

1

00:00:00,000 --> 00:00:07,000

Nations all over the world are rumored to have recovered metal debris from UFO crashes.

2

00:00:07,000 --> 00:00:14,000

And some experts believe these fragments may contain secrets beyond imagination.

3

00:00:14,000 --> 00:00:18,000

How much do we really know about these mystery metals?

4

00:00:18,000 --> 00:00:24,000

Have they already found their way into our daily lives without us even knowing?

5

00:00:24,000 --> 00:00:29,000

And do they pose a grave danger we have yet to understand?

6

00:00:30,000 --> 00:00:34,000

From self-healing hulls to sinister alien implants,

7

00:00:34,000 --> 00:00:41,000

join us as the secrets of UFO metals are unsealed.

8

00:00:44,000 --> 00:00:46,000

A global effort has begun.

9

00:00:46,000 --> 00:00:54,000

Secret files hidden from the public for decades detailing every UFO account are now available to the public.

10

00:00:54,000 --> 00:00:59,000

We are about to uncover the truth behind these classified documents.

11

00:00:59,000 --> 00:01:03,000

Find out what the government doesn't want you to know.

12

00:01:03,000 --> 00:01:04,000

Unsealed.

13

00:01:04,000 --> 00:01:06,000

Alien files.

14

00:01:06,000 --> 00:01:10,000

Exposing the biggest secret on planet Earth.

15

00:01:11,000 --> 00:01:14,000

Del Rio, Texas, 1955.

16

00:01:14,000 --> 00:01:20,000

Colonel Robert B. Willingham is part of a squadron participating in a simulated bombing exercise

17

00:01:20,000 --> 00:01:27,000

that spots a blazing ball of light, brighter than a star, speeding east across the sky.

18

00:01:27,000 --> 00:01:35,000

Willingham watches with growing curiosity until suddenly the object makes a 90-degree turn to the south.

19

00:01:35,000 --> 00:01:40,000

The pilot receives permission to investigate and sets out in pursuit.

20

00:01:40,000 --> 00:01:45,000

He follows the UFO toward the Rio Grande, where moments later,

21

00:01:45,000 --> 00:01:51,000

it shudders and falls from the sky, crashing into the riverbank on the Mexican side.

22

00:01:51,000 --> 00:01:56,000

Returning to base, Willingham enlists the help of a colleague,

23

00:01:56,000 --> 00:02:00,000

and together they fly a small training aircraft back to the impact site.

24

00:02:00,000 --> 00:02:08,000

There, they find Mexican troops standing guard over a silver disc embedded in the ground.

25

00:02:08,000 --> 00:02:13,000

Willingham is startled to see the bodies of three alien crew members.

26

00:02:14,000 --> 00:02:18,000

The Mexicans demand the Americans leave immediately,

27

00:02:18,000 --> 00:02:23,000

but before he goes, the pilot quietly picks up a small piece of debris.

28

00:02:23,000 --> 00:02:29,000

We start utilizing technology that from an evolutionary standpoint was created,

29

00:02:29,000 --> 00:02:36,000

10,000 or 100,000, or even a million years beyond who we are and what we are today.

30

00:02:36,000 --> 00:02:38,000

We start playing with that technology.

31

00:02:38,000 --> 00:02:41,000

It could be a very dangerous scenario.

32

00:02:42,000 --> 00:02:47,000

Returning to base in Fort Worth, Willingham examines the fragment.

33

00:02:47,000 --> 00:02:53,000

Its interior is honeycombed, but the metal proves stronger than solid steel.

34

00:02:53,000 --> 00:02:57,000

His attempts to cut into it with a torch have no effect.

35

00:02:57,000 --> 00:03:02,000

The fragment is unlike any metal Willingham has ever seen before.

36

00:03:02,000 --> 00:03:06,000

But before he can probe its secrets any further,

37

00:03:06,000 --> 00:03:11,000

Willingham is ordered to hand over the fragment to a laboratory in Maryland.

38

00:03:11,000 --> 00:03:16,000

It's the last he will ever see or hear of the mysterious metal.

39

00:03:16,000 --> 00:03:20,000

Soon after, Willingham receives a threatening phone call,

40

00:03:20,000 --> 00:03:25,000

warning him to never disclose what he saw that day on the Mexican border.

41

00:03:25,000 --> 00:03:31,000

It will take over 20 years for the pilot to come forward with his story.

42

00:03:32,000 --> 00:03:35,000

What happened to the Del Rio fragment?

43

00:03:35,000 --> 00:03:37,000

Who threatened Robert Willingham?

44

00:03:37,000 --> 00:03:41,000

And why were they so desperate to silence him?

45

00:03:42,000 --> 00:03:48,000

Experts believe that for decades, the American military has been involved in a secret program

46

00:03:48,000 --> 00:03:55,000

to reverse engineer recovered alien artifacts into the next generation of high-tech weapons.

47

00:03:56,000 --> 00:04:01,000

How do you develop a metal that's very light, very malleable,

48

00:04:01,000 --> 00:04:04,000

but at the same time stronger than steel?

49

00:04:04,000 --> 00:04:08,000

Maybe they existed from the future, maybe they existed on another planet,

50

00:04:08,000 --> 00:04:12,000

but once we've got our hands on this technology,

51

00:04:12,000 --> 00:04:16,000

we will be able to figure out what it was supposed to do,

52

00:04:16,000 --> 00:04:23,000

then use our own industrial methodologies, our own scientific methods to recreate it.

53

00:04:23,000 --> 00:04:30,000

And some think that an alien metal may have already brought the next great leap in military technology.

54

00:04:32,000 --> 00:04:36,000

Unsealed Case File

55

00:04:36,000 --> 00:04:39,000

The Dolnogorsk Incident

56

00:04:39,000 --> 00:04:44,000

Dolnogorsk, Russia, January 29, 1986

57

00:04:44,000 --> 00:04:50,000

Residents of this small mining town on the Soviet Union-specific coast watch in disbelief

58

00:04:50,000 --> 00:04:56,000

as a red sphere hurdles across the night sky before crashing into a mountainside.

59

00:04:57,000 --> 00:05:00,000

A crowd gathers at the point of impact.

60

00:05:00,000 --> 00:05:07,000

There, they discover a smoking crater surrounded by a wide area covered by a strange black film.

61

00:05:07,000 --> 00:05:13,000

On close inspection, the film contains strange metallic beads.

62

00:05:13,000 --> 00:05:20,000

The beads are discovered to be lead, but of a kind unlike anything seen before.

63

00:05:21,000 --> 00:05:29,000

Three Soviet academic centers and 11 research institutes analyze the objects from this UFO crash.

64

00:05:29,000 --> 00:05:35,000

The distance between atoms is different from ordinary iron in this material.

65

00:05:35,000 --> 00:05:38,000

Radar cannot be reflected from the material.

66

00:05:38,000 --> 00:05:45,000

Elements in the material may disappear and new ones appear after heating.

67

00:05:45,000 --> 00:05:51,000

One piece apparently disappeared completely in front of four witnesses.

68

00:05:52,000 --> 00:05:57,000

The CIA launches its own investigation into the Dolnogorsk Incident.

69

00:05:57,000 --> 00:06:04,000

A declassified 1989 report states that Soviet scientists are convinced the object was

70

00:06:04,000 --> 00:06:10,000

an extraterrestrial space vehicle constructed by highly intelligent beings.

71

00:06:11,000 --> 00:06:18,000

Samples of the metal are smuggled out of the country in the chaotic years following the fall of the

Soviet Union.

72

00:06:19,000 --> 00:06:25,000

Recently, NASA's Langley Research Center announced the development of metal alloys

73

00:06:25,000 --> 00:06:31,000

that when pierced by a bullet will actually close behind the projectile as it passes through,

74

00:06:32,000 --> 00:06:35,000

healing the wound as though it was alive.

75

00:06:37,000 --> 00:06:43,000

Is NASA's new generation of living metal the result of the re-engineering of alien technology

76

00:06:43,000 --> 00:06:47,000

recovered at sites like Del Rio and Dolnogorsk?

77

00:06:48,000 --> 00:06:52,000

And what other effect might these exotic elements have on our future?

78

00:06:56,000 --> 00:07:04,000

Many experts believe that alien metals recovered from crashed UFOs are secretly being re-engineered

79

00:07:04,000 --> 00:07:08,000

into the latest generation of military technology.

80

00:07:09,000 --> 00:07:15,000

But for every crashed UFO that is recovered, how many more land on Earth unnoticed?

81

00:07:15,000 --> 00:07:20,000

And what effect do these masses of alien metal have on our environment?

82

00:07:21,000 --> 00:07:26,000

Delphos, Kansas, November 2, 1971

83

00:07:26,000 --> 00:07:34,000

16-year-old Ron Johnson is working on the family farm when he spots a bizarre object hovering in the night sky.

84

00:07:35,000 --> 00:07:40,000

It's a metallic, mushroom-shaped craft emitting a blinding light from its base.

85

00:07:42,000 --> 00:07:48,000

Ron runs to get his parents, but by the time they return, the UFO is almost out of sight.

86

00:07:50,000 --> 00:07:54,000

The craft, however, has left something behind.

87

00:07:55,000 --> 00:07:58,000

It's a glowing ring burned into the ground.

88

00:07:59,000 --> 00:08:06,000

The Johnsons later describe it as a strange kind of crust, as if the soil was crystallized.

89

00:08:07,000 --> 00:08:12,000

Fascinated, Ron's mother touches the ring. Her fingers immediately go numb.

90

00:08:13,000 --> 00:08:20,000

Returning the next morning, the family finds that an overnight shower has left the ground soaking

wet.

91

00:08:20,000 --> 00:08:24,000

But the encrusted ring is bone dry.

92

00:08:25,000 --> 00:08:29,000

Officers confirm the Johnsons' description of the ring.

93

00:08:31,000 --> 00:08:36,000

A UFO investigator visits the site to take samples of the soil ring for analysis.

94

00:08:37,000 --> 00:08:48,000

It's found to contain hydrocarbon particles unknown to science, along with a strange organic material made up of white, crystal-like fibers.

95

00:08:49,000 --> 00:08:56,000

But what could have caused this? What transformed normal soil into an entirely new substance?

96

00:08:57,000 --> 00:09:01,000

The answer may lie within the UFO's home.

97

00:09:02,000 --> 00:09:07,000

Man-made spacecraft rely primarily on aluminum in the construction of the outer shell.

98

00:09:08,000 --> 00:09:16,000

But the periodic table of elements also includes a number of radioactive metals, materials comparatively rare here on Earth.

99

00:09:17,000 --> 00:09:22,000

Could the presence of these radioactive elements be abundant in alien metals?

100

00:09:23,000 --> 00:09:32,000

Was the hull of the Delphos UFO radioactive? Or was it imbued with another cosmic power we have yet to understand?

101

00:09:33,000 --> 00:09:42,000

Just two years prior to the Delphos UFO, in 1969, the U.S. government passes the Extraterrestrial Exposure Law,

102

00:09:42,000 --> 00:09:55,000

making it illegal for any citizen to retrieve or be in the proximity of any personnel, spacecraft, or other property that has entered our atmosphere from outer space.

103

00:09:56,000 --> 00:10:07,000

Presented as a national security measure to prevent possible contamination, the law grants government agencies sweeping authority to force any violators into immediate quarantine.

104

00:10:08,000 --> 00:10:13,000

Do UFOs really pose a significant health risk to the public?

105

00:10:16,000 --> 00:10:20,000

Unsealed case file. The Tully Saucer Nest.

106

00:10:21,000 --> 00:10:26,000

Queensland, Australia, January 19, 1966.

107

00:10:27,000 --> 00:10:34,000

Farmer George Peddley watches in amazement as a massive metallic disk rises from a nearby lagoon.

108

00:10:35,000 --> 00:10:40,000

Clearing the treetops, it suddenly accelerates, vanishing into the distance.

109

00:10:42,000 --> 00:10:49,000

Peddley is astonished to feel the muddy floor is totally smooth, like the bottom of a swimming pool.

110

00:10:50,000 --> 00:10:54,000

The saucer has clearly been resting below the water surface for some time.

111

00:10:55,000 --> 00:11:01,000

In the end, five more of these UFO nests are discovered on the farmer's land.

112

00:11:01,000 --> 00:11:05,000

The incident raises some disturbing questions.

113

00:11:06,000 --> 00:11:11,000

70% of the world's surface is covered by oceans, lakes, and rivers.

114

00:11:12,000 --> 00:11:16,000

How many flying saucers lie hidden beneath?

115

00:11:17,000 --> 00:11:22,000

And do these strange new elements pose a threat to the human race?

116

00:11:23,000 --> 00:11:29,000

Many experts claim the mere presence of a UFO and the chemistry of its metal can radically affect Earth's already fragile environment.

117

00:11:30,000 --> 00:11:35,000

What happens when people come into direct contact with the metallic alien substance?

118

00:11:37,000 --> 00:11:42,000

Suffolk, England, December 27, 1980.

119

00:11:42,000 --> 00:11:51,000

American Air Force Sergeant James Peniston, stationed at RAF Bentwater's Woodbridge Air Base, receives a report of strange flashing lights in nearby Rendlesham Forest.

120

00:11:52,000 --> 00:11:59,000

Accompanied by Airman John Burroughs, Peniston sets out to investigate what he fears to be a crashed aircraft.

121

00:12:00,000 --> 00:12:06,000

When Burroughs is in contact with the American Air Force, Peniston is in contact with the American Air Force.

122

00:12:06,000 --> 00:12:10,000

Peniston sets out to investigate what he fears to be a crashed aircraft.

123

00:12:11,000 --> 00:12:21,000

When Burroughs and Peniston approach the site, they found in a small clearing not a crashed aircraft, but a landed UFO.

124

00:12:22,000 --> 00:12:33,000

Peniston and Burroughs are shocked to discover a triangular-shaped UFO, with strange markings on its hull that bear an uncanny resemblance to Egyptian hieroglyphics.

125

00:12:34,000 --> 00:12:45,000

Peniston reaches out and touches the hull. It's smooth and metallic, and he senses something like an electrical current running through his hand and into his forearm.

126

00:12:47,000 --> 00:12:57,000

45 minutes after they made first contact, the UFO disappears into the night sky at what Peniston later describes as, impossible speed.

127

00:12:58,000 --> 00:13:06,000

But for James Peniston and John Burroughs, the encounter will have a devastating effect on the rest of their lives.

128

00:13:07,000 --> 00:13:14,000

For me, shortly after the incident happened, I started not feeling well. At one point my gums turned white.

129

00:13:15,000 --> 00:13:23,000

A couple, three months later, while at home on leave, I became very ill and went into the emergency room.

130

00:13:23,000 --> 00:13:30,000

Okay, the doctor there listened to my chest and came back and said, well, what does the airport say about Hartman Burroughs?

131

00:13:31,000 --> 00:13:34,000

And I looked at him and I said, I don't have a Hartman Burroughs.

132

00:13:35,000 --> 00:13:43,000

What happened to James Peniston and John Burroughs? Did they fall prey to the toxic effect of the UFO's metal hull?

133

00:13:44,000 --> 00:13:47,000

And what else are these exotic elements capable of?

134

00:13:48,000 --> 00:13:53,000

Unsealed case file. The Cash Landrum incident.

135

00:13:54,000 --> 00:13:58,000

Dayton, Texas. December 29, 1980.

136

00:13:59,000 --> 00:14:11,000

Betty Cash, Vicki Landrum and Landrum's grandson Colby are traveling a rural highway at night, when out of nowhere, a bright diamond shaped object appears above their car.

137

00:14:12,000 --> 00:14:21,000

The two women stop and get out for a better view, only to step inside a wall of blazing heat emanating from the object.

138

00:14:22,000 --> 00:14:28,000

Moments later, a group of two dozen unmarked helicopters appear in the air overhead.

139

00:14:29,000 --> 00:14:34,000

But before they can intercept the UFO, it shoots off into the night at terrific speed.

140

00:14:35,000 --> 00:14:40,000

In the days that follow, both women begin to feel ill.

141

00:14:41,000 --> 00:14:47,000

They show signs of what appears to be severe sunburn and begin to experience hair loss.

142

00:14:48,000 --> 00:14:57,000

Cash has hit especially hard. Two weeks after the incident, she is admitted to hospital and her worst fears are realized.

143

00:14:58,000 --> 00:15:01,000

Betty Cash has developed skin cancer.

144

00:15:02,000 --> 00:15:09,000

She will survive the disease, but the terrifying experience will haunt her for the rest of her life.

145

00:15:10,000 --> 00:15:17,000

Doctors suspect all three occupants of the car were exposed to a strange form of ionizing radiation.

146

00:15:18,000 --> 00:15:25,000

Could even the briefest exposure to UFO metals result in a lifetime of physical trauma?

147

00:15:25,000 --> 00:15:32,000

We know that science is not right all the time. As quickly as we're putting it into the history books, we're rewriting it.

148

00:15:33,000 --> 00:15:38,000

The people we hold in the highest regards as the smartest scientists in our history, we're proving them wrong.

149

00:15:42,000 --> 00:15:51,000

Many experts believe UFOs are constructed from exotic alien metals that may be hazardous to human health and our planet.

150

00:15:52,000 --> 00:15:58,000

But some ufologists believe there is an even more sinister phenomena attributed to extraterrestrial metals.

151

00:15:59,000 --> 00:16:04,000

One that, at least on the surface, does not appear to physically harm its host.

152

00:16:05,000 --> 00:16:11,000

And according to some, many more people have been exposed than we could possibly know.

153

00:16:12,000 --> 00:16:21,000

According to one estimate, 10 million people worldwide claim to have been abducted by aliens in the half-century since records began.

154

00:16:22,000 --> 00:16:28,000

And some return with more than just the emotional scars of their experience.

155

00:16:29,000 --> 00:16:37,000

When you look at these objects through a microscope at a low magnification, 50 to 100 power, which is a typical biological microscope,

156

00:16:37,000 --> 00:16:43,000

you can see a little piece of metal sticking out, covered with some kind of biological tissue.

157

00:16:44,000 --> 00:16:52,000

Dr. Roger Lear specializes in alien implants, shards of metal placed by extraterrestrials in the bodies of abductees.

158

00:16:53,000 --> 00:16:59,000

Their true purpose remains a mystery. Some believe implants are a means of mind control.

159

00:17:00,000 --> 00:17:06,000

Others think they are a means of genetically altering people into alien human hybrids.

160

00:17:08,000 --> 00:17:14,000

Lear is convinced they pose a danger and has spent the last 50 years surgically removing them.

161

00:17:15,000 --> 00:17:20,000

And according to him, it's a task with no end in sight.

162

00:17:21,000 --> 00:17:32,000

In the abduction phenomena, there is apparently a 10 to 15% of those who we believe are true abductees that might have been implanted.

163

00:17:33,000 --> 00:17:39,000

Now we're talking about implants that are visible on an x-ray or a CAT scan.

164

00:17:40,000 --> 00:17:46,000

Based on Lear's estimate, up to one million people may be carrying alien implants.

165

00:17:46,000 --> 00:17:54,000

And some experts believe millions more may have been abducted with no memory of the horrific experience.

166

00:17:56,000 --> 00:18:05,000

Are undetected alien metals transforming the very fabric of our lives into the time bombs of alien apocalypse?

167

00:18:05,000 --> 00:18:15,000

This is Unsealed Alien Files, exposing the biggest secret on planet Earth.
