

1

00:00:00,000 --> 00:00:09,600

This program is about unsolved mysteries. Whenever possible, the actual family members

2

00:00:09,600 --> 00:00:13,680

and police officials have participated in recreating the events. What you are about

3

00:00:13,680 --> 00:00:20,880

to see is not a news broadcast.

4

00:00:20,880 --> 00:00:27,040

March 1990. NATO tracking stations in Belgium pick up a strange unidentified aircraft on

5

00:00:27,040 --> 00:00:32,960

radar. The Belgian Air Force deploys two fighter jets to intercept the intruder, only to have

6

00:00:32,960 --> 00:00:38,560

it dart out of range and disappear at supersonic speed. It is the most dramatic of thousands

7

00:00:38,560 --> 00:00:45,760

of recent UFO sightings in Belgium. In the late 1960s, Rock Creek, Ohio was besieged

8

00:00:45,760 --> 00:00:50,800

by a wild gang of street tufts. When Robert Hamrick took charge of the police force, he

9

00:00:50,800 --> 00:00:56,000

was determined to run the gang out of town. Six months later, Hamrick was killed in a

10

00:00:56,000 --> 00:01:02,080

suspicious car accident. Philip Breen was a successful businessman with a remarkable

11

00:01:02,080 --> 00:01:08,640

knack for making money and for taking money. In 1990, he vanished after defrauding his employer

12

00:01:08,640 --> 00:01:15,120

out of millions of dollars and leaving his unsuspecting wife to pay the debt.

13

00:01:15,120 --> 00:01:20,720

Also a woman's search for her long lost mother is finally ended, thanks to our viewers. Join

14

00:01:20,720 --> 00:01:31,440

me for their heartwarming reunion on Unsolved Mysteries.

15

00:02:21,040 --> 00:02:26,400

Brussels, Belgium is known as the capital of capitals, an ancient city of charm and elegance.

16

00:02:28,800 --> 00:02:33,600

It would seem unlikely that old world Brussels would be the focal point of a very contemporary

17

00:02:33,600 --> 00:02:41,840

controversy. Since the fall of 1989, several thousand people from all walks of life have

18

00:02:41,840 --> 00:02:48,800

reported that Belgium is being invaded from the skies. Basically what we saw was this big

19

00:02:48,880 --> 00:02:57,120

triangle object with three bright white lightnings in the corners. And it was in mobile above the

20

00:02:57,120 --> 00:03:04,640

motorway. In the middle was a flashing red light. It passed by approaching the roofs

21

00:03:04,640 --> 00:03:13,680

since it was flying so low. You could see three white lights which formed an equilateral triangle.

22

00:03:13,680 --> 00:03:20,080

What exactly is it that thousands of people have been seeing in the night sky over Belgium?

23

00:03:21,520 --> 00:03:25,280

These drawings were generated from the testimonial hundreds of eyewitnesses.

24

00:03:26,080 --> 00:03:30,880

Almost without fail, they describe an immense triangular object with bright lights at the

25

00:03:30,880 --> 00:03:39,200

corners and another light in the center. Then on July 11th, 1991, an extraordinary press conference

26

00:03:39,200 --> 00:03:45,040

was held. High ranking members of the Belgian military briefed the media on a UFO which

27

00:03:45,040 --> 00:03:50,560

Air Force jets had attempted to chase down and remarkably had recorded on their radar screens.

28

00:03:51,440 --> 00:03:56,320

Tonight we will show you the evidence presented at that conference for the first time on American

29

00:03:56,320 --> 00:04:03,680

television. UFO sightings here in the United States have traditionally been met with skepticism.

30

00:04:04,320 --> 00:04:09,600

In most cases justified by government and military officials. The reports have elicited

31

00:04:09,600 --> 00:04:14,960

either denials or in most cases a simple no comment. What you are about to see as a first,

32

00:04:15,600 --> 00:04:19,760

this story was filmed with a complete cooperation of the Belgian Air Force and the Jean-Dame

33

00:04:19,760 --> 00:04:27,520

Rie, a national law enforcement agency. Belgium lies on the southeast edge of the North Sea,

34

00:04:27,520 --> 00:04:30,480

bordered by Germany, France, Luxembourg and the Netherlands.

35

00:04:32,320 --> 00:04:39,120

The mystery of the Belgian UFOs began on the night of November 29th, 1989, just outside of the small

36

00:04:39,120 --> 00:04:42,400

town of U-Pan, less than seven miles from the German border.

37

00:04:46,320 --> 00:04:50,640

Jean-Dame's Heinrich Niko, an U-Bear von Montigny, won a routine patrol.

38

00:04:57,760 --> 00:05:11,040

As we approach the crossroads at Neurop's road, our attention was drawn to an unusual sign.

39

00:05:12,720 --> 00:05:21,040

We saw a field near the road that was all lit up. It was like lights on a huge football field.

40

00:05:21,760 --> 00:05:27,440

We thought it was strange and we wanted to know what was causing those lights.

41

00:05:29,440 --> 00:05:33,680

So we pulled over to the side of the road.

42

00:05:43,200 --> 00:05:48,000

There was a huge triangular platform and underneath it, strong headlights.

43

00:05:48,800 --> 00:05:55,440

And in the middle was this blinking, pulsating orange light. The whole thing was floating in the air.

44

00:06:00,400 --> 00:06:04,960

Niko and von Montigny immediately call the dispatcher in U-Pan, Albert Kreuz.

45

00:06:10,560 --> 00:06:14,080

Suddenly they told me they were seeing a strange object in the sky.

46

00:06:14,400 --> 00:06:16,400

It made no noise.

47

00:06:18,560 --> 00:06:23,600

We joked about it and said it might be sent a close trying to land.

48

00:06:35,200 --> 00:06:38,880

Kreuz noted the unusual report in his log, but remained skeptical.

49

00:06:44,960 --> 00:06:54,080

The gendarmes followed the unknown object as it soared across the Belgian countryside toward U-Pan.

50

00:06:59,440 --> 00:07:06,960

We could see it clearly because the headlights were very strong. We could also see the flickering orange ball underneath.

51

00:07:07,280 --> 00:07:14,480

We were driving very slowly because it seemed like there was someone in that object

52

00:07:14,480 --> 00:07:19,760

and that someone was trying to observe what was happening on earth.

53

00:07:25,840 --> 00:07:30,880

Lois later, a strange light flashed across the window of Kreuz's office in U-Pan.

54

00:07:31,200 --> 00:07:36,800

Often the distance I could see something bright, but I didn't know what it was.

55

00:07:36,800 --> 00:07:43,680

Suddenly I saw something that looked like a laser beam, shoot out of the light and then come back to the light.

56

00:07:50,800 --> 00:07:56,800

We continue to observe the object as it circled over the city of U-Pan.

57

00:07:56,800 --> 00:08:00,800

It appeared to be heading toward the forest.

58

00:08:06,800 --> 00:08:14,800

Gendarmes Nikol and his partner were mesmerized. They began to suspect that this visitor had some special purpose.

59

00:08:16,800 --> 00:08:22,800

On each side of the object there was a kind of laser beam and a ball that was leaving the object

60

00:08:22,800 --> 00:08:30,800

and coming back as if the ball were trying to measure something. So it was easy for us to keep track of it in the sky.

61

00:08:34,800 --> 00:08:40,800

When Nikol next called into dispatch, Kreuz reported that he had contacted four local airports.

62

00:08:40,800 --> 00:08:44,800

Each had reported no unusual activity in the skies.

63

00:08:44,800 --> 00:08:52,800

For a full 30 minutes the Gendarmes watched in awe as the object hovered in the distance.

64

00:08:52,800 --> 00:08:56,800

Then the remarkable episode took another unexpected turn.

65

00:09:00,800 --> 00:09:06,800

All of a sudden it came out of nowhere. Another spacecraft. We were a little frightened.

66

00:09:07,800 --> 00:09:14,800

The one we'd been following was still over there and now a second one was rising up into the sky.

67

00:09:14,800 --> 00:09:22,800

At a given moment it tilted slightly. We could see again the shape of a triangle with bright headlights and one in the middle.

68

00:09:22,800 --> 00:09:30,800

It was exactly like the first object. We could see some kind of dome on the top with two or three small windows and there was a light inside the object.

69

00:09:30,800 --> 00:09:34,800

By the time we realized what it was, the object flew away.

70

00:09:36,800 --> 00:09:40,800

The object was still in the sky.

71

00:09:44,800 --> 00:09:50,800

Moments later whatever doubts dispatcher Kreuz still had evaporated.

72

00:09:50,800 --> 00:10:00,800

I see a floating. Through the open window I saw a strange machine floating about 500 feet away from me.

73

00:10:01,800 --> 00:10:06,800

It looked like a large ship floating in the air.

74

00:10:06,800 --> 00:10:12,800

It drifted in front of me for a few seconds then flew away in the direction of La Calamine.

75

00:10:12,800 --> 00:10:16,800

It was a beautiful thing to see.

76

00:10:18,800 --> 00:10:26,800

Six minutes later two other Gendarmes encountered a similar object in the small village of La Calamine, eight miles to the north.

77

00:10:31,800 --> 00:10:37,800

We had heard our colleagues talking about this flying object.

78

00:10:37,800 --> 00:10:46,800

In the beginning we thought it was some sort of joke, but then we saw something. It wasn't fun anymore.

79

00:10:47,800 --> 00:11:05,800

Both of us had a strange feeling. It was impossible to explain what the object was. We thought it was an American airplane or something.

80

00:11:05,800 --> 00:11:15,800

We had no other explanation for what it might be, but it was real and it was above us.

81

00:11:17,800 --> 00:11:30,800

Then another object was leaving the main object. It was a red light, proceeding and descending vertically from the object.

82

00:11:30,800 --> 00:11:36,800

It turned to the right side and moved off behind the building.

83

00:11:36,800 --> 00:11:43,800

According to Gendarmes Plimo and his colleague, the episode culminated with a stunning climax.

84

00:11:44,800 --> 00:11:51,800

The craft seemed to transform into a single beam of light. Then it disappeared.

85

00:11:55,800 --> 00:12:01,800

All four of these extraordinary sightings occurred within 20 miles in one hour of each other.

86

00:12:01,800 --> 00:12:08,800

That same day 11 other Gendarmes and more than 100 private citizens came forward with similar reports.

87

00:12:08,800 --> 00:12:14,800

Suddenly, Belgium was buzzing with talk of UFOs.

88

00:12:14,800 --> 00:12:21,800

That remarkable evening in 1989 was just the beginning of an incredible wave of sightings which continues to this day.

89

00:12:21,800 --> 00:12:29,800

It may seem unbelievable, but when we return we'll present startling evidence of the first acknowledged military tracking of a UFO.

90

00:12:29,800 --> 00:12:36,800

A video radar recording provided by the Belgian Air Force, which has never been seen before by the American public.

91

00:12:39,800 --> 00:12:48,800

On November 29, 1989, Gendarmes and Belch reported sightings of an unidentified flying object.

92

00:12:48,800 --> 00:12:56,800

Over the next few months, hundreds of witnesses would come forward, all describing a similar triangular object.

93

00:12:56,800 --> 00:13:01,800

Then in April of 1990, this extraordinary photograph was taken.

94

00:13:01,800 --> 00:13:06,800

It shows the same array of lights which was described by the eyewitnesses.

95

00:13:07,800 --> 00:13:14,800

By using a computer to enhance the film's contrast, the triangular shape becomes clearly visible.

96

00:13:16,800 --> 00:13:20,800

That remarkable image is currently being analyzed by scientists in Belgium.

97

00:13:20,800 --> 00:13:26,800

It offered what many believe is the first photographic evidence that UFOs were frequenting the Belgian sky.

98

00:13:26,800 --> 00:13:31,800

In the last two years, Belgian authorities have been deluged by thousands of sightings.

99

00:13:31,800 --> 00:13:40,800

The difficult task of deciphering and coordinating the reports has been undertaken by a privately funded organization of scientists and citizens known as SOBEPS.

100

00:13:42,800 --> 00:13:52,800

Working hand in hand with the Belgian military and the Gendarmes Rides, SOBEPS opened lines of communication and set up procedures anticipating future encounters.

101

00:13:52,800 --> 00:13:54,800

They did not have to wait very long.

102

00:13:55,800 --> 00:14:01,800

In March of 1990, the next wave of Belgian UFO sightings began.

103

00:14:01,800 --> 00:14:10,800

Captain Jacques Passant, the Gendarmes Ries, was called to a residence outside of Brussels when dinner guests reported a series of strange lights in the sky.

104

00:14:17,800 --> 00:14:21,800

These points of light were very different than the other stars.

105

00:14:22,800 --> 00:14:27,800

They were much bigger and much brighter and not the color of stars.

106

00:14:27,800 --> 00:14:32,800

The main colors were reddish or yellow and the others were green.

107

00:14:33,800 --> 00:14:37,800

Later, they began to travel short distances in an erratic manner.

108

00:14:40,800 --> 00:14:48,800

Thirty miles away at a NATO tracking station, radar had detected an unknown object at the exact location the dinner guests had reported seeing the lights.

109

00:14:49,800 --> 00:14:55,800

It showed up as a small circle with a tail in the lower left quadrant of the radar screen.

110

00:14:57,800 --> 00:15:08,800

We phoned two other civilian and military radar sites like Zemmelsack, Burton, Saint-Hubert and they had precisely the same echo at the same place.

111

00:15:08,800 --> 00:15:16,800

We were unable to identify this echo as being either enemy, either friendly.

112

00:15:16,800 --> 00:15:20,800

It was not very clear for us that it was an aircraft.

113

00:15:22,800 --> 00:15:27,800

With confirmations from four different radar stations, the Belgian Air Force was now on alert.

114

00:15:27,800 --> 00:15:31,800

Something very unusual was in the skies over Belgium.

115

00:15:39,800 --> 00:15:47,800

Two F-16s from the Belgian Air Force were immediately deployed, their mission to locate and identify the object.

116

00:15:50,800 --> 00:15:55,800

The pilots gave chase and soon locked onto the object with onboard radar.

117

00:15:55,800 --> 00:15:59,800

Delta 5-7, this is to confirm that we now have a lock on.

118

00:15:59,800 --> 00:16:05,800

But after just five seconds, the object bolted out of range at a blistering speed.

119

00:16:06,800 --> 00:16:15,800

We measured some exceptional accelerations which cannot be related to conventional aircraft. That is clear.

120

00:16:17,800 --> 00:16:23,800

For the next hour, the pilots reported that the object seemed to be playing a high-tech game of cat and mouse.

121

00:16:23,800 --> 00:16:28,800

Each time they achieved lock on, the object darted out of range.

122

00:16:29,800 --> 00:16:37,800

The pilots confirmed that it was impossible for them to accelerate as quick as the target was doing.

123

00:16:39,800 --> 00:16:44,800

An examination of the onboard radar footage astonished the military.

124

00:16:44,800 --> 00:16:48,800

This is a portion of the actual footage recorded that evening.

125

00:16:48,800 --> 00:16:52,800

The UFO appears in the center of the screen as a diamond shape.

126

00:16:53,800 --> 00:16:59,800

The figure in the upper right hand corner indicates the altitude of the object in thousands of feet.

127

00:16:59,800 --> 00:17:04,800

When the pilots first locked on, the object was at 7,000 feet.

128

00:17:04,800 --> 00:17:07,800

But within seconds, it had climbed at 10,000 feet.

129

00:17:07,800 --> 00:17:14,800

Then incredibly, the object plummeted to just 500 feet in a span of only five seconds.

130

00:17:15,800 --> 00:17:24,800

At the same time, the object accelerated to 990 knots, more than 1,000 miles per hour, or one and a half times the speed of sound.

131

00:17:24,800 --> 00:17:31,800

This fantastic combination of acceleration and descent would have been fatal to a human pilot.

132

00:17:34,800 --> 00:17:37,800

And there is yet one additional oddity.

133

00:17:38,800 --> 00:17:45,800

Even though the craft exceeded the speed of sound, remarkably no one on the ground ever reported hearing a sonic boom.

134

00:17:47,800 --> 00:17:55,800

The data done at all these performances which were registered during the lock on of the radar,

135

00:17:55,800 --> 00:18:01,800

it was totally outside of the normal performance envelope of any airplane.

136

00:18:02,800 --> 00:18:07,800

Despite the fact that the UFOs have been observed by thousands of eyewitnesses,

137

00:18:07,800 --> 00:18:11,800

despite the fact that they have been recorded on military radar,

138

00:18:11,800 --> 00:18:17,800

and despite the fact that one unknown object has easily evaded sophisticated high-tech fighter jets,

139

00:18:17,800 --> 00:18:23,800

skeptics continue to dismiss the sightings as nothing more than mass UFO hysteria.

140

00:18:23,800 --> 00:18:30,800

They believe that the radar reports can be attributed to false echoes or changes in atmospheric conditions.

141

00:18:32,800 --> 00:18:35,800

Some people don't believe us and the things we have seen.

142

00:18:35,800 --> 00:18:39,800

Well, they are free not to believe us. It doesn't matter to me.

143

00:18:39,800 --> 00:18:43,800

But I have seen something and what else can I say?

144

00:18:43,800 --> 00:18:47,800

It was not some invention of my mind. I saw it and it was very real.

145

00:18:47,800 --> 00:18:50,800

And it happened just as I have said.

146

00:18:51,800 --> 00:18:56,800

I got out of the car and however Ingolverus was a big black triangle.

147

00:18:56,800 --> 00:19:01,800

It was very dark. The triangle had a large light on top of it and the light circled around

148

00:19:01,800 --> 00:19:04,800

while the triangle remained suspended in the air.

149

00:19:05,800 --> 00:19:13,800

There have been thousands of observations in Belgium and I think it's our job to try to find out

150

00:19:13,800 --> 00:19:22,800

if there is really something in the air where it comes from, what the origin is and what the intentions are.

151

00:19:22,800 --> 00:19:28,800

Indeed, there is something going on in Belgium which is beyond our control.

152

00:19:32,800 --> 00:19:35,800

There is one curious fact which bears mentioning.

153

00:19:35,800 --> 00:19:41,800

Despite thousands of sightings in Belgium, there have been just a handful of UFOs reported in the neighboring countries of France,

154

00:19:41,800 --> 00:19:43,800

Germany and the Netherlands.

155

00:19:43,800 --> 00:19:48,800

For skeptics this is additional proof that the sightings are nothing more than fantasy.

156

00:19:48,800 --> 00:19:53,800

However, some people speculate that the objects may be attracted to Belgium's highway system

157

00:19:53,800 --> 00:19:58,800

which is so brightly lit at night that it was visible even to the astronauts on the moon.

158

00:19:58,800 --> 00:20:18,800

A September 26, 1991, an emotional, joyous reunion took place in Temple Hills, Maryland.

159

00:20:19,800 --> 00:20:28,800

Thanks to our viewers, Mary Maxwell and Carla Downing came together as mother and daughter for the first time.

160

00:20:31,800 --> 00:20:34,800

Grandma, the girls are here. I got my homework done in my room, nothing.

161

00:20:34,800 --> 00:20:35,800

Good, good.

162

00:20:35,800 --> 00:20:39,800

It all began in 1965 when Carla was 16 years old.

163

00:20:39,800 --> 00:20:44,800

Shortly after her mother's death, she met a mysterious woman in her grandparents' house.

164

00:20:44,800 --> 00:20:45,800

Thank you.

165

00:20:45,800 --> 00:20:46,800

You're welcome here.

166

00:20:46,800 --> 00:20:47,800

Carla.

167

00:20:47,800 --> 00:20:51,800

This is Mary. Mary was a friend of your mom's in high school.

168

00:20:51,800 --> 00:20:54,800

Hi. You look fair for Maya.

169

00:20:54,800 --> 00:20:55,800

I saw you when I was a little girl.

170

00:20:55,800 --> 00:20:59,800

At the time, Carla had no idea who the woman really was.

171

00:21:01,800 --> 00:21:05,800

Carla Downing had grown up in a happy close-knit family.

172

00:21:05,800 --> 00:21:10,800

But shortly after her brother was born, she began to feel that she somehow did not fit in.

173

00:21:11,800 --> 00:21:20,800

The whole time I was growing up, I always knew that there was just something not right, mainly because of the difference between my brother and I.

174

00:21:20,800 --> 00:21:29,800

He had blue eyes and blonde hair, and it was curly, and I had straight, dark hair, dark eyes, olive complexion.

175

00:21:29,800 --> 00:21:35,800

It was just obvious to me even that we just weren't alike.

176

00:21:36,800 --> 00:21:38,800

Honey, I've got something in the truck to the car.

177

00:21:38,800 --> 00:21:44,800

Not until her father's death in 1990 did Carla's tangled family history finally begin to unravel.

178

00:21:44,800 --> 00:21:48,800

This belonged to your dad, and he wanted you to have it.

179

00:21:48,800 --> 00:21:54,800

In her father's briefcase, she would come across documents which unveiled a startling family secret.

180

00:21:56,800 --> 00:22:00,800

The father and mother who raised her were not her natural parents.

181

00:22:01,800 --> 00:22:07,800

Carla learned that in 1948, her mother, Mildred, met a recent immigrant from Belgium named Mary.

182

00:22:07,800 --> 00:22:13,800

Mary was all alone and pregnant. She knew that she would be unable to care for her baby.

183

00:22:13,800 --> 00:22:17,800

The two women concocted a scheme to switch ID cards in the hospital.

184

00:22:17,800 --> 00:22:19,800

What's her name?

185

00:22:19,800 --> 00:22:22,800

Her name is Mildred Graham.

186

00:22:22,800 --> 00:22:24,800

Mildred?

187

00:22:25,800 --> 00:22:31,800

In doing so, Mildred would be listed on the birth certificate as Carla's mother.

188

00:22:33,800 --> 00:22:38,800

I just have this need to find Mary. I want to be in the same room with someone I resemble.

189

00:22:38,800 --> 00:22:45,800

I want my mother. I want somebody that I've been looking for for a long time.

190

00:22:47,800 --> 00:22:51,800

On the night of our broadcast, Carla Downing's prayers are finally answered.

191

00:22:51,800 --> 00:22:56,800

Her natural mother, Mary Maxwell, was still very much alive and very anxious to see her daughter.

192

00:22:56,800 --> 00:23:01,800

Carla was also overjoyed to discover she had two half sisters.

193

00:23:04,800 --> 00:23:11,800

Eight days later, Carla traveled from her home in Tennessee to Maryland, where she was finally reunited with her mother.

194

00:23:22,800 --> 00:23:29,800

You know, I see her come. I knew it was her. I couldn't believe it.

195

00:23:29,800 --> 00:23:33,800

And all I could say was, Carla, who come?

196

00:23:33,800 --> 00:23:37,800

And I ran out the door and she almost fell out the car, I think.

197

00:23:37,800 --> 00:23:42,800

And we couldn't do nothing else but hold each other and cry.

198

00:23:43,800 --> 00:23:49,800

When I saw her for the first time, I just can't describe that feeling.

199

00:23:49,800 --> 00:23:54,800

It's a poem at last. I can breathe again.

200

00:23:54,800 --> 00:23:58,800

It's just the happiest moment of my whole life, you know.

201

00:23:58,800 --> 00:24:02,800

Just the happiest moment of my whole life.

202

00:24:03,800 --> 00:24:09,800

This is your grandfather and your grandmother, and this is your grandfather and grandmother when they got married.

203

00:24:10,800 --> 00:24:15,800

It's like a miracle. I couldn't believe it. I couldn't believe it for the longest time.

204

00:24:15,800 --> 00:24:23,800

I says, this is not happening to us. It only happens to other people that they find somebody they're looking for, not us, but yet it happened to us.

205

00:24:24,800 --> 00:24:33,800

When I found out that my mom was alive and healthy and okay, that was just the best news in the world.

206

00:24:33,800 --> 00:24:44,800

But then the extra bonus was, I have two sisters and a nephew, so it's a happy ending. It's a fairytale come true.

207

00:24:50,800 --> 00:24:58,800

Next, a small town cop who stood up to a gang of thugs harassing his community and then died under unusual circumstances.

208

00:25:03,800 --> 00:25:19,800

In the late 1960s, a group of young men began terrorizing tiny Rock Creek, Ohio.

209

00:25:19,800 --> 00:25:25,800

Once quiet and peaceful, Rock Creek became a community held hostage by fear.

210

00:25:26,800 --> 00:25:30,800

They were involved in fights. They were involved in threats.

211

00:25:31,800 --> 00:25:39,800

They pretty much had the entire village under their thumb when they spoke, the village pretty much listened.

212

00:25:42,800 --> 00:25:47,800

At the time, the town relied on the Ashda Bula County Sheriff's Department for Protection,

213

00:25:47,800 --> 00:25:53,800

but with limited resources, the department seemed unable to stem the crime wave and gulfing Rock Creek.

214

00:25:54,800 --> 00:25:59,800

The townspeople decided to fight back. They organized their own police department.

215

00:26:02,800 --> 00:26:10,800

In July 1969, Robert Hamrick became the third man in less than six months to take charge of Rock Creek's police department.

216

00:26:10,800 --> 00:26:16,800

His predecessors both left after allegedly receiving threats from members of the Rock Creek gang,

217

00:26:16,800 --> 00:26:19,800

but Robert Hamrick was confident that he could clean up the town.

218

00:26:19,800 --> 00:26:22,800

Congratulations. You're on the force.

219

00:26:22,800 --> 00:26:24,800

Well, come on, give him a kiss.

220

00:26:24,800 --> 00:26:30,800

He tried to do the best job that he knew how to do. He wanted it to be a nice friendly town,

221

00:26:30,800 --> 00:26:39,800

and he wanted, you know, to get this gang off the streets so that people wouldn't have to be afraid of him.

222

00:26:39,800 --> 00:26:46,800

Almost immediately, Chief Hamrick and his family became the targets of a systematic campaign of harassment.

223

00:26:55,800 --> 00:26:59,800

They just did anything that they could to aggravate him when they knew he was home.

224

00:26:59,800 --> 00:27:03,800

And, you know, he would get fed up, take off out there after him,

225

00:27:03,800 --> 00:27:06,800

and then at least it would quiet down there by the house.

226

00:27:11,800 --> 00:27:16,800

Five months after he was sworn in, Chief Hamrick investigated an abandoned building on the edge of

town.

227

00:27:18,800 --> 00:27:21,800

Inside, he found an expensive sports car.

228

00:27:21,800 --> 00:27:25,800

A check of the license plate revealed that the car was stolen.

229

00:27:26,800 --> 00:27:29,800

We come across it, found it.

230

00:27:29,800 --> 00:27:31,800

Fingerprinted it.

231

00:27:32,800 --> 00:27:36,800

Fingerprinted it, and we bugged the building because we didn't know who was there.

232

00:27:36,800 --> 00:27:42,800

And we put a bug in the building, put a radio in our car, and just drove around and listened until the guys come back.

233

00:27:43,800 --> 00:27:47,800

Bob was hiding in the office, and when they set up, we jumped down and busted him.

234

00:27:47,800 --> 00:27:49,800

Freeze! Hands in the air! Come on!

235

00:27:49,800 --> 00:27:51,800

Come on, come on!

236

00:27:52,800 --> 00:27:58,800

The suspects were believed to be members of the Rock Creek Gang. They were arrested and released on bail.

237

00:27:59,800 --> 00:28:06,800

Shortly after these guys was arrested for the stolen car is when the threats came in on the telephone.

238

00:28:06,800 --> 00:28:12,800

And I don't really know how many threats came in because if he was home, most of the time he answered the phone.

239

00:28:12,800 --> 00:28:16,800

But this one day, I was in the kitchen and the phone rang.

240

00:28:21,800 --> 00:28:23,800

Hello?

241

00:28:23,800 --> 00:28:27,800

It was a man on the other end, and he said,

242

00:28:27,800 --> 00:28:33,800

tell your husband to leave things alone and get him out of town, or he's going to be hurt, and he's going to be hurt bad.

243

00:28:46,800 --> 00:28:48,800

8-5 to 5-28.

244

00:28:48,800 --> 00:28:52,800

One month later, on March 10, 1970, during a routine patrol,

245

00:28:52,800 --> 00:28:58,800

Chief Hamrick notified the sheriff's dispatcher that he was in pursuit of a car heading west out of town.

246

00:29:07,800 --> 00:29:11,800

An hour and a half passed with no further radio contact.

247

00:29:11,800 --> 00:29:17,800

Finally at around 3 a.m., the dispatcher requested the sheriff's deputies try and locate the missing chief.

248

00:29:18,800 --> 00:29:23,800

He had high-speed chase going west on Callender Road from Route 45.

249

00:29:25,800 --> 00:29:33,800

Four hours later, Sheriff's Deputy Denny Chapman discovered Hamrick's patrol car on an isolated road just outside of town.

250

00:29:33,800 --> 00:29:36,800

The car had collided with a tree.

251

00:29:38,800 --> 00:29:40,800

Chief! Chief!

252

00:29:40,800 --> 00:29:44,800

Hamrick was semi-conscious and barely alive.

253

00:29:44,800 --> 00:29:49,800

Hey, 11, this is 5-28. Send out a signal on 29. Chief Hamrick is hurt real bad.

254

00:29:51,800 --> 00:29:56,800

He had head and facial injuries, probably the right side and left side both.

255

00:29:58,800 --> 00:30:02,800

I was surprised to find him moving when I got there, you know,

256

00:30:02,800 --> 00:30:08,800

and then my next thing was to get him to keep him from moving so that he wouldn't do further injury to himself.

257

00:30:09,800 --> 00:30:13,800

From the onset, the investigating deputies suspected foul play.

258

00:30:13,800 --> 00:30:16,800

They found blood covering the back seat.

259

00:30:16,800 --> 00:30:19,800

Hamrick's service revolver and night stick were missing.

260

00:30:19,800 --> 00:30:24,800

In fact, nothing at the scene seemed consistent with an accident.

261

00:30:26,800 --> 00:30:28,800

The ignition's been turned off, so's the lights.

262

00:30:29,800 --> 00:30:32,800

The patrol car's ignition and light switches were in the off position.

263

00:30:32,800 --> 00:30:38,800

But why would Hamrick, who was barely conscious, turn off the engine and headlights but not radio

for help?

264

00:30:43,800 --> 00:30:46,800

Robert Hamrick never regained consciousness.

265

00:30:46,800 --> 00:30:48,800

Ten days later, he died.

266

00:30:48,800 --> 00:30:54,800

Despite compelling evidence to the contrary, Hamrick's death was officially ruled an accident.

267

00:30:55,800 --> 00:30:59,800

I didn't believe then, and I still don't believe to this day,

268

00:30:59,800 --> 00:31:04,800

that all the injuries that Bob received was a result of that car accident.

269

00:31:05,800 --> 00:31:13,800

I believe my husband's death was not a car accident and that he was beaten to death and that it was covered up.

270

00:31:14,800 --> 00:31:21,800

There's so many questions and there is evidence and people just have ignored that evidence

271

00:31:21,800 --> 00:31:27,800

and they've ignored the circumstances at the time and what was going on in the village at the time.

272

00:31:28,800 --> 00:31:34,800

Six hours after the crash, the car that Hamrick had been chasing was found at a local gas station.

273

00:31:34,800 --> 00:31:37,800

It was splattered with mud and had a damaged tire.

274

00:31:37,800 --> 00:31:41,800

The owner stated that she had taken the car in for repairs a previous day.

275

00:31:41,800 --> 00:31:42,800

Since yesterday?

276

00:31:42,800 --> 00:31:46,800

One of the station employees was known to be a member of the Rock Creek gang.

277

00:31:46,800 --> 00:31:48,800

You're driving this car last night?

278

00:31:48,800 --> 00:31:49,800

No.

279

00:31:49,800 --> 00:31:55,800

The owner told us when she dropped the car off, the car was in very clean condition.

280

00:31:55,800 --> 00:31:59,800

There was no flat tires on the car when she dropped it off.

281

00:31:59,800 --> 00:32:04,800

In fact, I think she was a little surprised that they had to keep it overnight.

282

00:32:05,800 --> 00:32:14,800

Knowing that he was from hung around the Rock Creek area and I had trouble with him in the past

from answering calls.

283

00:32:14,800 --> 00:32:19,800

Down in the Rock Creek area, I felt that he was directly involved.

284

00:32:20,800 --> 00:32:21,800

I would say early 20s.

285

00:32:21,800 --> 00:32:27,800

One local woman claims that she overheard members of the Rock Creek gang bragging that they had murdered Chief Hamrick.

286

00:32:27,800 --> 00:32:35,800

Then they were saying, we killed us a cop and we got away with it.

287

00:32:35,800 --> 00:32:48,800

And they proceeded to tell how they killed him, how they beat him in the head.

288

00:32:48,800 --> 00:32:50,800

They had it all planned.

289

00:32:50,800 --> 00:32:54,800

They set him up, getting down here on this dirt road.

290

00:32:54,800 --> 00:32:58,800

And they took his Billy Club and they started hitting him with it.

291

00:33:05,800 --> 00:33:07,800

Get him out of the way!

292

00:33:07,800 --> 00:33:09,800

Get him out of the way!

293

00:33:09,800 --> 00:33:11,800

Get him out of the way!

294

00:33:11,800 --> 00:33:13,800

Give me that!

295

00:33:13,800 --> 00:33:15,800

Give me that!

296

00:33:15,800 --> 00:33:17,800

Give me that!

297

00:33:17,800 --> 00:33:19,800

Get him out of the way!

298

00:33:19,800 --> 00:33:21,800

Get him in the car, man.

299

00:33:21,800 --> 00:33:23,800

Get him out of the way!

300

00:33:23,800 --> 00:33:25,800

You can't do too much, Colburn!

301

00:33:25,800 --> 00:33:27,800

Too much!

302

00:33:27,800 --> 00:33:32,800

They put him back into his car and then they left him there.

303

00:33:32,800 --> 00:33:34,800

Left him to die.

304

00:33:40,800 --> 00:33:43,800

They said, we'll never get caught.

305

00:33:45,800 --> 00:33:48,800

And I knew in my heart, I knew they were right.

306

00:33:48,800 --> 00:33:50,800

They would never get caught.

307

00:33:50,800 --> 00:33:53,800

They were above the law.

308

00:33:53,800 --> 00:33:56,800

I've been checking into it for 20 years.

309

00:33:57,800 --> 00:33:59,800

Constantly.

310

00:33:59,800 --> 00:34:03,800

If somebody actually hurt that man, more than likely I know them.

311

00:34:03,800 --> 00:34:05,800

Probably call them a friend.

312

00:34:05,800 --> 00:34:10,800

And I would hate to think that somebody that I knew

313

00:34:10,800 --> 00:34:12,800

and somebody that I called a friend

314

00:34:12,800 --> 00:34:16,800

would leave a man in the condition he was in.

315

00:34:16,800 --> 00:34:20,800

There's no way my father's death could have been an accident.

316

00:34:20,800 --> 00:34:24,800

Because I have read the files

317

00:34:24,800 --> 00:34:29,800

and there's enough material in there to point to other things.

318

00:34:29,800 --> 00:34:32,800

And I just can't believe it.

319

00:34:35,800 --> 00:34:39,800

I just hope that we find out what actually happened.

320

00:34:39,800 --> 00:34:44,800

And if by some miracle we find out who's responsible,

321

00:34:44,800 --> 00:34:47,800

that they pay for what they did.

322

00:34:47,800 --> 00:34:49,800

They took my father from me

323

00:34:49,800 --> 00:34:53,800

and they've lived a life thinking that they got away with it

324

00:34:53,800 --> 00:34:55,800

for over 20 years now.

325

00:34:55,800 --> 00:34:59,800

And I think it's time that they got something taken from them.

326

00:35:03,800 --> 00:35:05,800

The case of Robert Hamrick has been officially closed

327

00:35:05,800 --> 00:35:07,800

for more than 20 years.

328

00:35:07,800 --> 00:35:10,800

However, authorities are prepared to reopen the investigation

329

00:35:10,800 --> 00:35:12,800

should any new evidence come to light.

330

00:35:14,800 --> 00:35:17,800

Next, authorities need your help to find a businessman

331

00:35:17,800 --> 00:35:20,800

accused of embezzling millions of dollars.

332

00:35:23,800 --> 00:35:27,800

Every year in the United States,

333

00:35:27,800 --> 00:35:31,800

thousands of adult men and women seemingly vanish without a trace.

334

00:35:31,800 --> 00:35:35,800

Sadly, in many cases, a missing person is a victim of foul play.

335

00:35:35,800 --> 00:35:39,800

However, there are those who engineer their own disappearances,

336

00:35:39,800 --> 00:35:42,800

leaving family and friends to wonder not only where they are,

337

00:35:42,800 --> 00:35:44,800

but what happened?

338

00:35:46,800 --> 00:35:49,800

Philip and Kathleen Brine were married in Detroit, Michigan

339

00:35:49,800 --> 00:35:51,800

in the spring of 19th century.

340

00:35:51,800 --> 00:35:54,800

Philip was a dashing, high-powered corporate executive,

341

00:35:54,800 --> 00:35:57,800

Kathleen, a young, successful businesswoman.

342

00:35:59,800 --> 00:36:01,800

Together they enjoy the good life,

343

00:36:01,800 --> 00:36:04,800

complete with a vast array of expensive grown-up toys

344

00:36:04,800 --> 00:36:07,800

apparently paid for by Philip's investments in the stock market.

345

00:36:09,800 --> 00:36:12,800

For Kathleen, the marriage was a dream come true.

346

00:36:12,800 --> 00:36:14,800

Do I take the wheel?

347

00:36:14,800 --> 00:36:16,800

I don't want to, it's bad.

348

00:36:16,800 --> 00:36:18,800

Oh no! Oh no!

349

00:36:18,800 --> 00:36:21,800

There were a lot of things that were really great about him.

350

00:36:21,800 --> 00:36:25,800

I think it was his sense of humor was one thing that I thought was really great.

351

00:36:25,800 --> 00:36:27,800

And we were crazy about each other.

352

00:36:27,800 --> 00:36:29,800

I mean, I really loved this person,

353

00:36:29,800 --> 00:36:31,800

and I believe that he really loved me,

354

00:36:31,800 --> 00:36:33,800

and I believe that I could trust him.

355

00:36:33,800 --> 00:36:35,800

Great.

356

00:36:35,800 --> 00:36:39,800

Philip was the president of a highly successful Detroit mortgage company.

357

00:36:39,800 --> 00:36:42,800

His position gave him the authority to purchase mortgages

358

00:36:42,800 --> 00:36:44,800

for the company to service.

359

00:36:44,800 --> 00:36:46,800

I can't wait to call in all these people.

360

00:36:46,800 --> 00:36:48,800

He's going to be very excited about this.

361

00:36:48,800 --> 00:36:52,800

By the way, we hear anything back on that commercial property on 15 Mile?

362

00:36:52,800 --> 00:36:56,800

He always came across kind of as a happy-go-lucky guy,

363

00:36:56,800 --> 00:36:58,800

a wizard in the stock market.

364

00:36:58,800 --> 00:37:00,800

I mean, he was always coming and saying,

365

00:37:00,800 --> 00:37:02,800

oh, I made a great killing today.

366

00:37:02,800 --> 00:37:04,800

I made a hundred grand. I made this.

367

00:37:04,800 --> 00:37:06,800

I bought these options. I sold these options.

368

00:37:06,800 --> 00:37:10,800

He just thought this person had a certain knack that nobody else had.

369

00:37:10,800 --> 00:37:13,800

Hey, Al. Yeah, Phil Breen.

370

00:37:13,800 --> 00:37:15,800

I got some good news.

371

00:37:15,800 --> 00:37:17,800

Philip Breen was also generous.

372

00:37:17,800 --> 00:37:19,800

When a friend's business hit hard times,

373

00:37:19,800 --> 00:37:22,800

Philip loaned him \$100,000.

374

00:37:22,800 --> 00:37:24,800

No problem. You can pick up a check tomorrow.

375

00:37:24,800 --> 00:37:27,800

He wrote me a check with no questions asked.

376

00:37:27,800 --> 00:37:31,800

He never came off as the big wheeler dealer.

377

00:37:31,800 --> 00:37:36,800

He came off as a kind and good person

378

00:37:36,800 --> 00:37:39,800

and wanting to share what he had with other people.

379

00:37:39,800 --> 00:37:41,800

He certainly shared it with me.

380

00:37:42,800 --> 00:37:44,800

In the spring of 1989,

381

00:37:44,800 --> 00:37:49,800

Breen purchased the Orlando Juice baseball team for \$700,000.

382

00:37:49,800 --> 00:37:51,800

The team was one of eight franchises

383

00:37:51,800 --> 00:37:55,800

in the newly formed Senior Professional Baseball Association,

384

00:37:55,800 --> 00:37:59,800

a league-builder-all-retired big-name ball players.

385

00:37:59,800 --> 00:38:01,800

The venture was risky,

386

00:38:01,800 --> 00:38:03,800

and Breen's work at the mortgage company

387

00:38:03,800 --> 00:38:06,800

soon took a backseat to his role as a team owner.

388

00:38:06,800 --> 00:38:09,800

It seemed like it was something that he really wanted to do.

389

00:38:09,800 --> 00:38:11,800

It was important to him,

390

00:38:11,800 --> 00:38:14,800

but in a lot of ways, I didn't like it

391

00:38:14,800 --> 00:38:18,800

because I thought that it put an awful lot of pressure on him,

392

00:38:18,800 --> 00:38:22,800

and it seemed like he was just, at that point,

393

00:38:22,800 --> 00:38:24,800

running himself into the ground.

394

00:38:24,800 --> 00:38:27,800

You know, it didn't make sense to me.

395

00:38:27,800 --> 00:38:29,800

I don't see what your problem is with this.

396

00:38:29,800 --> 00:38:31,800

Why don't we just get out of the house for a while?

397

00:38:31,800 --> 00:38:33,800

I'm going to get out of here.

398

00:38:33,800 --> 00:38:35,800

I've got some calls I've got to make.

399

00:38:35,800 --> 00:38:37,800

Phil, this is our vacation. You haven't done one thing with me.

400

00:38:37,800 --> 00:38:39,800

What are you going to do? Why don't you go do it?

401

00:38:39,800 --> 00:38:42,800

By year's end, the enterprise seemed doomed to failure.

402

00:38:42,800 --> 00:38:45,800

Philip's investment had ballooned to more than \$2 million

403

00:38:45,800 --> 00:38:47,800

and he'd begun drinking heavily.

404

00:38:47,800 --> 00:38:49,800

Hey, what are you doing, Phil?

405

00:38:49,800 --> 00:38:51,800

Yeah, great.

406

00:38:51,800 --> 00:38:53,800

During a two-week vacation at their Florida condo,

407

00:38:53,800 --> 00:38:56,800

Kathleen became concerned about her husband's mental state.

408

00:38:56,800 --> 00:38:58,800

I said I'd cover it. What?

409

00:38:58,800 --> 00:39:00,800

I said I'd cover it.

410

00:39:01,800 --> 00:39:03,800

I said I'd cover it. What?

411

00:39:03,800 --> 00:39:05,800

Well, I'll send the cash. Oh, alright.

412

00:39:05,800 --> 00:39:08,800

I noticed I changed in him.

413

00:39:08,800 --> 00:39:12,800

He seemed to be spending more money.

414

00:39:12,800 --> 00:39:15,800

It just seemed like as time went on,

415

00:39:15,800 --> 00:39:18,800

the money was going more and more to his head.

416

00:39:20,800 --> 00:39:22,800

Uh-huh.

417

00:39:22,800 --> 00:39:24,800

So you have no lien on this property.

418

00:39:24,800 --> 00:39:28,800

Back in Detroit, the mortgage company where Philip was employed

419

00:39:28,800 --> 00:39:30,800

made an unsettling discovery.

420

00:39:30,800 --> 00:39:32,800

What about the one on Guilford?

421

00:39:32,800 --> 00:39:34,800

They'd been servicing loans at breanard purchase

422

00:39:34,800 --> 00:39:36,800

from companies that simply did not exist.

423

00:39:36,800 --> 00:39:40,800

The company suspected Philip Brink of embezzlement.

424

00:39:40,800 --> 00:39:42,800

And the one on Walnut?

425

00:39:42,800 --> 00:39:44,800

It was just mind-boggling.

426

00:39:44,800 --> 00:39:46,800

I mean, something like that could happen.

427

00:39:46,800 --> 00:39:48,800

You know, the things that ran through your mind is,

428

00:39:48,800 --> 00:39:50,800

my God, you know, we trusted this guy.

429

00:39:50,800 --> 00:39:52,800

How could he do this to us?

430

00:39:52,800 --> 00:39:57,800

On Friday, January 5th, 1990,

431

00:39:57,800 --> 00:40:00,800

Philip and Kathleen returned from their Florida vacation

432

00:40:00,800 --> 00:40:02,800

to their home in Detroit.

433

00:40:02,800 --> 00:40:04,800

Hello?

434

00:40:04,800 --> 00:40:06,800

Yes. Alright. Alright. Just a minute.

435

00:40:06,800 --> 00:40:08,800

Just a minute.

436

00:40:08,800 --> 00:40:10,800

Phil is in the office.

437

00:40:12,800 --> 00:40:14,800

Alright. I'll take it in here.

438

00:40:22,800 --> 00:40:27,800

Something seemed to be not right, and I didn't know what.

439

00:40:27,800 --> 00:40:31,800

And so I took his briefcase into him in the room

440

00:40:31,800 --> 00:40:33,800

where he was on the phone.

441

00:40:33,800 --> 00:40:37,800

And that room was a complete disaster area.

442

00:40:37,800 --> 00:40:40,800

He had records piled all over the floor.

443

00:40:40,800 --> 00:40:43,800

Papers were strewn all over.

444

00:40:43,800 --> 00:40:45,800

I...

445

00:40:45,800 --> 00:40:47,800

Well, I have the signatures right here.

446

00:40:47,800 --> 00:40:48,800

I work with these people.

447

00:40:48,800 --> 00:40:50,800

He looked very upset.

448

00:40:50,800 --> 00:40:53,800

I mean, he had a very funny expression on his face

449

00:40:53,800 --> 00:40:56,800

and it frightened me to see him freaked out like that.

450

00:40:56,800 --> 00:40:58,800

Look at that.

451

00:40:58,800 --> 00:41:00,800

Well, how do you think I feel? I mean, my phone's a ring.

452

00:41:00,800 --> 00:41:06,800

That evening, he revealed to me that he had somehow been

453

00:41:06,800 --> 00:41:12,800

the victim of people selling phony mortgages.

454

00:41:12,800 --> 00:41:14,800

He said to us,

455

00:41:14,800 --> 00:41:16,800

don't worry.

456

00:41:16,800 --> 00:41:17,800

I'll get these guys.

457

00:41:17,800 --> 00:41:19,800

I know they can explain it.

458

00:41:19,800 --> 00:41:21,800

There's not a problem.

459

00:41:21,800 --> 00:41:23,800

You know, it kept reassuring us there's not a problem.

460

00:41:23,800 --> 00:41:26,800

I'll get ahold of them over the weekend.

461

00:41:26,800 --> 00:41:30,800

I kept saying, shouldn't we be contacting an attorney?

462

00:41:30,800 --> 00:41:33,800

Should you be talking to a lawyer?

463

00:41:33,800 --> 00:41:36,800

What do we need to do?

464

00:41:36,800 --> 00:41:39,800

I was just confused.

465

00:41:39,800 --> 00:41:40,800

I didn't know what to do.

466

00:41:40,800 --> 00:41:41,800

I was afraid.

467

00:41:41,800 --> 00:41:43,800

I was afraid for him.

468

00:41:43,800 --> 00:41:45,800

I was afraid for us.

469

00:41:46,800 --> 00:41:50,800

By Monday morning, Philip had convinced Kathleen

470

00:41:50,800 --> 00:41:52,800

that he could straighten everything out.

471

00:41:52,800 --> 00:41:54,800

He left for work at around 8 o'clock,

472

00:41:54,800 --> 00:41:57,800

explaining he had an early meeting.

473

00:41:57,800 --> 00:42:01,800

Philip Breen never arrived at his office.

474

00:42:07,800 --> 00:42:10,800

That night, Kathleen's hopes that Philip would return were dashed

475

00:42:10,800 --> 00:42:14,800

when she discovered he had taken some of his clothes and luggage.

476

00:42:14,800 --> 00:42:21,800

I was really upset.

477

00:42:21,800 --> 00:42:27,800

The idea that he would have actually gone just was

478

00:42:27,800 --> 00:42:29,800

incomprehensible to me.

479

00:42:29,800 --> 00:42:32,800

I couldn't believe it.

480

00:42:32,800 --> 00:42:34,800

So I did some of my own investigation.

481

00:42:34,800 --> 00:42:35,800

And I found out.

482

00:42:35,800 --> 00:42:37,800

An investigation by the FBI revealed the magnitude

483

00:42:37,800 --> 00:42:39,800

of Philip Breen's embezzlement scheme.

484

00:42:39,800 --> 00:42:41,800

In less than two years,

485

00:42:41,800 --> 00:42:44,800

he had created at least 99 fictitious loans,

486

00:42:44,800 --> 00:42:47,800

netting him more than \$10 million.

487

00:42:47,800 --> 00:42:50,800

That the more loans that you have, the more I respect you.

488

00:42:50,800 --> 00:42:53,800

Breen allegedly used the money to support his extravagant lifestyle.

489

00:42:53,800 --> 00:42:55,800

I see they're pretty substantial.

490

00:42:55,800 --> 00:42:58,800

The FBI also discovered that 12 years earlier,

491

00:42:58,800 --> 00:43:05,800

Philip Breen had been convicted for fraud and embezzlement in Florida.

492

00:43:05,800 --> 00:43:08,800

There was just this whole person that I didn't know.

493

00:43:08,800 --> 00:43:13,800

I think that I was really just numb with shock.

494

00:43:13,800 --> 00:43:21,800

And then I questioned my own sanity, my own intelligence.

495

00:43:21,800 --> 00:43:23,800

How could you not know?

496

00:43:23,800 --> 00:43:25,800

And why didn't I know?

497

00:43:25,800 --> 00:43:31,800

I mean, I found myself questioning absolutely everything.

498

00:43:31,800 --> 00:43:35,800

On the advice of her attorney, Kathleen filed for divorce.

499

00:43:36,800 --> 00:43:38,800

It was too late.

500

00:43:38,800 --> 00:43:42,800

The courts held her legally responsible for Philip's debts.

501

00:43:42,800 --> 00:43:46,800

She was forced to sell nearly everything she and Philip owned.

502

00:43:46,800 --> 00:43:53,800

Their cars, boats, Florida condo, and Detroit home.

503

00:43:53,800 --> 00:43:56,800

For Kathleen Breen, the dream was not just over.

504

00:43:56,800 --> 00:43:58,800

It had been shattered.

505

00:43:58,800 --> 00:44:02,800

I felt like I was married to a monster from outer space.

506

00:44:02,800 --> 00:44:05,800

And it almost just sickens me in a way.

507

00:44:05,800 --> 00:44:10,800

Like, just haunted by it.

508

00:44:10,800 --> 00:44:14,800

And still even now, it's just very difficult to believe

509

00:44:14,800 --> 00:44:17,800

that someone that you think that you know would be capable

510

00:44:17,800 --> 00:44:21,800

of just picking up and just leaving like that.

511

00:44:21,800 --> 00:44:23,800

I think that's the most important thing.

512

00:44:24,800 --> 00:44:26,800

Excuse me.

513

00:44:26,800 --> 00:44:30,800

Why does it have to go wrong?

514

00:44:30,800 --> 00:44:32,800

Now, I can see it over here.

515

00:44:32,800 --> 00:44:35,800

I don't know if I'm taking the situation out

516

00:44:35,800 --> 00:44:37,800

well because it doesn't work.

517

00:44:37,800 --> 00:44:39,800

It's just weird what happened to it.

518

00:44:44,800 --> 00:44:46,800

■■■■■ view possible?

519

00:44:46,800 --> 00:44:48,800

I'll make you see it, Johnny.

520

00:44:48,800 --> 00:44:50,800

If you got a new version of this,

521

00:44:50,800 --> 00:44:53,200

textbook picture perfect marine.

522

00:44:53,200 --> 00:44:56,120

Then he was found shot to death in his own bed.

523

00:44:56,120 --> 00:44:58,720

When police ruled it a suicide, Digmund's Paris

524

00:44:58,720 --> 00:45:01,400

began their own investigation and sent out

525

00:45:01,400 --> 00:45:05,600

to prove that their son had been murdered.

526

00:45:05,600 --> 00:45:07,480

Also thanks to our viewers, a man

527

00:45:07,480 --> 00:45:09,560

wanted for kidnapping and attempted murder

528

00:45:09,560 --> 00:45:11,680

is now in custody.

529

00:45:11,680 --> 00:45:12,880

Join me next time.

530

00:45:12,880 --> 00:45:15,480

Perhaps you may be able to help solve a mystery.
