

1

00:00:00,000 --> 00:00:07,600

This program is about unsolved mysteries.

2

00:00:07,600 --> 00:00:11,680

Whenever possible, the actual family members and police officials have participated in

3

00:00:11,680 --> 00:00:13,240

recreating the events.

4

00:00:13,240 --> 00:00:16,880

What you are about to see is not a news broadcast.

5

00:00:16,880 --> 00:00:24,640

Tonight, a special unsolved mysteries report.

6

00:00:24,640 --> 00:00:26,680

Mysteries of million beings.

7

00:00:27,640 --> 00:00:30,600

Who are they and where do they come from?

8

00:00:30,600 --> 00:00:33,000

Are they real or imagined?

9

00:00:33,000 --> 00:00:37,280

In recent years, hundreds of people have come forward with startling accounts of abduction

10

00:00:37,280 --> 00:00:40,720

by alien beings.

11

00:00:40,720 --> 00:00:44,800

Even though the descriptions are strikingly similar, there is no hard evidence that such

12

00:00:44,800 --> 00:00:47,640

beings actually exist.

13

00:00:47,640 --> 00:00:54,160

For many abductees, the memories are triggered by a vivid dream.

14

00:00:54,160 --> 00:01:00,040

I was starting to have nightmares, really terrible nightmares that I could not explain.

15

00:01:00,040 --> 00:01:04,600

I found myself in a very brightly lit room.

16

00:01:04,600 --> 00:01:08,680

I had no idea where I was or why I was there.

17

00:01:08,680 --> 00:01:15,640

To my left, I could see my brother Jim, Chuck Rack and Charlie Foltz sitting on some type

18

00:01:15,640 --> 00:01:18,440

of bench and they were all naked.

19

00:01:18,440 --> 00:01:25,840

And while I'm trying to figure this out, I notice this figure or a dark, shadowy type

20

00:01:25,840 --> 00:01:31,360

figure emerging from this light, this bright light in front of me.

21

00:01:31,360 --> 00:01:38,440

It wasn't like other nightmares where you have some strange dumb dream or something

22

00:01:38,440 --> 00:01:41,280

and you forget about it the next day.

23

00:01:41,280 --> 00:01:44,800

This would stick with me for days and days.

24

00:01:44,840 --> 00:01:47,440

It was like I couldn't think about anything else.

25

00:01:47,440 --> 00:01:49,600

I couldn't function.

26

00:01:49,600 --> 00:01:51,280

It was horrible.

27

00:01:51,280 --> 00:01:56,360

Not so long ago, it seemed inconceivable that aliens and UFOs had become the topics of everyday

28

00:01:56,360 --> 00:01:58,680

conversation.

29

00:01:58,680 --> 00:02:02,920

Yet a recent poll revealed that nearly half of all Americans now believe that UFOs are

30

00:02:02,920 --> 00:02:04,600

real.

31

00:02:04,600 --> 00:02:10,080

In the next hour, a new, in-depth look at what may be the most remarkable phenomenon of our

32

00:02:10,080 --> 00:02:11,080

age.

33

00:02:12,080 --> 00:02:18,920

We'll take you to Area 51, a top secret military installation tucked away in the remote Nevada

34

00:02:18,920 --> 00:02:19,920

desert.

35

00:02:19,920 --> 00:02:24,800

You'll meet a man who claims that he worked near Area 51 and witnessed the test flight

36

00:02:24,800 --> 00:02:28,320

of an alien spacecraft.

37

00:02:28,320 --> 00:02:33,560

For almost 50 years, the so-called Roswell incident has fascinated and confounded UFO

38

00:02:33,560 --> 00:02:35,200

researchers.

39

00:02:35,200 --> 00:02:41,280

Tonight in an exclusive update, a new eyewitness account suggests that the army did in fact

40

00:02:41,280 --> 00:02:46,840

recover the bodies of alien beings in 1947.

41

00:02:46,840 --> 00:02:52,280

And the fantastic saga of the Allagash Four, four young men who claim that they were abducted

42

00:02:52,280 --> 00:02:56,560

by aliens during a camping trip in the Maine wilderness.

43

00:02:56,560 --> 00:03:01,280

Their chilling story may seem unbelievable, but more and more people have become convinced

44

00:03:01,360 --> 00:03:06,720

that such accounts are based in fact, not fiction.

45

00:03:06,720 --> 00:03:10,720

Join us for this special report, Mysteries of Alien Beings.

46

00:03:31,280 --> 00:03:48,440

It's scared us.

47

00:03:48,440 --> 00:03:52,440

We didn't know what it was or didn't know what to think about it.

48

00:03:52,440 --> 00:03:53,840

Just like dumbfounded us.

49

00:03:53,840 --> 00:03:55,280

We were just like in awe.

50

00:03:55,280 --> 00:03:56,280

There was no wings.

51

00:03:56,280 --> 00:03:58,280

There was no motors.

52

00:03:58,280 --> 00:04:00,280

There was no propellers.

53

00:04:01,280 --> 00:04:07,200

I know it wasn't the planet Venus and I know it was not atmospheric phenomena.

54

00:04:07,200 --> 00:04:13,280

These were some kind of craft moving over our house.

55

00:04:13,280 --> 00:04:24,280

I notice two cigarette-like shape things with the hump in the middle.

56

00:04:25,280 --> 00:04:31,280

So what the hell is that?

57

00:04:31,280 --> 00:04:37,280

There's no way of knowing how many people believe that they've actually seen a UFO from outer space,

58

00:04:37,280 --> 00:04:43,280

but it seems safe to assume that reliable sightings now number well into the thousands.

59

00:04:43,280 --> 00:04:46,280

Typically, a sighting involves a single eyewitness.

60

00:04:46,280 --> 00:04:52,280

In other cases, a small group will see the same thing at the same time.

61

00:04:52,280 --> 00:04:57,280

In the most dramatic episodes, an entire community will report seeing the same object in the sky

62

00:04:57,280 --> 00:05:00,280

for weeks, months, or even years.

63

00:05:00,280 --> 00:05:09,280

That is exactly what happened over New York's Hudson Valley between 1983 and 1986.

64

00:05:09,280 --> 00:05:17,280

Perhaps no account was more convincing than that of Ed Burns, a computer engineer.

65

00:05:17,280 --> 00:05:22,280

Out of nowhere, I got a lot of static on the radio.

66

00:05:22,280 --> 00:05:26,280

I thought maybe I was on my own number and then I went over to turn the dial again,

67

00:05:26,280 --> 00:05:30,280

and that's when I looked up and saw this craft.

68

00:05:33,280 --> 00:05:46,280

It was a triangular chevron ship, and the back of that chevron had to be as large as a football field at least.

69

00:05:46,280 --> 00:05:52,280

It was one solid piece of a chevron shape.

70

00:05:52,280 --> 00:05:57,280

The wedge-shaped chevron object described by many Hudson Valley eyewitnesses

71

00:05:57,280 --> 00:06:01,280

was no stranger to UFO historians.

72

00:06:01,280 --> 00:06:07,280

It first appeared in 1947 when a pilot named Kenneth Arnold claimed that he encountered

73

00:06:07,280 --> 00:06:14,280

not one, but nine mysterious flying objects on a search and rescue mission over Washington state.

74

00:06:14,280 --> 00:06:17,280

When a headline writer tried to describe what Arnold saw,

75

00:06:17,280 --> 00:06:24,280

he coined the phrase, flying saucer, and helped launch the modern era of UFOs.

76

00:06:24,280 --> 00:06:30,280

Soon people all over the country were reporting UFO sightings,

77

00:06:30,280 --> 00:06:35,280

but by the early 1950s the Air Force had reached the conclusion,

78

00:06:35,280 --> 00:06:47,280

the correct conclusion in my opinion, that all UFO reports were explainable in down-to-earth prosaic terms.

79

00:06:47,280 --> 00:06:51,280

But some of the more impressive encounters could not be explained.

80

00:06:51,280 --> 00:06:57,280

On a wave of UFOs swarmed over the small town of Lubbock, Texas in 1951,

81

00:06:57,280 --> 00:07:03,280

a college student named Carl Hart Jr. took a remarkable series of photographs.

82

00:07:03,280 --> 00:07:11,280

Incredibly, more than 30 years later the same V-shaped lights were described by many of the Hudson Valley eyewitnesses.

83

00:07:11,280 --> 00:07:15,280

Are the striking similarities a coincidence, wishful thinking,

84

00:07:15,280 --> 00:07:21,280

or perhaps part of an unmistakable pattern that stretches back hundreds of years?

85

00:07:21,280 --> 00:07:26,280

There are many things that happened in the distant past that we are never going to understand fully.

86

00:07:26,280 --> 00:07:35,280

In fact, when you go into history and into folklore, you get intriguing accounts of odd phenomena seen in the sky.

87

00:07:35,280 --> 00:07:43,280

This antique German woodcut depicts a quite frightful spectacle that occurred in Nuremberg in 1561.

88

00:07:43,280 --> 00:07:53,280

Could it be that the random chaos of lights and symbols depicted here is the same phenomenon that was photographed in the skies over Canada in 1974,

89

00:07:53,280 --> 00:07:57,280

more than 400 years later?

90

00:07:57,280 --> 00:08:02,280

This Renaissance painting of Madonna and Child seems perfectly normal.

91

00:08:02,280 --> 00:08:07,280

However, closer inspection reveals a strange craft hovering in the background,

92

00:08:07,280 --> 00:08:11,280

with an earthbound observer witnessing the event.

93

00:08:11,280 --> 00:08:19,280

For many historians, comparisons between past and present suggest that UFOs are not restricted to the modern age.

94

00:08:19,280 --> 00:08:25,280

Strange globes seen over Basel, Switzerland in 1566.

95

00:08:25,280 --> 00:08:31,280

A photograph taken in Salem, Massachusetts, 1952.

96

00:08:31,280 --> 00:08:39,280

A French token, minted in the 1680s, seems to show the underside of a circular object floating in the sky.

97

00:08:39,280 --> 00:08:47,280

Could it be the same object described during the 1980s by a group of American airmen stationed in England?

98

00:08:47,280 --> 00:08:54,280

It seems amazing to scientists that if you take all these UFO reports at face value,

99

00:08:54,280 --> 00:09:00,280

that all the visitors have somehow managed to clean up after themselves perfectly.

100

00:09:00,280 --> 00:09:05,280

How come we have never had any picnic garbage?

101

00:09:05,280 --> 00:09:12,280

We've never had a left over calling card, a shred of clothing, a piece of the spaceship,

102

00:09:12,280 --> 00:09:16,280

some of their motor oil dripping on the ground,

103

00:09:16,280 --> 00:09:22,280

nothing which could then be tested in our laboratories and clearly established as alien.

104

00:09:22,280 --> 00:09:30,280

But many researchers believe the government does have proof of alien contact and has had it since 1947,

105

00:09:30,280 --> 00:09:35,280

when this startling headline appeared in the Roswell, New Mexico, Daily Record.

106

00:09:36,280 --> 00:09:44,280

The story began with a violent storm on July 2, 1947.

107

00:09:51,280 --> 00:09:56,280

A few days later, a local rancher led two military officers to a pasture

108

00:09:56,280 --> 00:09:59,280

where something had crashed during the storm.

109

00:09:59,280 --> 00:10:02,280

I wanted to stay there, Mr. Bradel. Lieutenant?

110

00:10:02,280 --> 00:10:10,280

Major Jesse Marcell Sr., an intelligence officer and combat pilot, was unable to identify the debris.

111

00:10:10,280 --> 00:10:21,280

Years after this incident happened, we would talk privately among ourselves about what the possibilities of this, what this thing was.

112

00:10:21,280 --> 00:10:27,280

And I feel that we, well, I know that we came to the conclusion that it was not of earthly origin.

113

00:10:28,280 --> 00:10:37,280

Jesse Marcell Jr. was 11 years old at the time and vividly remembers a night his father brought pieces of the wreckage home.

114

00:10:37,280 --> 00:10:42,280

He is one of the few people still living that claims to have handled the debris.

115

00:10:42,280 --> 00:10:44,280

Where'd you find all this stuff?

116

00:10:44,280 --> 00:10:51,280

Marcell recalls that the most remarkable fragment was a short piece of ivy covered with strange symbols and embossed markings.

117

00:10:51,280 --> 00:10:53,280

It's like some kind of hieroglyphics.

118

00:10:53,280 --> 00:10:59,280

This writing could be described as like hieroglyphics, Egyptian type hieroglyphics, but not really.

119

00:10:59,280 --> 00:11:06,280

The symbols that were in the ivy were more of a geometric type configuration in various designs.

120

00:11:06,280 --> 00:11:12,280

It had a violet-purple type color and was actually an embossed part of the metal itself.

121

00:11:17,280 --> 00:11:22,280

Other witnesses have claimed that the army not only recovered the wreckage of a UFO,

122

00:11:22,280 --> 00:11:25,280

but the bodies of its occupants.

123

00:11:25,280 --> 00:11:30,280

Captain Papi Henderson was stationed at Roswell in 1947.

124

00:11:30,280 --> 00:11:35,280

Two years before he died, he described what he saw to his wife.

125

00:11:36,280 --> 00:11:43,280

My husband told me the bodies were small, smaller than human bodies.

126

00:11:43,280 --> 00:11:50,280

The heads were larger and the eyes were rather sunken and a little slanted.

127

00:11:50,280 --> 00:11:55,280

Clothing was of material unlike anything he'd seen before.

128

00:11:55,280 --> 00:12:01,280

They were strange. They were not of this earth.

129

00:12:07,280 --> 00:12:18,280

When my husband, who was a man of truth, who was trusted with 29 different army aircraft planes,

130

00:12:18,280 --> 00:12:24,280

first pilot aircraft commander tells me this story, I believed him.

131

00:12:30,280 --> 00:12:35,280

Shortly after the details of the crash were made public, the army changed its story.

132

00:12:35,280 --> 00:12:44,280

They admitted to making a grave mistake and announced that the flying saucer wreckage was in fact debris from a downed weather balloon.

133

00:12:49,280 --> 00:12:57,280

For almost 50 years, the events that took place at Roswell in the official explanation of fuel suspicion and charges of cover-up.

134

00:12:57,280 --> 00:13:06,280

As recently as September 8, 1994, the Air Force released yet another report stating that the rumors of alien contact were groundless.

135

00:13:06,280 --> 00:13:12,280

In spite of these assertions, witnesses continued to come forward insisting that the reports are true.

136

00:13:13,280 --> 00:13:20,280

Of all the new accounts, the story related by a man named Glenn Dennis is too compelling to be ignored.

137

00:13:22,280 --> 00:13:27,280

In 1947, Glenn Dennis was 22 years old and just out of college.

138

00:13:27,280 --> 00:13:33,280

That summer, he was working as a mortician's assistant at a funeral home in Roswell.

139

00:13:33,280 --> 00:13:40,280

Two days before the saucer's story broke, Dennis received a strange phone call from the Roswell Air Base.

140

00:13:40,280 --> 00:13:42,280

Ballard Funeral Home.

141

00:13:44,280 --> 00:13:46,280

He's not in, but this is Glenn Dennis. Can I help you?

142

00:13:51,280 --> 00:13:52,280

Yes, sir?

143

00:13:53,280 --> 00:13:59,280

He was wanting to know what size hermetically sealed baby caskets do we have?

144

00:13:59,280 --> 00:14:08,280

Did we have specifically three feet, six inches, or did we have maybe no larger than a four-foot hermetically sealed casket?

145

00:14:11,280 --> 00:14:17,280

That afternoon, Glenn Dennis was called to transport an injured airman to the Roswell Base.

146

00:14:17,280 --> 00:14:22,280

When he arrived, he was surprised to find the base infirmary surrounded by MPs.

147

00:14:24,280 --> 00:14:29,280

Two ambulances parked at the curb immediately drew Glenn's attention.

148

00:14:31,280 --> 00:14:39,280

I looked into the ambulance and I saw quite a bit of wreckage of some type.

149

00:14:39,280 --> 00:14:46,280

It looked like stainless steel that had become in contact with the high degree of heat.

150

00:14:46,280 --> 00:14:53,280

It was a purplish-blueish color. I noticed one large piece of the wreckage.

151

00:14:53,280 --> 00:14:56,280

It looked like there was some Egyptian hieroglyphics.

152

00:15:04,280 --> 00:15:06,280

Sergeant, seal off that corridor.

153

00:15:06,280 --> 00:15:13,280

The confusion at that day that I was out there was so great that I don't think anyone really knew what the other man was doing.

154

00:15:13,280 --> 00:15:19,280

And I don't think they even knew each other. I think they were brought in from different military bases or whatever.

155

00:15:23,280 --> 00:15:25,280

Sir, is there anything you want me to do?

156

00:15:25,280 --> 00:15:26,280

Can I help you?

157

00:15:26,280 --> 00:15:30,280

I'm Glenn Dennis with the Ballard Funeral Home and we have a contract with the base.

158

00:15:30,280 --> 00:15:32,280

Well, this area is off limits today.

159

00:15:32,280 --> 00:15:35,280

Yeah, but there was a crash outside. Do you want me to go back and get ready or anything?

160

00:15:35,280 --> 00:15:38,280

Son, this is an off limits area today. You're not allowed in here.

161

00:15:38,280 --> 00:15:41,280

Sergeant, escort this man back to the funeral home.

162

00:15:41,280 --> 00:15:47,280

2MP's came up and said, sir, we have to escort you back to your sanctuary.

163

00:15:47,280 --> 00:15:51,280

Hold it right there. Bring that man back here.

164

00:15:58,280 --> 00:16:00,280

Now you get this straight.

165

00:16:00,280 --> 00:16:04,280

When you get back to town, you didn't hear anything and you didn't see anything because nothing happened here.

166

00:16:04,280 --> 00:16:05,280

You understand me?

167

00:16:05,280 --> 00:16:07,280

That's not true. I just saw a crash outside.

168

00:16:07,280 --> 00:16:08,280

Nothing happened.

169

00:16:08,280 --> 00:16:10,280

You can't tell me what to do. I'm a civilian.

170

00:16:10,280 --> 00:16:11,280

Oh, really?

171

00:16:11,280 --> 00:16:17,280

And that's when he said, let, mister, somebody will be picking your bones out of the sand if you go start a lot of remers.

172

00:16:17,280 --> 00:16:21,280

You got me? Get him out of here.

173

00:16:25,280 --> 00:16:32,280

There's a door opened into one of the supply room and the nurse that I knew personally was coming out.

174

00:16:32,280 --> 00:16:34,280

You're going to get a lot of trouble.

175

00:16:34,280 --> 00:16:35,280

Get him out of here!

176

00:16:35,280 --> 00:16:38,280

Something very drastically was wrong at the base.

177

00:16:40,280 --> 00:16:46,280

Naturally, I, you know, was curious and mad and couldn't believe what was happening.

178

00:16:46,280 --> 00:16:56,280

So the first person I thought I was to contact a nurse to see what she might know and could she bring me up to date on what was going on.

179

00:16:57,280 --> 00:17:06,280

As Glenn Dennis was being escorted from the Roswell infirmary by two MPs, a group of doctors tumbled out of a storeroom overcome by noxious fumes.

180

00:17:06,280 --> 00:17:09,280

With them was a nurse who Glenn recognized.

181

00:17:09,280 --> 00:17:10,280

You're going to get a lot of trouble.

182

00:17:10,280 --> 00:17:12,280

Get him out of here!

183

00:17:12,280 --> 00:17:18,280

Hoping to find an explanation for the strange events at the base, Glenn Dennis asked the nurse if she would meet with him.

184

00:17:18,280 --> 00:17:21,280

You have to promise me that you will not mention my name.

185

00:17:21,280 --> 00:17:26,280

The next day the nurse agreed on the condition that Glenn never revealed her identity.

186

00:17:26,280 --> 00:17:35,280

Yesterday, I went into the supply room to pick up some bandages and there were two officers there who ordered me to take notes during this.

187

00:17:35,280 --> 00:17:40,280

What she said that she saw that they were doing a partial autopsy.

188

00:17:40,280 --> 00:17:46,280

And there were these two old hospital gurneys with these two little crash bags on top.

189

00:17:46,280 --> 00:17:54,280

There was a crash bag that was open and there was two very mutilated, very small bodies.

190

00:17:54,280 --> 00:17:58,280

But they weren't children. I never seen anything like that.

191

00:17:58,280 --> 00:18:04,280

And then one of the officers had these long forceps.

192

00:18:04,280 --> 00:18:12,280

They turned a hand over that had been severed and they were explaining that it was a very fragile hand, only four fingers.

193

00:18:12,280 --> 00:18:15,280

Let me draw it for you.

194

00:18:15,280 --> 00:18:24,280

Like an arm with four fingers with little suction cups.

195

00:18:24,280 --> 00:18:30,280

The head was very large, the eyes were set back. They didn't have the earlobes or anything.

196

00:18:30,280 --> 00:18:33,280

There was like two canals, like two ear canals.

197

00:18:33,280 --> 00:18:41,280

There was only two offices where the nose, the mouth she explained and what she said she wrote down was only like an inch slit.

198

00:18:42,280 --> 00:18:49,280

They described there was no teeth, that it was just like a piece of cartilage maybe.

199

00:18:49,280 --> 00:18:57,280

Then they opened the next bag and there was a whole creature in there that wasn't mutilated.

200

00:18:57,280 --> 00:19:01,280

It was just horrible. I'd never seen anything like that in my life.

201

00:19:01,280 --> 00:19:08,280

In all, the nurse claimed to have seen three bodies. She was adamant that none of them was earthly in origin.

202

00:19:12,280 --> 00:19:15,280

After Glenn left the nurse, he returned to his office.

203

00:19:15,280 --> 00:19:23,280

When he casually unfolded the newspaper on his desk, it was the infamous edition of the Roswell Daily Record.

204

00:19:25,280 --> 00:19:27,280

Glenn never saw the nurse again.

205

00:19:27,280 --> 00:19:34,280

A few weeks later, rumors circulated that she had died in a plane crash after being transferred out of the country.

206

00:19:35,280 --> 00:19:40,280

To this day, Glenn Dennis remains convinced that the details of her story are true.

207

00:19:42,280 --> 00:19:46,280

There had to be some type of a body present. There had to be something there.

208

00:19:46,280 --> 00:19:51,280

I don't think the nurse lied about it because I don't think she knew how to lie in the first place.

209

00:19:51,280 --> 00:19:59,280

And I just think something happened very unusual and I doubt very seriously if the world will ever know what happened.

210

00:20:00,280 --> 00:20:07,280

I'm absolutely convinced that the Roswell events crystallized government secrecy about UFOs.

211

00:20:11,280 --> 00:20:22,280

I think Roswell became important to the military because possibly for the first time, they actually could get their hands on the remains of a flying saucer.

212

00:20:23,280 --> 00:20:30,280

They had the debris. They had bodies. They had possibly the remains of a propulsion unit.

213

00:20:31,280 --> 00:20:34,280

This was an unprecedented opportunity.

214

00:20:38,280 --> 00:20:45,280

600 miles west of Roswell, somewhere in the midst of the vast Nevada desert, is a top secret military installation.

215

00:20:46,280 --> 00:20:54,280

It's been called the ranch, the funny farm, dreamland, groom lake, and most commonly area 51.

216

00:20:56,280 --> 00:21:05,280

It doesn't appear on any map and although it can be seen with a naked eye from an adjoining ridge, the Air Force insists that area 51 does not exist.

217

00:21:06,280 --> 00:21:17,280

It's been there since the 1960s and it's a site where extremely advanced aviation technology is tested, usually under cover of darkness.

218

00:21:18,280 --> 00:21:24,280

Some of these objects actually look like what people have reported as UFOs.

219

00:21:25,280 --> 00:21:30,280

This amateur video was shot near area 51 using a special digital zoom lens.

220

00:21:31,280 --> 00:21:43,280

Skeptics say the strange light seen here and in other videos are experimental military aircraft, but others remain convinced that they are in reality, the test flights of alien spacecraft.

221

00:21:45,280 --> 00:21:49,280

The only thing I was told is that I was going to be working on an advanced propulsion system.

222

00:21:50,280 --> 00:21:54,280

Bob Lazar says he worked for six months at a secret installation near area 51.

223

00:21:55,280 --> 00:22:06,280

Something different than a jet or rocket, something different than a propeller, which I thought was fantastic. That was exactly what I was interested in.

224

00:22:08,280 --> 00:22:12,280

I had no idea that this was of extraterrestrial origin.

225

00:22:13,280 --> 00:22:20,280

As astonishing as it may seem, Bob Lazar claims that the United States government is in possession of alien spacecraft.

226

00:22:21,280 --> 00:22:25,280

One of them, nicknamed the Sport Model, measures 52.8 feet in diameter.

227

00:22:26,280 --> 00:22:30,280

Lazar claims he witnessed a test flight in March of 1989.

228

00:22:31,280 --> 00:22:36,280

The flight of the disc was short. The bottom of the disc itself glowed a very faint blue.

229

00:22:37,280 --> 00:22:48,280

As it rose to about 20 or 30 feet, the sound dissipated and it was completely silent and hung silently in the air, which was quite a sight for something that size.

230

00:22:49,280 --> 00:22:56,280

It moved very slowly over to the left, very slowly over to the right, and then sat back down. It was very uneventful.

231

00:22:57,280 --> 00:23:00,280

Well, as uneventful as a flying saucer test could be.

232

00:23:01,280 --> 00:23:09,280

While some charge that Bob Lazar is a fraud and lacks scientific credentials, others maintain that his story is essentially true.

233

00:23:10,280 --> 00:23:16,280

In the five years I've been working on this, I've accumulated approximately two dozen other witnesses who would corroborate this story.

234

00:23:17,280 --> 00:23:25,280

People who worked at Groom Lake in Area 51 in the 50s, 60s, 70s and 80s, all of whom have different bits and pieces that would tend to corroborate.

235

00:23:26,280 --> 00:23:34,280

People who have seen the flying discs, people who have worked at the base and watched the tests, people that have been told by the superior officers that these things came from somewhere else.

236

00:23:35,280 --> 00:23:42,280

When Unsolved Mysteries asked the Air Force about Area 51, they refused to acknowledge its existence.

237

00:23:43,280 --> 00:23:49,280

Bob Lazar believes that the shroud of official secrecy is hiding much more than alien spacecraft.

238

00:23:50,280 --> 00:23:57,280

I did have the opportunity to view autopsy photos and when they were taken, I couldn't even guess.

239

00:23:57,280 --> 00:24:07,280

They were black and white, the being was dead, it was only an upper chest photograph of the being.

240

00:24:08,280 --> 00:24:15,280

Its chest was cut in a T-Fashion with the skin pulled back and what was removed was one large organ.

241

00:24:16,280 --> 00:24:31,280

I think the situation has become more complex as the years have passed since there seems to be a possibility that we're dealing not just with one species of extraterrestrial but possibly several who may have several motives.

242

00:24:32,280 --> 00:24:40,280

Any discussion of the possible motives of extraterrestrials who may be visiting the Earth is purely speculative.

243

00:24:41,280 --> 00:24:56,280

We have no way of knowing but if UFO reports are taken literally, they certainly do suggest that we are dealing with a technological civilization, in other words a civilization with an advanced scientific knowledge.

244

00:24:56,280 --> 00:25:02,280

You don't get advanced scientific knowledge without a great degree of curiosity.

245

00:25:03,280 --> 00:25:13,280

I would expect that an extraterrestrial civilization would visit the Earth for exactly the same reason we visit the remote outposts of our own planet to learn things.

246

00:25:13,280 --> 00:25:30,280

The implications are almost impossible to comprehend. Skeptics maintain that the very concept of alien contact is absurd, but others suggest that the evidence can no longer be ignored.

247

00:25:31,280 --> 00:25:39,280

In recent years, hundreds of credible ordinary people have come forward with alarming reports of being taken aboard alien spacecraft against their will.

248

00:25:40,280 --> 00:25:48,280

In a moment, a remarkable story of four men who believe they shared a close encounter of the fourth kind, alien abduction.

249

00:25:48,280 --> 00:26:05,280

I was starting to have nightmares, really terrible nightmares that I could not explain. I found myself in a very brightly lit room.

250

00:26:06,280 --> 00:26:21,280

I had no idea where I was or why I was there. To my left, I could see my brother Jim, Chuck Rack and Charlie Foltz sitting on some type of bench and they were all naked.

251

00:26:21,280 --> 00:26:48,280

I was wondering why they weren't helping me because I felt like I was in danger. And while I'm trying to figure this out, I notice this figure or a dark, shadowy type figure emerging from this light, this bright light in front of me.

252

00:26:51,280 --> 00:26:59,280

I would wake up sweating and breathing heavily in a state of terror and shock.

253

00:27:03,280 --> 00:27:16,280

For years, Jack Weiner told no one about the nightmares except his wife. Then in late 1988, Jack's twin brother Jim confessed that he was being haunted by the same disturbing nightmares.

254

00:27:17,280 --> 00:27:26,280

They started happening more and more often and they seemed to be becoming more and more real in terms of what I was remembering about these things.

255

00:27:26,280 --> 00:27:37,280

There were always certain elements of the dream that were the same. Some type of creature and being helpless, being violated was a feeling I often woke up with.

256

00:27:38,280 --> 00:27:49,280

It was a real surprise to find out that Jim was having identical dreams because I didn't want to talk about my dreams except to marry.

257

00:27:49,280 --> 00:27:57,280

And then when I found out he was having them, it was like, wow, something is going on here, but we just couldn't put our fingers on it.

258

00:27:58,280 --> 00:28:07,280

In every dream, the twins were with Charlie Foltson, Chuck Rack, two friends he had met in art school.

259

00:28:07,280 --> 00:28:17,280

The twins began to wonder if their nightmares could be connected to a bizarre experience the four men had shared 12 years earlier during a camping trip in Maine.

260

00:28:18,280 --> 00:28:26,280

In August of 1976, Charlie, Chuck, Jack and Jim spent two weeks along the Allagash Wilderness Waterway.

261

00:28:26,280 --> 00:28:31,280

The Allagash covers thousands of acres in the northernmost part of the state.

262

00:28:31,280 --> 00:28:41,280

One of the area's most prominent features is a mountain named by the Abhinaki Indians. They called

it Katadan. To them, it is a sacred place.

263

00:28:42,280 --> 00:28:48,280

On the second night out, Jim noticed a bright object in the sky.

264

00:28:48,280 --> 00:28:54,280

It was just floating above the treetops. It didn't seem to be moving in any direction.

265

00:28:54,280 --> 00:29:06,280

And I looked at it through the binoculars for maybe 15 seconds, 30 seconds, and it suddenly just winked out from the outside edges inward.

266

00:29:06,280 --> 00:29:12,280

It literally just went like that, and it was gone.

267

00:29:12,280 --> 00:29:14,280

It was very strange, wasn't it?

268

00:29:14,280 --> 00:29:21,280

I thought maybe it was a weather balloon or perhaps a helicopter that had just turned a light off that was flying over.

269

00:29:21,280 --> 00:29:29,280

But there was something about this thing that left me with an odd feeling that wasn't quite right, but I really didn't dwell on it.

270

00:29:31,280 --> 00:29:33,280

Well, let's get that tent up.

271

00:29:37,280 --> 00:29:40,280

The men continued through the Allagash wilderness.

272

00:29:40,280 --> 00:29:47,280

On the fourth day, they decided to try some night fishing. They built a bonfire to mark their campsite.

273

00:29:47,280 --> 00:29:49,280

You guys, don't want to give me a hand with this fire?

274

00:29:49,280 --> 00:29:56,280

That fire north at night, it is pitch black, and we had a nice, good-sized fire going.

275

00:29:56,280 --> 00:30:01,280

Not too large that it would get out of control and burn the forest.

276

00:30:01,280 --> 00:30:12,280

But it was borderline, you know. It was a fairly good fire that would have lasted four hours bare minimum.

277

00:30:12,280 --> 00:30:16,280

And then we struck out onto the lake, just as it was getting dark.

278

00:30:17,280 --> 00:30:21,280

Chuck Rack was the first to realize they weren't alone.

279

00:30:21,280 --> 00:30:26,280

I had a feeling that there was someone staring at me from behind me.

280

00:30:27,280 --> 00:30:38,280

I turned over my right shoulder like that, and I saw this large, round globe of light that looked exactly like what we had seen two nights previously.

281

00:30:40,280 --> 00:30:42,280

Hey guys, look at that.

282

00:30:42,280 --> 00:30:47,280

It was a type of a thing where we didn't have to ask what or where.

283

00:30:47,280 --> 00:30:52,280

We just seemed to know where he was looking, and we all turned and looked.

284

00:30:52,280 --> 00:30:57,280

It had this roiling effect to it, like a miniature sun, very, very bright.

285

00:30:57,280 --> 00:31:02,280

It lit the tree tops up like daylight, and it was absolutely silent.

286

00:31:04,280 --> 00:31:10,280

After looking at it for what seemed like several moments, we decided to signal this thing.

287

00:31:10,280 --> 00:31:16,280

And that's when Charlie picked up the flashlight and squeezed off a message, SOS.

288

00:31:18,280 --> 00:31:20,280

The response was instant.

289

00:31:23,280 --> 00:31:27,280

The sensation I had was one of absolute elation.

290

00:31:27,280 --> 00:31:31,280

I couldn't believe it, that we were really going to find out what it was.

291

00:31:31,280 --> 00:31:35,280

We attempted to communicate with it, and it actually was responding.

292

00:31:35,280 --> 00:31:41,280

Well, when the light started coming toward us, my curiosity was satisfied.

293

00:31:42,280 --> 00:31:49,280

And I just dropped the flashlight. The only thought in my mind was to get to shore. I never looked back.

294

00:31:52,280 --> 00:31:58,280

I remember looking over my shoulder, trying to keep an eye on this object as it was coming up behind us,

295

00:31:58,280 --> 00:32:03,280

and it was getting very close. I mean, it was almost on top of us at this point.

296

00:32:03,280 --> 00:32:09,280

And I remember thinking that we're not going to outrun this thing. There's just no way. It was coming too quickly.

297

00:32:09,280 --> 00:32:11,280

Hey, let's go! Let's get to shore! Come on!

298

00:32:18,280 --> 00:32:26,280

The next memory any of the men had was being back on shore. Staring up at the bright object is opposing for a portrait.

299

00:32:29,280 --> 00:32:36,280

I remember thinking, my God, I could pick up a stone and bounce it off the side of this thing. That's how close it was.

300

00:32:36,280 --> 00:32:45,280

I picked up the flashlight again and flashed at it a second time. This time there was no response from it.

301

00:32:45,280 --> 00:32:49,280

It seemed to just drift away from us.

302

00:32:49,280 --> 00:33:00,280

As it was moving up, it seemed to implode somehow. And it shrank. And then all of a sudden, at a higher level, it reappeared again.

303

00:33:01,280 --> 00:33:13,280

And then all of a sudden, it just streaked away. Very, very fast. And within a few seconds, it was like a star. Just another light in the sky.

304

00:33:13,280 --> 00:33:25,280

I remember stepping out of the canoe and going up to the campsite. And I remember there was no panic. People seemed to be very relaxed.

305

00:33:26,280 --> 00:33:30,280

Hey guys, do you want to do about this fire? It's out.

306

00:33:30,280 --> 00:33:41,280

All the men agree that they were out on the lake for less than 20 minutes. The huge bonfire should have blazed bright for hours, yet inexplicably only holes remained.

307

00:33:41,280 --> 00:33:46,280

Let's just go to bed. We don't want to rebuild the fire.

308

00:33:46,280 --> 00:33:55,280

The unusual thing is that we didn't stay up for hours and discuss this thing, which is what you would think of four young guys on a camping trip would do.

309

00:33:55,280 --> 00:34:06,280

And we just seemed very fatigued and we just wanted to go to bed. The next morning we got up and got our camp together and paddled to the next campsite.

310

00:34:07,280 --> 00:34:20,280

The men spent another 10 days in the Allagash wilderness, but never again saw the bizarre light. As the years went by, they told friends and family about the UFO, but no one really believed them.

311

00:34:20,280 --> 00:34:27,280

The men could hardly believe it themselves. Then the nightmares began for Jim and Jack Weiner.

312

00:34:27,280 --> 00:34:32,280

Finally, Jim contacted UFO researcher Ray Fowler for help.

313

00:34:33,280 --> 00:34:40,280

Fowler suggested the Allagash 4 undergo hypnosis with a trained hypnotherapist to recover details of the sighting.

314

00:34:40,280 --> 00:34:46,280

Fowler has since written a book about the case called The Allagash Abductions.

315

00:34:49,280 --> 00:34:56,280

From the beginning, Ray Fowler suspected the men had been abducted by a UFO, but did not tell them.

316

00:34:56,280 --> 00:35:04,280

One by one, they underwent hypnosis. They all promised not to tell each other about what they recalled until all the sessions were complete.

317

00:35:06,280 --> 00:35:16,280

Each of the men, Jim Weiner, Chuck Rack, Jack Weiner and Charlie Fowles, describe what appears to be a classic abduction experience.

318

00:35:17,280 --> 00:35:25,280

Afterward, each of them drew illustrations of their incredible recollections. These are their actual paintings and drawings.

319

00:35:26,280 --> 00:35:35,280

All four said they were taken aboard the craft. The aliens forced them to strip naked and seemed to be conducting medical examinations.

320

00:35:35,280 --> 00:35:42,280

The aliens apparently took samples of the men's skin and body fluids, their blood, urine and semen.

321

00:35:42,280 --> 00:35:48,280

What follows are excerpts from the original hypnosis sessions recorded in 1988.

322

00:35:52,280 --> 00:36:01,280

They don't know what to do. I think they think I'm going to come after them. I feel like I want to. I feel like I want to.

323

00:36:01,280 --> 00:36:08,280

The first one that comes near me, I'm going to throttle them. That's what I want to do is throttle them.

324

00:36:09,280 --> 00:36:17,280

I don't like these things. I don't care where they come from. They shouldn't be doing this to people.

325

00:36:19,280 --> 00:36:22,280

Jim's brother Jack found the faces terrifying.

326

00:36:25,280 --> 00:36:30,280

They're right there. Their face is right in my face.

327

00:36:31,280 --> 00:36:39,280

I don't know why. I don't want to know. I don't want to know what they want.

328

00:36:42,280 --> 00:36:56,280

They're saying things. They're explaining things with their eyes.

329

00:37:01,280 --> 00:37:09,280

In my head, they're saying, don't be afraid.

330

00:37:12,280 --> 00:37:17,280

Don't be afraid. We won't harm you.

331

00:37:18,280 --> 00:37:28,280

They say, do what we say. Just do what we say.

332

00:37:30,280 --> 00:37:33,280

Charlie Foltz was the next to be examined.

333

00:37:35,280 --> 00:37:44,280

I'm afraid, that it's like a doctor's office.

334

00:37:48,280 --> 00:37:51,280

It's cold like a doctor's office. It's cold.

335

00:37:54,280 --> 00:37:58,280

They put the panel over your chest.

336

00:38:01,280 --> 00:38:09,280

And they scrape your arms, your chest, your legs, and thighs.

337

00:38:13,280 --> 00:38:14,280

We shouldn't be here.

338

00:38:18,280 --> 00:38:20,280

I just keep thinking I want to be back in the canoe.

339

00:38:22,280 --> 00:38:26,280

Chuck Rack had a good view of what the aliens were doing to Charlie.

340

00:38:28,280 --> 00:38:36,280

See some sort of device on him? They've got a, it looks like a silvery.

341

00:38:37,280 --> 00:38:45,280

It looks like it's got curves on it. It's almost like it sucks something.

342

00:38:47,280 --> 00:38:53,280

He's got his head tipped way back. It's almost like he's in pain.

343

00:38:55,280 --> 00:39:04,280

We're just there. We can't help them. We're just, all we can do is watch them.

344

00:39:08,280 --> 00:39:12,280

I don't know if you're aware of it, and you probably aren't because you haven't been talking to each other.

345

00:39:12,280 --> 00:39:16,280

After the hypnosis sessions, Ray Fowler brought the Allagash four together.

346

00:39:17,280 --> 00:39:22,280

For the first time, they discovered that each of them had recalled the same horrifying events.

347

00:39:23,280 --> 00:39:27,280

We were amazed that Jack would say something about how he remembered the light,

348

00:39:28,280 --> 00:39:31,280

or Chuck Rack would say something that he remembered, or Charlie would say,

349

00:39:32,280 --> 00:39:35,280

and we'd sit there, my God, that's exactly what we remembered.

350

00:39:36,280 --> 00:39:40,280

One person would pause to take a breath, and the next person would pick up,

351

00:39:40,280 --> 00:39:44,280

and you knew what they were going to say. You knew what they were going to say,

352

00:39:45,280 --> 00:39:47,280

and when they paused for breath, you could continue.

353

00:39:48,280 --> 00:39:52,280

It was just amazing to come to the realizations that all these things were really true,

354

00:39:53,280 --> 00:39:59,280

and that they really had meaning, and it was also kind of nice to know that I wasn't going insane

355

00:40:00,280 --> 00:40:05,280

having these nightmares, that they were in fact real memories of an event that did happen.

356

00:40:05,280 --> 00:40:11,280

Ultimately, each of the Allagash four took polygraph tests and passed easily.

357

00:40:12,280 --> 00:40:14,280

It is clear that they believe their memories are real.

358

00:40:15,280 --> 00:40:19,280

To skeptics, however, stories of alien abduction do not stand up to scrutiny.

359

00:40:20,280 --> 00:40:26,280

Some suggest that images from the popular culture, like these scenes from the 1953 science fiction movie,

360

00:40:27,280 --> 00:40:32,280

Invaders from Mars, may be the inspiration for memories of alien abduction.

361

00:40:32,280 --> 00:40:39,280

Some of the stories that you hear about abductions are right out of the films, I mean almost verbatim.

362

00:40:40,280 --> 00:40:46,280

Dr. William Cole is a clinical psychologist who specializes in the study of repressed memory and hypnotic therapy.

363

00:40:47,280 --> 00:40:52,280

It's media-driven, it's cyclical, you get some good cases on TV, people hear about them,

364

00:40:53,280 --> 00:40:57,280

they think they may have had the same thing happen, it sort of feeds upon itself.

365

00:40:57,280 --> 00:41:01,280

Usually these people have no interest in abductions, have not read about it,

366

00:41:02,280 --> 00:41:06,280

are even unfamiliar with the nature of the beings and are shocked and astounded

367

00:41:07,280 --> 00:41:12,280

when they hear someone else has had these experiences as well, or that there is material in the media about it.

368

00:41:13,280 --> 00:41:18,280

My experience of what's going on is the investigators have a very clear cut agenda about what they're looking for.

369

00:41:19,280 --> 00:41:23,280

So if you get somebody that's doing UFO abduction research,

370

00:41:23,280 --> 00:41:27,280

this is a person that generally has already decided that UFO abductions are real,

371

00:41:28,280 --> 00:41:32,280

that thousands of people are having them, they have a symptom list, and if you come in the door of those symptoms,

372

00:41:33,280 --> 00:41:34,280

then you must have been abducted.

373

00:41:35,280 --> 00:41:36,280

It really doesn't work like that.

374

00:41:37,280 --> 00:41:48,280

The person comes because they've heard that I'm open to listen to something which other therapists

or other mental health professionals

375

00:41:49,280 --> 00:41:51,280

have not been able to listen to.

376

00:41:51,280 --> 00:41:53,280

They're highly doubtful.

377

00:41:54,280 --> 00:41:55,280

They don't want this to be true.

378

00:41:56,280 --> 00:41:58,280

This is not a club anyone wants to belong to.

379

00:42:01,280 --> 00:42:11,280

If you were to tell somebody 40 years ago that they would be able to see on an invention called a television set which didn't exist,

380

00:42:12,280 --> 00:42:19,280

a meteorite crashing into a planet that they can now watch at home, that's a reality check folks,

381

00:42:19,280 --> 00:42:25,280

and yet 40 years ago that science fiction, this happened.

382

00:42:26,280 --> 00:42:28,280

If you believe it, that's all right.

383

00:42:29,280 --> 00:42:30,280

If you don't believe it, I don't care.

384

00:42:31,280 --> 00:42:33,280

I don't care because it did.

385

00:42:37,280 --> 00:42:44,280

When the Greek philosopher Aristotle first suggested that the world was round, skeptics dismissed it as fantasy.

386

00:42:44,280 --> 00:42:52,280

When Copernicus theorized that the sun, not the earth, was a center of our solar system, many considered it heresy.

387

00:42:53,280 --> 00:42:59,280

When Jules Verne wrote that a human being would someday travel to the moon, science rejected it as pure fiction.

388

00:43:00,280 --> 00:43:08,280

Perhaps the day will come when our beliefs about the existence of UFOs and alien encounters will undergo a similar transformation.

389

00:43:09,280 --> 00:43:19,280

We have these two camps, the scientists searching for life among the stars and the UFO believers thinking that they've already landed.

390

00:43:20,280 --> 00:43:22,280

I think in both cases we share the dream.

391

00:43:23,280 --> 00:43:32,280

The dream is that we're not alone in the universe, that we have, if not brothers and sisters, perhaps cousins out among the stars.

392

00:43:33,280 --> 00:43:41,280

Publicly the scientific community remains skeptical. Privately, however, they are working to achieve contact.

393

00:43:42,280 --> 00:43:50,280

NASA anticipates that within the next decade, the Voyager 1 space probe will become the first human artifact ever to leave our solar system.

394

00:43:51,280 --> 00:43:56,280

On board is a message in a bottle that has been dropped into the vastness of space.

395

00:43:57,280 --> 00:44:12,280

As the Secretary General of the United Nations, an organization of 147 member states who represent almost all of the human inhabitants of the planet earth, I send greetings on behalf of the people of our planet.

396

00:44:13,280 --> 00:44:31,280

It is either the greatest hoax in human history, an unprecedented mass hallucination, or perhaps the single most important events since the dawn of civilization.

397

00:44:32,280 --> 00:44:41,280

For the hardened skeptic proof will remain elusive until an alien spacecraft is placed on public display or an extraterrestrial appears on the evening news.

398

00:44:42,280 --> 00:44:48,280

Until that moment, one of the greatest mysteries of our age will remain unsolved.

399

00:45:31,280 --> 00:45:37,280

NASA
