

1

00:00:00,000 --> 00:00:03,000

There it is.

2

00:00:03,000 --> 00:00:06,000

It's been called the Roswell of northern New Mexico,

3

00:00:06,000 --> 00:00:10,000

a small town said to be harboring one of the darkest

4

00:00:10,000 --> 00:00:13,000

most disturbing secrets in UFO history.

5

00:00:13,000 --> 00:00:16,000

An alien underground facility,

6

00:00:16,000 --> 00:00:21,000

bizarre genetic experiments, egg-shaped UFOs.

7

00:00:21,000 --> 00:00:24,000

Does this space really exist?

8

00:00:24,000 --> 00:00:28,000

There's a hole on the other side of the Arch-Leta mountain.

9

00:00:29,000 --> 00:00:33,000

Has our government known all along did they help build it?

10

00:00:33,000 --> 00:00:35,000

Dulce is an underground base.

11

00:00:35,000 --> 00:00:38,000

Ben Hansen is on a mission to find out.

12

00:00:38,000 --> 00:00:42,000

See, the top of the ridge is like spilling out like heat?

13

00:00:44,000 --> 00:00:47,000

I'm Ben Hansen, a former federal agent.

14

00:00:47,000 --> 00:00:50,000

My grandfather worked at a highly classified Air Force base

15

00:00:50,000 --> 00:00:53,000

and convinced me we are not alone in the universe.

16

00:00:53,000 --> 00:00:57,000

Then I had my own encounter that changed my life forever.

17

00:00:57,000 --> 00:00:59,000

Welcome to UFO history.

18

00:00:59,000 --> 00:01:03,000

Now I've gained access to a top secret archive from Project Bluebook.

19

00:01:03,000 --> 00:01:09,000

This planet has been under surveillance for centuries.

20

00:01:09,000 --> 00:01:13,000

Containing reports of over 10,000 UFO sightings

21

00:01:13,000 --> 00:01:15,000

investigated by the US government.

22

00:01:15,000 --> 00:01:19,000

We can very well be standing on the exact place for a UFO process.

23

00:01:19,000 --> 00:01:23,000

My mission is to uncover the truth.

24

00:01:27,000 --> 00:01:30,000

I'm in a remote area of northern New Mexico,

25

00:01:30,000 --> 00:01:33,000

following up on a wave of UFO sightings.

26

00:01:33,000 --> 00:01:38,000

When it comes to UFOs, New Mexico is best known for one incident particular,

27

00:01:38,000 --> 00:01:40,000

Roswell 1947.

28

00:01:40,000 --> 00:01:43,000

But that infamous case is just the beginning

29

00:01:43,000 --> 00:01:46,000

when it comes to UFO activity in this region.

30

00:01:46,000 --> 00:01:50,000

Since then there's been abductions, cattle mutilations,

31

00:01:50,000 --> 00:01:53,000

UFOs, and other UFOs.

32

00:01:53,000 --> 00:01:56,000

Since then there's been abductions, cattle mutilations,

33

00:01:56,000 --> 00:02:00,000

even stories of human experimentation.

34

00:02:00,000 --> 00:02:04,000

I've heard rumors that the government has had a hand in these incidents.

35

00:02:04,000 --> 00:02:07,000

Before I came out here, I spoke with Laura Eisenhower,

36

00:02:07,000 --> 00:02:11,000

the great-granddaughter of President Dwight D. Eisenhower.

37

00:02:11,000 --> 00:02:16,000

And what she told me about alien activity on our planet was mind-blowing.

38

00:02:16,000 --> 00:02:17,000

Hey Laura.

39

00:02:17,000 --> 00:02:18,000

Hey Ben.

40

00:02:18,000 --> 00:02:22,000

I'm on my way to Dulce, New Mexico to follow up on a recent UFO sighting.

41

00:02:22,000 --> 00:02:27,000

And I was told that the locals, a lot of them believe in this idea

42

00:02:27,000 --> 00:02:32,000

that there's an underground alien base in cooperation with humans and military there.

43

00:02:32,000 --> 00:02:36,000

Do you think there's any truth to the idea of an underground base?

44

00:02:36,000 --> 00:02:39,000

Dulce is an underground base.

45

00:02:39,000 --> 00:02:43,000

There's a lot of sightings that people have experienced,

46

00:02:43,000 --> 00:02:46,000

and they really do back up the claims.

47

00:02:46,000 --> 00:02:51,000

Do you feel that these underground bases might be related to these treaties

48

00:02:51,000 --> 00:02:56,000

that your great-grandfather allegedly took place in with extraterrestrials?

49

00:02:56,000 --> 00:02:57,000

Yes.

50

00:02:57,000 --> 00:03:02,000

Laura believes her great-grandfather, President Eisenhower,

51

00:03:02,000 --> 00:03:07,000

entered into a treaty with an alien race known as the Greys.

52

00:03:07,000 --> 00:03:11,000

One of the theories is that we would exchange technology.

53

00:03:11,000 --> 00:03:16,000

They would give us their information on how to advance our technology

54

00:03:16,000 --> 00:03:21,000

in trade for allowing them to do experimentation.

55

00:03:21,000 --> 00:03:23,000

Ah, yes.

56

00:03:25,000 --> 00:03:28,000

We talk about the extraterrestrials coming from space

57

00:03:28,000 --> 00:03:33,000

and having a particular interest in maybe a town, maybe a military base,

58

00:03:33,000 --> 00:03:39,000

and that could be true, but could it also be true there's an increase in activity

59

00:03:39,000 --> 00:03:44,000

because they're already here and that they're underground and they're actually coming out?

60

00:03:44,000 --> 00:03:46,000

Yes, they've been here a really long time.

61

00:03:46,000 --> 00:03:48,000

What are their intentions?

62

00:03:48,000 --> 00:03:52,000

You know, it's something to ponder, and there's a lot to uncover.

63

00:03:52,000 --> 00:03:58,000

I'm absolutely convinced it exists, and I'll be interested to hear what you have to share when you get back.

64

00:03:59,000 --> 00:04:04,000

The people of Dulce and the surrounding Hikariya Apache Nation Reservation

65

00:04:04,000 --> 00:04:07,000

have been witnessing strange UFOs for decades,

66

00:04:07,000 --> 00:04:12,000

but recently one man claims to have captured photographic proof.

67

00:04:12,000 --> 00:04:14,000

Ben is on his way to meet him now.

68

00:04:14,000 --> 00:04:18,000

Could this be evidence of underground alien bases?

69

00:04:18,000 --> 00:04:23,000

I discovered a photo which an amateur photographer took named Dory Vigil.

70

00:04:23,000 --> 00:04:29,000

Dory was taking pictures of a flat top mountain named the Archuleta Mesa.

71

00:04:29,000 --> 00:04:35,000

And I want to know if the photo might have anything to do with these reports of a base.

72

00:04:35,000 --> 00:04:36,000

Hey, Dory.

73

00:04:36,000 --> 00:04:37,000

Hey, how you doing?

74

00:04:37,000 --> 00:04:39,000

Good, Ben. Nice to meet you.

75

00:04:39,000 --> 00:04:45,000

Dory, a long time Dulce resident, grew up hearing all sorts of whispers about Archuleta Mesa.

76

00:04:45,000 --> 00:04:50,000

But in 2015, all those rumors would become shockingly real.

77

00:04:50,000 --> 00:04:52,000

So what were you doing that day?

78

00:04:52,000 --> 00:04:56,000

Late one afternoon, Dory was helping a friend trim trees.

79

00:04:56,000 --> 00:04:59,000

On his way home, he pulled over to take some photos.

80

00:04:59,000 --> 00:05:03,000

That day I was over here and talking to this other here.

81

00:05:10,000 --> 00:05:13,000

I had a brand new camera.

82

00:05:13,000 --> 00:05:15,000

I was trying to take pictures.

83

00:05:15,000 --> 00:05:17,000

I took a picture at the pub of the hill.

84

00:05:17,000 --> 00:05:19,000

I took a picture at the church.

85

00:05:21,000 --> 00:05:24,000

All of a sudden, there it was.

86

00:05:26,000 --> 00:05:28,000

This little black thing in the sky.

87

00:05:33,000 --> 00:05:35,000

So do you happen to have that photo with you?

88

00:05:35,000 --> 00:05:36,000

Yeah.

89

00:05:36,000 --> 00:05:37,000

I can see.

90

00:05:37,000 --> 00:05:38,000

OK, there's that little dip.

91

00:05:38,000 --> 00:05:39,000

I can see now.

92

00:05:39,000 --> 00:05:44,000

And so with this perspective, though, that actually looks pretty close to you.

93

00:05:46,000 --> 00:05:50,000

Dory wasn't the only one who saw the strange flying object that evening.

94

00:05:50,000 --> 00:05:53,000

Other witnesses were called in even stranger detail.

95

00:05:53,000 --> 00:05:59,000

There's other people around town that says they seen the same UFO coming from the Mesa.

96

00:05:59,000 --> 00:06:01,000

From the Archuleta Mesa.

97

00:06:02,000 --> 00:06:08,000

There is about maybe five accounts saying that it opened up.

98

00:06:08,000 --> 00:06:09,000

Opened up.

99

00:06:09,000 --> 00:06:11,000

And the light came out or whatever or something.

100

00:06:11,000 --> 00:06:16,000

And then they said there's stuff that went in and went out and then it closed up and everything.

101

00:06:16,000 --> 00:06:18,000

Could the rumors be true?

102

00:06:18,000 --> 00:06:25,000

Could the Archuleta Mesa be hiding one of the underground bases allegedly built under Native American reservations?

103

00:06:26,000 --> 00:06:30,000

Have you had people coming to you and saying that you hoaxed it?

104

00:06:30,000 --> 00:06:32,000

Yeah, there's people that are trying to say that, though.

105

00:06:32,000 --> 00:06:34,000

But I thought, no, it's not a bird.

106

00:06:34,000 --> 00:06:36,000

It's not that it's just a real thing right here.

107

00:06:39,000 --> 00:06:47,000

I mean, if this were a bird or something, it would have to be the very perfect moment where its wings were folded up, right?

108

00:06:47,000 --> 00:06:50,000

Because it doesn't, to me, it doesn't look like a bird.

109

00:06:51,000 --> 00:06:55,000

If you want to see a light and an object go by, you will have a streak on it.

110

00:06:55,000 --> 00:06:57,000

This one really didn't have a streak.

111

00:06:57,000 --> 00:07:00,000

But other than that, it was there, you know, the dead.

112

00:07:00,000 --> 00:07:02,000

And it was painless day.

113

00:07:02,000 --> 00:07:03,000

Yeah, okay.

114

00:07:03,000 --> 00:07:04,000

It's real.

115

00:07:04,000 --> 00:07:07,000

And while you were there, though, there was no sounds.

116

00:07:07,000 --> 00:07:09,000

There was no anything that would do.

117

00:07:09,000 --> 00:07:17,000

If I would have known, I would have went straight toward it and looked around, you know, looked around and investigated a little bit with your own eyes and no...

118

00:07:18,000 --> 00:07:23,000

So do you think, then, that it's possibly not from this world?

119

00:07:23,000 --> 00:07:26,000

It's not military. It's not from here, for sure.

120

00:07:26,000 --> 00:07:29,000

It's hard to say, though. It's hard to say.

121

00:07:30,000 --> 00:07:34,000

From the rumors, the stories of the people in town, how long has this been going on?

122

00:07:34,000 --> 00:07:44,000

According to all the stories from the history, from grandma to cousin, they told me that when they were small, they used to see the spacecraft and everything.

123

00:07:44,000 --> 00:07:51,000

If the Eisenhower Treaty was signed 70 years ago, it would explain why these rumors have been around for so long.

124

00:07:51,000 --> 00:07:54,000

So we're talking at least maybe 100 years or more?

125

00:07:54,000 --> 00:07:55,000

Yes.

126

00:07:55,000 --> 00:08:01,000

Ben's eager to investigate the archer at Amesa for himself, but access will be a challenge.

127

00:08:01,000 --> 00:08:07,000

So if I want to go visit any part of the Amesa or up in this area, what would I need to do?

128

00:08:07,000 --> 00:08:12,000

You might have to talk to the elders and to the tribe that way you can get permission from them.

129

00:08:12,000 --> 00:08:16,000

You have to have a travel member go with you. That's the law.

130

00:08:17,000 --> 00:08:21,000

Ben heads to the Hickorya Apache Nation to plead his case.

131

00:08:21,000 --> 00:08:27,000

If he can't get permission to access the land, his investigation is over before it's really started.

132

00:08:28,000 --> 00:08:40,000

I'm on my way to meet with some of the elders of the Hickorya Apache Nation to get their permission to move freely about the reservation, to talk to some of the UFO witnesses, hear their experiences.

133

00:08:40,000 --> 00:08:44,000

It's a matter of respect and I need that permission from them.

134

00:08:45,000 --> 00:08:49,000

The tribe has turned down requests from dozens of UFO investigators.

135

00:08:51,000 --> 00:08:53,000

You'll have to turn the camera off now.

136

00:08:54,000 --> 00:09:06,000

After several hours, Ben reemerges with good news. He has secured unprecedented access, provided he works with a local resident and former detective, Avery Tafoya.

137

00:09:06,000 --> 00:09:13,000

Thank you for taking your time to go with me because as an outsider I know that this is kind of a sensitive issue.

138

00:09:13,000 --> 00:09:14,000

You're welcome.

139

00:09:17,000 --> 00:09:27,000

I have always wanted to come to this part of New Mexico because this gentleman, Dory, was telling me people are watching things silently going in and out. Is that true?

140

00:09:27,000 --> 00:09:35,000

Yes, people in the community have been seeing flying saucers, UFOs.

141

00:09:36,000 --> 00:09:38,000

Where do they think that these UFOs come from?

142

00:09:39,000 --> 00:09:42,000

Well, it's rumored that they're probably coming out of the base.

143

00:09:43,000 --> 00:09:44,000

So you've heard that too?

144

00:09:44,000 --> 00:09:45,000

Yeah.

145

00:09:46,000 --> 00:09:53,000

The secret alien underground base was allegedly built in the 50s after Eisenhower drew up a treaty with the alien entities.

146

00:09:53,000 --> 00:10:04,000

But UFO lore has it that in the 1970s, a government security guard from Archuleta's underground base came forward to expose all the horrifying secrets hidden in the mountain.

147

00:10:05,000 --> 00:10:08,000

His account became known as the Dulce Papers.

148

00:10:08,000 --> 00:10:17,000

This long sought after report has eluded UFO researchers for decades, but incredibly, Avery claims to know all about it.

149

00:10:18,000 --> 00:10:21,000

So have you looked through the Dulce Papers yourself?

150

00:10:23,000 --> 00:10:26,000

Yes, I have. I've looked through the Dulce Papers.

151

00:10:27,000 --> 00:10:33,000

Until now, Ben had only rumors to go on, but now he's found someone that actually has seen the papers.

152

00:10:34,000 --> 00:10:35,000

Really?

153

00:10:35,000 --> 00:10:37,000

Yeah, it was a while back.

154

00:10:38,000 --> 00:10:43,000

I used to work with the police department. We were in our squad room drinking coffee, night shift.

155

00:10:44,000 --> 00:10:48,000

There was a cabinet in the coffee room, so we kind of looked through it and checked.

156

00:10:48,000 --> 00:10:52,000

We actually found a copy of the Dulce Papers in there.

157

00:10:54,000 --> 00:10:55,000

Like in a case file?

158

00:10:55,000 --> 00:10:59,000

Yeah, it wasn't labeled. I do have a copy if you'd like to see it.

159

00:10:59,000 --> 00:11:01,000

I would love to take a look at it.

160

00:11:01,000 --> 00:11:09,000

It seems the tribal police kept their own copy of the entire report. Ben can't believe what he's seeing. The allegations are horrifying.

161

00:11:09,000 --> 00:11:15,000

The paper describes a seven-level deep laboratory run by humans and alien grays.

162

00:11:15,000 --> 00:11:20,000

They depict twisted genetic experiments aimed at producing hybrid organisms.

163

00:11:21,000 --> 00:11:29,000

Wow. This is like vats of aliens inside of them. It looks like growing them or preserving them, right?

164

00:11:30,000 --> 00:11:34,000

And detailed sketches. Very interesting.

165

00:11:34,000 --> 00:11:40,000

So this researcher writes genetic acceleration, period of gestation, three to five months.

166

00:11:41,000 --> 00:11:48,000

There's some strange symbols here. It says computerized wall and computerized tanks. Interesting.

167

00:11:49,000 --> 00:11:53,000

This is an incredible account, but Ben needs more evidence.

168

00:11:54,000 --> 00:12:05,000

Is there anyone else around town or other stories that you've heard that kind of corroborates, you know, that there is an underground base?

169

00:12:07,000 --> 00:12:10,000

Yes, there's a woman named Myrna Hansen.

170

00:12:12,000 --> 00:12:19,000

In 1980, a woman named Myrna Hansen claimed she and her son were abducted by grays and taken to the base.

171

00:12:19,000 --> 00:12:23,000

Her and her six-year-old son were driving home.

172

00:12:25,000 --> 00:12:28,000

And they observed some flying saucers in the sky.

173

00:12:30,000 --> 00:12:35,000

The next thing she remembers after that was her and her son were in their car.

174

00:12:50,000 --> 00:12:56,000

And it had no gas. It wasn't ready.

175

00:12:58,000 --> 00:13:05,000

On May 5th, 1980, sitting just outside the town of Dulce, she realized she'd lost a full six hours.

176

00:13:07,000 --> 00:13:11,000

Does she recall anything of what happened in the missing time?

177

00:13:11,000 --> 00:13:18,000

After time, she didn't, but she had gone back to do some regression hypnotism.

178

00:13:19,000 --> 00:13:23,000

During the time that she did that, she found out what had happened.

179

00:13:25,000 --> 00:13:28,000

They were taken to an underground base.

180

00:13:29,000 --> 00:13:30,000

Really?

181

00:13:30,000 --> 00:13:31,000

Yes.

182

00:13:32,000 --> 00:13:41,000

Myrna saw what appeared to be a complex lab.

183

00:13:43,000 --> 00:13:51,000

She was subjected to painful experiments and feared she wouldn't believe a lie.

184

00:13:52,000 --> 00:14:01,000

Apparently, after they were through with examinations and procedures, they took Myrna and her son into another room.

185

00:14:03,000 --> 00:14:11,000

She described seeing a big vats of liquid with a body parts in it.

186

00:14:11,000 --> 00:14:14,000

And she was not sure what was going on.

187

00:14:15,000 --> 00:14:24,000

Myrna Hanson also claimed she saw the aliens conduct bizarre and painful experiments on cattle.

188

00:14:24,000 --> 00:14:28,000

And then she and her son's memories were erased.

189

00:14:28,000 --> 00:14:32,000

They were subject to flashes of bright lights.

190

00:14:33,000 --> 00:14:36,000

Apparently, the bright lights were not visible.

191

00:14:36,000 --> 00:14:40,000

They were subject to flashes of bright lights.

192

00:14:42,000 --> 00:14:46,000

Apparently, the bright lights wiped the memory of the abduction.

193

00:14:48,000 --> 00:14:49,000

Wow.

194

00:14:49,000 --> 00:14:52,000

Kate, seems like hypnosis helped.

195

00:14:52,000 --> 00:14:53,000

Yes.

196

00:14:53,000 --> 00:15:00,000

Do you think there's a real possibility that there is an extraterrestrial base underneath Dulce?

197

00:15:00,000 --> 00:15:01,000

I do.

198

00:15:01,000 --> 00:15:08,000

Agier agrees to introduce me to another witness who claims she had an encounter with the Dulce aliens.

199

00:15:08,000 --> 00:15:13,000

On the way, he describes more rumors of the underground base.

200

00:15:13,000 --> 00:15:20,000

I've heard the people that live up on this side of the hill that at times it sounds like they can hear machinery.

201

00:15:20,000 --> 00:15:21,000

Really?

202

00:15:21,000 --> 00:15:24,000

But there's no machinery out.

203

00:15:24,000 --> 00:15:27,000

So they think it's underground.

204

00:15:27,000 --> 00:15:28,000

Wow.

205

00:15:28,000 --> 00:15:31,000

Quite a few stories from this area from the police.

206

00:15:31,000 --> 00:15:35,000

Maybe right over there against the mountain, something that's inside there.

207

00:15:35,000 --> 00:15:40,000

Based on what Avery's told me, there are a lot of eyewitnesses in Dulce.

208

00:15:40,000 --> 00:15:46,000

We're on our way to meet Jerry Julian, a hickory of elder who lives on the outskirts of town.

209

00:15:46,000 --> 00:15:47,000

Her husband Larry.

210

00:15:47,000 --> 00:15:48,000

Uh-huh.

211

00:15:48,000 --> 00:15:50,000

They used to stay down here a lot.

212

00:15:50,000 --> 00:15:52,000

Watched her cattle.

213

00:15:52,000 --> 00:15:57,000

So a lot of times they would just sit outside and that's when they started seeing stuff.

214

00:15:57,000 --> 00:15:58,000

Hello.

215

00:15:58,000 --> 00:15:59,000

Hello.

216

00:15:59,000 --> 00:16:00,000

I'm Ben.

217

00:16:00,000 --> 00:16:01,000

Oh, OK.

218

00:16:01,000 --> 00:16:02,000

Nice to meet you.

219

00:16:02,000 --> 00:16:03,000

You must be Jerry.

220

00:16:03,000 --> 00:16:04,000

Yes.

221

00:16:04,000 --> 00:16:11,000

So Avery has been telling me here that you have had some incredible experiences out here at your property.

222

00:16:11,000 --> 00:16:13,000

I guess you keep cattle here.

223

00:16:13,000 --> 00:16:16,000

I wanted to kind of hear what's been going on.

224

00:16:16,000 --> 00:16:17,000

Jerry.

225

00:16:17,000 --> 00:16:22,000

Jerry claims to have had her first encounter with the Dulce aliens in 1986.

226

00:16:22,000 --> 00:16:30,000

A couple years ago, we were working up over there at Archuleta Mountain that way.

227

00:16:30,000 --> 00:16:33,000

Well, we parked over there with my husband.

228

00:16:33,000 --> 00:16:35,000

He brought me a little...

229

00:16:35,000 --> 00:16:37,000

Why don't you have a seat?

230

00:16:37,000 --> 00:16:38,000

A little cook.

231

00:16:38,000 --> 00:16:39,000

OK.

232

00:16:39,000 --> 00:16:46,000

We just sat at the end gate.

233

00:16:46,000 --> 00:16:52,000

And then all of a sudden from there, we saw like something coming down up of Archuleta Mountain,

234

00:16:52,000 --> 00:16:55,000

going towards the road, something white.

235

00:16:55,000 --> 00:16:59,000

On top, there was like a dome like this.

236

00:16:59,000 --> 00:17:00,000

It was huge.

237

00:17:00,000 --> 00:17:01,000

It was huge.

238

00:17:01,000 --> 00:17:02,000

It was huge.

239

00:17:02,000 --> 00:17:09,000

And egg-shaped craft similar to what her fellow tribal member Dory saw was getting closer.

240

00:17:09,000 --> 00:17:16,000

My husband, he looked at it and then he tells me right away, he said, get in the truck.

241

00:17:16,000 --> 00:17:19,000

And then I said, I want to see it too.

242

00:17:19,000 --> 00:17:22,000

He said, no, get in the truck.

243

00:17:22,000 --> 00:17:28,000

So I put the end gate back up and then I got in the truck.

244

00:17:29,000 --> 00:17:33,000

And then the truck will start.

245

00:17:33,000 --> 00:17:34,000

Really?

246

00:17:37,000 --> 00:17:45,000

As Jerry's husband struggles to get the truck started, the couple suddenly notices figures approaching.

247

00:17:45,000 --> 00:17:49,000

Two small people started climbing down.

248

00:17:50,000 --> 00:17:51,000

Finally.

249

00:17:58,000 --> 00:18:02,000

That's one wish of us.

250

00:18:02,000 --> 00:18:06,000

That's one wish of us.

251

00:18:06,000 --> 00:18:11,000

The couple suddenly notices figures approaching.

252

00:18:11,000 --> 00:18:14,000

Two small people started climbing down.

253

00:18:14,000 --> 00:18:15,400

That's one way to go.

254

00:18:24,500 --> 00:18:26,600

Although Jerry didn't get a close look,

255

00:18:26,700 --> 00:18:30,140

she saw the figures go back to their egg-shaped UFO

256

00:18:30,240 --> 00:18:32,180

and fly back towards the mountain.

257

00:18:32,280 --> 00:18:33,080

Wow.

258

00:18:33,180 --> 00:18:34,180

Wow.

259

00:18:34,280 --> 00:18:36,920

And it went back on top of Arch Lettemountain

260

00:18:37,020 --> 00:18:39,320

to where the hole is.

261

00:18:39,420 --> 00:18:40,120

That way.

262

00:18:40,220 --> 00:18:40,620

The hole?

263

00:18:40,720 --> 00:18:41,760

What's the hole?

264

00:18:41,820 --> 00:18:46,820

There's a hole on the other side of the Arch Lettemountain.

265

00:18:46,920 --> 00:18:48,720

Is that a hole in it, or do you mean that it's actually

266

00:18:48,820 --> 00:18:49,320

hole in it?

267

00:18:49,420 --> 00:18:50,760

They made it.

268

00:18:50,860 --> 00:18:53,100

Whoever it is, they made it.

269

00:18:56,000 --> 00:18:56,900

Wow.

270

00:18:57,000 --> 00:18:59,300

But this is not the end of Jerry's story.

271

00:18:59,400 --> 00:19:01,700

That night, the beings came back.

272

00:19:01,800 --> 00:19:04,840

And this time, she saw them up close.

273

00:19:04,940 --> 00:19:11,420

At my house, at night, I woke up while it was dark in my room.

274

00:19:12,180 --> 00:19:13,520

There were two small people.

275

00:19:13,620 --> 00:19:17,120

They were trying to pull me out of bed, and I couldn't scream.

276

00:19:17,220 --> 00:19:20,760

And she has a specific name for her would-be abductors.

277

00:19:20,860 --> 00:19:22,660

The star people.

278

00:19:22,760 --> 00:19:26,540

I was holding onto the mattress down here,

279

00:19:26,640 --> 00:19:30,540

and they were trying to pull me off.

280

00:19:30,640 --> 00:19:37,540

And then my husband moved, and then they let me go.

281

00:19:37,640 --> 00:19:38,440

Wow.

282

00:19:38,440 --> 00:19:41,900

And all day the next day, I couldn't get it out of my mind.

283

00:19:42,000 --> 00:19:44,300

What if they come again tonight?

284

00:19:44,400 --> 00:19:45,940

What if they really take me?

285

00:19:49,340 --> 00:19:52,480

They're the star people.

286

00:19:52,580 --> 00:19:54,420

So is that what you believe, is that they're

287

00:19:54,520 --> 00:19:55,420

extra-trust drill?

288

00:19:55,520 --> 00:19:56,280

Mm-hmm.

289

00:19:58,860 --> 00:20:01,520

Well, Jerry, thank you so much for your time

290

00:20:01,620 --> 00:20:03,220

and agreeing to meet with us.

291

00:20:03,320 --> 00:20:05,500

And some of your experiences sound quite frightening,

292

00:20:05,600 --> 00:20:08,160

but it matches up with a lot of what other people are doing.

293

00:20:08,220 --> 00:20:10,820

So I wanted to thank you for your time.

294

00:20:13,420 --> 00:20:16,660

You know, talking to Jerry, it was really interesting

295

00:20:16,760 --> 00:20:18,960

about how she described seeing the craft

296

00:20:19,060 --> 00:20:22,800

and that there were small people that came down.

297

00:20:22,900 --> 00:20:26,000

I think she said a ladder off the craft.

298

00:20:26,100 --> 00:20:30,140

And Dory's got the picture of a oval-shaped craft.

299

00:20:30,240 --> 00:20:31,180

Yes.

300

00:20:31,280 --> 00:20:32,440

It really makes you wonder, does it

301

00:20:32,540 --> 00:20:37,480

have something to do with craft that are more or less

302

00:20:37,540 --> 00:20:39,500

housed here, you know?

303

00:20:39,600 --> 00:20:41,200

Yeah, that's true.

304

00:20:41,300 --> 00:20:43,540

So where are you taking me next?

305

00:20:43,640 --> 00:20:46,540

We're going to be heading out to a cattle ranch down here

306

00:20:46,640 --> 00:20:47,680

by the river.

307

00:20:47,780 --> 00:20:48,880

OK.

308

00:20:48,980 --> 00:20:52,320

And I'm assuming some strange things have been happening

309

00:20:52,420 --> 00:20:53,920

with the cattle, perhaps.

310

00:20:54,020 --> 00:20:57,360

There was a lot of cow mutilations up here.

311

00:20:57,460 --> 00:21:01,860

Actually, at our ranch, we had four that were mutilated.

312

00:21:01,960 --> 00:21:02,760

Really?

313

00:21:08,240 --> 00:21:10,640

So your family had their own experiences.

314

00:21:10,740 --> 00:21:13,740

You had mutilated animals on your ranch.

315

00:21:13,840 --> 00:21:14,640

Yes.

316

00:21:14,740 --> 00:21:15,640

What was that like?

317

00:21:15,740 --> 00:21:18,980

I mean, what did the animals look like?

318

00:21:19,080 --> 00:21:23,720

You know, a lot of them were cut like their jaw line,

319

00:21:23,820 --> 00:21:27,260

and the tongues were taken, ears were cut off.

320

00:21:27,360 --> 00:21:32,460

But the thing about it is it looked more like laser cut

321

00:21:32,560 --> 00:21:35,700

than what it would look like if you were to cut it with a knife.

322

00:21:35,820 --> 00:21:37,420

It was very precise.

323

00:21:37,520 --> 00:21:41,700

Precise and very little blood around the carcass.

324

00:21:41,800 --> 00:21:44,060

How was that for your family to come across that?

325

00:21:44,160 --> 00:21:45,600

I mean, was it really shocking?

326

00:21:45,700 --> 00:21:47,400

And what were they thinking?

327

00:21:47,500 --> 00:21:48,400

Shocking.

328

00:21:48,500 --> 00:21:52,100

And at first, they didn't actually know what was going on,

329

00:21:52,200 --> 00:21:54,300

you know, because there was no evidence.

330

00:21:54,400 --> 00:21:56,780

There was no footprints.

331

00:21:56,880 --> 00:22:00,680

And of course, the ranchers were getting upset because they

332

00:22:00,780 --> 00:22:03,220

were losing the cattle, losing income.

333

00:22:03,280 --> 00:22:06,280

But eventually, as they started investigating,

334

00:22:06,380 --> 00:22:09,280

they found out that some of the cows actually

335

00:22:09,380 --> 00:22:13,420

had harness marks on them, like they were airlifted.

336

00:22:13,520 --> 00:22:14,320

Harness marks?

337

00:22:14,420 --> 00:22:15,120

Yes.

338

00:22:15,220 --> 00:22:16,220

You mean like indented?

339

00:22:16,320 --> 00:22:18,320

Yeah, like bruised.

340

00:22:18,420 --> 00:22:19,320

Really?

341

00:22:19,420 --> 00:22:23,460

And they would also find broken ribs, shoulders

342

00:22:23,560 --> 00:22:25,860

from apparently being dropped.

343

00:22:25,960 --> 00:22:27,700

The strange thing is the predators

344

00:22:27,800 --> 00:22:29,000

wouldn't bother them.

345

00:22:29,100 --> 00:22:31,000

The coyotes wouldn't go and eat them.

346

00:22:31,100 --> 00:22:31,900

Really?

347

00:22:32,000 --> 00:22:32,800

Yes.

348

00:22:32,860 --> 00:22:37,360

So that was totally strange altogether.

349

00:22:37,460 --> 00:22:40,100

Everybody in town has some sort of story

350

00:22:40,200 --> 00:22:43,940

that they've seen something here or they know somebody.

351

00:22:44,040 --> 00:22:47,300

UFO craft coming and going in the mountain.

352

00:22:47,400 --> 00:22:48,440

I believe Dory.

353

00:22:48,540 --> 00:22:50,400

I believe that he didn't hoax this photo.

354

00:22:50,500 --> 00:22:52,940

What it is is still unidentified.

355

00:22:53,040 --> 00:22:54,680

It's a true UFO.

356

00:22:54,780 --> 00:22:57,920

And does it support some of the other stories of people in town?

357

00:22:58,020 --> 00:22:58,980

Yeah.

358

00:22:59,080 --> 00:23:01,820

They've been witnessing strange objects like this

359

00:23:01,880 --> 00:23:03,240

for many, many years.

360

00:23:03,340 --> 00:23:06,020

I really had no idea there was so much activity

361

00:23:06,120 --> 00:23:07,680

reported in this part of New Mexico.

362

00:23:12,780 --> 00:23:15,720

To find out what's really hiding in New Mexico,

363

00:23:15,820 --> 00:23:18,720

Ben will need to dig further into the past.

364

00:23:18,820 --> 00:23:22,260

He's been granted special access to the top secret archives

365

00:23:22,360 --> 00:23:26,220

of Dr. J. Allen Heineck, lead investigator for the Air Force's

366

00:23:26,320 --> 00:23:28,300

Project Blue Book program.

367

00:23:28,380 --> 00:23:31,880

It was Blue Book's mission to explain away strange UFO

368

00:23:31,980 --> 00:23:34,780

phenomenon, but Dr. Heineck soon realized

369

00:23:34,880 --> 00:23:38,080

some of these strange sightings could not be debunked.

370

00:23:38,180 --> 00:23:41,980

I'm in Kalamazoo, Michigan, going to the Kufos Library.

371

00:23:42,080 --> 00:23:44,880

I want to get to the bottom of whether the Archuleta Mesa

372

00:23:44,980 --> 00:23:46,820

is housing an underground base.

373

00:23:46,920 --> 00:23:47,720

Hey, Ben.

374

00:23:47,820 --> 00:23:48,820

Hey, Mark.

375

00:23:48,920 --> 00:23:52,820

And UFO historian Marco Connell has agreed to help.

376

00:23:52,920 --> 00:23:56,960

So everyone knows that New Mexico is a hotspot for UFO

377

00:23:57,060 --> 00:23:57,960

activity, right?

378

00:23:58,720 --> 00:24:01,620

I've been researching rumors of a jointly operated human and alien

379

00:24:01,720 --> 00:24:03,860

underground base in Dulce, New Mexico.

380

00:24:03,960 --> 00:24:06,660

It's a facility where allegedly our government allows

381

00:24:06,760 --> 00:24:09,400

aliens to experiment on humans in return

382

00:24:09,500 --> 00:24:11,300

for their advanced technology.

383

00:24:11,400 --> 00:24:14,900

There have been reports of egg-shaped UFOs flying in and out

384

00:24:15,000 --> 00:24:16,000

of the mountain.

385

00:24:16,100 --> 00:24:17,580

And I've spoken to one witness who

386

00:24:17,680 --> 00:24:19,880

says she was nearly abducted.

387

00:24:19,980 --> 00:24:24,220

Historically, have there been any other sightings in that area?

388

00:24:24,320 --> 00:24:26,960

The big one would be the Sikaro case.

389

00:24:27,020 --> 00:24:30,460

I did involve the traffic cop who saw a strange object

390

00:24:30,560 --> 00:24:33,420

and watched it blast off into the sky.

391

00:24:33,520 --> 00:24:34,900

So we have a couple of tapes here.

392

00:24:35,000 --> 00:24:38,160

The first one is an interview with the traffic cop,

393

00:24:38,260 --> 00:24:41,140

Lonnie Zamora, the man who saw the UFO.

394

00:24:41,240 --> 00:24:42,340

What's that supposed to do?

395

00:24:42,440 --> 00:24:43,340

I don't know.

396

00:24:43,440 --> 00:24:44,240

I don't know.

397

00:24:44,340 --> 00:24:45,240

I don't know.

398

00:24:45,340 --> 00:24:46,240

I don't know.

399

00:24:46,340 --> 00:24:47,240

I don't know.

400

00:24:47,340 --> 00:24:48,340

I don't know.

401

00:24:48,440 --> 00:24:49,340

I don't know.

402

00:24:49,440 --> 00:24:50,340

I don't know.

403

00:24:50,440 --> 00:24:51,340

I don't know.

404

00:24:51,440 --> 00:24:52,340

I don't know.

405

00:24:52,440 --> 00:24:53,340

I don't know.

406

00:24:53,440 --> 00:24:54,340

I don't know.

407

00:24:54,440 --> 00:24:55,340

I don't know.

408

00:24:55,840 --> 00:24:57,340

I came to this little road.

409

00:24:57,440 --> 00:25:00,740

I heard this big roar blast.

410

00:25:00,840 --> 00:25:03,640

We got a dynamite check to the west there,

411

00:25:03,740 --> 00:25:06,040

but maybe it blowed up.

412

00:25:06,140 --> 00:25:08,540

So I started up that real fast.

413

00:25:08,640 --> 00:25:10,720

But when Zamora arrived on the scene,

414

00:25:10,820 --> 00:25:12,780

he didn't find an exploded shot.

415

00:25:12,880 --> 00:25:16,760

Instead, he saw something he couldn't fathom.

416

00:25:16,860 --> 00:25:18,660

I stuck my head out the window.

417

00:25:18,760 --> 00:25:20,560

And I think this flight ate it.

418

00:25:20,660 --> 00:25:23,560

I didn't know what it was at that time.

419

00:25:24,020 --> 00:25:27,460

I thought it was a vehicle that turned over.

420

00:25:27,560 --> 00:25:30,960

I thought it was a white collar on the front.

421

00:25:31,060 --> 00:25:34,500

I was able to just one with the trunks together

422

00:25:34,600 --> 00:25:36,660

and start looking back.

423

00:25:36,760 --> 00:25:41,040

Zamora's first instinct was to go to their aid.

424

00:25:41,140 --> 00:25:42,280

I started up the real fast.

425

00:25:42,380 --> 00:25:46,580

I could just maybe help the people in the car.

426

00:25:46,680 --> 00:25:48,180

And out the car started to roar.

427

00:25:48,280 --> 00:25:52,180

It's when the heart just sticks, flies again, same noise.

428

00:25:52,200 --> 00:25:54,580

And the plane comes under it.

429

00:25:54,680 --> 00:25:56,340

I got scared to start running back.

430

00:25:56,440 --> 00:25:58,540

I ran about 50 feet from it.

431

00:25:58,640 --> 00:26:00,820

I told myself to the ground.

432

00:26:00,920 --> 00:26:03,280

And I had to wear a sound.

433

00:26:03,380 --> 00:26:05,280

I had to hear the noise no more.

434

00:26:05,380 --> 00:26:10,020

I just stepped it on my head to see what was happening.

435

00:26:10,120 --> 00:26:11,260

And it was real fast then.

436

00:26:11,360 --> 00:26:14,960

And I thought, if my optic just did take out.

437

00:26:19,100 --> 00:26:21,400

You know what I love about this story?

438

00:26:21,860 --> 00:26:25,120

He's giving details that are very pertinent,

439

00:26:25,220 --> 00:26:29,560

that don't fit that typical UFO sighting.

440

00:26:29,660 --> 00:26:30,560

It's egg-shaped.

441

00:26:30,660 --> 00:26:35,300

And these men are creatures in white coveralls.

442

00:26:35,400 --> 00:26:36,300

Right?

443

00:26:36,400 --> 00:26:38,100

It's unlike any other case that I've really heard.

444

00:26:38,200 --> 00:26:39,000

And then the flames.

445

00:26:39,100 --> 00:26:42,540

So it's like, if you were to make up a story to get people

446

00:26:42,640 --> 00:26:45,680

to believe you, why wouldn't you just make up your typical,

447

00:26:45,780 --> 00:26:48,020

OK, here's my UFO encounter.

448

00:26:48,120 --> 00:26:49,720

And leave it at that.

449

00:26:49,740 --> 00:26:51,680

Especially when you consider that he immediately

450

00:26:51,780 --> 00:26:52,820

called in for backup.

451

00:26:56,780 --> 00:26:58,480

If he was making this up, there's no way

452

00:26:58,580 --> 00:26:59,780

he's calling for backup.

453

00:26:59,880 --> 00:27:03,660

No, he wanted to let people know I'm not crazy.

454

00:27:03,760 --> 00:27:04,560

Right?

455

00:27:04,660 --> 00:27:07,420

Someone else has got to see this.

456

00:27:07,520 --> 00:27:11,300

You should listen to this tape as well.

457

00:27:11,400 --> 00:27:15,700

This is Dr. Heineck talking about the Sikoro case.

458

00:27:15,800 --> 00:27:18,600

I certainly believe that.

459

00:27:18,660 --> 00:27:23,420

I mean, Zemar had a most interesting, significant

460

00:27:23,520 --> 00:27:25,020

experience.

461

00:27:25,120 --> 00:27:28,460

And I'm particularly interested in the tracks that were left.

462

00:27:28,560 --> 00:27:33,500

And the analysis of the samples of material from those tracks.

463

00:27:33,600 --> 00:27:36,600

And until you know more about it, all I can take about it

464

00:27:36,700 --> 00:27:41,760

is, since you did it, I must follow the viewer.

465

00:27:41,860 --> 00:27:45,060

So it has the Dr. Heineck stamp of approval.

466

00:27:45,160 --> 00:27:45,960

Right?

467

00:27:46,060 --> 00:27:46,960

Very much so.

468

00:27:47,020 --> 00:27:50,660

He doesn't come out very often and say, I'm puzzled.

469

00:27:50,760 --> 00:27:53,320

I can't figure this one out.

470

00:27:53,420 --> 00:27:55,060

This was one of Heineck's favorite cases,

471

00:27:55,160 --> 00:27:57,200

if not his absolute favorite.

472

00:27:57,300 --> 00:27:59,440

And he really got into conflict with the Air Force

473

00:27:59,540 --> 00:28:00,740

in this one.

474

00:28:00,840 --> 00:28:03,740

The government's explanation not only upset Heineck,

475

00:28:03,840 --> 00:28:05,880

but it defied common sense.

476

00:28:05,980 --> 00:28:08,080

Here's the official project blue book

477

00:28:08,180 --> 00:28:10,140

conclusion of the case.

478

00:28:10,240 --> 00:28:13,120

They say it was unexplained, but most likely,

479

00:28:13,220 --> 00:28:15,320

a prototype Nessa Lunar Lander.

480

00:28:17,960 --> 00:28:19,620

I don't know that I buy that.

481

00:28:19,720 --> 00:28:21,860

It doesn't make a whole lot of sense.

482

00:28:21,960 --> 00:28:23,820

So this was 1964, right?

483

00:28:23,920 --> 00:28:24,720

Yeah.

484

00:28:24,820 --> 00:28:27,860

I mean, I can't be certain, but I'm

485

00:28:27,960 --> 00:28:31,360

going to guess there's no confirmed documentation

486

00:28:31,460 --> 00:28:35,300

that we were testing the lunar module in Socorro, which

487

00:28:35,400 --> 00:28:37,500

is a small town in New Mexico.

488

00:28:37,600 --> 00:28:40,680

They would have no business doing it out there in the desert.

489

00:28:40,780 --> 00:28:43,440

I've never bought that story for a couple of reasons.

490

00:28:43,500 --> 00:28:47,340

First of all, we all remember from the moon landings

491

00:28:47,440 --> 00:28:49,940

that when the lunar lander blasted off,

492

00:28:50,040 --> 00:28:52,440

it left its landing gears behind.

493

00:28:52,540 --> 00:28:54,540

This craft that officers of Mora saw

494

00:28:54,640 --> 00:28:56,280

didn't leave anything behind.

495

00:28:56,380 --> 00:28:58,780

The second thing is, when the lunar lander took off,

496

00:28:58,880 --> 00:29:01,820

it could only travel in one direction, straight up.

497

00:29:01,920 --> 00:29:05,760

The object that officers of Mora saw blasted straight up

498

00:29:05,860 --> 00:29:09,300

and then went horizontally across the landscape

499

00:29:09,400 --> 00:29:11,360

until it disappeared behind the mountains.

500

00:29:11,380 --> 00:29:14,460

So if it was ours, it had capabilities

501

00:29:14,560 --> 00:29:18,760

beyond what our lunar module had three years later,

502

00:29:18,860 --> 00:29:20,720

which doesn't make sense.

503

00:29:20,820 --> 00:29:24,160

Well, there's a reason why this case was Dr. Heineck's favorite.

504

00:29:24,260 --> 00:29:26,760

There was evidence here that something really significant

505

00:29:26,860 --> 00:29:27,860

had happened.

506

00:29:27,960 --> 00:29:29,700

Heineck didn't get to the bottom of it,

507

00:29:29,800 --> 00:29:31,640

but it's worth exploring.

508

00:29:31,740 --> 00:29:34,240

Well, if Heineck thought it was intriguing and something

509

00:29:34,340 --> 00:29:36,880

didn't smell right, that's enough for me.

510

00:29:36,980 --> 00:29:38,840

I want to go check it out for myself.

511

00:29:38,900 --> 00:29:41,560

Not only was Lonnie Zamora deemed by Heineck

512

00:29:41,660 --> 00:29:44,340

to be a highly credible witness, his encounter

513

00:29:44,440 --> 00:29:47,640

happened just south of the region where Dory Vigil snapped

514

00:29:47,740 --> 00:29:51,440

his photo of an egg-shaped object streaking across the sky.

515

00:29:51,540 --> 00:29:54,280

Is it possible that spacecraft based inside the arch

516

00:29:54,380 --> 00:29:57,480

of La Demesa have been flying through New Mexico's skies

517

00:29:57,580 --> 00:30:00,580

for decades?

518

00:30:00,680 --> 00:30:04,320

Ben is heading back to New Mexico to find out.

519

00:30:04,420 --> 00:30:06,620

I'm in Secura, New Mexico.

520

00:30:06,680 --> 00:30:11,580

I'm checking out this 1960 floor case that was very unique.

521

00:30:11,680 --> 00:30:15,480

Secura was a small, remote town in central New Mexico.

522

00:30:15,580 --> 00:30:18,720

It has a population of just over 8,000 people,

523

00:30:18,820 --> 00:30:22,920

and it's surrounded by desert in every direction for miles.

524

00:30:23,020 --> 00:30:24,760

So I'm going to talk with Ben Moss.

525

00:30:24,860 --> 00:30:26,600

He's a UFO researcher.

526

00:30:26,700 --> 00:30:30,700

He's been kind of past the torch from the original investigator,

527

00:30:30,800 --> 00:30:32,300

so he knows all about it.

528

00:30:32,400 --> 00:30:33,900

He's going to tell me how this case fits

529

00:30:34,000 --> 00:30:36,000

into the big mystery, which is what

530

00:30:36,000 --> 00:30:41,160

exactly did Zamora see, and has it returned to this region?

531

00:30:41,260 --> 00:30:42,440

Ben.

532

00:30:42,540 --> 00:30:44,060

Ben Hanson, I presume.

533

00:30:44,160 --> 00:30:45,760

Yes, thank you for meeting me out here.

534

00:30:45,860 --> 00:30:46,560

Sure.

535

00:30:46,660 --> 00:30:47,640

It's good to finally meet you.

536

00:30:47,740 --> 00:30:49,500

Wonderful day for an investigation.

537

00:30:49,600 --> 00:30:53,600

I'm excited because I've heard so much about this case

538

00:30:53,700 --> 00:30:54,840

location.

539

00:30:54,940 --> 00:30:56,080

Is it close to here?

540

00:30:56,180 --> 00:30:57,680

It's right over this burn behind us.

541

00:30:57,780 --> 00:30:58,580

You want to jump in?

542

00:30:58,680 --> 00:30:59,480

Sounds good.

543

00:30:59,580 --> 00:31:00,280

Go check it out.

544

00:31:00,380 --> 00:31:01,480

All righty.

545

00:31:01,580 --> 00:31:03,620

The bands are headed to the exact site

546

00:31:03,680 --> 00:31:07,740

where Zamora said the egg-shaped craft had landed.

547

00:31:07,840 --> 00:31:09,480

So on the right here is the memorial

548

00:31:09,580 --> 00:31:12,080

that the city built to Lonnie, Zamora.

549

00:31:12,180 --> 00:31:14,520

Look at that.

550

00:31:14,620 --> 00:31:16,460

When did they put that up?

551

00:31:16,560 --> 00:31:21,860

After he died in 2009, which is really kind of unusual

552

00:31:21,960 --> 00:31:26,400

that any government agency recognizes a UFO sighting.

553

00:31:26,500 --> 00:31:27,500

Definitely, definitely.

554

00:31:27,600 --> 00:31:30,840

And Lonnie was a very respectful citizen.

555

00:31:30,900 --> 00:31:34,300

Surprisingly, this hasn't changed since 1964.

556

00:31:34,400 --> 00:31:35,040

Right here?

557

00:31:35,140 --> 00:31:35,940

Yeah.

558

00:31:36,040 --> 00:31:36,900

Let's do it.

559

00:31:37,000 --> 00:31:40,400

When Blue Book investigators arrived on scene 56 years ago,

560

00:31:40,500 --> 00:31:42,880

they placed stones around the impressions left

561

00:31:42,980 --> 00:31:45,840

by the spacecraft's four landing pads.

562

00:31:45,940 --> 00:31:48,680

Decades later, those hollows have filled in.

563

00:31:48,780 --> 00:31:51,580

But the rocks remain, marking the exact position

564

00:31:51,680 --> 00:31:53,420

of the UFO's landing.

565

00:31:53,520 --> 00:31:54,120

Here we are.

566

00:31:57,420 --> 00:31:59,520

I've got a measuring tape here.

567

00:31:59,580 --> 00:32:02,480

I'm curious how far apart these would be.

568

00:32:02,580 --> 00:32:09,280

So between here and there, in center here, we have 13 feet.

569

00:32:09,380 --> 00:32:11,220

And then would this be another one?

570

00:32:11,320 --> 00:32:13,020

That would be another one.

571

00:32:13,120 --> 00:32:14,720

OK, I got 20 feet here.

572

00:32:14,820 --> 00:32:15,620

OK.

573

00:32:15,720 --> 00:32:18,460

So this is a substantial craft.

574

00:32:18,560 --> 00:32:19,460

Yes.

575

00:32:19,560 --> 00:32:20,660

Dr. Heineck took some measurements

576

00:32:20,760 --> 00:32:23,100

and estimated that the craft had a way about nine tons

577

00:32:23,200 --> 00:32:24,300

to make those depressions.

578

00:32:24,400 --> 00:32:25,240

Nine tons.

579

00:32:25,340 --> 00:32:26,200

Nine tons.

580

00:32:26,300 --> 00:32:28,500

That's a nuts and bolts.

581

00:32:28,560 --> 00:32:30,120

Like physical heavy objects.

582

00:32:30,220 --> 00:32:32,620

That's a big, heavy craft to have sitting down here.

583

00:32:32,720 --> 00:32:34,560

And I would imagine the only way you

584

00:32:34,660 --> 00:32:36,060

would get something down here like that

585

00:32:36,160 --> 00:32:38,560

would be to fly it and drop it in.

586

00:32:38,660 --> 00:32:39,400

Wow.

587

00:32:39,500 --> 00:32:40,800

Wow.

588

00:32:40,900 --> 00:32:44,000

When you cross section this, the plane came out directly

589

00:32:44,100 --> 00:32:45,800

in the center of the four landing pads.

590

00:32:45,900 --> 00:32:47,800

It looked like it surgically, almost like you

591

00:32:47,900 --> 00:32:51,640

had taken a blowtorch and cut this creosote bush in half,

592

00:32:51,740 --> 00:32:53,580

which is really hard to do for these resonance plants.

593

00:32:53,680 --> 00:32:56,480

It requires a lot of heat.

594

00:32:56,540 --> 00:32:59,700

I have this original photograph taken by Blue Book

595

00:32:59,800 --> 00:33:00,840

at the scene.

596

00:33:00,940 --> 00:33:03,040

And this is a creosote bush that was burned in half.

597

00:33:03,140 --> 00:33:07,080

You can see quite clearly it's almost sliced precision.

598

00:33:07,180 --> 00:33:07,880

Oh, wow.

599

00:33:07,980 --> 00:33:08,480

Yeah.

600

00:33:08,580 --> 00:33:09,580

Yeah.

601

00:33:09,680 --> 00:33:11,680

And they even said if you took a blowtorch,

602

00:33:11,780 --> 00:33:13,580

you couldn't recreate this.

603

00:33:13,680 --> 00:33:14,980

No, it just set the thing on fire.

604

00:33:15,080 --> 00:33:15,580

Exactly.

605

00:33:19,280 --> 00:33:21,280

And did anyone else witness this?

606

00:33:21,380 --> 00:33:24,320

Well, the case gets more interesting.

607

00:33:24,360 --> 00:33:26,720

In the north direction from here,

608

00:33:26,820 --> 00:33:30,220

there are initially three witnesses independently called

609

00:33:30,320 --> 00:33:33,620

into the dispatch saying, I see an object with a blue flame

610

00:33:33,720 --> 00:33:35,460

heading towards Secor.

611

00:33:35,560 --> 00:33:38,960

This testimony doesn't just corroborate Zamora's account.

612

00:33:39,060 --> 00:33:41,000

It suggests that the spacecraft came

613

00:33:41,100 --> 00:33:43,600

from the exact direction of the Archuleta Mesa.

614

00:33:46,900 --> 00:33:49,300

And then other people arrived.

615

00:33:49,400 --> 00:33:50,600

Did they take photos?

616

00:33:50,700 --> 00:33:53,440

Another officer who always carried a camera,

617

00:33:53,500 --> 00:33:57,160

he came and took, I believe, about nine shots.

618

00:33:57,260 --> 00:33:59,740

Dr. Heineck later confirmed that the film was

619

00:33:59,840 --> 00:34:02,440

fogged by radiation.

620

00:34:02,540 --> 00:34:05,640

Yeah, a lunar lander wouldn't cause radiation.

621

00:34:05,740 --> 00:34:07,540

That is really odd.

622

00:34:07,640 --> 00:34:10,540

You know, I do have a Geiger counter.

623

00:34:10,640 --> 00:34:11,580

Why don't we go grab that?

624

00:34:11,680 --> 00:34:12,680

Let's do that.

625

00:34:12,780 --> 00:34:15,020

Radiation is said to be a telltale sign

626

00:34:15,120 --> 00:34:17,620

of an extraterrestrial craft.

627

00:34:17,720 --> 00:34:21,520

While most aircraft are powered by conventional fuels,

628

00:34:21,580 --> 00:34:24,340

it's believed that alien ships run on some sort

629

00:34:24,440 --> 00:34:27,180

of nuclear technology.

630

00:34:27,280 --> 00:34:30,620

OK, so let's see if there's still any radiation here.

631

00:34:30,720 --> 00:34:32,920

I always do like to kind of scan the area.

632

00:34:39,020 --> 00:34:40,160

Oh, wait.

633

00:34:40,260 --> 00:34:41,100

Wait a minute.

634

00:34:41,200 --> 00:34:42,360

Here we go.

635

00:34:42,460 --> 00:34:45,960

We're definitely getting something here.

636

00:34:46,060 --> 00:34:46,700

Wow.

637

00:34:46,800 --> 00:34:50,040

OK, so I can tell you that radiation is quite a bit

638

00:34:50,100 --> 00:34:53,260

by far more than what I normally find.

639

00:34:53,360 --> 00:34:55,540

You know, with topsoil like this, though,

640

00:34:55,640 --> 00:34:59,400

I wouldn't expect there to be any trace after this many years.

641

00:34:59,500 --> 00:35:01,140

But I'm definitely getting a hit.

642

00:35:01,240 --> 00:35:03,840

And an experimental lunar lander would not

643

00:35:03,940 --> 00:35:05,640

have left any radiation here.

644

00:35:05,740 --> 00:35:08,980

The levels are higher than normal background.

645

00:35:09,080 --> 00:35:13,980

We probably could have in 1964 created a craft that weighed

646

00:35:14,080 --> 00:35:17,820

nine tons, looked like an egg, sits on landing gear.

647

00:35:17,900 --> 00:35:21,320

But we couldn't have replicated how this thing moved.

648

00:35:21,420 --> 00:35:23,220

Nor is there a logical explanation

649

00:35:23,320 --> 00:35:25,220

for the radiation left behind.

650

00:35:25,320 --> 00:35:27,560

Lonnie Zamora claimed after the object

651

00:35:27,660 --> 00:35:31,020

rose off the ground, it immediately sped into the distance

652

00:35:31,120 --> 00:35:32,860

and disappeared over the mountains,

653

00:35:32,960 --> 00:35:35,400

reaching unheard of speeds.

654

00:35:35,500 --> 00:35:39,500

It came up using jet propulsion system, lots of noise,

655

00:35:39,600 --> 00:35:41,940

roaring, blue flame coming out.

656

00:35:42,040 --> 00:35:44,040

And then it goes silent.

657

00:35:44,140 --> 00:35:46,740

And it sails off.

658

00:35:46,800 --> 00:35:51,440

We do not, still to this day, have such conventional aircraft.

659

00:35:54,540 --> 00:35:57,540

Ben Hansen is visiting the local Sucuro newspaper

660

00:35:57,640 --> 00:35:59,640

archives to see if there are any more

661

00:35:59,740 --> 00:36:02,680

clues about Zamora's strange encounter.

662

00:36:02,780 --> 00:36:05,620

We're here to look at the archives we called earlier.

663

00:36:05,720 --> 00:36:07,020

You can go right ahead.

664

00:36:07,120 --> 00:36:07,820

I appreciate it.

665

00:36:07,920 --> 00:36:08,320

OK.

666

00:36:08,420 --> 00:36:09,320

Thanks a lot.

667

00:36:09,420 --> 00:36:12,220

While Ben Moss reviews copies of the local paper,

668

00:36:12,320 --> 00:36:15,520

Ben Hansen searches for articles from other New Mexico

669

00:36:15,580 --> 00:36:17,680

towns.

670

00:36:17,780 --> 00:36:18,880

Find some goodies?

671

00:36:18,980 --> 00:36:19,580

Yeah.

672

00:36:19,680 --> 00:36:20,580

Yeah, looks like it.

673

00:36:20,680 --> 00:36:22,720

Let's check this out.

674

00:36:22,820 --> 00:36:23,880

So what do you got there?

675

00:36:23,980 --> 00:36:27,920

I've got 1964, old defense for news articles.

676

00:36:28,020 --> 00:36:30,420

So it came out, what, a couple days after.

677

00:36:30,520 --> 00:36:34,460

So we're looking for April 28th.

678

00:36:34,560 --> 00:36:35,160

Bingo.

679

00:36:35,260 --> 00:36:35,960

Oh, yeah.

680

00:36:36,060 --> 00:36:37,000

A young Dr. Heineck.

681

00:36:37,100 --> 00:36:39,700

He's wearing a Bolo tie to kind of fit in

682

00:36:39,800 --> 00:36:41,500

with the locals here.

683

00:36:41,600 --> 00:36:45,100

Dr. Heineck feels the Morse accounts solid, not a hope.

684

00:36:45,160 --> 00:36:47,260

This article, dated just a few days

685

00:36:47,360 --> 00:36:50,260

after the Zamora incident, proves Heineck didn't buy

686

00:36:50,360 --> 00:36:52,100

the lunar lander cover-up.

687

00:36:52,200 --> 00:36:55,460

He believes Zamora saw something otherworldly.

688

00:36:55,560 --> 00:36:58,600

That's a big recommendation from a Blue Book investigator.

689

00:36:58,700 --> 00:37:01,140

But Lonnie Zamora wasn't the only person who

690

00:37:01,240 --> 00:37:04,680

claims to have seen a UFO back in 1964.

691

00:37:04,780 --> 00:37:09,680

I found some other things in here that wasn't just on this case.

692

00:37:09,780 --> 00:37:13,680

Here's one talking about people reporting seeing something

693

00:37:13,740 --> 00:37:15,700

landing north of Espanola.

694

00:37:15,800 --> 00:37:16,840

Look at this.

695

00:37:16,940 --> 00:37:19,840

A boy set a fire by a blob.

696

00:37:19,940 --> 00:37:21,440

His grandmother was inside, and she

697

00:37:21,540 --> 00:37:24,440

heard a weird sound, like something whizzing by really fast.

698

00:37:24,540 --> 00:37:26,520

She looked around, and he's covered in black,

699

00:37:26,620 --> 00:37:29,080

and his hair is standing on it, and it's burning.

700

00:37:29,180 --> 00:37:33,860

Whatever Zamora saw, it seems he wasn't its only target.

701

00:37:33,960 --> 00:37:34,760

Well.

702

00:37:34,860 --> 00:37:39,500

And he talks about an object that was like a top that came down

703

00:37:39,600 --> 00:37:42,960

and basically hovered over him and shot flames out.

704

00:37:43,020 --> 00:37:43,920

Sound familiar?

705

00:37:44,020 --> 00:37:44,580

Oh.

706

00:37:44,680 --> 00:37:46,180

Flames.

707

00:37:46,280 --> 00:37:46,860

Look at that.

708

00:37:46,960 --> 00:37:48,260

There's another one.

709

00:37:48,360 --> 00:37:50,220

A 10-year-old girl says she was burned

710

00:37:50,320 --> 00:37:52,720

while watching a strange egg-shaped thing in the sky

711

00:37:52,820 --> 00:37:54,060

yesterday afternoon.

712

00:37:54,160 --> 00:38:00,800

This happens in Hawks, which I think is over by Roswell, right?

713

00:38:00,900 --> 00:38:03,840

What we have evidence of is it's not just here in Sakura.

714

00:38:03,940 --> 00:38:07,800

So many towns would be lit up with sightings

715

00:38:07,900 --> 00:38:09,440

that are quite frightening.

716

00:38:09,540 --> 00:38:12,040

This thing was everywhere.

717

00:38:12,100 --> 00:38:14,860

I uncovered something that was not very well known,

718

00:38:14,960 --> 00:38:20,440

and that was two cases where UFOs allegedly came so close

719

00:38:20,540 --> 00:38:23,840

to children that it caused physical harm.

720

00:38:23,940 --> 00:38:25,540

You know, what is going on?

721

00:38:25,640 --> 00:38:28,840

I want to know if there's any truth to the rumors

722

00:38:28,940 --> 00:38:30,040

around Dulce.

723

00:38:30,140 --> 00:38:33,180

Is it possible there's a secret alien base?

724

00:38:33,680 --> 00:38:36,780

Mirna Hansen continues to be the only eyewitness who

725

00:38:36,880 --> 00:38:38,680

has set foot inside the base.

726

00:38:38,780 --> 00:38:43,120

So Ben does a deep dive into the background of her account.

727

00:38:43,220 --> 00:38:47,060

What's interesting is that all of the records from Mirna

728

00:38:47,160 --> 00:38:49,100

were destroyed, ironically.

729

00:38:49,200 --> 00:38:53,000

But I did discover one person who was key to this,

730

00:38:53,100 --> 00:38:56,300

who reviewed the regression hypnosis of Mirna Hansen.

731

00:38:56,400 --> 00:38:57,900

And his name is Paul Benowicz.

732

00:38:58,000 --> 00:39:01,200

Paul is a very, very, very, very, very, very, very, very, very,

733

00:39:01,320 --> 00:39:02,500

and his name is Paul Benowicz.

734

00:39:02,600 --> 00:39:04,400

Paul is a key figure to this.

735

00:39:04,500 --> 00:39:09,660

He was convinced that Mirna did find evidence of an underground

736

00:39:09,760 --> 00:39:11,940

base there at the Mesa.

737

00:39:12,040 --> 00:39:14,880

In his papers, he's quoted as saying,

738

00:39:14,980 --> 00:39:18,840

their base is on the west slope of Mount Archuleta.

739

00:39:18,940 --> 00:39:20,820

The base extends north of this peak

740

00:39:20,920 --> 00:39:22,440

to the edge of the cliff.

741

00:39:22,540 --> 00:39:25,420

I would guess it is an underground launch egress

742

00:39:25,520 --> 00:39:26,880

facility.

743

00:39:26,980 --> 00:39:29,160

They are not to be trusted.

744

00:39:29,160 --> 00:39:32,000

They must be stopped and have to get off

745

00:39:32,100 --> 00:39:34,640

before we find time to run out.

746

00:39:34,740 --> 00:39:38,780

He was absolutely entrenched in the information coming to him.

747

00:39:38,880 --> 00:39:43,180

But the thing was, he was the subject of an Air Force

748

00:39:43,280 --> 00:39:44,680

disinformation campaign.

749

00:39:44,780 --> 00:39:45,980

We know that.

750

00:39:46,080 --> 00:39:48,480

I talked to one of the officers who was involved in it.

751

00:39:48,580 --> 00:39:53,760

We knew it was not from this Earth, the extraterrestrial.

752

00:39:53,860 --> 00:39:58,460

Those particular sightings, we had to disinform the public.

753

00:39:58,520 --> 00:40:03,100

Before he died in 2003, he was convinced there was an underground

754

00:40:03,200 --> 00:40:05,700

base underneath the Archuleta Mesa.

755

00:40:05,800 --> 00:40:10,300

Jerry, Dory, Avery, they're all taking a path walked by Benowitz

756

00:40:10,400 --> 00:40:12,240

and Zemora decades ago.

757

00:40:12,340 --> 00:40:14,780

I'm headed back to Archuleta Mesa to figure out where

758

00:40:14,880 --> 00:40:18,980

that path ends and maybe the entrance to that base.

759

00:40:19,080 --> 00:40:22,080

Ben's investigation has him convinced there's something

760

00:40:22,180 --> 00:40:24,880

very strange happening around the town of Dulce

761

00:40:24,980 --> 00:40:27,320

and the Archuleta Mesa.

762

00:40:27,340 --> 00:40:30,180

But is it really possible that there could be an underground

763

00:40:30,280 --> 00:40:32,080

base within the mountain?

764

00:40:32,180 --> 00:40:35,860

Ben has enlisted the help of Hickorya Apache tribe member,

765

00:40:35,960 --> 00:40:39,020

Avery Tafoya, to see for himself.

766

00:40:39,120 --> 00:40:42,820

This has got to be some of the most difficult terrain

767

00:40:42,920 --> 00:40:45,400

I've ever traveled for a really.

768

00:40:50,200 --> 00:40:56,080

The road is so narrow that I can barely squeeze by

769

00:40:56,100 --> 00:40:59,700

without riding up over the embankment.

770

00:40:59,800 --> 00:41:01,840

It's pretty far away down.

771

00:41:01,940 --> 00:41:04,380

So we've got to go really slow.

772

00:41:08,480 --> 00:41:09,180

Oh, boy.

773

00:41:14,480 --> 00:41:15,380

She's crabbing now.

774

00:41:15,480 --> 00:41:16,320

She's crabbing.

775

00:41:16,420 --> 00:41:17,320

She wants it to go left.

776

00:41:19,960 --> 00:41:20,760

There you go.

777

00:41:26,080 --> 00:41:26,580

Oh, boy.

778

00:41:42,680 --> 00:41:44,360

Notice I'm starting to shed clothes.

779

00:41:44,460 --> 00:41:45,500

This is very stressful.

780

00:41:45,600 --> 00:41:46,900

We've got to be very careful here.

781

00:41:50,000 --> 00:41:51,000

Getting your run on it.

782

00:41:51,100 --> 00:41:52,300

So hold on to your hats.

783

00:41:57,040 --> 00:41:57,580

Ah, shoot.

784

00:42:00,840 --> 00:42:02,480

We have a drone.

785

00:42:02,580 --> 00:42:03,480

We've got thermal.

786

00:42:03,580 --> 00:42:08,980

And I want to start hiking just at least to the base here.

787

00:42:09,080 --> 00:42:10,960

I know a lot of people talked about evidence

788

00:42:11,060 --> 00:42:13,320

that something is built underground.

789

00:42:13,420 --> 00:42:14,460

Why don't we put up the drone?

790

00:42:14,460 --> 00:42:18,260

Well, this is just really cool to be up around here

791

00:42:18,360 --> 00:42:19,760

and looking around.

792

00:42:19,860 --> 00:42:23,100

We should see the radio towers here in just a second.

793

00:42:23,200 --> 00:42:24,400

There we go.

794

00:42:24,500 --> 00:42:26,440

OK, so here's our radio towers.

795

00:42:26,540 --> 00:42:30,100

On top of the mountain is the Hickorya Apache-owned radio

796

00:42:30,200 --> 00:42:31,340

towers.

797

00:42:31,440 --> 00:42:33,880

According to Avery, they're unmanned.

798

00:42:33,980 --> 00:42:35,480

There's no sign of anyone up there.

799

00:42:35,580 --> 00:42:36,840

There's no vehicle up there.

800

00:42:36,940 --> 00:42:37,880

There's no vehicle up there.

801

00:42:37,980 --> 00:42:39,380

There's no vehicle up there.

802

00:42:39,480 --> 00:42:40,580

There's no vehicle up there.

803

00:42:40,680 --> 00:42:41,480

There's no vehicle up there.

804

00:42:41,580 --> 00:42:42,880

There's no vehicle up there.

805

00:42:42,900 --> 00:42:44,100

There's no sign of anyone up there.

806

00:42:44,200 --> 00:42:47,940

There's no vehicles, which is like we said.

807

00:42:48,040 --> 00:42:50,380

Now, what I was hearing from people

808

00:42:50,480 --> 00:42:53,240

is that you pan around the other side.

809

00:42:53,340 --> 00:42:55,280

That's where they're seeing lights.

810

00:42:55,380 --> 00:42:58,260

So a base could be anywhere in there.

811

00:42:58,360 --> 00:43:01,660

It's pretty secluded coming up from that side.

812

00:43:01,760 --> 00:43:04,300

And as we found out, at certain times of the year,

813

00:43:04,400 --> 00:43:06,460

it really kind of treacherous coming up this way.

814

00:43:06,560 --> 00:43:07,460

Yes.

815

00:43:07,560 --> 00:43:09,800

I mean, that's the idea.

816

00:43:09,900 --> 00:43:12,140

I also have a thermal camera.

817

00:43:12,200 --> 00:43:13,560

It's pretty cold out, so anything that

818

00:43:13,660 --> 00:43:15,800

might be giving off heat like a vent

819

00:43:15,900 --> 00:43:17,300

might show up in the thermals.

820

00:43:17,400 --> 00:43:20,000

Despite scanning around the entire mesa,

821

00:43:20,100 --> 00:43:22,440

Ben doesn't see the hole or entrance.

822

00:43:22,540 --> 00:43:25,040

But if the government had a part to play in building

823

00:43:25,140 --> 00:43:27,480

a jointly operated underground base,

824

00:43:27,580 --> 00:43:30,920

Ben suspects the entrance is well hidden.

825

00:43:31,020 --> 00:43:33,180

Are the people actually being harassed by the military

826

00:43:33,280 --> 00:43:34,380

or anyone while they're up here?

827

00:43:34,480 --> 00:43:36,820

I was just being told a story about that.

828

00:43:36,920 --> 00:43:38,760

A couple of fans were up here.

829

00:43:38,860 --> 00:43:40,920

Some military pulled up on them.

830

00:43:40,980 --> 00:43:42,380

They told them to get off the mountain

831

00:43:42,480 --> 00:43:43,620

and they followed them down.

832

00:43:43,720 --> 00:43:44,920

It's almost one of those situations

833

00:43:45,020 --> 00:43:47,180

where you want to demand their credentials.

834

00:43:47,280 --> 00:43:49,820

Under what authority are you kicking me out of here?

835

00:43:49,920 --> 00:43:55,220

Probably the authority of that AR-15 plane at you.

836

00:43:55,320 --> 00:43:58,000

So I'm going to record on thermal.

837

00:43:58,100 --> 00:44:01,200

So you can see right here, the top of the mountain

838

00:44:01,300 --> 00:44:04,040

is actually 20 degrees Fahrenheit.

839

00:44:04,140 --> 00:44:09,640

So I'm imagining anything that's ventilating heat or air

840

00:44:09,700 --> 00:44:12,740

from the facility down below is going to show up.

841

00:44:12,840 --> 00:44:14,140

Look at this.

842

00:44:14,240 --> 00:44:15,300

You've got 21 degrees.

843

00:44:15,400 --> 00:44:18,740

That's the hillside itself, Fahrenheit, OK?

844

00:44:18,840 --> 00:44:21,840

Yellow and the lighter colors here are going to be hot.

845

00:44:21,940 --> 00:44:24,720

So red is going to be the hottest.

846

00:44:24,820 --> 00:44:27,320

Look at that red area coming off the top of the ridge.

847

00:44:27,420 --> 00:44:29,560

Wow.

848

00:44:29,660 --> 00:44:31,220

It's to the left of the towers.

849

00:44:31,320 --> 00:44:32,520

Yes.

850

00:44:32,620 --> 00:44:34,420

It looks like it's coming right up off the ridge.

851

00:44:34,520 --> 00:44:35,520

It's hot.

852

00:44:35,620 --> 00:44:36,600

You see the top of the ridge?

853

00:44:36,700 --> 00:44:38,560

It's spilling out like heat.

854

00:44:38,620 --> 00:44:40,580

Yeah, like hot air blower.

855

00:44:40,680 --> 00:44:42,020

Yeah, exactly.

856

00:44:42,120 --> 00:44:44,860

That red area is growing and growing as if it's

857

00:44:44,960 --> 00:44:46,720

coming off the ridge.

858

00:44:46,820 --> 00:44:47,960

Wow.

859

00:44:48,060 --> 00:44:49,060

What is that?

860

00:44:52,160 --> 00:44:56,400

But why is that bridge so much warmer than surrounding?

861

00:44:56,500 --> 00:44:58,500

Something has to be causing that heat.

862

00:44:58,600 --> 00:45:02,440

Is it possible that the heat is coming from something

863

00:45:02,540 --> 00:45:06,340

that is venting from underground like a facility?

864

00:45:06,400 --> 00:45:07,460

Sorry.

865

00:45:07,560 --> 00:45:09,500

I don't want to break the fourth wall, but look at this.

866

00:45:09,600 --> 00:45:12,140

Ben has discovered some truly compelling evidence

867

00:45:12,240 --> 00:45:13,740

of an underground base.

868

00:45:13,840 --> 00:45:16,140

But as the sun goes down, he and Avery

869

00:45:16,240 --> 00:45:18,140

need to get off the mountain.

870

00:45:18,240 --> 00:45:20,440

People talk about it being remote here,

871

00:45:20,540 --> 00:45:23,440

difficult to get up to, especially this time of year.

872

00:45:23,540 --> 00:45:27,280

But I could see if you were to build a secret base,

873

00:45:27,380 --> 00:45:28,920

this would be the ideal location.

874

00:45:32,820 --> 00:45:36,020

You know, the Dulce papers are quite controversial.

875

00:45:36,920 --> 00:45:40,280

But after talking to a lot of witnesses who claim to have

876

00:45:40,380 --> 00:45:44,380

seen aircraft coming out of the mountain,

877

00:45:44,480 --> 00:45:48,920

there might be some sort of facility here.

878

00:45:49,020 --> 00:45:50,920

Still much of this little corner New Mexico

879

00:45:51,020 --> 00:45:53,020

remains shrouded in mystery.

880

00:45:53,120 --> 00:45:56,620

But it's clearly a UFO hotspot, and its secrets

881

00:45:56,720 --> 00:45:58,860

won't stay buried forever.
