

1

00:00:00,000 --> 00:00:06,000

Many believe aliens are already here on Earth.

2

00:00:06,000 --> 00:00:08,000

But why are they here?

3

00:00:08,000 --> 00:00:14,000

To travel across the galaxy, their technology must be light years ahead of our own.

4

00:00:14,000 --> 00:00:17,000

The same goes for their weapons.

5

00:00:17,000 --> 00:00:25,000

If extraterrestrials decide to target our planet, the result would be nothing short of Armageddon.

6

00:00:26,000 --> 00:00:30,000

Are aliens planning an all-out attack on planet Earth?

7

00:00:30,000 --> 00:00:35,000

And if they are, is there any way we can fight back?

8

00:00:35,000 --> 00:00:40,000

There's an old saying in the military, train hard, fight easy.

9

00:00:40,000 --> 00:00:49,000

It is prudent, however unlikely you think your scenario is, to prepare for it, to plan for it, and to train for it.

10

00:00:49,000 --> 00:00:54,000

Join us as we investigate the terrifying capabilities of alien weapons

11

00:00:54,000 --> 00:01:04,000

and reveal how humanity can fight back in the final battle for planet Earth on Unsealed Alien Files.

12

00:01:04,000 --> 00:01:07,000

A global effort has begun.

13

00:01:07,000 --> 00:01:15,000

Secret files hidden from the public for decades, detailing every UFO account, are now available to

the public.

14

00:01:15,000 --> 00:01:20,000

We are about to uncover the truth behind these classified documents.

15

00:01:20,000 --> 00:01:23,000

Find out what the government doesn't want you to know.

16

00:01:23,000 --> 00:01:26,000

Unsealed Alien Files.

17

00:01:26,000 --> 00:01:30,000

Exposing the biggest secret on planet Earth.

18

00:01:30,000 --> 00:01:36,000

By a docile Brazil, October 18, 1977,

19

00:01:36,000 --> 00:01:43,000

Claudio Mirapaisão is awakened by a strange green light shining through her window.

20

00:01:43,000 --> 00:01:53,000

She watches in terror as a creature, like a man, suddenly appears in her room, holding what she describes to be, a device like a pistol.

21

00:01:53,000 --> 00:01:58,000

The creature fires at Paisão, inflicting searing pain.

22

00:01:58,000 --> 00:02:05,000

The beam renders her motionless and needle-like instruments pierce her skin to collect a sample of her blood.

23

00:02:05,000 --> 00:02:16,000

It's just one of a series of attacks that hit northern Brazil from late 1977 to mid-1978, now known as the Coiores Incident.

24

00:02:16,000 --> 00:02:21,000

Thirty-five people are treated for radiation burns.

25

00:02:21,000 --> 00:02:25,000

Two die within 24 hours of being injured.

26

00:02:25,000 --> 00:02:29,000

The attacks cause mass panic across the region.

27

00:02:29,000 --> 00:02:37,000

The Brazilian military allegedly launches a series of sorties, but their weapons are useless against the UFOs.

28

00:02:37,000 --> 00:02:42,000

Weeks later, the UFOs disappear.

29

00:02:42,000 --> 00:02:53,000

The Brazilian wave is a terrifying demonstration of alien domination, but it's not the first time we have appeared powerless against alien invaders.

30

00:02:53,000 --> 00:02:56,000

Unsealed Case File.

31

00:02:56,000 --> 00:02:59,000

The Battle of Los Angeles.

32

00:02:59,000 --> 00:03:05,000

Los Angeles, California, February 24, 1942.

33

00:03:05,000 --> 00:03:13,000

Only three months after the Japanese attack on Pearl Harbor, a UFO appears in the night sky over Los Angeles.

34

00:03:13,000 --> 00:03:20,000

The military quickly went into action. They tried to figure out what the object was. They lit it up with their spotlights.

35

00:03:20,000 --> 00:03:24,000

They couldn't figure it out, and they ultimately started firing upon the object.

36

00:03:24,000 --> 00:03:28,000

After thousands of rounds being fired at it, they never were able to damage it.

37

00:03:28,000 --> 00:03:38,000

But just as quickly as it appeared, the craft travels down the coast and vanishes into the night, leaving the city in a state of panic.

38

00:03:38,000 --> 00:03:46,000

According to reports, the Battle of Los Angeles leaves American officials scrambling for a way to combat this new threat.

39

00:03:46,000 --> 00:03:54,000

This is the first time that our own defense force denied anything to do with a UFO.

40

00:03:54,000 --> 00:03:58,000

In other words, the first time that a cover-up started to go into place.

41

00:03:58,000 --> 00:04:11,000

By the early 1950s, many experts consider the U.S. military to have evidence that aliens exist in the form of downed spacecraft and the retrieval of alien bodies.

42

00:04:12,000 --> 00:04:24,000

The postwar years would see the advent of the jet age, the development of the atomic bomb, and a quantum leap in humanity's ability to defend its skies.

43

00:04:24,000 --> 00:04:31,000

Many believe these advances came from re-engineering hand-me-down alien technology.

44

00:04:31,000 --> 00:04:37,000

But how would these new super weapons fare in an alien confrontation?

45

00:04:38,000 --> 00:04:40,000

Unsealed Case File

46

00:04:40,000 --> 00:04:43,000

The Tehran Incident

47

00:04:43,000 --> 00:04:48,000

Tehran, Iran, September 19, 1976.

48

00:04:48,000 --> 00:04:54,000

Eye witnesses report a strange light in the sky over the nation's capital.

49

00:04:54,000 --> 00:04:59,000

The Imperial Iranian Air Force sends a fighter jet to investigate.

50

00:04:59,000 --> 00:05:06,000

But as the jet reaches the strange diamond-shaped UFO, its instrument panel fails.

51

00:05:06,000 --> 00:05:13,000

When the jet dives away from the UFO, the instrument panel mysteriously turns back on.

52

00:05:13,000 --> 00:05:17,000

Moments later, a second fighter jet is scrambled to investigate.

53

00:05:17,000 --> 00:05:27,000

As the F-4 Phantom crew was approaching the object, a second UFO actually appeared out of the first one, and it actually shot straight towards the incoming F-4 Phantom jet.

54

00:05:27,000 --> 00:05:31,000

Now, the pilot thought this was some kind of offensive maneuver.

55

00:05:31,000 --> 00:05:33,000

Maybe it was a missile of some kind, a weapon.

56

00:05:33,000 --> 00:05:38,000

So he actually goes to arm his aim-for missile and fire back.

57

00:05:38,000 --> 00:05:46,000

As he goes to arm his missile, he decides to fire, and the minute that he goes to press the button, everything shuts down.

58

00:05:46,000 --> 00:05:48,000

All the weapons controls all of his communication.

59

00:05:48,000 --> 00:05:54,000

If aliens invade, do we have any way to fight back?

60

00:05:54,000 --> 00:06:00,000

For an object to strategically shut down certain controls of another aircraft, that's something we don't have.

61

00:06:00,000 --> 00:06:09,000

Sure, we can do an EMP pulse and destroy every electronic in a certain radius, but not strategically from one craft to another.

62

00:06:09,000 --> 00:06:17,000

Many experts believe that hostile aliens may be planning a large-scale attack on planet Earth.

63

00:06:17,000 --> 00:06:23,000

And according to reports, their spacecraft may be impervious to conventional weapons.

64

00:06:23,000 --> 00:06:27,000

Can anything be done to counter such an attack?

65

00:06:27,000 --> 00:06:32,000

The answer may lie in a declassified U.S. government memo.

66

00:06:32,000 --> 00:06:37,000

Quantico, Virginia, April 2011.

67

00:06:37,000 --> 00:06:46,000

The FBI's website is slammed by traffic, viewing a 60-year-old memo addressed to former director J. Edgar Hoover.

68

00:06:46,000 --> 00:06:54,000

It was written by Guy Hottel, a former special agent in charge of the FBI's Washington field office.

69

00:06:54,000 --> 00:07:04,000

Written in 1950, he records an eyewitness account in 1947 that many believe changed the course of human history.

70

00:07:04,000 --> 00:07:09,000

The recovery of flying saucers crashed in the New Mexico desert.

71

00:07:09,000 --> 00:07:19,000

In the memo, Hottel states they were described as being circular in shape, with raised centers, approximately 50 feet in diameter.

72

00:07:19,000 --> 00:07:30,000

Each one was occupied by three bodies of human shape, but only three feet tall, dressed in metallic cloth of a very fine texture.

73

00:07:30,000 --> 00:07:35,000

Unsealed case file. The Roswell incident.

74

00:07:35,000 --> 00:07:43,000

July 8, 1947. The Army Air Force has announced that a flying disk has been found and is now in the possession of the Army.

75

00:07:43,000 --> 00:07:49,000

The announcement is a bombshell. America has recovered an alien spacecraft.

76

00:07:49,000 --> 00:08:00,000

The story quickly becomes international news, but the military is caught off guard by the intense media scrutiny and scrambles to divert the world's attention.

77

00:08:00,000 --> 00:08:11,000

Shortly after the military said that they had captured a flying saucer, they completely rebutted their own story and said that it was nothing more than a weather balloon.

78

00:08:11,000 --> 00:08:20,000

The Roswell incident continues to compel UFO investigators today, but one question is often overlooked.

79

00:08:20,000 --> 00:08:24,000

What caused the reported crash in the first place?

80

00:08:24,000 --> 00:08:31,000

The answer may lie in the Hottel memo and hold the key to our survival.

81

00:08:31,000 --> 00:08:41,000

The Guy Hottel memo states, the saucers were found in New Mexico due to the fact that the government has a very high powered radar set up in that area,

82

00:08:41,000 --> 00:08:47,000

and it is believed the radar interferes with the controlling mechanism of the saucers.

83

00:08:47,000 --> 00:08:53,000

Can it be possible? Could radar actually bring down a UFO?

84

00:08:53,000 --> 00:09:03,000

Radar works by painting an object in a way that the wave bounces back and that's how you know what the shape is and how it is.

85

00:09:03,000 --> 00:09:10,000

Radar uses radio waves and electromagnetic fields to pinpoint an aircraft's position in the sky.

86

00:09:10,000 --> 00:09:17,000

It's standard technology today, but in the 1940s, radar was in its infancy.

87

00:09:17,000 --> 00:09:29,000

There were multiple reports of the microwaves and other electromagnetic fields from faulty towers, injuring operators, and dangerously disrupting the flight controls of aircraft.

88

00:09:29,000 --> 00:09:41,000

Many experts now believe the Roswell crash may have been caused by a malfunctioning electromagnetic field from beyond the fence, top secret Air Force radar.

89

00:09:41,000 --> 00:09:57,000

In the decades that followed, some are convinced that top secret government research and development programs have been underway to produce electromagnetic pulse or EMP weaponry to combat an alien invasion.

90

00:09:57,000 --> 00:10:07,000

But even if we are capable of downing a UFO with high tech weapons, there's no guarantee there won't be survivors ready to fight to the death.

91

00:10:07,000 --> 00:10:14,000

What new dangers might they pose? And do we have the means to fight back?

92

00:10:16,000 --> 00:10:28,000

Aliens may be preparing to invade planet Earth. According to some experts, we may have developed top secret weapons to blast their warships from the sky.

93

00:10:28,000 --> 00:10:36,000

But if they managed to land troops, could planet Earth withstand an assault by an alien fighting force?

94

00:10:37,000 --> 00:10:47,000

Virginia, Brazil, January 20, 1996. Three women witness a small figure stumbling through the streets in the early morning hours.

95

00:10:47,000 --> 00:10:58,000

But on closer inspection, it doesn't look human. The women run away terrified, but not before getting a good look at the creature.

96

00:10:58,000 --> 00:11:07,000

They describe it as five feet tall, with brown skin, a large head, and red eyes.

97

00:11:07,000 --> 00:11:16,000

Two days later, a similar creature is discovered dead in the streets and is quickly retrieved by Brazilian security forces.

98

00:11:16,000 --> 00:11:23,000

Over the next three weeks, they allegedly capture seven more of the otherworldly creatures.

99

00:11:23,000 --> 00:11:35,000

A security officer allegedly came across one of these beings and it was injured, so they took this being allegedly to a hospital and it died there.

100

00:11:35,000 --> 00:11:46,000

The incidents receive international coverage. Experts speculate that a UFO had crashed nearby, and the fugitive aliens were surviving members of the crew.

101

00:11:47,000 --> 00:11:56,000

But in 2013, Brazilian ufologist AJ Gavard spoke about the incident at the Citizen Hearing on Disclosure in Washington, DC,

102

00:11:56,000 --> 00:12:02,000

leading experts to speculate that perhaps the creatures are not what they seem.

103

00:12:03,000 --> 00:12:12,000

The aliens' face were fresh, and at least two creatures were captured and offered no resistance to its capture.

104

00:12:12,000 --> 00:12:23,000

But they died right after they were captured. They died and nobody could explain how their morphology, how they functioned.

105

00:12:23,000 --> 00:12:30,000

The Virginia incident raises many questions about our knowledge of alien beings and how they are vulnerable.

106

00:12:30,000 --> 00:12:39,000

Did they die from complications of a UFO crash? Or did they die from being unable to breathe our atmosphere?

107

00:12:39,000 --> 00:12:50,000

Are aliens as difficult to destroy as their UFOs? And do they have a weakness we can exploit in the event of a mass invasion of planet Earth?

108

00:12:51,000 --> 00:12:53,000

Unsealed Case File

109

00:12:53,000 --> 00:12:55,000

The Stringfield Files

110

00:12:56,000 --> 00:13:03,000

Leonard Stringfield was one of the 20th century's foremost experts on extraterrestrial phenomena.

111

00:13:03,000 --> 00:13:11,000

In the late 1960s, Stringfield was selected to serve as the early warning coordinator for the Condon Committee,

112

00:13:11,000 --> 00:13:18,000

a comprehensive study of UFO activity in American skies organized by the United States Air Force.

113

00:13:19,000 --> 00:13:24,000

But behind the scenes, Stringfield was conducting his own exhaustive investigation.

114

00:13:24,000 --> 00:13:30,000

He compiled dozens of interviews and written accounts from physicians and forensic examiners,

115

00:13:30,000 --> 00:13:36,000

producing the most comprehensive study of alien physiology ever produced.

116

00:13:36,000 --> 00:13:39,000

One file in particular stands out.

117

00:13:39,000 --> 00:13:45,000

UFO Crash Retrieval Syndrome. Status Report 2

118

00:13:45,000 --> 00:13:56,000

In it, Stringfield reports the findings of an anonymous surgeon who claimed to have conducted an autopsy on an extraterrestrial in the early 1950s.

119

00:13:56,000 --> 00:14:02,000

His account provides one of the most detailed descriptions of an alien being on record.

120

00:14:02,000 --> 00:14:09,000

He recalls the specimen measuring just over four feet in height with an oversized head.

121

00:14:09,000 --> 00:14:14,000

Its face is humanoid, but lacks eyelids and earlobes.

122

00:14:14,000 --> 00:14:17,000

And its mouth is little more than a slit.

123

00:14:17,000 --> 00:14:22,000

Further examination reveals the creature has no sex organs.

124

00:14:22,000 --> 00:14:28,000

The most shocking surprise comes when the doctor examines the alien's brain.

125

00:14:29,000 --> 00:14:34,000

The most important thing was the huge brain, a four lobe brain,

126

00:14:34,000 --> 00:14:39,000

that could communicate directly with the craft that it was navigating.

127

00:14:39,000 --> 00:14:46,000

But its unique, four lobe structure and absence of key human-like physiological attributes

128

00:14:46,000 --> 00:14:53,000

lead some experts to consider extraterrestrials may lack the most fundamental of all human traits.

129

00:14:54,000 --> 00:14:57,000

Empathy.

130

00:14:57,000 --> 00:15:03,000

How do you fight an army of creatures that may have no fear of death?

131

00:15:03,000 --> 00:15:08,000

Does humanity stand any chance in the event of an alien invasion?

132

00:15:11,000 --> 00:15:14,000

What if aliens invaded planet Earth?

133

00:15:14,000 --> 00:15:22,000

Could we defend ourselves against beings possessing advanced technology in a final, terrifying battle?

134

00:15:22,000 --> 00:15:28,000

There should be a contingency plan for alien contact and for alien invasion.

135

00:15:28,000 --> 00:15:35,000

Top secret reports indicate that alien spaceships may be vulnerable to electromagnetic pulses.

136

00:15:35,000 --> 00:15:40,000

But once downed, how could we fight them on the ground?

137

00:15:40,000 --> 00:15:48,000

According to one remarkable account, humanity may yet have a chance when it comes to hand-to-hand combat.

138

00:15:48,000 --> 00:15:50,000

August 1979.

139

00:15:50,000 --> 00:15:56,000

Phil Schneider is an army engineer working with a unit assigned to construct a series of tunnels

140

00:15:56,000 --> 00:16:01,000

to the southwest of the Archuleta Mesa in New Mexico.

141

00:16:01,000 --> 00:16:04,000

I was lowered down the basket of one of these holes.

142

00:16:04,000 --> 00:16:09,000

At the bottom, he is shocked to see a seven-foot alien and beyond it,

143

00:16:09,000 --> 00:16:13,000

many more conducting operations in an underground base.

144

00:16:13,000 --> 00:16:16,000

A firefight erupts.

145

00:16:16,000 --> 00:16:22,000

When the dust settles, the cavern is littered with alien and human dead.

146

00:16:22,000 --> 00:16:27,000

All I remember is that he just kind of waved his hand in front of his chest

147

00:16:27,000 --> 00:16:32,000

and the next thing I know, this blue beam hit me and just literally opened me up like a fish.

148

00:16:32,000 --> 00:16:38,000

And burnt my fingers right off of me and it was some form of electrical force

149

00:16:38,000 --> 00:16:43,000

because of the kind of like being hit by a lightning bolt, burned all my toenails off of me,

150

00:16:43,000 --> 00:16:46,000

completely criss-free crittered my left foot.

151

00:16:46,000 --> 00:16:50,000

Schneider is one of the lucky ones and survives the firefight.

152

00:16:50,000 --> 00:16:54,000

But in one of the most compelling revelations of a close encounter,

153

00:16:54,000 --> 00:16:58,000

he reveals a possible alien Achilles heel.

154

00:16:58,000 --> 00:17:03,000

Yes, they're mortal and they do die.

155

00:17:03,000 --> 00:17:12,000

Could this be the secret that allows the world's military to successfully defend the earth against an alien invasion?

156

00:17:12,000 --> 00:17:19,000

Less than a year after he goes public with his story, Phil Schneider is found dead in his apartment.

157

00:17:19,000 --> 00:17:30,000

Officially, his death is ruled a suicide, but many believe he was murdered for being the man who knew too much.

158

00:17:30,000 --> 00:17:37,000

Why does the government allegedly not want the public to know about alien vulnerabilities?

159

00:17:37,000 --> 00:17:41,000

Phil Schneider leads the world with an ominous warning.

160

00:17:41,000 --> 00:17:47,000

There's a war underneath there and I'm talking dead serious.

161

00:17:47,000 --> 00:17:50,000

It's been going on since that time.

162

00:17:50,000 --> 00:17:58,000

Since late August of 1979, our military, the Russian military, basically the militaries of the world,

163

00:17:58,000 --> 00:18:03,000

have been in constant conflict with the outer space alien.

164

00:18:03,000 --> 00:18:16,000

What if the final battle for earth has already secretly started and the world doesn't even know it has begun?

165

00:18:16,000 --> 00:18:24,000

This is Unsealed Alien Files, exposing the biggest secret on planet Earth.
