

1

00:00:00,000 --> 00:00:05,000

The modern world is completely reliant on electricity.

2

00:00:05,000 --> 00:00:08,000

It connects and powers our machines.

3

00:00:08,000 --> 00:00:14,000

All you have to do is walk down the street and you can see how dependent the human race has become on technology.

4

00:00:14,000 --> 00:00:20,000

High voltage systems are extremely dangerous and vulnerable to mechanical failure.

5

00:00:20,000 --> 00:00:24,000

Recently, the U.S. has experienced massive power blackouts,

6

00:00:24,000 --> 00:00:29,000

affecting millions of people and throwing their lives into sudden chaos.

7

00:00:30,000 --> 00:00:35,000

But some experts believe power grids are not failing due to human error.

8

00:00:35,000 --> 00:00:40,000

They are being sabotaged by an extraterrestrial threat.

9

00:00:40,000 --> 00:00:46,000

Since the 1950s, UFOs have been reported hovering over power facilities,

10

00:00:46,000 --> 00:00:52,000

training resources and potentially plunging cities into lawless darkness.

11

00:00:52,000 --> 00:00:57,000

Do blackouts occur as a side effect of alien technology?

12

00:00:57,000 --> 00:01:00,000

Or is there a darker agenda at work?

13

00:01:00,000 --> 00:01:09,000

Join us as we reveal the global power grid under siege on OnSeal, Alien Files.

14

00:01:09,000 --> 00:01:12,000

A global effort has begun.

15

00:01:12,000 --> 00:01:19,000

Secret files hidden from the public for decades, detailing every UFO account, are now available to the public.

16

00:01:19,000 --> 00:01:24,000

We are about to uncover the truth behind these classified documents.

17

00:01:24,000 --> 00:01:28,000

Find out what the government doesn't want you to know.

18

00:01:28,000 --> 00:01:35,000

OnSeal, Alien Files, exposing the biggest secret on planet Earth.

19

00:01:35,000 --> 00:01:39,000

Argentina, November 2009.

20

00:01:39,000 --> 00:01:45,000

Hundreds of people are out weathering a hot night in the town of Joaquin Viganzales.

21

00:01:45,000 --> 00:01:50,000

Suddenly, the sky begins to glow and hundreds watch in terror

22

00:01:50,000 --> 00:01:57,000

as a strange gigantic luminous ship moves toward the hydroelectric power station on the Jura Manto River.

23

00:01:57,000 --> 00:02:02,000

The object hovers for several minutes and then disappears.

24

00:02:02,000 --> 00:02:08,000

But not before over one million people are plunged into total darkness.

25

00:02:08,000 --> 00:02:15,000

Did a single UFO cause a blackout of over 100 square miles?

26

00:02:15,000 --> 00:02:19,000

If extraterrestrials are really showing up, we have to ask why.

27

00:02:19,000 --> 00:02:24,000

Obviously, this isn't a show of force because let's face it, we'd be gone if it was a show of force.

28

00:02:24,000 --> 00:02:28,000

Their technology is so far advanced from us.

29

00:02:28,000 --> 00:02:34,000

The answer may be found decades earlier in events that took place on U.S. soil.

30

00:02:34,000 --> 00:02:39,000

According to a report by the National Investigations Committee on Aerial Phenomena,

31

00:02:39,000 --> 00:02:46,000

the 1950s experienced a wave of UFO sightings that were linked to electromagnetic activity.

32

00:02:46,000 --> 00:02:48,000

Unsealed Case File

33

00:02:48,000 --> 00:02:51,000

The Levalan, Texas Incident

34

00:02:51,000 --> 00:02:56,000

Levalan, Texas, November 2, 1957

35

00:02:56,000 --> 00:03:02,000

Dozens of witnesses report lights in the sky, hovering for over three hours.

36

00:03:02,000 --> 00:03:08,000

A signed statement by a Levalan patrolman gives terrifying details of the incident.

37

00:03:08,000 --> 00:03:13,000

I saw a strange looking flash which looked to be down the roadway.

38

00:03:13,000 --> 00:03:17,000

The flash went from east to west and appeared to be close to the ground.

39

00:03:17,000 --> 00:03:23,000

As the lights descend to a busy stretch of roadway, ten vehicles are stopped dead in their tracks.

40

00:03:23,000 --> 00:03:28,000

Residents all over town report power being drained from the car engines.

41

00:03:28,000 --> 00:03:35,000

When the lights disappear into the sky, the vehicle starts and continue on their way, undamaged.

42

00:03:35,000 --> 00:03:42,000

America's top secret UFO unit, Project Blue Book, immediately investigates the incident.

43

00:03:42,000 --> 00:03:49,000

They determine UFOs may be using a type of electromagnetic interference.

44

00:03:49,000 --> 00:03:53,000

Edward Ruppelt, former chief of Project Blue Book admits,

45

00:03:53,000 --> 00:03:59,000

we had reports of radiation and induction fields in connection with UFOs.

46

00:03:59,000 --> 00:04:03,000

The 1957 wave of electromagnetic cases presents, quote,

47

00:04:03,000 --> 00:04:08,000

a whole new dimension to UFO investigation.

48

00:04:08,000 --> 00:04:15,000

Could this alien electromagnetic phenomena be used to disable more than car batteries and headlights?

49

00:04:15,000 --> 00:04:19,000

Following the Second World War, the installation of massive power grids

50

00:04:19,000 --> 00:04:22,000

allowed America to triple its energy consumption.

51

00:04:22,000 --> 00:04:28,000

Could this sudden leap in energy usage be attracting alien attention?

52

00:04:28,000 --> 00:04:34,000

Exeter, New Hampshire, 1965, a small picturesque New England town.

53

00:04:34,000 --> 00:04:37,000

But the quiet atmosphere is shattered one afternoon,

54

00:04:37,000 --> 00:04:43,000

as multiple witnesses report a series of glowing orbs descending from the skies

55

00:04:43,000 --> 00:04:47,000

and tapping directly into power lines.

56

00:04:47,000 --> 00:04:51,000

Local police arrive on the scene as an Air Force bomber appears in the sky.

57

00:04:51,000 --> 00:04:55,000

The UFO quickly flies off with the plane in pursuit.

58

00:04:55,000 --> 00:05:03,000

But what happens just nine weeks later will transform the power industry forever.

59

00:05:03,000 --> 00:05:09,000

November 9, 1965, a mother and her children observe a fireball

60

00:05:09,000 --> 00:05:12,000

streaking across the sky over Syracuse, New York.

61

00:05:12,000 --> 00:05:18,000

As it passes, the lights in their home flicker ominously.

62

00:05:18,000 --> 00:05:29,000

November 9, 1965, the largest blackout the continent has ever seen descends on North America.

63

00:05:30,000 --> 00:05:38,000

The great North Eastern blackout plunged 30 million people across two countries into total darkness.

64

00:05:38,000 --> 00:05:45,000

Eight Eastern U.S. states and much of Southern Canada are left without electricity.

65

00:05:45,000 --> 00:05:47,000

Syracuse Airport, New York.

66

00:05:47,000 --> 00:05:52,000

Planes beginning their descent are met by a pitch black runway.

67

00:05:52,000 --> 00:05:57,000

Within one minute of the blackout, passengers and the deputy aviation commander

68

00:05:57,000 --> 00:06:05,000

at the Syracuse Airport witness a massive 150-foot fiery disk moving across the sky.

69

00:06:05,000 --> 00:06:12,000

As the airport plunges into darkness, a flight instructor and his student begin their descent toward the tarmac.

70

00:06:12,000 --> 00:06:18,000

While preparing for landing, they witness another strange glowing light over the nearby clay substation,

71

00:06:18,000 --> 00:06:21,000

a super highway of power.

72

00:06:21,000 --> 00:06:28,000

Then, at 5.27 p.m., power ceases for approximately 25 million people.

73

00:06:28,000 --> 00:06:32,000

New York City rush hour descends into chaos.

74

00:06:32,000 --> 00:06:39,000

Loaded elevators stop in the shafts and 800,000 commuters are stranded in subway tunnels.

75

00:06:39,000 --> 00:06:42,000

Above ground, stop lights fail.

76

00:06:42,000 --> 00:06:49,000

Traffic jams extend miles in every direction and hundreds of thousands of people rush into the dark streets.

77

00:06:49,000 --> 00:06:53,000

A bright light in the sky appears above the darkened city.

78

00:06:53,000 --> 00:06:57,000

Is it the same UFO witnessed at the Clay substation?

79

00:06:57,000 --> 00:07:03,000

Or is a second mysterious craft draining New York City of every kilowatt of power?

80

00:07:03,000 --> 00:07:08,000

When the New York Power Authority dispatches a team to the Clay substation,

81

00:07:08,000 --> 00:07:11,000

they are allegedly met by FBI agents.

82

00:07:11,000 --> 00:07:14,000

But while looting and fires grip the city,

83

00:07:14,000 --> 00:07:18,000

the power authority's investigation finds nothing out of the ordinary

84

00:07:18,000 --> 00:07:22,000

and power is restored 13 hours later.

85

00:07:22,000 --> 00:07:27,000

The FBI refuses to comment or even acknowledge their involvement.

86

00:07:27,000 --> 00:07:33,000

But why would a power outage even require multiple agents of the FBI?

87

00:07:33,000 --> 00:07:40,000

Over the ensuing weeks, a media frenzy speculates that an alien craft is the cause of the blackout.

88

00:07:41,000 --> 00:07:47,000

Life Magazine, one of the most respected magazines ever published, runs a photo with the caption,

89

00:07:47,000 --> 00:07:50,000

Could This Be a UFO?

90

00:07:50,000 --> 00:07:56,000

But it isn't until three years later that the possibility of alien interference is investigated.

91

00:07:56,000 --> 00:08:02,000

The U.S. government's House Committee on Science and Astronautics holds a special session.

92

00:08:02,000 --> 00:08:08,000

Unsealed case file, the symposium on unidentified flying objects.

93

00:08:08,000 --> 00:08:11,000

Washington, D.C. 1968.

94

00:08:11,000 --> 00:08:19,000

James McDonald, a renowned professor at the Institute for Atmospheric Physics, shares his UFO findings.

95

00:08:19,000 --> 00:08:25,000

McDonald has been granted unprecedented access to eyewitness testimony, government documentation,

96

00:08:25,000 --> 00:08:30,000

and even the top secret Blue Book files on UFO activity.

97

00:08:30,000 --> 00:08:39,000

McDonald warns, there is a puzzling and quite disturbing coincidence between the sightings and power blackouts.

98

00:08:39,000 --> 00:08:45,000

Greatly expanded attention to the UFO problem is urgently needed.

99

00:08:45,000 --> 00:08:52,000

McDonald's findings make headlines and send shock waves through the American power structure.

100

00:08:52,000 --> 00:08:58,000

That same year, renowned physicist Edward Condon and his team present a highly anticipated

101

00:08:58,000 --> 00:09:02,000

government UFO report to the scientific community.

102

00:09:02,000 --> 00:09:08,000

Many believe the answer to the UFO question may finally be at hand.

103

00:09:08,000 --> 00:09:13,000

Unsealed case file, the Condon Report.

104

00:09:13,000 --> 00:09:22,000

One critic described the report as, the most influential public document concerning the scientific status of this UFO problem.

105

00:09:22,000 --> 00:09:30,000

Hence, all current scientific work on the UFO problem must make reference to the Condon Report.

106

00:09:30,000 --> 00:09:36,000

Industry welcomes a scientific report being applied to the UFO phenomena.

107

00:09:36,000 --> 00:09:46,000

One such leader is the Ford Motor Company, struggling to understand increasing incidents of UFOs draining power from cars all across America.

108

00:09:46,000 --> 00:09:57,000

NICAP, the National Investigations Committee on Aerial Phenomena, offers its help to the government

in studying the alleged sightings and their mysterious consequences.

109

00:09:57,000 --> 00:10:03,000

Numerous tests and simulations are run based on the electromagnetic evidence,

110

00:10:03,000 --> 00:10:08,000

but they are unable to determine how the cars were immobilized.

111

00:10:08,000 --> 00:10:14,000

It seems the day of disclosure could finally be at hand.

112

00:10:14,000 --> 00:10:18,000

Washington, D.C. 1969.

113

00:10:18,000 --> 00:10:31,000

Reports of UFOs siphoning power, immobilizing cars, and causing city-wide blackouts have raised concern with big business, media, and the scientific community.

114

00:10:31,000 --> 00:10:43,000

In response, the U.S. government commissions the Condon Report to determine the truth, but their official findings may be anything but unsealed case file.

115

00:10:43,000 --> 00:10:46,000

The Condon Report, Cover Up.

116

00:10:46,000 --> 00:10:51,000

A leaked memo is discovered that rips the Condon Investigation apart.

117

00:10:51,000 --> 00:10:55,000

Accusations emerge of a government cover-up.

118

00:10:55,000 --> 00:11:02,000

In the memo, one lead researcher referred to the search for extraterrestrials as nonsense.

119

00:11:02,000 --> 00:11:13,000

NICAP immediately withdraws its involvement, claiming the investigation is a sham and no real results were ever intended.

120

00:11:13,000 --> 00:11:19,000

In the face of mounting evidence and hundreds of eyewitness accounts, the Condon Report still states,

121

00:11:19,000 --> 00:11:26,000

nothing has come from the study of UFOs in the past 21 years that has added to scientific knowledge.

122

00:11:26,000 --> 00:11:35,000

Careful consideration leads us to conclude that further extensive study of UFOs probably cannot be justified.

123

00:11:35,000 --> 00:11:43,000

On the heels of the Condon Report, the government suddenly ceases all investigations into UFO phenomenon.

124

00:11:43,000 --> 00:11:50,000

The Air Force officially closes Project Blue Book on December 17, 1969.

125

00:11:50,000 --> 00:11:58,000

James McDonald addresses the media before the report's release and claims the investigations were designed to fail.

126

00:11:58,000 --> 00:12:01,000

A newspaper article of the day states,

127

00:12:01,000 --> 00:12:09,000

he repeated the accusation that the Central Intelligence Agency had ordered the Air Force to debunk UFO reports.

128

00:12:10,000 --> 00:12:16,000

And so that was a really a policy that was implemented back in 1953 through the CIA.

129

00:12:16,000 --> 00:12:27,000

And essentially that continues to this very day where most scientists, most people who occupy senior positions in bureaucracy or in the media,

130

00:12:27,000 --> 00:12:34,000

or any position of influence, if they talk about this topic, they will be very easily ridiculed.

131

00:12:35,000 --> 00:12:41,000

It appears the government would go to any lengths to control information about UFO presence.

132

00:12:41,000 --> 00:12:45,000

But what it could not control was the escalating threat.

133

00:12:45,000 --> 00:12:52,000

Throughout the next decade, America develops a very different kind of power to feed its insatiable need,

134

00:12:52,000 --> 00:12:57,000

one that may put us directly on extraterrestrial radar.

135

00:12:58,000 --> 00:13:08,000

By 1977, tensions over economic concerns and a North American energy crisis have the population on edge.

136

00:13:08,000 --> 00:13:16,000

U.S. President Carter informs the American people, the energy crisis is a clear and present danger to our nation.

137

00:13:16,000 --> 00:13:22,000

But is Carter referring to the Middle East oil crisis or an alien threat?

138

00:13:23,000 --> 00:13:30,000

July 12, New York State. The city that never sleeps is strangely quiet.

139

00:13:30,000 --> 00:13:36,000

The serial murderer known as the son of Sam has recently claimed his sixth victim.

140

00:13:36,000 --> 00:13:41,000

But New York is facing an even more shocking unearthly assault.

141

00:13:41,000 --> 00:13:50,000

While driving home, a family witnesses two unidentified craft descending on the nuclear power plant at Indian Point.

142

00:13:52,000 --> 00:14:01,000

The highway is soon filled with parked cars and onlookers, watching in awe as the glowing crafts hover over the plant.

143

00:14:01,000 --> 00:14:04,000

Reportedly, they are eerily silent.

144

00:14:04,000 --> 00:14:09,000

Red, green and blue lights rotate on the top of the crafts.

145

00:14:09,000 --> 00:14:14,000

Are they monitoring the Indian Point nuclear facility?

146

00:14:14,000 --> 00:14:21,000

There are UFO cases where they would appear and actually shut down the nuclear facility sometimes for minutes on end.

147

00:14:21,000 --> 00:14:24,000

They would have an actual physical effect on the base.

148

00:14:24,000 --> 00:14:29,000

Eventually, dozens of witnesses report seeing UFOs that night.

149

00:14:29,000 --> 00:14:39,000

The very next day, just 30 miles south of Indian Point nuclear power plant, New York City is hit with another devastating blackout.

150

00:14:39,000 --> 00:14:42,000

Hundreds of stores and homes are looted.

151

00:14:42,000 --> 00:14:45,000

Rampant arson destroys entire neighborhoods.

152

00:14:45,000 --> 00:14:49,000

35 blocks of Broadway alone are destroyed.

153

00:14:50,000 --> 00:14:56,000

Police and firemen struggle to maintain some kind of order, but the city is in a state of total chaos.

154

00:14:56,000 --> 00:15:02,000

Over 55 police are injured and over 4,500 people are arrested.

155

00:15:02,000 --> 00:15:08,000

In the morning, as the sun begins to rise, several fires still rage across the city.

156

00:15:08,000 --> 00:15:12,000

New York City Mayor Abe Beam told the press,

157

00:15:12,000 --> 00:15:18,000

the blackout has threatened our safety and has seriously impacted our economy.

158

00:15:18,000 --> 00:15:26,000

We've been needlessly subjected to a night of terror in many communities that have been wantonly looted and burned.

159

00:15:26,000 --> 00:15:31,000

New York City eventually rebuilt and recovered,

160

00:15:31,000 --> 00:15:39,000

but in the decade to come, mankind would find new ways to feed its thirst for power and technology.

161

00:15:39,000 --> 00:15:45,000

Did our escalating reliance on power make us even more vulnerable to alien interference?

162

00:15:45,000 --> 00:15:51,000

UFO sightings over nuclear facilities are still occurring all around the world.

163

00:15:51,000 --> 00:15:55,000

Why are UFOs attracted to nuclear power?

164

00:15:55,000 --> 00:15:58,000

Is it merely a convenient source of fuel?

165

00:15:58,000 --> 00:16:08,000

If so, the greater question is, what would happen if our nuclear output fails to meet their increasing needs?

166

00:16:09,000 --> 00:16:16,000

Experts believe that UFOs may have been siphoning energy from our infrastructure grid for decades,

167

00:16:16,000 --> 00:16:21,000

causing devastating blackouts and widespread chaos.

168

00:16:21,000 --> 00:16:26,000

As our dependence on technology increases, so do our energy needs,

169

00:16:26,000 --> 00:16:32,000

from communications to financial institutions to hospital emergency rooms.

170

00:16:32,000 --> 00:16:39,000

Even the police and military rely on computers and electronics to serve and protect the populace.

171

00:16:39,000 --> 00:16:45,000

A global blackout wouldn't merely disable us, it would paralyze us.

172

00:16:45,000 --> 00:16:51,000

We would be completely vulnerable to attack, from within and without.

173

00:16:51,000 --> 00:16:54,000

But what could be the cause?

174

00:16:54,000 --> 00:16:59,000

How much energy does it take for a craft to go 5,000 miles an hour?

175

00:16:59,000 --> 00:17:04,000

10,000 miles an hour? Obviously a huge amount of energy.

176

00:17:04,000 --> 00:17:12,000

Fueling an alien species capable of traveling across multiple galaxies could quickly exhaust the Earth's natural resources.

177

00:17:12,000 --> 00:17:18,000

And if Earth is no longer a source of fuel, what is?

178

00:17:18,000 --> 00:17:28,000

The Sun is the greatest power source in our system, producing 384.6 trillion watts every second.

179

00:17:28,000 --> 00:17:32,000

And sustaining all life on our planet.

180

00:17:32,000 --> 00:17:40,000

But in 2012, NASA's Solar Dynamics Observatory captured footage of what appeared to be a UFO

181

00:17:40,000 --> 00:17:46,000

connecting to the Sun before accelerating off into deep space.

182

00:17:46,000 --> 00:17:50,000

Is this evidence that the Sun is their next target?

183

00:17:50,000 --> 00:17:56,000

Is even the power of a star enough to meet the demands of alien energy needs?

184

00:17:56,000 --> 00:18:06,000

Experts believe that an alien species may even be able to drain the Sun, the very life source of our planet.

185

00:18:06,000 --> 00:18:16,000

And if so, are they planning to put humanity in the dark, once and for all?

186

00:18:16,000 --> 00:18:29,000

This is Unsealed Alien Files, exposing the biggest secret on planet Earth.
