

1

00:00:00,000 --> 00:00:09,600

This program is about unsolved mysteries. Whenever possible, the actual family members

2

00:00:09,600 --> 00:00:13,680

and police officials have participated in recreating the events. What you are about

3

00:00:13,680 --> 00:00:16,880

to see is not a news broadcast.

4

00:00:16,880 --> 00:00:26,480

December 12, 1985. A chartered plane went down in flames outside Gander, Newfoundland,

5

00:00:26,480 --> 00:00:32,920

Canada, killing 248 American soldiers. Officially the crash was ruled an accident caused by

6

00:00:32,920 --> 00:00:38,000

ice on the wings, but eyewitnesses tell of intense fires that could not be extinguished

7

00:00:38,000 --> 00:00:43,360

and a mysterious cache of weapons recovered from the wreckage. The young GIs have fallen

8

00:00:43,360 --> 00:00:46,880

victim to a terrorist bomb.

9

00:00:46,880 --> 00:00:52,560

As a child, Peggy Lloyd was haunted by the elusive vision of a brother she barely remembered.

10

00:00:52,560 --> 00:00:58,080

Only the discovery of an old snapshot launched Peggy on a determined quest for answers. Perhaps

11

00:00:58,080 --> 00:01:02,960

you can help end her search for her long lost brother.

12

00:01:02,960 --> 00:01:07,600

The terrible tragedy in Waco, Texas has focused the nation's attention on the scattering of

13

00:01:07,600 --> 00:01:13,120

religious cults across the United States. In one cult unrelated to the Branch Davidi

14

00:01:13,120 --> 00:01:20,360

insect, Nelson DeCloud was seen as a dynamic, charismatic messenger of God by his followers.

15

00:01:20,360 --> 00:01:24,840

However, according to one member who fled the cult, DeCloud used his position to demand

16

00:01:24,840 --> 00:01:30,160

sexual favors from some of the women in his congregation.

17

00:01:30,160 --> 00:01:35,320

Also tonight, a moving and joyous update. Thanks to our broadcast, two childhood friends

18

00:01:35,320 --> 00:01:42,080

separated for more than 30 years and been reunited. Join me for these fascinating stories of tonight's

19

00:01:42,080 --> 00:01:43,560

unsolved mysteries.

20

00:02:20,360 --> 00:02:30,360

Music

21

00:02:41,480 --> 00:02:46,920

These men were members of the elite 101st Airborne Unit of the United States Army.

22

00:02:47,000 --> 00:02:54,520

On December 12th, 1985, they were among 248 young soldiers cut down in their prime.

23

00:02:54,520 --> 00:02:59,720

All killed instantly when their transport plane crashed in Gander, Newfoundland.

24

00:02:59,720 --> 00:03:05,080

It was the worst single-air disaster in US military history. Officially, the crash was

25

00:03:05,080 --> 00:03:09,800

written off to ice on the plane's wings. But many of the young men's families, as well as

26

00:03:09,800 --> 00:03:16,840

several key investigators, believe that the true cause of the Gander tragedy remains an unsolved

mystery.

27

00:03:17,880 --> 00:03:20,280

Music

28

00:03:20,280 --> 00:03:27,240

On December 11th, 1985, the 101st Airborne left Cairo, Egypt on a chartered air-aware DC-8,

29

00:03:27,240 --> 00:03:31,960

much like this one. They were going home to Fort Campbell, Kentucky, after a six-month

30

00:03:31,960 --> 00:03:37,480

peacekeeping mission in Asinai. Following one stop in Germany, they landed for refueling at the

31

00:03:37,480 --> 00:03:45,400

Gander, Newfoundland airport in Canada. An hour later, just after takeoff, tragedy struck.

32

00:03:47,160 --> 00:03:49,480

Music

33

00:03:49,480 --> 00:03:54,680

The DC-8 crashed less than three miles from the Gander control tower, killing everyone on board.

34

00:03:56,360 --> 00:04:01,720

The wreckage was scattered over an area 1,300 feet long and 130 feet wide.

35

00:04:03,720 --> 00:04:08,040

Almost immediately, a man purporting to represent the terrorist organization,

36

00:04:08,040 --> 00:04:13,160

Islamic Jihad, telephoned a US consulate in Algeria to claim responsibility.

37

00:04:13,160 --> 00:04:14,280

Music

38

00:04:14,280 --> 00:04:18,440

Nevertheless, US Army officials, who arrived in Gander within hours,

39

00:04:18,440 --> 00:04:21,720

quickly discounted the possibility of terrorist involvement.

40

00:04:25,720 --> 00:04:30,440

Later, a Canadian board of inquiry stated that ice on the plane's wings had brought it down.

41

00:04:31,960 --> 00:04:35,480

However, four of the board's nine members publicly dissented,

42

00:04:35,480 --> 00:04:37,960

insisting that ice did not cause the crash.

43

00:04:37,960 --> 00:04:40,120

Music

44

00:04:40,120 --> 00:04:47,400

There was certainly some kind of an explosion, and a small explosion that disabled the control system

45

00:04:48,200 --> 00:04:55,400

that led to the sequence of events that led to the disaster. But what caused that explosion,

46

00:04:55,400 --> 00:05:00,200

whether it was sabotage or whether it was the accidental detonation of some kind of military

47

00:05:00,200 --> 00:05:07,640

equipment that was carried down against regulations, we really don't have a better idea than we had in 1988.

48

00:05:07,640 --> 00:05:09,640

Music

49

00:05:10,120 --> 00:05:13,640

The dissenters were particularly disturbed by the pulverized state of the wreckage.

50

00:05:15,800 --> 00:05:21,640

Usually in a takeoff crash, large sections of the plane remain intact, and many passengers survive.

51

00:05:23,480 --> 00:05:27,320

A normal kind of takeoff accident can be quite serious and can involve a fire,

52

00:05:27,320 --> 00:05:29,960

but basically the aircraft isn't completely destroyed.

53

00:05:31,560 --> 00:05:35,080

Usually, you don't have a huge explosion because when the tanks are full,

54

00:05:35,080 --> 00:05:39,640

it doesn't give the fuel a chance to mix with oxygen like you need for an explosion.

55

00:05:40,920 --> 00:05:42,120

Music

56

00:05:42,120 --> 00:05:45,800

You get an explosion when the aircraft crashes with partial tanks,

57

00:05:45,800 --> 00:05:48,200

and takeoff accidents are usually survivable.

58

00:05:50,760 --> 00:05:55,640

The U.S. government claimed there was no evidence that an onboard explosion had caused the crash.

59

00:05:56,280 --> 00:06:01,320

They steadfastly denied that either explosives or ammunition had been carried as cargo.

60

00:06:02,680 --> 00:06:07,160

Eyewitness reports from the Cairo Airport, however, cast doubt on the government's position.

61

00:06:07,960 --> 00:06:12,680

The 101st Airborne waited for eight hours while they were transferred to a larger plane.

62

00:06:13,320 --> 00:06:18,520

In the process, the duffel bags of 41 soldiers were left behind on the tarmac to make room

63

00:06:18,520 --> 00:06:25,080

for several large wooden boxes. Many believe the boxes contain some type of classified weapons.

64

00:06:27,320 --> 00:06:33,160

At the Gander crash site, one of the rescue workers, Harvey Day, says he saw five wooden boxes.

65

00:06:34,120 --> 00:06:35,560

Sir, that's as far as you can go.

66

00:06:35,560 --> 00:06:40,760

I decided to walk down to see what was in this area. I got about 10 feet from it,

67

00:06:40,760 --> 00:06:45,640

and this military guy walked up towards me and said, you better go back.

68

00:06:47,800 --> 00:06:52,920

But I stopped and looked, and I saw what people were beginning to say didn't exist.

69

00:06:53,560 --> 00:07:00,520

I saw five large wooden boxes. They were black, a bit burnt from the fire, and I saw herms,

70

00:07:01,160 --> 00:07:07,880

rifles, and I saw things like missiles and little metal boxes. They looked like ammunition boxes,

71

00:07:08,840 --> 00:07:12,680

and it was all piled up very neatly into this cordonoff area.

72

00:07:12,680 --> 00:07:16,520

Sir, I can't answer that. This is military business. You do not need to do any of that at all.

73

00:07:16,520 --> 00:07:18,120

No, no, no. I just want to see what's in there.

74

00:07:18,120 --> 00:07:21,240

Sir, you don't have to see anything. This is official military business. If you don't leave,

75

00:07:21,240 --> 00:07:24,200

I'll have you removed by force from the premises. Now just go on.

76

00:07:24,200 --> 00:07:28,840

In addition, Day recalls one unusual hotspot resulting from the crash.

77

00:07:31,160 --> 00:07:36,840

There were two firefighters, and they had to continue stream of water onto this pile,

78

00:07:37,640 --> 00:07:41,560

and I thought it very peculiar, and I walked over to one chap and I asked,

79

00:07:41,560 --> 00:07:45,480

what's going on, eh? Keep flaring up. We're going to have to keep pouring water on it.

80

00:07:46,120 --> 00:07:46,840

Is that bad?

81

00:07:49,800 --> 00:07:54,360

The men who took the waterway is flared back up again, and so we got to do this. He said,

82

00:07:55,160 --> 00:07:59,480

tell me, it burns out, he said it cools down to the point where we can remove what's there.

83

00:08:00,920 --> 00:08:06,120

Within weeks, Harvey Day and several other rescue workers began to complain of health problems.

84

00:08:06,760 --> 00:08:10,920

To some, the symptoms sounded suspiciously like radiation poisoning.

85

00:08:12,200 --> 00:08:18,040

I think we hit over 30 who described some type of malady or sickness as a result of the crash,

86

00:08:18,680 --> 00:08:23,560

and they ranged from liver problems to what people thought were heart attacks,

87

00:08:24,280 --> 00:08:30,680

and just general illnesses, and this is what was checked out, and it got to be rather scary.

88

00:08:31,800 --> 00:08:35,960

According to one unnamed source, the United States government allegedly sealed

89

00:08:35,960 --> 00:08:42,120

its crash investigation records for a period of 70 years. However, several government agencies,

90

00:08:42,120 --> 00:08:46,440

including the Department of Defense and the National Transportation Safety Board,

91

00:08:46,440 --> 00:08:48,680

deny that any such records exist.

92

00:08:49,000 --> 00:08:59,160

We know that the files on the Gander incident would not be sealed for 70 years

93

00:09:00,120 --> 00:09:07,720

if it were simply ice. We know that there had to be something very, very politically embarrassing

94

00:09:08,600 --> 00:09:14,760

that could have been very harmful to the Reagan administration that had to be covered up.

95

00:09:15,320 --> 00:09:23,720

As one family member put it, she wants to know if her family member died protecting this country,

96

00:09:23,720 --> 00:09:27,480

or if he died because our government was protecting itself.

97

00:09:29,800 --> 00:09:35,400

In the early 1980s, the United States government had begun illegally selling arms to Iran in a

98

00:09:35,400 --> 00:09:41,640

covert and Byzantine operation now known as Iran Contra. The operation, ostensibly aimed

99

00:09:41,640 --> 00:09:46,360

at freeing American hostages in the Middle East, was apparently in jeopardy at the time of the

100

00:09:46,360 --> 00:09:55,080

Gander crash. Just a few days before the crash, Colonel Oliver North warned in at least two

101

00:09:55,080 --> 00:10:02,200

separate memos that the United States, wrist, quote, a renewed wave of terrorism. A U.S. reversal now

102

00:10:02,200 --> 00:10:06,280

could ignite Iranian fire. The hostages would be our minimum losses.

103

00:10:07,240 --> 00:10:16,840

Whatever happened in Gander, I believe, would have either caused political embarrassment

104

00:10:17,960 --> 00:10:25,800

or an international incident or both. And whatever the reason was for the cover-up in 1985

105

00:10:25,800 --> 00:10:32,760

still exists today. U.S. government investigators did appear to be behaving strangely.

106

00:10:33,320 --> 00:10:38,280

First off, the crash site was bulldozed within three months, a highly unusual practice.

107

00:10:39,320 --> 00:10:45,240

The U.S. Army says it was done simply to discourage souvenir hunters. Secondly,

108

00:10:45,240 --> 00:10:51,560

the remains of the plane were quickly disposed of, buried in a dump, again, highly unusual procedure.

109

00:10:52,200 --> 00:10:56,760

As a rule, downed airplanes are virtually reassembled in order to study the crash.

110

00:10:56,920 --> 00:11:04,600

One of the young men who lost his life at Gander was 23-year-old Sergeant James Douglas Phillips,

111

00:11:04,600 --> 00:11:12,520

the only son of Dr. Douglas Phillips, a pathologist. Disillusioned by the official reports, Dr. Phillips

112

00:11:12,520 --> 00:11:18,840

and his wife, Zona, formed an organization called Families for Truth About Gander. They requested

113

00:11:18,840 --> 00:11:23,320

several scrap sections from the DCA and were surprised when the government sent them.

114

00:11:23,720 --> 00:11:29,080

An expert, hired to analyze the scraps, claimed the outward puckered edges showed that a blast

115

00:11:29,080 --> 00:11:38,040

had indeed occurred inside the plane. I think the airplane exploded in midair and then went down

116

00:11:38,040 --> 00:11:46,120

and hit the ground with a gigantic fireball ensuing upon hitting when the fuel ignited.

117

00:11:46,120 --> 00:11:52,120

But there's no doubt in my mind that there was a fire or an explosion while the plane

118

00:11:53,000 --> 00:11:59,640

was still in flight. Dr. Phillips turned up one final chilling fact.

119

00:12:00,280 --> 00:12:06,280

Autopsies revealed that many of the dead soldiers had a significant amount of carbon monoxide in their bodies.

120

00:12:09,000 --> 00:12:14,680

The toxicology report showed that the victims had indeed breathed in

121

00:12:14,760 --> 00:12:24,760

carbon monoxide prior to the plane hitting the ground and exploding. This had to be from a detonation,

122

00:12:26,040 --> 00:12:33,960

a fire or explosion on board the craft. I guess the thing that bothers me the most is there are

123

00:12:33,960 --> 00:12:42,600

people out there living ordinarily, ordinary day life, going about their business and their jobs

124

00:12:42,680 --> 00:12:48,280

and they know what happened and they won't tell us and they won't help us.

125

00:12:51,320 --> 00:12:56,120

In 1990, a congressional hearing on the gander disaster was convened in Washington, DC.

126

00:12:57,000 --> 00:13:01,160

While the committee did criticize the government's lackluster post-crash investigation,

127

00:13:01,720 --> 00:13:07,000

it stopped short of recommending a full-scale reinvestigation. The families of the dead men

128

00:13:07,080 --> 00:13:12,440

are left to wonder why and how their sons, husbands and brothers really died.

129

00:13:15,720 --> 00:13:21,240

Next, a woman discovers that her long-lost father was a circus clown with a broken heart.

130

00:13:30,680 --> 00:13:35,800

During the Second World War, more than 16 million American men and women were called upon to serve

131

00:13:35,800 --> 00:13:41,720

the country. Inevitably, many families would not survive the stress of wartime separation.

132

00:13:43,560 --> 00:13:48,680

28-year-old Lee Curley Lloyd was one of those whose marriage was a casualty of the war effort.

133

00:13:50,040 --> 00:13:54,600

While Curley was in the service, his son and two daughters lived in Oroville, California,

134

00:13:54,600 --> 00:14:04,360

with a woman who ran a boarding house for children. At the time, Peggy Lloyd was three years old,

135

00:14:04,360 --> 00:14:07,160

her sister four, and their little brother, Arthur, two.

136

00:14:09,160 --> 00:14:14,920

One day in 1944, Curley's wife arrived at the boarding house. She was accompanied by the man

137

00:14:14,920 --> 00:14:20,280

she would marry when her divorce was final. Um, I've come here. I want to take my children.

138

00:14:21,160 --> 00:14:25,800

Just the girls, though, not Arthur. Come on. Peggy and her sister went to live with her mother

139

00:14:25,800 --> 00:14:30,040

and the man who was to become their stepfather. It's all right. Okay, let's go.

140

00:14:30,440 --> 00:14:35,160

Peggy's brother, Arthur, was left behind.

141

00:14:42,200 --> 00:14:45,800

Peggy Lloyd grew up being told that her father had deserted the family,

142

00:14:45,800 --> 00:14:48,920

and questions about her brother were ignored or brushed aside.

143

00:14:49,640 --> 00:14:55,480

She began to wonder if Arthur had ever even existed until a quiet summer day in 1948.

144

00:15:01,000 --> 00:15:07,800

I climbed up into the attic and crawled along, kind of looking at things, and in the back was a bunch of boxes.

145

00:15:19,160 --> 00:15:23,640

So I was playing in this particular group of boxes, and I found this picture.

146

00:15:24,520 --> 00:15:31,240

When I looked at the picture, I just, I knew that it was Arthur.

147

00:15:32,280 --> 00:15:36,200

I wouldn't, I couldn't say that that was a memory. It was a feeling. It was like,

148

00:15:36,200 --> 00:15:40,360

he looked like me. He was the right age. It just felt, I knew that it was Arthur.

149

00:15:49,240 --> 00:15:52,600

Peggy. Yeah? What are you doing? Where have you been?

150

00:15:54,520 --> 00:16:02,200

Look, it's Arthur, my brother. Then that proves it. He's my brother.

151

00:16:04,840 --> 00:16:09,480

She took the picture from me, and it went away. And I never saw the picture again,

152

00:16:09,480 --> 00:16:14,360

and I still never got an answer. But of course, in my mind, I just knew.

153

00:16:15,080 --> 00:16:21,320

And so I guess that I just grew up believing that wherever my father was, Arthur was.

154

00:16:24,600 --> 00:16:29,800

Peggy's life at home grew increasingly difficult. At the age of nine, she was sent to the first

155

00:16:29,800 --> 00:16:36,600

in a series of foster homes and boarding schools. She married in 1958 at age 17 and raised four

156

00:16:36,600 --> 00:16:41,960

daughters of her own. Over the years, Peggy remained in contact with her mother, but never

157

00:16:41,960 --> 00:16:48,600

learned anything more about her brother or father. I've been working on it for a whole year.

158

00:16:49,480 --> 00:16:55,160

Finally in 1983, Peggy presented her mother with a picture filled genealogical chart,

159

00:16:55,160 --> 00:16:58,680

as a way of once again bringing up the subject of Arthur and Curley.

160

00:16:58,680 --> 00:17:02,040

The first one starts with 1879. Oh my.

161

00:17:02,040 --> 00:17:07,160

You look way up here. Oh, look at me. I was an adult now, and she didn't have to be so afraid of

162

00:17:07,160 --> 00:17:12,840

what I did. And perhaps she would give me that information and feel like enough time had passed

163

00:17:12,920 --> 00:17:20,680

that she could do that. I forgot that one. But you know, mom, there is still something missing.

164

00:17:21,720 --> 00:17:27,080

I still don't have any information about my own father. Peggy, don't start with me again, please.

165

00:17:27,080 --> 00:17:32,520

We just want to know where he was born, mom. In the end, Peggy's mother relented and reluctantly

166

00:17:32,520 --> 00:17:37,880

revealed Curley's birthplace. Thanks, mom. Lindsay Oklahoma. Thanks.

167

00:17:38,840 --> 00:17:46,760

Thanks. The next day I called there on the phone and I put an ad in their local weekly newspaper

168

00:17:47,320 --> 00:17:54,760

asking if anybody knew his whereabouts or Arthur's. And it was from there that things began to happen.

169

00:18:01,080 --> 00:18:05,080

The family secrets of nearly 40 years were unlocked with stunning speed.

170

00:18:05,800 --> 00:18:10,120

Just nine days after placing the ad, Peggy received a letter from an aunt,

171

00:18:10,120 --> 00:18:12,680

Velma Lloyd, who was married to Curley's brother.

172

00:18:14,360 --> 00:18:19,720

Velma had included her phone number and Peggy immediately called her newly discovered relative.

173

00:18:23,320 --> 00:18:29,720

Hello. May I speak with Velma Lloyd, please? Hi, Velma.

174

00:18:29,720 --> 00:18:34,200

While I was talking to her on the phone, I was like flipping through the rest of the letters.

175

00:18:34,760 --> 00:18:40,360

And there I saw this one that had one of those return address stamps on it that said,

176

00:18:40,360 --> 00:18:43,800

Curley and Q, Clown Alley, Spokane.

177

00:18:47,640 --> 00:18:55,640

When I saw the letter from my dad, it was like I felt like my heart stopped. It was a mixture.

178

00:18:55,640 --> 00:19:03,080

It was like I was really excited. I'm really emotional. I started crying, but I was really frightened.

179

00:19:04,680 --> 00:19:09,080

I didn't know anything about my father. I thought, well, what if what he says in the

180

00:19:09,080 --> 00:19:15,720

letters, I don't want anything to do with you? But of course, I just overcame that and I opened

181

00:19:15,720 --> 00:19:21,960

the letter and the letter said, my beloved daughter, how thrilled I am to hear from you.

182

00:19:22,920 --> 00:19:26,120

It was like, it's indescribable.

183

00:19:27,640 --> 00:19:31,960

Peggy was surprised to learn that for many years, both before and after the war,

184

00:19:31,960 --> 00:19:35,640

her father was a clown with Ringling Brothers and other smaller circuses.

185

00:19:36,440 --> 00:19:42,280

In 1955, Curley had even performed within five miles of Peggy's home in Southern California,

186

00:19:42,920 --> 00:19:47,880

but they would not see each other until Peggy's 43rd birthday in 1984.

187

00:19:51,000 --> 00:19:56,200

This home video was shot at Peggy and Curley's long-awaited reunion in Spokane, Washington.

188

00:19:56,920 --> 00:20:01,160

It was the first birthday Peggy had spent with her father since she was three years old.

189

00:20:02,680 --> 00:20:11,080

Suddenly, I had a grandfather and aunts and uncles and cousins and just this whole world of family

190

00:20:11,880 --> 00:20:17,000

and they just all acted like I'd been there my whole life. Like, they'd always been my family

191

00:20:17,720 --> 00:20:24,360

and it's just a wonderful thing. The celebration was perfect in every way, but one.

192

00:20:24,360 --> 00:20:31,000

Peggy's brother, Arthur, was not with the family. But finally, Peggy was able to learn what had

193

00:20:31,000 --> 00:20:34,440

happened to Arthur since she last saw him in 1944.

194

00:20:38,920 --> 00:20:43,800

For four years, Arthur had traveled with a circus, watching his father perform in towns

195

00:20:43,800 --> 00:20:49,960

and cities across America. Curley had no idea where his ex-wife and his two daughters were living.

196

00:21:01,960 --> 00:21:05,960

Hey, Prissy Monkey, you were real good in the show today.

197

00:21:08,360 --> 00:21:12,040

At first, Curley believed that circus life would be rewarding for his young son.

198

00:21:12,680 --> 00:21:17,720

Curley himself had joined the circus when he was nine and saw nothing wrong with their itinerant life.

199

00:21:18,680 --> 00:21:20,600

His friends advised him otherwise.

200

00:21:23,480 --> 00:21:28,760

The circus people told him that Arthur needed to be in school. Arthur needed a home,

201

00:21:29,400 --> 00:21:35,800

stability, real parents, and a family that he could grow up with in one place and that the

202

00:21:35,800 --> 00:21:41,320

circus life wasn't a good home for him. Curley, have you thought this out carefully?

203

00:21:43,240 --> 00:21:49,560

Yes, I have. After much soul searching, Curley reached a painful decision. He sought out a

204

00:21:49,560 --> 00:21:54,680

Catholic priest in Logan, Utah, where the circus was performing in the fall of 1948.

205

00:21:55,080 --> 00:21:59,960

All right, church can find him a home. I appreciate it.

206

00:22:01,240 --> 00:22:04,760

Take care of yourself, okay? Thank you, Father. Let's thank you, Father.

207

00:22:04,760 --> 00:22:07,240

Thank you, Father. Arthur?

208

00:22:11,800 --> 00:22:13,320

Hey, come here. Listen.

209

00:22:15,960 --> 00:22:22,840

Hey, I want you to take care of yourself, okay? All right, and this man here, he's going to take

210

00:22:22,840 --> 00:22:26,840

care of you. Be good and remember everything that he told you, okay? All right?

211

00:22:30,760 --> 00:22:31,800

Okay, you run along now.

212

00:22:40,120 --> 00:22:43,240

Arthur was six years old when Curley gave him up for adoption.

213

00:22:44,120 --> 00:22:48,120

Fifteen years later, Curley would receive two letters from his son,

214

00:22:48,120 --> 00:22:51,960

but neither contained Arthur's adopted last name or his return address.

215

00:22:52,920 --> 00:22:55,960

The letters have been mailed from Colorado Springs, Colorado.

216

00:22:58,600 --> 00:23:04,760

I tried Colorado Springs. I didn't find anything there. I seemed to be at a loss,

217

00:23:05,480 --> 00:23:12,680

and when my dad became really ill, it was like I have to find Arthur. I have to find him before

218

00:23:12,680 --> 00:23:20,840

he dies. Hi. Hi, look at you. You're just a mess. Just a mess. How are you doing?

219

00:23:23,240 --> 00:23:27,160

Curley and I had seven really wonderful years of friendship.

220

00:23:29,480 --> 00:23:34,520

Piggy. Piggy, I... We became really good friends, and we talked about Arthur a lot.

221

00:23:35,960 --> 00:23:39,880

He really felt really sad about it, and he felt really guilty about it.

222

00:23:39,880 --> 00:23:49,160

I've only got one word correct. We... that we haven't found Arthur. I want you to find him.

223

00:23:49,160 --> 00:24:02,040

I will find him. Tell him I'm... I'm sorry. It's okay. It's okay. It was like he said to me,

224

00:24:03,160 --> 00:24:09,960

Peggy, I don't know about Arthur. I'm so sorry about Arthur, but I know that you'll find him.

225

00:24:10,120 --> 00:24:14,280

Somehow I believe that. I know that we will.

226

00:24:20,120 --> 00:24:27,160

Lee Curley Lloyd died in 1991 at the age of 77. He was confident at least in some measure by

227

00:24:27,160 --> 00:24:33,880

Peggy's promise to continue searching for Arthur. This is one of only two known photographs of

228

00:24:33,880 --> 00:24:39,320

Arthur Franklin Lloyd. When the picture was taken, Arthur was two years old and blonde hair.

229

00:24:40,040 --> 00:24:42,920

He has blue eyes and would today be 50 years old.

230

00:24:45,000 --> 00:24:49,960

I have to find Arthur. I have to find him to say you have a family. You have someone,

231

00:24:50,520 --> 00:24:56,760

not just myself, but all of Curley's family who love you and want you and we want to know you.

232

00:25:00,440 --> 00:25:06,840

When we return, a young woman accuses a spiritual leader of rape. Authorities need your help to

233

00:25:06,840 --> 00:25:09,640

find him.

234

00:25:25,720 --> 00:25:31,640

Tim? This is Julie. What are you doing? It's late. I know. Can you please come get me?

235

00:25:32,120 --> 00:25:40,120

Shortly before midnight on September 17, 1992, a young woman named Julie Cooper made an impassioned

236

00:25:40,120 --> 00:25:46,360

phone call, a cry for help to Tim Sante, a virtual stranger whom she had met only once

237

00:25:46,360 --> 00:25:51,720

when he repaired the satellite dish on the farm where she lived. When can you come pick me up?

238

00:25:53,320 --> 00:25:58,840

Julie had told me bits and pieces of what had gone on, but I'm still not aware of the whole

239

00:25:58,840 --> 00:26:02,840

story. I'm thinking, well, you know, it's no big deal. Nobody's going to catch us.

240

00:26:04,200 --> 00:26:11,160

We tentatively set the time for 1.15 in the morning. I drove up to the corner before you get to the

241

00:26:11,160 --> 00:26:18,920

road down to her house at 1.13. I waited for two minutes and drove down there. She was crouched

242

00:26:18,920 --> 00:26:22,840

down in the grass with a trash bag full of clothes.

243

00:26:26,280 --> 00:26:30,120

Go, go, go! She was very, very nervous and very frightened.

244

00:26:34,600 --> 00:26:39,640

Julie Cooper told Tim Sante that for 16 years she'd been trapped in a religious cult called the

245

00:26:39,640 --> 00:26:46,840

DeCloud family. The family, nearly 30 men, women and children, lived together in a common far removed

246

00:26:46,840 --> 00:26:53,480

from the outside world. In some ways, the DeCloud family resembled the branched Davidian sect,

247

00:26:53,480 --> 00:26:59,880

the religious cult led by David Koresh and Waco, Texas. That group lived in a fortified compound

248

00:26:59,880 --> 00:27:04,040

where a two-month standoff of federal agents recently ended in tragedy.

249

00:27:06,360 --> 00:27:10,600

David Koresh's group was just one of an estimated 2,000 religious cults which have

250

00:27:10,600 --> 00:27:15,720

sprung up throughout the country. Many are headed by self-proclaimed messiahs,

251

00:27:15,800 --> 00:27:21,320

ruled with absolute authority. When Julie Cooper finally escaped from the DeCloud family,

252

00:27:21,320 --> 00:27:25,800

she began to make accusations which paint a horrifying picture of life within the commune.

253

00:27:26,600 --> 00:27:31,240

The most chilling allegations focus on the leader of the cult, Nelson DeCloud.

254

00:27:33,960 --> 00:27:39,320

Nelson DeCloud is an ex-police officer from Raytown, Missouri, a suburb of Kansas City.

255

00:27:40,280 --> 00:27:45,000

His family, as he calls his followers, had actually been founded by his father,

256

00:27:45,000 --> 00:27:53,560

Forrest DeCloud around 1968. Before Forrest died in 1988, Nelson ascended to the role of spiritual

257

00:27:53,560 --> 00:28:00,520

leader. Soon he moved his followers to an isolated farm in Liberty, Missouri. Nearly all family

258

00:28:00,520 --> 00:28:05,640

members were encouraged to change their last names to DeCloud, literally of the clouds.

259

00:28:10,200 --> 00:28:15,800

Praise the Lord and welcome him into the temple to cloud. Praise the Lord.

260

00:28:20,360 --> 00:28:25,240

Today's lesson is from Revelations 13. Open your Bibles please.

261

00:28:26,360 --> 00:28:34,680

Nelson thought that he was God's son, not really that he was Jesus Christ, but that he was one of

262

00:28:34,760 --> 00:28:41,880

God's sons and that he couldn't do any wrong. And I said unto him, sir, Nelson had a very booming

263

00:28:41,880 --> 00:28:48,440

voice. His eyes were like, these are they which came out of blue with a just scarier

264

00:28:48,440 --> 00:28:54,360

robes and made them white in the blood of the lamb. Praise the Lord.

265

00:28:57,800 --> 00:29:01,560

Julie Cooper was just six when her family joined the cult in the mid-70s.

266

00:29:01,960 --> 00:29:03,160

We are the wearer.

267

00:29:03,160 --> 00:29:08,200

Julie claims she eventually learned that DeCloud expected perverse, almost

268

00:29:08,200 --> 00:29:12,040

depulsive forms of devotion from his followers. Hallelujah.

269

00:29:12,600 --> 00:29:18,520

When she was 10, Julie says DeCloud forced her to watch him have sex with a female member of the

270

00:29:18,520 --> 00:29:23,960

family. Thank you. I want you to stay out here for a while.

271

00:29:23,960 --> 00:29:27,560

He asked me to have sex with him and I didn't want to and I didn't.

272

00:29:27,560 --> 00:29:31,800

What I want you to do, Julie, is what God wants you to do. You understand me?

273

00:29:31,800 --> 00:29:32,280

Yes.

274

00:29:32,280 --> 00:29:39,320

All right. I guess he was so far into he couldn't do any wrong kind of deal that it didn't matter to him.

275

00:29:40,200 --> 00:29:43,880

Now you listen to me. Do you know how old Mary was when she had Jesus?

276

00:29:44,760 --> 00:29:49,000

14 years old. 14 years old. Now you think about that. There's nothing wrong with that.

277

00:29:49,960 --> 00:29:54,760

If you put me out in this like wooded area, I didn't have any food. I didn't have any

278

00:29:54,760 --> 00:29:57,400

jacket or anything like that. When are you coming back?

279

00:29:58,760 --> 00:30:01,960

I'll know when to come back. God will tell me when to come back.

280

00:30:04,840 --> 00:30:11,080

According to Julie, she stood in the field alone and shivering for eight hours before Nelson took

281

00:30:11,080 --> 00:30:21,720

her back to the compound. Disobedience. There is a sinner amongst us and I am deeply troubled.

282

00:30:22,040 --> 00:30:28,120

Julie says that another member of the family was publicly humiliated after she confronted the

283

00:30:28,120 --> 00:30:34,360

cloud about his cruelty. She has chosen to disobey my word. She has chosen to disobey God's word.

284

00:30:35,880 --> 00:30:39,880

He was going to make an example of her in front of me and in front of others.

285

00:30:39,880 --> 00:30:40,920

Conspirance.

286

00:30:42,120 --> 00:30:45,480

That was enough to scare me. He knew that I was already scared.

287

00:30:46,280 --> 00:30:48,280

No!

288

00:30:48,680 --> 00:30:52,600

I felt like it was my fault because

289

00:30:54,440 --> 00:30:58,680

here she tried to stand up for me and I wasn't giving in.

290

00:31:01,560 --> 00:31:05,320

And maybe if I had given in earlier, he wouldn't have done that.

291

00:31:06,120 --> 00:31:16,920

He found me, you know, and he says, well, are you ready now? Of course, you know, after all that

292

00:31:16,920 --> 00:31:19,080

had happened, you know, I just said, yes.

293

00:31:21,880 --> 00:31:27,240

Julie Cooper claims she became a virtual prisoner in the compound, forced to serve as one of the

294

00:31:27,240 --> 00:31:33,800

cloud's unwilling sex partners. When she was 15, Julie says she made her first attempt to escape.

295

00:31:35,560 --> 00:31:40,200

After everything had happened to me, everything was going on. I decided to run away, you know,

296

00:31:40,200 --> 00:31:41,160

I just couldn't take any more.

297

00:31:43,880 --> 00:31:50,200

Julie's absence did not go unnoticed. Nelson the cloud immediately organized search parties to comb the area.

298

00:31:55,320 --> 00:32:00,120

Julie, you stop right where you are. You hear me, girl? You stay right there. Stop right there.

299

00:32:01,080 --> 00:32:05,080

No, let me go, please!

300

00:32:09,080 --> 00:32:16,360

Nelson and another guy came pick me up, handcuffed me and took me back.

301

00:32:17,960 --> 00:32:23,080

I was so scared of him, of what would happen to me. Offer your shoes!

302

00:32:30,840 --> 00:32:39,080

According to Julie, she was ordered to disrobe and later she was severely beaten.

303

00:32:42,680 --> 00:32:43,560

Offer your shirt!

304

00:32:45,880 --> 00:32:53,880

Nelson switched me and burned my clothes, burned my shoes, and it was like a symbolic thing.

305

00:32:54,840 --> 00:33:00,920

After that, he always kept me with him. I always had to sleep with him in his

306

00:33:01,640 --> 00:33:07,000

bus, in his area. He wouldn't let me out of anybody's sight. I always had to be watched, so

307

00:33:09,400 --> 00:33:14,360

that's one thing that really kept me on edge, you know, and kept me from ever trying to run

308

00:33:14,360 --> 00:33:22,360

away because I was afraid someone would see me. Seven more years passed. Julie Cooper remained,

309

00:33:22,440 --> 00:33:26,520

feeling stripped of her freedom and dignity, waiting for one more chance to escape.

310

00:33:27,480 --> 00:33:34,840

Then in the fall of 1992, the opportunity arose. At Nelson's request, Julie contacted a

311

00:33:34,840 --> 00:33:41,320

satellite dish repairman. Numerous calls followed until finally Tim Satie made his appearance at the

312

00:33:41,320 --> 00:33:49,240

DeCloud Commune. As I pull into the driveway, I see several cars. I see a lot of kids running

313

00:33:49,240 --> 00:33:53,080

around and the first impression that I get is that this has to be some type of party.

314

00:33:55,800 --> 00:34:00,680

Sister Julie, could I interrupt you just a second? This is Tim. He's the man from the

315

00:34:00,680 --> 00:34:05,960

satellite company. When I got into the office, I guess I sort of more or less recognized Julie's

316

00:34:05,960 --> 00:34:10,280

because I had built up a report with her on the telephone in the weeks preceding to me coming

317

00:34:10,280 --> 00:34:18,360

up there and doing the service call. Julie was very meek in as much as she wasn't

318

00:34:19,320 --> 00:34:25,240

as outgoing as she was on the phone, that she seemed stifled or held back because of some

319

00:34:26,040 --> 00:34:34,280

other reason than anything obvious. Brother Nelson, this is our brother in God, Nelson DeCloud.

320

00:34:34,280 --> 00:34:39,240

Nelson, I'd like for you to meet Tim. When Tim was introduced to Nelson,

321

00:34:41,000 --> 00:34:44,680

he didn't show him any respect. He didn't think of him as anybody or anything.

322

00:34:45,080 --> 00:34:52,040

And that made me feel good. It made me feel like I could trust in someone. I could actually

323

00:34:52,600 --> 00:34:57,800

talk to this person and he could understand me. Over the next couple of weeks afterward,

324

00:34:59,720 --> 00:35:04,200

I'd asked her out for a date and she seemed like she was willing but was not,

325

00:35:04,920 --> 00:35:09,720

that there was something that was holding her back. Well, he had asked me out and of course I

326

00:35:09,720 --> 00:35:13,080

could told him that I couldn't go and I couldn't go for a year, you know, wouldn't be able to get

327

00:35:13,080 --> 00:35:17,720

out for a year. And that was just the way of putting him off and seeing if he was willing to

328

00:35:18,360 --> 00:35:24,120

go on with trying to wear me down. In the course of our conversations on the phone, we had,

329

00:35:24,120 --> 00:35:29,160

she had come up with a plan that she would need to sneak out at night undetected.

330

00:35:31,000 --> 00:35:36,760

I called him up and I said, I want to go tonight. We made a time at 1.15 in the morning.

331

00:35:37,240 --> 00:35:39,960

Yeah, sure enough, 1.15 hit. He was there.

332

00:35:41,880 --> 00:35:52,840

Go, go, go! After I left, I was afraid they would take me back. They would beat me,

333

00:35:54,600 --> 00:35:59,720

do something to my mom. I'm still afraid that he is torturing my mom in some way for what I've done.

334

00:35:59,960 --> 00:36:10,040

At dawn, Nelson DeCloud went looking for Julie, allegedly masquerading as police officers.

335

00:36:10,040 --> 00:36:13,560

Nelson and another family member drove to Tim's auntie's address.

336

00:36:15,160 --> 00:36:18,440

Hey, hey, where's Julie?

337

00:36:20,520 --> 00:36:23,800

What? Where is Julie? Who's Julie?

338

00:36:24,760 --> 00:36:28,120

Fortunately for Julie, the address belonged to Tim's brother, Ted.

339

00:36:28,920 --> 00:36:33,560

Tim and Julie, just a few yards away, sound asleep in the house next door.

340

00:36:34,760 --> 00:36:38,040

Where are you guys? Where are the police? Not getting for Tim.

341

00:36:38,840 --> 00:36:42,200

Are you going to war or something? Are you going to war, pal?

342

00:36:42,200 --> 00:36:44,120

Where is Tim? Where is Tim?

343

00:36:44,120 --> 00:36:48,200

Hey, we just got to get out of here. All right, take it.

344

00:36:48,200 --> 00:36:49,240

You better get the hell out of here!

345

00:36:49,240 --> 00:36:51,880

The next day, Ted came out to me and said, what the hell is going on here?

346

00:36:52,760 --> 00:37:01,880

Two strange people had come into his home looking for me, like I was a criminal or something.

347

00:37:02,600 --> 00:37:04,040

They won't let me leave.

348

00:37:04,040 --> 00:37:07,400

And that's when Julie had told us the whole thing of what was going on.

349

00:37:08,520 --> 00:37:09,480

Why did you want to run away?

350

00:37:11,160 --> 00:37:16,120

She had also alluded to the fear that any man that was physically able from that group would

351

00:37:16,120 --> 00:37:17,560

probably come and try to get hurt.

352

00:37:18,600 --> 00:37:22,040

And they raped me and I can't stay there anymore.

353

00:37:24,040 --> 00:37:28,440

That's when we decided to put restraining orders against anyone who was physically able to abduct her.

354

00:37:31,640 --> 00:37:34,520

I never want to go back, ever.

355

00:37:35,880 --> 00:37:40,680

When you first get out, you feel kind of, you don't know what you are to do or, you know,

356

00:37:40,680 --> 00:37:45,720

how to stop things. And that was just the first step for me, just to keep them away.

357

00:37:46,120 --> 00:37:51,720

Because I knew they had brought people back before they had gone away and beat them and stuff.

358

00:37:51,720 --> 00:37:53,960

And I was afraid something like that would happen to me.

359

00:37:55,080 --> 00:37:59,000

Last Thursday, I called my friend Tim to come pick me up.

360

00:38:00,760 --> 00:38:05,480

Detective Dwayne Weirzma of the Clay County Sheriff's Department had long been suspicious

361

00:38:05,480 --> 00:38:06,200

about the cult.

362

00:38:10,360 --> 00:38:15,400

When he brought Julie Cooper in for questioning, she provided a detailed and harrowing account

363

00:38:15,400 --> 00:38:16,760

of her entire childhood.

364

00:38:17,880 --> 00:38:19,640

I was abused.

365

00:38:21,480 --> 00:38:23,640

I believed Julie from the beginning.

366

00:38:23,640 --> 00:38:25,480

Abused, what type of abuse?

367

00:38:26,520 --> 00:38:32,280

We had a hard time trying just to focus on the charges of rape at the time,

368

00:38:32,280 --> 00:38:35,160

because there were so many other things that could have been, he could have been charged with.

369

00:38:37,960 --> 00:38:42,760

Before an arrest warrant could be issued, Nelson the Cloud ordered the women and children to load

370

00:38:42,760 --> 00:38:48,600

their possessions onto four converted buses. Nelson then took them away from the commune.

371

00:38:48,600 --> 00:38:53,640

The other men departed a week later, and the Cloud family has not been seen since.

372

00:38:55,880 --> 00:38:59,560

It's not an everyday occurrence where you come up on a religious group led by

373

00:38:59,560 --> 00:39:02,120

such a powerful individual as Nelson the Cloud.

374

00:39:04,600 --> 00:39:09,640

We believe they're still together because Nelson feeds off the power of being in control of a group.

375

00:39:09,640 --> 00:39:12,120

If he doesn't have the group, then he has no power.

376

00:39:12,680 --> 00:39:17,240

I want Nelson to get caught because it's not fair to anyone else that's up there.

377

00:39:20,360 --> 00:39:26,360

My mom and dad, they need to know that he isn't the Messiah.

378

00:39:28,920 --> 00:39:31,960

He can't do things on his own and think that he can get away with it.

379

00:39:33,560 --> 00:39:34,520

He's not above that.

380

00:39:36,760 --> 00:39:37,480

He's a criminal.

381

00:39:39,640 --> 00:39:40,840

What he was doing was wrong.

382

00:39:46,680 --> 00:39:52,680

After a broadcast, several viewers from San Angelo, Texas, a small town 500 miles from the Cloud's

383

00:39:52,680 --> 00:39:57,240

old headquarters in Missouri, called to say they had seen the Cloud's wife in the area.

384

00:39:58,200 --> 00:40:04,040

The Count had apparently settled in this farmhouse. One state and local agents converged on the scene.

385

00:40:04,040 --> 00:40:08,040

The Cloud kicked out the screen of the upstairs window in an attempt to escape.

386

00:40:08,840 --> 00:40:13,960

And the deputies approached him and he tried to wrestle with a few of them briefly.

387

00:40:13,960 --> 00:40:17,400

There were so many law enforcement officers, though, that he didn't, that didn't last very long.

388

00:40:17,960 --> 00:40:21,720

They put the handcuffs on him and escorted him out of the building.

389

00:40:22,680 --> 00:40:27,800

Nelson the Cloud was booked at the local county jail and later extradited to Liberty, Missouri,

390

00:40:27,800 --> 00:40:32,040

to stand trial on four criminal counts, including forcible rape and sodomy.

391

00:40:33,000 --> 00:40:38,600

Since the arrest of Nelson the Cloud, other former members of the group have come forward

392

00:40:38,600 --> 00:40:43,320

wanting to testify about things they witnessed when they were members of the group.

393

00:40:44,680 --> 00:40:50,440

Nelson the Cloud is currently out on bail thanks to \$25,000 raised by followers.

394

00:40:50,440 --> 00:40:56,120

A trial is scheduled for November 16, 1993. If convicted on all charges,

395

00:40:56,120 --> 00:40:59,080

Nelson the Cloud could spend the rest of his life in prison.

396

00:41:00,040 --> 00:41:02,760

I feel confident now that I can have a normal life

397

00:41:04,200 --> 00:41:08,280

after seeing him caught knowing that it can be done.

398

00:41:11,640 --> 00:41:15,400

For Julie Cooper, her long ordeal is almost but not quite over.

399

00:41:16,120 --> 00:41:19,000

She still has to testify to Cloud's upcoming trial.

400

00:41:19,880 --> 00:41:23,960

However, this courageous young woman has already found a happy ending to her story.

401

00:41:24,840 --> 00:41:29,480

Last summer, Julie became engaged to Tim Saddy, the man who helped her escape.

402

00:41:42,520 --> 00:41:49,000

Next, a dramatic reunion. A woman finds her long lost best friend who helped her overcome the trauma

403

00:41:49,000 --> 00:41:49,640

of polio.

404

00:42:00,200 --> 00:42:05,320

Recently, we featured the moving story of Judy Davis, who was stricken with polio as a young girl.

405

00:42:06,120 --> 00:42:09,480

Judy was searching for her best childhood friend, Becky Terry.

406

00:42:11,720 --> 00:42:17,080

The two girls had been wrenched apart back in 1958 when Becky's family moved away.

407

00:42:19,400 --> 00:42:22,520

Judy and Becky had met on their first day of junior high.

408

00:42:24,840 --> 00:42:29,160

To the other students, Judy, with her braces and crutches, was an unnerving sight,

409

00:42:29,160 --> 00:42:31,640

and she was often the object of curious stares.

410

00:42:32,760 --> 00:42:38,440

But one girl was different. One girl offered Judy the precious gift of unconditional friendship.

411

00:42:40,600 --> 00:42:41,960

Hi, I'm Becky. Can I help?

412

00:42:42,840 --> 00:42:43,320

Thanks.

413

00:42:43,320 --> 00:42:44,840

Well, where from are you at?

414

00:42:44,840 --> 00:42:46,520

The letter said 102.

415

00:42:46,520 --> 00:42:47,640

That is the same one I meant.

416

00:42:47,880 --> 00:42:56,200

Becky's friendship to me meant that I was able to be accepted by the other students in the school,

417

00:42:57,000 --> 00:43:04,840

and it made me feel like I was more like everyone else, and that there was no difference between us.

418

00:43:06,360 --> 00:43:12,280

And at the age of 12, that meant a lot, and it still means a lot.

419

00:43:12,440 --> 00:43:20,120

During our special live broadcast last winter, Judy waited anxiously at her home in Tucson,

420

00:43:20,120 --> 00:43:26,440

Arizona, hoping that Becky would be found. To everyone's joy, they were reunited by phone

421

00:43:26,440 --> 00:43:28,280

while the program was still on the air.

422

00:43:30,200 --> 00:43:32,120

Oh, I'm so glad I found you.

423

00:43:35,560 --> 00:43:41,400

Three months later, Becky and her husband flew from their home in West Virginia to meet Judy in Tucson.

424

00:43:43,080 --> 00:43:47,960

If he hadn't stopped, I jumped out anyway.

425

00:43:49,480 --> 00:43:52,120

I seen her sitting in that yard, and I couldn't wait to see her.

426

00:43:58,520 --> 00:44:04,040

Finding Becky and telling her what she meant to me was really important,

427

00:44:04,920 --> 00:44:09,080

and I didn't want life to end without being able to tell her that.

428

00:44:10,040 --> 00:44:14,600

She hasn't changed that much. Maybe we're a little fatter, you know, but we love each other.

429

00:44:15,880 --> 00:44:18,280

We'll say good friends. Yeah.

430

00:44:18,280 --> 00:44:23,800

That's the one thing I always loved about Becky. She accepted me for the way I was, and I still

feel that way.

431

00:44:27,480 --> 00:44:30,840

Happily, Judy and Becky's reunion had unexpected postscript.

432

00:44:31,640 --> 00:44:36,920

As girls in junior high school, they shared a very special friend. His name was David Major.

433

00:44:37,800 --> 00:44:41,000

David had first been Becky's boyfriend, then later on Judy's.

434

00:44:41,800 --> 00:44:45,960

During our live broadcast, David contacted our telecenter and left his phone number.

435

00:44:46,760 --> 00:44:50,600

On the day of their reunion, Judy and Becky just had to call him back.

436

00:44:52,040 --> 00:44:53,880

I'll bet you never guess who this is.

437

00:44:55,320 --> 00:44:59,080

Uh, no. Judy Davis. Judy, don't mind that.

438

00:45:00,200 --> 00:45:00,520

Yeah!

439

00:45:01,240 --> 00:45:01,740

Yeah!

440

00:45:03,480 --> 00:45:06,920

I'm just fine. Becky and I are sitting here having our reunion for the...

441

00:45:07,960 --> 00:45:08,460

Yeah?

442

00:45:10,200 --> 00:45:11,800

Yeah, it's great to hear your voice.

443

00:45:14,920 --> 00:45:15,640

Oh, really?

444

00:45:16,920 --> 00:45:18,120

You've changed a little?

445

00:45:20,520 --> 00:45:21,240

Oh, you're not?

446

00:45:21,880 --> 00:45:23,800

Well, that's all right, honey. Neither am I.

447

00:45:25,480 --> 00:45:28,040

I can't believe this. The two girls have taught me how to kiss.

448

00:45:28,120 --> 00:45:28,600

Oh, my God.

449

00:45:30,360 --> 00:45:30,760

Yeah?

450

00:45:32,200 --> 00:45:37,960

Now the circle was at last complete. So the two girls who taught David Major how to kiss

451

00:45:37,960 --> 00:45:42,040

took their husbands out to celebrate the renewal of a very special friendship.

452

00:45:42,040 --> 00:45:45,400

I'd like to propose a toast to old friends.

453

00:45:48,440 --> 00:45:49,160

And new ones.

454

00:45:49,160 --> 00:45:50,280

Yeah, and new ones.

455

00:45:58,040 --> 00:46:14,920

Thank you for joining us and please join us next time for another edition of Unsolved Mysteries.
