

1

00:00:00,000 --> 00:00:00,820

Previously on UFO

2

00:00:02,000 --> 00:00:08,000

Previously on UFO witness, the investigation uncovered potential evidence of a deep sea alien base.

3

00:00:08,000 --> 00:00:11,000

At one point they turned into half circles.

4

00:00:11,000 --> 00:00:13,000

What is this?

5

00:00:13,000 --> 00:00:21,000

With alarming numbers of UFO sightings across the country, could different species of aliens be laying claim to the United States?

6

00:00:21,000 --> 00:00:26,000

It's been going on for a long time and slowly getting worse and worse.

7

00:00:26,000 --> 00:00:32,000

There's reason to believe the strange creatures on board do not come in peace.

8

00:00:32,000 --> 00:00:34,000

They're the star people.

9

00:00:34,000 --> 00:00:38,000

He said when I come with him and I didn't want him.

10

00:00:38,000 --> 00:00:44,000

Could an alien race known as the star people have a stranglehold on America's Northwest?

11

00:00:56,000 --> 00:01:01,000

I'm going to find out.

12

00:01:01,000 --> 00:01:05,000

So I've never been this far in Idaho before.

13

00:01:05,000 --> 00:01:06,000

Me neither.

14

00:01:06,000 --> 00:01:11,000

It's very very remote here and also it gets stranger.

15

00:01:11,000 --> 00:01:18,000

The skies of remote northern Idaho have been plagued by fireball UFOs for decades.

16

00:01:18,000 --> 00:01:21,000

and the other two.

17

00:01:21,000 --> 00:01:28,000

Then, Melissa and Ben have come to investigate.

18

00:01:28,000 --> 00:01:32,000

There have been so many reports just even lately.

19

00:01:32,000 --> 00:01:36,000

A lot of those dealt with sort of fireballs.

20

00:01:36,000 --> 00:01:39,000

Whatever it is, is flying over the state.

21

00:01:39,000 --> 00:01:41,000

There are Native American reservations here,

22

00:01:41,000 --> 00:01:45,000

which seems to have a relationship to activity.

23

00:01:46,000 --> 00:01:50,000

My thought process is, if there's a big uptick in UFO activity,

24

00:01:50,000 --> 00:01:52,000

and has been, I wonder if there's been

25

00:01:52,000 --> 00:01:55,000

UFO activity happening for thousands of years.

26

00:01:55,000 --> 00:01:59,000

The indigenous tribes of North America have a long history

27

00:01:59,000 --> 00:02:03,000

with the alien species they call the star people.

28

00:02:03,000 --> 00:02:07,000

And a previous investigation brought Ben face to face

29

00:02:07,000 --> 00:02:09,000

with one of their victims.

30

00:02:09,000 --> 00:02:10,000

Hello.

31

00:02:10,000 --> 00:02:13,000

Hikariah Apache Elder, Jerry Julian.

32

00:02:13,000 --> 00:02:18,000

At my house at night, I woke up while it was dark in my room.

33

00:02:18,000 --> 00:02:22,000

Two small people, they were trying to pull me off the bed,

34

00:02:22,000 --> 00:02:24,000

and I couldn't scream.

35

00:02:24,000 --> 00:02:28,000

I was holding onto the mattress down here,

36

00:02:28,000 --> 00:02:32,000

and they were trying to pull me off.

37

00:02:32,000 --> 00:02:38,000

And then my husband let me move, and then they let me go.

38

00:02:38,000 --> 00:02:39,000

Wow.

39

00:02:40,000 --> 00:02:41,000

Wow.

40

00:02:55,000 --> 00:02:59,000

Could these star people be connected to the fireball UFOs

41

00:02:59,000 --> 00:03:02,000

spotted with increasing frequency in northern Idaho?

42

00:03:02,000 --> 00:03:06,000

Could they be the ones responsible for the rise in abductions?

43

00:03:10,000 --> 00:03:16,000

I have a witness who's been seeing strange things in the sky here all her life.

44

00:03:16,000 --> 00:03:22,000

She tells me that she has a couple of experiences that she'd like to share.

45

00:03:22,000 --> 00:03:25,000

She's lived in the area for quite some time,

46

00:03:25,000 --> 00:03:28,000

and her house is actually right on the lake.

47

00:03:28,000 --> 00:03:32,000

And this is where I think she had one of her principal experiences.

48

00:03:32,000 --> 00:03:36,000

Now in her early days, she's been living in a house

49

00:03:36,000 --> 00:03:39,000

that she's been living in for quite some time.

50

00:03:39,000 --> 00:03:42,000

And she's been seeing some of her principal experiences.

51

00:03:42,000 --> 00:03:46,000

Now in her early 80s, Dale has lived on Lake Pondarray,

52

00:03:46,000 --> 00:03:51,000

the epicenter of the region's UFO activity her entire life.

53

00:03:57,000 --> 00:03:59,000

Thank you for having us here.

54

00:03:59,000 --> 00:04:01,000

I hear what's been going on.

55

00:04:01,000 --> 00:04:03,000

It's quite strange.

56

00:04:03,000 --> 00:04:05,000

Oh, yes.

57

00:04:05,000 --> 00:04:07,000

Yes.

58

00:04:17,000 --> 00:04:22,000

Dale reports that she's witnessed both fireball UFOs and the star people

59

00:04:22,000 --> 00:04:24,000

since she was five years old.

60

00:04:24,000 --> 00:04:28,000

For decades, the encounters were little more than benign sightings,

61

00:04:28,000 --> 00:04:31,000

but later in life, they've become aggressive.

62

00:04:31,000 --> 00:04:35,000

Now she lives in dread of their return.

63

00:04:35,000 --> 00:04:40,000

My husband and I were in the living room watching TV.

64

00:04:40,000 --> 00:04:43,000

It's about 11 o'clock at night.

65

00:04:43,000 --> 00:04:47,000

Out of nowhere, Dale gets an eerie sensation.

66

00:04:50,000 --> 00:04:52,000

I just felt concerned.

67

00:04:52,000 --> 00:04:55,000

I've been seeing these since I was a child.

68

00:04:55,000 --> 00:05:00,000

And my theory is they wanted to hurt us.

69

00:05:00,000 --> 00:05:02,000

Despite concerns for her safety,

70

00:05:02,000 --> 00:05:06,000

Dale felt drawn to the window unnaturally.

71

00:05:06,000 --> 00:05:08,000

It was kind of scary.

72

00:05:12,000 --> 00:05:16,000

See this very bright light coming over the mountain?

73

00:05:16,000 --> 00:05:20,000

White and very, very bright.

74

00:05:20,000 --> 00:05:24,000

It's probably 300 or 400 feet out from that mountain.

75

00:05:24,000 --> 00:05:25,000

OK.

76

00:05:25,000 --> 00:05:27,000

We didn't actually see what shape it was,

77

00:05:27,000 --> 00:05:30,000

but the light itself was quite large.

78

00:05:30,000 --> 00:05:33,000

So we start watching it,

79

00:05:33,000 --> 00:05:36,000

and it gets up above the mountain

80

00:05:36,000 --> 00:05:39,000

and then hovers for a short time,

81

00:05:39,000 --> 00:05:42,000

maybe three or four minutes.

82

00:05:42,000 --> 00:05:45,000

And then it suddenly dives down the front of the mountain

83

00:05:45,000 --> 00:05:47,000

and into the water.

84

00:05:47,000 --> 00:05:51,000

We thought, wow, maybe that's a UFO.

85

00:05:51,000 --> 00:05:55,000

There's no sound, and we can't see any splash at night,

86

00:05:55,000 --> 00:05:57,000

and it just kind of disappeared.

87

00:05:57,000 --> 00:05:59,000

Did it come back out of the water?

88

00:05:59,000 --> 00:06:02,000

No, and we were watching it probably several hours

89

00:06:02,000 --> 00:06:04,000

and never saw it come back.

90

00:06:07,000 --> 00:06:10,000

What would you say to somebody who tells you

91

00:06:10,000 --> 00:06:12,000

what you saw was probably a meteor?

92

00:06:12,000 --> 00:06:14,000

What would you tell them why it's not?

93

00:06:14,000 --> 00:06:16,000

No. First of all, it didn't travel like a meteor.

94

00:06:16,000 --> 00:06:18,000

I've seen meteors here.

95

00:06:18,000 --> 00:06:20,000

Every once in a while, we have one.

96

00:06:20,000 --> 00:06:22,000

This was not a meteor.

97

00:06:22,000 --> 00:06:25,000

I called Spokane International Airport,

98

00:06:25,000 --> 00:06:28,000

and I asked them if they had anything going on.

99

00:06:28,000 --> 00:06:31,000

They didn't. I called the Air Force Base there

100

00:06:31,000 --> 00:06:33,000

and asked them if they had any.

101

00:06:33,000 --> 00:06:35,000

Of course, they wouldn't tell me anyway.

102

00:06:35,000 --> 00:06:37,000

Sheriff's Office didn't know anything about it,

103

00:06:37,000 --> 00:06:39,000

so I don't know.

104

00:06:39,000 --> 00:06:41,000

But what the heck was it doing?

105

00:06:41,000 --> 00:06:43,000

We just don't know.

106

00:06:46,000 --> 00:06:49,000

The fire wall craft, which I have seen,

107

00:06:49,000 --> 00:06:52,000

are brilliant, beautiful, bright orange.

108

00:06:52,000 --> 00:06:55,000

They are absolutely stunning.

109

00:06:55,000 --> 00:06:58,000

These type craft, if they were high enough,

110

00:06:58,000 --> 00:07:00,000

would look like a meteorite.

111

00:07:00,000 --> 00:07:03,000

Absolutely massive, totally silent.

112

00:07:03,000 --> 00:07:05,000

They're not using solar power.

113

00:07:05,000 --> 00:07:08,000

Their technology is nothing like ours.

114

00:07:08,000 --> 00:07:11,000

This area of Idaho is pretty unique,

115

00:07:11,000 --> 00:07:13,000

as I've been kind of looking into it.

116

00:07:13,000 --> 00:07:16,000

You have a very deep lake here.

117

00:07:16,000 --> 00:07:18,000

I've heard it's pretty deep.

118

00:07:18,000 --> 00:07:20,000

It's over a thousand feet, yeah.

119

00:07:20,000 --> 00:07:22,000

Over a thousand feet?

120

00:07:22,000 --> 00:07:25,000

And the Navy also has a research facility here?

121

00:07:25,000 --> 00:07:27,000

Yeah, at the south end of the lake,

122

00:07:27,000 --> 00:07:29,000

they work on submarines.

123

00:07:29,000 --> 00:07:31,000

And they've been there for quite some time, right?

124

00:07:31,000 --> 00:07:34,000

Yeah, since World War II.

125

00:07:34,000 --> 00:07:37,000

And because our lake is over a thousand feet deep,

126

00:07:37,000 --> 00:07:39,000

they can go down into that depth

127

00:07:39,000 --> 00:07:42,000

and check the quality of the electronics.

128

00:07:42,000 --> 00:07:44,000

Is it possible that this alien species

129

00:07:44,000 --> 00:07:47,000

is monitoring the Navy's activity deep underwater,

130

00:07:47,000 --> 00:07:50,000

or is the Navy monitoring the aliens?

131

00:07:50,000 --> 00:07:52,000

One thing is for certain,

132

00:07:52,000 --> 00:07:54,000

the people of this town have reported sightings

133

00:07:54,000 --> 00:07:56,000

of the star people in this area

134

00:07:56,000 --> 00:07:58,000

for as long as they can remember.

135

00:07:58,000 --> 00:08:00,000

Was that the only experience you had

136

00:08:00,000 --> 00:08:03,000

with seeing this entity?

137

00:08:03,000 --> 00:08:06,000

I've seen so many of these.

138

00:08:06,000 --> 00:08:08,000

Ever since I was a child,

139

00:08:08,000 --> 00:08:11,000

I've been seeing strange things.

140

00:08:11,000 --> 00:08:14,000

The Numerous Encounters

141

00:08:14,000 --> 00:08:16,000

of the Numerous Encounters

142

00:08:16,000 --> 00:08:18,000

Dale has had over the years.

143

00:08:18,000 --> 00:08:21,000

One night lives on in her nightmares.

144

00:08:21,000 --> 00:08:24,000

It's about 3 o'clock in the morning,

145

00:08:24,000 --> 00:08:27,000

and I hear a funny noise in the kitchen.

146

00:08:27,000 --> 00:08:31,000

And I can't really place what it is.

147

00:08:31,000 --> 00:08:35,000

The mysterious noise drew closer to the bedroom.

148

00:08:35,000 --> 00:08:37,000

And the noise is so loud,

149

00:08:37,000 --> 00:08:39,000

that the mysterious noise

150

00:08:39,000 --> 00:08:42,000

drew closer to the bedroom.

151

00:08:42,000 --> 00:08:48,000

This being came out of the kitchen.

152

00:08:48,000 --> 00:08:53,000

It was a little skinny creature.

153

00:08:53,000 --> 00:08:56,000

He had great big eyes,

154

00:08:56,000 --> 00:09:00,000

little tiny mouth.

155

00:09:00,000 --> 00:09:03,000

I felt fear.

156

00:09:03,000 --> 00:09:06,000

The description matches that of a star person

157

00:09:06,000 --> 00:09:10,000

who believed to be able to communicate telepathically.

158

00:09:10,000 --> 00:09:12,000

And he said he wanted to show me something

159

00:09:12,000 --> 00:09:15,000

when I come with him, and I didn't want him.

160

00:09:15,000 --> 00:09:22,000

I started praying, you know,

161

00:09:22,000 --> 00:09:25,000

that I walked through the valley of the shadow of death.

162

00:09:25,000 --> 00:09:29,000

And I'm not too sure what to do,

163

00:09:29,000 --> 00:09:30,000

because it's kind of scary.

164

00:09:30,000 --> 00:09:32,000

I didn't really want to go with him.

165

00:09:33,000 --> 00:09:38,000

So I reached over to wake my husband up,

166

00:09:38,000 --> 00:09:41,000

and as you can see, I have some pretty good nails.

167

00:09:41,000 --> 00:09:45,000

And I'm actually digging my nails into his arm.

168

00:09:45,000 --> 00:09:48,000

I couldn't get him to wake up, and that was scary.

169

00:09:48,000 --> 00:09:51,000

He's not responding at all.

170

00:09:51,000 --> 00:09:53,000

And I'm trying to wake him up,

171

00:09:53,000 --> 00:09:56,000

and the beings said, I want you to come with me.

172

00:09:56,000 --> 00:09:59,000

Next, Dale remembers being in the dark.

173

00:10:00,000 --> 00:10:05,000

Next, Dale remembers being abducted and taken outside.

174

00:10:05,000 --> 00:10:07,000

Somehow we got out of the house,

175

00:10:07,000 --> 00:10:09,000

and he said, I want you to see this lake.

176

00:10:12,000 --> 00:10:15,000

Why did the star person want to show Dale the lake?

177

00:10:15,000 --> 00:10:18,000

Was it a warning or a threat?

178

00:10:18,000 --> 00:10:22,000

It's a question that haunts her to this day.

179

00:10:22,000 --> 00:10:24,000

When I woke up the next morning,

180

00:10:24,000 --> 00:10:26,000

my husband looks over at me,

181

00:10:26,000 --> 00:10:28,000

and he said, what was going on last night?

182

00:10:28,000 --> 00:10:31,000

And I said, you're not going to believe this.

183

00:10:31,000 --> 00:10:33,000

And he said, well, I know something happened.

184

00:10:33,000 --> 00:10:34,000

Look at my arm.

185

00:10:38,000 --> 00:10:41,000

And he showed me his arm, and he actually had blood

186

00:10:41,000 --> 00:10:45,000

where I had scratched him hard enough to cause him to bleed.

187

00:10:45,000 --> 00:10:47,000

And yet it didn't wake him up.

188

00:10:49,000 --> 00:10:52,000

Dale has seen the star people throughout her life,

189

00:10:52,000 --> 00:10:54,000

but this was the first time she could recall

190

00:10:54,000 --> 00:10:57,000

being taken against her will.

191

00:10:57,000 --> 00:11:02,000

Why do you think this being wanted to take you to this lake?

192

00:11:04,000 --> 00:11:07,000

I think that they probably do have underwater bases.

193

00:11:10,000 --> 00:11:14,000

Then and Melissa have encountered sub-aquatic bases before.

194

00:11:15,000 --> 00:11:17,000

They've always had a base down there.

195

00:11:17,000 --> 00:11:19,000

Why not?

196

00:11:19,000 --> 00:11:24,000

This is a perfect place for them to sort of hide out undetected.

197

00:11:24,000 --> 00:11:28,000

Could Dale's visitors have found a home in Lake Ponderay?

198

00:11:28,000 --> 00:11:31,000

You've had these very impactful experiences.

199

00:11:31,000 --> 00:11:34,000

Was that somewhat disturbing?

200

00:11:34,000 --> 00:11:37,000

I mean, you grabbed onto his arm and made it bleed.

201

00:11:37,000 --> 00:11:39,000

It was...

202

00:11:39,000 --> 00:11:42,000

In the past, I always thought it was a dream,

203

00:11:42,000 --> 00:11:45,000

but this was a whole other ballgame.

204

00:11:46,000 --> 00:11:50,000

Are Dale's dreams actually repressed memories of abductions

205

00:11:50,000 --> 00:11:52,000

at the hands of the star people?

206

00:11:52,000 --> 00:11:55,000

So do you feel that you are conduit for these things?

207

00:11:55,000 --> 00:11:57,000

Maybe. I don't know.

208

00:11:57,000 --> 00:12:01,000

I just know that I've been seeing them since I was little.

209

00:12:02,000 --> 00:12:05,000

My daughter Carolyn is fairly close to here,

210

00:12:05,000 --> 00:12:08,000

and she and her husband both have had sightings.

211

00:12:08,000 --> 00:12:11,000

Is there any way Carolyn would want to speak with us?

212

00:12:11,000 --> 00:12:13,000

Well, I'm sure she would.

213

00:12:13,000 --> 00:12:15,000

I think you should go and talk to her

214

00:12:15,000 --> 00:12:19,000

and get some feedback from her as well.

215

00:12:19,000 --> 00:12:22,000

Well, before we leave,

216

00:12:22,000 --> 00:12:25,000

do you mind showing us kind of out here

217

00:12:25,000 --> 00:12:28,000

where that object was relatively in the sky,

218

00:12:28,000 --> 00:12:31,000

where it came in and checked some stuff out?

219

00:12:31,000 --> 00:12:32,000

Sure, we bet.

220

00:12:34,000 --> 00:12:38,000

Could you point out to us from the top of the mountain

221

00:12:38,000 --> 00:12:41,000

to where it traveled to into the water?

222

00:12:41,000 --> 00:12:44,000

We could see it actually rise up from behind the mountain,

223

00:12:44,000 --> 00:12:48,000

and when it was at least two, three hundred feet above the mountain,

224

00:12:48,000 --> 00:12:50,000

it just hovered for a while.

225

00:12:50,000 --> 00:12:51,000

Okay.

226

00:12:51,000 --> 00:12:54,000

And then it went straight down and under the water over here.

227

00:12:58,000 --> 00:13:02,000

Is there something that's unique about this lake,

228

00:13:02,000 --> 00:13:06,000

like a mineral composition, something about the water?

229

00:13:06,000 --> 00:13:09,000

I think the main interest that the UFOs would have in here

230

00:13:09,000 --> 00:13:13,000

would be the submarine testing that's done out of the Navy base

231

00:13:13,000 --> 00:13:17,000

in the lower section where the lake is over a thousand feet deep.

232

00:13:19,000 --> 00:13:22,000

The Navy has denied countless requests to find out

233

00:13:22,000 --> 00:13:25,000

what might be hiding in the murky depths of Lake Ponderay,

234

00:13:25,000 --> 00:13:28,000

but Ben has another idea.

235

00:13:28,000 --> 00:13:31,000

Well, I think what I might do is go grab the drone

236

00:13:31,000 --> 00:13:34,000

and just kind of fly out over that area.

237

00:13:34,000 --> 00:13:36,000

So why don't you go inside and get warmed up

238

00:13:36,000 --> 00:13:38,000

and I'll go grab the drone.

239

00:13:38,000 --> 00:13:39,000

All right.

240

00:13:39,000 --> 00:13:40,000

All right.

241

00:13:42,000 --> 00:13:43,000

All right, you ready?

242

00:13:43,000 --> 00:13:44,000

I'm ready.

243

00:13:45,000 --> 00:13:47,000

Just do a quick little systems check.

244

00:13:47,000 --> 00:13:48,000

Make sure.

245

00:14:00,000 --> 00:14:03,000

When you're looking at it from the perspective of a craft,

246

00:14:03,000 --> 00:14:04,000

it's high up there.

247

00:14:04,000 --> 00:14:07,000

If you were flying around and we're new to the area,

248

00:14:07,000 --> 00:14:09,000

why would you come right to here?

249

00:14:09,000 --> 00:14:10,000

Yeah.

250

00:14:10,000 --> 00:14:13,000

I think that there's something we haven't figured out.

251

00:14:14,000 --> 00:14:16,000

Can you see anything?

252

00:14:16,000 --> 00:14:17,000

No.

253

00:14:19,000 --> 00:14:21,000

Although there's a weird track out there.

254

00:14:24,000 --> 00:14:26,000

Is this just an anomaly in the ice formation

255

00:14:26,000 --> 00:14:30,000

or the entry point to something otherworldly?

256

00:14:33,000 --> 00:14:35,000

We're barely scratching the surface here.

257

00:14:35,000 --> 00:14:41,000

Like, there's the military component on the other side of the lake.

258

00:14:41,000 --> 00:14:43,000

Maybe there's something they're hiding.

259

00:14:43,000 --> 00:14:45,000

I'm glad that Dale gave us so much information though

260

00:14:45,000 --> 00:14:48,000

because it sounds like this intrafamilial thing

261

00:14:48,000 --> 00:14:50,000

in relationship might be a new lead

262

00:14:50,000 --> 00:14:53,000

and maybe start now with her daughter.

263

00:14:53,000 --> 00:14:55,000

Let's go talk to Carolyn.

264

00:14:57,000 --> 00:14:59,000

I didn't actually know what to expect with Dale Snipes.

265

00:14:59,000 --> 00:15:02,000

She reached out to us with a really amazing story,

266

00:15:02,000 --> 00:15:05,000

but we opened Pandora's box.

267

00:15:05,000 --> 00:15:07,000

This being scared her so much

268

00:15:07,000 --> 00:15:12,000

that she literally dug her nails into her husband's arm

269

00:15:12,000 --> 00:15:14,000

trying to wake him up.

270

00:15:14,000 --> 00:15:16,000

We're just in the beginning.

271

00:15:16,000 --> 00:15:18,000

Like many people in this region,

272

00:15:18,000 --> 00:15:23,000

Dale's daughter Carolyn has also reported encounters with the star people.

273

00:15:23,000 --> 00:15:26,000

Is she in danger of being abducted as well?

274

00:15:26,000 --> 00:15:29,000

Well, now, I mean with her family,

275

00:15:29,000 --> 00:15:33,000

saying that just about everyone who's had experiences,

276

00:15:33,000 --> 00:15:36,000

Carolyn seems to be,

277

00:15:36,000 --> 00:15:39,000

I think the best choice to start with.

278

00:15:39,000 --> 00:15:41,000

It's interesting to hear her perspective.

279

00:15:41,000 --> 00:15:43,000

What does she think is going on?

280

00:15:43,000 --> 00:15:46,000

You know, she's living in this area too.

281

00:15:46,000 --> 00:15:48,000

How does she feel about it?

282

00:15:50,000 --> 00:15:53,000

From the minute Ben and Melissa pull up to Carolyn's property,

283

00:15:53,000 --> 00:15:57,000

things are already very strange and disturbing.

284

00:15:59,000 --> 00:16:01,000

Why are there dead animals everywhere?

285

00:16:01,000 --> 00:16:04,000

Nobody knows. It doesn't make sense. It's weird.

286

00:16:05,000 --> 00:16:07,000

Look, they look like somebody just put those animals there.

287

00:16:07,000 --> 00:16:10,000

It does, but they're frozen dead, solid.

288

00:16:10,000 --> 00:16:14,000

There's a fiber at the end, and it looks like I see two deer ears.

289

00:16:14,000 --> 00:16:16,000

It's weird.

290

00:16:19,000 --> 00:16:21,000

Is this normal?

291

00:16:21,000 --> 00:16:23,000

It doesn't make any sense to me.

292

00:16:25,000 --> 00:16:27,000

Is this suspicious?

293

00:16:27,000 --> 00:16:29,000

Yeah.

294

00:16:35,000 --> 00:16:37,000

Must be Carolyn.

295

00:16:37,000 --> 00:16:39,000

Yep.

296

00:16:39,000 --> 00:16:43,000

Carolyn, we had such an amazing conversation with your mom,

297

00:16:43,000 --> 00:16:46,000

and we figured this was the next step in our investigation.

298

00:16:46,000 --> 00:16:50,000

Yeah, so she says that basically the whole family, cousins,

299

00:16:50,000 --> 00:16:53,000

her children being you, you've had sightings,

300

00:16:53,000 --> 00:16:55,000

and different events happen.

301

00:16:57,000 --> 00:17:01,000

I spotted something coming across the mountains back here.

302

00:17:01,000 --> 00:17:04,000

Could you walk us through that whole thing?

303

00:17:12,000 --> 00:17:16,000

In the middle of the afternoon, those were a Confession game.

304

00:17:19,000 --> 00:17:21,000

I happened to spot it,

305

00:17:21,000 --> 00:17:25,000

and it was already pretty much to the north of me.

306

00:17:26,000 --> 00:17:30,000

I thought it was a meteor, but it didn't look quite right.

307

00:17:31,000 --> 00:17:34,000

Meteors usually put off mists coming off the backs.

308

00:17:34,000 --> 00:17:37,000

This was definitely a smoke trail.

309

00:17:37,000 --> 00:17:39,000

There was so much flame.

310

00:17:39,000 --> 00:17:41,000

It was just totally engulfed.

311

00:17:41,000 --> 00:17:43,000

It was rounded on the front.

312

00:17:43,000 --> 00:17:45,000

Couldn't only see a shape under,

313

00:17:45,000 --> 00:17:48,000

and it was already heading across the top part of the lake.

314

00:17:50,000 --> 00:17:54,000

I kept blank-lancing at it, and it was moving a pretty good clip.

315

00:17:54,000 --> 00:17:57,000

A little faster than I used to seeing the planes go over,

316

00:17:57,000 --> 00:17:59,000

when it looked like it was coming low.

317

00:17:59,000 --> 00:18:02,000

I decided I was just going to come on out this way and see.

318

00:18:02,000 --> 00:18:04,000

Without thinking,

319

00:18:04,000 --> 00:18:08,000

Caroline took off in pursuit of the Fireball UFO.

320

00:18:10,000 --> 00:18:13,000

The last clamps I got of it was backed that way.

321

00:18:13,000 --> 00:18:15,000

I saw it disappear behind the mountains up here,

322

00:18:15,000 --> 00:18:17,000

and I'm like, gee, I wonder.

323

00:18:22,000 --> 00:18:24,000

So I went on up there.

324

00:18:25,000 --> 00:18:28,000

As Caroline rounded the bend,

325

00:18:28,000 --> 00:18:32,000

she suddenly found herself staring down the barrel of a gun.

326

00:18:33,000 --> 00:18:38,000

There's a couple of military jeeps and four or five armed guys standing there.

327

00:18:38,000 --> 00:18:40,000

And I'm like, where do they come from?

328

00:18:40,000 --> 00:18:43,000

They weren't there 20 minutes ago.

329

00:18:43,000 --> 00:18:46,000

And I'm like, wow.

330

00:18:49,000 --> 00:18:51,000

And they just glared at me.

331

00:18:51,000 --> 00:18:54,000

And the only thing I could figure is they were following it.

332

00:18:54,000 --> 00:18:57,000

Whatever it was, they knew about it, and they were trying to follow it.

333

00:19:02,000 --> 00:19:07,000

Caroline's near-violent confrontation with an army squadron in the foothills near Pondarré

334

00:19:07,000 --> 00:19:13,000

has her convinced that the Fireball she saw in the sky was no mere meteor.

335

00:19:17,000 --> 00:19:20,000

I don't know why the military would be following a meteor if it was a meteor.

336

00:19:20,000 --> 00:19:23,000

The only thing I could figure is they were following it.

337

00:19:23,000 --> 00:19:25,000

How did that make you feel?

338

00:19:28,000 --> 00:19:30,000

Pretty freaked out.

339

00:19:32,000 --> 00:19:35,000

To this day, I have no idea what that was.

340

00:19:35,000 --> 00:19:43,000

Later on, a couple of people that I know told me that they saw a military truck flatbed come through town with something under a tarp.

341

00:19:46,000 --> 00:19:48,000

And is there a military base nearby?

342

00:19:48,000 --> 00:19:49,000

Fairchild and Spokane.

343

00:19:51,000 --> 00:19:54,000

That's still a good hour and a half.

344

00:19:54,000 --> 00:19:56,000

That's the closest one.

345

00:19:56,000 --> 00:19:58,000

So they must have been tracking it.

346

00:20:00,000 --> 00:20:05,000

Caroline's neighbors have also had recent sightings of Fireball UFOs.

347

00:20:05,000 --> 00:20:10,000

Monday night, we got home about nine o'clock, so we were out late. It was already dark.

348

00:20:12,000 --> 00:20:18,000

I happened to look up and you'd see this ball just all of a sudden lift up and move off to the side.

349

00:20:18,000 --> 00:20:25,000

At first, I thought maybe an asteroid, but then it switched eight directions.

350

00:20:26,000 --> 00:20:28,000

It didn't move regularly.

351

00:20:29,000 --> 00:20:31,000

And my stomach just dropped.

352

00:20:32,000 --> 00:20:39,000

Within 30 seconds, it went up to the 3 a.m. position and back down to the horizon.

353

00:20:40,000 --> 00:20:47,000

At one point, the light got so bright, it almost became like daylight stemming outside.

354

00:20:47,000 --> 00:20:50,000

It eclipsed the light of the moon.

355

00:20:53,000 --> 00:20:55,000

It raised the hair on my arms.

356

00:20:55,000 --> 00:21:03,000

I know at my core that there was something that wasn't human.

357

00:21:04,000 --> 00:21:11,000

You've been in this area all your life and there's tons of strange things that have been happening.

358

00:21:11,000 --> 00:21:14,000

We are on Native American land, is that correct?

359

00:21:14,000 --> 00:21:17,000

Yes. Traditionally, I am from Cherokee.

360

00:21:17,000 --> 00:21:20,000

The Kalispell are one of the main tribes.

361

00:21:20,000 --> 00:21:26,000

I was very fortunate, especially when I was a kid, to be able to talk to a couple elders.

362

00:21:27,000 --> 00:21:34,000

The Kalispell tribe has lived around Lake Pondere since at least the mid-1800s.

363

00:21:34,000 --> 00:21:39,000

Their stories of star people go back generations before that.

364

00:21:41,000 --> 00:21:48,000

The star people are often described as large head, large eyes, small nose, small mouth, no ears.

365

00:21:48,000 --> 00:21:52,000

They're really strange looking ever since the word.

366

00:21:52,000 --> 00:21:57,000

The star people is a concept often referred to by Native Americans and others.

367

00:21:57,000 --> 00:22:04,000

What I hear among Native American people, especially, about the star people is that they are horrific.

368

00:22:04,000 --> 00:22:08,000

I think they have their own agenda. They're not going to tell you what it is.

369

00:22:10,000 --> 00:22:15,000

Did the Kalispell speak about visitors from other worlds?

370

00:22:15,000 --> 00:22:22,000

One of the elders was telling me that there's the rock with the rock drawings on it in the Pondere lake.

371

00:22:22,000 --> 00:22:27,000

And they said that was a marker for a landing area.

372

00:22:28,000 --> 00:22:32,000

The star people have left signposts of their time on Earth.

373

00:22:32,000 --> 00:22:41,000

And their contactees have documented these meetings through either hieroglyphs, pictographs, or cave drawings.

374

00:22:41,000 --> 00:22:46,000

The more notable sites are Egypt and North America.

375

00:22:48,000 --> 00:22:54,000

Do you mind if we kind of maybe walk out to this road and you can kind of point in the direction of where you last saw this thing?

376

00:22:54,000 --> 00:23:00,000

Maybe if I get a drone high enough up we can get a kind of a bird's eye view of where it might have gone?

377

00:23:00,000 --> 00:23:01,000

Yeah.

378

00:23:01,000 --> 00:23:03,000

Alright, why don't you lead the way for us?

379

00:23:04,000 --> 00:23:06,000

So you were coming down that side?

380

00:23:06,000 --> 00:23:07,000

Yep.

381

00:23:07,000 --> 00:23:11,000

And then point out for me kind of the trajectory of where this object was going?

382

00:23:11,000 --> 00:23:16,000

Well, it was coming from that direction down there.

383

00:23:16,000 --> 00:23:23,000

And headed generally in that direction. That's why I came on out because it was heading in the direction toward the dam.

384

00:23:23,000 --> 00:23:26,000

This might be a good place to try and put it up here.

385

00:23:29,000 --> 00:23:30,000

Alright.

386

00:23:30,000 --> 00:23:31,000

Okay.

387

00:23:31,000 --> 00:23:36,000

Okay, so am I going in the right direction here?

388

00:23:36,000 --> 00:23:38,000

Generally, yeah.

389

00:23:38,000 --> 00:23:42,000

My altitude, we're at 300 feet.

390

00:23:42,000 --> 00:23:45,000

We're going to be right back in there.

391

00:23:45,000 --> 00:23:47,000

That's about right back in there?

392

00:23:47,000 --> 00:23:50,000

Yeah, about down the other side.

393

00:23:50,000 --> 00:23:53,000

Right on that ridge there?

394

00:23:53,000 --> 00:23:55,000

Yeah, just behind it.

395

00:23:56,000 --> 00:24:04,000

I come back down, got down to that road down there, and there's two jeeps and four armed military people.

396

00:24:04,000 --> 00:24:08,000

Some folks that live up in there, they told them to evacuate the area.

397

00:24:08,000 --> 00:24:09,000

Wow.

398

00:24:09,000 --> 00:24:12,000

So something was definitely up there.

399

00:24:12,000 --> 00:24:15,000

And they were really mad because they kept them out of there for three days.

400

00:24:15,000 --> 00:24:16,000

For three days?

401

00:24:16,000 --> 00:24:17,000

Yep.

402

00:24:17,000 --> 00:24:20,000

Yeah, so I don't know what the heck's going on, what's going on up there.

403

00:24:21,000 --> 00:24:22,000

Alright.

404

00:24:23,000 --> 00:24:31,000

Could the rock drawings be ancient proof of the existence of star people piloting fireball UFOs in the region?

405

00:24:31,000 --> 00:24:35,000

Carolyn's neighbor owns the land that holds the rock drawings.

406

00:24:35,000 --> 00:24:39,000

She arranges for him to lead Ben and Melissa to them.

407

00:24:40,000 --> 00:24:42,000

Hey, Byron.

408

00:24:42,000 --> 00:24:43,000

Byron, yep.

409

00:24:43,000 --> 00:24:45,000

Ben, nice to meet you.

410

00:24:45,000 --> 00:24:46,000

Hi, Melissa.

411

00:24:46,000 --> 00:24:47,000

Nice to meet you, Melissa.

412

00:24:47,000 --> 00:24:50,000

So, is this land been in your family for quite a while?

413

00:24:50,000 --> 00:24:51,000

Yes, it has.

414

00:24:51,000 --> 00:24:53,000

We're the third generation.

415

00:24:53,000 --> 00:24:55,000

Our family's been here for over 125 years.

416

00:24:55,000 --> 00:24:58,000

So they've known about the Petroclips for all that time?

417

00:24:58,000 --> 00:24:59,000

Oh, yeah.

418

00:24:59,000 --> 00:25:04,000

Okay, well it looks like the sun is just about set, so we have a window of time to get out there.

419

00:25:04,000 --> 00:25:06,000

Do you want to lead the way?

420

00:25:06,000 --> 00:25:07,000

Sure.

421

00:25:07,000 --> 00:25:08,000

We'll just go this way.

422

00:25:11,000 --> 00:25:12,000

Alice Bell.

423

00:25:12,000 --> 00:25:16,000

The Indians would camp here all summer, and then they would go back down the river.

424

00:25:17,000 --> 00:25:20,000

Is this a more secluded part of the lake?

425

00:25:20,000 --> 00:25:21,000

Yes.

426

00:25:22,000 --> 00:25:26,000

The only access out to the Petroclips is by water.

427

00:25:26,000 --> 00:25:30,000

Unless you come this way, there's no public access to it.

428

00:25:31,000 --> 00:25:35,000

The Petroglyphs lie at the top of a mountain overlooking Lake Ponderay.

429

00:25:35,000 --> 00:25:43,000

Byron guides Ben and Melissa through a remote path that few are able to access due to the treacherous terrain.

430

00:25:43,000 --> 00:25:50,000

But there's a lot of people that come looking for them and never see them, because they're not sure what they're looking for.

431

00:25:50,000 --> 00:25:53,000

Finally, they reach their destination.

432

00:25:53,000 --> 00:25:56,000

Down there in that gray, you see that two lines?

433

00:25:56,000 --> 00:25:58,000

Oh, right there.

434

00:26:00,000 --> 00:26:02,000

Oh!

435

00:26:04,000 --> 00:26:11,000

Could this thousand-year-old etching reveal the key to the star people and Fireball UFO's presence?

436

00:26:13,000 --> 00:26:16,000

They're right here on this rock face here.

437

00:26:16,000 --> 00:26:19,000

So I can see down here pretty clearly.

438

00:26:19,000 --> 00:26:23,000

They almost look like spacecraft or some of the craft we've seen.

439

00:26:27,000 --> 00:26:34,000

Lycan grows less than one millimeter per year, which means these glyphs are hundreds, if not thousands, of years old.

440

00:26:34,000 --> 00:26:42,000

Were the callus bells seeing UFOs in the sky here centuries ago, and then carving their likeness into the rock?

441

00:26:43,000 --> 00:26:46,000

They're a lot bigger than I thought they would be.

442

00:26:46,000 --> 00:26:51,000

It seems pretty consistent. The whole wall is just covered with them.

443

00:26:51,000 --> 00:26:53,000

Yeah.

444

00:26:54,000 --> 00:26:58,000

What do you remember the stories behind these petrocliffs?

445

00:26:58,000 --> 00:27:03,000

The Native Americans came here, traveled in from the callus bell area, and some were here.

446

00:27:03,000 --> 00:27:10,000

So how many generations did it take? Was it in 10 years or was it in 300 years?

447

00:27:10,000 --> 00:27:16,000

Well, it was obviously a point of real significance for them to keep coming back here.

448

00:27:16,000 --> 00:27:24,000

If you think of a lot of these involving extraterrestrials, this is an important site for them.

449

00:27:24,000 --> 00:27:28,000

Or maybe interacting with man, and this was kind of the point.

450

00:27:28,000 --> 00:27:36,000

You know, I always think that these places all over the world that are either temples or pyramids or special places that have markings,

451

00:27:36,000 --> 00:27:43,000

something happened here, and they're marking it, and they want generations to come back and understand what happened.

452

00:27:43,000 --> 00:27:49,000

Like, they want it to be found. I mean, it's a prominent place. It's on the shores of the lake.

453

00:27:49,000 --> 00:27:55,000

The petroglyphs suggest the callus bell have had long-standing contact with the star people.

454

00:27:55,000 --> 00:28:00,000

Could this site commemorate a historic moment in their relationship?

455

00:28:00,000 --> 00:28:04,000

You lived here most of your life. Do you find this place to be unique?

456

00:28:04,000 --> 00:28:06,000

There's no place else like this.

457

00:28:06,000 --> 00:28:07,000

Uh-huh.

458

00:28:07,000 --> 00:28:13,000

After you spoke to Carolyn, it seemed like a good idea to physically come out here and see these petroglyphs.

459

00:28:13,000 --> 00:28:19,000

For some reason, this spot was a point of interest and importance to the Native Americans.

460

00:28:19,000 --> 00:28:27,000

And I think if there was anything strange, they wanted to be able to maybe record a history of whatever took place there.

461

00:28:28,000 --> 00:28:32,000

The ancient etchings have led to more questions.

462

00:28:32,000 --> 00:28:38,000

Ben and Melissa decide to pay a visit to the local historical society.

463

00:28:38,000 --> 00:28:43,000

Those pictographs, like, what's been happening here?

464

00:28:43,000 --> 00:28:45,000

Gosh, I guess anything is possible.

465

00:28:45,000 --> 00:28:50,000

I feel like the historical society is really going to give us that back where we keep asking people about.

466

00:28:50,000 --> 00:28:51,000

Uh-huh.

467

00:28:51,000 --> 00:28:55,000

There's all this evidence of everything that we've talked about so far, right?

468

00:28:55,000 --> 00:28:59,000

Dale's story, Carolyn's story, those carvings in the stone.

469

00:28:59,000 --> 00:29:02,000

All these things, hopefully, have been documented by other people.

470

00:29:02,000 --> 00:29:07,000

Maybe we could kind of go through the archives there and see what they've got.

471

00:29:07,000 --> 00:29:12,000

Then shed some light on what's been happening here.

472

00:29:12,000 --> 00:29:15,000

There it is, historic society.

473

00:29:22,000 --> 00:29:30,000

With the help of director Heather Upton, Ben scours the archives for background on the petroglyphs.

474

00:29:30,000 --> 00:29:33,000

Here's some files here.

475

00:29:33,000 --> 00:29:37,000

I've pulled the petroglyphs, documents that we have.

476

00:29:37,000 --> 00:29:41,000

Apparently, there's seven different sites of these petroglyphs.

477

00:29:41,000 --> 00:29:42,000

Cool.

478

00:29:42,000 --> 00:29:44,000

That's awesome.

479

00:29:45,000 --> 00:29:50,000

And also, not two showing rock writing.

480

00:29:50,000 --> 00:29:54,000

I'm looking for a definition of what the symbols might mean, you know?

481

00:29:54,000 --> 00:29:56,000

There's no accurate way to interpret them.

482

00:29:56,000 --> 00:29:59,000

10,000 to 13,000 years old.

483

00:29:59,000 --> 00:30:01,000

This is good. I need this.

484

00:30:01,000 --> 00:30:05,000

I think I should pull some maps out for you as well.

485

00:30:05,000 --> 00:30:07,000

What's this?

486

00:30:07,000 --> 00:30:12,000

Heather has uncovered a map that could change the course of the investigation.

487

00:30:12,000 --> 00:30:14,000

Everyone needs a mystery map.

488

00:30:14,000 --> 00:30:16,000

There's a little guide here for the sightings.

489

00:30:16,000 --> 00:30:22,000

So, for the blue, it's all like the weird unexplainable action that happened on like Pondray.

490

00:30:22,000 --> 00:30:24,000

Like UFO sightings?

491

00:30:24,000 --> 00:30:25,000

Yeah.

492

00:30:25,000 --> 00:30:29,000

Actually, most of it was from the calisthenics.

493

00:30:29,000 --> 00:30:36,000

The lost map appears to show UFO sightings documented by locals over the decades.

494

00:30:37,000 --> 00:30:44,000

While Ben examines the map, the historical society connects Melissa to Sonia Grace,

495

00:30:44,000 --> 00:30:50,000

an indigenous scholar and UFO researcher of Choctaw and Cherokee descent.

496

00:30:51,000 --> 00:30:55,000

Hey, Sonia. Thanks for taking the time to speak with me today.

497

00:30:55,000 --> 00:31:04,000

I really want to understand, could there have been experiences with UFOs and other worldly beings going on for thousands of years here?

498

00:31:04,000 --> 00:31:13,000

I will say that Native American people across the country have experienced UFOs and aliens.

499

00:31:15,000 --> 00:31:24,000

Where you are, I found that there is a group of aliens that have visited that part of Idaho for a long time.

500

00:31:24,000 --> 00:31:29,000

The Calisbell people called those little beings star seekers.

501

00:31:30,000 --> 00:31:31,000

Interesting.

502

00:31:31,000 --> 00:31:39,000

There are these small white alien beings that have been visiting there since 10,000 years ago.

503

00:31:39,000 --> 00:31:45,000

That's really interesting that they would call themselves star seekers. You've heard of star people, right?

504

00:31:45,000 --> 00:31:51,000

It's the same idea, right? Star people, star beings, star seeker.

505

00:31:51,000 --> 00:31:58,000

Sonia's description of the star seekers is eerily similar to the beings Dale encountered.

506

00:31:58,000 --> 00:32:02,000

What do you think their motivation is? I mean, they don't sound friendly.

507

00:32:02,000 --> 00:32:08,000

I believe some of them actually are trying to take over. They have an agenda.

508

00:32:08,000 --> 00:32:14,000

They want water. They want resources. They lost their planet. They're losing their people.

509

00:32:14,000 --> 00:32:19,000

They need to regenerate. They want to create hybrids.

510

00:32:19,000 --> 00:32:28,000

If what Sonia is saying is true, could it be possible that the star people are abducting humans as part of a human alien hybridization program?

511

00:32:28,000 --> 00:32:35,000

There are aliens infiltrating planet Earth right now more than ever.

512

00:32:35,000 --> 00:32:44,000

Do we understand all their technology? Absolutely not. Are they much more advanced than we are? Yes, they are.

513

00:32:44,000 --> 00:32:55,000

You know, it's weird because when I'm here, I feel like something is watching us always. It's a very strange feeling.

514

00:32:55,000 --> 00:33:05,000

What people are experiencing, Melissa, where you are and in many parts of the world is a very strong alien presence.

515

00:33:05,000 --> 00:33:13,000

On my reservation, we see these glowing orbs of light every night.

516

00:33:13,000 --> 00:33:23,000

According to tribal accounts, star people sightings have nearly doubled in the last 50 years.

517

00:33:23,000 --> 00:33:33,000

There's enough UFO sightings every day that it cannot be ignored. And we all need to be very conscious of this.

518

00:33:33,000 --> 00:33:40,000

Are the people of Northern Idaho in danger of being abducted like Jerry Julian and Dale and Carolyn Snipes?

519

00:33:40,000 --> 00:33:47,000

What'd you find? A lot. Looks like it. How did your call go?

520

00:33:47,000 --> 00:33:59,000

So Sonya believes that otherworldly beings, lights, she called them star seekers, have been in touch in this area for 10,000 years.

521

00:33:59,000 --> 00:34:06,000

Well, that's interesting because when I pull out some stuff about the petroglyphs, they could be up to 10,000 years old, they said.

522

00:34:06,000 --> 00:34:13,000

The scope of activity has inspired Ben to dig deeper. What he's uncovered is shocking.

523

00:34:13,000 --> 00:34:20,000

Then we have the sightings. There's so many. I didn't realize how many there have actually been.

524

00:34:20,000 --> 00:34:24,000

Heather finds this map. It's actually labeled a mystery map.

525

00:34:24,000 --> 00:34:28,000

Oddly enough, there's a sighting map.

526

00:34:28,000 --> 00:34:39,000

The map shows the region's numerous UFO sightings, but Ben has found articles of encounters with fireball UFOs that shed more light on their nature.

527

00:34:39,000 --> 00:34:45,000

Let me show you the mysteries involved here. December 5, 1948.

528

00:34:53,000 --> 00:35:02,000

On a routine flight from Fairchild Air Force Base in Spokane, the pilot had a close call that almost cost him his life.

529

00:35:02,000 --> 00:35:07,000

The authorities recorded the pilot's account of events.

530

00:35:07,000 --> 00:35:18,000

It was a normal flight, but then I saw, I don't know, this large ball of fire flashing across the sky.

531

00:35:18,000 --> 00:35:23,000

Fireball. We get that description a lot.

532

00:35:23,000 --> 00:35:34,000

At first, I thought it was a meteor, and I radioed it in, but then it did the damndest thing. It started moving upward.

533

00:35:35,000 --> 00:35:42,000

I'm telling you, my blood ran cold. I didn't know what I was looking at.

534

00:35:42,000 --> 00:35:49,000

Then, my head started ringing. It hurt like hell. I thought I was gonna die.

535

00:35:49,000 --> 00:35:55,000

I never seen anything move like the fireball in front of me.

536

00:35:55,000 --> 00:36:01,000

Then, all of a sudden, it just disappeared.

537

00:36:04,000 --> 00:36:12,000

Radio control operators state that not moments before a second sighting was reported by a nearby pioneer commercial airline.

538

00:36:14,000 --> 00:36:20,000

We were flying to Seattle when I saw a shooting star right in front of us.

539

00:36:20,000 --> 00:36:27,000

Bright light washed over the cockpit, and it changed from one to green.

540

00:36:28,000 --> 00:36:34,000

It started moving right in front of us. We were on a collision course.

541

00:36:43,000 --> 00:36:47,000

At the last minute, I tried to change course.

542

00:36:47,000 --> 00:36:53,000

It was as if the pilot of the craft had seen us and wanted to avoid us.

543

00:36:53,000 --> 00:37:00,000

It pulled up with a tremendous burst of flame out of its rear and zoomed up into the clouds.

544

00:37:00,000 --> 00:37:05,000

When the UFO moved from one place to another, it left a vapor.

545

00:37:05,000 --> 00:37:08,000

Remember what Carolyn said? It was a smoke.

546

00:37:08,000 --> 00:37:13,000

Yeah, that's really strange. Considering that, instance is on the front page.

547

00:37:13,000 --> 00:37:21,000

Both pilots were later contacted and interviewed about the incident by, oh, look at this, quote, intelligence officers

548

00:37:21,000 --> 00:37:24,000

who didn't identify themselves.

549

00:37:24,000 --> 00:37:27,000

But the sightings didn't stop there.

550

00:37:27,000 --> 00:37:32,000

Going through the 70s, there are so many UFO sightings.

551

00:37:32,000 --> 00:37:41,000

Well, in the 79, dozens of persons, including several law enforcement officials reported seeing four to six unidentified flying objects.

552

00:37:41,000 --> 00:37:47,000

Other individuals who contacted law enforcement reported seeing fire trails move easterly,

553

00:37:47,000 --> 00:37:50,000

adding that it appeared to travel at a high rate of speed.

554

00:37:50,000 --> 00:37:56,000

It crossed about 10 miles in 40 seconds before it receded.

555

00:37:56,000 --> 00:38:03,000

Wow. This is right in that area where they were seeing all of this stuff, whether it was over the lake or in town.

556

00:38:03,000 --> 00:38:08,000

Well, it's such a unique area. I think we've got a wealth of information.

557

00:38:08,000 --> 00:38:11,000

I think we're just at the tip of the iceberg.

558

00:38:11,000 --> 00:38:12,000

Absolutely.

559

00:38:12,000 --> 00:38:14,000

There's so much going on here.

560

00:38:15,000 --> 00:38:23,000

Based on the map Ben found, a high concentration of sightings happened on and around Caroline Abbott's property.

561

00:38:23,000 --> 00:38:31,000

Ben and I decide that the best thing to do right now is to drive up to Caroline's property, where all of this seems to happen.

562

00:38:31,000 --> 00:38:37,000

One of the theorized signs of UFO activity is high levels of radiation.

563

00:38:37,000 --> 00:38:44,000

If Ben and Melissa find elevated radiation levels on Caroline's farm, it could be a break in the case.

564

00:38:44,000 --> 00:38:45,000

Hi.

565

00:38:45,000 --> 00:38:46,000

Hi.

566

00:38:46,000 --> 00:38:50,000

I hope you don't mind, but we have some more questions for you.

567

00:38:50,000 --> 00:38:51,000

No, not a problem.

568

00:38:51,000 --> 00:38:56,000

We're wondering if there have been any signs of increased radiation here at the farm.

569

00:38:56,000 --> 00:39:01,000

So have any of the animals that you've rescued come back with any weird tumors or cancerous?

570

00:39:02,000 --> 00:39:07,000

We've been having a lot more odd tumors showing up, aggressive tumors.

571

00:39:07,000 --> 00:39:09,000

How quickly does it appear?

572

00:39:09,000 --> 00:39:11,000

Just in about a week's.

573

00:39:11,000 --> 00:39:12,000

Really?

574

00:39:12,000 --> 00:39:17,000

Yeah, I mean I've never had this problem. I've been farming and dealing with animals my whole life.

575

00:39:17,000 --> 00:39:21,000

What I'd like to do is just kind of do a general survey of the property.

576

00:39:21,000 --> 00:39:24,000

We've got a Geiger counter, so look for radiation levels.

577

00:39:24,000 --> 00:39:29,000

Let's also grab the EMF meter and maybe take some soil samples.

578

00:39:29,000 --> 00:39:30,000

Great.

579

00:39:30,000 --> 00:39:33,000

There we go. Come on. Jojo, come on.

580

00:39:33,000 --> 00:39:42,000

Ben has a Geiger counter. He's going to go around the property and I'm going to kind of follow him with an EMF meter and see if I can get any residue of radiation.

581

00:39:42,000 --> 00:39:49,000

UFO experts have long believed that lingering radiation from alien craft could be to blame.

582

00:39:49,000 --> 00:39:51,000

Okay, I'm up and running.

583

00:39:51,000 --> 00:39:53,000

I'm up and running.

584

00:39:53,000 --> 00:39:55,000

Which direction do you want to go?

585

00:39:55,000 --> 00:39:59,000

Let's round the barn this way.

586

00:39:59,000 --> 00:40:07,000

Crew, if you guys back off just a little bit so that wireless and our mics are minimally affecting that, then that would be good.

587

00:40:07,000 --> 00:40:10,000

Look at the long lens and stuff, if they go deeper.

588

00:40:10,000 --> 00:40:12,000

Let's go this way.

589

00:40:14,000 --> 00:40:16,000

This place kind of gives me the creeps.

590

00:40:16,000 --> 00:40:23,000

Ben and Melissa sweep the farm, searching for any abnormal radiation levels or electronic activity.

591

00:40:23,000 --> 00:40:32,000

If the Geiger counter or EMF detects anything, it could mean Carolyn's property is a hotspot for returning visitors.

592

00:40:32,000 --> 00:40:38,000

Okay, so far I'm in normal radiation background range.

593

00:40:38,000 --> 00:40:42,000

It's like 0.14 which is very normal.

594

00:40:46,000 --> 00:40:49,000

This work, it's really thick back in here.

595

00:40:54,000 --> 00:40:58,000

I'm picking up something here.

596

00:40:58,000 --> 00:41:04,000

As Melissa gets closer to the barn, she continues to get unusually high readings.

597

00:41:08,000 --> 00:41:11,000

I get these weird jumps over here.

598

00:41:11,000 --> 00:41:13,000

Oh my god.

599

00:41:14,000 --> 00:41:25,000

The radiation levels on Carolyn's property only seem to be getting stronger.

600

00:41:29,000 --> 00:41:32,000

I don't know if there's something by the barn.

601

00:41:32,000 --> 00:41:36,000

Ben's Geiger counter is starting to hit too.

602

00:41:44,000 --> 00:41:50,000

I've got something here.

603

00:41:50,000 --> 00:41:53,000

This would be a good place to take a soil sample.

604

00:41:53,000 --> 00:41:54,000

Okay.

605

00:41:54,000 --> 00:41:55,000

You want to drill?

606

00:41:55,000 --> 00:41:56,000

Yep.

607

00:42:01,000 --> 00:42:02,000

Okay, ready?

608

00:42:02,000 --> 00:42:03,000

Yep.

609

00:42:08,000 --> 00:42:09,000

There you go.

610

00:42:09,000 --> 00:42:10,000

Okay, one more.

611

00:42:10,000 --> 00:42:11,000

Let's fill it up.

612

00:42:14,000 --> 00:42:18,000

I don't know if there is something to do with the ground and the area.

613

00:42:18,000 --> 00:42:23,000

Is it just the farm specifically or is it this whole area or is it all of the northern part of Idaho?

614

00:42:23,000 --> 00:42:26,000

So we have two samples from this area.

615

00:42:26,000 --> 00:42:29,000

Okay, well I think this is about all we can do here.

616

00:42:29,000 --> 00:42:30,000

A lot of animals.

617

00:42:30,000 --> 00:42:34,000

I think it's highly unusual that there's so many animals.

618

00:42:34,000 --> 00:42:36,000

Especially so fast.

619

00:42:36,000 --> 00:42:40,000

Right, she did say geologically this is a really unique area.

620

00:42:40,000 --> 00:42:42,000

It would be interesting to see what that is.

621

00:42:42,000 --> 00:42:46,000

And the radiation would be dangerous for humans as well.

622

00:42:46,000 --> 00:42:53,000

Ben and Melissa will send the samples to a lab to test for radiation and unusual chemical

composition.

623

00:42:53,000 --> 00:42:55,000

I hope we can find answers for you.

624

00:42:55,000 --> 00:42:57,000

Well let's keep in touch, okay?

625

00:42:57,000 --> 00:42:58,000

Okay, let's go.

626

00:42:58,000 --> 00:43:01,000

Thank you so much for your time and for showing us around.

627

00:43:01,000 --> 00:43:02,000

You betcha.

628

00:43:03,000 --> 00:43:10,000

The frequency of sightings in Sand Point, Idaho indicate historic levels of visitations.

629

00:43:10,000 --> 00:43:15,000

And the soil results confirm higher than average radiation levels.

630

00:43:18,000 --> 00:43:22,000

Soil samples will show something that is causing an effect on the animals.

631

00:43:22,000 --> 00:43:27,000

Is that because the people and the animals are being visited by these other worldly beings

632

00:43:27,000 --> 00:43:30,000

and they're getting sick from the radiation of the visitations?

633

00:43:30,000 --> 00:43:36,000

Not only are the animals on Carolyn's farm getting sick at an above average rate,

634

00:43:36,000 --> 00:43:41,000

cancer rates for humans in this area are higher than the rest of the state.

635

00:43:41,000 --> 00:43:46,000

Could this be due to increased radiation from the fireball UFO?

636

00:43:46,000 --> 00:43:53,000

I think we can walk away with this saying that we have observed a definite pattern happening, right?

637

00:43:53,000 --> 00:43:56,000

The fireball phenomena is common here.

638

00:43:56,000 --> 00:43:57,000

Right.

639

00:43:57,000 --> 00:44:03,000

Indigenous cultures, you know, from thousands of years calling the beings that have been coming here to start people.

640

00:44:03,000 --> 00:44:05,000

What could they want with this area?

641

00:44:05,000 --> 00:44:09,000

I almost feel like we have more questions than any of them.

642

00:44:09,000 --> 00:44:13,000

There is something that seems like generational, you know, going on in the sightings,

643

00:44:13,000 --> 00:44:17,000

because this has been going on perhaps for thousands of years.

644

00:44:17,000 --> 00:44:23,000

Ben and Melissa have uncovered accounts of shapeshifters by our military facilities.

645

00:44:23,000 --> 00:44:28,000

Glowing orbs over New England, USO's off Southern California,

646

00:44:28,000 --> 00:44:33,000

and now fireballs on the Northwest with different types of fireballs.

647

00:44:33,000 --> 00:44:40,000

Next on UFO Witness, Ben and Melissa's investigation points to claims of a massive alien plot of human experimentation.

648

00:44:40,000 --> 00:44:44,000

It passed over us, just radiating this bright white light.

649

00:44:44,000 --> 00:44:48,000

That was definitely not anything I've ever seen.

650

00:44:48,000 --> 00:44:51,000

I think we can go back to the beginning of the war,

651

00:44:51,000 --> 00:44:57,000

and we can see that there is a huge difference in the number of people that have been coming here.

652

00:44:57,000 --> 00:45:01,000

It passed over us, just radiating this bright white light.

653

00:45:01,000 --> 00:45:04,000

That was definitely not anything I've ever seen.

654

00:45:04,000 --> 00:45:12,000

And witnesses point to advanced tic-tac ships and a cold and calculating race of aliens known as the Greys.

655

00:45:12,000 --> 00:45:16,000

I was being used as an incubator.

656

00:45:16,000 --> 00:45:20,000

Why would aliens experiment on humans?

657

00:45:20,000 --> 00:45:24,000

There's no fetus, there's no nothing.

658

00:45:57,000 --> 00:46:00,000

you
