

1

00:00:00,000 --> 00:00:02,000

The sun.

2

00:00:02,000 --> 00:00:08,000

It's an immense powerhouse on a scale that almost defies the imagination.

3

00:00:08,000 --> 00:00:13,000

And it's the source of all life here on Earth.

4

00:00:13,000 --> 00:00:18,000

But what if that power was being tampered with?

5

00:00:18,000 --> 00:00:26,000

Recently, the latest generation of solar observation technology has revealed something shocking.

6

00:00:26,000 --> 00:00:32,000

UFOs have been seen flying closer to the sun than ever thought possible,

7

00:00:32,000 --> 00:00:37,000

and even plunging through the surface into its fiery interior.

8

00:00:37,000 --> 00:00:42,000

Obviously this isn't a show of force, because let's face it, we'd be gone if it was a show of force.

9

00:00:42,000 --> 00:00:51,000

The appearance of these objects is often followed by explosive solar events that could have catastrophic consequences.

10

00:00:51,000 --> 00:00:55,000

Are UFOs really visiting our sun?

11

00:00:55,000 --> 00:00:59,000

And if they are, what does it mean for planet Earth?

12

00:00:59,000 --> 00:01:08,000

Join us as we reveal an alien presence on the sun on Unsealed Alien Files.

13

00:01:21,000 --> 00:01:26,000

We are about to uncover the truth behind these classified documents.

14

00:01:26,000 --> 00:01:30,000

Find out what the government doesn't want you to know.

15

00:01:30,000 --> 00:01:33,000

Unsealed Alien Files.

16

00:01:33,000 --> 00:01:37,000

Exposing the biggest secret on planet Earth.

17

00:01:51,000 --> 00:01:55,000

And radiation from the surface of the sun.

18

00:01:55,000 --> 00:01:59,000

These ejections are sometimes big enough to reach the Earth.

19

00:01:59,000 --> 00:02:07,000

Our planet's magnetic field is the only thing standing between us and fiery destruction.

20

00:02:07,000 --> 00:02:10,000

The images are made available on the internet.

21

00:02:10,000 --> 00:02:20,000

A YouTube user identifying himself as Sinister examines them and discovers something astonishing.

22

00:02:20,000 --> 00:02:27,000

One solar burst reveals a strange rectangular object hovering in space near the planet Mercury.

23

00:02:27,000 --> 00:02:35,000

Its outcroppings bear a striking resemblance to the solar panels found on our own satellites and space stations.

24

00:02:35,000 --> 00:02:44,000

But there are no known spacecraft in the area making the Mercury object a bona fide UFO.

25

00:02:44,000 --> 00:02:53,000

Sinister posts his findings on the popular video site causing an instant sensation among ufologists and scientists alike.

26

00:02:53,000 --> 00:03:01,000

But this isn't the kind of attention NASA is looking for.

27

00:03:01,000 --> 00:03:03,000

Unsealed Case File.

28

00:03:03,000 --> 00:03:06,000

The Stereo Cover-Up.

29

00:03:06,000 --> 00:03:16,000

NASA claims the mysterious craft is in fact a solar filament, a massive jet of gas protruding out from the sun.

30

00:03:16,000 --> 00:03:23,000

Despite this scientific explanation, the agency then abruptly shuts down Stereo's image feed.

31

00:03:23,000 --> 00:03:30,000

In a statement, NASA explains that Stereo had gone into emergency sun reacquisition mode.

32

00:03:30,000 --> 00:03:35,000

And that they are working on the recovery of the spacecraft to normal mode.

33

00:03:35,000 --> 00:03:43,000

Why did NASA close the Stereo image feed a day after the Mercury UFO was revealed to the world?

34

00:03:43,000 --> 00:03:47,000

Were the agency's technical difficulties merely a coincidence?

35

00:03:47,000 --> 00:03:55,000

Or was it conducting its own study of the object far from the public eye?

36

00:03:55,000 --> 00:03:57,000

April 2012.

37

00:03:57,000 --> 00:04:12,000

Scientists with NASA's Solar and Heliospheric Observatory, or SOHO, are examining images taken during a recent study of our sun's activity when they spot something extraordinary.

38

00:04:12,000 --> 00:04:19,000

It's a massive, arm-like object unlike anything known to naturally occur in space.

39

00:04:19,000 --> 00:04:26,000

And on closer inspection, it bears an uncanny resemblance to a metallic space station.

40

00:04:26,000 --> 00:04:31,000

News of the discovery quickly spreads across the world.

41

00:04:31,000 --> 00:04:44,000

Experts are amazed not only by the object's enormous size, but also its ability to maintain structural integrity so close to the fiery hearts of our solar system.

42

00:04:44,000 --> 00:04:51,000

The alien station is only an estimated 400,000 miles from the sun's scorching surface.

43

00:04:51,000 --> 00:05:00,000

At that distance, even titanium melts. No known metal could withstand the intense heat.

44

00:05:00,000 --> 00:05:06,000

And heat isn't the only danger posed by the stellar giant.

45

00:05:06,000 --> 00:05:18,000

The sun emits intense radiation that makes extended missions within 1.3 million miles virtually impossible in craft constructed with any known materials.

46

00:05:18,000 --> 00:05:30,000

The closest any man-made object has come to the sun is the unmanned Helios-2 spacecraft that approached within 26 million miles.

47

00:05:30,000 --> 00:05:40,000

If the object really is an alien space station, then it is the product of an advanced technology almost beyond comprehension.

48

00:05:40,000 --> 00:05:53,000

But why are aliens so interested in our sun? Are they on a voyage of discovery? Or do they have another agenda?

49

00:05:53,000 --> 00:06:03,000

Recently, NASA satellites and telescopes have detected massive UFOs in close proximity to our sun.

50

00:06:03,000 --> 00:06:09,000

These objects were spotted by members of the public, viewing images on the internet.

51

00:06:09,000 --> 00:06:14,000

But the agency has since restricted access to its archive.

52

00:06:14,000 --> 00:06:19,000

Is NASA trying to cover up the presence of UFOs near the sun?

53

00:06:19,000 --> 00:06:30,000

And if they are there, what are they doing? Could their activities pose a danger to planet Earth?

54

00:06:30,000 --> 00:06:35,000

Unsealed case file. The Great Northeastern Blackout.

55

00:06:35,000 --> 00:06:38,000

November 9th, 1965.

56

00:06:38,000 --> 00:06:48,000

Hundreds in the American Northeast see a bright object that some describe as a dome-shaped fireball streaking across the sky.

57

00:06:48,000 --> 00:06:58,000

At the same time, a small aircraft flying near Tideout, Pennsylvania finds itself pursued by two UFOs.

58

00:06:58,000 --> 00:07:03,000

Air Force jets scramble to come to the aid of the beleaguered aircraft.

59

00:07:03,000 --> 00:07:10,000

They open fire on the objects, only to watch them fly off at an incredible rate of speed.

60

00:07:10,000 --> 00:07:17,000

In the space of an hour, UFOs have spread fear across much of the Northeast.

61

00:07:17,000 --> 00:07:24,000

But even this will be overshadowed by what happens next.

62

00:07:24,000 --> 00:07:32,000

Shortly after 5 p.m. Eastern Standard Time, a massive blackout strikes the Northeast United States and Canada,

63

00:07:32,000 --> 00:07:38,000

leaving 30 million people without power for up to 13 hours.

64

00:07:38,000 --> 00:07:46,000

Behind the scenes, it triggers the activation of the top-secret Mount Weather Emergency Facility in Virginia.

65

00:07:46,000 --> 00:07:53,000

It's an underground complex designed to house the president in the event of a nuclear attack.

66

00:07:53,000 --> 00:08:01,000

In the end, the blackout's cause is attributed to human error on the part of a power plant worker.

67

00:08:01,000 --> 00:08:10,000

But given the recent rash of UFO sightings near the sun, some experts now have a very different explanation for what happened.

68

00:08:10,000 --> 00:08:15,000

And it begins with the way the sun burns.

69

00:08:15,000 --> 00:08:26,000

The sun is a massive spheroid of mostly hydrogen and helium gas, held together by the immense gravitational pull of its core,

70

00:08:26,000 --> 00:08:34,000

resulting in a constant explosive release of radiation in a process known as nuclear fusion.

71

00:08:34,000 --> 00:08:44,000

One of the byproducts of nuclear fusion is Helium-3, an invisible substance scattered through the solar system by solar winds.

72

00:08:45,000 --> 00:08:52,000

The Earth's atmosphere prevents Helium-3 from reaching its surface, but the moon has no atmosphere.

73

00:08:52,000 --> 00:08:59,000

Its surface has been bombarded by a constant stream of Helium-3 for billions of years.

74

00:08:59,000 --> 00:09:08,000

And some experts believe this massive deposit could soon be the cause of the next great world conflict.

75

00:09:08,000 --> 00:09:17,000

That's because many scientists believe that Helium-3 could one day be used in nuclear fusion reactors here on Earth.

76

00:09:17,000 --> 00:09:25,000

The nation that controls the moon's supply of Helium-3 could one day control the world.

77

00:09:25,000 --> 00:09:32,000

NASA too is researching Helium-3 as a potential fuel for fusion-powered spacecraft,

78

00:09:32,000 --> 00:09:38,000

capable of traveling 10 times faster than any current technology.

79

00:09:38,000 --> 00:09:47,000

Could UFOs circling the sun be there to collect the abundant Helium-3 to refuel their spaceships?

80

00:09:47,000 --> 00:09:53,000

Theoretically, UFOs fueled in this manner would emit a powerful magnetic field.

81

00:09:53,000 --> 00:10:04,000

And some experts now believe it was this kind of field that disrupted the Northeastern power grid, causing the massive blackout of 1965.

82

00:10:04,000 --> 00:10:09,000

Are UFOs responsible for disabling our power grids?

83

00:10:09,000 --> 00:10:15,000

Some experts have a very different theory about why UFOs are visiting the sun.

84

00:10:15,000 --> 00:10:21,000

One that may lift the veil on an alleged widespread NASA conspiracy.

85

00:10:21,000 --> 00:10:28,000

To keep proof of their presence secret from the public.

86

00:10:28,000 --> 00:10:33,000

Unsealed case file. The Sun Divers.

87

00:10:33,000 --> 00:10:43,000

January 2010. NASA's twin stereo satellites, the same spacecraft that recorded the Mercury UFO in 2011,

88

00:10:43,000 --> 00:10:49,000

produce an astonishing series of images of massive, Earth-sized UFOs.

89

00:10:49,000 --> 00:11:01,000

Not only dangerously close to the sun, but actually diving beneath its scorching surface, and then bursting into space from within.

90

00:11:01,000 --> 00:11:09,000

Objects of such size and proximity to a star should be quickly pulled inside and destroyed.

91

00:11:09,000 --> 00:11:16,000

But these objects appear to defy one of the most powerful forces in the universe, with ease.

92

00:11:16,000 --> 00:11:24,000

The photos create an instant buzz among the UFO community, who demand answers.

93

00:11:24,000 --> 00:11:38,000

NASA responds, stating the central data recorder that stores all the playback data from all the missions failed, resulting in the photographic anomalies.

94

00:11:38,000 --> 00:11:45,000

The agency dismisses the sun-diving UFOs as a simple, technical glitch.

95

00:11:45,000 --> 00:11:56,000

But then, in a surprise move, NASA removes any official trace of the photos from the Internet, with no explanation.

96

00:11:56,000 --> 00:12:03,000

Why would NASA so quickly censor photos it deemed worthless? What are they trying to hide?

97

00:12:03,000 --> 00:12:08,000

And how long have these UFO acrobatics been going on?

98

00:12:08,000 --> 00:12:15,000

The answer may lie in a defining moment in one of history's greatest civilizations.

99

00:12:18,000 --> 00:12:26,000

Recent photographic evidence suggests UFOs have been flying closer to the sun than ever before.

100

00:12:26,000 --> 00:12:37,000

Some experts believe it may be a source of alien fuel. Others suspect their connection goes back thousands of years.

101

00:12:37,000 --> 00:12:46,000

Many ancient cultures worshiped the sun, but one ruler took that devotion to a whole new level.

102

00:12:46,000 --> 00:12:57,000

He was Akhenaten, pharaoh of ancient Egypt during the mid-14th century BC, and husband of the legendary Queen Nefertiti.

103

00:12:57,000 --> 00:13:10,000

At the time of his ascension to the throne, ancient Egyptians worshipped an array of gods and goddesses, each associated with a particular aspect of daily life.

104

00:13:10,000 --> 00:13:23,000

But Akhenaten replaced all of these with just one, Atan, the sun god, and decreed the people must worship him and him alone.

105

00:13:23,000 --> 00:13:33,000

What's fascinating about Atan is you have this powerful being that comes out of seemingly nowhere, replaces the pantheon of the old gods of Egypt,

106

00:13:33,000 --> 00:13:47,000

and takes over and gives his blessings to Akhenaten. Why would he choose Akhenaten, and why would

Akhenaten choose to change an entire system of belief thousands of years old, just in the blink of an eye?

107

00:13:47,000 --> 00:13:58,000

It was a shocking break with thousands of years of religious tradition, but this wasn't the only remarkable thing about King Akhenaten.

108

00:13:59,000 --> 00:14:13,000

There's some connection between him and this deity, and if we believe in the idea that Atan was some sort of extraterrestrial being, then perhaps Akhenaten was actually offspring.

109

00:14:13,000 --> 00:14:22,000

For thousands of years, Egyptian pharaohs were depicted in art in a very similar fashion. But Akhenaten was strikingly different.

110

00:14:23,000 --> 00:14:39,000

His skull and features were elongated. His body shape, unlike anything seen before or since. Many experts have tried to explain these features as the result of hydrocephaly or excess water on the brain.

111

00:14:39,000 --> 00:14:43,000

But ufologists have a very different theory.

112

00:14:44,000 --> 00:14:52,000

Akhenaten was the husband of Nefertiti and the father of Tutankhamun. But UFO theorists today call him the alien king.

113

00:14:52,000 --> 00:15:10,000

The resemblance between the ancient king and modern eyewitness descriptions of aliens is uncanny. Further evidence of the alien-Egyptian connection can be found at the Temple of Seti in Abidus, built 50 years after Akhenaten's death.

114

00:15:11,000 --> 00:15:18,000

In the Temple of Seti, there were hieroglyphics that were discovered that highly resemble flying machines on the temple wall.

115

00:15:18,000 --> 00:15:33,000

Was Atan, the sun god and alien, and the sun-worshipping pharaoh Akhenaten really an extraterrestrial hybrid? If so, his heirs would carry alien blood in their veins.

116

00:15:34,000 --> 00:15:42,000

Could their descendants still walk the earth today, living proof of an ancient alien race?

117

00:15:42,000 --> 00:15:51,000

According to scientists at the Swiss DNA Genealogy Center, Aegeania, the answer is yes.

118

00:15:52,000 --> 00:16:04,000

A recent study has proven that up to 70% of British men and half of all Western European men are related to the Egyptian pharaoh Tutankhamun.

119

00:16:04,000 --> 00:16:16,000

This means more than 50% of all men in Western Europe may share a common ancestor, the alleged alien hybrid sun king, Akhenaten.

120

00:16:17,000 --> 00:16:32,000

NASA images have revealed strange objects that may be massive, planet-sized UFOs plunging through the surface of the sun, only to later burst back out into space.

121

00:16:32,000 --> 00:16:40,000

Some experts believe extraterrestrials are using the sun as a refueling station for their UFOs.

122

00:16:41,000 --> 00:16:51,000

But new pictures taken by NASA's solar observatory spacecraft, SOHO, may hold the key to the greatest UFO question of our time.

123

00:16:51,000 --> 00:17:03,000

It's an enormous hole appearing in the surface of the sun, and some experts think this hole may be where the massive sun-diving UFOs are disappearing.

124

00:17:04,000 --> 00:17:16,000

They believe the hole is in fact an interstellar portal through which UFOs pass to emerge through a similar portal in a star somewhere else in the galaxy.

125

00:17:16,000 --> 00:17:23,000

In this way, UFOs can travel vast interstellar distances in the blink of an eye.

126

00:17:24,000 --> 00:17:34,000

And with an estimated 300 billion stars in the Milky Way galaxy alone, the possible destinations are virtually limitless.

127

00:17:35,000 --> 00:17:45,000

If this is true, then one of Earth's greatest ancient civilizations may be directly linked to aliens from another star system,

128

00:17:46,000 --> 00:18:01,000

which leads some experts to think that one day we may discover that our true home isn't here on Earth at all, but rather somewhere else in a galaxy on the other side of the universe.

129

00:18:04,000 --> 00:18:11,000

This is Unsealed Alien Files, exposing the biggest secret on planet Earth.

130

00:18:15,000 --> 00:18:17,000

.
