

1

00:00:00,000 --> 00:00:07,000

It is perhaps the greatest UFO secret of the 20th century.

2

00:00:07,000 --> 00:00:09,000

The f*** is that?

3

00:00:09,000 --> 00:00:10,000

Crazy.

4

00:00:10,000 --> 00:00:13,320

The reverse engineering of alien technology.

5

00:00:13,320 --> 00:00:14,320

What happens next?

6

00:00:14,320 --> 00:00:16,800

It would be back engineered.

7

00:00:16,800 --> 00:00:21,960

Did the US government have a covert program to retrieve and study the wreckage of crashed

8

00:00:21,960 --> 00:00:22,960

UFOs?

9

00:00:22,960 --> 00:00:28,200

People that worked at Dugway have seen weird stuff out there and wanted to tell their story.

10

00:00:28,200 --> 00:00:31,520

Were these materials in fact extraterrestrial?

11

00:00:31,520 --> 00:00:35,720

They could easily see that that was a flying saucer wreckage.

12

00:00:35,720 --> 00:00:39,160

They knew it was outside of this world.

13

00:00:39,160 --> 00:00:41,760

And is this still going on today?

14

00:00:41,760 --> 00:00:44,040

People know how to keep secrets.

15

00:00:44,040 --> 00:00:45,040

Whoa.

16

00:00:45,040 --> 00:00:46,040

Whoa.

17

00:00:46,040 --> 00:00:50,760

I'm Ben Hansen, former federal agent.

18

00:00:50,760 --> 00:00:55,440

My grandfather worked at a highly classified air force base and convinced me we are not

19

00:00:55,440 --> 00:00:57,160

alone in the universe.

20

00:00:57,160 --> 00:01:01,240

I had my own encounter that changed my life forever.

21

00:01:01,240 --> 00:01:03,080

Welcome to UFO Country.

22

00:01:03,080 --> 00:01:07,720

Now I've gained access to a top secret archive from Project Blue Look.

23

00:01:07,720 --> 00:01:13,240

This planet has been under surveillance for centuries.

24

00:01:13,240 --> 00:01:18,720

Containing reports of over 10,000 UFO sightings investigated by the US government.

25

00:01:18,720 --> 00:01:23,480

We could very well be standing on the exact place where a UFO crossed.

26

00:01:23,480 --> 00:01:40,800

My mission is to uncover the truth.

27

00:01:40,800 --> 00:01:45,560

In the past few months, there's been some earth shattering revelations about the government's

28

00:01:45,560 --> 00:01:47,400

knowledge of UFOs.

29

00:01:47,400 --> 00:01:53,560

And I think we could be on the verge of uncovering some very big secrets.

30

00:01:53,560 --> 00:01:59,840

In April 2020, the Pentagon confirmed that the US military has been encountering unidentified

31

00:01:59,840 --> 00:02:05,760

flying objects in our airspace.

32

00:02:05,760 --> 00:02:11,800

These craft move in a manner that defies explanation, demonstrating technology that is light years

33

00:02:11,800 --> 00:02:17,840

beyond ours.

34

00:02:17,840 --> 00:02:23,120

But according to an explosive report recently published in the New York Times, it's possible

35

00:02:23,120 --> 00:02:31,520

our government has a plan to back engineer this technology from recovered alien craft.

36

00:02:31,520 --> 00:02:36,480

In the article, high-ranking members of the US government admit there was once a covert

37

00:02:36,480 --> 00:02:42,640

program that investigated, and when possible, retrieved the crashed remains of unidentified

38

00:02:42,640 --> 00:02:46,000

flying objects for study.

39

00:02:46,000 --> 00:02:48,760

And it's still happening today.

40

00:02:48,760 --> 00:02:55,280

Astrophysicist Eric W. Davis stated he briefed the Department of Defense in March 2020 about

41

00:02:55,280 --> 00:03:03,120

the recovery of, quote, off-world vehicles not made on this earth.

42

00:03:03,120 --> 00:03:08,200

For the past 75 years, there have been numerous UFO crashes where witnesses claim the government

43

00:03:08,200 --> 00:03:12,240

recovered the wreckage and took it to an unknown destination.

44

00:03:12,240 --> 00:03:21,720

But two stand head and shoulders above the rest, Roswell, 1947, and Kecksburg, 1965.

45

00:03:21,720 --> 00:03:27,520

If I could somehow determine where the military is taking these UFOs, that would go a long

46

00:03:27,520 --> 00:03:30,240

way in corroborating the Times article.

47

00:03:30,240 --> 00:03:34,480

I could then in turn offer definitive proof of alien life.

48

00:03:34,480 --> 00:03:39,400

So I'm on my way to meet someone I think can help me.

49

00:03:39,400 --> 00:03:44,480

Tom Carey is a former member of the Air Force who has written numerous books on the Roswell

50

00:03:44,480 --> 00:03:47,480

crash of 1947.

51

00:03:47,480 --> 00:03:53,560

He claims the military recovered a UFO from both Roswell and Kecksburg, then took them

52

00:03:53,560 --> 00:03:58,960

apart to learn how they worked with the aim of recreating their technology.

53

00:03:58,960 --> 00:04:03,800

According to Tom, this work has been happening at Wright-Patterson Air Force Base for nearly

54

00:04:03,800 --> 00:04:04,800

80 years.

55

00:04:04,800 --> 00:04:12,200

When it comes to Kecksburg, the same with Roswell, when something like this happens, a crash

56

00:04:12,200 --> 00:04:19,440

retrieval, you have alien craft going to Wright-Patterson Air Force Base, what happens at Wright-Patterson?

57

00:04:19,440 --> 00:04:25,680

Anything like that would ultimately wind up in the Foreign Technology Division.

58

00:04:25,680 --> 00:04:31,800

So that is the housing for receiving either foreign or otherworldly objects.

59

00:04:31,800 --> 00:04:33,560

Exactly.

60

00:04:33,560 --> 00:04:35,200

What happens next?

61

00:04:35,200 --> 00:04:38,280

It would be back engineered.

62

00:04:38,280 --> 00:04:42,400

Reverse engineering goes all the way back to World War II, so they were already in the

63

00:04:42,400 --> 00:04:50,000

back engineering business by the time of the Roswell crash in 1947.

64

00:04:50,000 --> 00:04:55,920

So the Foreign Technology Division, their mission is to accept aircraft that we've captured

65

00:04:55,920 --> 00:05:02,760

or found, so take what is already made, figure out how it works, back engineer, and then

66

00:05:02,760 --> 00:05:06,480

use that technology perhaps for our own benefit.

67

00:05:06,480 --> 00:05:10,840

And they do this with enemy planes as well as alien spacecraft.

68

00:05:10,840 --> 00:05:14,000

That's it and not show.

69

00:05:14,000 --> 00:05:17,320

What types of technology do you think have been developed?

70

00:05:17,320 --> 00:05:24,240

Oh geez, we got transistors from Roswell, Kevlar, lasers, and they had this so-called

71

00:05:24,240 --> 00:05:30,280

memory metal that you could wad it up in your hand and put it over a flat surface and it

72

00:05:30,280 --> 00:05:36,640

would just float out, unfurl itself, and just go back to its original shape.

73

00:05:36,640 --> 00:05:43,920

But the thing about it was you couldn't cut it, scratch it, burn it, or permanently deform

74

00:05:43,920 --> 00:05:45,480

it in any way.

75

00:05:45,480 --> 00:05:46,960

It was indestructible.

76

00:05:47,000 --> 00:05:49,240

Wow, that's incredible.

77

00:05:49,240 --> 00:05:54,560

We had a witness who was involved in that project and he said, they're trying to back

78

00:05:54,560 --> 00:06:02,320

engineer this memory metal, which began, get this, in 1948.

79

00:06:02,320 --> 00:06:09,440

Right after the Roswell crash, there was nothing on memory recovery metal prior to 1948.

80

00:06:09,440 --> 00:06:14,640

Years later, after contracting work to the metallurgical company Betel, the government

81

00:06:14,640 --> 00:06:17,760

announced a scientific breakthrough.

82

00:06:17,760 --> 00:06:26,080

In 1962, they held a press conference to announce the discovery of this new amalgam called Nitinol.

83

00:06:26,080 --> 00:06:27,880

And what does Nitinol do?

84

00:06:27,880 --> 00:06:32,920

Nitinol is, it's like the memory metal, it's the best we could do, it's not as good as

85

00:06:32,920 --> 00:06:34,440

the original.

86

00:06:34,440 --> 00:06:38,400

It's used medically in heart valves.

87

00:06:38,400 --> 00:06:41,520

It's also used in the space program.

88

00:06:42,480 --> 00:06:43,760

Wow.

89

00:06:43,760 --> 00:06:47,680

What about types of aircraft do you think have been developed?

90

00:06:47,680 --> 00:06:52,560

The idea of stealth came from Nitinol.

91

00:06:52,560 --> 00:06:57,640

They covered an aircraft in this memory metal and it didn't show up on radar.

92

00:06:57,640 --> 00:07:06,080

The U-2 is the first one and the SR-71 Blackbird stealth.

93

00:07:06,080 --> 00:07:11,440

In World War II, the Air Force's best craft was the heavy bomber biplane.

94

00:07:11,440 --> 00:07:17,920

Not long after, the SR-71 Blackbird stealth was blasting through the skies.

95

00:07:17,920 --> 00:07:22,120

And everyone else, by just looking at that and saying, well, that's American ingenuity.

96

00:07:22,120 --> 00:07:27,960

Many believe this unprecedented leap in aerospace technology was a direct result of the military's

97

00:07:27,960 --> 00:07:34,880

efforts in reverse engineering alien technology.

98

00:07:34,880 --> 00:07:39,400

They still haven't figured out how the Roswell, the Foe, flew.

99

00:07:39,400 --> 00:07:44,520

Back in the 50s, they tried to create circular craft, but it was unstable.

100

00:07:44,520 --> 00:07:46,320

It's like a hovercraft, right?

101

00:07:46,320 --> 00:07:47,320

A hovercraft, yes.

102

00:07:47,320 --> 00:07:52,880

There's a lot of reports of triangular shaped craft.

103

00:07:52,880 --> 00:07:57,640

I would say if they're seen in Nevada, that would be what they're working on now.

104

00:07:57,640 --> 00:08:04,600

But if they're seen in Shebligan, Wisconsin, or Bugtussel, Tennessee, it's one of theirs.

105

00:08:04,600 --> 00:08:05,600

Okay.

106

00:08:05,600 --> 00:08:11,320

So it's possible that a lot of this back engineered stuff, maybe we figured out little bits of

107

00:08:11,320 --> 00:08:17,120

it, but that they, the originators of it, are still flying around as well.

108

00:08:17,120 --> 00:08:18,120

Yes.

109

00:08:18,120 --> 00:08:19,320

Wow.

110

00:08:19,320 --> 00:08:20,640

What about back engineering?

111

00:08:20,640 --> 00:08:23,280

Do you think that still happens at Wright Patterson?

112

00:08:23,280 --> 00:08:24,280

No.

113

00:08:24,280 --> 00:08:27,120

They're probably not going to Wright Patterson.

114

00:08:27,120 --> 00:08:30,280

It's a known quantity in ours.

115

00:08:30,280 --> 00:08:35,120

Tom believes that due to leaks exposing their reverse engineering efforts, the military

116

00:08:35,120 --> 00:08:38,960

relocated the program away from Wright Patterson.

117

00:08:38,960 --> 00:08:45,840

The current location of the military's top secret reverse engineering division is unknown.

118

00:08:45,840 --> 00:08:51,240

But 50 years ago, it was housed within Wright Patterson Air Force Base, and Ben knows someone

119

00:08:51,240 --> 00:08:53,560

who worked at the base at the time.

120

00:08:53,560 --> 00:08:59,560

The last surviving member of Project Blue Book, operative Jenny Zeidman.

121

00:08:59,560 --> 00:09:01,960

Good morning.

122

00:09:01,960 --> 00:09:02,960

Hey.

123

00:09:02,960 --> 00:09:03,960

Good morning, Ben.

124

00:09:03,960 --> 00:09:05,760

Nice to see you both.

125

00:09:05,760 --> 00:09:06,760

Jenny.

126

00:09:06,760 --> 00:09:07,760

Mark.

127

00:09:07,760 --> 00:09:12,600

I just met with Tom Kerry, who told me the military back engineer's alien craft at Wright

128

00:09:12,600 --> 00:09:13,600

Patterson.

129

00:09:13,600 --> 00:09:19,840

Jenny, do you know of any research that was being conducted on UFOs during your time there?

130

00:09:19,840 --> 00:09:31,040

Once a week or so, a man would arrive at the observatory office, and he would be carrying

131

00:09:31,040 --> 00:09:35,960

the cases that Heineck was supposed to solve.

132

00:09:35,960 --> 00:09:42,480

And I assumed he was in the right field, but he was kind of mysterious.

133

00:09:42,480 --> 00:09:49,320

Jenny had never seen the man before, so she asked Heineck whether he was Air Force.

134

00:09:49,320 --> 00:09:52,960

And he told me, you're not working directly for the Air Force.

135

00:09:52,960 --> 00:09:56,880

He said, you're working for a contractor.

136

00:09:56,880 --> 00:10:00,360

For Jenny, the word contractor was a red flag.

137

00:10:00,360 --> 00:10:05,120

Why was an outside organization brought in to investigate the Kecksburg and Roswell

138

00:10:05,120 --> 00:10:06,120

UFOs?

139

00:10:06,120 --> 00:10:09,640

Jenny was determined to find out the contractor's name.

140

00:10:09,640 --> 00:10:17,440

Knowing that something was being kept a secret, I immediately wanted to solve the problem.

141

00:10:17,440 --> 00:10:21,480

A few days later, the man showed up with new files.

142

00:10:21,480 --> 00:10:28,360

And I did a double take at his license plate.

143

00:10:28,360 --> 00:10:31,840

There was a Plumbus City Directory in those days.

144

00:10:31,840 --> 00:10:36,240

He looked up the name and it says, Secretary.

145

00:10:36,240 --> 00:10:41,600

So it says, like, where he works.

146

00:10:41,600 --> 00:10:48,280

And I got out the directory for an ELSI, Battelle.

147

00:10:48,280 --> 00:10:56,280

Battelle is one of the premier metallurgical research places on the planet.

148

00:10:56,280 --> 00:11:01,720

Battelle is a private corporation in a government contractor.

149

00:11:01,720 --> 00:11:09,080

So you think Battelle took debris and material from Roswell and Kecksburg?

150

00:11:09,080 --> 00:11:15,520

And figure out how this technology works and develop it into some useful material for

151

00:11:15,520 --> 00:11:16,520

the military.

152

00:11:16,520 --> 00:11:28,520

The evidence indicates very strongly that Battelle analyzed Roswell artifacts.

153

00:11:28,520 --> 00:11:34,200

If as you're supposing, there were artifacts from Roswell and they were sent to Battelle,

154

00:11:34,200 --> 00:11:37,160

what do you think the next logical steps would be?

155

00:11:38,160 --> 00:11:45,960

The back engineer from which NASA was born, so to speak.

156

00:11:45,960 --> 00:11:48,560

NASA was founded in 1958.

157

00:11:48,560 --> 00:11:53,960

Many ufologists contend the agency was born out of what was learned from the UFO recovered

158

00:11:53,960 --> 00:11:57,280

at Roswell just nine years earlier.

159

00:11:57,280 --> 00:12:02,480

Battelle's presence at Wright-Patterson suggests that the reverse engineering of UFOs was happening

160

00:12:02,480 --> 00:12:03,480

there.

161

00:12:03,480 --> 00:12:06,480

But where is the program today?

162

00:12:07,280 --> 00:12:14,120

That's my personal evaluation of everything I know about this.

163

00:12:14,120 --> 00:12:19,040

You're telling me it's possible that they were kind of running Project Blue Book as

164

00:12:19,040 --> 00:12:20,040

well?

165

00:12:20,040 --> 00:12:25,080

I don't know whether they were running Project Blue Book, but I think turned a little pale

166

00:12:25,080 --> 00:12:30,960

when I told him that I knew who the contractor was and how I found out.

167

00:12:31,960 --> 00:12:36,720

Well, it also shows you that you can find out things that are supposed to be family

168

00:12:36,720 --> 00:12:43,720

secrets that the guilty parties would be horrified to know that you had figured out.

169

00:12:43,720 --> 00:12:48,120

Is the military still back in during UFOs today?

170

00:12:48,120 --> 00:12:50,320

I have no idea.

171

00:12:50,320 --> 00:12:53,200

No idea whatsoever.

172

00:12:53,200 --> 00:12:56,200

People know how to keep secrets.

173

00:12:57,200 --> 00:13:03,760

The leaps and bounds made in aviation based off possible alien tech is remarkable.

174

00:13:03,760 --> 00:13:08,760

I can't help but wonder what else the military may have been developing.

175

00:13:08,760 --> 00:13:13,960

To find out, Ben has tracked down the son of a key reverse engineer who has been carrying

176

00:13:13,960 --> 00:13:17,080

a dark family secret for decades.

177

00:13:17,080 --> 00:13:18,080

Mark!

178

00:13:18,080 --> 00:13:20,880

Nice to see you!

179

00:13:20,880 --> 00:13:26,200

Mark Magruder's father, Mac, worked for the Air Force Special Projects Division.

180

00:13:26,200 --> 00:13:33,200

Before he died in 1997, he told his son everything he saw and did as a back engineer working

181

00:13:33,200 --> 00:13:34,200

with alien craft.

182

00:13:34,200 --> 00:13:37,160

You're down to World War II hero.

183

00:13:37,160 --> 00:13:38,800

He's well respected.

184

00:13:38,800 --> 00:13:46,120

Mark, when did you first learn about this other career life that your father had?

185

00:13:46,120 --> 00:13:54,400

He ended up going to his grave with so much information and it turns out he was involved

186

00:13:54,400 --> 00:13:56,720

the whole time.

187

00:13:56,720 --> 00:14:06,080

On his deathbed, my dad said, I have carried this terrible secret all my life.

188

00:14:06,080 --> 00:14:11,040

You have no idea what I've seen and done.

189

00:14:11,040 --> 00:14:26,680

In 1947, my dad was invited to Wright-Hatterston and they went into the hangar.

190

00:14:26,680 --> 00:14:30,760

And inside the hangar, there was this material.

191

00:14:30,760 --> 00:14:35,520

It was so strong but so lightweight.

192

00:14:35,520 --> 00:14:37,560

You mean a kind of metal?

193

00:14:37,560 --> 00:14:38,560

Yes.

194

00:14:38,560 --> 00:14:40,680

And they put two and two together.

195

00:14:40,800 --> 00:14:43,560

They knew it was the Roswell crash.

196

00:14:43,560 --> 00:14:45,480

Wait, wait, wait.

197

00:14:45,480 --> 00:14:50,680

Jenny Ziedman claimed a metallurgical company named Betel was interested in the Roswell

198

00:14:50,680 --> 00:14:51,680

UFO.

199

00:14:51,680 --> 00:14:56,280

Could this be the material they were analyzing?

200

00:14:56,280 --> 00:15:02,520

There's people that would say that this didn't happen and I've got the proof that it did.

201

00:15:02,520 --> 00:15:07,840

I have the declassified Air War College study.

202

00:15:07,840 --> 00:15:09,400

Mark, this is April 48th.

203

00:15:09,400 --> 00:15:15,120

So this was just, let's see, like what, eight months after the Roswell crash?

204

00:15:15,120 --> 00:15:16,120

Yes.

205

00:15:16,120 --> 00:15:23,320

We have witnesses who saw the textbook debris being transported to Wright-Hatterston.

206

00:15:23,320 --> 00:15:29,680

But with your father's credentials and here physical proof that your father was there,

207

00:15:29,680 --> 00:15:31,880

this is huge.

208

00:15:31,880 --> 00:15:39,600

It verifies that the UFO crash material was at Wright-Hatterston from the Roswell debris.

209

00:15:39,600 --> 00:15:42,480

Yeah, that's correct.

210

00:15:42,480 --> 00:15:46,440

So I could see this was classified at one time.

211

00:15:46,440 --> 00:15:51,280

The documents Mark inherited from his father are a treasure trove of information regarding

212

00:15:51,280 --> 00:15:53,920

the activity at Wright-Hatterston.

213

00:15:53,920 --> 00:15:55,920

Some are downright shocking.

214

00:15:55,920 --> 00:15:57,840

Wait a second.

215

00:15:57,840 --> 00:15:58,840

What is it?

216

00:15:58,840 --> 00:16:05,800

A lecture in room number one, Alien Enemy Control and Related Problems.

217

00:16:05,800 --> 00:16:11,240

They labeled this in the agenda, oh, we're going to talk about alien control today.

218

00:16:11,240 --> 00:16:16,560

And the fact that we can verify this is from a Freedom Information request directly from

219

00:16:16,560 --> 00:16:17,560

the DOD.

220

00:16:17,560 --> 00:16:22,720

Mark, this is just incredible.

221

00:16:22,720 --> 00:16:27,360

It's information that nobody really knew was out there and there's some interesting things

222

00:16:27,360 --> 00:16:30,520

that are revealed.

223

00:16:30,520 --> 00:16:35,240

After decades of silence, Mac finally told his son what he witnessed on that haunting

224

00:16:35,240 --> 00:16:37,160

trip to Wright-Hatterston.

225

00:16:37,160 --> 00:16:44,840

They went into the hangar and inside the hangar was all of the things that were definitely

226

00:16:44,840 --> 00:16:49,440

alien, you know, not from this world.

227

00:16:49,440 --> 00:16:52,640

What materials exactly did he see?

228

00:16:52,640 --> 00:16:59,200

They had really lightweight pieces of beams that had would look like hieroglyphics on them.

229

00:16:59,200 --> 00:17:04,560

The alien material and hieroglyphic etchings are similar to those described by the witnesses

230

00:17:04,560 --> 00:17:10,520

of the Kecksburg and Roswell crashes, as well as by abductees who claim they were taken

231

00:17:10,520 --> 00:17:14,320

aboard UFOs.

232

00:17:14,320 --> 00:17:19,360

And your father had no doubt what he was being shown that everyone just took matter of fact

233

00:17:19,360 --> 00:17:22,320

that this was extra-trust from material.

234

00:17:22,320 --> 00:17:27,200

They could easily see that that was a flying saucer wreckage.

235

00:17:27,200 --> 00:17:35,360

They knew it was outside of this world.

236

00:17:35,360 --> 00:17:38,880

Was there anything else that he saw there at the air base?

237

00:17:38,880 --> 00:17:46,880

Well along with the wreckage, there were bodies.

238

00:17:46,880 --> 00:17:51,040

Mac's father claimed he saw several extra-terrestrials.

239

00:17:51,040 --> 00:17:54,360

They were small in stature.

240

00:17:54,360 --> 00:18:02,800

They had long skinny little arms with long little fingers, not as many as we had.

241

00:18:02,800 --> 00:18:06,800

Clearly they were not from this world.

242

00:18:06,800 --> 00:18:13,640

Aliens, so your father told you that he saw alien bodies at Wright-Hatterston?

243

00:18:13,640 --> 00:18:16,840

Yes, aliens.

244

00:18:16,840 --> 00:18:19,840

And one of them was alive.

245

00:18:19,840 --> 00:18:22,240

Wow.

246

00:18:22,240 --> 00:18:27,840

Eight months after Roswell, they had a live extra-trust from.

247

00:18:27,840 --> 00:18:29,840

Yes.

248

00:18:29,840 --> 00:18:30,840

What happened?

249

00:18:30,840 --> 00:18:32,840

I mean, is it still alive?

250

00:18:32,840 --> 00:18:39,960

The CIA, they were doing all kinds of experiments on it.

251

00:18:39,960 --> 00:18:43,760

My dad could feel the stress that he was in.

252

00:18:43,760 --> 00:18:48,960

Mark goes on to tell Ben that the experiments the military performed on the captured alien

253

00:18:48,960 --> 00:18:53,280

were so extreme, they eventually killed the extra-terrestrial.

254

00:18:53,280 --> 00:18:54,280

Killed?

255

00:18:54,280 --> 00:18:55,280

Yes.

256

00:18:55,280 --> 00:19:03,000

They thought that he was communicating with his home base and we couldn't allow that to

257

00:19:03,000 --> 00:19:04,000

happen.

258

00:19:04,000 --> 00:19:05,360

It did bother him.

259

00:19:05,360 --> 00:19:06,920

You could see that.

260

00:19:06,920 --> 00:19:12,640

You know, if I saw that, I don't know that I would have the composure to keep it together.

261

00:19:12,640 --> 00:19:18,640

They're only one of probably a handful of people in this country, maybe on the planet,

262

00:19:18,640 --> 00:19:20,640

that knows this.

263

00:19:20,640 --> 00:19:25,640

Do you know where the military's reverse engineering work is done today?

264

00:19:25,640 --> 00:19:26,640

No.

265

00:19:26,640 --> 00:19:29,880

Well, thank you so much.

266

00:19:29,880 --> 00:19:34,040

Thank you for sharing that part of your father's history with me.

267

00:19:34,040 --> 00:19:40,520

You have a Air Force decorated officer, World War II hero.

268

00:19:40,520 --> 00:19:41,760

Very credible.

269

00:19:41,760 --> 00:19:45,880

He wouldn't lie to his kids, especially, you know, a couple years leading up to his death

270

00:19:45,880 --> 00:19:50,240

and he discloses to them that he was part of the back engineering that happened at

271

00:19:50,240 --> 00:19:52,080

Wright-Patterson Air Force Base.

272

00:19:52,080 --> 00:19:53,880

He handled the debris.

273

00:19:53,880 --> 00:19:56,040

He saw alien bodies.

274

00:19:56,040 --> 00:19:58,920

That's something you're never going to forget.

275

00:19:58,920 --> 00:20:02,200

Imagine encountering an alien and the tragedy of its death.

276

00:20:02,200 --> 00:20:07,160

It's the stuff of science fiction, but if this happened, it's truly sad and I'm just

277

00:20:07,160 --> 00:20:08,160

blown away.

278

00:20:08,800 --> 00:20:13,960

We don't know much about research conducted on extraterrestrial beings, but we do know

279

00:20:13,960 --> 00:20:19,280

about reverse engineering.

280

00:20:19,280 --> 00:20:24,040

While the programs whereabouts are currently unknown, Ben aims to uncover where it might

281

00:20:24,040 --> 00:20:28,560

reside today and he has a lead, his own family.

282

00:20:28,560 --> 00:20:30,560

So I'm in Utah.

283

00:20:30,560 --> 00:20:32,920

I'm going to interview my own dad.

284

00:20:32,920 --> 00:20:38,200

My late grandfather, Merlin Hansen, had a very interesting career.

285

00:20:38,200 --> 00:20:44,840

I know he was an engineer for the Air Force, but I'm not exactly sure what his role was.

286

00:20:44,840 --> 00:20:51,520

He told my dad some things about being part of a secret group and my grandpa was pretty

287

00:20:51,520 --> 00:20:58,240

tight-lipped, but my dad says that there's some things he told him right before his passing

288

00:20:58,240 --> 00:20:59,880

that I need to hear.

289

00:20:59,880 --> 00:21:05,200

So I'm hoping he can shed some light on this and we can kind of put the puzzle together.

290

00:21:05,200 --> 00:21:10,160

Is it possible my own grandfather was wrapped up in all of this reverse engineering and

291

00:21:10,160 --> 00:21:12,480

black project stuff?

292

00:21:12,480 --> 00:21:17,480

While Ben has long known of his grandfather's involvement in secret military projects, this

293

00:21:17,480 --> 00:21:20,680

is the first time he and his father will talk about it.

294

00:21:20,680 --> 00:21:22,560

Oh my gosh.

295

00:21:22,560 --> 00:21:23,560

Trouble.

296

00:21:23,560 --> 00:21:24,560

Hey buddy.

297

00:21:24,560 --> 00:21:25,560

How are you?

298

00:21:25,560 --> 00:21:27,560

It's been a while, man.

299

00:21:27,560 --> 00:21:33,200

I just want to make sure that I get all the details.

300

00:21:33,200 --> 00:21:36,360

I've only got bits and pieces of this story.

301

00:21:36,360 --> 00:21:38,520

So what exactly was his title?

302

00:21:38,520 --> 00:21:40,840

He was an industrial engineer.

303

00:21:40,840 --> 00:21:47,000

He was involved in logistics and communication systems and helping them troubleshoot unusual

304

00:21:47,000 --> 00:21:49,600

problems and special project work.

305

00:21:49,600 --> 00:21:52,160

And later we found out cryogenics.

306

00:21:52,160 --> 00:21:58,520

I know that when you were young, he said that he was part of a special group.

307

00:21:58,520 --> 00:22:01,680

What was that about?

308

00:22:01,680 --> 00:22:08,320

He said, son, I've accepted an assignment with the government and I'm not going to

309

00:22:08,320 --> 00:22:14,320

be accessible to the family, but there'll be one phone number that you will have to

310

00:22:14,320 --> 00:22:17,280

call and leave a message.

311

00:22:17,280 --> 00:22:20,920

And I'll try to communicate when I can.

312

00:22:20,920 --> 00:22:24,680

What was the first time you realized that this assignment was taking place?

313

00:22:24,680 --> 00:22:28,040

It started to unfold in 65.

314

00:22:28,040 --> 00:22:30,040

Did he tell you where he was going?

315

00:22:30,040 --> 00:22:32,280

Wright Patterson Air Force Base.

316

00:22:32,280 --> 00:22:38,560

Ben's grandfather was an industrial engineer and computer scientist who was sent to Wright

317

00:22:38,560 --> 00:22:41,960

Patterson to install an early computing system.

318

00:22:41,960 --> 00:22:49,040

Is it possible he saw the reverse engineering of the Roswell and Kecksburg UFOs firsthand?

319

00:22:49,160 --> 00:22:54,600

Would he have laid eyes on the supposed extraterrestrial beings?

320

00:22:54,600 --> 00:23:00,080

They've got letters here that I wrote to him and I put together a chronology and confirmed

321

00:23:00,080 --> 00:23:03,360

dates that he was gone.

322

00:23:03,360 --> 00:23:09,280

Here are letters to the motor watch.

323

00:23:09,280 --> 00:23:11,080

So this is you writing him?

324

00:23:11,080 --> 00:23:15,360

Wright, I let him know how the family was, how mom's health was.

325

00:23:15,360 --> 00:23:20,160

I wasn't sure if Grandpa had actually told you which specific time he was going to Wright

326

00:23:20,160 --> 00:23:27,360

Patterson or somewhere else, but here we have exact dates.

327

00:23:27,360 --> 00:23:32,200

So let's look at the timeline that you've put together.

328

00:23:32,200 --> 00:23:34,040

Wait a second.

329

00:23:34,040 --> 00:23:38,840

December 9th and 10th of 65 that weekend, are you sure about that?

330

00:23:38,840 --> 00:23:40,880

Absolutely positive.

331

00:23:40,880 --> 00:23:44,640

You know what happened December 9th of 65?

332

00:23:44,640 --> 00:23:48,640

We're in the North Pennsylvania UFO crack.

333

00:23:56,640 --> 00:24:02,640

So Grandpa gets a call the night of the crash basically and he's gone the next morning.

334

00:24:02,640 --> 00:24:03,640

Gone the next morning.

335

00:24:03,640 --> 00:24:05,640

They came and picked him up.

336

00:24:05,640 --> 00:24:09,640

Was Ben's own grandfather part of the secret crash retrieval team?

337

00:24:09,640 --> 00:24:15,480

What are the chances he gets an emergency call that night and leaves for several weeks

338

00:24:15,480 --> 00:24:18,640

if it's not related to something this big?

339

00:24:18,640 --> 00:24:24,640

It turns out many of these letters coincide with the dates of famous UFO incidents.

340

00:24:24,640 --> 00:24:29,640

February 21st of 64, the Securo, New Mexico landing.

341

00:24:29,640 --> 00:24:35,640

March of 67, the mouths from UFO flyover in Montana.

342

00:24:35,640 --> 00:24:43,640

March of 66, the Dexter, Michigan flap.

343

00:24:43,640 --> 00:24:45,640

Grandma was in the hospital.

344

00:24:45,640 --> 00:24:46,640

Yes.

345

00:24:46,640 --> 00:24:50,640

At the time the doctor said you better get in touch with your dad.

346

00:24:50,640 --> 00:24:52,640

So I called and left a message.

347

00:24:52,640 --> 00:24:54,640

Please get in touch with me.

348

00:24:54,640 --> 00:25:02,640

So what you're telling me is when your mom, Grandma, was at the point of death in March of 66

349

00:25:02,640 --> 00:25:08,640

that he couldn't even come home from what he was doing to come back to his own wife?

350

00:25:08,640 --> 00:25:09,640

No.

351

00:25:09,640 --> 00:25:18,640

You're talking about somebody who on paper, Grandpa, is a technical engineer who maintains the

computer systems.

352

00:25:18,640 --> 00:25:23,640

And so what's happening in Wright Patterson then is something so important

353

00:25:23,640 --> 00:25:28,640

that he can't even come back to take care of Grandma who's dying.

354

00:25:28,640 --> 00:25:35,640

Yeah, he came home and I pushed him on what was so important and he avoided me.

355

00:25:35,640 --> 00:25:37,640

That was it.

356

00:25:37,640 --> 00:25:45,640

I knew that something else had been happening all along and I could never get him to talk to me about it.

357

00:25:45,640 --> 00:25:54,640

Until the night of September 4, 1996, we're at the Salt Lake Regional Medical Center.

358

00:25:54,640 --> 00:26:00,640

He's dying and I'm the only one with him.

359

00:26:00,640 --> 00:26:09,640

And then out of nowhere, I'm holding his hand and he said, Dave, we're not alone.

360

00:26:09,640 --> 00:26:12,640

We're not alone.

361

00:26:12,640 --> 00:26:15,640

And I knew what he was talking about.

362

00:26:15,640 --> 00:26:18,640

I squeezed his hand and I said, thanks, Pop.

363

00:26:25,640 --> 00:26:40,640

Towards the end of his career, Merlin Hansen moved his family to Utah where he worked at another mysterious Air Force base.

364

00:26:40,640 --> 00:26:44,640

He said, I've got to go do some work setting up a lab at Doug Way.

365

00:26:44,640 --> 00:26:46,640

Doug Way Proving Grounds.

366

00:26:46,640 --> 00:26:47,640

Are you sure of that?

367

00:26:47,640 --> 00:26:48,640

Absolutely sure.

368

00:26:48,640 --> 00:26:54,640

He said to me one time, don't you ever go out in the West Desert?

369

00:26:54,640 --> 00:26:58,640

There's nothing in the West Desert that you ever want to play with.

370

00:26:58,640 --> 00:27:05,640

Doug Way Proving Ground encompasses over 1,250 square miles in the Great Salt Lake Desert.

371

00:27:05,640 --> 00:27:11,640

The facility's stated purpose is the engineering of chemical and biological weaponry,

372

00:27:11,640 --> 00:27:17,640

but it's also home to the highest concentration of UFO sightings in the western United States.

373

00:27:17,640 --> 00:27:24,640

Countless witnesses claim that UFOs originate from this secluded location in the West Desert.

374

00:27:24,640 --> 00:27:27,640

Wow. This is amazing.

375

00:27:27,640 --> 00:27:34,640

Was the Wright-Patterson Reverse Engineering Program relocated to Doug Way Proving Ground?

376

00:27:34,640 --> 00:27:38,640

The base is visible from Ben's father's home.

377

00:27:38,640 --> 00:27:47,640

And in 2015, he and Ben's youngest sister saw something come from the base that was so technologically advanced.

378

00:27:47,640 --> 00:27:50,640

It did not appear of this world.

379

00:27:50,640 --> 00:27:57,640

You can see Hill Air Force has got their beacon lit already.

380

00:27:57,640 --> 00:28:03,640

So you and Jenny, youngest sister, saw something.

381

00:28:03,640 --> 00:28:05,640

August 2015, this one was.

382

00:28:05,640 --> 00:28:19,640

We just had a rainstorm, and all of a sudden there is this orange beam of light that is shooting up like this for almost 10 seconds.

383

00:28:19,640 --> 00:28:24,640

Because of how far away that is, it had to have been larger than two semis.

384

00:28:24,640 --> 00:28:27,640

And I said, whoa, that couldn't be lightning.

385

00:28:27,640 --> 00:28:29,640

And you couldn't see the end of it.

386

00:28:29,640 --> 00:28:30,640

So like a laser, would you say?

387

00:28:30,640 --> 00:28:31,640

Like a laser.

388

00:28:31,640 --> 00:28:41,640

But before it stopped, we noticed these blue dots around it looked like to us that are dancing around the beam.

389

00:28:41,640 --> 00:28:44,640

But they had to be pretty large too.

390

00:28:44,640 --> 00:28:51,640

And then, and all of a sudden, at the very top, there is a, it looks like a cigar.

391

00:28:51,640 --> 00:28:53,640

Like a cigar shape.

392

00:28:53,640 --> 00:28:55,640

Like an object.

393

00:28:55,640 --> 00:28:56,640

Object, clearly.

394

00:28:56,640 --> 00:29:07,640

And then when the beam died, they all went up into the cigar shaped object and then disappeared.

395

00:29:07,640 --> 00:29:13,640

Was this beam alien, man made, or a combination of both?

396

00:29:13,640 --> 00:29:19,640

I have to say there is something extremely strange going on over the West Desert.

397

00:29:19,640 --> 00:29:24,640

And I can't help but think that maybe grandpa was part of all this.

398

00:29:24,640 --> 00:29:29,640

I feel the same way, so.

399

00:29:29,640 --> 00:29:37,640

For decades, the Dugway Proving Grounds has been a hotspot of activity for UFO sightings and conspiracy theories.

400

00:29:37,640 --> 00:29:45,640

In the past couple months, there's been a lot of video and photo coming out of there of what looks like exotic spacecraft.

401

00:29:45,640 --> 00:29:53,640

But the question is, are these UFOs evidence of extraterrestrials maybe monitoring the military base?

402

00:29:53,640 --> 00:29:55,640

Are they a direct threat to us?

403

00:29:55,640 --> 00:30:02,640

Or is there really something else going on?

404

00:30:02,640 --> 00:30:18,640

To uncover the secrets behind Dugway Proving Ground, Ben is headed to meet an investigator who has spent years compiling video evidence and witness testimony of this base.

405

00:30:18,640 --> 00:30:20,640

I'm on my way to meet Dave Rosenfeld.

406

00:30:20,640 --> 00:30:22,640

Dave and I go way back.

407

00:30:22,640 --> 00:30:26,640

I know him to be a highly dedicated and knowledgeable UFOlogist.

408

00:30:26,640 --> 00:30:32,640

And he's recently seen some strange activity around Dugway that I can't wait to hear about.

409

00:30:45,640 --> 00:30:46,640

Dave.

410

00:30:46,640 --> 00:30:47,640

Ben, how you doing?

411

00:30:47,640 --> 00:30:48,640

Good. Good to see you guys.

412

00:30:48,640 --> 00:30:50,640

I see you and you.

413

00:30:50,640 --> 00:30:54,640

It kind of give me an overview of what's happening at Dugway.

414

00:30:54,640 --> 00:31:06,640

I started getting a lot of correspondence from military contractors and people that worked at

Dugway that have seen weird stuff out there and want to tell their story.

415

00:31:06,640 --> 00:31:08,640

You get enough of these people coming forward.

416

00:31:08,640 --> 00:31:12,640

You start connecting some dots.

417

00:31:12,640 --> 00:31:26,640

I've had a lot of people come forward that have witnessed the triangular UFOs that do impossible type of maneuvers from almost a dead stop to, you know, mop three or something.

418

00:31:26,640 --> 00:31:28,640

I mean, it was fast.

419

00:31:28,640 --> 00:31:39,640

There's this rumor that a lot of that testing of black project stuff transitioned to the new what we call Area 52.

420

00:31:40,640 --> 00:31:54,640

When Area 51 became public, they moved a lot of that ET space type stuff, I think, to Dugway

because it was more private, more area, and we're actually back engineering the techno.

421

00:31:54,640 --> 00:32:06,640

Well, we were on this road track one night and we've seen a triangular craft coming from the south part toward us along the mountain range here.

422

00:32:06,640 --> 00:32:12,640

It was a triangle. It was fairly big, black in color, really low to the ground.

423

00:32:12,640 --> 00:32:18,640

And it took off so quickly that we didn't have any time to get pictures or video of it.

424

00:32:18,640 --> 00:32:22,640

We all witnessed it and it was gone.

425

00:32:22,640 --> 00:32:25,640

And what about speed or maneuvering?

426

00:32:25,640 --> 00:32:31,640

Totally unconventional. It was almost hovering. Then it took off.

427

00:32:32,640 --> 00:32:45,640

At one point, I did get a visit from some very intimidating looking people and they had told me a post that I made was illegal and they wanted it removed from the website immediately.

428

00:32:45,640 --> 00:32:49,640

Because you could be charged with treason.

429

00:32:49,640 --> 00:32:54,640

And he was asking me actually who gave him the information.

430

00:32:54,640 --> 00:32:57,640

And I said, so I can't, I'm not going to tell you that.

431

00:32:57,640 --> 00:33:04,640

So I had actually got contacted by two people that worked at Dugway about a week later.

432

00:33:04,640 --> 00:33:09,640

And there's a huge investigation going on to try to figure out who gave you that information.

433

00:33:09,640 --> 00:33:15,640

Witnesses across the country have been reporting black triangle sightings since the 1980s.

434

00:33:15,640 --> 00:33:23,640

They're described as large, silent objects moving slowly at low altitudes before blasting out of sight.

435

00:33:23,640 --> 00:33:30,640

Could these triangles be aircraft reverse engineered from UFOs like the one recovered at Kecksburg?

436

00:33:30,640 --> 00:33:42,640

Do we have things that defy gravity, that can turn on a dime, that are silent, that people describe as, you know, UFOs?

437

00:33:42,640 --> 00:33:46,640

I do believe we have this technology. I do believe they're testing it.

438

00:33:46,640 --> 00:33:47,640

Oh, wow.

439

00:33:47,640 --> 00:33:51,640

But I think it's probably back engineered alien technology.

440

00:33:53,640 --> 00:34:04,640

Dave was able to capture evidence that suggests strange things are afoot at Dugway.

441

00:34:04,640 --> 00:34:10,640

Do you have things that you have seen that you probably think are extraterrestrial?

442

00:34:10,640 --> 00:34:12,640

Yes, I do have some video I'd like to show you.

443

00:34:12,640 --> 00:34:14,640

I would love to see it.

444

00:34:14,640 --> 00:34:19,640

Some craft or some lights here that we witnessed.

445

00:34:20,640 --> 00:34:27,640

It's up off the ground. There's no noise. They're moving in different formations.

446

00:34:27,640 --> 00:34:29,640

They make a line.

447

00:34:29,640 --> 00:34:31,640

That's incredible. I can see those.

448

00:34:31,640 --> 00:34:32,640

You see these?

449

00:34:32,640 --> 00:34:40,640

The light shifting and moving, not like a flare. It's not like a peering. It's actually moving and changing position.

450

00:34:40,640 --> 00:34:47,640

Yeah, there's multiple lights here. And then you watch it kind of make a line and then kind of turn.

451

00:34:47,640 --> 00:34:48,640

Wow, odd.

452

00:34:48,640 --> 00:34:59,640

But as strange as Dave's videos are, his most compelling piece of evidence may be some photographs he took while surveilling the base.

453

00:34:59,640 --> 00:35:06,640

Back in May of 15, I was with a girlfriend and we were in an area we call UFO camp.

454

00:35:06,640 --> 00:35:08,640

This is on the south end of the range.

455

00:35:08,640 --> 00:35:17,640

We were at this location and then a beam of light shot out.

456

00:35:17,640 --> 00:35:26,640

It was strange because when we witnessed this, we could almost smell like static electricity.

457

00:35:29,640 --> 00:35:31,640

Well, you're pretty far away from it too, aren't you?

458

00:35:31,640 --> 00:35:37,640

Yes, we were miles away from it. So here's the first time it fired.

459

00:35:38,640 --> 00:35:51,640

And then the second time it fired, these blue lights came down and surrounded this beam, almost like they were watching.

460

00:35:51,640 --> 00:35:55,640

What do you think it is? Do you think this laser thing is ours?

461

00:35:55,640 --> 00:35:59,640

I think this is some kind of offensive weapon.

462

00:35:59,640 --> 00:36:02,640

This is going through the cloud and into space.

463

00:36:02,640 --> 00:36:10,640

And I think that's what got the attention of these visitors and they're coming in and watching our weaponry.

464

00:36:10,640 --> 00:36:12,640

Wow, that's pretty amazing.

465

00:36:12,640 --> 00:36:19,640

Could this incredible light be a weapon of mass destruction back engineered from alien technology?

466

00:36:19,640 --> 00:36:22,640

And if so, what do they intend to do with it?

467

00:36:22,640 --> 00:36:25,640

So where was this? Where were you when you're filming it?

468

00:36:25,640 --> 00:36:27,640

This is on the south end of the range.

469

00:36:27,640 --> 00:36:29,640

Show you the area.

470

00:36:29,640 --> 00:36:30,640

Awesome.

471

00:36:30,640 --> 00:36:31,640

We go now?

472

00:36:31,640 --> 00:36:32,640

Sure.

473

00:36:32,640 --> 00:36:33,640

All right.

474

00:36:33,640 --> 00:36:34,640

Let's do it.

475

00:36:34,640 --> 00:36:45,640

What Dave witnessed is unlike any technology known to the public and could be proof that the military's reverse engineering program has moved to Dougway.

476

00:36:47,640 --> 00:36:54,640

Dave agrees to take Ben to the location he filmed the light from in hopes they can find more evidence.

477

00:36:54,640 --> 00:36:59,640

We've now turned off on the exit towards Dougway and there is a tension.

478

00:36:59,640 --> 00:37:04,640

There's a level of anxiety that you can literally feel as you're coming down this road.

479

00:37:04,640 --> 00:37:11,640

If any facility was capable of reverse engineering alien spacecraft, it's Dougway proven ground.

480

00:37:11,640 --> 00:37:20,640

During World War II, this mysterious base conducted secret chemical weapons tests and developed experimental aircraft.

481

00:37:21,640 --> 00:37:31,640

It does remind me a lot of Area 51 because you get too close to Area 51 and you've violated the boundary that turned you over to the sheriff to be arrested.

482

00:37:31,640 --> 00:37:33,640

So a little apprehension.

483

00:37:33,640 --> 00:37:35,640

We don't want to draw attention.

484

00:37:35,640 --> 00:37:39,640

We just want to come by and see the lookout.

485

00:37:39,640 --> 00:37:43,640

So are we pretty close to your spot?

486

00:37:43,640 --> 00:37:45,640

That's correct.

487

00:37:45,640 --> 00:37:49,640

Out here toward defense line is where they do a lot of the testing.

488

00:37:49,640 --> 00:38:01,640

All right, we're going to come up on this hill here and it's going to look bad to you a bit.

489

00:38:01,640 --> 00:38:03,640

You're going to be able to make it.

490

00:38:07,640 --> 00:38:09,640

Is this spot?

491

00:38:09,640 --> 00:38:11,640

This is the spot.

492

00:38:11,640 --> 00:38:13,640

This is amazing.

493

00:38:14,640 --> 00:38:21,640

Dave has led Ben 50 miles southwest of Tule, Utah.

494

00:38:21,640 --> 00:38:29,640

They are now on the south border of Dougway proven ground and can legally be shot on site if they cross onto the base.

495

00:38:29,640 --> 00:38:31,640

This is pretty incredible, isn't it?

496

00:38:31,640 --> 00:38:32,640

Yeah.

497

00:38:32,640 --> 00:38:36,640

This is the exact location where we've seen the beam test.

498

00:38:39,640 --> 00:38:42,640

There's roads out here when people drive on that.

499

00:38:43,640 --> 00:38:45,640

You can see a dust trail.

500

00:38:45,640 --> 00:38:48,640

There's nowhere you can go out here without leaving a dust trail.

501

00:38:48,640 --> 00:38:51,640

And so we see what looks like vehicles going along the roads here.

502

00:38:51,640 --> 00:38:57,640

We zoom in on those to try to say, oh, it's a humvee or something, you know, and there's no

vehicle.

503

00:38:57,640 --> 00:39:01,640

Multiple dust trails with no vehicles.

504

00:39:01,640 --> 00:39:03,640

So, I mean, what are you thinking it is?

505

00:39:03,640 --> 00:39:04,640

I don't know.

506

00:39:04,640 --> 00:39:05,640

It's hard to explain.

507

00:39:05,640 --> 00:39:10,640

Maybe it's cloaking technology, predator technology.

508

00:39:10,640 --> 00:39:17,640

You're saying it's possible whatever technology is being used is being applied perhaps there too.

509

00:39:17,640 --> 00:39:18,640

Yep.

510

00:39:20,640 --> 00:39:23,640

Okay, so it happened directly over that.

511

00:39:23,640 --> 00:39:24,640

Yep.

512

00:39:24,640 --> 00:39:25,640

Yeah.

513

00:39:25,640 --> 00:39:29,640

Okay, right where that peak is, it's directly over it.

514

00:39:29,640 --> 00:39:31,640

Same here.

515

00:39:31,640 --> 00:39:44,640

We watched two come in and they were kind of heading straight at us and they were a full bank like this.

516

00:39:44,640 --> 00:39:47,640

And one of them just kind of faded away.

517

00:39:47,640 --> 00:39:49,640

Wow.

518

00:39:50,640 --> 00:39:57,640

There's a whole lot more sightings out here that can not be explained as conventional technology.

519

00:39:58,640 --> 00:40:03,640

So if that's true, where are we getting this knowledge and in this technology?

520

00:40:03,640 --> 00:40:12,640

Well, I think that the Roswell, the craft from Roswell we recovered has a huge impact on our daily lives.

521

00:40:12,640 --> 00:40:18,640

I think that the technology that was recovered from that craft we use every day now.

522

00:40:18,640 --> 00:40:25,640

I think it's been back engineered as best as we can using Earthly materials and we have it in everything we own now.

523

00:40:25,640 --> 00:40:33,640

Cell phones and our TV sets and you know, you're talking about Kevlar and molecular alloys and night vision.

524

00:40:33,640 --> 00:40:35,640

You know, the list is huge.

525

00:40:39,640 --> 00:40:46,640

And the distance you're seeing it, the diameter of that beam has got to be huge.

526

00:40:46,640 --> 00:40:52,640

I mean, this is incredible by itself, whatever it is, but yet we have these visitors.

527

00:40:53,640 --> 00:40:55,640

Coming to watch this test.

528

00:40:55,640 --> 00:40:56,640

Yeah.

529

00:40:57,640 --> 00:41:01,640

And as soon as the test was over, they flew up into space.

530

00:41:01,640 --> 00:41:04,640

This is not the only video captured here.

531

00:41:04,640 --> 00:41:09,640

Dave has regularly captured evidence of UFOs from this location.

532

00:41:16,640 --> 00:41:20,640

Ben brought his equipment, hoping for a sighting of his own.

533

00:41:20,640 --> 00:41:25,640

What better place than Doug Way to come do a sky watch with night vision equipment?

534

00:41:25,640 --> 00:41:29,640

Being here is just really cool. Taking in the energy here.

535

00:41:29,640 --> 00:41:33,640

You never know. Might get lucky, see something I can't explain.

536

00:41:33,640 --> 00:41:39,640

I've brought with me the top of the line military technology and night vision and thermal equipment.

537

00:41:39,640 --> 00:41:43,640

When I go do these sky watches, I'm looking for certain things.

538

00:41:43,640 --> 00:41:46,640

We're looking for objects in the sky that are non-conventional.

539

00:41:46,640 --> 00:41:51,640

What I mean is, does it act and behave like an aircraft, a satellite?

540

00:41:51,640 --> 00:41:53,640

Does it move erratically?

541

00:41:54,640 --> 00:41:59,640

We might have a satellite. I'm guessing that's what it is. It's in a straight line right now.

542

00:41:59,640 --> 00:42:05,640

Does it hover? Does it make a sound? Is it in an airspace that it shouldn't be? Is it too low?

543

00:42:05,640 --> 00:42:10,640

And I like to kind of at that point bring out the different cameras because you never know

544

00:42:10,640 --> 00:42:14,640

which one is going to pick up on that wavelength of light that's going to record it best.

545

00:42:14,640 --> 00:42:18,640

What I'm going to do is I'm going to switch over to color night vision.

546

00:42:18,640 --> 00:42:22,640

Here we go. This camera would be able to see it in those different colors.

547

00:42:31,640 --> 00:42:34,640

Hey, we got something coming over the mountain right here.

548

00:42:34,640 --> 00:42:36,640

Okay, it's a plane.

549

00:42:36,640 --> 00:42:40,640

It just kind of looks like a halo, but you see there's flashing lights with it.

550

00:42:40,640 --> 00:42:46,640

When I see something that I can't explain, there's a pretty good chance that it's not conventional

551

00:42:46,640 --> 00:42:48,640

because I've seen all the other stuff.

552

00:42:48,640 --> 00:42:50,640

I'm going to kick this over to black and white.

553

00:42:57,640 --> 00:43:00,640

We've got something heading directly for us.

554

00:43:00,640 --> 00:43:08,640

Whoa, whoa, that pan across here, there's like four lights together in some formation.

555

00:43:10,640 --> 00:43:14,640

Completely gone. Oh, that was weird. That was really weird.

556

00:43:14,640 --> 00:43:20,640

So as I'm panning across the the mountaintop, I see like four points of light and they're in a formation

557

00:43:20,640 --> 00:43:22,640

and they're cruising across the mountain ridge.

558

00:43:24,640 --> 00:43:31,640

It caught me by surprise and I legitimately was excited until I tried moving the camera again

559

00:43:31,640 --> 00:43:33,640

and saw that it did it again.

560

00:43:33,640 --> 00:43:37,640

And I'm disappointed because it was a lens flare of the camera.

561

00:43:40,640 --> 00:43:45,640

But that's why we do this, you know, we need to make sure that what we're seeing is truly unexplained.

562

00:43:48,640 --> 00:43:54,640

Determined as ever, Ben spends the rest of the night searching the skies above Dougway.

563

00:43:58,640 --> 00:43:59,640

That was weird.

564

00:43:59,640 --> 00:44:01,640

But despite a few close calls.

565

00:44:03,640 --> 00:44:05,640

I hear something behind me.

566

00:44:07,640 --> 00:44:09,640

Right over the top of the mountain.

567

00:44:10,640 --> 00:44:12,640

Just had it, where'd it go?

568

00:44:12,640 --> 00:44:15,640

The Dougway airspace is quiet tonight.

569

00:44:15,640 --> 00:44:17,640

It gets really quiet around here.

570

00:44:18,640 --> 00:44:22,640

As the sun rises, Ben decides to end his search.

571

00:44:22,640 --> 00:44:28,640

Now we may not have seen anything unexplained tonight, but I do feel that we uncovered a lot of compelling evidence

572

00:44:28,640 --> 00:44:30,640

over the course of this investigation.

573

00:44:30,640 --> 00:44:36,640

I find it quite likely the government has extra trestle spacecraft in their possession.

574

00:44:36,640 --> 00:44:40,640

The UFO crash material was at Wright-Patterson.

575

00:44:40,640 --> 00:44:42,640

That's correct.

576

00:44:42,640 --> 00:44:48,640

We have recorded testimony that places the Kecksburg Acorn at Wright-Patterson Air Force Base.

577

00:44:48,640 --> 00:44:51,640

The spaceship was like a large acorn.

578

00:44:51,640 --> 00:44:56,640

We have witnesses who were involved in the reverse engineering of memory metal.

579

00:44:56,640 --> 00:45:02,640

They covered an aircraft in this memory metal and it didn't show up at all in where he was.

580

00:45:02,640 --> 00:45:09,640

We have a World War II hero who on his deathbed told his son he saw not only the debris from the Roswell crash,

581

00:45:09,640 --> 00:45:12,640

but also a live alien.

582

00:45:12,640 --> 00:45:17,640

They were doing all kinds of experiments on him and then killed him.

583

00:45:17,640 --> 00:45:24,640

And we have photo evidence of what looks like an alien weapon being tested at a U.S. military facility.

584

00:45:25,640 --> 00:45:32,640

They pass it off as American ingenuity, but there is a world of secrets our government is keeping from us.

585

00:45:32,640 --> 00:45:36,640

We wonder that finally going to tell us the truth of what's in the skies.
