

1

00:00:00,000 --> 00:00:07,360

The Moon. For decades we dreamt of sending people to its surface, wondering what secrets

2

00:00:07,360 --> 00:00:13,960

we may discover. Now more than 40 years after we touched down, evidence shows we may not

3

00:00:13,960 --> 00:00:20,440

know the whole truth about what or who NASA found on the Moon. Something strange is happening

4

00:00:20,440 --> 00:00:23,320

on the Moon and we believe it's not human.

5

00:00:23,320 --> 00:00:29,880

Dr. Fodos, UFO sightings by astronauts and allegations of a massive cover-up plague NASA's

6

00:00:29,880 --> 00:00:36,160

five decade history. What did astronauts find on the Moon? And what did they bring back

7

00:00:36,160 --> 00:00:37,160

with them?

8

00:00:37,160 --> 00:00:42,200

This is the discovery we still have the alien spacecraft under a baron.

9

00:00:42,200 --> 00:00:49,640

Tonight we expose the secret side of space missions the world has never seen. Join us

10

00:00:49,640 --> 00:00:54,640

as the hidden truth behind NASA and aliens on the Moon is unsealed.

11

00:00:54,640 --> 00:01:02,440

A global effort has begun. Secret files hidden from the public for decades detailing every

12

00:01:02,440 --> 00:01:08,440

UFO account are now available to the public. We are about to uncover the truth behind these

13

00:01:08,440 --> 00:01:15,920

classified documents. Find out what the government doesn't want you to know. Unsealed. Alien

14

00:01:15,920 --> 00:01:22,920

files exposing the biggest secret on planet Earth.

15

00:01:22,920 --> 00:01:30,880

Beginning in 1968, NASA's Apollo space program sent nine manned missions to the Moon. The

16

00:01:30,880 --> 00:01:37,560

astronauts on board are the only humans to have ever set foot on an alien world.

17

00:01:37,560 --> 00:01:42,080

I kind of have two moons in my head. I look at the Moon just like everybody else who's

18

00:01:42,080 --> 00:01:47,360

never been there. And you know, there it is. And I've always thought it was interesting.

19

00:01:47,360 --> 00:01:50,480

But every once in a while I do think of a second moon, you know, the one that I recall

20

00:01:50,480 --> 00:01:52,440

from up close.

21

00:01:52,440 --> 00:01:57,560

Alien theorists have long believed NASA has known of and perhaps even made contact with

22

00:01:57,560 --> 00:02:04,840

alien life. But the history of putting a man on the Moon did not begin with a lift off.

23

00:02:04,840 --> 00:02:14,640

It began with a crash. July 8th, 1947, Roswell, New Mexico reports of a downed UFO sends

24

00:02:14,640 --> 00:02:22,040

shock waves across America. The U.S. Air Force responds immediately. What they discover changes

25

00:02:22,040 --> 00:02:24,040

the world forever.

26

00:02:24,040 --> 00:02:31,120

A UFO crashed in Roswell in 1947. We recovered technology. We recovered alien bodies. We

27

00:02:31,120 --> 00:02:37,960

recovered a live alien, a living extraterrestrial entity. What do we do with this?

28

00:02:37,960 --> 00:02:41,680

During the Cold War, the Soviet Union and the United States were competing on multiple

29

00:02:41,680 --> 00:02:46,800

fronts, not necessarily fighting a war with bullets, but a war with technology. And of

30

00:02:46,800 --> 00:02:51,960

course anything extraterrestrial would also mean very exotic technology. It would be of

31

00:02:51,960 --> 00:02:55,080

extreme importance to the U.S. Army.

32

00:02:55,080 --> 00:03:02,520

The next 10 years see inventions decades ahead of their time. The hydrogen bomb, solar power,

33

00:03:02,520 --> 00:03:09,200

microchips, lasers, and the U.S.'s crowning achievement, NASA's powered spacecraft.

34

00:03:09,200 --> 00:03:16,080

Now it is time to take longer strides. I believe that this nation should commit itself to achieving

35

00:03:16,080 --> 00:03:22,160

the goal before this decade is out of landing a man on the Moon and returning him safely

36

00:03:22,160 --> 00:03:23,840

to the Earth.

37

00:03:23,840 --> 00:03:28,280

We can only put forth the national goal for America to put a man on the Moon. The facade

38

00:03:28,280 --> 00:03:32,360

was it was to beat the Russians, but it was about a lot more than that. The scientific

39

00:03:32,360 --> 00:03:37,120

breakthroughs that we were going to accomplish getting a man to the Moon was something that

40

00:03:37,120 --> 00:03:41,600

far surpassed any politics.

41

00:03:41,600 --> 00:03:49,160

In 1964, the Ranger 7 was the first spacecraft that was able to beam back images of the Moon's

42

00:03:49,160 --> 00:03:50,160

surface.

43

00:03:50,160 --> 00:03:58,680

The Ranger 7 returned 4,308 photos of an alien world we had never seen up close, the Moon.

44

00:03:58,680 --> 00:04:03,240

Now what's not talked about is some of the actual photographs that weren't shown publicly.

45

00:04:03,240 --> 00:04:08,160

A case can be made that in fact they were able to transmit images back to Earth and

46

00:04:08,160 --> 00:04:13,600

that they did show artificial structures on the Moon. And so people in the United States

47

00:04:13,600 --> 00:04:19,160

at the very least were aware that they were very likely alien bases on the Moon.

48

00:04:19,160 --> 00:04:24,840

As humans get closer to setting foot on the Moon, strange and unusual events begin to

49

00:04:24,840 --> 00:04:28,320

unfold.

50

00:04:28,320 --> 00:04:35,080

June 1965, NASA transcripts between astronaut James McDivitt of the Gemini spacecraft may

51

00:04:35,080 --> 00:04:39,360

reveal a report of the first UFO sighting in space.

52

00:04:39,360 --> 00:04:43,640

According to the transcript of the Gemini mission, astronaut McDivitt says, I just saw

53

00:04:43,640 --> 00:04:47,720

something else up here with me, but just as I was getting close enough to take a good

54

00:04:47,720 --> 00:04:53,280

picture, the Sun got in the way and I lost it. It had big arms sticking out of it. It

55

00:04:53,280 --> 00:04:56,480

looked like I only had it for just a minute.

56

00:04:56,480 --> 00:05:00,520

After many of the Gemini astronauts started to see things in space, they came up with

57

00:05:00,520 --> 00:05:06,440

code words like fire, bogey, even Santa Claus to describe craft that they were seeing flying

58

00:05:06,440 --> 00:05:08,960

outside of the spaceship.

59

00:05:08,960 --> 00:05:16,160

On December 24, 1968, the Apollo 8 spacecraft makes the first successful orbit around the

60

00:05:16,160 --> 00:05:32,800

Moon.

61

00:05:32,800 --> 00:05:38,240

This is something that many people could easily dismiss as just being a reference to the upcoming

62

00:05:38,240 --> 00:05:44,320

Christmas Day, but many others have said, well, Santa Claus was in fact one of the code words

63

00:05:44,960 --> 00:05:50,840

This was his way of communicating to Cape Canaveral that in fact that they were seeing a UFO.

64

00:05:50,840 --> 00:06:10,360

Coming up, man first walks on the Moon and finds out what's there waiting for him.

65

00:06:10,360 --> 00:06:16,920

If UFO historians are correct, America's dominance in the Cold War with the USSR depended on one

66

00:06:16,920 --> 00:06:23,400

primary objective, land a man on the Moon and make contact with an alien presence before

67

00:06:23,400 --> 00:06:25,760

the Soviets could do it first.

68

00:06:25,760 --> 00:06:31,960

If there was extraterrestrial exotic technology on the Moon, that would definitely fuel our

69

00:06:31,960 --> 00:06:36,640

need to get there first and the fastest so that we could reverse engineer this technology

70

00:06:36,640 --> 00:06:39,000

and use it for our own military purposes.

71

00:06:39,000 --> 00:06:45,440

If these theories are true, the fate of America and perhaps mankind was in the hands of Neil

72

00:06:45,440 --> 00:06:54,200

Armstrong, Buzz Aldrin and Michael Collins, the crew of Apollo 11.

73

00:06:54,200 --> 00:06:59,120

Unsealed case file, dark side of the Moon landing.

74

00:06:59,120 --> 00:07:03,520

July 16, 1969, Apollo 11 was launched.

75

00:07:03,520 --> 00:07:06,000

The entire world was watching.

76

00:07:06,000 --> 00:07:07,240

The mission?

77

00:07:07,240 --> 00:07:13,080

Be the first humans to land on the Moon and as UFO experts believe, be the first to make

78

00:07:13,080 --> 00:07:15,600

contact with alien life.

79

00:07:15,600 --> 00:07:17,440

A terrifying prospect.

80

00:07:17,440 --> 00:07:26,200

The Moon surface seems very inhospitable, forbidding almost.

81

00:07:26,200 --> 00:07:31,000

The hostile place, scary place.

82

00:07:31,000 --> 00:07:36,280

What could be hidden in the conversations between Apollo 11 astronauts and Capcom, the

83

00:07:36,280 --> 00:07:46,760

mission control center in Houston, Texas?

84

00:07:46,760 --> 00:07:51,520

According to UFO theorists, the most significant moment came when the transmission from Buzz

85

00:07:51,520 --> 00:07:57,000

Aldrin and Neil Armstrong suddenly caught on for two minutes.

86

00:07:57,000 --> 00:08:03,000

Supposedly in that audio transmission, there's a missing two minutes.

87

00:08:03,000 --> 00:08:06,760

What could have been in those missing two minutes?

88

00:08:06,760 --> 00:08:14,640

Now there has been some unofficial radio communications that have been circulated saying that basically

89

00:08:14,640 --> 00:08:19,360

Armstrong and Buzz Aldrin saw UFOs on the Moon.

90

00:08:19,360 --> 00:08:20,360

No.

91

00:08:20,360 --> 00:08:23,360

No, it's not an optical illusion.

92

00:08:23,360 --> 00:08:25,360

No, it's going to believe that.

93

00:08:25,360 --> 00:08:26,360

We're pleased.

94

00:08:26,360 --> 00:08:27,360

We're pleased.

95

00:08:27,360 --> 00:08:33,360

I'd say that there were other things yet that lined up in the other side of the crater.

96

00:08:33,360 --> 00:08:36,160

There they are and they're watching us.

97

00:08:36,160 --> 00:08:42,880

This was something that had been intercepted through amateur ham radio and basically released

98

00:08:42,880 --> 00:08:44,480

through unofficial sources.

99

00:08:44,480 --> 00:08:50,840

There are a number of NASA officials that claim that this in fact was a genuine transmission

100

00:08:50,840 --> 00:08:52,520

from Neil Armstrong.

101

00:08:52,520 --> 00:08:57,480

Any time we look at the communication taking place between Capcom and astronauts in space,

102

00:08:57,480 --> 00:08:59,040

there are two channels in use.

103

00:08:59,040 --> 00:09:01,720

There's the public channel relaying information.

104

00:09:01,720 --> 00:09:05,600

There's also the secret channel or the Department of Defense line where they can cut off the

105

00:09:05,600 --> 00:09:10,280

public feed and communicate securely between the astronauts and Capcom.

106

00:09:10,280 --> 00:09:15,640

NASA has never confirmed that the conversation took place, but even Buzz Aldrin himself

107

00:09:15,640 --> 00:09:21,120

has come forward stating that an unknown object was spotted outside Apollo 11.

108

00:09:21,120 --> 00:09:25,960

Could Neil Armstrong and Buzz Aldrin be our first human ambassadors to space and have

109

00:09:25,960 --> 00:09:28,720

met aliens on the Moon?

110

00:09:28,720 --> 00:09:32,960

It seems very possible that NASA already knew from the inception sending people to the Moon

111

00:09:32,960 --> 00:09:37,640

that they had planned on doing some type of communication with other advanced beings.

112

00:09:37,640 --> 00:09:42,040

When Buzz Aldrin and Neil Armstrong first walked on the Moon, they planted an American

113

00:09:42,040 --> 00:09:45,440

flag and a plaque commemorating the mission.

114

00:09:45,440 --> 00:09:50,000

But they also reportedly left behind two items with a message.

115

00:09:50,000 --> 00:09:52,760

One was a gold olive branch of peace.

116

00:09:52,760 --> 00:09:55,200

The other was a silicon disk.

117

00:09:55,200 --> 00:10:00,640

On it were recorded statements of goodwill from 73 world leaders and the names of key

118

00:10:00,640 --> 00:10:03,760

U.S. Congress members and NASA.

119

00:10:03,760 --> 00:10:08,760

But if NASA never anticipated making contact with alien life, why did they prepare these

120

00:10:08,760 --> 00:10:12,360

greetings of peace before they went to the Moon?

121

00:10:12,360 --> 00:10:18,000

What it means that anybody approaching this with an open mind is A, we're aware of the

122

00:10:18,000 --> 00:10:22,720

need to presence and we're making a peace offering to get teens.

123

00:10:22,720 --> 00:10:27,480

Did Apollo 11 with their messages of peace forge a bond with an alien race that continues

124

00:10:27,480 --> 00:10:29,120

to this day?

125

00:10:29,120 --> 00:10:33,480

Or did something happen out there that keeps mankind from returning?

126

00:10:33,480 --> 00:10:39,320

In my personal opinion, there are alien bases on the Moon and they understood that there

127

00:10:39,320 --> 00:10:43,480

were a lot of political factors as to why the Apollo missions had to go ahead.

128

00:10:43,480 --> 00:10:47,720

But there have been a number of people who've worked with NASA, saying that the aliens up

129

00:10:47,720 --> 00:10:53,480

there basically said, well, this is our turf, you don't belong here and don't come back.

130

00:10:53,480 --> 00:10:59,480

Coming up, future missions expose the truth behind astronauts and UFO contact.

131

00:10:59,480 --> 00:11:02,760

We have an unidentified flying object.

132

00:11:02,760 --> 00:11:08,560

And NASA insiders reveal the secret behind photos we weren't meant to see.

133

00:11:08,560 --> 00:11:10,640

You won't believe your eyes.

134

00:11:24,400 --> 00:11:31,160

The National Aeronautics and Space Administration landed a man on the Moon in 1969, an event

135

00:11:31,160 --> 00:11:36,960

that may also have been our first contact with alien life, but is evidence of what NASA

136

00:11:36,960 --> 00:11:46,640

found on the Moon hiding behind the biggest alleged cover-up in the history of space exploration.

137

00:11:46,640 --> 00:11:51,280

Unsealed case file, NASA's alien secret.

138

00:11:51,280 --> 00:11:56,600

NASA Shuttle Mission STS-73, October 21, 1995.

139

00:11:56,600 --> 00:12:01,560

Astronaut Catherine G. Coleman is working in the Space Lab module of NASA's U.S. microgravity

140

00:12:01,560 --> 00:12:04,400

lab when she declares something to Capcom.

141

00:12:04,400 --> 00:12:08,240

We have an unidentified flying object.

142

00:12:08,240 --> 00:12:13,360

It's fascinating how astronaut Coleman was not panic-vibrant.

143

00:12:13,360 --> 00:12:15,160

Why wasn't she panic-vibrant?

144

00:12:15,360 --> 00:12:21,760

Well, very simply, as we reach out into space, as the space shuttle became commonplace in

145

00:12:21,760 --> 00:12:28,520

NASA, what was also commonplace were appearances of alien craft that were shadowing the show.

146

00:12:28,520 --> 00:12:32,320

We have an unidentified flying object.

147

00:12:32,320 --> 00:12:35,680

The recording is investigated by a U.S. congressman.

148

00:12:35,680 --> 00:12:40,360

NASA responds that the comment was simply an innocuous remark.

149

00:12:40,360 --> 00:12:46,440

They also claim a sighting was impossible as the Space Lab had no windows.

150

00:12:46,440 --> 00:12:50,560

But this diagram from the NASA website shows otherwise.

151

00:12:50,560 --> 00:13:00,320

Catherine Coleman from STS-73 said, we have an unidentified flying object.

152

00:13:00,320 --> 00:13:03,480

If you're looking for confirmation, there it is.

153

00:13:03,480 --> 00:13:07,440

I think the last few decades have proven that NASA is definitely covering up something when

154

00:13:07,440 --> 00:13:10,760

it comes to the connection between UFOs and our astronauts.

155

00:13:10,760 --> 00:13:12,880

But what is it?

156

00:13:12,880 --> 00:13:19,000

This image appears to be a simple photo of the moon's Tycho crater, taken on June 10,

157

00:13:19,000 --> 00:13:20,000

2011.

158

00:13:20,000 --> 00:13:22,160

But look closer.

159

00:13:22,160 --> 00:13:28,400

By simply adjusting the exposure of actual NASA photographs, an apparent cover-up becomes

160

00:13:28,400 --> 00:13:30,400

crystal clear.

161

00:13:30,400 --> 00:13:34,920

What's very interesting about this photograph is that everything seems to be somewhat normal,

162

00:13:34,920 --> 00:13:39,760

but then you come to a little spot on the photograph of something that the only way

163

00:13:39,760 --> 00:13:41,560

to describe it is being blacked out.

164

00:13:41,560 --> 00:13:43,120

It's actually omitted.

165

00:13:43,120 --> 00:13:47,960

They cut something out of the photograph that they didn't want you and I to see.

166

00:13:47,960 --> 00:13:53,800

Behind this photo editing may lie what alien theorists have suspected all along.

167

00:13:53,800 --> 00:13:58,760

Proof of structures or alien craft, hidden on the moon.

168

00:13:58,760 --> 00:14:04,320

Well this object that was blacked out on the Tycho Crater is the size of a football field

169

00:14:04,320 --> 00:14:12,280

and it could be anything, a base of some kind that basically is being currently occupied

170

00:14:12,280 --> 00:14:18,000

by aliens or some entity that NASA doesn't want the public to know.

171

00:14:18,000 --> 00:14:22,240

If we look at some of the reports that actually have taken place where when we've gone to

172

00:14:22,240 --> 00:14:28,320

the moon, sent our astronauts there, they report seeing a full-on extraterrestrial base.

173

00:14:28,320 --> 00:14:32,920

It's possible that what we photographed on the moon in entirety was never shown to the

174

00:14:32,920 --> 00:14:35,200

general public.

175

00:14:35,200 --> 00:14:40,040

Apollo 16, April 21, 1972.

176

00:14:40,040 --> 00:14:46,360

This image shows astronaut John Young saluting the American flag by the lunar roving vehicle.

177

00:14:46,360 --> 00:14:51,440

But what it doesn't show becomes more clear by adjusting the exposure.

178

00:14:51,440 --> 00:14:59,440

There's a very famous photograph of astronaut John Young and he's saluting over his shoulder

179

00:14:59,440 --> 00:15:01,000

all the way in the distance.

180

00:15:01,000 --> 00:15:02,640

There's a hanging light.

181

00:15:02,640 --> 00:15:04,480

Is it a UFO?

182

00:15:04,480 --> 00:15:06,200

Is it an orb?

183

00:15:06,200 --> 00:15:09,800

Is it actual proof of an extraterrestrial presence?

184

00:15:09,800 --> 00:15:16,160

On the right of John Young, on the right of the photo, there are razor marks.

185

00:15:16,160 --> 00:15:23,440

The razor marks are the telltale results of somebody trying to scratch out something from

186

00:15:23,440 --> 00:15:24,440

the photo.

187

00:15:24,440 --> 00:15:32,160

In this particular case, some NASA photo processor was trying to dock the photo with a razor

188

00:15:32,160 --> 00:15:37,560

to scratch out evidence of an alien presence on the moon.

189

00:15:37,560 --> 00:15:43,280

Dr. Farouk El-Baz was head of astronaut training in the Apollo program for six years.

190

00:15:43,280 --> 00:15:48,480

While in mission control, he witnessed some of these unusual sightings firsthand.

191

00:15:49,440 --> 00:15:55,560

The one most peculiar sighting of something that we never found out what it was and we

192

00:15:55,560 --> 00:16:03,840

thought it should be easy to, was the sighting of flashes on the surface of the moon by kinematically

193

00:16:03,840 --> 00:16:06,440

during the Apollo 16 mission.

194

00:16:06,440 --> 00:16:12,680

One of the objectives of that Apollo 16 mission was to see how much can we see and photograph

195

00:16:12,680 --> 00:16:16,120

in the part of the moon that is not lit by the sun.

196

00:16:16,120 --> 00:16:20,960

The first time kinematically began to do this, he said, I just saw a flash.

197

00:16:20,960 --> 00:16:26,520

El-Baz is saying that the Apollo astronauts saw more than we understand and that we are

198

00:16:26,520 --> 00:16:30,200

led to believe that there really were UFOs out there or flashes of lights.

199

00:16:30,200 --> 00:16:33,720

I think somebody in his position would know more than anybody and I think we have to pay

200

00:16:33,720 --> 00:16:34,920

attention to that.

201

00:16:34,920 --> 00:16:41,480

But the deepest secrets of an alien cover-up may not come from NASA insiders.

202

00:16:41,480 --> 00:16:47,240

Recently, one man allegedly broke into the computer files of NASA to uncover what could

203

00:16:47,240 --> 00:16:50,280

be the most shocking discoveries yet.

204

00:16:50,280 --> 00:16:52,680

His name is Gary McKinnon.

205

00:16:52,680 --> 00:16:57,400

Gary McKinnon was a UFO investigator.

206

00:16:57,400 --> 00:17:06,080

What found in the NASA classified files was evidence that NASA knew about UFOs.

207

00:17:06,080 --> 00:17:10,280

The files he allegedly uncovered are enough for the US government to attempt extradition

208

00:17:10,280 --> 00:17:11,880

from his native England.

209

00:17:11,880 --> 00:17:17,680

He currently could face charges leading up to 70 years in prison and \$2 million in fines.

210

00:17:17,680 --> 00:17:23,040

If McKinnon could really prove his story, it would be huge for the UFO community because

211

00:17:23,040 --> 00:17:29,280

finally that proof and evidence would be there that NASA is part of that cover-up.

212

00:17:29,280 --> 00:17:34,720

Coming up next, we reveal the document that could prove that alien life not only exists

213

00:17:34,720 --> 00:17:38,760

on the moon, but that aliens are among us now.

214

00:17:38,760 --> 00:17:50,200

This is Unsealed Alien Files, exposing the biggest secret on planet Earth.

215

00:17:50,200 --> 00:17:55,160

Alleged computer hacker Gary McKinnon claims he has seen proof that may expose the biggest

216

00:17:55,160 --> 00:17:57,240

cover-up in NASA's history.

217

00:17:57,240 --> 00:18:01,960

A simple list of military officers with an incredible story.

218

00:18:01,960 --> 00:18:05,820

When McKinnon came public about what he found, he talked about a document that he saw on

219

00:18:05,820 --> 00:18:09,740

NASA computers called non-terrestrial officers.

220

00:18:09,740 --> 00:18:15,060

If true, this document may not only be evidence of alien life on the moon, but of extraterrestrials

221

00:18:15,060 --> 00:18:16,660

working within NASA itself.

222

00:18:16,660 --> 00:18:26,540

No matter which way it went, it meant that NASA not only knew about an ET presence, but

223

00:18:26,540 --> 00:18:31,260

that it was dealing with an ET presence on a regular basis.

224

00:18:31,260 --> 00:18:36,220

If NASA has hidden the existence of aliens on the lunar surface, only those who have

225

00:18:36,220 --> 00:18:39,740

seen their secret files know the truth.

226

00:18:39,740 --> 00:18:46,140

But the next time you look up at the moon, ask yourself, could someone or something be

227

00:18:46,140 --> 00:18:50,100

looking back down at you?

228

00:18:50,100 --> 00:18:59,660

This is Unsealed Alien Files, exposing the biggest secret on planet Earth.
