

1

00:00:00,000 --> 00:00:11,000

There are structures as old as time that continue to baffle historians and engineers the world

2

00:00:11,000 --> 00:00:12,560

over.

3

00:00:12,560 --> 00:00:18,440

How did ancient civilizations build Earth's most enduring architectural wonders?

4

00:00:18,440 --> 00:00:24,400

Advanced cultures in Sumeria and Egypt arose as if from nowhere to build massive pyramids

5

00:00:24,400 --> 00:00:30,240

and temples, an epic achievement, even with today's technology.

6

00:00:30,240 --> 00:00:33,720

A lot of people will ask the question how did they become that advanced?

7

00:00:33,720 --> 00:00:39,760

It was like they took a huge technological leap in regards to science and mathematics.

8

00:00:39,760 --> 00:00:44,280

So is that human ingenuity and human thought and they just happen to make those leaps and

9

00:00:44,280 --> 00:00:46,200

bounds by themselves?

10

00:00:46,200 --> 00:00:52,920

Or they wonder could they have received help from a higher power somewhere beyond Earth?

11

00:00:53,040 --> 00:00:59,120

We build these ancient megaliths ourselves or did aliens guide our hand?

12

00:00:59,120 --> 00:01:02,760

And if so, at what cost?

13

00:01:02,760 --> 00:01:08,920

From alien gods to the possible return of the original architects, join us as the alien

14

00:01:08,920 --> 00:01:16,680

roots of human civilization are investigated on Unsealed Alien Files.

15

00:01:16,680 --> 00:01:19,200

A global effort has begun.

16

00:01:19,200 --> 00:01:25,360

Alien files hidden from the public for decades, detailing every UFO account, are now available

17

00:01:25,360 --> 00:01:26,360

to the public.

18

00:01:26,360 --> 00:01:31,760

We are about to uncover the truth behind these classified documents.

19

00:01:31,760 --> 00:01:35,040

Find out what the government doesn't want you to know.

20

00:01:35,040 --> 00:01:42,000

Unsealed alien files, exposing the biggest secret on planet Earth.

21

00:01:42,000 --> 00:01:46,040

Tehran, Iran.

22

00:01:46,040 --> 00:01:50,080

September 19th, 1976.

23

00:01:50,080 --> 00:01:57,680

Dozens of terrified civilians witness a star-shaped orb nearly 300 feet in diameter.

24

00:01:57,680 --> 00:02:01,400

Two Iranian Air Force pilots chase the UFO.

25

00:02:01,400 --> 00:02:07,440

As they lock on target, the control panels in both aircraft suddenly go dead.

26

00:02:07,440 --> 00:02:13,280

The planes are still in the air, but are dangerously no longer under the pilot's control.

27

00:02:13,280 --> 00:02:17,120

This thing was seen on radar, it was seen visually, it behaved in very strange ways

28

00:02:17,120 --> 00:02:21,080

and seemed to have some sort of technology that could disarm our weapons system.

29

00:02:21,080 --> 00:02:25,760

The lead pilot actually went on to become a general in the Iranian Air Force.

30

00:02:25,760 --> 00:02:29,200

Obviously, his credibility was not challenged.

31

00:02:29,200 --> 00:02:35,240

As suddenly as their instruments went blank, control of their aircraft is returned.

32

00:02:35,240 --> 00:02:42,640

The Tehran UFO is a well-documented encounter, but it's far from the region's first.

33

00:02:42,640 --> 00:02:48,640

The area around modern-day Iran is part of ancient Mesopotamia and has long been referred

34

00:02:48,640 --> 00:02:52,120

to as the Cradle of Civilization.

35

00:02:52,120 --> 00:02:59,560

But many ancient experts believe it wasn't founded by humans.

36

00:02:59,560 --> 00:03:05,800

Ancient Sumerian art shows winged god-like beings appearing before humans, driving flaming

37

00:03:05,800 --> 00:03:11,240

chariots and riding giant discs in the sky.

38

00:03:11,240 --> 00:03:18,400

Do these beings represent mythical gods, ancient extraterrestrials, or both?

39

00:03:18,400 --> 00:03:20,520

4000 BC.

40

00:03:20,520 --> 00:03:25,680

After centuries of living as hunters and gatherers, the Sumerians suddenly make massive

41

00:03:25,680 --> 00:03:27,840

leaps forward.

42

00:03:27,840 --> 00:03:33,000

They develop the plow and irrigation, sparking the age of agriculture.

43

00:03:33,000 --> 00:03:39,040

They even develop an early form of astronomy and a written language.

44

00:03:39,160 --> 00:03:42,800

Did the ancient Sumerians achieve this on their own?

45

00:03:42,800 --> 00:03:45,680

Or did they have help?

46

00:03:45,680 --> 00:03:49,880

The answer may be on display in a Berlin museum.

47

00:03:49,880 --> 00:03:52,880

Unsealed case file.

48

00:03:52,880 --> 00:03:56,000

Cylinder VA-243.

49

00:03:56,000 --> 00:04:02,240

Cylinder VA-243 is housed in the Sumerian collection at the Pergamon Museum.

50

00:04:02,240 --> 00:04:08,040

Its uncanny inscriptions demonstrate an advanced knowledge of space, one that is considered

51

00:04:08,040 --> 00:04:12,480

impossible for an ancient culture to have possessed.

52

00:04:12,480 --> 00:04:20,800

It features a map of our galaxy and refers to a mysterious planet that lies beyond Neptune.

53

00:04:20,800 --> 00:04:26,720

Author and ufologist Zachariah Sitchin has put forward controversial claims that a planet

54

00:04:26,720 --> 00:04:33,960

called Niburu is home to the Sumerian sky gods called the Anunnaki.

55

00:04:33,960 --> 00:04:40,480

Sitchin believes the Anunnaki were extraterrestrials, a race of giants that came to mind Earth's

56

00:04:40,480 --> 00:04:43,360

gold deposits.

57

00:04:43,360 --> 00:04:48,480

We have seen depictions of these strange creatures on cave walls.

58

00:04:48,480 --> 00:04:50,640

We have seen them in hieroglyphics.

59

00:04:50,640 --> 00:04:53,800

We have seen them in Sumerian cuneiforms.

60

00:04:53,800 --> 00:04:59,080

They're humanoid creatures, just like us, except they're wearing strange kinds of spacesuits

61

00:04:59,080 --> 00:05:00,920

with rays coming out of them.

62

00:05:00,920 --> 00:05:06,880

They've been around for over 10,000 years and quite frankly they are a mystery because

63

00:05:06,880 --> 00:05:10,040

they pop up all over the world.

64

00:05:10,040 --> 00:05:18,320

But even more disturbing is the Sumerian stories of the gods creating the first humans.

65

00:05:18,320 --> 00:05:22,780

Ancient Sumerian accounts tell of the gods designing humans to relieve them of their

66

00:05:22,780 --> 00:05:24,720

daily work.

67

00:05:24,720 --> 00:05:33,120

Did the Anunnaki genetically engineer a human hybrid from their own genetic code?

68

00:05:33,120 --> 00:05:38,440

World famous astronomer Carl Sagan co-wrote in his book, Intelligent Life in the Universe,

69

00:05:38,440 --> 00:05:44,400

I feel that if Sumerian civilization is depicted by the descendants of the Sumerians themselves

70

00:05:44,400 --> 00:05:51,800

to be of non-human origin, the relevant legends should be examined carefully.

71

00:05:51,800 --> 00:05:58,280

Could the human race be genetic descendants of an ancient alien race and are aliens responsible

72

00:05:58,280 --> 00:06:04,040

for humanity's most remarkable achievements?

73

00:06:04,040 --> 00:06:09,320

Ancient artifacts have revealed that the Sumerians may have been visited by extraterrestrials

74

00:06:09,320 --> 00:06:13,240

offering advanced knowledge and technology.

75

00:06:13,240 --> 00:06:16,440

But this isn't the only evidence of ancient aliens.

76

00:06:16,440 --> 00:06:23,600

The presence may still be seen on a massive scale in one of the seven wonders of the world.

77

00:06:23,600 --> 00:06:29,080

The Great Pyramid of Giza is the most instantly recognizable structure on Earth.

78

00:06:29,080 --> 00:06:36,480

Its massive dimensions and precise design continue to amaze engineers even today.

79

00:06:36,480 --> 00:06:44,080

You have stone blocks of pure granite being hauled over 500 miles to the site of construction.

80

00:06:44,080 --> 00:06:50,000

And on top of that, you have to lift these insanely large blocks 240 feet.

81

00:06:50,000 --> 00:06:53,800

It points due north within five hundredths of a degree.

82

00:06:53,800 --> 00:06:56,720

No other structure on Earth has that kind of precision.

83

00:06:56,720 --> 00:07:02,360

The geometry of the pyramid of Giza would almost have been impossible to comprehend

84

00:07:02,360 --> 00:07:04,480

if you were standing at ground level.

85

00:07:04,480 --> 00:07:11,680

It seems as though whoever created the equations would have seen it from above.

86

00:07:11,680 --> 00:07:14,720

Would ancient aliens help build the Great Pyramid?

87

00:07:14,720 --> 00:07:21,080

Some experts believe its unique geometry links our world to the farthest reaches of the galaxy.

88

00:07:21,080 --> 00:07:23,880

Unsealed case file.

89

00:07:23,880 --> 00:07:27,560

The Orion Correlation

90

00:07:27,560 --> 00:07:33,680

The ancient Egyptians called the pyramids ekeh, meaning glorious light, and referred to them

91

00:07:33,680 --> 00:07:37,200

as Earth-bound stars.

92

00:07:37,200 --> 00:07:44,160

But in the 1980s, a researcher named Robert Boval made an astonishing discovery.

93

00:07:44,160 --> 00:07:49,360

Seen from above, the three major pyramids at Giza bear an uncanny resemblance to the

94

00:07:49,360 --> 00:07:55,640

position of the three stars that formed the Belt of Orion, a constellation the Egyptians

95

00:07:55,640 --> 00:07:56,640

worshipped.

96

00:07:56,640 --> 00:08:03,080

The two larger pyramids were built in a straight line and positioned closely together while

97

00:08:03,080 --> 00:08:07,520

the smaller of the three was set slightly apart.

98

00:08:07,520 --> 00:08:13,720

Boval has said, there is much that suggests a deliberate intention to represent Orion's

99

00:08:13,720 --> 00:08:17,920

Belt at Giza.

100

00:08:17,920 --> 00:08:22,200

At the time of the pyramid's construction, its four sides were covered with a highly

101

00:08:22,200 --> 00:08:24,600

reflective limestone.

102

00:08:24,600 --> 00:08:29,440

When hit by the rays of the sun, they would have shown bright enough to be seen from outer

103

00:08:29,440 --> 00:08:30,440

space.

104

00:08:31,120 --> 00:08:36,440

It's alleged that the Egyptians learned this technology from the Anunnaki, the same race

105

00:08:36,440 --> 00:08:39,120

that guided the Sumerians.

106

00:08:39,120 --> 00:08:43,360

Are the pyramids at Giza a galactic beacon for the Anunnaki?

107

00:08:43,360 --> 00:08:46,800

Were they created as an astronomical signpost?

108

00:08:46,800 --> 00:08:50,840

And if so, why?

109

00:08:50,840 --> 00:08:56,960

The size of the megaliths in Sumer and Egypt point to highly advanced engineering methods

110

00:08:57,000 --> 00:09:03,320

and the use of high tech equipment to move, cut and position the finished blocks.

111

00:09:03,320 --> 00:09:09,640

This mysterious craftsmanship is evident all over the world.

112

00:09:09,640 --> 00:09:13,920

Wiltshire, England Many experts believe the massive pillars

113

00:09:13,920 --> 00:09:20,200

of Stonehenge were built in the same time period as the pyramids at Giza.

114

00:09:20,200 --> 00:09:25,880

Evidence suggests that Stonehenge was constructed as an ancient observatory, built in perfect

115

00:09:25,880 --> 00:09:30,680

alignment to track complex astronomical calculations.

116

00:09:30,680 --> 00:09:32,080

But why?

117

00:09:32,080 --> 00:09:36,160

And what were they tracking?

118

00:09:36,160 --> 00:09:42,360

Teotihuacan, Mexico Its name means, Birthplace of the Gods.

119

00:09:42,360 --> 00:09:47,760

How and why this ancient pyramid complex was built remains a mystery.

120

00:09:47,760 --> 00:09:54,480

But evidence suggests that like Giza and Stonehenge, the buildings align to a complex system of

121

00:09:54,480 --> 00:09:57,200

astronomical calculations.

122

00:09:57,200 --> 00:10:02,240

How did ancient people build these huge and complex structures on their own?

123

00:10:02,240 --> 00:10:07,680

Many believe only a highly advanced technology could have been used to achieve such exact

124

00:10:07,680 --> 00:10:09,360

precision.

125

00:10:09,360 --> 00:10:14,960

Some think that bronze saws and diamond tip tools might have been used.

126

00:10:14,960 --> 00:10:19,320

Creating the blocks themselves is just one mystery.

127

00:10:19,320 --> 00:10:23,120

But how did they move them?

128

00:10:23,120 --> 00:10:29,560

The 2.3 million blocks in the largest Egyptian pyramid weigh several tons each.

129

00:10:29,560 --> 00:10:34,160

To finish construction in the roughly two decades it took, workers would have needed

130

00:10:34,160 --> 00:10:41,080

to place one multi-ton block with pinpoint accuracy every two minutes.

131

00:10:41,080 --> 00:10:45,920

Did the ancient Egyptians receive alien assistance?

132

00:10:45,920 --> 00:10:51,080

Some experts believe the Anunnaki may have used a type of anti-gravity technology to

133

00:10:51,080 --> 00:10:54,880

build the Earth's greatest ancient monuments.

134

00:10:54,880 --> 00:11:01,320

Modern worldwide alien encounters, describing cars being lifted by tractor beams and people

135

00:11:01,320 --> 00:11:08,360

being injured by lasers, may also be descriptions of alien technology that may have been employed

136

00:11:08,360 --> 00:11:13,360

to lift and position megaton objects.

137

00:11:13,360 --> 00:11:19,480

According to the theories of ufologist Zachariah Sitchin, the Anunnaki's planet Nibiru orbits

138

00:11:19,480 --> 00:11:26,240

out beyond the range of Neptune, coming near Earth every 3,600 years.

139

00:11:26,240 --> 00:11:31,280

But how could ancient humans have designed a megalithic site like Stonehenge to track

140

00:11:31,280 --> 00:11:36,600

a planet rarely seen?

141

00:11:36,600 --> 00:11:41,360

Scientists called archaeo astronomers who study these ancient sites and their relationship

142

00:11:41,360 --> 00:11:47,640

to the stars point to the incredible possibility that a group of alien descendants may have

143

00:11:47,640 --> 00:11:55,480

been tracking the return of their extraterrestrial ancestors.

144

00:11:55,480 --> 00:12:02,360

Ufologists maintain that ancient civilizations may have received extraterrestrial assistance.

145

00:12:02,360 --> 00:12:07,120

Was humanity given these gifts by an alien race called the Anunnaki?

146

00:12:07,120 --> 00:12:13,040

In return for helping them plunder the Earth's plentiful gold and natural resources, recent

147

00:12:13,040 --> 00:12:20,320

evidence suggests they may also have had the power to save us or destroy us.

148

00:12:20,320 --> 00:12:25,480

Some experts believe the pyramids are more than just temples.

149

00:12:25,480 --> 00:12:30,760

Author Edward Malkowski spent years researching and constructing models of the Great Pyramid

150

00:12:30,760 --> 00:12:32,320

at Giza.

151

00:12:32,320 --> 00:12:38,160

He believes that it performed a function that may have affected Earth's destiny.

152

00:12:38,160 --> 00:12:44,520

Malkowski speculates that the lower chamber of the Great Pyramid was not a burial vault.

153

00:12:44,520 --> 00:12:48,640

If it had been, a huge amount of space would have been wasted.

154

00:12:48,640 --> 00:12:54,320

He writes, if the chamber was an integral part of the overall design and performed a

155

00:12:54,320 --> 00:12:58,880

function, what could that function possibly be?

156

00:12:58,880 --> 00:13:01,920

The key is water.

157

00:13:01,920 --> 00:13:08,080

Malkowski thinks the Great Pyramid used water to create a type of sound wave generator,

158

00:13:08,080 --> 00:13:10,880

producing massive vibrations.

159

00:13:10,880 --> 00:13:16,320

The pressure generated by pumping water from the Nile into the pyramid would have created

160

00:13:16,320 --> 00:13:23,040

a deafening sound that would be compressed by the giant stone walls into an electromagnetic

161

00:13:23,040 --> 00:13:24,640

frequency.

162

00:13:24,640 --> 00:13:30,160

Other pyramids could have been designed to connect as a network, all transforming sound,

163

00:13:30,160 --> 00:13:33,000

into electromagnetic energy.

164

00:13:33,000 --> 00:13:35,160

But for what purpose?

165

00:13:35,160 --> 00:13:40,520

The Anunnaki may have built the pyramids to be the first electrical generators, not to

166

00:13:40,520 --> 00:13:44,800

power a civilization, but to protect it.

167

00:13:44,800 --> 00:13:50,240

The pyramids may have amplified the Earth's natural electromagnetic frequencies, thereby

168

00:13:50,240 --> 00:13:55,560

strengthening the Earth's magnetic field, shielding our planet from devastating solar

169

00:13:55,560 --> 00:13:59,640

flares and polar shifts.

170

00:13:59,640 --> 00:14:04,400

Did aliens control the Earth's magnetic field with a pyramid machine?

171

00:14:04,400 --> 00:14:09,480

And are they also responsible for the creation of another mysterious structure thousands

172

00:14:09,480 --> 00:14:12,160

of years before?

173

00:14:12,160 --> 00:14:17,240

Unsealed Case File, The Sphinx.

174

00:14:17,240 --> 00:14:22,840

The Sphinx is one of the most recognizable statues in the world, carved from a single

175

00:14:22,840 --> 00:14:26,400

monstrous block of desert limestone.

176

00:14:26,400 --> 00:14:34,320

But researchers have discovered it has suffered from erosion, not from wind, but water.

177

00:14:34,320 --> 00:14:39,600

A recent NBC News online article reports a new understanding of rainfall on the Giza

178

00:14:39,600 --> 00:14:43,040

Plateau thousands of years ago.

179

00:14:43,040 --> 00:14:47,520

The last time there was sufficient precipitation in the region to cause this pattern of rainfall

180

00:14:47,520 --> 00:14:55,360

erosion on limestone was around 9,000 years ago, 7,000 BC.

181

00:14:55,360 --> 00:15:01,160

Could the Sphinx be older than the pyramids?

182

00:15:01,160 --> 00:15:05,680

In our history books, we're being taught that the ancient Egyptians built the Sphinx

183

00:15:05,680 --> 00:15:07,600

along with the great pyramids of Giza.

184

00:15:07,600 --> 00:15:09,400

But what if that's not true?

185

00:15:09,400 --> 00:15:14,800

There are theories now in science that that may not even be close to being true, that

186

00:15:14,800 --> 00:15:20,240

a civilization thousands of years before the Egyptians could have potentially built this

187

00:15:20,240 --> 00:15:22,960

great monument.

188

00:15:22,960 --> 00:15:30,080

Closer examination of the Sphinx has turned human history upside down.

189

00:15:30,080 --> 00:15:35,720

Scientists believe the pharaohs may not have been its architects, and if true, it would

190

00:15:35,720 --> 00:15:39,520

alter the history of human civilization.

191

00:15:39,520 --> 00:15:45,040

Could it be that humanity might not be the Anunnaki's first experiment with intelligent

192

00:15:45,040 --> 00:15:49,360

life on the earth?

193

00:15:49,360 --> 00:15:55,600

Ancient texts of many cultures all tell of an apocalyptic flood caused by a god displeased

194

00:15:55,600 --> 00:15:58,200

with his creation.

195

00:15:58,320 --> 00:16:03,640

Do these myths all hint at a single terrifying truth?

196

00:16:03,640 --> 00:16:08,720

The Anunnaki may have had the power to cross the universe, perform incredible feats of

197

00:16:08,720 --> 00:16:13,720

engineering, and even assist in the evolution of a species.

198

00:16:13,720 --> 00:16:18,680

They may also have had the power to flood the entire surface of the earth, wiping out

199

00:16:18,680 --> 00:16:24,040

a race that predates our own.

200

00:16:24,040 --> 00:16:30,680

According to Sumerian myths, the Anunnaki return to earth every 3,600 years.

201

00:16:30,680 --> 00:16:36,560

The precise beginning and end dates of the Anunnaki cycle are unknown, but many experts

202

00:16:36,560 --> 00:16:43,360

believe the return of the Sumerian sky gods is rapidly approaching.

203

00:16:43,360 --> 00:16:49,920

Earth's greatest ancient civilizations may owe their achievements to an alien race called

204

00:16:49,920 --> 00:16:51,960

the Anunnaki.

205

00:16:51,960 --> 00:16:55,480

Ancient texts tell us they are due to return.

206

00:16:55,480 --> 00:17:00,000

But how will they judge our advancement in light of the knowledge they granted so long

207

00:17:00,000 --> 00:17:02,160

ago?

208

00:17:02,160 --> 00:17:08,080

Overpopulation and rampant consumption of natural resources has placed humanity's future

209

00:17:08,080 --> 00:17:09,720

in doubt.

210

00:17:09,720 --> 00:17:16,640

By 2030, we will require the equivalent of two earths to meet our needs.

211

00:17:16,640 --> 00:17:19,720

Has humanity grown out of control?

212

00:17:19,720 --> 00:17:24,480

Some of the world's greatest architectural wonders may provide a warning about our own

213

00:17:24,480 --> 00:17:25,760

destruction.

214

00:17:25,760 --> 00:17:31,440

If the Egyptians didn't build the Sphinx, it would have to have been an older, more sophisticated

215

00:17:31,440 --> 00:17:38,400

culture with superior technological abilities, and one that may have been wiped off the face

216

00:17:38,400 --> 00:17:40,760

of the earth.

217

00:17:40,760 --> 00:17:47,000

The UFO incident over Tehran in 1976 might indicate the return of the Anunnaki to the

218

00:17:47,080 --> 00:17:51,200

very location where their human experiment began.

219

00:17:51,200 --> 00:17:56,800

But some experts believe the experiment isn't finished.

220

00:17:56,800 --> 00:18:00,840

The earth was once considered a garden of Eden.

221

00:18:00,840 --> 00:18:06,400

Will the Anunnaki still consider the earth plentiful when and if they return?

222

00:18:06,400 --> 00:18:10,120

Will they continue to enrich and protect us?

223

00:18:10,120 --> 00:18:13,880

Or will they wipe the earth clean and start again?

224

00:18:17,000 --> 00:18:23,840

This is Unsealed Alien Files, exposing the biggest secret on planet Earth.
