

1

00:00:00,000 --> 00:00:04,000

Sightings of unidentified flying objects in our skies

2

00:00:04,000 --> 00:00:06,000

have been reported for decades,

3

00:00:06,000 --> 00:00:10,000

but chilling new evidence suggests a new phenomenon is emerging

4

00:00:10,000 --> 00:00:12,000

from beneath the sea.

5

00:00:12,000 --> 00:00:15,000

We know less about the deep ocean

6

00:00:15,000 --> 00:00:18,000

than we do about the surface of the moon or Mars.

7

00:00:18,000 --> 00:00:22,000

Strange craft captured on film from the USS Trippane

8

00:00:22,000 --> 00:00:24,000

and the Swedish Channel incident.

9

00:00:24,000 --> 00:00:26,000

I think that there's something going on down there,

10

00:00:26,000 --> 00:00:29,000

and it doesn't really have a conventional explanation.

11

00:00:29,000 --> 00:00:34,000

Shocking encounters with unidentified submersible objects known as ghost rockets

12

00:00:34,000 --> 00:00:38,000

and humanoid entities in Russia's lake Baikal.

13

00:00:38,000 --> 00:00:44,000

Whatever this object was, it most definitely was not supposed to be there.

14

00:00:44,000 --> 00:00:46,000

If you can travel that fast underwater,

15

00:00:46,000 --> 00:00:49,000

that tells me that these aren't conventional technologies,

16

00:00:49,000 --> 00:00:51,000

nothing earthly made.

17

00:00:51,000 --> 00:00:54,000

The world's most powerful navies are on high alert.

18

00:00:54,000 --> 00:00:57,000

Are alien craft threatening our soldiers at sea?

19

00:00:57,000 --> 00:01:03,000

And why are governments and the military determined to keep the public from knowing the truth?

20

00:01:03,000 --> 00:01:07,000

If this really is an extraterrestrial visitation,

21

00:01:07,000 --> 00:01:12,000

then it's a matter not just of national security, but of global security.

22

00:01:15,000 --> 00:01:21,000

New information is transforming what people believe about extraterrestrial spacecraft.

23

00:01:21,000 --> 00:01:24,000

Are UFOs really visiting our world?

24

00:01:24,000 --> 00:01:26,000

Is the government hiding the truth?

25

00:01:26,000 --> 00:01:34,000

And if so, could new scientific developments reveal explosive new evidence found in deep sea encounters?

26

00:01:34,000 --> 00:01:40,000

The World's Most Powerful and Powerful

27

00:01:40,000 --> 00:01:45,000

The World's Most Powerful and Powerful

28

00:01:45,000 --> 00:01:52,000

The World's Most Powerful and Powerful

29

00:01:52,000 --> 00:01:56,000

October 17th, 2014.

30

00:01:56,000 --> 00:01:58,000

Stockholm, Sweden.

31

00:01:58,000 --> 00:02:01,000

An ordinary Thursday morning turns chaotic

32

00:02:01,000 --> 00:02:04,000

when witnesses observe an ominous looking object

33

00:02:04,000 --> 00:02:08,000

moving across the water along a narrow stretch of the Baltic Sea.

34

00:02:08,000 --> 00:02:11,000

The Stockholm sightings were spectacular.

35

00:02:11,000 --> 00:02:17,000

Hundreds of witnesses were looking out, pointing at this strange object.

36

00:02:17,000 --> 00:02:21,000

It seemed to be traveling just below the sea

37

00:02:21,000 --> 00:02:25,000

and then on occasions it would come out and broach the surface

38

00:02:25,000 --> 00:02:29,000

and everyone was looking and pointing and wondering what the heck this thing was.

39

00:02:29,000 --> 00:02:34,000

Over a hundred calls pour into authorities reporting the strange object.

40

00:02:34,000 --> 00:02:40,000

Witnesses agree it's about a half mile offshore and heading up the coast and fast.

41

00:02:40,000 --> 00:02:45,000

Some believe it's a submarine, others are not so sure.

42

00:02:45,000 --> 00:02:51,000

Swedes are very used to seeing things in this harbor, whether it is a boat or a whale.

43

00:02:51,000 --> 00:02:56,000

They're used to seeing these objects, so when something like this happens

44

00:02:56,000 --> 00:03:02,000

that really alarms people, you have to take this kind of thing very seriously.

45

00:03:02,000 --> 00:03:08,000

Whatever this object was, it most definitely was not supposed to be there.

46

00:03:08,000 --> 00:03:14,000

The highest levels of Sweden's government are immediately notified.

47

00:03:14,000 --> 00:03:19,000

Within the hour, Sweden's armed forces launch a massive military effort

48

00:03:19,000 --> 00:03:22,000

to hunt down the mysterious semi-submerged vessel.

49

00:03:22,000 --> 00:03:25,000

A craft being seen in the water could essentially be a submarine

50

00:03:25,000 --> 00:03:29,000

or an enemy encroachment into the area where it should not be.

51

00:03:29,000 --> 00:03:33,000

And so the military took this very seriously in Sweden

52

00:03:33,000 --> 00:03:36,000

and it was one of the biggest military operations for them to go out

53

00:03:36,000 --> 00:03:40,000

and try and identify what this craft actually was.

54

00:03:42,000 --> 00:03:47,000

Swedish intelligence suspect the unidentified craft belongs to Russia

55

00:03:47,000 --> 00:03:52,000

but Moscow denies having any ships or submarines in the area.

56

00:03:52,000 --> 00:03:55,000

A claim later confirmed by US military.

57

00:03:55,000 --> 00:03:58,000

Other nearby nations also deny any involvement.

58

00:03:58,000 --> 00:04:03,000

After a thorough investigation, Sweden's military release what they claim

59

00:04:03,000 --> 00:04:08,000

is evidence of the submarine's tracks on the seafloor.

60

00:04:08,000 --> 00:04:14,000

The sonar image at the bottom of Baltic Sea shows that there was something there.

61

00:04:14,000 --> 00:04:19,000

We don't know what it is, but clearly something made that impression

62

00:04:19,000 --> 00:04:24,000

and to make that strong of an impression in the sand takes a lot of weight.

63

00:04:27,000 --> 00:04:31,000

For some intelligence analysts, the facts simply do not add up.

64

00:04:31,000 --> 00:04:37,000

But for UFO researchers, the sonar image could actually be evidence not of a submarine

65

00:04:37,000 --> 00:04:40,000

but of something else entirely.

66

00:04:40,000 --> 00:04:45,000

Something known as unidentified submersible objects or USOs.

67

00:04:45,000 --> 00:04:50,000

UFO researchers believe these undersea objects could in fact be related

68

00:04:50,000 --> 00:04:53,000

to UFO sightings seen in the air.

69

00:04:53,000 --> 00:04:59,000

And they point out it's not the first time a USO has been spotted off the coast of Sweden.

70

00:04:59,000 --> 00:05:05,000

Throughout the 80s there were a series of encounters where USOs were detected

71

00:05:05,000 --> 00:05:07,000

by the Swedish government.

72

00:05:07,000 --> 00:05:10,000

The military responded instantly.

73

00:05:10,000 --> 00:05:15,000

Now the Swedish government position was always this must be Russian submarines.

74

00:05:15,000 --> 00:05:18,000

But none of these things were ever found.

75

00:05:18,000 --> 00:05:21,000

They never definitively got to the bottom of the mystery.

76

00:05:21,000 --> 00:05:26,000

There have been some very interesting cases of objects being seen coming out of the water,

77

00:05:26,000 --> 00:05:32,000

going into large bodies of water, being tracked going at incredibly rapid speeds

78

00:05:32,000 --> 00:05:34,000

in the deep oceans.

79

00:05:34,000 --> 00:05:37,000

This doesn't really have a conventional explanation.

80

00:05:37,000 --> 00:05:42,000

This underwater mystery has been vexing Sweden for well over 50 years,

81

00:05:42,000 --> 00:05:46,000

since perhaps the most disturbing encounter ever recorded.

82

00:05:48,000 --> 00:05:54,000

On October 24th, 1966, sonar technicians aboard a minesweeper

83

00:05:54,000 --> 00:05:59,000

established contact with an unknown object idling just below the surface.

84

00:05:59,000 --> 00:06:04,000

A submerged object appeared right underneath one of the search vessels.

85

00:06:04,000 --> 00:06:06,000

The thing was directly below them.

86

00:06:06,000 --> 00:06:10,000

For 15 minutes the gigantic object holds its position,

87

00:06:10,000 --> 00:06:14,000

until suddenly the USO breaches the surface,

88

00:06:14,000 --> 00:06:17,000

before immediately diving back into the sea.

89

00:06:17,000 --> 00:06:21,000

Fearing they are under attack, the ship's crew immediately responds.

90

00:06:22,000 --> 00:06:26,000

They actually set off depth charges,

91

00:06:26,000 --> 00:06:30,000

just to try and identify where or what this thing might be and locate it.

92

00:06:30,000 --> 00:06:32,000

Nothing worked.

93

00:06:32,000 --> 00:06:35,000

They were never able to truly identify what the object was.

94

00:06:35,000 --> 00:06:40,000

You had an object that was seen by apparently everyone on the deck

95

00:06:40,000 --> 00:06:42,000

that was moving very rapidly.

96

00:06:45,000 --> 00:06:48,000

Investigators contend the speed and maneuverability of the craft

97

00:06:48,000 --> 00:06:51,000

rules out anything man-made.

98

00:06:51,000 --> 00:06:55,000

Could the USOs in Swedish waters, past and present,

99

00:06:55,000 --> 00:06:58,000

really be spacecraft from distant worlds?

100

00:06:58,000 --> 00:07:01,000

As UFO researchers believe...

101

00:07:01,000 --> 00:07:08,000

If you're using Earthly technology to try to track or find alien technology,

102

00:07:08,000 --> 00:07:10,000

it's going to be very, very hard.

103

00:07:10,000 --> 00:07:13,000

It's because the alien technology is so far advanced,

104

00:07:13,000 --> 00:07:17,000

I don't think that we have the capability to even know the power source

105

00:07:17,000 --> 00:07:20,000

that they're using or the frequencies to even look for.

106

00:07:20,000 --> 00:07:23,000

In all actuality they would be invisible on radar,

107

00:07:23,000 --> 00:07:27,000

or they might have the ability to cloak themselves and become totally invisible.

108

00:07:29,000 --> 00:07:33,000

There seems to be an awful lot of activity in and around the Baltic.

109

00:07:33,000 --> 00:07:41,000

Now, if this is terrestrial, I can understand it in terms of this being a strategically important area.

110

00:07:41,000 --> 00:07:44,000

But if it's something else, if this really is, as some believe,

111

00:07:44,000 --> 00:07:49,000

extraterrestrial visitation, then what the heck is it about this area

112

00:07:49,000 --> 00:07:51,000

that's so attractive to them?

113

00:07:52,000 --> 00:07:55,000

If these are in fact USOs, why are they here?

114

00:07:55,000 --> 00:07:57,000

And why are they underwater?

115

00:07:58,000 --> 00:08:01,000

Despite high-tech advances in ocean exploration,

116

00:08:01,000 --> 00:08:06,000

scientists still know very little about what lies beneath our seas.

117

00:08:06,000 --> 00:08:10,000

Moreover, highly trained military officers and their crews

118

00:08:10,000 --> 00:08:16,000

have for years been filing reports of astonishing USO encounters with surprising regularity.

119

00:08:16,000 --> 00:08:20,000

Yet these reports have remained classified.

120

00:08:20,000 --> 00:08:26,000

Given some of the sightings that we have seen in Sweden, one wonders,

121

00:08:26,000 --> 00:08:28,000

was this something that was intelligent?

122

00:08:28,000 --> 00:08:32,000

Is this something that has been seen in this area repeatedly?

123

00:08:32,000 --> 00:08:36,000

Is there perhaps some sort of base underwater?

124

00:08:37,000 --> 00:08:42,000

I do believe that there's a presence of a different civilization that is here.

125

00:08:42,000 --> 00:08:44,000

There are sightings up in that region for sure.

126

00:08:44,000 --> 00:08:47,000

There are sightings in the middle of all the great oceans of this planet.

127

00:08:47,000 --> 00:08:52,000

Pacific Ocean, Indian Ocean, Atlantic Ocean, underwater, bases could be literally anywhere.

128

00:08:53,000 --> 00:08:59,000

UFO investigators continue to search for further evidence under the surface of our planet's oceans,

129

00:08:59,000 --> 00:09:05,000

where archaeological discoveries may hold the key to unlocking secrets hidden by governments

130

00:09:05,000 --> 00:09:08,000

about the existence of alien life on Earth.

131

00:09:08,000 --> 00:09:14,000

Some now believe shocking new evidence may be found deep within the Baltic Sea.

132

00:09:21,000 --> 00:09:23,000

The Baltic Sea.

133

00:09:23,000 --> 00:09:30,000

In 2011, a group of Swedish marine explorers are scouring the seafloor, searching for shipwrecks,

134

00:09:30,000 --> 00:09:33,000

62 miles from Stockholm, Sweden.

135

00:09:34,000 --> 00:09:38,000

Using the latest side-scan sonar to detect objects at the bottom of the sea,

136

00:09:38,000 --> 00:09:43,000

the treasure hunters are hoping to locate rare and valuable cargo.

137

00:09:44,000 --> 00:09:48,000

They were actually looking for a cargo of champagne of all things.

138

00:09:48,000 --> 00:09:52,000

When they encountered something which they picked up on their sonar,

139

00:09:52,000 --> 00:09:57,000

and when they looked at this thing, they realized there was something down there.

140

00:09:59,000 --> 00:10:02,000

Their sonar displayed a stunning image.

141

00:10:04,000 --> 00:10:08,000

The mysterious object, now known as the Baltic Sea Anomaly,

142

00:10:09,000 --> 00:10:12,000

is unlike anything the treasure hunters have ever seen.

143

00:10:12,000 --> 00:10:16,000

After diving into the Baltic to get a first-hand look,

144

00:10:16,000 --> 00:10:20,000

the explorers find the object shaped like a perfectly round saucer,

145

00:10:20,000 --> 00:10:24,000

200 feet in diameter, with a rock-like exterior.

146

00:10:25,000 --> 00:10:29,000

One explanation was that this was the gun turret,

147

00:10:29,000 --> 00:10:34,000

or the remains of a sunken battleship, or submarine, or something to that effect.

148

00:10:34,000 --> 00:10:39,000

But there's no record of anything going down in the area that this can be connected to.

149

00:10:39,000 --> 00:10:43,000

So what is it? We ultimately just have no idea.

150

00:10:43,000 --> 00:10:47,000

Well, this unusual object on the bottom of the Baltic Sea,

151

00:10:47,000 --> 00:10:52,000

if you look at it as a flying machine, it looks like something that would be in a science fiction movie.

152

00:10:53,000 --> 00:10:58,000

That's meticulously put together to do something, to perform something.

153

00:10:58,000 --> 00:11:00,000

Somebody made that.

154

00:11:02,000 --> 00:11:06,000

The object, whatever it is, looks like the Millennium Falcon from the Star Wars movies.

155

00:11:06,000 --> 00:11:11,000

It's got geometric patterns to it, and it does look like kind of a craft.

156

00:11:11,000 --> 00:11:15,000

There are people who believe it's an alien base, or even a petrified alien ship,

157

00:11:15,000 --> 00:11:18,000

if somehow an alien craft is able to turn to stone.

158

00:11:18,000 --> 00:11:23,000

Whatever this is, it's not something, I don't think, that formed organically at the bottom of the seabed.

159

00:11:24,000 --> 00:11:31,000

According to mainstream scientists, the strange object is believed to be a natural geologic formation.

160

00:11:31,000 --> 00:11:40,000

But what if they're wrong? Could the sonar image actually be evidence of an underwater spacecraft of extraterrestrial origin?

161

00:11:40,000 --> 00:11:46,000

There are rumors that there have been samples taken, and has layered metallic structure,

162

00:11:46,000 --> 00:11:48,000

which would have to be manufactured.

163

00:11:48,000 --> 00:11:52,000

What we're looking at is probably an ancient crash site.

164

00:11:52,000 --> 00:11:58,000

There's definitely a skid mark, you can see, from skipping or hitting the bottom of it.

165

00:11:58,000 --> 00:12:01,000

So it's definitely moving when it crashed there.

166

00:12:01,000 --> 00:12:07,000

If this strange object really is an alien vehicle, why does it appear to be made of stone?

167

00:12:08,000 --> 00:12:10,000

We all know what a petrified tree is.

168

00:12:10,000 --> 00:12:13,000

It was once alive, and it became stone over time.

169

00:12:14,000 --> 00:12:21,000

So if this thing is petrified UFO down there, maybe it was alive, and wasn't metal at all.

170

00:12:21,000 --> 00:12:25,000

Maybe it was some kind of living biological machine.

171

00:12:25,000 --> 00:12:30,000

I think what they've found is probably some kind of ancient fossilized UFO.

172

00:12:30,000 --> 00:12:42,000

Every now and again in human history, we seem to get lucky, and find a real piece of evidence that seems to lean toward extraterrestrial presence here on Earth for a long, long time.

173

00:12:43,000 --> 00:12:47,000

This isn't something that is natural, and that was formed over time.

174

00:12:47,000 --> 00:12:51,000

There are very deliberate patterns on this object.

175

00:12:51,000 --> 00:12:55,000

So could it be that this is a crashed UFO?

176

00:12:55,000 --> 00:12:59,000

We have reports of these objects crashing on land.

177

00:12:59,000 --> 00:13:04,000

So why wouldn't we have something that would crash underwater?

178

00:13:04,000 --> 00:13:08,000

Whatever this object is, it is clear that it's out of place.

179

00:13:09,000 --> 00:13:15,000

UFO researchers believe the Baltic Sea anomaly is in fact an alien underwater spacecraft.

180

00:13:15,000 --> 00:13:21,000

Possibly a craft similar to the one Sweden's Navy has been hunting for decades.

181

00:13:21,000 --> 00:13:30,000

There was a wave of extraordinary sightings that took place around Scandinavia, mainly in Sweden in 1946.

182

00:13:31,000 --> 00:13:40,000

These objects were sometimes seen flying over the sea and sometimes flying maybe deliberately into the sea.

183

00:13:40,000 --> 00:13:51,000

Although some people have attempted dive, no definitive explanation for this has been found and indeed no wreckage of any kind has been recovered.

184

00:13:52,000 --> 00:14:00,000

Known as ghost rockets, the mysterious craft were described as fast-moving and missile-shaped 12 to 15 feet long.

185

00:14:00,000 --> 00:14:06,000

They were seen doing impossible maneuvers, including 180-degree turns.

186

00:14:06,000 --> 00:14:09,000

Some saw two or more flying in formation.

187

00:14:09,000 --> 00:14:16,000

Numerous witnesses compared them to Nazi-pioneered V-1 flying bombs of World War II.

188

00:14:17,000 --> 00:14:25,000

You would think after all these years if this is some kind of weapons test or something like that, it would be declassified by now and we can solve the mystery.

189

00:14:25,000 --> 00:14:31,000

But the ghost rockets phenomena is unsolved and we have no idea what was flying in the skies over Sweden in the 40s.

190

00:14:32,000 --> 00:14:40,000

If you're talking about a V-1 rocket, which is kind of a guided missile, you don't really have a whole lot of control with that thing.

191

00:14:40,000 --> 00:14:47,000

Just to have a target for this thing to be making maneuvers like it does and going to the ocean doesn't make sense at all.

192

00:14:47,000 --> 00:14:54,000

The mere fact that it's coming down intelligently controlled, more or less tells me that this is something that's not ours.

193

00:14:54,000 --> 00:14:57,000

It's definitely something otherworldly.

194

00:14:57,000 --> 00:15:07,000

In the 1980s, some declassified analyses by the Swedish government were finally released in which they stated that these were unknown objects

195

00:15:07,000 --> 00:15:14,000

and they came within a hair's breadth really of suggesting that these might not have even been from Earth-based civilizations.

196

00:15:17,000 --> 00:15:27,000

According to UFO researchers, the ghost rockets are just one more example in a decade-long history of USO sightings in the region of the Baltic Sea.

197

00:15:27,000 --> 00:15:34,000

The mere fact that they're intelligently controlled, more or less tells me that this is something that's not ours.

198

00:15:34,000 --> 00:15:36,000

It's definitely something otherworldly.

199

00:15:36,000 --> 00:15:49,000

What is incredible and perhaps a little alarming to us is that after all of these investigations, we are no closer to finding out the truth about these objects today than we were 40 years ago.

200

00:15:50,000 --> 00:15:58,000

As researchers continue to pressure governments to declassify their investigations, might we in fact finally be moving closer to the truth?

201

00:15:59,000 --> 00:16:07,000

And will evidence lost in the archives reveal detailed, some say irrefutable evidence, of USO activity at sea?

202

00:16:13,000 --> 00:16:19,000

Today, reports of ocean encounters with mysterious sea-craft known as USOs are on the rise.

203

00:16:21,000 --> 00:16:27,000

USOs are essentially underwater UFOs in a stance for unidentified submersible objects.

204

00:16:27,000 --> 00:16:34,000

These unknown objects have a long history of interacting with militaries from around the world.

205

00:16:34,000 --> 00:16:39,000

For many years, such interactions were brushed aside as Cold War paranoia.

206

00:16:39,000 --> 00:16:46,000

But recently unsealed US Navy documents reveal some of the strangest encounters at sea ever reported.

207

00:16:47,000 --> 00:16:54,000

Encounters without a geopolitical purpose, but instead some believe an otherworldly agenda.

208

00:16:57,000 --> 00:17:02,000

One story begins on September 14, 1952 in the North Sea.

209

00:17:05,000 --> 00:17:14,000

The USS Franklin Delano Roosevelt, a midway-class aircraft carrier, is leading the first large-scale joint naval exercise after World War II.

210

00:17:15,000 --> 00:17:19,000

It was organized by the North Atlantic Treaty Organization, or NATO.

211

00:17:21,000 --> 00:17:25,000

The 11-day military event is called Operation Main Brace.

212

00:17:26,000 --> 00:17:38,000

Operation Main Brace was a massive undertaking. Over 200 naval vessels involved, over 1,000 aircraft, 80,000 personnel.

213

00:17:38,000 --> 00:17:49,000

It was designed both to test the way in which the different allied nations worked together, and of course, it was a show of strength for the Soviets.

214

00:17:50,000 --> 00:17:58,000

Western powers led by the United States were making it clear to the former Soviet Union that NATO would not let their guard down.

215

00:17:59,000 --> 00:18:07,000

But what nobody expected was a NATO fleet that would become witness to some of the most incredible USO encounters in history.

216

00:18:08,000 --> 00:18:15,000

USO sightings took place for about a two-week stretch of time, from the middle of September right to the end of the month.

217

00:18:15,000 --> 00:18:25,000

And it was a series of very well-attested and documented sightings of objects interacting in some way with these vessels, these NATO ships.

218

00:18:26,000 --> 00:18:41,000

Documents found in military archives suggest that on the very first day of the exercise, dozens of men on board several ships reported seeing a silvery, triangular object moving at an incredible rate of speed just above the water towards the fleet.

219

00:18:42,000 --> 00:18:48,000

If anything comes directly towards one of the Navy ships, that ship would go on full alert.

220

00:18:49,000 --> 00:19:02,000

But as quickly as the threatening crafts appear, they vanish, leaving American sailors on board the USS FDR and NATO sailors throughout the fleet still shocked and shaken as they return to their normal duties.

221

00:19:04,000 --> 00:19:06,000

Two days later, they're back.

222

00:19:07,000 --> 00:19:15,000

Royal Air Force personnel on board a British carrier spot another USO low over the water as one of their planes comes in for a landing.

223

00:19:16,000 --> 00:19:23,000

Radar operators describe the unknown object as a silvery craft performing impossible maneuvers.

224

00:19:25,000 --> 00:19:29,000

Just before the crew opens fire, the craft disappears.

225

00:19:30,000 --> 00:19:40,000

Now, some of these sightings were also tracked on radar, so you didn't just have the visual reports from these witnesses.

226

00:19:41,000 --> 00:19:55,000

You had corroboration from the radar operators. It's important to stress these are trained observers and when people like these report seeing strange things, that's a highly credible report.

227

00:19:56,000 --> 00:20:04,000

In the following days, accounts of flying saucers during Operation Main Brace are splashed on newspaper headlines all around the world.

228

00:20:05,000 --> 00:20:13,000

And despite what superiors tell them, many sailors remain convinced the strange craft that they saw were not man-made.

229

00:20:14,000 --> 00:20:17,000

Something like this definitely warranted an investigation by the military.

230

00:20:18,000 --> 00:20:26,000

And if they did try and figure out what these objects were, as far as I know, nothing's been released that shows what they found out and what they've concluded.

231

00:20:27,000 --> 00:20:33,000

Naval intelligence did in fact conduct a thorough investigation of the Main Brace USO encounters.

232

00:20:34,000 --> 00:20:38,000

For more than 50 years, their findings have remained classified.

233

00:20:40,000 --> 00:20:45,000

What does surface years later is a sketch that was drawn by US Navy sailor William Scott.

234

00:20:47,000 --> 00:20:52,000

Who was onboard the USS FDR aircraft carrier during the USO encounters.

235

00:20:53,000 --> 00:20:59,000

His sketch depicts what he claims to have witnessed during the fateful days of the NATO exercise.

236

00:21:00,000 --> 00:21:09,000

When you look at this picture, it's a very unmistakable large craft with windows and with silhouettes of beings or people inside.

237

00:21:10,000 --> 00:21:13,000

It's a very close up sighting and it would appear to be a very large craft.

238

00:21:13,000 --> 00:21:29,000

For UFO researchers, the sketch combined with numerous eyewitness accounts and the continued secret classification of the Main Brace sightings provide proof that USOs exist and may in fact be spying on our NADs.

239

00:21:33,000 --> 00:21:40,000

Clearly, this was the biggest concentration of military units at sea since the Second World War.

240

00:21:40,000 --> 00:21:49,000

So if we were being observed, did they think is this a Third World War starting and if so, is it going to go nuclear?

241

00:21:50,000 --> 00:21:53,000

It's almost like they're testing us just to see what we would do.

242

00:21:54,000 --> 00:21:57,000

Maybe just see if we're hostile, see if we're going to fire upon.

243

00:21:58,000 --> 00:22:01,000

We're being watched and we've always been watched. I don't think that this is anything new.

244

00:22:02,000 --> 00:22:11,000

If extraterrestrial craft really did reveal themselves during Operation Main Brace, why are Western governments determined to keep it top secret?

245

00:22:15,000 --> 00:22:23,000

Further evidence may be found in newly declassified military records dated February 1977.

246

00:22:24,000 --> 00:22:38,000

The USS Trippang, a nuclear attack submarine is on maneuvers in the Arctic Ocean somewhere off the coast of Iceland when an officer named John Coluca appears into his periscope and is stunned by what he sees.

247

00:22:39,000 --> 00:22:43,000

Quickly reaching for a camera, the officer begins taking pictures through the periscope.

248

00:22:44,000 --> 00:22:53,000

Seen here for the first time on national television, the photos are of a strange object making astonishing aerial maneuvers just above the water.

249

00:22:54,000 --> 00:22:57,000

Then, incredibly, it dives into the frigid sea.

250

00:22:58,000 --> 00:23:10,000

When I first saw these photographs, I was really intrigued because there is nothing like this that I've ever seen any type of UFO or USO case.

251

00:23:11,000 --> 00:23:16,000

On the photographs you actually see indicator marks that you would see through a periscope.

252

00:23:17,000 --> 00:23:20,000

So we can really kind of deduce they look legitimate.

253

00:23:21,000 --> 00:23:33,000

They're extremely clear and they do seem to show an immense, triangular shaped craft performing some pretty spectacular maneuvers. Could this be a USO?

254

00:23:34,000 --> 00:23:45,000

Although skeptics believe the object is an experimental US aircraft known as the Aeron-26, UFO researchers are confident the craft is not man-made.

255

00:23:45,000 --> 00:23:53,000

The Aeron-26 is a lighter than air rigid-framed, irrigible that the US military was working with in the early 1970s.

256

00:23:54,000 --> 00:23:57,000

There's been speculation that that could have been the object photographed.

257

00:23:58,000 --> 00:24:03,000

The thing is, the military has said that they would not be testing it in the Arctic Ocean.

258

00:24:04,000 --> 00:24:11,000

That's a really remote, inhospitable place to test something that's experimental. It just seems like a very illogical thing to be doing.

259

00:24:11,000 --> 00:24:19,000

If the object in these photos is not an experimental aircraft, UFO researchers believe there is only one other possibility.

260

00:24:20,000 --> 00:24:30,000

I believe that's a true UFO, an extraterrestrial craft. So if this submarine was by itself and this UFO came out of the water and just kind of displayed its technology, maybe it was a diversion.

261

00:24:31,000 --> 00:24:38,000

This would be one kind of tactic maybe they were using to keep the military away from an underwater base they have under the ice.

262

00:24:38,000 --> 00:24:52,000

UFO investigators suggest encounters like these with the US Navy provide some of the most conclusive evidence that extraterrestrial spacecraft may be hiding in the deepest and most remote areas of our oceans.

263

00:24:53,000 --> 00:25:01,000

But could another of the world's most powerful navies also be declassifying their own astonishing evidence of underwater submersible objects?

264

00:25:02,000 --> 00:25:08,000

Evidence suggesting that USOs are becoming aggressive and even deadly.

265

00:25:11,000 --> 00:25:19,000

July 2009. The Russian government declassifies top secret documents detailing USO encounters by the Russian Navy.

266

00:25:20,000 --> 00:25:28,000

Stunning first-hand accounts of extraterrestrial encounters shock the Russian people and ignites interest from the world's UFO research community.

267

00:25:29,000 --> 00:25:34,000

How could such gripping accounts have been kept secret for so long? And why?

268

00:25:36,000 --> 00:25:46,000

The problem that we had in the Soviet era prior to 1992, you're dealing with fundamentally a totalitarian system in which UFOs and USOs were not to be talked about.

269

00:25:47,000 --> 00:25:54,000

So there is a lot of secrecy and with the end of the Soviet Union and the release of some of those files that we now have had access to,

270

00:25:54,000 --> 00:25:59,000

one of them concerns an undated account of a Russian submarine in the South Pacific.

271

00:26:00,000 --> 00:26:07,000

The Russian nuclear sub encountered a formation of what appeared to be alien spacecraft at depth under the water.

272

00:26:08,000 --> 00:26:20,000

At a depth of approximately 800 feet, crew aboard a fully weaponized Russian nuclear submarine detects six unknown objects on their sonar, traveling in formation directly toward them.

273

00:26:21,000 --> 00:26:29,000

What's even more alarming is the speed at which the objects are traveling, in excess of 265 miles per hour.

274

00:26:30,000 --> 00:26:39,000

This was hugely unnerving for these highly trained military personnel and it was quite unlike anything they'd ever seen or experienced before.

275

00:26:40,000 --> 00:26:48,000

Six disc-shaped objects traveling in formation continue on their trajectory, gaining speed and heading directly toward the submarine.

276

00:26:49,000 --> 00:27:06,000

They were going at incredible speeds but then when the submarine became alarmed at what was happening with these objects and slowed down at speed, the objects did exactly the same thing, mirroring what the submarine was doing.

277

00:27:07,000 --> 00:27:13,000

The Russian crew are at first stunned by what they are witnessing, then quickly man their battle stations.

278

00:27:14,000 --> 00:27:22,000

The captain, fearing that a collision was imminent and that he was under attack, ordered an emergency surfacing of the submarine.

279

00:27:23,000 --> 00:27:30,000

The submarine finally breaches the surface, narrowly avoiding a collision. What happens next is even more astonishing.

280

00:27:31,000 --> 00:27:38,000

So here's the Soviet submarine commander dealing with this terrifying situation they then saw through the periscope.

281

00:27:38,000 --> 00:27:45,000

These six objects come out of the water and take off at some absurdly fast speed.

282

00:27:46,000 --> 00:27:57,000

One can only speculate about the intent of these USOs. Was this a hostile act of some sort or were

they just fleeing detection? We don't know.

283

00:27:58,000 --> 00:28:09,000

If the declassified reports are true, could this mean the Russians really had encountered a squadron of underwater extraterrestrial spacecraft?

284

00:28:10,000 --> 00:28:17,000

If you can travel that fast underwater, water is just another medium so their craft can fly underwater just like they can above water.

285

00:28:18,000 --> 00:28:22,000

That tells me that these aren't conventional technologies, nothing earthly made.

286

00:28:22,000 --> 00:28:35,000

What we're dealing with here is very clearly advanced technology. So we have to draw the conclusion that perhaps this is some sort of extraterrestrial technology that we're dealing with.

287

00:28:36,000 --> 00:28:43,000

That's what makes this case so compelling. The speed, the movement of the objects and the weight that they disappeared, it's incredible.

288

00:28:44,000 --> 00:28:51,000

Perhaps the most chilling encounter described in Russia's declassified reports doesn't involve unidentified submersible objects.

289

00:28:52,000 --> 00:28:55,000

But the alien creatures believed to inhabit them.

290

00:28:58,000 --> 00:29:07,000

Siberia 1982. With a depth of 5,387 feet, Lake Baikal is the deepest freshwater lake in the world.

291

00:29:08,000 --> 00:29:13,000

Here, Russian Navy divers are conducting routine research operations.

292

00:29:14,000 --> 00:29:20,000

Given the depth of the lake and its frigid temperature, very little is known about what lies beneath the surface.

293

00:29:23,000 --> 00:29:31,000

Seven Russian divers are submerged at a depth of 150 feet, when suddenly the frogmen realize they are being watched.

294

00:29:32,000 --> 00:29:41,000

These strange humanoid figures were much bigger than human beings and appeared to be wearing helmets of some sort.

295

00:29:42,000 --> 00:29:51,000

What on earth are we to make of an encounter like this? It's one thing to talk about USOs, but quite another to talk about humanoid entities.

296

00:29:52,000 --> 00:30:01,000

These were large beings, human-shaped but like 9 feet tall, wearing what seemed like very tight-fitting silvery suits.

297

00:30:02,000 --> 00:30:09,000

Not your normal scuba gear, basically. Swimming in the water, what they've come to call the swimmers of Lake Baikal.

298

00:30:10,000 --> 00:30:16,000

What were these creatures? Why did they not seem to use what we would be using to sustain life?

299

00:30:16,000 --> 00:30:20,000

There were no oxygen tanks, so there are lots of interesting facets to this.

300

00:30:21,000 --> 00:30:28,000

You have creatures that are underwater and surviving with technology that we don't comprehend.

301

00:30:29,000 --> 00:30:33,000

The Russian divers then make a fateful decision and attempt a capture.

302

00:30:34,000 --> 00:30:42,000

The divers attempted to capture one of these creatures, but at this point, so the documents say, the entities reacted.

303

00:30:42,000 --> 00:30:49,000

A powerful unknown force suddenly propels the entire group of divers up from the deep water to the surface.

304

00:30:50,000 --> 00:30:57,000

They did a rapid rise to the surface of the water. Well, when you do that too fast, you suffer from decompression and you get the bends and it's deadly.

305

00:30:58,000 --> 00:31:04,000

There were seven of these divers and three of them died and four were very severely injured as a result of this.

306

00:31:05,000 --> 00:31:08,000

Why did these creatures react the way that they did?

307

00:31:09,000 --> 00:31:18,000

I have to think that when we began to act aggressively, when the divers wanted to capture one of these creatures and throw a net over it,

308

00:31:19,000 --> 00:31:24,000

that perhaps they were reacting in a defensive way when they expelled the divers to the surface.

309

00:31:25,000 --> 00:31:30,000

If we can believe what we've read in the reports, these are extraterrestrial beings, something otherworldly.

310

00:31:31,000 --> 00:31:37,000

Could these Lake Baikal creatures really be from another world, as UFO researchers believe?

311

00:31:38,000 --> 00:31:43,000

According to Russian documents, the surviving divers were too shaken to speak about the incident.

312

00:31:44,000 --> 00:31:49,000

But UFO researchers believe the Russian government is silencing them from speaking out.

313

00:31:50,000 --> 00:31:54,000

And if so, what could the Russian government have been trying to keep secret?

314

00:31:55,000 --> 00:32:02,000

They would be concerned about the potential threat, but they'd also be intrigued to know what these entities were,

315

00:32:03,000 --> 00:32:10,000

what the technology that they possessed was, and of course, could they acquire that technology themselves?

316

00:32:11,000 --> 00:32:20,000

And indeed, weaponization is always something at the back of the mind of any government official looking at the UFO and indeed, USO mystery.

317

00:32:20,000 --> 00:32:26,000

If there's a technology down there more advanced than our own, we want it.

318

00:32:28,000 --> 00:32:39,000

Despite what the Russians may be withholding, UFO investigators believe the Lake Baikal encounter indicates that extraterrestrials may be able to survive frigid water,

319

00:32:40,000 --> 00:32:43,000

and that interaction with them comes with risks.

320

00:32:43,000 --> 00:32:48,000

For UFO researchers new questions are raised. Where was their craft?

321

00:32:49,000 --> 00:32:53,000

And is there a possibility of a base of operations deep below the surface?

322

00:32:54,000 --> 00:33:02,000

With reports of disturbing underwater encounters with both alien craft and extraterrestrials confirmed by UFO researchers,

323

00:33:03,000 --> 00:33:10,000

they are now looking at ancient civilizations buried deep below the seas for further evidence of an alien presence on Earth.

324

00:33:14,000 --> 00:33:24,000

Investigators believe the world's most powerful navies have encountered strange underwater submersible objects, or USOs, for decades.

325

00:33:25,000 --> 00:33:29,000

But why are they being seen underwater? And not up in the skies?

326

00:33:31,000 --> 00:33:34,000

The oceans are about as remote a place as you can get on this planet.

327

00:33:35,000 --> 00:33:41,000

If you want to conduct yourself on a world secretly without a lot of interference, it's actually ideal.

328

00:33:41,000 --> 00:33:48,000

We know less about the deep ocean than we do about the surface of the Moon or Mars. It's a complete mystery.

329

00:33:49,000 --> 00:33:58,000

Logically it makes complete sense to actually hide stuff underwater because it would be very hard for a hostile government to actually find an alien base of some kind under the water.

330

00:33:59,000 --> 00:34:05,000

You've got all that protection, the mud, the silt, keeps any visual recognition from happening, so it really makes a lot of sense.

331

00:34:05,000 --> 00:34:13,000

Is it possible USOs are operating from bases deep below the sea? And if so, where is the evidence?

332

00:34:16,000 --> 00:34:29,000

July 2000, the Caribbean Sea, off the coast of Cuba. Here, maritime explorers probing the ocean floor, discover something completely unexpected deep below the surface.

333

00:34:30,000 --> 00:34:46,000

This video, taken from an unmanned submersible robot at a depth of approximately 2,000 feet, reveals a 1.2 square mile expanse of ancient stone structures of what appear to be a vast underwater city.

334

00:34:47,000 --> 00:34:56,000

Complete with roads, buildings, and pyramids, the explorers are stunned by their discovery, now known as the Lost City of Cuba.

335

00:35:00,000 --> 00:35:09,000

It's fascinating. I think it clearly is some kind of ancient archaeological site. There's pyramids, there's geometric structures there. It's really quite remarkable.

336

00:35:10,000 --> 00:35:12,000

The question is how old are these structures and who built them?

337

00:35:13,000 --> 00:35:26,000

Some people have connected it with the legend of Atlantis and said maybe this is evidence of some historic civilization destroyed in some great cataclysm.

338

00:35:26,000 --> 00:35:39,000

Underwater archaeologists estimate the structures were built more than 6,000 years ago. If true, these pyramids are the oldest pyramids in the world by an astounding 1,000 years.

339

00:35:40,000 --> 00:35:49,000

If they're as old as some people have argued, and we're talking several thousand years old, that would make them earlier than ancient Egyptian civilization.

340

00:35:49,000 --> 00:35:57,000

And if that's the case, we have some real interesting questions to ask about pyramid construction in different parts of the world in ancient times.

341

00:35:59,000 --> 00:36:11,000

Could the Lost City, half a mile below the sea, have been built by an ancient unknown human civilization, one that predates every known human civilization in the Western Hemisphere?

342

00:36:12,000 --> 00:36:21,000

Or is it possible, as some UFO researchers believe, that this sunken city was once connected to extraterrestrial visitors in the remote past?

343

00:36:24,000 --> 00:36:33,000

Now the UFO community are extremely excited about this. They think it's maybe an underwater base for USOs.

344

00:36:33,000 --> 00:36:41,000

When you look at the image, it does appear there's a structure to this thing. It certainly doesn't look like anything that was formed naturally in the ocean.

345

00:36:42,000 --> 00:36:45,000

This looks as if it has been built by someone.

346

00:36:46,000 --> 00:36:56,000

I think the depths of the oceans is one of the best places to hide. If you're a non-human intelligence here on Earth wanting to do some kind of operation, what better place than the depths of the ocean?

347

00:36:57,000 --> 00:37:09,000

There is so much on our planet that we haven't begun to explore, and a majority of that is underwater, with all of these hiding places, these deep abysses.

348

00:37:10,000 --> 00:37:16,000

To me, this would be a perfect area for another intelligence to hide out.

349

00:37:17,000 --> 00:37:27,000

If extraterrestrials have been building hidden underwater bases for thousands of years, is it possible such bases are still being created in the world's oceans today?

350

00:37:30,000 --> 00:37:36,000

One recent discovery, six miles off the west coast of Southern California, may offer clues.

351

00:37:37,000 --> 00:37:48,000

Lying on the seabed in 2,000 feet of water, at measuring three miles in length, mainstream science claims this oval feature is a naturally made geological formation.

352

00:37:49,000 --> 00:37:53,000

But could this structure have been built by forces of a more cosmic nature?

353

00:37:54,000 --> 00:38:00,000

Now some people claim this is a natural formation, but if you look at the USGS maps of the area, it is very unnatural.

354

00:38:00,000 --> 00:38:09,000

It's a very specific sort of oval platform. It looks like it was added on to the underwater ridge that already existed. It doesn't have a natural shape at all.

355

00:38:10,000 --> 00:38:15,000

So the question is, is this some sort of secret US government base, or is it perhaps an alien base?

356

00:38:16,000 --> 00:38:24,000

This underwater structure is clearly artificial looking. I mean, it seems to me to resemble some sort of landing pad.

357

00:38:25,000 --> 00:38:27,000

Now what's really intriguing about this, of course, is the location.

358

00:38:28,000 --> 00:38:44,000

Just 95 miles north of the structure lies Vandenberg Air Force Base, a US Department of Defense space and missile testing base, and the site of the Space Exploration Technologies Corporation, better known as SpaceX.

359

00:38:44,000 --> 00:39:02,000

Founded in 2002, the stated purpose of SpaceX is to create technologies to reduce space transportation costs and enable the colonization of Mars.

360

00:39:03,000 --> 00:39:21,000

Vandenberg is a place where all sorts of secret, highly classified programs have been carried out. Is there a connection here? Is any of this activity the cutting edge of our space program are of interest to someone or something else?

361

00:39:22,000 --> 00:39:36,000

According to UFO researchers, the evidence suggests the West Coast underwater structure could actually be an alien base for USOs to monitor the government's most top secret ballistic missile tests and the SpaceX Mars agenda.

362

00:39:37,000 --> 00:39:53,000

We have testimony from military officers that the number of rocket tests undertaken from Vandenberg Air Force Base, tests that should have been quite routine, went completely awry with no explanation of why this happened.

363

00:39:53,000 --> 00:40:15,000

Could it be that USOs are hiding in the oceans, monitoring our most destructive weapons and interfering when necessary, and showing us in some way that whatever we might try to do, if we ever launch them in anger, maybe against ourselves and try to start a third world war, that they could just switch them off in an instant?

364

00:40:15,000 --> 00:40:20,000

That's exactly what a lot of people in the UFO community believe is happening.

365

00:40:20,000 --> 00:40:33,000

I don't think it's a coincidence that it's so close to Vandenberg Air Force Base. I think that because we're being watched, this would be an ideal location to see these kind of missile tests, to kind of see our technology.

366

00:40:33,000 --> 00:40:37,000

I think that they're watching to make sure that we don't take nuclear weapons off this planet.

367

00:40:38,000 --> 00:40:50,000

If aliens are hiding beneath our seas and have been for centuries, some UFO researchers question why they are increasingly allowing themselves to be seen by man.

368

00:40:51,000 --> 00:41:07,000

Why are we now seeing more reports of underwater objects? Is it because they're actually more of them here and they're interacting with us in a more pronounced way? We don't know.

369

00:41:07,000 --> 00:41:16,000

Maybe it's because we're dubbing into the oceans more these days than we used to in the past. We had the technology to actually go down deeper nowadays.

370

00:41:16,000 --> 00:41:31,000

The more you come to the conclusion that there's an escalation here, there's a sort of building up in intensity, frequency of these incidents, and indeed some of them are deadly, then it's a matter

not just of national security, but of global security.

371

00:41:31,000 --> 00:41:34,000

We shouldn't just assume they're here to make friends.

372

00:41:34,000 --> 00:41:49,000

If UFOs and USOs are in fact inhabiting our skies and our oceans as investigators believe, do they pose a threat to our security? And why are world governments and militaries keeping us in the dark?

373

00:41:49,000 --> 00:42:05,000

As more unexplained deep sea encounters are reported, UFO researchers believe vital questions remain unanswered. Why are they here? What is their plan? And will more be coming?
