

1

00:00:00,000 --> 00:00:02,000

What are UFOs?

2

00:00:02,100 --> 00:00:05,940

Are they spacecraft or vessels of a different kind

3

00:00:06,040 --> 00:00:09,780

from a place beyond imagination?

4

00:00:09,880 --> 00:00:13,440

Do they travel vast distances to reach planet Earth?

5

00:00:13,540 --> 00:00:17,480

And do they come in peace or to conquer?

6

00:00:17,580 --> 00:00:19,720

Many who have encountered extraterrestrials,

7

00:00:19,820 --> 00:00:22,420

whether during an abduction or maybe a sighting,

8

00:00:22,520 --> 00:00:25,420

feel that whatever entities are visiting Earth

9

00:00:25,520 --> 00:00:27,000

are violent and miniature.

10

00:00:27,100 --> 00:00:29,700

From mysterious planets at the edge of the Earth,

11

00:00:29,760 --> 00:00:31,700

to the edge of the solar system,

12

00:00:31,800 --> 00:00:35,900

to epic journeys beyond the boundaries of time and space.

13

00:00:36,000 --> 00:00:40,640

Join us as the secret origins of alien visitors

14

00:00:40,740 --> 00:00:41,600

are unsealed.

15

00:00:44,540 --> 00:00:46,580

A global effort has begun.

16

00:00:46,680 --> 00:00:49,920

Secret files hidden from the public for decades,

17

00:00:50,020 --> 00:00:54,460

detailing every UFO account, are now available to the public.

18

00:00:54,560 --> 00:00:56,420

We are about to uncover the truth

19

00:00:56,520 --> 00:00:59,220

behind these classified documents.

20

00:00:59,240 --> 00:01:02,320

Now, what the government doesn't want you to know?

21

00:01:02,420 --> 00:01:07,620

Unsealed, alien files exposing the biggest secret

22

00:01:07,720 --> 00:01:09,820

on planet Earth.

23

00:01:09,920 --> 00:01:14,660

The English Channel, April 23rd, 2007.

24

00:01:14,760 --> 00:01:18,240

A small passenger plane is in flight from the English Seaside

25

00:01:18,340 --> 00:01:22,500

City of Southampton to the island of Aldemi.

26

00:01:22,600 --> 00:01:26,740

Pilot Ray Boyer is shocked to see a massive craft hovering

27

00:01:26,760 --> 00:01:30,640

in the distance, giving off an intense glow.

28

00:01:30,740 --> 00:01:34,840

Drawing closer, Boyer is shocked to see a second, identical

29

00:01:34,940 --> 00:01:37,780

object appear behind the first.

30

00:01:37,880 --> 00:01:40,520

There is no doubt in his mind that the objects

31

00:01:40,620 --> 00:01:43,060

are not of this Earth.

32

00:01:43,160 --> 00:01:45,960

Passengers on the aircraft see them as well.

33

00:01:46,060 --> 00:01:48,600

After 15 breathless minutes, the plane

34

00:01:48,700 --> 00:01:52,500

descends to its destination, and the UFOs disappear

35

00:01:52,600 --> 00:01:55,300

behind a ceiling of clouds.

36

00:01:55,320 --> 00:01:57,460

Boyer immediately reports the encounter

37

00:01:57,560 --> 00:02:00,100

to the British Civil Aviation Authority.

38

00:02:00,200 --> 00:02:03,840

He later learns the UFOs were seen by a second aircraft

39

00:02:03,940 --> 00:02:06,880

and two witnesses on the ground.

40

00:02:06,980 --> 00:02:10,140

The forensic examination of the area's radar records

41

00:02:10,240 --> 00:02:11,920

is inconclusive.

42

00:02:12,020 --> 00:02:18,120

Where the UFOs came from and where they went remain a mystery.

43

00:02:18,220 --> 00:02:20,760

How could two giant UFOs penetrate

44

00:02:20,860 --> 00:02:24,320

some of the busiest airspace in the world without warning?

45

00:02:24,380 --> 00:02:28,520

And then disappear without a trace.

46

00:02:28,620 --> 00:02:30,320

The universe.

47

00:02:30,420 --> 00:02:35,060

It's made up of over 100 billion far-flung galaxies.

48

00:02:35,160 --> 00:02:39,100

We live in the Milky Way galaxy, which alone contains

49

00:02:39,200 --> 00:02:42,260

up to 400 billion stars.

50

00:02:42,360 --> 00:02:44,960

The nearest star to our own solar system

51

00:02:45,060 --> 00:02:50,140

is called Proxima Centauri, and it's 4.2 light years away,

52

00:02:50,240 --> 00:02:53,140

which means that even at the speed of light,

53

00:02:53,200 --> 00:02:56,460

it would take over four years to travel from there

54

00:02:56,560 --> 00:02:58,940

to our planet.

55

00:02:59,040 --> 00:03:01,740

Are spacecraft traveling across endless reaches

56

00:03:01,840 --> 00:03:05,580

of interstellar space just to explore the Earth?

57

00:03:05,680 --> 00:03:10,680

Or do they originate much closer to home?

58

00:03:10,780 --> 00:03:13,380

For decades, NASA has captured images

59

00:03:13,480 --> 00:03:17,780

of strange, unexplained objects hovering in space.

60

00:03:17,880 --> 00:03:21,960

And over the past 20 years, the two Voyager spacecraft

61

00:03:22,020 --> 00:03:24,920

have been blazing a new celestial frontier,

62

00:03:25,020 --> 00:03:27,660

sending back pictures and data from the outer

63

00:03:27,760 --> 00:03:30,720

reaches of our solar system.

64

00:03:30,820 --> 00:03:37,060

Launched in 1977, Voyager 1 has traveled over 12 billion miles,

65

00:03:37,160 --> 00:03:39,500

passing beyond the realm of the planets

66

00:03:39,600 --> 00:03:43,940

and through the Kuiper Belt, a vast ring of over 100,000

67

00:03:44,040 --> 00:03:47,640

planetoids and smaller bodies, any one of which

68

00:03:47,740 --> 00:03:51,240

could be home to an alien base.

69

00:03:51,260 --> 00:03:54,600

Beyond the Kuiper Belt is the Oort Cloud,

70

00:03:54,700 --> 00:03:57,940

comprised of trillions of icy bodies, which sometimes

71

00:03:58,040 --> 00:04:01,180

fall toward the sun as comets.

72

00:04:01,280 --> 00:04:04,940

Recently, scientists at the University of Louisiana

73

00:04:05,040 --> 00:04:08,820

claimed to have located a mysterious object four times

74

00:04:08,920 --> 00:04:12,620

larger than Jupiter, lurking beyond the Oort Cloud,

75

00:04:12,720 --> 00:04:14,720

the gravity of which they believe

76

00:04:14,820 --> 00:04:17,120

is responsible for launching comets

77

00:04:17,220 --> 00:04:20,060

on their journey toward the sun.

78

00:04:20,120 --> 00:04:23,280

But what is this mysterious world?

79

00:04:23,380 --> 00:04:26,560

Rumors of a phantom planet in the outer rim of our solar

80

00:04:26,660 --> 00:04:31,100

system date back to 1846 and the discovery

81

00:04:31,200 --> 00:04:33,560

of the planet Neptune.

82

00:04:33,660 --> 00:04:37,300

Astronomers later detected slight deviations in its orbit,

83

00:04:37,400 --> 00:04:39,380

and that of the planet Uranus that

84

00:04:39,480 --> 00:04:41,640

hinted at the presence of another world,

85

00:04:41,740 --> 00:04:44,640

somewhere in the outer darkness tugging at them

86

00:04:44,740 --> 00:04:46,480

with its gravity.

87

00:04:46,500 --> 00:04:51,080

It would become known as Planet X.

88

00:04:51,180 --> 00:04:55,340

In 1930, Pluto was discovered, and for decades,

89

00:04:55,440 --> 00:04:57,780

many believed the mystery of Planet X

90

00:04:57,880 --> 00:04:59,960

had at last been solved.

91

00:05:00,060 --> 00:05:02,980

But in 1978, scientists determined

92

00:05:03,080 --> 00:05:08,360

Pluto was too small to affect the orbits of Uranus and Neptune.

93

00:05:08,460 --> 00:05:12,060

In 2009, the International Astronomical Union

94

00:05:12,160 --> 00:05:16,060

demoted Pluto to the status of a dwarf planet.

95

00:05:16,120 --> 00:05:20,680

And so the search for Planet X continues.

96

00:05:20,780 --> 00:05:24,000

Could this gigantic cosmic body at the outer edge

97

00:05:24,100 --> 00:05:27,860

of explored space be the legendary Planet X?

98

00:05:27,960 --> 00:05:32,600

And is it a launch pad for UFOs we see here on Earth?

99

00:05:32,700 --> 00:05:36,360

Or must we follow Voyager 1 that just passed out

100

00:05:36,460 --> 00:05:39,200

of our solar system and look even deeper

101

00:05:39,300 --> 00:05:41,840

into the vastness of interstellar space?

102

00:05:42,580 --> 00:05:45,220

Millions of people around the world

103

00:05:45,320 --> 00:05:48,220

have reported encounters with UFOs.

104

00:05:48,320 --> 00:05:53,420

But if aliens exist, where are they coming from?

105

00:05:53,520 --> 00:06:00,260

Unsealed case file, Betty and Barney Hill, New Hampshire,

106

00:06:00,360 --> 00:06:03,800

September 19, 1961.

107

00:06:03,900 --> 00:06:06,360

Betty and Barney Hill are driving along

108

00:06:06,460 --> 00:06:08,500

through the New England countryside

109

00:06:08,600 --> 00:06:11,140

when they first discovered the planet.

110

00:06:11,540 --> 00:06:15,980

When they find themselves pursued by a mysterious craft,

111

00:06:16,080 --> 00:06:20,380

what happens next will change the course of history.

112

00:06:20,480 --> 00:06:22,480

A light lands on the road with what

113

00:06:22,580 --> 00:06:25,320

looks like small creatures standing near.

114

00:06:25,420 --> 00:06:28,460

Then the hill suddenly realize they have arrived

115

00:06:28,560 --> 00:06:31,400

in their own driveway, and they cannot account

116

00:06:31,500 --> 00:06:33,700

for the missing time.

117

00:06:33,800 --> 00:06:37,140

But the details of what happened inside the alien craft

118

00:06:37,160 --> 00:06:41,540

are only revealed years later under hypnosis.

119

00:06:41,640 --> 00:06:43,900

Searching their subconscious memories,

120

00:06:44,000 --> 00:06:46,140

the couple provides a detailed description

121

00:06:46,240 --> 00:06:47,840

of their abductors.

122

00:06:47,940 --> 00:06:53,620

A race the world has come to know as the Greys.

123

00:06:53,720 --> 00:06:55,180

The Greys race of aliens is really

124

00:06:55,280 --> 00:06:57,760

the most common depiction of aliens that you see,

125

00:06:57,860 --> 00:07:00,920

not only in pop culture, but also with those abductees

126

00:07:01,020 --> 00:07:03,620

who have experienced these alien encounters.

127

00:07:03,720 --> 00:07:06,660

The Greys are said to be about three to four feet tall,

128

00:07:06,680 --> 00:07:10,760

large, bulbous head, big, dark, black, almond-shaped eyes,

129

00:07:10,860 --> 00:07:14,820

gray skin, very kind of spindly bodies, very thin.

130

00:07:14,920 --> 00:07:17,060

The couple claims they were subjected

131

00:07:17,160 --> 00:07:19,800

to terrifying medical experiments.

132

00:07:19,900 --> 00:07:23,440

And Betty Hill remembers something else.

133

00:07:23,540 --> 00:07:27,580

She recalls being shown a star map by an alien being who

134

00:07:27,680 --> 00:07:30,780

attempts to explain where they came from.

135

00:07:30,880 --> 00:07:34,480

Years later, an amateur astronomer takes the hill map

136

00:07:34,540 --> 00:07:38,280

and attempts to align the seemingly random series of points

137

00:07:38,380 --> 00:07:41,240

to known stars in the night sky.

138

00:07:41,340 --> 00:07:44,740

The results are astonishing.

139

00:07:44,840 --> 00:07:48,680

The map traces the alien journey to its point of origin,

140

00:07:48,780 --> 00:07:52,180

Zeta reticuli, a double star system,

141

00:07:52,280 --> 00:07:55,260

39 light years from Earth.

142

00:07:55,360 --> 00:07:58,700

The findings are published in Astronomy Magazine

143

00:07:58,800 --> 00:08:02,460

and spark a heated debate among experts.

144

00:08:02,520 --> 00:08:06,120

Is Zeta reticuli the home of the alien Greys?

145

00:08:06,220 --> 00:08:09,420

And if so, how long did the journey take?

146

00:08:09,520 --> 00:08:13,360

And when did they first arrive?

147

00:08:13,460 --> 00:08:16,500

Recently, researchers at the University of Edinburgh

148

00:08:16,600 --> 00:08:18,900

created a computer model to determine

149

00:08:19,000 --> 00:08:21,900

that a fleet of interstellar craft traveling at only

150

00:08:22,000 --> 00:08:25,780

a tenth the speed of light could explore the entire Milky

151

00:08:25,880 --> 00:08:30,740

Way galaxy in less time than the age of the Earth.

152

00:08:30,800 --> 00:08:34,100

Could an alien civilization billions of years older

153

00:08:34,200 --> 00:08:37,700

than our own have already departed for Earth?

154

00:08:40,340 --> 00:08:45,540

Unsealed case file, the Dulce incident.

155

00:08:45,640 --> 00:08:49,820

Dulce, New Mexico, August 1979.

156

00:08:49,920 --> 00:08:53,520

Phil Schneider is an army engineer working with a unit assigned

157

00:08:53,620 --> 00:08:56,820

to construct a series of tunnels to the southwest

158

00:08:56,920 --> 00:08:58,900

of the Archuleta Mesa.

159

00:08:58,960 --> 00:09:02,160

The Mesa has long been rumored to house the secret military

160

00:09:02,260 --> 00:09:07,360

installation known as Dulce Base within its jagged walls.

161

00:09:07,460 --> 00:09:10,800

Early on, the project hits a series of snags

162

00:09:10,900 --> 00:09:12,500

when the drilling equipment repeatedly

163

00:09:12,600 --> 00:09:16,140

breaks down in otherwise normal conditions.

164

00:09:16,240 --> 00:09:19,240

Schneider becomes concerned when a large detachment

165

00:09:19,340 --> 00:09:22,580

of heavily armed Green Beret special forces personnel

166

00:09:22,680 --> 00:09:25,620

is assigned to oversee the dig.

167

00:09:25,720 --> 00:09:28,420

Sensing something terrible is about to happen.

168

00:09:28,440 --> 00:09:32,140

He arms himself with a 9 millimeter pistol.

169

00:09:32,240 --> 00:09:36,280

The unit finally succeeds in penetrating deep into the Earth.

170

00:09:36,380 --> 00:09:38,720

Schneider is sent to investigate accompanied

171

00:09:38,820 --> 00:09:40,620

by a Green Beret.

172

00:09:40,720 --> 00:09:43,620

I was lowered down the basket to one of these holes.

173

00:09:43,720 --> 00:09:48,660

At the bottom, he is shocked to see a seven foot alien prey.

174

00:09:48,760 --> 00:09:52,300

And beyond it, a host of others conducting operations

175

00:09:52,400 --> 00:09:54,440

in an underground base.

176

00:09:54,540 --> 00:09:57,640

The engineer immediately opens fire.

177

00:09:57,700 --> 00:09:58,600

I killed two of them.

178

00:09:58,700 --> 00:10:02,640

Yes, they're mortal, and they do die.

179

00:10:02,740 --> 00:10:05,440

However, the next thing I know, this blue beam hit me

180

00:10:05,540 --> 00:10:08,200

and just literally opened me up like a fish.

181

00:10:08,300 --> 00:10:11,780

The lightning-like beam takes off two of Schneider's fingers

182

00:10:11,880 --> 00:10:14,220

and inflicts terrible burns.

183

00:10:14,320 --> 00:10:16,920

A Green Beret pulls him to safety.

184

00:10:17,020 --> 00:10:20,780

A battle ensues, allegedly claiming the lives of over 60

185

00:10:20,880 --> 00:10:22,660

American soldiers.

186

00:10:22,760 --> 00:10:24,820

Even more shocking is what Schneider

187

00:10:24,880 --> 00:10:27,380

learns in the days to follow.

188

00:10:27,480 --> 00:10:29,220

The government knew all about it.

189

00:10:29,320 --> 00:10:33,680

They had been in camp there for as best as believed possible

190

00:10:33,780 --> 00:10:36,120

about 400 or 500 years.

191

00:10:36,220 --> 00:10:39,360

Could it be that alien races have embedded themselves

192

00:10:39,460 --> 00:10:43,060

in our mountain ranges and possibly even within the Earth's

193

00:10:43,160 --> 00:10:45,000

core for centuries?

194

00:10:47,900 --> 00:10:52,240

Do UFOs really travel fast distances of space?

195

00:10:52,260 --> 00:10:54,640

Or is it possible these extraterrestrials

196

00:10:54,740 --> 00:10:58,540

have discovered some kind of intergalactic shortcut?

197

00:10:58,640 --> 00:11:01,780

Recent NASA images have revealed strange objects

198

00:11:01,880 --> 00:11:05,920

that may be massive, planet-sized UFOs plunging

199

00:11:06,020 --> 00:11:10,360

through the surface of the sun, only to later burst back

200

00:11:10,460 --> 00:11:12,120

into space.

201

00:11:12,220 --> 00:11:14,620

Some experts believe extraterrestrials

202

00:11:14,720 --> 00:11:18,760

are using the sun as a kind of refueling station for their

203

00:11:18,860 --> 00:11:21,060

UFOs.

204

00:11:21,120 --> 00:11:23,460

At the sun's heart, intense pressure

205

00:11:23,560 --> 00:11:26,420

forces hydrogen atoms to fuse together,

206

00:11:26,520 --> 00:11:29,200

creating nuclear fusion.

207

00:11:29,300 --> 00:11:33,800

One of the byproducts of nuclear fusion is Helium-3.

208

00:11:33,900 --> 00:11:38,380

Could UFOs be penetrating the sun to collect Helium-3?

209

00:11:38,480 --> 00:11:42,100

Or are they seeking something else?

210

00:11:42,200 --> 00:11:45,220

Other pictures taken by NASA's Soho Solar Observatory

211

00:11:45,320 --> 00:11:50,220

spacecraft reveal a massive hole in the surface of the sun.

212

00:11:52,060 --> 00:11:54,620

And some believe this opening may be where

213

00:11:54,720 --> 00:11:59,120

these sun-diving UFOs are disappearing.

214

00:11:59,220 --> 00:12:03,400

They are convinced the hole is, in fact, an interstellar portal

215

00:12:03,500 --> 00:12:06,540

ending at a similar portal in a star somewhere

216

00:12:06,640 --> 00:12:08,660

else in the galaxy.

217

00:12:08,760 --> 00:12:11,200

Through these stellar portals, UFOs

218

00:12:11,300 --> 00:12:14,100

can travel vast interstellar distances

219

00:12:14,200 --> 00:12:16,080

in the blink of an eye.

220

00:12:16,180 --> 00:12:19,720

And with an estimated 400 billion stars in the Milky Way

221

00:12:19,780 --> 00:12:23,220

galaxy alone, the possible destinations

222

00:12:23,320 --> 00:12:25,780

are virtually limitless.

223

00:12:25,880 --> 00:12:28,620

But cascading through intergalactic wormholes

224

00:12:28,720 --> 00:12:33,460

may not be the aliens' only means of travel.

225

00:12:33,560 --> 00:12:39,300

Unsealed case file, the Rendlesham Forest Incident.

226

00:12:39,400 --> 00:12:43,540

Ipswich, England, December 26, 1980.

227

00:12:43,640 --> 00:12:47,700

American airmen stationed at the twin RAF Bentwaters and RAF

228

00:12:47,760 --> 00:12:51,260

Woodbridge airbases see strange lights emanating

229

00:12:51,360 --> 00:12:53,760

from nearby Rendlesham Forest.

230

00:12:53,860 --> 00:12:56,240

John Burroughs and Jim Peniston, together

231

00:12:56,340 --> 00:12:58,160

with some other military personnel,

232

00:12:58,260 --> 00:13:00,840

sought permission to go out into the forest

233

00:13:00,940 --> 00:13:03,240

to investigate what they initially thought

234

00:13:03,340 --> 00:13:04,900

was a crashed aircraft.

235

00:13:05,000 --> 00:13:08,680

When Burroughs and Peniston approached the site,

236

00:13:08,780 --> 00:13:13,120

they found in a small clearing not a crashed aircraft,

237

00:13:13,220 --> 00:13:15,560

but a landed UFO.

238

00:13:15,620 --> 00:13:17,680

The security team gets close enough

239

00:13:17,780 --> 00:13:20,720

to make note of strange markings on the hull that

240

00:13:20,820 --> 00:13:24,420

resemble Egyptian hieroglyphics.

241

00:13:24,520 --> 00:13:28,960

The men quickly return to base to report what they have found.

242

00:13:29,060 --> 00:13:31,460

But when another patrol is dispatched,

243

00:13:31,560 --> 00:13:34,040

they find nothing more than three indentations

244

00:13:34,140 --> 00:13:38,300

in the ground where the UFO once stood, possibly left

245

00:13:38,400 --> 00:13:40,580

by the craft's landing gear.

246

00:13:40,680 --> 00:13:43,640

A Geiger counter picks up heightened levels of radiation

247

00:13:43,700 --> 00:13:45,860

in the small depressions.

248

00:13:45,960 --> 00:13:48,060

Britain's Ministry of Defense launches

249

00:13:48,160 --> 00:13:50,240

an extensive investigation.

250

00:13:50,340 --> 00:13:52,880

Its interviews with Burroughs and Peniston

251

00:13:52,980 --> 00:13:56,040

reveal something astonishing.

252

00:13:56,140 --> 00:13:58,820

Though they were only in the presence of the strange craft

253

00:13:58,920 --> 00:14:01,920

for a few moments, their watches revealed

254

00:14:02,020 --> 00:14:05,680

that a full 45 minutes had passed.

255

00:14:05,780 --> 00:14:10,320

It's a phenomenon ufologists call missing time.

256

00:14:10,420 --> 00:14:12,760

A lot of objectees report missing time,

257

00:14:12,820 --> 00:14:15,480

in which something that shouldn't take as long as it

258

00:14:15,580 --> 00:14:18,460

should in their life had happened three times,

259

00:14:18,560 --> 00:14:19,720

four times as long.

260

00:14:19,820 --> 00:14:21,560

It's a very common trait.

261

00:14:21,660 --> 00:14:24,060

Many experts believe that missing time

262

00:14:24,160 --> 00:14:27,400

is a byproduct of a UFO's means of travel,

263

00:14:27,500 --> 00:14:33,100

not hurtling through space, but rather through time itself.

264

00:14:33,200 --> 00:14:36,400

We know the three dimensions that you and I talk, walk,

265

00:14:36,500 --> 00:14:40,540

and interact in, but the fourth dimension being time itself.

266

00:14:40,660 --> 00:14:44,500

The space-time continuum is the overlap of space and time

267

00:14:44,600 --> 00:14:46,960

in one continuous scientific theory.

268

00:14:47,060 --> 00:14:49,640

What that means is that space and time

269

00:14:49,740 --> 00:14:52,500

are completely indistinguishable from each other.

270

00:14:52,600 --> 00:14:55,400

Is it possible that in approaching the UFO,

271

00:14:55,500 --> 00:14:59,540

the two men stepped into a space-time continuum generated

272

00:14:59,640 --> 00:15:03,040

by the UFO on its journey to Earth?

273

00:15:03,140 --> 00:15:05,700

A famous missing time incident in Chile

274

00:15:05,800 --> 00:15:09,100

offers more compelling evidence of the missing time effect.

275

00:15:11,000 --> 00:15:15,900

Unsealed case file, the Chilean Time War.

276

00:15:16,000 --> 00:15:20,540

Bamba Juscuma Chile, April 1977.

277

00:15:20,640 --> 00:15:23,740

A military border patrol takes shelter for the night

278

00:15:23,840 --> 00:15:25,280

in a horse stable.

279

00:15:25,380 --> 00:15:29,480

Around 4 AM, they are stunned to see a strange light descend

280

00:15:29,580 --> 00:15:32,480

from the sky, not far away.

281

00:15:32,580 --> 00:15:36,560

As they prepare to investigate, a second UFO suddenly

282

00:15:36,660 --> 00:15:39,060

appears nearby.

283

00:15:39,120 --> 00:15:42,860

Corporal Armando Carrido approaches the second object,

284

00:15:42,960 --> 00:15:46,260

only to vanish into its light.

285

00:15:46,360 --> 00:15:49,920

The patrol searches frantically for their missing comrade.

286

00:15:50,020 --> 00:15:53,300

15 minutes later, they hear a loud thump

287

00:15:53,400 --> 00:15:56,800

and are amazed to discover the missing corporal lying

288

00:15:56,900 --> 00:15:59,500

on the ground a short distance away.

289

00:15:59,600 --> 00:16:03,280

He's alive, but forever changed.

290

00:16:03,380 --> 00:16:06,620

Carrido is astonished when he realizes his digital watch

291

00:16:06,680 --> 00:16:09,920

displays a date, five days in the future,

292

00:16:10,020 --> 00:16:14,880

and he's sporting a week's growth of beard on his face.

293

00:16:14,980 --> 00:16:18,960

How had five days passed when only 15 minutes had passed

294

00:16:19,060 --> 00:16:20,900

for his fellow soldiers?

295

00:16:21,000 --> 00:16:24,200

Was Corporal Carrido abducted by aliens

296

00:16:24,300 --> 00:16:26,640

and transported through a time portal,

297

00:16:26,740 --> 00:16:29,400

similar to that experienced by the soldiers,

298

00:16:29,500 --> 00:16:31,280

at Rendall Shem Forest?

299

00:16:31,380 --> 00:16:36,040

And could time travel explain how the massive channel UFOs appeared

300

00:16:36,060 --> 00:16:39,500

out of nowhere and disappeared without a trace?

301

00:16:42,940 --> 00:16:45,340

Despite decades of investigation,

302

00:16:45,440 --> 00:16:48,340

ufologists are still struggling to understand

303

00:16:48,440 --> 00:16:53,380

where extraterrestrials come from and why they are here.

304

00:16:53,480 --> 00:16:56,680

Some experts believe they originate from an as yet

305

00:16:56,780 --> 00:17:01,520

unidentified planet in the far reaches of our solar system.

306

00:17:01,620 --> 00:17:04,460

Others believe they have traveled vast distances

307

00:17:04,480 --> 00:17:09,260

across interstellar space or through interdimensional portals.

308

00:17:09,360 --> 00:17:12,760

But there is another disturbing possibility,

309

00:17:12,860 --> 00:17:17,800

one that transcends all of these seemingly limitless boundaries.

310

00:17:17,900 --> 00:17:20,500

A recent study at Washington University

311

00:17:20,600 --> 00:17:24,380

used a computer program to predict what humans will look like

312

00:17:24,480 --> 00:17:28,040

after the next 100,000 years of evolution.

313

00:17:28,140 --> 00:17:31,420

It predicted that humans will develop wide eyes

314

00:17:31,520 --> 00:17:33,780

and greatly expanded craniums.

315

00:17:33,840 --> 00:17:37,080

Bearing an uncanny resemblance to the alien graves,

316

00:17:37,180 --> 00:17:41,440

as described by Betty Hill and thousands of others.

317

00:17:41,540 --> 00:17:44,280

Who would be most interested in keeping humans

318

00:17:44,380 --> 00:17:45,920

from destroying themselves?

319

00:17:46,020 --> 00:17:47,520

Well, the answer is simple.

320

00:17:47,620 --> 00:17:52,560

It's other human beings, but other human beings from the future.

321

00:17:52,660 --> 00:17:56,860

Could aliens in fact be humans from the distant future

322

00:17:56,960 --> 00:17:59,500

who have traveled back in time?

323

00:17:59,560 --> 00:18:07,000

And if so, are graves just another branch on our family tree?

324

00:18:07,100 --> 00:18:12,300

This is Unsealed Alien Files, exposing the biggest

325

00:18:12,400 --> 00:18:14,140

secret on planet Earth.
