

1

00:00:00,000 --> 00:00:07,000

I have seen a snake out there six, seven, eight feet long.

2

00:00:07,000 --> 00:00:11,000

This time on Unexplained Mysteries,

3

00:00:11,000 --> 00:00:16,000

Destination Earth, the sightings at a vital Russian military base.

4

00:00:16,000 --> 00:00:19,000

It is a place where UFOs are sighted very frequently

5

00:00:19,000 --> 00:00:21,000

and where similar phenomena occur.

6

00:00:21,000 --> 00:00:25,000

Such as evidence of strange, three-toed creatures,

7

00:00:26,000 --> 00:00:30,000

an unknown object crashes on a remote Russian hill.

8

00:00:30,000 --> 00:00:34,000

The sphere was red. It was flying straight and sharply fell down.

9

00:00:34,000 --> 00:00:36,000

A huge explosion in Siberia.

10

00:00:36,000 --> 00:00:39,000

The government says it was a meteor.

11

00:00:39,000 --> 00:00:42,000

Scientists believe it was something else.

12

00:00:42,000 --> 00:00:46,000

It is possible that this could be a ship from another planet.

13

00:00:46,000 --> 00:00:52,000

There was mutation. All objects in the epicenter were exposed to a small dose of X-ray radiation.

14

00:00:52,000 --> 00:00:55,000

The bizarre lights that hovered above Montreal,

15

00:00:55,000 --> 00:00:58,000

seen by hundreds of eyewitnesses.

16

00:00:58,000 --> 00:01:00,000

I saw this thing.

17

00:01:00,000 --> 00:01:03,000

It was not looking like an object at all.

18

00:01:03,000 --> 00:01:06,000

Stunt. There's no other word. I was stunned.

19

00:01:06,000 --> 00:01:11,000

Hundreds of UFOs, seen by thousands of people in Mexico City.

20

00:01:11,000 --> 00:01:15,000

Seventeen people on the ground recorded it on home video.

21

00:01:15,000 --> 00:01:18,000

It has never happened before in the history of ufology.

22

00:01:18,000 --> 00:01:23,000

Encounters in space, reported by astronauts and cosmonauts.

23

00:01:23,000 --> 00:01:27,000

Someone or something of extraterrestrial origin has visited Earth.

24

00:01:27,000 --> 00:01:31,000

Rare videotape of unusual cluster UFOs.

25

00:01:31,000 --> 00:01:36,000

Clusters of what looks like clouds of smaller objects.

26

00:01:36,000 --> 00:01:42,000

The alleged alien encounter with not just one eyewitness, but 62.

27

00:01:42,000 --> 00:01:47,000

It's just that the face is the eyes. They looked horrible.

28

00:01:47,000 --> 00:01:53,000

They want people to know that we're actually making harm on this world.

29

00:01:53,000 --> 00:01:58,000

And we'll sum up all the facts for you with our exclusive ONX report.

30

00:01:58,000 --> 00:02:01,000

Here on Unexplained Mysteries.

31

00:02:01,000 --> 00:02:03,000

Destination Earth.

32

00:02:05,000 --> 00:02:09,000

Experts believe UFOs have been visiting Earth for centuries.

33

00:02:09,000 --> 00:02:15,000

Reports indicate a higher number of apparent encounters near US military bases.

34

00:02:15,000 --> 00:02:20,000

Servicemen in England have also described numerous flying objects.

35

00:02:20,000 --> 00:02:24,000

And now, there are accounts of sightings in Russia.

36

00:02:30,000 --> 00:02:35,000

It is a place where UFOs are sighted very frequently and where similar phenomena occur.

37

00:02:35,000 --> 00:02:39,000

Vladivostok is the home of Russia's nuclear fleet.

38

00:02:39,000 --> 00:02:48,000

Ufologists believe someone or something may be monitoring nuclear weapons at military installations from the sky.

39

00:02:48,000 --> 00:02:53,000

This is a panoramic view of Vladivostok of the Pit Golden Horn.

40

00:02:53,000 --> 00:02:58,000

In broad daylight, people suddenly saw a bright flash up in the sky and this glowing sphere rose up.

41

00:02:58,000 --> 00:03:01,000

One passerby had a camera and shot this object.

42

00:03:01,000 --> 00:03:06,000

Stranger still is this photo of what seems to be a footprint with three toes.

43

00:03:06,000 --> 00:03:11,000

The traces left by these unusual beings are found at the sites of well-guarded military units.

44

00:03:11,000 --> 00:03:14,000

This is where radioactive waste from Russia is kept.

45

00:03:14,000 --> 00:03:22,000

Near the neighboring town of Delnogorsk, an object crashed on a hill known as Height 611.

46

00:03:22,000 --> 00:03:29,000

The sphere was red. It was flying straight, then sharply fell down.

47

00:03:29,000 --> 00:03:35,000

I saw a fire-rubbing wound fly from this side and fall there on this knoll.

48

00:03:35,000 --> 00:03:40,000

After that, a fire started. It burned for one hour.

49

00:03:40,000 --> 00:03:45,000

Something was burning. This could have been a meteorite, but meteorites do not cause fires.

50

00:03:45,000 --> 00:03:49,000

When it climbed up, it was a very dangerous place.

51

00:03:49,000 --> 00:03:52,000

There was no snow. It just evaporated.

52

00:03:52,000 --> 00:03:57,000

I saw the remains of a burnt stump of a tree and the remains of metallic spheres.

53

00:03:57,000 --> 00:04:02,000

He obtained shards of strange, burnt metal from the crash site.

54

00:04:02,000 --> 00:04:06,000

Russia's most sophisticated labs analyzed the samples.

55

00:04:06,000 --> 00:04:11,000

Whatever remained, the site itself had such unusual properties.

56

00:04:11,000 --> 00:04:15,000

The mesh itself had such unusual properties.

57

00:04:15,000 --> 00:04:19,000

The mesh itself had something very strange, very unusual.

58

00:04:19,000 --> 00:04:25,000

Tiny filaments. And inside those filaments, quartz filaments,

59

00:04:25,000 --> 00:04:28,000

what they could be used for remains in the mid-month.

60

00:04:28,000 --> 00:04:32,000

Russia's top scientists continue to study the pieces of metal.

61

00:04:32,000 --> 00:04:37,000

Their Academy of Sciences has an ongoing public study of UFOs.

62

00:04:37,000 --> 00:04:42,000

UFO study is accepted in Russia, unlike the U.S.

63

00:04:43,000 --> 00:04:47,000

Here, the people say, you can't study UFOs. There's nothing to study.

64

00:04:47,000 --> 00:04:51,000

There's no physical evidence. Well, that's baloney and the Russians are proving that.

65

00:04:51,000 --> 00:04:56,000

Their Academy of Sciences, the most respected scientific organization in that nation,

66

00:04:56,000 --> 00:05:00,000

has been studying it for decades. They do what scientists are supposed to do.

67

00:05:00,000 --> 00:05:03,000

They take samples. They conduct experiments. They dig in the soil.

68

00:05:03,000 --> 00:05:07,000

They check for radiation. And they've come up with some fairly amazing results.

69

00:05:08,000 --> 00:05:12,000

And some believe the results could change the way we look at science

70

00:05:12,000 --> 00:05:14,000

and our place in the universe.

71

00:05:14,000 --> 00:05:19,000

It could very well be physical evidence of an extraterrestrial origin.

72

00:05:19,000 --> 00:05:23,000

There were strange alloys in there that couldn't be readily identified.

73

00:05:23,000 --> 00:05:30,000

Rare earth metals in combinations that had never been seen of natural origin.

74

00:05:30,000 --> 00:05:33,000

Here we can see the results of the spectrometer test.

75

00:05:33,000 --> 00:05:36,000

But most importantly, it contains the element promethium.

76

00:05:36,000 --> 00:05:41,000

The element promethium is artificial. It cannot be found on the earth.

77

00:05:41,000 --> 00:05:48,000

The Russian scientists ran tests to see if the crash site had any lingering effect on human subjects.

78

00:05:53,000 --> 00:05:57,000

For the group that went to the top of height 611, the number of red blood cells,

79

00:05:57,000 --> 00:06:02,000

the differential blood count was alter, and the amount of elements in the blood rose.

80

00:06:02,000 --> 00:06:08,000

I can't tell what it means. I believe that either alien machinery or a spaceship flew to the earth or crashed.

81

00:06:08,000 --> 00:06:11,000

I think that otherwise it can't be explained.

82

00:06:11,000 --> 00:06:17,000

While some American scientists turn a deaf ear to UFO research, Russians are making progress.

83

00:06:17,000 --> 00:06:22,000

I'm glad that somebody actually went to that height 611 and brought out the information

84

00:06:22,000 --> 00:06:28,000

because the heights we could reach with that information are still unknown to us.

85

00:06:28,000 --> 00:06:35,000

In a region called Tunguska, deep in Siberia, a huge object crashed in 1908.

86

00:06:35,000 --> 00:06:44,000

The force of the blast was 2,000 times the power of the atomic bomb that devastated Hiroshima.

87

00:06:51,000 --> 00:06:55,000

Tunguska affects the whole world and all of mankind.

88

00:06:55,000 --> 00:07:00,000

I base my opinion on facts obtained from work on the Tunguska problems.

89

00:07:00,000 --> 00:07:05,000

When the Shoemaker-Levy Comet slammed into Jupiter, it left a giant crater.

90

00:07:05,000 --> 00:07:10,000

But at Tunguska, this object left only scorched earth.

91

00:07:10,000 --> 00:07:17,000

I am a staunch supporter of the comet hypothesis, and I think that there is no serious proof to refute it.

92

00:07:17,000 --> 00:07:21,000

Kolesnikov studied the effects of the explosion.

93

00:07:22,000 --> 00:07:28,000

It is possible that all objects in the epicenter were exposed to a small dose of X-ray radiation.

94

00:07:28,000 --> 00:07:33,000

X-ray radiation is a result of an atomic explosion.

95

00:07:33,000 --> 00:07:40,000

Some experts feel that the Tunguska blast was caused by a UFO that was nuclear powered.

96

00:07:40,000 --> 00:07:49,000

This is exclusive footage from the only American television crew to travel to the isolated region and film at the blast site.

97

00:07:51,000 --> 00:07:56,000

This rock was placed here by one of the early Tunguska expeditions in 1928.

98

00:07:56,000 --> 00:08:04,000

Voronov has collected testimony of those who saw what could have been an alien craft slamming into the ground.

99

00:08:08,000 --> 00:08:14,000

One eyewitness told me he was riding a stallion when he heard what sounded like cannon shots.

100

00:08:14,000 --> 00:08:18,000

When he looked up, he saw a body glowing like the sun.

101

00:08:18,000 --> 00:08:23,000

It began declining toward the horizon for maybe 15-20 seconds.

102

00:08:23,000 --> 00:08:26,000

There were many small explosions on the object.

103

00:08:26,000 --> 00:08:28,000

It ended with one heavy explosion.

104

00:08:28,000 --> 00:08:34,000

The force of the explosion was so strong it knocked both the man and the horse to the ground.

105

00:08:34,000 --> 00:08:40,000

A spiritual leader, or shaman, also witnessed the explosion.

106

00:08:40,000 --> 00:08:46,000

He saw an object fly out of the center of the blast, throwing off sparks.

107

00:08:46,000 --> 00:08:52,000

It flew away over his head. Was it some sort of escape craft that survived the crash?

108

00:08:55,000 --> 00:09:02,000

In the beginning we found small fragments, very deep in the earth, but there was nothing on the surface, no fragments at all.

109

00:09:02,000 --> 00:09:06,000

All trees collapsed and over many years everything went underground.

110

00:09:06,000 --> 00:09:12,000

Chemists analyzed the fragments and found they were covered with a silicone compound.

111

00:09:12,000 --> 00:09:17,000

The same substance used in heat shields on our own spacecraft.

112

00:09:17,000 --> 00:09:24,000

It is possible that this could be a ship from another planet, an intergalactic ship which was riveted with silicone

113

00:09:24,000 --> 00:09:30,000

and that we found its thick walled casing used to protect the craft from the high temperatures of the stars.

114

00:09:30,000 --> 00:09:35,000

The most intriguing discovery was found deep inside a fragment.

115

00:09:35,000 --> 00:09:43,000

I took pincers and extracted this object. Here it is. It was surrounded by crystallite, transparent and non-transparent particles.

116

00:09:43,000 --> 00:09:50,000

When Levbin analyzed the piece of metal, he determined it did not match any natural metal found on earth.

117

00:09:50,000 --> 00:09:58,000

Experts feel this proves their theory that an extraterrestrial spacecraft crashed in Tunguska.

118

00:09:59,000 --> 00:10:05,000

Can we hope to obtain a definitive explanation of Tunguska using normal scientific principles?

119

00:10:05,000 --> 00:10:09,000

I am doubtful that it can be explained without unconventional methods.

120

00:10:09,000 --> 00:10:16,000

Coming up on Unexplained Mysteries, my witnesses in Montreal see strange lights in the sky.

121

00:10:16,000 --> 00:10:22,000

So I stepped outside and looked at the lights. I was kind of scared because I didn't know what it was.

122

00:10:22,000 --> 00:10:26,000

Hundreds record strange craft above Mexico City.

123

00:10:26,000 --> 00:10:30,000

We started to see phenomena in the heavens that were inexplicable.

124

00:10:30,000 --> 00:10:35,000

I noticed that there were strange things. We saw light, very rare light.

125

00:10:35,000 --> 00:10:40,000

And thousands observe a wave of sightings during a celestial event.

126

00:10:40,000 --> 00:10:46,000

A dish-shaped craft appears over the city, covers over 30.

127

00:10:46,000 --> 00:10:52,000

On a routine space mission, a Russian cosmonaut gets an unexpected escort.

128

00:10:53,000 --> 00:11:00,000

It followed us during half of our orbit. We photographed it and our photos showed it to be 23 to 28 meters away.

129

00:11:00,000 --> 00:11:05,000

And challenger astronaut, Story Musgrave, sees a similar object.

130

00:11:05,000 --> 00:11:10,000

It is rubric and it follows you for a rather long period of time.

131

00:11:10,000 --> 00:11:17,000

Witnesses on opposite sides of the globe claim to see a rare UFO called a pearl necklace.

132

00:11:18,000 --> 00:11:25,000

The original object was actually composed of a cluster of smaller objects.

133

00:11:25,000 --> 00:11:29,000

And what really happened to 62 school children in Africa.

134

00:11:29,000 --> 00:11:33,000

They experienced very powerful encounters with these beings.

135

00:11:33,000 --> 00:11:37,000

I've never seen such a person out that far.

136

00:11:37,000 --> 00:11:41,000

It will give you the ultimate resolution to all your questions.

137

00:11:41,000 --> 00:11:46,000

With the Unex Report, stay tuned to Unexplained Mysteries.

138

00:11:48,000 --> 00:11:53,000

Unexplained Mysteries, Destination Earth.

139

00:11:57,000 --> 00:11:59,000

Montreal, Canada.

140

00:11:59,000 --> 00:12:01,000

I saw this thing.

141

00:12:01,000 --> 00:12:04,000

It was not looking like an object at all.

142

00:12:04,000 --> 00:12:07,000

Stunt. There's no other word. I was stunned.

143

00:12:07,000 --> 00:12:10,000

It was more like a kind of pencil of light.

144

00:12:10,000 --> 00:12:14,000

It was a greenish color, but looking very odd.

145

00:12:17,000 --> 00:12:20,000

One of the biggest mass sightings in history.

146

00:12:20,000 --> 00:12:22,000

The Saint Bonaventure Hotel.

147

00:12:22,000 --> 00:12:26,000

Guests in the rooftop pool claimed they saw a craft.

148

00:12:28,000 --> 00:12:31,000

So I stepped outside and looked at the lights.

149

00:12:31,000 --> 00:12:34,000

I was kind of scared because I didn't know what it was.

150

00:12:34,000 --> 00:12:36,000

So I went back in.

151

00:12:36,000 --> 00:12:39,000

I said, somebody pinch me because I don't believe what I see.

152

00:12:39,000 --> 00:12:44,000

Witnesses state the UFO floated behind a curtain of fog for three hours.

153

00:12:45,000 --> 00:12:50,000

My first reaction while driving was while it was a promotional stunt

154

00:12:50,000 --> 00:12:52,000

for the Olympic stadium.

155

00:12:52,000 --> 00:12:54,000

They would probably gain something.

156

00:12:54,000 --> 00:12:59,000

I saw about, I would say, six, seven, eight spots

157

00:12:59,000 --> 00:13:02,000

within the shape of an egg.

158

00:13:02,000 --> 00:13:05,000

I could even hear the sound that the thing was making.

159

00:13:05,000 --> 00:13:08,000

It was a definite, purring sound.

160

00:13:08,000 --> 00:13:11,000

Some kind of a.

161

00:13:11,000 --> 00:13:15,000

that I went, I had that thing over my head.

162

00:13:15,000 --> 00:13:18,000

I was puzzled, basically, what is this thing?

163

00:13:18,000 --> 00:13:23,000

But never, never did I think that I was seeing a UFO of some sort,

164

00:13:23,000 --> 00:13:27,000

you know, that this thing would be coming from God knows where.

165

00:13:27,000 --> 00:13:31,000

Hundreds of calls were made to the press, the local newspaper.

166

00:13:31,000 --> 00:13:35,000

A reporter was sent to the St. Bonaventure.

167

00:13:36,000 --> 00:13:41,000

I believe that I have seen lights or glimmers,

168

00:13:41,000 --> 00:13:45,000

but I cannot say at all what it is.

169

00:13:45,000 --> 00:13:48,000

Some people thought that spotlights from a construction site

170

00:13:48,000 --> 00:13:52,000

were creating a reflection in the night sky.

171

00:13:53,000 --> 00:13:56,000

After those lights were shut down,

172

00:13:56,000 --> 00:14:00,000

the phenomenon, the lights, remained in the sky,

173

00:14:00,000 --> 00:14:02,000

so it was not a reflection of some sort.

174

00:14:02,000 --> 00:14:06,000

Constable Moran contacted the airport and the military

175

00:14:06,000 --> 00:14:09,000

to find out if they could see the object on radar.

176

00:14:09,000 --> 00:14:16,000

Well, in my experience, I did see a fair bit of everything,

177

00:14:16,000 --> 00:14:21,000

but I never encountered anything similar to that.

178

00:14:21,000 --> 00:14:25,000

It did not disappear quickly, it faded away type of thing.

179

00:14:25,000 --> 00:14:31,000

The next day, La Pres printed Belivow's piece and a photo of the sighting.

180

00:14:31,000 --> 00:14:36,000

When Gannet asked the police for more information, they ignored him.

181

00:14:36,000 --> 00:14:39,000

One of the things that's important about this sighting

182

00:14:39,000 --> 00:14:43,000

is the number of highly credible eyewitnesses

183

00:14:43,000 --> 00:14:46,000

that later drew pictures of what they saw.

184

00:14:46,000 --> 00:14:49,000

They all pretty much saw the same thing.

185

00:14:49,000 --> 00:14:51,000

Well, why is that significant?

186

00:14:51,000 --> 00:14:54,000

Because it says it is not hallucination.

187

00:14:54,000 --> 00:14:58,000

Haynes and Gannet examined the negative of the photo and were shocked.

188

00:14:58,000 --> 00:15:00,000

We are talking here about an object.

189

00:15:00,000 --> 00:15:02,000

It was not a light reflection.

190

00:15:02,000 --> 00:15:05,000

It's from a man made the lights on the ground.

191

00:15:05,000 --> 00:15:09,000

A military base nearby had a massive power failure that night.

192

00:15:09,000 --> 00:15:14,000

The base experienced a 12,000 volt lead failure for a period of time.

193

00:15:14,000 --> 00:15:16,000

I find that very interesting.

194

00:15:16,000 --> 00:15:20,000

Computer analysis determined the object was 6,000 feet wide.

195

00:15:20,000 --> 00:15:24,000

That information was sent to 50 organizations.

196

00:15:24,000 --> 00:15:28,000

The number of responses? Zero.

197

00:15:28,000 --> 00:15:30,000

That's significant.

198

00:15:30,000 --> 00:15:34,000

That a large object could hover over downtown Montreal,

199

00:15:34,000 --> 00:15:38,000

a major metropolitan area of North America,

200

00:15:38,000 --> 00:15:42,000

and be seen by so many people, pictures drawn of it, photographs taken of it,

201

00:15:42,000 --> 00:15:45,000

and no official response.

202

00:15:45,000 --> 00:15:47,000

That to me is fascinating.

203

00:15:47,000 --> 00:15:50,000

It was something quite extraordinary.

204

00:15:50,000 --> 00:15:54,000

They had the feeling that it was not from here, that it was different.

205

00:15:54,000 --> 00:15:57,000

Based on my experience as a police officer,

206

00:15:57,000 --> 00:16:00,000

I really can't say what the origin of these lights was.

207

00:16:00,000 --> 00:16:04,000

But those who saw it were strongly affected.

208

00:16:04,000 --> 00:16:07,000

I'll remember it for the rest of my life, that's for sure.

209

00:16:07,000 --> 00:16:11,000

But since I made a lot of interviews,

210

00:16:11,000 --> 00:16:15,000

everybody's asking me questions and recognizing me in the street.

211

00:16:15,000 --> 00:16:18,000

It changed my life in that kind of way.

212

00:16:18,000 --> 00:16:22,000

I know that I've seen something, I mean, there was an object up there.

213

00:16:22,000 --> 00:16:27,000

It corresponds to the descriptions that were taken from the other people on site,

214

00:16:27,000 --> 00:16:29,000

and I'll never forget it.

215

00:16:29,000 --> 00:16:33,000

Later on Unexplained Mysteries,

216

00:16:33,000 --> 00:16:38,000

an unprecedented number of UFOs in Mexico City caught on tape.

217

00:16:38,000 --> 00:16:42,000

17 people on the ground recorded it on home video.

218

00:16:42,000 --> 00:16:45,000

That's never happened before in the history of ufology.

219

00:16:45,000 --> 00:16:48,000

Scientists are stunned by what they see.

220

00:16:48,000 --> 00:16:53,000

We started to see phenomena in the heavens that were inexplicable.

221

00:16:53,000 --> 00:16:58,000

Lights that could not be categorized as a star or categorized as an airplane.

222

00:16:58,000 --> 00:17:03,000

A Russian cosmonaut encounters what may be an alien spacecraft.

223

00:17:03,000 --> 00:17:05,000

It followed us during half of our orbit.

224

00:17:05,000 --> 00:17:09,000

Some places had projections like small wings.

225

00:17:09,000 --> 00:17:13,000

A space shuttle veteran also sees something out there.

226

00:17:13,000 --> 00:17:20,000

On two of my missions, I have seen a snake out there, 6, 7, 8 feet long.

227

00:17:20,000 --> 00:17:27,000

The spectacular sighting in South Korea and in Mexico, known as the pearl necklace.

228

00:17:27,000 --> 00:17:36,000

Right now, each ball seems to be about 100 feet in diameter and 10,000 feet in diameter,

229

00:17:36,000 --> 00:17:41,000

moving at 7, 8, 9, 3 miles an hour.

230

00:17:41,000 --> 00:17:46,000

Schoolchildren in Africa claim to experience a life-changing encounter.

231

00:17:46,000 --> 00:17:50,000

It was silver and the ring around it was red.

232

00:17:50,000 --> 00:17:55,000

They had eyes like that and they were kind of just like looking at us.

233

00:17:55,000 --> 00:18:00,000

It came the flonsemination of all the details in the UNEX report.

234

00:18:00,000 --> 00:18:04,000

It's here on Unexplained Mysteries.

235

00:18:04,000 --> 00:18:09,000

Unexplained Mysteries, Destination Earth.

236

00:18:09,000 --> 00:18:18,000

In Mexico City, the scene of so many sightings, schools now offered classes to study UFOs.

237

00:18:18,000 --> 00:18:29,000

There are also some diamond-shaped forms, red in color, that are suspended over the mountain, then they disappear.

238

00:18:29,000 --> 00:18:31,000

We went to my sister-in-law's home.

239

00:18:31,000 --> 00:18:36,000

All of a sudden, I thought I was looking at a cloud and I saw a yellow light.

240

00:18:36,000 --> 00:18:38,000

It got closer to us.

241

00:18:40,000 --> 00:18:49,000

El Grupo Sol, a university with a respected computer department, analyzed tapes of the UFOs.

242

00:18:49,000 --> 00:18:55,000

I didn't buy into the phenomenon. I thought that many of the videos were falsifications.

243

00:18:55,000 --> 00:19:05,000

But when Quisada and his staff studied the tapes, they determined the objects were not normal aircraft and the tapes were authentic.

244

00:19:05,000 --> 00:19:12,000

At that point, we weren't as skeptical. We said, let's take advantage of what we know and let's try to look for the truth on our own.

245

00:19:12,000 --> 00:19:14,000

And then, the university backed us up.

246

00:19:14,000 --> 00:19:18,000

Students were eager to enroll in the UFO class.

247

00:19:18,000 --> 00:19:25,000

In reality, there's a lot of photographic material and video material that really makes you think that there is something out there.

248

00:19:25,000 --> 00:19:33,000

We decided to do field research with a group of students and professors, and we started to see phenomena in the heavens that were inexplicable.

249

00:19:36,000 --> 00:19:47,000

I noticed that there were strange things. We saw lights, very rare lights, and lights that could not be categorized as a storm or categorized as an airplane.

250

00:19:47,000 --> 00:19:54,000

The staff and students of El Grupo Sol hope to find proof of the existence of alien craft.

251

00:19:55,000 --> 00:20:06,000

It would be of great interest to me to be able to have in my hand the most advanced technology, the most advanced resources, to be able to have the most information.

252

00:20:06,000 --> 00:20:17,000

If it is the case that they really exist, we should be able to establish contact with them. The good thing would be that this would have a positive effect for mankind.

253

00:20:18,000 --> 00:20:31,000

Scientists forecasted a solar eclipse for Mexico City. Thousands of people recorded it on video, but they shot something else they didn't expect.

254

00:20:31,000 --> 00:20:40,000

Exactly at the time of the full solar eclipse, a dish-shaped craft appears over the city, hovers for over 30 minutes.

255

00:20:40,000 --> 00:20:48,000

17 people on the ground recorded it on home video, and that's never happened before in the history of ufology.

256

00:20:48,000 --> 00:21:02,000

3,000 years ago, the Mayan calendar predicted the day of the solar eclipse. It also foretold the dawn of a new age of enlightenment on that day, called the prophecy of the sixth sun.

257

00:21:03,000 --> 00:21:12,000

The legend of the sixth sun, the new sun, signified by the great eclipse that just occurred, speaks of an opening of knowledge.

258

00:21:12,000 --> 00:21:16,000

The sixth sun indicates precisely the moment of its arrival.

259

00:21:16,000 --> 00:21:27,000

With the UFOs somehow related to the Mayan prophecy, so far 110 tapes containing strange flying craft have been authenticated.

260

00:21:28,000 --> 00:21:37,000

It may sound difficult to believe in a city with almost 20 million people that practically every afternoon you can see a UFO.

261

00:21:37,000 --> 00:21:47,000

Jaime Musan, one of the most highly regarded journalists on Mexican TV, used to doubt reports of UFOs, until now.

262

00:21:48,000 --> 00:22:00,000

During the last year, thousands, and I would say hundreds of thousands of people witness UFOs, what I feel is important as an investigative reporter is the fact that the evidence presented was never questioned.

263

00:22:00,000 --> 00:22:04,000

The credibility of the witnesses was attacked, the proof that they presented.

264

00:22:04,000 --> 00:22:12,000

Despite the thousands of sightings of what many believe to be extraterrestrial spacecraft, there wasn't mass panic.

265

00:22:17,000 --> 00:22:23,000

The people have definitely not gotten nervous or afraid with the appearance of the UFOs.

266

00:22:23,000 --> 00:22:30,000

The people actually like the idea and feel that their appearances can bring some benefit to the earth.

267

00:22:30,000 --> 00:22:35,000

One of the most compelling photographs was brought forward by a police chief.

268

00:22:35,000 --> 00:22:41,000

He had a suspected drug smuggling plane under surveillance and shot photos as evidence.

269

00:22:41,000 --> 00:22:44,000

But he got more than he expected.

270

00:22:45,000 --> 00:22:49,000

We called the photographer back in and I asked him to enlarge the picture.

271

00:22:49,000 --> 00:22:51,000

From there, all this came out.

272

00:22:51,000 --> 00:22:55,000

I don't know what the truth is, but I have no idea what's in that picture.

273

00:22:56,000 --> 00:23:00,000

A Catholic priest also taped an unusual object.

274

00:23:03,000 --> 00:23:07,000

In Mar, I came out to take a video of that pine tree against the light.

275

00:23:07,000 --> 00:23:11,000

When I came up, I saw the light appear over the mountain over there.

276

00:23:11,000 --> 00:23:15,000

It was not an ordinary light. It was blue and very intense.

277

00:23:15,000 --> 00:23:19,000

UFO debates are common on Mexico television.

278

00:23:19,000 --> 00:23:23,000

No one knows what they are. Visitors from another planet? That's crazy.

279

00:23:23,000 --> 00:23:27,000

They fly like nothing we've seen before. Who could make something like this?

280

00:23:27,000 --> 00:23:31,000

One explanation, the objects are military aircraft.

281

00:23:31,000 --> 00:23:34,000

But detailed analysis seems to disprove that.

282

00:23:35,000 --> 00:23:43,000

They demonstrate a field propulsion technology that's far beyond anything that I'm aware of that we have today.

283

00:23:43,000 --> 00:23:50,000

Most scientists look at these things as not that these are phenomena that violate known physical laws.

284

00:23:50,000 --> 00:23:55,000

It's just that they're phenomena that our known laws cannot explain right now.

285

00:23:56,000 --> 00:24:03,000

Next on Unexplained Mysteries, an unknown entity tails a cosmonaut spacecraft.

286

00:24:03,000 --> 00:24:08,000

We photographed it and our photo showed it to be 23 to 28 meters away.

287

00:24:08,000 --> 00:24:13,000

A space shuttle astronaut claims to see something in outer space that's alive.

288

00:24:13,000 --> 00:24:19,000

I have seen a snake out there, 6, 7, 8 feet long.

289

00:24:19,000 --> 00:24:23,000

It is rubbery because it has internal waves in it.

290

00:24:23,000 --> 00:24:29,000

Witnesses in South Korea and Mexico report an unusual cluster UFO.

291

00:24:29,000 --> 00:24:34,000

One might come to the just natural conclusion that they originate from distant worlds.

292

00:24:34,000 --> 00:24:40,000

The Rwaw Primary School incident will show you what happened to 62 schoolchildren.

293

00:24:40,000 --> 00:24:45,000

I'm not scared because I've never seen such a person like that before.

294

00:24:45,000 --> 00:24:49,000

They experience very powerful encounters with these beings.

295

00:24:49,000 --> 00:24:53,000

And we'll wrap it all up for you with the Unex Report.

296

00:24:53,000 --> 00:24:58,000

It's coming out here on Unexplained Mysteries, Destination Earth.

297

00:24:59,000 --> 00:25:04,000

Some of the most compelling encounters have taken place in space.

298

00:25:04,000 --> 00:25:08,000

The Russian space program has reported a number of them.

299

00:25:11,000 --> 00:25:14,000

I think that we are not alone in the universe.

300

00:25:14,000 --> 00:25:20,000

I believe that someone or something from an alien universe is the only one that can be seen.

301

00:25:20,000 --> 00:25:23,000

I think that we are not alone in the universe.

302

00:25:23,000 --> 00:25:28,000

I believe that someone or something from an alien universe is the only one that can be seen.

303

00:25:28,000 --> 00:25:32,000

I believe that someone or something from an extraterrestrial origin has visited Earth.

304

00:25:32,000 --> 00:25:37,000

Soyuz 30 lifted off on its mission to the Solute 6 space station.

305

00:25:37,000 --> 00:25:43,000

But for eight hours along the way, something strange pursued the Russian vessel.

306

00:25:43,000 --> 00:25:46,000

It followed us during half of our orbit.

307

00:25:46,000 --> 00:25:51,000

We observed it on the light side and when we entered the dark side, it disappeared completely.

308

00:25:51,000 --> 00:25:53,000

The object stayed very close to us.

309

00:25:53,000 --> 00:25:57,000

We photographed it and our photo showed it to be 23 to 28 meters away.

310

00:25:57,000 --> 00:26:02,000

Afanasyev informed mission control of the strange object.

311

00:26:02,000 --> 00:26:06,000

He thought his information would be made public when he returned.

312

00:26:06,000 --> 00:26:16,000

But his superiors ordered him to remain silent and seized all evidence of the incident, transcripts, photos and film.

313

00:26:16,000 --> 00:26:22,000

He could not speak openly about his experience until the Soviet Union collapsed.

314

00:26:22,000 --> 00:26:27,000

It is still classified as a UFO because we have yet to classify the object.

315

00:26:31,000 --> 00:26:37,000

American astronauts have also had sightings of unidentified objects in space.

316

00:26:37,000 --> 00:26:44,000

Spaceflight itself broadens your horizons to the point which you kind of open up to possibilities.

317

00:26:44,000 --> 00:26:50,000

A veteran of five shuttle missions, Story Musgraves saw something peculiar.

318

00:26:53,000 --> 00:27:04,000

On two of my missions, and I still don't have an answer, I have seen a snake out there, six, seven, eight feet long.

319

00:27:04,000 --> 00:27:11,000

It is rubbery because it has internal waves in it and it follows you for a rather long period of time.

320

00:27:11,000 --> 00:27:18,000

The more you fly in space, the more you see an incredible amount of things out there.

321

00:27:18,000 --> 00:27:25,000

And that sort of brings to you really a certainty that other living creatures are out there.

322

00:27:25,000 --> 00:27:28,000

Some are incredibly primitive, more primitive.

323

00:27:28,000 --> 00:27:34,000

Some are just proteins coming together, amino acids and some just single cell organisms.

324

00:27:34,000 --> 00:27:41,000

And other civilizations have been around for a million years that are doing unimaginable kinds of things.

325

00:27:41,000 --> 00:27:47,000

But some NASA scientists don't think these encounters prove the existence of alien life.

326

00:27:48,000 --> 00:27:53,000

A lot of things we see in the pictures in space are things we're used to seeing here in the control center down here in Houston.

327

00:27:53,000 --> 00:28:00,000

They're ordinary events that surround the spaceship, pieces coming off, water dumps, pieces of ice insulation.

328

00:28:00,000 --> 00:28:03,000

There's little pieces, ten, maybe twenty feet away from the camera.

329

00:28:03,000 --> 00:28:08,000

Despite what Musgraves has seen, he doesn't believe there is a cover-up.

330

00:28:09,000 --> 00:28:15,000

South Korea, one of the most unusual sightings ever.

331

00:28:15,000 --> 00:28:21,000

It begins as one object then breaks up into many smaller ones.

332

00:28:21,000 --> 00:28:34,000

Right now, each ball seems to be about a hundred feet in diameter and ten thousand feet in the air, moving at seven, eight, nine hundred miles an hour.

333

00:28:34,000 --> 00:28:39,000

Ufologists refer to this as a cluster UFO or pearl necklace.

334

00:28:39,000 --> 00:28:45,000

We think it's probably not a weather balloon that's become untethered.

335

00:28:45,000 --> 00:28:52,000

We think it is probably not a military project.

336

00:28:55,000 --> 00:28:59,000

Rigorous video analysis produced surprising results.

337

00:29:00,000 --> 00:29:14,000

There are seven primary objects, twelve subordinate objects, and clusters of what looks like clouds of smaller objects, and there could be dozens of those.

338

00:29:14,000 --> 00:29:17,000

Point is, very unusual.

339

00:29:17,000 --> 00:29:23,000

And because of its high speed, we think it's something not normal.

340

00:29:23,000 --> 00:29:38,000

There is at least a conceivable possibility that the original object was actually composed of a cluster of smaller objects that were interconnected until their separation.

341

00:29:38,000 --> 00:29:42,000

Froning is an expert on propulsion systems.

342

00:29:42,000 --> 00:29:55,000

This indeed is what these might be. Each of these little vehicles within the overall group have their own individual power, propulsion, guidance, and control.

343

00:29:55,000 --> 00:30:01,000

And none of the vehicles exhibited characteristics of any known technology.

344

00:30:01,000 --> 00:30:10,000

I believe these kinds of objects may be utilizing a whole new mode of propulsion which we have not developed yet, which is called field propulsion.

345

00:30:10,000 --> 00:30:21,000

Since vehicles like this are not known to have been developed any place here on this world, one might come to the just natural conclusion that they originate and can come here from distant worlds.

346

00:30:21,000 --> 00:30:25,000

Now what the objects are doing is just about as mysterious as what they are.

347

00:30:25,000 --> 00:30:34,000

Are these balls the boundaries of some space that they're doing something to or with?

348

00:30:34,000 --> 00:30:37,000

This may not be an example of modes of transportation.

349

00:30:38,000 --> 00:30:44,000

This may be an example of work being done.

350

00:30:44,000 --> 00:30:48,000

Cluster UFOs have been observed before.

351

00:30:48,000 --> 00:30:57,000

In October of 1992, we saw our first cluster of ships in the air that looked similar to these, almost identical to these.

352

00:30:57,000 --> 00:31:01,000

And during the famous mass sightings in Mexico City.

353

00:31:01,000 --> 00:31:04,000

They also appear during major earthquakes.

354

00:31:04,000 --> 00:31:11,000

These unknowns appear to be messengers of destiny in many, many situations.

355

00:31:11,000 --> 00:31:15,000

Some experts believe their message is getting urgent.

356

00:31:15,000 --> 00:31:27,000

If Earth is being visited by people from other places, from other worlds, from other dimensions, they're speeding up the process right now. Something major has happened.

357

00:31:31,000 --> 00:31:36,000

Did school children in Africa experience one of the largest mass sightings of all time?

358

00:31:36,000 --> 00:31:41,000

They had eyes like that and they were kind of just like looking at us.

359

00:31:41,000 --> 00:31:47,000

You may see anything. It's just that the face is the eyes. They looked horrible.

360

00:31:47,000 --> 00:31:54,000

And we'll find it all in our UNEX report here on Unexplained Mysteries.

361

00:32:02,000 --> 00:32:06,000

Unexplained Mysteries. Destination Earth.

362

00:32:11,000 --> 00:32:14,000

Something major has also happened in Africa.

363

00:32:14,000 --> 00:32:19,000

A unique mass encounter between aliens and school children.

364

00:32:19,000 --> 00:32:24,000

One night, thousands of people in Africa saw a meteor.

365

00:32:24,000 --> 00:32:31,000

Two days later, something allegedly touched down outside Ruwa Zimbabwe.

366

00:32:31,000 --> 00:32:41,000

This thing, object landed with the three or four things beside it and then a door opened and this little man got out and had on a black suit.

367

00:32:41,000 --> 00:32:49,000

At the aerial primary school, 62 children came into contact with what they say were alien creatures.

368

00:32:49,000 --> 00:32:55,000

They were very slim. The suit was black, but it was the eyes that was frightened.

369

00:32:55,000 --> 00:33:00,000

A large number of children, all with the same apparent story.

370

00:33:00,000 --> 00:33:04,000

Why would 62 children lie?

371

00:33:04,000 --> 00:33:10,000

Celebrated Harvard professor John Mack interviewed the young eyewitnesses.

372

00:33:10,000 --> 00:33:14,000

It was silver and the ring around it was red.

373

00:33:15,000 --> 00:33:17,000

The light come from the whole thing.

374

00:33:17,000 --> 00:33:18,000

There are lights along here.

375

00:33:18,000 --> 00:33:20,000

Lights along the edge there.

376

00:33:20,000 --> 00:33:23,000

How many of the strange beings did you see?

377

00:33:23,000 --> 00:33:27,000

I saw one over here. They had eyes like that.

378

00:33:27,000 --> 00:33:30,000

And they were kind of just like looking at us.

379

00:33:30,000 --> 00:33:35,000

They were like kind of astonished at what we were. I felt scared.

380

00:33:35,000 --> 00:33:39,000

It felt scary? What was scary about it?

381

00:33:39,000 --> 00:33:46,000

Well, I was scared because I've never seen such a person like that before.

382

00:33:46,000 --> 00:33:59,000

They experienced very powerful encounters with these beings and were left with the rather disturbing fact that this seems to be what it is.

383

00:33:59,000 --> 00:34:04,000

And it seems to have no other psychiatric explanation.

384

00:34:04,000 --> 00:34:12,000

Mack feels the children did not experience a mass delusion, but they believe the aliens had an ominous message.

385

00:34:12,000 --> 00:34:17,000

What do you imagine is his reason for visiting Earth?

386

00:34:17,000 --> 00:34:20,000

I think it's about something that's going to happen.

387

00:34:20,000 --> 00:34:22,000

Something that's going to happen?

388

00:34:22,000 --> 00:34:28,000

What I thought was maybe the world's going to end. Maybe they're telling us the world's going to

end.

389

00:34:28,000 --> 00:34:40,000

I think they want people to know that we're actually making harm on this world and we mustn't get too acknowledged.

390

00:34:40,000 --> 00:34:43,000

How did that get communicated to you?

391

00:34:43,000 --> 00:34:46,000

I don't know if you know, but it just popped up in my head.

392

00:34:46,000 --> 00:34:47,000

Pollution?

393

00:34:47,000 --> 00:34:55,000

You never see anything. It's just that the face, because of the eyes, they looked horrible.

394

00:34:55,000 --> 00:35:01,000

And the eyes, the horrible look had that information that you just told me?

395

00:35:01,000 --> 00:35:02,000

Yes.

396

00:35:02,000 --> 00:35:07,000

In Africa, media exposure to aliens or UFOs is limited.

397

00:35:07,000 --> 00:35:16,000

Now, the people in Africa don't have television. They might have a radio, but I can tell you the media don't deal with UFOs.

398

00:35:16,000 --> 00:35:24,000

They're nervous. So where would they pick it up? Is it a mass telepathy?

399

00:35:24,000 --> 00:35:28,000

Children maintain a belief in what they saw and felt.

400

00:35:28,000 --> 00:35:34,000

If someone were to say, well, you know, you just have a lively imagination and you've made this up, what would you say?

401

00:35:34,000 --> 00:35:39,000

I haven't been influenced by any of my friends. I have seen what I've seen.

402

00:35:39,000 --> 00:35:45,000

Coming up on Unexplained Mysteries, we'll wrap it up with the Unex Report.

403

00:35:45,000 --> 00:35:50,000

The Unidentified Explosion Deep Inside Russia.

404

00:35:50,000 --> 00:35:53,000

The mass sighting in Montreal.

405

00:35:53,000 --> 00:35:57,000

The strange metals recovered from a UFO crash site.

406

00:35:57,000 --> 00:36:00,000

Thousands of eyewitnesses in Mexico City.

407

00:36:00,000 --> 00:36:05,000

The alleged space sightings made by cosmonauts and astronauts.

408

00:36:05,000 --> 00:36:08,000

And the meeting of the pearl necklace.

409

00:36:08,000 --> 00:36:13,000

All this with Unexplained Mysteries returns.

410

00:36:21,000 --> 00:36:27,000

And now the Unex Report.

411

00:36:27,000 --> 00:36:32,000

Have UFOs made contact with Earth?

412

00:36:32,000 --> 00:36:36,000

Witnesses report sightings all around the world.

413

00:36:36,000 --> 00:36:41,000

It is possible that this could be a ship from another planet.

414

00:36:41,000 --> 00:36:44,000

The massive explosion in Siberia.

415

00:36:44,000 --> 00:36:50,000

The force of the explosion was so strong, it knocked both the man and the horse to the ground 15 miles away.

416

00:36:50,000 --> 00:36:57,000

It was classified as a meteor, but some experts assert it was a crash of an alien spacecraft.

417

00:36:57,000 --> 00:37:04,000

There was mutation. All objects in the epicenter were exposed to a small dose of X-ray radiation.

418

00:37:04,000 --> 00:37:11,000

In Montreal, hundreds of eyewitnesses were stunned when they shared a mass sighting.

419

00:37:11,000 --> 00:37:17,000

I stepped outside, I looked at the lights, and I was kind of scared because I didn't know what it was.

420

00:37:17,000 --> 00:37:20,000

It was something quite extraordinary.

421

00:37:20,000 --> 00:37:24,000

They had the feeling that it was not from here, that it was different.

422

00:37:24,000 --> 00:37:26,000

They all pretty much saw the same thing.

423

00:37:26,000 --> 00:37:28,000

It says it is not hallucination.

424

00:37:30,000 --> 00:37:35,000

In Russia, strange objects were seen near the Vladivostok military base.

425

00:37:35,000 --> 00:37:38,000

It is a place where UFOs are sighted very frequently.

426

00:37:39,000 --> 00:37:46,000

And more eyewitnesses alleged they saw an object crash on the mysterious hill known as Height 611.

427

00:37:46,000 --> 00:37:50,000

The sphere was red. It was flying straight, then sharply fell down.

428

00:37:52,000 --> 00:37:57,000

I saw a fiery balloon fly from this side and fall there on this knoll.

429

00:37:57,000 --> 00:38:03,000

Scientists have made surprising discoveries when they tested human subjects on Height 611.

430

00:38:03,000 --> 00:38:06,000

Samples of blood pressure and pulse were taken.

431

00:38:06,000 --> 00:38:10,000

The differential blood count was altered and the amount of elements in the blood rose.

432

00:38:10,000 --> 00:38:18,000

The amazing events in Mexico City where thousands of people say they saw strange craft in the sky.

433

00:38:20,000 --> 00:38:26,000

It sounds crazy, but in a city of almost 20 million people, practically every afternoon you can see a UFO.

434

00:38:26,000 --> 00:38:28,000

Including a sighting by a priest.

435

00:38:29,000 --> 00:38:32,000

I was shooting that pine tree against the light.

436

00:38:32,000 --> 00:38:36,000

When I looked up, I saw the light appear over the mountain, over there.

437

00:38:36,000 --> 00:38:43,000

There are also some diamond shaped forms, red in color, that are suspended over the mountain.

438

00:38:43,000 --> 00:38:49,000

Compelling evidence of UFO encounters are reported by those who have traveled into space.

439

00:38:49,000 --> 00:38:56,000

It followed us during half of our orbit, made from some type of metal, approximately 40 meters high.

440

00:38:56,000 --> 00:39:01,000

On two of my missions, I have seen a snake out there, 6, 7, 8 feet long.

441

00:39:01,000 --> 00:39:08,000

Witnesses on opposite sides of the earth claim they've seen rare cluster UFOs.

442

00:39:08,000 --> 00:39:16,000

Right now, each ball seems to be about 100 feet in diameter and 10,000 feet in the air.

443

00:39:16,000 --> 00:39:20,000

Moving at 7, 8, 9 meters an hour.

444

00:39:20,000 --> 00:39:27,000

The original object was actually composed of a cluster of smaller objects.

445

00:39:27,000 --> 00:39:30,000

They originate and come here from distant worlds.

446

00:39:30,000 --> 00:39:36,000

The African children who state they had a mass encounter with extraterrestrials.

447

00:39:36,000 --> 00:39:39,000

Why would 62 children come here?

448

00:39:39,000 --> 00:39:44,000

They had eyes like that and they were kind of just like looking at us.

449

00:39:44,000 --> 00:39:47,000

And they may have had a warning for us.

450

00:39:47,000 --> 00:39:49,000

Maybe the world is going to end.

451

00:39:49,000 --> 00:39:55,000

More recently, there's been a sudden increase in UFO reports from Wisconsin.

452

00:39:55,000 --> 00:40:01,000

In Oshkosh during a lunar eclipse, two astronomers saw three red shapes fly down the mountain.

453

00:40:01,000 --> 00:40:08,000

At Anvil Lake, an eyewitness saw two flashing white lights descend to the ground, a few feet from his cottage.

454

00:40:08,000 --> 00:40:15,000

In Waiowiga, a source that wishes to remain anonymous claims that he was taking pictures while his son was playing outside.

455

00:40:15,000 --> 00:40:19,000

The boy pointed to the sky at an object with strange lights.

456

00:40:19,000 --> 00:40:22,000

At first, the witness thought it was a strange light.

457

00:40:22,000 --> 00:40:24,000

But the light was not.

458

00:40:24,000 --> 00:40:29,000

On the other side, the boy pointed to the sky at an object with strange lights.

459

00:40:29,000 --> 00:40:35,000

At first, the witness thought it was a balloon until he realized it had a disc shape.

460

00:40:35,000 --> 00:40:38,000

Its lights seemed to change colors in sequence.

461

00:40:38,000 --> 00:40:42,000

The disc hovered for a while, then slowly moved off.

462

00:40:42,000 --> 00:40:50,000

His son grew upset and wanted to know what it was, but the man could only call it an unidentified flying object.

463

00:40:50,000 --> 00:40:54,000

Earth. Is it a destination for alien visitors?

464

00:40:54,000 --> 00:40:57,000

A stop on the extraterrestrial tour bus?

465

00:40:57,000 --> 00:41:02,000

People claim they've seen the evidence right before their eyes.

466

00:41:02,000 --> 00:41:09,000

But for now, the final answers to these questions must remain an unexplained mystery.

467

00:41:09,000 --> 00:41:11,000

I have seen what I've seen.
