

1

00:00:00,000 --> 00:00:07,720

For millennia, it is believed that our cosmic neighbors in the universe have sent messages

2

00:00:07,720 --> 00:00:09,960

for us to decode.

3

00:00:09,960 --> 00:00:15,120

From mystic structures to massive etchings carved into the surface of our planet, we

4

00:00:15,120 --> 00:00:19,920

have struggled to understand the symbols sent to us from other worlds.

5

00:00:19,920 --> 00:00:26,920

But now, for the first time in history, an alien message has been received and deciphered.

6

00:00:26,920 --> 00:00:29,040

This information is ground-breaking.

7

00:00:29,040 --> 00:00:32,240

This could be the whole thing you followed.

8

00:00:32,240 --> 00:00:36,480

Thirty-two years ago, two men made contact with an unknown craft that communicated a

9

00:00:36,480 --> 00:00:39,920

message from a world beyond our own.

10

00:00:39,920 --> 00:00:48,040

Tonight, we will reveal its meaning, and the way we look at UFO encounters will change.

11

00:00:48,040 --> 00:00:53,560

Everything that people thought they knew about UFOs for the last 70 years is probably wrong.

12

00:00:53,560 --> 00:01:01,400

Join us as we crack the alien code, and its secrets are unsealed.

13

00:01:01,400 --> 00:01:03,920

A global effort has begun.

14

00:01:03,920 --> 00:01:10,080

Secret files hidden from the public for decades, detailing every UFO account, are now available

15

00:01:10,080 --> 00:01:11,080

to the public.

16

00:01:11,080 --> 00:01:16,520

We are about to uncover the truth behind these classified documents.

17

00:01:16,520 --> 00:01:20,240

Find out what the government doesn't want you to know.

18

00:01:20,240 --> 00:01:21,440

Unsealed.

19

00:01:21,440 --> 00:01:23,480

Alien files.

20

00:01:23,480 --> 00:01:28,600

Find the biggest secret on planet Earth.

21

00:01:28,600 --> 00:01:35,560

No evidence of alien life has been more sought after than a message from another world.

22

00:01:35,560 --> 00:01:39,140

People have seen UFOs, people have even seen extraterrestrials.

23

00:01:39,140 --> 00:01:45,300

But to communicate with an alien, that would ultimately be the key to unlocking the secrets

24

00:01:45,300 --> 00:01:47,200

of life in the universe.

25

00:01:47,200 --> 00:01:57,000

One historic incident stands above the rest when it comes to proof of such communication.

26

00:01:57,000 --> 00:01:59,200

The year is 1980.

27

00:01:59,200 --> 00:02:02,880

In the midst of the Cold War, the entire world is on edge.

28

00:02:02,880 --> 00:02:08,840

The possibility of nuclear annihilation sparked by conflict between America and the USSR is

29

00:02:08,840 --> 00:02:11,720

at an all-time high.

30

00:02:11,720 --> 00:02:16,880

This is December 1980, period of extraordinary international tension.

31

00:02:16,880 --> 00:02:21,880

Ronald Reagan has been elected as president, and Margaret Thatcher is in power in the United

32

00:02:21,880 --> 00:02:22,880

Kingdom.

33

00:02:22,880 --> 00:02:28,120

This is a period where the Cold War is decidedly frosty, and indeed there's a danger that it

34

00:02:28,120 --> 00:02:32,840

might become pretty hot.

35

00:02:32,840 --> 00:02:37,240

In preparation for a counter-strike, US troops are stationed at Bentwater's Royal Air Force

36

00:02:37,240 --> 00:02:43,160

Base just outside the forest of Rendelsham in the UK.

37

00:02:43,160 --> 00:02:48,040

Around 3 a.m. on the night of December 26th, radar loses track of an unknown object in

38

00:02:48,040 --> 00:02:50,280

the woods outside the base.

39

00:02:50,280 --> 00:02:55,640

Soldiers on guard duty notice something strange high above the forest.

40

00:02:55,640 --> 00:02:59,840

These men saw unidentified lights in the forest from the gates of Bentwaters.

41

00:02:59,840 --> 00:03:03,440

Radar indicated it could potentially be a downed aircraft.

42

00:03:03,440 --> 00:03:08,360

Joining the soldiers to witness these lights are Airman 1st Class John Burroughs and Staff

43

00:03:08,360 --> 00:03:10,120

Sergeant Jim Peniston.

44

00:03:10,120 --> 00:03:14,680

They quickly form a team on our dispatch to the woods for investigation.

45

00:03:14,680 --> 00:03:19,480

What they find after driving into the forest is not a downed aircraft.

46

00:03:19,480 --> 00:03:26,520

As I was getting out of the vehicle, it felt like there was static electricity in the air.

47

00:03:26,520 --> 00:03:28,360

Things felt abnormal.

48

00:03:28,360 --> 00:03:32,200

On both of us, at that point, kind of looked at each other and realized that maybe something

49

00:03:32,200 --> 00:03:34,760

was actually going on.

50

00:03:34,760 --> 00:03:39,800

Above the trees, the two men see the silhouette of a triangular-shaped craft, lowering to

51

00:03:39,800 --> 00:03:42,120

the forest floor.

52

00:03:42,120 --> 00:03:45,480

The air around the object was electrified.

53

00:03:45,480 --> 00:03:48,480

It was like dancing in our skin, in our clothes.

54

00:03:48,480 --> 00:03:51,560

At that point in time, I knew it was an aircraft crash.

55

00:03:51,560 --> 00:03:54,320

I knew I had an unknown object in front of me.

56

00:03:54,320 --> 00:03:58,400

Sergeant Peniston immediately reaches for his notebook to record the details of a craft

57

00:03:58,400 --> 00:04:00,160

that defies logic.

58

00:04:00,160 --> 00:04:05,200

The sketches show an object nine feet on each side and almost six feet tall, with mysterious

59

00:04:05,200 --> 00:04:08,720

symbols etched along the side of the craft.

60

00:04:08,720 --> 00:04:14,400

One of the things that sets Rendlesham Forest apart from almost every other UFO case you

61

00:04:14,400 --> 00:04:18,600

look at is this wasn't just lights in the sky.

62

00:04:18,600 --> 00:04:20,840

This was a landed UFO.

63

00:04:20,840 --> 00:04:26,640

John Burroughs and Jim Peniston got extremely close to this object.

64

00:04:26,640 --> 00:04:31,200

He had come down in a small clearing in a forest, and indeed Jim Peniston claims that

65

00:04:31,200 --> 00:04:35,400

he got so close to this thing, he was able to reach out and touch it.

66

00:04:35,400 --> 00:04:40,720

I took my hand and ran him over the bottom symbols all the way across.

67

00:04:40,720 --> 00:04:47,400

It felt like from going from the smoothness of the metal to like feeling sandpaper on

68

00:04:47,400 --> 00:04:49,200

each of them.

69

00:04:49,200 --> 00:04:53,920

But then something happens that will change his life forever.

70

00:04:53,920 --> 00:04:58,000

Out of all the glyphs, there was one that was larger than all the other ones.

71

00:04:58,000 --> 00:05:00,600

And so I decided to go ahead and touch that one.

72

00:05:00,600 --> 00:05:06,840

When I touched that symbol, I had an explosion of white light where I couldn't see.

73

00:05:06,840 --> 00:05:07,840

I was blinded.

74

00:05:07,840 --> 00:05:11,160

I started seeing ones and zeros flashing.

75

00:05:11,160 --> 00:05:15,880

They were like inside my mind's eye.

76

00:05:15,880 --> 00:05:22,200

The ones and zeros burn into his memory, leaving an imprint of an alien code.

77

00:05:22,200 --> 00:05:25,120

I think I was just plain terrified.

78

00:05:25,120 --> 00:05:29,560

Somehow I was able to go ahead and pull my hand off and it stopped.

79

00:05:29,560 --> 00:05:35,320

The craft started to move a little bit and it was gone a blink of the night.

80

00:05:35,320 --> 00:05:40,420

Next, the two men who witnessed the craft in Rendlesham Forest reveal a shocking secret

81

00:05:40,420 --> 00:05:43,360

about what else they experienced that night.

82

00:05:43,360 --> 00:05:48,160

And their hunt for the truth reveals chilling real life recordings of one of the most shocking

83

00:05:48,160 --> 00:05:50,280

alien contacts of all time.

84

00:05:50,800 --> 00:05:51,800

It's coming this way.

85

00:05:51,800 --> 00:05:54,320

It is definitely coming this way.

86

00:05:54,320 --> 00:06:03,320

This is Unsealed Alien Files, exposing the biggest secret on planet Earth.

87

00:06:03,320 --> 00:06:07,720

Welcome back to Unsealed Alien Files.

88

00:06:07,720 --> 00:06:13,840

On the night of December 26th, 1980, Sergeant Jim Peniston and Airman First Class John Burroughs

89

00:06:13,840 --> 00:06:19,440

experienced a UFO encounter deep in the United Kingdom's Rendlesham Forest.

90

00:06:19,440 --> 00:06:26,760

Revelation is shaken by his contact with an alien craft and the vision it leaves behind.

91

00:06:26,760 --> 00:06:31,840

But while recounting the experience a startling revelation is made, John Burroughs maintains

92

00:06:31,840 --> 00:06:35,400

a different memory of the event entirely.

93

00:06:35,400 --> 00:06:38,520

I do not remember seeing Jim walk around the craft.

94

00:06:38,520 --> 00:06:40,360

I do not remember touching the craft.

95

00:06:40,360 --> 00:06:44,480

What I clearly remember was we got close to something and the next thing I know it was

96

00:06:44,480 --> 00:06:48,920

it appeared to go up into the sky and shoot out towards the coast.

97

00:06:48,920 --> 00:06:51,160

But the most unexpected difference?

98

00:06:51,160 --> 00:06:59,840

The time on their synchronized watches differs after the incidents by almost 45 minutes.

99

00:06:59,840 --> 00:07:04,680

Whatever we encountered affected our memory and at one point because of the static electricity

100

00:07:04,680 --> 00:07:11,160

or the whatever was in the air could have affected our memory and or could have affected

101

00:07:11,160 --> 00:07:16,160

what we saw.

102

00:07:16,160 --> 00:07:21,520

When John Burroughs and Jim Peniston returned to base it transpired that more time had elapsed

103

00:07:21,520 --> 00:07:22,520

than they realized.

104

00:07:22,520 --> 00:07:26,080

Moreover, there was discrepancy in their wristwatches.

105

00:07:26,080 --> 00:07:32,400

Time, it seemed, not only had run on but had maybe run at different speeds for them.

106

00:07:32,400 --> 00:07:38,280

Now this takes us to some quite extraordinary territory but when you talk to both John and

107

00:07:38,280 --> 00:07:43,120

Jim and indeed to people who looked at this case some quite extraordinary theories are

108

00:07:43,120 --> 00:07:44,800

being bounced around.

109

00:07:44,800 --> 00:07:48,000

Ideas of time travel.

110

00:07:48,000 --> 00:07:54,360

Could the ship have caused their perception of time or even time itself to shift?

111

00:07:54,360 --> 00:07:59,200

Their search for an answer leads Burroughs back to the woods and uncovers evidence that must

112

00:07:59,200 --> 00:08:03,560

be heard to be believed.

113

00:08:03,560 --> 00:08:11,320

Unsealed case file, the Charles Halt recording.

114

00:08:11,320 --> 00:08:16,200

The following evening John Burroughs meets with deputy base commander Charles Halt to

115

00:08:16,200 --> 00:08:19,840

re-examine the site of the encounter.

116

00:08:19,840 --> 00:08:26,120

They surveyed the area of the alleged sighting and checked nearby trees for radiation.

117

00:08:26,120 --> 00:08:29,160

When I first met up with Colonel Halt one of the things that came up was that he said

118

00:08:29,160 --> 00:08:32,960

everything that night that was going on, all the radio traffic was being recorded through

119

00:08:32,960 --> 00:08:33,960

the command post.

120

00:08:33,960 --> 00:08:39,520

There were any rains on the tree you're taking samples from on the side facing the suspected

121

00:08:39,520 --> 00:08:42,600

landing site where it clicks, backs up to four.

122

00:08:42,600 --> 00:08:45,080

Interesting, that's right we're taking the sample now.

123

00:08:45,080 --> 00:08:46,080

Four.

124

00:08:46,080 --> 00:08:48,080

That's the strongest point on the tree?

125

00:08:48,080 --> 00:08:49,080

Yes sir.

126

00:08:49,080 --> 00:08:52,040

Instead of just clicking if it was detecting something, it had gone all the way over on

127

00:08:52,040 --> 00:08:57,920

the right side of the meter.

128

00:08:57,920 --> 00:09:02,440

But the course of the investigation changes suddenly when a soldier on Colonel Halt's

129

00:09:02,440 --> 00:09:08,760

team notices something especially unusual, a glowing light spotted in the distance.

130

00:09:08,760 --> 00:09:09,880

There it is.

131

00:09:09,880 --> 00:09:10,880

I see it too.

132

00:09:10,880 --> 00:09:11,880

What is it?

133

00:09:11,880 --> 00:09:12,880

We don't know sir.

134

00:09:12,880 --> 00:09:13,880

So you had a target somewhere?

135

00:09:13,880 --> 00:09:15,880

Yeah it's a strange, small red light.

136

00:09:15,880 --> 00:09:19,880

Looks to be on maybe a quarter to half an hour maybe further out.

137

00:09:19,880 --> 00:09:20,880

Let's switch off.

138

00:09:20,880 --> 00:09:25,880

The light is gone now, it's approaching me 120 degrees through the site.

139

00:09:25,880 --> 00:09:26,880

Is it back again?

140

00:09:26,880 --> 00:09:27,880

Yes sir.

141

00:09:27,880 --> 00:09:31,400

There's no doubt that this is genuine and it's quite extraordinary.

142

00:09:31,400 --> 00:09:38,160

You can hear the tension and the fear in these men's voices as the UFO approaches them.

143

00:09:38,160 --> 00:09:41,760

At one point on the tape you can hear the UFOs coming closer.

144

00:09:41,760 --> 00:09:44,760

I saw a yellow tangent too.

145

00:09:44,760 --> 00:09:45,760

Weird.

146

00:09:45,760 --> 00:09:49,360

It appears that he may be moving a little bit this way.

147

00:09:49,360 --> 00:09:50,360

It's brighter than it has been.

148

00:09:50,360 --> 00:09:51,360

It's coming this way.

149

00:09:51,360 --> 00:09:52,360

It is definitely coming this way.

150

00:09:52,360 --> 00:09:53,360

It's a little too long.

151

00:09:53,360 --> 00:09:54,360

There is no doubt about it.

152

00:09:54,360 --> 00:09:55,360

This is weird.

153

00:09:55,360 --> 00:10:08,080

The object exploded into a bright white light and shot back out towards the coast.

154

00:10:09,000 --> 00:10:19,000

The man in the back is still in the back.

155

00:10:19,000 --> 00:10:25,480

Colonel Halt writes a memorandum to the United Kingdom's Ministry of Defense about the incident.

156

00:10:25,480 --> 00:10:30,160

In it he confirms that what Peniston and Burroughs encountered on the previous night was no

157

00:10:30,160 --> 00:10:37,760

figment of imagination but a real phenomenon experienced by Halt and his team as well.

158

00:10:38,440 --> 00:10:42,200

Two crucial pieces of evidence to support the Rendensham incident was the Halt memo

159

00:10:42,200 --> 00:10:45,200

and the tape recording.

160

00:10:45,200 --> 00:10:50,640

What we found out years later was that there was another even more significant piece and

161

00:10:50,640 --> 00:10:55,040

that was the code that Peniston received when he touched the craft.

162

00:10:55,040 --> 00:10:58,120

But in this point in time he was still keeping the code a secret.

163

00:10:58,120 --> 00:10:59,440

I couldn't sleep.

164

00:10:59,440 --> 00:11:05,120

I was still having ones and zeros flashing and after I pulled that notebook back up to

165

00:11:05,120 --> 00:11:12,240

look at the original glyphs I drew I started writing them all down and after I completed

166

00:11:12,240 --> 00:11:14,480

16 pages I felt great.

167

00:11:14,480 --> 00:11:18,840

But I wasn't going to report that because it sounds insane.

168

00:11:18,840 --> 00:11:21,680

So I just kept it quiet.

169

00:11:21,680 --> 00:11:28,120

In other words when he touched this craft it was a huge jolt and information somehow

170

00:11:28,120 --> 00:11:30,040

transferred to him.

171

00:11:30,040 --> 00:11:31,400

Now he forgot about this.

172

00:11:31,400 --> 00:11:33,080

Maybe he blocked it.

173

00:11:33,080 --> 00:11:38,560

Maybe he didn't realize it was important but it was only 30 plus years afterwards that

174

00:11:38,560 --> 00:11:46,080

he perhaps realized he was sitting on something of the utmost significance.

175

00:11:46,080 --> 00:11:51,720

Coming up next we reveal the meaning behind the code in Peniston's notebook and uncover

176

00:11:51,720 --> 00:11:56,360

the shocking identity of the beings who sent it to us.

177

00:11:56,360 --> 00:12:05,520

This is Unsealed Alien Files exposing the biggest secret on planet Earth.

178

00:12:05,520 --> 00:12:10,080

Welcome back to Unsealed Alien Files.

179

00:12:10,080 --> 00:12:15,560

Retired US Air Force Sergeant Jim Peniston has kept a secret from the world.

180

00:12:15,560 --> 00:12:21,120

16 pages of zeros and ones he received in a vision communicated by an alien craft in

181

00:12:21,120 --> 00:12:24,240

the forest of Rendlesham.

182

00:12:24,240 --> 00:12:29,640

For 30 years these pages remained hidden until a chance reunion with his partner John Burroughs

183

00:12:29,640 --> 00:12:30,640

in 2010.

184

00:12:30,640 --> 00:12:37,200

As we were going through the book he came to some pages and had zeros and ones on it.

185

00:12:37,200 --> 00:12:40,360

I looked at it and I said these are binary codes.

186

00:12:40,360 --> 00:12:46,280

Binary is important because it's the foundation of digital communication.

187

00:12:46,280 --> 00:12:53,760

In 1974 Carl Sagan and several other scientists broadcast a message at a frequency of 2,380

188

00:12:53,760 --> 00:13:00,040

MHz at a power of 1,000 kW into deep space.

189

00:13:00,040 --> 00:13:03,720

When the Aeroscebo message was sent up to the heavens at that time it was the most powerful

190

00:13:03,720 --> 00:13:06,520

message we've ever sent.

191

00:13:06,520 --> 00:13:11,360

The message was sent in a form of digital code that is composed of long strings of

192

00:13:11,360 --> 00:13:17,120

zeros and ones, a type of communication known as binary code.

193

00:13:17,120 --> 00:13:22,440

The easiest way to understand binary code is to think of it as like morse code.

194

00:13:22,440 --> 00:13:24,320

Morse code has dots and dashes.

195

00:13:24,320 --> 00:13:25,320

Binary has ones and zeros.

196

00:13:25,320 --> 00:13:30,000

You see eight ones or zeros together and you get a byte of data.

197

00:13:30,000 --> 00:13:34,880

When we decide to send a message to the heavens in hopes to communicate with an alien civilization

198

00:13:34,880 --> 00:13:40,120

binary code was decided by scientists because it really is that universal language that

199

00:13:40,120 --> 00:13:45,800

if any intelligent race in the universe were to master science binary code would be the

200

00:13:45,800 --> 00:13:47,600

easiest thing to decipher.

201

00:13:47,600 --> 00:13:52,000

So when we sent the Arescebo message to the heavens we gave details about where we were

202

00:13:52,000 --> 00:13:57,960

in the universe, what our human DNA was like and some other details about who we are as

203

00:13:57,960 --> 00:14:00,320

humanity.

204

00:14:00,320 --> 00:14:06,960

If Peniston truly received an alien communication and we were able to decode it I think that

205

00:14:06,960 --> 00:14:11,240

message in itself could potentially change humanity.

206

00:14:11,240 --> 00:14:15,240

Unsealed case file, the alien code.

207

00:14:15,240 --> 00:14:20,760

In 2012 I was given six pages from Jim Peniston's notebook.

208

00:14:20,760 --> 00:14:25,480

They contained binary and I was asked to see if there was a message contained inside.

209

00:14:25,480 --> 00:14:30,920

Nick Siski was hired to take the first six pages of Peniston's 16 page code and determine

210

00:14:30,920 --> 00:14:34,080

if in fact they meant anything at all.

211

00:14:34,080 --> 00:14:39,200

So I was skeptical I'd find anything in these binary notebook pages but I started typing

212

00:14:39,200 --> 00:14:43,720

the ones and zeros into my computer running them through my translator and I was shocked

213

00:14:43,720 --> 00:14:48,400

to find a short message which read exploration of humanity.

214

00:14:48,400 --> 00:14:53,800

What appeared to be latitude and longitude coordinates continuous for planetary advance.

215

00:14:53,800 --> 00:15:00,720

When I saw the message a chill ran down my spine I was honestly not expecting to find

216

00:15:00,720 --> 00:15:07,120

anything in the binary and here was what appeared to be a message that would come from aliens

217

00:15:07,120 --> 00:15:09,880

if they were trying to communicate with us.

218

00:15:09,880 --> 00:15:12,800

Exploration of humanity for planetary advance.

219

00:15:12,800 --> 00:15:16,960

The message could be instruction or perhaps even a warning.

220

00:15:16,960 --> 00:15:22,240

A possibility made only more intriguing by the numbers that appear within the code.

221

00:15:22,240 --> 00:15:29,840

It's the right number of digits north and west indicating somewhere on planet Earth.

222

00:15:29,840 --> 00:15:37,040

And when plotted on a map these coordinates fall on an unlikely location off the coast

223

00:15:37,040 --> 00:15:38,520

of Ireland.

224

00:15:38,520 --> 00:15:43,360

An island once known as High Brazil.

225

00:15:43,360 --> 00:15:48,120

High Brazil has sometimes been dubbed Celtic Atlantis.

226

00:15:48,120 --> 00:15:53,480

It's a sort of lost land a mythical country as it were that's unbelievable was the site

227

00:15:53,480 --> 00:15:56,200

of an advanced civilization.

228

00:15:56,200 --> 00:16:02,720

According to legends those who have seen High Brazil reported a land filled with an advanced

229

00:16:02,720 --> 00:16:10,680

and wealthy civilization whose architecture consisted of golden towers and majestic domes.

230

00:16:10,680 --> 00:16:17,280

Then suddenly in the late 1800s the island literally disappeared from the map.

231

00:16:17,280 --> 00:16:22,160

But in the pages that follow continued analysis has uncovered other coordinates from around

232

00:16:22,160 --> 00:16:24,160

the globe.

233

00:16:24,160 --> 00:16:30,440

In the binary code it clearly shows grid coordinates around the world.

234

00:16:30,440 --> 00:16:36,400

And the grid coordinates are located in southwestern states which is Sedona, Central America, South

235

00:16:36,400 --> 00:16:41,480

America, Greece, Egypt and a location in China.

236

00:16:41,480 --> 00:16:45,920

Many have speculated that the message is pointing to these locations as the origin of alien

237

00:16:45,920 --> 00:16:48,520

ancestors on planet Earth.

238

00:16:48,520 --> 00:16:54,280

But there is more to this story than we've been led to believe.

239

00:16:54,280 --> 00:16:59,840

Many people believed that this binary code could be the smoking gun that blows open not

240

00:16:59,840 --> 00:17:06,680

just the Randallsham Forest mystery but the whole mystery of the UFO phenomenon itself.

241

00:17:06,680 --> 00:17:12,200

But to fully understand the message we must answer the question who sent it to the human

242

00:17:12,200 --> 00:17:18,600

race and perhaps the most shocking revelation of the Randallsham encounter is that Jim Peniston

243

00:17:18,600 --> 00:17:25,240

believes he has the answer.

244

00:17:25,240 --> 00:17:32,480

Why would a race that traveled thousands of light years play hide and seek with us give

245

00:17:32,480 --> 00:17:39,000

us a binary message and why is it in English and why is the craft got markings like a

246

00:17:39,000 --> 00:17:40,000

US aircraft.

247

00:17:40,000 --> 00:17:43,320

There's what thousands of questions like this.

248

00:17:43,320 --> 00:17:45,560

It doesn't point to alien.

249

00:17:45,560 --> 00:17:48,640

This is not about UFOs.

250

00:17:48,640 --> 00:17:54,840

Coming up next, Jim Peniston exposes the creatures behind the sighting in Randallsham Forest

251

00:17:54,960 --> 00:17:58,320

with an answer that will shock the world.

252

00:17:58,320 --> 00:18:07,320

This is Unsealed Alien Files, exposing the biggest secret on planet Earth.

253

00:18:07,440 --> 00:18:13,160

Within the 16 pages of binary code recorded by Jim Peniston in Randallsham Forest, the

254

00:18:13,160 --> 00:18:20,160

most important detail may be Peniston's explanation of who gave it to him.

255

00:18:20,160 --> 00:18:21,800

This is not about UFOs.

256

00:18:21,800 --> 00:18:24,440

It doesn't point to alien.

257

00:18:24,440 --> 00:18:29,440

What I've seen was a craft that was us from the future.

258

00:18:29,440 --> 00:18:35,240

Perhaps the alien code is actually a message from our own species.

259

00:18:35,240 --> 00:18:40,920

If Jim Peniston is correct, the true message of the code is an assurance that mankind will

260

00:18:40,920 --> 00:18:46,600

survive well into the centuries ahead and a shocking revelation that the history of

261

00:18:46,600 --> 00:18:51,880

UFOs on planet Earth may be a glimpse into our future.

262

00:18:51,880 --> 00:18:58,920

This is Unsealed Alien Files, exposing the biggest secret on planet Earth.
