

1

00:00:00,000 --> 00:00:05,500

We saw a crash of one of the flying saucers.

2

00:00:05,500 --> 00:00:07,500

One of them was still alive.

3

00:00:07,500 --> 00:00:12,000

This time on Unexplained Mysteries, Target Earth.

4

00:00:12,000 --> 00:00:16,000

UFOs might be preparing to attack our planet.

5

00:00:16,000 --> 00:00:20,000

Security was breached at two top secret missile bases,

6

00:00:20,000 --> 00:00:22,000

possibly by alien spacecraft.

7

00:00:22,000 --> 00:00:25,500

This was not an airplane. He had my authority to shoot.

8

00:00:25,500 --> 00:00:30,500

In England, there's been a sudden increase in reports of strange triangular craft.

9

00:00:30,500 --> 00:00:35,500

From the left, this enormous craft came over the houses.

10

00:00:35,500 --> 00:00:40,500

I couldn't believe my eyes, because there were no sounds at all from the subject.

11

00:00:40,500 --> 00:00:45,500

The military made contact with the craft with devastating results.

12

00:00:45,500 --> 00:00:50,500

United States Navy Tomcat aircraft were seen to disappear

13

00:00:50,500 --> 00:00:57,500

in close proximity to one of these gigantic triangular shaped craft.

14

00:00:57,500 --> 00:01:01,500

We'll explain the origin of the most famous term in ufology.

15

00:01:01,500 --> 00:01:06,500

What Arnold's sighting did was to give these things a name, flying saucers.

16

00:01:06,500 --> 00:01:10,500

The Pacific Northwest has seen a surge of sightings.

17

00:01:10,500 --> 00:01:14,500

One of these discs looked like it was going to crash right near his boat.

18

00:01:14,500 --> 00:01:18,500

And the military is powerless to stop an alien assault on Washington, D.C.

19

00:01:18,500 --> 00:01:21,500

He flew into this cluster of lights.

20

00:01:21,500 --> 00:01:26,500

And then he said, I see them. They're all around.

21

00:01:26,500 --> 00:01:29,500

A cop sees something otherworldly.

22

00:01:29,500 --> 00:01:31,500

I could see a white object.

23

00:01:31,500 --> 00:01:34,500

But it seems the Air Force covered up the incident.

24

00:01:34,500 --> 00:01:36,500

They have no documentation to place the lunar lander.

25

00:01:36,500 --> 00:01:40,500

A war hero pursues an unidentified object.

26

00:01:40,500 --> 00:01:46,500

No one's ever going to convince me I didn't see it, because there were too many of us that did.

27

00:01:46,500 --> 00:01:49,500

And the pilot dies in a crash shrouded in mystery.

28

00:01:49,500 --> 00:01:51,500

No one at the funeral home saw the body.

29

00:01:51,500 --> 00:01:56,500

Millions of the famous Roswell incident from witnesses who lived through it.

30

00:01:56,500 --> 00:02:00,500

This is a half pieces of what is called a flying saucer.

31

00:02:00,500 --> 00:02:02,500

I reached over and I got it.

32

00:02:02,500 --> 00:02:03,500

And I picked it up and played with it.

33

00:02:03,500 --> 00:02:06,500

Why did the military force them to keep quiet?

34

00:02:06,500 --> 00:02:08,500

The clamps came down.

35

00:02:08,500 --> 00:02:11,500

And the emotional fallout that resulted from the government's threats.

36

00:02:11,500 --> 00:02:15,500

Not being able to tell the truth, I think, hurt our family.

37

00:02:15,500 --> 00:02:18,500

I feel like a part of my life has been ripped off.

38

00:02:18,500 --> 00:02:23,500

I feel like a part of our security has been destroyed.

39

00:02:23,500 --> 00:02:30,500

And we'll sum it all up for you in the UNEX report here on Unexplained Mysteries.

40

00:02:30,500 --> 00:02:33,500

Target birth.

41

00:02:35,500 --> 00:02:39,500

Alien spacecraft may have already made contact with Earth.

42

00:02:39,500 --> 00:02:45,500

Experts say one of the most dangerous incidents occurred at two U.S. missile bases.

43

00:02:50,500 --> 00:02:54,500

Malmstrom Air Force Base, Montana.

44

00:02:54,500 --> 00:03:01,500

Near the nuclear site, codenamed November, a base that was supposed to be impenetrable.

45

00:03:01,500 --> 00:03:05,500

I got a call from one of my security guards upstairs.

46

00:03:05,500 --> 00:03:11,500

He said that he and other guards had seen UFOs flying over the area.

47

00:03:11,500 --> 00:03:13,500

I didn't think he was serious.

48

00:03:13,500 --> 00:03:15,500

Basically, we hung up.

49

00:03:15,500 --> 00:03:18,500

The missiles were armed with nuclear warheads.

50

00:03:18,500 --> 00:03:25,500

It was nearly impossible to get past the heavy security, but someone, or something, did.

51

00:03:25,500 --> 00:03:32,500

About five minutes later, he calls back and he said that there was a UFO hovering just outside the front gate.

52

00:03:32,500 --> 00:03:34,500

And he was very frightened.

53

00:03:34,500 --> 00:03:40,500

Within a minute or two of the second call, the missiles started shutting down or going off alert.

54

00:03:40,500 --> 00:03:46,500

We were basically shocked to see our missiles going no-go sequentially.

55

00:03:46,500 --> 00:03:49,500

The only thing I could think was, oh my God.

56

00:03:49,500 --> 00:03:54,500

Twelve hours later, at another missile site called Echo, the same thing happened.

57

00:03:54,500 --> 00:03:58,500

Without warning, their missiles also shut down.

58

00:03:58,500 --> 00:04:03,500

We just looked at each other and said, I don't understand this. How could this happen?

59

00:04:03,500 --> 00:04:07,500

There is no command in the capsule to turn them off.

60

00:04:07,500 --> 00:04:10,500

There was no switch, no off switch. They did not break.

61

00:04:10,500 --> 00:04:15,500

Like Salas, Crawford also received a call from a terrified security guard.

62

00:04:15,500 --> 00:04:18,500

And he could not identify what he was seeing.

63

00:04:18,500 --> 00:04:20,500

In other words, this was not an airplane.

64

00:04:20,500 --> 00:04:24,500

It was way too low and too close and it also didn't go away.

65

00:04:24,500 --> 00:04:32,500

I guess I finally convinced him that if whatever it was came inside the fence, he had my authority

to shoot.

66

00:04:32,500 --> 00:04:35,500

Which made him feel really good.

67

00:04:35,500 --> 00:04:38,500

But he said, sir, I don't really think that will do much good.

68

00:04:38,500 --> 00:04:41,500

Three hours later, the missiles came back online.

69

00:04:41,500 --> 00:04:45,500

It just started back up normally like they had installed it from the factory.

70

00:04:45,500 --> 00:04:51,500

The system designers couldn't figure out what had happened. Nobody could figure out what happened.

71

00:04:51,500 --> 00:04:57,500

It lends credibility to the fact that something very, very unusual happened.

72

00:04:57,500 --> 00:05:04,500

The military blamed the shutdown on an electromagnetic pulse, a technology which was not man-made,

73

00:05:04,500 --> 00:05:08,500

and the Air Force disavowed the reports of their own personnel.

74

00:05:08,500 --> 00:05:14,500

I know, for example, that I briefed my commander on the UFO incidents.

75

00:05:14,500 --> 00:05:19,500

I know for a fact that those statements in that historical document are false.

76

00:05:19,500 --> 00:05:25,500

Incredibly, Salas and Crawford never knew about each other until Salas wrote an article about the incident.

77

00:05:25,500 --> 00:05:30,500

Crawford read it and knew that he too could finally share his experience.

78

00:05:30,500 --> 00:05:34,500

Salas and Crawford met for the very first time.

79

00:05:34,500 --> 00:05:36,500

You've been doing it for 30 years.

80

00:05:36,500 --> 00:05:38,500

It's been a long time. I remember you now.

81

00:05:38,500 --> 00:05:40,500

Salas showed Crawford his research.

82

00:05:40,500 --> 00:05:46,500

You know, that's interesting that you get to get to something from the Air Force that specifically says it happened.

83

00:05:46,500 --> 00:05:51,500

Both men believe the Air Force is trying to cover up the two incidents.

84

00:05:51,500 --> 00:05:55,500

I think when you know something, you tell it. You write it down. There's no reason not to put it public.

85

00:05:55,500 --> 00:06:05,500

Certainly, if the UFO, whatever it is, has the capability of shutting down our missiles as they did,

86

00:06:05,500 --> 00:06:11,500

it's in the public interest to make this an open debate as to what it all means.

87

00:06:12,500 --> 00:06:18,500

Sightings of unusual craft are taking place all over the world.

88

00:06:18,500 --> 00:06:23,500

In the skies over England, witnesses report giant triangular craft.

89

00:06:23,500 --> 00:06:28,500

For sure, in all cases, people report that these things made no noise whatsoever.

90

00:06:28,500 --> 00:06:31,500

Some have been seen only a few hundred feet up.

91

00:06:31,500 --> 00:06:36,500

From the left, this enormous craft came over the houses.

92

00:06:36,500 --> 00:06:41,500

I couldn't believe my eyes because there was no sound at all from this object.

93

00:06:41,500 --> 00:06:46,500

It bagged over, shot to the left, and then I could see it was a huge triangle.

94

00:06:46,500 --> 00:06:55,500

The British media have named these craft Silent Vulcans after a British military plane known as the Avro Vulcan B2.

95

00:06:55,500 --> 00:06:59,500

The Vulcan was a pretty much triangular shaped aircraft,

96

00:07:00,500 --> 00:07:06,500

but certainly it was no bigger than, let's say, for instance, 60 feet across,

97

00:07:06,500 --> 00:07:13,500

and nothing like the kind of size that we associate with today's flying triangles as it were.

98

00:07:13,500 --> 00:07:19,500

Some say the objects are U.S. stealth bombers, but the experts aren't buying it.

99

00:07:19,500 --> 00:07:27,500

I just cannot believe that something as big as that could be described as a conventional super-secret stealth aircraft.

100

00:07:27,500 --> 00:07:33,500

Manchester, a silent Vulcan nearly collided with a passenger jet as it was landing.

101

00:07:33,500 --> 00:07:38,500

Quite suddenly, what the crew described as a triangular, very brightly lit craft

102

00:07:38,500 --> 00:07:41,500

flew past them very, very close on their right-hand side,

103

00:07:41,500 --> 00:07:47,500

and the reports mentioned that the copilot instinctively ducked because it was so close.

104

00:07:47,500 --> 00:07:54,500

Now, they were clearly shaken up by this. They asked the radar if they had any traffic and the radar didn't see anything.

105

00:07:54,500 --> 00:08:01,500

After a year's investigation, the British aviation authority concluded that the craft was unknown.

106

00:08:01,500 --> 00:08:05,500

Shepard tried to get more information, but he was stonewalled.

107

00:08:05,500 --> 00:08:10,500

I've written to the captain and he hasn't replied. He's fed up with the whole thing.

108

00:08:10,500 --> 00:08:12,500

This comes back to the cultural silence.

109

00:08:12,500 --> 00:08:15,500

The line of these resistances is to say nothing about these things.

110

00:08:15,500 --> 00:08:18,500

But experts have logged a high number of sightings.

111

00:08:18,500 --> 00:08:30,500

We had 52 incidents of flying triangles over the city, hovering over main streets, buildings, highways, cars,

112

00:08:30,500 --> 00:08:34,500

and this caused quite a lot of consternation to the local public.

113

00:08:34,500 --> 00:08:40,500

And more silent Vulcans have been spotted outside of England, in the US.

114

00:08:40,500 --> 00:08:46,500

In the Hudson Valley area of New York, literally hundreds of these things were reported by some pretty sane, level-headed people.

115

00:08:49,500 --> 00:08:56,500

We looked over the top of the trees and there was this object there out of nowhere.

116

00:08:56,500 --> 00:09:02,500

It's a great big option. It's about 300 foot wide, the size of a football field hanging over your head.

117

00:09:02,500 --> 00:09:04,500

And more were sighted in Europe.

118

00:09:04,500 --> 00:09:11,500

There were several thousand sightings, some of them at low level of triangular shaped objects over Belgium.

119

00:09:11,500 --> 00:09:17,500

Not just ordinary civilians, but highly qualified observers such as military pilots.

120

00:09:17,500 --> 00:09:25,500

The Belgian Air Force was very open and disclosed how many missions they've flown against flying triangles.

121

00:09:25,500 --> 00:09:35,500

They released an F-16 cockpit film that showed the triangle accelerating from 0 to 900 km per hour within seconds.

122

00:09:35,500 --> 00:09:38,500

They dropped from 10,000 feet to 500 feet in a few seconds.

123

00:09:38,500 --> 00:09:43,500

They were performing aerobatics that no human pilot could have withstand the two forces.

124

00:09:43,500 --> 00:09:48,500

Other ominous incidents were reported by US military personnel.

125

00:09:48,500 --> 00:10:01,500

On two occasions, United States Navy Tomcat aircraft were seen to disappear in close proximity to one of these gigantic triangular shaped craft.

126

00:10:01,500 --> 00:10:06,500

And I spoke to the witnesses in both instances and I'm convinced they were telling the truth.

127

00:10:06,500 --> 00:10:10,500

Experts fear that these close encounters pose a major security threat.

128

00:10:10,500 --> 00:10:15,500

Some of these craft are dangerous. I have no doubts about that whatsoever.

129

00:10:15,500 --> 00:10:19,500

And some of the beings associated with them are dangerous.

130

00:10:19,500 --> 00:10:22,500

I don't think they have our best interests at heart.

131

00:10:24,500 --> 00:10:31,500

Coming up on Unexplained Mysteries, a pilot files the first ever UFO report.

132

00:10:31,500 --> 00:10:35,500

They looked something like a pipe plate that was cut in half.

133

00:10:35,500 --> 00:10:40,500

Fishermen claim to see UFOs descending toward their boat.

134

00:10:40,500 --> 00:10:45,500

One of the UFOs appeared from their point of view to perhaps be having mechanical problems.

135

00:10:45,500 --> 00:10:51,500

The Air Force fears that unknown crafts flew within striking distance of our nation's capital.

136

00:10:51,500 --> 00:10:55,500

Described as a brilliant blue-white light.

137

00:10:55,500 --> 00:11:00,500

The Air Force radar experts thought they were picking up metallic objects.

138

00:11:00,500 --> 00:11:05,500

The government's investigation of a sighting may have actually been a cover-up.

139

00:11:05,500 --> 00:11:09,500

This is the government trying to do its fancy little dance.

140

00:11:09,500 --> 00:11:15,500

In the skies above Kentucky, Air National Guardsmen see an unknown craft.

141

00:11:15,500 --> 00:11:19,500

The UFO was in the air for four hours.

142

00:11:19,500 --> 00:11:22,500

A famous pilot goes after the object.

143

00:11:22,500 --> 00:11:27,500

He said, my two wingmen are coming in. We want hot guns and we want them now.

144

00:11:27,500 --> 00:11:31,500

An alien spacecraft might have crashed near Roswell, New Mexico.

145

00:11:31,500 --> 00:11:35,500

I have pieces of what is called a flying saucer.

146

00:11:35,500 --> 00:11:40,500

The Roswell survivors finally speak out about the military cover-up.

147

00:11:40,500 --> 00:11:44,500

I just wish we could get to the bottom of this while I'm still alive.

148

00:11:45,500 --> 00:11:49,500

And we'll give you the final submission in our Unexport.

149

00:11:49,500 --> 00:11:52,500

It's all here on Unexplained Mysteries.

150

00:11:58,500 --> 00:12:02,500

Unexplained Mysteries Target Earth

151

00:12:04,500 --> 00:12:09,500

UFOs. Throughout history, people have claimed to see them.

152

00:12:09,500 --> 00:12:13,500

Here's the account of the first official sighting.

153

00:12:14,500 --> 00:12:18,500

Mount Rainier, just outside Seattle, Washington.

154

00:12:18,500 --> 00:12:24,500

An experienced search and rescue pilot named Kenneth Arnold said he saw nine flying objects.

155

00:12:24,500 --> 00:12:29,500

I could see them only plainly when they seemed to tip their wing or whatever it was,

156

00:12:29,500 --> 00:12:31,500

and the sun flashed on them.

157

00:12:31,500 --> 00:12:35,500

They looked something like a pie plate that was cut in half.

158

00:12:35,500 --> 00:12:42,500

They seemed to flip and flash in the sun just like a mirror in such a way that it almost blinded you

159

00:12:42,500 --> 00:12:46,500

when you looked at them through your Plexiglass windshield.

160

00:12:46,500 --> 00:12:51,500

As I kept looking at them, I kept looking for their tails. They didn't have any tails.

161

00:12:51,500 --> 00:12:59,500

Arnold calculated the craft were flying at 1,500 miles per hour, much faster than any man-made planes,

162

00:12:59,500 --> 00:13:04,500

and people were fascinated by his statement that they were flying like a saucer.

163

00:13:04,500 --> 00:13:10,500

1947 marks the beginning of the UFO era. This is something that everybody agrees on.

164

00:13:10,500 --> 00:13:17,500

What Arnold's sighting did was to give these things a name, flying saucers, and connect them with a larger phenomenon.

165

00:13:17,500 --> 00:13:21,500

Clark feels that Arnold was extremely credible.

166

00:13:21,500 --> 00:13:28,500

Ken Arnold was about as honest a man as they come. He had bedrock conservative western values.

167

00:13:28,500 --> 00:13:32,500

He believed that a man's word was his bond.

168

00:13:32,500 --> 00:13:38,500

But Arnold's report was just the first in a string of sightings by reliable witnesses.

169

00:13:38,500 --> 00:13:47,500

Their extraordinary performance characteristics caused people to believe that some kind of extraordinary breakthrough

170

00:13:47,500 --> 00:13:50,500

in aviation technology had been accomplished.

171

00:13:50,500 --> 00:13:57,500

But the government denied developing any such object. Then another major sighting took place.

172

00:13:57,500 --> 00:14:09,500

Morey Island, off the coast of Washington. Four fishermen said they saw five donut-shaped flying objects.

173

00:14:09,500 --> 00:14:15,500

One of the UFO appeared from their point of view to perhaps be having mechanical problems.

174

00:14:15,500 --> 00:14:19,500

It was coming down in this falling leaf fashion.

175

00:14:20,500 --> 00:14:27,500

When the UFO got down closer to the water, a second UFO approached it.

176

00:14:27,500 --> 00:14:34,500

It touched it as if to jumpstart perhaps, then all of the craft took off in the sky and disappeared.

177

00:14:34,500 --> 00:14:45,500

After a brief investigation, the Air Force and local newspapers concluded it was a hoax. Some witnesses did not go public then, but now they are.

178

00:14:45,500 --> 00:14:55,500

Barney Leroy saw the same donut shapes. Barney Leroy saw the UFO in the falling leaf pattern. And Barney Leroy saw the jumpstart.

179

00:14:55,500 --> 00:15:01,500

Barney Leroy was a minister. Before he passed away, he told his brother what he saw.

180

00:15:01,500 --> 00:15:07,500

He said, Bob, one of these discs looked like it was going to crash right near his boat, right over here.

181

00:15:07,500 --> 00:15:18,500

Maybe a hundred yards from the sighting. And he said that another one suddenly came down over the woods and over the trees and touched it.

182

00:15:18,500 --> 00:15:22,500

It didn't crash into it, but touched it just enough to give it life.

183

00:15:22,500 --> 00:15:27,500

These Washington sightings marked the beginning of the modern UFO movement.

184

00:15:27,500 --> 00:15:36,500

I did see it and I did clock it. And it's just as much a mystery to me as it is to everyone else who's been calling me the last 24 hours wondering what it was.

185

00:15:38,500 --> 00:15:49,500

A few years later, one of the most amazing reports of UFOs took place and it threatened our nation's capital.

186

00:15:49,500 --> 00:15:57,500

This was the year that so many UFOs were seen by military interceptor pilots and tracked on radar.

187

00:15:57,500 --> 00:16:04,500

The Cold War was in full swing. Most people thought the unidentified objects came from the Soviet Union.

188

00:16:04,500 --> 00:16:09,500

They very quickly learned that this was not anything the Soviet Union had produced.

189

00:16:09,500 --> 00:16:14,500

This led a lot of people immediately to say, well, if it's not from the Soviet Union, it must be from outer space.

190

00:16:14,500 --> 00:16:20,500

The military was overwhelmed with questions from witnesses. What had they seen?

191

00:16:20,500 --> 00:16:29,500

The policy at that time was to answer to the best of our ability any queries on particular UFO sightings.

192

00:16:29,500 --> 00:16:33,500

And often we could explain what the people saw. Often we could not.

193

00:16:33,500 --> 00:16:45,500

Chop figures the Air Force could not identify 25% of the sightings. These unknown bluish-white lights were seen over Montana and these were photographed over Utah.

194

00:16:45,500 --> 00:16:53,500

Both sets of craft seemed to fly in formation at speeds unattainable by anything man had built.

195

00:16:53,500 --> 00:17:02,500

But the military was non-committal until Air Force radar tracked UFOs flying directly towards Washington, D.C.

196

00:17:02,500 --> 00:17:10,500

We have UFO sightings that take place on two consecutive Saturday nights. Objects are seen on radar. They're seen visually.

197

00:17:10,500 --> 00:17:13,500

Military and civilian eyewitnesses saw the objects.

198

00:17:13,500 --> 00:17:21,500

What is interesting is that we have radars in separate locations also seeing the objects. We have airline pilots seeing them as well.

199

00:17:21,500 --> 00:17:28,500

Air Force interceptors are scrambled. They see the objects as well. So we have a wide variety of people seeing these bright bluish-white lights.

200

00:17:28,500 --> 00:17:33,500

Coincidentally, the military had invited guests to the control tower.

201

00:17:33,500 --> 00:17:42,500

We let the press in and they were observing the scope along with the radar operators. We had about four or five radar operators there.

202

00:17:42,500 --> 00:17:50,500

Immediately, the Air Force scrambled jet fighters. But in another strange coincidence, they did not come from the closest base.

203

00:17:50,500 --> 00:18:01,500

Air Defense Squadron that normally guards the capital was assigned to Newcastle, Delaware because they were repairing the runways at Bowling Air Force Base,

204

00:18:01,500 --> 00:18:07,500

which seemed unusual for UFOs to visit the capital when the jets aren't there.

205

00:18:07,500 --> 00:18:13,500

It took more than an hour for two interceptors to reach the UFO coordinates.

206

00:18:13,500 --> 00:18:22,500

Well, we could see the flight coming in. All of our unknowns disappeared completely from the scope. It was kind of scary.

207

00:18:22,500 --> 00:18:33,500

So we let them go back to base. It seemed like the very second that the interceptors left the range of our scope, our UFOs came back.

208

00:18:33,500 --> 00:18:40,500

The interceptors were ordered back to the UFOs. And on this pass, the objects did not vanish.

209

00:18:40,500 --> 00:18:52,500

He flew into this cluster of lights. And then he said, I see them. They're all around me. And he described them as brilliant blue-white lights.

210

00:18:52,500 --> 00:18:57,500

We just looked at each other. He couldn't figure out what was going on up there.

211

00:18:57,500 --> 00:19:06,500

The objects hovered over the capital till dawn. Newspapers said aliens were attacking Washington and the military could not stop them.

212

00:19:06,500 --> 00:19:09,500

The Air Force resorted to damage control.

213

00:19:09,500 --> 00:19:17,500

I'm here to discuss the so-called flying saucers. We have, as a date, come to only one firm conclusion.

214

00:19:17,500 --> 00:19:24,500

They were under pressure to explain what is this thing that's flying all over the country that we can't identify and have no control over.

215

00:19:24,500 --> 00:19:33,500

The official conclusion the Air Force came to was that temperature inversions had caused these sightings. This, for some reason, satisfied people.

216

00:19:33,500 --> 00:19:42,500

It's hard to imagine why, but it did. It threw people off the track and newsmen. Like everybody else, I guess, it was too mind-boggling for them to believe it was real.

217

00:19:42,500 --> 00:19:54,500

But experts say temperature inversions take place only under certain rare atmospheric conditions. The signals that return are weak and don't perform the sophisticated movement of these objects.

218

00:19:54,500 --> 00:19:59,500

Some servicemen have a hard time believing the official explanation.

219

00:19:59,500 --> 00:20:11,500

The Air Force radar expert, who was present that night, stated that they were good, solid returns, and he thought they were picking up metallic objects.

220

00:20:12,500 --> 00:20:18,500

Later, on Unexplained Mysteries, a police officer comes upon an unknown object.

221

00:20:18,500 --> 00:20:23,500

It hurt this big boom in the bottom. The fire came off the bottom.

222

00:20:23,500 --> 00:20:25,500

But this sighting was different.

223

00:20:25,500 --> 00:20:27,500

There's physical evidence remaining behind.

224

00:20:27,500 --> 00:20:31,500

The Air National Guard takes on a dangerous craft.

225

00:20:31,500 --> 00:20:36,500

They describe the object as being very large, metallic, round, metallic object.

226

00:20:36,500 --> 00:20:40,500

But for one brave pilot, it was to be his last mission.

227

00:20:40,500 --> 00:20:45,500

I don't ever call seeing a crash like that.

228

00:20:45,500 --> 00:20:50,500

Witnesses say they encountered the alien survivors of a UFO crash.

229

00:20:50,500 --> 00:20:57,500

And he said one of them was still alive, and it was walking around.

230

00:20:57,500 --> 00:21:01,500

The government intimidates the witnesses into a fearful silence.

231

00:21:01,500 --> 00:21:05,500

The Federal Communications Commission said, do it, and you're dead.

232

00:21:08,500 --> 00:21:14,500

And we'll wrap it up with the Unexplained Report here on Unexplained Mysteries.

233

00:21:15,500 --> 00:21:21,500

Unexplained Mysteries Target Earth

234

00:21:22,500 --> 00:21:26,500

UFO encounters are not limited to sightings in the sky.

235

00:21:26,500 --> 00:21:29,500

A policeman was chasing a speeding car.

236

00:21:29,500 --> 00:21:32,500

He saw something that would change his life.

237

00:21:38,500 --> 00:21:40,500

Socorro, New Mexico

238

00:21:41,500 --> 00:21:48,500

When we got to this hill, saw a lot of dust, and I let the speeder go, and I turned to investigate.

239

00:21:48,500 --> 00:21:54,500

I could see a white object sitting between those two bushes over there.

240

00:21:54,500 --> 00:21:59,500

As he got closer, Zamora saw something he had never seen before.

241

00:21:59,500 --> 00:22:03,500

It was sort of a big egg trap, bigger than a car.

242

00:22:03,500 --> 00:22:08,500

It hurt this big boom on the bottom, and the fire came off the bottom.

243

00:22:09,500 --> 00:22:11,500

He took cover behind his car.

244

00:22:21,500 --> 00:22:26,500

When the object flew over the horizon, Zamora's radio started working again.

245

00:22:26,500 --> 00:22:32,500

Panicked, Zamora called for help. Soon after, a state police car pulled up.

246

00:22:39,500 --> 00:22:44,500

And then we saw the imprints of the legs, of the craft, and there were four of them.

247

00:22:44,500 --> 00:22:47,500

And then we saw these footprints around here.

248

00:22:47,500 --> 00:22:51,500

A few hours later, the FBI started their investigation.

249

00:22:51,500 --> 00:22:57,500

They went down there and measured the footprints and everything, but they didn't say if it was or not.

250

00:22:57,500 --> 00:22:59,500

The media descended on Socorro.

251

00:23:00,500 --> 00:23:04,500

This is one of the few sightings that got national attention immediately.

252

00:23:04,500 --> 00:23:10,500

Lonnie Zamora's story is on the national news. It's in all the newspapers. Everybody's talking about it.

253

00:23:10,500 --> 00:23:14,500

Randall thinks the incident is important because of the physical evidence.

254

00:23:14,500 --> 00:23:19,500

Landing gear marks were found. The bush was burned by the UFO engine.

255

00:23:19,500 --> 00:23:24,500

There were occupants, creatures from the craft, sighted by Lonnie Zamora.

256

00:23:24,500 --> 00:23:28,500

Three days later, the Air Force's top investigator took over.

257

00:23:28,500 --> 00:23:31,500

J.L. and Heineck, the Air Force consultant, came to Socorro.

258

00:23:31,500 --> 00:23:37,500

He looked at it, talked to Zamora, talked to Zamora's superiors, talked to people who saw the landing traces, took photographs.

259

00:23:37,500 --> 00:23:39,500

So there's physical evidence remaining behind.

260

00:23:39,500 --> 00:23:42,500

It's one of the few times they said there could be a flying saucer.

261

00:23:42,500 --> 00:23:51,500

He felt that this was one of those cases where the government was unwilling to permit him to say what he would like to say about it.

262

00:23:51,500 --> 00:23:54,500

And that just made him a great deal.

263

00:23:54,500 --> 00:24:00,500

According to Timmerman, Heineck felt this was one of the most important cases he'd ever seen.

264

00:24:00,500 --> 00:24:03,500

The main reason? Lonnie Zamora.

265

00:24:03,500 --> 00:24:06,500

Lonnie Zamora is very credible. He's a police officer.

266

00:24:06,500 --> 00:24:08,500

He has nothing to gain by telling the story.

267

00:24:08,500 --> 00:24:12,500

There's no question that Lonnie Zamora saw something unusual on the ground.

268

00:24:12,500 --> 00:24:15,500

They say that they don't know what it was.

269

00:24:15,500 --> 00:24:21,500

Later, the Air Force explained they had been testing an unmanned lunar lander called Surveyor.

270

00:24:21,500 --> 00:24:23,500

And that's what Zamora saw.

271

00:24:23,500 --> 00:24:28,500

The Air Force explanation simply doesn't work because they have no documentation to place the lunar lander.

272

00:24:28,500 --> 00:24:33,500

And that portion of New Mexico at that time, it does not match Zamora's description.

273

00:24:33,500 --> 00:24:38,500

I think if Dr. Heineck were here today and saw this new documentation available,

274

00:24:38,500 --> 00:24:43,500

the report that the Air Force says it was a lunar lander, if anything, that landed near Saccoro,

275

00:24:43,500 --> 00:24:50,500

I think he'd say, he'd say that this is the government trying to do its fancy little dance.

276

00:24:50,500 --> 00:24:53,500

But the test craft could not fly.

277

00:24:53,500 --> 00:24:55,500

It was dropped from a tower.

278

00:24:55,500 --> 00:25:01,500

And why would the Air Force test a top secret vehicle near a populated area?

279

00:25:01,500 --> 00:25:06,500

The Air Force completed their UFO investigation, said they had nothing more to say on it,

280

00:25:06,500 --> 00:25:11,500

and yet now they're coming out this year providing us with new explanations for old sightings.

281

00:25:11,500 --> 00:25:14,500

I have no idea why they're doing it, but I find it highly significant.

282

00:25:14,500 --> 00:25:18,500

Experts feel there is a reason why the UFO landed where it did.

283

00:25:18,500 --> 00:25:20,500

The crucial location.

284

00:25:20,500 --> 00:25:24,500

It is between the Los Alamos National Laboratory, the White Sands Missile Range,

285

00:25:24,500 --> 00:25:28,500

the very large array, radio telescope, is 50 or 60 miles to the west.

286

00:25:28,500 --> 00:25:34,500

This makes it a perfect place for them to come to observe our steps into space

287

00:25:34,500 --> 00:25:36,500

and what our science is doing.

288

00:25:36,500 --> 00:25:40,500

Timmerman says that Heineck figured out the Air Force was covering up the incident.

289

00:25:40,500 --> 00:25:42,500

He was being used.

290

00:25:42,500 --> 00:25:48,500

Dr. Heineck saw this and it was very obvious to him that what Lonnie Zamora was saying

291

00:25:48,500 --> 00:25:56,500

in the depths of his honesty was not what the military was saying in their attempt to explain it.

292

00:25:57,500 --> 00:26:04,500

Coming up on Unexplained Mysteries, a flying ace chases an unidentified object.

293

00:26:04,500 --> 00:26:08,500

Saw this spider plane coming in below the bright light.

294

00:26:08,500 --> 00:26:11,500

But the Air Force apparently covered up the incident.

295

00:26:11,500 --> 00:26:16,500

At that time it was, the journal procedure didn't nobody talk about UFOs.

296

00:26:16,500 --> 00:26:20,500

And that was not the first time the Air Force had threatened eyewitnesses.

297

00:26:20,500 --> 00:26:24,500

And if anybody got close they were told to shoot, to kill.

298

00:26:25,500 --> 00:26:30,500

Whatever happened at Roswell, I believe that the government covered it up.

299

00:26:30,500 --> 00:26:33,500

And we'll follow it up with the Unexplained reports.

300

00:26:33,500 --> 00:26:37,500

Stay tuned for more Unexplained Mysteries.

301

00:26:38,500 --> 00:26:44,500

Unexplained Mysteries, Target Earth

302

00:26:44,500 --> 00:26:51,500

Military reports of UFOs take on added importance due to the threat to national security.

303

00:26:51,500 --> 00:26:56,500

But the military often denies they were alien spacecraft.

304

00:26:56,500 --> 00:26:59,500

No one's ever going to convince me I didn't see it.

305

00:26:59,500 --> 00:27:01,500

Because they were not.

306

00:27:01,500 --> 00:27:03,500

They were alien spacecraft.

307

00:27:03,500 --> 00:27:06,500

No one's ever going to convince me I didn't see it.

308

00:27:06,500 --> 00:27:09,500

Because there were too many of us that did.

309

00:27:09,500 --> 00:27:14,500

War hero Thomas Mantell Jr. chased what he thought was a UFO.

310

00:27:14,500 --> 00:27:16,500

The Air Force disagreed.

311

00:27:16,500 --> 00:27:19,500

And he paid for his mistake with his life.

312

00:27:19,500 --> 00:27:32,500

They described the object as being a very large metallic, round metallic object.

313

00:27:32,500 --> 00:27:39,500

Now eyewitnesses are speaking out about what may have really killed Mantell in the skies above Kentucky.

314

00:27:39,500 --> 00:27:42,500

I was a control tower operator at Statenford Field.

315

00:27:42,500 --> 00:27:45,500

We got a phone call from the government tower.

316

00:27:45,500 --> 00:27:50,500

He said we have a UFO hovering over our airport.

317

00:27:50,500 --> 00:27:53,500

And Mr. Kipps, this is no drill.

318

00:27:53,500 --> 00:27:57,500

The UFO was in the air for four hours.

319

00:27:57,500 --> 00:28:00,500

And it didn't move, it just stayed there.

320

00:28:00,500 --> 00:28:05,500

Captain Mantell was in charge of a Kentucky National Guard squadron.

321

00:28:05,500 --> 00:28:09,500

He was ordered to pursue the unidentified flying object.

322

00:28:09,500 --> 00:28:12,500

One of the pilots in the flight, Al Clements said to him,

323

00:28:12,500 --> 00:28:15,500

Tommy, you don't have any air, you can't do this.

324

00:28:15,500 --> 00:28:18,500

Mantell replied back, Al, don't worry about it.

325

00:28:18,500 --> 00:28:20,500

It's not a problem.

326

00:28:20,500 --> 00:28:21,500

They continue on up.

327

00:28:21,500 --> 00:28:24,500

Clements finally caught onto it himself.

328

00:28:24,500 --> 00:28:27,500

He described it as a large glowing object.

329

00:28:27,500 --> 00:28:30,500

He said, my two wingmen are coming in.

330

00:28:30,500 --> 00:28:32,500

We want hot guns and we want them now.

331

00:28:32,500 --> 00:28:38,500

Blackwell says that Mantell sent the other planes back to get live ammo.

332

00:28:39,500 --> 00:28:44,500

Today is a Mantell crash, six years old.

333

00:28:44,500 --> 00:28:47,500

My mother was taking clothes in off the land.

334

00:28:47,500 --> 00:28:50,500

She'd been watching a bright light in the sky.

335

00:28:50,500 --> 00:28:52,500

We heard a loud plane.

336

00:28:52,500 --> 00:28:57,500

We saw this fighter plane coming in below the bright light.

337

00:28:57,500 --> 00:29:01,500

Got pretty close to it and all of a sudden it went straight up at it.

338

00:29:01,500 --> 00:29:06,500

Then, flying at top speed, Mantell's plane slammed into the ground.

339

00:29:06,500 --> 00:29:12,500

When Captain Deucler arrived to investigate, he discovered something very peculiar.

340

00:29:12,500 --> 00:29:16,500

There wasn't a drop of blood any place.

341

00:29:16,500 --> 00:29:18,500

It was odd because there was no blood.

342

00:29:18,500 --> 00:29:21,500

Odd because there was no fire.

343

00:29:21,500 --> 00:29:29,500

I don't ever call seeing a crash like that or as serious as that that didn't have a fire.

344

00:29:29,500 --> 00:29:32,500

I never saw his body because the coroner had taken it away.

345

00:29:32,500 --> 00:29:34,500

No one at the funeral home saw the body.

346

00:29:34,500 --> 00:29:39,500

It was in a black leather bag and then it was sealed inside a lead coffin.

347

00:29:39,500 --> 00:29:42,500

The body was buried three days after the accident.

348

00:29:42,500 --> 00:29:44,500

Was there even a body in that black leather bag?

349

00:29:44,500 --> 00:29:47,500

No one saw the remains.

350

00:29:50,500 --> 00:29:59,500

Recently discovered documents reveal that the Air Force sent Colonel H.M. McCoy and his investigator Al Ludding to the site.

351

00:29:59,500 --> 00:30:03,500

Ludding had been studying what he called flying discs.

352

00:30:03,500 --> 00:30:11,500

He was the only man assigned to, as he called it, saucer project.

353

00:30:11,500 --> 00:30:19,500

He had file case after file case after file case filled with reports.

354

00:30:19,500 --> 00:30:27,500

One of the keys to solving this case comes from finding out more information about the Air Force intelligence team

355

00:30:27,500 --> 00:30:30,500

that was sent to investigate this incident.

356

00:30:30,500 --> 00:30:37,500

Alfred Ludding was assigned very early in the game to work on flying discs for the intelligence group.

357

00:30:37,500 --> 00:30:49,500

Al Ludding designed a flying disc shaped craft, which although he was not allowed to patent it at that time, ultimately got a patent.

358

00:30:49,500 --> 00:30:52,500

Where did Ludding get the idea for a flying saucer?

359

00:30:52,500 --> 00:30:55,500

Was it similar to the one Mantell pursued?

360

00:30:55,500 --> 00:31:01,500

At that time it was a general procedure that nobody talked about UFOs.

361

00:31:01,500 --> 00:31:09,500

The Air Force's official statement, Mantell, died of anoxia, a lack of oxygen while chasing the object.

362

00:31:09,500 --> 00:31:14,500

But does that cover up the real cause of Thomas Mantell's death?

363

00:31:14,500 --> 00:31:22,500

If we can answer these questions, if we can find out their background, then we can have a little bit more information that could answer

364

00:31:22,500 --> 00:31:26,500

as to whether this was an extraterrestrial vehicle.

365

00:31:26,500 --> 00:31:34,500

Coming up on Unexplained Mysteries, the legendary Roswell incident, what happened in the desert?

366

00:31:34,500 --> 00:31:39,500

We saw a crash of one of the flying saucers.

367

00:31:39,500 --> 00:31:43,500

Witnesses say physical evidence was recovered from the crash site.

368

00:31:43,500 --> 00:31:48,500

It was a series of geometrical patterns, very different from anything I'd ever seen before.

369

00:31:48,500 --> 00:31:52,500

Government cover-up that traumatized Roswell's friends and neighbors.

370

00:31:52,500 --> 00:31:56,500

Our families have been greatly affected and we never knew what.

371

00:31:56,500 --> 00:32:01,500

And we'll give you the final word on UFOs in our Unex report.

372

00:32:01,500 --> 00:32:04,500

Here on Unexplained Mysteries.

373

00:32:12,500 --> 00:32:16,500

Unexplained Mysteries. Target Earth.

374

00:32:17,500 --> 00:32:21,500

Many people believe UFOs have been coming to Earth for years.

375

00:32:21,500 --> 00:32:26,500

And the most famous incident of all can be summed up in one word.

376

00:32:26,500 --> 00:32:31,500

Roswell. Roswell is the focal point for UFO studies.

377

00:32:31,500 --> 00:32:36,500

Witnesses say a UFO crashed there in 1948.

378

00:32:40,500 --> 00:32:44,500

This is a half-pieces of what is called a flying saucer.

379

00:32:44,500 --> 00:32:49,500

They also say the US government covered it up with threats and intimidation.

380

00:32:49,500 --> 00:32:53,500

And if anybody got close, they were told to shoot, to kill.

381

00:32:53,500 --> 00:32:58,500

Whatever happened at Roswell, I believe that the government covered it up.

382

00:32:58,500 --> 00:33:04,500

The government's brutal tactics left lasting emotional wounds on the residents of the town.

383

00:33:04,500 --> 00:33:09,500

But now, the survivors of Roswell are risking their lives to speak out.

384

00:33:09,500 --> 00:33:14,500

Obviously, our families have been greatly affected.

385

00:33:14,500 --> 00:33:20,500

Our parents' lives were changed and we never knew why.

386

00:33:20,500 --> 00:33:25,500

Roswell was the home of the 509 bomb group of the Army Air Force.

387

00:33:25,500 --> 00:33:29,500

It was the only unit in the world with the atomic bomb.

388

00:33:29,500 --> 00:33:33,500

Jesse Marcel was the base intelligence officer.

389

00:33:33,500 --> 00:33:36,500

It was late one night when my dad came in.

390

00:33:36,500 --> 00:33:43,500

He woke my mother and myself up out of a sound sleep to show us some debris that he brought in from the desert.

391

00:33:43,500 --> 00:33:47,500

The debris came from a crash of an unknown craft.

392

00:33:47,500 --> 00:33:51,500

And he was very excited. He called the stuff parts of a flying saucer.

393

00:33:51,500 --> 00:33:56,500

There was some metal foil-like material, jagged like it had been ripped or torn.

394

00:33:56,500 --> 00:34:02,500

Marcel's son says he noticed some pieces contained symbols that looked like hieroglyphics.

395

00:34:02,500 --> 00:34:09,500

It was a series of geometrical patterns. It was certainly very different from anything I'd ever seen before or since.

396

00:34:09,500 --> 00:34:15,500

Another Roswell resident was 12 when her father told her about a close encounter of the third kind.

397

00:34:15,500 --> 00:34:19,500

My dad came home from work. He was really excited.

398

00:34:19,500 --> 00:34:25,500

Her father and his fellow firefighters were summoned to the site of a second crash.

399

00:34:25,500 --> 00:34:31,500

You're not going to believe what we saw when we got there, but we saw a crash.

400

00:34:31,500 --> 00:34:35,500

One of the flying saucers.

401

00:34:35,500 --> 00:34:40,500

And he said one of them was still alive.

402

00:34:40,500 --> 00:34:44,500

And it was walking around.

403

00:34:44,500 --> 00:34:52,500

And he said there were two other bodies, but they were in body bags, so he really couldn't see them.

404

00:34:52,500 --> 00:35:01,500

He gave us a description about their size. He said they were about the size of a small 10-year-old child.

405

00:35:01,500 --> 00:35:07,500

With the number of witnesses growing, the military rushed to create an alternative story.

406

00:35:07,500 --> 00:35:11,500

They forced Captain Marcel to go along with the cover-up.

407

00:35:11,500 --> 00:35:20,500

The material that he had taken to General Ramey was taken from him and then a substitute.

408

00:35:20,500 --> 00:35:27,500

The pieces of an old weather balloon were laid out and the news media were called in.

409

00:35:27,500 --> 00:35:34,500

And Major Marcel had to pick up the piece and show it. It was a blatant lie.

410

00:35:34,500 --> 00:35:39,500

The military conspiracy left lifelong scars on the people they threatened.

411

00:35:39,500 --> 00:35:43,500

Not being able to tell the truth, I think, hurt our family.

412

00:35:43,500 --> 00:35:48,500

I feel like a part of our security has been destroyed.

413

00:35:48,500 --> 00:35:52,500

Some have a theory about why aliens were watching the area.

414

00:35:52,500 --> 00:35:58,500

I believe that the reason they were so many flying saucers was that the comic bomb went off.

415

00:35:58,500 --> 00:36:03,500

So I think they were observing what was going on. I think they knew what was going on.

416

00:36:03,500 --> 00:36:08,500

When Roswell's radio station reported the incident, the newsmen heard from the government.

417

00:36:08,500 --> 00:36:16,500

The Federal Communications Commission said, the next word you pop out of this will monitor you. Do it and you're dead.

418

00:36:16,500 --> 00:36:20,500

Frankie Rowe found some of the crash debris at the fire station.

419

00:36:20,500 --> 00:36:23,500

I reached over and I got it. I picked it up and played with it.

420

00:36:23,500 --> 00:36:29,500

Then the military confronted Frankie with a threat that has plagued her for the rest of her life.

421

00:36:29,500 --> 00:36:34,500

A man that I believe was an officer came into the house and he said,

422

00:36:34,500 --> 00:36:39,500

I understand that you think you saw something.

423

00:36:39,500 --> 00:36:44,500

And I said, well, I saw a piece of material. And he said, no, you didn't.

424

00:36:44,500 --> 00:36:48,500

And the more I said, yes, I did. The more emphatic he got that, no, I didn't.

425

00:36:48,500 --> 00:36:54,500

You can never talk about this the rest of your life. And he said, there are things we can do.

426

00:36:54,500 --> 00:37:00,500

We can take you out here in the desert and no one will ever find your bodies. You'll all be dead.

427

00:37:00,500 --> 00:37:07,500

I don't want to live this again because we don't know for sure they won't do something.

428

00:37:07,500 --> 00:37:13,500

They promised they would come back so long as I lived. How do I know they won't?

429

00:37:13,500 --> 00:37:17,500

Was the Roswell incident a close encounter of the third kind?

430

00:37:17,500 --> 00:37:21,500

Extraterrestrial contact? The government says no.

431

00:37:21,500 --> 00:37:27,500

But Frankie Rowe and her fellow survivors feel they've paid a terrible price for the government's cover-up.

432

00:37:27,500 --> 00:37:32,500

I think the world should be told all of the details from the beginning.

433

00:37:32,500 --> 00:37:38,500

But I don't think this is the only incident. And I think we are entitled to know about all of them.

434

00:37:38,500 --> 00:37:44,500

Next, Unexplained Mysteries gives you the final word on UFOs with the UNEX report.

435

00:37:44,500 --> 00:37:48,500

Did unknown intruders shut down our nuclear missiles?

436

00:37:48,500 --> 00:37:51,500

What were the giant three-sided craft spotted over England?

437

00:37:51,500 --> 00:37:54,500

And UFOs head straight for the Capitol.

438

00:37:54,500 --> 00:38:00,500

Hear the harrowing tale of an American hero who dies while chasing an unidentified object?

439

00:38:00,500 --> 00:38:05,500

And how the government cracked down on innocent eyewitnesses after a possible crash in the desert?

440

00:38:05,500 --> 00:38:11,500

Get all the facts and the UNEX report coming up next on Unexplained Mysteries.

441

00:38:17,500 --> 00:38:20,500

And now the UNEX report.

442

00:38:22,500 --> 00:38:28,500

According to witnesses, alien spacecraft have been visiting our planet for years.

443

00:38:28,500 --> 00:38:34,500

He said that he and other guards had seen UFOs flying over the area.

444

00:38:34,500 --> 00:38:39,500

Two disturbing incidents took place at top secret missile bases.

445

00:38:39,500 --> 00:38:40,500

This was not an airplane.

446

00:38:40,500 --> 00:38:44,500

If the whatever it was came inside the fence, he had my authority to shoot.

447

00:38:44,500 --> 00:38:48,500

Nuclear missiles were taken over by a mysterious force.

448

00:38:48,500 --> 00:38:52,500

About five minutes later, he calls back and missiles started shutting down.

449

00:38:52,500 --> 00:38:56,500

All over England, there were sightings of huge flying craft.

450

00:38:56,500 --> 00:39:00,500

It backed over, shot to the left, and then I could see it was a huge triangle.

451

00:39:00,500 --> 00:39:04,500

Reports came in from credible witnesses like airline pilots.

452

00:39:04,500 --> 00:39:07,500

A very brightly lit craft flew past them.

453

00:39:07,500 --> 00:39:11,500

A co-pilot instinctively ducked because it was so close.

454

00:39:11,500 --> 00:39:16,500

Experts fear that the unidentified objects pose a significant threat.

455

00:39:16,500 --> 00:39:20,500

And some of the beings associated with them are dangerous.

456

00:39:20,500 --> 00:39:26,500

An unidentified craft spotted above a military airfield set off alarms and a chase.

457

00:39:26,500 --> 00:39:34,500

They describe the object as being very large metallic, round metallic object.

458

00:39:34,500 --> 00:39:38,500

When the pilot intercepted it, he was killed in a bizarre crash.

459

00:39:38,500 --> 00:39:43,500

There wasn't a drop of blood any place. There was no fire.

460

00:39:43,500 --> 00:39:49,500

An Air Force team was sent to investigate the crash or were they sent to put the lid on it.

461

00:39:49,500 --> 00:39:51,500

No one at the funeral home saw the body.

462

00:39:51,500 --> 00:39:57,500

It was in a black leather bag and then it was sealed inside a lead coffin.

463

00:39:57,500 --> 00:39:59,500

Even our nation's capital came under attack.

464

00:39:59,500 --> 00:40:05,500

Air Force personnel were stunned when hundreds of UFOs appeared to descend on the city.

465

00:40:05,500 --> 00:40:13,500

He flew into this cluster of lights and then he said, I see them. They're all around me.

466

00:40:13,500 --> 00:40:19,500

And survivors from the first documented UFO crash site speak out for the very first time.

467

00:40:19,500 --> 00:40:23,500

He says I have pieces of what is called a flying saucer.

468

00:40:23,500 --> 00:40:34,500

We saw a crash of one of the flying saucers. One of them was still alive and it was walking around.

469

00:40:34,500 --> 00:40:38,500

Now they say the military threatened them with physical harm.

470

00:40:38,500 --> 00:40:42,500

And if anybody got close they were told to shoot to kill.

471

00:40:42,500 --> 00:40:47,500

Whatever happened at Roswell, I believe that the government covered it up.

472

00:40:47,500 --> 00:40:51,500

473

00:40:51,500 --> 00:40:57,500

474

00:40:57,500 --> 00:41:02,500

Eyewitnesses are certain these extraterrestrial craft are targeting Earth.

475

00:41:02,500 --> 00:41:07,500

Are they invaders from another world or are they, as the government claims,

476

00:41:07,500 --> 00:41:11,500

weather balloons, lunar landers or military secrets?

477

00:41:11,500 --> 00:41:18,500

Important questions but for now the answers must remain an unexplained mystery.

478
