

1

00:00:00,000 --> 00:00:06,000

Tonight on Unsolved Mysteries.

2

00:00:06,000 --> 00:00:09,000

A rock star turned computer who is alone in his car

3

00:00:09,000 --> 00:00:14,000

on the freeway, a desperate call to 911 and then nothing.

4

00:00:14,000 --> 00:00:17,000

The man in his vehicle literally vanished into thin air.

5

00:00:17,000 --> 00:00:20,000

What happened to Taylor Kramer?

6

00:00:20,000 --> 00:00:21,000

Voodoo.

7

00:00:21,000 --> 00:00:24,000

The very word conjures up images of black magic,

8

00:00:24,000 --> 00:00:26,000

hexes and curses.

9

00:00:26,000 --> 00:00:29,000

But believe it or not, it's a very simple story.

10

00:00:29,000 --> 00:00:32,000

But believers insist Voodoo can be a force for good.

11

00:00:32,000 --> 00:00:36,000

Just wait until you see the incredible story of two doctors

12

00:00:36,000 --> 00:00:41,000

in Texas who turned to Voodoo to cure a dying man.

13

00:00:41,000 --> 00:00:43,000

Recently, this man lost custody of his children

14

00:00:43,000 --> 00:00:45,000

after a bitter court battle.

15

00:00:45,000 --> 00:00:47,000

Now police believe he is a killer.

16

00:00:47,000 --> 00:00:51,000

The victim was his ex-wife's attorney.

17

00:00:51,000 --> 00:00:55,000

How do you treat an arthritic tiger with an attitude?

18

00:00:55,000 --> 00:00:57,000

Perhaps you can call on Linda Tellington-Jones,

19

00:00:57,000 --> 00:01:00,000

a therapist with an unorthodox approach

20

00:01:00,000 --> 00:01:03,000

and an unconventional client list.

21

00:01:03,000 --> 00:01:04,000

Join me.

22

00:01:04,000 --> 00:01:07,000

Perhaps you hold the one vital clue that will help

23

00:01:07,000 --> 00:01:11,000

solve one of tonight's Unsolved Mysteries.

24

00:01:58,000 --> 00:02:03,000

I don't want any help yet.

25

00:02:03,000 --> 00:02:04,000

Yes, you can.

26

00:02:04,000 --> 00:02:07,000

I'm going to show myself.

27

00:02:07,000 --> 00:02:09,000

OK, what is your name?

28

00:02:09,000 --> 00:02:12,000

Hello?

29

00:02:12,000 --> 00:02:14,000

Hello?

30

00:02:14,000 --> 00:02:17,000

That call to a 911 operator in Los Angeles

31

00:02:17,000 --> 00:02:21,000

marks a moment this man, Phillip Taylor Kramer, vanished.

32

00:02:21,000 --> 00:02:24,000

The question is, did he commit suicide?

33

00:02:24,000 --> 00:02:27,000

And if he did, why have so many people seen him?

34

00:02:41,000 --> 00:02:44,000

In the 1970s, Taylor Kramer was a bass player

35

00:02:44,000 --> 00:02:47,000

for the rock and roll band Iron Butterfly.

36

00:02:47,000 --> 00:02:51,000

By the 90s, Taylor had settled down and become a family man.

37

00:02:51,000 --> 00:02:53,000

Taylor and his wife Jennifer have two young children,

38

00:02:53,000 --> 00:02:56,000

a boy and a girl.

39

00:02:56,000 --> 00:02:59,000

Taylor Kramer is also a math and computer whiz

40

00:02:59,000 --> 00:03:03,000

who founded his own high-tech multimedia company in 1990.

41

00:03:03,000 --> 00:03:06,000

For several weeks before his disappearance,

42

00:03:06,000 --> 00:03:08,000

he had been working around the clock

43

00:03:08,000 --> 00:03:10,000

on an exciting new breakthrough.

44

00:03:10,000 --> 00:03:12,000

He said it's very simple.

45

00:03:12,000 --> 00:03:14,000

It's been here the whole time.

46

00:03:14,000 --> 00:03:18,000

It's so simple that no one has discovered it.

47

00:03:18,000 --> 00:03:20,000

I can't believe how close I am right now.

48

00:03:20,000 --> 00:03:25,000

And he said, imagine Jennifer, a computer and a camera

49

00:03:25,000 --> 00:03:31,000

being able to find a missing child in a sea of thousands of people

50

00:03:31,000 --> 00:03:37,000

by just showing the computer a small piece of that child's face

51

00:03:37,000 --> 00:03:41,000

and finding that child in a fraction of a second.

52

00:03:41,000 --> 00:03:44,000

Taylor's research consumed him.

53

00:03:44,000 --> 00:03:48,000

It was based on revolutionary theories about data compression.

54

00:03:48,000 --> 00:03:52,000

Ideas that his father, a former professor of electrical engineering,

55

00:03:52,000 --> 00:03:55,000

had developed 30 years earlier.

56

00:03:55,000 --> 00:04:01,000

My brother was just so excited in the fact that they had made this beautiful discovery

57

00:04:01,000 --> 00:04:03,000

that was going to help people.

58

00:04:03,000 --> 00:04:06,000

And I believe, in fact, that that's real.

59

00:04:06,000 --> 00:04:08,000

But my brother, just being the person that he is,

60

00:04:08,000 --> 00:04:12,000

the excitement of it all and everything just overwhelmed him.

61

00:04:12,000 --> 00:04:15,000

Sweetheart, the hand of God has touched me.

62

00:04:15,000 --> 00:04:17,000

Taylor, calm down. You're going to twist an ankle.

63

00:04:17,000 --> 00:04:19,000

I can do no wrong.

64

00:04:21,000 --> 00:04:23,000

He's sending me the truth, babe.

65

00:04:23,000 --> 00:04:28,000

The day before he disappeared, we went on a hike up in Thousand Oaks.

66

00:04:28,000 --> 00:04:33,000

And we hiked up to the top of the hill and we look across

67

00:04:33,000 --> 00:04:36,000

and you can see the whole Canaio Valley where we live

68

00:04:36,000 --> 00:04:40,000

and there's a cross up on the hill that belongs to one of the colleges nearby.

69

00:04:40,000 --> 00:04:43,000

And he turned around and he pointed to the cross and he said,

70

00:04:43,000 --> 00:04:47,000

look, honey, our house is right in the path of this cross.

71

00:04:47,000 --> 00:04:52,000

He started to see sacredness in everything.

72

00:04:52,000 --> 00:04:57,000

Jennifer now blames Taylor's bizarre behavior on sleep deprivation.

73

00:04:57,000 --> 00:05:01,000

The day after the hike, Taylor left home around 9 a.m.

74

00:05:01,000 --> 00:05:04,000

He would visit his father-in-law briefly and go to the airport

75

00:05:04,000 --> 00:05:08,000

to pick up a business associate and his wife.

76

00:05:08,000 --> 00:05:12,000

Taylor went to the airport as scheduled, waited 25 minutes,

77

00:05:12,000 --> 00:05:16,000

then inexplicably left before his friends arrived.

78

00:05:16,000 --> 00:05:18,000

He drove north toward his home.

79

00:05:18,000 --> 00:05:21,000

Along the way, he made a series of phone calls.

80

00:05:21,000 --> 00:05:24,000

At one point, he left a message for his old friend Ron Bushy,

81

00:05:24,000 --> 00:05:27,000

the drummer for Iron Butterfly.

82

00:05:27,000 --> 00:05:29,000

Bushy?

83

00:05:29,000 --> 00:05:31,000

This is a creamer.

84

00:05:33,000 --> 00:05:36,000

I love you more than I have myself.

85

00:05:36,000 --> 00:05:39,000

His voice sounded stressed.

86

00:05:39,000 --> 00:05:42,000

He sounded maybe, like, scared.

87

00:05:42,000 --> 00:05:45,000

Maybe he'd even been crying. I don't know.

88

00:05:45,000 --> 00:05:49,000

But apparently, this cell phone call from his car was made to me.

89

00:05:52,000 --> 00:05:56,000

And he also called Jennifer and a lot of other people.

90

00:05:56,000 --> 00:06:03,000

Hi, Jay. Listen, tell Greg, tell Greg I'm not going to be able to meet him at the airport.

91

00:06:03,000 --> 00:06:05,000

He'll understand, okay?

92

00:06:05,000 --> 00:06:11,000

I said, Taylor, where are you? Where are you going? What are you doing?

93

00:06:11,000 --> 00:06:17,000

Sweetheart, I want you to remember that whatever happens, I'll always be with you.

94

00:06:17,000 --> 00:06:21,000

And I started to get scared and I thought something is wrong with Taylor.

95

00:06:21,000 --> 00:06:24,000

And I said, where are you going?

96

00:06:24,000 --> 00:06:28,000

You just tell him that I'll meet him at the hotel at one, okay?

97

00:06:28,000 --> 00:06:33,000

And really calmly and lovingly, like he normally talks to me, he said,

98

00:06:33,000 --> 00:06:37,000

and when I see you, honey, I have a big surprise for you.

99

00:06:37,000 --> 00:06:43,000

But I knew in my gut that Taylor wasn't going to be at the hotel.

100

00:06:43,000 --> 00:06:47,000

I just knew that he wouldn't be there.

101

00:06:47,000 --> 00:06:53,000

An hour later, Taylor made his last contact, the call to 911.

102

00:06:53,000 --> 00:06:55,000

So, want me to help you?

103

00:06:55,000 --> 00:06:59,000

Yes, you can. I'm going to kill myself.

104

00:06:59,000 --> 00:07:01,000

Okay, what is your name?

105

00:07:01,000 --> 00:07:05,000

Hello? Hello?

106

00:07:05,000 --> 00:07:10,000

It's really hard to commit suicide and take your life and disappear.

107

00:07:10,000 --> 00:07:13,000

I mean, somebody's going to find you. Somebody's going to find the car.

108

00:07:13,000 --> 00:07:16,000

And the car and him are gone.

109

00:07:16,000 --> 00:07:23,000

No car, no body, no further activity on Taylor's credit cards or cellular phone.

110

00:07:23,000 --> 00:07:27,000

However, after his family papered the Los Angeles area with posters,

111

00:07:27,000 --> 00:07:33,000

several people claimed they had seen Taylor Kramer near the area where he made his phone calls.

112

00:07:33,000 --> 00:07:39,000

A pawn shop employee in Canoga Park, California, spotted Taylor in late February.

113

00:07:39,000 --> 00:07:43,000

When he was here that day, he left the impression on me,

114

00:07:43,000 --> 00:07:46,000

and then when Chuck came in and showed me the picture, I was positive that it was him,

115

00:07:46,000 --> 00:07:50,000

because we stayed here and talked for a little while, so, I mean, I couldn't be wrong about it.

116

00:07:50,000 --> 00:07:52,000

That's why I'm 100% sure that it was him.

117

00:07:52,000 --> 00:07:57,000

Around the same time, Jan Biondi and her daughter sought Taylor at a garage sale.

118

00:07:57,000 --> 00:08:02,000

Then later that day, Kathy came by in the car and passing out the flyers and said,

119

00:08:02,000 --> 00:08:06,000

you know, he likes garage sales. He's been seen in this area. Have you seen him?

120

00:08:06,000 --> 00:08:10,000

And my daughter said, yeah, yeah, yeah, he was here this morning.

121

00:08:10,000 --> 00:08:14,000

If Taylor Kramer did not commit suicide, what happened to him?

122

00:08:14,000 --> 00:08:20,000

On February 28, 1995, two and a half weeks after his disappearance,

123

00:08:20,000 --> 00:08:24,000

Jennifer believes he made one final call to his family.

124

00:08:24,000 --> 00:08:28,000

He called the house and the answer machine picked up,

125

00:08:28,000 --> 00:08:32,000

and all Taylor said was, hello, hello.

126

00:08:51,000 --> 00:08:57,000

In a moment, an unexpected conclusion in the case of a missing husband.

127

00:09:08,000 --> 00:09:14,000

Recently, we brought you a missing person's case that was perhaps one of the most unusual we have ever presented.

128

00:09:14,000 --> 00:09:18,000

Now the case is solved, and the outcome has proven to be true.

129

00:09:18,000 --> 00:09:23,000

It's all, and the outcome has proven to be just as odd as the story itself.

130

00:09:23,000 --> 00:09:28,000

In 1990, Christine Reinhard finally found the man of her dreams.

131

00:09:28,000 --> 00:09:32,000

She and Craig Williamson were married just a month after they met.

132

00:09:32,000 --> 00:09:36,000

The newlyweds were virtually inseparable.

133

00:09:36,000 --> 00:09:42,000

They bought a farm in Wisconsin and began to raise exotic fish for sale to gourmet restaurants.

134

00:09:42,000 --> 00:09:47,000

But in 1993, Christine Reinhard's perfect world was torn apart.

135

00:09:47,000 --> 00:09:54,000

That August, Craig drove to Colorado Springs, Colorado on a business trip and never returned.

136

00:09:54,000 --> 00:09:59,000

Craig's disappearance launched Christine on a heartbreaking 18-month search.

137

00:09:59,000 --> 00:10:04,000

She traveled to Colorado Springs, posted flyers, asked questions.

138

00:10:04,000 --> 00:10:07,000

She went to the hotel where Craig was last seen.

139

00:10:07,000 --> 00:10:12,000

Every lead came to a dead end, but Christine refused to give up hope.

140

00:10:12,000 --> 00:10:16,000

I know he's alive, and I know someday I'll find him.

141

00:10:16,000 --> 00:10:20,000

The trouble is I don't know when, and I just have to keep hanging on.

142

00:10:20,000 --> 00:10:23,000

The hardest part is hanging on.

143

00:10:27,000 --> 00:10:32,000

Shortly after our broadcast, Christine Reinhard's long odyssey finally came to an end.

144

00:10:32,000 --> 00:10:36,000

However, it was a far cry from the joyous conclusion she had hoped for.

145

00:10:36,000 --> 00:10:39,000

Here's Keely Shay Smith with the details.

146

00:10:39,000 --> 00:10:44,000

After seeing himself on our program, Craig Williamson phoned Christine from Key West, Florida,

147

00:10:44,000 --> 00:10:46,000

where he was working as a handyman.

148

00:10:46,000 --> 00:10:54,000

Craig was now going by the name of Ron, and he bore little resemblance to the loving husband Christine remembered.

149

00:10:54,000 --> 00:10:58,000

The phone rang and he said, hello Christine, this is Craig.

150

00:10:58,000 --> 00:11:03,000

And it didn't really sound like him, he sounded like a shell of himself.

151

00:11:03,000 --> 00:11:08,000

From what phrases he used and things like that, I knew it was Craig.

152

00:11:08,000 --> 00:11:14,000

But his voice was really very weak, and I was just shaking.

153

00:11:14,000 --> 00:11:17,000

I was in total shock.

154

00:11:17,000 --> 00:11:20,000

Craig Williamson recounted a harrowing tale.

155

00:11:20,000 --> 00:11:25,000

All he could remember was that he had been attacked by an unknown assailant in Colorado Springs.

156

00:11:25,000 --> 00:11:31,000

What followed were two years of severe amnesia, painful headaches and frequent blackouts.

157

00:11:31,000 --> 00:11:35,000

Two years with virtually no sense of who he was.

158

00:11:35,000 --> 00:11:41,000

When I saw this whole thing on Unsolved Mysteries, I realized that I was Craig Williamson,

159

00:11:41,000 --> 00:11:44,000

but I didn't know who Craig Williamson was, I didn't have a clue to who he was.

160

00:11:44,000 --> 00:11:47,000

I knew that he had a family someplace.

161

00:11:47,000 --> 00:11:54,000

I knew that he was married, I didn't know that he had a fish farm, I didn't know a lot.

162

00:11:54,000 --> 00:12:00,000

Last September Craig and Christine met in Colorado Springs, Colorado.

163

00:12:00,000 --> 00:12:06,000

Christine hoped that a tour of the area where Craig had disappeared might help to jog his memory.

164

00:12:06,000 --> 00:12:08,000

Does that look at all familiar to you?

165

00:12:08,000 --> 00:12:18,000

It doesn't. It looks familiar from the Unsolved Mysteries segment, but there's nothing here, I feel nothing, no attachment to it.

166

00:12:18,000 --> 00:12:26,000

In the end, Craig remembered nothing, and the reunion Christine had long dreamed of ended in a bittersweet parting.

167

00:12:27,000 --> 00:12:34,000

Neither Craig nor I are the same people we were two years ago before all of this happened.

168

00:12:34,000 --> 00:12:40,000

We're still very good friends and we're always going to stay connected, but we can't go back.

169

00:12:40,000 --> 00:12:46,000

He's not there. He doesn't have any sort of emotional attachment anymore, and I just have to accept that.

170

00:12:46,000 --> 00:12:50,000

We are not the same people. We still love each other, we still care for each other,

171

00:12:50,000 --> 00:12:56,000

but we've decided it's best for us to go our separate ways and still be friends and we still love each other,

172

00:12:56,000 --> 00:12:59,000

but we're not the same people that married.

173

00:13:04,000 --> 00:13:11,000

Everything I've done has been worth it. The search, all the effort that I've put in trying to find Craig was worth it.

174

00:13:11,000 --> 00:13:14,000

I would do it all over again and I can't imagine doing it any other way.

175

00:13:15,000 --> 00:13:21,000

Craig Williamson is now living with friends in California, hopefully receiving the medical treatment he needs.

176

00:13:21,000 --> 00:13:24,000

Christine has moved to Wyoming to begin life anew.

177

00:13:25,000 --> 00:13:31,000

In a moment, two doctors are desperately ill-patient and a journey into the shadowy world of Voodoo.

178

00:13:44,000 --> 00:13:46,000

Tonight, foreigners and people are in hiding.

179

00:13:46,000 --> 00:13:51,000

Worry that they may be the next victim of an alleged killer named Kelly McGinnis.

180

00:13:51,000 --> 00:13:56,000

All the result of a custody battle that began in bitterness and apparently ended in murder.

181

00:13:59,000 --> 00:14:03,000

It happened just one month ago yesterday, August 12th, 1996.

182

00:14:03,000 --> 00:14:10,000

Thomas Meyer, the city attorney of Greenville, Illinois, was found shot to death in the alley behind his office.

183

00:14:10,000 --> 00:14:15,000

One of the first to respond to the scene was John King, Greenville's chief of police.

184

00:14:15,000 --> 00:14:18,000

Thomas Meyer was his best friend.

185

00:14:19,000 --> 00:14:26,000

It was one glance and I knew that it was him and there was no life left.

186

00:14:28,000 --> 00:14:32,000

67-year-old Thomas Meyer had suffered multiple gunshot wounds.

187

00:14:32,000 --> 00:14:37,000

There were no witnesses to the shooting, but fingers were pointing at Kelly McGinnis from the start.

188

00:14:38,000 --> 00:14:41,000

McGinnis and Meyer had recently clashed in this courtroom.

189

00:14:41,000 --> 00:14:47,000

Meyer had represented McGinnis's ex-wife in a legal action regarding the custody of their two young children.

190

00:14:49,000 --> 00:14:53,000

Kelly McGinnis felt that the children would be better off with him.

191

00:14:53,000 --> 00:14:55,000

He desperately wanted to be the custodial parent.

192

00:14:56,000 --> 00:15:04,000

But the result was that Mrs. McGinnis was awarded custody and Mr. McGinnis was awarded a visitation, a fair amount of visitation.

193

00:15:05,000 --> 00:15:09,000

McGinnis apparently refused to accept the decision as final.

194

00:15:09,000 --> 00:15:17,000

Just hours before the murder of Thomas Meyer, McGinnis was back in the courthouse, reportedly still angry about being denied custody.

195

00:15:17,000 --> 00:15:24,000

No one knows what was going through his mind, but he was next seen near the alley where Thomas Meyer was shot dead.

196

00:15:25,000 --> 00:15:30,000

We have witnesses that put Mr. McGinnis at the scene just prior to the shooting,

197

00:15:31,000 --> 00:15:38,000

and Mr. McGinnis was seen leaving the area shortly after the time of the murder.

198

00:15:39,000 --> 00:15:43,000

When police went to McGinnis' home to question him, no one answered the door.

199

00:15:43,000 --> 00:15:46,000

When they broke it down, McGinnis had vanished.

200

00:15:47,000 --> 00:15:49,000

A day went by. A week.

201

00:15:49,000 --> 00:15:53,000

Some speculated that McGinnis had taken his own life.

202

00:15:53,000 --> 00:15:58,000

Then ten days after the murder, McGinnis mailed five letters from Central Illinois.

203

00:15:59,000 --> 00:16:04,000

Two went to area newspapers and complained about corruption in the judicial process.

204

00:16:04,000 --> 00:16:09,000

He wrote in part, clearly the only winner in a divorce case are the lawyers,

205

00:16:09,000 --> 00:16:12,000

their gains being made at the expense of the children.

206

00:16:13,000 --> 00:16:18,000

The other three letters went to relatives and a friend, in one of them.

207

00:16:18,000 --> 00:16:25,000

The letter was very apologetic to his family, although it wasn't an admission of the offense.

208

00:16:25,000 --> 00:16:29,000

It alluded to that. It appears to be very sorry for what happened.

209

00:16:29,000 --> 00:16:34,000

He makes mention of the fact that he will probably never see his children again,

210

00:16:34,000 --> 00:16:37,000

and he's very remorseful for that.

211

00:16:39,000 --> 00:16:42,000

The killing has shattered Greenville's sense of security.

212

00:16:42,000 --> 00:16:45,000

Murders just don't happen here. The last one was ten years ago.

213

00:16:46,000 --> 00:16:48,000

Now some fear the killing hasn't stopped.

214

00:16:50,000 --> 00:16:53,000

McGinnis' ex-wife has left town with her children.

215

00:16:53,000 --> 00:16:55,000

And there were abouts a secret.

216

00:16:56,000 --> 00:16:59,000

McGinnis' own attorney is under the protection of U.S. Marshals.

217

00:17:00,000 --> 00:17:04,000

Guards have beefed up security at the courthouse, and Ann Callis Ranji,

218

00:17:04,000 --> 00:17:08,000

the judge who ruled on McGinnis' custody suit, has gone into hiding.

219

00:17:09,000 --> 00:17:14,000

Judge Ranji is very concerned for safety. She's expressed that to us.

220

00:17:14,000 --> 00:17:18,000

Also, I've spoken on a daily basis with her family members.

221

00:17:19,000 --> 00:17:21,000

She just wants him caught.

222

00:17:22,000 --> 00:17:27,000

But no one wants McGinnis caught more than Thomas Myers Widow Barbara.

223

00:17:28,000 --> 00:17:33,000

I just pray that he will come forward without hurting anyone else.

224

00:17:34,000 --> 00:17:38,000

The McGinnis family, I'm sure, is suffering as much as we are.

225

00:17:39,000 --> 00:17:42,000

His parents, his siblings, his children, his ex-wife.

226

00:17:43,000 --> 00:17:46,000

You know, we need some healing for everybody.

227

00:17:51,000 --> 00:17:55,000

When we return, meet Linda Tellington-Jones.

228

00:17:56,000 --> 00:17:59,000

Can her mysterious healing touch soothe a savage beast?

229

00:18:21,000 --> 00:18:28,000

If you're a person and you're in pain, you can find a specialist somewhere to treat you no matter what the problem.

230

00:18:29,000 --> 00:18:31,000

But what if you're not a person?

231

00:18:32,000 --> 00:18:35,000

In the animal kingdom, Linda Tellington-Jones is a one-woman Mayo Clinic.

232

00:18:36,000 --> 00:18:39,000

She uses her own special healing technique she calls the T-Touch.

233

00:18:40,000 --> 00:18:43,000

The results are very similar to the one in the animal kingdom.

234

00:18:44,000 --> 00:18:46,000

She's a very special person.

235

00:18:46,000 --> 00:18:49,000

She uses her own special healing technique she calls the T-Touch.

236

00:18:50,000 --> 00:18:53,000

The results are phenomenal, truly an unsolved mystery.

237

00:19:00,000 --> 00:19:05,000

Keiko the Killer Whale won hearts around the world when he escaped to the open sea in the film Free Willy.

238

00:19:07,000 --> 00:19:10,000

In real life, Keiko suffers from a troublesome papilloma,

239

00:19:11,000 --> 00:19:13,000

a strange wart-like growth beneath his pectoral fins.

240

00:19:14,000 --> 00:19:17,000

During the ten years Keiko has lived in the adventure kingdom in Mexico City,

241

00:19:18,000 --> 00:19:20,000

no one has been able to cure it.

242

00:19:21,000 --> 00:19:23,000

Enter Linda Tellington-Jones.

243

00:19:24,000 --> 00:19:27,000

When I was asked to work with Keiko with the touches,

244

00:19:28,000 --> 00:19:30,000

I really didn't know if it would help him or not.

245

00:19:31,000 --> 00:19:35,000

What I was hoping is that these little circular touches would actually affect the cells

246

00:19:36,000 --> 00:19:39,000

and help to reduce the effects of this virus like papilloma.

247

00:19:40,000 --> 00:19:44,000

Keiko's handlers were amazed to see results almost immediately.

248

00:19:46,000 --> 00:19:49,000

The day after Linda was with Keiko,

249

00:19:50,000 --> 00:19:54,000

we saw big changes on the papilloma.

250

00:19:55,000 --> 00:20:00,000

It was very thin and it wasn't broken as always is.

251

00:20:03,000 --> 00:20:07,000

So he was active also, he was like kind of very happy.

252

00:20:10,000 --> 00:20:15,000

Linda Tellington-Jones claims she has helped thousands of animals

253

00:20:16,000 --> 00:20:18,000

during the twenty years since she developed her teetouch.

254

00:20:19,000 --> 00:20:23,000

However, there are skeptics who suggest that Linda's touch is no more than a pleasant massage.

255

00:20:24,000 --> 00:20:27,000

To get a first-hand look at this mystery, who went to Out of Africa,

256

00:20:28,000 --> 00:20:30,000

a wild animal park in Phoenix, Arizona,

257

00:20:31,000 --> 00:20:34,000

Janine Ford, an anchor woman with KPNX TV,

258

00:20:35,000 --> 00:20:37,000

our NBC affiliate in Phoenix joins us from the park.

259

00:20:40,000 --> 00:20:46,000

The Out of Africa Wildlife Park showcases hundreds of different kinds of exotic animals

260

00:20:47,000 --> 00:20:48,000

from all over the world.

261

00:20:49,000 --> 00:20:53,000

And while the handlers here can take care of most of the behavioral issues,

262

00:20:54,000 --> 00:20:56,000

these are wild animals and there are some problem cases.

263

00:20:57,000 --> 00:21:01,000

For instance, this 400-pound Siberian tiger named Brendle

264

00:21:02,000 --> 00:21:04,000

has been known to unexpectedly charge her fence,

265

00:21:05,000 --> 00:21:08,000

scaring visitors and creating problems for her handlers.

266

00:21:10,000 --> 00:21:12,000

At first, she seemed open to Linda,

267

00:21:13,000 --> 00:21:16,000

but in an instant, the encounter turned ugly.

268

00:21:25,000 --> 00:21:27,000

Linda had even less success with Cheddar,

269

00:21:28,000 --> 00:21:32,000

a temperamental African caracal whose paws may have nerve damage.

270

00:21:39,000 --> 00:21:45,000

Fortunately, Cheddar, unlike the other cats, had been declawed and Linda was not hurt.

271

00:21:47,000 --> 00:21:49,000

Undaunted, she went on to bigger game.

272

00:21:50,000 --> 00:21:56,000

Kipling, a 400-pound Bengal tiger, has joints that are inflamed and very painful.

273

00:21:57,000 --> 00:22:01,000

Perhaps the tea touch can help him, but what exactly is the tea touch?

274

00:22:03,000 --> 00:22:08,000

They're a collection of circular touches done all over the body

275

00:22:09,000 --> 00:22:13,000

with the intent of waking up to functioning of the cells.

276

00:22:16,000 --> 00:22:18,000

To make the connection, I did the big circles and said,

277

00:22:19,000 --> 00:22:20,000

feel you, feel you.

278

00:22:21,000 --> 00:22:25,000

And then when I really went into the joints, it's a very directed connection

279

00:22:26,000 --> 00:22:29,000

so that he really feels the intent of waking up those cells.

280

00:22:30,000 --> 00:22:31,000

It's like turning on the electric lights of the body.

281

00:22:34,000 --> 00:22:37,000

It seemed to calm him down and his body relaxed

282

00:22:37,000 --> 00:22:44,000

and his breathing came heavier, so he was going into a deep, relaxed state by her touch.

283

00:22:45,000 --> 00:22:50,000

When she got to a point where it was obvious his joints hurt him, he reacted, but not violently in any way.

284

00:22:51,000 --> 00:22:55,000

So now we know where to touch and where he really needs it, just from what she did with that session with him.

285

00:22:57,000 --> 00:23:00,000

Linda now faced her biggest challenge.

286

00:23:01,000 --> 00:23:04,000

Genesis, another Siberian tiger, doesn't have an off button.

287

00:23:04,000 --> 00:23:10,000

He is prone to attack almost anyone, even on occasion, handlers he's known all his life.

288

00:23:12,000 --> 00:23:13,000

He has attacked me.

289

00:23:14,000 --> 00:23:19,000

I have a personal experience with Genesis where he actually went through my arm and way into my arm.

290

00:23:21,000 --> 00:23:25,000

I'm hoping that with Linda's touch that we'll be able to work with him because he needs touch.

291

00:23:26,000 --> 00:23:32,000

He very much wants to be handled and yet he's so dangerous, so I'm hoping that I will be able to be in there with him without getting hurt.

292

00:23:35,000 --> 00:23:38,000

It was too risky for Linda to go inside the tiger's enclosure.

293

00:23:39,000 --> 00:23:48,000

From outside, Linda guided Bobby in performing the T-Touch, while another handler, Shay Erickson, kept Genesis pacified by letting him lick her fingers.

294

00:23:49,000 --> 00:23:50,000

Now go back toward the shoulders.

295

00:23:51,000 --> 00:23:57,000

If there's a way you can keep him sucking and you reach back and you can get to the neck and shoulders,

296

00:23:57,000 --> 00:24:04,000

and at least give him a little bit of relief on the shoulders because of course when he's protecting his, when he's putting so much pressure on his shoulders.

297

00:24:05,000 --> 00:24:11,000

In the first session, Genesis remained wary and alert but relaxed enough to stretch out on his side.

298

00:24:12,000 --> 00:24:16,000

The primary contact is the hand where he feels safe up on the shoulder and the other one just kind of moves back.

299

00:24:18,000 --> 00:24:21,000

And up there along the top of the scaffold where the right hand is, that's where it kind of gets sore.

300

00:24:21,000 --> 00:24:26,000

What we find is that the touches override fear or aggression.

301

00:24:27,000 --> 00:24:43,000

Those are instinctive responses and when we do these little circular touches all over the body, you can take an animal who is very fearful or an animal who is aggressive and suddenly you change them at a core level, at the level of the brain.

302

00:24:44,000 --> 00:24:47,000

A few hours later, they tried a second session.

303

00:24:48,000 --> 00:24:54,000

Shay again gentled the tiger by letting him lick her fingers while Bobby continued to apply the telling to touch.

304

00:25:06,000 --> 00:25:09,000

A few minutes later, Shay took away the pacifier.

305

00:25:09,000 --> 00:25:18,000

I got very nervous because I knew at that moment he didn't have the same distraction that he had before and so there was a moment of hesitation.

306

00:25:18,000 --> 00:25:23,000

I put my hand by his mouth, wondering what was going to go on but his response was wonderful.

307

00:25:23,000 --> 00:25:27,000

He knew I was there, it was okay and he was enjoying being touched.

308

00:25:28,000 --> 00:25:34,000

As a skeptic, you know, I don't understand part of her philosophy of relaxing and getting to cellular levels.

309

00:25:34,000 --> 00:25:38,000

I mean that doesn't make any sense to me from a medical standpoint.

310

00:25:38,000 --> 00:25:43,000

Dr. Irvin Ingram, a Phoenix veterinarian, has treated Genesis several times.

311

00:25:43,000 --> 00:25:47,000

He approached the T-Touch sessions with reservations.

312

00:25:47,000 --> 00:25:52,000

By the end of the day, Dr. Ingram saw a distinct change in the tiger.

313

00:25:53,000 --> 00:26:00,000

Something certainly made a difference and she's the primary difference, I guess, today but there's no question from this morning to this afternoon.

314

00:26:00,000 --> 00:26:05,000

Much calmer, seems almost aware of what's around him instead of being in his own little world.

315

00:26:05,000 --> 00:26:07,000

But you're still skeptical over the whole.

316

00:26:07,000 --> 00:26:19,000

I don't understand and certainly I need more than one episode to be convinced but it's a miraculous change on this individual case.

317

00:26:20,000 --> 00:26:23,000

I couldn't ask for better results than what we got from Genesis.

318

00:26:23,000 --> 00:26:34,000

It was wonderful, absolutely wonderful to be able to be in there with him and not experience that fear I had before with that touch being the go-between, if you will.

319

00:26:36,000 --> 00:26:38,000

How does the touch work?

320

00:26:38,000 --> 00:26:44,000

I wish I knew, I don't know how the touch works. I don't know why it works. I don't really know how

it works.

321

00:26:44,000 --> 00:26:53,000

We only know from experience in six continents with incredible numbers of animals and people that it does work but it's a mystery.

322

00:26:55,000 --> 00:26:59,000

According to Linda Tellington-Jones, anyone can learn the T-Touch.

323

00:26:59,000 --> 00:27:04,000

Perhaps in the future, a visit to the doctor won't mean a shot but a gentle touch.

324

00:27:05,000 --> 00:27:08,000

And how are Linda's Tiger patients doing? Much better.

325

00:27:08,000 --> 00:27:13,000

Particularly Genesis, who is now literally acting like a pussycat.

326

00:27:16,000 --> 00:27:23,000

When we return, two doctors, a desperately ill patient and a journey into the shadowy world of Voodoo.

327

00:27:35,000 --> 00:27:50,000

Voodoo. For most of us, the word brings to mind images of death hexes and evil curses, blood, pain, agony.

328

00:27:50,000 --> 00:27:55,000

But believers say that is black magic. Voodoo is something altogether different.

329

00:27:56,000 --> 00:28:06,000

Eva K. Jones is a priestess of Voodoo in New Orleans, Louisiana. She insists that Voodoo is a force for good, not evil.

330

00:28:06,000 --> 00:28:14,000

It is in fact an ancient nature-based religion that traces its origins back thousands of years to West Africa.

331

00:28:15,000 --> 00:28:25,000

A lot of people come to me who somehow seem to be fixed in negative emotions, negative ways of thinking.

332

00:28:25,000 --> 00:28:28,000

Some of them are in fact, hexed.

333

00:28:29,000 --> 00:28:35,000

But are hexes and incantations real? Can Voodoo affect someone on the physical level?

334

00:28:35,000 --> 00:28:38,000

Or is it all in the minds of those who believe?

335

00:28:39,000 --> 00:28:45,000

There is truly a psychological component to Voodoo.

336

00:28:45,000 --> 00:28:58,000

And by that I mean certainly if you want to be healed and if you believe that you will be healed, your state of mind has a direct effect on your healing.

337

00:28:59,000 --> 00:29:06,000

Faith works miracles. That idea is common to all religions.

338

00:29:06,000 --> 00:29:16,000

And now science is beginning to accept that the power of belief can indeed cure, whether it's the healing waters of lures or the arcane rituals of Voodoo.

339

00:29:16,000 --> 00:29:21,000

In the story you're about to see, two doctors create their own Voodoo ceremony.

340

00:29:21,000 --> 00:29:25,000

It's a daring last-ditch attempt to save a dying man.

341

00:29:25,000 --> 00:29:32,000

It may defy all you know about medical treatment, but those involves swear every detail is true.

342

00:29:34,000 --> 00:29:39,000

In 1967, Dr. Larry Dossi was a young intern at a hospital in Texas.

343

00:29:39,000 --> 00:29:45,000

One afternoon he was assigned a new patient, a man we will call Harold.

344

00:29:45,000 --> 00:29:49,000

Harold was as weak and demaciated as a prisoner of war.

345

00:29:49,000 --> 00:29:53,000

Not really. Sometimes when I call.

346

00:29:53,000 --> 00:29:58,000

We're going to run some tests. We're going to do some blood tests and some x-rays, that sort of thing.

347

00:29:58,000 --> 00:30:01,000

We're going to find out what your problem is, okay?

348

00:30:01,000 --> 00:30:08,000

I embarked on an elaborate evaluation, a medical workup to uncover the cause of the problem.

349

00:30:08,000 --> 00:30:14,000

And this man's chart just began to get thicker and thicker with normal tests.

350

00:30:15,000 --> 00:30:19,000

Mr. Bennett, I don't understand it. I've run every test I know how.

351

00:30:19,000 --> 00:30:24,000

I've performed every exam I know how, and they all come up normal. How do you feel?

352

00:30:24,000 --> 00:30:26,000

Not good at all, no.

353

00:30:26,000 --> 00:30:30,000

You don't look good. I just don't know what to do.

354

00:30:30,000 --> 00:30:35,000

A baffle Dr. Dossi called in another intern, Dr. William Hensley, for a second opinion.

355

00:30:35,000 --> 00:30:43,000

I've been really worried about you. And I wanted to come see you to find out possibly if anything that you know of unusual has happened to you,

356

00:30:43,000 --> 00:30:47,000

such as an insect bite or anything of that sort.

357

00:30:49,000 --> 00:30:52,000

Not to do you believe in who do.

358

00:30:52,000 --> 00:31:00,000

Dr. Hensley was stunned by the question. It took him back some 20 years to his grandmother's sprawling South Texas ranch.

359

00:31:00,000 --> 00:31:05,000

A woman named Mary reputed to be a voodoo queen lived out back.

360

00:31:06,000 --> 00:31:14,000

As a small child, Dr. Hensley witnessed Mary's power firsthand when a young woman was assaulted by one of the ranch workers.

361

00:31:14,000 --> 00:31:23,000

When the constable came to arrest him, my grandmother refused to let that happen and had him sent back to the back of the place.

362

00:31:23,000 --> 00:31:31,000

And Mary, who was the head person in the back, said that she had put a death hex on him.

363

00:31:31,000 --> 00:31:36,000

And sure enough, that night there was all kinds of clattering going on and a fire at the back of the place.

364

00:31:36,000 --> 00:31:39,000

And this went on every night for several nights.

365

00:31:39,000 --> 00:31:43,000

And then one day Mary came to the back door and said,

366

00:31:43,000 --> 00:31:47,000

Juan's dead. And they came and picked him up.

367

00:31:47,000 --> 00:31:51,000

And my uncle, who was a physician, said there wasn't a mark on him.

368

00:31:52,000 --> 00:31:56,000

A while back I went to see a reader. I went having some problems.

369

00:31:56,000 --> 00:32:02,000

Harold confided to Dr. Hensley that he had refused to pay a fortune teller who had given him a reading.

370

00:32:02,000 --> 00:32:05,000

She apparently cursed Harold with a death hex.

371

00:32:05,000 --> 00:32:08,000

I started feeling bad, feeling real bad.

372

00:32:08,000 --> 00:32:10,000

You really believe this?

373

00:32:10,000 --> 00:32:13,000

I believe she put a dying hex on me, Dr.

374

00:32:13,000 --> 00:32:20,000

There really was a possibility that someone with that strong a belief system could actually be frightened to death.

375

00:32:20,000 --> 00:32:22,000

Larry, I just met with Harold.

376

00:32:22,000 --> 00:32:23,000

Yeah?

377

00:32:23,000 --> 00:32:25,000

You're not going to believe what he told me.

378

00:32:25,000 --> 00:32:26,000

What?

379

00:32:28,000 --> 00:32:29,000

Let's go talk over here.

380

00:32:29,000 --> 00:32:38,000

You know, I considered myself a fairly thorough physician, but yet I was blind to the possibility that anything like a hexing or a cursing had taken place.

381

00:32:38,000 --> 00:32:42,000

So this just didn't have a place in the way I thought the world worked.

382

00:32:44,000 --> 00:32:48,000

But Dr. Hensley's worldview was different. In fact, radically different.

383

00:32:49,000 --> 00:32:50,000

What kind of procedure?

384

00:32:50,000 --> 00:32:54,000

We could take a fingernail of his or some hair and burn it.

385

00:32:54,000 --> 00:32:57,000

Well, I don't know. That sounds pretty far out.

386

00:32:57,000 --> 00:32:58,000

The thing is, if we let...

387

00:32:58,000 --> 00:33:01,000

Dr. Hensley felt there was only one way to cure Harold.

388

00:33:01,000 --> 00:33:07,000

He wanted to use the voodoo techniques he had learned as a child to drive out the evil spirits.

389

00:33:08,000 --> 00:33:13,000

I was confronted with something, for me, that was very, very strange.

390

00:33:13,000 --> 00:33:19,000

I realized, though, that we'd better do something because this man was dying.

391

00:33:21,000 --> 00:33:30,000

We were fearful, and we were convinced at the time that we could be severely reprimanded if not fired.

392

00:33:30,000 --> 00:33:36,000

Therefore, we did this at the slow time of the week, which was late Saturday night.

393

00:33:36,000 --> 00:33:42,000

So no one would witness this ceremony, this de-hexing ritual.

394

00:33:42,000 --> 00:33:44,000

I knew that there had to be a fire.

395

00:33:44,000 --> 00:33:47,000

I knew that we had to have a body part.

396

00:33:48,000 --> 00:33:56,000

And I knew that we had to convince him that we were superior and could overcome the accident that put on him.

397

00:33:58,000 --> 00:34:02,000

Whether by accident or fate, it was a full moon night.

398

00:34:03,000 --> 00:34:05,000

The doctors needed fire.

399

00:34:06,000 --> 00:34:11,000

They lit a drug called mandelamine. It burned with an eerie flame.

400

00:34:12,000 --> 00:34:15,000

This magic is more powerful than any that has come before it.

401

00:34:15,000 --> 00:34:17,000

They needed a lock of hair.

402

00:34:20,000 --> 00:34:22,000

And finally, the incantation.

403

00:34:23,000 --> 00:34:25,000

As your hair burns, the hex is removed.

404

00:34:30,000 --> 00:34:35,000

How, if you bring word of this to anyone, the hex will return twofold.

405

00:34:46,000 --> 00:34:49,000

Hello. How are you doing?

406

00:34:49,000 --> 00:34:50,000

Good morning.

407

00:34:50,000 --> 00:34:52,000

I've got something for you. Oh, and let me get this.

408

00:34:53,000 --> 00:34:57,000

The next morning, to everyone's amazement, Harold was alert and full of life.

409

00:34:57,000 --> 00:34:59,000

Can I have some ham and eggs, too?

410

00:34:59,000 --> 00:35:01,000

Sure, that's what you want.

411

00:35:01,000 --> 00:35:02,000

OK, I'll go get it.

412

00:35:02,000 --> 00:35:03,000

Thank you.

413

00:35:06,000 --> 00:35:07,000

Harold.

414

00:35:08,000 --> 00:35:09,000

Hi, Doctor.

415

00:35:09,000 --> 00:35:10,000

Hi, how are you feeling today?

416

00:35:10,000 --> 00:35:12,000

Much, much, much better.

417

00:35:12,000 --> 00:35:14,000

Looks like your appetite's back, huh?

418

00:35:14,000 --> 00:35:16,000

It was genuine. It was a cure.

419

00:35:17,000 --> 00:35:23,000

Overnight, literally overnight, this man turned the corner from death into life.

420

00:35:23,000 --> 00:35:27,000

This was your basic dramatic, miracle kind of cure.

421

00:35:27,000 --> 00:35:29,000

I don't believe that anything medically cured him.

422

00:35:30,000 --> 00:35:32,000

And I don't know what did.

423

00:35:32,000 --> 00:35:40,000

I know that he believed so strongly in both what was happening to him

424

00:35:40,000 --> 00:35:43,000

and what we were doing to change what was happening to him

425

00:35:43,000 --> 00:35:47,000

that we were able to prevail.

426

00:35:48,000 --> 00:35:52,000

There are a lot of people who are lay people, who are excellent mediums,

427

00:35:52,000 --> 00:35:57,000

who are not necessarily in the priesthood,

428

00:35:57,000 --> 00:36:01,000

who know how to deal with spirit, forces and forms.

429

00:36:01,000 --> 00:36:04,000

And Doctor Hensley did have a background in,

430

00:36:04,000 --> 00:36:08,000

because of his childhoodhood, in dealing with magic.

431

00:36:10,000 --> 00:36:12,000

This magic is more powerful than any other.

432

00:36:12,000 --> 00:36:14,000

Does Voodoo truly work?

433

00:36:14,000 --> 00:36:19,000

Or was Harold's illness and his swift recovery brought on entirely by his own imagination?

434

00:36:19,000 --> 00:36:21,000

The hex is removed.

435

00:36:22,000 --> 00:36:24,000

In order to understand why this man lived,

436

00:36:24,000 --> 00:36:28,000

we have to understand that belief is biology.

437

00:36:28,000 --> 00:36:30,000

Your belief becomes your biology.

438

00:36:30,000 --> 00:36:32,000

There's not the mind here in the body over here.

439

00:36:32,000 --> 00:36:34,000

They're not separate.

440

00:36:34,000 --> 00:36:36,000

So if you wanted to cure this man,

441

00:36:36,000 --> 00:36:38,000

you need not just work on the body,

442

00:36:38,000 --> 00:36:40,000

you could work with the belief system.

443

00:36:40,000 --> 00:36:42,000

This is what all shamans do.

444

00:36:42,000 --> 00:36:45,000

This is what Doctor Hensley did.

445

00:36:51,000 --> 00:36:54,000

No matter what you may believe about Voodoo,

446

00:36:54,000 --> 00:36:58,000

there is no doubt that the mind can be one of medicine's most powerful tools.

447

00:36:58,000 --> 00:37:01,000

Though Harold's doctors never again prescribed Voodoo,

448

00:37:01,000 --> 00:37:05,000

they have always remained open to alternative forms of healing.

449

00:37:08,000 --> 00:37:10,000

Stay tuned.

450

00:37:10,000 --> 00:37:12,000

Perhaps you can help locate a young man

451

00:37:12,000 --> 00:37:16,000

who has no idea that he is inherited more than \$50,000.

452

00:37:29,000 --> 00:37:33,000

Over the years, we have found that every missing person's case has its own unique twist.

453

00:37:33,000 --> 00:37:35,000

Tonight, with your help,

454

00:37:35,000 --> 00:37:37,000

we hope to reunite a family and in the process,

455

00:37:37,000 --> 00:37:41,000

find the long-lost heir to a \$50,000 estate.

456

00:37:44,000 --> 00:37:50,000

Like any teenager, 19-year-old Tim Moaner of Daytona Beach, Florida had his moods.

457

00:37:50,000 --> 00:37:56,000

But by all accounts, they gave no hint of what would happen on January 24, 1984.

458

00:37:59,000 --> 00:38:01,000

Tim, a student in aeronautical mechanics,

459

00:38:01,000 --> 00:38:05,000

simply drove away from home and out of his family's life.

460

00:38:08,000 --> 00:38:14,000

Tim was a rather quiet, sensitive type of person.

461

00:38:14,000 --> 00:38:18,000

But he was always very polite and well-mannered,

462

00:38:18,000 --> 00:38:22,000

and he was doing well in school, was on the Dean's List, in fact.

463

00:38:22,000 --> 00:38:26,000

And he was a very likable person.

464

00:38:26,000 --> 00:38:30,000

I'm really getting worried. He's always so prompt.

465

00:38:31,000 --> 00:38:36,000

Tim's parents grew increasingly frightened as the hours passed, and Tim failed to come home.

466

00:38:41,000 --> 00:38:45,000

His 14-year-old brother, Frank, had been the last family member to see him.

467

00:38:48,000 --> 00:38:52,000

There was a pretty good age difference between us, but we still hung out a lot.

468

00:38:52,000 --> 00:38:55,000

Because, you know, we got along real good and pretty open relationship.

469

00:38:55,000 --> 00:38:59,000

And I could just tell something was bothering him.

470

00:38:59,000 --> 00:39:03,000

I wasn't really saying it seemed like there was a lot going on in his mind.

471

00:39:06,000 --> 00:39:09,000

Two weeks passed, no word from Tim.

472

00:39:09,000 --> 00:39:15,000

The Moaner's first clue came from a gas station in Lake City, Florida, 150 miles north.

473

00:39:15,000 --> 00:39:18,000

On the day he disappeared, Tim had stopped there

474

00:39:18,000 --> 00:39:21,000

and paid for a tank of gas with his parents' credit card.

475

00:39:21,000 --> 00:39:25,000

Do you remember seeing him possibly?

476

00:39:25,000 --> 00:39:28,000

Oh, yeah, yeah. I remember the car. Great car.

477

00:39:28,000 --> 00:39:30,000

You do? You do? Yeah. Touch start.

478

00:39:30,000 --> 00:39:35,000

The attendant recalled that Tim had been traveling alone, but traveling where?

479

00:39:35,000 --> 00:39:37,000

And did you notice anything wrong?

480

00:39:37,000 --> 00:39:39,000

Tim's family could only guess.

481

00:39:39,000 --> 00:39:43,000

Then they received a letter from an auto impound company in Georgia.

482

00:39:45,000 --> 00:39:48,000

The Moaner's learned that six days after Tim vanished,

483

00:39:48,000 --> 00:39:50,000

his car had been abandoned in a parking lot,

484

00:39:50,000 --> 00:39:53,000

one block from Atlanta's Greyhound Bus Terminal.

485

00:39:56,000 --> 00:40:01,000

When we went to inspect the car, we did find his driver's license and wallet

486

00:40:01,000 --> 00:40:05,000

and some identification in our credit card,

487

00:40:05,000 --> 00:40:10,000

which indicated to me that he changed his identity.

488

00:40:10,000 --> 00:40:14,000

In other words, he wanted to start a new life from there on.

489

00:40:15,000 --> 00:40:19,000

One fact was undeniable.

490

00:40:19,000 --> 00:40:24,000

Someone had carefully removed everything of value from the car.

491

00:40:24,000 --> 00:40:27,000

A new stereo, Tim's expensive tool set,

492

00:40:27,000 --> 00:40:31,000

and a 10-speed bike he had packed in the trunk were all missing.

493

00:40:34,000 --> 00:40:38,000

Had Tim Moaner sold his possessions to buy a one-way bus ticket to a new life?

494

00:40:38,000 --> 00:40:42,000

Or was the explanation perhaps more sinister?

495

00:40:43,000 --> 00:40:48,000

I worried mostly about foul play and was afraid that something happened to him

496

00:40:48,000 --> 00:40:53,000

because we have no proof that he drove his car from Lake City, Florida to Atlanta.

497

00:40:55,000 --> 00:40:59,000

Tim Moaner left behind a tangle of conflicting clues.

498

00:40:59,000 --> 00:41:02,000

On one hand, he didn't take any clothes with him.

499

00:41:02,000 --> 00:41:06,000

Perhaps he had never really intended to stay away.

500

00:41:06,000 --> 00:41:08,000

And yet, just before leaving,

501

00:41:08,000 --> 00:41:12,000

Tim had withdrawn nearly all the money from his savings account.

502

00:41:12,000 --> 00:41:17,000

He did, however, leave a balance of \$10, as though to say he might someday return.

503

00:41:19,000 --> 00:41:22,000

I mean, no matter where he is or what he's up to,

504

00:41:22,000 --> 00:41:25,000

it'd be great to see him and just tell him we miss him.

505

00:41:25,000 --> 00:41:29,000

And, you know, kind of curious why he left what have you.

506

00:41:29,000 --> 00:41:32,000

I'm sure, you know, I don't know what the circumstances were,

507

00:41:32,000 --> 00:41:35,000

but, you know, it'd be great to see him.

508

00:41:38,000 --> 00:41:41,000

I'm sure we'll see him again.

509

00:42:04,000 --> 00:42:06,000

Join me two weeks from tonight

510

00:42:06,000 --> 00:42:10,000

for another fascinating edition of Unsolved Mysteries.
