

1

00:00:00,000 --> 00:00:05,000

She looked at the palm print and started telling us what happened.

2

00:00:05,000 --> 00:00:12,000

This time on Unexplained Mysteries, psychic crime solvers.

3

00:00:12,000 --> 00:00:15,000

It's like looking at a big screen movie that I'm in.

4

00:00:15,000 --> 00:00:19,000

We don't know how it was. We did, it wouldn't be mysterious.

5

00:00:19,000 --> 00:00:25,000

With our case studies, you'll meet five women with uncanny abilities.

6

00:00:25,000 --> 00:00:28,000

The data checked out all the way down the line.

7

00:00:28,000 --> 00:00:32,000

The detectives who worked with these psychics.

8

00:00:32,000 --> 00:00:37,000

After five minutes with her, she told me enough stuff that she had a hundred percent of my attention.

9

00:00:37,000 --> 00:00:41,000

The family members desperate for answers.

10

00:00:41,000 --> 00:00:45,000

You're haunted every moment that you live and breathe.

11

00:00:45,000 --> 00:00:50,000

You'll witness the psychics visit to the crime scene.

12

00:00:50,000 --> 00:00:57,000

The minute that I get near the scene, it seems like the blood is rushing through my body and saying to me,

13

00:00:57,000 --> 00:01:02,000

this is what happened to this girl. This is who did it to her. This is what he looks like.

14

00:01:02,000 --> 00:01:06,000

The touch that reveals a clue.

15

00:01:06,000 --> 00:01:09,000

He shot me. I know I'm on the floor.

16

00:01:09,000 --> 00:01:13,000

My back seems to be hurting me a great deal and I died.

17

00:01:13,000 --> 00:01:17,000

The twist of fate that started with a lightning strike.

18

00:01:17,000 --> 00:01:23,000

I began dreaming, seeing pictures, which I know now is clairvoyance.

19

00:01:23,000 --> 00:01:26,000

The psychics message to a killer.

20

00:01:26,000 --> 00:01:29,000

I'm going to come after you until I get you.

21

00:01:29,000 --> 00:01:34,000

And the tragic case of a missing child.

22

00:01:34,000 --> 00:01:39,000

Grab my arm and she said, Tim, find the dog and you'll find the Victoria.

23

00:01:39,000 --> 00:01:42,000

It was a situation that I'll never forget as long as I live.

24

00:01:42,000 --> 00:01:47,000

And we'll bring it all together in our Unexed Report.

25

00:01:47,000 --> 00:01:54,000

Right here on Unexplained Mysteries. Psychic Crime Solvers.

26

00:01:57,000 --> 00:02:02,000

Police work involves cold facts and hard evidence.

27

00:02:02,000 --> 00:02:10,000

Detective study crime scenes, interrogate witnesses and analyze evidence.

28

00:02:10,000 --> 00:02:17,000

But when traditional investigations lead nowhere, they sometimes turn to psychics.

29

00:02:17,000 --> 00:02:24,000

The only way I ever get involved is if the police called me.

30

00:02:24,000 --> 00:02:27,000

If they don't, I will not work on a case.

31

00:02:27,000 --> 00:02:31,000

Dorothy Allison is a unique breed of psychic.

32

00:02:31,000 --> 00:02:41,000

Her extrasensory skills are so keen that she has been caught on to work on a number of high-profile cases.

33

00:02:41,000 --> 00:02:49,000

The son of Sam, John Wayne Gacy, Atlanta child murderer, Wayne Williams.

34

00:02:49,000 --> 00:02:53,000

With a single murder, you're dealing with a single victim and a single murderer.

35

00:02:53,000 --> 00:03:00,000

With a serial killer now, you're dealing not only with a smart person, but a very devious, cunning person.

36

00:03:00,000 --> 00:03:05,000

And then you've got so many people, so many visions, so many faces all at once.

37

00:03:05,000 --> 00:03:09,000

The visions are sometimes cryptic.

38

00:03:09,000 --> 00:03:13,000

Even Dorothy doesn't fully understand them.

39

00:03:13,000 --> 00:03:18,000

And talking to Dorothy, you have to sort of interrogate her like a suspect.

40

00:03:18,000 --> 00:03:24,000

She sees locations and you have to narrow these locations down to find what you're looking for.

41

00:03:24,000 --> 00:03:28,000

December, 1978.

42

00:03:28,000 --> 00:03:30,000

Chicago.

43

00:03:30,000 --> 00:03:37,000

The bodies of 33 boys are found beneath the house of John Wayne Gacy.

44

00:03:37,000 --> 00:03:40,000

But one body is missing.

45

00:03:40,000 --> 00:03:43,000

Dorothy is called in to help.

46

00:03:43,000 --> 00:03:45,000

She has a vision.

47

00:03:45,000 --> 00:03:51,000

You will find the body on April 9th, near a bridge, by a river.

48

00:03:51,000 --> 00:03:54,000

I was sitting at my desk, phone rang.

49

00:03:54,000 --> 00:03:58,000

It was a sheriff from a small county near this bridge.

50

00:03:58,000 --> 00:04:00,000

And he said, you better get down here.

51

00:04:00,000 --> 00:04:02,000

You found the body in the river down here.

52

00:04:02,000 --> 00:04:05,000

We think it's that boy you're looking for.

53

00:04:05,000 --> 00:04:09,000

And I looked at my desk calendar and it was April 9th.

54

00:04:09,000 --> 00:04:12,000

My goal is to see how many killers can I knock down.

55

00:04:12,000 --> 00:04:15,000

It's like a game with me now. I love getting a killer.

56

00:04:15,000 --> 00:04:17,000

I really do.

57

00:04:17,000 --> 00:04:22,000

If you'll ever see evil in a killer, it'll be in his eyes.

58

00:04:22,000 --> 00:04:25,000

In Dorothy's eyes, they see hope.

59

00:04:29,000 --> 00:04:34,000

Nancy Meyer first discovered her psychic ability as a young girl.

60

00:04:34,000 --> 00:04:40,000

While on a trip overseas, she found that she could read the minds of people,

61

00:04:40,000 --> 00:04:43,000

no matter what language they spoke.

62

00:04:43,000 --> 00:04:48,000

I discovered that if I got in the person's head, I could get the sense of what they were saying.

63

00:04:48,000 --> 00:04:55,000

So I used my ability quite a bit to follow conversations and languages that I didn't know.

64

00:04:55,000 --> 00:05:03,000

As her gift continued to develop, she reluctantly started working with the Delaware State Police.

65

00:05:03,000 --> 00:05:12,000

It's very overwhelming. It's kind of hard for people to understand that when a person who is as sensitive as I am does their reading.

66

00:05:12,000 --> 00:05:18,000

I have to use a very strong system of blocking within me in order to keep the victim's pain.

67

00:05:18,000 --> 00:05:21,000

But I must not lose me while I'm doing it.

68

00:05:21,000 --> 00:05:25,000

With success, Nancy's reputation grew.

69

00:05:25,000 --> 00:05:30,000

Soon, she was being called in on murder cases.

70

00:05:30,000 --> 00:05:37,000

But tapping into the psychic energy of a violent crime is a painful personal experience.

71

00:05:37,000 --> 00:05:42,000

It's three-dimensional. It's in color. Only you are standing in the scene.

72

00:05:42,000 --> 00:05:48,000

The color is often stronger and more vivid in real life.

73

00:05:48,000 --> 00:05:55,000

When I'm doing the murder scene, that vividness is a real problem because it is almost larger than life.

74

00:05:55,000 --> 00:06:00,000

It's like looking at a big screen movie that I'm in the middle of. And that's sometimes frightening.

75

00:06:07,000 --> 00:06:12,000

See, I felt he came out this door and then he took a right that which headed towards the back of the building.

76

00:06:12,000 --> 00:06:15,000

But this is quite a desert area here.

77

00:06:15,000 --> 00:06:17,000

I felt that he was coming out of a road.

78

00:06:17,000 --> 00:06:21,000

Kathleen Ray on the path of a killer.

79

00:06:21,000 --> 00:06:23,000

I'd like to look around there.

80

00:06:23,000 --> 00:06:27,000

Detectives listen intently to every word.

81

00:06:27,000 --> 00:06:32,000

I heard a bell just as soon as it was near the church or the nearest bell that would ring.

82

00:06:32,000 --> 00:06:34,000

Considerably off campus.

83

00:06:34,000 --> 00:06:38,000

Yeah, because I don't feel like it was near where she was. I feel like it's at a distance.

84

00:06:38,000 --> 00:06:47,000

Like other psychic crime solvers, Kathleen's visions are impressionistic and it's up to the police to decipher the clues.

85

00:06:47,000 --> 00:06:56,000

So I'm painting a picture. I first start by putting the different items in the picture and then we have to find the focal point to go with that picture.

86

00:06:56,000 --> 00:06:59,000

I try to work just as methodical as the detectives do.

87

00:06:59,000 --> 00:07:05,000

And I just plug in the intuitive feelings to go with it to see if we can sharpen it any or narrow it down more.

88

00:07:05,000 --> 00:07:08,000

Kathleen has worked on hundreds of cases.

89

00:07:08,000 --> 00:07:16,000

Her clues have led police to killers and more importantly to their missing victims.

90

00:07:16,000 --> 00:07:22,000

People ask me why I do this type of work. It's to give closure to those who are left behind that are suffering.

91

00:07:22,000 --> 00:07:29,000

Greta Alexander wasn't born with psychic abilities.

92

00:07:29,000 --> 00:07:34,000

A freak accident as a child almost killed her.

93

00:07:34,000 --> 00:07:38,000

But it gave her second sight.

94

00:07:38,000 --> 00:07:45,000

For more than 20 years, she has used this gift to aid police departments across the country.

95

00:07:45,000 --> 00:07:51,000

Revealing clues to help detectives track down the victims' lives.

96

00:07:51,000 --> 00:07:56,000

She has tracked down arsonists, kidnappers and murderers.

97

00:07:56,000 --> 00:08:02,000

To do this, she must look through the eyes of the victim.

98

00:08:02,000 --> 00:08:09,000

To actually become her, you actually see these things that she's seeing.

99

00:08:09,000 --> 00:08:12,000

And I will say, I'm very frightened, I'm very afraid.

100

00:08:12,000 --> 00:08:20,000

I am underneath some bushes and I will say I am because I actually feel like that's me.

101

00:08:20,000 --> 00:08:26,000

These gruesome visions sometimes become too overwhelming for Greta.

102

00:08:26,000 --> 00:08:31,000

I don't work more to cases anymore though. I put that too hard on me.

103

00:08:31,000 --> 00:08:34,000

You become a victim and you feel the pain.

104

00:08:34,000 --> 00:08:42,000

Greta believes everyone has some form of psychic ability, even if they don't recognize it.

105

00:08:42,000 --> 00:08:45,000

I think their abilities, everybody's got it.

106

00:08:45,000 --> 00:08:50,000

Everybody can play Chopsticks. I can just have it and play Chopin.

107

00:08:56,000 --> 00:08:59,000

He shot me. I know I'm on the floor.

108

00:08:59,000 --> 00:09:04,000

My back seems to be hurting me a great deal and I die.

109

00:09:04,000 --> 00:09:11,000

Noreen Reneer lived the first 30 years of her life unaware of her gift.

110

00:09:11,000 --> 00:09:19,000

But when a client sensed her abilities, Noreen's extra sensory perception quickly opened up.

111

00:09:19,000 --> 00:09:23,000

It was like stepping on the moon once I entered into this.

112

00:09:23,000 --> 00:09:28,000

I could touch a ring or watch and I could see pictures in my head.

113

00:09:30,000 --> 00:09:36,000

Once she was comfortable with her abilities, Noreen decided to use them to help people.

114

00:09:37,000 --> 00:09:46,000

She focused on police work. Using the ability to read objects, Noreen became a valuable tool for detectives.

115

00:09:46,000 --> 00:09:50,000

I see the way they see because I'm not me anymore than them.

116

00:09:50,000 --> 00:09:53,000

Sometimes I hurt very much when I'm being killed.

117

00:09:53,000 --> 00:10:00,000

Five women, each has her own way of working. Each has her own gift.

118

00:10:00,000 --> 00:10:05,000

Each using their talents to help the police catch criminals.

119

00:10:06,000 --> 00:10:11,000

These are the best and most accurate psychics in America.

120

00:10:13,000 --> 00:10:17,000

Coming up, how did the police react to these psychics?

121

00:10:17,000 --> 00:10:23,000

We'll hear from seasoned officers risking their careers on a hunch.

122

00:10:23,000 --> 00:10:28,000

She looked at the palm print and started telling us what happened.

123

00:10:28,000 --> 00:10:34,000

The information that Greta gave us from start to finish was 100% accurate.

124

00:10:34,000 --> 00:10:36,000

I said that when I found the body, there was these chickens.

125

00:10:36,000 --> 00:10:38,000

Chickens, chickens, chickens.

126

00:10:38,000 --> 00:10:43,000

And a landmark case that opened up the eyes of detectives everywhere.

127

00:10:43,000 --> 00:10:50,000

Police officers are the kind of guys that they got to try it, test it, hold it, feel it, then they believe it.

128

00:10:50,000 --> 00:10:57,000

We have to realize that psychic ability when it comes to the surface is not that easy to deal with.

129

00:10:57,000 --> 00:11:01,000

All that and our UNX report.

130

00:11:02,000 --> 00:11:05,000

On unexplained mysteries.

131

00:11:10,000 --> 00:11:15,000

Unexplained mysteries. Psychic crime solvers.

132

00:11:17,000 --> 00:11:20,000

They exist in two different worlds.

133

00:11:20,000 --> 00:11:24,000

One believes in what they can see and touch.

134

00:11:24,000 --> 00:11:28,000

The other relies on visions and impressions.

135

00:11:29,000 --> 00:11:32,000

Detective work and psychic abilities.

136

00:11:32,000 --> 00:11:38,000

Their worlds only come together when a case is at a dead end.

137

00:11:45,000 --> 00:11:52,000

Greta Alexander is searching for a missing woman, the victim of a brutal homicide.

138

00:11:53,000 --> 00:12:02,000

The closer we got to the bridge, the more I could feel her saying like, come and get me, just come and get me.

139

00:12:02,000 --> 00:12:05,000

Horrible images flash through her brain.

140

00:12:05,000 --> 00:12:11,000

A murder. A kidnapping. A violent death.

141

00:12:11,000 --> 00:12:15,000

Images that would disturb anyone.

142

00:12:15,000 --> 00:12:19,000

This is the curse of ESP.

143

00:12:19,000 --> 00:12:22,000

Greta Alexander's curse.

144

00:12:22,000 --> 00:12:26,000

One that began when she was struck by lightning.

145

00:12:26,000 --> 00:12:30,000

I found that I was a different person.

146

00:12:30,000 --> 00:12:37,000

I found I could sense, I would know, and I would feel things that I never ever felt before.

147

00:12:37,000 --> 00:12:41,000

At first, her psychic visions were dismissed by police.

148

00:12:41,000 --> 00:12:46,000

But as they recognized her accuracy, her credibility grew.

149

00:12:47,000 --> 00:12:52,000

It all began with a murder in Taswell, Illinois.

150

00:12:54,000 --> 00:13:02,000

Mary Cassetta and her boyfriend were traveling from Alton, Illinois to Peoria just past the Mackinac River Bridge.

151

00:13:02,000 --> 00:13:10,000

The argument that had been building in the car reached a climax to a point where he pulled off to the side of the road.

152

00:13:11,000 --> 00:13:17,000

She was afraid of him. She bailed out of the vehicle, ran down the embankment.

153

00:13:17,000 --> 00:13:25,000

The police arrested Mary's boyfriend. The problem, they couldn't find the body.

154

00:13:25,000 --> 00:13:31,000

It was late in the fall when we started to search. The weather was extremely bad. It was freezing rain.

155

00:13:31,000 --> 00:13:37,000

There was a storm front moving in that would have covered the area with snow.

156

00:13:37,000 --> 00:13:49,000

Making matters worse, an Illinois state law said if a body was not found within 120 days, the accused killer had to be released.

157

00:13:49,000 --> 00:13:58,000

Detectives were desperate. They had read about Greta Alexander and decided to take a chance.

158

00:13:58,000 --> 00:14:06,000

I called Greta and I asked her a single question if in fact a body was located in Taswell County.

159

00:14:06,000 --> 00:14:11,000

She did in fact immediately say that yes, we had a body in Taswell County.

160

00:14:11,000 --> 00:14:17,000

Greta convinced the detectives to send her the suspect's handprint.

161

00:14:17,000 --> 00:14:22,000

She looked at the palm print and started telling us what happened.

162

00:14:22,000 --> 00:14:27,000

Greta was drawn to this bridge over the Mackinac River.

163

00:14:27,000 --> 00:14:35,000

I could feel her and as we stopped and as we looked over the bridge, you could feel her calling.

164

00:14:35,000 --> 00:14:42,000

And I could hear the children singing. She kept showing me the children singing. The children singing.

165

00:14:42,000 --> 00:14:48,000

What happened next shocked the detectives and prosecutor working on the case.

166

00:14:48,000 --> 00:14:52,000

Greta began speaking as the murder victim.

167

00:14:52,000 --> 00:14:58,000

And there was a fighting and the arguing was unreal and I just couldn't take anymore.

168

00:14:58,000 --> 00:15:05,000

And then I wanted out of the car. I wanted to get away. The car pulls over and I get out to run.

169

00:15:05,000 --> 00:15:15,000

And then on my back, I'm accosted and I'm rolling down and down and down and then my body comes to arrest.

170

00:15:15,000 --> 00:15:19,000

But not even the victim could tell police where she was.

171

00:15:19,000 --> 00:15:24,000

She took out a map of the state of Illinois and circled three areas in red.

172

00:15:24,000 --> 00:15:31,000

She also gave us a series of clues. She said, if I were Mary, these are the things that I would see.

173

00:15:31,000 --> 00:15:36,000

And then there was like an old schoolhouse and the kids were in these long dresses.

174

00:15:36,000 --> 00:15:42,000

She said that the body was near a schoolhouse. We did in fact find that location of the school.

175

00:15:42,000 --> 00:15:49,000

The only thing left is the water pump that had been in front of the school in the playground area.

176

00:15:49,000 --> 00:15:52,000

The school itself has been long gone.

177

00:15:52,000 --> 00:16:01,000

Once the detectives learned how to decipher Greta's visions, her clues led them to the body of Mary Cousette.

178

00:16:01,000 --> 00:16:11,000

One of the things that Greta had mentioned to us was that from the body location, you could hear

dogs barking and children singing.

179

00:16:11,000 --> 00:16:20,000

I got to the scene, went down the embankment and as I'm kneeling next to the body, I hear dogs barking and children singing.

180

00:16:20,000 --> 00:16:27,000

There was a church camp located on the opposite side of the hill from our location.

181

00:16:27,000 --> 00:16:33,000

The case opened up the eyes of police agencies across the country.

182

00:16:33,000 --> 00:16:39,000

A psychic could be a valuable asset in an unsolved crime.

183

00:16:40,000 --> 00:16:46,000

The information that Greta gave us from start to finish was 100% accurate.

184

00:16:46,000 --> 00:16:49,000

Nothing she told us was not correct.

185

00:16:49,000 --> 00:16:56,000

Police officers are the kind of guys that they got to try it, test it, hold it, feel it, then they believe it.

186

00:16:56,000 --> 00:17:08,000

I feel like that if I can give them one little helping hand, just one little thing that will help turn the corner for them, then I have done much.

187

00:17:08,000 --> 00:17:15,000

Coming up on Unexplained Mysteries, a detective with nowhere to turn.

188

00:17:15,000 --> 00:17:19,000

We've pursued many leads that allowed us nowhere.

189

00:17:19,000 --> 00:17:22,000

A mother desperate for answers.

190

00:17:22,000 --> 00:17:27,000

They're haunted every moment that you live and breathe.

191

00:17:27,000 --> 00:17:30,000

And the shocking psychic revelation.

192

00:17:30,000 --> 00:17:32,000

Hey, new to dinner.

193

00:17:32,000 --> 00:17:34,000

We'll talk to the skeptics.

194

00:17:34,000 --> 00:17:38,000

The psychic part of this was just way off. It didn't make sense.

195

00:17:38,000 --> 00:17:40,000

The grieving family members.

196

00:17:40,000 --> 00:17:46,000

All you can think about is how could this possibly happen to your child.

197

00:17:46,000 --> 00:17:49,000

And the psychic who brings home.

198

00:17:49,000 --> 00:17:54,000

I'm experiencing it right along with the victim. It's like a movie in my head.

199

00:17:54,000 --> 00:18:00,000

In an exclusive case study, we'll investigate a murder spree in the desert.

200

00:18:00,000 --> 00:18:05,000

We have a serial killer we believe out there that is going to strike again.

201

00:18:05,000 --> 00:18:10,000

We'll talk to the psychic who vows to put it to an end.

202

00:18:10,000 --> 00:18:12,000

I'm going to come at you until I get you.

203

00:18:12,000 --> 00:18:16,000

And tie it all up in the Rx report.

204

00:18:16,000 --> 00:18:18,000

Unexplained Mysteries.

205

00:18:18,000 --> 00:18:21,000

Psychic Crime Solvers.

206

00:18:22,000 --> 00:18:26,000

It's very clear to me.

207

00:18:26,000 --> 00:18:29,000

I'm experiencing it right along with the victim.

208

00:18:29,000 --> 00:18:32,000

It's like a movie in my head.

209

00:18:32,000 --> 00:18:36,000

Nancy Meyer is a witness to a murder.

210

00:18:36,000 --> 00:18:39,000

She observed every detail.

211

00:18:39,000 --> 00:18:42,000

She's a witness to a murder.

212

00:18:42,000 --> 00:18:45,000

She's a witness to a murder.

213

00:18:45,000 --> 00:18:48,000

Nancy Meyer is a witness to a murder.

214

00:18:49,000 --> 00:18:54,000

She observed every detail and heard every scream.

215

00:18:54,000 --> 00:18:58,000

But she was nowhere near the scene of the crime.

216

00:18:58,000 --> 00:19:03,000

She saw Skipper Parker's murder in a vision.

217

00:19:03,000 --> 00:19:11,000

A haunted every moment that you live and breathe all you can think about is how or why.

218

00:19:11,000 --> 00:19:15,000

How could this possibly happen to your child?

219

00:19:15,000 --> 00:19:20,000

You try to protect him and do everything you can to take care of that child.

220

00:19:20,000 --> 00:19:25,000

And then one moment, someone can just take that all away from you.

221

00:19:25,000 --> 00:19:31,000

Skipper was buried, but his killer was never found.

222

00:19:31,000 --> 00:19:35,000

Detective John Barrow had exhausted every lead.

223

00:19:35,000 --> 00:19:40,000

It would appear that the young man was on the way to work while in his truck.

224

00:19:40,000 --> 00:19:43,000

He was fired on by some unknown assailant.

225

00:19:43,000 --> 00:19:46,000

One of those projectiles struck and killed him.

226

00:19:46,000 --> 00:19:52,000

Up to now, the police have, I think, to the best of their abilities done what they can,

227

00:19:52,000 --> 00:19:56,000

given with the resources that they have available to them.

228

00:19:56,000 --> 00:20:00,000

And it's been tough for our family because we want the answer. We want it now.

229

00:20:00,000 --> 00:20:06,000

We've pursued many leads that have led us nowhere and we've pursued some leads that have given us some information,

230

00:20:06,000 --> 00:20:11,000

but certainly not any that has led to the identification of the suspects in the case.

231

00:20:11,000 --> 00:20:14,000

The case is still open. The case is still unsolved.

232

00:20:14,000 --> 00:20:20,000

Detective Barrow had been working the case for months with nothing to show for it.

233

00:20:20,000 --> 00:20:26,000

Then Skipper's family read an article about Nancy Meyer.

234

00:20:26,000 --> 00:20:31,000

They called the Greensboro Homicide Division and asked them to talk with her.

235

00:20:31,000 --> 00:20:39,000

I hope that Nancy Meyer can pick up something that they're missing.

236

00:20:39,000 --> 00:20:46,000

A clue, a vibration, whatever it takes to solve this crime.

237

00:20:46,000 --> 00:20:52,000

I've never worked with a psychic in a criminal investigation or in any way.

238

00:20:52,000 --> 00:20:55,000

This was first proposed by the family.

239

00:20:55,000 --> 00:20:58,000

My position with the family has been that if this is something they want to do

240

00:20:58,000 --> 00:21:01,000

and it's not interfering with the investigation,

241

00:21:01,000 --> 00:21:08,000

and I think it's a position of me as an investigator and the Greensboro Police Department will accommodate them any way we can.

242

00:21:08,000 --> 00:21:13,000

Nancy has given access to the crime scene photos.

243

00:21:13,000 --> 00:21:17,000

This is where her visions begin.

244

00:21:17,000 --> 00:21:23,000

There's energy in every murder scene. When I look at stacks of photos on murder scene,

245

00:21:23,000 --> 00:21:28,000

I am not trying to look at this poor, battered body.

246

00:21:28,000 --> 00:21:34,000

What I'm looking for is somewhere when that photographer moved all the way around the body,

247

00:21:34,000 --> 00:21:38,000

and I can't see exactly where the killer was at a moment when the killer was open.

248

00:21:38,000 --> 00:21:40,000

Bam, I'm in there.

249

00:21:40,000 --> 00:21:44,000

Nancy's first impression shocked everyone involved in the case.

250

00:21:44,000 --> 00:21:53,000

He knew who did it. This was not random. It may look random, but actually it seems like a sort of a running conflict.

251

00:21:53,000 --> 00:21:55,000

Money's involved.

252

00:21:55,000 --> 00:22:02,000

Images continue to flow. Nancy describes what she sees to detectives.

253

00:22:02,000 --> 00:22:06,000

And he's looking at the driver and there's a passenger and there is someone in the backseat.

254

00:22:06,000 --> 00:22:08,000

There are three young men there.

255

00:22:08,000 --> 00:22:13,000

After studying the photos, she paints a portrait of the killer.

256

00:22:13,000 --> 00:22:17,000

There's some schooling in common between the two of them.

257

00:22:17,000 --> 00:22:23,000

There's a ring on his right hand that looks like a heavy class ring.

258

00:22:23,000 --> 00:22:31,000

And the conflict between the shooter and the victim started way back.

259

00:22:31,000 --> 00:22:39,000

He seems to have been very jealous of the victim, jealous of the friendliness of the victim, jealous of the victim's success with young ladies.

260

00:22:39,000 --> 00:22:42,000

I think she's intuitive and I think she's perceptive.

261

00:22:42,000 --> 00:22:48,000

There are some perceptions perhaps that are similar to some information that we already have available.

262

00:22:48,000 --> 00:22:54,000

But the accuracy of the information provided will only be borne out based on the investigation.

263

00:22:54,000 --> 00:22:59,000

Barrow is skeptical, but he isn't going to rule anything out.

264

00:22:59,000 --> 00:23:07,000

He continues to follow up leads and Nancy is confident that he will catch Skipper's killer.

265

00:23:07,000 --> 00:23:12,000

They've got two very good cops on this. You got two bloodhounds. They're great.

266

00:23:12,000 --> 00:23:15,000

They'll go after it. They're going to dig and dig and dig.

267

00:23:15,000 --> 00:23:25,000

Coming up on Unexplained Mysteries, psychic crime solvers, a killer who has police from three states baffled.

268

00:23:25,000 --> 00:23:30,000

It's very frustrating. You start wondering, you know, what else can you do? What can you do?

269

00:23:30,000 --> 00:23:34,000

We have a serial killer we believe out there that is going to strike again.

270

00:23:34,000 --> 00:23:39,000

This is what happened to this girl. This is who did it to her. This is what he looks like.

271

00:23:39,000 --> 00:23:42,000

The disturbing case study, deadly abduction.

272

00:23:42,000 --> 00:23:47,000

She's frightened everybody. She knows he's violent. He's a very violent person.

273

00:23:47,000 --> 00:23:50,000

It was a situation that I'll never forget as long as I live.

274

00:23:50,000 --> 00:23:56,000

I didn't believe it, but after five minutes, whether she told me enough stuff, she had 100% of my attention.

275

00:23:56,000 --> 00:24:02,000

And the Unexplained Mysteries.

276

00:24:09,000 --> 00:24:13,000

Unexplained Mysteries, psychic crime solvers.

277

00:24:15,000 --> 00:24:19,000

In the Nevada desert, a woman's body is found.

278

00:24:21,000 --> 00:24:30,000

Two hikers made the grisly discovery. Detective Bill Schultz takes the call.

279

00:24:30,000 --> 00:24:41,000

When we got out there, we found a white female, unidentified. Completely stripped of all her clothing, jewelry, and had been killed by a gunshot.

280

00:24:41,000 --> 00:24:48,000

She is known only as Jane Doe. A sketch is released to the press.

281

00:24:48,000 --> 00:24:57,000

But no one comes forward to identify her. Jane Doe is buried, but not forgotten.

282

00:24:57,000 --> 00:25:03,000

Detective Schultz was determined to find out who she was and who had killed her.

283

00:25:03,000 --> 00:25:09,000

He sent out a description of the murder to other police agencies.

284

00:25:09,000 --> 00:25:16,000

Within days, he got calls from homicide detectives in Juam and Millard, Utah.

285

00:25:16,000 --> 00:25:20,000

They too had their own Jane Doe murders.

286

00:25:20,000 --> 00:25:22,000

I'll show you where our girl was found.

287

00:25:22,000 --> 00:25:27,000

After comparing clues, a pattern seemed to emerge.

288

00:25:27,000 --> 00:25:34,000

Young female victims shot with a small caliber handgun, stripped naked.

289

00:25:34,000 --> 00:25:41,000

They now felt that a serial killer was using their desert as a hunting ground.

290

00:25:41,000 --> 00:25:53,000

The scenes are almost identical. The way their hair was pulled up underneath them, the way their heads were turned, the way their hands were laid out in a particular fashion, the way their feet were laid out in a particular fashion.

291

00:25:53,000 --> 00:26:02,000

We feel very strongly that the bodies were in fact posed, that there are some things that are not natural, but the way the bodies were positioned.

292

00:26:02,000 --> 00:26:11,000

Making the case more difficult was that none of the women had been reported missing and none could be identified.

293

00:26:11,000 --> 00:26:16,000

It's very frustrating. You start wondering, you know, what else can you do? What can you do?

294

00:26:16,000 --> 00:26:25,000

The police were at a dead end with nothing to lose. They call in psychic Dorothy Allison.

295

00:26:25,000 --> 00:26:32,000

He does pose as either a security guard or a policeman, does not pose as a trucker that he may be.

296

00:26:32,000 --> 00:26:40,000

That's what is so shocking to the girl, because they think they were the police officer and they don't expect this to happen.

297

00:26:40,000 --> 00:26:44,000

They're more or less in the state of shock when he starts attacking them.

298

00:26:44,000 --> 00:26:51,000

The detectives are skeptical, but she soon revealed something that only they knew.

299

00:26:51,000 --> 00:27:00,000

I was told this girl was shot, and that was all I was told, but I got a feeling about the throat. There's something wrong with the throat, whatever that may be.

300

00:27:00,000 --> 00:27:06,000

I don't know, maybe the police could, you know, sort of let me know what I feel about that throat.

301

00:27:06,000 --> 00:27:16,000

Well, the only problem I have with that is that it's never been released, and I, you know, that's a lead for us, and there was something, yeah, something was done on the throat.

302

00:27:16,000 --> 00:27:25,000

The detectives aren't ready to give out any information, but Dorothy had clearly gotten their attention with her accuracy.

303

00:27:25,000 --> 00:27:36,000

I feel that this man stays mostly in the area, but in Nevada, although he's been to Portland, and a place that's called Castle Rock or something like that.

304

00:27:36,000 --> 00:27:38,000

He said something about Castle Rock?

305

00:27:38,000 --> 00:27:39,000

Yes.

306

00:27:39,000 --> 00:27:40,000

Castle Bale?

307

00:27:40,000 --> 00:27:44,000

Something with Castle in it. Any name that has Castle in it, he hangs there.

308

00:27:44,000 --> 00:27:53,000

Dorothy picks up on two key pieces of information from the murders. The detectives are stunned.

309

00:27:53,000 --> 00:28:03,000

The place she was found is on I-70 out of Castle Bale. As I understand it, she was last seen when they did I there in Portland, Oregon.

310

00:28:03,000 --> 00:28:10,000

Dorothy talks for two hours with the detectives hanging on her every word.

311

00:28:10,000 --> 00:28:15,000

She sometimes travels with a dog in the car. Nice dog.

312

00:28:15,000 --> 00:28:20,000

Do you see, I mean, is it anything about any oddities about the animals that you see?

313

00:28:20,000 --> 00:28:23,000

You mean like one leg off or something?

314

00:28:23,000 --> 00:28:24,000

Yeah.

315

00:28:24,000 --> 00:28:31,000

We're looking for somebody in a vehicle with a three-legged, what we believe is possibly a Rottweiler.

316

00:28:31,000 --> 00:28:37,000

The vehicle was also seen up in this area at about the time of the discovery of this body.

317

00:28:37,000 --> 00:28:43,000

With the Elko police department, Dorothy describes the killer to a sketch artist.

318

00:28:43,000 --> 00:28:46,000

So is that long enough right there?

319

00:28:46,000 --> 00:28:51,000

When Detective Colch sees the sketch, he's shocked.

320

00:28:51,000 --> 00:29:03,000

All right, when we were looking for an individual in a station wagon, that we had a witness here in Elko who had seen this individual, that person drawn is very, very similar.

321

00:29:03,000 --> 00:29:06,000

The description is that individual right there. That's the guy we're looking for with the dog.

322

00:29:06,000 --> 00:29:11,000

Within just a few hours, Dorothy Allison convinces the detectives.

323

00:29:11,000 --> 00:29:22,000

Saying I was skeptical is putting them mildly, but Dorothy told us some things today, things that came to her that somewhat take me back and has to put that mildly.

324

00:29:22,000 --> 00:29:29,000

There were some things that she had said while we were out in the scene that has never been public or made public.

325

00:29:29,000 --> 00:29:34,000

Things are only known by the four of us and our people, then our own agencies or sheriffs.

326

00:29:34,000 --> 00:29:40,000

She gave some names and some businesses and stuff and that I think really need to be followed up on.

327

00:29:40,000 --> 00:29:45,000

Since the detectives last talked to Dorothy, one of the murders has been solved.

328

00:29:45,000 --> 00:29:56,000

And while it was unrelated to the other cases, they haven't lost hope that one day they will track down the Jane Doe killer.

329

00:29:56,000 --> 00:30:05,000

Next on Unexplained Mysteries, a desperate family calls on a psychic to locate their missing daughter.

330

00:30:05,000 --> 00:30:13,000

If I was dreaming about what can I do, what other avenues can I go? And it came to me in the dream.

331

00:30:13,000 --> 00:30:15,000

The detective who went out on a limb.

332

00:30:15,000 --> 00:30:19,000

The psychic part of this was just way off that it didn't make sense to me.

333

00:30:19,000 --> 00:30:26,000

These feelings are something I've educated like you've educated your other senses to where I can use them more fully.

334

00:30:26,000 --> 00:30:29,000

And the clue that would break the case.

335

00:30:29,000 --> 00:30:33,000

It was a situation that I'll never forget as long as I live.

336

00:30:33,000 --> 00:30:38,000

She stopped, she grabbed my arm and she said, Tim, find the dog and you'll find the Victoria.

337

00:30:38,000 --> 00:30:46,000

We've opened all the case files in our On X Report, coming up on Unexplained Mysteries.

338

00:30:50,000 --> 00:30:56,000

Unexplained Mysteries, psychic crime solvers.

339

00:31:03,000 --> 00:31:11,000

Fresno, California, nestled in the San Joaquin Valley, farms stretch out as far as the eye can see.

340

00:31:12,000 --> 00:31:15,000

A shocking crime took place here.

341

00:31:15,000 --> 00:31:22,000

Nine-year-old Victoria de Santiago and her younger sister Eva were kidnapped along with their dog.

342

00:31:22,000 --> 00:31:26,000

They had gone to the store to buy a loaf of bread.

343

00:31:26,000 --> 00:31:31,000

The counterman said that he remembers the girls coming in and he told them to go out because they couldn't bring the dog in.

344

00:31:31,000 --> 00:31:35,000

But no one knows for sure what happened next.

345

00:31:35,000 --> 00:31:41,000

What we figured is that perhaps whoever this individual was was there in the parking lot.

346

00:31:41,000 --> 00:31:47,000

Somehow, a strange man lured the girls into his car.

347

00:31:47,000 --> 00:31:51,000

Two days later, little Eva is found.

348

00:31:51,000 --> 00:31:55,000

Victoria and the dog still missing.

349

00:31:56,000 --> 00:31:58,000

She was a very beautiful little girl.

350

00:31:58,000 --> 00:32:01,000

She was always very protective of her sister.

351

00:32:01,000 --> 00:32:07,000

She said that her sister told the man to let her go and that she would stay.

352

00:32:07,000 --> 00:32:14,000

So from that, I know that she was just a very good person.

353

00:32:14,000 --> 00:32:20,000

The police canvassed the area, but no one had seen anything.

354

00:32:20,000 --> 00:32:28,000

In my sleep, I was dreaming about what can I do, what other avenues can I go?

355

00:32:28,000 --> 00:32:34,000

And it came to me in the dream. I mean, I sat right up and her name was Kathleen Ray.

356

00:32:34,000 --> 00:32:40,000

Kathleen Ray is one of the most respected psychic crime solvers in the country.

357

00:32:40,000 --> 00:32:48,000

Even with all her experience, Sergeant Tim McFadden had a hard time accepting the idea.

358

00:32:48,000 --> 00:32:54,000

I was told that a psychic was being brought in and I was going to fly to San Jose to meet this psychic.

359

00:32:54,000 --> 00:32:59,000

And I thought I'm going to fly up there and I'm going to meet this lady wearing gypsy clothes.

360

00:32:59,000 --> 00:33:04,000

She's going to take me into this house. We're going to burn some incense. We're going to rattle some bones.

361

00:33:04,000 --> 00:33:08,000

She's going to throw some dust around in the air and tell me something that's totally irrelevant to

the case.

362

00:33:08,000 --> 00:33:11,000

Intuition is something that everybody has.

363

00:33:11,000 --> 00:33:15,000

And the intuitive sense is a sense of feeling.

364

00:33:15,000 --> 00:33:22,000

But these feelings are something I've educated, like you've educated your other senses, to where I can use them more fully.

365

00:33:22,000 --> 00:33:26,000

The psychic part of this was just way off. It didn't make sense to me.

366

00:33:26,000 --> 00:33:31,000

How somebody 180 miles from here is going to tell me how to find a body in my town.

367

00:33:31,000 --> 00:33:36,000

It's really taking feelings up and bringing a whole picture and holding that picture long enough.

368

00:33:36,000 --> 00:33:40,000

Just like going to a movie or turning the TV on and seeing a picture part of your face.

369

00:33:40,000 --> 00:33:46,000

I didn't believe it. But after five minutes with her, she told me enough stuff that she had 100% of my attention.

370

00:33:46,000 --> 00:33:47,000

I was believing in her.

371

00:33:47,000 --> 00:33:54,000

The DeSantiago family had no doubts. They put all their faith in Kathleen.

372

00:33:54,000 --> 00:34:01,000

All I could think of asking her was, you know, did she have to go through a lot of pain?

373

00:34:01,000 --> 00:34:08,000

I felt that Victoria at this point was still barely alive. Just barely.

374

00:34:09,000 --> 00:34:17,000

If Victoria was still alive, every minute was essential. McFadden had to trust Kathleen.

375

00:34:17,000 --> 00:34:21,000

She told me the road she was on was not a well-traveled road.

376

00:34:21,000 --> 00:34:24,000

I saw this plowed field. I knew the field had just been plowed.

377

00:34:24,000 --> 00:34:29,000

Kay said she's laying parallel to the road. I feel she's laying parallel to the road with her face towards the road.

378

00:34:29,000 --> 00:34:35,000

I'll see the bushes, the trees, the poultry farm.

379

00:34:35,000 --> 00:34:39,000

Kay said that when I found the body, there would be chickens. She said, I get chickens around the body.

380

00:34:39,000 --> 00:34:40,000

Chickens, chickens, chickens.

381

00:34:40,000 --> 00:34:47,000

There has to be a farmer whose name starts with an S. There has to be a street that starts with an L.

382

00:34:47,000 --> 00:34:49,000

There has to be a windmill.

383

00:34:49,000 --> 00:34:54,000

After my interview with Kay, as I was walking out the door and I'll never forget this, she stopped me.

384

00:34:54,000 --> 00:34:59,000

She grabbed my arm and she said, Tim, find the dog and you'll find Victoria.

385

00:35:00,000 --> 00:35:06,000

At the same time, back in Fresno, a farmer reported finding the dog.

386

00:35:06,000 --> 00:35:11,000

Sergeant McFadden's partner responded to the scene.

387

00:35:11,000 --> 00:35:16,000

Detective Pope Joy was at the house where the dog was found. He verified it was the dog.

388

00:35:16,000 --> 00:35:19,000

So I asked Detective Pope Joy, he said, well, are there chickens out there?

389

00:35:19,000 --> 00:35:24,000

So I asked the rancher, the farmer, the rancher, is there a poultry ranch here?

390

00:35:24,000 --> 00:35:28,000

He said, yes, just south of here, about a quarter of a mile, there's an abandoned poultry ranch.

391

00:35:28,000 --> 00:35:34,000

Detective Pope Joy, he came and he got the call on the dog and he came out here and talked to the farmer that found the dog

392

00:35:34,000 --> 00:35:37,000

and he found it down here a little ways and brought it back to this house.

393

00:35:37,000 --> 00:35:40,000

And when I was talking to him on the phone, he said there wasn't a windmill.

394

00:35:40,000 --> 00:35:45,000

It was a situation that I'll never forget as long as I live, was him on the phone to me.

395

00:35:45,000 --> 00:35:52,000

And we are talking about this windmill and I'm telling him there's no windmill here

396

00:35:52,000 --> 00:35:57,000

and the landowner standing behind me said, oh yeah, you just walked by when it's in the front yard.

397

00:35:57,000 --> 00:36:02,000

As I'm telling him things that should be there and he's confirming these back to me,

398

00:36:02,000 --> 00:36:05,000

the case said would be there, I'm getting higher and higher.

399

00:36:05,000 --> 00:36:09,000

Wow, wow, we are. This gal doesn't know what she's talking about.

400

00:36:09,000 --> 00:36:20,000

We immediately called for officers to respond and it was from him telling me what she saw 145 miles away.

401

00:36:20,000 --> 00:36:26,000

Following the clues Kathleen had given, the police narrowed the search.

402

00:36:26,000 --> 00:36:32,000

The street must start with an L, Leonard Street.

403

00:36:32,000 --> 00:36:39,000

The farmer's last name begins with an S. There is an S on the mailbox.

404

00:36:39,000 --> 00:36:47,000

And when her body was found, it was laying parallel to the road, her head facing it,

405

00:36:47,000 --> 00:36:51,000

just as Kathleen had predicted.

406

00:36:51,000 --> 00:36:58,000

She was still alive in a coma, suffering right there in the little trench.

407

00:36:58,000 --> 00:37:02,000

Kathleen found that as she described it to the T.

408

00:37:02,000 --> 00:37:07,000

By the time authorities arrived, Victoria had died.

409

00:37:07,000 --> 00:37:12,000

The case is still open. The killer has yet to be found.

410

00:37:12,000 --> 00:37:22,000

But McFatten hasn't given up. With Kathleen's help and some good detective work, it's just a matter of time.

411

00:37:22,000 --> 00:37:32,000

I believe it could be solved. Somebody out there, somebody somewhere has got to know more about this, but they've never come forward.

412

00:37:32,000 --> 00:37:40,000

And for the DeSantiago family, finding their daughter lets them rest a little easier.

413

00:37:40,000 --> 00:37:51,000

Thank you guys. Thank you for finding Toria's body. Thank you for giving me Kathleen right.

414

00:37:51,000 --> 00:38:02,000

Next on Unexplained Mysteries, the Unex Report. Are these psychic crime solvers really using ESP to solve crimes?

415

00:38:02,000 --> 00:38:05,000

Or is there some other explanation?

416

00:38:05,000 --> 00:38:12,000

For family numbers, it's easy to believe. A psychic brings hope where there is none.

417

00:38:12,000 --> 00:38:21,000

But for the police officers and detectives who rely on more conventional solutions, the jury is still out.

418

00:38:21,000 --> 00:38:26,000

We'll put all the pieces together in our Unex Report.

419

00:38:26,000 --> 00:38:31,000

Next on Unexplained Mysteries.

420

00:38:32,000 --> 00:38:42,000

Unexplained Mysteries Psychic Crime Solvers. The Unex Report.

421

00:38:42,000 --> 00:38:51,000

When it comes to psychic crime solvers, there will always be skeptics. The law enforcement community isn't convinced.

422

00:38:51,000 --> 00:38:57,000

And even today, the use of a psychic on a case can be controversial.

423

00:38:57,000 --> 00:39:04,000

I didn't want the public to get the wrong question that John Swann uses psychics to do all his rescue.

424

00:39:04,000 --> 00:39:08,000

Sometimes the family asks to bring in a psychic.

425

00:39:08,000 --> 00:39:14,000

My position with the family has been that if this is something they want to do and it's not interfering with the investigation,

426

00:39:14,000 --> 00:39:17,000

the Greensboro Police Department will accommodate them any way we can.

427

00:39:17,000 --> 00:39:20,000

The reset is always the same.

428

00:39:20,000 --> 00:39:24,000

We've pursued many leaps that have led us nowhere.

429

00:39:24,000 --> 00:39:27,000

You start wondering, you know, what else can you do? What can you do?

430

00:39:27,000 --> 00:39:32,000

But overcoming reason and common sense isn't easy.

431

00:39:32,000 --> 00:39:37,000

The psychic part of this was just way off. It didn't make sense to me.

432

00:39:37,000 --> 00:39:43,000

Police officers are the kind of guys that they got to try it, test it, hold it, feel it, then they believe it.

433

00:39:43,000 --> 00:39:48,000

And then there is that moment that changes everything.

434

00:39:48,000 --> 00:39:54,000

I could hear the children singing. She kept storming the children singing. The children singing.

435

00:39:54,000 --> 00:39:59,000

She took out a map of the state of Illinois and circled three areas in red.

436

00:39:59,000 --> 00:40:04,000

Sometimes travels with a dog in the car. He likes dogs.

437

00:40:04,000 --> 00:40:09,000

Do you see anything about any oddities about the animals that you see?

438

00:40:09,000 --> 00:40:11,000

You mean like one leg off or something?

439

00:40:11,000 --> 00:40:15,000

That's the guy we're looking for with the dog, the individual with the dog.

440

00:40:15,000 --> 00:40:21,000

After five minutes with her, she told me enough stuff that she had 100% of my attention. I was believing in her.

441

00:40:21,000 --> 00:40:30,000

The cases aren't always solved. The clues don't always make sense. Not every skeptic can be convinced.

442

00:40:30,000 --> 00:40:35,000

We don't know how it works. I mean, if we did, it wouldn't be mysterious.

443

00:40:35,000 --> 00:40:41,000

These women have heard it all. They know what most people think of them.

444

00:40:41,000 --> 00:40:46,000

But they keep helping. They keep providing hope.

445

00:40:46,000 --> 00:40:52,000

People ask me why I do this type of work. It's to give closure to those who are left behind that are suffering.

446

00:40:52,000 --> 00:40:59,000

If I can give them just one little thing that will help turn the corner for them, then I have done much.

447

00:40:59,000 --> 00:41:04,000

It's like a game between now. I love getting a killer. I really do.

448

00:41:04,000 --> 00:41:12,000

There's only a light shining out of total darkness. You're going to walk towards that light.

449

00:41:12,000 --> 00:41:18,000

Whether it's the wrong way, the right way, it doesn't matter. It's a direction.

450

00:41:18,000 --> 00:41:26,000

When the logical fails, sometimes the supernatural can provide answers and solve crimes.

451

00:41:26,000 --> 00:41:34,000

Exactly how it works, nobody knows. So for now, that must remain an unexplained mystery.
