

1

00:00:00,000 --> 00:00:06,000

These lights, nobody knows what they are, they're somehow produced by the Earth itself.

2

00:00:06,000 --> 00:00:14,000

This time on Unexplained Mysteries, this strange planet will explore the bizarre, the terrifying,

3

00:00:14,000 --> 00:00:18,000

and the deadly forces at work on planet Earth.

4

00:00:18,000 --> 00:00:24,000

We'll show you the strange lights in a Texas town that have its residents petrified.

5

00:00:24,000 --> 00:00:25,000

It was just eerie to me.

6

00:00:25,000 --> 00:00:26,000

There are no lights.

7

00:00:26,000 --> 00:00:30,000

I was flabbergasted. I don't think I've ever been the same since.

8

00:00:30,000 --> 00:00:37,000

You'll hear from the people who have experienced the drug-like effects of a 3,000-year-old cave in England.

9

00:00:37,000 --> 00:00:44,000

I could see spiraling movements, a sort of soup of spirals.

10

00:00:44,000 --> 00:00:50,000

It was like a dream, but at the same time I was very much awake thinking, what is going on?

11

00:00:50,000 --> 00:00:55,000

We'll explore the lights appearing across the English countryside.

12

00:00:55,000 --> 00:01:00,000

When I watch them, I thought it's not the full moon. The moon comes in the opposite direction.

13

00:01:00,000 --> 00:01:02,000

The new one's in the bird or a balloon.

14

00:01:02,000 --> 00:01:09,000

And we'll look at the possible link between these lights and the bizarre markings on the ground nearby.

15

00:01:09,000 --> 00:01:16,000

Most of the lights that are seen above the clockpoint are true, and some of them are actually seen in the field.

16

00:01:16,000 --> 00:01:19,000

There must be some connection.

17

00:01:19,000 --> 00:01:25,000

You'll see exclusive footage of a light show in outer space that has NASA scientists baffle.

18

00:01:25,000 --> 00:01:32,000

With our case studies, we'll bring you the horrifying stories of the lives claimed by the planet's death zones.

19

00:01:32,000 --> 00:01:35,000

There are forces out there. You don't know what's going to happen out here.

20

00:01:35,000 --> 00:01:41,000

We had \$2 million worth of the world's finest electronic instruments just completely crap out on us.

21

00:01:41,000 --> 00:01:45,000

We had nothing from the outside world. We were in limbo.

22

00:01:45,000 --> 00:01:50,000

How Lake Superior took a ship full of men down in minutes.

23

00:01:50,000 --> 00:01:57,000

They were in communication with Fitzgerald at 10 minutes after 7 and 20 minutes after 7. They had no sight of them at all.

24

00:01:57,000 --> 00:02:03,000

And is there a town in New Mexico that is actually driving people insane?

25

00:02:03,000 --> 00:02:07,000

All they can ultimately do is leave. It drives them bumpers.

26

00:02:07,000 --> 00:02:10,000

I've heard of people committing suicide because of it.

27

00:02:10,000 --> 00:02:18,000

And finally, we'll piece it all together in our UNEX report on unexplained mysteries, this strange planet.

28

00:02:24,000 --> 00:02:29,000

I was scared. Very badly frightened. I don't know what they are. I don't claim to know.

29

00:02:29,000 --> 00:02:33,000

I'm not sure I even want to know, but I know that they do exist.

30

00:02:33,000 --> 00:02:41,000

Awe, wonder, fear, all the results of contact with the Earth's humbling and disturbing power spots.

31

00:02:41,000 --> 00:02:45,000

The Earth's surface has certain energetic properties.

32

00:02:45,000 --> 00:02:50,000

Sites so powerful that they cause actual physical reactions.

33

00:02:50,000 --> 00:02:54,000

Spots, ancient mystics marked with sacred monuments.

34

00:02:54,000 --> 00:03:01,000

But what was in the minds of these ancient builders when they constructed these colossal structures?

35

00:03:01,000 --> 00:03:07,000

These places have been deliberately placed in these locations of great natural power and energy.

36

00:03:07,000 --> 00:03:16,000

And that all the stone circles in England and Wales, that all occur either immediately alongside a geological fault line, or in very close proximity.

37

00:03:23,000 --> 00:03:28,000

England, a focus of some of the world's most ominous power centers.

38

00:03:29,000 --> 00:03:39,000

The Avebury Henge. This colossal oddity is thought to be a site of immense mystical power, and home to a puzzling light phenomenon.

39

00:03:42,000 --> 00:03:51,000

I saw this beautiful ball of light in the sky. And I thought, oh, lovely full moon, because I love the full moon and starry night.

40

00:03:51,000 --> 00:03:57,000

And I watched and I thought, oh no, ye gods, it's not the full moon. The moon comes in the opposite direction.

41

00:03:58,000 --> 00:04:08,000

Another puzzling energy spot. A 3,000 year old vision producing cave. The Bollet Frugus.

42

00:04:08,000 --> 00:04:19,000

Just before the point of dawn, I was awake and I thought I could see spiraling movements.

43

00:04:19,000 --> 00:04:27,000

Sort of soup of spirals swirling around. They were very like the shapes on the tips of your fingers.

44

00:04:27,000 --> 00:04:35,000

They suddenly exploded into stars. There were lots of little pinpricks of light in with them flowing around.

45

00:04:35,000 --> 00:04:43,000

This is not unique to this cave. Similar bizarre images are etched in the walls of caves throughout Europe.

46

00:04:43,000 --> 00:04:52,000

The ancient megalovildas saw these lights themselves coming out of the rock and would see them certainly as an expression or a manifestation of spirit.

47

00:04:52,000 --> 00:04:59,000

And perhaps therefore registered that effect in impermanent carved forms on the rocks.

48

00:04:59,000 --> 00:05:03,000

Others report similar hallucinatory experiences.

49

00:05:04,000 --> 00:05:12,000

I came into the Frugus. I kind of began to lose myself in a way.

50

00:05:12,000 --> 00:05:17,000

It's a feeling of timelessness for a few seconds.

51

00:05:17,000 --> 00:05:24,000

And then quite suddenly, it was as though a scene unfolded in front of me.

52

00:05:24,000 --> 00:05:29,000

It consisted of a church and a churchyard.

53

00:05:29,000 --> 00:05:37,000

I remember the colours were very bright. In some ways it was like a dream, but at the same time I was very much awake.

54

00:05:37,000 --> 00:05:44,000

I was aware of standing there, thinking, well, this is extremely odd. What is going on?

55

00:05:44,000 --> 00:05:49,000

Could the Earth itself be telling mystics where to build sacred monuments?

56

00:05:49,000 --> 00:05:56,000

Experts have discovered that many of the world's most sacred spots, when mapped, fall on straight lines.

57

00:05:56,000 --> 00:06:01,000

They are called ley lines and are said to be energy conduits.

58

00:06:06,000 --> 00:06:12,000

Imagine that the whole Earth is surrounded by a spider web of subtle energy currents.

59

00:06:12,000 --> 00:06:21,000

It can't be seen, felt, tasted, but the whole Earth is surrounded by these invisible force field lines.

60

00:06:21,000 --> 00:06:23,000

Those are ley lines.

61

00:06:23,000 --> 00:06:29,000

Invisible Earth energies all around us, beneath our feet, even running through us.

62

00:06:29,000 --> 00:06:43,000

Intuitively, we are drawn like magnets to sacred places. People flock to places like Machu Picchu, Stone Hedge, Avesbury, Glastonbury, and they don't always know why.

63

00:06:43,000 --> 00:06:51,000

The electromagnetic fields that are there are sufficiently stronger that they elevate and change your brain waves,

64

00:06:51,000 --> 00:06:58,000

moving you into alpha and theta states that are associated with creativity and insight and spiritual revelation.

65

00:06:58,000 --> 00:07:03,000

To access these energy spots, the ley lines must be found first.

66

00:07:03,000 --> 00:07:09,000

There's a couple of ways to detect ley lines. The first of which is animal behaviour.

67

00:07:09,000 --> 00:07:16,000

Animals gravitate towards ley lines, deer tracks, rabbit tracks, migration paths of birds, that sort of thing.

68

00:07:16,000 --> 00:07:26,000

The second is that they can be sensed and felt. It's not a clairvoyant sort of psychic thing, it's actually physically felt in your body.

69

00:07:26,000 --> 00:07:36,000

What dowsing does is simply to amplify that experience of the subtle difference in crossing through this invisible current of energy.

70

00:07:40,000 --> 00:07:48,000

Seattle, Washington, the Emerald City, a modern megalopolis with an eye on the past.

71

00:07:48,000 --> 00:08:00,000

If you begin to map out a city and you read the ley lines and you read the chi, it's possible to work with those things and incorporate them into design

72

00:08:00,000 --> 00:08:08,000

to begin to reduce violence and create a sense of creativity and spiritual inspiration within places.

73

00:08:08,000 --> 00:08:12,000

Seattle is the first city to map all of its ley lines.

74

00:08:12,000 --> 00:08:18,000

What we're proposing to do here is the exact same thing that was done all over the world by ancient people of every civilization.

75

00:08:18,000 --> 00:08:28,000

They found special places on the earth and then they used earth and stone to build places of power and sacredness for their culture, for their society.

76

00:08:28,000 --> 00:08:32,000

It's a layout of the ley lines and the power centers in Seattle area.

77

00:08:32,000 --> 00:08:38,000

The crystals indicate where the ley lines actually enter the earth and that's where the power centers created.

78

00:08:38,000 --> 00:08:42,000

These power centers are special places on the body of the earth.

79

00:08:42,000 --> 00:08:49,000

So by building beautiful artworks on these special places, we're healing the earth.

80

00:08:49,000 --> 00:08:55,000

We're making the earth more healthy, which creates a sense of world peace and harmony.

81

00:08:55,000 --> 00:08:59,000

Modern day monument builders are drawn to these sites.

82

00:08:59,000 --> 00:09:08,000

If we were in Scotland, Ireland, England, many ancient places, this place that we are standing by would have a stone circle, it would have a standing stone.

83

00:09:08,000 --> 00:09:11,000

It would have a mound, it would be a special place.

84

00:09:11,000 --> 00:09:16,000

But the city of Seattle has only been here for a hundred years.

85

00:09:16,000 --> 00:09:18,000

So this is a virgin power center.

86

00:09:18,000 --> 00:09:25,000

What we need to do is create a space here, put in a standing stone, a seating area to make this place special.

87

00:09:25,000 --> 00:09:31,000

Mapping the ley lines, they hope, will take the city of Seattle into a new dimension.

88

00:09:31,000 --> 00:09:41,000

The goal is to enhance the overall energy within the city of Seattle to make Seattle a better place to live, a more spiritual place to live, a more healthy place to live.

89

00:09:41,000 --> 00:09:50,000

Coming up on Unexplained Mysteries, why are strange lights stalking the residents of a tiny town in Texas?

90

00:09:50,000 --> 00:09:52,000

I think they're Satan's people, God's crews.

91

00:09:52,000 --> 00:09:55,000

As a matter of fact, I was scared. It was very bad to fright.

92

00:09:55,000 --> 00:09:58,000

The heavenly light phenomenon, it could be a message.

93

00:09:58,000 --> 00:10:03,000

There are forces in the earth that are equivalent to those things in the sky.

94

00:10:03,000 --> 00:10:06,000

Southern England, epicenter for the bizarre.

95

00:10:06,000 --> 00:10:13,000

At the heart of a lot of genuine sightings of UFOs are these balls of light.

96

00:10:13,000 --> 00:10:19,000

The mysterious demise of World War II bombers in the Bermuda Triangle.

97

00:10:19,000 --> 00:10:23,000

When this Avenger broke the surface, it was like bringing a body out of the ocean.

98

00:10:23,000 --> 00:10:26,000

And the sound that's driving people mad.

99

00:10:26,000 --> 00:10:32,000

A very deep, deep roar, constantly, I hear it now.

100

00:10:32,000 --> 00:10:38,000

All right, and our Unexplained Report, next on Unexplained Mysteries.

101

00:10:43,000 --> 00:10:47,000

Unexplained Mysteries, this strange planet.

102

00:10:49,000 --> 00:10:53,000

Nothing is small in Texas, not even their mysteries.

103

00:10:58,000 --> 00:11:02,000

It's just there, and it's been there all these many years.

104

00:11:02,000 --> 00:11:05,000

It started out very slowly, but very brightly.

105

00:11:05,000 --> 00:11:08,000

There was a single bright yellow light. It was brilliant.

106

00:11:08,000 --> 00:11:14,000

Closer it got, it changed to a kind of a silvery green orb.

107

00:11:14,000 --> 00:11:19,000

It seems to dance or move in a rhythmic way.

108

00:11:19,000 --> 00:11:23,000

They weren't hostile, they were very, very friendly, it seemed.

109

00:11:23,000 --> 00:11:29,000

They didn't chase us, they didn't descend on us, and they were soft in color.

110

00:11:29,000 --> 00:11:33,000

Yellows, soft greens, blues.

111

00:11:33,000 --> 00:11:36,000

I don't think there's any question about it, the lights are there.

112

00:11:36,000 --> 00:11:42,000

What these eyewitnesses are describing are the lights that have haunted the residents of Marfa, Texas,

113

00:11:42,000 --> 00:11:46,000

for 150 years. These are Marfa lights.

114

00:11:46,000 --> 00:11:49,000

What they are exactly is a matter of debate.

115

00:11:49,000 --> 00:11:52,000

I think they're Satan's people, that is the truth.

116

00:11:52,000 --> 00:11:56,000

They're ghost lights, and it's ghosts.

117

00:11:56,000 --> 00:11:59,000

It was just eerie to me, nobody else was afraid that I was afraid.

118

00:12:05,000 --> 00:12:10,000

Life-long Marfa resident, Fern Campbell, came face to face with the lights.

119

00:12:10,000 --> 00:12:13,000

He captured this remarkable image.

120

00:12:13,000 --> 00:12:18,000

I saw this light coming across the area and moving toward the power line.

121

00:12:18,000 --> 00:12:25,000

And I assumed that it was following the power line toward me, and I still transfixed.

122

00:12:25,000 --> 00:12:28,000

As a matter of fact, I was scared, very badly frightened.

123

00:12:28,000 --> 00:12:31,000

I don't know what they are, I don't claim to know.

124

00:12:31,000 --> 00:12:35,000

I'm not sure I even want to know, but I know that they do exist.

125

00:12:35,000 --> 00:12:42,000

In America, there are at least 100 zones that are regularly haunted by these curious light phenomena.

126

00:12:42,000 --> 00:12:45,000

One of the most famous places is Marfa.

127

00:12:45,000 --> 00:12:51,000

Some experts think there could be a geological explanation for this disturbing phenomenon.

128

00:12:51,000 --> 00:12:55,000

These lights, nobody knows what they are, they're rather exotic phenomena.

129

00:12:55,000 --> 00:12:59,000

They're not UFOs, they're not flying saucers.

130

00:12:59,000 --> 00:13:02,000

They're somehow produced by the Earth itself.

131

00:13:02,000 --> 00:13:07,000

The lights have captured the attention of scientists from all over the world.

132

00:13:07,000 --> 00:13:10,000

Many come to Marfa looking for answers.

133

00:13:10,000 --> 00:13:18,000

This is a research work on the fireball, the so-called Marfa light.

134

00:13:18,000 --> 00:13:22,000

We believe this is the kind of natural phenomena.

135

00:13:22,000 --> 00:13:31,000

Natural phenomena means this is some kind of atmospheric electricity.

136

00:13:31,000 --> 00:13:37,000

Spherics expert Edson Hendricks specializes in recording the sounds of the universe.

137

00:13:37,000 --> 00:13:43,000

He claims to have captured mysterious sounds that are connected to the Marfa lights.

138

00:13:43,000 --> 00:13:50,000

I've been fascinated and almost obsessed by it, trying to figure out what could possibly do

something like that.

139

00:13:50,000 --> 00:13:57,000

Darkness falls, hours pass, days pass, but the lights are nowhere to be seen.

140

00:13:57,000 --> 00:14:08,000

We watched and watched, but nothing we obtained, nothing filming, nothing eye-witness observation.

141

00:14:08,000 --> 00:14:11,000

So we were very disappointed.

142

00:14:11,000 --> 00:14:14,000

Suddenly on the horizon.

143

00:14:14,000 --> 00:14:20,000

There it is, it's going again, it's flickering, wow, it's got different colors.

144

00:14:20,000 --> 00:14:26,000

It's got red and yellow, and it's flashing, flashing very rapidly.

145

00:14:26,000 --> 00:14:28,000

It looks almost like a firefly.

146

00:14:28,000 --> 00:14:30,000

The eye-witnesses are stunned.

147

00:14:30,000 --> 00:14:35,000

It's very bright now, it's getting brighter, and it looks a little bit red.

148

00:14:35,000 --> 00:14:41,000

It's dividing in two, the two pieces are moving apart, crossed again, and they're just continuing this.

149

00:14:41,000 --> 00:14:46,000

They're going back and forth, swinging back and forth, and they're doing this as though,

150

00:14:46,000 --> 00:14:50,000

this is what I think people mean when they say that the lights are doing a dance.

151

00:14:50,000 --> 00:14:55,000

Sceptics think there is nothing at all extraordinary about them.

152

00:14:55,000 --> 00:14:59,000

There are no facts that illustrate that it's anything beyond the natural.

153

00:14:59,000 --> 00:15:05,000

There are some facts to indicate very strongly that what most people see are car lights on Highway 67.

154

00:15:05,000 --> 00:15:10,000

There are people who are skeptical who believe that what everybody sees are car headlights,

155

00:15:10,000 --> 00:15:15,000

but even the most serious skeptic could not possibly have seen what we saw and conclude

156

00:15:15,000 --> 00:15:20,000

that they were looking at car headlights because cars could not be made to do what we saw those lights do.

157

00:15:20,000 --> 00:15:24,000

Hendricks, like so many others, will not stop searching for the truth.

158

00:15:24,000 --> 00:15:28,000

Right now, I don't know what they are and I'm continuing to work on that.

159

00:15:28,000 --> 00:15:31,000

I'm going to continue to look at it until I figure it out.

160

00:15:34,000 --> 00:15:37,000

For centuries, light phenomena have been seen from the ground.

161

00:15:37,000 --> 00:15:44,000

Recently, a new breed of lights have been recorded by NASA scientists well above the Earth's atmosphere.

162

00:15:44,000 --> 00:15:48,000

Below the years that we've been investigating ancient sacred places,

163

00:15:48,000 --> 00:15:53,000

we've heard of accounts of people seeing curious lights.

164

00:15:53,000 --> 00:15:57,000

This extraordinary footage is baffling scientists.

165

00:15:57,000 --> 00:16:03,000

The red clouds are called sprites, the pulses of blue light, jets.

166

00:16:03,000 --> 00:16:08,000

They seem to haunt the sort of places that the ancient megalith builders and monument builders

167

00:16:08,000 --> 00:16:12,000

have selected for their sites. I call them Earth lights.

168

00:16:12,000 --> 00:16:18,000

And we see these curious lights have been seen by all traditional peoples.

169

00:16:18,000 --> 00:16:27,000

Unusual, sometimes visible, energetic discharge phenomenon like the Marfa lights down in the southwest.

170

00:16:27,000 --> 00:16:34,000

In China, there are mountains with balls of light that supposedly dance around the tops of them.

171

00:16:34,000 --> 00:16:40,000

There are the Andes lights, these glowing spires that shoot up into the air above the Andes mountains.

172

00:16:40,000 --> 00:16:47,000

Are these lights a form of cosmic communication? Researchers like James Swan continue to look for answers.

173

00:16:47,000 --> 00:16:54,000

In the Earth, there are enormous teleoluric currents in the ground.

174

00:16:54,000 --> 00:16:59,000

There are probably equivalents to the sprites and jets. We just don't see them.

175

00:16:59,000 --> 00:17:03,000

When lightning strikes, the heavens and the Earth are connected.

176

00:17:03,000 --> 00:17:08,000

And there are forces in the Earth that are equivalent to those things in the sky.

177

00:17:08,000 --> 00:17:13,000

With further study, perhaps we will get the answers to many of the planet's mysteries.

178

00:17:13,000 --> 00:17:21,000

Hopefully what it will do is encourage NASA to start using remote sensing technologies to map out not only sprites and jets,

179

00:17:21,000 --> 00:17:26,000

but more subtle forms of energy that exist all around the Earth.

180

00:17:26,000 --> 00:17:32,000

Coming up on Unexplained Histories, this strange planet, England's hotbed of the Bazaar.

181

00:17:32,000 --> 00:17:34,000

They look like orange balls of light.

182

00:17:34,000 --> 00:17:40,000

I couldn't explain it. In the back of my mind, I knew it wasn't a bird or a balloon or just something blowing in the wind.

183

00:17:40,000 --> 00:17:44,000

Markings found on Earth that have experts frightened.

184

00:17:44,000 --> 00:17:52,000

How is somebody going to go out there and put these, at least a dozen, perhaps hundreds of swirls within the ice?

185

00:17:52,000 --> 00:17:55,000

Pilots who barely survived the Bermuda Triangle.

186

00:17:55,000 --> 00:17:59,000

Outside the window of the planet looked like you were flying an egg gnaw.

187

00:17:59,000 --> 00:18:04,000

And tragic reports of those who never made it out of the Great Lakes Triangle.

188

00:18:04,000 --> 00:18:08,000

We know there was no mid-air collision. We know there was no structural failure.

189

00:18:08,000 --> 00:18:11,000

We know the engines were operating properly.

190

00:18:11,000 --> 00:18:15,000

That ship going down must have happened no more than a minute.

191

00:18:15,000 --> 00:18:18,000

It just dove went down and that was the end of it.

192

00:18:18,000 --> 00:18:25,000

We'll re-examine all the facts in our Unex report. Stay tuned for more of Unexplained Mysteries.

193

00:18:38,000 --> 00:18:43,000

1 million square miles of breathtaking physical splendor.

194

00:18:43,000 --> 00:18:51,000

This is the product of four and a half billion years of relentless, naturally occurring forces.

195

00:18:51,000 --> 00:18:55,000

But there is an altogether different side of the planet.

196

00:18:55,000 --> 00:19:01,000

One full of forces that cannot be explained by conventional logic or science.

197

00:19:02,000 --> 00:19:09,000

It was only very short lived, but for the five seconds it was there, it was tremendous.

198

00:19:09,000 --> 00:19:16,000

Avebury, England. A pastoral plot that seems to be a point of supernatural convergence.

199

00:19:16,000 --> 00:19:22,000

Not far from Stonehenge, this country plane is home to two strange occurrences.

200

00:19:22,000 --> 00:19:27,000

The crop circle activity in this area this year has been quite considerable.

201

00:19:27,000 --> 00:19:32,000

We have something in the region of a hundred major patterns in Great Britain currently.

202

00:19:32,000 --> 00:19:36,000

Over 90% of them are in this area once again.

203

00:19:36,000 --> 00:19:44,000

In addition to the mysterious crop circles, there are the frequent sightings of strange glowing spheres in the night sky.

204

00:19:44,000 --> 00:19:53,000

They look like orange balls of light. You could see that they were mushroom shaped, revolving and emitting orange lights out from the bottom.

205

00:19:53,000 --> 00:19:57,000

We have thousands of lights spinning and rotating and the whole thing was spinning.

206

00:19:57,000 --> 00:20:05,000

I describe it as being spherical, oval shaped, silvery white, slight orange tinge.

207

00:20:05,000 --> 00:20:12,000

It came over from the left to the right of the trees and it went back and it came back again.

208

00:20:12,000 --> 00:20:17,000

Then all of a sudden it looked like it tripled in size and changed colour to orange.

209

00:20:17,000 --> 00:20:22,000

What are these strange lights? Some think they come from outer space.

210

00:20:22,000 --> 00:20:28,000

At the heart of a lot of genuine sightings of UFOs are these balls of light,

211

00:20:28,000 --> 00:20:34,000

cavorting around in the night sky, perhaps coming down very close, perhaps changing shape.

212

00:20:34,000 --> 00:20:42,000

These lights appear to be moving purposefully and that's for me what sets it aside from the natural phenomena

213

00:20:42,000 --> 00:20:50,000

to one which may well be controlled by an intelligence of some sort or indeed in itself may well be intelligent.

214

00:20:50,000 --> 00:21:01,000

An abundance of crop circles, primeval stone monuments, sightings of glowing balls of light all near one small town in the English countryside.

215

00:21:01,000 --> 00:21:14,000

It is just conceivable that some of the circles may result from balls of light that just touch down and touch this very responsive surface of a cornfield.

216

00:21:14,000 --> 00:21:24,000

I turned and I saw this glint and I thought what's that?

217

00:21:24,000 --> 00:21:27,000

And automatically almost I picked my video camera up.

218

00:21:27,000 --> 00:21:33,000

Crop circle researcher Stephen Alexander has seen many mysterious things.

219

00:21:33,000 --> 00:21:39,000

None of them prepared him for what he captured on videotape one day near Avery.

220

00:21:39,000 --> 00:21:44,000

This object just actually curved round and dropped into the crop and disappeared for a while.

221

00:21:44,000 --> 00:21:48,000

And then it started to move through the crop and it was glinting and flashing.

222

00:21:48,000 --> 00:21:51,000

It's a really intense sort of energy source it seems to me.

223

00:21:51,000 --> 00:21:57,000

Then you can see the object actually take off and in the distance was a tractor driver.

224

00:21:57,000 --> 00:22:04,000

And you can actually see the tractor driver stop as the actual object went over the top there.

225

00:22:04,000 --> 00:22:06,000

I couldn't explain it.

226

00:22:06,000 --> 00:22:11,000

In the back of my mind I knew it wasn't a bird or a balloon or just something going in the wind.

227

00:22:11,000 --> 00:22:14,000

I knew there was something important there.

228

00:22:14,000 --> 00:22:18,000

Experts have their own theories to explain the strange lights.

229

00:22:18,000 --> 00:22:27,000

It's quite possible that those balls of light are a glowing plasma, which is the same type mechanism that we do think is involved in crop circle formation.

230

00:22:27,000 --> 00:22:33,000

Could these unpredictable lights be a critical link to the origins of crop circles?

231

00:22:33,000 --> 00:22:40,000

Most of the lights that are seen above the crop formations and some of them are actually seen in the fields.

232

00:22:40,000 --> 00:22:49,000

There must be some connection although at the present we haven't got that little thing that clicks the two together.

233

00:22:53,000 --> 00:22:58,000

There are unusual signs found all over this strange planet.

234

00:22:58,000 --> 00:23:01,000

The most disturbing of them are icer-gulls.

235

00:23:01,000 --> 00:23:05,000

These circular swirling patterns seem to be suspended in water.

236

00:23:05,000 --> 00:23:11,000

They are of particular interest to researchers because of their apparent similarity to crop circles.

237

00:23:11,000 --> 00:23:21,000

Here we've got some snow circles on a frozen lake that if you look closely at the structure of them is not unlike what you see in a lot of crop circles.

238

00:23:21,000 --> 00:23:24,000

Researcher John Burke has a theory.

239

00:23:24,000 --> 00:23:27,000

Plasma is nothing more than electrified air particles.

240

00:23:27,000 --> 00:23:31,000

But you excite the temperature of that plasma a little higher and it will begin to glow.

241

00:23:31,000 --> 00:23:37,000

If you have it heated enough to glow, then it makes sense that it might be heated enough to melt snow and leave a record in the snow.

242

00:23:37,000 --> 00:23:40,000

This is quite possible when winter is equivalent of crop circles.

243

00:23:40,000 --> 00:23:45,000

But the similarities between them ends when you consider one disturbing fact.

244

00:23:45,000 --> 00:23:51,000

A lot of this ice in which the circles are supposed to be happening is very thin. Too thin to walk out on and to measure.

245

00:23:51,000 --> 00:23:57,000

This eliminates the possibility for human intervention. Their existence is mysterious.

246

00:23:57,000 --> 00:24:05,000

How is somebody going to go out there and put these at least dozens and perhaps hundreds of swirls and they're not even really cut.

247

00:24:05,000 --> 00:24:12,000

These weren't actually cut and beautifully separated rings. These were just swirls within the ice.

248

00:24:13,000 --> 00:24:22,000

Coming up on Unexplained Mysteries. The Bermuda Triangle swallows a squadron of World War II bombers.

249

00:24:22,000 --> 00:24:26,000

There are forces out there. You don't know what's going to happen out there.

250

00:24:26,000 --> 00:24:30,000

The stories of the grateful few who skirted death.

251

00:24:30,000 --> 00:24:36,000

We had two million dollars worth of the world's finest electronic instruments just completely crap

out of it.

252

00:24:36,000 --> 00:24:39,000

It looks like you were flying an eggnog.

253

00:24:39,000 --> 00:24:45,000

The Great Lakes Triangle makes history by taking the Edmund Fitzgerald down.

254

00:24:45,000 --> 00:24:48,000

It just don't went down and that was the end of it.

255

00:24:48,000 --> 00:24:51,000

Something that went wrong and they won't ever know about it.

256

00:24:51,000 --> 00:24:55,000

And silently devours United Flight 389.

257

00:24:55,000 --> 00:24:59,000

We know there was no mid-air collision. We know there was no structural failure.

258

00:24:59,000 --> 00:25:01,000

We know the engines were operating properly.

259

00:25:01,000 --> 00:25:03,000

What makes this area so deadly?

260

00:25:03,000 --> 00:25:07,000

Several spots in that end of the lake where you get the magnetic anomaly.

261

00:25:08,000 --> 00:25:15,000

And the final wrap up in our unexplored coming up on Unexplained Mysteries.

262

00:25:19,000 --> 00:25:23,000

Unexplained Mysteries. This strange planet.

263

00:25:26,000 --> 00:25:32,000

Life on Earth is dependent on unseen forces to help us survive.

264

00:25:32,000 --> 00:25:36,000

But some of these forces can be deadly.

265

00:25:38,000 --> 00:25:45,000

25 degrees north latitude, 70 degrees west longitude, the Bermuda Triangle.

266

00:25:45,000 --> 00:25:51,000

This plot of open water is the focal point of the planet's most frightening Earth mystery.

267

00:25:51,000 --> 00:25:57,000

Hundreds of ships and planes have vanished into the vortex without a trace.

268

00:25:57,000 --> 00:26:01,000

But what makes this area so dangerous?

269

00:26:01,000 --> 00:26:08,000

We have no evidence whatsoever that makes the region described as a Bermuda Triangle

270

00:26:08,000 --> 00:26:12,000

any more dangerous than any other set of waters in the world.

271

00:26:12,000 --> 00:26:16,000

But for those who have lived to tell about their experiences in the Triangle,

272

00:26:16,000 --> 00:26:19,000

the story is quite different.

273

00:26:24,000 --> 00:26:28,000

I took the controls of the PBY about two hours out of Bermuda.

274

00:26:28,000 --> 00:26:30,000

And it really was a beautiful day.

275

00:26:30,000 --> 00:26:33,000

As I say, we could not see the wingtips of the airplane.

276

00:26:33,000 --> 00:26:35,000

It was like flying in a tube growing through this stuff.

277

00:26:35,000 --> 00:26:39,000

And it never dawned on me I was in the Bermuda Triangle.

278

00:26:39,000 --> 00:26:45,000

Martin and Dee Dee Caden have over 50 years of flying experience between them.

279

00:26:45,000 --> 00:26:50,000

Nothing in their expertise could explain the bizarre incident they had

280

00:26:50,000 --> 00:26:53,000

while piloting through the Bermuda Triangle.

281

00:26:53,000 --> 00:26:56,000

The magnetic compass was spinning, it was totally useless.

282

00:26:56,000 --> 00:27:02,000

The \$2 million worth of the world's finest electronic instruments just completely crap out on us.

283

00:27:02,000 --> 00:27:07,000

Outside the window of the plane it looked like you were flying an eggnog.

284

00:27:07,000 --> 00:27:11,000

You lose all reference to what's right, what's left, what's up, what's down.

285

00:27:11,000 --> 00:27:16,000

And many airplanes go into an uncontrolled spin and just come out of the sky and smash into the ocean.

286

00:27:16,000 --> 00:27:20,000

We had nothing from the outside world. We were in limbo.

287

00:27:20,000 --> 00:27:24,000

Then, without warning, the vortex released its grip.

288

00:27:24,000 --> 00:27:27,000

Little by little, all the instruments began to come back online.

289

00:27:27,000 --> 00:27:31,000

Gyros stopped spinning, the magnetic compass settled down,

290

00:27:31,000 --> 00:27:34,000

and all the electronic devices came back in and were working perfectly.

291

00:27:34,000 --> 00:27:40,000

Boy, once you experience it, you have a lot of respect for it. It's dangerous.

292

00:27:40,000 --> 00:27:46,000

The Caden story is only one of many about the region's mysterious powers.

293

00:27:54,000 --> 00:28:00,000

Flate 19, a squadron of World War II Avenger bombers, vanishes in the Bermuda Triangle.

294

00:28:00,000 --> 00:28:06,000

Historians have been looking for answers to the strange disappearances ever since.

295

00:28:06,000 --> 00:28:14,000

Recently, a World War II bomber was recovered 400 miles off the coast of Florida in the Bermuda Triangle.

296

00:28:14,000 --> 00:28:19,000

When this Avenger broke the surface of the ocean, it was the most spectacular thing I'd ever seen in my life.

297

00:28:19,000 --> 00:28:22,000

It was like bringing a body out of the ocean.

298

00:28:22,000 --> 00:28:25,000

The mystery still lingers. We're still working on it today.

299

00:28:25,000 --> 00:28:29,000

And Bermuda is not the only place where deadly triangles exist.

300

00:28:29,000 --> 00:28:34,000

With Marysburg, what you get is exactly the same type of things.

301

00:28:34,000 --> 00:28:41,000

You're getting down and around the Bermuda Triangle, disappearing people, disappearing ships and that.

302

00:28:41,000 --> 00:28:46,000

15,000 accidents in the last 200 years.

303

00:28:46,000 --> 00:28:53,000

The highest concentration of unexplained shipwrecks, plane crashes and other catastrophes in the world.

304

00:28:53,000 --> 00:28:57,000

This is the Great Lakes of the United States.

305

00:28:57,000 --> 00:29:02,000

The area's epicenter of devastation is the Marysburg Vortex.

306

00:29:06,000 --> 00:29:12,000

Navigational equipment like compasses depend on magnetic fields to function properly.

307

00:29:12,000 --> 00:29:17,000

If something disturbs that force, the results can be disastrous.

308

00:29:17,000 --> 00:29:22,000

We ran into magnetic deviation on compass fixes.

309

00:29:22,000 --> 00:29:29,000

We found, even using three separate compasses, when we plotted that on a chart, we were nowhere near.

310

00:29:29,000 --> 00:29:35,000

One case, we were a quarter of a mile on shore, and yet we're five miles physically on the boat offshore.

311

00:29:35,000 --> 00:29:40,000

There's several spots in that end of the lake where you get magnetic anomalies.

312

00:29:40,000 --> 00:29:46,000

Now when you're coming through with a ship, your compass can go out as much as 30 degrees.

313

00:29:46,000 --> 00:29:51,000

Now if this happens when you're on a storm, you can be sailing on a circle and never know.

314

00:29:56,000 --> 00:30:06,000

The Edmund Fitzgerald 729-foot workhorse carrying over 26,000 pounds of iron ore bound for Detroit.

315

00:30:06,000 --> 00:30:08,000

This ship was headed for infamy.

316

00:30:08,000 --> 00:30:16,000

When not one, but both of her radar systems mysteriously stopped working in a storm, the Fitzgerald was built to withstand,

317

00:30:16,000 --> 00:30:21,000

making this one of the worst of all the Great Lakes Triangle disasters.

318

00:30:21,000 --> 00:30:24,000

The Anderson was doing their scene for him.

319

00:30:24,000 --> 00:30:31,000

It was trying to get the fix on the Fitzgerald with radar and then radio to the Fitz and tell them where they were.

320

00:30:31,000 --> 00:30:37,000

Without reason, the Anderson, a ship nearby, suddenly lost communication with the Edmund Fitzgerald.

321

00:30:37,000 --> 00:30:42,000

They were in communication with the Fitzgerald at 10 minutes after 7 and 20 minutes after 7.

322

00:30:42,000 --> 00:30:44,000

They had no sight of it at all.

323

00:30:44,000 --> 00:30:52,000

And the fact that no distress call was ever sent on the Fitzgerald, that ship going down must have happened no more than a minute.

324

00:30:52,000 --> 00:30:54,000

It just dove, went down, and that was the end of it.

325

00:30:54,000 --> 00:30:56,000

And there were no survivors.

326

00:30:56,000 --> 00:30:59,000

We'll never know the real reason behind its loss.

327

00:30:59,000 --> 00:31:03,000

I think in a lot of people's mind, there is something missing.

328

00:31:03,000 --> 00:31:05,000

There's one little fact.

329

00:31:05,000 --> 00:31:08,000

There's something that went wrong.

330

00:31:08,000 --> 00:31:13,000

There's something that happened that maybe we'll never know about.

331

00:31:13,000 --> 00:31:17,000

Something mysterious.

332

00:31:17,000 --> 00:31:19,000

Something unexplained.

333

00:31:19,000 --> 00:31:23,000

The Great Lakes Vortex does not discriminate.

334

00:31:23,000 --> 00:31:26,000

It will take ships right off its surface.

335

00:31:26,000 --> 00:31:31,000

Or anything that flies over it.

336

00:31:31,000 --> 00:31:35,000

United Flight 389, bound for Cleveland.

337

00:31:35,000 --> 00:31:37,000

The approach was over Lake Michigan.

338

00:31:37,000 --> 00:31:42,000

The last altitude that they were cleared to was 6,000 feet.

339

00:31:42,000 --> 00:31:49,000

Despite clear skies and calm weather, Flight 389 inexplicably plunged into Lake Michigan.

340

00:31:49,000 --> 00:31:53,000

The aircraft struck the water in a descending attitude.

341

00:31:53,000 --> 00:31:55,000

We know there was no mid-air collision.

342

00:31:55,000 --> 00:31:57,000

We know there was no structural failure.

343

00:31:57,000 --> 00:31:59,000

We know the engines were operating properly.

344

00:31:59,000 --> 00:32:04,000

Everything appeared to be normal up until the aircraft disappeared.

345

00:32:04,000 --> 00:32:10,000

The disappearances continued to this day and continue to defy explanation.

346

00:32:10,000 --> 00:32:12,000

You haven't gotten the actual scientific measurement.

347

00:32:12,000 --> 00:32:15,000

How did they cause these mysterious disappearances?

348

00:32:15,000 --> 00:32:17,000

How did they cause the sinking?

349

00:32:17,000 --> 00:32:19,000

No one seems to know.

350

00:32:19,000 --> 00:32:23,000

Next on Unexplained Mysteries, the sounds of madness.

351

00:32:23,000 --> 00:32:26,000

A very deep, deep lore.

352

00:32:26,000 --> 00:32:28,000

How can we out here right now?

353

00:32:28,000 --> 00:32:30,000

All they can ultimately do is leave.

354

00:32:30,000 --> 00:32:32,000

Who drives and walkers?

355

00:32:32,000 --> 00:32:34,000

I've heard of people committing suicide because of it.

356

00:32:34,000 --> 00:32:39,000

Is there a mysterious plot behind the sound that is ruining lives?

357

00:32:39,000 --> 00:32:43,000

I believe that they're using it for mind control.

358

00:32:43,000 --> 00:32:46,000

I believe that they're using it for communications.

359

00:32:46,000 --> 00:32:48,000

Can anything be done about it?

360

00:32:48,000 --> 00:32:51,000

There are people out there who are sensing something, make them ill.

361

00:32:51,000 --> 00:32:53,000

Something needs to be done about it.

362

00:32:53,000 --> 00:32:59,000

And you'll get the final solution in our Unex report on Unexplained Mysteries.

363

00:33:10,000 --> 00:33:12,000

Unexplained Mysteries.

364

00:33:12,000 --> 00:33:14,000

This strange planet.

365

00:33:15,000 --> 00:33:18,000

Enigmatic power spots dot the globe.

366

00:33:18,000 --> 00:33:21,000

Could the planet be sending us signals?

367

00:33:27,000 --> 00:33:29,000

I didn't believe that I was hearing the sound.

368

00:33:29,000 --> 00:33:34,000

A handful of people living in a small New Mexican town are hearing it.

369

00:33:34,000 --> 00:33:37,000

And what they're hearing is driving them mad.

370

00:33:37,000 --> 00:33:40,000

I've heard of people committing suicide because of it.

371

00:33:40,000 --> 00:33:43,000

You're trying to throw it off or you push it away.

372

00:33:43,000 --> 00:33:45,000

It's life threatening.

373

00:33:45,000 --> 00:33:48,000

I'm completely stumped what it is.

374

00:33:48,000 --> 00:33:55,000

A disturbing low frequency hum is emanating from the mountain town of Taos, New Mexico.

375

00:33:55,000 --> 00:33:59,000

It sounds like a motor running, like a refrigerator running two rooms away,

376

00:33:59,000 --> 00:34:02,000

or a diesel truck idling off in the distance.

377

00:34:02,000 --> 00:34:07,000

A very deep, deep roar constantly.

378

00:34:07,000 --> 00:34:09,000

I hear it now.

379

00:34:09,000 --> 00:34:15,000

And the ceaseless drone is forever altering the lives of the few who hear it.

380

00:34:15,000 --> 00:34:18,000

These frequencies have actually caused me to lose my job.

381

00:34:18,000 --> 00:34:20,000

All they can ultimately do is leave.

382

00:34:20,000 --> 00:34:22,000

It drives them bonkers.

383

00:34:22,000 --> 00:34:26,000

It's like someone scratching their nails on a blackboard.

384

00:34:26,000 --> 00:34:31,000

It's obviously quite controversial in Taos because not everybody hears it.

385

00:34:31,000 --> 00:34:35,000

But if those who hear it, they're obviously suffering from it.

386

00:34:35,000 --> 00:34:38,000

And no one could fake a response like that.

387

00:34:38,000 --> 00:34:42,000

But what or who is causing this diabolical hum?

388

00:34:42,000 --> 00:34:48,000

There have been a lot of studies about effects of radio frequency energy,

389

00:34:48,000 --> 00:34:52,000

even at low frequencies, on human behavior and physiology.

390

00:34:52,000 --> 00:34:56,000

At this point, we can't rule out anything as a possible source

391

00:34:56,000 --> 00:34:58,000

because we don't know what the source is.

392

00:34:58,000 --> 00:35:03,000

Perhaps something is going on of a large industrial complex.

393

00:35:03,000 --> 00:35:09,000

Of a large industrial nature in western Utah.

394

00:35:09,000 --> 00:35:14,000

And for some reason, we are hearing it, or some people are sensing it,

395

00:35:14,000 --> 00:35:16,000

hundreds or not thousand miles away.

396

00:35:16,000 --> 00:35:20,000

I believe that they're using it for mind control.

397

00:35:20,000 --> 00:35:23,000

I believe that they're using it for communications.

398

00:35:23,000 --> 00:35:27,000

Some believe the hum is the result of government testing

399

00:35:27,000 --> 00:35:30,000

of top secret radio frequency weapons.

400

00:35:30,000 --> 00:35:42,000

Well, the RF weapons have become maybe the first kinds of non-lethal weapons.

401

00:35:42,000 --> 00:35:45,000

Could engender a cause and effect relationship,

402

00:35:45,000 --> 00:35:49,000

much in a way that drugs have a cause and effect relationship.

403

00:35:54,000 --> 00:35:58,000

Researchers from the University of New Mexico have gone to Taos

404

00:35:58,000 --> 00:36:01,000

to see if they can find what is causing the hum.

405

00:36:01,000 --> 00:36:05,000

The University of New Mexico has had to design and build equipment

406

00:36:05,000 --> 00:36:10,000

that will test the responses of these people to very low frequencies.

407

00:36:10,000 --> 00:36:13,000

And equipment like this has never existed before,

408

00:36:13,000 --> 00:36:16,000

so that's been the difficult part of the research so far.

409

00:36:16,000 --> 00:36:20,000

There are people out there who are sensing something which is extremely disturbing to them.

410

00:36:20,000 --> 00:36:22,000

Many of them make them ill.

411

00:36:22,000 --> 00:36:24,000

Something needs to be done about it.

412

00:36:24,000 --> 00:36:27,000

Until the origin of this noise is known,

413

00:36:27,000 --> 00:36:31,000

the people who hear it will continue to be at its mercy.

414

00:36:31,000 --> 00:36:36,000

I feel like I'm a victim of something that I cannot stop.

415

00:36:36,000 --> 00:36:38,000

They cannot stop.

416

00:36:38,000 --> 00:36:41,000

There's nothing we can do.

417

00:36:43,000 --> 00:36:45,000

Next on Unexplained Mysteries,

418

00:36:45,000 --> 00:36:48,000

we'll bring it all together in our Unex Report.

419

00:36:48,000 --> 00:36:52,000

The bizarre fight stuck in the English countryside.

420

00:36:52,000 --> 00:36:55,000

A cave that's making people drink while they're awake.

421

00:36:55,000 --> 00:36:59,000

The noise that's making people lose their minds.

422

00:36:59,000 --> 00:37:05,000

The mysterious vortex that is swallowing massive ships and commercial airplanes whole.

423

00:37:05,000 --> 00:37:07,000

The believers.

424

00:37:07,000 --> 00:37:09,000

The experts.

425

00:37:10,000 --> 00:37:14,000

All this when Unexplained Mysteries continues.

426

00:37:23,000 --> 00:37:28,000

And now for the Unex Report.

427

00:37:31,000 --> 00:37:35,000

Disturbing energetic phenomena haunts planet Earth.

428

00:37:35,000 --> 00:37:37,000

I was flabbergasted.

429

00:37:37,000 --> 00:37:40,000

I don't think I've ever been the same since.

430

00:37:41,000 --> 00:37:48,000

It appears in many forms as mysterious balls of light above Avebury, England.

431

00:37:48,000 --> 00:37:51,000

I thought, oh no, Eey guards, it's not the full moon.

432

00:37:51,000 --> 00:37:53,000

The moon comes in the opposite direction.

433

00:37:53,000 --> 00:37:55,000

I knew it wasn't a bird or a balloon.

434

00:37:55,000 --> 00:37:58,000

I knew there was something important there.

435

00:37:58,000 --> 00:38:03,000

As Unexplained Ice designs, not unlike crop circles.

436

00:38:03,000 --> 00:38:05,000

This ice is very thin.

437

00:38:05,000 --> 00:38:10,000

How is somebody going to go out there and put these swirls within the ice?

438

00:38:10,000 --> 00:38:13,000

As disturbing lights above Marfa, Texas.

439

00:38:13,000 --> 00:38:15,000

They weren't hostile.

440

00:38:15,000 --> 00:38:18,000

They were very, very friendly, it seemed.

441

00:38:18,000 --> 00:38:22,000

Well, they just have a big party up there.

442

00:38:22,000 --> 00:38:24,000

They're not UFOs.

443

00:38:24,000 --> 00:38:26,000

They're not flying saucers.

444

00:38:26,000 --> 00:38:29,000

They're somehow produced by the Earth itself.

445

00:38:29,000 --> 00:38:34,000

As a hallucination inducing cave in Penzance, England.

446

00:38:34,000 --> 00:38:37,000

I kind of began to lose myself in a way.

447

00:38:37,000 --> 00:38:39,000

I had a feeling of timelessness.

448

00:38:39,000 --> 00:38:48,000

I thought I could see spiraling movements, sort of soup of spirals swirling around.

449

00:38:48,000 --> 00:38:53,000

As a relentless, barely audible hum in Taos, New Mexico.

450

00:38:53,000 --> 00:38:57,000

There are people out there who are sensing something and she's extremely disturbing to them.

451

00:38:57,000 --> 00:39:00,000

Many of them make them ill enough they've left the area.

452

00:39:00,000 --> 00:39:04,000

I've heard of people committing suicide because of it.

453

00:39:04,000 --> 00:39:06,000

All they can ultimately be is leave.

454

00:39:06,000 --> 00:39:08,000

It drives them bonkers.

455

00:39:08,000 --> 00:39:12,000

As a murderous water-through way in the Bermuda Triangle.

456

00:39:12,000 --> 00:39:18,000

But we had two million dollars worth of the world's finest electronic instruments just completely crap out on us.

457

00:39:18,000 --> 00:39:23,000

Outside the window of the plane it looked like you were flying an eggnog.

458

00:39:23,000 --> 00:39:26,000

It looked like flying through like an aluminum-eranged pie.

459

00:39:26,000 --> 00:39:32,000

And as a navigational death trap in the Great Lakes Triangle of the United States.

460

00:39:32,000 --> 00:39:36,000

That ship going down must have happened no more than a minute.

461

00:39:36,000 --> 00:39:39,000

It just dove, went down and that was the end of it.

462

00:39:39,000 --> 00:39:43,000

Everything was going to be normal up until the aircraft disappeared.

463

00:39:46,000 --> 00:39:53,000

For some experts, these power spots are our connection to the world of the ancient mystics.

464

00:39:54,000 --> 00:40:02,000

They seem to hold the sort of places that the ancient megalith builders and monument builders are selected for their sights.

465

00:40:02,000 --> 00:40:10,000

They used earth and stone to build places of power and sacredness for their culture and for their society.

466

00:40:12,000 --> 00:40:20,000

For others, they are inevitable artifacts of a planet with so many forces that work at once.

467

00:40:21,000 --> 00:40:27,000

The whole earth is surrounded by a spider web of subtle energy currents.

468

00:40:27,000 --> 00:40:31,000

It can't be seen, felt, tasted.

469

00:40:31,000 --> 00:40:36,000

We have no facts that illustrate that it's anything beyond the natural.

470

00:40:36,000 --> 00:40:43,000

It's hard for science to go out there and document it and dissect it because it doesn't happen all the time.

471

00:40:43,000 --> 00:40:49,000

This strange planet surrounds us with bizarre forces all the time.

472

00:40:49,000 --> 00:40:54,000

What exactly these forces are and why they exist is unknown.

473
