

1

00:00:00,000 --> 00:00:02,000

I knew she wasn't human.

2

00:00:02,000 --> 00:00:05,000

An investigation into a terrifying encounter

3

00:00:05,000 --> 00:00:07,000

with blue-skinned extraterrestrials.

4

00:00:07,000 --> 00:00:09,000

She said...

5

00:00:09,000 --> 00:00:10,000

Shh, don't be afraid.

6

00:00:10,000 --> 00:00:12,000

Revealed their possible connection

7

00:00:12,000 --> 00:00:15,000

to the shape-shifting UFOs in our skies.

8

00:00:15,000 --> 00:00:18,000

No! What the...what?!

9

00:00:18,000 --> 00:00:20,000

Now, we're going to have to find out

10

00:00:20,000 --> 00:00:22,000

who's the real culprit.

11

00:00:22,000 --> 00:00:25,000

We're going to have to find out who's the real culprit.

12

00:00:25,000 --> 00:00:28,000

We're going to have to find out who's the real culprit.

13

00:00:29,000 --> 00:00:32,000

Now, a new alien threat may be emerging

14

00:00:32,000 --> 00:00:34,000

in America's northeast.

15

00:00:34,000 --> 00:00:36,000

Sound like an ant.

16

00:00:36,000 --> 00:00:38,000

Stick like legs, like bamboo.

17

00:00:38,000 --> 00:00:41,000

And sightings of glowing orb-shaped craft

18

00:00:41,000 --> 00:00:43,000

are on the rise.

19

00:00:43,000 --> 00:00:46,000

Can I just see this big blabba-blabba?

20

00:00:46,000 --> 00:00:48,000

I got really scared,

21

00:00:48,000 --> 00:00:50,000

and I had this huge fear of,

22

00:00:50,000 --> 00:00:52,000

do not let this thing see you.

23

00:00:52,000 --> 00:00:54,000

What do these aliens want?

24

00:00:54,000 --> 00:00:57,000

How dark do you want to go with the subject matter?

25

00:00:57,000 --> 00:01:05,000

MUSIC

26

00:01:08,000 --> 00:01:11,000

It's good to be back in America's northeast.

27

00:01:11,000 --> 00:01:14,000

There's a lot of activity happening here.

28

00:01:14,000 --> 00:01:18,000

This area has been steeped in visitations.

29

00:01:18,000 --> 00:01:22,000

It definitely lights orbs in the sky.

30

00:01:22,000 --> 00:01:24,000

Yes, specifically, there have been many sightings

31

00:01:24,000 --> 00:01:27,000

of a UFO that looks like a glowing orb.

32

00:01:27,000 --> 00:01:29,000

For over 300 years,

33

00:01:29,000 --> 00:01:32,000

America's northeast has had more UFO encounters

34

00:01:32,000 --> 00:01:35,000

than any other region in the country.

35

00:01:35,000 --> 00:01:38,000

And a recent spike in activity suggests

36

00:01:38,000 --> 00:01:41,000

one species has a renewed interest in the area.

37

00:01:41,000 --> 00:01:43,000

What?

38

00:01:43,000 --> 00:01:45,000

A specific type of UFO has been sighted

39

00:01:45,000 --> 00:01:47,000

with increasing frequency.

40

00:01:47,000 --> 00:01:49,000

In 2021 alone,

41

00:01:49,000 --> 00:01:52,000

48 glowing orb-shaped UFOs were spotted

42

00:01:52,000 --> 00:01:54,000

from New York to Maine.

43

00:01:54,000 --> 00:01:56,000

Could this uptick in reports

44

00:01:56,000 --> 00:02:00,000

pre-sage a potential alien invasion?

45

00:02:00,000 --> 00:02:03,000

MUSIC

46

00:02:12,000 --> 00:02:14,000

We have a witness who's home alone.

47

00:02:14,000 --> 00:02:16,000

Her husband is out of town,

48

00:02:16,000 --> 00:02:19,000

and she's looking out her window and is freaked out.

49

00:02:19,000 --> 00:02:22,000

She sees what looks like an orb-ish light

50

00:02:22,000 --> 00:02:25,000

that's kind of hanging out in the woods.

51

00:02:25,000 --> 00:02:28,000

I'm hoping that she can, you know, set us up

52

00:02:28,000 --> 00:02:31,000

with a frame, everything where she sought out her window.

53

00:02:31,000 --> 00:02:34,000

And we can kind of figure out if it is

54

00:02:34,000 --> 00:02:36,000

something that kind of fits a pattern

55

00:02:36,000 --> 00:02:38,000

what people are saying now with the sport.

56

00:02:38,000 --> 00:02:41,000

MUSIC

57

00:02:50,000 --> 00:02:52,000

Thank you so much for letting us into your house.

58

00:02:52,000 --> 00:02:54,000

Talk about this stuff. Yeah.

59

00:02:54,000 --> 00:02:57,000

Any paranormal experiences at all?

60

00:02:57,000 --> 00:02:59,000

I've never seen anything.

61

00:02:59,000 --> 00:03:02,000

I've never had any kind of paranormal first-hand experience.

62

00:03:02,000 --> 00:03:04,000

But you were never seeking it out?

63

00:03:04,000 --> 00:03:08,000

No. No, if anything's, um, scared of it.

64

00:03:08,000 --> 00:03:10,000

Scared of it.

65

00:03:10,000 --> 00:03:12,000

So walk us through all the details

66

00:03:12,000 --> 00:03:15,000

of what happened that evening.

67

00:03:15,000 --> 00:03:17,000

Yeah.

68

00:03:17,000 --> 00:03:20,000

MUSIC

69

00:03:28,000 --> 00:03:31,000

It was 3.34 a.m.

70

00:03:31,000 --> 00:03:34,000

My husband was in North Carolina.

71

00:03:36,000 --> 00:03:38,000

And as I'm drifting asleep,

72

00:03:38,000 --> 00:03:41,000

the first thing that caught my attention

73

00:03:41,000 --> 00:03:44,000

was this blow-dull hum.

74

00:03:47,000 --> 00:03:49,000

And then as I'm kind of coming to it,

75

00:03:49,000 --> 00:03:52,000

thinking, oh, it must be the train going by.

76

00:03:52,000 --> 00:03:55,000

A light catches my eye.

77

00:03:55,000 --> 00:03:59,000

A really bright orange light.

MUSIC

79

80

00:04:10,000 --> 00:04:12,000

floating in the sky.

81

00:04:12,000 --> 00:04:15,000

MUSIC

82

00:04:22,000 --> 00:04:24,000

I grabbed my phone, and I'm thinking,

83

00:04:24,000 --> 00:04:26,000

I'm going to take a video.

84

00:04:31,000 --> 00:04:33,000

It changed a more white light,

85

00:04:33,000 --> 00:04:37,000

and then it also went from one solid light color

86

00:04:37,000 --> 00:04:39,000

to multiple different lights.

87

00:04:42,000 --> 00:04:45,000

As the light of the UFO shifts,

88

00:04:45,000 --> 00:04:49,000

Samantha can't shake the feeling that it's on the hunt.

89

00:04:49,000 --> 00:04:51,000

I thought it's looking for something.

90

00:04:51,000 --> 00:04:53,000

It's scanning.

91

00:04:56,000 --> 00:04:59,000

At this point, I'm texting Brian,

92

00:04:59,000 --> 00:05:01,000

saying, holy crap,

93

00:05:01,000 --> 00:05:03,000

there's something outside the window,

94

00:05:03,000 --> 00:05:05,000

and I'm terrified.

95

00:05:07,000 --> 00:05:09,000

And I send him one of the videos.

96

00:05:09,000 --> 00:05:12,000

But her husband never receives the video clip.

97

00:05:12,000 --> 00:05:16,000

Instead, both his and Samantha's phone begin to malfunction,

98

00:05:16,000 --> 00:05:19,000

and he is forced to send an email.

99

I woke up feeling very unnerved.

106

00:05:58,000 --> 00:06:00,000

And I don't remember falling asleep.

107

00:06:02,000 --> 00:06:04,000

No medications. You took an IV before.

108

Nope.

After watching this thing for an hour plus,

119

00:06:39,000 --> 00:06:42,000

and then I don't remember anything.

120

00:06:44,000 --> 00:06:47,000

Like most witnesses of UFO encounters,

121

00:06:47,000 --> 00:06:50,000

Samantha's searching for the truth about what happened that night.

122

00:06:50,000 --> 00:06:54,000

Was she abducted, and are these visitors coming back?

123

00:06:56,000 --> 00:06:59,000

The Ball of Light, or glowing orb UFO,

124

00:06:59,000 --> 00:07:03,000

is one of the most commonly seen UFOs in the United States,

125

00:07:03,000 --> 00:07:06,000

frequently spotted in New England.

126

00:07:06,000 --> 00:07:10,000

Although this type of UFO has been spotted throughout history,

127

00:07:10,000 --> 00:07:13,000

sightings of this phenomenon have been on the rise

128

00:07:13,000 --> 00:07:16,000

since the Roswell crash of 1947.

129

00:07:21,000 --> 00:07:24,000

I'd love to gather some data on the height and angle

130

00:07:24,000 --> 00:07:26,000

of this object you saw.

131

00:07:26,000 --> 00:07:29,000

If you could show us where that is in your house.

132

00:07:29,000 --> 00:07:31,000

Sure. Absolutely.

133

00:07:31,000 --> 00:07:34,000

All right, yeah, lead the way. Let's go take a look.

134

00:07:35,000 --> 00:07:38,000

What I really appreciate about Samantha,

135

00:07:38,000 --> 00:07:41,000

she's not prone to fascinations and bellishing things.

136

00:07:41,000 --> 00:07:44,000

In fact, she's very reluctant to talk about it.

137

00:07:44,000 --> 00:07:46,000

This is the window.

138

00:07:46,000 --> 00:07:48,000

So you first see it where?

139

00:07:48,000 --> 00:07:52,000

So I'm seeing it like midway in the roof.

140

00:07:52,000 --> 00:07:56,000

I would say about 20 feet above the roof of the garage.

141

00:07:56,000 --> 00:07:59,000

Did you feel like it was at a walking speed?

142

00:07:59,000 --> 00:08:03,000

I mean, the quickest to ever moved was five miles an hour.

143

00:08:03,000 --> 00:08:05,000

Like somebody just strolling.

144

00:08:05,000 --> 00:08:08,000

What would you say to somebody who might say,

145

00:08:08,000 --> 00:08:11,000

I think you might have been mistaking the moon?

146

00:08:11,000 --> 00:08:14,000

I know for 200% certain it wasn't the moon,

147

00:08:14,000 --> 00:08:17,000

because it was glowing orange, it was changing colors.

148

00:08:17,000 --> 00:08:21,000

When I noticed that it was intelligent enough

149

00:08:21,000 --> 00:08:24,000

to be going through the trees slowly,

150

00:08:24,000 --> 00:08:26,000

that's when I got that feeling of,

151

00:08:26,000 --> 00:08:29,000

it's looking for stuff. Don't let it see you.

152

00:08:29,000 --> 00:08:32,000

Maybe it was even looking for her.

153

00:08:32,000 --> 00:08:36,000

Any time you're talking about balls of light, or orbs,

154

00:08:36,000 --> 00:08:38,000

as I call them, they're really common.

155

00:08:38,000 --> 00:08:41,000

And anyone that's had an encounter with them

156

00:08:41,000 --> 00:08:44,000

and experienced lost time has likely been abducted.

157

00:08:44,000 --> 00:08:49,000

Could Samantha's sighting indicate that whatever is behind these UFOs

158

00:08:49,000 --> 00:08:53,000

may be stepping up their contact with humans?

159

00:08:56,000 --> 00:08:59,000

To be able to capture something on film, I always love that,

160

00:08:59,000 --> 00:09:01,000

because that's something we can break apart,

161

00:09:01,000 --> 00:09:03,000

we can take a look at, we can analyze.

162

00:09:03,000 --> 00:09:06,000

And her description alone was really good, though.

163

00:09:06,000 --> 00:09:09,000

And she's really a believable witness.

164

00:09:09,000 --> 00:09:12,000

Samantha was really freaked out.

165

00:09:12,000 --> 00:09:15,000

I mean, wouldn't you be like, you wake up and you're like,

166

00:09:15,000 --> 00:09:17,000

when did I fall asleep?

167

00:09:17,000 --> 00:09:19,000

Like what was I doing?

168

00:09:19,000 --> 00:09:21,000

And what was that thing outside my window?

169

00:09:21,000 --> 00:09:25,000

And I do think it's noteworthy that again, we're nearby water.

170

00:09:25,000 --> 00:09:28,000

It's like literally across the street from her.

171

00:09:28,000 --> 00:09:30,000

So I don't know what to make of it.

172

00:09:30,000 --> 00:09:33,000

You know, this area we know has been a hotspot.

173

00:09:33,000 --> 00:09:37,000

To find out more about the glowing orb UFOs

174

00:09:37,000 --> 00:09:42,000

stalking the Northeast, Ben and Melissa head east the very next day.

175

00:09:44,000 --> 00:09:48,000

75 miles away, another Massachusetts resident

176

00:09:48,000 --> 00:09:52,000

has been haunted by a similar encounter for more than 50 years.

177

00:09:53,000 --> 00:09:56,000

So I'm really interested to hear this guy's story.

178

00:09:56,000 --> 00:10:00,000

You know, when people have these really close encounters,

179

00:10:00,000 --> 00:10:03,000

it really makes you want to get to the bottom of all of this.

180

00:10:09,000 --> 00:10:13,000

Melissa and Ben meet the witness at the Auburn, Massachusetts restaurant

181

00:10:13,000 --> 00:10:16,000

his family has owned for generations.

182

00:10:16,000 --> 00:10:19,000

It was also the location they were driving home from

183

00:10:19,000 --> 00:10:23,000

when they had a terrifying encounter with an orb over 50 years ago.

184

00:10:23,000 --> 00:10:25,000

Tom!

185

00:10:25,000 --> 00:10:26,000

Pleasure.

186

00:10:26,000 --> 00:10:28,000

This is my partner, Melissa.

187

00:10:28,000 --> 00:10:29,000

Hi, nice to meet you finally.

188

00:10:29,000 --> 00:10:30,000

Likewise.

189

00:10:30,000 --> 00:10:32,000

So, Sinking maybe you want to hop in with us and show us around?

190

00:10:32,000 --> 00:10:33,000

Absolutely.

191

00:10:33,000 --> 00:10:34,000

Alrighty.

192

00:10:35,000 --> 00:10:39,000

Together, Ben, Melissa and Tom retrace the route

193

00:10:39,000 --> 00:10:42,000

Tom and his family took on that fateful night.

194

00:10:42,000 --> 00:10:46,000

So I'm going to take you to exactly the way we drove that night.

195

00:10:47,000 --> 00:10:51,000

This was September 1st, 1969, which was a holiday.

196

00:10:51,000 --> 00:10:56,000

And we kept the diner open late because it was like the only eatery here.

197

00:10:56,000 --> 00:10:59,000

And we knew everyone, you know, was good for business to keep it open,

198

00:10:59,000 --> 00:11:03,000

but it was just getting dark and we had to be in bed by 9.

199

00:11:04,000 --> 00:11:06,000

And we headed right down this road here.

200

00:11:07,000 --> 00:11:09,000

This would be how you're getting to your house?

201

00:11:09,000 --> 00:11:10,000

Yes.

202

00:11:10,000 --> 00:11:14,000

So this used to be, because this is just a gravel road.

203

00:11:17,000 --> 00:11:20,000

This is where it's our place, right here.

204

00:11:20,000 --> 00:11:22,000

So this is the bridge, huh?

205

00:11:22,000 --> 00:11:23,000

Yeah.

206

00:11:23,000 --> 00:11:26,000

Yeah, we were coming into this about 8.30 at night.

207

00:11:27,000 --> 00:11:32,000

How does it feel to kind of roll back up into this bridge?

208

00:11:32,000 --> 00:11:34,000

It really is unsettling a little bit.

209

00:11:34,000 --> 00:11:38,000

This whole community, the restaurant, all brings back memories.

210

00:11:46,000 --> 00:11:57,000

So we were coming through here in a station wagon.

211

00:12:00,000 --> 00:12:02,000

My mother was driving.

212

00:12:02,000 --> 00:12:05,000

My grandmother was in the passenger seat.

213

00:12:08,000 --> 00:12:13,000

As we exited this bridge, my grandmother turned around

214

00:12:13,000 --> 00:12:16,000

and she saw the sphere.

215

00:12:17,000 --> 00:12:19,000

This thing was huge.

216

00:12:21,000 --> 00:12:24,000

It had like a roll to it, like an ocean wave in the middle of it.

217

00:12:25,000 --> 00:12:30,000

It was very crisp and it was right over there.

218

00:12:33,000 --> 00:12:35,000

Yes, right over the water.

219

00:12:36,000 --> 00:12:45,000

When we stopped where we were, we felt like we were deep under water.

220

00:12:47,000 --> 00:12:49,000

There was a silence.

221

00:12:50,000 --> 00:12:53,000

It was like someone just flipped the switch off in life itself.

222

00:12:55,000 --> 00:12:57,000

And then there was this flash.

223

00:13:06,000 --> 00:13:11,000

My mother believes that that white sphere actually came towards our car

224

00:13:11,000 --> 00:13:13,000

and that's the white light we saw.

225

00:13:15,000 --> 00:13:18,000

And that's the last thing we remember from being in the car.

226

00:13:19,000 --> 00:13:21,000

The horror didn't end there.

227

00:13:22,000 --> 00:13:26,000

The cars wear when all of a sudden you lose consciousness.

228

00:13:26,000 --> 00:13:28,000

Right near the second telephone pole.

229

00:13:29,000 --> 00:13:34,000

And it's ironic because it's everybody in my family remembers this part of it.

230

00:13:35,000 --> 00:13:39,000

But when we came to, I say came to because I really don't know,

231

00:13:39,000 --> 00:13:41,000

we came to a different times.

232

00:13:41,000 --> 00:13:43,000

We didn't all come through at the same time.

233

00:13:43,000 --> 00:13:44,000

That's weird.

234

00:13:45,000 --> 00:13:47,000

The car was off.

235

00:13:47,000 --> 00:13:49,000

My grandmother was now in a driver's seat.

236

00:13:49,000 --> 00:13:51,000

My mother was in the passenger seat.

237

00:13:51,000 --> 00:13:55,000

I was in the same spot and my brother's head was on my leg.

238

00:13:57,000 --> 00:14:00,000

So you had missing time as well?

239

00:14:00,000 --> 00:14:02,000

Almost three hours.

240

00:14:03,000 --> 00:14:07,000

We just spoke to another witness in this area who experienced missing time

241

00:14:07,000 --> 00:14:09,000

after seeing strange lights.

242

00:14:10,000 --> 00:14:14,000

There's got to be something here because it's still happening.

243

00:14:14,000 --> 00:14:17,000

There's something about this place.

244

00:14:19,000 --> 00:14:21,000

What's it like being right here Tom?

245

00:14:21,000 --> 00:14:26,000

I got like a chill across my shoulders and I'm a little agitated.

246

00:14:26,000 --> 00:14:27,000

My mouth's dry.

247

00:14:27,000 --> 00:14:29,000

I'm in a dry all day a little bit.

248

00:14:32,000 --> 00:14:36,000

Here it bothers me a lot here and I'm not really sure why

249

00:14:36,000 --> 00:14:39,000

because I don't remember anything horrific happening here.

250

00:14:39,000 --> 00:14:41,000

But yet I still got like a chill.

251

00:14:44,000 --> 00:14:48,000

When something like this happens and you're impacted for decades later,

252

00:14:48,000 --> 00:14:52,000

you're probably suffering from some PTSD.

253

00:14:53,000 --> 00:14:56,000

Yeah, it's weird because normally I don't feel this way.

254

00:14:56,000 --> 00:15:00,000

Even at the bridge, as soon as I get here, it bothers me.

255

00:15:00,000 --> 00:15:03,000

Well, let's get you out of here. Let's go back to the dining.

256

00:15:04,000 --> 00:15:08,000

Tom doesn't remember his whole three hours of missing time,

257

00:15:08,000 --> 00:15:11,000

but he does recall terrifying snippets.

258

00:15:12,000 --> 00:15:15,000

Thank you so much for walking us through that event.

259

00:15:15,000 --> 00:15:19,000

I would really like to get more into the story, get more details.

260

00:15:19,000 --> 00:15:21,000

Yeah, you take it from the top.

261

00:15:22,000 --> 00:15:25,000

This might be the more difficult thing to talk about.

262

00:15:25,000 --> 00:15:28,000

The car pulls up, you're seeing this orb.

263

00:15:28,000 --> 00:15:32,000

And then from that point to when you finally wake up,

264

00:15:32,000 --> 00:15:36,000

can you give us the details of what you remember?

265

00:15:36,000 --> 00:15:37,000

Yes.

266

00:15:45,000 --> 00:15:49,000

Tom found himself on a massive alien ship

267

00:15:50,000 --> 00:15:53,000

with no idea where his family was.

268

00:15:53,000 --> 00:15:56,000

I remember being in the hangar.

269

00:15:56,000 --> 00:15:59,000

I was sitting on this, it looked like an autopsy table.

270

00:16:01,000 --> 00:16:03,000

But he was not alone.

271

00:16:07,000 --> 00:16:09,000

There were other figures there.

272

00:16:09,000 --> 00:16:13,000

It sounded like an ant, it had like a football,

273

00:16:13,000 --> 00:16:15,000

stick like legs, like bamboo.

274

00:16:18,000 --> 00:16:20,000

There was nowhere to run.

275

00:16:21,000 --> 00:16:23,000

There was nowhere to run.

276

00:16:25,000 --> 00:16:28,000

This apparatus came down from the ceiling,

277

00:16:30,000 --> 00:16:32,000

held me in place,

278

00:16:33,000 --> 00:16:36,000

and then these packets were put on my body to look like giant raisins.

279

00:16:44,000 --> 00:16:46,000

What are you feeling this whole time?

280

00:16:47,000 --> 00:16:49,000

I mean, I was...

281

00:16:50,000 --> 00:16:52,000

I was going in and out of being scared.

282

00:16:52,000 --> 00:16:55,000

And you know, I remember other things too, that I don't say too often.

283

00:16:55,000 --> 00:16:57,000

Like being hurt.

284

00:16:57,000 --> 00:17:00,000

I remember sitting somewhere and screaming

285

00:17:00,000 --> 00:17:04,000

because I had like, it felt like boiling water going through my back and arms.

286

00:17:05,000 --> 00:17:07,000

Like they put something in you.

287

00:17:07,000 --> 00:17:09,000

It felt like maybe a liquid or a fluid.

288

00:17:09,000 --> 00:17:13,000

So that was painful. The arm was painful.

289

00:17:13,000 --> 00:17:15,000

I think it's terrifying.

290

00:17:16,000 --> 00:17:18,000

It's absolutely terrifying.

291

00:17:18,000 --> 00:17:20,000

I was just...

292

00:17:20,000 --> 00:17:23,000

It was like right now, I'll get the chill thing again.

293

00:17:23,000 --> 00:17:26,000

Did your mom or grandma experience similar things?

294

00:17:29,000 --> 00:17:32,000

I remember what I believed to be my mother calling for me.

295

00:17:32,000 --> 00:17:34,000

Screaming.

296

00:17:34,000 --> 00:17:37,000

As a father, I can tell you that that's pretty heartbreaking to me.

297

00:17:38,000 --> 00:17:41,000

I would want to do everything I could to try and find out why.

298

00:17:41,000 --> 00:17:47,000

You're saying it looked like an insectoid sort of ant-like head?

299

00:17:47,000 --> 00:17:50,000

Yes, I got a picture of it, actually, in my case.

300

00:17:50,000 --> 00:17:52,000

Why don't you pull that out for us?

301

00:17:52,000 --> 00:17:57,000

This is a very good depiction of my brother, and I paid a fortune to have this done.

302

00:18:01,000 --> 00:18:03,000

Oh.

303

00:18:05,000 --> 00:18:10,000

Alien researchers are plenty familiar with these so-called insectoids.

304

00:18:11,000 --> 00:18:16,000

This incident was inducted into the state of Massachusetts as historically true.

305

00:18:16,000 --> 00:18:22,000

It's the first UFO case ever to be state inducted as historically true.

306

00:18:24,000 --> 00:18:27,000

Late 60s, early 70s, a lot of this starts happening.

307

00:18:28,000 --> 00:18:32,000

We had a case, a young woman who also saw a fiery spear.

308

00:18:34,000 --> 00:18:37,000

That's what most people see here are the round spheres.

309

00:18:37,000 --> 00:18:40,000

And they move inside, it's like they're like lava.

310

00:18:40,000 --> 00:18:43,000

Yeah, yeah, we heard that too, kind of like a plasma.

311

00:18:43,000 --> 00:18:48,000

You know, could the spheres be communicating with something that not all of these witnesses see?

312

00:18:48,000 --> 00:18:51,000

And they're just going out doing their thing and they're bringing back information.

313

00:18:51,000 --> 00:18:54,000

But it's all part of the same surveillance or recon.

314

00:18:56,000 --> 00:18:58,000

I know it's hard to talk about and I can see it.

315

00:18:58,000 --> 00:19:01,000

I can see you still struggling with these things.

316

00:19:01,000 --> 00:19:05,000

So I appreciate it because who knows how many others are out there I've experienced it.

317

00:19:06,000 --> 00:19:07,000

Thanks for making time.

318

00:19:07,000 --> 00:19:08,000

Thank you.

319

00:19:11,000 --> 00:19:15,000

The insectoid interactions with abductees are very traumatic.

320

00:19:16,000 --> 00:19:18,000

It's a horrific experience.

321

00:19:18,000 --> 00:19:20,000

It amounts to torture.

322

00:19:20,000 --> 00:19:26,000

They have absolutely no concern for you as a human being in any sense of the word.

323

00:19:27,000 --> 00:19:29,000

They're intelligent, they know what they're doing.

324

00:19:30,000 --> 00:19:35,000

Some people describe insectoids as having large eyes and little mannaibles for a mouth.

325

00:19:38,000 --> 00:19:42,000

I think you're in danger if you're in their domain.

326

00:19:46,000 --> 00:19:54,000

A new video from Fairfield, Connecticut, just over a hundred miles southwest of Auburn, Massachusetts, comes to Ben's attention.

327

00:19:55,000 --> 00:20:00,000

It shows a fast-moving object zipping by a house in broad daylight.

328

00:20:01,000 --> 00:20:06,000

Could it be related to the same UFOs that appeared to stalk Samantha and Tom?

329

00:20:08,000 --> 00:20:11,000

There's some patterns starting to emerge here with the orbs.

330

00:20:11,000 --> 00:20:13,000

We have a daytime sighting.

331

00:20:13,000 --> 00:20:17,000

It makes me think that these visitors are stepping up their presence.

332

00:20:18,000 --> 00:20:24,000

Sightings in this region have increased by nearly 300% in the last decade.

333

00:20:26,000 --> 00:20:28,000

We've got reports over here in Auburn.

334

00:20:28,000 --> 00:20:29,000

Sheffield.

335

00:20:30,000 --> 00:20:32,000

There's been sightings in Fairfield, Connecticut.

336

00:20:33,000 --> 00:20:35,000

They're covering a lot of ground across New England.

337

00:20:36,000 --> 00:20:37,000

I'm worried.

338

00:20:37,000 --> 00:20:39,000

Why are they all coming here?

339

00:20:40,000 --> 00:20:42,000

And are they getting more aggressive?

340

00:20:43,000 --> 00:20:48,000

Mark, Dan Tony, he's over in Terryville and he's really good at video analysis.

341

00:20:49,000 --> 00:20:52,000

I kind of like a second opinion on this video.

342

00:20:52,000 --> 00:20:55,000

You know, I'd like to go talk to our buddy Brian.

343

00:20:55,000 --> 00:20:58,000

Get kind of a historical reference of the whole area.

344

00:20:58,000 --> 00:21:02,000

He seems to be kind of an encyclopedia of past cases.

345

00:21:02,000 --> 00:21:04,000

Why don't you go talk to Mark?

346

00:21:04,000 --> 00:21:08,000

I'll hit up Brian and then we can meet back up.

347

00:21:08,000 --> 00:21:09,000

Sounds good.

348

00:21:13,000 --> 00:21:20,000

Ben heads to Terryville, Connecticut to meet up with his old friend, astronomer Mark D'Antonio.

349

00:21:20,000 --> 00:21:21,000

Mark!

350

00:21:21,000 --> 00:21:23,000

I hate him petting, man.

351

00:21:23,000 --> 00:21:31,000

For 15 years, Mark has been the chief photo and video analyst for the Mutual UFO Network, also

known as MUFON.

352

00:21:31,000 --> 00:21:33,000

I have a lot to show you if you want to see it.

353

00:21:33,000 --> 00:21:34,000

I have a lot to tell you.

354

00:21:34,000 --> 00:21:35,000

Awesome, let's go.

355

00:21:35,000 --> 00:21:36,000

You want to cue it up?

356

00:21:36,000 --> 00:21:37,000

Yeah, sure.

357

00:21:37,000 --> 00:21:38,000

All right.

358

00:21:41,000 --> 00:21:45,000

The person who shot this video has asked to remain anonymous.

359

00:21:45,000 --> 00:21:49,000

It wasn't until they viewed their footage later that they noticed something odd.

360

00:21:49,000 --> 00:21:51,000

What were you able to find out?

361

00:21:51,000 --> 00:21:56,000

Well, when I looked at this video, there's a few things that were strange to me.

362

00:21:56,000 --> 00:21:58,000

There's some oddities in here.

363

00:21:58,000 --> 00:22:02,000

He's taking this drone, he's moving toward the house with it.

364

00:22:02,000 --> 00:22:06,000

But at one point, the drone looks a little bit higher in the air.

365

00:22:06,000 --> 00:22:12,000

And when he does, you see something strange come flying through from the top right.

366

00:22:12,000 --> 00:22:15,000

And then it goes down to the roof line.

367

00:22:15,000 --> 00:22:18,000

That was the first thing that I noticed.

368

00:22:18,000 --> 00:22:25,000

Now we have a size perspective knowing that it starts foreground, it goes at least behind the house.

369

00:22:25,000 --> 00:22:26,000

Right.

370

00:22:26,000 --> 00:22:33,000

So instead, when I reviewed it over and over and over, one of the things I discovered is that that's not the only anomaly.

371

00:22:33,000 --> 00:22:36,000

There's actually several more anomalies.

372

00:22:43,000 --> 00:22:44,000

What else are you seeing?

373

00:22:44,000 --> 00:22:45,000

I'll show you.

374

00:22:45,000 --> 00:22:47,000

You probably saw these white lights.

375

00:22:47,000 --> 00:22:52,000

When you look at it a little more carefully, you see something interesting.

376

00:22:52,000 --> 00:22:54,000

There's an orbit going on.

377

00:22:54,000 --> 00:23:07,000

Could it be the video didn't capture just one passing object but a swarm of UFOs in the distance?

378

00:23:10,000 --> 00:23:13,000

But then, there's that bright object that you see coming through the upper right.

379

00:23:13,000 --> 00:23:14,000

There's our principal object.

380

00:23:14,000 --> 00:23:15,000

That's the principal object.

381

00:23:15,000 --> 00:23:20,000

And I confirmed that it does not cross over the roof and just get lost in the white of the roof.

382

00:23:20,000 --> 00:23:21,000

Okay.

383

00:23:21,000 --> 00:23:23,000

And it looks like it's a shade of yellow.

384

00:23:25,000 --> 00:23:31,000

Just like Samantha and Tom reported in the UFOs they encountered.

385

00:23:33,000 --> 00:23:36,000

And as we move forward, you see there's another one at the top.

386

00:23:36,000 --> 00:23:40,000

It comes down, down, down, and then it seems to disappear.

387

00:23:42,000 --> 00:23:45,000

Okay, now that we have that, what do you make of that?

388

00:23:45,000 --> 00:23:51,000

So it could be that it's moving upwards of 40 miles an hour, all right, or beyond.

389

00:23:51,000 --> 00:23:53,000

But I don't think it's going much faster than that.

390

00:23:53,000 --> 00:23:59,000

And if that's the case, then this thing might have been moving, say, 25, 30 miles an hour.

391

00:24:00,000 --> 00:24:01,000

Right.

392

00:24:04,000 --> 00:24:13,000

Just like Samantha's encounter, the circular craft seems to have deliberately slowed down while passing the house.

393

00:24:14,000 --> 00:24:18,000

As a science guy, I don't tend to jump to too many conclusions.

394

00:24:18,000 --> 00:24:22,000

But you know, you have to ask a question, where does science go in the face of the unknown?

395

00:24:22,000 --> 00:24:26,000

You know, people are more aware of what's in the skies and they're looking up a little bit more.

396

00:24:26,000 --> 00:24:29,000

What's left, the true unknowns, are the real gold.

397

00:24:30,000 --> 00:24:32,000

Mark has seen a lot of things.

398

00:24:32,000 --> 00:24:39,000

And Mark and I both agree that something is happening here and that disclosure might be around the corner.

399

00:24:40,000 --> 00:24:48,000

I think that's one of the key things here, is that people are reporting activity more and more,

400

00:24:48,000 --> 00:24:54,000

whether it's coming from the water or it's land-based here, it's been going on for at least decades.

401

00:24:55,000 --> 00:25:00,000

I would argue it's been going on for thousands of years, maybe longer.

402

00:25:02,000 --> 00:25:06,000

While Ben continues studying the Fairfield, Connecticut video,

403

00:25:06,000 --> 00:25:14,000

Melissa conducts research of her own, searching for other orb and insectoid alien encounters in New England.

404

00:25:15,000 --> 00:25:20,000

She uncovers a bigger pattern than she ever expected, going back decades.

405

00:25:24,000 --> 00:25:28,000

This region has been completely overwhelmed by UFO encounters.

406

00:25:29,000 --> 00:25:31,000

I'm going to meet up with Brian Bowden to learn more.

407

00:25:31,000 --> 00:25:34,000

He's a local expert that knows everything that is happening in this area

408

00:25:34,000 --> 00:25:37,000

and hopefully why it's happening.

409

00:25:39,000 --> 00:25:41,000

Melissa, great to see you. Come on in.

410

00:25:41,000 --> 00:25:47,000

Brian is a historian, author and UFO and paranormal researcher with over 40 years experience.

411

00:25:49,000 --> 00:25:51,000

Melissa, great to see you. What are you doing in my neck of the woods?

412

00:25:51,000 --> 00:25:57,000

Well, I'm investigating a series of encounters and visitations that seem to all center around New England.

413

00:25:58,000 --> 00:26:04,000

Do you feel that this specific area is being targeted by whatever this is?

414

00:26:04,000 --> 00:26:10,000

I definitely do. This area is very strange. There seems to be a lot of magnetic anomalies here too.

415

00:26:11,000 --> 00:26:18,000

Recently it's been discovered that there may be a magnetic anomaly in our solar system that almost acts as a superhighway.

416

00:26:18,000 --> 00:26:20,000

They may be correlated.

417

00:26:21,000 --> 00:26:26,000

NASA has recently discovered magnetic bubbles in our solar system.

418

00:26:26,000 --> 00:26:35,000

Their true nature has yet to be revealed, but some theorize they could serve as beacons attracting extraterrestrial beings.

419

00:26:35,000 --> 00:26:41,000

Could aliens be following these magnetic thoroughfares straight to planet Earth?

420

00:26:42,000 --> 00:26:49,000

If these craft are coming here for a specific reason, and maybe they're coming down here, they're visiting people.

421

00:26:49,000 --> 00:26:56,000

People picking them up, doing some scientific experiments on them as they go travel on through their merry way.

422

00:26:56,000 --> 00:26:58,000

Something's happening to these people.

423

00:26:58,000 --> 00:27:00,000

Something is going on here.

424

00:27:00,000 --> 00:27:08,000

It's been going on for decades. One of the earliest New England orb sightings happened in Connecticut in the late 1950s.

425

00:27:09,000 --> 00:27:18,000

Matter of fact, in the Hartford area, not that far from here, 1957, a white object is seen in the sky by a lieutenant colonel.

426

00:27:18,000 --> 00:27:28,000

His name was Frank Woolley, and he claimed that the white object floated in the air above him for nearly 45 minutes before abruptly flying off.

427

00:27:29,000 --> 00:27:32,000

And the Woolley sighting was just the beginning.

428

00:27:33,000 --> 00:27:39,000

Three years later, same Hartford area. The woman sees an object falling from the sky.

429

00:27:41,000 --> 00:27:47,000

Several eyewitnesses reported the same event, but no one could find even a scrap of debris.

430

00:27:47,000 --> 00:27:50,000

Sightings only increased in frequency from there.

431

00:27:51,000 --> 00:28:01,000

1970s, early 80s, Meridan Danbury over a dozen police officers report seeing flying objects in the sky.

432

00:28:02,000 --> 00:28:10,000

Going to the mid-80s, many people in Newtown, which is just over the border, takes multiple pictures of the craft.

433

00:28:10,000 --> 00:28:28,000

We have something in the 50s, 60s, 70s, 80s. Do you feel that what has been visiting us since possibly 1950 to now has changed?

434

00:28:29,000 --> 00:28:34,000

That it could be a different kind of beam?

435

00:28:35,000 --> 00:28:38,000

I don't think the beams changed. I think their craft changed.

436

00:28:39,000 --> 00:28:49,000

We have more of glowing lights, orb type things that change shape, unless these huge crafts.

437

00:28:50,000 --> 00:28:56,000

Just like we have new models on vehicles, jets, cars, planes, they do the same thing. They're upgrades.

438

00:28:57,000 --> 00:29:01,000

It started off with most people seeing that typical flying saucer.

439

00:29:01,000 --> 00:29:09,000

But right now, currently, the trend is either an orange object that changes color, orange, red,

green, blue, orb-like activity.

440

00:29:10,000 --> 00:29:12,000

But it's an intelligently controlled orb.

441

00:29:13,000 --> 00:29:19,000

Could alien technology be evolving at an alarming rate? Are we already hopelessly outmatched?

442

00:29:22,000 --> 00:29:26,000

So here's something that I've noticed. Specifically, there's a woman we interviewed.

443

00:29:26,000 --> 00:29:31,000

She's been seeing these orbs or these balls of light.

444

00:29:32,000 --> 00:29:38,000

Basically, she was taking a bunch of videos and we're not sure what happened. She woke up her phone as dead. She can't get the phone to work.

445

00:29:39,000 --> 00:29:41,000

Another abduction case, Tom Reed.

446

00:29:42,000 --> 00:29:43,000

Oh yes, I know Tom.

447

00:29:44,000 --> 00:29:49,000

Correlates to everything that we're talking about. He was close to a river when his experience happened.

448

00:29:49,000 --> 00:29:56,000

He lost time and bingo, he had a whole bunch of electronic failure.

449

00:29:57,000 --> 00:30:03,000

You have a lot of these people that have these interactions with these orbs and are experiencing missing time.

450

00:30:05,000 --> 00:30:12,000

Tom Reed's encounter has haunted him for decades. But could it be that he was one of the lucky ones?

451

00:30:13,000 --> 00:30:18,000

Do you feel that the people that are having these experiences should be afraid, terrified?

452

00:30:20,000 --> 00:30:24,000

How dark do you want to go with the subject matter?

453

00:30:27,000 --> 00:30:36,000

Way back in the 70s, 80s and 90s, there were cattle mutilation. There were also human mutilation. Same thing taking place.

454

00:30:38,000 --> 00:30:39,000

No trace.

455

00:30:40,000 --> 00:30:44,000

Now, if I remember correctly, you've had a lot of experiences yourself.

456

00:30:44,000 --> 00:30:56,000

Yes, I have. I had a ton of experiences. I was actually traveling up Rude from Waterbury. Perfect picturesque night. Stars in the sky.

457

00:30:57,000 --> 00:31:04,000

And when I got to the Route 6 area, the girlfriend at the time was looking out the window and shaking her. What is that?

458

00:31:05,000 --> 00:31:06,000

It looks like a balloon.

459

00:31:07,000 --> 00:31:13,000

And it flew over my car. It was about the size of a giant stadium. Not a sound.

460

00:31:14,000 --> 00:31:19,000

I eventually pulled that car over, got out in the middle of the highway, and it was gone.

461

00:31:22,000 --> 00:31:28,000

And to this day, that girlfriend who is now my wife says it was a weather balloon, but it was not.

462

00:31:29,000 --> 00:31:31,000

So, there's a lot going on here.

463

00:31:31,000 --> 00:31:48,000

Are these orb UFOs piloted craft? Or perhaps surveillance probes controlled by extraterrestrial visitors with an insidious plan? And does the end game for these insectoid aliens vote well for humans?

464

00:31:52,000 --> 00:31:56,000

Brian really helped me put together some pieces with the Bantam case.

465

00:31:57,000 --> 00:32:03,000

The next step is we need to connect with this fire chief and also do some investigations at the lake.

466

00:32:07,000 --> 00:32:19,000

The next day, Melissa links back up with Ben and heads to Bantam Lake to track down Rick Duffy. The fire chief on call the night a glowing orb UFO lit up the sky in this region.

467

00:32:27,000 --> 00:32:32,000

Rick Duffy. Nice to meet you. Nice to meet you too. Ben, nice to meet you too.

468

00:32:33,000 --> 00:32:34,000

Thanks for coming out here.

469

00:32:36,000 --> 00:32:38,000

How long were you chief for?

470

00:32:39,000 --> 00:32:48,000

I was the chief in the company for 10 years. I've been in the company for 49 years, and during this incident I was the chief at this time.

471

00:32:49,000 --> 00:32:53,000

So, you're the guy to talk to. I'm so glad we found you. Absolutely.

472

00:32:53,000 --> 00:32:55,000

So, what do you remember?

473

00:33:04,000 --> 00:33:06,000

It all started around 2 in the morning.

474

00:33:09,000 --> 00:33:18,000

We got a report that there has been something in the sky with a greenish glow to it.

475

00:33:19,000 --> 00:33:33,000

One of the state troopers, he was in the town over and he saw the green light in the sky and that they believed that it landed in Bantam Lake.

476

00:33:33,000 --> 00:33:50,000

911 calls started coming in from all over the area. Dozens of people had seen the exact same thing and experienced electrical outages.

477

00:33:51,000 --> 00:34:04,000

One of my daughters lived on the lake and as this object went through the air, she lost power completely in her house and as after it went by it came right back up.

478

00:34:05,000 --> 00:34:10,000

Now that is very odd. That is odd that it would have that type of interference.

479

00:34:11,000 --> 00:34:15,000

Stranger still is what happened to the normally calm lake itself.

480

00:34:21,000 --> 00:34:32,000

I got dispatched and the waves and everything for 5 to 10 minutes were splashing vigorously up on the shoreline.

481

00:34:36,000 --> 00:34:45,000

But you know what astounds me is their description of it causing basically a mini tsunami, I mean for 5 or 10 minutes, right?

482

00:34:46,000 --> 00:34:51,000

Is it possible an orb UFO and its alien crew crashed in this lake 10 years ago?

483

00:34:52,000 --> 00:34:58,000

Leaving behind evidence of the terrifying event, Ben and Melissa aim to find out.

484

00:35:00,000 --> 00:35:04,000

Here is our north I think. West is over here.

485

00:35:05,000 --> 00:35:08,000

That is where the state trooper spotted it was over in this area.

486

00:35:08,000 --> 00:35:12,000

And where would your daughter be in relation to that?

487

00:35:13,000 --> 00:35:15,000

She is just off with 209.

488

00:35:16,000 --> 00:35:17,000

Yeah over in this area.

489

00:35:17,000 --> 00:35:22,000

She said when it flew over she lost power that means it was coming this way.

490

00:35:22,000 --> 00:35:23,000

It came from the west.

491

00:35:23,000 --> 00:35:25,000

It came from the west.

492

00:35:25,000 --> 00:35:29,000

And then probably landing somewhere right in there I guess.

493

00:35:29,000 --> 00:35:32,000

Yeah, yep, right off the north shore.

494

00:35:33,000 --> 00:35:36,000

It's highly unusual, I mean I will say that.

495

00:35:36,000 --> 00:35:41,000

Even meteorites I have not heard of them causing electrical interference like that.

496

00:35:43,000 --> 00:35:51,000

I had heard that they wanted to do more of a thorough search like get divers in there and start looking but maybe that never happened.

497

00:35:51,000 --> 00:35:59,000

You know I heard talk about that they might have put a couple divers in to see if they could find everything.

498

00:35:59,000 --> 00:36:04,000

And as far as I know they never came up with anything.

499

00:36:04,000 --> 00:36:07,000

The muck is so deep.

500

00:36:07,000 --> 00:36:11,000

I think what we want to do is put something under water to see how murky it is.

501

00:36:11,000 --> 00:36:16,000

To see if there was anything still remaining in there could we find it.

502

00:36:16,000 --> 00:36:20,000

Would fishermen or other people have snagged on to something?

503

00:36:20,000 --> 00:36:24,000

Would they have noticed that something large is still under the water?

504

00:36:24,000 --> 00:36:26,000

Is it possible it could still be in here?

505

00:36:30,000 --> 00:36:33,000

Ben and Melissa start their search using a drone.

506

00:36:33,000 --> 00:36:35,000

It's pretty stable.

507

00:36:38,000 --> 00:36:42,000

And we're just going to point it in that direction and we'll be off.

508

00:36:45,000 --> 00:36:50,000

So right off you see about 100 yards off of the shore there.

509

00:36:50,000 --> 00:36:57,000

If I flip the camera down we can look right over the trees and see if there's anything,

510

00:36:57,000 --> 00:37:00,000

if you notice anything unusual about the shoreline.

511

00:37:02,000 --> 00:37:05,000

Okay now let's cruise back over this way.

512

00:37:05,000 --> 00:37:08,000

I'd like to check out this shoreline.

513

00:37:08,000 --> 00:37:11,000

What is that thing in the middle of the lake?

514

00:37:11,000 --> 00:37:12,000

I'll check that out.

515

00:37:12,000 --> 00:37:14,000

I don't know.

516

00:37:15,000 --> 00:37:18,000

It's like a slab of rock or something.

517

00:37:18,000 --> 00:37:25,000

I don't think if it happened here on this side of the shore I don't think there's anything that's indicating an impact on land.

518

00:37:25,000 --> 00:37:26,000

Right.

519

00:37:28,000 --> 00:37:31,000

If it was going to crash it's a perfect spot.

520

00:37:31,000 --> 00:37:33,000

Yeah, exactly.

521

00:37:34,000 --> 00:37:38,000

And look straight down into the water. See how murky it is from up here?

522

00:37:38,000 --> 00:37:42,000

So I don't think we're going to see anything actually from above.

523

00:37:42,000 --> 00:37:47,000

So why don't we bring it back and let's put something in the water.

524

00:37:47,000 --> 00:37:48,000

Let's do it.

525

00:37:48,000 --> 00:37:49,000

Alright.

526

00:37:55,000 --> 00:38:00,000

So I think this is going to give us a good idea of what can actually be seen.

527

00:38:01,000 --> 00:38:05,000

So I'm going to set this over this way.

528

00:38:05,000 --> 00:38:07,000

I think it's gone a little bit deeper.

529

00:38:07,000 --> 00:38:09,000

Oh okay here we go, here we go.

530

00:38:12,000 --> 00:38:15,000

Okay oh I just kicked it in the high gear.

531

00:38:16,000 --> 00:38:18,000

It's cruising now.

532

00:38:18,000 --> 00:38:21,000

We're really at the bottom of the lake.

533

00:38:22,000 --> 00:38:27,000

So man it is murky, isn't it? Look at that.

534

00:38:30,000 --> 00:38:33,000

We are like in the middle of sludge here.

535

00:38:34,000 --> 00:38:37,000

This murky and you can still see some things.

536

00:38:39,000 --> 00:38:41,000

You have to wonder what's down there.

537

00:38:42,000 --> 00:38:45,000

You could hide a lot of things under the water.

538

00:38:45,000 --> 00:38:48,000

It is just so murky in here.

539

00:38:52,000 --> 00:38:57,000

Melissa and Ben shift gears and try an EMF meter instead.

540

00:39:00,000 --> 00:39:09,000

EMF or electrical magnetic field readings are useful to us because what we're looking for is a fluctuation greater than the baseline reading.

541

00:39:09,000 --> 00:39:15,000

An EMF meter can detect the magnetic field given off by any electrically charged object.

542

00:39:15,000 --> 00:39:22,000

And although the craft will have been in the lake for years, it could still have operational equipment inside.

543

00:39:23,000 --> 00:39:28,000

If so Ben and Melissa might be able to detect its latent energy from the shoreline.

544

00:39:29,000 --> 00:39:32,000

So this is a really good vantage point to look from.

545

00:39:32,000 --> 00:39:35,000

I'm thinking so we're in North Bay and this is that point.

546

00:39:35,000 --> 00:39:36,000

Yeah.

547

00:39:36,000 --> 00:39:41,000

Right that Duffy was signaling to us is where his witnesses were.

548

00:39:41,000 --> 00:39:46,000

We're right in that trajectory that he was talking about to the west.

549

00:39:46,000 --> 00:39:51,000

So I'm thinking if we take a couple readings from here and just kind of follow the shoreline.

550

00:39:51,000 --> 00:39:58,000

If this thing caused a power blackout, it's probably pumping out so much EMF that we could pick it up from here.

551

00:39:58,000 --> 00:40:06,000

If there was anything we could actually triangulate where the strength of it was and might get a better idea of something out there.

552

00:40:06,000 --> 00:40:09,000

What a compass here too.

553

00:40:09,000 --> 00:40:16,000

I'm going to take that and also look for deviations in here. Magnetic north.

554

00:40:18,000 --> 00:40:22,000

A compass might also reveal any magnetic anomalies.

555

00:40:22,000 --> 00:40:30,000

In theory a craft of some sort that had a powerful enough electromagnetic interference, maybe the propulsion system.

556

00:40:31,000 --> 00:40:38,000

And if it was still there in the lake and it was still generating that power, we'd pick it up.

557

00:40:38,000 --> 00:40:45,000

Because if it has the ability to knock out somebody's power to their home, it's going to be picked up from here.

558

00:40:47,000 --> 00:40:49,000

Yeah, I don't like anything at all.

559

00:40:51,000 --> 00:40:53,000

Nothing that I'm picking up right now.

560

00:40:53,000 --> 00:40:58,000

Baseline is zero.

561

00:40:58,000 --> 00:41:06,000

I'm not seeing anything that's deviating here, so why don't we try it again a little bit further down the shoreline?

562

00:41:08,000 --> 00:41:10,000

What are you getting for a reading?

563

00:41:10,000 --> 00:41:12,000

You have a little bit of something.

564

00:41:12,000 --> 00:41:17,000

Oh yeah. Must be picking up some sort of anomalous energy source.

565

00:41:17,000 --> 00:41:20,000

There's definitely something going on I think.

566

00:41:23,000 --> 00:41:26,000

But see now it's back down to a baseline of zero.

567

00:41:32,000 --> 00:41:37,000

We've scanned the area. If it was here it's not anymore or it's buried in an active really.

568

00:41:42,000 --> 00:41:44,000

We've been up and down this lake for hours.

569

00:41:45,000 --> 00:41:50,000

And while there are plenty of eyewitnesses, we haven't been able to pinpoint the location of the craft.

570

00:41:51,000 --> 00:41:56,000

Which begs the question, what if it was here but left?

571

00:41:56,000 --> 00:42:01,000

There's lots of eyewitnesses. I just don't think it's underneath the lake.

572

00:42:04,000 --> 00:42:05,000

I think it left.

573

00:42:05,000 --> 00:42:11,000

Could an alien craft still be underwater using technology to remain undetected?

574

00:42:11,000 --> 00:42:16,000

Using the lake as a base of operations to conceal their covert missions.

575

00:42:17,000 --> 00:42:23,000

Most of the cases took place close to a body of water.

576

00:42:23,000 --> 00:42:28,000

And here we are again back kind of investigating close to the same area.

577

00:42:28,000 --> 00:42:34,000

And we have Samantha Dick whose house is literally right across from a massive lake, right?

578

00:42:34,000 --> 00:42:39,000

And now we're here with one of the largest lakes in Connecticut.

579

00:42:39,000 --> 00:42:45,000

It's kind of hard to see if any of this is related quite yet but I do see some patterns emerging.

580

00:42:46,000 --> 00:42:53,000

Every incident of a glowing orb UFO that Melissa and Ben have investigated took place near a body of water.

581

00:42:53,000 --> 00:42:56,000

So what's the connection?

582

00:43:01,000 --> 00:43:06,000

Since the Bansom Lake visit, I'm sort of obsessed with these orbs.

583

00:43:06,000 --> 00:43:09,000

It does seem like more people are seeing orbs now.

584

00:43:09,000 --> 00:43:14,000

And this spike in not just sightings but now abductions in the northeast is kind of concerning.

585

00:43:15,000 --> 00:43:18,000

Tom, Owen Quinn, and Samantha.

586

00:43:20,000 --> 00:43:25,000

Melissa and Ben have witnessed a rise in glowing orb UFO sightings in this region.

587

00:43:25,000 --> 00:43:30,000

And at least one credible account of an abduction by insectoid aliens.

588

00:43:30,000 --> 00:43:33,000

Could these events be related?

589

00:43:33,000 --> 00:43:38,000

And if so, what do these intruders want?

590

00:43:39,000 --> 00:43:47,000

When I was interviewing Brian Bowden, he said that he believes that the same alien species have been coming here for a long time.

591

00:43:47,000 --> 00:43:52,000

We're always looking to the sky for aliens to land and to show themselves.

592

00:43:52,000 --> 00:43:56,000

But what if they're in our lakes and our oceans?

593

00:43:56,000 --> 00:43:59,000

They've been here for a long time, perhaps.

594

00:43:59,000 --> 00:44:03,000

Could this alien species be policing the northeast?

595

00:44:03,000 --> 00:44:06,000

Waiting to lay claim on it.

596

00:44:06,000 --> 00:44:09,000

We're dealing with something a little bit different.

597

00:44:09,000 --> 00:44:11,000

What are these insectoids capable of?

598

00:44:11,000 --> 00:44:18,000

That is a big question, you know, and I'm afraid that it's up to them to disclose when they want to.

599

00:44:18,000 --> 00:44:22,000

Unless our government has more of those same answers.

600

00:44:27,000 --> 00:44:32,000

On the next UFO witness, Ben and Melissa Infield are in the same place.

601

00:44:32,000 --> 00:44:37,000

Ben and Melissa investigate extraterrestrials establishing underwater alien bases,

602

00:44:37,000 --> 00:44:40,000

potentially waiting to attack.

603

00:44:40,000 --> 00:44:41,000

What was that?

604

00:44:41,000 --> 00:44:42,000

Splash.

605

00:44:42,000 --> 00:44:47,000

We're in the exact spot where I can figure that the object went down in the water.

606

00:44:47,000 --> 00:44:54,000

And here, terrifying accounts from abductees who claim they were taken to undersea bases.

607

00:44:54,000 --> 00:44:58,000

The ocean just lit up.

608

00:44:58,000 --> 00:45:03,000

Did you feel at this instant that maybe you and your friend were going to live?

609

00:45:03,000 --> 00:45:05,000

Absolutely we did.

610

00:45:05,000 --> 00:45:09,000

Have alien species taken over our seas?

611

00:45:09,000 --> 00:45:12,000

And what do they want?
