

1

00:00:00,000 --> 00:00:02,000

1

2

00:00:13,920 --> 00:00:15,920

Tonight or not an identifier

3

00:00:30,000 --> 00:00:36,660

Pentagon has confirmed the existence of the advanced aerospace threat identification program that studied UFOs and they released video

4

00:00:41,160 --> 00:00:46,600

For eight years Lou Elizondo ran a secret UFO investigation for the US military

5

00:00:46,840 --> 00:00:49,920

But in 2017 he quit in protest

6

00:00:49,920 --> 00:00:53,640

I put my entire future on the line because I believe in what I believe in

7

00:00:54,160 --> 00:00:57,280

Now he's joined an elite group of former government insiders

8

00:00:57,640 --> 00:01:06,840

Their mission reveal what they say is the truth about UFOs US airspace is being violated by vehicles of unknown origin with advanced capabilities

9

00:01:09,440 --> 00:01:16,880

The investigation has uncovered two astonishing encounters between UFOs and US Navy carrier strike groups years apart

10

00:01:17,840 --> 00:01:19,240

We were all

11

00:01:19,240 --> 00:01:22,400

Clamoring to get on the radio. Do you see in the water?

12

00:01:22,520 --> 00:01:27,840

What that if I hadn't seen it with my own eyes, I don't know if I would have believed it either

13

00:01:28,280 --> 00:01:35,080

In each case the Navy carriers were nuclear-powered. Is that why these things might be interested in carrier groups?

14

00:01:36,240 --> 00:01:41,560

For decades UFOs have allegedly been hovering near nuclear assets in the American heartland

15

00:01:41,560 --> 00:01:46,200

It shot straight up near and was gone in a second and overseas

16

00:01:46,360 --> 00:01:51,200

That the beams went down into the weapons storage area and I'm thinking oh my god

17

00:01:51,640 --> 00:01:57,960

Is there a connection between the appearance of these unidentified craft and America's most powerful weapons?

18

00:01:58,080 --> 00:02:01,840

President Bill Clinton wanted to know about UFOs Ronald Reagan had an interest in UFOs

19

00:02:01,840 --> 00:02:05,240

We know that Jimmy Carter as a candidate made a promise if I'm elected

20

00:02:05,240 --> 00:02:09,040

I'm gonna find out what's going on with UFOs and then he never said another word about him

21

00:02:09,040 --> 00:02:11,040

I

22

00:02:12,040 --> 00:02:13,540

I

23

00:02:13,540 --> 00:02:14,540

I

24

00:02:14,540 --> 00:02:16,040

I

25

00:02:16,040 --> 00:02:17,540

I

26

00:02:17,540 --> 00:02:19,040

I

27

00:02:19,040 --> 00:02:20,040

I

28

00:02:20,040 --> 00:02:21,540

I

29

00:02:21,540 --> 00:02:23,040

I

30

00:02:23,040 --> 00:02:25,040

I

31

00:02:25,120 --> 00:02:27,120

I

32

00:02:28,120 --> 00:02:33,120

Even presidents find out that they don't have the power to automatically release all this

information

33

00:02:39,320 --> 00:02:43,600

Today I'm gonna be meeting a former sheriff of a small town here in North Dakota

34

00:02:44,000 --> 00:02:51,400

He had an interesting encounter some time ago. What makes this particularly interesting. I think this incident is that a he's a law enforcement officer

35

00:02:52,000 --> 00:02:55,320

Be he's former military and see there were other eyewitnesses

36

00:02:55,960 --> 00:03:00,600

Man I don't want to speculate but there seems to be a lot of sightings of something what that something is we don't know

37

00:03:03,440 --> 00:03:09,080

At one time this area had more nuclear silos than just about anywhere else in the United States

38

00:03:22,400 --> 00:03:26,200

Oh, hello, how are you sir good? How are you doing to meet you?

39

00:03:27,200 --> 00:03:33,760

Come on in right Larry Gessner served for 11 years as a weapons specialist at nearby. My night Air Force base

40

00:03:34,120 --> 00:03:39,800

He was responsible for loading nuclear weapons on bombers and after retiring from the Air Force

41

00:03:39,800 --> 00:03:46,080

He was sheriff of Sheridan County. I have been waiting 15 years where I get to tell this event

42

00:03:46,680 --> 00:03:50,400

This is the first time he's talking publicly about his UFO encounter

43

00:03:51,400 --> 00:03:54,360

So why don't you show me where it where it all happened?

44

00:03:55,080 --> 00:03:59,560

Okay, well you've got this house here, which was a neighbor's house and the driveway there

45

00:04:00,720 --> 00:04:08,800

So this is the lot this is where your house stood yep one night in 2003 he and another eyewitness saw something they couldn't explain

46

00:04:09,440 --> 00:04:13,920

If you look over there that would have been right where it came over

47

00:04:14,640 --> 00:04:19,120

Okay, 144 degrees. So we're looking at almost due southeast

48

00:04:19,760 --> 00:04:23,000

Okay, okay, the thing that stood out the most to me

49

00:04:23,600 --> 00:04:26,000

Was that instead of a horizontal?

50

00:04:26,720 --> 00:04:32,160

Plane for the lights, you know which you would see on an aircraft they were vertical was like this yeah

51

00:04:32,160 --> 00:04:34,640

And so that I said I don't know any correct

52

00:04:34,640 --> 00:04:39,160

I it was confusing I kept saying to myself this isn't making any sense as it got closer

53

00:04:39,360 --> 00:04:44,600

The lights became more prominent. We could discern that there was larger lights along the front edge

54

00:04:45,040 --> 00:04:50,240

The rounder, you know, right the bigger lights and then there were smaller lights on the outside edge

55

00:04:50,240 --> 00:04:53,720

As it got to this point here now all of a sudden I realized there's windows

56

00:04:53,800 --> 00:04:58,440

There was a thickness of the wall of the craft I got right over the top and that's when I said

57

00:04:58,440 --> 00:05:04,060

You know about up in here now I can see the bottom of this thing and it's it's a diamond shape

58

00:05:04,320 --> 00:05:11,560

It came to a stop the lights went out and then this white glow showed up on the back of the craft and

59

00:05:12,400 --> 00:05:15,960

It shot straight up in the air and was gone in a second

60

00:05:17,720 --> 00:05:20,760

You know what looks diamond to me the F1 17

61

00:05:22,120 --> 00:05:24,120

That's kind of diamond shape

62

00:05:25,960 --> 00:05:31,920

Maybe you were witnessing that no the size of this craft it was probably close to

63

00:05:32,680 --> 00:05:37,200

200 feet in the air and a hundred feet wide. Okay, so this is sizeably different

64

00:05:42,560 --> 00:05:49,080

Okay, so here's my clothes here. You're here, right? Correct. What you're saying is that it was heading in the opposite direction

65

00:05:50,360 --> 00:05:57,320

Which is in fact certainly within the trajectory here where you saw it and where it ended up and then shot up

66

00:05:59,280 --> 00:06:01,280

Is in fact towards my not

67

00:06:01,880 --> 00:06:06,000

My not Air Force Base lies 75 miles to the Northwest

68

00:06:06,760 --> 00:06:12,640

Since the beginning of the Cold War my not has been one of the most weaponized places on earth

69

00:06:14,480 --> 00:06:20,280

It's America's only base that can launch both nuclear missiles and nuclear-armed long-range bombers

70

00:06:20,880 --> 00:06:24,080

There are a lot of nuclear sites

71

00:06:24,920 --> 00:06:29,480

between where you are and my not I mean I'm counting here and there's probably

72

00:06:30,240 --> 00:06:33,880

30 or 40 and I've got three maps like between here and here

73

00:06:34,240 --> 00:06:40,920

There's a hell of a lot of stuff here. Yeah nuclear. This isn't the first time Elizondo's investigation has found a link between

74

00:06:41,480 --> 00:06:44,080

UFOs and US nuclear assets

75

00:06:44,720 --> 00:06:46,720

We seem to see these things around

76

00:06:47,160 --> 00:06:49,160

US nuclear equities

77

00:06:49,480 --> 00:06:51,480

nuclear power

78

00:06:51,680 --> 00:06:54,560

nuclear weapons and nuclear technology

79

00:06:55,680 --> 00:06:58,680

There definitely seems to be some sort of correlation

80

00:06:59,040 --> 00:07:04,400

And if I see something that potentially has the ability to either threaten or disable our

81

00:07:05,680 --> 00:07:07,960

strategic nuclear capability I

82

00:07:08,760 --> 00:07:10,760

Have to consider that a threat

83

00:07:11,440 --> 00:07:14,720

The progress that's been made in the last year is incredible

84

00:07:14,720 --> 00:07:23,000

But there are still big secrets being kept if that can be leaked out or released even if it's a dribble it changes everything

85

00:07:24,520 --> 00:07:26,520

Next Elizondo stops in Las Vegas

86

00:07:27,400 --> 00:07:30,240

He is here to meet with investigative journalist George Knapp

87

00:07:30,680 --> 00:07:37,200

Knapp has uncovered documents that may reveal a connection between UFO sightings and America's atomic arsenal

88

00:07:37,840 --> 00:07:44,840

Anybody is gonna be able to shed some light and help me better understand that relationship. I think it's you

89

00:07:45,080 --> 00:07:50,120

Over the years Knapp has filed freedom of information requests with the departments of defense and energy

90

00:07:50,440 --> 00:07:52,440

This is from

91

00:07:52,440 --> 00:07:55,440

1985 an interviewed scores of government eyewitnesses

92

00:07:55,680 --> 00:08:03,080

These go way back and these are reports of reported in UFO incidents. This is from way back in 1948. That's over

93

00:08:04,000 --> 00:08:06,000

Los Alamos

94

00:08:06,520 --> 00:08:08,960

Another unknown object in New Mexico

95

00:08:10,800 --> 00:08:12,800

Interesting that's during the Manhattan project

96

00:08:18,920 --> 00:08:25,160

During the 1950s the Air Force detonated more than a hundred atomic bombs and above ground tests in the Nevada desert

97

00:08:25,480 --> 00:08:30,080

I had more than a dozen people who had worked out there at the test site

98

00:08:30,600 --> 00:08:35,600

During the height of the above ground testing period who said UFOs were commonplace

99

00:08:35,800 --> 00:08:41,640

There were employees assigned to monitor UFO activity in connection with it with the tests

100

00:08:41,880 --> 00:08:49,480

Sometimes they'd appear before the tests oftentimes that appear after it and once in a while they would appear during these tests

101

00:08:50,480 --> 00:08:53,640

All of the nuclear facilities Los Alamos

102

00:08:54,360 --> 00:08:58,800

Livermore, Sandia, Savannah River all had UFO incidents

103

00:09:00,040 --> 00:09:04,120

This says if it's firmly indicated there is no domestic explanation

104

00:09:04,120 --> 00:09:08,760

The objects are a threat and warrant more active efforts at identification and interception

105

00:09:09,040 --> 00:09:12,320

Doesn't that sound familiar? All copies were supposed to be destroyed

106

00:09:13,200 --> 00:09:25,280

In 1959 the US introduced a deadly new addition to its nuclear arsenal the ICBM or intercontinental ballistic missile

107

00:09:25,760 --> 00:09:30,280

These nuclear-tipped missiles could strike targets more than 3500 miles away

108

00:09:32,160 --> 00:09:37,840

According to NAP UFOs now began to be seen at the new ICBM launch sites across the Midwest

109

00:09:37,960 --> 00:09:41,120

What would be an example of one of the more

110

00:09:42,080 --> 00:09:49,520

Compelling incidents in Minot Air Force Base UFOs appear over these missiles something enables the missile and it's ready to go

111

00:09:51,040 --> 00:09:55,520

In 1966 military personnel say a UFO appeared over Minot Air Force Base

112

00:09:56,240 --> 00:10:00,940

75 miles from Larry Gessner's sighting they claim one of Minot's nuclear missiles

113

00:10:01,400 --> 00:10:06,360

Allegedly activated as a UFO hovered above then deactivated when it disappeared

114

00:10:07,160 --> 00:10:11,960

A year later a similar incident allegedly happened at Malmstrom Air Force Base in Montana

115

00:10:12,840 --> 00:10:16,360

Military personnel there say a glowing red oval-shaped object

116

00:10:16,840 --> 00:10:21,960

Hovered over its missile silos and all 10 of the base's nuclear missiles were disabled

117

00:10:22,120 --> 00:10:26,800

They don't know what's causing it. They don't know how to stop it. That puts it all on the line

118

00:10:27,040 --> 00:10:29,360

That tells you how serious this matter is

119

00:10:30,080 --> 00:10:35,560

Over the next two decades multiple US nuclear launch sites would report alarming UFO incidents

120

00:10:36,280 --> 00:10:38,280

But no one can explain why

121

00:10:38,600 --> 00:10:40,600

Just think about this synopsis

122

00:10:40,760 --> 00:10:44,680

At the facilities where we were first designing and building nuclear weapons

123

00:10:44,760 --> 00:10:49,320

There were UFOs at the facilities where we were testing the weapons that were UFOs

124

00:10:49,640 --> 00:10:55,880

At the bases where we deployed those weapons on the ships the nuclear submarines all those places

125

00:10:56,440 --> 00:10:59,960

All the people working there have seen these things. Are they all crazy?

126

00:11:00,440 --> 00:11:04,920

Because if they are they shouldn't have their hands on nuclear weapons agreed either

127

00:11:05,240 --> 00:11:09,400

Mass delusion or they're all right, but either way we need to look into this. Yeah

128

00:11:16,760 --> 00:11:21,000

The colonel of an American air force base and a lot of his airmen

129

00:11:21,400 --> 00:11:26,680

Claim that something from outside the earth's atmosphere landed at their air force base

130

00:11:27,400 --> 00:11:32,760

They inspected it. They photographed it. They took tests on the ground where it had been and found

131

00:11:33,000 --> 00:11:35,000

radioactive traces

132

00:11:35,640 --> 00:11:39,720

There are only two explanations of what happened that night

133

00:11:40,440 --> 00:11:44,520

One explanation is that it actually happened as colonel halt reported

134

00:11:45,160 --> 00:11:49,720

The other is that colonel halt and all his men were hallucinating

135

00:11:51,000 --> 00:11:57,560

Surely to any sensible person either of those explanations is of the utmost defense interest

136

00:11:58,120 --> 00:12:02,440

This should be the subject of rigorous scientific investigation

137

00:12:03,320 --> 00:12:06,440

And not the subject of rubbish by tabloid newspapers

138

00:12:06,920 --> 00:12:08,600

I couldn't agree more

139

00:12:08,600 --> 00:12:13,480

Lou Elizondo is in virginia to continue investigating the link between ufo sightings

140

00:12:14,360 --> 00:12:16,360

and america's nuclear arsenal

141

00:12:17,800 --> 00:12:22,840

Can we go back one more slide to to the nuclear power plant? Sure. So this is the nuclear power plant

142

00:12:22,920 --> 00:12:27,160

And this facility was there while you were there. Oh, yes. It was there before I was there even

143

00:12:27,560 --> 00:12:31,560

Elizondo's re-examining one of the most notorious ufo incidents in history

144

00:12:32,120 --> 00:12:38,120

In 1980 lieutenant colonel charles halt was second in command of america's largest air base in europe

145

00:12:38,840 --> 00:12:42,200

raf bent waters 100 miles northeast of london

146

00:12:44,840 --> 00:12:49,320

Cold war tensions were high and the base was a pivotal part of nato's defenses

147

00:12:50,120 --> 00:12:53,560

raf bent waters is the largest tactical fighter wing in the free world

148

00:12:54,680 --> 00:12:56,680

We had a tens

149

00:12:56,680 --> 00:13:00,360

The mission of the base was if the eastern bloc countries came into germany

150

00:13:00,600 --> 00:13:04,200

The atans would go kill tanks and carry the war to the enemy heartland

151

00:13:04,920 --> 00:13:10,360

Bent waters often housed advanced test aircraft and experimental weapons was a stressful time

152

00:13:11,480 --> 00:13:15,640

But hidden deep under the base was one of the cold war's most guarded secrets

153

00:13:16,280 --> 00:13:21,240

25 fortified bunkers filled with lightweight but highly powerful nuclear bombs

154

00:13:22,360 --> 00:13:25,560

Always at the ready to repel a soviet invasion of the nato bloc

155

00:13:26,760 --> 00:13:29,400

This information wasn't made public for decades

156

00:13:31,480 --> 00:13:36,360

As deputy commander halt's top priority was protecting the base from terrorists and communists

157

00:13:36,920 --> 00:13:38,520

Not ufo's

158

00:13:38,520 --> 00:13:41,640

Tell me what you experienced back in 1980

159

00:13:43,000 --> 00:13:45,000

We were having our christmas party

160

00:13:45,560 --> 00:13:47,320

We just finished

161

00:13:47,320 --> 00:13:52,040

Main meal and getting ready for dessert when the on duty police lieutenant came in white as a sheet

162

00:13:52,280 --> 00:13:55,000

And he said we saw lights in the forest. There was something out there

163

00:13:55,000 --> 00:13:57,000

We don't know what it was so we came to get you

164

00:13:58,520 --> 00:14:00,520

Oh

165

00:14:01,000 --> 00:14:03,160

The face commander said go put this thing to rest

166

00:14:04,760 --> 00:14:11,080

Haught led a team into nearby rendelsham forest and began recording what he was experiencing on a small tape recorder

167

00:14:12,840 --> 00:14:15,240

We have a big mutation and you saw a light

168

00:14:15,480 --> 00:14:17,720

Where right at this position here

169

00:14:18,360 --> 00:14:21,400

Through the head off my flash back. There it is. Yeah, I see it too

170

00:14:22,440 --> 00:14:24,440

What is it? We don't know sir

171

00:14:25,240 --> 00:14:27,240

Strange small red light

172

00:14:27,800 --> 00:14:30,520

Looks to be out maybe a quarter to half mile away before they're out

173

00:14:31,800 --> 00:14:36,760

Haught and his men began to see a series of lights flying above and then into the forest around them

174

00:14:38,600 --> 00:14:44,040

The object comes into the forest a bit and it moves horizontally through the trees avoiding the trees

175

00:14:44,360 --> 00:14:46,760

Obviously under some type of intelligent control

176

00:14:48,040 --> 00:14:52,920

The ability to make a move a little bit this way. It's right on half that hill. It's coming this way

177

00:14:53,640 --> 00:14:56,600

It's definitely coming this way. This is weird

178

00:14:59,160 --> 00:15:03,400

Soon the lights were right on top of them leaving Haught and his men paralyzed with fear

179

00:15:03,800 --> 00:15:06,600

Yeah, we've got an object that that's how they raise directly stop

180

00:15:08,360 --> 00:15:10,360

Here he comes from the side. He's coming towards us now

181

00:15:11,560 --> 00:15:14,360

Now we're observing what appears to be a beam coming down to the ground

182

00:15:17,560 --> 00:15:19,560

This is unreal

183

00:15:20,520 --> 00:15:25,560

The beam is not like an ordinary light. It doesn't radiate. It was like a laser beam was focused

184

00:15:25,960 --> 00:15:29,080

It landed right 10 15 feet away from us at our feet

185

00:15:29,880 --> 00:15:34,840

I was literally in shock. Could you tell from your perspective how high in the sky?

186

00:15:34,920 --> 00:15:38,120

My guess is about three or four thousand feet, but I can't tell for sure

187

00:15:38,680 --> 00:15:43,880

Meantime we noticed two glowing white objects very bright objects to the south in the sky

188

00:15:44,280 --> 00:15:48,360

Haught claims the craft then flew north toward the base

189

00:15:49,080 --> 00:15:55,800

We could hear the chatter on the radios that the beams went down into the weapon storage area and I'm thinking oh my god

190

00:15:57,720 --> 00:16:01,400

Haught feared the craft was targeting the base's secret nuclear storage bunkers

191

00:16:02,600 --> 00:16:09,960

It wasn't that common. It wasn't the meteor. I mean three of them moving in synchronization. They weren't coming down. They were moving in the sky

192

00:16:10,840 --> 00:16:15,320

And I keep telling them where to look and they keep telling me nobody can see anything with the radar

193

00:16:16,040 --> 00:16:18,600

I'm thinking is this a warning? Is this a weapon?

194

00:16:19,240 --> 00:16:21,240

Or is this some kind of communication?

195

00:16:21,960 --> 00:16:23,960

I couldn't believe what was happening

196

00:16:28,760 --> 00:16:32,680

The next day haught reported his experiences to his superiors

197

00:16:33,000 --> 00:16:38,680

The response mirrored a pattern that became familiar to alizando when he ran america's secret ufo program

198

00:16:39,960 --> 00:16:42,520

I went into the office that morning. I think it was sunday morning

199

00:16:43,160 --> 00:16:45,160

The wing commander drove up

200

00:16:45,160 --> 00:16:49,000

He said that was some light you had last night, wasn't it? I said it sure was

201

00:16:49,560 --> 00:16:52,520

I said I made a small tape recording of some of it and he said what?

202

00:16:53,560 --> 00:16:55,560

Let's hear it

203

00:17:00,120 --> 00:17:04,440

He said wow, let me have it. I thought there goes my career

204

00:17:05,800 --> 00:17:08,040

He took the tape and of course I worried all week

205

00:17:08,360 --> 00:17:12,760

Wednesday when he came back from the staff meeting he said I played the tape for the general and the staff

206

00:17:13,080 --> 00:17:19,080

And the general went his infinite wisdom said happened off the base. It's a british affair case closed

207

00:17:19,400 --> 00:17:21,400

Wow

208

00:17:23,400 --> 00:17:25,720

Hoping to catch the attention of someone up the chain of command

209

00:17:26,760 --> 00:17:30,440

Halt drafted a memo detailing the events in rendelsham forest

210

00:17:30,840 --> 00:17:36,840

I wrote the infamous memo and kind of cleaned it up a little bit. I didn't call it ufo's. I called it unexplained lights

211

00:17:37,720 --> 00:17:41,560

When halt's report leaked it would make the rendelsham incident worldwide news

212

00:17:42,120 --> 00:17:48,040

Witnesses claimed that the rendelsham forest was the landing site of an unidentified flying object

213

00:17:48,600 --> 00:17:52,280

And locals would come forward to bolster halt's account that something strange had happened

214

00:17:52,600 --> 00:17:56,040

The closer it got the more I realized it was not an aircraft

215

00:17:56,680 --> 00:17:58,200

I'm bleeding

216

00:17:58,280 --> 00:18:00,920

It was not an aircraft. I'm bleeding. Ten years gone

217

00:18:01,560 --> 00:18:07,320

But over the years debunkers have claimed the incident was merely a hoax or something even more sinister

218

00:18:07,880 --> 00:18:10,040

A secret american weapons test gone wrong

219

00:18:10,840 --> 00:18:13,400

I did everything I could to stay in the background

220

00:18:14,280 --> 00:18:16,280

I really didn't want the attention

221

00:18:16,680 --> 00:18:21,160

Uh, it certainly wasn't career enhancing. It didn't help my career either. By the way, there's not a damn thing

222

00:18:21,160 --> 00:18:26,120

We can do about it. Once you touch it. You got it right. You bought it once you're involved in it

223

00:18:27,000 --> 00:18:30,520

Baby, you're involved in it and there's no really way to to back out of it

224

00:18:36,840 --> 00:18:39,880

In the past I can see why people didn't want to address it

225

00:18:40,760 --> 00:18:45,720

How do you have a conversation about a threat that you don't know what it is and how it works or you can't do anything about it?

226

00:18:46,840 --> 00:18:49,720

When you have other concerns like nuclear war

227

00:18:50,680 --> 00:18:54,600

That's why it's important that we talk to eyewitnesses. That's why with rendelsham

228

00:18:55,320 --> 00:18:59,720

You'd want to collect the eyewitness testimony. You want to pretty much collect anything and everything you can

229

00:19:00,120 --> 00:19:02,280

So john you obviously had a very successful career

230

00:19:02,680 --> 00:19:07,800

What I like to do is ask you a few questions about an experience you you supposedly had

231

00:19:08,120 --> 00:19:15,480

Lou Elizondo is meeting with an air force veteran who served under lieutenant colonel charles hall during the rendelsham ufo event in 1980

232

00:19:16,120 --> 00:19:22,120

The object comes into the forest and it moves horizontally through the trees obviously under some type of intelligent control

233

00:19:22,920 --> 00:19:28,360

I won't ask you anything that requires a sensitive answer if you can't answer it. Just simply say
lou

234

00:19:28,440 --> 00:19:30,440

I'd prefer not to answer that

235

00:19:31,480 --> 00:19:35,880

John burrows was a military policeman on the raf bentwaters base in eastern england

236

00:19:37,080 --> 00:19:41,320

Among his duties protecting the base's secret arsenal of nuclear weapons

237

00:19:43,480 --> 00:19:46,200

To the best of your recollection tell me what happened

238

00:19:47,640 --> 00:19:49,640

It was uh christmas night

239

00:19:49,880 --> 00:19:54,360

Came on duty at 2300 when I went down to the staging area

240

00:19:54,840 --> 00:19:59,400

Halt was out in the forest. Okay. If you listen to the halt tape, you'll hear my name on it

241

00:20:12,520 --> 00:20:17,240

While lieutenant colonel halt and a team investigated reports of mysterious lights in the nearby forest

242

00:20:18,200 --> 00:20:22,440

From the base sergeant burrows listened to the unfolding events on the radio

243

00:20:27,880 --> 00:20:32,440

The beam is not like an ordinary light it doesn't radiate it was like a laser beam was focused

244

00:20:32,840 --> 00:20:36,040

It landed right 10 15 feet away from us at our feet

245

00:20:41,640 --> 00:20:44,360

Later that night another set of lights appeared

246

00:20:45,080 --> 00:20:51,720

This time burrows and another military policeman sergeant jim peniston were sent into rendelsham forest

247

00:20:54,200 --> 00:20:59,800

This orange light almost appeared in the distance and started coming down. Are you in the forest?

248

00:21:00,200 --> 00:21:05,800

We're in the clearing area. I'm like I'd like a closer look the sergeant that was with me

249

00:21:05,880 --> 00:21:11,560

He looked at me and he says go for it as we started moving towards it. It looked like it started moving towards us

250

00:21:12,520 --> 00:21:17,800

As they approached the light burrows says it suddenly flew over him and his partner

251

00:21:19,800 --> 00:21:23,960

Whatever it was came over the top of me. I phased away and was gone

252

00:21:27,080 --> 00:21:29,320

Burrows says he has no memory of what happened next

253

00:21:30,760 --> 00:21:33,720

But sergeant peniston told him he appeared to vanish into thin air

254

00:21:34,600 --> 00:21:40,040

So let me see if I've captured this correctly. Just remember coming there and then all of a sudden

255

00:21:40,600 --> 00:21:42,920

Bam gone and then all of a sudden

256

00:21:44,760 --> 00:21:46,360

He tells you that

257

00:21:46,360 --> 00:21:49,560

You were here and you basically disappeared and then I was back

258

00:21:51,240 --> 00:21:54,280

We start walking back and there's where you can get stranger

259

00:21:55,240 --> 00:21:57,240

Either one of us remember anything till the next day

260

00:21:58,520 --> 00:22:00,520

That's very interesting

261

00:22:01,240 --> 00:22:06,840

And so what was halt reaction to all this don't really know have no memory from that point till the next day

262

00:22:07,240 --> 00:22:14,120

Do you think there was some some loss of time somewhere and well, I mean that's where I try to be careful with this

263

00:22:14,120 --> 00:22:19,000

I don't understand people said I was abducted. I was taken all that maybe it was

264

00:22:19,000 --> 00:22:23,000

I honestly do not know what happened. That's how I mean my whole life

265

00:22:24,200 --> 00:22:28,680

Immediately after the incident burrows says he started to experience health problems

266

00:22:28,680 --> 00:22:32,200

I had some eye issues and then at one point my gums turned white

267

00:22:32,200 --> 00:22:34,200

That's fascinating

268

00:22:37,160 --> 00:22:44,120

When you were there at the base did we already have nuclear

269

00:22:44,920 --> 00:22:51,640

Capabilities in or around the area. I'm not liberty to comment on what was the resources were but I'm not liberty really to comment

270

00:22:51,640 --> 00:22:56,840

On any base I was ever at I mentioned that because for whatever reason wherever these things occur

271

00:22:57,880 --> 00:23:00,440

There is some sort of nuclear connection

272

00:23:01,000 --> 00:23:05,960

Uh, what that connection is at this point we we can only speculate but we're trying to figure that out

273

00:23:07,000 --> 00:23:12,360

John burrows was a military policeman on one of america's most secret nuclear weapons bases in 1980

274

00:23:13,000 --> 00:23:17,160

When he says he came into contact with a ufo in england's rendelsham forest

275

00:23:17,880 --> 00:23:24,680

Whatever it was came right over the top of us. I got what the hell just happened. He goes. I'm not really sure but I got knocked to the ground

276

00:23:27,800 --> 00:23:33,160

Burrows says after his encounter he began experiencing serious health problems and went to a hospital

277

00:23:33,560 --> 00:23:38,520

I went in there and when the doctor saw me he started doing a normal check up

278

00:23:39,160 --> 00:23:44,760

He put the stethoscope on my chest. He looked at me strange. He says, what's the air force have to say about your heart murmur

279

00:23:45,400 --> 00:23:47,400

and I'm like

280

00:23:47,400 --> 00:23:49,400

I'm around. Oh, yes, you do

281

00:23:49,960 --> 00:23:52,600

Doctors had discovered life-threatening scarring on his heart

282

00:23:53,480 --> 00:23:55,480

There are people who are reporting

283

00:23:56,200 --> 00:24:01,080

When they come near they come close to or observe a phenomena

284

00:24:01,800 --> 00:24:07,080

That there are changes occurring burrows says his injuries were just the beginning of his problems

285

00:24:07,880 --> 00:24:14,280

Can I can I read that sir in 2012? He filed a claim to get veterans administration disability benefits

286

00:24:15,480 --> 00:24:19,560

But he was shocked to find his military file had been classified as top secret

287

00:24:19,960 --> 00:24:25,160

So I went in to see the doctor so I sit down and she starts asking me questions about

288

00:24:25,800 --> 00:24:27,800

What my claim is about

289

00:24:28,040 --> 00:24:33,720

And so I answer to his questions and she says hold on a second and I look at her and I said what she goes

290

00:24:34,440 --> 00:24:40,120

Well, there's an issue here and I go. What's the issue? She says well, you weren't in the air force when you said this event happened

291

00:24:41,240 --> 00:24:46,920

I go, what do you mean? I wasn't in the air force. She says according to our record you didn't enter the air force until 1982

292

00:24:49,080 --> 00:24:53,160

We have no medical records going back before you to

293

00:24:55,000 --> 00:24:57,000

That's when the stone walling started

294

00:24:58,040 --> 00:25:01,720

Burrows needed help and he got it from an unlikely source

295

00:25:07,560 --> 00:25:13,080

We're going today to meet a former senior staffer for the late senator john mccain

296

00:25:20,040 --> 00:25:25,640

Cheryl Bennett was able to use her skills navigating the military bureaucracy to get burrows as

disability benefits

297

00:25:25,880 --> 00:25:31,960

out of all of the veterans that I have worked with and I have had at least 200 veterans that I worked for

298

00:25:32,280 --> 00:25:34,280

Never had a problem with getting any records

299

00:25:35,000 --> 00:25:41,720

Getting information for John Burrows was like pulling teeth. It was literally the most painful thing I've ever had to do

300

00:25:42,760 --> 00:25:46,520

Do you think there was a concerted effort to say okay this file?

301

00:25:47,080 --> 00:25:49,960

We do not want to share or was it? Yes

302

00:25:50,280 --> 00:25:54,520

It was the higher ups that were blocking John from getting his care department of defense

303

00:25:54,840 --> 00:25:57,880

The department of justice they were all being very reluctant

304

00:25:57,960 --> 00:26:04,680

But john's case was extraordinary because he had gone years trying to help and nobody was there for him

305

00:26:06,120 --> 00:26:10,440

Had you heard about the rendersham incident prior to him talking to you never

306

00:26:11,400 --> 00:26:13,400

And did he explain to you?

307

00:26:14,440 --> 00:26:17,720

In general terms what that incident was about in great length

308

00:26:18,120 --> 00:26:21,160

I don't care what you're trying to cover up this guy's life is

309

00:26:22,040 --> 00:26:24,680

On the line here. Why are you deceiving him?

310

00:26:25,720 --> 00:26:30,280

It happened and he has results of his heart and his eye to show

311

00:26:31,080 --> 00:26:34,600

It happened was this a purposeful effort

312

00:26:35,400 --> 00:26:37,400

to squelch

313

00:26:37,560 --> 00:26:43,800

John's record from being made public. Oh, I I would adamantly say yes 100 it was deliberate

314

00:26:44,440 --> 00:26:48,600

I mean to this day he still doesn't have his medical records and they weren't given to him

315

00:26:48,920 --> 00:26:50,680

What do you think they're afraid of?

316

00:26:50,680 --> 00:26:55,320

The incident that took place they literally had proof and evidence. They didn't want

317

00:26:56,120 --> 00:26:58,760

The world to know which is kind of scary

318

00:26:59,400 --> 00:27:02,440

Because you don't know what else they're covering up or they don't want us to know

319

00:27:05,640 --> 00:27:07,720

John burrows is one of only two u.s.

320

00:27:07,720 --> 00:27:13,080

Service men to receive military benefits after exposure to one of these unidentified objects

321

00:27:13,560 --> 00:27:16,600

The other is the man who was with him in rendersham forest that night

322

00:27:17,160 --> 00:27:19,160

sergeant jim peniston

323

00:27:19,400 --> 00:27:26,440

If the u.s. Military really tried to cover up what happened in rendersham was this part of a much larger pattern that went on for decades

324

00:27:29,080 --> 00:27:34,680

I mean there's a very checkered history of the pentagon using the military's guinea pigs

325

00:27:35,160 --> 00:27:39,720

It's not inconceivable that there is some secret test program of advanced aircraft

326

00:27:39,800 --> 00:27:45,560

It's using our active duty military folks basically as test subjects without telling them

327

00:27:46,760 --> 00:27:52,280

It's almost like the kennedy assassination. There's so much evidence pointing at something but nobody knows exactly what it is

328

00:27:53,080 --> 00:27:56,200

But something really did happen that people really were affected

329

00:27:57,000 --> 00:27:59,000

There's no argument about that

330

00:28:04,760 --> 00:28:11,960

Louis Elizondo's investigation has uncovered new details of recent UFO encounters with nuclear-powered u.s. Navy ships

331

00:28:13,720 --> 00:28:18,520

But the connection between UFOs and america's nuclear assets stretches back decades

332

00:28:19,400 --> 00:28:26,360

There were employees at the test site assigned to monitor ufo activity in connection with the with the tests

333

00:28:26,920 --> 00:28:34,120

Investigative journalist george nap has told Elizondo that ufo's were seen near u.s. Nuclear tests dating back to the 1950s

334

00:28:36,360 --> 00:28:38,920

All of the nuclear facilities los alamos

335

00:28:39,480 --> 00:28:44,200

livermore sandia savanna river all had ufo incidents

336

00:28:45,080 --> 00:28:48,440

I'm here to discuss the so-called flying saucer

337

00:28:49,560 --> 00:28:55,320

There's a a new theory that says that the ufo's were used to destroy the entire ship

338

00:28:55,320 --> 00:29:02,680

There's a news conference that was recorded on film after the ufo flap in 1952 two weekends in a row

339

00:29:03,320 --> 00:29:06,280

UFOs are seen on radar. They're seen visually

340

00:29:07,320 --> 00:29:11,240

We have received and analyzed between one and two thousand reports

341

00:29:12,120 --> 00:29:16,920

That have come to us from all kinds of sources. We've been able to explain them as

342

00:29:17,800 --> 00:29:21,400

hoaxes as erroneously identified friendly aircraft

343

00:29:22,280 --> 00:29:24,280

as meteorological or

344

00:29:24,360 --> 00:29:27,880

electronic phenomena or as light aberrations

345

00:29:28,600 --> 00:29:33,560

General samford speaks to the media and says it was a weather inversion. Now, that's a lie

346

00:29:33,960 --> 00:29:41,400

We know that uh, there have been investigators that have been on the scene of some of these instances where they've collected physical evidence

347

00:29:42,040 --> 00:29:44,040

And it's scrolled away

348

00:29:46,120 --> 00:29:48,120

So what are these unidentified objects?

349

00:29:49,720 --> 00:29:51,720

One theory has persisted

350

00:29:52,200 --> 00:30:00,120

The entire ufo phenomenon is in fact a u.s government disinformation campaign to draw attention away from its own next generation weapons

351

00:30:01,560 --> 00:30:05,240

In the past the american government hasn't always been very forthcoming

352

00:30:05,320 --> 00:30:10,360

There have been sins in the past that the american government has been guilty of committing against the american people

353

00:30:11,080 --> 00:30:13,080

No wonder people don't trust the government

354

00:30:14,440 --> 00:30:21,560

For decades the military's counterintelligence divisions used the public's fascination with ufos to disguise nuclear weapons

355

00:30:21,560 --> 00:30:24,120

research and top secret aircraft testing

356

00:30:26,200 --> 00:30:32,760

Raf bent waters near rendelsham forest hid one of the u.s military's largest stockpiles of cold war nuclear weapons

357

00:30:33,720 --> 00:30:38,760

And some say what happened there in 1980 was merely a military test gone wrong

358

00:30:40,360 --> 00:30:45,960

That same year at curtland air force base in new mexico another series of strange events unfolded

359

00:30:46,280 --> 00:30:49,880

That raised even more questions about the government's role in the ufo story

360

00:30:50,600 --> 00:30:54,040

1980 curtland air force base in new mexico was still

361

00:30:54,840 --> 00:31:00,600

One of the centers of storing nuclear weapons and parts for nuclear weapons inside a big mountain that was hollowed out

362

00:31:01,160 --> 00:31:05,240

Greg bishop is a ufo expert who wrote a book about the curtland case

363

00:31:05,480 --> 00:31:09,240

It was a place of secrets. It was a place of black projects

364

00:31:09,880 --> 00:31:13,320

And the air force would rather that people not

365

00:31:14,120 --> 00:31:16,120

Figure out what was going on

366

00:31:16,360 --> 00:31:19,720

As technology began to rapidly progress in the early 1980s

367

00:31:20,600 --> 00:31:25,000

So did a new arms race with the soviets to develop advanced weapons and aircraft

368

00:31:25,800 --> 00:31:28,520

Curtland was home to a massive nuclear weapons stockpile

369

00:31:29,560 --> 00:31:33,320

But it was also one of america's most classified weapons testing facilities

370

00:31:34,360 --> 00:31:38,520

Where early versions of stealth jets and unmanned drones began to take shape

371

00:31:39,480 --> 00:31:45,400

A lot of the military technology is at least 10 and sometimes 20 years ahead of public awareness

372

00:31:45,640 --> 00:31:48,920

They have to be that's the way you know you keep ahead of the enemy

373

00:31:49,480 --> 00:31:53,160

One local man began documenting the strange lights flying above the base

374

00:31:53,640 --> 00:31:59,400

And started recording the air force's radio communications. He was listening to radio transmissions from the base

375

00:32:00,040 --> 00:32:04,040

Microbursts and communications having to do with defense programs

376

00:32:06,120 --> 00:32:10,040

He calls up the air force and he says do you know you guys have these lights flying around the base?

377

00:32:10,680 --> 00:32:13,960

They said this is very interesting to us. Why aren't you coming down to the base and talk about it?

378

00:32:14,920 --> 00:32:18,920

The air force assigned a counterintelligence operative named Richard Dodie

379

00:32:20,280 --> 00:32:23,640

I began a dialogue trying to find out everything he had

380

00:32:24,760 --> 00:32:26,760

We had to decide and what we were going to do then

381

00:32:27,240 --> 00:32:31,880

Were we going to allow this to happen or we were trying to convince him otherwise

382

00:32:33,000 --> 00:32:38,440

Dodie says he began telling the man what he was seeing was actually aliens and even gave him a computer

383

00:32:38,760 --> 00:32:41,720

Loaded with what appeared to be messages from an alien race

384

00:32:42,040 --> 00:32:45,400

This computer starts spitting out the most insane stuff you could imagine

385

00:32:45,800 --> 00:32:50,840

We're on a dying planet and we need your help and we want to exchange technology

386

00:32:52,200 --> 00:32:56,200

He got more and more paranoid and Dodie actually encouraged this paranoia

387

00:32:57,400 --> 00:33:04,360

We planted the seed that what he was seeing and what he was hearing and what he was collecting was in fact probably maybe UFOs

388

00:33:05,560 --> 00:33:10,600

But Richard Dodie's covert mission wasn't just to confuse civilians about what was happening at Kirtland

389

00:33:12,040 --> 00:33:15,800

The operation was also intended to spread disinformation to soviet spies

390

00:33:16,280 --> 00:33:19,400

Looking to steal america's most advanced military technology

391

00:33:20,440 --> 00:33:25,000

The air force put out UFO stories to see if the russians

392

00:33:25,800 --> 00:33:29,080

would start you know seeing chum in the water and

393

00:33:30,120 --> 00:33:34,760

Show up at u.s military bases or in in different places where they might be trying to spy on us

394

00:33:35,560 --> 00:33:38,760

But it's a very difficult subject to get to the bottom of

395

00:33:39,480 --> 00:33:41,480

and have any real sense of

396

00:33:41,800 --> 00:33:43,960

Where you are in this hall of mirrors

397

00:33:45,480 --> 00:33:51,960

There's probably about 80 of false information being presented about 20 of factual information

398

00:33:52,760 --> 00:33:55,800

Unfortunately, the UFO community doesn't know which is which

399

00:33:57,160 --> 00:34:00,600

Many have questioned whether lualizando is another richard dodie

400

00:34:01,720 --> 00:34:05,800

And his new UFO crusade is part of a larger disinformation campaign

401

00:34:06,760 --> 00:34:09,160

Before he ran the pentagon secret ufo unit

402

00:34:09,560 --> 00:34:13,000

Elizondo was assigned to protect highly classified military technology

403

00:34:13,480 --> 00:34:16,840

Just like dodie lualizando has a background

404

00:34:17,480 --> 00:34:20,120

Ineffectively government sanctioned disinformation

405

00:34:21,240 --> 00:34:25,720

That's what you do in the counterintelligence business. You spread lies for a purpose

406

00:34:25,880 --> 00:34:38,040

Look this is real we know it's real

407

00:34:39,080 --> 00:34:43,240

We need to look at it. We need to apply more attention more resources into this

408

00:34:43,640 --> 00:34:48,760

Lualizando and his partner chris melin insist they're not part of a ufo disinformation campaign

409

00:34:49,400 --> 00:34:51,400

They're fighting for disclosure

410

00:34:51,640 --> 00:34:55,080

It's actually against the law to conduct a covert action against our own people

411

00:34:56,440 --> 00:34:59,160

There's a difference between what

412

00:35:01,240 --> 00:35:07,160

Has occurred on some occasions in the past where individuals such as richard dodie allegedly

413

00:35:07,880 --> 00:35:16,440

Confused or so some disinformation, but we're in there trying to promote transparency trying to get more information out

414

00:35:16,680 --> 00:35:21,960

There's no pressure on the government to release any information until we came along

415

00:35:22,360 --> 00:35:29,880

Our combat pilots are encountering these things. It's confirmed by radar. It's not responsible to walk away from this

416

00:35:29,960 --> 00:35:32,840

It's what 99% of the people in the department did

417

00:35:33,480 --> 00:35:35,480

Lou was not one of those people

418

00:35:47,560 --> 00:35:50,680

Wow, it's a picture when I was a very young man

419

00:35:52,920 --> 00:35:54,920

Hmm, that's my dad

420

00:35:56,440 --> 00:35:58,440

He's the one who told me

421

00:35:58,680 --> 00:36:01,400

Anything worth loving is worth also dying for

422

00:36:03,080 --> 00:36:10,200

After 20 years of serving his country as a military counterintelligence officer Lualizando was still adjusting to life as a civilian

423

00:36:12,440 --> 00:36:17,880

How did it feel when you had to ask your family to pick up and leave? I felt terrible

424

00:36:18,840 --> 00:36:21,640

The point of sacrifice is not necessarily being a martyr

425

00:36:21,880 --> 00:36:28,040

But it's being willing to give everything you have for the right reason and that is so others may live

426

00:36:28,680 --> 00:36:30,680

and in peace

427

00:36:31,320 --> 00:36:37,480

I've been a counterintelligence officer my entire career since the day I went into the army counterintelligence and human operations

428

00:36:37,880 --> 00:36:39,880

That's what I do

429

00:36:39,880 --> 00:36:43,880

Do you understand why some in the American public see that as

430

00:36:44,600 --> 00:36:46,920

A negative in your message now

431

00:36:47,880 --> 00:36:53,000

People who say well, you know, you've been trained to deceive well. Yeah to some degree deceive the enemy

432

00:36:53,640 --> 00:36:55,640

You're not my enemy

433

00:36:56,360 --> 00:37:02,200

There was a time that the u.s. Government definitely applied its counterintelligence assets against the American people

434

00:37:02,520 --> 00:37:06,840

But we've learned our lesson and if I was ever asked to do this type of things I wouldn't do it period

435

00:37:07,000 --> 00:37:11,240

Over the past year Elizondo has discovered what he sees as a disturbing pattern

436

00:37:12,200 --> 00:37:15,640

UFOs have allegedly appeared above America's atomic test sites

437

00:37:16,760 --> 00:37:19,320

Air force bases stock piled with nuclear weapons

438

00:37:20,920 --> 00:37:28,280

The beams went down into the weapons storage area. I'm thinking is this a warning and nuclear-powered aircraft carriers across the globe

439

00:37:29,400 --> 00:37:31,400

You've got an object

440

00:37:31,400 --> 00:37:33,400

That just shows up

441

00:37:33,640 --> 00:37:35,640

At will does what it wants

442

00:37:35,800 --> 00:37:41,320

They hit a battle group on one of the most powerful warships in the world and you actually get a man

443

00:37:42,040 --> 00:37:47,800

Fighter two of them that are eyewitnesses and then nothing gets done. So what if they're et or they want to hang out then?

444

00:37:47,800 --> 00:37:51,400

It's all good. You know, we're all going to do a group hug and sing kumbaya

445

00:37:52,040 --> 00:37:54,040

But what if they're not?

446

00:37:55,320 --> 00:37:57,320

At the facilities where we were previously

447

00:37:57,560 --> 00:38:03,640

designing and building nuclear weapons there were UFOs on the ships the Nimitz the Roosevelt

448

00:38:04,840 --> 00:38:11,240

All the people working there have seen these things. Are they all crazy either mass delusion or they're all right

449

00:38:11,240 --> 00:38:13,720

But either way we need to look into this. Yeah

450

00:38:14,360 --> 00:38:19,960

Elizondo is now more certain than ever that these unidentified craft poses serious threat to national security

451

00:38:20,840 --> 00:38:24,200

and there's a link between UFOs and US nuclear weapons

452

00:38:24,440 --> 00:38:27,960

And there's a link between UFOs and US nuclear assets

453

00:38:28,840 --> 00:38:30,680

It's a threat. It's a threat

454

00:38:30,680 --> 00:38:32,680

You're telling me, you know, it's a threat

455

00:38:33,160 --> 00:38:38,280

And you're telling me to ignore it. You're telling me to turn my back to it and pretend it's not there

456

00:38:42,920 --> 00:38:44,920

But the ultimate question remains

457

00:38:46,840 --> 00:38:49,800

How do you explain these seemingly unexplainable events?

458

00:38:54,280 --> 00:38:58,920

There's basically three possible explanations if you're just a rational

459

00:38:59,800 --> 00:39:01,640

objective minded person

460

00:39:01,640 --> 00:39:08,200

First this is a foreign country that has made some sort of breakthrough. China, russia, israel

461

00:39:08,600 --> 00:39:11,960

There's only a handful of countries that probably would have the capability

462

00:39:12,520 --> 00:39:14,520

potentially to do this

463

00:39:14,520 --> 00:39:19,400

Second it is a secret u.s. Government program. These are advanced military aircraft

464

00:39:19,960 --> 00:39:24,440

Only a very few number of government officials and defense contractors know about

465

00:39:26,040 --> 00:39:28,040

And that could explain why the government

466

00:39:28,600 --> 00:39:33,560

Sort of doesn't want to talk about it because they want to shield these secret military aircraft programs

467

00:39:34,280 --> 00:39:40,060

The third possibility is the pilots reporting these have just lost their mind and they're hallucinating

468

00:39:42,120 --> 00:39:47,000

Luella's andu and his team believe none of these theories can explain the multitude of UFO encounters

469

00:39:47,240 --> 00:39:49,240

But the u.s. Military they have investigated

470

00:39:50,920 --> 00:39:52,920

Dating back seven decades

471

00:39:54,280 --> 00:39:55,800

We have to at least

472

00:39:55,800 --> 00:40:02,600

Look at the damn data stop actively suppressing it and stop criticizing people who want to come out and have the conversation

473

00:40:03,080 --> 00:40:09,320

And they can't discount another possibility one few in the military establishment appear even willing to consider

474

00:40:10,280 --> 00:40:13,480

That what we are dealing with is something else entirely

475

00:40:14,120 --> 00:40:16,120

On the next unidentified

476

00:40:16,840 --> 00:40:22,760

The distance between the earth and the nearest other star is a few light years a spaceship could make this journey

477

00:40:22,760 --> 00:40:24,760

We don't know of any reason why it's impossible

478

00:40:25,240 --> 00:40:33,480

I would like to see what you have. That's what I'd like to see. We assembled more than 13 000 cases

479

00:40:34,200 --> 00:40:39,240

It should arrive that destroyed helicopter wings

480

00:40:39,720 --> 00:40:41,720

I can show you the photograph

481

00:40:41,800 --> 00:40:43,800

The photograph

482

00:40:44,120 --> 00:40:46,920

These are all their events. I've got the whole thing here

483

00:40:47,640 --> 00:40:51,640

This may indeed be something that we are completely unprepared for

484

00:40:52,440 --> 00:40:59,400

That's chilling for decades thousands of people experience unidentified flying objects and nothing has been done about these instances

485

00:41:00,200 --> 00:41:01,960

We need to confront the truth

486

00:41:01,960 --> 00:41:05,800

So tom this just hit the wire. This is a political article

487

00:41:06,520 --> 00:41:10,840

Um, the title is us navy drafting new guidelines for reporting UFOs

488

00:41:11,720 --> 00:41:14,760

This is the story of the millennia
