

1

00:00:00,000 --> 00:00:08,520

From the bubonic plague in the 14th century to deadly modern day afflictions, our species

2

00:00:08,520 --> 00:00:15,360

has been infected with diseases that don't seem to be of earthly origins.

3

00:00:15,360 --> 00:00:18,280

Are they the product of an alien race?

4

00:00:18,280 --> 00:00:22,920

They suddenly appear in a population and they seem to take it over.

5

00:00:22,920 --> 00:00:28,520

Countless experiences dating back thousands of years link the appearance of UFOs with

6

00:00:28,520 --> 00:00:32,520

the darkest times in human history.

7

00:00:32,520 --> 00:00:35,840

Do these viruses appear naturally on our planet?

8

00:00:35,840 --> 00:00:41,680

Or are they the result of a secret and sinister alien agenda?

9

00:00:41,680 --> 00:00:45,520

Tonight we find out.

10

00:00:45,520 --> 00:00:54,800

Join us as the terrifying secret behind alien plagues is unsealed.

11

00:00:54,800 --> 00:00:57,320

A global effort has begun.

12

00:00:57,320 --> 00:01:03,480

Secret files hidden from the public for decades detailing every UFO account are now available

13

00:01:03,480 --> 00:01:04,480

to the public.

14

00:01:04,480 --> 00:01:09,880

We are about to uncover the truth behind these classified documents.

15

00:01:09,880 --> 00:01:13,720

Find out what the government doesn't want you to know.

16

00:01:13,720 --> 00:01:14,800

Unsealed.

17

00:01:14,800 --> 00:01:16,880

Alien files.

18

00:01:16,880 --> 00:01:21,040

Exposing the biggest secret on planet earth.

19

00:01:21,040 --> 00:01:23,880

June 2012.

20

00:01:24,240 --> 00:01:29,840

Residents in southern Brazil and northern Argentina report sightings of an unusual group

21

00:01:29,840 --> 00:01:32,640

of globe shaped UFOs.

22

00:01:32,640 --> 00:01:37,440

A UFO was seen hovering over the ocean in both daytime and nighttime.

23

00:01:37,440 --> 00:01:41,160

What was very interesting about this was the object really didn't seem to do anything,

24

00:01:41,160 --> 00:01:43,960

it just kind of hovered over the ocean.

25

00:01:43,960 --> 00:01:50,320

Three weeks later, only one mile from the location of the sighted craft, Brazilian citizens stumble

26

00:01:50,320 --> 00:01:53,840

upon a horrifying scene.

27

00:01:53,920 --> 00:02:00,080

More than 500 penguins, dead and scattered along the shoreline.

28

00:02:00,080 --> 00:02:04,400

There have been cases of mass animal deaths throughout planet earth, but what's very

29

00:02:04,400 --> 00:02:08,800

interesting about the penguins washing up ashore was that it was very closely connected

30

00:02:08,800 --> 00:02:12,360

to UFO sightings that happened just weeks prior.

31

00:02:12,360 --> 00:02:16,160

They didn't look like they died of starvation, they didn't look like they died of trauma,

32

00:02:16,160 --> 00:02:18,240

they didn't look like they died of dehydration.

33

00:02:18,240 --> 00:02:23,120

So the question you have to ask is was there any correlation between the two events?

34

00:02:23,120 --> 00:02:27,880

Every year, strange incidents are reported involving the sudden and unexplained deaths

35

00:02:27,880 --> 00:02:31,640

of hundreds, even thousands of animals.

36

00:02:31,640 --> 00:02:34,560

Could these stories be connected to alien visitation?

37

00:02:34,560 --> 00:02:40,120

This is what's happened with birds in the United States and this is what happened with

38

00:02:40,120 --> 00:02:45,880

penguins of Brazil and Argentina right after the UFO sightings.

39

00:02:45,880 --> 00:02:52,320

Could the deaths be caused by extraterrestrial craft spreading plagues to our world?

40

00:02:52,320 --> 00:02:58,120

And if these alien plagues exist, could they affect the human race?

41

00:02:58,120 --> 00:03:02,320

Many of the diseases that come out of the Dark Ages also have some very mysterious characters

42

00:03:02,320 --> 00:03:04,200

attached to these events.

43

00:03:04,200 --> 00:03:09,800

Were these actual just earthbound viruses or were they possibly some other experiment

44

00:03:09,800 --> 00:03:14,920

or biological DNA that arrived here whole and complete as a virus?

45

00:03:14,920 --> 00:03:19,720

Could the first evidence of an alien plague date all the way back to the Middle Ages?

46

00:03:19,720 --> 00:03:27,320

In England, 1348, the hundred years' war between France and England, and Gulf the nation.

47

00:03:27,320 --> 00:03:32,440

Suddenly, all across the Mediterranean and European countries, a rampant disease tore

48

00:03:32,440 --> 00:03:33,960

through the population.

49

00:03:33,960 --> 00:03:37,640

It becomes known as the Bubonic Plague.

50

00:03:37,640 --> 00:03:41,760

The Bubonic Plague was one of the deadliest eras in human history.

51

00:03:41,760 --> 00:03:47,280

It's estimated that a hundred million people fell victim and later died.

52

00:03:47,280 --> 00:03:51,640

Death is quick, within two to seven days of infection.

53

00:03:51,640 --> 00:03:58,040

But in that time, victims experience agonizing pain, including death of skin tissue, earning

54

00:03:58,040 --> 00:04:01,720

it the name the Black Death.

55

00:04:01,720 --> 00:04:08,880

Prior to death, victims claim to see bronze ships in the sky, glowing gold shields, and

56

00:04:08,880 --> 00:04:11,840

strange mists covering the ground.

57

00:04:11,840 --> 00:04:16,360

You have to ask yourself that people are having these mass hallucinations of bronze ships

58

00:04:16,440 --> 00:04:17,440

in the sky.

59

00:04:17,440 --> 00:04:22,400

You have to ask, were they seeing hallucination or could it have really been a UFO craft?

60

00:04:22,400 --> 00:04:27,160

Many witnesses during the era of the Bubonic Plague saw multiple comets in the skies over

61

00:04:27,160 --> 00:04:30,720

Europe in areas that fell victim to this deadly disease.

62

00:04:30,720 --> 00:04:35,880

It is very possible that this disease came on board one of those comets from deep space

63

00:04:35,880 --> 00:04:39,480

and never even was born here on Earth.

64

00:04:39,480 --> 00:04:44,640

Shortly before the Bubonic Plague ever hit certain parts of Europe, towns people also

65

00:04:44,720 --> 00:04:50,640

see black hooded men carrying sickles just outside of town.

66

00:04:50,640 --> 00:04:53,720

But they are not tending to the fields.

67

00:04:53,720 --> 00:04:58,080

This image may be the origin of what we know as the Grim Reaper.

68

00:04:58,080 --> 00:05:03,680

But many alien theorists have wondered, could this be the first recorded history of the

69

00:05:03,680 --> 00:05:05,440

men in black?

70

00:05:05,440 --> 00:05:10,160

Many believe the Bubonic Plague was just a dark era of human history that hit us hard

71

00:05:10,160 --> 00:05:12,440

with a disease that we couldn't fight.

72

00:05:12,440 --> 00:05:17,160

But there's others that believe there's a much more darker explanation, that it's possible

73

00:05:17,160 --> 00:05:21,520

that an extraterrestrial race could have brought the disease here to Earth.

74

00:05:21,520 --> 00:05:28,520

If the disease was intentionally sent to humans by an alien race, there's one word for that.

75

00:05:28,520 --> 00:05:30,040

Genocide.

76

00:05:30,040 --> 00:05:35,640

Coming up next, are we under a biological attack from the stars or simply the victims

77

00:05:35,640 --> 00:05:38,280

of an experiment gone wrong?

78

00:05:38,280 --> 00:05:42,960

Few evidence shows how the next alien plague may reach Earth.

79

00:05:42,960 --> 00:05:45,960

But is it already too late?

80

00:05:45,960 --> 00:05:52,960

This is Unsealed Alien Files, exposing the biggest secret on planet Earth.

81

00:05:54,960 --> 00:05:59,200

Welcome back to Unsealed Alien Files.

82

00:05:59,200 --> 00:06:06,200

For thousands of years, plagues have haunted mankind, exterminating millions of people.

83

00:06:07,000 --> 00:06:10,560

It was once thought that these diseases were natural.

84

00:06:10,560 --> 00:06:15,640

But could they be the creation of an extraterrestrial race?

85

00:06:15,640 --> 00:06:20,920

What if these were engineered diseases to somehow control the population here on Earth

86

00:06:20,920 --> 00:06:26,920

by introducing these as something that would be able to reduce the population very quickly?

87

00:06:27,840 --> 00:06:33,360

Would an intelligent and civilized species travel to their neighbor's world just to secretly

88

00:06:33,360 --> 00:06:36,120

murder them with disease?

89

00:06:36,160 --> 00:06:42,160

If it sounds too horrible to believe, look back at our own history.

90

00:06:42,160 --> 00:06:48,160

In 1763, soldiers from Fort Pitt gave a rebelling Indian tribe a stack of blankets that had

91

00:06:48,160 --> 00:06:51,160

been infected with the smallpox disease.

92

00:06:51,160 --> 00:06:55,400

This was an incredibly fatal scenario for the Native Americans because it nearly wiped

93

00:06:55,400 --> 00:06:56,400

them all out.

94

00:06:56,400 --> 00:07:01,400

So, if one civilization wants to destroy another, one of the easiest ways would be just to introduce

95

00:07:01,400 --> 00:07:04,840

a new disease that they can't combat.

96

00:07:04,840 --> 00:07:09,120

Countless deaths originating from a simple blanket.

97

00:07:09,120 --> 00:07:15,000

If aliens are sending plagues to mankind, what forms could they arrive in?

98

00:07:15,000 --> 00:07:16,640

Our food supply?

99

00:07:16,640 --> 00:07:18,840

The air we breathe?

100

00:07:18,840 --> 00:07:22,840

What about our weather?

101

00:07:22,840 --> 00:07:28,080

Unsealed case file, the Alien Rain.

102

00:07:28,080 --> 00:07:31,840

Kerala, India, June 2001.

103

00:07:31,840 --> 00:07:37,760

It's an unusually dry monsoon season when this tropical paradise experiences a sudden

104

00:07:37,760 --> 00:07:40,640

and terrifying change of weather.

105

00:07:40,640 --> 00:07:46,840

The sky opens up and rain pours down upon the land and people of Kerala.

106

00:07:46,840 --> 00:07:49,840

Blood, red, rain.

107

00:07:49,840 --> 00:07:55,200

The people who lived, that population, had never seen red rain.

108

00:07:55,200 --> 00:07:57,680

And obviously they were scared to death.

109

00:07:57,680 --> 00:07:58,840

They didn't know what it was.

110

00:07:58,840 --> 00:07:59,840

They couldn't figure it out.

111

00:07:59,840 --> 00:08:02,480

All they knew was that was very wrong.

112

00:08:02,480 --> 00:08:09,280

As scientists scramble to explain this crimson storm, an incredible discovery is made.

113

00:08:09,280 --> 00:08:15,440

Modern scientists were collecting the pools of red rain and they analyzed it.

114

00:08:15,440 --> 00:08:16,440

What was it?

115

00:08:16,440 --> 00:08:18,440

What was causing the color of the rain?

116

00:08:18,440 --> 00:08:25,800

What they found was a protein substance, the residue of a life form, of some kind of

117

00:08:25,800 --> 00:08:33,080

bacterial-like life form in the water that was causing it to turn red.

118

00:08:33,080 --> 00:08:38,400

Scientists also reveal an unexpected conclusion behind its origin.

119

00:08:38,400 --> 00:08:44,760

They report that the red particles may have been spread through the atmosphere by a meteorite.

120

00:08:44,760 --> 00:08:50,440

In other words, it was otherworld extra terrestrial.

121

00:08:50,440 --> 00:08:57,400

In the case of the red rain, no one fell sick because of what fell off of this meteorite

122

00:08:57,400 --> 00:08:59,840

or the red rain that followed.

123

00:08:59,840 --> 00:09:04,600

But it does illustrate the possibility of a foreign object falling from space and then

124

00:09:04,600 --> 00:09:09,600

infecting our population and us not being able to deal with it.

125

00:09:09,600 --> 00:09:12,240

And that's a little concerning.

126

00:09:12,240 --> 00:09:19,240

Satellites have photographed UFOs on planets as close as Mars and as far as Saturn.

127

00:09:19,240 --> 00:09:24,480

Would extraterrestrials be sending rocks from these planets as meteorites, filled with

128

00:09:24,480 --> 00:09:34,680

a viral payload, and what happens when they collide with Earth?

129

00:09:34,680 --> 00:09:40,680

September 15, 2007, the village of Carancas in southern Peru.

130

00:09:40,680 --> 00:09:48,440

A huge fireball streaks across the sky and slams into planet Earth.

131

00:09:48,440 --> 00:09:51,920

The red particles, shocked by the blast, are terrified.

132

00:09:51,920 --> 00:09:58,320

The result is a 100-foot-wide by 20-foot-deep impact crater with a bubbling pool of liquid

133

00:09:58,320 --> 00:10:00,200

at the bottom.

134

00:10:00,200 --> 00:10:05,680

Local residents quickly report strange and frightening side effects.

135

00:10:05,680 --> 00:10:14,400

When it crashed, it threw up a whole bunch of noxious gas that's threatening rapidly.

136

00:10:14,400 --> 00:10:21,800

And in the immediate time frame of that crash, people living near the site became very, very

137

00:10:21,800 --> 00:10:22,800

sick.

138

00:10:22,800 --> 00:10:26,560

They were clearly poisoned by something.

139

00:10:26,560 --> 00:10:30,560

An estimated 600 people are affected by the sickness.

140

00:10:30,560 --> 00:10:36,760

Fear spreads throughout the city that an alien virus is becoming a pandemic.

141

00:10:36,760 --> 00:10:42,440

But reportedly, investigators cannot determine the specific cause.

142

00:10:42,560 --> 00:10:46,040

I think it's safe to say there's probably a connection between the meteorite and this

143

00:10:46,040 --> 00:10:50,600

mysterious illness, because let's face it, the day prior, no meteorite, no illness.

144

00:10:50,600 --> 00:10:53,920

The day after, meteorite, and now you have a mysterious illness.

145

00:10:53,920 --> 00:10:59,280

So chances are, whatever that illness was, it came on that meteorite.

146

00:10:59,280 --> 00:11:04,760

Are these cosmic projectiles actually bio-weapons of mass destruction?

147

00:11:04,760 --> 00:11:09,760

And if so, could this be a declaration of intergalactic war?

148

00:11:10,760 --> 00:11:14,760

If you're going to wipe out another civilization, generally bombs and guns shouldn't be your

149

00:11:14,760 --> 00:11:20,040

first choice, because quite frankly, you're going to put your own people in harm's way.

150

00:11:20,040 --> 00:11:24,600

The real way to do it would be with a virus or disease, because let's face it, you can

151

00:11:24,600 --> 00:11:30,040

fight and win a war without ever losing a single life.

152

00:11:30,040 --> 00:11:37,560

Coming up next, vicious diseases that refuse to die and mysterious bugs under our skin.

153

00:11:37,560 --> 00:11:44,720

We explore the possible alien plagues of today and find out if you could be at risk when

154

00:11:44,720 --> 00:11:46,240

we return.

155

00:11:46,240 --> 00:11:55,000

This is Unsealed Alien Files, exposing the biggest secret on planet Earth.

156

00:11:55,000 --> 00:11:59,600

Welcome back to Unsealed Alien Files.

157

00:11:59,600 --> 00:12:04,720

Alien theorists believe there is evidence proving extraterrestrials are not only capable of

158

00:12:04,720 --> 00:12:10,880

spreading disease on Earth, but that it's been happening for thousands of years.

159

00:12:10,880 --> 00:12:14,480

But is it too late for the human race?

160

00:12:14,480 --> 00:12:19,480

Humans have successfully battled every plague that either mother nature or someone or something

161

00:12:19,480 --> 00:12:21,520

else has thrown at us.

162

00:12:21,520 --> 00:12:28,040

But there could be one day that the next plague that hits us, we can't fight off.

163

00:12:28,040 --> 00:12:34,040

Some of mankind's ancient killers, such as Bubonic Plague, are historically linked to

164

00:12:34,040 --> 00:12:36,480

alien sightings.

165

00:12:36,480 --> 00:12:39,480

Did we overcome this great affliction?

166

00:12:39,480 --> 00:12:47,720

Or as UFO encounters have increased in the past 50 years, could it be making a comeback?

167

00:12:47,720 --> 00:12:51,720

Many believe that the Bubonic Plague threat is over, but there are reported cases even

168

00:12:51,720 --> 00:12:56,760

up until this day and the last full-scale outbreak occurred just a couple of decades

169

00:12:56,760 --> 00:12:57,960

ago.

170

00:12:57,960 --> 00:13:03,920

This virus, once thought to be gone forever, simply refuses to die.

171

00:13:03,920 --> 00:13:10,720

If aliens are fighting humanity with disease, how long until they find the ultimate weapon,

172

00:13:10,720 --> 00:13:14,080

one that cannot be stopped?

173

00:13:14,080 --> 00:13:21,640

H1N1 SARS, even poliomyelitis and AIDS, have strange origins.

174

00:13:21,640 --> 00:13:25,880

They suddenly appear in a population and they seem to take it over.

175

00:13:25,880 --> 00:13:34,280

Could the most alien affliction to ever infect mankind already be among us?

176

00:13:34,280 --> 00:13:38,800

Unsealed Case File, the Morgellans Infestation.

177

00:13:38,800 --> 00:13:47,080

In 2002, there was a woman who had a son who was complaining about bugs in his mouth.

178

00:13:47,080 --> 00:13:49,960

She opened his mouth and there were sores.

179

00:13:49,960 --> 00:13:56,000

The mother reports red, blue, black and white fibers within the sores.

180

00:13:56,000 --> 00:14:01,960

According to the victim, she visited eight doctors, all of whom were unable to find any

181

00:14:01,960 --> 00:14:05,040

signs of earthly disease.

182

00:14:05,040 --> 00:14:10,480

They dismissed Morgellans as an actual disease or a virus harming the human body.

183

00:14:10,480 --> 00:14:16,200

Well, there's been multiple cases from around the globe of Morgellans that cannot be explained.

184

00:14:16,200 --> 00:14:17,600

The symptoms are real.

185

00:14:17,600 --> 00:14:18,920

The victims are real.

186

00:14:18,920 --> 00:14:23,920

They have something inside their body that they can't explain, but to them it's real.

187

00:14:23,920 --> 00:14:28,720

The affliction becomes known as Morgellans.

188

00:14:28,720 --> 00:14:34,400

Sufferers describe small fibers protruding from their skin, causing piercing pain.

189

00:14:34,400 --> 00:14:37,760

The threads are multicolor, often black, red, blue.

190

00:14:37,760 --> 00:14:40,040

They express out of the sores.

191

00:14:40,040 --> 00:14:45,800

When you examine the threads at a microscopic level, they almost seem to be engineered.

192

00:14:45,800 --> 00:14:51,440

But worst of all, they experience the feeling that bugs have infested their bodies, crawling

193

00:14:51,440 --> 00:14:54,680

on and inside their skin.

194

00:14:54,680 --> 00:15:02,080

Since 2002, Morgellans has become a phenomenon with a recorded 12,000 alleged cases over

195

00:15:02,080 --> 00:15:04,520

eight years.

196

00:15:04,520 --> 00:15:11,360

Could it be, as alien theorists believe, that Morgellans has come to the earth from an alien

197

00:15:11,360 --> 00:15:12,360

race?

198

00:15:12,480 --> 00:15:17,800

Imagine feeling things crawling through or under your skin, even out of your body.

199

00:15:17,800 --> 00:15:21,040

To you, that's something that has to be alien.

200

00:15:21,040 --> 00:15:26,920

If this disease is a plague from another world, it has never proven to be fatal.

201

00:15:26,920 --> 00:15:32,480

But could a modern alien disease have the power to kill?

202

00:15:32,480 --> 00:15:36,680

We really have no idea where these unexplained diseases come from.

203

00:15:36,680 --> 00:15:42,240

But all it needs to wipe humanity out for good is for it to progress faster than we

204

00:15:42,240 --> 00:15:44,080

can fight it.

205

00:15:44,080 --> 00:15:49,360

According to scientists, a highly contagious disease could travel from one major city to

206

00:15:49,360 --> 00:15:51,840

another within a week.

207

00:15:51,840 --> 00:15:58,320

From there, it could spread quickly through the country and eventually the world.

208

00:15:58,320 --> 00:16:02,640

I think if extraterrestrials came to earth with the intention of making some type of

209

00:16:02,640 --> 00:16:07,640

disease and letting it loosen our population, there really could be a number of scenarios

210

00:16:07,640 --> 00:16:08,640

why.

211

00:16:08,640 --> 00:16:14,160

What if these were some type of, again, biological bacteria from extraterrestrials that were

212

00:16:14,160 --> 00:16:18,800

just accidentally transmuted around being in contact with them?

213

00:16:18,800 --> 00:16:24,240

Could it be that alien plagues have simply been viruses passed on to victims of alien

214

00:16:24,240 --> 00:16:25,240

abduction?

215

00:16:25,240 --> 00:16:29,760

If aliens are visiting the planet earth, chances are they're going to be biologically

216

00:16:29,760 --> 00:16:32,320

based just like humans are.

217

00:16:32,320 --> 00:16:37,720

That means viruses and bacteria are going to affect that living life form in the exact

218

00:16:37,720 --> 00:16:38,920

same way.

219

00:16:38,920 --> 00:16:46,360

An alien can bring some type of virus to earth and transmit it to us with absolutely no problem.

220

00:16:46,360 --> 00:16:50,480

Throughout history, viral outbreaks have been the product of human error.

221

00:16:50,480 --> 00:16:55,440

From the Madcow epidemic, to the alleged escape of Lyme disease from New York's Plum

222

00:16:55,440 --> 00:17:02,760

Island, could an extraterrestrial virus leak from alien laboratories by accident?

223

00:17:02,760 --> 00:17:23,920

But many believe there is evidence that extraterrestrial plagues are part of a much more complex

224

00:17:23,920 --> 00:17:25,240

plan.

225

00:17:25,240 --> 00:17:32,320

One that reveals we are all subjects in human experimentation.

226

00:17:32,320 --> 00:17:39,320

Coming up next, the truth behind alien plagues on planet earth is revealed, exposing an alien

227

00:17:39,320 --> 00:17:44,440

plot that will change the very genetics of the human race.

228

00:17:44,440 --> 00:17:46,960

This is Unsealed.

229

00:17:46,960 --> 00:17:48,600

Alien Files.

230

00:17:48,600 --> 00:17:54,360

Exposing the biggest secret on planet earth.

231

00:17:54,360 --> 00:17:59,800

Are the diseases that plague the human race the product of alien intervention?

232

00:17:59,800 --> 00:18:06,520

From the bubonic plague to mysterious modern afflictions that crawl under our skin, mankind

233

00:18:06,520 --> 00:18:12,000

has never understood why aliens would poison us with disease.

234

00:18:12,000 --> 00:18:14,000

Until now.

235

00:18:14,000 --> 00:18:19,800

One theory might be that aliens are trying to hybridize the human species with their

236

00:18:19,800 --> 00:18:22,560

own because they're taking over planet earth.

237

00:18:22,560 --> 00:18:28,280

Are aliens seeking humans who are immune to these plagues in order to breed a biologically

238

00:18:28,280 --> 00:18:29,280

superior race?

239

00:18:29,280 --> 00:18:35,200

Demots by so many alien abductees have complained of diseases.

240

00:18:35,200 --> 00:18:40,960

If these theories are true, humanity may become an intergalactic race.

241

00:18:40,960 --> 00:18:44,880

That is, if we survive.

242

00:18:44,880 --> 00:18:52,240

Our only hope is that we are not one alien plague away from complete annihilation.

243

00:18:52,240 --> 00:18:54,720

This is Unsealed.

244

00:18:54,720 --> 00:18:56,400

Alien Files.

245

00:18:56,400 --> 00:18:58,200

Exposing the biggest secret on planet earth.
