

THE UFO RABBIT HOLE

CHRISTOPHER

SHARP

INTERVIEW

1
00:00:16,130 --> 00:00:01,670
[Music]

2
00:00:24,020 --> 00:00:16,140
[Applause]

3
00:00:34,190 --> 00:00:24,030
[Music]

4
00:00:36,709 --> 00:00:34,200
welcome back to the UFO Rabbit Hole

5
00:00:38,569 --> 00:00:36,719
podcast I'm your host Kelly Chase

6
00:00:41,209 --> 00:00:38,579
today's episode is a little different

7
00:00:43,250 --> 00:00:41,219
this will be the first episode in an

8
00:00:45,170 --> 00:00:43,260
ongoing series that will be focused on

9
00:00:47,270 --> 00:00:45,180
current events surrounding the UFO

10
00:00:49,490 --> 00:00:47,280
phenomenon and disclosure

11
00:00:51,889 --> 00:00:49,500
when I first started this podcast 18

12
00:00:54,709 --> 00:00:51,899
months ago disclosure was moving along

13
00:00:56,510 --> 00:00:54,719

but progress was slow there were brief

14

00:00:58,490 --> 00:00:56,520

periods of activity followed by long

15

00:01:00,770 --> 00:00:58,500

stretches of silence and waiting for

16

00:01:03,529 --> 00:01:00,780

some new breadcrumb to drop

17

00:01:04,910 --> 00:01:03,539

at one point louisando said in response

18

00:01:07,250 --> 00:01:04,920

to the frustration in the community

19

00:01:09,410 --> 00:01:07,260

among those who were closely following

20

00:01:11,510 --> 00:01:09,420

the story and anxiously waiting for some

21

00:01:13,190 --> 00:01:11,520

kind of meaningful development that the

22

00:01:14,870 --> 00:01:13,200

best move might be to go and find

23

00:01:15,950 --> 00:01:14,880

something else to do for five years and

24

00:01:18,410 --> 00:01:15,960

check back in

25

00:01:19,670 --> 00:01:18,420

so at the time focusing on the

26

00:01:21,530 --> 00:01:19,680

day-to-day developments of the

27

00:01:23,749 --> 00:01:21,540

disclosure movement on the podcast just

28

00:01:26,510 --> 00:01:23,759

didn't feel like a great use of our time

29

00:01:28,370 --> 00:01:26,520

but over the last year we've seen some

30

00:01:29,990 --> 00:01:28,380

stunning developments including the

31

00:01:32,450 --> 00:01:30,000

passing of robust whistleblower

32

00:01:34,910 --> 00:01:32,460

legislation and the first public

33

00:01:35,929 --> 00:01:34,920

Congressional UFO hearings in over 50

34

00:01:38,749 --> 00:01:35,939

years

35

00:01:40,670 --> 00:01:38,759

and coming into 2023 things seem to be

36

00:01:43,609 --> 00:01:40,680

really gaining traction

37

00:01:45,410 --> 00:01:43,619

in fact in February after a bizarre

38

00:01:47,749 --> 00:01:45,420

string of events involving unknown

39

00:01:50,270 --> 00:01:47,759

objects being shot down in U.S and

40

00:01:52,490 --> 00:01:50,280

Canadian airspace the president got on

41

00:01:54,410 --> 00:01:52,500

TV and told the American people that

42

00:01:56,270 --> 00:01:54,420

this issue is being taken seriously by

43

00:01:58,490 --> 00:01:56,280

the White House and that he is being

44

00:02:02,330 --> 00:01:58,500

regularly briefed on issues related to

45

00:02:04,190 --> 00:02:02,340

UAP that alone is an undeniable sea

46

00:02:06,830 --> 00:02:04,200

change in the approach to the phenomenon

47

00:02:08,809 --> 00:02:06,840

and seems to indicate a shifting of the

48

00:02:09,889 --> 00:02:08,819

center of power on this issue behind the

49

00:02:12,589 --> 00:02:09,899

scenes

50

00:02:14,750 --> 00:02:12,599

so while it's impossible to know when or

51
00:02:16,790 --> 00:02:14,760
even if we might get meaningful

52
00:02:18,589 --> 00:02:16,800
disclosure from the government this

53
00:02:21,290 --> 00:02:18,599
feels like a good time to clock back in

54
00:02:23,930 --> 00:02:21,300
things are starting to get good

55
00:02:25,869 --> 00:02:23,940
now granted trying to understand what's

56
00:02:28,190 --> 00:02:25,879
going on behind the scenes in Washington

57
00:02:31,010 --> 00:02:28,200
regarding one of the most closely

58
00:02:32,690 --> 00:02:31,020
guarded secrets in history can feel like

59
00:02:34,490 --> 00:02:32,700
trying to read tea leaves through a

60
00:02:36,470 --> 00:02:34,500
blindfold in a dark room

61
00:02:38,570 --> 00:02:36,480
and because the mainstream media's

62
00:02:41,210 --> 00:02:38,580
approach to this topic has ranged from

63
00:02:43,610 --> 00:02:41,220

ham-fisted ineptitude to outright denial

64

00:02:45,110 --> 00:02:43,620

of the facts we unfortunately can't

65

00:02:47,210 --> 00:02:45,120

count on them to help us get an

66

00:02:49,550 --> 00:02:47,220

understanding of what's going on here

67

00:02:51,890 --> 00:02:49,560

so to help us get a lay of the land I

68

00:02:53,630 --> 00:02:51,900

sat down with Christopher sharp the

69

00:02:56,509 --> 00:02:53,640

founder and editor-in-chief of

70

00:02:58,850 --> 00:02:56,519

Liberation times Chris is an independent

71

00:03:00,890 --> 00:02:58,860

journalist hailing from the UK who has

72

00:03:02,930 --> 00:03:00,900

consistently been beating the mainstream

73

00:03:04,729 --> 00:03:02,940

media to the punch on some of the

74

00:03:07,309 --> 00:03:04,739

biggest stories related to UFO

75

00:03:09,229 --> 00:03:07,319

disclosure the nuance and deep

76

00:03:11,570 --> 00:03:09,239

investigation that he brings to his work

77

00:03:13,430 --> 00:03:11,580

is one of the very few beacons of true

78

00:03:15,350 --> 00:03:13,440

journalism in this field

79

00:03:17,930 --> 00:03:15,360

Beyond his work with the Liberation

80

00:03:19,070 --> 00:03:17,940

times Chris also regularly writes for

81

00:03:21,530 --> 00:03:19,080

the Daily Mail

82

00:03:24,350 --> 00:03:21,540

I'm a huge fan of Chris's work so much

83

00:03:25,910 --> 00:03:24,360

so that I'm a patron of Liberation times

84

00:03:28,250 --> 00:03:25,920

if you're looking to support people

85

00:03:30,290 --> 00:03:28,260

doing real and impactful work in this

86

00:03:32,570 --> 00:03:30,300

community that has the potential to

87

00:03:34,430 --> 00:03:32,580

really move the needle becoming a patron

88

00:03:36,890 --> 00:03:34,440

of The Liberation times would be a great

89

00:03:38,809 --> 00:03:36,900

place to start not only can you feel

90

00:03:40,970 --> 00:03:38,819

great about supporting Chris's work but

91

00:03:42,649 --> 00:03:40,980

patrons regularly get behind the scenes

92

00:03:45,110 --> 00:03:42,659

updates from Chris directly in their

93

00:03:46,850 --> 00:03:45,120

inbox with all of the latest on what

94

00:03:49,610 --> 00:03:46,860

he's hearing from sources upcoming

95

00:03:50,690 --> 00:03:49,620

stories he's working on Etc Chris tends

96

00:03:52,610 --> 00:03:50,700

to hear about these things before

97

00:03:54,229 --> 00:03:52,620

anybody else and so getting those

98

00:03:56,089 --> 00:03:54,239

updates can feel like living in the

99

00:03:58,970 --> 00:03:56,099

future it's pretty cool

100

00:04:00,170 --> 00:03:58,980

also before we jump into this episode I

101
00:04:02,750 --> 00:04:00,180
just want to say that if you haven't

102
00:04:04,430 --> 00:04:02,760
been following disclosure closely or if

103
00:04:06,830 --> 00:04:04,440
your main sources of information on this

104
00:04:08,390 --> 00:04:06,840
have been from the mainstream media this

105
00:04:10,369 --> 00:04:08,400
conversation may feel like you're being

106
00:04:12,649 --> 00:04:10,379
thrown into the deep end there are

107
00:04:15,710 --> 00:04:12,659
references to lots of different acronyms

108
00:04:18,050 --> 00:04:15,720
people legislation Etc but you may not

109
00:04:19,250 --> 00:04:18,060
be familiar with but no worries I got

110
00:04:22,909 --> 00:04:19,260
you

111
00:04:25,370 --> 00:04:22,919
description I have put together a

112
00:04:27,170 --> 00:04:25,380
glossary of terms and acronyms a rough

113
00:04:29,450 --> 00:04:27,180

timeline of events over the last few

114

00:04:31,909 --> 00:04:29,460

years links to important reports in

115

00:04:33,530 --> 00:04:31,919

legislation and a chronological list of

116

00:04:35,270 --> 00:04:33,540

some of the top stories that Liberation

117

00:04:37,969 --> 00:04:35,280

times has dropped over the last couple

118

00:04:39,590 --> 00:04:37,979

years so if you get lost somewhere

119

00:04:42,110 --> 00:04:39,600

everything that you need to get up to

120

00:04:44,090 --> 00:04:42,120

speed will be in that episode brief

121

00:04:45,830 --> 00:04:44,100

the episode description

134
00:05:20,030 --> 00:05:17,820
all right let's get to it here's my

135
00:05:22,790 --> 00:05:20,040
interview with Christopher Sharp

136
00:05:24,590 --> 00:05:22,800
all right Chris welcome to the show I am

137
00:05:26,810 --> 00:05:24,600
so thrilled to have you here I've been a

138
00:05:28,129 --> 00:05:26,820

big fan of your work for a while welcome

139

00:05:30,529 --> 00:05:28,139

to the show

140

00:05:32,570 --> 00:05:30,539

Kelly thank you so much for having me

141

00:05:35,510 --> 00:05:32,580

I'm a huge fan of you as well you

142

00:05:36,950 --> 00:05:35,520

supported me from the start and I mean

143

00:05:39,170 --> 00:05:36,960

yeah just from the bottom of my heart

144

00:05:42,529 --> 00:05:39,180

just thank you and thank you for having

145

00:05:44,870 --> 00:05:42,539

me on it's it's a great honor for me

146

00:05:46,189 --> 00:05:44,880

oh I'm thrilled to have you well let's

147

00:05:48,170 --> 00:05:46,199

just dive right into it I know you've

148

00:05:49,850 --> 00:05:48,180

got a lot of ground to cover

149

00:05:52,070 --> 00:05:49,860

um I'd love to start with just you know

150

00:05:53,330 --> 00:05:52,080

how did you start The Liberation times I

151

00:05:55,370 --> 00:05:53,340

feel like you and I have come up in this

152

00:05:57,350 --> 00:05:55,380

community kind of at the same time and

153

00:05:59,090 --> 00:05:57,360

I'd just love to hear sort of what this

154

00:06:01,790 --> 00:05:59,100

Journey's been like for you

155

00:06:04,129 --> 00:06:01,800

yeah yeah of course yes so

156

00:06:05,510 --> 00:06:04,139

I was interested in the topic like when

157

00:06:08,810 --> 00:06:05,520

I was like five years old or something

158

00:06:10,490 --> 00:06:08,820

like that I just remember you know um I

159

00:06:11,870 --> 00:06:10,500

I couldn't hear what I was young this I

160

00:06:13,189 --> 00:06:11,880

had like an operation on my ears and

161

00:06:16,730 --> 00:06:13,199

stuff so it was quite a lonely world

162

00:06:18,650 --> 00:06:16,740

growing up for me and you're because

163

00:06:21,050 --> 00:06:18,660

your reality isn't great because you

164

00:06:23,689 --> 00:06:21,060

can't hear anything and it's tough

165

00:06:25,730 --> 00:06:23,699

growing up you know and um I think I

166

00:06:28,730 --> 00:06:25,740

always had that escapism of just

167

00:06:32,830 --> 00:06:28,740

something coming from another world and

168

00:06:36,590 --> 00:06:32,840

taking you out of your reality and um

169

00:06:38,390 --> 00:06:36,600

you know that hope that things can be

170

00:06:40,249 --> 00:06:38,400

different for the better and I remember

171

00:06:42,590 --> 00:06:40,259

writing short stories when I was like

172

00:06:44,510 --> 00:06:42,600

five and six years old about

173

00:06:45,950 --> 00:06:44,520

um UFOs and the aliens and stuff like

174

00:06:48,710 --> 00:06:45,960

that so I think I've always had that

175

00:06:51,050 --> 00:06:48,720

open mind this towards the topic and you

176
00:06:52,550 --> 00:06:51,060
know that carried on throughout my um

177
00:06:54,650 --> 00:06:52,560
teens when I was watching UFO

178
00:06:58,010 --> 00:06:54,660
documentaries and stuff

179
00:07:01,370 --> 00:06:58,020
and I would say I kind of lost interest

180
00:07:04,430 --> 00:07:01,380
in it when I was in my late teens early

181
00:07:07,969 --> 00:07:04,440
20s getting involved in

182
00:07:10,909 --> 00:07:07,979
it comes after University when you're in

183
00:07:13,010 --> 00:07:10,919
office full of Oxbridge graduates

184
00:07:15,710 --> 00:07:13,020
it's not the greatest thing to bring up

185
00:07:19,249 --> 00:07:15,720
in terms of a topic and when you're

186
00:07:21,770 --> 00:07:19,259
engaging with CEOs and politicians and

187
00:07:23,210 --> 00:07:21,780
you know these important people you know

188
00:07:25,309 --> 00:07:23,220

you're just very very grounded and just

189

00:07:26,510 --> 00:07:25,319

kind of like modern day reality in tasks

190

00:07:29,210 --> 00:07:26,520

that need to be done as you would know

191

00:07:31,309 --> 00:07:29,220

from your own comms background I guess

192

00:07:33,770 --> 00:07:31,319

so it does it didn't really serve me

193

00:07:35,990 --> 00:07:33,780

well to talk about any of that stuff and

194

00:07:38,689 --> 00:07:36,000

um yeah I think covert changed a lot for

195

00:07:40,129 --> 00:07:38,699

a lot of people and I remember having

196

00:07:42,350 --> 00:07:40,139

covered I couldn't breathe or anything

197

00:07:45,469 --> 00:07:42,360

like that and I remember it being

198

00:07:47,390 --> 00:07:45,479

confirmed that the uh well from the

199

00:07:50,089 --> 00:07:47,400

Pentagon the Pentagon released there to

200

00:07:53,510 --> 00:07:50,099

the Stars Academy videos uh they

201
00:07:55,670 --> 00:07:53,520
released it those videos and I think it

202
00:07:57,170 --> 00:07:55,680
dawned on me then when I had kovitch you

203
00:07:59,450 --> 00:07:57,180
know like bloody hell this whole thing

204
00:08:00,890 --> 00:07:59,460
is real and I think it's the same it

205
00:08:02,930 --> 00:08:00,900
takes me back to when I was younger you

206
00:08:04,730 --> 00:08:02,940
know the reality you're living in being

207
00:08:07,390 --> 00:08:04,740
very very

208
00:08:09,950 --> 00:08:07,400
difficult and then all of a sudden

209
00:08:13,129 --> 00:08:09,960
something comes up which kind of like

210
00:08:14,870 --> 00:08:13,139
shakes your reality and again it's kind

211
00:08:16,909 --> 00:08:14,880
of like this

212
00:08:19,909 --> 00:08:16,919
possibility of a non-human intelligence

213
00:08:21,529 --> 00:08:19,919

existing in kind of like potentially uh

214

00:08:23,809 --> 00:08:21,539

the world changing potentially for the

215

00:08:27,469 --> 00:08:23,819

better so I mean that got me back into

216

00:08:29,930 --> 00:08:27,479

it and I think a year later because cons

217

00:08:31,790 --> 00:08:29,940

is is a very very demanding career it's

218

00:08:33,529 --> 00:08:31,800

very very difficult and especially with

219

00:08:34,310 --> 00:08:33,539

the pandemic

220

00:08:36,709 --> 00:08:34,320

um

221

00:08:39,769 --> 00:08:36,719

is very difficult for me having a son

222

00:08:41,449 --> 00:08:39,779

and a wife working as a nurse so I had

223

00:08:44,149 --> 00:08:41,459

to give up my role

224

00:08:46,850 --> 00:08:44,159

and I think when I was serving my notice

225

00:08:48,769 --> 00:08:46,860

period I got very very bored and I

226

00:08:51,170 --> 00:08:48,779

decided just to serve a Squarespace

227

00:08:54,530 --> 00:08:51,180

website basically and set up a News

228

00:08:56,750 --> 00:08:54,540

website and start reporting on the UAP

229

00:08:58,670 --> 00:08:56,760

topic and it all started from there

230

00:09:03,170 --> 00:08:58,680

really and it starts out with a nap

231

00:09:06,110 --> 00:09:03,180

analytical pieces and four pieces guest

232

00:09:08,449 --> 00:09:06,120

columns stuff like that and it's really

233

00:09:10,490 --> 00:09:08,459

kind of evolved from that

234

00:09:13,970 --> 00:09:10,500

um and now we mainly Focus really at

235

00:09:16,790 --> 00:09:13,980

Liberation times in reporting on the

236

00:09:18,590 --> 00:09:16,800

latest UAP news so we were the first

237

00:09:22,009 --> 00:09:18,600

ones to report on the possibility of

238

00:09:24,710 --> 00:09:22,019

hearings last year and the same with the

239

00:09:27,530 --> 00:09:24,720

UAP study from NASA as well were the

240

00:09:30,350 --> 00:09:27,540

first ones to break that and I'd also

241

00:09:32,690 --> 00:09:30,360

mention aside from report well

242

00:09:35,210 --> 00:09:32,700

reporting for The Liberation times which

243

00:09:37,670 --> 00:09:35,220

I created I also report for the Daily

244

00:09:40,550 --> 00:09:37,680

Mail as well so you'll find me both in

245

00:09:42,650 --> 00:09:40,560

Liberation times and uh and daily mail

246

00:09:44,329 --> 00:09:42,660

so I hope that gives you a good kind of

247

00:09:46,490 --> 00:09:44,339

like summary from from where I'm coming

248

00:09:49,430 --> 00:09:46,500

from but uh we just try to report the

249

00:09:52,130 --> 00:09:49,440

UAP topic from the perspective that this

250

00:09:54,530 --> 00:09:52,140

is a scandal and with any Scandal like

251
00:09:57,170 --> 00:09:54,540
Watergate or whatever you always go to

252
00:09:59,509 --> 00:09:57,180
the whistleblowers and that that's why I

253
00:10:02,449 --> 00:09:59,519
approached the topic from

254
00:10:04,670 --> 00:10:02,459
well that's an incredible story and it's

255
00:10:06,230 --> 00:10:04,680
been so cool to watch you do all of this

256
00:10:08,509 --> 00:10:06,240
you know to watch

257
00:10:10,250 --> 00:10:08,519
um an independent journalist really

258
00:10:11,810 --> 00:10:10,260
break some of these biggest stories

259
00:10:13,430 --> 00:10:11,820
around what's really the biggest thing

260
00:10:15,530 --> 00:10:13,440
happening in the world right now so like

261
00:10:18,110 --> 00:10:15,540
without giving away your secrets like

262
00:10:21,290 --> 00:10:18,120
what's your secret how do you how have

263
00:10:23,509 --> 00:10:21,300

you managed to do that

264

00:10:24,650 --> 00:10:23,519

I would say I would say speaking out the

265

00:10:27,650 --> 00:10:24,660

books being a little bit weird

266

00:10:30,350 --> 00:10:27,660

approaching things differently

267

00:10:32,210 --> 00:10:30,360

um being resourceful being pragmatic

268

00:10:34,550 --> 00:10:32,220

there's all sorts of things that go into

269

00:10:36,530 --> 00:10:34,560

it and um you know I don't have the

270

00:10:39,170 --> 00:10:36,540

privilege of being a Politico reporter

271

00:10:42,769 --> 00:10:39,180

and having links with all these

272

00:10:45,410 --> 00:10:42,779

um political representatives and uh or

273

00:10:47,990 --> 00:10:45,420

being a defense reporter you know

274

00:10:50,930 --> 00:10:48,000

um so I don't have those links so I've

275

00:10:52,730 --> 00:10:50,940

had to develop my sources

276

00:10:55,370 --> 00:10:52,740

um from the ground up really

277

00:10:56,569 --> 00:10:55,380

um and I've done that from reaching out

278

00:10:58,970 --> 00:10:56,579

to people

279

00:11:00,949 --> 00:10:58,980

um from having a a good eye for a story

280

00:11:03,290 --> 00:11:00,959

so for example I mean to give you an

281

00:11:06,350 --> 00:11:03,300

example I I noticed on Twitter someone

282

00:11:08,569 --> 00:11:06,360

was like post posted something about

283

00:11:10,970 --> 00:11:08,579

um an incident when they were in the U.S

284

00:11:14,030 --> 00:11:10,980

Air Force about a um

285

00:11:16,970 --> 00:11:14,040

a shadow person and seeing UAP and stuff

286

00:11:20,810 --> 00:11:16,980

like that and I noticed this post or

287

00:11:22,670 --> 00:11:20,820

tweet I guess and um no one seemed to be

288

00:11:24,290 --> 00:11:22,680

interacting with it had like zero likes

289

00:11:25,850 --> 00:11:24,300

so I looked on the person's profile he

290

00:11:28,030 --> 00:11:25,860

was former US Air Force and I was like

291

00:11:31,370 --> 00:11:28,040

what is like no one noticed this sweet

292

00:11:32,210 --> 00:11:31,380

and uh yeah I ended up contacting the

293

00:11:33,829 --> 00:11:32,220

person

294

00:11:36,530 --> 00:11:33,839

um it was Adrian

295

00:11:37,910 --> 00:11:36,540

um his name was and um yeah that ended

296

00:11:40,190 --> 00:11:37,920

up being like a really big story in

297

00:11:41,750 --> 00:11:40,200

Liberation times and it got reported in

298

00:11:44,870 --> 00:11:41,760

the Sun as well

299

00:11:47,210 --> 00:11:44,880

um that you know he was working on a

300

00:11:49,850 --> 00:11:47,220

base uh which had I think it was white

301

00:11:52,550 --> 00:11:49,860

Whiteman Air Force Base

302

00:11:55,069 --> 00:11:52,560

um which had nuclear weapons and

303

00:11:57,949 --> 00:11:55,079

um he saw a shadow person

304

00:12:00,290 --> 00:11:57,959

um from within the complex and um I mean

305

00:12:02,389 --> 00:12:00,300

shadow people had been reported before

306

00:12:05,150 --> 00:12:02,399

in nuclear

307

00:12:06,530 --> 00:12:05,160

um facilities uh most natively by George

308

00:12:07,970 --> 00:12:06,540

Knapp

309

00:12:11,030 --> 00:12:07,980

um which is a really strange phenomena

310

00:12:13,550 --> 00:12:11,040

so that sometimes how you get a story

311

00:12:16,550 --> 00:12:13,560

and also you have to you have to always

312

00:12:18,590 --> 00:12:16,560

ask the good questions as well so I'm

313

00:12:20,810 --> 00:12:18,600

always trying to get a good Scoop and

314

00:12:23,030 --> 00:12:20,820

approach things differently in terms of

315

00:12:25,910 --> 00:12:23,040

how I ask the questions or sometimes

316

00:12:28,790 --> 00:12:25,920

demand the questions as well because

317

00:12:31,009 --> 00:12:28,800

for instance I reported last last year

318

00:12:33,769 --> 00:12:31,019

last summer that Louis lazondo the

319

00:12:36,889 --> 00:12:33,779

former director of atit the UAP program

320

00:12:39,310 --> 00:12:36,899

in the Pentagon I reported that he was

321

00:12:43,430 --> 00:12:39,320

actually employed within the space force

322

00:12:45,889 --> 00:12:43,440

and that was a rumor that had been going

323

00:12:47,329 --> 00:12:45,899

around for a number of weeks and lots of

324

00:12:49,550 --> 00:12:47,339

journalists and other people had been

325

00:12:52,610 --> 00:12:49,560

trying to get the Pentagon to confirm

326

00:12:54,829 --> 00:12:52,620

that story and Susan Gough the Pentagon

327

00:12:57,050 --> 00:12:54,839

spokesperson UAP was having none of it

328

00:13:00,290 --> 00:12:57,060

basically and she wasn't getting back to

329

00:13:02,629 --> 00:13:00,300

people and she was trying her best

330

00:13:05,389 --> 00:13:02,639

obfuscate and everything so what I did

331

00:13:07,610 --> 00:13:05,399

is I complained to the Pentagon and the

332

00:13:09,530 --> 00:13:07,620

IGA made an official Complaint saying

333

00:13:12,350 --> 00:13:09,540

this is ridiculous you should be able to

334

00:13:14,509 --> 00:13:12,360

confirm whether or not louisandu is you

335

00:13:16,610 --> 00:13:14,519

know employed with or contracted to the

336

00:13:19,610 --> 00:13:16,620

space force and because of that I

337

00:13:22,910 --> 00:13:19,620

managed to get confirmation so yeah it

338

00:13:24,730 --> 00:13:22,920

takes all kinds of tricks and methods to

339

00:13:27,350 --> 00:13:24,740

get the story

340

00:13:29,930 --> 00:13:27,360

I love that

341

00:13:32,449 --> 00:13:29,940

um so a lot has already happened with

342

00:13:34,009 --> 00:13:32,459

regard to UFOs and disclosure in 2023

343

00:13:35,990 --> 00:13:34,019

and I feel like the buzz in the

344

00:13:37,910 --> 00:13:36,000

community was definitely already that

345

00:13:39,350 --> 00:13:37,920

this was going to be a big year but I

346

00:13:41,269 --> 00:13:39,360

know at least for me and for a lot of

347

00:13:42,769 --> 00:13:41,279

people I'm talking to

348

00:13:44,990 --> 00:13:42,779

um it feels like the movement that we've

349

00:13:46,610 --> 00:13:45,000

seen is still surprising even though you

350

00:13:48,230 --> 00:13:46,620

know I think you hear oh it's going to

351
00:13:49,370 --> 00:13:48,240
be a big year and I always say if I hear

352
00:13:52,190 --> 00:13:49,380
something's definitely going to happen

353
00:13:53,690 --> 00:13:52,200
in the next in the next six months I

354
00:13:55,190 --> 00:13:53,700
always immediately assume that it might

355
00:13:58,430 --> 00:13:55,200
happen in the next 10 years that's sort

356
00:14:00,230 --> 00:13:58,440
of how I temper my expectations but this

357
00:14:02,269 --> 00:14:00,240
year has been surprising in terms of how

358
00:14:03,889 --> 00:14:02,279
fast things have been moving and I

359
00:14:06,110 --> 00:14:03,899
really want to talk about about all of

360
00:14:08,150 --> 00:14:06,120
that but before we get to that I'd sort

361
00:14:10,670 --> 00:14:08,160
of like to set the stage can you give

362
00:14:13,250 --> 00:14:10,680
the listeners a brief overview of some

363
00:14:15,290 --> 00:14:13,260

of the progress that was made in 2022 of

364

00:14:17,530 --> 00:14:15,300

last year and then how that set us up

365

00:14:20,210 --> 00:14:17,540

for 2023

366

00:14:22,569 --> 00:14:20,220

gosh good good there's a lot so don't

367

00:14:24,829 --> 00:14:22,579

don't feel the need to hit it all

368

00:14:28,509 --> 00:14:24,839

mine exploding there

369

00:14:33,050 --> 00:14:28,519

so I I would say that um

370

00:14:36,170 --> 00:14:33,060

so what we had was we had the

371

00:14:39,050 --> 00:14:36,180

we had the first public hearing

372

00:14:41,569 --> 00:14:39,060

um on the topic of UAP for the first

373

00:14:44,449 --> 00:14:41,579

time in like 50 years or something like

374

00:14:46,189 --> 00:14:44,459

that that was a huge step forward in

375

00:14:48,650 --> 00:14:46,199

bringing this topic into the public

376

00:14:51,129 --> 00:14:48,660

Consciousness so that was a really

377

00:14:53,930 --> 00:14:51,139

really big development there

378

00:14:56,150 --> 00:14:53,940

and that created occur like major ways

379

00:14:58,610 --> 00:14:56,160

in terms of news headlines and I think

380

00:15:01,189 --> 00:14:58,620

on the back of that as well I had a

381

00:15:04,009 --> 00:15:01,199

Daily Mail story about UAP seen in the

382

00:15:06,050 --> 00:15:04,019

Sinai Peninsula by military burst now

383

00:15:08,269 --> 00:15:06,060

and that was the top story in the Daily

384

00:15:10,069 --> 00:15:08,279

Mail on that day on the website she's

385

00:15:12,889 --> 00:15:10,079

really really big you know Daily Mail is

386

00:15:14,689 --> 00:15:12,899

the most read English speaking

387

00:15:19,129 --> 00:15:14,699

publication

388

00:15:20,509 --> 00:15:19,139

was a really big to get to the top

389

00:15:21,590 --> 00:15:20,519

um you know and that was because of the

390

00:15:23,210 --> 00:15:21,600

hearings

391

00:15:26,629 --> 00:15:23,220

um so that was a really big deal and

392

00:15:29,629 --> 00:15:26,639

then we had the NASA UAP study announced

393

00:15:32,210 --> 00:15:29,639

and um I mean that that's moving

394

00:15:34,850 --> 00:15:32,220

forwards now so we should hear some more

395

00:15:36,470 --> 00:15:34,860

progress about the NASA UAP

396

00:15:39,170 --> 00:15:36,480

um study

397

00:15:40,910 --> 00:15:39,180

um this year and from what I'm hearing

398

00:15:42,590 --> 00:15:40,920

that's gonna be a really really big part

399

00:15:45,769 --> 00:15:42,600

of the story

400

00:15:48,050 --> 00:15:45,779

um in terms of developments with UAP so

401
00:15:50,629 --> 00:15:48,060
we had that and then I think well the

402
00:15:53,870 --> 00:15:50,639
most notable thing really that I can say

403
00:15:55,250 --> 00:15:53,880
is that we had language draft language

404
00:15:57,410 --> 00:15:55,260
which came out of the set of

405
00:15:59,329 --> 00:15:57,420
intelligence committee

406
00:16:03,490 --> 00:15:59,339
um for the intelligence authorization

407
00:16:06,470 --> 00:16:03,500
act which basically alluded to possible

408
00:16:08,870 --> 00:16:06,480
illegal secret or special access

409
00:16:11,150 --> 00:16:08,880
programs

410
00:16:13,370 --> 00:16:11,160
um run Within

411
00:16:15,350 --> 00:16:13,380
most likely defense contractors like

412
00:16:17,990 --> 00:16:15,360
Lockheed Martin because there was

413
00:16:20,090 --> 00:16:18,000

language providing whistleblower

414

00:16:23,030 --> 00:16:20,100
protections and a mechanism for

415

00:16:25,670 --> 00:16:23,040
whistleblowers to come forward safely to

416

00:16:28,129 --> 00:16:25,680
report a legal

417

00:16:30,410 --> 00:16:28,139
program to do with UAP so that could be

418

00:16:33,350 --> 00:16:30,420
reverse engineering

419

00:16:36,249 --> 00:16:33,360
um that could be crash retrievals and

420

00:16:39,470 --> 00:16:36,259
stuff like that and to see that language

421

00:16:41,870 --> 00:16:39,480
reports that you know used by the um

422

00:16:45,230 --> 00:16:41,880
used by the Senate

423

00:16:46,670 --> 00:16:45,240
shocking really and um you know I was

424

00:16:49,610 --> 00:16:46,680
speaking to my sources you know and

425

00:16:51,590 --> 00:16:49,620
you're used to them talking about events

426
00:16:53,810 --> 00:16:51,600
to enable aviators and seeing things

427
00:16:56,329 --> 00:16:53,820
that they can't understand and it just

428
00:16:58,430 --> 00:16:56,339
jumped from that and Naval Aviation

429
00:17:01,850 --> 00:16:58,440
seeing stuff up off the West Coast or

430
00:17:04,669 --> 00:17:01,860
east coast to uh lucris

431
00:17:07,909 --> 00:17:04,679
um we have it's very very likely that we

432
00:17:09,590 --> 00:17:07,919
have um illegal special access programs

433
00:17:11,390 --> 00:17:09,600
running in this country

434
00:17:13,909 --> 00:17:11,400
um in the USA

435
00:17:16,490 --> 00:17:13,919
um that's been hidden by Hayden from

436
00:17:18,590 --> 00:17:16,500
Congress and that's a major deal because

437
00:17:20,870 --> 00:17:18,600
you have to report special access

438
00:17:22,789 --> 00:17:20,880

programs to the gang of eight

439

00:17:24,169 --> 00:17:22,799

even if it's verbally you have to make

440

00:17:28,309 --> 00:17:24,179

it clear what you're doing so if that's

441

00:17:31,430 --> 00:17:28,319

not being done that's a huge huge deal

442

00:17:33,350 --> 00:17:31,440

um so I I would say that that was huge

443

00:17:36,110 --> 00:17:33,360

and in the end that language passed with

444

00:17:38,390 --> 00:17:36,120

an ash potential authorization act

445

00:17:39,890 --> 00:17:38,400

um and I mean that's really set up quite

446

00:17:41,690 --> 00:17:39,900

nicely

447

00:17:44,450 --> 00:17:41,700

um for this year and I think as well in

448

00:17:46,490 --> 00:17:44,460

2022 I think I don't know if I'm

449

00:17:50,029 --> 00:17:46,500

confusing it now I I think it was when

450

00:17:52,490 --> 00:17:50,039

San Marino passed project Titan as well

451
00:17:56,570 --> 00:17:52,500
so if you don't know what project Titan

452
00:17:57,950 --> 00:17:56,580
is Project Titan is an initiative set up

453
00:17:59,630 --> 00:17:57,960
by

454
00:18:03,470 --> 00:17:59,640
um

455
00:18:05,810 --> 00:18:03,480
a person named Paulo guzardi with the

456
00:18:09,230 --> 00:18:05,820
help of Roberto panotti so these are two

457
00:18:11,390 --> 00:18:09,240
Italian UAP researchers and it's

458
00:18:13,970 --> 00:18:11,400
basically they've taken this initiative

459
00:18:15,830 --> 00:18:13,980
to San Marino whereby they've requested

460
00:18:17,510 --> 00:18:15,840
San Marino the government the San Marino

461
00:18:20,090 --> 00:18:17,520
to

462
00:18:22,669 --> 00:18:20,100
um take up the issue of UAP before the

463
00:18:24,470 --> 00:18:22,679

before the United Nations

464

00:18:28,310 --> 00:18:24,480

um so that San Marino would essentially

465

00:18:31,250 --> 00:18:28,320

become the Geneva of UFOs

466

00:18:33,230 --> 00:18:31,260

and this is a huge deal I mean it goes

467

00:18:35,210 --> 00:18:33,240

from being an American issue to an

468

00:18:38,210 --> 00:18:35,220

international issue

469

00:18:39,650 --> 00:18:38,220

um so you know Paulo and um Roberto have

470

00:18:43,909 --> 00:18:39,660

been plugging away at this for like

471

00:18:46,370 --> 00:18:43,919

around almost two years now and um last

472

00:18:47,930 --> 00:18:46,380

year if my memory is correct but it's

473

00:18:49,430 --> 00:18:47,940

happened anyway

474

00:18:52,549 --> 00:18:49,440

um San Marino

475

00:18:54,590 --> 00:18:52,559

um accepted this project

476
00:18:56,870 --> 00:18:54,600
um and agreed that it will go before the

477
00:18:58,490 --> 00:18:56,880
United Nations to request

478
00:19:00,590 --> 00:18:58,500
um periodic

479
00:19:03,770 --> 00:19:00,600
um conferences

480
00:19:07,010 --> 00:19:03,780
um under the Aegis of the UN

481
00:19:08,150 --> 00:19:07,020
um to looking to the UAP topic so that

482
00:19:11,210 --> 00:19:08,160
that

483
00:19:12,710 --> 00:19:11,220
it's really really big really really big

484
00:19:14,150 --> 00:19:12,720
um so yeah you've got so many

485
00:19:15,409 --> 00:19:14,160
developments happening sorry it's

486
00:19:17,690 --> 00:19:15,419
difficult to get my head around it

487
00:19:19,490 --> 00:19:17,700
sometimes no you killed it that was

488
00:19:21,710 --> 00:19:19,500

great and there's so many you know we

489

00:19:23,690 --> 00:19:21,720

came into this year with all of these

490

00:19:25,909 --> 00:19:23,700

victories right and we thought we were

491

00:19:27,289 --> 00:19:25,919

going to have okay 2023 is going to be a

492

00:19:28,669 --> 00:19:27,299

huge year for disclosure that was what

493

00:19:30,409 --> 00:19:28,679

we were all told but I don't think

494

00:19:32,029 --> 00:19:30,419

anyone saw coming what happened in

495

00:19:34,190 --> 00:19:32,039

February

496

00:19:36,350 --> 00:19:34,200

um obviously there's a huge media circus

497

00:19:38,390 --> 00:19:36,360

around the multiple unidentified objects

498

00:19:41,210 --> 00:19:38,400

that were shot down over the U.S and

499

00:19:42,710 --> 00:19:41,220

Canadian airspace in February and it

500

00:19:45,230 --> 00:19:42,720

feels like every twist and turn of the

501
00:19:46,430 --> 00:19:45,240
story has only made it like harder to

502
00:19:47,690 --> 00:19:46,440
decipher

503
00:19:49,310 --> 00:19:47,700
um it can be really hard to cut through

504
00:19:50,750 --> 00:19:49,320
the noise and figure out what's going on

505
00:19:52,970 --> 00:19:50,760
when you talk about this story because

506
00:19:54,470 --> 00:19:52,980
it seems like it changes every week and

507
00:19:57,049 --> 00:19:54,480
different people are saying different

508
00:19:58,970 --> 00:19:57,059
things so after weeks of watching this

509
00:20:01,130 --> 00:19:58,980
unfold and with what you're hearing from

510
00:20:02,330 --> 00:20:01,140
your sources behind the scenes what do

511
00:20:04,010 --> 00:20:02,340
you think are just like the biggest

512
00:20:05,870 --> 00:20:04,020
takeaways from these events without

513
00:20:08,029 --> 00:20:05,880

getting too Lost In The Weeds like what

514

00:20:09,650 --> 00:20:08,039

should we What's significant about what

515

00:20:13,310 --> 00:20:09,660

what's happened and what should we be

516

00:20:17,690 --> 00:20:15,110

I'm going to be controversial here and I

517

00:20:19,669 --> 00:20:17,700

I'm going to downplay the initial um the

518

00:20:21,350 --> 00:20:19,679

significance of those events to a

519

00:20:25,669 --> 00:20:21,360

certain extent because

520

00:20:30,409 --> 00:20:28,010

Insight within what was going on within

521

00:20:33,830 --> 00:20:30,419

the Congress were already telling me

522

00:20:35,810 --> 00:20:33,840

that that we've made more progress

523

00:20:38,570 --> 00:20:35,820

this past week for example this is

524

00:20:39,830 --> 00:20:38,580

before the event than we had made in the

525

00:20:41,690 --> 00:20:39,840

last two years

526

00:20:43,730 --> 00:20:41,700

when it comes to this topic so I was

527

00:20:45,890 --> 00:20:43,740

talking about is that basically before

528

00:20:49,190 --> 00:20:45,900

these things happened

529

00:20:52,010 --> 00:20:49,200

um in February so I I would say that but

530

00:20:54,890 --> 00:20:52,020

the significance of it really is that

531

00:20:55,909 --> 00:20:54,900

this has now been elevated to the White

532

00:21:00,310 --> 00:20:55,919

House

533

00:21:03,770 --> 00:21:00,320

UAP

534

00:21:07,250 --> 00:21:03,780

interagency team that is huge led by

535

00:21:10,610 --> 00:21:07,260

Jake Sullivan National Security advisor

536

00:21:13,990 --> 00:21:10,620

um for Joe Biden and I can confirm to

537

00:21:17,029 --> 00:21:14,000

you that advocates

538

00:21:20,990 --> 00:21:17,039

had been telling me that they wished for

539

00:21:23,090 --> 00:21:21,000

this to be enacted

540

00:21:25,010 --> 00:21:23,100

this is going back to October now that

541

00:21:26,870 --> 00:21:25,020

they were telling me that Chris we need

542

00:21:30,529 --> 00:21:26,880

something within the White House we need

543

00:21:31,970 --> 00:21:30,539

a special curve like group or task force

544

00:21:34,549 --> 00:21:31,980

within the White House basically that's

545

00:21:36,590 --> 00:21:34,559

what we need when it comes to this so it

546

00:21:39,049 --> 00:21:36,600

seemed that the February event triggered

547

00:21:40,669 --> 00:21:39,059

this interagency team

548

00:21:42,890 --> 00:21:40,679

um to

549

00:21:45,770 --> 00:21:42,900

to kind of like take place and we're

550

00:21:47,570 --> 00:21:45,780

awaiting more information on that but

551
00:21:50,390 --> 00:21:47,580
that's that's really the big takeaway

552
00:21:51,230 --> 00:21:50,400
here and um look it's one thing Kurt

553
00:21:54,470 --> 00:21:51,240
Patrick

554
00:21:56,090 --> 00:21:54,480
quite a lowly level person when it comes

555
00:21:59,930 --> 00:21:56,100
to the big scale of things Kurt

556
00:22:02,750 --> 00:21:59,940
Patrick's Patrick leads the dodn

557
00:22:04,250 --> 00:22:02,760
um OD and I Arrow office he's the

558
00:22:05,750 --> 00:22:04,260
director of it

559
00:22:07,430 --> 00:22:05,760
um but you know it's one thing for him

560
00:22:09,710 --> 00:22:07,440
saying to like a general within the US

561
00:22:12,770 --> 00:22:09,720
Air Force give me all your UAP

562
00:22:14,330 --> 00:22:12,780
information and they'd be like screw you

563
00:22:16,669 --> 00:22:14,340

um and there's a difference between that

564

00:22:18,470 --> 00:22:16,679

and you know someone serving at the

565

00:22:20,450 --> 00:22:18,480

pleasure of the president

566

00:22:22,430 --> 00:22:20,460

saying give me your UAP information

567

00:22:24,409 --> 00:22:22,440

because if I say no to that person

568

00:22:27,470 --> 00:22:24,419

they're saying no essentially to Joe

569

00:22:29,149 --> 00:22:27,480

Biden the president so it makes a big

570

00:22:32,690 --> 00:22:29,159

difference so we're awaiting more

571

00:22:34,130 --> 00:22:32,700

details on that to occur but I would

572

00:22:35,649 --> 00:22:34,140

also add as well sorry I'm really going

573

00:22:38,149 --> 00:22:35,659

over my time here in terms of

574

00:22:40,010 --> 00:22:38,159

summarizing this nicely but I would add

575

00:22:41,810 --> 00:22:40,020

that I think that these objects that

576

00:22:44,029 --> 00:22:41,820

were

577

00:22:45,950 --> 00:22:44,039

um seen over North America in February

578

00:22:48,110 --> 00:22:45,960

from my understanding what I'm hearing

579

00:22:52,070 --> 00:22:48,120

is that they were prosaic they were

580

00:22:55,430 --> 00:22:52,080

prosaic however you know it

581

00:22:58,130 --> 00:22:55,440

it has elevated the issue of UAP

582

00:23:01,190 --> 00:22:58,140

um even further than it was before

583

00:23:04,190 --> 00:23:03,049

perspective

584

00:23:07,190 --> 00:23:04,200

so

585

00:23:08,930 --> 00:23:07,200

I know that we're hearing that we might

586

00:23:10,490 --> 00:23:08,940

be getting UFO hearings what are the

587

00:23:12,169 --> 00:23:10,500

what's the latest that you're hearing on

588

00:23:14,090 --> 00:23:12,179

that right now

589

00:23:16,490 --> 00:23:14,100

yeah yeah it's a difficult situation

590

00:23:18,649 --> 00:23:16,500

because I reported back in I think it

591

00:23:20,210 --> 00:23:18,659

was like November that we could expect

592

00:23:21,350 --> 00:23:20,220

um what sources were saying that we

593

00:23:23,810 --> 00:23:21,360

could expect

594

00:23:26,870 --> 00:23:23,820

um UAP hearings when the national

595

00:23:29,149 --> 00:23:26,880

protects authorization Act was passed

596

00:23:31,190 --> 00:23:29,159

and

597

00:23:35,690 --> 00:23:31,200

I suppose like when when you think about

598

00:23:37,070 --> 00:23:35,700

it yes Biden passed it in I think it was

599

00:23:39,890 --> 00:23:37,080

like late December

600

00:23:42,049 --> 00:23:39,900

but the budget's only you know

601
00:23:43,610 --> 00:23:42,059
the budget for it is going through now

602
00:23:45,830 --> 00:23:43,620
and that's you know one of the most

603
00:23:47,210 --> 00:23:45,840
important aspects of it as well but it

604
00:23:49,130 --> 00:23:47,220
didn't happen when I thought it was

605
00:23:50,630 --> 00:23:49,140
going to happen which reminds you these

606
00:23:52,130 --> 00:23:50,640
situations are always really really

607
00:23:54,169 --> 00:23:52,140
fluid

608
00:23:56,029 --> 00:23:54,179
um and there's lots of moving Parts at

609
00:23:57,350 --> 00:23:56,039
play so you can never say it's

610
00:23:59,390 --> 00:23:57,360
definitely gonna happen on this date

611
00:24:01,970 --> 00:23:59,400
it's never going to happen definitely

612
00:24:04,010 --> 00:24:01,980
until it is confirmed and that press

613
00:24:06,610 --> 00:24:04,020

release is sent to the New York Times

614

00:24:09,770 --> 00:24:06,620

you get the exclusive

615

00:24:10,610 --> 00:24:09,780

last year I mean

616

00:24:13,490 --> 00:24:10,620

um

617

00:24:15,770 --> 00:24:13,500

and uh yeah I mean I'm hearing that

618

00:24:18,289 --> 00:24:15,780

there are two possible committees that

619

00:24:20,330 --> 00:24:18,299

could be holding public hearings

620

00:24:21,710 --> 00:24:20,340

um so one is the emerging threats

621

00:24:23,870 --> 00:24:21,720

subcommittee within the armed services

622

00:24:25,549 --> 00:24:23,880

senate committee led by Kirsten

623

00:24:28,130 --> 00:24:25,559

gillibrand so that's

624

00:24:30,350 --> 00:24:28,140

what I'm hearing and any other one is

625

00:24:34,250 --> 00:24:30,360

um one of the subcommittees perhaps

626

00:24:37,070 --> 00:24:34,260

within the oversight house committee

627

00:24:39,830 --> 00:24:37,080

um and that would be led by um burchett

628

00:24:41,930 --> 00:24:39,840

who's really advocating for that one and

629

00:24:43,610 --> 00:24:41,940

I can confirm that yeah arrangements are

630

00:24:46,430 --> 00:24:43,620

being made right now

631

00:24:48,230 --> 00:24:46,440

um people are being spoken to in terms

632

00:24:50,210 --> 00:24:48,240

of being called up

633

00:24:52,149 --> 00:24:50,220

um for such hearings and I would also

634

00:24:54,830 --> 00:24:52,159

state that if these hearings do go ahead

635

00:24:56,570 --> 00:24:54,840

there'll be much more meaningful than

636

00:24:58,549 --> 00:24:56,580

the hearing that took place last year

637

00:25:00,350 --> 00:24:58,559

and we should uncover a lots more

638

00:25:04,190 --> 00:25:00,360

information when it comes to those as

639

00:25:05,450 --> 00:25:04,200

well at the moment I'm hearing hearing

640

00:25:07,909 --> 00:25:05,460

hearings

641

00:25:11,029 --> 00:25:07,919

um that these should take place

642

00:25:14,270 --> 00:25:11,039

um either next month or may but look

643

00:25:17,149 --> 00:25:14,280

these things you can never be sure

644

00:25:19,190 --> 00:25:17,159

because all it takes is Russia to sell

645

00:25:21,169 --> 00:25:19,200

for tactical nuke in the Ukraine

646

00:25:23,390 --> 00:25:21,179

tomorrow and everything is off course

647

00:25:24,590 --> 00:25:23,400

you know so you can never say it's

648

00:25:26,090 --> 00:25:24,600

definitely going to happen and I just

649

00:25:28,970 --> 00:25:26,100

find myself in the same situation as

650

00:25:31,190 --> 00:25:28,980

last year because I knew that Carson was

651
00:25:33,529 --> 00:25:31,200
going was on the brink of announcing the

652
00:25:35,029 --> 00:25:33,539
public hearing and I was like chasing

653
00:25:37,070 --> 00:25:35,039
around can you confirm this can you

654
00:25:38,750 --> 00:25:37,080
confirm this and no one was telling me

655
00:25:40,789 --> 00:25:38,760
anything probably because the New York

656
00:25:43,430 --> 00:25:40,799
Times already had the exclusive but um

657
00:25:45,230 --> 00:25:43,440
yeah it's always difficult this you know

658
00:25:46,909 --> 00:25:45,240
you could be chasing around chasing

659
00:25:49,070 --> 00:25:46,919
around but

660
00:25:50,630 --> 00:25:49,080
I mean there's not you know if they've

661
00:25:53,269 --> 00:25:50,640
decided to give the exclusive to someone

662
00:25:54,710 --> 00:25:53,279
else there's not really much you can you

663
00:25:56,930 --> 00:25:54,720

can really do in terms of getting

664

00:25:58,970 --> 00:25:56,940

official confirmations to do with these

665

00:26:00,890 --> 00:25:58,980

things but um yeah at least two

666

00:26:03,049 --> 00:26:00,900

committees anyway I'm hearing

667

00:26:06,350 --> 00:26:03,059

are most likely to hold public hearings

668

00:26:08,990 --> 00:26:06,360

but it may be other committees as well

669

00:26:11,390 --> 00:26:09,000

um yeah it's it's a very very exciting

670

00:26:13,730 --> 00:26:11,400

time very very exciting time

671

00:26:16,730 --> 00:26:13,740

that's amazing I can't wait to see how

672

00:26:17,810 --> 00:26:16,740

that all unfolds um what in your what is

673

00:26:20,630 --> 00:26:17,820

the sense that you're getting about

674

00:26:23,090 --> 00:26:20,640

what's driving this current push for new

675

00:26:26,510 --> 00:26:23,100

hearings was there is this sort of like

676
00:26:28,010 --> 00:26:26,520
an accumulation of different things that

677
00:26:29,450 --> 00:26:28,020
are causing them to push for this or

678
00:26:30,890 --> 00:26:29,460
like has there been anything in

679
00:26:33,350 --> 00:26:30,900
particular that triggered it like what

680
00:26:34,789 --> 00:26:33,360
is Congress why why is Congress more

681
00:26:37,070 --> 00:26:34,799
engaged with this issue now than they

682
00:26:40,669 --> 00:26:37,080
were before

683
00:26:43,990 --> 00:26:40,679
because it was verified in the summer

684
00:26:50,149 --> 00:26:48,169
possibly illegal special access programs

685
00:26:52,730 --> 00:26:50,159
run by

686
00:26:55,490 --> 00:26:52,740
perhaps a Lockheed Martin let's say the

687
00:26:56,390 --> 00:26:55,500
reverse engineering

688
00:27:03,470 --> 00:26:56,400

um

689

00:27:08,269 --> 00:27:03,480

intelligence and that has

690

00:27:12,230 --> 00:27:08,279

being verified to an extent by

691

00:27:15,409 --> 00:27:12,240

um certain congressional committees

692

00:27:17,750 --> 00:27:15,419

and this and the respective staff you

693

00:27:20,149 --> 00:27:17,760

work on those committees so that that

694

00:27:21,830 --> 00:27:20,159

has been verified the whistle will be a

695

00:27:23,870 --> 00:27:21,840

language within the national political

696

00:27:26,330 --> 00:27:23,880

authorization act it didn't come from

697

00:27:27,890 --> 00:27:26,340

nowhere the Senate intelligence

698

00:27:29,750 --> 00:27:27,900

committee didn't just wake up one day

699

00:27:30,950 --> 00:27:29,760

and say hey you know what I'm going to

700

00:27:33,529 --> 00:27:30,960

do I'm just going to draft this language

701
00:27:35,210 --> 00:27:33,539
about you know whistleblowers and UAP

702
00:27:37,070 --> 00:27:35,220
and special access programs like they

703
00:27:38,269 --> 00:27:37,080
dreamed up you know like their JK

704
00:27:39,769 --> 00:27:38,279
Rowling or something like that and

705
00:27:40,970 --> 00:27:39,779
they're making stuff up no it doesn't

706
00:27:43,070 --> 00:27:40,980
come from nowhere we're talking about

707
00:27:45,289 --> 00:27:43,080
serious committees here

708
00:27:48,350 --> 00:27:45,299
um that have a very very serious

709
00:27:51,169 --> 00:27:48,360
um responsibility in terms of

710
00:27:53,390 --> 00:27:51,179
um the intelligence

711
00:27:55,970 --> 00:27:53,400
um community and protecting the United

712
00:27:57,890 --> 00:27:55,980
States and holding the intelligence

713
00:27:59,630 --> 00:27:57,900

Community to to account as well because

714

00:28:03,710 --> 00:27:59,640

the Senate intelligence committee came

715

00:28:05,690 --> 00:28:03,720

about because of the um the the church

716

00:28:08,090 --> 00:28:05,700

um committee from I think it was like

717

00:28:09,830 --> 00:28:08,100

the 1970s when it was revealed that MK

718

00:28:12,169 --> 00:28:09,840

Ultra was happening in all these other

719

00:28:13,430 --> 00:28:12,179

pieces were happening so this is really

720

00:28:15,649 --> 00:28:13,440

really serious stuff here that we're

721

00:28:17,450 --> 00:28:15,659

talking about and

722

00:28:19,310 --> 00:28:17,460

um I think that

723

00:28:21,769 --> 00:28:19,320

to a certain extent

724

00:28:24,470 --> 00:28:21,779

this new push

725

00:28:26,450 --> 00:28:24,480

has been triggered from Revelations

726

00:28:28,610 --> 00:28:26,460

let's say that they're having that

727

00:28:29,870 --> 00:28:28,620

they're finding out in private in terms

728

00:28:32,870 --> 00:28:29,880

of these committees there has been

729

00:28:35,810 --> 00:28:32,880

testimony given by whistleblowers that

730

00:28:38,750 --> 00:28:35,820

have knowledge on these um

731

00:28:40,850 --> 00:28:38,760

these programs locations have been given

732

00:28:44,090 --> 00:28:40,860

by these whistleblowers as well as to

733

00:28:46,549 --> 00:28:44,100

where these programs are operating and

734

00:28:48,590 --> 00:28:46,559

um the only thing that I'm unsure is

735

00:28:50,870 --> 00:28:48,600

the extent to which

736

00:28:53,269 --> 00:28:50,880

these programs have actually been

737

00:28:54,950 --> 00:28:53,279

verified by

738

00:28:57,769 --> 00:28:54,960

the Congress

739

00:28:59,330 --> 00:28:57,779

that's the only thing I'm sure of but

740

00:29:01,490 --> 00:28:59,340

you know sources keep on telling me

741

00:29:02,630 --> 00:29:01,500

saying you know Chris by the end of 2023

742

00:29:06,529 --> 00:29:02,640

we're going to be a very very different

743

00:29:08,510 --> 00:29:06,539

landscape in terms of this topic and you

744

00:29:10,250 --> 00:29:08,520

know we shouldn't forget that

745

00:29:13,310 --> 00:29:10,260

this whistleblower stuff in this

746

00:29:15,230 --> 00:29:13,320

language and these claims of illegal

747

00:29:17,870 --> 00:29:15,240

special access programs that these are

748

00:29:20,330 --> 00:29:17,880

real so I think that

749

00:29:21,669 --> 00:29:20,340

is a very very important cast list for

750

00:29:23,930 --> 00:29:21,679

potential

751

00:29:26,389 --> 00:29:23,940

earrings but but also there are other

752

00:29:27,649 --> 00:29:26,399

things as well like the Republicans took

753

00:29:29,590 --> 00:29:27,659

control of the house for instance you

754

00:29:33,769 --> 00:29:29,600

know and

755

00:29:36,649 --> 00:29:33,779

mccarthio's burchett uh

756

00:29:38,810 --> 00:29:36,659

favor because burchett was instrumental

757

00:29:40,310 --> 00:29:38,820

of him becoming the leader of the house

758

00:29:42,889 --> 00:29:40,320

whatever you know and that's allowed

759

00:29:44,210 --> 00:29:42,899

Burchette now to have some power to call

760

00:29:46,310 --> 00:29:44,220

for hearing so there's stuff like that

761

00:29:48,230 --> 00:29:46,320

they're in play as well

762

00:29:49,789 --> 00:29:48,240

um but yeah it's it's a very very

763

00:29:52,490 --> 00:29:49,799

exciting time and obviously we had the

764

00:29:54,889 --> 00:29:52,500

February event and that plays a certain

765

00:29:56,930 --> 00:29:54,899

that pays a certain

766

00:29:58,909 --> 00:29:56,940

um part in it as well and I would also

767

00:30:01,490 --> 00:29:58,919

bring up one other thing as well that if

768

00:30:02,450 --> 00:30:01,500

the UAP interagency group in the White

769

00:30:05,930 --> 00:30:02,460

House

770

00:30:07,610 --> 00:30:05,940

is going to steal the Thunder of Arrow

771

00:30:09,529 --> 00:30:07,620

then look you know you're going to have

772

00:30:12,769 --> 00:30:09,539

senators and representatives who are

773

00:30:14,630 --> 00:30:12,779

going to want to demonstrate that look I

774

00:30:16,669 --> 00:30:14,640

was onto this issue and I was advocating

775

00:30:17,990 --> 00:30:16,679

for this issue way before Biden got

776

00:30:19,610 --> 00:30:18,000

involved you know I've been speaking

777

00:30:21,409 --> 00:30:19,620

about this for a long time let me remind

778

00:30:23,690 --> 00:30:21,419

you of this let me hold a public hearing

779

00:30:25,789 --> 00:30:23,700

so you know who really is being kind of

780

00:30:27,529 --> 00:30:25,799

like driving this issue forward see you

781

00:30:30,230 --> 00:30:27,539

might have some of that playing out as

782

00:30:31,490 --> 00:30:30,240

well so um that that's that's my own

783

00:30:34,730 --> 00:30:31,500

kind of like thoughts into what's going

784

00:30:36,889 --> 00:30:34,740

on baby it's various factors really

785

00:30:38,870 --> 00:30:36,899

it's interesting how the human element

786

00:30:40,370 --> 00:30:38,880

does always come into it right like it's

787

00:30:41,630 --> 00:30:40,380

this huge issue but then it comes down

788

00:30:44,029 --> 00:30:41,640

to like somebody owes somebody a favor

789

00:30:45,649 --> 00:30:44,039

right I find that so interesting but I

790

00:30:47,750 --> 00:30:45,659

also find so interesting and what I feel

791

00:30:49,310 --> 00:30:47,760

like isn't being surfaced enough that

792

00:30:51,110 --> 00:30:49,320

you definitely emphasize in what you are

793

00:30:52,850 --> 00:30:51,120

saying that I feel like the American

794

00:30:55,669 --> 00:30:52,860

people aren't really getting is that

795

00:30:58,070 --> 00:30:55,679

it's not just about UFOs it's about the

796

00:31:00,470 --> 00:30:58,080

fact that these illegal special access

797

00:31:03,049 --> 00:31:00,480

programs have been existing within

798

00:31:05,510 --> 00:31:03,059

Private Industry and that like billions

799

00:31:08,029 --> 00:31:05,520

maybe even trillions of dollars are

800

00:31:10,610 --> 00:31:08,039

being spent without any kind of

801
00:31:12,049 --> 00:31:10,620
oversight from Congress and that in and

802
00:31:13,909 --> 00:31:12,059
of itself even if we weren't talking

803
00:31:16,970 --> 00:31:13,919
about UFOs we could be talking about

804
00:31:19,250 --> 00:31:16,980
anything like that would be one of the

805
00:31:22,370 --> 00:31:19,260
biggest stories ever right

806
00:31:25,549 --> 00:31:22,380
yes absolutely absolutely and look it's

807
00:31:27,409 --> 00:31:25,559
time it's time for this to come out now

808
00:31:29,389 --> 00:31:27,419
it is time

809
00:31:31,010 --> 00:31:29,399
I think

810
00:31:33,409 --> 00:31:31,020
I gotta be careful with my words here

811
00:31:35,750 --> 00:31:33,419
but look I think that

812
00:31:39,529 --> 00:31:35,760
when we're writing the history of this

813
00:31:41,630 --> 00:31:39,539

topic things are going to emerge

814

00:31:43,070 --> 00:31:41,640

that not everyone's aware of at the

815

00:31:45,230 --> 00:31:43,080

moment

816

00:31:47,450 --> 00:31:45,240

um but all I would also add as well I

817

00:31:50,330 --> 00:31:47,460

said this publicly before that that

818

00:31:52,250 --> 00:31:50,340

there may be a very very good reason why

819

00:31:53,870 --> 00:31:52,260

this is coming out in terms of Defense

820

00:31:55,669 --> 00:31:53,880

contractors you know what makes people

821

00:31:57,649 --> 00:31:55,679

think that defense contractors don't

822

00:31:59,930 --> 00:31:57,659

want this information coming out maybe

823

00:32:03,049 --> 00:31:59,940

defense contractors like Lockheed Martin

824

00:32:05,149 --> 00:32:03,059

want these programs coming to light

825

00:32:07,130 --> 00:32:05,159

but in a way that protects them from

826

00:32:09,529 --> 00:32:07,140

being sued and getting them in trouble

827

00:32:10,850 --> 00:32:09,539

because

828

00:32:12,889 --> 00:32:10,860

they were

829

00:32:14,750 --> 00:32:12,899

given these programs I'm hearing from

830

00:32:16,010 --> 00:32:14,760

the US government maybe back in the 70s

831

00:32:16,789 --> 00:32:16,020

you know

832

00:32:18,830 --> 00:32:16,799

um

833

00:32:21,830 --> 00:32:18,840

and

834

00:32:23,690 --> 00:32:21,840

currently we have a situation where a

835

00:32:26,090 --> 00:32:23,700

lot of best Engineers are going to

836

00:32:28,789 --> 00:32:26,100

SpaceX and places like that

837

00:32:31,549 --> 00:32:28,799

unaware of the fact that places like

838

00:32:33,669 --> 00:32:31,559

Rocky maybe Raytheon as well have these

839

00:32:36,409 --> 00:32:33,679

special access programs and working on

840

00:32:38,570 --> 00:32:36,419

non-non-human intelligence so that

841

00:32:40,430 --> 00:32:38,580

that's a that's a major factor I think

842

00:32:43,909 --> 00:32:40,440

and also another major factor is China

843

00:32:46,250 --> 00:32:43,919

China potentially potentially has its

844

00:32:47,930 --> 00:32:46,260

own reverse engineering programs and let

845

00:32:50,950 --> 00:32:47,940

me tell you something China is very very

846

00:32:53,750 --> 00:32:50,960

good at reverse engineering things

847

00:32:56,029 --> 00:32:53,760

to its detriment in the last few years

848

00:32:58,430 --> 00:32:56,039

and look China can also keep a secret as

849

00:33:00,649 --> 00:32:58,440

well they have something like um I think

850

00:33:03,590 --> 00:33:00,659

it's like out of every 10 people there's

851

00:33:05,870 --> 00:33:03,600

like one Communist Party member

852

00:33:07,669 --> 00:33:05,880

um so they can keep things pretty hushed

853

00:33:09,289 --> 00:33:07,679

up you know so they can have a lot more

854

00:33:12,830 --> 00:33:09,299

people potentially working on such

855

00:33:15,350 --> 00:33:12,840

programs and more so than the US so you

856

00:33:16,789 --> 00:33:15,360

know it would it would help the US to

857

00:33:18,529 --> 00:33:16,799

actually kind of like bring more people

858

00:33:21,289 --> 00:33:18,539

into this to actually

859

00:33:22,909 --> 00:33:21,299

um you know get ahead in any race to

860

00:33:24,830 --> 00:33:22,919

reverse engineer the technology because

861

00:33:27,710 --> 00:33:24,840

if China reverse Engineers technology

862

00:33:30,350 --> 00:33:27,720

first then it's game over because look

863

00:33:32,210 --> 00:33:30,360

UAP know how to detect nuclear

864

00:33:34,690 --> 00:33:32,220

technology

865

00:33:39,470 --> 00:33:34,700

um so having that detection method would

866

00:33:41,830 --> 00:33:39,480

basically like it would destroy the um

867

00:33:44,509 --> 00:33:41,840

the deterrent that the US has because

868

00:33:46,009 --> 00:33:44,519

you know UAP seems to know where the

869

00:33:47,450 --> 00:33:46,019

submarines are which have nuclear

870

00:33:49,610 --> 00:33:47,460

technology for instance if the Chinese

871

00:33:51,830 --> 00:33:49,620

they were all the nuclear U.S submarines

872

00:33:54,769 --> 00:33:51,840

are that's that's a very very big

873

00:33:57,350 --> 00:33:54,779

problem so um yeah I think there's a lot

874

00:33:59,810 --> 00:33:57,360

of potential reasons why why this might

875

00:34:02,029 --> 00:33:59,820

be happening right now

876

00:34:03,710 --> 00:34:02,039

absolutely and I think

877

00:34:06,409 --> 00:34:03,720

something else that maybe is a little

878

00:34:08,869 --> 00:34:06,419

harder for the public at large who's not

879

00:34:10,930 --> 00:34:08,879

immersed in this topic every day to

880

00:34:14,990 --> 00:34:10,940

really wrap their minds around is that

881

00:34:16,970 --> 00:34:15,000

we don't have the Smoking Gun on you

882

00:34:19,790 --> 00:34:16,980

know crash materials and potentially

883

00:34:20,950 --> 00:34:19,800

even bodies quite yet but with this much

884

00:34:23,450 --> 00:34:20,960

smoke

885

00:34:25,609 --> 00:34:23,460

you know even as we talk about reverse

886

00:34:26,930 --> 00:34:25,619

engineering like we it it it comes back

887

00:34:29,750 --> 00:34:26,940

to okay so what are we reverse

888

00:34:32,030 --> 00:34:29,760

engineering in your opinion

889

00:34:33,829 --> 00:34:32,040

what with this much smoke do you feel

890

00:34:36,409 --> 00:34:33,839

like what are the chances that this is

891

00:34:38,750 --> 00:34:36,419

that we don't have some kind of

892

00:34:41,629 --> 00:34:38,760

materials that are have been squirrel

893

00:34:48,829 --> 00:34:44,270

all you can do as a journalist

894

00:34:52,190 --> 00:34:51,050

and I have a high level of trust in my

895

00:34:54,829 --> 00:34:52,200

sources

896

00:34:56,270 --> 00:34:54,839

because they provided me the Scoops I've

897

00:34:58,370 --> 00:34:56,280

got in the past

898

00:35:00,050 --> 00:34:58,380

and I trust them and it's just coming

899

00:35:01,910 --> 00:35:00,060

from multiple sources that are

900

00:35:03,050 --> 00:35:01,920

unconnected some of them don't know each

901
00:35:04,910 --> 00:35:03,060
other and they're all singing from the

902
00:35:07,089 --> 00:35:04,920
same hymn book

903
00:35:09,230 --> 00:35:07,099
um and

904
00:35:11,030 --> 00:35:09,240
there definitely is something happening

905
00:35:12,770 --> 00:35:11,040
here and it's very very difficult to

906
00:35:14,690 --> 00:35:12,780
find a Smoking Gun when it comes to this

907
00:35:16,550 --> 00:35:14,700
publicly because remember when it comes

908
00:35:18,470 --> 00:35:16,560
to special access programs

909
00:35:20,390 --> 00:35:18,480
I think the majority of their budget is

910
00:35:22,790 --> 00:35:20,400
spent on security

911
00:35:24,530 --> 00:35:22,800
I mean you know to get in a skiff for

912
00:35:26,569 --> 00:35:24,540
example is very very difficult we were

913
00:35:29,390 --> 00:35:26,579

talking about layers upon layers of

914

00:35:31,430 --> 00:35:29,400

security so any of this to come to light

915

00:35:33,170 --> 00:35:31,440

publicly in terms of specifics and

916

00:35:35,510 --> 00:35:33,180

smoking guns

917

00:35:37,910 --> 00:35:35,520

is gonna be it was it's basically going

918

00:35:41,089 --> 00:35:37,920

to take an act of God

919

00:35:42,589 --> 00:35:41,099

um in terms of the situation before

920

00:35:44,510 --> 00:35:42,599

um the National Defense authorization

921

00:35:46,250 --> 00:35:44,520

Act passed

922

00:35:47,569 --> 00:35:46,260

um with that whistleblower language in

923

00:35:50,870 --> 00:35:47,579

so

924

00:35:53,930 --> 00:35:50,880

it's very difficult but I I think that

925

00:35:56,089 --> 00:35:53,940

there is momentum now to actually

926
00:35:58,370 --> 00:35:56,099
get this information out and I would add

927
00:36:00,290 --> 00:35:58,380
as well that Ross quarter has reported

928
00:36:07,910 --> 00:36:00,300
that

929
00:36:11,510 --> 00:36:07,920
someone major let's say within the U.S

930
00:36:16,730 --> 00:36:14,990
a very very senior person if I said the

931
00:36:19,310 --> 00:36:16,740
name of this person

932
00:36:21,170 --> 00:36:19,320
people's Jewel would drop to the ground

933
00:36:23,390 --> 00:36:21,180
and

934
00:36:24,829 --> 00:36:23,400
what's been confirmed to me by three

935
00:36:27,109 --> 00:36:24,839
other sources

936
00:36:29,810 --> 00:36:27,119
after Ross came out publicly and report

937
00:36:32,390 --> 00:36:29,820
on that is that this really happened

938
00:36:35,390 --> 00:36:32,400

what really happened well

939

00:36:37,970 --> 00:36:35,400

the allegation is this person

940

00:36:40,550 --> 00:36:37,980

to build the beans the Biden's team in

941

00:36:42,050 --> 00:36:40,560

terms of the U.S Air Force

942

00:36:45,050 --> 00:36:42,060

covering up

943

00:36:48,470 --> 00:36:45,060

this UAP topic

944

00:36:50,569 --> 00:36:48,480

um and that extended to special access

945

00:36:54,890 --> 00:36:50,579

programs as well this information

946

00:36:59,210 --> 00:36:54,900

imparted to Joe Biden's team so

947

00:37:02,810 --> 00:36:59,220

it's it's it's yeah it's I I I've said

948

00:37:05,569 --> 00:37:02,820

previously that it's a critical mass now

949

00:37:07,069 --> 00:37:05,579

and someone I really really trust

950

00:37:10,370 --> 00:37:07,079

Who would know

951
00:37:11,990 --> 00:37:10,380
said to me said they said Chris no it's

952
00:37:15,829 --> 00:37:12,000
not a critical mass

953
00:37:18,829 --> 00:37:15,839
it's beyond critical mass now

954
00:37:19,790 --> 00:37:18,839
so look I I can only as I said I'm a

955
00:37:23,030 --> 00:37:19,800
journalist

956
00:37:24,290 --> 00:37:23,040
I report this as a scandal from the

957
00:37:26,329 --> 00:37:24,300
whistleblowers

958
00:37:29,510 --> 00:37:26,339
and and this is what

959
00:37:31,670 --> 00:37:29,520
my sources are telling me and um

960
00:37:32,930 --> 00:37:31,680
you know so far they've not led me

961
00:37:36,170 --> 00:37:32,940
astray

962
00:37:38,329 --> 00:37:36,180
um I think what they're talking about is

963
00:37:41,390 --> 00:37:38,339

correct the only thing I would caution

964

00:37:43,250 --> 00:37:41,400

is timelines as I said you know like

965

00:37:44,390 --> 00:37:43,260

people are saying to me look the

966

00:37:47,030 --> 00:37:44,400

landscape's gonna look very very

967

00:37:48,829 --> 00:37:47,040

difficult Chris by the end of 2023 but

968

00:37:51,170 --> 00:37:48,839

anything could happen this year you know

969

00:37:53,450 --> 00:37:51,180

as I said you know Russia could launch a

970

00:37:55,069 --> 00:37:53,460

new Ukraine which would be the most well

971

00:37:56,089 --> 00:37:55,079

the most appalling events in human

972

00:37:58,670 --> 00:37:56,099

history

973

00:38:00,230 --> 00:37:58,680

and all of a sudden we could be taken

974

00:38:02,270 --> 00:38:00,240

off course we might we might not even

975

00:38:05,030 --> 00:38:02,280

have a planet anymore you know so

976

00:38:07,190 --> 00:38:05,040

I would always caution anything can

977

00:38:09,170 --> 00:38:07,200

happen so when it comes to timelines

978

00:38:10,730 --> 00:38:09,180

have patience

979

00:38:14,089 --> 00:38:10,740

um we are on a good trajectory at the

980

00:38:19,190 --> 00:38:17,450

amazing do you get the sense that

981

00:38:21,230 --> 00:38:19,200

because this is actually tipping my hand

982

00:38:23,690 --> 00:38:21,240

a little bit something that I'm hearing

983

00:38:25,670 --> 00:38:23,700

from various sources behind the scenes

984

00:38:27,170 --> 00:38:25,680

who are I trust very much but who don't

985

00:38:28,430 --> 00:38:27,180

know each other

986

00:38:29,810 --> 00:38:28,440

um or at least as far as I know don't

987

00:38:32,870 --> 00:38:29,820

know each other

988

00:38:35,750 --> 00:38:32,880

um has to do with the idea that The

989

00:38:37,250 --> 00:38:35,760

Whistleblower legislation has changed

990

00:38:39,410 --> 00:38:37,260

things especially for people in the

991

00:38:43,370 --> 00:38:39,420

private sector and that the private

992

00:38:45,470 --> 00:38:43,380

sector is now potentially pushing the

993

00:38:46,730 --> 00:38:45,480

government in terms of disclosure

994

00:38:48,470 --> 00:38:46,740

because the government doesn't want the

995

00:38:50,690 --> 00:38:48,480

private sector to get too far out ahead

996

00:38:52,190 --> 00:38:50,700

of them and so it's kind of play it's

997

00:38:53,390 --> 00:38:52,200

sort of pushing their hand a little all

998

00:38:54,829 --> 00:38:53,400

these people who've worked in these

999

00:38:56,510 --> 00:38:54,839

special access programs we've worked for

1000

00:38:57,890 --> 00:38:56,520

Lockheed Martin who worked you know

1001
00:38:59,930 --> 00:38:57,900
potentially with the space program and

1002
00:39:02,450 --> 00:38:59,940
all of that so is that something that

1003
00:39:04,069 --> 00:39:02,460
you're also or are you hearing Rumbblings

1004
00:39:05,450 --> 00:39:04,079
about that as well that the that it's

1005
00:39:08,270 --> 00:39:05,460
the private sector that's really pushing

1006
00:39:10,250 --> 00:39:08,280
the hand of the government on disclosure

1007
00:39:13,430 --> 00:39:10,260
it's always been the case

1008
00:39:14,569 --> 00:39:13,440
it's the Genesis of this modern day UFO

1009
00:39:16,370 --> 00:39:14,579
story

1010
00:39:19,430 --> 00:39:16,380
it's always been the private sector

1011
00:39:22,130 --> 00:39:19,440
since day one in terms of what we

1012
00:39:24,470 --> 00:39:22,140
in terms of the story that's

1013
00:39:27,430 --> 00:39:24,480

maybe a few months time I can talk with

1014

00:39:31,310 --> 00:39:27,440

more specifics when it comes to this

1015

00:39:33,530 --> 00:39:31,320

uh me too

1016

00:39:35,750 --> 00:39:33,540

we can talk offline after this yeah um

1017

00:39:38,810 --> 00:39:35,760

yeah absolutely

1018

00:39:40,670 --> 00:39:38,820

um but yeah it this this whole thing the

1019

00:39:42,890 --> 00:39:40,680

whole time I I would argue the whole

1020

00:39:45,530 --> 00:39:42,900

time it's always been driven by the

1021

00:39:46,849 --> 00:39:45,540

private sector I would say people always

1022

00:39:49,190 --> 00:39:46,859

got it wrong the wrong way around

1023

00:39:51,349 --> 00:39:49,200

they're saying no lock ing not want this

1024

00:39:53,750 --> 00:39:51,359

out they do not want us out what makes

1025

00:39:57,550 --> 00:39:53,760

people so sure

1026

00:40:01,550 --> 00:39:57,560

I agree I agree so what will you

1027

00:40:03,530 --> 00:40:01,560

sorry absolutely so what will you be

1028

00:40:05,630 --> 00:40:03,540

looking for in the coming months like

1029

00:40:08,210 --> 00:40:05,640

what what sort of things are you gonna

1030

00:40:09,770 --> 00:40:08,220

be on the lookout for at you know if we

1031

00:40:12,109 --> 00:40:09,780

get these Congressional hearings what

1032

00:40:14,210 --> 00:40:12,119

other sorts of movement might we expect

1033

00:40:18,170 --> 00:40:14,220

to see or potentially see in the next

1034

00:40:18,180 --> 00:40:21,890

I think

1035

00:40:25,670 --> 00:40:24,170

see people are concentrated very much on

1036

00:40:28,430 --> 00:40:25,680

hearings at the moment I would say in

1037

00:40:31,069 --> 00:40:28,440

terms of the public hearings

1038

00:40:32,930 --> 00:40:31,079

each committee that holds hearings may

1039

00:40:35,390 --> 00:40:32,940

take a very very different stance on it

1040

00:40:37,849 --> 00:40:35,400

so the emerging threat one for example

1041

00:40:39,710 --> 00:40:37,859

may start or break conservatively just

1042

00:40:41,870 --> 00:40:39,720

talking about surveillance balloons and

1043

00:40:45,670 --> 00:40:41,880

surveillance drones it might lead

1044

00:40:49,670 --> 00:40:45,680

somewhere else as they you know not

1045

00:40:51,589 --> 00:40:49,680

99 or 98 of the public they're not on

1046

00:40:53,089 --> 00:40:51,599

the same page as us when it comes to

1047

00:40:56,390 --> 00:40:53,099

this they're not on the same page of the

1048

00:40:58,849 --> 00:40:56,400

earth history so you've got to walk them

1049

00:41:01,069 --> 00:40:58,859

you got to walk them through this and

1050

00:41:03,770 --> 00:41:01,079

take logical steps so it makes sense to

1051
00:41:05,690 --> 00:41:03,780
kind of like take this from balloons

1052
00:41:07,910 --> 00:41:05,700
surveillance balloons and surveillance

1053
00:41:09,349 --> 00:41:07,920
drones and then take the logical steps

1054
00:41:13,069 --> 00:41:09,359
of saying well actually some of these

1055
00:41:14,630 --> 00:41:13,079
things are not balloons and surveillance

1056
00:41:16,010 --> 00:41:14,640
um drones they're actually something

1057
00:41:18,109 --> 00:41:16,020
different and these are the behaviors

1058
00:41:19,849 --> 00:41:18,119
that they exhibit and then play this out

1059
00:41:21,530 --> 00:41:19,859
publicly potentially in hearing so

1060
00:41:22,970 --> 00:41:21,540
that's something that could happen I

1061
00:41:24,589 --> 00:41:22,980
think you could also expect to some of

1062
00:41:26,990 --> 00:41:24,599
these public hearings as well that label

1063
00:41:27,710 --> 00:41:27,000

aviators and sailors come forward as

1064

00:41:29,930 --> 00:41:27,720

well

1065

00:41:31,670 --> 00:41:29,940

that something's gonna happen I would

1066

00:41:33,170 --> 00:41:31,680

also keep my on Jeremy Corbell and

1067

00:41:36,230 --> 00:41:33,180

George Knapp they've come out with some

1068

00:41:38,210 --> 00:41:36,240

fantastic exclusives much more to come

1069

00:41:41,329 --> 00:41:38,220

from those guys I mean these guys

1070

00:41:43,130 --> 00:41:41,339

they're uh yeah if this is the modern

1071

00:41:46,970 --> 00:41:43,140

day

1072

00:41:49,190 --> 00:41:46,980

um Watergate scenario that you know they

1073

00:41:51,170 --> 00:41:49,200

are those reporters

1074

00:41:53,930 --> 00:41:51,180

um is it who are the reporters and

1075

00:41:55,130 --> 00:41:53,940

Watergate again with Bernstein and I

1076

00:41:56,810 --> 00:41:55,140

can't remember the other one now but

1077

00:41:58,069 --> 00:41:56,820

those are the reports is basically who

1078

00:42:00,770 --> 00:41:58,079

are uncovering a lot of this stuff

1079

00:42:02,569 --> 00:42:00,780

anyhow so I'd watch out for them

1080

00:42:04,370 --> 00:42:02,579

um I think yeah I think NASA I think

1081

00:42:07,069 --> 00:42:04,380

some major things could come from NASA

1082

00:42:09,050 --> 00:42:07,079

look NASA's Mission can change overnight

1083

00:42:11,950 --> 00:42:09,060

it could change from looking for

1084

00:42:14,089 --> 00:42:11,960

microbes on Mars to looking for like

1085

00:42:15,589 --> 00:42:14,099

intelligent life on the moon or

1086

00:42:16,550 --> 00:42:15,599

something like that you know you don't

1087

00:42:18,349 --> 00:42:16,560

know

1088

00:42:20,270 --> 00:42:18,359

um and I think that a lot has been

1089

00:42:23,150 --> 00:42:20,280

covered up potentially by NASA when it

1090

00:42:25,490 --> 00:42:23,160

comes to this so look out for NASA as

1091

00:42:28,910 --> 00:42:25,500

well and also look out for other nations

1092

00:42:30,190 --> 00:42:28,920

joining the conversation as well so I

1093

00:42:33,470 --> 00:42:30,200

think I've mentioned before that

1094

00:42:35,270 --> 00:42:33,480

Canada's joined the game now it's got

1095

00:42:37,550 --> 00:42:35,280

its own

1096

00:42:38,930 --> 00:42:37,560

um Chief scientists looking into the UAP

1097

00:42:41,089 --> 00:42:38,940

topic

1098

00:42:44,569 --> 00:42:41,099

um so look at that look out for Russia

1099

00:42:46,430 --> 00:42:44,579

as well and look out for China

1100

00:42:48,410 --> 00:42:46,440

um I would remind people that project

1101
00:42:50,630 --> 00:42:48,420
Titan the one that I was talking about

1102
00:42:51,670 --> 00:42:50,640
taking the

1103
00:42:56,270 --> 00:42:51,680
um

1104
00:42:58,250 --> 00:42:56,280
the UAP topic to the United Nations and

1105
00:43:01,130 --> 00:42:58,260
I'd remind people that that effort

1106
00:43:03,250 --> 00:43:01,140
originated in China

1107
00:43:05,150 --> 00:43:03,260
in 2018

1108
00:43:06,710 --> 00:43:05,160
there were

1109
00:43:09,349 --> 00:43:06,720
um two events that took place I think

1110
00:43:11,930 --> 00:43:09,359
one was in Chongqing in China and the

1111
00:43:13,010 --> 00:43:11,940
other one was in Moscow and it was a

1112
00:43:19,790 --> 00:43:13,020
joint

1113
00:43:22,550 --> 00:43:19,800

China on the UAP topic and they paid for

1114

00:43:24,109 --> 00:43:22,560

international researchers new AP topic

1115

00:43:27,470 --> 00:43:24,119

from over the world to fly over into

1116

00:43:30,109 --> 00:43:27,480

China and Moscow to join the conferences

1117

00:43:32,750 --> 00:43:30,119

and the aim was to actually bring the

1118

00:43:35,450 --> 00:43:32,760

topic before the United Nations

1119

00:43:38,510 --> 00:43:35,460

um but then all of a sudden it just all

1120

00:43:41,109 --> 00:43:38,520

went quiet it all went quiet I believe

1121

00:43:44,150 --> 00:43:41,119

that it all went quiet because

1122

00:43:46,849 --> 00:43:44,160

it was agreed perhaps in private that no

1123

00:43:50,390 --> 00:43:46,859

one nation should lead this this effort

1124

00:43:53,569 --> 00:43:50,400

that should be seen as an organic

1125

00:43:58,370 --> 00:43:53,579

um an organic movement

1126

00:44:00,290 --> 00:43:58,380

um led by Paulo and Roberto uh Paulo has

1127

00:44:01,970 --> 00:44:00,300

never confirmed that to me though uh

1128

00:44:03,230 --> 00:44:01,980

maybe being something conspiracy nut but

1129

00:44:04,970 --> 00:44:03,240

that's a that's a little a little

1130

00:44:07,430 --> 00:44:04,980

personal opinion that I hold anyway and

1131

00:44:11,030 --> 00:44:07,440

I think that you know China has the

1132

00:44:13,730 --> 00:44:11,040

largest UFO organization in the world as

1133

00:44:15,589 --> 00:44:13,740

well I think I previously said a million

1134

00:44:17,150 --> 00:44:15,599

people but I think actually it may be a

1135

00:44:20,210 --> 00:44:17,160

hundred thousand members that they've

1136

00:44:23,450 --> 00:44:20,220

got in terms of the uap's

1137

00:44:26,450 --> 00:44:23,460

um organization in China

1138

00:44:28,069 --> 00:44:26,460

um and you know enough no group is able

1139

00:44:30,410 --> 00:44:28,079

to exist in China about the government

1140

00:44:32,630 --> 00:44:30,420

giving its approval as well so I think

1141

00:44:34,849 --> 00:44:32,640

China was away from this issue so I

1142

00:44:36,650 --> 00:44:34,859

expect you know China also has its own

1143

00:44:38,690 --> 00:44:36,660

UAP program as well which was announced

1144

00:44:40,069 --> 00:44:38,700

about two years ago so I think you can

1145

00:44:41,569 --> 00:44:40,079

expect more movement when it comes to

1146

00:44:44,450 --> 00:44:41,579

China Russia yeah

1147

00:44:47,930 --> 00:44:44,460

hopefully the UK as well hopefully the

1148

00:44:50,930 --> 00:44:47,940

UK I'm I'm wishing so people won't think

1149

00:44:54,170 --> 00:44:50,940

I'm a Nut anymore in my own family

1150

00:44:56,109 --> 00:44:54,180

um they don't um it's my brother who's a

1151

00:44:58,490 --> 00:44:56,119

nut so um

1152

00:45:00,410 --> 00:44:58,500

hopefully we we see some more progress

1153

00:45:02,990 --> 00:45:00,420

in the UK anyway and we see this being

1154

00:45:04,730 --> 00:45:03,000

taken seriously by members I do know

1155

00:45:06,890 --> 00:45:04,740

that behind the scenes I always say

1156

00:45:10,010 --> 00:45:06,900

behind the scenes I know it's it's

1157

00:45:11,930 --> 00:45:10,020

frustrating when I say that but MPS

1158

00:45:13,190 --> 00:45:11,940

members of parliament are interested in

1159

00:45:14,510 --> 00:45:13,200

this there are some members of

1160

00:45:16,430 --> 00:45:14,520

parliament who do take a great interest

1161

00:45:18,770 --> 00:45:16,440

in this but they're too scared to come

1162

00:45:20,870 --> 00:45:18,780

out in public at the moment

1163

00:45:22,970 --> 00:45:20,880

ah well it sounds like we have an

1164

00:45:25,309 --> 00:45:22,980

absolutely incredible year ahead of us

1165

00:45:26,930 --> 00:45:25,319

with all with all of those dominoes

1166

00:45:28,910 --> 00:45:26,940

ready to fall you feel like at least a

1167

00:45:30,770 --> 00:45:28,920

couple of them have to tip over right it

1168

00:45:33,589 --> 00:45:30,780

feels like we've got some kind of shot

1169

00:45:35,870 --> 00:45:33,599

something so well hopefully I can have

1170

00:45:38,030 --> 00:45:35,880

you back on when some of those dominoes

1171

00:45:40,250 --> 00:45:38,040

start to fall so that we can talk about

1172

00:45:42,109 --> 00:45:40,260

everything that's going on I so

1173

00:45:43,490 --> 00:45:42,119

appreciate you taking the time today to

1174

00:45:44,930 --> 00:45:43,500

talk through all of this and give people

1175

00:45:46,250 --> 00:45:44,940

kind of some background about what's

1176

00:45:47,690 --> 00:45:46,260

going on and what might be coming up in

1177

00:45:49,069 --> 00:45:47,700

the next few months

1178

00:45:50,569 --> 00:45:49,079

um Chris it's been an absolute pleasure

1179

00:45:52,910 --> 00:45:50,579

thank you so much

1180

00:45:55,430 --> 00:45:52,920

Kelly the pleasure is mine thank you so

1181

00:45:57,490 --> 00:45:55,440

much to you and your audience and I look

1182

00:46:00,650 --> 00:45:57,500

forward to coming back soon
