[Applause]

3  
00:00:27,120 --> 00:00:24,090  
[Music]

4  
00:00:32,389 --> 00:00:27,130  
[Applause]

5  
00:00:34,490 --> 00:00:32,399  
[Music]

6  
00:00:37,190 --> 00:00:34,500  
welcome back to the UFO Rabbit Hole

7  
00:00:39,049 --> 00:00:37,200  
podcast I'm your host Kelly Chase I've

8  
00:00:40,729 --> 00:00:39,059  
got a truly remarkable interview to

9  
00:00:42,770 --> 00:00:40,739  
share with you guys today but before we

10  
00:00:44,510 --> 00:00:42,780  
dive in I wanted to take a second to let

11  
00:00:45,950 --> 00:00:44,520  
you know about some exciting things that

12  
00:00:48,110 --> 00:00:45,960  
are coming up for the podcast in the

13  
00:00:50,209 --> 00:00:48,120

coming weeks first of all as I'm sure

14

00:00:52,549 --> 00:00:50,219

most of you are aware at this point I

15

00:00:54,830 --> 00:00:52,559

will be co-hosting and also speaking at

16

00:00:57,529 --> 00:00:54,840

the Ohio UFO Heritage conference that is

17

00:00:59,689 --> 00:00:57,539

being held at the historicoke hotel at

18

00:01:02,330 --> 00:00:59,699

Wright-Patterson Air Force Base on May

19

00:01:05,630 --> 00:01:02,340

5th and May 6th we'll have speakers

20

00:01:08,810 --> 00:01:05,640

including Dr Diana walsh-pasulka Bryce

21

00:01:12,830 --> 00:01:08,820

Sable Dr Michael Masters Micah Hanks

22

00:01:15,530 --> 00:01:12,840

Darren King AKA EXO academian J

23

00:01:17,390 --> 00:01:15,540

Christopher King Phil Ford and JF

24

00:01:20,749 --> 00:01:17,400

Martell from the weird studies podcast

25

00:01:23,210 --> 00:01:20,759

and yours truly we'll also be doing a

26  
00:01:25,190 --> 00:01:23,220  
private screening of James Fox's moment

27  
00:01:26,630 --> 00:01:25,200  
of contact with a q a with the man

28  
00:01:28,370 --> 00:01:26,640  
himself to follow

29  
00:01:30,350 --> 00:01:28,380  
I couldn't be more excited about this

30  
00:01:32,210 --> 00:01:30,360  
lineup of speakers and I'm absolutely

31  
00:01:34,010 --> 00:01:32,220  
humbled at the opportunity to be doing

32  
00:01:35,929 --> 00:01:34,020  
this literally at the gates of

33  
00:01:37,370 --> 00:01:35,939  
Wright-Patterson Air Force Base for

34  
00:01:39,830 --> 00:01:37,380  
reasons that we'll discuss more deeply

35  
00:01:42,230 --> 00:01:39,840  
in just a second tickets are on sale at

36  
00:01:44,450 --> 00:01:42,240  
ufoheritage.com

37  
00:01:46,190 --> 00:01:44,460  
but first I wanted to let you guys know

38  
00:01:48,710 --> 00:01:46,200

about the content that you can expect to

39

00:01:50,810 --> 00:01:48,720

see over the next few weeks I know that

40

00:01:52,730 --> 00:01:50,820

everyone is eagerly awaiting episode 20

41

00:01:54,530 --> 00:01:52,740

which is part two in the waking up

42

00:01:56,870 --> 00:01:54,540

inside the cave series

43

00:01:59,389 --> 00:01:56,880

this next episode will focus on

44

00:02:02,389 --> 00:01:59,399

simulation Theory the zoo hypothesis

45

00:02:04,969 --> 00:02:02,399

Christian gnosticism Jacques filet's

46

00:02:06,950 --> 00:02:04,979

control mechanism and more as we explore

47

00:02:09,290 --> 00:02:06,960

the possibility that we might be living

48

00:02:11,449 --> 00:02:09,300

in something like The Matrix

49

00:02:12,890 --> 00:02:11,459

as you can imagine it's a beast to write

50

00:02:14,809 --> 00:02:12,900

but I'm hoping to get that to you guys

51  
00:02:16,910 --> 00:02:14,819  
by the end of April

52  
00:02:18,770 --> 00:02:16,920  
in the meantime I have some other great

53  
00:02:20,630 --> 00:02:18,780  
episodes planned which is something that

54  
00:02:23,210 --> 00:02:20,640  
will be happening a lot more often in

55  
00:02:25,190 --> 00:02:23,220  
between regular episodes so going

56  
00:02:28,550 --> 00:02:25,200  
forward regular episodes will continue

57  
00:02:30,530 --> 00:02:28,560  
to be numbered at one at two etc those

58  
00:02:33,350 --> 00:02:30,540  
episodes are serialized and are best

59  
00:02:35,150 --> 00:02:33,360  
enjoyed in order however I want to start

60  
00:02:37,550 --> 00:02:35,160  
making room for other kinds of content

61  
00:02:38,990 --> 00:02:37,560  
as well so that I can bring you guys the

62  
00:02:40,610 --> 00:02:39,000  
most interesting and up-to-date

63  
00:02:42,890 --> 00:02:40,620

information that I can

64

00:02:45,650 --> 00:02:42,900

when I started this podcast around 18

65

00:02:48,290 --> 00:02:45,660

months ago public disclosure was moving

66

00:02:50,449 --> 00:02:48,300

at a slow crawl the government had said

67

00:02:52,430 --> 00:02:50,459

nothing except basically that there were

68

00:02:54,710 --> 00:02:52,440

unidentified objects in our skies of

69

00:02:56,930 --> 00:02:54,720

Unknown Origin doing some things that we

70

00:02:58,610 --> 00:02:56,940

couldn't explain it was clear that

71

00:03:00,650 --> 00:02:58,620

things were happening behind the scenes

72

00:03:02,770 --> 00:03:00,660

but the progress was slow

73

00:03:05,270 --> 00:03:02,780

all that has changed in recent months

74

00:03:07,850 --> 00:03:05,280

legislation has been passed in an effort

75

00:03:10,850 --> 00:03:07,860

to both facilitate and mandate greater

76

00:03:13,729 --> 00:03:10,860

transparency around uaps a new office

77

00:03:15,949 --> 00:03:13,739

was created within the Pentagon and last

78

00:03:19,490 --> 00:03:15,959

may we saw the first congressional UFO

79

00:03:21,410 --> 00:03:19,500

hearings in 50 years but in 2023 things

80

00:03:23,570 --> 00:03:21,420

seemed to be moving with even more

81

00:03:25,250 --> 00:03:23,580

urgency the bizarre nature of the

82

00:03:27,890 --> 00:03:25,260

incidents surrounding unidentified

83

00:03:30,589 --> 00:03:27,900

objects being shot down over U.S and

84

00:03:32,449 --> 00:03:30,599

Canadian airspace in February and the

85

00:03:34,190 --> 00:03:32,459

even more bizarre and checkered response

86

00:03:37,070 --> 00:03:34,200

from the government to these events

87

00:03:39,110 --> 00:03:37,080

seems to many insiders to be evidence of

88

00:03:41,809 --> 00:03:39,120

a shifting of the center of Power with

89

00:03:44,390 --> 00:03:41,819

regard to control of the UFO narrative

90

00:03:46,910 --> 00:03:44,400

something is changing a giant is

91

00:03:49,009 --> 00:03:46,920

stirring and word is that Congress is

92

00:03:51,530 --> 00:03:49,019

pissed and will be demanding new UFO

93

00:03:53,449 --> 00:03:51,540

hearings potentially as soon as April in

94

00:03:56,089 --> 00:03:53,459

both the Senate and the house

95

00:03:58,009 --> 00:03:56,099

now please don't hear what I'm saying to

96

00:03:59,750 --> 00:03:58,019

me in that we're just mere months away

97

00:04:01,070 --> 00:03:59,760

from the president getting on TV and

98

00:04:03,410 --> 00:04:01,080

confirming that we have reverse

99

00:04:06,050 --> 00:04:03,420

engineered craft and bodies it's

100

00:04:08,509 --> 00:04:06,060

impossible for anyone to say how when or

101  
00:04:10,910 --> 00:04:08,519  
even if meaningful disclosure will occur

102  
00:04:12,949 --> 00:04:10,920  
but what's going on right now is at the

103  
00:04:15,770 --> 00:04:12,959  
very least historic so moving forward

104  
00:04:17,750 --> 00:04:15,780  
I'll be doing periodic episodes focused

105  
00:04:19,909 --> 00:04:17,760  
on current events surrounding UFO

106  
00:04:21,830 --> 00:04:19,919  
disclosure and I'll be kicking that off

107  
00:04:23,629 --> 00:04:21,840  
a week from today when I'll drop an

108  
00:04:25,490 --> 00:04:23,639  
episode with Chris sharp of The

109  
00:04:28,249 --> 00:04:25,500  
Liberation times to talk about the

110  
00:04:30,230 --> 00:04:28,259  
potential upcoming UFO hearings

111  
00:04:31,850 --> 00:04:30,240  
if you aren't familiar with Chris Sharp

112  
00:04:34,370 --> 00:04:31,860  
I really can't recommend his work enough

113  
00:04:36,650 --> 00:04:34,380

Chris is the founder and editor-in-chief

114

00:04:38,870 --> 00:04:36,660

of The Liberation times and over the

115

00:04:40,969 --> 00:04:38,880

last 18 months he has consistently

116

00:04:43,010 --> 00:04:40,979

beaten the major media Outlets to the

117

00:04:45,469 --> 00:04:43,020

punch on virtually every major story

118

00:04:47,030 --> 00:04:45,479

around UFO disclosure and has

119

00:04:48,830 --> 00:04:47,040

continually delivered the kind of

120

00:04:50,810 --> 00:04:48,840

nuanced in-depth investigative

121

00:04:53,689 --> 00:04:50,820

journalism that is so rare when it comes

122

00:04:55,430 --> 00:04:53,699

to this topic it would be hard to find a

123

00:04:57,590 --> 00:04:55,440

better source to talk to about what's

124

00:04:59,450 --> 00:04:57,600

going on in Washington right now and I

125

00:05:01,430 --> 00:04:59,460

cannot wait to get him on the show

126  
00:05:04,370 --> 00:05:01,440  
and that episode will come out a week

127  
00:05:07,850 --> 00:05:04,380  
from today April 6th patrons as always

128  
00:05:10,249 --> 00:05:07,860  
will get it a little early on April 4th

129  
00:05:12,710 --> 00:05:10,259  
and then the following week on April

130  
00:05:13,550 --> 00:05:12,720  
13th I have something truly special for

131  
00:05:16,310 --> 00:05:13,560  
you guys

132  
00:05:18,830 --> 00:05:16,320  
Dr Diana Walsh paselka will be joining

133  
00:05:20,390 --> 00:05:18,840  
us on the podcast once again but this

134  
00:05:22,670 --> 00:05:20,400  
time she'll be sitting in the

135  
00:05:25,370 --> 00:05:22,680  
interviewer's chair as we speak with Dr

136  
00:05:27,710 --> 00:05:25,380  
E Whiteley you may not have heard of Dr

137  
00:05:29,810 --> 00:05:27,720  
Whitely before but I can confidently say

138  
00:05:32,210 --> 00:05:29,820

that she is one of the most fascinating

139

00:05:34,070 --> 00:05:32,220

people on the planet and it is an

140

00:05:37,129 --> 00:05:34,080

absolute honor to be able to bring this

141

00:05:39,290 --> 00:05:37,139

conversation to you all Dr IA Whiteley

142

00:05:41,629 --> 00:05:39,300

is a space psychologist who is designed

143

00:05:43,909 --> 00:05:41,639

training programs for astronauts that

144

00:05:46,430 --> 00:05:43,919

help them prepare for and adapt to the

145

00:05:48,710 --> 00:05:46,440

rigors of space travel a pilot and

146

00:05:51,290 --> 00:05:48,720

adventurer herself with a love for scuba

147

00:05:53,330 --> 00:05:51,300

and skydiving IA is passionate about

148

00:05:56,210 --> 00:05:53,340

exploring extreme states of human

149

00:05:58,550 --> 00:05:56,220

experience and human potential

150

00:06:00,110 --> 00:05:58,560

her unique perspective and skill set has

151  
00:06:01,969 --> 00:06:00,120  
led her to spearheading Broad

152  
00:06:04,670 --> 00:06:01,979  
Innovations in the space and Aviation

153  
00:06:06,469 --> 00:06:04,680  
Industries and she also has a particular

154  
00:06:09,650 --> 00:06:06,479  
interest in developing means of

155  
00:06:12,110 --> 00:06:09,660  
communication with non-human entities

156  
00:06:14,090 --> 00:06:12,120  
Dr IA Whiteley is truly one of those

157  
00:06:16,370 --> 00:06:14,100  
rare individuals who has the kind of

158  
00:06:19,249 --> 00:06:16,380  
mind that can both see and invent the

159  
00:06:21,469 --> 00:06:19,259  
future the scope and impact of her work

160  
00:06:23,749 --> 00:06:21,479  
is honestly dizzying she will be

161  
00:06:26,510 --> 00:06:23,759  
featured in Dr pasulka's upcoming book

162  
00:06:28,670 --> 00:06:26,520  
encounters experiences with non-human

163  
00:06:31,189 --> 00:06:28,680

intelligences which is due out in

164

00:06:32,990 --> 00:06:31,199

November of this year and it is such a

165

00:06:35,330 --> 00:06:33,000

privilege to have Diana join us for this

166

00:06:37,070 --> 00:06:35,340

conversation honestly these are the

167

00:06:38,629 --> 00:06:37,080

moments where I pinch myself that I even

168

00:06:40,909 --> 00:06:38,639

get to do this work

169

00:06:42,590 --> 00:06:40,919

and I've got a great episode for you all

170

00:06:44,930 --> 00:06:42,600

today as well

171

00:06:47,629 --> 00:06:44,940

in this episode I had the pleasure of

172

00:06:50,029 --> 00:06:47,639

sitting down with Thomas J Carey who

173

00:06:52,550 --> 00:06:50,039

co-authored the book UFO Secrets inside

174

00:06:55,610 --> 00:06:52,560

Wright-Patterson eyewitness accounts

175

00:06:58,790 --> 00:06:55,620

from the real area 51. alongside Donald

176  
00:07:00,409 --> 00:06:58,800  
R Schmidt for over 30 years Carrie and

177  
00:07:02,809 --> 00:07:00,419  
Schmidt dedicated themselves to

178  
00:07:04,790 --> 00:07:02,819  
investigating the Roswell incident doing

179  
00:07:06,469 --> 00:07:04,800  
exhaustive research and interviewing

180  
00:07:08,629 --> 00:07:06,479  
hundreds of first and second-hand

181  
00:07:11,990 --> 00:07:08,639  
witnesses to the events of that day in

182  
00:07:13,850 --> 00:07:12,000  
1947 in the new Mexican desert and what

183  
00:07:16,309 --> 00:07:13,860  
happened to the alleged materials and

184  
00:07:18,290 --> 00:07:16,319  
alien bodies that were reported there

185  
00:07:19,790 --> 00:07:18,300  
they have written 12 books on the

186  
00:07:21,710 --> 00:07:19,800  
subject including the book we'll be

187  
00:07:23,990 --> 00:07:21,720  
discussing today which explores the

188  
00:07:26,330 --> 00:07:24,000

profound role that Wright-Patterson Air

189

00:07:28,790 --> 00:07:26,340

Force Base played in both housing and

190

00:07:30,710 --> 00:07:28,800

investigating these materials

191

00:07:32,510 --> 00:07:30,720

now I will tell you that I believe

192

00:07:34,790 --> 00:07:32,520

beyond a shadow of a doubt that

193

00:07:36,770 --> 00:07:34,800

something truly anomalous and non-human

194

00:07:39,710 --> 00:07:36,780

crashed in the desert in rodville New

195

00:07:42,409 --> 00:07:39,720

Mexico in July of 1947 and that the

196

00:07:44,089 --> 00:07:42,419

government covered it up but as always I

197

00:07:46,730 --> 00:07:44,099

don't expect you to take my word for it

198

00:07:48,529 --> 00:07:46,740

and I'd encourage you not to

199

00:07:50,210 --> 00:07:48,539

the proof for the second half of that

200

00:07:52,670 --> 00:07:50,220

statement that the government covered up

201  
00:07:54,350 --> 00:07:52,680  
what happened at Roswell is self-evident

202  
00:07:56,870 --> 00:07:54,360  
in the fact that they have changed their

203  
00:07:59,570 --> 00:07:56,880  
official story no fewer than four times

204  
00:08:01,309 --> 00:07:59,580  
in the intervening years but as for the

205  
00:08:03,650 --> 00:08:01,319  
first half of that statement that

206  
00:08:06,230 --> 00:08:03,660  
something truly anomalous and non-human

207  
00:08:07,969 --> 00:08:06,240  
crashed in the desert at Roswell that's

208  
00:08:09,350 --> 00:08:07,979  
a much more complicated and in-depth

209  
00:08:10,730 --> 00:08:09,360  
conversation than we have time to go

210  
00:08:13,550 --> 00:08:10,740  
into today

211  
00:08:15,950 --> 00:08:13,560  
however I will link to Tom Kerry and Don

212  
00:08:17,990 --> 00:08:15,960  
Schmidt's other work on the topic as

213  
00:08:19,969 --> 00:08:18,000

well as other well-respected resources

214

00:08:21,230 --> 00:08:19,979

so that you can check those out if you

215

00:08:24,290 --> 00:08:21,240

want to learn more

216

00:08:26,570 --> 00:08:24,300

and also spoiler alert in this episode

217

00:08:28,850 --> 00:08:26,580

Tom will share what he believes are the

218

00:08:31,309 --> 00:08:28,860

two clear Smoking Gun pieces of evidence

219

00:08:33,529 --> 00:08:31,319

that a non-human craft crashed at

220

00:08:35,570 --> 00:08:33,539

Roswell both of which you will be able

221

00:08:37,850 --> 00:08:35,580

to fact check and Chase down on your own

222

00:08:39,589 --> 00:08:37,860

to draw your own conclusions and as

223

00:08:41,029 --> 00:08:39,599

always all the links can be found in the

224

00:08:43,190 --> 00:08:41,039

episode brief

225

00:08:45,410 --> 00:08:43,200

but the focus of our conversation today

226

00:08:48,170 --> 00:08:45,420

will be on Wright-Patterson Air Force

227

00:08:49,910 --> 00:08:48,180

Base as a lifelong ohioan who is lucky

228

00:08:51,530 --> 00:08:49,920

enough to be given the opportunity to

229

00:08:53,509 --> 00:08:51,540

help organize a conference at the gates

230

00:08:55,490 --> 00:08:53,519

of this historic site I have found

231

00:08:57,410 --> 00:08:55,500

myself ever more intrigued by the

232

00:08:59,449 --> 00:08:57,420

Mysteries that it presents

233

00:09:01,070 --> 00:08:59,459

built on the site of Wilbur Wright Field

234

00:09:02,870 --> 00:09:01,080

where the Wright brothers conducted

235

00:09:05,509 --> 00:09:02,880

their first early experiments in human

236

00:09:07,370 --> 00:09:05,519

flight Wright-Patterson has grown and

237

00:09:09,230 --> 00:09:07,380

evolved over the years with each new

238

00:09:11,509 --> 00:09:09,240

chapter of our journey to the Stars

239

00:09:14,329 --> 00:09:11,519

leaving an indelible footprint on this

240

00:09:15,470 --> 00:09:14,339

flat open plane just outside of Dayton

241

00:09:18,110 --> 00:09:15,480

Ohio

242

00:09:20,810 --> 00:09:18,120

today sprawling over nearly 13 square

243

00:09:22,970 --> 00:09:20,820

miles Wright-Patterson stands not just

244

00:09:25,190 --> 00:09:22,980

as a multi-billion dollar Monument to

245

00:09:27,170 --> 00:09:25,200

the highest of human achievement but to

246

00:09:29,690 --> 00:09:27,180

the depths of our most profound Secrets

247

00:09:32,690 --> 00:09:29,700

as well with most of the base hiding

248

00:09:34,910 --> 00:09:32,700

like a labyrinth deep underground

249

00:09:36,829 --> 00:09:34,920

as I prepared for this episode my mind

250

00:09:39,410 --> 00:09:36,839

kept returning to the Temple mount in

251  
00:09:41,329 --> 00:09:39,420  
Jerusalem where for Millennia the

252  
00:09:43,490 --> 00:09:41,339  
abrahamic religions have built and

253  
00:09:46,190 --> 00:09:43,500  
rebuilt again and again on the same

254  
00:09:47,750 --> 00:09:46,200  
sacred land leaving layers upon layers

255  
00:09:50,030 --> 00:09:47,760  
of History

256  
00:09:52,550 --> 00:09:50,040  
it was the sight of the holy of holies

257  
00:09:55,130 --> 00:09:52,560  
the inner sanctuary of the temple where

258  
00:09:56,570 --> 00:09:55,140  
God's presence was said to appear only

259  
00:09:59,990 --> 00:09:56,580  
the high priest was allowed to enter

260  
00:10:02,449 --> 00:10:00,000  
this space and only one day each year

261  
00:10:04,310 --> 00:10:02,459  
it also called to mind the Giza plateau

262  
00:10:06,110 --> 00:10:04,320  
and the stories of secret Chambers

263  
00:10:07,430 --> 00:10:06,120

containing lost knowledge hidden deep

264

00:10:10,610 --> 00:10:07,440

underground

265

00:10:12,590 --> 00:10:10,620

are these just fanciful Daydreams in one

266

00:10:14,389 --> 00:10:12,600

sense the answer is clearly yes of

267

00:10:16,250 --> 00:10:14,399

course they are the purpose of the

268

00:10:18,350 --> 00:10:16,260

temple was religious the purpose of

269

00:10:20,090 --> 00:10:18,360

right Pat is military and the purpose of

270

00:10:21,889 --> 00:10:20,100

the pyramids and the Sphinx of the Giza

271

00:10:23,690 --> 00:10:21,899

Plateau are still largely unknown

272

00:10:25,310 --> 00:10:23,700

there's never been a shred of evidence

273

00:10:27,410 --> 00:10:25,320

to support the notion that they were for

274

00:10:29,690 --> 00:10:27,420

burial purposes and so it's hard to know

275

00:10:31,790 --> 00:10:29,700

at this point what they were for

276

00:10:34,190 --> 00:10:31,800

between these differences and the vast

277

00:10:36,530 --> 00:10:34,200

divides of culture context and time that

278

00:10:38,810 --> 00:10:36,540

divide them it could easily be argued

279

00:10:40,550 --> 00:10:38,820

that such comparisons can only ever be

280

00:10:42,949 --> 00:10:40,560

superficial at best

281

00:10:45,110 --> 00:10:42,959

and yet I'm going to persist for just a

282

00:10:47,449 --> 00:10:45,120

moment in making that comparison because

283

00:10:49,550 --> 00:10:47,459

as we contemplate the very real evidence

284

00:10:51,769 --> 00:10:49,560

that Wright-Patterson was the repository

285

00:10:54,470 --> 00:10:51,779

for non-human technology and bodies

286

00:10:56,389 --> 00:10:54,480

after the Roswell crash I can't help

287

00:10:59,090 --> 00:10:56,399

wondering if what we're seeing at all

288

00:11:01,910 --> 00:10:59,100

three of these sites might be a response

289

00:11:03,949 --> 00:11:01,920

to a very particular kind of stimulus

290

00:11:05,930 --> 00:11:03,959

the secrets at the heart of our contact

291

00:11:07,850 --> 00:11:05,940

with the Divine numinous and

292

00:11:10,610 --> 00:11:07,860

otherworldly are something that we tend

293

00:11:12,829 --> 00:11:10,620

to hide away usually deep underground or

294

00:11:15,530 --> 00:11:12,839

tucked away behind High walls out of

295

00:11:17,150 --> 00:11:15,540

view and inaccessible only a select few

296

00:11:19,069 --> 00:11:17,160

were given the secrets of the inner

297

00:11:22,130 --> 00:11:19,079

Chambers and what they contain

298

00:11:24,829 --> 00:11:22,140

why do we do that is it that Secrets

299

00:11:26,509 --> 00:11:24,839

themselves contain a kind of power is it

300

00:11:28,370 --> 00:11:26,519

all just smoke and mirrors in order to

301

00:11:31,130 --> 00:11:28,380

pad black budgets in the pockets of a

302

00:11:32,449 --> 00:11:31,140

select few or could it be that there's

303

00:11:34,250 --> 00:11:32,459

something about the nature of our

304

00:11:37,069 --> 00:11:34,260

contact with non-human intelligences

305

00:11:38,810 --> 00:11:37,079

that demands to be hidden perhaps there

306

00:11:41,449 --> 00:11:38,820

is a truth that is too terrible to share

307

00:11:43,130 --> 00:11:41,459

or perhaps we're just not ready

308

00:11:45,769 --> 00:11:43,140

whatever the answers to these questions

309

00:11:47,870 --> 00:11:45,779

we all owe an enormous debt of gratitude

310

00:11:50,690 --> 00:11:47,880

to researchers like Thomas Carey and

311

00:11:52,370 --> 00:11:50,700

Donald Schmidt who dedicated Decades of

312

00:11:54,650 --> 00:11:52,380

their lives to recovering and

313

00:11:56,630 --> 00:11:54,660

documenting these lost histories

314

00:11:58,250 --> 00:11:56,640

it is through the tireless and largely

315

00:12:00,650 --> 00:11:58,260

thankless efforts of people like them

316

00:12:02,930 --> 00:12:00,660

that we have the hope of one day piecing

317

00:12:05,030 --> 00:12:02,940

the story back together and in doing so

318

00:12:07,730 --> 00:12:05,040

becoming reacquainted with the truth of

319

00:12:09,650 --> 00:12:07,740

who we are and our place in the cosmos

320

00:12:12,470 --> 00:12:09,660

so let's dive into it

321

00:12:13,910 --> 00:12:12,480

my guest Thomas J Carey received a

322

00:12:16,490 --> 00:12:13,920

Bachelor's in Business Administration

323

00:12:18,350 --> 00:12:16,500

from Temple University a masters in

324

00:12:21,230 --> 00:12:18,360

anthropology from California State

325

00:12:23,030 --> 00:12:21,240

University Sacramento and a PhD in

326

00:12:26,030 --> 00:12:23,040

anthropology from the University of

327

00:12:28,850 --> 00:12:26,040

Toronto an Air Force veteran who held a

328

00:12:31,730 --> 00:12:28,860

top secret crypto clearance Tom is now a

329

00:12:33,949 --> 00:12:31,740

retired Philadelphia area businessman he

330

00:12:36,470 --> 00:12:33,959

has been a mufon state section director

331

00:12:40,069 --> 00:12:36,480

for Southeastern Pennsylvania from 1986

332

00:12:42,290 --> 00:12:40,079

to 1991 a special investigator for the J

333

00:12:45,889 --> 00:12:42,300

Allen heineck Center for UFO studies

334

00:12:48,949 --> 00:12:45,899

from 1991 to 2001 and a member of their

335

00:12:51,410 --> 00:12:48,959

board of directors from 1998 to 2001.

336

00:12:53,930 --> 00:12:51,420

Tom began investigating aspects of the

337

00:12:56,210 --> 00:12:53,940

Roswell incident in 1991 for the Roswell

338

00:12:59,269 --> 00:12:56,220

investigative team of Kevin Randall and

339

00:13:01,190 --> 00:12:59,279

Don Schmidt and since 1998 has teamed

340

00:13:03,530 --> 00:13:01,200

exclusively with Don Schmidt to continue

341

00:13:06,410 --> 00:13:03,540

a proactive investigation of the case

342

00:13:08,509 --> 00:13:06,420

you can find his full bio and list of

343

00:13:11,090 --> 00:13:08,519

authored books in the episode brief

344

00:13:13,490 --> 00:13:11,100

without any further Ado here is my guest

345

00:13:15,470 --> 00:13:13,500

Thomas J Carey

346

00:13:17,750 --> 00:13:15,480

Tom thank you so much for joining me

347

00:13:19,550 --> 00:13:17,760

today I just got done reading your

348

00:13:20,990 --> 00:13:19,560

incredible book about Wright Patterson

349

00:13:23,090 --> 00:13:21,000

and I'm so excited to talk to you

350

00:13:26,629 --> 00:13:23,100

welcome to the show my pleasure Kelly

351

00:13:28,310 --> 00:13:26,639

and uh it's a fine day today and it's

352

00:13:31,190 --> 00:13:28,320

nice to meet you

353

00:13:32,990 --> 00:13:31,200

it's wonderful to meet you too so I just

354

00:13:35,449 --> 00:13:33,000

want to dive in because there's so much

355

00:13:37,910 --> 00:13:35,459

in this book what was really humbling to

356

00:13:40,009 --> 00:13:37,920

see was just how much hard work and shoe

357

00:13:41,870 --> 00:13:40,019

leather went into piecing together these

358

00:13:43,670 --> 00:13:41,880

lost histories that have been

359

00:13:44,750 --> 00:13:43,680

intentionally hidden and suppressed and

360

00:13:47,090 --> 00:13:44,760

I know that that's something that you've

361

00:13:49,069 --> 00:13:47,100

dealt with a lot in your work so can you

362

00:13:50,870 --> 00:13:49,079

talk about like what is even the process

363

00:13:52,850 --> 00:13:50,880

of beginning to write a book like this

364

00:13:55,129 --> 00:13:52,860

where so many of the witnesses have been

365

00:13:56,449 --> 00:13:55,139

maybe scared or intimidated out of even

366

00:13:59,210 --> 00:13:56,459

wanting to tell their stories even

367

00:14:01,370 --> 00:13:59,220

wanting to be found well Kelly uh you

368

00:14:03,949 --> 00:14:01,380

have people today

369

00:14:06,410 --> 00:14:03,959

you could see the one uh you know

370

00:14:09,350 --> 00:14:06,420

several channels they they think they're

371

00:14:11,150 --> 00:14:09,360

oh I'm going to solve this Roswell case

372

00:14:16,250 --> 00:14:11,160

in a week

373

00:14:17,690 --> 00:14:16,260

well uh I've been on the case since 1991

374

00:14:20,870 --> 00:14:17,700

active

375

00:14:25,430 --> 00:14:20,880

and uh you've heard of the old term

376

00:14:28,310 --> 00:14:25,440

gumsho the old gum Shield investigator

377

00:14:31,629 --> 00:14:28,320

and that's what this case required it

378

00:14:35,690 --> 00:14:31,639

was so complex

379

00:14:38,870 --> 00:14:35,700

and uh variegated and we were chasing

380

00:14:42,829 --> 00:14:38,880

the Undertaker The Undertaker was racing

381

00:14:44,870 --> 00:14:42,839

with us to uh so we could find all the

382

00:14:46,610 --> 00:14:44,880

witnesses that we could Farm before they

383

00:14:48,889 --> 00:14:46,620

passed away

384

00:14:52,490 --> 00:14:48,899

and they're The Undertaker ultimately

385

00:14:55,310 --> 00:14:52,500

warned but not before we solved the case

386

00:14:57,889 --> 00:14:55,320

of over 30 years of work

387

00:15:01,310 --> 00:14:57,899

uh interviewing people

388

00:15:04,310 --> 00:15:01,320

going to the various crash sites

389

00:15:06,769 --> 00:15:04,320

and that's what this case required I I

390

00:15:08,569 --> 00:15:06,779

didn't work but any other case

391

00:15:11,449 --> 00:15:08,579

other than this one

392

00:15:14,389 --> 00:15:11,459

and neither did my co-author Donald

393

00:15:16,670 --> 00:15:14,399

Schmidt we worked on this case alone of

394

00:15:19,550 --> 00:15:16,680

course we heard of other cases but there

395

00:15:23,150 --> 00:15:19,560

are active investigation of a proactive

396

00:15:25,670 --> 00:15:23,160

gumshoe nature knocking on doors making

397

00:15:29,449 --> 00:15:25,680

phone calls having doors slammed in our

398

00:15:31,910 --> 00:15:29,459

face foreign phones hung up on us uh

399

00:15:33,889 --> 00:15:31,920

that's what this case required

400

00:15:38,269 --> 00:15:33,899

and as a result

401  
00:15:41,389 --> 00:15:38,279  
we have located and interviewed over 600

402  
00:15:42,949 --> 00:15:41,399  
first and second-hand Witnesses but

403  
00:15:46,810 --> 00:15:42,959  
that's what makes this case different

404  
00:15:49,910 --> 00:15:46,820  
than any other UFO case is the number

405  
00:15:53,389 --> 00:15:49,920  
are the number of witnesses that we got

406  
00:15:56,269 --> 00:15:53,399  
on the record and uh also what makes

407  
00:15:59,210 --> 00:15:56,279  
this case different is that we have not

408  
00:16:00,889 --> 00:15:59,220  
just the light in the sky over you know

409  
00:16:02,689 --> 00:16:00,899  
something like the Phoenix slice so

410  
00:16:05,870 --> 00:16:02,699  
that's a good case but it's lights in

411  
00:16:07,870 --> 00:16:05,880  
the sky right and that's all and uh

412  
00:16:10,670 --> 00:16:07,880  
maybe a a

413  
00:16:11,569 --> 00:16:10,680

viewing of a triangular Crypt but

414

00:16:14,629 --> 00:16:11,579

there's no

415

00:16:15,650 --> 00:16:14,639

no nothing left other than that this

416

00:16:18,769 --> 00:16:15,660

case

417

00:16:21,530 --> 00:16:18,779

involves an alleged crashed

418

00:16:25,009 --> 00:16:21,540

Flying Saucer or disc

419

00:16:27,889 --> 00:16:25,019

or UFO physical evidence

420

00:16:30,889 --> 00:16:27,899

with occupants

421

00:16:33,590 --> 00:16:30,899

back in 1947 they didn't call them

422

00:16:36,769 --> 00:16:33,600

aliens they called them little fellas

423

00:16:39,829 --> 00:16:36,779

or little people

424

00:16:41,389 --> 00:16:39,839

um but but not aliens they didn't use

425

00:16:45,290 --> 00:16:41,399

that term they just said little people

426  
00:16:47,329 --> 00:16:45,300  
there were little people involved and so

427  
00:16:49,749 --> 00:16:47,339  
you have physical evidence you have

428  
00:16:53,150 --> 00:16:49,759  
biological evidence you have

429  
00:16:55,490 --> 00:16:53,160  
intimidation and threats of death if

430  
00:16:58,730 --> 00:16:55,500  
people talk and a huge government

431  
00:17:01,310 --> 00:16:58,740  
cover-up so you have all this wrapped up

432  
00:17:04,069 --> 00:17:01,320  
in one period so that's why it took us

433  
00:17:05,090 --> 00:17:04,079  
over 30 years to put all of this

434  
00:17:08,449 --> 00:17:05,100  
together

435  
00:17:10,669 --> 00:17:08,459  
and uh we we believe we solved the case

436  
00:17:13,429 --> 00:17:10,679  
the only thing we're missing Kelly

437  
00:17:16,309 --> 00:17:13,439  
is a piece of physical evidence that we

438  
00:17:18,770 --> 00:17:16,319

can go on television and say okay folks

439

00:17:21,350 --> 00:17:18,780

look at this we don't have to send it

440

00:17:22,730 --> 00:17:21,360

away to a lab that you'll never hear

441

00:17:25,730 --> 00:17:22,740

from again

442

00:17:28,490 --> 00:17:25,740

here's what this piece of evidence looks

443

00:17:30,770 --> 00:17:28,500

like and mostly I'm talking about what

444

00:17:32,450 --> 00:17:30,780

they call a Memory Metal if you read the

445

00:17:34,970 --> 00:17:32,460

book you you know what I'm talking about

446

00:17:37,430 --> 00:17:34,980

the memory metal that you could fold up

447

00:17:39,350 --> 00:17:37,440

like this in your hand

448

00:17:42,169 --> 00:17:39,360

open it up and it would just sort of

449

00:17:45,529 --> 00:17:42,179

float there unfurl itself

450

00:17:47,810 --> 00:17:45,539

it just float there there lazily and you

451  
00:17:50,270 --> 00:17:47,820  
couldn't cut it scratch it or

452  
00:17:53,990 --> 00:17:50,280  
permanently deform it in any way it was

453  
00:17:57,770 --> 00:17:54,000  
very thin looked like thin tin foil

454  
00:17:59,510 --> 00:17:57,780  
uh from a you know Pace uh piece of

455  
00:18:02,510 --> 00:17:59,520  
chewing gum you know if you eat a little

456  
00:18:04,730 --> 00:18:02,520  
foil I won't say smoke because people

457  
00:18:07,430 --> 00:18:04,740  
don't smoke anymore

458  
00:18:09,350 --> 00:18:07,440  
but uh that's what it looked like and it

459  
00:18:13,250 --> 00:18:09,360  
was indestructible

460  
00:18:15,549 --> 00:18:13,260  
so uh that's what this case required I

461  
00:18:19,430 --> 00:18:15,559  
mean how else could something it

462  
00:18:22,130 --> 00:18:19,440  
occupy your interest for so long

463  
00:18:25,190 --> 00:18:22,140

if it wasn't number one interesting

464

00:18:27,830 --> 00:18:25,200

number two of mystery which it was a

465

00:18:31,310 --> 00:18:27,840

mystery and number three every time we

466

00:18:32,810 --> 00:18:31,320

got a new witness boom it spread us on

467

00:18:36,049 --> 00:18:32,820

to keep going

468

00:18:38,930 --> 00:18:36,059

and uh We've co-authored

469

00:18:42,049 --> 00:18:38,940

uh We've co-authored together uh Donald

470

00:18:44,510 --> 00:18:42,059

Smith and myself 12 books

471

00:18:47,690 --> 00:18:44,520

on the Roswell case the one year we're

472

00:18:50,450 --> 00:18:47,700

talking about today is the UFO Secrets

473

00:18:53,029 --> 00:18:50,460

at Wright Anderson where all of this

474

00:18:56,150 --> 00:18:53,039

stuff originally went

475

00:18:58,370 --> 00:18:56,160

wow well thank you so much for all of

476

00:19:00,289 --> 00:18:58,380

your hard work because I all of this

477

00:19:04,310 --> 00:19:00,299

could have been lost right all of this

478

00:19:10,310 --> 00:19:07,870

my hair was Brown when I started this

479

00:19:11,870 --> 00:19:10,320

yes it was you and just a handful of

480

00:19:13,190 --> 00:19:11,880

other researchers who just wouldn't let

481

00:19:15,409 --> 00:19:13,200

it go and if it weren't for you we

482

00:19:17,990 --> 00:19:15,419

wouldn't have this information so thank

483

00:19:19,909 --> 00:19:18,000

you so much for doing that going back to

484

00:19:21,890 --> 00:19:19,919

the history of right patent before we

485

00:19:23,690 --> 00:19:21,900

get to the more fun stuff about what

486

00:19:25,310 --> 00:19:23,700

might be hidden there but

487

00:19:26,630 --> 00:19:25,320

Wright-Patterson Air Force Base was

488

00:19:28,190 --> 00:19:26,640

built on the spot where the Wright

489

00:19:30,110 --> 00:19:28,200

brothers took their first steps towards

490

00:19:31,789 --> 00:19:30,120

flight can you talk a little bit about

491

00:19:34,190 --> 00:19:31,799

the early history of the base like up

492

00:19:36,110 --> 00:19:34,200

through World War II and how it shaped

493

00:19:38,330 --> 00:19:36,120

right Pat into being the most natural

494

00:19:40,070 --> 00:19:38,340

and logical place for the Roswell crash

495

00:19:43,370 --> 00:19:40,080

materials to be taken

496

00:19:46,549 --> 00:19:43,380

Wright Patterson uh to go through the

497

00:19:47,770 --> 00:19:46,559

early history of it it will give you a

498

00:19:50,090 --> 00:19:47,780

headache

499

00:19:54,110 --> 00:19:50,100

sure we can we can take a high level

500

00:19:56,810 --> 00:19:54,120

view yes too many too many name changes

501  
00:19:59,029 --> 00:19:56,820  
for the two bases it started out you

502  
00:20:02,570 --> 00:19:59,039  
know the Wright brothers were in the

503  
00:20:06,169 --> 00:20:02,580  
bicycle business they manufactured and

504  
00:20:08,870 --> 00:20:06,179  
repaired bicycles and they uh bought

505  
00:20:10,909 --> 00:20:08,880  
this uh level playing

506  
00:20:13,789 --> 00:20:10,919  
I don't mean like an airplane I mean a

507  
00:20:15,710 --> 00:20:13,799  
level plane near Dayton Ohio

508  
00:20:17,090 --> 00:20:15,720  
I forget what it was originally called

509  
00:20:18,289 --> 00:20:17,100  
there were so many different name

510  
00:20:22,630 --> 00:20:18,299  
changes

511  
00:20:26,870 --> 00:20:24,710  
are you not even going to try to

512  
00:20:28,430 --> 00:20:26,880  
remember them but it wound up that there

513  
00:20:32,630 --> 00:20:28,440

were two

514

00:20:35,390 --> 00:20:32,640

bases there one uh right field and in

515

00:20:37,430 --> 00:20:35,400

honor of it was either Orville or Wilbur

516

00:20:40,490 --> 00:20:37,440

Wright I don't know which one it was but

517

00:20:43,010 --> 00:20:40,500

one of the Wright brothers right field

518

00:20:46,190 --> 00:20:43,020

and Patterson field

519

00:20:50,150 --> 00:20:46,200

and uh so

520

00:20:53,150 --> 00:20:50,160

Along Comes World War one and make a

521

00:20:55,850 --> 00:20:53,160

government uh just took over took over

522

00:20:58,250 --> 00:20:55,860

these fields because the airplanes these

523

00:21:00,049 --> 00:20:58,260

newfangled gadgets called airplanes they

524

00:21:02,029 --> 00:21:00,059

needed a place to land and take it off

525

00:21:06,350 --> 00:21:02,039

and test and all that so the government

526  
00:21:07,789 --> 00:21:06,360  
took over right field and uh Patterson

527  
00:21:10,610 --> 00:21:07,799  
field

528  
00:21:12,650 --> 00:21:10,620  
and uh so after the war is over they

529  
00:21:13,669 --> 00:21:12,660  
said oh we we really like this so they

530  
00:21:15,470 --> 00:21:13,679  
kept them

531  
00:21:17,450 --> 00:21:15,480  
but they still called it right field and

532  
00:21:20,810 --> 00:21:17,460  
Patterson field

533  
00:21:24,049 --> 00:21:20,820  
along comes uh World War II

534  
00:21:26,390 --> 00:21:24,059  
and lo and behold the one of the key

535  
00:21:28,970 --> 00:21:26,400  
things that uh

536  
00:21:32,029 --> 00:21:28,980  
the the military wanted to do is they

537  
00:21:33,830 --> 00:21:32,039  
wanted to get a hold of uh access either

538  
00:21:35,930 --> 00:21:33,840

German or uh

539

00:21:38,450 --> 00:21:35,940

Japanese aircraft

540

00:21:41,210 --> 00:21:38,460

to capture them to see what made them go

541

00:21:43,490 --> 00:21:41,220

what made them fly and how the United

542

00:21:46,310 --> 00:21:43,500

States could build something that would

543

00:21:48,529 --> 00:21:46,320

defeat each of them in battle

544

00:21:50,750 --> 00:21:48,539

and so they

545

00:21:52,909 --> 00:21:50,760

would capture these and they ultimately

546

00:21:54,830 --> 00:21:52,919

wound up at right field

547

00:21:57,470 --> 00:21:54,840

and they're they're back engine they

548

00:21:59,570 --> 00:21:57,480

call it back engineering re-engineering

549

00:22:02,870 --> 00:21:59,580

where they would take them apart

550

00:22:04,490 --> 00:22:02,880

you know nuts and bolts and all over

551  
00:22:07,310 --> 00:22:04,500  
things take them apart see what made

552  
00:22:09,710 --> 00:22:07,320  
them to put them back together and test

553  
00:22:13,070 --> 00:22:09,720  
test them flying

554  
00:22:15,830 --> 00:22:13,080  
and so right field is already in the

555  
00:22:16,970 --> 00:22:15,840  
back engineering business in World War

556  
00:22:18,730 --> 00:22:16,980  
II

557  
00:22:22,130 --> 00:22:18,740  
and so

558  
00:22:25,130 --> 00:22:22,140  
along with the war is over

559  
00:22:26,990 --> 00:22:25,140  
and who is our new adversary uh the

560  
00:22:30,049 --> 00:22:27,000  
Soviet Union

561  
00:22:32,510 --> 00:22:30,059  
so that's where the mig-15s wound up was

562  
00:22:35,090 --> 00:22:32,520  
at right field again for back

563  
00:22:36,950 --> 00:22:35,100

engineering equals you know and when we

564

00:22:40,190 --> 00:22:36,960

went to Korea

565

00:22:44,390 --> 00:22:40,200

we had just started the manufacturing

566

00:22:46,850 --> 00:22:44,400

their jet engines and uh or early Jets

567

00:22:49,070 --> 00:22:46,860

could not compete with the mig-15 the

568

00:22:50,750 --> 00:22:49,080

Russian I mean because it had swept

569

00:22:54,770 --> 00:22:50,760

Wings you know

570

00:22:57,289 --> 00:22:54,780

so we captured one maybe uh you know

571

00:22:59,570 --> 00:22:57,299

took apart and we started building our

572

00:23:03,010 --> 00:22:59,580

own jets with swept wings

573

00:23:07,970 --> 00:23:03,020

and uh I think what was the the

574

00:23:09,770 --> 00:23:07,980

Lockheed shooting star and the uh

575

00:23:11,090 --> 00:23:09,780

saber jet the same North America or

576

00:23:14,630 --> 00:23:11,100

Sable jet

577

00:23:16,789 --> 00:23:14,640

was a result of that so alarm comes uh

578

00:23:19,430 --> 00:23:16,799

you know the Korean Armistice is over

579

00:23:21,289 --> 00:23:19,440

and all of a sudden actually from World

580

00:23:24,909 --> 00:23:21,299

War II

581

00:23:27,350 --> 00:23:24,919

these funny things were

582

00:23:31,250 --> 00:23:27,360

in the scope we started seeing these

583

00:23:35,750 --> 00:23:31,260

funny Globes and disc shaped objects and

584

00:23:38,930 --> 00:23:35,760

what had you beginning in 1947 on Moss

585

00:23:41,210 --> 00:23:38,940

we started seeing there was like uh

586

00:23:43,490 --> 00:23:41,220

just a lot of them

587

00:23:46,610 --> 00:23:43,500

especially in New Mexico where all of

588

00:23:49,850 --> 00:23:46,620

our Atomic research was going on

589

00:23:52,789 --> 00:23:49,860

so when one I used it I you know I still

590

00:23:54,529 --> 00:23:52,799

use the term allegedly crashed

591

00:23:57,770 --> 00:23:54,539

in New Mexico

592

00:24:00,950 --> 00:23:57,780

in 1947 well where else would you take

593

00:24:03,590 --> 00:24:00,960

it to back engineer it right field

594

00:24:07,250 --> 00:24:03,600

they took it the right field to back

595

00:24:10,250 --> 00:24:07,260

engineer the wreckage to see what was

596

00:24:13,310 --> 00:24:10,260

made of and all of that stuff it was the

597

00:24:16,070 --> 00:24:13,320

natural place to go also the biological

598

00:24:18,770 --> 00:24:16,080

material or saying aliens now

599

00:24:22,010 --> 00:24:18,780

they went to right field as well because

600

00:24:24,950 --> 00:24:22,020

that's where we had our Advanced bio

601  
00:24:27,950 --> 00:24:24,960  
medical laboratories and Hospital

602  
00:24:29,149 --> 00:24:27,960  
so that's where everything went to right

603  
00:24:31,730 --> 00:24:29,159  
field

604  
00:24:34,549 --> 00:24:31,740  
and it's still at this point 1947 it's

605  
00:24:38,390 --> 00:24:34,559  
still right field and Patterson field

606  
00:24:41,770 --> 00:24:38,400  
in September of 1947 there was the uh

607  
00:24:44,930 --> 00:24:41,780  
defense defense something

608  
00:24:47,830 --> 00:24:44,940  
act where right field and Patterson

609  
00:24:50,390 --> 00:24:47,840  
field merged to become Wright Patterson

610  
00:24:51,710 --> 00:24:50,400  
Air Force Base they did away with the

611  
00:24:54,590 --> 00:24:51,720  
name field

612  
00:24:57,169 --> 00:24:54,600  
uh in favor of Air Force Base so it

613  
00:25:00,289 --> 00:24:57,179

became Wright Patterson Air Force Base

614

00:25:03,830 --> 00:25:00,299

and it's been that way ever since

615

00:25:05,690 --> 00:25:03,840

but uh in 47 and for many years

616

00:25:08,630 --> 00:25:05,700

thereafter it was still the most

617

00:25:09,890 --> 00:25:08,640

important Base Air Force Base in our

618

00:25:12,710 --> 00:25:09,900

inventory

619

00:25:15,110 --> 00:25:12,720

had the uh uh

620

00:25:17,390 --> 00:25:15,120

you know foreign you know the the

621

00:25:19,909 --> 00:25:17,400

so-called foreign technology division

622

00:25:22,370 --> 00:25:19,919

that went through name changes as well

623

00:25:25,789 --> 00:25:22,380

it'll get you make your head spin

624

00:25:28,070 --> 00:25:25,799

so I always refer to it as FTD foreign

625

00:25:30,169 --> 00:25:28,080

technology division that's where all of

626

00:25:33,169 --> 00:25:30,179

the foreign stuff

627

00:25:36,529 --> 00:25:33,179

went that was uh physical evidence

628

00:25:39,409 --> 00:25:36,539

physical stuff went to the FTD or

629

00:25:41,750 --> 00:25:39,419

foreign technology at right field

630

00:25:44,690 --> 00:25:41,760

and so that's where the Roswell wreckage

631

00:25:47,149 --> 00:25:44,700

went that's where the the bodies went

632

00:25:51,649 --> 00:25:47,159

and they stayed there

633

00:25:54,350 --> 00:25:51,659

you know they were analyzed and uh back

634

00:25:56,630 --> 00:25:54,360

engineer the memory metal

635

00:25:59,409 --> 00:25:56,640

and the bodies were dissected the bodies

636

00:26:02,330 --> 00:25:59,419

were actually loaned around to various

637

00:26:04,010 --> 00:26:02,340

hospitals military hospitals over the

638

00:26:06,529 --> 00:26:04,020

years but uh

639

00:26:11,210 --> 00:26:06,539

the material stayed there until about

640

00:26:13,970 --> 00:26:11,220

the early 90s uh 1982 83 84 then it went

641

00:26:17,090 --> 00:26:13,980

to Area 51 in Nevada

642

00:26:20,930 --> 00:26:17,100

but originally and for many years the

643

00:26:23,029 --> 00:26:20,940

real Area 51 was Wright Patterson Air

644

00:26:24,950 --> 00:26:23,039

Force Base I know when I whenever I give

645

00:26:27,830 --> 00:26:24,960

a lecture

646

00:26:30,590 --> 00:26:27,840

I'll ask the audience uh how many of you

647

00:26:33,409 --> 00:26:30,600

have heard of Area 51 all the hands go

648

00:26:35,390 --> 00:26:33,419

up all the hands go up

649

00:26:37,490 --> 00:26:35,400

well how many of you have heard of

650

00:26:40,909 --> 00:26:37,500

Wright Patterson Air Force Base maybe

651  
00:26:42,769 --> 00:26:40,919  
one or two ends go up so they don't know

652  
00:26:46,510 --> 00:26:42,779  
about that but that's that was their

653  
00:26:50,510 --> 00:26:46,520  
work first Area 51 where all of this

654  
00:26:53,529 --> 00:26:50,520  
alien stuff let's call it when so I

655  
00:26:56,269 --> 00:26:53,539  
that's that's a short history

656  
00:26:57,890 --> 00:26:56,279  
that's as short a history as I can give

657  
00:27:00,350 --> 00:26:57,900  
Kelly

658  
00:27:01,549 --> 00:27:00,360  
that's wonderful thank you

659  
00:27:04,029 --> 00:27:01,559  
um and for anyone I don't want to get

660  
00:27:06,049 --> 00:27:04,039  
too far down the the proving Roswell

661  
00:27:08,029 --> 00:27:06,059  
rabbit hole because I feel like that

662  
00:27:09,289 --> 00:27:08,039  
could be its own you know we could spend

663  
00:27:11,930 --> 00:27:09,299

we could make a whole podcast just about

664

00:27:14,330 --> 00:27:11,940

that but for anyone who's listening

665

00:27:16,610 --> 00:27:14,340

you've done extensive research on this

666

00:27:18,409 --> 00:27:16,620

topic if somebody's skeptical about the

667

00:27:20,690 --> 00:27:18,419

idea that something truly anomalous

668

00:27:22,130 --> 00:27:20,700

crashed at Roswell where would you

669

00:27:24,230 --> 00:27:22,140

direct them to look maybe to one of your

670

00:27:27,169 --> 00:27:24,240

books or where would you send people who

671

00:27:30,350 --> 00:27:27,179

are curious well uh you're exactly right

672

00:27:33,590 --> 00:27:30,360

uh everybody including doctors and

673

00:27:35,510 --> 00:27:33,600

lawyers I mean we've heard from every uh

674

00:27:38,649 --> 00:27:35,520

level of society

675

00:27:41,870 --> 00:27:38,659

once they read one of our books they say

676  
00:27:42,950 --> 00:27:41,880  
you've convinced me we've had lawyers

677  
00:27:46,370 --> 00:27:42,960  
tell us

678  
00:27:49,970 --> 00:27:46,380  
if we ever went to uh took the Air Force

679  
00:27:53,450 --> 00:27:49,980  
or the military to court over this case

680  
00:27:57,049 --> 00:27:53,460  
we would win hands down slam dunk

681  
00:27:59,210 --> 00:27:57,059  
because the the military the Air Force

682  
00:28:01,970 --> 00:27:59,220  
the offensive they have no answers for

683  
00:28:04,909 --> 00:28:01,980  
us they have no answer for us other than

684  
00:28:07,850 --> 00:28:04,919  
to remain silent because they they can't

685  
00:28:09,710 --> 00:28:07,860  
combat the facts that we have put

686  
00:28:11,990 --> 00:28:09,720  
together over the years all the

687  
00:28:14,630 --> 00:28:12,000  
witnesses the locations and everything

688  
00:28:17,990 --> 00:28:14,640

that went on the back engineering stuff

689

00:28:19,730 --> 00:28:18,000

like that they have no answer for it so

690

00:28:23,149 --> 00:28:19,740

if you um

691

00:28:26,690 --> 00:28:23,159

remember uh was that last year that they

692

00:28:29,750 --> 00:28:26,700

held this conference or uh in the House

693

00:28:31,730 --> 00:28:29,760

of Representatives where they uh two

694

00:28:33,529 --> 00:28:31,740

defense one was from the defense

695

00:28:36,409 --> 00:28:33,539

department the other was from the Navy

696

00:28:39,590 --> 00:28:36,419

both intelligence people

697

00:28:43,669 --> 00:28:39,600

uh they cut off their investigation the

698

00:28:46,850 --> 00:28:43,679

Baseline started in 2004.

699

00:28:50,029 --> 00:28:46,860

that was the Nimitz uh the Nimitz Tic

700

00:28:52,549 --> 00:28:50,039

Tac case they didn't go beyond anyway I

701  
00:28:54,769 --> 00:28:52,559  
don't know folks the best cases occurred

702  
00:28:56,029 --> 00:28:54,779  
before 2004

703  
00:29:00,230 --> 00:28:56,039  
so

704  
00:29:01,269 --> 00:29:00,240  
what happened was uh they they now have

705  
00:29:04,549 --> 00:29:01,279  
been

706  
00:29:07,310 --> 00:29:04,559  
uh instructed by

707  
00:29:11,269 --> 00:29:07,320  
um Congress

708  
00:29:14,090 --> 00:29:11,279  
to go back initially it was to 1947 and

709  
00:29:17,750 --> 00:29:14,100  
we all know what happened in 1947 don't

710  
00:29:20,510 --> 00:29:17,760  
we the Roswell case well they're going

711  
00:29:23,330 --> 00:29:20,520  
back to 1945 is going to be their

712  
00:29:26,389 --> 00:29:23,340  
Baseline which is actually before

713  
00:29:28,549 --> 00:29:26,399

what I call the Modern Age of UFOs when

714

00:29:30,830 --> 00:29:28,559

it began in 47.

715

00:29:33,289 --> 00:29:30,840

but somebody talked them into going back

716

00:29:35,389 --> 00:29:33,299

to 1945 but originally they just wanted

717

00:29:38,990 --> 00:29:35,399

to go back in 1947 which was okay

718

00:29:41,450 --> 00:29:39,000

because it covers the Roswell case which

719

00:29:44,330 --> 00:29:41,460

is the one they don't want to talk about

720

00:29:47,409 --> 00:29:44,340

because you can't there's no way you can

721

00:29:50,510 --> 00:29:47,419

get around it and so I'm access to see

722

00:29:52,850 --> 00:29:50,520

the next report Kelly is due out I

723

00:29:55,250 --> 00:29:52,860

believe in June of this year June 25th

724

00:29:56,330 --> 00:29:55,260

or somewhere around there I'm anxious to

725

00:29:58,490 --> 00:29:56,340

see

726  
00:29:59,810 --> 00:29:58,500  
what if anything they have to say about

727  
00:30:02,389 --> 00:29:59,820  
Roswell

728  
00:30:05,870 --> 00:30:02,399  
because they they they just can't

729  
00:30:08,930 --> 00:30:05,880  
compete with the the 30 years ago I

730  
00:30:12,409 --> 00:30:08,940  
spent 30 plus years Don Schmidt spent 30

731  
00:30:15,649 --> 00:30:12,419  
plus years on the case we developed

732  
00:30:18,409 --> 00:30:15,659  
from every point in the case from the

733  
00:30:20,750 --> 00:30:18,419  
crash to the delivery at Wright

734  
00:30:22,850 --> 00:30:20,760  
Patterson we have witnesses all along

735  
00:30:27,950 --> 00:30:22,860  
the trajectory

736  
00:30:29,750 --> 00:30:27,960  
the record unfortunately they're all

737  
00:30:31,130 --> 00:30:29,760  
dead now that's that's one of the

738  
00:30:34,669 --> 00:30:31,140

problems

739

00:30:37,190 --> 00:30:34,679

uh future researchers all of the first

740

00:30:38,630 --> 00:30:37,200

hand witnesses that we know of or that

741

00:30:42,649 --> 00:30:38,640

are gone

742

00:30:43,730 --> 00:30:42,659

so uh but we got we we have more than

743

00:30:46,490 --> 00:30:43,740

enough

744

00:30:47,450 --> 00:30:46,500

uh to really knock this thing out of the

745

00:30:51,110 --> 00:30:47,460

park

746

00:30:53,690 --> 00:30:51,120

wow and throughout your book there were

747

00:30:55,789 --> 00:30:53,700

several references to potentially two or

748

00:30:57,350 --> 00:30:55,799

three other crashes that were alleged to

749

00:30:59,930 --> 00:30:57,360

have happened in just a few years right

750

00:31:02,389 --> 00:30:59,940

after Roswell what do you make of of

751  
00:31:05,930 --> 00:31:02,399  
those stories and those reports uh Kelly

752  
00:31:08,330 --> 00:31:05,940  
uh I've heard those stories too

753  
00:31:11,690 --> 00:31:08,340  
the uh

754  
00:31:16,610 --> 00:31:11,700  
the one crash I talking about is this

755  
00:31:19,310 --> 00:31:16,620  
Cape Girardeau in Missouri 1941.

756  
00:31:21,649 --> 00:31:19,320  
the problem with that case is that

757  
00:31:26,510 --> 00:31:21,659  
there's only one witness

758  
00:31:30,169 --> 00:31:26,520  
of that magnitude you have to have more

759  
00:31:33,649 --> 00:31:30,179  
than just one witness who's long dead

760  
00:31:38,029 --> 00:31:33,659  
and the other one is I believe a hoax

761  
00:31:40,970 --> 00:31:38,039  
it's it's the 1945 case that allegedly

762  
00:31:44,930 --> 00:31:40,980  
occurred in San Antonio New Mexico not

763  
00:31:46,490 --> 00:31:44,940

San Antonio Texas but San Antonio New

764

00:31:49,750 --> 00:31:46,500

Mexico

765

00:31:52,549 --> 00:31:49,760

and the witness

766

00:31:55,730 --> 00:31:52,559

first they went to Stanton Friedman

767

00:31:57,710 --> 00:31:55,740

fellow uh Roswell investigator the the

768

00:31:59,990 --> 00:31:57,720

original Roswell investigator who

769

00:32:01,610 --> 00:32:00,000

unfortunately passed away three three

770

00:32:04,070 --> 00:32:01,620

years ago

771

00:32:06,250 --> 00:32:04,080

uh this witness I won't name them

772

00:32:09,769 --> 00:32:06,260

because I don't want to get in trouble

773

00:32:12,169 --> 00:32:09,779

uh he came to a stand he says all right

774

00:32:14,330 --> 00:32:12,179

I don't want any part of this case so he

775

00:32:17,149 --> 00:32:14,340

came to me

776

00:32:19,850 --> 00:32:17,159

and so I'm listening to this story and

777

00:32:23,090 --> 00:32:19,860

I'm thinking my goodness uh

778

00:32:25,669 --> 00:32:23,100

he he's only this is only one witness

779

00:32:28,610 --> 00:32:25,679

he's crane they had a little crash in

780

00:32:30,649 --> 00:32:28,620

1945 with all these other Witnesses but

781

00:32:33,950 --> 00:32:30,659

none of whom he could name

782

00:32:35,990 --> 00:32:33,960

and finally he said to me how can I make

783

00:32:38,750 --> 00:32:36,000

money off of this case and that was that

784

00:32:41,990 --> 00:32:38,760

was the Clincher for me that this was a

785

00:32:44,630 --> 00:32:42,000

funny case because he wanted to know

786

00:32:46,789 --> 00:32:44,640

how he could make money on this case the

787

00:32:48,470 --> 00:32:46,799

other thing was I said do you have any

788

00:32:51,470 --> 00:32:48,480

physical evidence do you have any photos

789

00:32:55,610 --> 00:32:51,480

oh I have a photo I have a photo

790

00:32:58,549 --> 00:32:55,620

he sent me a photo Kelly it looked like

791

00:33:01,010 --> 00:32:58,559

now you know what a swivel chair the

792

00:33:03,230 --> 00:33:01,020

base that what it what it stands on is

793

00:33:05,990 --> 00:33:03,240

there something like this and the legs

794

00:33:08,269 --> 00:33:06,000

go out a swivel chair it looked like the

795

00:33:09,950 --> 00:33:08,279

face of a swivel chair that somebody had

796

00:33:12,350 --> 00:33:09,960

painted silver

797

00:33:13,850 --> 00:33:12,360

and I said I'm sorry this doesn't this

798

00:33:16,909 --> 00:33:13,860

doesn't do it

799

00:33:18,769 --> 00:33:16,919

and and further investigation of it it

800

00:33:23,210 --> 00:33:18,779

turned out to be

801  
00:33:25,909 --> 00:33:23,220  
a housing to a women one of the flanges

802  
00:33:28,669 --> 00:33:25,919  
on a windmill the housing on it that

803  
00:33:30,769 --> 00:33:28,679  
somebody had painted silver and uh

804  
00:33:32,810 --> 00:33:30,779  
that's the other case

805  
00:33:36,230 --> 00:33:32,820  
yep that's a hoax

806  
00:33:38,630 --> 00:33:36,240  
the Cape Gerardo case I don't call it a

807  
00:33:41,269 --> 00:33:38,640  
hoax but it there's not enough there

808  
00:33:44,450 --> 00:33:41,279  
it's only one witness and

809  
00:33:46,970 --> 00:33:44,460  
that doesn't do it for me you know so

810  
00:33:48,710 --> 00:33:46,980  
yeah absolutely and I'm sure that you're

811  
00:33:50,330 --> 00:33:48,720  
those are the other two

812  
00:33:52,130 --> 00:33:50,340  
well I'm sure you're wading through that

813  
00:33:54,409 --> 00:33:52,140

kind of stuff all the time you know here

814

00:33:56,090 --> 00:33:54,419

yeah stories that either you can't

815

00:33:58,310 --> 00:33:56,100

confirm or stories that you think are a

816

00:34:02,029 --> 00:33:58,320

hoax until you find you know yes right

817

00:34:04,490 --> 00:34:02,039

every every time we get a a case and

818

00:34:07,070 --> 00:34:04,500

right now I have to tell you that those

819

00:34:09,589 --> 00:34:07,080

that's few and far between these days

820

00:34:12,230 --> 00:34:09,599

because everybody's dead

821

00:34:15,889 --> 00:34:12,240

uh every time we get a case it involves

822

00:34:18,470 --> 00:34:15,899

either wreckage visible wreckage or

823

00:34:19,550 --> 00:34:18,480

bodies that goes right to the top of our

824

00:34:22,010 --> 00:34:19,560

list

825

00:34:24,649 --> 00:34:22,020

and we that's we drop everything and

826

00:34:26,810 --> 00:34:24,659

investigate that to see where it leads

827

00:34:29,990 --> 00:34:26,820

because those are the two most important

828

00:34:32,329 --> 00:34:30,000

things uh lacking in our

829

00:34:34,430 --> 00:34:32,339

evidence is a

830

00:34:37,970 --> 00:34:34,440

piece of physical evidence that we can

831

00:34:41,750 --> 00:34:37,980

show to call it press conference

832

00:34:44,030 --> 00:34:41,760

a live and not have to send it away to

833

00:34:46,849 --> 00:34:44,040

some laboratory that you'll never you

834

00:34:50,570 --> 00:34:46,859

know never hear from it again I am told

835

00:34:53,389 --> 00:34:50,580

that by a associate of mine

836

00:34:54,770 --> 00:34:53,399

who's an excellent investigator I won't

837

00:34:56,329 --> 00:34:54,780

give his name because I don't know if he

838

00:34:59,510 --> 00:34:56,339

wants me to use his name or not but he's

839

00:35:02,089 --> 00:34:59,520

been on on the case working with us for

840

00:35:03,530 --> 00:35:02,099

the last somewhere between 10 and 15

841

00:35:05,750 --> 00:35:03,540

years

842

00:35:08,990 --> 00:35:05,760

uh he was told

843

00:35:12,170 --> 00:35:09,000

by a doctor who was there

844

00:35:16,490 --> 00:35:12,180

that there are tissue tissue samples at

845

00:35:18,650 --> 00:35:16,500

Walter Reed hospital in Washington DC um

846

00:35:20,870 --> 00:35:18,660

you know one of the Roswell aliens or

847

00:35:22,430 --> 00:35:20,880

more but he said they're a reputable

848

00:35:25,069 --> 00:35:22,440

source told him

849

00:35:26,810 --> 00:35:25,079

that tissue samples from one of one or

850

00:35:30,109 --> 00:35:26,820

more of the Roswell

851

00:35:34,250 --> 00:35:30,119

uh bodies is still at

852

00:35:36,770 --> 00:35:34,260

Walter Reed in Washington DC which makes

853

00:35:38,089 --> 00:35:36,780

sense because that was a you know Walter

854

00:35:41,030 --> 00:35:38,099

Reed hospital

855

00:35:42,829 --> 00:35:41,040

and we have another witness on his

856

00:35:47,390 --> 00:35:42,839

Deathbed

857

00:35:50,930 --> 00:35:47,400

I'm going to be giving a talk in May

858

00:35:54,230 --> 00:35:50,940

of deathbed confessions that were

859

00:35:55,069 --> 00:35:54,240

related to Roswell and on his death

860

00:35:59,030 --> 00:35:55,079

there

861

00:36:01,430 --> 00:35:59,040

he was a former head of FTD for the the

862

00:36:03,290 --> 00:36:01,440

uh

863

00:36:05,150 --> 00:36:03,300

foreign technology division at

864

00:36:07,609 --> 00:36:05,160

Wright-Patterson his name is George

865

00:36:10,390 --> 00:36:07,619

weinbrenner colonel

866

00:36:13,130 --> 00:36:10,400

on his deathbed he said we have five

867

00:36:15,770 --> 00:36:13,140

alien bodies

868

00:36:19,730 --> 00:36:15,780

in Utah

869

00:36:21,050 --> 00:36:19,740

well that would be Area 52 dugway

870

00:36:22,730 --> 00:36:21,060

don't worry

871

00:36:24,950 --> 00:36:22,740

and it makes sense

872

00:36:27,950 --> 00:36:24,960

because when things got too hard at Area

873

00:36:30,349 --> 00:36:27,960

51 in Nevada they moved it all to Area

874

00:36:32,390 --> 00:36:30,359

52 in Utah

875

00:36:37,069 --> 00:36:32,400

and that would be the dugway Proving

876

00:36:39,589 --> 00:36:37,079

Grounds very similar to area 51. so that

877

00:36:41,390 --> 00:36:39,599

things like that is what we're told that

878

00:36:43,970 --> 00:36:41,400

five of them and there were five of them

879

00:36:46,849 --> 00:36:43,980

at Roswell

880

00:36:48,710 --> 00:36:46,859

wound up at uh first that was right

881

00:36:52,130 --> 00:36:48,720

Patterson but

882

00:36:53,390 --> 00:36:52,140

ultimately they wound up at the Area 52

883

00:36:57,290 --> 00:36:53,400

dugway

884

00:37:00,050 --> 00:36:57,300

in Utah which is was a military Proving

885

00:37:04,670 --> 00:37:00,060

Ground during World War II and a lot of

886

00:37:07,010 --> 00:37:04,680

secret stuff going on there as we speak

887

00:37:09,589 --> 00:37:07,020

wow that's fascinating

888

00:37:11,810 --> 00:37:09,599

so a chapter of the book that I really

889

00:37:13,250 --> 00:37:11,820

appreciated was the one about Hangar 18.

890

00:37:14,870 --> 00:37:13,260

oh yeah because there's been a ton of

891

00:37:16,790 --> 00:37:14,880

debate over the years about whether or

892

00:37:18,950 --> 00:37:16,800

not it even exists can you briefly

893

00:37:21,530 --> 00:37:18,960

explain for listeners uh first of all

894

00:37:23,630 --> 00:37:21,540

why Hanger 18 is significant but also

895

00:37:26,329 --> 00:37:23,640

what you found out about its actual

896

00:37:28,310 --> 00:37:26,339

existence and location yes yes thank you

897

00:37:30,829 --> 00:37:28,320

because that's an easy that's for me

898

00:37:32,210 --> 00:37:30,839

that's a softball question

899

00:37:39,589 --> 00:37:32,220

uh

900

00:37:41,870 --> 00:37:39,599

and I put that in quotation marks

901  
00:37:44,510 --> 00:37:41,880  
was the uh

902  
00:37:48,290 --> 00:37:44,520  
in at Roy Patterson there's something

903  
00:37:54,470 --> 00:37:48,300  
called the building 18 complex

904  
00:37:56,150 --> 00:37:54,480  
it's a uh uh a uh conglomerate of seven

905  
00:38:00,349 --> 00:37:56,160  
or eight buildings starting with

906  
00:38:05,089 --> 00:38:00,359  
building 18 then building 18a through 18

907  
00:38:07,069 --> 00:38:05,099  
G or ghr some one of those things but in

908  
00:38:10,250 --> 00:38:07,079  
that complex

909  
00:38:14,390 --> 00:38:10,260  
there's only one hair

910  
00:38:17,750 --> 00:38:14,400  
and it's it's hanger 23. okay it's

911  
00:38:19,970 --> 00:38:17,760  
hanger 23 and why they don't call it

912  
00:38:23,270 --> 00:38:19,980  
Hangar 18i it's just it's just just

913  
00:38:25,130 --> 00:38:23,280

admit it folks just admit it but they

914

00:38:28,609 --> 00:38:25,140

they give and they have given it the

915

00:38:31,130 --> 00:38:28,619

name Hangar 23. well that's the hangar I

916

00:38:33,050 --> 00:38:31,140

was talking about in World War II they

917

00:38:36,530 --> 00:38:33,060

were doing the back engineering

918

00:38:38,089 --> 00:38:36,540

okay they're already in that business

919

00:38:41,329 --> 00:38:38,099

and so

920

00:38:42,650 --> 00:38:41,339

Along Comes the the Roswell case and

921

00:38:44,870 --> 00:38:42,660

that's where the that's where the

922

00:38:47,990 --> 00:38:44,880

physical evidence went that's where it

923

00:38:50,450 --> 00:38:48,000

went Hangar 23. so how does it become

924

00:38:52,970 --> 00:38:50,460

Hangar 18 well

925

00:38:57,470 --> 00:38:52,980

down in Florida you know a lot of

926

00:39:00,069 --> 00:38:57,480

military people retire to Florida

927

00:39:02,630 --> 00:39:00,079

especially from the East Coast

928

00:39:06,050 --> 00:39:02,640

on the west coast they go to Sedona

929

00:39:08,270 --> 00:39:06,060

Arizona or San Antonio Texas

930

00:39:10,790 --> 00:39:08,280

but on the East Coast they they would go

931

00:39:12,710 --> 00:39:10,800

to Florida oftentimes and there was a

932

00:39:15,530 --> 00:39:12,720

fellow down there named

933

00:39:17,930 --> 00:39:15,540

uh Professor Robert Spencer Carr he was

934

00:39:20,390 --> 00:39:17,940

no Professor he uh he gave himself for

935

00:39:22,790 --> 00:39:20,400

that Appalachian professor

936

00:39:25,609 --> 00:39:22,800

but he started talking about this is

937

00:39:27,770 --> 00:39:25,619

like in 1974 and I remember this because

938

00:39:29,810 --> 00:39:27,780

it made national news

939

00:39:31,430 --> 00:39:29,820

he started talking about this herringer

940

00:39:34,370 --> 00:39:31,440

18.

941

00:39:37,250 --> 00:39:34,380

at Wright-Patterson where all of the

942

00:39:39,349 --> 00:39:37,260

the bodies the alien bodies were stored

943

00:39:41,329 --> 00:39:39,359

now where did he get those

944

00:39:43,730 --> 00:39:41,339

those stories he got them from the

945

00:39:46,970 --> 00:39:43,740

retirees that had worked at

946

00:39:49,130 --> 00:39:46,980

Wright-Patterson retired to Florida they

947

00:39:52,370 --> 00:39:49,140

know he they they knew he was already in

948

00:39:54,410 --> 00:39:52,380

a flying saucer business by giving talks

949

00:39:57,589 --> 00:39:54,420

so they would come up to him afterwards

950

00:40:00,609 --> 00:39:57,599

and say he well you know Professor I

951  
00:40:02,450 --> 00:40:00,619  
worked the Harrier or Hangar 18 and uh

952  
00:40:04,130 --> 00:40:02,460  
Wright-Patterson and that's where they

953  
00:40:06,109 --> 00:40:04,140  
had all the wreckage and the bodies and

954  
00:40:09,710 --> 00:40:06,119  
all that sort of so that's where the

955  
00:40:13,430 --> 00:40:09,720  
story of Hangar 18 got started

956  
00:40:15,710 --> 00:40:13,440  
okay by Professor Robert Professor

957  
00:40:18,349 --> 00:40:15,720  
Robert Spencer Carr

958  
00:40:21,589 --> 00:40:18,359  
so how does hangar 23

959  
00:40:24,470 --> 00:40:21,599  
become Hangar 18 well

960  
00:40:27,950 --> 00:40:24,480  
out of uh you know people were always

961  
00:40:30,650 --> 00:40:27,960  
using short uh you know when they're

962  
00:40:32,089 --> 00:40:30,660  
short something up or something is more

963  
00:40:33,829 --> 00:40:32,099

convenient

964

00:40:38,210 --> 00:40:33,839

well you have all these buildings

965

00:40:41,329 --> 00:40:38,220

building 18s in this complex

966

00:40:43,010 --> 00:40:41,339

well where to them it was Hangar 18 it

967

00:40:46,609 --> 00:40:43,020

was the only hangar in the building 18

968

00:40:49,910 --> 00:40:46,619

complex and uh so they would call it

969

00:40:52,849 --> 00:40:49,920

Hangar 18 out of convenience

970

00:40:55,490 --> 00:40:52,859

but it's really Hangar 23 because that's

971

00:40:56,750 --> 00:40:55,500

where all the back engineering took

972

00:40:59,810 --> 00:40:56,760

place

973

00:41:03,589 --> 00:40:59,820

so that that's the story of how Hangar

974

00:41:07,550 --> 00:41:03,599

18 got its name it's really hangar 23.

975

00:41:10,190 --> 00:41:07,560

and uh but we that took a lot of work

976  
00:41:13,069 --> 00:41:10,200  
but piecing the story together for

977  
00:41:16,030 --> 00:41:13,079  
Professor Robert Spencer Carr in Florida

978  
00:41:18,589 --> 00:41:16,040  
getting all these little stories from

979  
00:41:20,690 --> 00:41:18,599  
retirees that had worked there

980  
00:41:22,430 --> 00:41:20,700  
so he started talking about it and it

981  
00:41:25,609 --> 00:41:22,440  
was picked up by the

982  
00:41:30,430 --> 00:41:25,619  
main mainstream news and the reason I

983  
00:41:33,410 --> 00:41:30,440  
remember that is I was on my way to uh

984  
00:41:35,930 --> 00:41:33,420  
Toronto to continue my anthropology

985  
00:41:37,910 --> 00:41:35,940  
studies and I heard this story on the

986  
00:41:40,010 --> 00:41:37,920  
radio and I said oh my goodness I want

987  
00:41:42,470 --> 00:41:40,020  
to stay here and listen listen to this

988  
00:41:46,190 --> 00:41:42,480

but I had to catch a flight to Toronto

989

00:41:48,710 --> 00:41:46,200

to start my doctorate studies but by the

990

00:41:49,730 --> 00:41:48,720

time I got to the Toronto the story was

991

00:41:55,069 --> 00:41:49,740

dead

992

00:41:57,710 --> 00:41:55,079

and uh it wasn't until that was 1974. so

993

00:42:00,650 --> 00:41:57,720

it wasn't until 78

994

00:42:03,170 --> 00:42:00,660

when Jesse Marcel the base intelligence

995

00:42:05,450 --> 00:42:03,180

officer went public with the it was Stan

996

00:42:09,050 --> 00:42:05,460

Friedman and William Moore and they

997

00:42:11,450 --> 00:42:09,060

wrote the 1980 book the Roswell incident

998

00:42:15,589 --> 00:42:11,460

which when I read it it just blew me

999

00:42:18,290 --> 00:42:15,599

away for uh as far as UFOs are concerns

1000

00:42:22,970 --> 00:42:18,300

that oh there's nothing like this story

1001

00:42:26,030 --> 00:42:22,980

and uh I became active in 1991 with

1002

00:42:28,490 --> 00:42:26,040

their Don Schmidt and Kevin Randall I

1003

00:42:31,490 --> 00:42:28,500

joined their team in 91.

1004

00:42:34,250 --> 00:42:31,500

and uh don Schmidt and I had been a team

1005

00:42:38,750 --> 00:42:34,260

together since 1998.

1006

00:42:42,530 --> 00:42:38,760

so that's a long time for one one case

1007

00:42:43,790 --> 00:42:42,540

right but it I just found that it was so

1008

00:42:46,130 --> 00:42:43,800

compelling

1009

00:42:47,690 --> 00:42:46,140

and every time we found a new witness it

1010

00:42:49,790 --> 00:42:47,700

just was like a recharge of your

1011

00:42:51,890 --> 00:42:49,800

batteries boom we got it let's go for

1012

00:42:55,370 --> 00:42:51,900

more and uh

1013

00:42:58,430 --> 00:42:55,380

so here we are 12 books later

1014

00:43:02,569 --> 00:42:58,440

and there's the way we look at it

1015

00:43:04,490 --> 00:43:02,579

there's nothing more to really do for us

1016

00:43:07,069 --> 00:43:04,500

other than to

1017

00:43:09,109 --> 00:43:07,079

you know try to uh

1018

00:43:11,450 --> 00:43:09,119

or if something comes across our desk

1019

00:43:13,609 --> 00:43:11,460

you know we'll look at it but we're not

1020

00:43:15,890 --> 00:43:13,619

out there you know as they say pounding

1021

00:43:17,450 --> 00:43:15,900

the pavement to find new Witnesses

1022

00:43:21,170 --> 00:43:17,460

because they're all they're all born

1023

00:43:23,630 --> 00:43:21,180

they're all gone so we're hoping for a

1024

00:43:25,309 --> 00:43:23,640

piece of physical evidence we'll turn up

1025

00:43:27,950 --> 00:43:25,319

we know they're out there

1026

00:43:31,069 --> 00:43:27,960

where we hope that it turns up somewhere

1027

00:43:33,770 --> 00:43:31,079

or less likely the Air Force or the

1028

00:43:37,069 --> 00:43:33,780

military in their next report will come

1029

00:43:38,750 --> 00:43:37,079

clean and we're not we're not expecting

1030

00:43:41,150 --> 00:43:38,760

that but uh

1031

00:43:42,890 --> 00:43:41,160

that's where we are we where we're at

1032

00:43:45,349 --> 00:43:42,900

right now Kelly

1033

00:43:47,329 --> 00:43:45,359

well speaking of physical

1034

00:43:49,250 --> 00:43:47,339

for me one of the revelations in your

1035

00:43:52,250 --> 00:43:49,260

book that I

1036

00:43:53,630 --> 00:43:52,260

chair had to do with that uh memory

1037

00:43:56,089 --> 00:43:53,640

medal that you were talking about

1038

00:43:58,970 --> 00:43:56,099

earlier that you and your co-author

1039

00:44:00,230 --> 00:43:58,980

um dubbed the Holy Grail of Roswell so

1040

00:44:01,970 --> 00:44:00,240

this is something that has an absolutely

1041

00:44:04,309 --> 00:44:01,980

legendary status within the UFO

1042

00:44:05,870 --> 00:44:04,319

Community but what was really shocking

1043

00:44:08,210 --> 00:44:05,880

for me was that it seems like you guys

1044

00:44:10,430 --> 00:44:08,220

were able to track down you know short

1045

00:44:12,290 --> 00:44:10,440

of actually holding it in your hand a

1046

00:44:14,750 --> 00:44:12,300

smoking as close as you can get to a

1047

00:44:16,490 --> 00:44:14,760

Smoking Gun that this metal actually

1048

00:44:18,410 --> 00:44:16,500

exists so could you talk about that a

1049

00:44:21,890 --> 00:44:18,420

little bit yes there are there are right

1050

00:44:25,870 --> 00:44:21,900

now there are two smoking guns

1051  
00:44:28,730 --> 00:44:25,880  
for the Roswell incident one is the

1052  
00:44:30,230 --> 00:44:28,740  
Telex that General Ramey is holding in

1053  
00:44:34,309 --> 00:44:30,240  
his hand

1054  
00:44:36,829 --> 00:44:34,319  
uh these the the the day that the the

1055  
00:44:40,309 --> 00:44:36,839  
case was announced in the newspaper in

1056  
00:44:41,630 --> 00:44:40,319  
1947 he's holding a memo that he just

1057  
00:44:45,290 --> 00:44:41,640  
received

1058  
00:44:48,109 --> 00:44:45,300  
uh from uh Washington

1059  
00:44:50,329 --> 00:44:48,119  
and somebody a press person took a

1060  
00:44:52,910 --> 00:44:50,339  
picture of him kneeling by this weather

1061  
00:44:55,550 --> 00:44:52,920  
balloon which he was putting out the

1062  
00:44:59,990 --> 00:44:55,560  
weather balloon story and in this memo

1063  
00:45:01,970 --> 00:45:00,000

with today's photographic uh programs we

1064

00:45:04,730 --> 00:45:01,980

could actually read parts of the memo

1065

00:45:07,309 --> 00:45:04,740

and it's talking about victims of the

1066

00:45:09,770 --> 00:45:07,319

wreck well there's no there's no weather

1067

00:45:11,750 --> 00:45:09,780

balloon where you have a victim even if

1068

00:45:13,069 --> 00:45:11,760

it lands on your head you know you're

1069

00:45:15,770 --> 00:45:13,079

not a victim

1070

00:45:19,430 --> 00:45:15,780

victims of the wreck and it mentions the

1071

00:45:21,530 --> 00:45:19,440

disc disk in parentheses and so that's

1072

00:45:24,530 --> 00:45:21,540

one Smoking Gun because it's talking

1073

00:45:29,569 --> 00:45:24,540

about not a crash of a weather balloon

1074

00:45:30,890 --> 00:45:29,579

but uh the uh UFO that this the flying

1075

00:45:33,650 --> 00:45:30,900

source of

1076

00:45:36,770 --> 00:45:33,660

the second Smoking Gun

1077

00:45:38,990 --> 00:45:36,780

of what we call the memory bill that's

1078

00:45:41,270 --> 00:45:39,000

what they were most interested in in the

1079

00:45:43,670 --> 00:45:41,280

record you had a you know you had a very

1080

00:45:45,710 --> 00:45:43,680

stiff wreckage which you know couldn't

1081

00:45:48,109 --> 00:45:45,720

couldn't bend at all but this memory

1082

00:45:50,150 --> 00:45:48,119

Mill there was a lot of it

1083

00:45:52,609 --> 00:45:50,160

in the crash scene

1084

00:45:54,170 --> 00:45:52,619

and you can pick it up at a very large

1085

00:45:55,609 --> 00:45:54,180

you would want it up in your hand it

1086

00:45:59,630 --> 00:45:55,619

felt like you had nothing in your hand

1087

00:46:02,450 --> 00:45:59,640

open your hand or just float around

1088

00:46:04,190 --> 00:46:02,460

there and you couldn't cut it scratch it

1089

00:46:08,329 --> 00:46:04,200

do anything to it

1090

00:46:09,910 --> 00:46:08,339

and so our associate uh who I mentioned

1091

00:46:12,950 --> 00:46:09,920

previously

1092

00:46:15,230 --> 00:46:12,960

uh he took it upon himself he wanted to

1093

00:46:18,829 --> 00:46:15,240

know whatever became of the

1094

00:46:21,589 --> 00:46:18,839

wreckage whatever became of the records

1095

00:46:23,329 --> 00:46:21,599

so he of course started with Wright

1096

00:46:24,890 --> 00:46:23,339

Patterson because we know that's where

1097

00:46:28,690 --> 00:46:24,900

it went

1098

00:46:33,230 --> 00:46:28,700

and so he uh

1099

00:46:34,790 --> 00:46:33,240

somehow I think he he sent Freedom of

1100

00:46:37,309 --> 00:46:34,800

Information

1101  
00:46:41,150 --> 00:46:37,319  
act requests to the defense department

1102  
00:46:43,190 --> 00:46:41,160  
and to write right Patterson got nowhere

1103  
00:46:45,290 --> 00:46:43,200  
got nowhere

1104  
00:46:49,430 --> 00:46:45,300  
but somehow

1105  
00:46:51,829 --> 00:46:49,440  
he latched on to this uh oh he also

1106  
00:46:55,790 --> 00:46:51,839  
Patel Memorial Institute in Columbus

1107  
00:46:59,470 --> 00:46:55,800  
Ohio that's where Wright Patterson when

1108  
00:47:01,550 --> 00:46:59,480  
they had a project that involved

1109  
00:47:05,630 --> 00:47:01,560  
material and something they would send

1110  
00:47:08,270 --> 00:47:05,640  
it to Patel to invest to uh analyze

1111  
00:47:11,809 --> 00:47:08,280  
so he found out that the wreckage

1112  
00:47:14,930 --> 00:47:11,819  
went to Patel Memorial Institute uh and

1113  
00:47:18,050 --> 00:47:14,940

date in Columbus Ohio

1114

00:47:19,910 --> 00:47:18,060

and he kept digging around and oh well

1115

00:47:22,250 --> 00:47:19,920

no nothing here at all we didn't have

1116

00:47:24,950 --> 00:47:22,260

anything going on we actually found out

1117

00:47:29,329 --> 00:47:24,960

from the Department of Defense

1118

00:47:31,730 --> 00:47:29,339

that they did have something at Patel oh

1119

00:47:33,530 --> 00:47:31,740

oh he always have it I'm sorry we found

1120

00:47:34,370 --> 00:47:33,540

yes you're right you're right we found

1121

00:47:37,849 --> 00:47:34,380

it

1122

00:47:38,990 --> 00:47:37,859

but firstly told him to get lost but he

1123

00:47:40,309 --> 00:47:39,000

got

1124

00:47:44,030 --> 00:47:40,319

these

1125

00:47:48,230 --> 00:47:44,040

at least four progress reports

1126  
00:47:49,910 --> 00:47:48,240  
on the project to back engineer this

1127  
00:47:53,150 --> 00:47:49,920  
memory medal

1128  
00:47:56,510 --> 00:47:53,160  
and patero they wanted nothing to do

1129  
00:47:59,030 --> 00:47:56,520  
with UFOs they said you know if we ever

1130  
00:48:00,829 --> 00:47:59,040  
ever make a report on this don't use our

1131  
00:48:01,609 --> 00:48:00,839  
name we don't wanna we don't want our

1132  
00:48:05,150 --> 00:48:01,619  
name

1133  
00:48:08,390 --> 00:48:05,160  
associated with anything to do with UFOs

1134  
00:48:11,510 --> 00:48:08,400  
so they laundered the discovery of it

1135  
00:48:14,750 --> 00:48:11,520  
was made out of mostly titanium just

1136  
00:48:18,170 --> 00:48:14,760  
Memory Metal and some other known

1137  
00:48:22,069 --> 00:48:18,180  
element that they could that uh

1138  
00:48:24,770 --> 00:48:22,079

that was that the we got the information

1139

00:48:26,930 --> 00:48:24,780

also from the base commander he said it

1140

00:48:29,270 --> 00:48:26,940

was uh titanium and some other element

1141

00:48:32,329 --> 00:48:29,280

he couldn't remember so what that what

1142

00:48:36,349 --> 00:48:32,339

Patel did is they laundered it

1143

00:48:38,210 --> 00:48:36,359

through the naval Ordnance lab in uh

1144

00:48:42,309 --> 00:48:38,220

Maryland

1145

00:48:44,990 --> 00:48:42,319

so in 1962 the naval ordinance

1146

00:48:48,290 --> 00:48:45,000

laboratory in Maryland May announce the

1147

00:48:51,349 --> 00:48:48,300

discovery or the creation of this new

1148

00:48:53,089 --> 00:48:51,359

amalgam called nitinol it's spelled

1149

00:48:57,530 --> 00:48:53,099

n-i-t-i

1150

00:48:59,450 --> 00:48:57,540

oh well knit ni stands for nickel TI

1151  
00:49:03,170 --> 00:48:59,460  
stands for titanium

1152  
00:49:06,050 --> 00:49:03,180  
and nol stands for in our Naval Ordnance

1153  
00:49:08,690 --> 00:49:06,060  
lab ratel did the work but they

1154  
00:49:11,270 --> 00:49:08,700  
laundered the the results through the

1155  
00:49:13,970 --> 00:49:11,280  
naval ordinance lab so they wouldn't be

1156  
00:49:15,770 --> 00:49:13,980  
associated with UFOs so you can look up

1157  
00:49:18,950 --> 00:49:15,780  
nitinol

1158  
00:49:21,829 --> 00:49:18,960  
in your browser you can buy it by the

1159  
00:49:24,109 --> 00:49:21,839  
coil you can buy it by the roll you can

1160  
00:49:26,750 --> 00:49:24,119  
buy it by the sheet

1161  
00:49:31,609 --> 00:49:26,760  
what its Origins

1162  
00:49:32,990 --> 00:49:31,619  
came from the Roswell crash of 1947 the

1163  
00:49:35,870 --> 00:49:33,000

memory medal

1164

00:49:39,069 --> 00:49:35,880

it tries to uh

1165

00:49:42,290 --> 00:49:39,079

uh mimic the memory mirror which it does

1166

00:49:45,470 --> 00:49:42,300

with one except with one except that you

1167

00:49:47,450 --> 00:49:45,480

can cut it but the original you can the

1168

00:49:49,190 --> 00:49:47,460

original you can't the format in any way

1169

00:49:52,190 --> 00:49:49,200

but this knits and all does everything

1170

00:49:54,829 --> 00:49:52,200

you can they use it in their your

1171

00:49:56,990 --> 00:49:54,839

eyeglass frames anything that requires

1172

00:50:00,530 --> 00:49:57,000

shape recovery

1173

00:50:02,750 --> 00:50:00,540

methanol

1174

00:50:04,250 --> 00:50:02,760

and it comes from

1175

00:50:07,130 --> 00:50:04,260

uh

1176

00:50:09,950 --> 00:50:07,140

Patel that did the work on it it's a

1177

00:50:13,430 --> 00:50:09,960

combination of titanium and nickel they

1178

00:50:17,870 --> 00:50:13,440

did all so our associate has four

1179

00:50:20,750 --> 00:50:17,880

progress reports of this project

1180

00:50:22,309 --> 00:50:20,760

and it's a it was an amazing piece of

1181

00:50:25,730 --> 00:50:22,319

research

1182

00:50:28,190 --> 00:50:25,740

and it there's no doubt there's no doubt

1183

00:50:30,349 --> 00:50:28,200

because they were trying to re-uh

1184

00:50:32,210 --> 00:50:30,359

re-engineer the memory metal we also

1185

00:50:35,450 --> 00:50:32,220

have a

1186

00:50:37,010 --> 00:50:35,460

fellow it was from Lawrence Livermore

1187

00:50:39,230 --> 00:50:37,020

labs this is another government

1188

00:50:42,349 --> 00:50:39,240

laboratory in California Livermore

1189

00:50:43,309 --> 00:50:42,359

California they set some material out

1190

00:50:45,710 --> 00:50:43,319

there

1191

00:50:48,530 --> 00:50:45,720

they don't they didn't tell them where

1192

00:50:50,690 --> 00:50:48,540

it came from but hey take a look at this

1193

00:50:53,510 --> 00:50:50,700

see what it's made out of and tell us

1194

00:50:56,630 --> 00:50:53,520

and uh he contacted me he says yeah I

1195

00:50:59,990 --> 00:50:56,640

have a I I kept the piece of it and he

1196

00:51:02,030 --> 00:51:00,000

sent me a piece of it or that I haven't

1197

00:51:04,849 --> 00:51:02,040

a picture of it my computer he says but

1198

00:51:06,589 --> 00:51:04,859

on the on the uh promise that I never

1199

00:51:10,130 --> 00:51:06,599

give his name

1200

00:51:14,150 --> 00:51:10,140

or send a picture to anybody so that's

1201

00:51:17,150 --> 00:51:14,160

sort of a tease but uh I have a picture

1202

00:51:19,069 --> 00:51:17,160

of it in my computer and it's uh it is

1203

00:51:23,210 --> 00:51:19,079

silvery looking

1204

00:51:25,549 --> 00:51:23,220

but that's the the best well it's a

1205

00:51:27,530 --> 00:51:25,559

smoking dawn it's a Smoking Gun because

1206

00:51:33,890 --> 00:51:27,540

you can trace

1207

00:51:36,890 --> 00:51:33,900

to internal from the crash site

1208

00:51:39,890 --> 00:51:36,900

to to Roswell Army Airfield to

1209

00:51:42,650 --> 00:51:39,900

Wright-Patterson Air Force Base to Patel

1210

00:51:45,470 --> 00:51:42,660

Memorial Institute in Columbus Ohio to

1211

00:51:48,890 --> 00:51:45,480

the naval Ordnance lab who announced the

1212

00:51:51,170 --> 00:51:48,900

quote-unquote uh discovery

1213

00:51:52,790 --> 00:51:51,180

oh that is just astonishing I mean

1214

00:51:55,010 --> 00:51:52,800

there's so much in this book that really

1215

00:51:57,710 --> 00:51:55,020

pulled me over but of all of it to me

1216

00:51:59,569 --> 00:51:57,720

that was but that that was that's a

1217

00:52:01,549 --> 00:51:59,579

Smoking Gun too

1218

00:52:03,589 --> 00:52:01,559

no not at all I think that's the most

1219

00:52:05,690 --> 00:52:03,599

interesting thing in the whole book like

1220

00:52:08,030 --> 00:52:05,700

it's and it's a fantastic book but I I

1221

00:52:10,849 --> 00:52:08,040

was really Blown Away by that what yeah

1222

00:52:14,390 --> 00:52:10,859

what nitinol in your browser and you'll

1223

00:52:16,809 --> 00:52:14,400

see what comes up that's our best effort

1224

00:52:20,870 --> 00:52:16,819

of trying to re-year

1225

00:52:23,750 --> 00:52:20,880

re-engineer the Roswell memory medal

1226

00:52:26,150 --> 00:52:23,760

it's used in the space program whenever

1227

00:52:29,450 --> 00:52:26,160

they need their shape recovery something

1228

00:52:31,370 --> 00:52:29,460

recovery uh they use nitinol

1229

00:52:36,710 --> 00:52:31,380

so

1230

00:52:38,150 --> 00:52:36,720

other most tantalizing aspects of the

1231

00:52:40,130 --> 00:52:38,160

lore surrounding Wright-Patterson Air

1232

00:52:41,390 --> 00:52:40,140

Force Base is you know as we've

1233

00:52:43,010 --> 00:52:41,400

mentioned that there are potentially the

1234

00:52:44,510 --> 00:52:43,020

bodies of the beings who are flying the

1235

00:52:46,849 --> 00:52:44,520

craft that were taken to the base for

1236

00:52:49,069 --> 00:52:46,859

storage and examination and it's really

1237

00:52:50,870 --> 00:52:49,079

striking how similar the descriptions

1238

00:52:53,569 --> 00:52:50,880

are that people give of the beings that

1239

00:52:55,370 --> 00:52:53,579

they claim to have seen so can you talk

1240

00:52:56,930 --> 00:52:55,380

a little bit about what these beings

1241

00:52:58,190 --> 00:52:56,940

looked like because it seems like

1242

00:53:01,010 --> 00:52:58,200

everyone was sort of giving you almost

1243

00:53:03,230 --> 00:53:01,020

the same description yes this is one of

1244

00:53:05,329 --> 00:53:03,240

the interesting thing is anybody that

1245

00:53:07,609 --> 00:53:05,339

ever gave us a uh

1246

00:53:10,670 --> 00:53:07,619

what did they look like

1247

00:53:14,230 --> 00:53:10,680

they give us very similar description

1248

00:53:17,690 --> 00:53:14,240

three and a half to four feet tall

1249

00:53:21,710 --> 00:53:17,700

body maybe 35 pounds

1250

00:53:25,130 --> 00:53:21,720

long arms that go down to the the knees

1251

00:53:28,309 --> 00:53:25,140

with the oversized head is is the

1252

00:53:31,970 --> 00:53:28,319

Salient feature is the oversized head

1253

00:53:35,569 --> 00:53:31,980

and the frail diminutive body

1254

00:53:38,150 --> 00:53:35,579

gray in color usually but sometimes you

1255

00:53:39,670 --> 00:53:38,160

have different colors described it could

1256

00:53:42,710 --> 00:53:39,680

have been

1257

00:53:45,710 --> 00:53:42,720

dependent upon the State of Decay

1258

00:53:49,130 --> 00:53:45,720

of a body when it decays maybe you know

1259

00:53:51,829 --> 00:53:49,140

or the lighting conditions it it was

1260

00:53:54,230 --> 00:53:51,839

seen under whereas Gray

1261

00:53:58,309 --> 00:53:54,240

also the head

1262

00:54:00,589 --> 00:53:58,319

they're uh the nose is just too too

1263

00:54:02,690 --> 00:54:00,599

holes in the front of the face not a no

1264

00:54:06,530 --> 00:54:02,700

you don't have a nose no nose but just

1265

00:54:08,870 --> 00:54:06,540

two holes the mouth is a slit

1266

00:54:11,210 --> 00:54:08,880

that doesn't go anywhere you know our

1267

00:54:13,190 --> 00:54:11,220

mouth leads to our digestive tract all

1268

00:54:15,230 --> 00:54:13,200

of this mouth just had a little little

1269

00:54:16,620 --> 00:54:15,240

cavity in there and it didn't go

1270

00:54:18,109 --> 00:54:16,630

anywhere

1271

00:54:21,530 --> 00:54:18,119

[Music]

1272

00:54:23,690 --> 00:54:21,540

and the ears again no ears but just two

1273

00:54:26,510 --> 00:54:23,700

little holes in the side of the head and

1274

00:54:29,809 --> 00:54:26,520

hairless totally hairless so that's

1275

00:54:33,849 --> 00:54:29,819

that's the we have descriptions in the

1276

00:54:38,809 --> 00:54:33,859

book you read and we have

1277

00:54:40,490 --> 00:54:38,819

uh drawings from the actual Witnesses

1278

00:54:43,430 --> 00:54:40,500

who had seen them

1279

00:54:45,349 --> 00:54:43,440

and they all they all resemble

1280

00:54:51,530 --> 00:54:45,359

the same creature

1281

00:54:53,390 --> 00:54:51,540

I guess today you would call him Grays

1282

00:54:55,849 --> 00:54:53,400

they would just be similar to Gray's

1283

00:54:57,190 --> 00:54:55,859

smallest stature frail but with the

1284

00:54:59,349 --> 00:54:57,200

oversized

1285

00:55:03,410 --> 00:54:59,359

pear-shaped head

1286

00:55:05,290 --> 00:55:03,420

so

1287

00:55:08,089 --> 00:55:05,300

um

1288

00:55:09,950 --> 00:55:08,099

the witnesses witnesses have been

1289

00:55:12,170 --> 00:55:09,960

consistent on that

1290

00:55:13,490 --> 00:55:12,180

and there was one yeah it was very

1291

00:55:15,890 --> 00:55:13,500

consistent

1292

00:55:17,750 --> 00:55:15,900

yeah that was that was one of kind of

1293

00:55:20,329 --> 00:55:17,760

the the saddest parts of the book maybe

1294

00:55:22,790 --> 00:55:20,339

that's me being a little too naive but

1295

00:55:24,109 --> 00:55:22,800

but it was really sad to know that there

1296

00:55:25,670 --> 00:55:24,119

was if you could talk a little bit about

1297

00:55:28,730 --> 00:55:25,680

the one that survived and what happened

1298

00:55:32,270 --> 00:55:28,740

to it yes sir everyone that was out

1299

00:55:36,230 --> 00:55:32,280

cleaning up the crash sites

1300

00:55:38,930 --> 00:55:36,240

who saw the parties always said there

1301  
00:55:40,190 --> 00:55:38,940  
were three or four but one was still

1302  
00:55:44,450 --> 00:55:40,200  
alive

1303  
00:55:48,829 --> 00:55:44,460  
and the uh we have two stories from

1304  
00:55:51,049 --> 00:55:48,839  
witnesses that interacted with it and

1305  
00:55:54,530 --> 00:55:51,059  
the first one was from the we got from

1306  
00:55:58,309 --> 00:55:54,540  
the daughter of a fireman by the name of

1307  
00:56:01,670 --> 00:55:58,319  
Dan uh follow me uh

1308  
00:56:04,130 --> 00:56:01,680  
Dan Dwyer he was a fireman with the see

1309  
00:56:07,010 --> 00:56:04,140  
I had to try to recall him

1310  
00:56:10,190 --> 00:56:07,020  
one of the barrels of names Dan Dwyer

1311  
00:56:11,510 --> 00:56:10,200  
was a fireman with the Roswell city Fire

1312  
00:56:13,250 --> 00:56:11,520  
Department

1313  
00:56:16,010 --> 00:56:13,260

and the

1314

00:56:17,349 --> 00:56:16,020

city manager when when the crash was

1315

00:56:20,150 --> 00:56:17,359

discovered

1316

00:56:22,609 --> 00:56:20,160

when they learned of the crash

1317

00:56:24,530 --> 00:56:22,619

went to the fire department in town so

1318

00:56:26,630 --> 00:56:24,540

don't go out with the military will take

1319

00:56:28,970 --> 00:56:26,640

care of it the military will take care

1320

00:56:32,930 --> 00:56:28,980

of it so don't go out to the crash site

1321

00:56:34,549 --> 00:56:32,940

so Dan Dwyer said hell with that so he

1322

00:56:36,589 --> 00:56:34,559

got into his own car and went out

1323

00:56:38,569 --> 00:56:36,599

himself because he wanted to you know

1324

00:56:40,910 --> 00:56:38,579

see what was going on there so

1325

00:56:43,790 --> 00:56:40,920

uh he went out there and he said oh my

1326  
00:56:46,010 --> 00:56:43,800  
goodness he his eyes were focused on

1327  
00:56:48,349 --> 00:56:46,020  
there were two dead that were sort of

1328  
00:56:50,210 --> 00:56:48,359  
hanging out of The Craft

1329  
00:56:52,670 --> 00:56:50,220  
he sort of seeing his his eyes were

1330  
00:56:55,430 --> 00:56:52,680  
focused on the the two dead ones and all

1331  
00:56:58,609 --> 00:56:55,440  
of a sudden he saw a movement out of a

1332  
00:56:59,990 --> 00:56:58,619  
corner of his eyes he looked over and

1333  
00:57:02,510 --> 00:57:00,000  
here one of them

1334  
00:57:03,890 --> 00:57:02,520  
like I just described to you was walking

1335  
00:57:08,210 --> 00:57:03,900  
around

1336  
00:57:11,089 --> 00:57:08,220  
so we get the story from his daughter

1337  
00:57:12,770 --> 00:57:11,099  
because he was dead by the when we uh he

1338  
00:57:15,530 --> 00:57:12,780

was already dead

1339

00:57:18,530 --> 00:57:15,540

so he gets home that night

1340

00:57:22,490 --> 00:57:18,540

and uh you know he was waiting what did

1341

00:57:25,190 --> 00:57:22,500

you do today dear and he says well we

1342

00:57:29,049 --> 00:57:25,200

had a crash of a flying saucer as they

1343

00:57:34,849 --> 00:57:32,089

you know were there were there any

1344

00:57:35,870 --> 00:57:34,859

beings in it were you oh yes there were

1345

00:57:38,690 --> 00:57:35,880

three

1346

00:57:42,230 --> 00:57:38,700

two dead and one alive what did it look

1347

00:57:44,270 --> 00:57:42,240

like well he he didn't give you didn't

1348

00:57:45,470 --> 00:57:44,280

give them the description I just gave

1349

00:57:47,390 --> 00:57:45,480

you

1350

00:57:49,609 --> 00:57:47,400

according to Frankie Rowe his daughter

1351  
00:57:53,089 --> 00:57:49,619  
Frankie Dwyer Rowe

1352  
00:57:55,549 --> 00:57:53,099  
all he said was child of the Earth

1353  
00:57:58,390 --> 00:57:55,559  
child of the earth I'm thinking what is

1354  
00:58:01,970 --> 00:57:58,400  
that well the child of the earth is a

1355  
00:58:05,410 --> 00:58:01,980  
land there it's like a land scorpion but

1356  
00:58:08,630 --> 00:58:05,420  
it's like a large uh

1357  
00:58:10,190 --> 00:58:08,640  
insect that the reason they called the

1358  
00:58:14,210 --> 00:58:10,200  
child or the Earth because it has this

1359  
00:58:15,950 --> 00:58:14,220  
oval-shaped head pinkish phrase with

1360  
00:58:19,490 --> 00:58:15,960  
with the description like I just gave

1361  
00:58:22,390 --> 00:58:19,500  
you for the alien and and the call of

1362  
00:58:24,349 --> 00:58:22,400  
the charm because when a newborn child

1363  
00:58:27,170 --> 00:58:24,359

is born

1364

00:58:30,230 --> 00:58:27,180

the phone the phones you know this is

1365

00:58:31,549 --> 00:58:30,240

what happens when you get old the bones

1366

00:58:34,490 --> 00:58:31,559

in the head

1367

00:58:36,710 --> 00:58:34,500

haven't fused yet and where they haven't

1368

00:58:39,109 --> 00:58:36,720

fused is a dark line

1369

00:58:41,510 --> 00:58:39,119

so the top of the head of this child of

1370

00:58:43,849 --> 00:58:41,520

the Earth has these dark markings on the

1371

00:58:45,950 --> 00:58:43,859

top of its head and that's why they call

1372

00:58:46,849 --> 00:58:45,960

it a child of the earth well that's what

1373

00:58:49,789 --> 00:58:46,859

this

1374

00:58:51,890 --> 00:58:49,799

being had on the top of its head it had

1375

00:58:54,289 --> 00:58:51,900

these markings and that's why he called

1376

00:58:56,109 --> 00:58:54,299

it the child of the earth well

1377

00:59:00,109 --> 00:58:56,119

did you talk to her

1378

00:59:02,809 --> 00:59:00,119

yes yes we we talk to one another or

1379

00:59:06,230 --> 00:59:02,819

what did you talk about well we didn't

1380

00:59:08,690 --> 00:59:06,240

talk like we're talking now with uh like

1381

00:59:12,289 --> 00:59:08,700

we talk you using our mouth and lips and

1382

00:59:14,150 --> 00:59:12,299

tone we talked in our heads he said we

1383

00:59:16,490 --> 00:59:14,160

talked in our heads

1384

00:59:18,410 --> 00:59:16,500

like you know mental telegraphy I guess

1385

00:59:20,569 --> 00:59:18,420

is what we would call it well we talked

1386

00:59:23,750 --> 00:59:20,579

in our heads well what did you talk

1387

00:59:28,190 --> 00:59:23,760

about so giving him the third degree

1388

00:59:29,870 --> 00:59:28,200

well I I was worried about it you know

1389

00:59:32,030 --> 00:59:29,880

with this creature walking around but

1390

00:59:33,950 --> 00:59:32,040

before I could say anything the creature

1391

00:59:36,710 --> 00:59:33,960

told me in my head

1392

00:59:40,309 --> 00:59:36,720

don't worry about me

1393

00:59:42,049 --> 00:59:40,319

my ship is destroyed my comrades are

1394

00:59:44,809 --> 00:59:42,059

dead or whatever term you use for

1395

00:59:47,270 --> 00:59:44,819

comrades but and there's nothing anybody

1396

00:59:49,430 --> 00:59:47,280

can do I accept my fate

1397

00:59:52,069 --> 00:59:49,440

uh there's nothing anybody could do I

1398

00:59:54,230 --> 00:59:52,079

accept my friend I'm sort of stuck here

1399

00:59:58,010 --> 00:59:54,240

and at that point the military came up

1400

01:00:00,530 --> 00:59:58,020

and it took over the site and uh you

1401  
01:00:02,630 --> 01:00:00,540  
know grab the uh Dan Dwyer and told them

1402  
01:00:04,370 --> 01:00:02,640  
don't ever talk about this or I'll kill

1403  
01:00:06,410 --> 01:00:04,380  
you and we'll kill your family but

1404  
01:00:09,170 --> 01:00:06,420  
that's what the conversation was the

1405  
01:00:12,829 --> 01:00:09,180  
creature was more concerned about Dan

1406  
01:00:14,690 --> 01:00:12,839  
Dwyer or equally concerned as Dan Dwyer

1407  
01:00:18,109 --> 01:00:14,700  
was concerned about it

1408  
01:00:21,470 --> 01:00:18,119  
so that's the first story we have

1409  
01:00:24,410 --> 01:00:21,480  
the second one involves a uh an officer

1410  
01:00:28,789 --> 01:00:24,420  
a marine pilot during World War II but

1411  
01:00:32,329 --> 01:00:28,799  
uh uh he was in the air War College in

1412  
01:00:34,730 --> 01:00:32,339  
Montgomery Alabama in 1947-48

1413  
01:00:37,250 --> 01:00:34,740

one of 90 officers you know they're

1414

01:00:39,230 --> 01:00:37,260

they're considered this is these

1415

01:00:41,809 --> 01:00:39,240

officers are going to take us into the

1416

01:00:44,210 --> 01:00:41,819

20th century in the blah blah 21st

1417

01:00:46,370 --> 01:00:44,220

century so he's a high-ranking uh

1418

01:00:49,730 --> 01:00:46,380

lieutenant colonel

1419

01:00:54,170 --> 01:00:49,740

they're flown to Wright Patterson

1420

01:00:57,710 --> 01:00:54,180

Air Force Base in the spring of 1948

1421

01:01:00,170 --> 01:00:57,720

spring of 1948. this is like six months

1422

01:01:02,930 --> 01:01:00,180

after the crack

1423

01:01:05,930 --> 01:01:02,940

so they're uh because they're going to

1424

01:01:08,089 --> 01:01:05,940

learn how to to be administrators of

1425

01:01:10,609 --> 01:01:08,099

basis and stuff like that

1426

01:01:14,809 --> 01:01:10,619

so this one day

1427

01:01:17,390 --> 01:01:14,819

were taken into this Hangar hangar 23.

1428

01:01:19,609 --> 01:01:17,400

and so there there's you know there's

1429

01:01:20,950 --> 01:01:19,619

about 60 of them

1430

01:01:24,530 --> 01:01:20,960

what are

1431

01:01:26,510 --> 01:01:24,540

we doing in here you know so so they

1432

01:01:28,670 --> 01:01:26,520

roll out all of this records this

1433

01:01:31,910 --> 01:01:28,680

strange wreckage

1434

01:01:33,530 --> 01:01:31,920

from the Roswell crash okay fellas uh

1435

01:01:34,730 --> 01:01:33,540

take a look at this stuff tell us what

1436

01:01:37,430 --> 01:01:34,740

you think

1437

01:01:39,530 --> 01:01:37,440

because the Air Force at this point

1438

01:01:41,390 --> 01:01:39,540

they don't know how you know should we

1439

01:01:43,430 --> 01:01:41,400

tell them should we tell the people or

1440

01:01:45,289 --> 01:01:43,440

should we keep it secret what you know

1441

01:01:48,829 --> 01:01:45,299

we're we're still in the state of flux

1442

01:01:51,650 --> 01:01:48,839

as to what to do with this event

1443

01:01:53,809 --> 01:01:51,660

so they look there's you know they're

1444

01:01:56,569 --> 01:01:53,819

looking at this they and not everybody

1445

01:01:59,930 --> 01:01:56,579

had heard of the Roswell crash Roswell

1446

01:02:02,690 --> 01:01:59,940

is a two-day story back in 1947 two days

1447

01:02:04,789 --> 01:02:02,700

not everybody heard about it

1448

01:02:06,289 --> 01:02:04,799

so they're saying what is this stuff you

1449

01:02:08,329 --> 01:02:06,299

know they got the memory and so they

1450

01:02:10,069 --> 01:02:08,339

said where did you get this and they

1451

01:02:12,109 --> 01:02:10,079

said we got it from the crash of a

1452

01:02:15,049 --> 01:02:12,119

flying saucer last year in New Mexico

1453

01:02:17,630 --> 01:02:15,059

that's what they told them oh that's

1454

01:02:19,670 --> 01:02:17,640

great what's a flying saucer you know

1455

01:02:21,470 --> 01:02:19,680

so you know so

1456

01:02:23,569 --> 01:02:21,480

they're still they're scratching their

1457

01:02:26,530 --> 01:02:23,579

head so they they're said follow follow

1458

01:02:31,549 --> 01:02:26,540

me and they went into another room

1459

01:02:32,870 --> 01:02:31,559

windowless except they have a big mirror

1460

01:02:37,370 --> 01:02:32,880

big

1461

01:02:39,349 --> 01:02:37,380

a mirror but on the side that the

1462

01:02:42,109 --> 01:02:39,359

officers were at you could see through

1463

01:02:44,390 --> 01:02:42,119

into the next room so they go in there

1464

01:02:47,030 --> 01:02:44,400

and they they're looking through this uh

1465

01:02:48,829 --> 01:02:47,040

window pane and lo and behold there's

1466

01:02:51,589 --> 01:02:48,839

the live one

1467

01:02:53,210 --> 01:02:51,599

now I don't know if it was sitting

1468

01:02:56,270 --> 01:02:53,220

standing

1469

01:02:57,770 --> 01:02:56,280

doing push-ups or doing the Macarena I

1470

01:02:58,970 --> 01:02:57,780

don't know what it was doing he didn't

1471

01:03:01,370 --> 01:02:58,980

say

1472

01:03:04,250 --> 01:03:01,380

what uh our officer

1473

01:03:06,410 --> 01:03:04,260

we got the story from his son

1474

01:03:07,670 --> 01:03:06,420

the officers look he's looking through

1475

01:03:11,289 --> 01:03:07,680

there

1476

01:03:15,950 --> 01:03:11,299

know

1477

01:03:19,130 --> 01:03:15,960

did did you talk to her he said no when

1478

01:03:22,309 --> 01:03:19,140

I had a mental connection with it I felt

1479

01:03:24,230 --> 01:03:22,319

great sympathy for it I felt great

1480

01:03:26,210 --> 01:03:24,240

sympathy for it

1481

01:03:29,270 --> 01:03:26,220

and uh

1482

01:03:30,530 --> 01:03:29,280

uh but no we did not Converse other than

1483

01:03:33,710 --> 01:03:30,540

that he said

1484

01:03:36,589 --> 01:03:33,720

I felt its human qualities rather than

1485

01:03:38,990 --> 01:03:36,599

its alien quality so this was a thing

1486

01:03:42,710 --> 01:03:39,000

going back between the two of them

1487

01:03:46,309 --> 01:03:42,720

and uh the uh this officer

1488

01:03:49,010 --> 01:03:46,319

uh he didn't make uh he fell out he fell

1489

01:03:50,870 --> 01:03:49,020

out of favor with his uh next higher up

1490

01:03:53,630 --> 01:03:50,880

officer and you know when that happens

1491

01:03:56,150 --> 01:03:53,640

your your future in there whatever

1492

01:03:59,150 --> 01:03:56,160

branch of the service you're in is sort

1493

01:04:00,109 --> 01:03:59,160

of stuck so he got out of the Marine

1494

01:04:02,630 --> 01:04:00,119

Corps

1495

01:04:05,990 --> 01:04:02,640

and he founded there a McDonald's

1496

01:04:07,549 --> 01:04:06,000

restaurant in the Colorado and my

1497

01:04:09,049 --> 01:04:07,559

understanding was he had all of the

1498

01:04:12,770 --> 01:04:09,059

college he had all of the McDonald's

1499

01:04:14,569 --> 01:04:12,780

West of the Mississippi so so he he

1500

01:04:16,069 --> 01:04:14,579

wasn't hurting for money or any

1501

01:04:19,130 --> 01:04:16,079

notoriety

1502

01:04:21,710 --> 01:04:19,140

but that's the story we got from his son

1503

01:04:25,069 --> 01:04:21,720

and uh he was a

1504

01:04:27,589 --> 01:04:25,079

uh decorated uh fighter pilot Knight

1505

01:04:29,690 --> 01:04:27,599

fighter pilot in the Pacific Theater of

1506

01:04:32,210 --> 01:04:29,700

operations of World War II

1507

01:04:33,890 --> 01:04:32,220

he looked like Tyrone Power I thought he

1508

01:04:35,270 --> 01:04:33,900

could have been like a movie star or

1509

01:04:38,170 --> 01:04:35,280

something he looked just like Tyrone

1510

01:04:41,089 --> 01:04:38,180

Power but he founded a McDonald's

1511

01:04:44,109 --> 01:04:41,099

franchise and then one after the other

1512

01:04:48,049 --> 01:04:44,119

and he died in

1513

01:04:51,289 --> 01:04:48,059

1997 which was the 50th anniversary of

1514

01:04:54,289 --> 01:04:51,299

the Roswell incident so that's what

1515

01:04:55,549 --> 01:04:54,299

that's what we know about the the alien

1516

01:04:57,530 --> 01:04:55,559

bodies

1517

01:05:00,049 --> 01:04:57,540

or creatures that they called them

1518

01:05:02,210 --> 01:05:00,059

creatures or little people or stuff like

1519

01:05:03,609 --> 01:05:02,220

that but they didn't call them aliens

1520

01:05:07,430 --> 01:05:03,619

and uh

1521

01:05:09,530 --> 01:05:07,440

uh art that's our best guess is the five

1522

01:05:10,970 --> 01:05:09,540

of them now oh and this uh the other

1523

01:05:13,250 --> 01:05:10,980

thing was

1524

01:05:15,770 --> 01:05:13,260

the sun asked us flowers and what the

1525

01:05:17,150 --> 01:05:15,780

what happened to it and he said they

1526

01:05:19,609 --> 01:05:17,160

killed it

1527

01:05:21,170 --> 01:05:19,619

well did they what do you mean did they

1528

01:05:23,809 --> 01:05:21,180

stand it up against the wall like the

1529

01:05:26,809 --> 01:05:23,819

Saint Saint Valentine's Day Massacre and

1530

01:05:29,569 --> 01:05:26,819

kill it no no no they were doing some

1531

01:05:33,230 --> 01:05:29,579

experiment on it and it died in whatever

1532

01:05:34,970 --> 01:05:33,240

experiment they were working on so the

1533

01:05:37,849 --> 01:05:34,980

suggestion is

1534

01:05:41,030 --> 01:05:37,859

if you could converse with this live one

1535

01:05:44,089 --> 01:05:41,040

at least mentally they must have learned

1536

01:05:46,990 --> 01:05:44,099

a lot of things you would think but

1537

01:05:49,069 --> 01:05:47,000

that's just a that's just the surmise

1538

01:05:51,049 --> 01:05:49,079

and uh

1539

01:05:52,910 --> 01:05:51,059

of course they they've never come clean

1540

01:05:55,250 --> 01:05:52,920

on the Roswell case so we don't know

1541

01:05:58,549 --> 01:05:55,260

about this that's why

1542

01:05:59,930 --> 01:05:58,559

you know after this May 22nd uh thing

1543

01:06:03,950 --> 01:05:59,940

last year

1544

01:06:05,870 --> 01:06:03,960

there was a lot of uh negative uh

1545

01:06:08,390 --> 01:06:05,880

feeling about the what took place which

1546

01:06:10,789 --> 01:06:08,400

was like a dog and pony show

1547

01:06:14,690 --> 01:06:10,799

what they're they're supposed to go back

1548

01:06:16,490 --> 01:06:14,700

to 19 at least 1947 or 45 when their

1549

01:06:19,130 --> 01:06:16,500

next report

1550

01:06:21,470 --> 01:06:19,140

so people like me

1551

01:06:23,329 --> 01:06:21,480

who worked on the case and others who

1552

01:06:26,029 --> 01:06:23,339

are interested in the case want to know

1553

01:06:27,829 --> 01:06:26,039

if they're going to address the Roswell

1554

01:06:30,289 --> 01:06:27,839

case and we're not talking about a

1555

01:06:34,190 --> 01:06:30,299

weather balloon we're not talking about

1556

01:06:36,349 --> 01:06:34,200

a high altitude uh project Mogul which

1557

01:06:37,430 --> 01:06:36,359

falls apart like a cheap suit when you

1558

01:06:41,329 --> 01:06:37,440

look at it

1559

01:06:44,510 --> 01:06:41,339

where we want to see what they

1560

01:06:46,130 --> 01:06:44,520

say about Roswell if anything if they

1561

01:06:48,410 --> 01:06:46,140

don't say anything

1562

01:06:50,450 --> 01:06:48,420

we know why there's just too much

1563

01:06:52,789 --> 01:06:50,460

there's too much there there

1564

01:06:56,809 --> 01:06:52,799

with a Roswell case it's the best case

1565

01:06:58,430 --> 01:06:56,819

ever yep absolutely

1566

01:06:59,870 --> 01:06:58,440

um well I feel like we could go dive

1567

01:07:01,970 --> 01:06:59,880

into this book forever I know we're

1568

01:07:03,710 --> 01:07:01,980

running short on time but there was one

1569

01:07:05,029 --> 01:07:03,720

more question that I really wanted to

1570

01:07:06,170 --> 01:07:05,039

ask you

1571

01:07:09,230 --> 01:07:06,180

um because I think one of the most

1572

01:07:10,549 --> 01:07:09,240

striking things about the UFO phenomenon

1573

01:07:12,170 --> 01:07:10,559

and about you know the stories of

1574

01:07:14,270 --> 01:07:12,180

Roswell and at Wright-Patterson Air

1575

01:07:15,710 --> 01:07:14,280

Force base in particular

1576

01:07:18,650 --> 01:07:15,720

um there's sort of this repeating theme

1577

01:07:21,349 --> 01:07:18,660

where all of this information is

1578

01:07:23,930 --> 01:07:21,359

classified and in some places even above

1579

01:07:26,089 --> 01:07:23,940

the Oval Office so we have you know

1580

01:07:27,470 --> 01:07:26,099

secrets we have the the indication that

1581

01:07:29,510 --> 01:07:27,480

there are secrets that our government is

1582

01:07:31,609 --> 01:07:29,520

keeping that even the president doesn't

1583

01:07:33,950 --> 01:07:31,619

have access to which I think is really

1584

01:07:36,770 --> 01:07:33,960

unsettling for those of us who have been

1585

01:07:38,870 --> 01:07:36,780

told that we live in a democracy and so

1586

01:07:41,150 --> 01:07:38,880

what do you what do you make of the fact

1587

01:07:43,309 --> 01:07:41,160

that we have this secret that we have

1588

01:07:48,230 --> 01:07:43,319

been keeping for so long seemingly away

1589

01:07:53,150 --> 01:07:48,240

from any kind of of meaningful oversight

1590

01:07:55,670 --> 01:07:53,160

two answers to that number one uh

1591

01:07:57,370 --> 01:07:55,680

if you're in the government if you're in

1592

01:07:59,990 --> 01:07:57,380

the military

1593

01:08:01,789 --> 01:08:00,000

mostly you want to get to the next grade

1594

01:08:04,849 --> 01:08:01,799

you're not going to get to the next

1595

01:08:08,270 --> 01:08:04,859

grade if you're in full bird colonel and

1596

01:08:10,809 --> 01:08:08,280

you want to make a general

1597

01:08:14,150 --> 01:08:10,819

you're not going to go to your

1598

01:08:17,329 --> 01:08:14,160

commanding officers who is at least

1599

01:08:18,289 --> 01:08:17,339

a one-star general or two star or what

1600

01:08:20,689 --> 01:08:18,299

have you

1601

01:08:23,510 --> 01:08:20,699

Hey general what about that Roswell case

1602

01:08:26,150 --> 01:08:23,520

that's not going to get you your next

1603

01:08:29,150 --> 01:08:26,160

promotion

1604

01:08:32,390 --> 01:08:29,160

so you already know

1605

01:08:36,950 --> 01:08:32,400

what the official Air Force or military

1606

01:08:39,829 --> 01:08:36,960

position is on Roswell and it's that it

1607

01:08:41,329 --> 01:08:39,839

was a high altitude project Mogul

1608

01:08:45,050 --> 01:08:41,339

balloon array

1609

01:08:48,289 --> 01:08:45,060

back in 1947 that was designed a part of

1610

01:08:51,970 --> 01:08:48,299

a project to listen in on what they

1611

01:08:55,490 --> 01:08:51,980

expected to be the initial Soviet

1612

01:09:00,289 --> 01:08:55,500

atomic bomb test that's what it was

1613

01:09:02,450 --> 01:09:00,299

designed to uh zero in on listen for the

1614

01:09:05,269 --> 01:09:02,460

because up in the upper upper atmosphere

1615

01:09:08,090 --> 01:09:05,279

there's a layer of the atmosphere where

1616

01:09:10,550 --> 01:09:08,100

carries sound the idea was to lift the

1617

01:09:13,430 --> 01:09:10,560

balloon up there with a microphone to

1618

01:09:17,269 --> 01:09:13,440

listen in for the sound of a Soviet

1619

01:09:19,669 --> 01:09:17,279

detonation of its first atomic device

1620

01:09:22,010 --> 01:09:19,679

that's the first official Air Force

1621

01:09:22,910 --> 01:09:22,020

position that's what the Roswell crash

1622

01:09:27,229 --> 01:09:22,920

was

1623

01:09:30,050 --> 01:09:27,239

Wilder

1624

01:09:32,689 --> 01:09:30,060

the parties were

1625

01:09:37,010 --> 01:09:32,699

Dime Store mannequins

1626

01:09:40,729 --> 01:09:37,020

that they used in 10 years later in high

1627

01:09:42,950 --> 01:09:40,739

altitude parachute drops in case a high

1628

01:09:44,930 --> 01:09:42,960

altitude aircraft that they were

1629

01:09:48,590 --> 01:09:44,940

building like the U2

1630

01:09:51,370 --> 01:09:48,600

in case you had to abandon ship

1631

01:09:54,169 --> 01:09:51,380

what the effect would be from high

1632

01:09:56,689 --> 01:09:54,179

parachuting from high altitude

1633

01:09:59,630 --> 01:09:56,699

and that's what they say

1634

01:10:02,150 --> 01:09:59,640

what the bodies people reporting the

1635

01:10:04,610 --> 01:10:02,160

little bodies were the problem was these

1636

01:10:07,850 --> 01:10:04,620

mannequins were six foot

1637

01:10:10,370 --> 01:10:07,860

they looked human they were addressed in

1638

01:10:13,430 --> 01:10:10,380

Flight suits and when they hit the

1639

01:10:16,490 --> 01:10:13,440

ground they all came all apart

1640

01:10:19,010 --> 01:10:16,500

that's not what the witnesses described

1641

01:10:21,770 --> 01:10:19,020

but that's the military the Air Force

1642

01:10:23,030 --> 01:10:21,780

position today so you already know that

1643

01:10:25,430 --> 01:10:23,040

and um

1644

01:10:27,410 --> 01:10:25,440

if you want to get your next promotion

1645

01:10:30,229 --> 01:10:27,420

you're you're not going to be talking

1646

01:10:32,689 --> 01:10:30,239

about this so that's one reason

1647

01:10:37,430 --> 01:10:32,699

the other reason

1648

01:10:40,430 --> 01:10:37,440

is uh they all of the stuff now is in

1649

01:10:42,169 --> 01:10:40,440

private hands all of their wreckage is

1650

01:10:44,450 --> 01:10:42,179

in private hands so they don't have to

1651  
01:10:45,890 --> 01:10:44,460  
respond to Freedom of Information Act

1652  
01:10:47,350 --> 01:10:45,900  
requests

1653  
01:10:50,990 --> 01:10:47,360  
and I believe

1654  
01:10:53,689 --> 01:10:51,000  
presidents and political people in

1655  
01:10:56,330 --> 01:10:53,699  
general they don't want to have their

1656  
01:10:58,250 --> 01:10:56,340  
name near the term UFO

1657  
01:10:59,149 --> 01:10:58,260  
they don't want to have their name look

1658  
01:11:04,250 --> 01:10:59,159  
at the

1659  
01:11:05,510 --> 01:11:04,260  
remember his name a couple years ago ran

1660  
01:11:07,910 --> 01:11:05,520  
for president

1661  
01:11:10,970 --> 01:11:07,920  
but he had already made statements about

1662  
01:11:12,770 --> 01:11:10,980  
UFOs that he thought there was a as soon

1663  
01:11:14,209 --> 01:11:12,780

as the Press started asking him about

1664

01:11:16,490 --> 01:11:14,219

UFOs

1665

01:11:20,330 --> 01:11:16,500

he went like this in the polls you know

1666

01:11:22,930 --> 01:11:20,340

they politics yeah then it's casinos yes

1667

01:11:25,790 --> 01:11:22,940

that's right thank you

1668

01:11:28,130 --> 01:11:25,800

that was his death note when he started

1669

01:11:32,149 --> 01:11:28,140

talking about yes I saw a UFO Jimmy

1670

01:11:32,750 --> 01:11:32,159

Carter actually recorded seeing a UFO

1671

01:11:35,570 --> 01:11:32,760

um

1672

01:11:39,010 --> 01:11:35,580

they reported it uh to uh I don't know

1673

01:11:41,090 --> 01:11:39,020

if it was new fund or nightcap or uh

1674

01:11:43,910 --> 01:11:41,100

one of the groups

1675

01:11:45,830 --> 01:11:43,920

and uh it did I don't think it heard him

1676

01:11:48,050 --> 01:11:45,840

because he was only a one well he was a

1677

01:11:50,270 --> 01:11:48,060

one-term president so I don't know but

1678

01:11:53,090 --> 01:11:50,280

political people

1679

01:11:55,130 --> 01:11:53,100

they don't want to know they don't want

1680

01:11:58,490 --> 01:11:55,140

to know now they ask

1681

01:12:02,090 --> 01:11:58,500

I think that George H.W bush Herbert

1682

01:12:04,910 --> 01:12:02,100

Walker Bush uh knew because he was a

1683

01:12:07,070 --> 01:12:04,920

head of the CIA at one point he was a

1684

01:12:09,770 --> 01:12:07,080

ambassador to the U.N and the president

1685

01:12:12,709 --> 01:12:09,780

there's no doubt in my mind he knew and

1686

01:12:15,830 --> 01:12:12,719

his son George W there's no doubt in my

1687

01:12:18,709 --> 01:12:15,840

mind that he knows too Clinton I believe

1688

01:12:21,050 --> 01:12:18,719

knows but he says well I I wanted to

1689

01:12:24,649 --> 01:12:21,060

know and I I just they didn't wouldn't

1690

01:12:27,770 --> 01:12:24,659

tell me anything and you know he he sort

1691

01:12:31,310 --> 01:12:27,780

of waffled all over the place I believe

1692

01:12:32,990 --> 01:12:31,320

I believe Obama when they asked Obama he

1693

01:12:36,229 --> 01:12:33,000

just left I think he knows something

1694

01:12:37,910 --> 01:12:36,239

because he he would say oh well you know

1695

01:12:41,689 --> 01:12:37,920

I wouldn't be surprised or something

1696

01:12:43,790 --> 01:12:41,699

like that you know trying to deflect and

1697

01:12:46,910 --> 01:12:43,800

uh uh

1698

01:12:50,090 --> 01:12:46,920

what uh Trump there's no doubt my money

1699

01:12:52,970 --> 01:12:50,100

when his son asked him one day and it

1700

01:12:54,950 --> 01:12:52,980

was videotaped dad well

1701

01:12:56,750 --> 01:12:54,960

what do you think about Roswell well

1702

01:12:59,030 --> 01:12:56,760

I've heard some very interesting things

1703

01:13:01,790 --> 01:12:59,040

about raw as well well so do you believe

1704

01:13:04,189 --> 01:13:01,800

in UFOs not particularly what is he

1705

01:13:06,649 --> 01:13:04,199

talking about on one hand he says he's

1706

01:13:09,709 --> 01:13:06,659

heard some very interesting things about

1707

01:13:12,770 --> 01:13:09,719

her Roswell many his son says Lord so

1708

01:13:13,669 --> 01:13:12,780

how about UFO no I don't I don't believe

1709

01:13:18,709 --> 01:13:13,679

in

1710

01:13:22,130 --> 01:13:18,719

this guy is uh he knows he knows and uh

1711

01:13:24,290 --> 01:13:22,140

yeah so it's uh the other thing that

1712

01:13:26,990 --> 01:13:24,300

Kelly is uh you've heard of

1713

01:13:29,990 --> 01:13:27,000

compartmentalization

1714

01:13:32,810 --> 01:13:30,000

one they will give you a project but

1715

01:13:35,630 --> 01:13:32,820

they they want you to be focused solely

1716

01:13:37,970 --> 01:13:35,640

on one aspect of it they don't want you

1717

01:13:40,430 --> 01:13:37,980

to know what it's connected to where and

1718

01:13:43,070 --> 01:13:40,440

that's the military way

1719

01:13:45,410 --> 01:13:43,080

is compartmentalization

1720

01:13:47,810 --> 01:13:45,420

and a lot of times

1721

01:13:50,390 --> 01:13:47,820

they don't they don't know because it's

1722

01:13:52,790 --> 01:13:50,400

been compartmentalized and to go along

1723

01:13:54,350 --> 01:13:52,800

with that they don't want to know they

1724

01:13:56,990 --> 01:13:54,360

don't want to know because they don't

1725

01:13:59,510 --> 01:13:57,000

want to be asked well I understand that

1726

01:14:01,370 --> 01:13:59,520

you are involved in this uh UFO project

1727

01:14:05,090 --> 01:14:01,380

well that's so there goes Dennis

1728

01:14:06,590 --> 01:14:05,100

kucinich you know so they don't they

1729

01:14:09,530 --> 01:14:06,600

don't want to know

1730

01:14:11,810 --> 01:14:09,540

what most people you know the way things

1731

01:14:14,930 --> 01:14:11,820

are especially with those videos that

1732

01:14:18,890 --> 01:14:14,940

came out in 2019

1733

01:14:21,830 --> 01:14:18,900

from um Elizondo uh the that everybody's

1734

01:14:24,590 --> 01:14:21,840

seen a thousand times there's no other

1735

01:14:26,870 --> 01:14:24,600

explanation for those

1736

01:14:30,110 --> 01:14:26,880

they're trying to waffle and say oh well

1737

01:14:32,630 --> 01:14:30,120

it's a UAP unidentified aerial phenomena

1738

01:14:34,430 --> 01:14:32,640

I know it's a UFO

1739

01:14:38,630 --> 01:14:34,440

so they changed they changed the

1740

01:14:40,550 --> 01:14:38,640

terminology from UFO to UAP which covers

1741

01:14:42,950 --> 01:14:40,560

a lot of things and that's where they

1742

01:14:47,570 --> 01:14:42,960

dump UFOs

1743

01:14:49,430 --> 01:14:47,580

it's a it's a joke it's a joke but uh

1744

01:14:52,550 --> 01:14:49,440

like I said I know what I know about

1745

01:14:54,830 --> 01:14:52,560

Roswell there's some other good cases I

1746

01:14:57,290 --> 01:14:54,840

say you know they're good cases but

1747

01:15:00,890 --> 01:14:57,300

I know they've had

1748

01:15:03,590 --> 01:15:00,900

the stuff since 1947 and I don't know

1749

01:15:05,630 --> 01:15:03,600

how they can say well we don't have any

1750

01:15:07,310 --> 01:15:05,640

physical evidence well then if they're

1751

01:15:09,290 --> 01:15:07,320

saying that they just don't know that

1752

01:15:11,689 --> 01:15:09,300

you know they don't know about Roswell

1753

01:15:16,130 --> 01:15:11,699

and they don't want to know

1754

01:15:18,410 --> 01:15:16,140

so so true so true well Tom thank you so

1755

01:15:20,450 --> 01:15:18,420

much for being here today for having

1756

01:15:22,550 --> 01:15:20,460

this conversation thank you for your

1757

01:15:25,310 --> 01:15:22,560

Decades of work on these cases I can't

1758

01:15:28,130 --> 01:15:25,320

wait to read more of your books I will

1759

01:15:30,110 --> 01:15:28,140

have the I know I've got I've got some

1760

01:15:32,270 --> 01:15:30,120

work to do

1761

01:15:33,950 --> 01:15:32,280

um I will put links to all of that in

1762

01:15:35,990 --> 01:15:33,960

the episode description for anyone who

1763

01:15:37,010 --> 01:15:36,000

would like to find out more and read

1764

01:15:38,570 --> 01:15:37,020

more

1765

01:15:40,070 --> 01:15:38,580

um but thank you so much for your time

1766

01:15:41,870 --> 01:15:40,080

today this has been a wonderful

1767

01:15:44,530 --> 01:15:41,880

conversation well I hope I didn't get

1768

01:15:47,870 --> 01:15:44,540

too far down into the weeds

1769

01:15:50,270 --> 01:15:47,880

uh you know for your audience it's tough

1770

01:15:53,450 --> 01:15:50,280

when you have all these little factoids

1771

01:15:57,790 --> 01:15:53,460

it's tough to summarize sometimes and uh

1772

01:16:01,070 --> 01:15:57,800

I hope I did oh you know impart the the

1773

01:16:03,709 --> 01:16:01,080

best overview that I can to your

1774

01:16:04,970 --> 01:16:03,719

audience oh you did it was wonderful I'm

1775

01:16:06,950 --> 01:16:04,980

sure you've forgotten more about this

1776

01:16:09,350 --> 01:16:06,960

than most people ever knew so thank you

1777

01:16:11,030 --> 01:16:09,360

for sharing your your uh all of your

1778

01:16:15,310 --> 01:16:11,040

expertise thank you Kelly it's been nice

1779

01:16:31,490 --> 01:16:18,600
