

1

00:00:00,000 --> 00:00:09,300

Our world is home to many UFO hotspots where unidentified objects and aliens are reported

2

00:00:09,300 --> 00:00:11,900

with alarming regularity.

3

00:00:11,900 --> 00:00:14,940

But a select few locations have something extra.

4

00:00:14,940 --> 00:00:22,580

They're notorious for strange physical and paranormal phenomena, in addition to extraterrestrial

5

00:00:22,580 --> 00:00:24,140

activity.

6

00:00:24,140 --> 00:00:31,420

He was taking pictures of his five-year-old daughter and the second picture looks like

7

00:00:31,420 --> 00:00:33,740

a spaceman.

8

00:00:33,740 --> 00:00:35,380

But which came first?

9

00:00:35,380 --> 00:00:38,260

The zone or the UFO?

10

00:00:38,260 --> 00:00:40,460

Do aliens create them?

11

00:00:40,460 --> 00:00:44,260

Or does something about these places attract them?

12

00:00:44,260 --> 00:00:48,740

And do these places pose a danger to planet Earth?

13

00:00:48,740 --> 00:00:55,100

Join us as we journey deep into the heart of the world's most notorious UFO zones on

14

00:00:55,100 --> 00:00:59,140

Unseal Alien Files.

15

00:00:59,140 --> 00:01:01,660

A global effort has begun.

16

00:01:01,660 --> 00:01:07,860

Secret files hidden from the public for decades detailing every UFO account are now available

17

00:01:07,860 --> 00:01:08,860

to the public.

18

00:01:08,860 --> 00:01:14,220

We are about to uncover the truth behind these classified documents.

19

00:01:14,220 --> 00:01:17,460

Find out what the government doesn't want you to know.

20

00:01:17,460 --> 00:01:21,220

Unseal Alien Files.

21

00:01:21,220 --> 00:01:24,860

Exposing the biggest secret on planet Earth.

22

00:01:24,860 --> 00:01:30,580

Wumera Nuclear Test Range, Australia, July 15, 1960.

23

00:01:30,580 --> 00:01:36,300

A security officer spots a strange white light traveling across the evening sky.

24

00:01:36,300 --> 00:01:42,020

As it draws closer, the light takes on a reddish color, leading the man to believe it is a

25

00:01:42,020 --> 00:01:45,220

balloon that has caught fire.

26

00:01:45,220 --> 00:01:50,060

Four other security officers catch sight of the same unidentified object as it passes

27

00:01:50,060 --> 00:01:54,340

unchallenged and disappears into the night.

28

00:01:54,340 --> 00:01:58,940

An investigation is launched into how any aircraft could have penetrated Australia's

29

00:01:58,940 --> 00:02:01,340

most restricted airspace.

30

00:02:01,340 --> 00:02:07,020

But in the end, the UFO's identity and purpose remain a mystery.

31

00:02:07,020 --> 00:02:11,500

The incident is just one of many that occur over the Wumera test range during the early

32

00:02:11,500 --> 00:02:13,500

1960s.

33

00:02:13,500 --> 00:02:21,780

Nothing could prepare its personnel for the shocking events of spring 1964.

34

00:02:21,780 --> 00:02:23,340

Unsealed Case File.

35

00:02:23,340 --> 00:02:26,620

The Wumera Spaceman.

36

00:02:26,620 --> 00:02:31,060

Cumbria, England, May 23, 1964.

37

00:02:31,060 --> 00:02:36,460

Firefighter Jim Templeton is on a day trip with his five-year-old daughter, Elizabeth.

38

00:02:36,460 --> 00:02:40,900

The two stop near the village of Burby Sands to take pictures.

39

00:02:40,900 --> 00:02:43,380

It's a happy memory for both.

40

00:02:43,380 --> 00:02:45,260

Still the film is developed.

41

00:02:45,260 --> 00:02:51,180

Looking at the photos, Templeton is shocked to see what appears to be an astronaut looming

42

00:02:51,180 --> 00:02:54,180

in the background behind his daughter.

43

00:02:54,180 --> 00:02:58,660

He has no memory of any such figure from that day.

44

00:02:58,660 --> 00:03:03,060

Templeton takes the photo to a local newspaper, and within hours the image is appearing in

45

00:03:03,060 --> 00:03:07,380

publications all over the world, including Australia.

46

00:03:07,380 --> 00:03:14,820

May 24, a day after the Templeton's encounter, the Wumera test range is set to launch Britain's

47

00:03:14,820 --> 00:03:17,540

most controversial weapon.

48

00:03:17,540 --> 00:03:24,460

Wumera was the test facility running trials with the Blue Streak, which was Great Britain's

49

00:03:24,460 --> 00:03:28,300

first intercontinental ballistic missile.

50

00:03:28,300 --> 00:03:34,460

Originally designed in the 1950s as a nuclear weapon, the Blue Streak missile has been repurposed

51

00:03:34,460 --> 00:03:39,020

as a launch vehicle for Europe's burgeoning space program.

52

00:03:39,020 --> 00:03:46,100

But just as the rocket is about to fire, something extraordinary happens.

53

00:03:46,100 --> 00:03:54,700

There was ostensibly a video of two white-garbed, quote-unquote, spacemen running across the

54

00:03:54,700 --> 00:04:00,300

launch pad, the launch area of this British missile.

55

00:04:00,300 --> 00:04:06,780

Two mysterious figures disappear without a trace, leaving Wumera personnel baffled.

56

00:04:06,780 --> 00:04:09,620

But this is only the beginning.

57

00:04:09,620 --> 00:04:15,940

When the Templeton photo began to be publicized, immediately press people saw the similarities

58

00:04:15,940 --> 00:04:19,460

between the two creatures and the way they were dressed.

59

00:04:19,460 --> 00:04:24,740

Templeton himself said that the creatures that were described in the video looked exactly

60

00:04:24,740 --> 00:04:30,460

like the creature that was in the photograph, the middle photograph of his daughter.

61

00:04:30,460 --> 00:04:35,620

Not long after, another disturbing connection between the two incidents is drawn, when it's

62

00:04:35,620 --> 00:04:41,500

revealed that the Blue Streak's assembly plant is located in Cumbria, not far from where

63

00:04:41,500 --> 00:04:43,580

the Templeton photograph was taken.

64

00:04:43,580 --> 00:04:51,340

What was so odd about the quote-unquote Wumera spacemen is why were these creatures, assuming

65

00:04:51,340 --> 00:04:57,900

they were actually there, interrupting a highly classified missile test launch.

66

00:04:57,900 --> 00:05:06,180

Wumera is just one of a number of high-security military facilities that qualify as UFO zones.

67

00:05:06,180 --> 00:05:10,940

Are extraterrestrials probing our planet's defensive capability?

68

00:05:10,940 --> 00:05:19,980

Is this the secret behind UFO zones, or is something else at work?

69

00:05:19,980 --> 00:05:27,100

The Earth is home to a series of UFO zones, regions where intense UFO activity coincides

70

00:05:27,100 --> 00:05:31,380

with strange and unexplained events on the ground.

71

00:05:31,380 --> 00:05:37,140

Some zones surround the world's highest security military installations, leading many to believe

72

00:05:37,140 --> 00:05:40,460

the two phenomena are somehow linked.

73

00:05:40,460 --> 00:05:45,500

Others, however, have a different, more mysterious nature.

74

00:05:45,500 --> 00:05:51,500

Zostrovka, Russia, September 16, 1989.

75

00:05:51,500 --> 00:05:57,260

Residents of this port watch in amazement as six saucer-like objects appear in the sky,

76

00:05:57,260 --> 00:06:01,140

chasing a seventh, darker UFO.

77

00:06:01,140 --> 00:06:06,300

But amazement quickly turns to terror when the port's massive crane suffers a total power

78

00:06:06,300 --> 00:06:07,620

failure.

79

00:06:07,620 --> 00:06:11,900

The aerobatic chase carries the UFOs high into the evening sky.

80

00:06:11,900 --> 00:06:17,700

Enough for them to be seen from the city of Perm, over six miles away, the six pursuers

81

00:06:17,700 --> 00:06:24,380

close in on the dark disk and score a direct hit, blasting it from the sky.

82

00:06:24,380 --> 00:06:30,260

The aggressors vanish, while their target plunges into a swamp inside Russia's most

83

00:06:30,260 --> 00:06:34,260

notorious UFO zone.

84

00:06:34,260 --> 00:06:36,980

Unsealed case file.

85

00:06:36,980 --> 00:06:40,060

The M Triangle.

86

00:06:40,060 --> 00:06:45,540

The M Triangle is a remote region 600 miles east of Moscow.

87

00:06:45,540 --> 00:06:50,540

Surrounding the village of Moliobka, the area is notorious for its frequent incidents of

88

00:06:50,540 --> 00:06:52,940

the unexplained.

89

00:06:52,940 --> 00:06:59,020

Local inhabitants regularly report seeing strange objects overhead, and strange ghostly

90

00:06:59,020 --> 00:07:06,300

beings lurking on the outskirts of the area's forest.

91

00:07:06,300 --> 00:07:11,740

While not an officially restricted area, the Russian military warns visitors to avoid the

92

00:07:11,740 --> 00:07:13,900

M Triangle.

93

00:07:13,900 --> 00:07:18,740

This has not stopped independent investigators from entering the danger zone, attempting to

94

00:07:18,740 --> 00:07:21,060

uncover its secrets.

95

00:07:21,060 --> 00:07:27,660

Many visitors to the M Triangle report disturbing auditory hallucinations and waves of intense

96

00:07:27,660 --> 00:07:30,780

fear.

97

00:07:30,780 --> 00:07:35,420

Journalist Pavel Mukrtov entered the zone with a group of fellow investigators to report

98

00:07:35,420 --> 00:07:39,100

on the strange goings on within its borders.

99

00:07:39,100 --> 00:07:45,460

Many of the team quickly fell ill, but Mukrtov experienced something very different.

100

00:07:45,460 --> 00:07:50,260

He left the triangle with a strange feeling that he had somehow acquired great knowledge

101

00:07:50,260 --> 00:07:54,260

of physics and aerospace engineering.

102

00:07:54,260 --> 00:08:00,860

In the months after his experience, he applied for the Soviet space program and was accepted,

103

00:08:00,860 --> 00:08:06,060

despite having no previous experience in the field.

104

00:08:06,060 --> 00:08:10,260

What is behind the strange events in the M Triangle?

105

00:08:10,260 --> 00:08:15,500

The efforts of investigators like Mukrtov have revealed something scientifically unique

106

00:08:15,500 --> 00:08:17,300

about the region.

107

00:08:17,300 --> 00:08:23,020

The Earth's normal electromagnetic field appears to defy the laws of nature.

108

00:08:23,020 --> 00:08:28,900

Is there something about electromagnetism that lays the foundation for the world's UFO

109

00:08:28,900 --> 00:08:31,020

zones?

110

00:08:31,020 --> 00:08:35,780

Ceballos, Mexico, September 1976.

111

00:08:35,780 --> 00:08:41,460

This desert town erupts in a chilling cacophony when its entire dog population suddenly begins

112

00:08:41,460 --> 00:08:43,940

to bark and howl.

113

00:08:43,940 --> 00:08:50,060

Startled citizens rush into the streets, where they are amazed to see a massive UFO, nearly

114

00:08:50,100 --> 00:08:53,660

a thousand feet long, looming overhead.

115

00:08:53,660 --> 00:08:58,940

The barks and howls are quickly drowned out by a deep pulsing hum that seems to emanate

116

00:08:58,940 --> 00:09:01,260

from the craft.

117

00:09:01,260 --> 00:09:05,820

One witness described it as one side of it took up his entire neighborhood and the other

118

00:09:05,820 --> 00:09:08,420

side he could see going off in the distance.

119

00:09:08,420 --> 00:09:10,740

So this thing was large.

120

00:09:10,740 --> 00:09:16,540

The craft hovers momentarily, before disappearing into an infamous stretch of nearby deserts

121

00:09:16,540 --> 00:09:23,540

with a long history of UFO activity and other incidents of the unexplained.

122

00:09:23,540 --> 00:09:25,980

Unsealed case file.

123

00:09:25,980 --> 00:09:31,140

The Zone of Silence.

124

00:09:31,140 --> 00:09:37,020

Some 400 miles south of the US border is a vast stretch of barren wilderness known as

125

00:09:37,020 --> 00:09:39,420

the Zone of Silence.

126

00:09:39,420 --> 00:09:45,340

The region earned its name following an incident in 1970 in which an Athena test missile launched

127

00:09:45,340 --> 00:09:49,620

from a base in Utah crashed on the desert plain.

128

00:09:49,620 --> 00:09:54,300

An American unit dispatched to recover the wreckage, discovered their radios and all

129

00:09:54,300 --> 00:10:00,420

other electronic equipment had mysteriously become inoperative while in the area.

130

00:10:00,420 --> 00:10:06,020

Further scientific investigation revealed the Zone to contain exceptionally high levels

131

00:10:06,020 --> 00:10:12,140

of the mineral magnetite thought to have been deposited here long ago by an unusually high

132

00:10:12,140 --> 00:10:15,700

number of falling meteorites.

133

00:10:15,700 --> 00:10:21,540

The intense electromagnetic field generated by the Zone's magnetite deposits might explain

134

00:10:21,540 --> 00:10:23,780

the equipment's interference.

135

00:10:23,780 --> 00:10:29,780

Are aliens somehow attracted by the presence of electromagnetism in UFO zones?

136

00:10:29,780 --> 00:10:33,620

Or are they responsible for these strange readings?

137

00:10:33,620 --> 00:10:38,580

If you look at all of the alien plots, it's still unclear whether or not they're here

138

00:10:38,580 --> 00:10:40,540

to save us or slaughter us.

139

00:10:42,540 --> 00:10:49,580

Milding evidence suggests that planet Earth is home to a series of UFO zones where strange

140

00:10:49,580 --> 00:10:56,300

physical and paranormal phenomena occur alongside alleged alien activity.

141

00:10:56,300 --> 00:11:00,340

The question is, do aliens create these zones?

142

00:11:00,340 --> 00:11:03,460

Or does something attract them?

143

00:11:03,460 --> 00:11:09,140

Many experts have observed strange electromagnetic readings in many of these regions.

144

00:11:09,140 --> 00:11:13,980

Could this energy be the secret behind the world's UFO zones?

145

00:11:13,980 --> 00:11:18,300

And if so, why?

146

00:11:18,300 --> 00:11:23,580

Lagodecubun Chile, May 16, 1998.

147

00:11:23,580 --> 00:11:29,380

Thirty witnesses report the appearance of a massive disc-shaped UFO over the nation's

148

00:11:29,380 --> 00:11:37,300

largest hydroelectric dam, roughly 120 miles south of the nation's capital, Santiago.

149

00:11:37,300 --> 00:11:42,980

One lookers describe the object as dark, with a large orange light at its base.

150

00:11:42,980 --> 00:11:48,140

The object hangs motionless in the air for some 20 minutes before disappearing over the

151

00:11:48,140 --> 00:11:49,140

Andes.

152

00:11:49,140 --> 00:11:54,500

It's just the latest in a long series of sightings in the area.

153

00:11:54,500 --> 00:12:00,460

They are regularly seen rising from the water close to a nearby hydroelectric station and

154

00:12:00,460 --> 00:12:06,020

often appear to be drawing energy from the power lines, as if refueling.

155

00:12:06,020 --> 00:12:10,780

Prior to the station's construction, the area suffered few blackouts.

156

00:12:10,780 --> 00:12:14,260

Now it faces up to three outages a week.

157

00:12:14,260 --> 00:12:19,540

How much energy does it take for a craft to go 5,000 miles an hour?

158

00:12:19,540 --> 00:12:21,060

10,000 miles an hour?

159

00:12:21,060 --> 00:12:23,860

Obviously a huge amount of energy.

160

00:12:23,860 --> 00:12:27,740

Is this the answer to the mystery of UFO zones?

161

00:12:27,740 --> 00:12:33,900

Are aliens using places like Lagodecubun and Umera as a source of energy?

162

00:12:33,900 --> 00:12:40,460

Could others, like the M-triangle, represent the ideal hiding place for their spacecraft?

163

00:12:40,460 --> 00:12:47,420

Today, Chile ranks fifth overall in UFO sightings since record keeping began.

164

00:12:47,420 --> 00:12:53,260

It's an uncommonly high number for a country with a relatively small population.

165

00:12:53,260 --> 00:12:57,620

Also uncommon is its government's embrace of this phenomenon.

166

00:12:58,060 --> 00:13:03,420

Recently, they opened the nation's first UFO trail, passing through the region's most

167

00:13:03,420 --> 00:13:10,460

infamous hotspots and continue to encourage visitors to seek out strange objects in the sky.

168

00:13:10,460 --> 00:13:16,460

But why would any government encourage its people to confront beings from another world?

169

00:13:16,460 --> 00:13:23,500

The answer may lie in another UFO zone, thousands of miles to the north.

170

00:13:23,500 --> 00:13:26,460

Unsealed case file.

171

00:13:26,460 --> 00:13:29,180

The San Luis Valley.

172

00:13:29,180 --> 00:13:33,020

San Luis Valley, Colorado, 1993.

173

00:13:33,020 --> 00:13:38,980

NORAD radar picks up a series of mysterious readings over a two week period that suggests

174

00:13:38,980 --> 00:13:45,140

the flaring of large scale fires or even missile launches.

175

00:13:45,140 --> 00:13:48,620

Helicopter searches, however, turn up nothing.

176

00:13:48,620 --> 00:13:51,220

Officials are baffled.

177

00:13:51,220 --> 00:13:54,020

But ufologists aren't surprised.

178

00:13:54,020 --> 00:14:00,820

They know the Colorado, New Mexico area has been a highly active UFO zone for decades.

179

00:14:00,820 --> 00:14:04,740

September, 1967.

180

00:14:04,740 --> 00:14:11,900

Ranchers in the San Luis Valley make a grisly discovery.

181

00:14:11,900 --> 00:14:18,420

A dead horse is found on the King Ranch at the base of the Blanca Massif.

182

00:14:18,540 --> 00:14:24,620

It's been stripped of all tissue from the tip of its nose to the shoulders.

183

00:14:24,620 --> 00:14:31,540

Its heart and brain have been removed and there is an odd antiseptic smell present that suggests

184

00:14:31,540 --> 00:14:36,460

the horse was the subject of a careful dissection.

185

00:14:36,460 --> 00:14:42,620

The mystery deepens when investigators find a series of huge, unidentifiable tracks in

186

00:14:42,620 --> 00:14:44,620

the area.

187

00:14:44,620 --> 00:14:50,540

The horse's owner, Nellie Lewis, tells local reporters that UFOs are responsible for the

188

00:14:50,540 --> 00:14:56,500

horse's death, warning that they would one day return in force.

189

00:14:56,500 --> 00:15:00,620

And according to reports, she was right.

190

00:15:00,620 --> 00:15:05,460

Dulce, New Mexico, March 24, 1978.

191

00:15:05,460 --> 00:15:12,620

Cattle rancher Manuel Gomez discovers the dead carcass of a recently deceased bull calf.

192

00:15:12,620 --> 00:15:17,940

The animal sex organs have been removed with a surgical precision beyond the capability

193

00:15:17,940 --> 00:15:22,460

of even today's most sophisticated laser technology.

194

00:15:22,460 --> 00:15:28,420

Over the years, Dulce has paid witness to many strange and unexplained incidents.

195

00:15:28,420 --> 00:15:35,700

There are rumors of a secret base in the area and no one is sure who controls it.

196

00:15:35,700 --> 00:15:40,540

I think if the military were to capture or be given alien technology, I think they would

197

00:15:40,540 --> 00:15:46,220

absolutely want to keep that to themselves because let's face it, anybody with advanced

198

00:15:46,220 --> 00:15:52,740

alien technology would in essence rule the earth.

199

00:15:52,740 --> 00:15:59,340

Evidence suggests the world's UFO zones may be connected to a larger alien plot against

200

00:15:59,340 --> 00:16:01,340

planet earth.

201

00:16:01,340 --> 00:16:06,500

And according to reports from the New Mexico desert, they aren't working alone.

202

00:16:06,500 --> 00:16:11,140

Dulce, New Mexico, August 1979.

203

00:16:11,140 --> 00:16:16,020

Phil Schneider is an army engineer working with a unit assigned to construct a series

204

00:16:16,020 --> 00:16:20,100

of tunnels to the southwest of the Archuleta Mesa.

205

00:16:20,100 --> 00:16:27,300

At the bottom, he is shocked to see a seven foot alien being and beyond it, a host of

206

00:16:27,300 --> 00:16:31,460

others conducting operations in an underground base.

207

00:16:31,460 --> 00:16:33,300

A firefight erupts.

208

00:16:33,300 --> 00:16:39,500

When the dust settles, the cavern is littered with alien and human dead.

209

00:16:39,500 --> 00:16:46,860

How did an alien race maintain a base so close to a high security US military installation?

210

00:16:46,860 --> 00:16:50,740

According to Phil Schneider, the answer is simple.

211

00:16:50,740 --> 00:16:52,340

Government knew all about it.

212

00:16:52,340 --> 00:16:59,540

They had been in camp there for as best as believed possible about 400 or 500 years.

213

00:16:59,540 --> 00:17:04,220

Less than a year after he goes public with his story, Phil Schneider is found dead in

214

00:17:04,220 --> 00:17:05,780

his apartment.

215

00:17:05,780 --> 00:17:11,700

Officially, his death has ruled a suicide, but many believe he was murdered for being

216

00:17:11,700 --> 00:17:15,340

the man who knew too much.

217

00:17:15,340 --> 00:17:20,180

Other whistleblowers have since uncovered evidence of a secret lab filled with horrors

218

00:17:20,180 --> 00:17:21,180

beyond imagination.

219

00:17:21,180 --> 00:17:27,660

Human beings were kept in cages, they were kept in prisons, they were suffering.

220

00:17:27,660 --> 00:17:33,220

Is this the terrifying secret at the heart of the world's UFO zones?

221

00:17:33,220 --> 00:17:39,220

Are they places where aliens and humans are conspiring against the rest of the world?

222

00:17:39,220 --> 00:17:47,140

And if this is true, how long can it be before this conspiracy turns into open aggression?

223

00:17:47,140 --> 00:17:54,460

They're working with US military, they're working with US scientists, and at this base,

224

00:17:54,460 --> 00:17:57,780

they are harvesting organs from human beings.

225

00:17:57,780 --> 00:18:04,300

They're doing cattle mutilations, but here's what's creepy, they're doing human mutilations

226

00:18:04,300 --> 00:18:11,020

and there are these huge bats of human organs that they're using for stem cell research

227

00:18:11,020 --> 00:18:18,420

and for DNA research to create a whole new species.

228

00:18:18,420 --> 00:18:24,540

This is Unsealed Alien Files, exposing the biggest secret on planet Earth.
