01:42:55,600

that

2434

01:43:00,149 --> 01:42:58,639

warps their perception of reality

2435

01:43:01,590 --> 01:43:00,159

according to whatever it is they've been

2436

01:43:06,149 --> 01:43:01,600

diagnosed with

2437

01:43:06,790 --> 01:43:06,159

um you know i it's really difficult for

2438

01:43:10,310 --> 01:43:06,800

people

2439

01:43:12,470 --> 01:43:10,320

who have truly seen something anomalous

2440

01:43:14,550 --> 01:43:12,480

to be in that kind of position regarding

2441

01:43:16,070 --> 01:43:14,560

their character and be characterized in

2442

01:43:18,709 --> 01:43:16,080

a certain manner

2443

01:43:20,470 --> 01:43:18,719

and and too many times people in that

2444

01:43:21,430 --> 01:43:20,480

kind of position have been denigrated

2445

01:43:24,149 --> 01:43:21,440

derided

2446

01:43:25,590 --> 01:43:24,159

and cast aside and then you but when you

2447

01:43:27,189 --> 01:43:25,600

have a mass sighting

2448

01:43:28,950 --> 01:43:27,199

it almost doesn't matter what your

2449

01:43:31,430 --> 01:43:28,960

background is as long as

2450

01:43:32,629 --> 01:43:31,440

multiple people saw the same thing and

2451

01:43:34,950 --> 01:43:32,639

they're describing it

2452

01:43:36,550 --> 01:43:34,960

in the same in a similar manner oh

2453

01:43:38,149 --> 01:43:36,560

definitely it helps sure

2454

01:43:39,830 --> 01:43:38,159

what i'm saying yeah it said the old

2455

01:43:40,709 --> 01:43:39,840

strength and numbers thing it absolutely

2456

01:43:43,990 --> 01:43:40,719

makes a difference

2457

01:43:46,390 --> 01:43:44,000

also it's kind of sad because in a way

2458

01:43:47,830 --> 01:43:46,400

i think that there's been a prejudice

2459

01:43:51,189 --> 01:43:47,840

and a stereotype

2460

01:43:54,390 --> 01:43:51,199

laid upon a lot of these folks that um

2461

01:43:57,830 --> 01:43:54,400

who do have um a mental disabilities

2462

01:44:00,310 --> 01:43:57,840

and have been cast aside in an unjust

2463

01:44:02,149 --> 01:44:00,320

manner or or even if they don't you know

2464

01:44:03,669 --> 01:44:02,159

even if they're solid citizens but it's

2465

01:44:05,990 --> 01:44:03,679

just one person alone

2466

01:44:08,629 --> 01:44:06,000

seeing something well uh you know i've

2467

01:44:11,830 --> 01:44:08,639

got a lot of confidence in ufo witnesses

2468

01:44:14,790 --> 01:44:11,840

but the cases where you've got

2469

01:44:15,510 --> 01:44:14,800

let's say a witness uh two different

2470

01:44:18,149 --> 01:44:15,520

witnesses

2471

01:44:19,510 --> 01:44:18,159

in different locations unrelated to each

2472

01:44:22,709 --> 01:44:19,520

other seeing the same thing

2473

01:44:25,189 --> 01:44:22,719

that helps you know that helps uh having

2474

01:44:26,950 --> 01:44:25,199

uh the the physical evidence uh to back

2475

01:44:28,550 --> 01:44:26,960

up with that you're seeing a radar

2476

01:44:30,790 --> 01:44:28,560

report to go along with your

2477

01:44:32,709 --> 01:44:30,800

witness account that absolutely helps

2478

01:44:34,310 --> 01:44:32,719

for the folks that are kind of like

2479

01:44:36,950 --> 01:44:34,320

alone you know and they happen to see

2480

01:44:38,790 --> 01:44:36,960

something unusual

2481

01:44:40,550 --> 01:44:38,800

they've always got that experience but

2482

01:44:41,510 --> 01:44:40,560

when you look at the stuff objectively

2483

01:44:45,270 --> 01:44:41,520

you got to say

2484

01:44:47,030 --> 01:44:45,280

hey the more the better yeah it raises

2485

01:44:47,510 --> 01:44:47,040

the level of the entire case when you've

2486

01:44:50,229 --> 01:44:47,520

got

2487

01:44:51,990 --> 01:44:50,239

you know multiple people uh radar

2488

01:44:53,910 --> 01:44:52,000

physical evidence that kind of thing

2489

01:44:55,109 --> 01:44:53,920

to sort of back up the story i mean it's

2490

01:44:56,550 --> 01:44:55,119

it's just the way it is

2491

01:44:58,950 --> 01:44:56,560

but you know if you've had that kind of

2492

01:45:01,030 --> 01:44:58,960

experience and you don't have somebody

2493

01:45:02,950 --> 01:45:01,040

necessarily to back up your story

2494

01:45:04,629 --> 01:45:02,960

you don't have a radar report to go

2495

01:45:06,390 --> 01:45:04,639

along with it well you know you still

2496

01:45:08,390 --> 01:45:06,400

got that experience you know

2497

01:45:09,669 --> 01:45:08,400

nobody can take that away from you

2498

01:45:11,590 --> 01:45:09,679

you're right another thing i wanted to

2499

01:45:14,070 --> 01:45:11,600

bring up which is interesting is

2500

01:45:16,149 --> 01:45:14,080

um you know rich hoffman said this

2501
01:45:17,350 --> 01:45:16,159
recently but i actually have been saying

2502
01:45:19,430 --> 01:45:17,360
this

2503
01:45:20,629 --> 01:45:19,440
for a long time also and many people

2504
01:45:22,629 --> 01:45:20,639
have it's not just

2505
01:45:24,870 --> 01:45:22,639
rich hoffman or myself it's been many

2506
01:45:26,229 --> 01:45:24,880
people in and out of the ufo community

2507
01:45:28,229 --> 01:45:26,239
who have stated

2508
01:45:29,590 --> 01:45:28,239
if there is evidence at the level of

2509
01:45:31,590 --> 01:45:29,600
radar data

2510
01:45:33,189 --> 01:45:31,600
it's really vitally important for us to

2511
01:45:36,629 --> 01:45:33,199
see the raw

2512
01:45:38,709 --> 01:45:36,639
data oh yeah because you and i both know

2513
01:45:42,149 --> 01:45:38,719

that deep fakes are totally possible

2514

01:45:44,470 --> 01:45:42,159

in fact deep fakes are so good now

2515

01:45:46,390 --> 01:45:44,480

that the artificial intelligence to

2516

01:45:49,750 --> 01:45:46,400

detect the deep fakes

2517

01:45:52,149 --> 01:45:49,760

can't even detect a deep fake anymore

2518

01:45:52,950 --> 01:45:52,159

that's really good and that's scary so

2519

01:45:54,950 --> 01:45:52,960

that's why it's

2520

01:45:56,629 --> 01:45:54,960

vitaly important it's of critical

2521

01:45:58,070 --> 01:45:56,639

importance yeah you want to get that

2522

01:46:00,790 --> 01:45:58,080

kind of forensic data

2523

01:46:02,790 --> 01:46:00,800

you want the data you want the uh the

2524

01:46:05,750 --> 01:46:02,800

chain of custody and all that

2525

01:46:06,390 --> 01:46:05,760

and i don't know that that's going to be

2526

01:46:09,189 --> 01:46:06,400

in the

2527

01:46:10,390 --> 01:46:09,199

uh the public facing part of the report

2528

01:46:11,990 --> 01:46:10,400

you have to think it's going to

2529

01:46:15,030 --> 01:46:12,000

absolutely positively be

2530

01:46:16,790 --> 01:46:15,040

in the uh in the uh the guts the uh

2531

01:46:18,390 --> 01:46:16,800

uh the the classified section of the

2532

01:46:19,270 --> 01:46:18,400

report you gotta you gotta think it's

2533

01:46:21,030 --> 01:46:19,280

gonna be in there

2534

01:46:22,550 --> 01:46:21,040

uh because you look at uh all these

2535

01:46:24,870 --> 01:46:22,560

people who are coming out

2536

01:46:26,229 --> 01:46:24,880

uh when you got nelson uh just recently

2537

01:46:28,470 --> 01:46:26,239

you've got these uh

2538

01:46:29,830 --> 01:46:28,480

former uh director-level intelligence

2539

01:46:32,950 --> 01:46:29,840

officials like uh

2540

01:46:34,950 --> 01:46:32,960

uh like uh ratcliffe who uh

2541

01:46:36,310 --> 01:46:34,960

jan was uh going on quite a bit about

2542

01:46:37,270 --> 01:46:36,320

now he's right about that you know i

2543

01:46:40,390 --> 01:46:37,280

agree with all that

2544

01:46:41,030 --> 01:46:40,400

and uh woolsey clapper brennan all those

2545

01:46:45,030 --> 01:46:41,040

guys

2546

01:46:47,510 --> 01:46:45,040

uh talking the way they're talking it uh

2547

01:46:48,390 --> 01:46:47,520

it leads me to believe that we're going

2548

01:46:49,830 --> 01:46:48,400

to we are

2549

01:46:51,350 --> 01:46:49,840

we're actually inching towards

2550

01:46:52,070 --> 01:46:51,360

disclosure that's uh that's what i'm

2551
01:46:54,629 --> 01:46:52,080
thinking

2552
01:46:55,270 --> 01:46:54,639
uh based on what i'm hearing and i think

2553
01:46:57,350 --> 01:46:55,280
uh

2554
01:46:58,629 --> 01:46:57,360
the na i think the naysayers and they're

2555
01:47:01,510 --> 01:46:58,639
talking about disappointment

2556
01:47:03,270 --> 01:47:01,520
well maybe they're those expectations uh

2557
01:47:06,229 --> 01:47:03,280
uh might be a little high

2558
01:47:07,109 --> 01:47:06,239
on this next step on the journey but uh

2559
01:47:10,870 --> 01:47:07,119
i think

2560
01:47:12,310 --> 01:47:10,880
kicking and screaming their way behind

2561
01:47:14,709 --> 01:47:12,320
the scenes to not

2562
01:47:17,270 --> 01:47:14,719
disclose as much as possible some some

2563
01:47:19,350 --> 01:47:17,280

segments maybe in uh some segments uh

2564

01:47:20,550 --> 01:47:19,360

not i mean the government is a big thing

2565

01:47:23,750 --> 01:47:20,560

you know and

2566

01:47:24,390 --> 01:47:23,760

uh some uh the like jan was talking

2567

01:47:26,149 --> 01:47:24,400

about the

2568

01:47:28,149 --> 01:47:26,159

uh there were uh disagreements

2569

01:47:29,750 --> 01:47:28,159

internally and uh inter-service

2570

01:47:32,390 --> 01:47:29,760

rivalries and all that

2571

01:47:33,510 --> 01:47:32,400

so we will we will see what happens and

2572

01:47:35,669 --> 01:47:33,520

all i can say is

2573

01:47:37,750 --> 01:47:35,679

i guess we're looking at the the 25th

2574

01:47:40,070 --> 01:47:37,760

the last friday of the month that's the

2575

01:47:40,870 --> 01:47:40,080

uh the drop dead date and uh uh

2576

01:47:43,109 --> 01:47:40,880

hopefully we

2577

01:47:44,310 --> 01:47:43,119

will see it by then i mean a reliable

2578

01:47:45,990 --> 01:47:44,320

source tells me

2579

01:47:48,790 --> 01:47:46,000

that the report will either be out a

2580

01:47:51,590 --> 01:47:48,800

little early on time or late

2581

01:47:52,229 --> 01:47:51,600

so um i just wanted to bring up one last

2582

01:47:55,270 --> 01:47:52,239

topic

2583

01:47:56,790 --> 01:47:55,280

that was a joke chat by the way

2584

01:47:59,109 --> 01:47:56,800

you know i just want to tell our

2585

01:48:01,189 --> 01:47:59,119

listeners frank and i talk every day and

2586

01:48:03,030 --> 01:48:01,199

we joke all the time we say the crazy

2587

01:48:05,750 --> 01:48:03,040

stuff to each other it's hilarious but

2588

01:48:06,790 --> 01:48:05,760

anyone wanted to bring up mishu kakao

2589

01:48:09,910 --> 01:48:06,800

okaku

2590

01:48:13,910 --> 01:48:09,920

i can never say his name not right

2591

01:48:16,790 --> 01:48:13,920

yeah that okay okay this scientist

2592

01:48:18,390 --> 01:48:16,800

uh whom we're all familiar with he said

2593

01:48:20,870 --> 01:48:18,400

not that long ago

2594

01:48:22,229 --> 01:48:20,880

um but i do want to say something after

2595

01:48:24,790 --> 01:48:22,239

i sort of quote him

2596

01:48:25,270 --> 01:48:24,800

he said something to the effect of hey

2597

01:48:28,070 --> 01:48:25,280

if you

2598

01:48:29,590 --> 01:48:28,080

are abducted you know be sure to steal

2599

01:48:31,350 --> 01:48:29,600

something because there's no law out

2600

01:48:34,870 --> 01:48:31,360

there saying that you can't steal

2601

01:48:37,910 --> 01:48:34,880

okay haha very funny however

2602

01:48:39,669 --> 01:48:37,920

however what i want to say is this if

2603

01:48:42,950 --> 01:48:39,679

you're going through the trauma

2604

01:48:46,149 --> 01:48:42,960

of getting abducted it's highly unlikely

2605

01:48:49,270 --> 01:48:46,159

you have a csi lab in your back pocket

2606

01:48:49,910 --> 01:48:49,280

and you're going to imagine at that

2607

01:48:52,229 --> 01:48:49,920

second

2608

01:48:53,990 --> 01:48:52,239

thinking to take something however some

2609

01:48:56,149 --> 01:48:54,000

people have the wherewithal

2610

01:48:57,750 --> 01:48:56,159

to do that i'll give you an example

2611

01:48:59,430 --> 01:48:57,760

there this really happened

2612

01:49:01,270 --> 01:48:59,440

and i think i actually had my co-host

2613

01:49:02,870 --> 01:49:01,280

listen part of this show

2614

01:49:05,189 --> 01:49:02,880

where there was like a disaster of a

2615

01:49:07,990 --> 01:49:05,199

certain um

2616

01:49:09,030 --> 01:49:08,000

airplane where they actually sort of

2617

01:49:12,629 --> 01:49:09,040

kind of crash

2618

01:49:14,470 --> 01:49:12,639

landed but but before they were going to

2619

01:49:15,350 --> 01:49:14,480

make their landing in an uncertain

2620

01:49:16,870 --> 01:49:15,360

manner

2621

01:49:18,390 --> 01:49:16,880

one of the people had the wherewithal to

2622

01:49:20,149 --> 01:49:18,400

start taking pictures

2623

01:49:22,070 --> 01:49:20,159

because they truly felt if they were

2624

01:49:22,390 --> 01:49:22,080

going to die they wanted someone to have

2625

01:49:25,750 --> 01:49:22,400

some

2626

01:49:27,430 --> 01:49:25,760

kind of evidence to look at now now that

2627

01:49:29,189 --> 01:49:27,440

is the kind of person

2628

01:49:31,350 --> 01:49:29,199

that would need to be abducted if there

2629

01:49:34,390 --> 01:49:31,360

was a need to be abducted

2630

01:49:35,910 --> 01:49:34,400

but they're very rare and it's just you

2631

01:49:37,030 --> 01:49:35,920

know what do you think don't you think

2632

01:49:39,669 --> 01:49:37,040

it'd be difficult

2633

01:49:40,229 --> 01:49:39,679

if you're being going through the trauma

2634

01:49:43,350 --> 01:49:40,239

of being

2635

01:49:45,750 --> 01:49:43,360

sucked into some unknown ship at

2636

01:49:47,430 --> 01:49:45,760

with these strange beings around you are

2637

01:49:50,070 --> 01:49:47,440

you really gonna remember

2638

01:49:51,030 --> 01:49:50,080

not only that but these beings could

2639

01:49:53,589 --> 01:49:51,040

potentially be

2640

01:49:54,870 --> 01:49:53,599

hundreds of millions millions of times

2641

01:49:56,790 --> 01:49:54,880

smarter than you

2642

01:49:59,750 --> 01:49:56,800

don't you think they would know ahead of

2643

01:50:02,790 --> 01:49:59,760

time that you might do that

2644

01:50:04,310 --> 01:50:02,800

maybe seriously like

2645

01:50:06,229 --> 01:50:04,320

you know if they're that far in their

2646

01:50:08,229 --> 01:50:06,239

technology you would think they'd have a

2647

01:50:09,830 --> 01:50:08,239

contingency plan for that

2648

01:50:11,510 --> 01:50:09,840

and if you did put something in your

2649

01:50:12,550 --> 01:50:11,520

pocket pretty sure they have the

2650

01:50:14,790 --> 01:50:12,560

technology to

2651
01:50:16,470 --> 01:50:14,800
take it back out they'd wag the finger

2652
01:50:18,470 --> 01:50:16,480
at you they'd wrap their little finger

2653
01:50:20,790 --> 01:50:18,480
at you don't do that

2654
01:50:21,589 --> 01:50:20,800
i wish i could talk to mishu kaku and

2655
01:50:24,790 --> 01:50:21,599
let him know

2656
01:50:28,629 --> 01:50:24,800
hey that's a stupid idea like

2657
01:50:31,189 --> 01:50:28,639
these these beings are potentially

2658
01:50:31,830 --> 01:50:31,199
infinitely smarter than we are at our iq

2659
01:50:33,589 --> 01:50:31,840
level

2660
01:50:36,229 --> 01:50:33,599
you really think they're that dumb to

2661
01:50:39,189 --> 01:50:36,239
let people steal something

2662
01:50:39,750 --> 01:50:39,199
come on well what they could do is uh

2663
01:50:41,350 --> 01:50:39,760

leave out

2664

01:50:42,629 --> 01:50:41,360

uh some things that they picked up off

2665

01:50:43,910 --> 01:50:42,639

earth and just kind of leave them out

2666

01:50:45,830 --> 01:50:43,920

for somebody to take and

2667

01:50:48,149 --> 01:50:45,840

somebody will just take a spoon that you

2668

01:50:50,390 --> 01:50:48,159

know got stolen from

2669

01:50:51,910 --> 01:50:50,400

somebody's kitchen and they'll say hey i

2670

01:50:53,990 --> 01:50:51,920

got this from an alien and it's really

2671

01:50:54,470 --> 01:50:54,000

just a spoon from some earthlings

2672

01:50:57,189 --> 01:50:54,480

kitchen

2673

01:50:57,990 --> 01:50:57,199

that could be too that could be but on

2674

01:51:00,070 --> 01:50:58,000

that

2675

01:51:01,270 --> 01:51:00,080

thank you everybody we really appreciate

2676

01:51:03,910 --> 01:51:01,280

your listening to our

2677

01:51:04,870 --> 01:51:03,920

uh podcast tonight and thank you frank

2678

01:51:07,430 --> 01:51:04,880

we had a great show

2679

01:51:08,629 --> 01:51:07,440

really enjoyed jan thanks chant and uh

2680

01:51:10,149 --> 01:51:08,639

great job uh

2681

01:51:12,229 --> 01:51:10,159

all throughout the weekend really we saw

2682

01:51:15,510 --> 01:51:12,239

a little bit of it uh here today but

2683

01:51:17,669 --> 01:51:15,520

you'll uh you'll have some uh

2684

01:51:19,109 --> 01:51:17,679

some time before we uh come on again to

2685

01:51:21,109 --> 01:51:19,119

put together what you picked up at the

2686

01:51:24,470 --> 01:51:21,119

scu so uh that'll be good stuff

2687

01:51:26,950 --> 01:51:24,480

and there will be more news uh we're you

2688

01:51:28,470 --> 01:51:26,960

you literally have to uh keep your eyes

2689

01:51:30,709 --> 01:51:28,480

open every day and

2690

01:51:32,229 --> 01:51:30,719

as soon as another uh two or three or

2691

01:51:33,990 --> 01:51:32,239

four stories come up

2692

01:51:36,149 --> 01:51:34,000

we'll be ready uh for another news

2693

01:51:37,430 --> 01:51:36,159

analysis show so uh thanks again to jan

2694

01:51:40,629 --> 01:51:37,440

harzin thanks chant

2695

01:51:42,470 --> 01:51:40,639

and uh thanks for listening everybody uh

2696

01:51:44,950 --> 01:51:42,480

general rich oh my goodness so sorry

2697

01:51:47,669 --> 01:51:44,960

about that yes sorry

2698

01:51:48,629 --> 01:51:47,679

sorry janet aldrige uh yeah jan aldrich

2699

01:51:50,950 --> 01:51:48,639

uh thanks again

2700

01:51:51,669 --> 01:51:50,960

and uh have a great uh great week
