

1

00:00:00,000 --> 00:00:03,000

It's the ultimate close encounter.

2

00:00:03,000 --> 00:00:06,000

There have been thousands of reported cases all over the world,

3

00:00:06,000 --> 00:00:10,000

but these claims are almost invariably dismissed by authorities

4

00:00:10,000 --> 00:00:12,000

with little or no investigation.

5

00:00:12,000 --> 00:00:16,000

When you deal with abductions, there's not a whole lot of evidence to support

6

00:00:16,000 --> 00:00:19,000

other than that testimony, and that's it.

7

00:00:19,000 --> 00:00:22,000

But there have been people that have come forward with X-rays or physical evidence

8

00:00:22,000 --> 00:00:26,000

of something under the skin that defies explanation.

9

00:00:26,000 --> 00:00:31,000

Mounting evidence has revealed there may in fact be millions of victims,

10

00:00:31,000 --> 00:00:35,000

virtually all unaware they have been taken.

11

00:00:35,000 --> 00:00:39,000

What are the telltale signs of abduction?

12

00:00:39,000 --> 00:00:44,000

And why do aliens appear determined to keep their activities secret?

13

00:00:44,000 --> 00:00:49,000

From lost time and recovered memories to terrifying accounts of alien surgery,

14

00:00:49,000 --> 00:00:53,000

join us as we reveal the hidden signs of the abductions.

15

00:00:53,000 --> 00:01:01,000

Join us as we reveal the hidden signs of alien abduction on Unsealed Alien Files.

16

00:01:01,000 --> 00:01:04,000

A global effort has begun.

17

00:01:04,000 --> 00:01:07,000

Secret files hidden from the public for decades,

18

00:01:07,000 --> 00:01:12,000

detailing every UFO account are now available to the public.

19

00:01:12,000 --> 00:01:16,000

We are about to uncover the truth behind these classified documents.

20

00:01:16,000 --> 00:01:20,000

Find out what the government doesn't want you to know.

21

00:01:20,000 --> 00:01:23,000

Unsealed Alien Files.

22

00:01:23,000 --> 00:01:27,000

Exposing the biggest secret on planet Earth.

23

00:01:27,000 --> 00:01:31,000

Melbourne, Australia, August 8th, 1993.

24

00:01:31,000 --> 00:01:35,000

Kelly Cahill and her family are driving at night outside the city

25

00:01:35,000 --> 00:01:38,000

when she spots something directly ahead.

26

00:01:38,000 --> 00:01:43,000

It's a saucer-shaped UFO hovering silently above the road.

27

00:01:43,000 --> 00:01:47,000

Cahill screams, alerting her husband to the looming threat.

28

00:01:47,000 --> 00:01:52,000

But at that same moment, the UFO speeds off into the night.

29

00:01:52,000 --> 00:01:57,000

The family continues on their drive home, keeping a lookout for the UFO.

30

00:01:57,000 --> 00:02:00,000

Suddenly, a blinding light appears before them.

31

00:02:00,000 --> 00:02:03,000

Cahill slams on the brakes in terror.

32

00:02:03,000 --> 00:02:08,000

But her fear is quickly replaced by a strange calm.

33

00:02:08,000 --> 00:02:14,000

Cahill feels her body relax as she settles into an almost dreamlike state.

34

00:02:14,000 --> 00:02:20,000

Seconds later, the light disappears and Cahill regains her senses.

35

00:02:20,000 --> 00:02:26,000

She asks her husband what happened, but he too was affected, as were their children.

36

00:02:26,000 --> 00:02:32,000

No one in the car has any clear recollection of events that took place just moments earlier.

37

00:02:32,000 --> 00:02:38,000

Returning home, Cahill has a nagging feeling the journey has taken much longer than it should.

38

00:02:38,000 --> 00:02:44,000

Checking the time, she's shocked to discover the family is an hour overdue.

39

00:02:44,000 --> 00:02:48,000

It's a bizarre phenomenon ufologists call missing time.

40

00:02:48,000 --> 00:02:53,000

Now missing time is again a key component to the subduction phenomenon.

41

00:02:53,000 --> 00:02:55,000

And it can happen when you're driving down the road.

42

00:02:55,000 --> 00:02:59,000

People have reported that they're driving around, they see something strange.

43

00:02:59,000 --> 00:03:02,000

Next thing they know, it's 20 minutes later.

44

00:03:02,000 --> 00:03:05,000

Or it's two hours later, or in some cases, days later.

45

00:03:05,000 --> 00:03:11,000

In the days that follow, Cahill begins to have dim recollections of that missing hour.

46

00:03:11,000 --> 00:03:16,000

There, they were met by a contingent of humanoid aliens.

47

00:03:16,000 --> 00:03:19,000

Then she remembers being overcome by terror.

48

00:03:19,000 --> 00:03:23,000

The next moment, the family was back in the car.

49

00:03:23,000 --> 00:03:26,000

The UFO, nowhere to be seen.

50

00:03:26,000 --> 00:03:32,000

It might all be passed off as a terrible dream, were it not for the mysterious triangular mark

51

00:03:32,000 --> 00:03:36,000

that Cahill discovered on her stomach following her ordeal.

52

00:03:36,000 --> 00:03:40,000

Was the Cahill family abducted by extraterrestrials?

53

00:03:40,000 --> 00:03:44,000

And did they experience missing time?

54

00:03:44,000 --> 00:03:49,000

For some abductees, missing time may amount to no more than a few minutes.

55

00:03:49,000 --> 00:03:54,000

But for others, the ordeal has been known to last much longer.

56

00:03:54,000 --> 00:03:57,000

Unsealed case file.

57

00:03:57,000 --> 00:04:00,000

The Chilean Time Warp.

58

00:04:00,000 --> 00:04:04,000

To Scuma Chile, April 1977.

59

00:04:04,000 --> 00:04:11,000

Corporal Armando Valdez is part of a border patrol monitoring the nation's frontier with Argentina.

60

00:04:11,000 --> 00:04:17,000

Coming off duty, Valdez and the rest of the patrol take shelter for the night in a stable.

61

00:04:17,000 --> 00:04:21,000

But the men are shaken from their sleep in the early hours of the morning,

62

00:04:21,000 --> 00:04:26,000

when two strange lights descend from the sky to land nearby.

63

00:04:26,000 --> 00:04:28,000

They set out to investigate.

64

00:04:28,000 --> 00:04:33,000

The patrol watches in astonishment as Valdez approaches one of the blazing objects,

65

00:04:33,000 --> 00:04:37,000

only to vanish into its blinding light.

66

00:04:37,000 --> 00:04:41,000

The UFOs then disappear without a trace.

67

00:04:41,000 --> 00:04:45,000

The patrol scours the area for their missing comrade.

68

00:04:45,000 --> 00:04:54,000

Fifteen minutes later, they hear a loud thump and are amazed to discover the missing corporal lying on the ground a short distance away.

69

00:04:54,000 --> 00:05:00,000

His fellow soldiers stare at him in disbelief as Valdez is suddenly sporting a week's growth of beard.

70

00:05:00,000 --> 00:05:09,000

Looking at his digital watch, Valdez is shocked to discover it displays a date five days after the time of his abduction.

71

00:05:09,000 --> 00:05:15,000

The encounter is one of the most compelling instances of missing time on record.

72

00:05:15,000 --> 00:05:19,000

Was Armando Valdez abducted by aliens?

73

00:05:19,000 --> 00:05:22,000

What happened to him during his absence?

74

00:05:22,000 --> 00:05:29,000

And is there a way to recover the missing time?

75

00:05:29,000 --> 00:05:36,000

Millions of people around the world may have been abducted by aliens, but have no recollection of the experience.

76

00:05:36,000 --> 00:05:44,000

Some victims become suddenly aware of a past abduction through a phenomenon ufologists call, missing time.

77

00:05:44,000 --> 00:05:53,000

But recalling the details of alien captivity is a unique science that harkens back to the modern era's first reported abduction.

78

00:05:53,000 --> 00:05:56,000

Unsealed case file.

79

00:05:56,000 --> 00:05:59,000

Betty and Barney Hill.

80

00:05:59,000 --> 00:06:04,000

New Hampshire, September 19th, 1961.

81

00:06:04,000 --> 00:06:12,000

Betty and Barney Hill are driving home through the New England countryside when they suddenly find themselves pursued by a UFO.

82

00:06:13,000 --> 00:06:16,000

The mysterious craft lands directly in their path.

83

00:06:16,000 --> 00:06:22,000

The hills watch in disbelief as a group of small humanoid creatures emerge from them.

84

00:06:22,000 --> 00:06:27,000

At that moment, the scene suddenly fades to black.

85

00:06:27,000 --> 00:06:31,000

The next thing the hills remember, they are sitting quietly in their driveway.

86

00:06:31,000 --> 00:06:38,000

They have no idea how they got home, how much time has passed, and what happened to them in the interim.

87

00:06:38,000 --> 00:06:42,000

The hills go to the police, but they refuse to investigate the incident.

88

00:06:42,000 --> 00:06:46,000

It's a phenomenon all too familiar to an abductee.

89

00:06:46,000 --> 00:06:49,000

No one believes them.

90

00:06:49,000 --> 00:06:54,000

Many victims are even ostracized by friends and family.

91

00:06:54,000 --> 00:06:57,000

The experience leaves the couple deeply shaken.

92

00:06:57,000 --> 00:07:04,000

The hills become obsessed with reconstructing the night's events, but years of effort bring few answers.

93

00:07:04,000 --> 00:07:11,000

In desperation, they look for help from a most unexpected source, a hypnotherapist.

94

00:07:11,000 --> 00:07:16,000

For some abductees to recall their experiences, they have to undergo what's called hypnotic regression.

95

00:07:16,000 --> 00:07:24,000

What that means is that they're put under a state of hypnosis to help them recall those memories that have seemingly been buried into the back of their mind.

96

00:07:24,000 --> 00:07:32,000

Probing their subconscious memories, the couple reveals they were in fact abducted by the aliens who approached their car.

97

00:07:32,000 --> 00:07:39,000

Inside their craft, the couple claims they were subjected to terrifying medical experiments.

98

00:07:39,000 --> 00:07:42,000

For ufologists, it's an historic moment.

99

00:07:42,000 --> 00:07:48,000

Cases of abduction didn't really start to service publicly or popularly until the late 1960s.

100

00:07:48,000 --> 00:07:54,000

The story of Betty and Barney Hill is the first of thousands of eerily similar abduction reports.

101

00:07:54,000 --> 00:07:58,000

But what is the purpose of these abductions and experiments?

102

00:07:58,000 --> 00:08:07,000

Are the aliens simply trying to gather knowledge about us, or is it all part of a larger plan?

103

00:08:07,000 --> 00:08:13,000

It will take another ten years for a possible answer to appear.

104

00:08:13,000 --> 00:08:19,000

Unsealed case file, the Eagle Lake Abduction.

105

00:08:19,000 --> 00:08:24,000

Eagle Lake, Maine, August 20, 1976.

106

00:08:24,000 --> 00:08:35,000

Brothers Jack and Jim Weiner, along with friends Chuck Rack and Charlie Foltz, are about to set out on a night fishing trip on the state's famous Allagash Wilderness Waterway.

107

00:08:35,000 --> 00:08:40,000

Before taking to the water, they build a fire to guide them back to camp.

108

00:08:40,000 --> 00:08:47,000

Out on the lake, the men see a glowing ball of light, some 80 feet across, hovering above the trees.

109

00:08:47,000 --> 00:08:52,000

It creeps slowly along the shore in the general direction of the fisherman.

110

00:08:52,000 --> 00:08:57,000

Curious, one of the men takes his flashlight and signals to the strange craft.

111

00:08:57,000 --> 00:09:02,000

The object responds immediately, changing course to intercept the canoe.

112

00:09:02,000 --> 00:09:07,000

Alarmed, the four men attempt to paddle to shore, but it's too late.

113

00:09:07,000 --> 00:09:14,000

The looming UFO is already on top of them, and they are overcome by a blinding light from above.

114

00:09:14,000 --> 00:09:20,000

But in the blink of an eye, the men find themselves standing on the shore, unharmed.

115

00:09:20,000 --> 00:09:26,000

The UFO hovers nearby for a moment and then disappears into the night sky.

116

00:09:26,000 --> 00:09:31,000

The men notice that their campfire has died down to smoldering embers.

117

00:09:31,000 --> 00:09:36,000

Hours have passed, but they have no memory of what happened.

118

00:09:36,000 --> 00:09:40,000

Following the incident, Jack Weiner begins to suffer recurring nightmares.

119

00:09:40,000 --> 00:09:49,000

In them, he sees humanoid aliens performing a kind of medical procedure on his arm, while his friends watch helplessly.

120

00:09:49,000 --> 00:09:54,000

Soon after, the others begin to experience similar disturbing dreams.

121

00:09:54,000 --> 00:09:57,000

The men each undergo hypnosis.

122

00:09:57,000 --> 00:10:02,000

Together, they offer a chilling account of the night as it unfolded.

123

00:10:02,000 --> 00:10:08,000

The terrified men were taken aboard the UFO, where they were subjected to invasive medical procedures,

124

00:10:08,000 --> 00:10:13,000

including the painful extraction of skin and fluid samples.

125

00:10:13,000 --> 00:10:17,000

The sessions lead their hypnotherapist to a startling conclusion.

126

00:10:17,000 --> 00:10:24,000

He believes the men were being tagged the way humans tag animals before releasing them.

127

00:10:24,000 --> 00:10:27,000

What happened to the victims of Eagle Lake?

128

00:10:27,000 --> 00:10:31,000

Were they tagged by their alien captors?

129

00:10:31,000 --> 00:10:35,000

And is there any way to prove their story?

130

00:10:37,000 --> 00:10:43,000

Millions around the world may have been the victims of alien abduction.

131

00:10:43,000 --> 00:10:48,000

Some experts believe these abductions are a means of tagging selected victims.

132

00:10:48,000 --> 00:10:53,000

But if aliens are tagging us, what form do these tags take?

133

00:10:53,000 --> 00:10:55,000

And what is their purpose?

134

00:10:55,000 --> 00:10:59,000

Alamogordo, New Mexico, 1975.

135

00:10:59,000 --> 00:11:06,000

16-year-old Ted Davenport embarks on a solo camping trip into the wilderness of the American Southwest.

136

00:11:06,000 --> 00:11:11,000

Alone on the trail, he has an unsettling feeling that he's being watched.

137

00:11:11,000 --> 00:11:20,000

Later that night, Davenport steps out of his tent and is shocked to find himself confronted by beings from another world.

138

00:11:20,000 --> 00:11:22,000

He blacks out.

139

00:11:22,000 --> 00:11:32,000

The next morning, Davenport wakes up beside his burned-out campfire with a painful bump on his head and no memory of the night before.

140

00:11:32,000 --> 00:11:36,000

Five years later, Davenport is in the Navy.

141

00:11:36,000 --> 00:11:41,000

He is injured while on duty and is sent for emergency medical treatment.

142

00:11:41,000 --> 00:11:45,000

But an MRI reveals something incredible.

143

00:11:45,000 --> 00:11:49,000

It's a small metallic object lodged in his brain.

144

00:11:49,000 --> 00:11:54,000

And some experts believe its presence is no mere coincidence.

145

00:11:54,000 --> 00:12:03,000

Well, in the abduction phenomena, there is apparently 10 to 15 percent of those who we believe are true abductees

146

00:12:03,000 --> 00:12:06,000

that might have been implanted.

147

00:12:06,000 --> 00:12:13,000

Now, we're talking about implants that are visible on an X-ray or a CAT scan.

148

00:12:13,000 --> 00:12:20,000

Dr. Roger Lear is a surgeon who has spent decades studying suspected alien implants.

149

00:12:20,000 --> 00:12:28,000

They're little rods which vary in length from about 6 to 8 millimeters in length and they're about a big around as a pencil-lead.

150

00:12:28,000 --> 00:12:32,000

They're all covered with some kind of a coating, a biological coating.

151

00:12:32,000 --> 00:12:40,000

Some victims discover strange triangular scars or report what are called scoop marks in their skin.

152

00:12:40,000 --> 00:12:46,000

But often, what might be considered a visible point of entry does not exist.

153

00:12:46,000 --> 00:12:54,000

Ted Davenport is just one of thousands discovered to have suspected alien technology in their bodies.

154

00:12:54,000 --> 00:12:57,000

But what is the purpose of these objects?

155

00:12:57,000 --> 00:13:02,000

The answer may be found in one of the most remarkable abductions on record.

156

00:13:02,000 --> 00:13:08,000

Unsealed Case File, The Betty Andreessen Incident.

157

00:13:08,000 --> 00:13:15,000

South Ashburnham, Massachusetts, January 25, 1967.

158

00:13:15,000 --> 00:13:23,000

Betty Andreessen is enjoying an evening at home with her family when the house lights suddenly switch off and on again for no reason.

159

00:13:23,000 --> 00:13:29,000

Seconds later, an eerie pulsating glow appears outside the kitchen window.

160

00:13:29,000 --> 00:13:34,000

The light reveals a group of humanoid aliens converging on the house.

161

00:13:34,000 --> 00:13:44,000

The intruders pass effortlessly through the front door and immediately freeze the terrified family in a kind of suspended animation.

162

00:13:44,000 --> 00:13:48,000

The leader establishes a telepathic connection with Betty.

163

00:13:48,000 --> 00:13:52,000

Her fear is replaced by a strange calm.

164

00:13:52,000 --> 00:13:57,000

Betty is then taken aboard a small saucer-like craft, hovering not far from the house.

165

00:13:57,000 --> 00:14:10,000

There, she is subjected to a series of medical examinations and a bizarre test of her intellect that induces what she will later describe as a state that drifts between ecstasy and pain.

166

00:14:10,000 --> 00:14:14,000

Hours later, she is returned to the house.

167

00:14:14,000 --> 00:14:21,000

It's a traumatic experience, and it will take another decade for Betty to share her story.

168

00:14:21,000 --> 00:14:30,000

In 1977, she undergoes hypnotherapy, trying to uncover the details about what happened to her on board the alien craft.

169

00:14:30,000 --> 00:14:34,000

Her sessions reveal something incredible.

170

00:14:34,000 --> 00:14:38,000

Betty wasn't taken that night to be given an implant.

171

00:14:38,000 --> 00:14:50,000

Instead, she recalls the aliens removing a brain implant through her nose, an object that had been

placed inside her head in the 1940s during a childhood abduction.

172

00:14:50,000 --> 00:14:56,000

It's a memory that remained dormant in her subconscious for decades.

173

00:14:56,000 --> 00:14:59,000

But what was the implant's purpose?

174

00:14:59,000 --> 00:15:03,000

And why did the aliens want it back?

175

00:15:03,000 --> 00:15:06,000

Roger Lear has a theory.

176

00:15:06,000 --> 00:15:10,000

I get asked many, many times, are they tracking devices?

177

00:15:10,000 --> 00:15:13,000

Are they behavior or modification devices?

178

00:15:13,000 --> 00:15:20,000

On the basis of what I've seen and the data that we have collected, I don't believe that's the case at all.

179

00:15:20,000 --> 00:15:32,000

I believe that these are data monitoring devices, and I believe that they use implants to gain information on the changes of our DNA.

180

00:15:32,000 --> 00:15:37,000

Are aliens placing implants in abduction victims to monitor our DNA?

181

00:15:37,000 --> 00:15:42,000

And if they are, what is their ultimate goal?

182

00:15:43,000 --> 00:15:55,000

Evidence suggests aliens are abducting victims in a chilling campaign to monitor human biological processes by implanting and removing extraterrestrial devices.

183

00:15:55,000 --> 00:16:00,000

Some experts believe they may even be monitoring our DNA.

184

00:16:00,000 --> 00:16:02,000

But why?

185

00:16:02,000 --> 00:16:08,000

Aldergrove, British Columbia, July 17, 1991.

186

00:16:08,000 --> 00:16:15,000

Corina Sables and a friend spot a massive boomerang-shaped UFO in the night sky above her house.

187

00:16:15,000 --> 00:16:26,000

Moments later, she vanishes, reappearing nearly an hour later, with no idea that she was gone and unable to account for the missing time.

188

00:16:26,000 --> 00:16:29,000

She appears unharmed by the experience.

189

00:16:29,000 --> 00:16:33,000

But Corina Sables' story doesn't end there.

190

00:16:33,000 --> 00:16:42,000

In the time following her disappearance, she has a nagging feeling this isn't the first time she has disappeared, and that it won't be the last.

191

00:16:42,000 --> 00:16:48,000

But Sables soon learns she isn't the only alien target under her roof.

192

00:16:48,000 --> 00:16:55,000

Weeks later, she is shocked to see an alien gray entering her daughter's bedroom.

193

00:16:55,000 --> 00:17:00,000

Racing to the young girl's aid, Sables finds nothing.

194

00:17:00,000 --> 00:17:09,000

But soon after, her daughter begins drawing pictures of an alien she calls the Doctor, who sometimes enters her room at night.

195

00:17:09,000 --> 00:17:21,000

The story unleashes a flood of repressed abduction memories in Sables, including needles piercing her abdomen and row after row of alien fetuses stored in liquid.

196

00:17:21,000 --> 00:17:29,000

Sables realizes that she has been part of an experiment to produce an alien human hybrid.

197

00:17:29,000 --> 00:17:31,000

And that's not all.

198

00:17:31,000 --> 00:17:41,000

In a sudden flash of disturbing revelation, she realizes that stories her mother told her were also veiled accounts of abduction.

199

00:17:41,000 --> 00:17:48,000

Corina Sables believes her family may have been abducted across generations.

200

00:17:48,000 --> 00:17:56,000

Why would you need to take humans, put some type of physical implant in there and do whatever genetic modification they're trying to do?

201

00:17:56,000 --> 00:18:02,000

My guess is they could potentially make a life form that they would like us to evolve into.

202

00:18:02,000 --> 00:18:10,000

Are extraterrestrials secretly creating a new race of alien human hybrids down through generations?

203

00:18:10,000 --> 00:18:15,000

Are abductees doomed to a life of constant fear?

204

00:18:15,000 --> 00:18:23,000

Have you been abducted by aliens without any memory of the event?

205

00:18:23,000 --> 00:18:30,000

This is Unsealed Alien Files, exposing the biggest secret on planet Earth.
