

1

00:00:00,000 --> 00:00:09,600

This program is about unsolved mysteries. Whenever possible, the actual family members

2

00:00:09,600 --> 00:00:13,680

and police officials have participated in recreating the events. What you are about

3

00:00:13,680 --> 00:00:20,320

to see is not a news broadcast.

4

00:00:20,320 --> 00:00:25,120

Eric Kessler has been labeled one of the country's smoothest con men, charming, intelligent, and

5

00:00:25,280 --> 00:00:30,240

cosmopolitan. He has won the hearts of at least four middle-aged women and then left

6

00:00:30,240 --> 00:00:33,600

them broken and bankrupt.

7

00:00:33,600 --> 00:00:37,760

Known as certain how many women Eric Kessler has victimized or how many hundreds of thousands

8

00:00:37,760 --> 00:00:42,720

of dollars he's allegedly stolen, but authorities believe that at this very moment Kessler may

9

00:00:42,720 --> 00:00:48,280

be spinning a web of deceit for another unsuspecting victim. In a moment we'll bring you a fascinating

10

00:00:48,440 --> 00:00:54,040

profile of this master con man as well as these other remarkable mysteries.

11

00:00:54,040 --> 00:00:59,480

Two years ago Daniel Wilson left Spokane, Washington to visit his mother's home in Colorado. He

12

00:00:59,480 --> 00:01:04,680

never arrived and authorities are still baffled by the discovery of his abandoned car in a

13

00:01:04,680 --> 00:01:11,080

remote area of Montana miles off his intended route. And in Minnesota, a daring gang of

14

00:01:11,080 --> 00:01:17,880

thieves has stolen nearly two million dollars in a series of violent armored car robberies.

15

00:01:17,960 --> 00:01:22,760

The authorities are searching for a ruthless rapist to use his prescription drugs to subdue his victims.

16

00:01:23,480 --> 00:01:35,480

Perhaps someone watching tonight can help capture it. Perhaps it's you.

17

00:02:18,680 --> 00:02:22,840

This is the story of a cunning operator who's allegedly built several middle-aged women out

18

00:02:22,840 --> 00:02:27,640

of hundreds of thousands of dollars. The victim you're about to meet whom we will call Catherine,

19

00:02:27,640 --> 00:02:33,000

never imagined that she'd fall prey to a scam. She was a successful, highly intelligent business

20

00:02:33,000 --> 00:02:38,520

woman who owned one of Wisconsin's most popular hair salons. According to police she was swindled

21

00:02:38,520 --> 00:02:43,240

by one of the most devious con man to ever operate in the state. No one knows how many

22

00:02:43,240 --> 00:02:47,080

women he has victimized, known as even certain of his real name.

23

00:02:50,360 --> 00:02:56,440

September 1986. Catherine was at a singles party when she was approached by a well-dressed stranger

24

00:02:56,440 --> 00:03:01,480

who spoke with a pronounced European accent. He introduced himself as Eric Kessler.

25

00:03:05,560 --> 00:03:12,040

The night I first met Eric Kessler, he presented himself as a businessman

26

00:03:12,040 --> 00:03:18,360

who was in town on business and would be staying for probably a year.

27

00:03:22,920 --> 00:03:32,920

I was impressed on his dress, on his mannerism. I never got an impression that he was even attempting

28

00:03:32,920 --> 00:03:39,240

to make a pass. And what do you do here? You work? Yes, I have a hair salon right here.

29

00:03:39,240 --> 00:03:44,440

Eric encouraged Catherine to reveal intimate details about herself. He soon learned that she

30

00:03:44,440 --> 00:03:48,840

was divorced, operated a hair salon and was concerned about being able to put her children

31

00:03:48,840 --> 00:03:55,400

through college. I see. It's such a coincidence that we should meet. I'm talking with some friends

32

00:03:55,400 --> 00:04:00,760

of mine from Western Europe who are telling me about some very important changes in the

33

00:04:00,760 --> 00:04:06,840

cosmetology and in the makeup beauty business that... Eric happened to have a solution. He had

34

00:04:06,840 --> 00:04:12,520

learned that in a small resort town, 120 miles away, there was a prototype of an invention which

35

00:04:12,520 --> 00:04:17,960

could revolutionize Catherine's industry. Well, I'd like to hear about that. What area of the

36

00:04:17,960 --> 00:04:22,360

business is it? Well, it's very complex and very technical, but I... This was the hook that lured

37

00:04:22,360 --> 00:04:32,120

Catherine into Kessler's scheme. I did not get any impression that this would be a physical relationship.

38

00:04:32,920 --> 00:04:38,600

I just felt that it was an opportunity. Yes, I was excited about it.

39

00:04:41,800 --> 00:04:47,080

Eric arranged for Catherine to see the image system known as the video makeover. At that time,

40

00:04:47,080 --> 00:04:51,800

it was the cutting edge of technology, enabling clients to see how they would look with different

41

00:04:51,800 --> 00:04:56,920

hairstyles and colors. Now, what if we cut off a little bit on the sides here? Can you do that?

42

00:04:57,240 --> 00:05:03,560

Why don't we do it that way? Just by doing that? I thought that the concept was fantastic.

43

00:05:04,520 --> 00:05:09,080

You could charge a large amount of money for it. Oh, all right, all right.

44

00:05:09,080 --> 00:05:13,400

Eric Kessler had convinced Catherine that he could place the system in a major Midwest

45

00:05:13,400 --> 00:05:19,240

department store chain, but she needed to come up with the investment capital to get them started.

46

00:05:20,200 --> 00:05:27,480

Sylvia, it's called a video makeover. Catherine secured a \$50,000 loan from a wealthy friend.

47

00:05:27,480 --> 00:05:33,320

Eric was to repay the loan four months later. She did not ask a lot of questions because she

48

00:05:33,320 --> 00:05:40,120

believed in me. She wrote a check for \$50,000. Oh, you're terrific. Oh, come on. Thank you.

49

00:05:40,120 --> 00:05:44,760

At Eric's insistence, the business account was established in Catherine's name.

50

00:05:44,760 --> 00:05:47,960

She had sold discretion over deposits and withdrawals.

51

00:05:51,720 --> 00:05:56,200

A few days later, Eric suggested that he move into Catherine's basement so they could work

52

00:05:56,200 --> 00:06:00,920

more closely together. It appeared that their business was starting to take shape.

53

00:06:02,360 --> 00:06:10,120

We brought in another telephone line, which was strictly a business line. At one point in time,

54

00:06:10,120 --> 00:06:16,200

my son took the message from the department store saying they wanted to set up a meeting

55

00:06:16,200 --> 00:06:24,920

with Eric Kessler. He was very convincing. Before long, Eric began to romance his new partner.

56

00:06:28,280 --> 00:06:35,800

When I really think about it, what he really did was to find out where I was business-wise.

57

00:06:36,760 --> 00:06:45,160

I have dealt with people who have attempted to con me or take me in business matters.

58

00:06:45,800 --> 00:06:54,200

When Eric Kessler came into my life, it never occurred to me that the man was a con artist

59

00:06:54,200 --> 00:07:03,560

because I certainly assumed that I would know. I would recognize that. The fact that Eric also

60

00:07:04,360 --> 00:07:08,680

made me feel that he was in love with me also put me off guard.

61

00:07:12,920 --> 00:07:18,840

Three weeks later, Eric's conquest was complete. He surprised Catherine with a most unusual gift.

62

00:07:27,000 --> 00:07:28,680

Eric, what are you doing in my...

63

00:07:29,400 --> 00:07:40,840

Eric! I have a gift for you. What in the world have you done? That other bed was too small for us.

64

00:07:42,360 --> 00:07:47,240

One day when I came home from work, there was a king-size bed in my bedroom,

65

00:07:47,240 --> 00:07:54,760

and he had made the decision that it would be much easier if he could have the office downstairs

66

00:07:54,760 --> 00:08:01,480

and didn't have to use it also as a bedroom, and his way of doing that was to bring in a king-size bed.

67

00:08:02,360 --> 00:08:07,800

Do you like it? I love it. Good. Thank you.

68

00:08:13,960 --> 00:08:18,120

Eric's seduction now evolved into a strategy of psychological manipulation.

69

00:08:19,400 --> 00:08:24,280

My dear, you look so beautiful in the outfit I have chosen for you. It makes you feel good.

70

00:08:25,160 --> 00:08:29,400

Yes. It makes you feel confident. Eric controlled Catherine's every decision,

71

00:08:29,400 --> 00:08:37,320

selecting her wardrobe, her makeup, the jewelry she wore. I did get to the point that I was not

72

00:08:37,320 --> 00:08:42,600

confident. I mean, I wouldn't have bought a pair of earrings at that point because I didn't think

73

00:08:42,600 --> 00:08:49,240

that I was capable of doing it anymore. Eric even convinced Catherine to lease a high-priced

74

00:08:49,240 --> 00:08:54,760

Cadillac with all of the options. This package does include the electric sliding sunroof,

75

00:08:54,760 --> 00:09:00,840

the hand-sewn leather upholstery, the leather-covered steering wheel, the AM-FM stereo radio with cassette

76

00:09:00,840 --> 00:09:05,880

and high-performance sound system, and the six-way adjustable seats. That's good. I want the car

77

00:09:05,880 --> 00:09:11,880

telephone. It also includes a telephone with a fully retractable antenna. Good. Now, on a 24-month

78

00:09:11,880 --> 00:09:19,160

closed-end lease agreement, that would bring your payments down to \$487.75 a month.

79

00:09:21,240 --> 00:09:27,720

Eric, I don't think this is a good idea. I don't think we have \$500 a month to spend on this.

80

00:09:27,720 --> 00:09:33,560

My dear, this is a taxable deduction. Why can't you make an intelligent business decision?

81

00:09:34,440 --> 00:09:39,480

Why are you wasting this time? Eric's domination became more calculating. He deprived Catherine

82

00:09:39,480 --> 00:09:44,840

of sleep, insisting they conduct their business at night after she put in a full day of work at

83

00:09:44,840 --> 00:09:51,640

the saddle and an evening entertaining prospective clients. Oh, what? Well, I'm gone. I want you to

84

00:09:51,640 --> 00:10:00,600

pay all of these invoices. Yeah. Oh, please. I'm exhausted. It's three in the morning. Can't this wait?

85

00:10:00,760 --> 00:10:01,400

No.

86

00:10:07,400 --> 00:10:12,920

Eric, there must be \$7,000 of invoices to be paid. Yeah, I know.

87

00:10:14,840 --> 00:10:21,240

We hadn't planned on these expenses. Many times, Eric demanded that Catherine give him large cash

88

00:10:21,240 --> 00:10:28,520

advances, claiming the money was owed to suppliers who would not accept checks. Now, we have accountants,

89

00:10:28,600 --> 00:10:33,720

we have business managers, we have lawyers, we have tax consultants. As a startup capital dwindled,

90

00:10:33,720 --> 00:10:38,840

Eric convinced Catherine to put an additional \$20,000 of her own money into the business.

91

00:10:41,000 --> 00:10:49,560

I didn't know who I was more angry with, myself or Eric. All we had done is spent money. It had

92

00:10:49,560 --> 00:10:59,080

not been spent wisely. Here I am as a businesswoman and I have blown it. I mentioned to him that I

93

00:10:59,080 --> 00:11:06,760

thought that he was a con man and I had thought about going to the police. He said, what good would

94

00:11:06,760 --> 00:11:15,720

it do you? You got the money. You signed all of the checks. You agreed to all of the decisions that

95

00:11:15,720 --> 00:11:23,880

were made. There is nothing that ties me in. I have never signed anything. It is your word against mine.

96

00:11:30,120 --> 00:11:37,720

The relationship completely disintegrated. Eric, we have to talk. Please. Now, Eric, please.

97

00:11:38,680 --> 00:11:45,560

Yeah, two wine, please. Eric had taken another lover and moved out of Catherine's apartment.

98

00:11:46,200 --> 00:11:50,920

When the day arrived for Eric to repay the loan, Catherine met him at a bar to ask for the money.

99

00:11:52,440 --> 00:11:59,240

I am supposed to give Sylvia \$50,000 tonight. There's no money in the account. What am I going to do?

100

00:11:59,800 --> 00:12:04,600

You will write her a check. With what? There's nothing left in the account.

101

00:12:05,320 --> 00:12:12,440

I have a check coming by special courier tomorrow morning at 9 a.m. for \$50,000.

102

00:12:12,440 --> 00:12:16,040

And if they don't come, what then? It would be here. You all right?

103

00:12:16,040 --> 00:12:25,160

Emotionally, I was drained and I was exhausted. I wanted to believe that I was going to get money.

104

00:12:26,040 --> 00:12:31,720

I downed deep. I didn't believe it, but I had. It was the only thing I had left. I had to hope

105

00:12:32,360 --> 00:12:40,440

that the check was going to be there. I met my benefactor that night. I wrote the check.

106

00:12:40,680 --> 00:12:46,840

I was very hesitant if it all was going to come through.

107

00:12:57,640 --> 00:13:01,240

Hello? I've got to talk to Eric Kessler. Where is he?

108

00:13:02,440 --> 00:13:08,520

I don't know. Who is this? This is Andy down at Irishman's pub. He bounced a check in here last

109

00:13:08,600 --> 00:13:12,680

night for \$1,000 and I want to know where he is. I don't know where he is. When the bartender

110

00:13:12,680 --> 00:13:17,400

called me the next morning, I knew right then and there it was all over.

111

00:13:18,840 --> 00:13:24,280

Catherine lost more than \$75,000 and was unable to pay for her children's education.

112

00:13:24,280 --> 00:13:29,800

She was forced into bankruptcy and sold her business. Finally, she left Wisconsin and moved

113

00:13:29,800 --> 00:13:36,200

to another state to start over again. Authorities were certain that Edward Maynard was somewhere

114

00:13:36,200 --> 00:13:41,720

in the U.S. stalking his next victim. Calls to our telecenter confirmed their suspicions.

115

00:13:44,120 --> 00:13:48,120

The night of our broadcast, authorities learned that Maynard had recently been in Naples,

116

00:13:48,120 --> 00:13:55,640

Florida using the alias Eric Kelly. Last December, he became romantically involved with a woman

117

00:13:55,640 --> 00:14:02,440

who we'll call Ann. Maynard, alias Kelly, persuaded Ann to loan him \$15,000, then left with

118

00:14:02,440 --> 00:14:10,120

her life savings. Last February, Maynard showed up in San Antonio, Texas, once again using the name

119

00:14:10,120 --> 00:14:17,400

Eric Kelly. He began whining and dining another woman. He kept talking about how he could really

120

00:14:17,400 --> 00:14:23,400

do a lot for me, but of course it would take a lot of money and he started asking me if I had

121

00:14:23,400 --> 00:14:29,960

money, how much I had and so I started feeling very strongly that something was wrong.

122

00:14:30,920 --> 00:14:36,840

I've asked you for a simple favor, a loan of \$300 until tomorrow morning.

123

00:14:36,840 --> 00:14:41,000

He said, I need you to loan me some money and I indicated that I didn't want to and at that point

124

00:14:41,000 --> 00:14:48,600

he got very loud, violent temper. But I need \$300 and I need it now. Do you understand?

125

00:14:48,600 --> 00:14:53,640

And to be very honest, he frightened me. So I gave him the money and I did not see him again after

126

00:14:53,720 --> 00:15:00,760

that evening. Barbara notified the local Sheriff's Department about her run-in with Eric Kelly.

127

00:15:01,800 --> 00:15:05,560

Wednesday evening I got a phone call from someone in the Sheriff's Department.

128

00:15:06,760 --> 00:15:12,280

He had said, hey, are you watching unsolved mysteries on TV? Our boy was just on there.

129

00:15:13,000 --> 00:15:17,880

I said, Eric Kelly? He said yes, bigger than life. I'm getting ready to call the FBI and give him

130

00:15:17,960 --> 00:15:23,960

all the information that I have. Four days later, another viewer's tip placed Edward Maynard in

131

00:15:23,960 --> 00:15:31,080

Houston, Texas. He was registered at this motel under the same alias, Eric Kelly. The FBI closed in.

132

00:15:32,520 --> 00:15:37,960

We immediately dispatched a number of agents out there. In fact, there were up to eight agents

133

00:15:37,960 --> 00:15:41,240

that were on the scene and within 45 minutes he was apprehended.

134

00:15:48,760 --> 00:16:03,480

Next, the story of an unscrupulous doctor turned rapist who uses drugs to overpower his victims.

135

00:16:13,160 --> 00:16:17,480

The crime of rape is a tragic and all too frequent fact of life in the United States.

136

00:16:18,600 --> 00:16:23,160

Sadly, the stigma attached to the women who are victimized means such crimes often go unreported.

137

00:16:23,960 --> 00:16:28,600

This is especially true of date rape, when the victim knows and even trusts the man who rapes her.

138

00:16:29,480 --> 00:16:32,680

In our next story, the methods of the rapist are particularly insidious.

139

00:16:33,480 --> 00:16:38,120

This is a case of a doctor who uses a powerful sedative to render his victims helpless

140

00:16:38,120 --> 00:16:44,120

and then assaults them. One woman agreed to talk to us in the condition that we do not use her real name.

141

00:16:48,840 --> 00:16:55,160

Saturday night, a bar in Bakersfield, California, Patty Roberts and Stephanie Phillips were shooting

142

00:16:55,160 --> 00:17:02,200

pool when they were greeted by a friend of Stephanie. He introduced the two women to his

143

00:17:02,200 --> 00:17:08,280

companion, Dr. Kenneth Frank. Stephanie and Patty agreed to join the man for a drink.

144

00:17:08,680 --> 00:17:17,720

Immediately, I liked him. I thought, oh, he's a doctor. He's a nice guy. He was well dressed,

145

00:17:18,520 --> 00:17:23,560

well mannered. He's real friendly. He's real talkative.

146

00:17:25,560 --> 00:17:30,120

What do you do? I'm a dental assistant. Well, I'm studying to be a dental assistant.

147

00:17:31,080 --> 00:17:37,560

You serious about it? Oh, yes. Really? I work with a couple of dentists. He said he had a friend

148

00:17:37,560 --> 00:17:44,120

and he said that he might be hiring and that he would give me a card, you know, referral and all that.

149

00:17:44,840 --> 00:17:48,200

Does that help you out? Yes, sure. Hey, no problem. I'd love to do it.

150

00:17:48,840 --> 00:17:55,560

Thanks. Basically, he did act professional. Piece of paper. Okay, well, excuse me. I'm

151

00:17:55,560 --> 00:18:02,440

going to go to the restroom. Okay. Well, I walked to the restroom and I was talking to this girl that

152

00:18:02,440 --> 00:18:08,280

was in there. So, I was in there a few seconds and then I came back out and he was still sitting there

153

00:18:08,280 --> 00:18:15,160

and my friend was not there. Where are Bob and Stephanie? Oh, it's getting late. They decided to leave.

154

00:18:16,040 --> 00:18:20,520

They're not coming back? First, I thought he was just playing and I said, no, really? And he said,

155

00:18:20,520 --> 00:18:26,920

yes. He said, I can give you a ride home. And I said, no, wait. She didn't show up.

156

00:18:27,800 --> 00:18:31,240

A few minutes later and I was ready to go. And so I said, okay, well, do you want to

157

00:18:31,240 --> 00:18:36,120

give me the ride home? And he said, sure. And I said, you sure you don't mind? He said, no.

158

00:18:36,760 --> 00:18:43,800

So, he left in his car and then he wanted to stop by his apartment to do something. He said,

159

00:18:43,800 --> 00:18:48,920

and I wanted him to get that job referral that he had told me about a dentist fan that was hiring.

160

00:18:51,800 --> 00:18:55,160

By the time they got to Dr. Frank's apartment that Saturday night,

161

00:18:55,160 --> 00:19:02,440

Patty was complaining of a chest cold. Here we go. This will make you feel a lot better. Drink that.

162

00:19:03,720 --> 00:19:09,480

Dr. Frank quickly mixed up a home remedy, a special coffee drink he claimed would alleviate Patty's cough.

163

00:19:13,000 --> 00:19:21,560

I drank it quickly and it wasn't long after that my eyes started getting blurry. And then I was

164

00:19:21,560 --> 00:19:28,040

sitting there trying to figure out why my eyes were blurry. And then my ears started ringing,

165

00:19:28,760 --> 00:19:37,480

a real high pitch. And then I just, I fell over. I remember laying there and I couldn't move.

166

00:19:37,880 --> 00:19:53,080

Patty, come on, Patty. Time to wake up. It was not until Monday morning that Patty awoke. She would soon

167

00:19:53,080 --> 00:19:59,560

discover that while she slept, she had been raped. What time is it? It's seven o'clock. It's Monday

168

00:19:59,560 --> 00:20:07,080

morning. I've got to get to work. Come on, let's get going. Monday morning? I couldn't figure out

169

00:20:07,160 --> 00:20:16,440

what happened to Sunday. Somewhere I lost Sunday. You raped me. I didn't rape you. I knew that he

170

00:20:16,440 --> 00:20:22,360

had taken advantage of me and I was so mad. I just felt like, you know, I wanted to hurt him like he

171

00:20:22,360 --> 00:20:29,720

hurt me, you know, my feelings because I, that wasn't given to him. He took it. Patty had been knocked

172

00:20:29,720 --> 00:20:36,280

out for at least 26 hours, still groggy and disoriented and is yet unaware that she had been drunk.

173

00:20:36,280 --> 00:20:43,000

Patty had the doctor driver home. We turned the corner right by my apartment and I lived in a

174

00:20:43,000 --> 00:20:48,360

really huge apartment complex so I told him to let me out there. I didn't want him to see what apartment

175

00:20:48,360 --> 00:20:53,720

I lived in because I didn't want him to come after me. Patty, I wouldn't tell anybody about this if I were you.

176

00:20:54,680 --> 00:20:56,840

If you do, next time we'll have to fix it so you can't.

177

00:20:56,840 --> 00:21:08,040

I started running trying to get to my apartment.

178

00:21:14,360 --> 00:21:21,400

As I got to my apartment, which was in the very back, I saw him in his car. He was

179

00:21:22,040 --> 00:21:25,400

right in front of me so he knew at that point where I lived.

180

00:21:27,560 --> 00:21:36,920

I went home and I took a shower and I went to my aunt's house and I just started feeling nauseated,

181

00:21:36,920 --> 00:21:44,760

real, real bad and I remember getting sick everywhere and I couldn't, you know,

182

00:21:44,760 --> 00:21:47,240

I couldn't help it. It was kind of like the flu or something.

183

00:21:47,560 --> 00:21:55,000

Patty continued to be immobilized by Dr. Frank's home remedy, spending much of the rest of the day

184

00:21:55,000 --> 00:22:03,000

in a deep drug-induced sleep. Like many victims of rape, Patty was so overcome by fear and

embarrassment

185

00:22:03,000 --> 00:22:12,520

she could not yet bring herself to go to the police. Seven days later, Patty had a second

186

00:22:12,520 --> 00:22:18,200

encounter with Dr. Frank, who acted as if nothing was wrong. Patty decided to play along,

187

00:22:18,200 --> 00:22:23,880

hoping to get Frank to admit his crime. I was kind of offended at first and then I thought,

188

00:22:23,880 --> 00:22:27,640

well, if I'm going to find out anything, you know, I'm going to have to be nice to him and

189

00:22:28,520 --> 00:22:35,800

just ask him questions and stuff. So tell me, what was that stuff you gave me the other night?

190

00:22:36,760 --> 00:22:38,760

I didn't give you anything. We just had a good time.

191

00:22:41,080 --> 00:22:43,560

You can tell me some pretty wild stuff.

192

00:22:45,400 --> 00:22:50,440

He was going to tell me he didn't give me anything and then he told me that it was a sedative

193

00:22:51,560 --> 00:22:54,600

and that I was kind of like an experiment for him.

194

00:22:58,280 --> 00:23:04,200

You raped me. I was really angry at him and then after I started screaming and yelling at him,

195

00:23:04,200 --> 00:23:11,000

he knew that I wasn't going to play his little games anymore because I had decided then I was going to go to the police.

196

00:23:14,600 --> 00:23:17,240

Basically, I just looked around at all the little girls

197

00:23:18,360 --> 00:23:21,960

out there running around. They don't know about stuff like this and

198

00:23:23,800 --> 00:23:29,320

I thought, you know, if I can at least give a report to the police, then I can help someone else.

199

00:23:29,720 --> 00:23:35,960

Three months after the rape, Patty filed an official police report but stopped short of pressing charges.

200

00:23:37,080 --> 00:23:44,200

She was worried that a trial would come down to her word against Dr. Franks, an unknown student against an established physician.

201

00:23:45,320 --> 00:23:51,320

Patty also believed that being associated with a rape case would jeopardize her future chances for employment.

202

00:23:51,320 --> 00:23:53,320

Are you willing to press charges?

203

00:23:54,440 --> 00:23:55,240

No.

204

00:23:55,800 --> 00:24:00,360

She also feared that Dr. Frank might make good on his threat to harm her.

205

00:24:01,000 --> 00:24:06,360

If he does this again to somebody else, yes, I will.

206

00:24:09,240 --> 00:24:11,160

Okay, Tracy, it's ready.

207

00:24:11,720 --> 00:24:15,240

Four months after he had raped Patty, Dr. Frank raped another woman.

208

00:24:16,120 --> 00:24:21,160

Vares was an established professional relationship. This victim too was given a sedative.

209

00:24:21,960 --> 00:24:25,800

When she awoke 24 hours later, Frank admitted that he had drugged her.

210

00:24:26,680 --> 00:24:34,520

It was later estimated that the amount of the sedative in her system was eight times greater than that normally administered to patients in surgery.

211

00:24:35,960 --> 00:24:40,280

She was a professional woman in town in her mid-30s and

212

00:24:41,160 --> 00:24:45,000

after she became aware of this situation, after Dr. Frank told her what happened,

213

00:24:45,400 --> 00:24:51,080

she went to a local lab in town, had her blood tested for the drug. He told her he had given her

214

00:24:51,640 --> 00:24:57,000

and it did come back positive for that particular drug and then she went to the police.

215

00:25:00,200 --> 00:25:05,960

Based on the statements of Patty and the other victim, Kenneth Frank was arrested in February of 1986.

216

00:25:07,240 --> 00:25:10,760

Legal wrangling delayed his trial until December of 1989.

217

00:25:12,040 --> 00:25:14,520

Frank showed up on time for every court appearance.

218

00:25:15,080 --> 00:25:18,920

December 20th, 1989, the jury rendered his verdict.

219

00:25:21,560 --> 00:25:27,160

He was convicted of two counts of rape by administering an intoxicating or anesthetic substance.

220

00:25:27,880 --> 00:25:32,520

It carries the same amount of time as what you, more common type of rape known as a forcible rape.

221

00:25:33,720 --> 00:25:41,720

The, what happened is the jury verdict came in and at that time I requested the judge take the defendant into custody

222

00:25:42,200 --> 00:25:45,160

because he was looking at a maximum of 16 years in state prison.

223

00:25:45,720 --> 00:25:51,880

He was out on his own recognizance at the time so there was no bail up at all and the judge declined to do that.

224

00:25:52,680 --> 00:25:57,880

When he came up for sentencing 28 days, which is the normal period of time, he didn't show up.

225

00:26:12,120 --> 00:26:19,560

When we return, the bizarre tale of a mild-mannered man who's temper suddenly erupted at work on the very day he vanished.

226

00:26:20,120 --> 00:26:21,880

What happened to Daniel Wilson?

227

00:26:34,360 --> 00:26:38,040

Dan Wilson of Spokane, Washington was known as a quiet religious man.

228

00:26:39,000 --> 00:26:47,000

In 1986, when Dan was 33, his marriage broke up but he remained close to his young son and daughter and visited them often.

229

00:26:49,480 --> 00:26:54,920

In 1987, Dan suffered a nervous breakdown which he felt was due to the trauma of his divorce.

230

00:26:57,000 --> 00:27:03,000

By the summer of 1988, however, he was off his medication and seemed to have his life back under control.

231

00:27:03,960 --> 00:27:11,960

In June, Dan went to work at the ASC Machine Tool Company in Spokane and according to coworkers was a steady, reliable employee.

232

00:27:13,960 --> 00:27:17,960

Then suddenly, on August 24th, everything changed.

233

00:27:17,960 --> 00:27:19,960

Hey Dan, when's this one going to be done?

234

00:27:19,960 --> 00:27:21,960

What's the problem, Derek?

235

00:27:21,960 --> 00:27:23,960

No problem, just knead it over on the other line whenever you're done with it.

236

00:27:23,960 --> 00:27:27,960

Every time I try to get my work done, you come down here and give me a hard time about it. What's going on?

237

00:27:27,960 --> 00:27:29,960

Wait a minute, I didn't see anything about your work.

238

00:27:30,920 --> 00:27:34,920

Hey, the heck you have and I know what you've been saying. What's they've all been saying about me?

239

00:27:34,920 --> 00:27:38,920

I don't need to be quiet. I just want you to leave me alone so I can get my work done, alright?

240

00:27:38,920 --> 00:27:42,920

Dan Wilson's foreman was shocked by the outburst.

241

00:27:42,920 --> 00:27:48,920

He and the plant manager were concerned, told Dan to take time off and return to work whenever he felt ready.

242

00:27:50,920 --> 00:27:56,920

Dan left the plant at 11 o'clock in the morning. It was Wednesday, August 24th, 1988.

243

00:28:00,920 --> 00:28:08,920

2 days went by.

244

00:28:08,920 --> 00:28:12,920

Dan Wilson's neighbors noticed that his sprinklers had been left running.

245

00:28:12,920 --> 00:28:16,920

On Friday, they turned them off, never suspecting that anything was wrong.

246

00:28:16,920 --> 00:28:22,920

Dan was not scheduled to visit his children that weekend, so his ex-wife never noticed he was missing.

247

00:28:22,920 --> 00:28:26,920

His mother lived in Colorado telephone. It was not alarmed when she received no answer.

248

00:28:27,880 --> 00:28:31,880

Saturday then Sunday came and went, and no one even knew Dan Wilson was missing.

249

00:28:37,880 --> 00:28:39,880

Sunday, August 29th, 1988.

250

00:28:39,880 --> 00:28:45,880

In a remote area of Custer County, Montana, an abandoned car was investigated by Sheriff Tony Harbaugh.

251

00:28:46,840 --> 00:28:52,840

When the car was found, the doors were unlocked. In fact, one of the doors was a jar.

252

00:28:52,840 --> 00:28:54,840

Check for keys in it, Mark.

253

00:28:54,840 --> 00:29:02,840

The keys were not in the vehicle when it was found. There were a few miscellaneous items, one of which was a Bible laying on the front seat.

254

00:29:02,840 --> 00:29:06,840

You've got a Bible on this side. Daniel Wilson inscribed in the front of it.

255

00:29:06,840 --> 00:29:10,840

Sheriff Harbaugh traced the car to Dan Wilson.

256

00:29:11,800 --> 00:29:15,800

It had been abandoned more than 700 miles from Dan's Spokane residence.

257

00:29:19,800 --> 00:29:23,800

There was no luggage in the car to indicate that Daniel was planning a trip.

258

00:29:23,800 --> 00:29:29,800

Nothing that would really give us a firm indication of what Daniel was thinking or doing in the area.

259

00:29:29,800 --> 00:29:33,800

We conducted both ground and aerial searches.

260

00:29:33,800 --> 00:29:37,800

It's more than a few miles away from the car.

261

00:29:38,760 --> 00:29:42,760

We conducted both ground and aerial searches.

262

00:29:42,760 --> 00:29:50,760

It's my belief that if Daniel Wilson was in the area, in any of the area that we covered, we should have found him at that time.

263

00:29:50,760 --> 00:29:58,760

There seemed to be no explanation for Dan's car being found abandoned in the middle of the Montana prairie.

264

00:29:58,760 --> 00:30:06,760

Baffled, Dan's mother, Darlene Wilson, along with two of his cousins, went to Montana to talk to the sheriff and look for some answers.

265

00:30:07,720 --> 00:30:11,720

We've checked the car. We've searched the ground around the area here.

266

00:30:11,720 --> 00:30:18,720

The sheriff told us that the car looked like it had just been parked there and someone had walked away from it.

267

00:30:18,720 --> 00:30:23,720

They had looked under the hood and there was nothing wrong there.

268

00:30:23,720 --> 00:30:27,720

And there was a third of a tank of gas.

269

00:30:27,720 --> 00:30:29,720

Thank you.

270

00:30:29,720 --> 00:30:39,720

I couldn't visualize in my mind that he would just walk away from the car and just take off.

271

00:30:39,720 --> 00:30:47,720

It certainly was not an area where you would expect a person would stop and take a walk.

272

00:30:50,720 --> 00:30:56,720

I really feared for his safety from the beginning because of the state of mind he was in.

273

00:30:57,720 --> 00:31:04,720

Glenda had visited Dan two days before he disappeared. She was surprised by the disarray in his home.

274

00:31:04,720 --> 00:31:09,720

Looking around, I seen that the children had been there that weekend.

275

00:31:09,720 --> 00:31:15,720

Things had been left quite messy, which was very uncharacteristic for him.

276

00:31:15,720 --> 00:31:22,720

He seemed agitated and he seemed real tired. Is everything okay?

277

00:31:22,720 --> 00:31:26,720

Early shifts at the job and trouble there, you know.

278

00:31:26,720 --> 00:31:32,720

Before she left, Glenda suggested that Dan take time off to visit the family in Colorado.

279

00:31:32,720 --> 00:31:36,720

I know what you've been saying about me. What they've all been saying about me. I don't like it.

280

00:31:36,720 --> 00:31:40,720

48 hours later, Dan had his outburst at work and vanished.

281

00:31:43,720 --> 00:31:49,720

His family believed he had taken Glenda's advice and started for Colorado to visit them.

282

00:31:52,720 --> 00:32:00,720

Dan's family lived here in Longmont, Colorado. He had made the trip from Spokane to Longmont many times before.

283

00:32:01,720 --> 00:32:08,720

Using the route he normally traveled, Interstate 90, Dan would have headed south at Billings, Montana.

284

00:32:08,720 --> 00:32:14,720

Instead, Dan turned on to a different highway, Interstate 94 heading due east.

285

00:32:15,720 --> 00:32:22,720

He continued for 150 miles into the sparsely populated area of Montana, where his car was found.

286

00:32:23,720 --> 00:32:28,720

How would Dan strayed so far off course on such a familiar route?

287

00:32:28,720 --> 00:32:32,720

His mother suspected foul play.

288

00:32:34,720 --> 00:32:42,720

I know that he did pick up hitchhikers. If he felt he could give somebody a ride, he would.

289

00:32:42,720 --> 00:32:51,720

I'm concerned that maybe he was not the person that parked the car in Montana, that he could have been somebody else.

290

00:32:54,720 --> 00:32:59,720

Determined to unravel the mystery, Dan's mother and cousins went back to Spokane.

291

00:32:59,720 --> 00:33:04,720

Dan's home was an even worse disarray than when Glenda had visited 10 days earlier.

292

00:33:04,720 --> 00:33:08,720

He's even left the line on. I'll go look in the bedrooms.

293

00:33:09,720 --> 00:33:15,720

Surprisingly, his luggage, his clothes and an uncashed paycheck were all still in the house.

294

00:33:15,720 --> 00:33:17,720

The suitcases are still here.

295

00:33:17,720 --> 00:33:25,720

I couldn't see where he had taken anything at all. Not even a toothbrush or razor.

296

00:33:26,720 --> 00:33:33,720

It just looked like that he had just left and intended to come back.

297

00:33:34,720 --> 00:33:39,720

The next day, Dan's family left Spokane, more puzzled than ever.

298

00:33:39,720 --> 00:33:43,720

Darlene and Glenda drove Dan's car on the return trip.

299

00:33:43,720 --> 00:33:48,720

On route, they both had sore throats and felt an odd burning sensation in their eyes.

300

00:33:48,720 --> 00:33:51,720

I can't see. Have you noticed anything?

301

00:33:51,720 --> 00:33:54,720

You know, my eyes have been hurting too.

302

00:33:54,720 --> 00:33:57,720

As soon as they returned home, they had the car inspected.

303

00:33:57,720 --> 00:34:01,720

Folks, what we have here is a faulty muffler on the car.

304

00:34:01,720 --> 00:34:06,720

It could be allowing exhaust gases to enter into the interior of the car.

305

00:34:06,720 --> 00:34:09,720

I would say the car would be unsafe to drive.

306

00:34:09,720 --> 00:34:15,720

It appeared that a carbon monoxide leak in the muffler might have caused Darlene and Glenda's physical symptoms.

307

00:34:15,720 --> 00:34:19,720

Dan had been driving the same car every day for over a year.

308

00:34:19,720 --> 00:34:26,720

It is possible that carbon monoxide poisoning could have caused him severe physical and emotional damage.

309

00:34:27,720 --> 00:34:34,720

Chronic exposure to carbon monoxide can cause fatigue, can cause definite changes in personality.

310

00:34:34,720 --> 00:34:41,720

Confusion can cause permanent loss of function of the brain, intellectual ability, memory,

311

00:34:41,720 --> 00:34:46,720

as well as severe personality changes resembling psychosis.

312

00:34:49,720 --> 00:34:54,720

A memory loss, confusion, amnesia.

313

00:34:55,720 --> 00:35:01,720

Maybe he knows his name, but maybe that's about all.

314

00:35:01,720 --> 00:35:07,720

Maybe he doesn't realize where his family is or how to get in touch with any of them.

315

00:35:07,720 --> 00:35:12,720

Darlene Wilson flooded the state of Montana with flyers.

316

00:35:12,720 --> 00:35:16,720

In late November of 1988, a homeless shelter in Billings, Montana,

317

00:35:16,720 --> 00:35:20,720

sent Darlene a copy of his desk register.

318

00:35:21,720 --> 00:35:25,720

The register showed that a Daniel Wilson had signed in to spend the night on November 12th,

319

00:35:25,720 --> 00:35:30,720

nearly three months after Dan had disappeared.

320

00:35:30,720 --> 00:35:34,720

Darlene compared the signature with one of her sons.

321

00:35:34,720 --> 00:35:38,720

The similarity was striking, so she and her nephew decided to go to Billings

322

00:35:38,720 --> 00:35:41,720

and talk to the man who ran the shelter.

323

00:35:41,720 --> 00:35:44,720

My name's Darlene Wilson. I'm here to see Mr. Thompson, please.

324

00:35:44,720 --> 00:35:48,720

Still clinging to the fragile hope that Dan might be wandering aimlessly,

325

00:35:48,720 --> 00:35:50,720

knowing his name but nothing else,

326

00:35:50,720 --> 00:35:53,720

Darlene brought along several photographs of him,

327

00:35:53,720 --> 00:35:57,720

hoping for a positive identification and some new clues.

328

00:35:58,720 --> 00:35:59,720

Mrs. Wilson?

329

00:35:59,720 --> 00:36:00,720

Yes.

330

00:36:00,720 --> 00:36:01,720

You called earlier?

331

00:36:01,720 --> 00:36:02,720

Yes.

332

00:36:02,720 --> 00:36:04,720

I think you have a photo for me.

333

00:36:04,720 --> 00:36:08,720

I have a photo of my son. I wonder if he could help us.

334

00:36:08,720 --> 00:36:12,720

I believe I've seen this young man, David.

335

00:36:12,720 --> 00:36:15,720

Oh, yeah, we've seen him before.

336

00:36:15,720 --> 00:36:17,720

I'm sure he's spent the night, too.

337

00:36:17,720 --> 00:36:21,720

It was really a sense of relief for us.

338

00:36:21,720 --> 00:36:24,720

We thought, surely if he has been here,

339

00:36:24,720 --> 00:36:29,720

that recently that he still would be around somewhere where we could find him.

340

00:36:29,720 --> 00:36:34,720

So we distributed more posters around in Billings

341

00:36:34,720 --> 00:36:41,720

and throughout all the area, from Billings in to Spokane again.

342

00:36:42,720 --> 00:36:48,720

There has been no trace of Dan Wilson for nearly two years.

343

00:36:48,720 --> 00:36:54,720

Authorities found no sign of violence and no evidence of a second person in Dan's car,

344

00:36:54,720 --> 00:36:57,720

so they have tended to discount the foul play theory.

345

00:36:57,720 --> 00:37:01,720

They have, however, suggested the possibility that Dan Wilson

346

00:37:01,720 --> 00:37:04,720

made a conscious choice to disappear.

347

00:37:05,720 --> 00:37:08,720

I feel it's not impossible that Dan Wilson

348

00:37:08,720 --> 00:37:12,720

made a decision to disappear and start a new life.

349

00:37:12,720 --> 00:37:15,720

He was under a great deal of pressure.

350

00:37:15,720 --> 00:37:19,720

He had not had a happy life since coming to Spokane.

351

00:37:19,720 --> 00:37:25,720

But I feel the possibilities are small due to the fact

352

00:37:25,720 --> 00:37:27,720

he was so devoted to his children,

353

00:37:27,720 --> 00:37:31,720

and he felt the children needed him so badly.

354

00:37:31,720 --> 00:37:36,720

I feel that whatever has happened is something beyond the ordinary.

355

00:37:36,720 --> 00:37:40,720

Whatever has happened is something beyond his control.

356

00:37:42,720 --> 00:37:47,720

He could be most anywhere, and we wouldn't be able to locate him,

357

00:37:47,720 --> 00:37:50,720

or he wouldn't be able to locate us.

358

00:38:07,720 --> 00:38:11,720

When we return, three daring armored car robberies

359

00:38:11,720 --> 00:38:13,720

executed with military precision,

360

00:38:13,720 --> 00:38:17,720

an ingenious gang of thieves that's still at large.

361

00:38:29,720 --> 00:38:32,720

Every day, billions of dollars in hard currency

362

00:38:32,720 --> 00:38:34,720

are transported by armored cars,

363

00:38:34,720 --> 00:38:37,720

considered by most criminals to be impractical.

364

00:38:37,720 --> 00:38:39,720

These vehicles have recently been targeted

365

00:38:39,720 --> 00:38:41,720

by a brazen, heavily armed gang

366

00:38:41,720 --> 00:38:45,720

who carry out their raids with almost military precision.

367

00:38:45,720 --> 00:38:51,720

1 p.m., April 18, 1989, Eden Prairie, Minnesota.

368

00:38:59,720 --> 00:39:03,720

Instinctively, the guard grabbed one of the robbers' guns

369

00:39:03,720 --> 00:39:05,720

and quickly subdued.

370

00:39:05,720 --> 00:39:07,720

No shots were fired.

371

00:39:07,720 --> 00:39:10,720

These guys seemed to move very smoothly.

372

00:39:10,720 --> 00:39:13,720

They didn't seem to be in a hurry or panicky or nothing.

373

00:39:13,720 --> 00:39:15,720

They were very smooth.

374

00:39:15,720 --> 00:39:17,720

These robbers come very heavily armed

375

00:39:17,720 --> 00:39:21,720

and very much ready to shoot.

376

00:39:21,720 --> 00:39:25,720

Almost simultaneous, the second phase of the heist began.

377

00:39:25,720 --> 00:39:28,720

Another vehicle pulled up in front of the armored car,

378

00:39:28,720 --> 00:39:30,720

cutting off any route of escape.

379

00:39:31,720 --> 00:39:34,720

A fourth robber then placed what appeared to be a bomb

380

00:39:34,720 --> 00:39:36,720

on the truck's hood.

381

00:39:39,720 --> 00:39:41,720

It's hot!

382

00:39:44,720 --> 00:39:49,720

In just under a minute, robbers had stolen close to one million dollars.

383

00:39:49,720 --> 00:39:51,720

They then vanished without a trace.

384

00:39:54,720 --> 00:39:57,720

It seemed like kind of a commando type thing,

385

00:39:57,720 --> 00:39:59,720

something like these people had been well trained

386

00:39:59,720 --> 00:40:02,720

at that type of thing or well practiced.

387

00:40:02,720 --> 00:40:05,720

A bomb squad was immediately dispatched to the scene.

388

00:40:07,720 --> 00:40:09,720

Attaching guide wires to the device,

389

00:40:09,720 --> 00:40:12,720

they carefully removed it from the truck's hood.

390

00:40:15,720 --> 00:40:17,720

X-rays later revealed the bomb was a fake,

391

00:40:17,720 --> 00:40:20,720

and the FBI concluded that it was nothing more

392

00:40:20,720 --> 00:40:23,720

than an ingenious delaying tactic.

393

00:40:24,720 --> 00:40:27,720

The FBI linked this fake bomb to an identical device

394

00:40:27,720 --> 00:40:30,720

used in a Baltimore, Maryland robbery three years earlier.

395

00:40:30,720 --> 00:40:35,720

In that operation, the thieves made off of over \$600,000.

396

00:40:35,720 --> 00:40:39,720

The FBI concluded both robberies were executed by the same gang.

397

00:40:42,720 --> 00:40:44,720

In the first two heists, through a combination

398

00:40:44,720 --> 00:40:46,720

of careful planning and clockwork timing,

399

00:40:46,720 --> 00:40:49,720

the crooks had stolen one point six million dollars.

400

00:40:49,720 --> 00:40:52,720

They had also brilliantly covered their tracks.

401

00:40:52,720 --> 00:40:54,720

Every vehicle they had used had been stolen,

402

00:40:54,720 --> 00:40:56,720

wiped clean of evidence, and then abandoned.

403

00:40:56,720 --> 00:40:58,720

It was thought that the gang would quit

404

00:40:58,720 --> 00:41:00,720

while they were a million dollars ahead,

405

00:41:00,720 --> 00:41:03,720

but one year later they struck again.

406

00:41:05,720 --> 00:41:08,720

March 27, 1990, Burnsville, Minnesota,

407

00:41:08,720 --> 00:41:12,720

just ten miles from the scene of the last robbery.

408

00:41:13,720 --> 00:41:15,720

As one brings guard weighted in the cab,

409

00:41:15,720 --> 00:41:18,720

another made a cash pickup at a local bank.

410

00:41:23,720 --> 00:41:26,720

Underground, underground, underground, right now, underground.

411

00:41:26,720 --> 00:41:27,720

Okay.

412

00:41:27,720 --> 00:41:28,720

Okay.

413

00:41:30,720 --> 00:41:33,720

Once again, the second guard was caught behind the wheel.

414

00:41:33,720 --> 00:41:36,720

As I turned around, I see this van that was coming up in front of me.

415

00:41:43,720 --> 00:41:45,720

I hit the van real hard, I knew that.

416

00:41:45,720 --> 00:41:48,720

I turned my siren on, shots went off.

417

00:41:48,720 --> 00:41:50,720

Scared to live in daylight out of me.

418

00:41:50,720 --> 00:41:54,720

I made a circle to come around so I could see what was going on.

419

00:41:54,720 --> 00:41:58,720

And when I was about three-fourths of the way through my circle,

420

00:41:58,720 --> 00:42:00,720

I could see where our cart was.

421

00:42:00,720 --> 00:42:03,720

And as I was going by, I could see my partner on the ground.

422

00:42:03,720 --> 00:42:06,720

All those shots that were going on, I thought they'd killed him.

423

00:42:06,720 --> 00:42:09,720

I thought he was dead, he was just laying on the ground.

424

00:42:09,720 --> 00:42:13,720

Fortunately, the guard was uninjured. His partner fought back.

425

00:42:13,720 --> 00:42:17,720

At the time I thought, well, I'm not going to be killed.

426

00:42:17,720 --> 00:42:20,720

I just rammed it as hard as I could.

427

00:42:38,720 --> 00:42:42,720

Despite the collision, the robbers still managed to get away.

428

00:42:42,720 --> 00:42:47,720

It's a real lucky situation that some innocent bystander wasn't killed

429

00:42:47,720 --> 00:42:51,720

because there were a number of shots fired and there were a number of shoppers passing

430

00:42:51,720 --> 00:42:54,720

and bank customers passing right by the area.

431

00:42:58,720 --> 00:43:03,720

The robbers abandoned their car behind a nearby shopping center and left on foot.

432

00:43:03,720 --> 00:43:07,720

The FBI theorized that they may have had another vehicle parked nearby

433

00:43:07,720 --> 00:43:09,720

which they used to leave the area.

434

00:43:13,720 --> 00:43:19,720

Authorities quickly cordoned off the neighbor.

435

00:43:19,720 --> 00:43:24,720

They brought in tracking dogs. Roadblocks were set up.

436

00:43:24,720 --> 00:43:28,720

But the gang at once again made a clean getaway.

437

00:43:28,720 --> 00:43:34,720

The following morning, police found one of the gang's stolen cars less than a mile from the bank.

438

00:43:34,720 --> 00:43:40,720

As in the other robbings, it contained no evidence that identified the robbers.

439

00:43:41,720 --> 00:43:46,720

Currently, all the authorities can do is wait for the elusive robbers to strike again.

440

00:43:47,720 --> 00:43:50,720

These individuals could be living anywhere in the United States

441

00:43:50,720 --> 00:43:57,720

and we would like to get information from anybody who has any indication that people

442

00:43:57,720 --> 00:44:02,720

that may be able to perpetrate this type of crime have come into a lot of money

443

00:44:02,720 --> 00:44:07,720

or that had the capability to commit these robberies in any one of these three cities.

444

00:44:08,720 --> 00:44:11,720

There are apparently at least four members of the gang

445

00:44:11,720 --> 00:44:15,720

and authorities have managed to create composites of three of the men.

446

00:44:16,720 --> 00:44:21,720

The first suspect is a white male in his late 30s, about 5 feet 9 inches tall

447

00:44:21,720 --> 00:44:24,720

with dark hair and a dark mustache.

448

00:44:25,720 --> 00:44:29,720

Suspect number two is white, between 35 and 38 years old,

449

00:44:29,720 --> 00:44:34,720

about 6 feet in height and weighs between 170 and 180 pounds.

450

00:44:35,720 --> 00:44:41,720

The third suspect is approximately 6 feet tall and is between 35 and 40 years old.

451

00:44:41,720 --> 00:44:45,720

He has gray or white hair and may wear a false beard the same color.

452

00:44:56,720 --> 00:45:01,720

Join me next week for another edition of Unsolved Mysteries.
