Trivia

Die-hard fans of the original series will notice an eerie, frightening update in the theme music that literally echoes the sound of the original. But the most iconic of all is the haunting ghosted image of [Robert Stack](#), the original series' host, which flashes on the

screen behind the title at the end of the opening credits. It is a fitting homage to a legend who helped make the series a television milestone.

FEATURED REVIEW

★ 7/10
