

1

00:00:00,000 --> 00:00:07,000

Previously on UFO Witness, an investigation into tic-tac-shape UFOs over Colorado.

2

00:00:08,000 --> 00:00:12,000

We saw this very small bead of life.

3

00:00:12,000 --> 00:00:18,000

Connected a sinister alien-human hybrid program to the gray alien species.

4

00:00:18,000 --> 00:00:22,000

I was being used as an incubator.

5

00:00:23,000 --> 00:00:28,000

Are numerous alien species carving out the regions of the United States?

6

00:00:28,000 --> 00:00:32,000

Are we in danger of playing host to an intergalactic war?

7

00:00:34,000 --> 00:00:39,000

Now, cube-shaped UFOs fill the skies above the Midwest.

8

00:00:39,000 --> 00:00:42,000

It looked like a solid metal cube.

9

00:00:42,000 --> 00:00:46,000

And strange Nordic aliens are said to claim the Ozarks.

10

00:00:46,000 --> 00:00:51,000

We're dealing with an intelligence that's out here, and it's always one step ahead of us.

11

00:00:52,000 --> 00:00:56,000

Could mystifying interdimensional portals be their entry point?

12

00:00:56,000 --> 00:00:58,000

Shoot, what's going on?

13

00:00:58,000 --> 00:01:00,000

Ben, are you okay?

14

00:01:00,000 --> 00:01:01,000

It's hovering.

15

00:01:01,000 --> 00:01:03,000

Something out here is watching people.

16

00:01:04,000 --> 00:01:05,000

That's creepy.

17

00:01:23,000 --> 00:01:25,000

Missouri is such a unique state, right?

18

00:01:25,000 --> 00:01:29,000

Yeah, I mean, you have a large part of the Ozark mountain range.

19

00:01:29,000 --> 00:01:37,000

They're very hilly, a lot of dense woods and things like that, where people have had some crazy sightings.

20

00:01:38,000 --> 00:01:46,000

From strange lights in the woods to bigfoot sightings, this region has long been an epicenter of abnormal activity.

21

00:01:47,000 --> 00:01:50,000

We're talking about an area that's pretty mysterious.

22

00:01:50,000 --> 00:01:54,000

There's a lot of kind of unknown with the Ozarks.

23

00:01:54,000 --> 00:02:03,000

Ben and Melissa are on a mission to uncover claims of an alien hybrid program in Missouri, similar to the one reported in Colorado.

24

00:02:04,000 --> 00:02:08,000

They're part human, as well as part alien.

25

00:02:08,000 --> 00:02:18,000

The purpose of those abductions was to be taken into this hybridization program that the grays have been facilitating.

26

00:02:18,000 --> 00:02:22,000

Do the gray aliens have another program active in the Ozarks?

27

00:02:23,000 --> 00:02:26,000

Or is another species experimenting with hybrids?

28

00:02:37,000 --> 00:02:42,000

So going to see this witness, she has a really interesting story.

29

00:02:42,000 --> 00:02:45,000

It happens in an area where a lot of people have had experiences.

30

00:02:45,000 --> 00:02:51,000

And she's still terrified and she just wants it to stop. She wants it to go away.

31

00:02:52,000 --> 00:03:01,000

Ben and Melissa are meeting Jean Walker, who believes she spent most of her life as an unwilling participant in human alien experimentation.

32

00:03:03,000 --> 00:03:04,000

Thanks for having us.

33

00:03:04,000 --> 00:03:05,000

My pleasure.

34

00:03:05,000 --> 00:03:08,000

So I heard that you've had a lot of encounters.

35

00:03:08,000 --> 00:03:10,000

Yeah, I've got lots of stories.

36

00:03:10,000 --> 00:03:17,000

It was a slow process that I started remembering and putting together all the things that had happened to me.

37

00:03:17,000 --> 00:03:20,000

Tell us about the first experience that you had.

38

00:03:21,000 --> 00:03:25,000

First time I was at that eight or nine.

39

00:03:25,000 --> 00:03:45,000

Jean remembers a day playing outside when suddenly she became aware of her presence.

40

00:03:55,000 --> 00:04:06,000

I remember this silver man I called him, shiny man.

41

00:04:09,000 --> 00:04:16,000

I would see him and he would be hiding, sometimes behind trees or the barn usually.

42

00:04:17,000 --> 00:04:23,000

And I'd get scared. I'd see him. He'd be hiding and watching me all around.

43

00:04:23,000 --> 00:04:28,000

Despite her terror, Jean found herself pulled towards the entity.

44

00:04:41,000 --> 00:04:43,000

When the silver man vanished.

45

00:04:44,000 --> 00:04:50,000

Based on Jean's description, could this have been a species of alien known as the Nordics?

46

00:04:54,000 --> 00:05:01,000

The Nordic alien is absolutely beautiful, blond haired, large blue eyes.

47

00:05:02,000 --> 00:05:05,000

And their interest is genetic manipulation.

48

00:05:05,000 --> 00:05:12,000

And the end game, in my opinion, is to allow us to make ourselves useless.

49

00:05:12,000 --> 00:05:18,000

In other words, created an artificial intelligence and it literally puts you out of business.

50

00:05:19,000 --> 00:05:24,000

I got so scared because they were watching me all the time.

51

00:05:24,000 --> 00:05:29,000

And I kept telling my parents they were going to take me, but I didn't know who they were.

52

00:05:29,000 --> 00:05:32,000

I just felt like I was going to be taken.

53

00:05:33,000 --> 00:05:37,000

You said they, so was there somebody else beside the silver man?

54

00:05:37,000 --> 00:05:38,000

I think so.

55

00:05:38,000 --> 00:05:40,000

What made you think that?

56

00:05:40,000 --> 00:05:43,000

Well, because of when I started getting abducted.

57

00:05:44,000 --> 00:05:47,000

Now, when did that happen?

58

00:05:47,000 --> 00:05:54,000

When I got married, that's when the abductions and the pregnancies came about.

59

00:05:54,000 --> 00:05:56,000

And they took my babies.

60

00:05:59,000 --> 00:06:01,000

Which was very traumatizing.

61

00:06:01,000 --> 00:06:03,000

Yes, it sounds awful.

62

00:06:04,000 --> 00:06:10,000

This is not the first time Ben and Melissa have heard claims of aliens stealing abductees' babies.

63

00:06:10,000 --> 00:06:14,000

Ella LeBane shared a similarly disturbing story.

64

00:06:14,000 --> 00:06:21,000

I went to the bathroom and I passed this entire placenta.

65

00:06:21,000 --> 00:06:31,000

My husband took me to the hospital and they said it was really unusual because everything was intact.

66

00:06:31,000 --> 00:06:34,000

And the only thing that was missing was the fetus.

67

00:06:35,000 --> 00:06:37,000

And what do you think happened to the fetus?

68

00:06:37,000 --> 00:06:47,000

So the one that showed up at the edge of my bed when I miscarried that night, I believe he came to get the fetus.

69

00:06:50,000 --> 00:06:54,000

I was being used as an incubator.

70

00:06:54,000 --> 00:07:00,000

Ella believed she was the victim of an alien human hybridization program in Colorado.

71

00:07:00,000 --> 00:07:05,000

Could these silver aliens be conducting something similar in Missouri?

72

00:07:07,000 --> 00:07:10,000

The doctor told me there wasn't a fetus.

73

00:07:13,000 --> 00:07:14,000

That is so strange.

74

00:07:15,000 --> 00:07:18,000

I said, how could that be?

75

00:07:18,000 --> 00:07:20,000

I don't think he knew how to answer me.

76

00:07:21,000 --> 00:07:23,000

Oh my, I was devastated.

77

00:07:23,000 --> 00:07:25,000

That is so hard.

78

00:07:25,000 --> 00:07:28,000

The terror didn't end there.

79

00:07:29,000 --> 00:07:34,000

But about eight years later, I had moved into this house.

80

00:07:34,000 --> 00:07:36,000

I was being abducted.

81

00:07:38,000 --> 00:07:50,000

When Jean was in her 30s, she experienced an abduction that took her aboard an unusual alien craft with several other humans.

82

00:07:53,000 --> 00:07:55,000

I was with other people.

83

00:07:55,000 --> 00:08:02,000

The room was all chrome, steel, it was very cold feeling, just sterile.

84

00:08:02,000 --> 00:08:06,000

It soon became apparent that they were being held captive.

85

00:08:07,000 --> 00:08:09,000

No!

86

00:08:14,000 --> 00:08:16,000

Everybody in there was so scared.

87

00:08:16,000 --> 00:08:19,000

It was almost like animals trapped.

88

00:08:21,000 --> 00:08:25,000

Jean was suddenly struck with an intense piercing pain in her skull.

89

00:08:26,000 --> 00:08:29,000

Eventually, she lost consciousness.

90

00:08:32,000 --> 00:08:35,000

When she came to, she was alone.

91

00:08:38,000 --> 00:08:41,000

Outcoming silver man.

92

00:08:50,000 --> 00:08:57,000

At a little boy, about the age that my miscarriage had been,

93

00:08:58,000 --> 00:09:04,000

they were dressed both of them in white robes, both blonde, blue eyed.

94

00:09:05,000 --> 00:09:07,000

The man was very handsome.

95

00:09:07,000 --> 00:09:10,000

He kind of nudged the little boy and the little boy came up to me.

96

00:09:14,000 --> 00:09:16,000

So I held him for a while.

97

00:09:20,000 --> 00:09:22,000

And nothing was spoken.

98

00:09:25,000 --> 00:09:27,000

Nothing was ever said.

99

00:09:28,000 --> 00:09:34,000

I just knew that child was mine.

100

00:09:38,000 --> 00:09:43,000

Was this child the result of an alien human hybridization program?

101

00:09:43,000 --> 00:09:46,000

And does the program have a sinister end goal?

102

00:09:46,000 --> 00:09:55,000

Nordic beings were very interested in creating a hybrid race to take over the earth through biological engineering.

103

00:09:56,000 --> 00:10:01,000

Jean never saw the boy again, but the encounter still haunts her to this day.

104

00:10:03,000 --> 00:10:07,000

They messed me up so badly physically I could never have children.

105

00:10:07,000 --> 00:10:11,000

That kind of destroyed my life in a way, you know.

106

00:10:14,000 --> 00:10:18,000

Where did these Nordic alien beings come from and how did they get to the earth?

107

00:10:18,000 --> 00:10:23,000

In recent years, there have been multiple sightings of cube-shaped UFO in the area.

108

00:10:23,000 --> 00:10:26,000

Could the Nordics be piloting these craft?

109

00:10:26,000 --> 00:10:31,000

One witness claims he recently captured the cube-shaped UFO on camera.

110

00:10:35,000 --> 00:10:36,000

Hi.

111

00:10:36,000 --> 00:10:37,000

Justin.

112

00:10:37,000 --> 00:10:38,000

Melissa, nice to meet you.

113

00:10:38,000 --> 00:10:39,000

Ben, nice to meet you.

114

00:10:41,000 --> 00:10:44,000

Can you kind of walk us through the whole thing what happened?

115

00:10:44,000 --> 00:10:48,000

Well, when I first saw it, I was on my way home from work.

116

00:10:48,000 --> 00:10:51,000

It was a beautiful day, clear blue, no clouds.

117

00:10:54,000 --> 00:10:59,000

I was driving northbound here in Springfield.

118

00:11:02,000 --> 00:11:06,000

I noticed something kind of shiny just above the horizon, kind of over the treetops.

119

00:11:06,000 --> 00:11:10,000

When I first saw it, I was like, oh, maybe it's a bag of trash or something, just kind of flipping through the air.

120

00:11:10,000 --> 00:11:16,000

But as I got closer, it kind of looked like it was holding a steady speed and kind of altitude.

121

00:11:16,000 --> 00:11:19,000

And I was like, well, that's kind of odd.

122

00:11:19,000 --> 00:11:23,000

The more he stared at the object, the less it made sense.

123

00:11:26,000 --> 00:11:30,000

What kind of caught my eye about this, it almost looked like this thing had a waters going around it.

124

00:11:30,000 --> 00:11:32,000

There was lights coming off of it.

125

00:11:32,000 --> 00:11:39,000

I couldn't tell you if that was just a sun reflection or if this thing had some sort of waters or separate lighting.

126

00:11:40,000 --> 00:11:46,000

As I really got up on this thing and kind of got right up underneath it, it looked like a solid metal cube.

127

00:11:46,000 --> 00:11:49,000

It was like tumbling like a dice through the air.

128

00:11:49,000 --> 00:11:51,000

I was like, oh my god, I gotta get a video of this thing.

129

00:11:51,000 --> 00:11:54,000

Kind of got my phone out to start videotaping it.

130

00:11:58,000 --> 00:12:01,000

It's kind of coming at me across my field of vision.

131

00:12:01,000 --> 00:12:06,000

And then as I kind of got right up under it, it kind of changed directions and came out this way.

132

00:12:07,000 --> 00:12:10,000

My adrenaline was pumping, I was shaking.

133

00:12:11,000 --> 00:12:17,000

Not only was the shape of the craft extremely strange, its movement defied the laws of physics.

134

00:12:18,000 --> 00:12:23,000

I kind of have to just wonder, what's the purpose of that? Where does this fit in? This is just

very odd.

135

00:12:23,000 --> 00:12:25,000

I'd love to figure out what this thing was.

136

00:12:25,000 --> 00:12:29,000

I have to ask if you've ever seen other things like this before.

137

00:12:29,000 --> 00:12:31,000

I haven't seen anything personally.

138

00:12:31,000 --> 00:12:32,000

But this thing kind of changed my world.

139

00:12:32,000 --> 00:12:34,000

Has there been more activity here?

140

00:12:34,000 --> 00:12:42,000

I have noticed a major uptick from triangles to saucers to orbs, cubes, you know, everything.

141

00:12:42,000 --> 00:12:43,000

It's really odd.

142

00:12:43,000 --> 00:12:46,000

But I feel like there's a big change in disclosure coming.

143

00:12:46,000 --> 00:12:47,000

I agree.

144

00:12:48,000 --> 00:12:50,000

Did you try to figure out what this thing could be?

145

00:12:51,000 --> 00:12:56,000

I contacted the local FAA and I talked to one of the controllers.

146

00:12:57,000 --> 00:13:02,000

He told me that there was nothing on radar and they had nothing on record in the area at that time.

147

00:13:02,000 --> 00:13:07,000

The gentleman I spoke to said he was very interested in it, had no idea what it was.

148

00:13:07,000 --> 00:13:08,000

It's quite amazing.

149

00:13:08,000 --> 00:13:11,000

Well, thank you so much for sharing it with us and meeting with us.

150

00:13:11,000 --> 00:13:12,000

Not at all.

151

00:13:12,000 --> 00:13:13,000

It's great to meet you.

152

00:13:13,000 --> 00:13:14,000

It's great to meet you. Thanks.

153

00:13:14,000 --> 00:13:15,000

Thank you.

154

00:13:15,000 --> 00:13:18,000

Ben and Melissa take a closer look at the video.

155

00:13:20,000 --> 00:13:24,000

There's something going on here. Check this out.

156

00:13:25,000 --> 00:13:30,000

You see how much it kind of jogs to the side though?

157

00:13:30,000 --> 00:13:33,000

It like, it shifts really fast.

158

00:13:34,000 --> 00:13:35,000

Whoa.

159

00:13:35,000 --> 00:13:36,000

Yeah.

160

00:13:36,000 --> 00:13:38,000

And it's staying on one line.

161

00:13:38,000 --> 00:13:39,000

You see that?

162

00:13:42,000 --> 00:13:43,000

And now descending.

163

00:13:43,000 --> 00:13:44,000

So it wasn't doing that before.

164

00:13:44,000 --> 00:13:45,000

Right.

165

00:13:45,000 --> 00:13:48,000

This seems like it retains some sort of geometric shape.

166

00:13:48,000 --> 00:13:50,000

You literally see all the sides of the cube.

167

00:13:50,000 --> 00:13:51,000

Uh-huh.

168

00:13:51,000 --> 00:13:54,000

A little cube spinning on an axis.

169

00:13:54,000 --> 00:13:57,000

That's a pretty crazy video, right?

170

00:13:59,000 --> 00:14:03,000

Justin's video is definitely intriguing.

171

00:14:03,000 --> 00:14:05,000

You look at it and it looks solid.

172

00:14:05,000 --> 00:14:07,000

It looks like it's moving around.

173

00:14:07,000 --> 00:14:08,000

Right.

174

00:14:08,000 --> 00:14:11,000

This isn't the first time I've heard of these cube type sightings.

175

00:14:11,000 --> 00:14:14,000

Cube shifts, they in fact do exist.

176

00:14:14,000 --> 00:14:18,000

The fact is they're huge and they're here.

177

00:14:18,000 --> 00:14:20,000

There's no question about it.

178

00:14:20,000 --> 00:14:22,000

The thing that bothers me about the cube ships,

179

00:14:22,000 --> 00:14:27,000

they're really high tech and they are magnificent crap.

180

00:14:27,000 --> 00:14:31,000

We really don't know what they're capable of.

181

00:14:31,000 --> 00:14:35,000

But I assure you, every advanced civilization that has encountered

182

00:14:35,000 --> 00:14:41,000

an inferior technological civilization has met with bad results.

183

00:14:41,000 --> 00:14:46,000

They either are destroyed, conquered, or assimilated.

184

00:14:46,000 --> 00:14:51,000

So in my opinion, anyone in their presence is in danger.

185

00:14:55,000 --> 00:14:57,000

It definitely is a pattern that is emerging.

186

00:14:57,000 --> 00:14:59,000

There's more and more of them.

187

00:14:59,000 --> 00:15:01,000

I don't know what to make of them yet.

188

00:15:01,000 --> 00:15:05,000

But I think the Mufon director here should be able to kind of give us an idea

189

00:15:05,000 --> 00:15:08,000

of what the overall prevalence of them are

190

00:15:08,000 --> 00:15:10,000

and the other things that people are seeing.

191

00:15:10,000 --> 00:15:16,000

Margie Kay is the assistant state director for Missouri's Mutual UFO Network.

192

00:15:16,000 --> 00:15:18,000

Mufon.

193

00:15:18,000 --> 00:15:20,000

Well thank you Marjorie for meeting with us.

194

00:15:20,000 --> 00:15:22,000

Yes, absolutely.

195

00:15:22,000 --> 00:15:26,000

I always like coming to you guys because if people are going to report things,

196

00:15:26,000 --> 00:15:28,000

you're the place to do it.

197

00:15:28,000 --> 00:15:30,000

Yeah, because we actually do investigations.

198

00:15:30,000 --> 00:15:34,000

There's an overall trend of the type of objects that are being reported.

199

00:15:34,000 --> 00:15:39,000

What is going on right now is the cube shaped object as they're being called.

200

00:15:41,000 --> 00:15:48,000

That is something that's very curious that we're really spending a lot of time investigating at the moment.

201

00:15:48,000 --> 00:15:53,000

But we have been pretty consistently a hotspot since October of 2011

202

00:15:53,000 --> 00:15:58,000

when one of the biggest UFO flaps happened in the world.

203

00:15:58,000 --> 00:16:04,000

A UFO flap is what some ufologists call a prolonged mass UFO sighting.

204

00:16:04,000 --> 00:16:08,000

Margie pulls out an audio tape describing what happened that day

205

00:16:08,000 --> 00:16:12,000

when a witness had a late afternoon encounter she couldn't explain.

206

00:16:17,000 --> 00:16:23,000

The accounts from October 15th, 2011 are eerily similar to what Justin caught on video.

207

00:16:23,000 --> 00:16:32,000

In Lee's Summit, Missouri, a witness named Lauren O'Malley also had a late afternoon encounter she couldn't explain.

208

00:16:33,000 --> 00:16:38,000

I was running errands while the kids were in soccer practice.

209

00:16:38,000 --> 00:16:41,000

I was crossing through downtown and waiting on a red light.

210

00:16:41,000 --> 00:16:44,000

All of a sudden, everything went dark.

211

00:16:44,000 --> 00:16:52,000

A huge storm cloud rolled in, but then my car started just glowing.

212

00:16:54,000 --> 00:16:57,000

She stuck her head out to look up to see what it was,

213

00:16:57,000 --> 00:17:02,000

and it was a 60-foot cube shape right over her vehicle.

214

00:17:02,000 --> 00:17:04,000

I had never seen anything like it before.

215

00:17:04,000 --> 00:17:08,000

It hovered above me, reflecting all sorts of light on my car.

216

00:17:09,000 --> 00:17:16,000

I knew in my gut it was a UFO, and I swear to God I thought I was going to die.

217

00:17:18,000 --> 00:17:20,000

But that was just the beginning.

218

00:17:20,000 --> 00:17:25,000

Witnesses reported sightings of the cube as it continued to cross southern Missouri later that evening.

219

00:17:25,000 --> 00:17:31,000

And then at 8 o'clock, we had a gigantic UFO over a Raytown supermarket.

220

00:17:36,000 --> 00:17:43,000

I had just left the market, and I was the only person in the parking lot when all the bugs went quiet.

221

00:17:43,000 --> 00:17:45,000

And I knew something wasn't right.

222

00:17:45,000 --> 00:17:54,000

I heard this low hum, get louder and louder, and when I looked up, this giant metal thing flew across the street.

223

00:17:55,000 --> 00:17:56,000

It was right above me.

224

00:17:56,000 --> 00:17:58,000

Can you describe this object?

225

00:17:58,000 --> 00:18:02,000

It was silver and was the shape of a dice.

226

00:18:02,000 --> 00:18:04,000

So a cube?

227

00:18:04,000 --> 00:18:09,000

A cube. It passed right over me. It couldn't have been more than 100 feet off the ground.

228

00:18:13,000 --> 00:18:14,000

Wow.

229

00:18:14,000 --> 00:18:23,000

And then after that, we can trace it to Kansas City through 63rd and I-435 Highway.

230

00:18:24,000 --> 00:18:27,000

And at that incident, there were multiple witnesses.

231

00:18:29,000 --> 00:18:31,000

So it was kind of tracked across town?

232

00:18:31,000 --> 00:18:32,000

Absolutely.

233

00:18:32,000 --> 00:18:35,000

And then we did get a radar report on that.

234

00:18:35,000 --> 00:18:44,000

And very, very oddly, there was something close to Kansas City that stayed in the same position for 20 minutes.

235

00:18:44,000 --> 00:18:48,000

And the radar report said they have no explanation for that.

236

00:18:48,000 --> 00:18:50,000

That's concerning.

237

00:18:50,000 --> 00:18:51,000

You have pictures of that?

238

00:18:51,000 --> 00:18:52,000

Yes, I do.

239

00:18:53,000 --> 00:18:54,000

I want to see that.

240

00:18:54,000 --> 00:18:56,000

Yeah, I'd like to see that.

241

00:18:56,000 --> 00:19:03,000

These are some photos of where the UFO actually stopped.

242

00:19:03,000 --> 00:19:12,000

And then this is one photo that was taken with the object in the distance, and this is it coming a little bit closer.

243

00:19:12,000 --> 00:19:19,000

The UFO reflected light almost exactly like the cube that Justin would encounter 10 years later.

244

00:19:19,000 --> 00:19:24,000

They said it looked like it was actually breathing, like it was alive.

245

00:19:24,000 --> 00:19:36,000

At first, it looked like a big silver cube, but the more I looked at it, the more I could tell it was pulsing, breathing.

246

00:19:36,000 --> 00:19:39,000

And then it just disappeared.

247

00:19:39,000 --> 00:19:41,000

What do you mean disappeared?

248

00:19:41,000 --> 00:19:43,000

I mean disappeared.

249

00:19:44,000 --> 00:19:49,000

Man, there was a flash and it looked like it got sucked away into nowhere.

250

00:19:52,000 --> 00:19:54,000

That is the weirdest thing I've seen.

251

00:19:54,000 --> 00:19:55,000

It is.

252

00:19:55,000 --> 00:20:01,000

In all, there were over 60 cube-shaped UFO sightings in Missouri that night.

253

00:20:01,000 --> 00:20:04,000

But otherwise, these craft sightings are quite rare.

254

00:20:04,000 --> 00:20:10,000

Could these cube-shaped craft be using some kind of cloaking technology?

255

00:20:10,000 --> 00:20:19,000

I've heard stories here in Missouri of the light phenomena, just nothing out there, and then all of a sudden something just appears.

256

00:20:19,000 --> 00:20:24,000

A lot of people in this area are talking about portals right now.

257

00:20:26,000 --> 00:20:32,000

Some ufologists believe that portals allow UFOs to travel here from other dimensions.

258

00:20:32,000 --> 00:20:39,000

Nordic beings actually travel in a corridor which they call the interspace continuum.

259

00:20:39,000 --> 00:20:46,000

It's sort of like a jump room, right, where you can jump from Earth to Mars, or you can jump from Earth to the Moon.

260

00:20:46,000 --> 00:20:57,000

The exact nature of interdimensional portals is unknown, but it is believed they're scattered across the universe in spots where the doorway between dimensions is thin.

261

00:20:57,000 --> 00:21:03,000

Is this how the Nordics and cube-shaped craft travel to our planet?

262

00:21:03,000 --> 00:21:19,000

When we're talking about dimensions and portals, it's kind of really sticky to be able to categorize into things that are just appearing and then disappearing and then a distance far away without watching it move there.

263

00:21:19,000 --> 00:21:21,000

It just appears.

264

00:21:21,000 --> 00:21:27,000

There are certain behaviors that we've taken note of, and that is one of them.

265

00:21:28,000 --> 00:21:40,000

So I knew a little bit about the strange occurrences in the Ozarks, but I really didn't know that this was such a hotspot right around Kansas City.

266

00:21:40,000 --> 00:21:47,000

Yeah, it's almost as if they have all this UFO activity. They've been having a lot of UFO activity for a long time.

267

00:21:47,000 --> 00:21:51,000

Yeah, that brings us back to the possible of interdimensionality.

268

00:21:52,000 --> 00:22:11,000

Extraterrestrials travel the universe interdimensionally. Their crafts are able to hide in pocket dimensions in the fourth dimension, and they can monitor everything from this place where we can't see them here.

269

00:22:11,000 --> 00:22:19,000

Could there be a portal right here in Missouri, allowing cube-shaped and other UFOs to travel in and out of dimensions?

270

00:22:19,000 --> 00:22:27,000

So that brings up a whole other part in our investigation. Is there some connection to all the UFO activity that's happening up in the sky?

271

00:22:27,000 --> 00:22:41,000

There's one UFO hotspot in Missouri that for years has been shrouded in secrecy. Could it be ground zero for interdimensional activity? Ben is hoping to be granted permission to investigate.

272

00:22:41,000 --> 00:22:56,000

So finally getting to the part of I think Missouri, which to me is the most interesting. It's so rural that there are places here that haven't really changed much in 50, 60 years.

273

00:22:56,000 --> 00:23:02,000

Places that I've been on my radar for a long time that I'd really like to go out and spend time in.

274

00:23:02,000 --> 00:23:05,000

Yeah, is there one part in particular?

275

00:23:05,000 --> 00:23:12,000

Oh yes. There's a particular location in Missouri nicknamed Marley Woods.

276

00:23:12,000 --> 00:23:33,000

If we can gain access to actually get on the property, it has never been done like this before. The ranchers are still so protective of letting outside investigators, let alone like our film crew, to come out here and to not only film this but tell the world about it.

277

00:23:33,000 --> 00:23:36,000

What kind of big events have happened that you know about so far?

278

00:23:36,000 --> 00:23:45,000

It's really common for the ranchers out here to see these strange lights coupled with these horrific types of animal mutilations.

279

00:23:45,000 --> 00:24:00,000

Both UFO sightings and animal mutilations have cropped up in Ben and Melissa's investigations before, most recently 700 miles away at a remote ranch in Colorado. But the possibility of a UFO portal is new.

280

00:24:00,000 --> 00:24:10,000

We've literally talked about this idea of a portal because is that why these things are coming through? You know, this is a concentration of all of that happening.

281

00:24:12,000 --> 00:24:18,000

Ben and Melissa are meeting with an expert who has been investigating Marley Woods for 20 years.

282

00:24:18,000 --> 00:24:27,000

Tom Ferrario began investigating alongside his mentor, ufologist Ted Phillips, who died in 2020.

283

00:24:28,000 --> 00:24:30,000

Ginger is Ted's widow.

284

00:24:31,000 --> 00:24:34,000

Tom, when did you start going out to Marley Woods?

285

00:24:34,000 --> 00:24:48,000

2000, I met Ted and when I got out there and experienced things, Ted always said that we're dealing, Tom, with an intelligence that's out here. And it's always one step ahead of us, no matter what we do.

286

00:24:48,000 --> 00:24:50,000

Like it was intelligently coming after you.

287

00:24:50,000 --> 00:24:56,000

Yeah, we do believe at times fear was a big factor, a tool that was used with people.

288

00:24:56,000 --> 00:25:03,000

What did you experience, you personally and Ted, that you felt fearful?

289

00:25:03,000 --> 00:25:23,000

Ted and I, we were coming back from the ranch. And this was like one, two in the morning. We're in the middle of a gravel road.

290

00:25:24,000 --> 00:25:32,000

I've seen a light that was at strengths and it came and overtook our vehicle.

291

00:25:35,000 --> 00:25:46,000

I stopped the vehicle and it just illuminated our vehicle with a pure white light. And we looked up, this light beam that was on our vehicle.

292

00:25:47,000 --> 00:25:54,000

A beam so bright, it obscured the shape of the UFO now hovering above them.

293

00:25:54,000 --> 00:25:58,000

Ted looked at me and he said, well, Tom, welcome to Marley.

294

00:26:00,000 --> 00:26:12,000

Suddenly, Tom and Ted felt a horrible burning sensation. And as the light changed color, Tom could just make out a cube shaped silhouette above the car.

295

00:26:13,000 --> 00:26:16,000

Then the UFO did something incomprehensible.

296

00:26:17,000 --> 00:26:25,000

It retracted into a point. When it got into like a smaller pinpoint, it was gone like that.

297

00:26:28,000 --> 00:26:31,000

Did you have any missing time or anything like that?

298

00:26:31,000 --> 00:26:36,000

We didn't have missing time. We did have some physical effects from that night.

299

00:26:37,000 --> 00:26:45,000

Ted, when we got back to site one, he went over and leaned against the building and vomited, you know.

300

00:26:46,000 --> 00:26:56,000

When I got home after that trip, I had an occurrence with my scalp. I couldn't touch, I had severe pain. It just felt red.

301

00:26:56,000 --> 00:27:03,000

I couldn't touch my hair. And I went to the doctor and he said, well, somehow you just got burnt out.

302

00:27:03,000 --> 00:27:06,000

I was on opiates for a week. It hurt so bad.

303

00:27:06,000 --> 00:27:10,000

So they found that your skin had been burned on the top?

304

00:27:10,000 --> 00:27:22,000

Yeah, on top. The only time I've ever seen that, he said, was a couple years back. We had some cell tower workers and he was exposed to large amounts of microwave.

305

00:27:24,000 --> 00:27:25,000

Wow.

306

00:27:25,000 --> 00:27:26,000

Oh, wow.

307

00:27:26,000 --> 00:27:32,000

The minute the guy said that to me, it, I mean, it just about floated. It rang a bell with me.

308

00:27:32,000 --> 00:27:33,000

Oh, my gosh.

309

00:27:35,000 --> 00:27:43,000

More eyewitness testimony of a cube UFO folding into itself and disappearing. Could portals be what makes this possible?

310

00:27:44,000 --> 00:27:48,000

Something out there seemed like it didn't like people being there.

311

00:27:48,000 --> 00:28:00,000

They really wanted them to leave the property. One rancher said, well, I'm not leaving, you know. He stayed through it all.

312

00:28:02,000 --> 00:28:05,000

Tell me about this ranch owner.

313

00:28:05,000 --> 00:28:12,000

The horse barn is very graphic, you know, and I always like to warn people at this point, you know, that it's not for the squeamish.

314

00:28:13,000 --> 00:28:18,000

Property owner had a favorite horse in a barn.

315

00:28:23,000 --> 00:28:25,000

This particular morning, he checked the horse.

316

00:28:28,000 --> 00:28:29,000

Everything was fine.

317

00:28:36,000 --> 00:28:41,000

But that night when he returned, he sensed something was very wrong.

318

00:28:41,000 --> 00:28:46,000

He came back around by the barn and he seen the gate of the yard and damaged to the structure.

319

00:28:46,000 --> 00:28:51,000

And then he entered the barn where the real horror was waiting for him.

320

00:28:51,000 --> 00:28:58,000

It was as if this horse had exploded in the barn.

321

00:28:58,000 --> 00:29:05,000

Blood all over. Every flat surface in the barn, you didn't have any trouble finding blood.

322

00:29:05,000 --> 00:29:11,000

He said there were pieces of horse flesh chunks on the wrap.

323

00:29:11,000 --> 00:29:15,000

The rancher described the damage being outward.

324

00:29:15,000 --> 00:29:20,000

He just determined that it was as if this horse had exploded.

325

00:29:24,000 --> 00:29:29,000

Goodness. Well, what could cause that except for the fact that the rancher was in the barn.

326

00:29:29,000 --> 00:29:32,000

He said, well, I'm not going to let you go.

327

00:29:32,000 --> 00:29:34,000

I'm going to let you go.

328

00:29:35,000 --> 00:29:42,000

Goodness. Well, what could cause that except for an explosion?

329

00:29:42,000 --> 00:29:52,000

We got out there and did sampling and there were no anomalies in the blood or the soil samples that

pointed to any explosives or anything of that nature.

330

00:29:52,000 --> 00:30:00,000

Ben and Melissa recently investigated a cattle mutilation executed with surgical precision at a ranch in Colorado.

331

00:30:01,000 --> 00:30:06,000

The first thing you see is this huge pattern missing from the back.

332

00:30:06,000 --> 00:30:14,000

It was a perfect incision all the way around with a pattern and then right here, a square patch was cut out.

333

00:30:14,000 --> 00:30:20,000

The whole rear end was removed. I mean, everything was, it's just what, it's not there.

334

00:30:22,000 --> 00:30:28,000

Is it possible the exploded horse was the result of an alien experiment gone wrong?

335

00:30:29,000 --> 00:30:33,000

That night there appeared to be some kind of light in the sky.

336

00:30:33,000 --> 00:30:42,000

Could it have been a portal that allowed for alien visitors to come to earth and mutilate the horse before they traveled back to their home world?

337

00:30:43,000 --> 00:30:54,000

Ted took this imagery with high magnification through the trees and he referred to this as a light mass, which when he worked with the image, he got this, which almost seems like a doorway.

338

00:30:55,000 --> 00:31:00,000

So strange. You can see like it's like a tunnel. You can almost see layers.

339

00:31:00,000 --> 00:31:10,000

Yeah. Ted formed the opinion that so much of this was of the dimensional aspect, that this stuff is dimensionally based.

340

00:31:10,000 --> 00:31:19,000

If that's true and aliens are using Marley Woods as a portal, Ben and Melissa may be able to pick up some evidence of their presence.

341

00:31:20,000 --> 00:31:25,000

Well, this is such a unique area. I would love to explore it more and see what we can find.

342

00:31:25,000 --> 00:31:26,000

Yes.

343

00:31:26,000 --> 00:31:31,000

It seems like whatever is here targets individuals and has an agenda.

344

00:31:31,000 --> 00:31:39,000

It's something that we need to take note of and I have this mix of both excitement and also kind of a feeling like, holy crap, what are we doing?

345

00:31:41,000 --> 00:31:46,000

What are we dealing with here? Like, can this be the pinnacle of all the stuff that we've kind of been researching?

346

00:31:46,000 --> 00:31:51,000

So Marley Woods, it's not a tourist attraction. We're dealing some very serious things here.

347

00:31:51,000 --> 00:31:52,000

Yeah.

348

00:31:52,000 --> 00:31:56,000

I mean, think about what happened with Ted and how he felt like something was trying to get at him.

349

00:31:56,000 --> 00:32:02,000

I mean, I can be honest with you. I'm a little nervous. I actually think there's something here.

350

00:32:02,000 --> 00:32:07,000

Well, you know when the sun goes down, the whole mood changes too.

351

00:32:08,000 --> 00:32:13,000

As Ben and Melissa approach Marley Woods, strange things start happening.

352

00:32:14,000 --> 00:32:17,000

That's what my watch just went dead.

353

00:32:17,000 --> 00:32:18,000

Is it?

354

00:32:18,000 --> 00:32:20,000

I think it's on the slowest.

355

00:32:20,000 --> 00:32:22,000

Is that a charge?

356

00:32:22,000 --> 00:32:31,000

Yeah. Plugged it in last night. It just automatically went into a power safe mode. Just right now.

357

00:32:33,000 --> 00:32:39,000

When Ben and Melissa searched for interdimensional aliens at the Colorado Ranch, their equipment also malfunctioned.

358

00:32:40,000 --> 00:32:50,000

The failure of electronic equipment is an ominous sign. And as the sun sets, an uneasy feeling overcomes Melissa.

359

00:32:50,000 --> 00:32:57,000

We're in the middle of nowhere. We don't know where we're going. We finally get here. And I start feeling a little ill.

360

00:32:57,000 --> 00:33:08,000

This is just a part of me that's, I don't know if my mind is doing that, playing tricks on me, or I'm literally feeling like I'm going into some kind of portal vortex, whatever it is.

361

00:33:08,000 --> 00:33:16,000

But something feels off for me. I do feel that there is something here.

362

00:33:16,000 --> 00:33:20,000

I got something. I got something.

363

00:33:22,000 --> 00:33:30,000

After granting permission to access the property, Tom leads Ben and Melissa deep into the mysterious Marley Woods.

364

00:33:31,000 --> 00:33:38,000

They'll begin their investigation where Tom had his encounter with the Cube UFO 21 years ago.

365

00:33:40,000 --> 00:33:44,000

Can they corroborate evidence of a portal at Marley Woods?

366

00:33:45,000 --> 00:33:50,000

Alright Tom, between your gear and ours, I think we have quite the setup.

367

00:33:50,000 --> 00:33:51,000

I think so.

368

00:33:51,000 --> 00:33:58,000

The team is equipped with headlamps, thermal and night vision cameras, EMF meters and Geiger counters.

369

00:33:58,000 --> 00:34:04,000

If there's any unusual energy fluctuations here, they should be able to pick it up.

370

00:34:04,000 --> 00:34:06,000

If we end up splitting up, we have radios.

371

00:34:06,000 --> 00:34:09,000

I think the REM pods are really important too, because we can create a perimeter.

372

00:34:09,000 --> 00:34:14,000

A REM pod is a portable tool that radiates an electromagnetic field.

373

00:34:14,000 --> 00:34:25,000

If it detects a disturbance in the EM field, such as the appearance of a portal, the REM pod screeches and its light changes from red to green.

374

00:34:25,000 --> 00:34:29,000

We have a lot of ground to cover and we have a lot of stuff that's happened.

375

00:34:29,000 --> 00:34:32,000

I really don't know what we're dealing with here.

376

00:34:33,000 --> 00:34:39,000

I mean this with all my heart. I suspect we're being monitored right now and it knows exactly what we're doing out here.

377

00:34:39,000 --> 00:34:41,000

But does it want to be known?

378

00:34:41,000 --> 00:34:43,000

I think we're going to find out.

379

00:34:44,000 --> 00:34:54,000

Almost immediately Ben notices something odd on his Geiger counter.

380

00:34:56,000 --> 00:34:58,000

It's unusual.

381

00:35:01,000 --> 00:35:05,000

I normally get at least some type of background radiation.

382

00:35:06,000 --> 00:35:08,000

It's measuring absolute zero.

383

00:35:08,000 --> 00:35:09,000

That is strange.

384

00:35:09,000 --> 00:35:10,000

That's a resistor.

385

00:35:10,000 --> 00:35:11,000

Absolute zero.

386

00:35:12,000 --> 00:35:18,000

Low levels of radiation from the cosmos are constantly hitting Earth.

387

00:35:18,000 --> 00:35:20,000

This reading makes no sense.

388

00:35:22,000 --> 00:35:25,000

Guys, I've never seen this indicate zero.

389

00:35:25,000 --> 00:35:28,000

Shouldn't be doing that right here.

390

00:35:28,000 --> 00:35:31,000

Well, kind of in the middle of everything, right?

391

00:35:31,000 --> 00:35:35,000

Yeah, this is pretty much smack dab in the middle of the...

392

00:35:36,000 --> 00:35:39,000

Wait, everything stopped.

393

00:35:42,000 --> 00:35:47,000

The animals have been going crazy and everything is silent.

394

00:35:49,000 --> 00:35:54,000

Just like the witness from the 2011 Cube Sighting reported.

395

00:35:54,000 --> 00:35:59,000

All the bugs went quiet and I knew something was right.

396

00:35:59,000 --> 00:36:04,000

When I looked up, this giant metal thing flew across the sky.

397

00:36:05,000 --> 00:36:06,000

Hold on.

398

00:36:06,000 --> 00:36:07,000

Oh, there's a pop.

399

00:36:07,000 --> 00:36:09,000

There you're getting spikes.

400

00:36:11,000 --> 00:36:13,000

What does it say, Tom? 0.59?

401

00:36:13,000 --> 00:36:15,000

Yeah, 0.5.

402

00:36:15,000 --> 00:36:17,000

That was dropping.

403

00:36:17,000 --> 00:36:23,000

0.59 is not much at all, but higher amplitude is more dangerous.

404

00:36:26,000 --> 00:36:28,000

Oh, it's going back up.

405

00:36:28,000 --> 00:36:29,000

It's going back up.

406

00:36:29,000 --> 00:36:31,000

Now it's equalized.

407

00:36:31,000 --> 00:36:32,000

Just like that.

408

00:36:32,000 --> 00:36:36,000

Whatever reason, it seems to go with two second spikes.

409

00:36:36,000 --> 00:36:38,000

I wonder if you could go over here a little bit.

410

00:36:38,000 --> 00:36:40,000

Can you go over here?

411

00:36:40,000 --> 00:36:44,000

Would it be beneficial to try and communicate with it?

412

00:36:44,000 --> 00:36:50,000

If somebody's here, you've been watching us, you know,

413

00:36:50,000 --> 00:36:52,000

that we're trying to figure out who you are.

414

00:36:52,000 --> 00:36:54,000

Can you come closer to this device?

415

00:36:57,000 --> 00:36:59,000

We're not afraid of you.

416

00:36:59,000 --> 00:37:01,000

So you have to be careful what you wish for,

417

00:37:01,000 --> 00:37:04,000

because we've experienced.

418

00:37:05,000 --> 00:37:06,000

Believe me.

419

00:37:06,000 --> 00:37:10,000

Well, the fact that you feel like you're being surveilled, right?

420

00:37:10,000 --> 00:37:13,000

I mean, I don't know if there's rules on this other dimension

421

00:37:13,000 --> 00:37:16,000

or wherever the civilization these things come from.

422

00:37:16,000 --> 00:37:20,000

I don't think whatever it is is following the rules.

423

00:37:20,000 --> 00:37:22,000

Well, it's completely dead now.

424

00:37:22,000 --> 00:37:23,000

Yeah.

425

00:37:23,000 --> 00:37:25,000

It's left us right now.

426

00:37:25,000 --> 00:37:26,000

It's playing with us again.

427

00:37:26,000 --> 00:37:29,000

That's so often it does.

428

00:37:30,000 --> 00:37:35,000

The team follows the faint signal deeper into Marley Woods.

429

00:37:35,000 --> 00:37:36,000

It's creepy.

430

00:37:37,000 --> 00:37:39,000

Melissa sets up the REM pods,

431

00:37:39,000 --> 00:37:44,000

while Ben climbs an old deer stand nearby with the thermal camera.

432

00:37:44,000 --> 00:37:46,000

I'm going to take some footage from up here.

433

00:37:53,000 --> 00:37:54,000

Hey, guys.

434

00:37:55,000 --> 00:37:56,000

I got something.

435

00:37:57,000 --> 00:37:58,000

I got something.

436

00:37:59,000 --> 00:38:00,000

What do you got?

437

00:38:00,000 --> 00:38:01,000

What do you got?

438

00:38:04,000 --> 00:38:06,000

Something out in the field.

439

00:38:07,000 --> 00:38:08,000

It's moving.

440

00:38:10,000 --> 00:38:11,000

It's hot.

441

00:38:12,000 --> 00:38:13,000

From here it looks like a blob.

442

00:38:13,000 --> 00:38:14,000

I'm zooming in.

443

00:38:15,000 --> 00:38:16,000

It's hovering.

444

00:38:16,000 --> 00:38:19,000

The thermal camera has detected something warm

445

00:38:19,000 --> 00:38:21,000

that's invisible to the naked eye.

446

00:38:22,000 --> 00:38:23,000

Oh, my gosh.

447

00:38:23,000 --> 00:38:24,000

Okay.

448

00:38:24,000 --> 00:38:25,000

I'm freaking out.

449

00:38:26,000 --> 00:38:27,000

Dang it.

450

00:38:27,000 --> 00:38:28,000

Where'd it go?

451

00:38:28,000 --> 00:38:29,000

Where'd it go?

452

00:38:29,000 --> 00:38:30,000

The thermal camera just went off.

453

00:38:30,000 --> 00:38:31,000

Oh.

454

00:38:31,000 --> 00:38:33,000

Yet more technical interference.

455

00:38:34,000 --> 00:38:35,000

Nope.

456

00:38:35,000 --> 00:38:36,000

Okay, I got it.

457

00:38:36,000 --> 00:38:37,000

I got it.

458

00:38:37,000 --> 00:38:38,000

I got it again.

459

00:38:39,000 --> 00:38:40,000

It's out in the tree line.

460

00:38:40,000 --> 00:38:42,000

We need to go see what it is.

461

00:38:43,000 --> 00:38:46,000

I need one of you to get out there so I can keep an eye on it.

462

00:38:46,000 --> 00:38:50,000

Melissa and a producer head into the field with the night vision camera,

463

00:38:50,000 --> 00:38:54,000

while Ben guides them with a laser pointer and walkie.

464

00:38:55,000 --> 00:38:56,000

Yes, yes.

465

00:38:57,000 --> 00:38:58,000

There it is.

466

00:38:58,000 --> 00:38:59,000

Okay, look.

467

00:38:59,000 --> 00:39:00,000

Go left.

468

00:39:00,000 --> 00:39:01,000

Go left.

469

00:39:02,000 --> 00:39:03,000

We're going to lose it.

470

00:39:03,000 --> 00:39:04,000

We're going to lose it.

471

00:39:10,000 --> 00:39:11,000

Stop.

472

00:39:13,000 --> 00:39:14,000

Straight ahead.

473

00:39:18,000 --> 00:39:19,000

Do you see anything there?

474

00:39:21,000 --> 00:39:23,000

Rampods are going off down below me.

475

00:39:24,000 --> 00:39:25,000

What are you chasing?

476

00:39:26,000 --> 00:39:27,000

Go left.

477

00:39:27,000 --> 00:39:28,000

Go left.

478

00:39:30,000 --> 00:39:31,000

Is it dead?

479

00:39:32,000 --> 00:39:35,000

Is the presence interfering with Ben and Melissa's walkies?

480

00:39:36,000 --> 00:39:37,000

Stop toying with them.

481

00:39:38,000 --> 00:39:39,000

I don't know if it is.

482

00:39:40,000 --> 00:39:41,000

Is it working?

483

00:39:54,000 --> 00:39:55,000

What's going on?

484

00:39:55,000 --> 00:39:56,000

Ben, are you okay?

485

00:40:00,000 --> 00:40:04,000

Whatever was messing with Ben and Melissa's gear seems to have vanished.

486

00:40:05,000 --> 00:40:06,000

Ben, can you hear me?

487

00:40:06,000 --> 00:40:08,000

I don't know what happened.

488

00:40:08,000 --> 00:40:09,000

I don't see the thing anymore.

489

00:40:11,000 --> 00:40:13,000

We can see the light source through the trees.

490

00:40:13,000 --> 00:40:15,000

We're trying to get close to do it.

491

00:40:15,000 --> 00:40:16,000

Just be really careful.

492

00:40:17,000 --> 00:40:18,000

We're headed your way.

493

00:40:21,000 --> 00:40:23,000

Rampods are still going off behind me.

494

00:40:26,000 --> 00:40:27,000

Here we go.

495

00:40:29,000 --> 00:40:30,000

That was a spike.

496

00:40:31,000 --> 00:40:34,000

Once again, Tom's Geiger counter briefly registers

497

00:40:34,000 --> 00:40:36,000

before abruptly dropping to zero.

498

00:40:38,000 --> 00:40:39,000

That shouldn't be.

499

00:40:41,000 --> 00:40:42,000

I don't know what's going on here.

500

00:40:43,000 --> 00:40:44,000

Why don't you come back here?

501

00:40:51,000 --> 00:40:53,000

So, we're going to get to the top of the hill.

502

00:40:54,000 --> 00:40:57,000

So, did you, you saw where I was shining the loser?

503

00:40:57,000 --> 00:41:00,000

Yeah, I was walking right towards it when you, when you were pointing it at the top.

504

00:41:00,000 --> 00:41:02,000

And what'd you get? Anything?

505

00:41:02,000 --> 00:41:05,000

We saw some lights off in the distance through the tree line.

506

00:41:05,000 --> 00:41:07,000

Once we got to the tree line, it was kind of gone.

507

00:41:09,000 --> 00:41:12,000

My gosh, it looked like it was, it was going from right to left.

508

00:41:12,000 --> 00:41:14,000

It was just sort of floating.

509

00:41:15,000 --> 00:41:18,000

This kind of anomaly makes no sense in our dimension.

510

00:41:19,000 --> 00:41:23,000

Unless someone or something is peeking through from the other side.

511

00:41:24,000 --> 00:41:26,000

I mean, there's a lot of questions I have.

512

00:41:27,000 --> 00:41:28,000

This is just the tip of the iceberg.

513

00:41:29,000 --> 00:41:32,000

I think it's funny too that we got here and everything went quiet.

514

00:41:32,000 --> 00:41:33,000

You can hear it right now.

515

00:41:34,000 --> 00:41:36,000

But whatever this was, it had heat to it.

516

00:41:37,000 --> 00:41:38,000

Oh yeah.

517

00:41:38,000 --> 00:41:41,000

Could be creature or some sort of heat energy.

518

00:41:42,000 --> 00:41:43,000

Yeah.

519

00:41:43,000 --> 00:41:45,000

And I know you've been researching out here for 20 years.

520

00:41:45,000 --> 00:41:46,000

Yeah.

521

00:41:46,000 --> 00:41:47,000

And you've seen a lot of things.

522

00:41:47,000 --> 00:41:48,000

Yeah.

523

00:41:48,000 --> 00:41:49,000

But you're a little apprehensive.

524

00:41:49,000 --> 00:41:52,000

Ted and I did experience the dark side of it.

525

00:41:52,000 --> 00:41:55,000

You know, just as much as you want to experience a light beam,

526

00:41:55,000 --> 00:41:59,000

it's, you can't do anything about it when it does come.

527

00:41:59,000 --> 00:42:00,000

And that can be rough.

528

00:42:00,000 --> 00:42:01,000

It really can.

529

00:42:01,000 --> 00:42:04,000

So what you're saying is maybe we don't press our luck the rest of the night.

530

00:42:04,000 --> 00:42:05,000

Right.

531

00:42:05,000 --> 00:42:10,000

There's kind of this idea that if you look too far into the darkness,

532

00:42:10,000 --> 00:42:12,000

the darkness looks back at you.

533

00:42:12,000 --> 00:42:15,000

And something out here is watching people,

534

00:42:15,000 --> 00:42:20,000

is understanding their emotions and their fears and it's playing with it.

535

00:42:20,000 --> 00:42:21,000

That's creepy.

536

00:42:25,000 --> 00:42:28,000

Did Ben and Melissa peer into a portal?

537

00:42:28,000 --> 00:42:31,000

And were the Nordics staring straight back?

538

00:42:32,000 --> 00:42:36,000

Perhaps Marley Woods is an access point to other dimensions

539

00:42:36,000 --> 00:42:39,000

where the barrier between worlds is thin.

540

00:42:40,000 --> 00:42:42,000

That was so incredible.

541

00:42:42,000 --> 00:42:44,000

I was looking over the video even more.

542

00:42:44,000 --> 00:42:49,000

And the thermal image of whatever that was, look at it closely.

543

00:42:49,000 --> 00:42:52,000

There's this really unnatural motion to it.

544

00:42:52,000 --> 00:42:53,000

Right.

545

00:42:53,000 --> 00:42:56,000

I only briefly panned away.

546

00:42:56,000 --> 00:43:00,000

And when I came back, the thing had just completely disappeared.

547

00:43:00,000 --> 00:43:05,000

I thought it was really crazy that we were standing in that exact spot

548

00:43:05,000 --> 00:43:06,000

and there's nothing.

549

00:43:06,000 --> 00:43:07,000

Yeah.

550

00:43:07,000 --> 00:43:09,000

I mean, I don't know what to make of it.

551

00:43:09,000 --> 00:43:13,000

But it fits almost exactly with what Tom was saying.

552

00:43:13,000 --> 00:43:20,000

Those descriptions of the lights fit pretty much exactly with what I feel that we saw.

553

00:43:20,000 --> 00:43:25,000

I mean, I found the whole experience, to be honest with you, freaky.

554

00:43:25,000 --> 00:43:30,000

The whole time I was just feeling like, I just didn't feel like myself.

555

00:43:30,000 --> 00:43:31,000

It was just strange.

556

00:43:31,000 --> 00:43:32,000

Yeah.

557

00:43:32,000 --> 00:43:34,000

The possibility of interminatality, right?

558

00:43:34,000 --> 00:43:37,000

Things coming and going through another dimension here.

559

00:43:37,000 --> 00:43:42,000

I don't know how to describe it, but that's exactly what they think is happening at Marley Woods.

560

00:43:42,000 --> 00:43:48,000

I think that, like, that whole area, whatever was there, was just watching us.

561

00:43:48,000 --> 00:43:49,000

Absolutely.

562

00:43:49,000 --> 00:43:51,000

The whole time, I just didn't feel like myself.

563

00:43:51,000 --> 00:43:53,000

It was just strange.

564

00:43:57,000 --> 00:44:01,000

With shapeshifters over military bases, orbs in New England,

565

00:44:01,000 --> 00:44:08,000

USOs off the West Coast, fireballs in Idaho, tic-tacs across Colorado,

566

00:44:08,000 --> 00:44:11,000

and now, cubes spotted in the Missouri skies,

567

00:44:11,000 --> 00:44:16,000

is it possible that numerous alien species have set their sights on America?

568

00:44:16,000 --> 00:44:20,000

If so, just how worried should we be?

569

00:44:20,000 --> 00:44:28,000

Next on UFO Witness, black triangle UFOs swarm the skies around Las Vegas.

570

00:44:28,000 --> 00:44:31,000

What I could see was a equilateral black triangle.

571

00:44:31,000 --> 00:44:34,000

At that moment, it just felt like an eternity.

572

00:44:34,000 --> 00:44:37,000

And witnesses give testimony of being so advanced,

573

00:44:37,000 --> 00:44:41,000

they may be able to infiltrate our very minds.

574

00:44:41,000 --> 00:44:46,000

It was like my spirit shot straight up and out of my body.

575

00:44:46,000 --> 00:44:52,000

I was in fear that our children would have lost their mom.

576

00:44:52,000 --> 00:44:59,000

Our black triangles piloted by Arcturian aliens invading our planet and our consciousness.

577

00:44:59,000 --> 00:45:02,000

And if so, is it too late to stop them?

578

00:45:02,000 --> 00:45:06,000

They're flying around at will, whatever they want to do.
