

1

00:00:00,000 --> 00:00:05,000

What does the American government really know about UFOs?

2

00:00:05,000 --> 00:00:09,000

And how far will they go to hide the truth?

3

00:00:09,000 --> 00:00:16,000

In 1948, a fireball crashes to earth near Laredo, Texas, just south of the Mexican border.

4

00:00:16,000 --> 00:00:22,000

The American military launches a top secret mission into Mexico to recover it.

5

00:00:22,000 --> 00:00:29,000

They say it was an experimental aircraft, but many experts believe it was a UFO.

6

00:00:30,000 --> 00:00:36,000

What fell to earth in the desert and what is being kept from the public?

7

00:00:36,000 --> 00:00:45,000

Join us as we reveal the shocking secrets of the Laredo Crash on unsealed alien files.

8

00:00:45,000 --> 00:00:49,000

A global effort has begun.

9

00:00:49,000 --> 00:00:56,000

Secret files hidden from the public for decades detailing every UFO account are now available to the public.

10

00:00:56,000 --> 00:01:01,000

We are about to uncover the truth behind these classified documents.

11

00:01:01,000 --> 00:01:05,000

Find out what the government doesn't want you to know.

12

00:01:05,000 --> 00:01:12,000

Unsealed alien files, exposing the biggest secret on planet earth.

13

00:01:12,000 --> 00:01:19,000

The US-Mexico border stretches for nearly 2,000 miles, much of it across an empty desert landscape.

14

00:01:20,000 --> 00:01:26,000

It is the busiest frontier in the world, crossed over 300 million times annually.

15

00:01:26,000 --> 00:01:30,000

It's also notorious for UFO sightings.

16

00:01:30,000 --> 00:01:37,000

And on the American side, one town in particular, Laredo, Texas.

17

00:01:37,000 --> 00:01:45,000

In 2013, the Laredo Paranormal Research Society revealed a recent spike in UFO sightings.

18

00:01:45,000 --> 00:01:50,000

Oil workers spot a series of strange orange discs in the sky.

19

00:01:50,000 --> 00:01:53,000

A local rancher reports the same thing.

20

00:01:53,000 --> 00:02:00,000

Residents have captured photos with motion sensor cameras set off by lights hovering over their farms.

21

00:02:00,000 --> 00:02:07,000

Brightly lit objects, described as fleets of UFOs, have been witnessed in broad daylight.

22

00:02:07,000 --> 00:02:10,000

But what is behind these sightings?

23

00:02:10,000 --> 00:02:14,000

What brings UFOs to the border region?

24

00:02:14,000 --> 00:02:23,000

The answer may lie in a decades-old incident that allegedly sparked one of the biggest government cover-ups in US history.

25

00:02:24,000 --> 00:02:29,000

Unsealed case file, the Laredo Crash.

26

00:02:29,000 --> 00:02:33,000

Laredo, Texas, July 7th, 1948.

27

00:02:33,000 --> 00:02:39,000

A ball of fire bursts through the Earth's atmosphere at over 2,000 miles per hour.

28

00:02:39,000 --> 00:02:48,000

It streaks across the Texas sky, as two American military jets struggle to pursue what appears to be a meteor.

29

00:02:48,000 --> 00:02:56,000

American radar detects an unidentified flying object moving at a high speed toward the small town.

30

00:02:56,000 --> 00:03:03,000

But the UFO bypasses Laredo, crashing to Earth just south of the border.

31

00:03:03,000 --> 00:03:09,000

One of America's top military strategists is called in to investigate.

32

00:03:09,000 --> 00:03:15,000

US Secretary of State George Marshall immediately contacts the Mexican government on his own authority

33

00:03:15,000 --> 00:03:25,000

and obtains permission for a small force to cross the border and recover what he refers to as a special test vehicle that crash landed.

34

00:03:25,000 --> 00:03:32,000

It is unprecedented for a government to allow another country's military force to cross their border on a retrieval mission.

35

00:03:32,000 --> 00:03:35,000

Still, the Mexican authorities agree.

36

00:03:35,000 --> 00:03:43,000

Arriving at the crash site, the recovery team allegedly discovers an aircraft unlike anything seen before.

37

00:03:43,000 --> 00:03:52,000

A silver disc over 90 feet in diameter, made of what appears to be an unbendable metal foil.

38

00:03:52,000 --> 00:03:56,000

What is it and where did it come from?

39

00:03:57,000 --> 00:04:04,000

Just 600 miles north is the White Sands Proving Ground, a top secret aviation research facility.

40

00:04:04,000 --> 00:04:15,000

Three months before the Laredo crash, a group of scientists claimed to have witnessed a huge disc-shaped UFO making aggressive turns and moves above the base.

41

00:04:15,000 --> 00:04:21,000

The craft disappeared and no real explanation was given for the sighting.

42

00:04:22,000 --> 00:04:28,000

Could the crashed Laredo object be an experimental aircraft from the White Sands Proving Ground?

43

00:04:28,000 --> 00:04:31,000

Or is it of alien origin?

44

00:04:31,000 --> 00:04:35,000

George Marshall is no stranger to UFO incidents.

45

00:04:35,000 --> 00:04:40,000

He personally oversaw the handling of the biggest UFO event in American history.

46

00:04:40,000 --> 00:04:46,000

The Battle of Los Angeles, it was February 1942 at night.

47

00:04:46,000 --> 00:04:52,000

Suddenly, air raid sirens rang out over the Southern California coast.

48

00:04:52,000 --> 00:04:54,000

Searchlights went on.

49

00:04:54,000 --> 00:04:59,000

They saw a strange object captured in the searchlights with flak exploding all around it.

50

00:04:59,000 --> 00:05:01,000

What was it?

51

00:05:01,000 --> 00:05:04,000

What was this object that they were firing at?

52

00:05:04,000 --> 00:05:06,000

Was it a Japanese bomber?

53

00:05:06,000 --> 00:05:08,000

Was it a Japanese bomber?

54

00:05:08,000 --> 00:05:10,000

Or anti-aircraft batteries couldn't hit it?

55

00:05:10,000 --> 00:05:14,000

The UFO is reportedly seen by thousands of witnesses.

56

00:05:14,000 --> 00:05:19,000

George Marshall issues a denial of any UFO activity.

57

00:05:19,000 --> 00:05:25,000

But privately, Marshall sends a memo to Franklin D. Roosevelt that contains a shocking revelation.

58

00:05:26,000 --> 00:05:32,000

Regarding the air raid over Los Angeles, this headquarters has come to the determination

59

00:05:32,000 --> 00:05:37,000

that the craft bombarded by the military are in fact not earthly.

60

00:05:37,000 --> 00:05:43,000

And according to secret intelligence sources, they are in all probability of inter-planetary origin.

61

00:05:43,000 --> 00:05:47,000

The government explanation that it was simply a balloon or weather balloon,

62

00:05:47,000 --> 00:05:51,000

that blue, of course, simply makes no sense.

63

00:05:51,000 --> 00:05:56,000

After 60 years, we still have no explanation.

64

00:05:58,000 --> 00:06:05,000

Marshall knows the cross-border crash will be far more difficult to cover up than the wartime incident.

65

00:06:08,000 --> 00:06:15,000

1948. A strange craft falls to Earth just south of the Mexican border from Laredo, Texas.

66

00:06:15,000 --> 00:06:21,000

Secretary of State George Marshall receives permission from Mexican authorities to retrieve it.

67

00:06:21,000 --> 00:06:25,000

The recovery team begins to disassemble the object.

68

00:06:25,000 --> 00:06:31,000

Its metal seems almost unbreakable, even to the heat of a settling torches.

69

00:06:31,000 --> 00:06:37,000

The men are forced to use carbide and diamond drills and saws to breach the hull.

70

00:06:37,000 --> 00:06:41,000

What they find inside is shocking.

71

00:06:41,000 --> 00:06:46,000

The badly burned body of the UFO's pilot.

72

00:06:46,000 --> 00:06:50,000

Witnesses describe the body as alien in appearance.

73

00:06:50,000 --> 00:06:56,000

It's four and a half feet tall, with hands showing only four claw-like fingers.

74

00:06:56,000 --> 00:07:02,000

The shape and size of the head are humanoid, but definitely not human.

75

00:07:04,000 --> 00:07:08,000

Marshall acts quickly to prevent news of the discovery from spreading.

76

00:07:09,000 --> 00:07:14,000

For the select few that were actually connected to the wreckage, for those who saw it, they were quickly silenced.

77

00:07:14,000 --> 00:07:20,000

They were told to tell a completely different story, and then the rest was completely covered up.

78

00:07:20,000 --> 00:07:27,000

This is actually the third time Marshall has reportedly acted to conceal the presence of extraterrestrials.

79

00:07:27,000 --> 00:07:34,000

One year earlier, he coordinated the retrieval of one of the most controversial spacecraft ever to fall to Earth.

80

00:07:35,000 --> 00:07:37,000

Unsealed case file.

81

00:07:37,000 --> 00:07:39,000

The Roswell incident.

82

00:07:41,000 --> 00:07:45,000

Roswell, New Mexico, July 7th, 1947.

83

00:07:45,000 --> 00:07:50,000

A strange craft crashes near the small town in the American Southwest.

84

00:07:50,000 --> 00:07:57,000

Military from the Roswell base rushed to the scene, but civilian witnesses have already arrived.

85

00:07:58,000 --> 00:08:04,000

The wreckage is recovered, and what appear to be alien bodies are removed from the crash site.

86

00:08:04,000 --> 00:08:08,000

George Marshall takes command of the situation.

87

00:08:08,000 --> 00:08:15,000

Even though the story has leaked that a UFO has crashed, a cover story is put forth.

88

00:08:15,000 --> 00:08:20,000

Once again, his official statement is that it's nothing more than a weather balloon.

89

00:08:20,000 --> 00:08:23,000

But that isn't the only similarity.

90

00:08:24,000 --> 00:08:31,000

The size and shape of the burned being recovered from the Laredo crash is generally that of a monkey.

91

00:08:31,000 --> 00:08:43,000

After World War II, the burgeoning American space program was known to use rhesus monkeys as laboratory animals in experimental aircraft, often with fatal results.

92

00:08:44,000 --> 00:08:54,000

Just six days before the Laredo UFO crash, the White Sands Proving Ground launched a monkey in a V-2 rocket, the first primate in space.

93

00:08:54,000 --> 00:08:58,000

But this monkey was not the one found at Laredo.

94

00:08:58,000 --> 00:09:03,000

It had come down to Earth the same day, after six minutes and 39 miles.

95

00:09:03,000 --> 00:09:06,000

It had suffocated during the flight.

96

00:09:07,000 --> 00:09:14,000

NASA vigorously denies any connection between UFO reports and lab monkey experiments in space.

97

00:09:14,000 --> 00:09:21,000

But the photographer alleges that he had been present during the field autopsy of the chart being in 1948.

98

00:09:21,000 --> 00:09:26,000

And that autopsy confirms the body is not of this world.

99

00:09:27,000 --> 00:09:36,000

A year earlier in 1947, at least four extraterrestrial biological entities were retrieved from the Roswell crash site,

100

00:09:36,000 --> 00:09:42,000

fitting the same physiological profile as the Laredo alien.

101

00:09:42,000 --> 00:09:52,000

They will become known as the Graves, an alien race that will be linked to more reports of

terrifying abductions than any other.

102

00:09:53,000 --> 00:09:55,000

The situation is escalating.

103

00:09:55,000 --> 00:10:00,000

Two incidents involving the same species have occurred in less than a year.

104

00:10:00,000 --> 00:10:04,000

Is America facing an invasion by the Graves?

105

00:10:04,000 --> 00:10:08,000

And if so, what does the government intend to do about it?

106

00:10:11,000 --> 00:10:16,000

Marshall reportedly sets up a task force to investigate the rash of alien activity.

107

00:10:16,000 --> 00:10:23,000

This group will come to be known as Majestic 12, one of the most top secret groups in government history.

108

00:10:23,000 --> 00:10:30,000

The Majestic 12 are said to control all top secret UFO crashes and their recovery.

109

00:10:30,000 --> 00:10:38,000

At the time, their movements and research are ultra top secret, even beyond the control of the president.

110

00:10:38,000 --> 00:10:44,000

By the mid-1950s, experts claim they have been rear engineering alien technology,

111

00:10:44,000 --> 00:10:50,000

retrieved from such famous UFO crashes as Roswell and Laredo.

112

00:10:50,000 --> 00:10:59,000

But many ufologists believe Majestic 12's most chilling secret is that they have been communicating with aliens.

113

00:11:00,000 --> 00:11:05,000

Ten years later, Marshall has stepped down as secretary of defense.

114

00:11:05,000 --> 00:11:14,000

Dwight D. Eisenhower is now president and Majestic 12 has made contact with the alien Graves.

115

00:11:14,000 --> 00:11:23,000

A meeting is reportedly arranged between the Graves and President Eisenhower to discuss peace between worlds.

116

00:11:24,000 --> 00:11:29,000

Now, there was a meeting, supposedly, that took place in 1957 at Haldeman Air Force Base.

117

00:11:29,000 --> 00:11:36,000

And this was with the Graves. At that meeting, supposedly, there was some sort of treaty that was signed,

118

00:11:36,000 --> 00:11:43,000

whereby they could take some humans for abduction and experimentation, but they had to be returned safely.

119

00:11:43,000 --> 00:11:47,000

In exchange, the Graves would give us some technology.

120

00:11:47,000 --> 00:11:55,000

What did Eisenhower allegedly ask of the alien Graves he met? And what did they ask for in return?

121

00:11:56,000 --> 00:12:07,000

1948. A UFO crashes near Laredo, Texas, exactly one year after a similar incident at Roswell, New Mexico.

122

00:12:07,000 --> 00:12:15,000

According to witnesses, both incidents involve the same aggressive alien species, the Graves.

123

00:12:16,000 --> 00:12:25,000

The events reportedly bring President Dwight D. Eisenhower face to face with the Graves representatives for a summit at Holloman Air Force Base.

124

00:12:26,000 --> 00:12:34,000

Perorted witnesses to this event claimed that Eisenhower was actually asked there by the extraterrestrials in order to make some sort of deal.

125

00:12:34,000 --> 00:12:39,000

The meeting took place at the Holloman Air Force Base in New Mexico, where the treaty would be reached.

126

00:12:39,000 --> 00:12:48,000

One of the classic images is that of the Graves, with large heads and elongated almond-shaped eyes and slits for mouth and very thin.

127

00:12:48,000 --> 00:12:55,000

The story sounds bizarre at best, but there are three witnesses to this event.

128

00:12:55,000 --> 00:13:04,000

The resulting agreement may determine the fate of the human race. It is known as the Greata Treaty.

129

00:13:05,000 --> 00:13:11,000

Unsealed case file. The Greata Treaty.

130

00:13:11,000 --> 00:13:22,000

Experts believe this treaty gives the United States access to the Graves' advanced technology in return for the right to abduct and experiment on humans.

131

00:13:22,000 --> 00:13:25,000

With the condition, they are returned unharmed.

132

00:13:25,000 --> 00:13:32,000

It seems almost inconceivable that an American president would offer up his own people to an alien race.

133

00:13:33,000 --> 00:13:39,000

But possible proof of the Graves' existence will surface again in 1978.

134

00:13:40,000 --> 00:13:51,000

It comes in the form of a mysterious photograph that arrives at the office of a UFO investigator working for the Mutual Anomaly Research Center and Evaluation Network.

135

00:13:51,000 --> 00:13:59,000

In a letter, the photographer claims the photo is of the body of an extraterrestrial recovered at the Laredo crash site.

136

00:14:00,000 --> 00:14:10,000

The photographer provides details of the 1948 crash. He explains the recovery of the craft, the involvement of Secretary of State Marshall,

137

00:14:10,000 --> 00:14:17,000

and how he was forced to develop the photos the same night under armed guard at the White Sands Proving Ground.

138

00:14:17,000 --> 00:14:27,000

He also claims to have somehow smuggled out over 40 more negatives documenting the autopsy and retrieval of the craft at Laredo.

139

00:14:29,000 --> 00:14:34,000

Marsan sends the negatives for analysis by professional film experts.

140

00:14:34,000 --> 00:14:40,000

The image of a humanoid figure with a large head and small body is deemed real.

141

00:14:40,000 --> 00:14:45,000

This leads to its nickname, the Tomato Man.

142

00:14:45,000 --> 00:14:49,000

The photo sent to Marsan comes with a warning.

143

00:14:49,000 --> 00:14:56,000

Being in possession of the photo may bring the network on welcome attention from a top secret government organization.

144

00:14:57,000 --> 00:15:02,000

Could this shadowy organization be the ultra secret Majestic 12?

145

00:15:02,000 --> 00:15:07,000

And is anyone who threatens the alleged government cover-up in danger?

146

00:15:08,000 --> 00:15:11,000

And I assure you they weren't sending out press releases.

147

00:15:11,000 --> 00:15:16,000

It was classified above top secret, as they say.

148

00:15:16,000 --> 00:15:21,000

And if you were at that level and you decided you wanted to go to the New York Times,

149

00:15:21,000 --> 00:15:25,000

it was a good chance your car would never make out of the driveway or you either.

150

00:15:25,000 --> 00:15:28,000

So this serious stuff.

151

00:15:28,000 --> 00:15:33,000

Marsan launches its own investigation into the identity of the photographer,

152

00:15:33,000 --> 00:15:39,000

hoping to convince him to turn over the other 40 negatives of the crash site and autopsy.

153

00:15:39,000 --> 00:15:45,000

The investigation turns up several false names, addresses and post office boxes.

154

00:15:45,000 --> 00:15:50,000

Every possible lead brings the investigation to a dead end.

155

00:15:51,000 --> 00:15:56,000

A Marsan member published this statement about the mystery photographer.

156

00:15:56,000 --> 00:16:00,000

We know we are dealing with presumably a career military man,

157

00:16:00,000 --> 00:16:04,000

very fearful of some sort of prosecution for his transgressions in this affair,

158

00:16:04,000 --> 00:16:08,000

who is doing his best to remain anonymous.

159

00:16:08,000 --> 00:16:14,000

To this day, the identity of the Laredo photographer remains unknown.

160

00:16:14,000 --> 00:16:19,000

But what has become of Eisenhower's agreement with the Greys?

161

00:16:21,000 --> 00:16:25,000

Laredo, Texas, 1948.

162

00:16:25,000 --> 00:16:29,000

What appears to be an alien craft crashes to Earth.

163

00:16:29,000 --> 00:16:34,000

Photographs suggest the dead pilot was an alien gray.

164

00:16:34,000 --> 00:16:40,000

It's the same aggressive alien species found in the Roswell crash of 1947.

165

00:16:40,000 --> 00:16:47,000

And the same species with whom in 1957, President Eisenhower entered into the Greata Treaty.

166

00:16:47,000 --> 00:16:55,000

A deal that gave the US government advanced technology in return for allowing experiments on humans.

167

00:16:55,000 --> 00:16:59,000

But who's to say they kept their part of the bargain?

168

00:16:59,000 --> 00:17:04,000

They wanted to be able to experiment on human beings in the United States in exchange for technology.

169

00:17:04,000 --> 00:17:08,000

Well, it became sort of like this thing that got out of control or out of hand

170

00:17:08,000 --> 00:17:11,000

and they started abducting millions of people.

171

00:17:11,000 --> 00:17:16,000

In 2012, almost a million Americans disappeared without a trace.

172

00:17:16,000 --> 00:17:19,000

A staggering 2,300 per day.

173

00:17:19,000 --> 00:17:24,000

In Mexico, that number reached over 25,000.

174

00:17:24,000 --> 00:17:28,000

Most were never seen again.

175

00:17:28,000 --> 00:17:34,000

Were the events at Roswell and Laredo recon missions by the alien Greys?

176

00:17:34,000 --> 00:17:40,000

Experts believe that our secret military warehouses hold unknown numbers of alien bodies.

177

00:17:40,000 --> 00:17:45,000

From Roswell, Laredo and elsewhere.

178

00:17:45,000 --> 00:17:50,000

Could these mass abductions be a form of alien vengeance?

179

00:17:50,000 --> 00:17:57,000

A hundred disappeared humans in exchange for every one of them?

180

00:17:57,000 --> 00:18:06,000

And if so, is the human race now at the mercy of an alien master?

181

00:18:06,000 --> 00:18:14,000

This is Unsealed Alien Files, exposing the biggest secret on planet Earth.

182

00:18:15,000 --> 00:18:19,000

Unsealed Alien Files
