

1

00:00:00,000 --> 00:00:10,000

Each year, thousands of people worldwide experience close encounters with UFOs.

2

00:00:10,000 --> 00:00:18,000

They report the same kind of craft, the usual cigar shape, saucer shape, triangle shape,

3

00:00:18,000 --> 00:00:21,280

ships that you can see through.

4

00:00:21,280 --> 00:00:24,540

What are these different kinds of UFOs?

5

00:00:24,540 --> 00:00:26,480

What is their purpose?

6

00:00:26,480 --> 00:00:32,480

The study and classification of UFOs represents a new frontier for science.

7

00:00:32,480 --> 00:00:40,480

Join us as we investigate key types of UFOs and reveal that most sightings may just be

8

00:00:40,480 --> 00:00:46,480

the tip of the iceberg on Unsealed Alien Files.

9

00:00:46,480 --> 00:00:48,480

A global effort has begun.

10

00:00:48,480 --> 00:00:55,480

Secret files hidden from the public for decades, detailing every UFO account, are now available

11

00:00:55,480 --> 00:00:56,480

to the public.

12

00:00:56,480 --> 00:01:01,480

We are about to uncover the truth behind these classified documents.

13

00:01:01,480 --> 00:01:04,480

Find out what the government doesn't want you to know.

14

00:01:04,480 --> 00:01:08,480

Unsealed Alien Files.

15

00:01:08,480 --> 00:01:12,480

Exposing the biggest secret on planet Earth.

16

00:01:12,480 --> 00:01:17,480

Socorro, New Mexico, April 24, 1964.

17

00:01:17,480 --> 00:01:23,480

Officer Lonnie Zamora is chasing a speeding car when he spots a massive flame bursting

18

00:01:23,480 --> 00:01:26,480

into the sky near a local dynamite shack.

19

00:01:26,480 --> 00:01:30,480

It's followed by a deafening roar.

20

00:01:30,480 --> 00:01:37,480

Fearing an explosion, Zamora abandons his highway pursuit and sets out into the desert to investigate.

21

00:01:37,480 --> 00:01:43,480

There, he will have an extraordinary close encounter with an iconic object in one of

22

00:01:43,480 --> 00:01:47,480

the best documented UFO sightings in history.

23

00:01:47,480 --> 00:01:49,480

Unsealed Case File.

24

00:01:49,480 --> 00:01:53,480

The Lonnie Zamora Incident.

25

00:01:53,480 --> 00:01:59,480

Zamora spots a large metallic object that at first glance appears to be an overturned

26

00:01:59,480 --> 00:02:07,480

car, but on closer examination, it's like aluminum and shaped like a letter O.

27

00:02:07,480 --> 00:02:13,480

Standing next to it are two small figures in white overalls that he at first takes to be

28

00:02:13,480 --> 00:02:17,480

small adults or possibly children.

29

00:02:17,480 --> 00:02:21,480

Lonnie Zamora gets out of his car to question the mysterious pair.

30

00:02:21,480 --> 00:02:26,480

Suddenly, he's startled by the same deafening roar from minutes earlier.

31

00:02:26,480 --> 00:02:31,480

A flame bursts from beneath the object, lifting it into the air.

32

00:02:31,480 --> 00:02:38,480

It passes over his head and disappears into the distance.

33

00:02:38,480 --> 00:02:44,480

Following the encounter, Lonnie Zamora provides the FBI with one of the most detailed descriptions

34

00:02:44,480 --> 00:02:47,480

of a UFO on record.

35

00:02:47,480 --> 00:02:55,480

The agents are impressed by his sincerity, yet they cannot explain his observations.

36

00:02:55,480 --> 00:03:04,480

Zamora describes a craft the world has come to know as a flying saucer.

37

00:03:04,480 --> 00:03:10,480

It's a term coined in 1947 by pilot Kenneth Arnold, who reported a swarm of disc-shaped

38

00:03:10,480 --> 00:03:15,480

UFOs in the sky near Mount Rainier, Washington.

39

00:03:15,480 --> 00:03:21,480

The experienced flyer estimated their speed at 1,700 miles per hour.

40

00:03:21,480 --> 00:03:27,480

Reports of extreme velocities are common to saucer sightings, along with twists and turns

41

00:03:27,480 --> 00:03:31,480

that defy physical laws.

42

00:03:31,480 --> 00:03:35,480

September 15, 1991.

43

00:03:35,480 --> 00:03:41,480

The Space Shuttle Discovery captures stunning video evidence of a flying saucer flying over Australia

44

00:03:41,480 --> 00:03:46,480

at an estimated speed of 54,000 miles per hour.

45

00:03:46,480 --> 00:03:54,480

Any in-flight maneuvers at this velocity would generate G-forces far beyond the realm of human endurance.

46

00:03:54,480 --> 00:04:02,480

In addition to their lightning speed, flying saucers are infamous for their involvement in cases of human abduction.

47

00:04:02,480 --> 00:04:13,480

Many victims are subjected to cruelly invasive medical examinations and even surgery in on-board operating rooms.

48

00:04:13,480 --> 00:04:20,480

The first modern documented flying saucer abduction happened in rural New Hampshire in 1961.

49

00:04:20,480 --> 00:04:25,480

Betty and Barney Hill claim they were driving at night when they were abducted,

50

00:04:25,480 --> 00:04:31,480

and taken aboard a craft Barney would later describe as pancake shaped.

51

00:04:31,480 --> 00:04:39,480

Later, under hypnosis, both claim that while on board, they underwent extensive medical examinations.

52

00:04:39,480 --> 00:04:46,480

Since then, thousands all over the world have come forward with similar claims.

53

00:04:46,480 --> 00:04:53,480

Could the flying saucer be designed to conduct these lightning fast abductions and medical procedures?

54

00:04:53,480 --> 00:04:56,480

Is it a kind of scientific research ship?

55

00:04:56,480 --> 00:05:04,480

And if it is, are the many other kinds of UFOs designed for a specific purpose as well?

56

00:05:04,480 --> 00:05:13,480

For decades, eye witnesses all over the world have reported encounters with UFOs of all shapes and sizes.

57

00:05:13,480 --> 00:05:16,480

But what are the secrets behind each type?

58

00:05:16,480 --> 00:05:20,480

And are some more dangerous than others?

59

00:05:20,480 --> 00:05:22,480

Unsealed case file.

60

00:05:22,480 --> 00:05:25,480

The Randallsham Forest Incident.

61

00:05:25,480 --> 00:05:30,480

Ipswich, England. December 26th, 1980.

62

00:05:30,480 --> 00:05:36,480

American airmen stationed at the twin RAF Bentwaters and RAF Woodbridge air bases

63

00:05:36,480 --> 00:05:40,480

see strange lights emanating from nearby Randallsham Forest.

64

00:05:40,480 --> 00:05:45,480

John Burroughs and Jim Peniston, together with some other military personnel,

65

00:05:45,480 --> 00:05:52,480

sought permission to go out into the forest to investigate what they initially thought was a crashed aircraft.

66

00:05:52,480 --> 00:05:58,480

When Burroughs and Peniston approached the site, they found, in a small clearing,

67

00:05:58,480 --> 00:06:03,480

not a crashed aircraft, but a landed UFO.

68

00:06:03,480 --> 00:06:06,480

It's a black, triangular-shaped craft.

69

00:06:06,480 --> 00:06:12,480

The security team claimed to have approached close enough to make note of strange markings on the hull

70

00:06:12,480 --> 00:06:16,480

that resemble Egyptian hieroglyphics.

71

00:06:16,480 --> 00:06:20,480

The men quickly returned to base to report what they found.

72

00:06:20,480 --> 00:06:26,480

But when another patrol is dispatched, they find nothing more than three indentations in the ground

73

00:06:26,480 --> 00:06:31,480

where the UFO once stood, possibly left by the craft's landing gear.

74

00:06:31,480 --> 00:06:37,480

A Geiger counter picks up heightened levels of radiation in the small depressions.

75

00:06:37,480 --> 00:06:42,480

News of the sighting spreads like wildfire throughout the UFO community.

76

00:06:42,480 --> 00:06:47,480

Lieutenant Colonel Charles Halt, the deputy base commander, is skeptical at first,

77

00:06:47,480 --> 00:06:54,480

until he receives word two days later that the black triangle has returned.

78

00:06:54,480 --> 00:07:00,480

Colonel Halt threw together a small team of men and went out into the forest to investigate.

79

00:07:00,480 --> 00:07:10,480

In Colonel Halt's words, he went out there to try and put this whole business to bed to debunk this UFO nonsense.

80

00:07:10,480 --> 00:07:18,480

Colonel Halt was not able to debunk this UFO nonsense because he himself ended up seeing the UFO.

81

00:07:18,480 --> 00:07:28,480

Colonel Halt routinely carried with him a handheld tape recorder on which it was his custom and practice

82

00:07:28,480 --> 00:07:32,480

to record his observations and thoughts.

83

00:07:32,480 --> 00:07:37,480

This classic recording reveals the veteran military man driven to a state of near panic

84

00:07:37,480 --> 00:07:41,480

by a close encounter of the second kind.

85

00:07:41,480 --> 00:07:46,480

I see it too. It's coming this way. It looks like a high winking at you.

86

00:07:46,480 --> 00:07:49,480

He's coming towards us now.

87

00:07:49,480 --> 00:07:53,480

We're observing a very big thing coming down to the ground.

88

00:07:53,480 --> 00:08:00,480

Despite this compelling evidence, the British government blames the incident on an atmospheric phenomenon

89

00:08:00,480 --> 00:08:06,480

known as charged plasma, which creates an electrical field that can induce hallucinations

90

00:08:06,480 --> 00:08:10,480

and other psychological effects in those nearby.

91

00:08:10,480 --> 00:08:15,480

Was the Rendlesham incident really just a trick of the light?

92

00:08:15,480 --> 00:08:20,480

Black triangles have appeared many times in the years since Rendlesham Forest,

93

00:08:20,480 --> 00:08:23,480

inducing similar hallucinatory visions.

94

00:08:23,480 --> 00:08:31,480

This has led some experts to conclude that the bizarre phenomena are in fact generated by the black triangles themselves

95

00:08:31,480 --> 00:08:34,480

to keep their presence secret.

96

00:08:34,480 --> 00:08:40,480

But our strange visions, all we have to fear from UFOs.

97

00:08:40,480 --> 00:08:45,480

Dayton, Texas, December 29th, 1980.

98

00:08:45,480 --> 00:08:52,480

Betty Cash, Vicky Landrum and Landrum's grandson Colby are cruising a rural highway at night,

99

00:08:52,480 --> 00:08:58,480

when out of nowhere, a bright diamond-shaped object appears above their car.

100

00:08:58,480 --> 00:09:08,480

They stop and get out for a better view, only to allegedly experience a wall of blazing heat emanating from the UFO.

101

00:09:08,480 --> 00:09:13,480

Moments later, a fleet of unmarked helicopters arrive overhead.

102

00:09:13,480 --> 00:09:19,480

The UFO quickly disappears into the night, followed by the helicopters in hot pursuit,

103

00:09:19,480 --> 00:09:24,480

bringing no attention to the victims below.

104

00:09:24,480 --> 00:09:28,480

Over the next few days, the women begin to feel ill.

105

00:09:28,480 --> 00:09:34,480

They show signs of severe sunburn and experience hair loss.

106

00:09:34,480 --> 00:09:38,480

Cash's symptoms worsen until she can't walk.

107

00:09:38,480 --> 00:09:41,480

She loses patches of skin and hair.

108

00:09:41,480 --> 00:09:47,480

Two weeks after the incident, she is admitted to hospital for 12 days.

109

00:09:47,480 --> 00:09:49,480

Their medical prognosis?

110

00:09:49,480 --> 00:09:56,480

Doctors conclude all three victims were exposed to a form of ionizing radiation.

111

00:09:56,480 --> 00:10:02,480

The Cash-Landrum incident will become one of the best documented alien encounters in history.

112

00:10:02,480 --> 00:10:06,480

But many disturbing questions remain.

113

00:10:06,480 --> 00:10:10,480

What was the source of their radiation burns?

114

00:10:10,480 --> 00:10:14,480

If their encounter with the diamond-shaped UFO was simply an accident,

115

00:10:14,480 --> 00:10:21,480

good exposure to the UFO's propulsion system have caused the radiation sickness.

116

00:10:21,480 --> 00:10:26,480

But while most UFO sightings are of single, smaller spaceships,

117

00:10:26,480 --> 00:10:34,480

there is another more ominous class of spaceships that strike fear in the hearts of all who witness them.

118

00:10:34,480 --> 00:10:41,480

For decades, UFO encounters have spread fear and anxiety all over the world.

119

00:10:41,480 --> 00:10:46,480

But these aren't the only type of craft identified in eyewitness reports.

120

00:10:46,480 --> 00:10:50,480

There is another breed of spacecraft seen in our skies,

121

00:10:50,480 --> 00:10:54,480

one that may represent the greatest threat of all.

122

00:10:54,480 --> 00:10:56,480

Unsealed Case File

123

00:10:56,480 --> 00:10:59,480

The Battle of Los Angeles

124

00:10:59,480 --> 00:11:03,480

Los Angeles, June 14, 1992

125

00:11:03,480 --> 00:11:09,480

Dozens of witnesses report multiple UFOs in the night sky over Santa Monica Bay.

126

00:11:09,480 --> 00:11:16,480

But in a strange twist, they say the objects didn't enter the city's airspace from above.

127

00:11:16,480 --> 00:11:19,480

They rose out of the ocean.

128

00:11:19,480 --> 00:11:26,480

And it's not the first time a UFO threat has appeared over the waters of Los Angeles.

129

00:11:26,480 --> 00:11:29,480

February, 1942.

130

00:11:29,480 --> 00:11:33,480

America has just entered the Second World War.

131

00:11:33,480 --> 00:11:39,480

In the early hours of February 25, a strange aircraft appears over the city,

132

00:11:39,480 --> 00:11:41,480

fearing a Japanese attack.

133

00:11:41,480 --> 00:11:45,480

Anti-aircraft batteries immediately open fire.

134

00:11:45,480 --> 00:11:52,480

Thousands of witnesses watch as the U.S. military fires over a thousand rounds at the hovering UFO.

135

00:11:52,480 --> 00:11:57,480

But the craft is unaffected, and then, as quickly as it appeared,

136

00:11:57,480 --> 00:12:01,480

it vanishes into the night without a trace.

137

00:12:01,480 --> 00:12:06,480

The incident becomes known as the Battle of Los Angeles.

138

00:12:06,480 --> 00:12:12,480

But in the aftermath, the Navy dismisses the idea that any battle happened at all.

139

00:12:12,480 --> 00:12:19,480

They claim the UFO was only a weather balloon, and consider the case closed.

140

00:12:19,480 --> 00:12:24,480

The Battle of Los Angeles marked the city's first recorded UFO sighting.

141

00:12:24,480 --> 00:12:26,480

But it wouldn't be the last.

142

00:12:26,480 --> 00:12:33,480

Over the decades that follow, Los Angeles will become one of the world's most active UFO hotspots,

143

00:12:33,480 --> 00:12:38,480

experiencing threats from above and below its coastal waters.

144

00:12:38,480 --> 00:12:45,480

The fascinating thing is, it might mean there's an underwater base in the Pacific Ocean,

145

00:12:45,480 --> 00:12:51,480

or in Santa Monica Bay, or in the Redondo Trench, off Southern California.

146

00:12:51,480 --> 00:12:54,480

That has tremendous implications, because when people say,

147

00:12:54,480 --> 00:12:59,480

how do UFOs get back and forth from outer space, the answer is, they don't.

148

00:12:59,480 --> 00:13:01,480

They're right here in LA.

149

00:13:01,480 --> 00:13:06,480

Compelling evidence of such an installation would surface in 2010

150

00:13:06,480 --> 00:13:12,480

in the form of a National Science Foundation photo of the seafloor off Catalina Island.

151

00:13:12,480 --> 00:13:17,480

Many scientists, however, have dismissed the dome-shaped structures

152

00:13:17,480 --> 00:13:21,480

as naturally occurring volcanic formations.

153

00:13:21,480 --> 00:13:28,480

But ufologists believe there could be something else lurking beneath the waves off Southern California,

154

00:13:28,480 --> 00:13:33,480

launching UFOs into the skies over Los Angeles.

155

00:13:33,480 --> 00:13:38,480

Unsealed case file, the Stephenville Mothership.

156

00:13:38,480 --> 00:13:43,480

Stephenville, Texas, January 8, 2008.

157

00:13:43,480 --> 00:13:49,480

Multiple eyewitnesses report strange lights in the sky over the small town.

158

00:13:49,480 --> 00:13:52,480

Steve Allen is piloting a private plane.

159

00:13:52,480 --> 00:13:59,480

He too sees the lights, describing them as glowing orbs, and they're not alone.

160

00:13:59,480 --> 00:14:05,480

The orbs appear to be flying in formation before a massive UFO.

161

00:14:05,480 --> 00:14:13,480

The pilot estimates the UFO to be an astounding mile and a half long and half a mile wide.

162

00:14:13,480 --> 00:14:19,480

Ufologists will dub this type of massive craft, a mothership.

163

00:14:19,480 --> 00:14:25,480

Rick Sorrells is hunting when the mothership appears just 300 feet over his head.

164

00:14:25,480 --> 00:14:31,480

He describes it as a seamless metal craft with strange indentations along the bottom,

165

00:14:31,480 --> 00:14:36,480

which he recalls being at least three football fields long.

166

00:14:36,480 --> 00:14:40,480

Sorrells later goes public with what he has seen, stating,

167

00:14:40,480 --> 00:14:42,480

I hope it's our military.

168

00:14:42,480 --> 00:14:46,480

If it's not ours, then we're in trouble.

169

00:14:46,480 --> 00:14:52,480

According to pilot Steve Allen, the military was well aware of the gargantuan UFO.

170

00:14:52,480 --> 00:15:00,480

During his encounter, he spotted two fighter jets in pursuit of the craft and the accompanying orbs.

171

00:15:00,480 --> 00:15:04,480

The Aviation Administration radar records back up the eyewitness reports,

172

00:15:04,480 --> 00:15:08,480

revealing tremendous activity in the area that evening.

173

00:15:08,480 --> 00:15:12,480

But the U.S. military later tells a very different story.

174

00:15:12,480 --> 00:15:16,480

It claims to be unaware of any activity in the area,

175

00:15:16,480 --> 00:15:22,480

and mounting evidence is casting a shadow of doubt on this sweeping denial.

176

00:15:22,480 --> 00:15:29,480

Rick Sorrells has since claimed that he was threatened and harassed by a number of government agencies

177

00:15:29,480 --> 00:15:32,480

after going public with his story.

178

00:15:32,480 --> 00:15:37,480

And an independent mutual UFO network study of the events reveals,

179

00:15:37,480 --> 00:15:42,480

the radar report clearly demonstrates that there are in fact unknown craft

180

00:15:42,480 --> 00:15:46,480

with superior flight capabilities far beyond known technology,

181

00:15:46,480 --> 00:15:51,480

operating and moving at will within controlled airspace.

182

00:15:51,480 --> 00:15:58,480

MUFON also claims that radar records had been deleted from military planes in the area that night.

183

00:15:58,480 --> 00:16:03,480

Was the giant Steventville UFO in fact a mothership?

184

00:16:03,480 --> 00:16:09,480

Could there be another huge spacecraft lurking in the waters off Southern California?

185

00:16:09,480 --> 00:16:17,480

And if so, how many of these spacecraft and their satellite vessels are threatening the world's skies?

186

00:16:19,480 --> 00:16:25,480

Flying saucers, black triangles and gigantic motherships

187

00:16:25,480 --> 00:16:28,480

have been reported in skies all over the world.

188

00:16:28,480 --> 00:16:33,480

But shocking new evidence has revealed the extent of alien activity overhead

189

00:16:33,480 --> 00:16:37,480

may be greater than we have ever imagined.

190

00:16:39,480 --> 00:16:42,480

May 5th, 2004.

191

00:16:42,480 --> 00:16:47,480

A Mexican Air Force aircraft is on the hunt for drug smuggling planes

192

00:16:47,480 --> 00:16:52,480

when its infrared sensors detect an object invisible to the naked eye.

193

00:16:52,480 --> 00:16:57,480

The pilots pursue the object, but just as they close in,

194

00:16:57,480 --> 00:17:05,480

the object takes off at lightning speed, only to return moments later and do the unthinkable.

195

00:17:05,480 --> 00:17:08,480

It begins to pursue the Mexican aircraft.

196

00:17:08,480 --> 00:17:12,480

The hunters have become the hunted.

197

00:17:12,480 --> 00:17:16,480

The cruise sphere grows when another object appears on the infrared sensor,

198

00:17:16,480 --> 00:17:18,480

and then another.

199

00:17:18,480 --> 00:17:25,480

Soon they find themselves pursued by no fewer than 11 otherwise invisible UFOs.

200

00:17:25,480 --> 00:17:32,480

Luckily, the UFOs break off their pursuit, and the pilots manage to return to their base unharmed.

201

00:17:32,480 --> 00:17:40,480

But knowing, they will soon have to return to a sky that may be filled with invisible UFOs.

202

00:17:40,480 --> 00:17:43,480

Air, air, air.

203

00:17:43,480 --> 00:17:48,480

If extraterrestrials are employing a sophisticated cloaking technology,

204

00:17:48,480 --> 00:17:53,480

there's no telling how many spaceships are populating our skies overhead.

205

00:17:55,480 --> 00:17:59,480

Is the average UFO encounter only a scout ship?

206

00:17:59,480 --> 00:18:05,480

Is international airspace just a parking lot teeming with cloaked alien motherships?

207

00:18:05,480 --> 00:18:13,480

It's a disturbing thought that leaves many people worldwide, looking nervously skyward.

208

00:18:15,480 --> 00:18:22,480

This is Unsealed Alien Files, exposing the biggest secret on planet Earth.
