

1

00:00:00,000 --> 00:00:06,000

For decades, eyewitnesses have reported UFOs crashing to Earth.

2

00:00:06,000 --> 00:00:13,000

Some believe crashed UFOs may contain alien technology that could change the course of history.

3

00:00:13,000 --> 00:00:19,000

But someone is bent on keeping knowledge of these incidents from the public.

4

00:00:19,000 --> 00:00:26,000

Top secret government retrieval teams are removing downed UFOs with lightning speed

5

00:00:26,000 --> 00:00:31,000

and threatening anyone who attempts to catch a glimpse of them.

6

00:00:31,000 --> 00:00:35,000

Witnesses often claim that the men in black show up in black unmarked vehicles.

7

00:00:35,000 --> 00:00:40,000

They also have been known to be in black unmarked helicopters.

8

00:00:40,000 --> 00:00:44,000

Who are these men and who commands them?

9

00:00:44,000 --> 00:00:49,000

Why are they determined to keep alien secrets from the public?

10

00:00:49,000 --> 00:00:55,000

Could knowledge of crashed UFOs determine the fate of the human race?

11

00:00:56,000 --> 00:01:05,000

Join us as we investigate secret UFO crash retrieval units on Unsealed Alien Files.

12

00:01:05,000 --> 00:01:08,000

A global effort has begun.

13

00:01:08,000 --> 00:01:15,000

Secret files hidden from the public for decades detailing every UFO account are now available to the public.

14

00:01:15,000 --> 00:01:20,000

We are about to uncover the truth behind these classified documents.

15

00:01:20,000 --> 00:01:24,000

Find out what the government doesn't want you to know.

16

00:01:24,000 --> 00:01:27,000

Unsealed Alien Files.

17

00:01:27,000 --> 00:01:31,000

Exposing the biggest secret on planet Earth.

18

00:01:54,000 --> 00:02:00,000

We will now include Frank Costigan, a former security chief of the Los Angeles International Airport,

19

00:02:00,000 --> 00:02:05,000

who watches as a response team approaches the impact site.

20

00:02:05,000 --> 00:02:11,000

Costigan has worked in conjunction with any number of law enforcement and national security agencies.

21

00:02:11,000 --> 00:02:16,000

But this is unlike anything he's ever seen before.

22

00:02:16,000 --> 00:02:20,000

Instead of the expected search and rescue or air ambulance units,

23

00:02:20,000 --> 00:02:26,000

he watches as a small formation of unmarked black helicopters gathers over the crash zone.

24

00:02:26,000 --> 00:02:32,000

They leave carrying a large glowing object suspended by a cargo hook.

25

00:02:32,000 --> 00:02:39,000

The former LAX security chief contacts David Hayes, the owner of Needle's local radio station to report the news.

26

00:02:39,000 --> 00:02:43,000

But Hayes has news of his own.

27

00:02:43,000 --> 00:02:52,000

In the minutes following the crash, he allegedly watched as a convoy of dark vehicles bearing government license plates raced toward the scene.

28

00:02:52,000 --> 00:03:02,000

It's clear to both men that both the helicopters and convoy were working together and that this was not their first operation.

29

00:03:02,000 --> 00:03:07,000

Witnesses often claim that the men in black show up in black unmarked vehicles.

30

00:03:07,000 --> 00:03:12,000

They also have been known to be in black unmarked helicopters.

31

00:03:12,000 --> 00:03:18,000

Whether you're an abductee or just a UFO witness, it's very possible that you're going to see one of these black helicopters.

32

00:03:18,000 --> 00:03:29,000

But when the Needle's incident witnesses report what they've seen, authorities deny any knowledge of a crashed UFO or any government response units in the area.

33

00:03:29,000 --> 00:03:32,000

The case is considered closed.

34

00:03:32,000 --> 00:03:41,000

According to experts, the Needle's incident is a textbook UFO retrieval operation carried out with ruthless efficiency.

35

00:03:41,000 --> 00:03:46,000

But who are these specialists and do they really work for the government?

36

00:03:46,000 --> 00:03:56,000

If so, the Needle's operation shows they have come a long way from one of the first alleged attempts at UFO retrieval.

37

00:03:56,000 --> 00:04:03,000

Roswell, New Mexico, 1947. A UFO crashes in the desert.

38

00:04:03,000 --> 00:04:11,000

Multiple witnesses report American troops engaged in a large-scale operation to retrieve the wreckage.

39

00:04:11,000 --> 00:04:17,000

The military announces its recovery to the world, only to retract the statement the next day.

40

00:04:17,000 --> 00:04:27,000

The botched handling of the Roswell incident will give rise to a worldwide community of UFO conspiracy theorists that continues to this day.

41

00:04:27,000 --> 00:04:35,000

But how could UFO retrieval evolve from Roswell to surgical operations like that at Needle's?

42

00:04:35,000 --> 00:04:41,000

The answer may lie, hidden, in the pages of a legendary military manual.

43

00:04:41,000 --> 00:04:44,000

Unsealed case file.

44

00:04:44,000 --> 00:04:48,000

Special Operations Manual 1-01.

45

00:04:48,000 --> 00:04:58,000

1954. In the years following Roswell, America is experiencing a UFO craze.

46

00:04:58,000 --> 00:05:02,000

But the Air Force doesn't share the public's enthusiasm.

47

00:05:02,000 --> 00:05:14,000

It reportedly issues Special Operations Manual 1-01, providing detailed instructions for the recovery and disposal of UFOs.

48

00:05:14,000 --> 00:05:22,000

The procedures spelled out in the manual bear an uncanny resemblance to those carried out in the Needle's operation.

49

00:05:22,000 --> 00:05:31,000

Demanding that extreme measures be taken to protect and preserve any material or craft from discovery.

50

00:05:31,000 --> 00:05:36,000

By any and all means deemed necessary.

51

00:05:36,000 --> 00:05:44,000

Why is the military prepared to go to deadly extremes to keep crashed UFOs from the public eye?

52

00:05:44,000 --> 00:05:48,000

What are they trying to hide?

53

00:05:48,000 --> 00:05:56,000

For decades, witnesses have reported secret government response teams speeding to recover crashed UFOs.

54

00:05:56,000 --> 00:06:05,000

Their mission? To keep onlookers away and deliver the wreckage to high security facilities away from the public eye.

55

00:06:05,000 --> 00:06:12,000

The government denies their existence, but the public record tells a very different story.

56

00:06:12,000 --> 00:06:18,000

Kecksburg, Pennsylvania, December 9th, 1965.

57

00:06:18,000 --> 00:06:23,000

Residents report a fiery object streaking across the evening sky.

58

00:06:23,000 --> 00:06:34,000

At first glance, it looks like a meteor, until it suddenly appears to adjust its trajectory moments before crashing in a forest outside town.

59

00:06:34,000 --> 00:06:42,000

Many rushed to the impact site, but few get close enough to see the mysterious aftermath.

60

00:06:42,000 --> 00:06:59,000

When they gathered, what they noticed was that almost instantly a group, a unit of American soldiers who were knowing Signia and came with a flatbed truck were there to retrieve this object and take it away.

61

00:06:59,000 --> 00:07:03,000

People were warned, keep your mouth shut. Don't talk about this.

62

00:07:03,000 --> 00:07:11,000

24 hours after the Kecksburg crash, the media take up the official government position. No UFO crash near Kecksburg.

63

00:07:11,000 --> 00:07:15,000

And the military was never there.

64

00:07:15,000 --> 00:07:23,000

Was Kecksburg the work of the same mysterious organization that appeared in Needles, California over 40 years later?

65

00:07:23,000 --> 00:07:29,000

If it was, who are they and who do they work for?

66

00:07:29,000 --> 00:07:34,000

The answers may lie in the early years of the Cold War.

67

00:07:34,000 --> 00:07:40,000

Unsealed case file. The Air Intelligence Squadron.

68

00:07:40,000 --> 00:07:58,000

1952. The Air Intelligence Squadron is formed. Its ranks include seasoned veterans of the Second World War and Korea, specially trained for the recovery of downed Soviet spy planes and the thorough examination of the technology.

69

00:07:58,000 --> 00:08:06,000

But in 1953, only a year after its formation, the squadron receives an historic order.

70

00:08:06,000 --> 00:08:17,000

Air Defense Command issues Regulation 200-2, expressing the military's direct interest in the facts pertaining to UFOs.

71

00:08:17,000 --> 00:08:26,000

Air Intelligence is to provide a highly mobile response unit ready to recover downed objects of unknown origin.

72

00:08:26,000 --> 00:08:33,000

It's a rare admission by the American military of the existence of UFOs.

73

00:08:33,000 --> 00:08:40,000

A 1955 map allegedly reveals Air Intelligence agents stationed across the nation,

74

00:08:40,000 --> 00:08:46,000

casting the widest possible net in their mission to recover crashed alien craft.

75

00:08:46,000 --> 00:08:55,000

But what happens to the wreckage? Where is it taken? And who is in charge of its safekeeping?

76

00:08:55,000 --> 00:09:01,000

Many experts believe America's UFOs are controlled by the Majestic 12,

77

00:09:01,000 --> 00:09:06,000

an ultra-secret committee of high-ranking science and intelligence officers,

78

00:09:06,000 --> 00:09:12,000

assembled by President Truman in the days following the Roswell incident.

79

00:09:12,000 --> 00:09:20,000

They also believe that the organization quickly went rogue defying the authority of even the president himself.

80

00:09:20,000 --> 00:09:26,000

President Kennedy was very concerned over the power of this organization called Majestic 12.

81

00:09:26,000 --> 00:09:30,000

The decisions were not being made in the best interests of the United States,

82

00:09:30,000 --> 00:09:34,000

but were not being made by the best minds that the U.S. could offer.

83

00:09:34,000 --> 00:09:43,000

It's alleged that behind closed doors, Kennedy demanded full disclosure of the Majestic 12's UFO activities.

84

00:09:43,000 --> 00:09:48,000

Some believe this challenge to their authority cost him his life.

85

00:09:50,000 --> 00:09:56,000

Was America's secret UFO organization behind the Kennedy assassination?

86

00:09:56,000 --> 00:10:00,000

What secrets were they trying to hide?

87

00:10:00,000 --> 00:10:07,000

The answer may be found in one of the most dangerous UFO retrieval operations ever reported.

88

00:10:07,000 --> 00:10:17,000

Unsealed case file. The Fort Dix Alien. Fort Dix, New Jersey, January 18, 1978.

89

00:10:17,000 --> 00:10:26,000

An eyewitness using the name Jeffrey Morse reports a dozen glowing UFOs hovering over the base.

90

00:10:26,000 --> 00:10:36,000

A state trooper responds to the call, but just as he arrives at the gate, his headlights reveal a short, gray-skinned alien.

91

00:10:36,000 --> 00:10:44,000

Startled, the officer fires six shots at the creature, and then another at a UFO that appears above.

92

00:10:44,000 --> 00:10:47,000

The alien flees into the darkness.

93

00:10:47,000 --> 00:10:57,000

A short time later, Morse finds the alien dead on an unused runway between Fort Dix and nearby Fort

McGuire.

94

00:10:57,000 --> 00:11:01,000

Both bases are immediately placed in security lockdown.

95

00:11:01,000 --> 00:11:08,000

An unidentified unit arrives and informs the base commander it is taking control of the situation.

96

00:11:08,000 --> 00:11:18,000

The unit allegedly retrieves the alien and transports it to Wright-Patterson Air Force Base in Ohio, home to the infamous Hanger 18,

97

00:11:18,000 --> 00:11:26,000

which many believe to be a storage facility for debris recovered at Roswell and other UFO crash sites.

98

00:11:26,000 --> 00:11:34,000

Morse is ordered to Wright-Patterson, where he is threatened with court-martial if he ever speaks out about the incident.

99

00:11:34,000 --> 00:11:40,000

Did the crash retrieval team dispatch to Fort Dix really recover an alien body?

100

00:11:40,000 --> 00:11:45,000

And if they did, why are they keeping this landmark discovery from the public?

101

00:11:45,000 --> 00:11:51,000

Could they be protecting us from imminent danger?

102

00:11:51,000 --> 00:12:01,000

Many experts believe that a secret government organization has seized control of America's UFO crash retrieval operations.

103

00:12:01,000 --> 00:12:12,000

Are they working in their own self-interest, or are they protecting the public from an alien threat so extreme it would cause mass panic?

104

00:12:12,000 --> 00:12:16,000

Dayton, Texas, December 29, 1980.

105

00:12:16,000 --> 00:12:27,000

Betty Cash and Vicki Landrum are driving along a rural highway in the dead of night when a bright,

diamond-shaped object appears above their car.

106

00:12:27,000 --> 00:12:35,000

They stop and get out to take a better look, only to be struck by a wall of blazing heat emanating from the object.

107

00:12:35,000 --> 00:12:43,000

Moments later, nearly two dozen unmarked helicopters arrive on the scene, but the UFO disappears into the night.

108

00:12:43,000 --> 00:12:48,000

The helicopters follow, paying no attention to the victims below.

109

00:12:48,000 --> 00:12:53,000

Over the next few days, Cash and Landrum begin to feel ill.

110

00:12:53,000 --> 00:12:58,000

They show signs of severe burns and begin to experience hair loss.

111

00:12:58,000 --> 00:13:04,000

Doctors suspect they were exposed to some form of ionizing radiation.

112

00:13:04,000 --> 00:13:08,000

The incident raises a number of disturbing questions.

113

00:13:08,000 --> 00:13:12,000

Were the women the victims of a targeted UFO attack?

114

00:13:12,000 --> 00:13:19,000

Who was in the helicopters, and why did they ignore them in favor of chasing the alien craft?

115

00:13:19,000 --> 00:13:31,000

Many experts believe these UFO response teams are part of a decades-old secret government program to obtain alien technology for research and development by the military.

116

00:13:31,000 --> 00:13:40,000

But others believe they serve an entirely different purpose, and without them, humanity might face imminent destruction.

117

00:13:40,000 --> 00:13:46,000

Unsealed case file. The Extraterrestrial Exposure Law.

118

00:13:47,000 --> 00:13:54,000

Kecksburg. Witnesses report men in white protective suits leaving the impact site with the crashed UFO.

119

00:13:54,000 --> 00:14:03,000

Clark McClellan, a former science officer with NASA, has claimed the agency was directly involved with the 1965 incident.

120

00:14:03,000 --> 00:14:10,000

Four years later, in 1969, the U.S. government passes the Extraterrestrial Exposure Law,

121

00:14:10,000 --> 00:14:22,000

making it illegal for any citizen to touch or be in the proximity of any personnel, spacecraft, and other property that has entered our atmosphere from outer space.

122

00:14:22,000 --> 00:14:27,000

Presented as a national security measure to prevent possible contamination,

123

00:14:27,000 --> 00:14:33,000

the law grants sweeping authority to force any violators into immediate quarantine.

124

00:14:33,000 --> 00:14:42,000

Do UFOs really pose a significant health risk to the public? Or is some other agenda at work?

125

00:14:43,000 --> 00:14:47,000

Fort Indian Town, Pennsylvania, 1969.

126

00:14:47,000 --> 00:14:54,000

Sergeant Clifford Stone is a member of the Army's Nuclear, Biological, and Chemical Weapons Crisis Response Team,

127

00:14:54,000 --> 00:15:00,000

called in to assist in the investigation of what command is calling a downed Soviet aircraft.

128

00:15:00,000 --> 00:15:09,000

Approaching the strange pill-shaped aircraft, Stone's Geiger counter crackles to life with abnormally high radiation readings.

129

00:15:09,000 --> 00:15:18,000

An open door reveals a torso, but to Stone's amazement, it isn't human. It's an extraterrestrial.

130

00:15:18,000 --> 00:15:27,000

Moments later, Stone is ordered off the crash site, while another, unidentified response team takes over.

131

00:15:27,000 --> 00:15:35,000

The incident will inspire Stone to begin a lifelong campaign to penetrate the government's veil of secrecy.

132

00:15:35,000 --> 00:15:42,000

His findings may change the way we think about the U.S. government forever.

133

00:15:42,000 --> 00:15:48,000

Decades, the U.S. government has been conducting secret UFO crash retrievals.

134

00:15:48,000 --> 00:15:56,000

The extraterrestrial exposure law of 1969 prevented any citizen from examining recovered craft,

135

00:15:56,000 --> 00:16:00,000

citing the danger of alien contamination.

136

00:16:00,000 --> 00:16:06,000

But according to UFO investigators, like former U.S. Army Sergeant Clifford Stone,

137

00:16:06,000 --> 00:16:13,000

preventing radiation sickness or the outbreak of disease is just another government ruse.

138

00:16:13,000 --> 00:16:20,000

Its real objective is to maintain complete control over any alien survivors,

139

00:16:20,000 --> 00:16:25,000

all in an effort to prevent first contact with the general public.

140

00:16:25,000 --> 00:16:35,000

And according to Stone, this has put the world in grave danger from the outside and within.

141

00:16:35,000 --> 00:16:42,000

At the NASA Department of Astrobiology Conference in 2000, a report was released stating,

142

00:16:42,000 --> 00:16:47,000

NASA didn't really know what the world reaction would be to full disclosure.

143

00:16:47,000 --> 00:16:51,000

If something went wrong, it could be fatal.

144

00:16:51,000 --> 00:16:57,000

Not because extraterrestrials are dangerous, but because we're a danger to ourselves.

145

00:16:57,000 --> 00:17:03,000

Retired Air Force Captain Robert Salas is personally aware of that danger.

146

00:17:03,000 --> 00:17:13,000

At the 2013 Citizen Hearing on Disclosure, Salas testified about an event that occurred at the Monk's from Air Force Base in 1969.

147

00:17:13,000 --> 00:17:20,000

He and many other military personnel witnessed a UFO remotely disable 10 nuclear missiles.

148

00:17:20,000 --> 00:17:28,000

The craft hovered over the base for several minutes before disappearing and then re-enabled the weapons.

149

00:17:28,000 --> 00:17:35,000

Salas believes it was a warning and also believes the government and military have a secret agenda

150

00:17:35,000 --> 00:17:42,000

in covering up the existence of extraterrestrials and it's not for the common good.

151

00:17:42,000 --> 00:17:49,000

There is a small group of individuals, inside government and outside government, that are controlling this phenomenon.

152

00:17:49,000 --> 00:17:54,000

For Salas, it comes down to one basic truth.

153
