

1

00:00:00,000 --> 00:00:04,000

The End

2

00:00:04,000 --> 00:00:10,000

Tonight on Unsolved Mysteries

3

00:00:10,000 --> 00:00:13,000

Christy Martin of Houston, Texas was talented, attractive,

4

00:00:13,000 --> 00:00:14,000

and intelligent.

5

00:00:14,000 --> 00:00:18,000

She was just 19, poised to take her place in the world.

6

00:00:18,000 --> 00:00:24,000

Then a quiet evening out with friends was shattered by a deadly confrontation.

7

00:00:24,000 --> 00:00:29,000

Tonight, Christy Martin's parents and the authorities in Houston need your help to bring her killers to justice.

8

00:00:29,000 --> 00:00:35,000

Join me for this intriguing new case as well as these fascinating mysteries.

9

00:00:35,000 --> 00:00:40,000

A college athlete bounds from his bed and spins through the frigid winter night.

10

00:00:40,000 --> 00:00:44,000

A young woman dreams of being chased and crashes through her patio door.

11

00:00:44,000 --> 00:00:51,000

Both her Traptilo world science has yet to understand the mysterious world of sleepwalking.

12

00:00:51,000 --> 00:00:56,000

On the day Lois Caprizella was reunited with her birth father's family,

13

00:00:56,000 --> 00:00:59,000

she was stunned to learn that her search was not over.

14

00:00:59,000 --> 00:01:05,000

Perhaps someone watching can help find the twin sister Lois never knew she had.

15

00:01:05,000 --> 00:01:10,000

It took years of constant fighting before Jim and Susan Harrison finally called it quits.

16

00:01:10,000 --> 00:01:13,000

Eight months later, Susan vanished.

17

00:01:13,000 --> 00:01:18,000

Now her children believe Jim Harrison knows exactly what happened to their mother.

18

00:01:18,000 --> 00:01:24,000

In 1988, an arson fire killed six firefighters in Kansas City, Missouri.

19

00:01:24,000 --> 00:01:29,000

Thanks in part to our broadcast, five suspects are now in custody.

20

00:01:29,000 --> 00:01:35,000

Join me for another intriguing edition of Unsolved Mysteries.

21

00:02:25,000 --> 00:02:30,000

What happens when we sleep?

22

00:02:30,000 --> 00:02:36,000

The ancient Egyptians believed that dreams are a window to the future.

23

00:02:36,000 --> 00:02:39,000

But where do dreams come from?

24

00:02:39,000 --> 00:02:43,000

Does a mind work differently when the body is resting?

25

00:02:43,000 --> 00:02:48,000

What happens when a person is suspended between wakefulness and sleep?

26

00:02:48,000 --> 00:02:52,000

This man was filmed at a university laboratory.

27

00:02:52,000 --> 00:02:54,000

He is sound asleep.

28

00:02:54,000 --> 00:02:59,000

And though he is hooked up for some of the most sophisticated monitoring devices known to science,

29

00:02:59,000 --> 00:03:06,000

no one can say why he is crawling around as though he were wide awake.

30

00:03:06,000 --> 00:03:11,000

It's a world beyond dreams, a mysterious world of sleepwalking.

31

00:03:11,000 --> 00:03:14,000

Though often, the world is a dream.

32

00:03:14,000 --> 00:03:17,000

A mysterious world of sleepwalking.

33

00:03:17,000 --> 00:03:24,000

Though often portrayed as harmless or amusing, sleepwalking can in reality be dangerous, even deadly.

34

00:03:24,000 --> 00:03:29,000

Tonight, two young athletes push to the edge by life-threatening sleep disorders.

35

00:03:29,000 --> 00:03:35,000

First, the strange and tragic case of Jared Allgood.

36

00:03:35,000 --> 00:03:38,000

A talented football player during his waking hours,

37

00:03:38,000 --> 00:03:42,000

Jared Allgood was an habitual sleepwalker at night.

38

00:03:42,000 --> 00:03:46,000

From the time he was a young boy, Jared was known to wander around the house,

39

00:03:46,000 --> 00:03:51,000

slamming doors and occasionally bumping into walls, but never awakening.

40

00:03:51,000 --> 00:03:56,000

He was a major sleepwalker, and all of my boys are.

41

00:03:56,000 --> 00:03:59,000

And that scared me, and I talk about it, and I'd ask the doctors about it.

42

00:03:59,000 --> 00:04:02,000

And they would just pretty much poo-poo it.

43

00:04:02,000 --> 00:04:07,000

Like, it's really nothing, because I had asked quite a few times in their lives,

44

00:04:07,000 --> 00:04:09,000

all of my children in their lives, you know, is this normal?

45

00:04:09,000 --> 00:04:13,000

Are they supposed to be doing this, you know?

46

00:04:13,000 --> 00:04:16,000

When Jared went to college in aisle, the episodes continued.

47

00:04:16,000 --> 00:04:26,000

None were serious, until the early morning hours of February 9, 1993.

48

00:04:26,000 --> 00:04:32,000

Jared was up, his eyes wide open, but he was not awake.

49

00:04:32,000 --> 00:04:36,000

Jared ran more than a mile barefoot on the icy pavement.

50

00:04:36,000 --> 00:04:42,000

Witnesses later reported that he spread it with the urgency of a runner at the finish line.

51

00:04:42,000 --> 00:04:51,000

People who have these episodes spontaneously, like Jared, get stuck in this state between wakefulness and sleep.

52

00:04:51,000 --> 00:04:56,000

They're awake enough to perform complex behaviors, not awake enough to be aware of what we're doing,

53

00:04:56,000 --> 00:05:00,000

or responsible for what we're doing.

54

00:05:00,000 --> 00:05:04,000

Somehow in his sleep, Jared had managed to exit his apartment,

55

00:05:04,000 --> 00:05:08,000

park around parked cars, and turn corners as he ran.

56

00:05:08,000 --> 00:05:12,000

Then in mid-stride, tragedy.

57

00:05:12,000 --> 00:05:15,000

HONK, HONK, HONK, HONK!

58

00:05:19,000 --> 00:05:22,000

Jared Allgood died instantly.

59

00:05:22,000 --> 00:05:25,000

Initially, a thought he speculated that he had committed suicide.

60

00:05:25,000 --> 00:05:28,000

Jared's mother didn't buy it.

61

00:05:28,000 --> 00:05:30,000

When Becky Allgood talked to her son's roommate,

62

00:05:30,000 --> 00:05:36,000

she told her that Jared had been having a recurrent dream that involved a man from the nearby town of Bertram.

63

00:05:36,000 --> 00:05:40,000

Jared said, it's a crazy dream. I'm running a race with a man from Bertram.

64

00:05:40,000 --> 00:05:47,000

Only the man is in a car, and I'm on foot, running a race, as hard as I can run.

65

00:05:47,000 --> 00:05:51,000

Was Jared playing out his jumbled dream the night he died?

66

00:05:51,000 --> 00:05:54,000

Some might dismiss it as mere coincidence.

67

00:05:54,000 --> 00:06:00,000

But Jared was killed as he raced down State Highway 30, the highway that leads to Bertram.

68

00:06:03,000 --> 00:06:07,000

Becky Allgood became absolutely convinced that her son had not taken his own life.

69

00:06:07,000 --> 00:06:10,000

The experts agreed.

70

00:06:10,000 --> 00:06:14,000

There was not one shred of evidence that he had depression,

71

00:06:14,000 --> 00:06:17,000

or any other reason to commit suicide.

72

00:06:17,000 --> 00:06:20,000

There was no evidence of drugs or alcohol involved.

73

00:06:20,000 --> 00:06:23,000

There was absolutely no reason in the world for him to have been out there,

74

00:06:23,000 --> 00:06:28,000

and the whole circumstance was so inappropriate that the only reasonable explanation

75

00:06:28,000 --> 00:06:32,000

is that this was yet just another one of his sleepwalking episodes.

76

00:06:32,000 --> 00:06:36,000

In the end, authorities bowed to the evidence.

77

00:06:36,000 --> 00:06:40,000

Jared had apparently been sound asleep from the moment he got out of bed

78

00:06:40,000 --> 00:06:43,000

to the moment he was killed on the highway.

79

00:06:43,000 --> 00:06:50,000

Jared Allgood became the first person in Iowa history whose death was ascribed to sleepwalking.

80

00:06:50,000 --> 00:06:55,000

When I hear stories about Jared Allgood, I think that possibly could have been me,

81

00:06:55,000 --> 00:06:59,000

and that scares me to think that.

82

00:06:59,000 --> 00:07:03,000

Like Jared, Heidi Ruiz is a dedicated athlete.

83

00:07:03,000 --> 00:07:06,000

Her sleepwalking began in 1991.

84

00:07:06,000 --> 00:07:09,000

She was attending college on a track and field scholarship

85

00:07:09,000 --> 00:07:13,000

and felt a crushing pressure to perform.

86

00:07:13,000 --> 00:07:30,000

Heidi's sleepwalking invariably seemed rooted in a nameless, faceless terror.

87

00:07:30,000 --> 00:07:34,000

I wasn't running from a particular person or a thing.

88

00:07:34,000 --> 00:07:38,000

I was just running because I felt like it was the end of the world.

89

00:07:38,000 --> 00:07:44,000

The scariest part was not knowing what I was doing

90

00:07:44,000 --> 00:07:50,000

and the feeling that I had inside when I woke up out of the night terror.

91

00:07:50,000 --> 00:07:52,000

I just, I can't even explain it.

92

00:07:52,000 --> 00:07:56,000

It was like a monster inside me trying to get out.

93

00:07:56,000 --> 00:07:59,000

I heard a blood curdling scream.

94

00:07:59,000 --> 00:08:03,000

Heidi's mother witnessed two of the most violent episodes.

95

00:08:03,000 --> 00:08:07,000

All of a sudden, bang, two big hits where I could hear her coming through doors.

96

00:08:07,000 --> 00:08:09,000

Help me!

97

00:08:11,000 --> 00:08:15,000

I have to tell you, the force of her running through that hall I will never forget

98

00:08:15,000 --> 00:08:20,000

because of the tear, the looking of tear on her face was so incredible.

99

00:08:20,000 --> 00:08:26,000

And for a mom to not know what to do in order for her not to be able to hurt herself again

100

00:08:26,000 --> 00:08:30,000

was a real scary thing, real scary.

101

00:08:30,000 --> 00:08:36,000

I had the biggest episode was in my mom's house back in August of 1995.

102

00:08:37,000 --> 00:08:42,000

I must have gotten out of bed and took one step and bolted straight into the wall.

103

00:08:49,000 --> 00:08:52,000

The impact tore open Heidi's forehead.

104

00:08:52,000 --> 00:08:55,000

She gashed her wrist as she fell to the floor.

105

00:08:55,000 --> 00:08:57,000

Did you fall down, honey?

106

00:08:57,000 --> 00:08:59,000

I decided I couldn't handle anymore.

107

00:08:59,000 --> 00:09:04,000

I was terrified and I said, I need to get, go seek help.

108

00:09:05,000 --> 00:09:10,000

Heidi was tested at the world renowned Stanford University Sleep Clinic in Northern California.

109

00:09:10,000 --> 00:09:12,000

Both of you have a different look completely here.

110

00:09:12,000 --> 00:09:14,000

I had electrodes all over my head.

111

00:09:14,000 --> 00:09:16,000

I had a pulse on my finger.

112

00:09:16,000 --> 00:09:18,000

I mean, I was hooked up.

113

00:09:18,000 --> 00:09:20,000

Like, I felt like I was from Mars.

114

00:09:20,000 --> 00:09:25,000

It was very, very uncomfortable, but it was an extensive test

115

00:09:25,000 --> 00:09:27,000

and they had to see what was going on with me.

116

00:09:27,000 --> 00:09:29,000

We went through a testing process here in a moment or so.

117

00:09:29,000 --> 00:09:33,000

We wanted to see if we might be able to capture a sleepwalking episode,

118

00:09:33,000 --> 00:09:36,000

but that can be rare because it might not occur every night.

119

00:09:36,000 --> 00:09:41,000

But secondly, we also wanted to draw the possibility that it wasn't something else,

120

00:09:41,000 --> 00:09:45,000

such as seizure activity, a sleep-related breathing disorder,

121

00:09:45,000 --> 00:09:51,000

or even leg movements that were causing the person to awake and triggering off an attack.

122

00:09:51,000 --> 00:09:56,000

In Heidi's case, we really didn't see any of those triggers.

123

00:09:57,000 --> 00:10:02,000

While Dr. Kushida could find no physiological causes for Heidi's sleepwalking,

124

00:10:02,000 --> 00:10:06,000

he was able to pinpoint circumstances likely to kick off an episode.

125

00:10:08,000 --> 00:10:10,000

There's a lot of different triggers.

126

00:10:10,000 --> 00:10:12,000

One of them is sleep deprivation.

127

00:10:12,000 --> 00:10:18,000

That's known to definitely increase the chance of sleepwalking if the person is sleep deprived.

128

00:10:18,000 --> 00:10:25,000

Secondly, stress can also increase the chance that the person might have sleepwalking.

129

00:10:27,000 --> 00:10:30,000

Both Heidi Ruiz and Jared Algood fit that pattern.

130

00:10:30,000 --> 00:10:35,000

Their sleepwalking faded up under heavy emotional pressure and lack of sleep.

131

00:10:35,000 --> 00:10:41,000

Heidi has now brought her sleepwalking under control through medication and careful stress management.

132

00:10:42,000 --> 00:10:49,000

Unfortunately, a lot of sleep is still a mystery, a big mystery in terms of a lot of the causes of these sleep disorders,

133

00:10:49,000 --> 00:10:53,000

but it's something that we're all trying to really work hard on.

134

00:10:54,000 --> 00:11:01,000

The phantasmagoric world of sleep and dreams, once the domain of poets, has become the target of mainstream research.

135

00:11:02,000 --> 00:11:08,000

But after decades of testing, scientists can still only ponder the mysteries of the night.

136

00:11:12,000 --> 00:11:16,000

It is important to note that while researchers cannot fully explain sleepwalking,

137

00:11:16,000 --> 00:11:19,000

they are able to control it in most cases.

138

00:11:19,000 --> 00:11:25,000

If you or someone you know is suffering from a serious sleep disorder, it should not be ignored.

139

00:11:25,000 --> 00:11:28,000

Please consult a trained physician.

140

00:11:29,000 --> 00:11:32,000

The End

141

00:11:43,000 --> 00:11:48,000

Everyone knows that you're going to die sometime in your life, but you expect to die when you're old, not when you're 19 years old.

142

00:11:49,000 --> 00:11:56,000

I think if Christy would have died from sickness or in a car wreck, it would just be a lot easier to accept

143

00:11:56,000 --> 00:12:02,000

than the fact that she was actually murdered because it was just senseless and there was no reason for it at all.

144

00:12:03,000 --> 00:12:11,000

Christy Martin, an honor roll student and former high school cheerleader, was gunned down two days before Christmas in 1995.

145

00:12:12,000 --> 00:12:20,000

That Friday evening, she and a friend named Wendy Wright double dated with two brothers, Joe and Sal Barrera.

146

00:12:22,000 --> 00:12:28,000

The four had known each other in high school. Christmas break from college was a perfect time to reconnect.

147

00:12:31,000 --> 00:12:39,000

Just 15 miles, yet worlds distant from the restaurant, members of an East Houston street gang were cranking up their Friday night.

148

00:12:41,000 --> 00:12:44,000

What's up, Holmes? What's up, Flocko? Come on over here, man.

149

00:12:45,000 --> 00:12:54,000

On the night of the homicide, Jose Luis Rios, who's a gang named as Flocko and Jorge Mendes were out that night

150

00:12:54,000 --> 00:13:01,000

riding around drinking looking for some kind of problems to get into, looking to do something wild.

151

00:13:01,000 --> 00:13:03,000

Hey, what the where's the party at?

152

00:13:03,000 --> 00:13:12,000

I've dealt with Flocko before. He's told people in the past that it was the ultimate rush, the ultimate hide to shoot somebody.

153

00:13:16,000 --> 00:13:22,000

Across town, the two couples finished their meal. They headed to River Terrace Park, a popular hangout for generations.

154

00:13:23,000 --> 00:13:25,000

Christy's dad had gone there as a child.

155

00:13:26,000 --> 00:13:36,000

When we were kids, we fished there, crabbed there, we pignecked there. You never had to worry about anybody bothering you for any reason.

156

00:13:36,000 --> 00:13:44,000

It was just a nice place to take your family. That might be why one of the reasons the kids went there, they felt safe there.

157

00:13:44,000 --> 00:13:47,000

Man, I'm cold. I'm looking inside. Want to go inside?

158

00:13:47,000 --> 00:13:48,000

Yeah.

159

00:13:48,000 --> 00:13:49,000

Christy, do you want to go for a walk?

160

00:13:49,000 --> 00:13:50,000

I'll go for a walk, yeah.

161

00:13:51,000 --> 00:13:55,000

Unbeknownst to Christy and her friends, the park was no longer neutral territory.

162

00:13:55,000 --> 00:13:59,000

Flocko's gang liked to think it was theirs and theirs alone.

163

00:13:59,000 --> 00:14:01,000

Is that over there, is it?

164

00:14:01,000 --> 00:14:04,000

I don't know. Let's go check it out.

165

00:14:04,000 --> 00:14:05,000

You want to?

166

00:14:05,000 --> 00:14:06,000

Yeah.

167

00:14:06,000 --> 00:14:07,000

Let's go.

168

00:14:07,000 --> 00:14:08,000

Hurry, hurry, hurry.

169

00:14:08,000 --> 00:14:09,000

Let's go, hurry, hurry.

170

00:14:09,000 --> 00:14:10,000

Hurry, hurry, hurry.

171

00:14:10,000 --> 00:14:11,000

Hurry, hurry, hurry.

172

00:14:11,000 --> 00:14:12,000

Hurry, hurry, hurry.

173

00:14:12,000 --> 00:14:13,000

Yeah.

174

00:14:13,000 --> 00:14:21,000

We were just sitting there talking. When the truck drove up, I couldn't see it because my back was towards them.

175

00:14:21,000 --> 00:14:28,000

Sal Barera, who still lives in Houston, asked that we obscure his features for this interview.

176

00:14:28,000 --> 00:14:35,000

I thought it was just somebody else going to park next to us, you know, so they could, you know, do whatever they wanted to do.

177

00:14:35,000 --> 00:14:38,000

What's up? Come here.

178

00:14:38,000 --> 00:14:40,000

I'm great with these guys.

179

00:14:40,000 --> 00:14:42,000

Hey, I almost hung up with you.

180

00:14:42,000 --> 00:14:44,000

We probably need to go, okay?

181

00:14:44,000 --> 00:14:45,000

No, look, it's normal.

182

00:14:45,000 --> 00:14:46,000

Can we just go?

183

00:14:46,000 --> 00:14:47,000

We're probably going to go?

184

00:14:47,000 --> 00:14:48,000

Come on!

185

00:14:48,000 --> 00:14:49,000

Let's go!

186

00:14:49,000 --> 00:14:51,000

I got it, I got it, I got it.

187

00:15:05,000 --> 00:15:09,000

I crawled as fast as I could to the front of my car.

188

00:15:09,000 --> 00:15:13,000

About the time I got to the front, they took off.

189

00:15:13,000 --> 00:15:21,000

I just see Christie, you know, on the floor, just, you know, laying there.

190

00:15:21,000 --> 00:15:28,000

I just ran over there towards her and I was talking to her and yelling, please don't go, don't leave us.

191

00:15:28,000 --> 00:15:31,000

Oh God, Chris, Christie!

192

00:15:31,000 --> 00:15:37,000

She's just there and breathing slowly and just staring at you.

193

00:15:37,000 --> 00:15:39,000

You knew she was already going to die.

194

00:15:39,000 --> 00:15:48,000

I mean, she had the glare in her eye like she was trying to look at you but looking past you, you know.

195

00:15:48,000 --> 00:15:52,000

Wendy Wright and the Barrera brothers escaped without serious injury.

196

00:15:52,000 --> 00:15:57,000

However, Christie Martin had taken a direct hit from a semi-automatic assault rifle.

197

00:15:57,000 --> 00:16:00,000

She died at the scene.

198

00:16:00,000 --> 00:16:04,000

When Christie didn't come home, my concern was maybe she had a car accident.

199

00:16:05,000 --> 00:16:09,000

I never dreamed in a million years it would be something such as a drive-by shooting because

200

00:16:09,000 --> 00:16:15,000

I guess I just assumed that only happened to other people, that it didn't happen to somebody that was a good person

201

00:16:15,000 --> 00:16:19,000

and that wasn't involved in gangs, you know, any way at all.

202

00:16:21,000 --> 00:16:28,000

Six days after the shooting, Jose Rios alias Flaco was formally charged with killing Christie Martin.

203

00:16:28,000 --> 00:16:33,000

He and Jorge Mendez, who reportedly drove the getaway truck at previous run-ins with the law,

204

00:16:33,000 --> 00:16:36,000

Mendez was also charged with murder.

205

00:16:39,000 --> 00:16:43,000

Four weeks before the attack, Mendez had legally purchased the assault rifle,

206

00:16:43,000 --> 00:16:46,000

allegedly used by Flaco in the killing.

207

00:16:47,000 --> 00:16:53,000

It's hard to swallow that these kids are able to get out there and buy assault type weapons

208

00:16:53,000 --> 00:16:56,000

and then to come back and just fire them at will or anybody they want.

209

00:16:56,000 --> 00:17:02,000

Well, the type of gun that this man bought, I don't even call him a man, this animal bought,

210

00:17:02,000 --> 00:17:05,000

is sold to kill people.

211

00:17:07,000 --> 00:17:11,000

He bragged to some of his gang members that he was going to kill somebody with it.

212

00:17:11,000 --> 00:17:14,000

He bought this gun to kill somebody again.

213

00:17:15,000 --> 00:17:17,000

Just so happened it was our daughter.

214

00:17:22,000 --> 00:17:24,000

Flaco has now been linked to a second killing.

215

00:17:24,000 --> 00:17:30,000

In March of 1996, an uncle of Jorge Mendez was gunned down at an intersection.

216

00:17:32,000 --> 00:17:39,000

The uncle had told Jorge, along with Flaco, that if they didn't turn themselves in,

217

00:17:39,000 --> 00:17:42,000

that he would call the police on him himself.

218

00:17:43,000 --> 00:17:48,000

And within two days of that reported meeting between him, he ends up being shot.

219

00:17:49,000 --> 00:17:58,000

The information we're picking up off the street is that Jose Luis Rios Flaco is also taking credit for that homicide.

220

00:17:59,000 --> 00:18:08,000

While Flaco runs free, Brian and Judy Martin are already starting to dread the one year anniversary of their daughter's funeral.

221

00:18:08,000 --> 00:18:10,000

Christmas Eve.

222

00:18:11,000 --> 00:18:13,000

Christmas will be really hard from now on.

223

00:18:14,000 --> 00:18:16,000

It just will never be the same.

224

00:18:16,000 --> 00:18:20,000

So it's really a sad time and I know Christmas should be a happy time,

225

00:18:20,000 --> 00:18:26,000

but I can't imagine it being any sadder than Christmas Eve will be this year without Christy.

226

00:18:26,000 --> 00:18:29,000

Losing your mother or a brother, I mean that's rough.

227

00:18:29,000 --> 00:18:30,000

I've lost them both.

228

00:18:30,000 --> 00:18:33,000

My dad, both my parents have died, my brother has died.

229

00:18:34,000 --> 00:18:37,000

All I have left is my family, my immediate family.

230

00:18:37,000 --> 00:18:43,000

And when you lose a child, it takes a big hunk out of your heart.

231

00:18:46,000 --> 00:18:51,000

Jose Luis Rios, also known as Flaco, is a Lean 5'7", 130.

232

00:18:51,000 --> 00:18:55,000

He has numerous tattoos, two teardrops under his left eye,

233

00:18:55,000 --> 00:18:58,000

a knife sticking into his skull on his right forearm,

234

00:18:58,000 --> 00:19:01,000

and on his left middle finger, the outline of a cross.

235

00:19:18,000 --> 00:19:23,000

Next, a joyous family reunion gives rise to an intriguing unsolved mystery.

236

00:19:23,000 --> 00:19:26,000

Does this woman have an identical twin sister?

237

00:19:27,000 --> 00:19:30,000

Also an active arson leaves six firefighters dead.

238

00:19:30,000 --> 00:19:34,000

Eight years later, the hunt for suspects comes to a close.

239

00:19:48,000 --> 00:19:51,000

You may recall these dramatic scenes from a previous broadcast.

240

00:19:51,000 --> 00:19:54,000

Firefighters in Kansas City, Missouri,

241

00:19:54,000 --> 00:19:57,000

volunteered to help us recreate an unsolved crime

242

00:19:57,000 --> 00:19:59,000

that left six of their comrades dead.

243

00:20:02,000 --> 00:20:04,000

On November 29, 1988,

244

00:20:04,000 --> 00:20:08,000

Humper's 30 and 41 were called to a construction site

245

00:20:08,000 --> 00:20:10,000

where a traitor had been torched by arsonists.

246

00:20:12,000 --> 00:20:14,000

There were explosives at the scene,

247

00:20:14,000 --> 00:20:18,000

but a survey of the area suggested they had been secured in storage sheds

248

00:20:18,000 --> 00:20:19,000

known as bunkers.

249

00:20:21,000 --> 00:20:24,000

Just the fact that the bunker was there, in fact, there was two bunkers there,

250

00:20:24,000 --> 00:20:27,000

led that captain to believe that's where the explosives was,

251

00:20:27,000 --> 00:20:31,000

and this trailer was just a regular normal construction trailer

252

00:20:31,000 --> 00:20:35,000

with tools and equipment in it, and therefore there was no danger.

253

00:20:35,000 --> 00:20:38,000

However, when the department supervisor arrived,

254

00:20:38,000 --> 00:20:42,000

he learned that there were in fact large quantities of explosives inside the trailer.

255

00:20:43,000 --> 00:20:45,000

Let's get them out of there, John.

256

00:20:46,000 --> 00:20:47,000

106.

257

00:20:51,000 --> 00:20:54,000

Humper's 41 or Pumber 30, answer.

258

00:20:59,000 --> 00:21:02,000

Humper's 41 or Pumber 30, answer.

259

00:21:09,000 --> 00:21:12,000

Sunrise confirmed what Kansas City had been dreading.

260

00:21:12,000 --> 00:21:15,000

Six of their firemen were killed in the fire.

261

00:21:15,000 --> 00:21:17,000

The fire was set on fire,

262

00:21:17,000 --> 00:21:20,000

and the Sunrise confirmed what Kansas City had been dreading.

263

00:21:20,000 --> 00:21:23,000

Six of their firefighters were dead.

264

00:21:29,000 --> 00:21:34,000

I guess I feel like if I knew who did it, we'd know why they did it,

265

00:21:34,000 --> 00:21:38,000

and I don't think they were trying to kill six firemen,

266

00:21:38,000 --> 00:21:42,000

but somebody was trying to do something to somebody,

267

00:21:42,000 --> 00:21:45,000

and six men are gone.

268

00:21:45,000 --> 00:21:49,000

The shocking crime triggered the biggest manhunt in the city's history,

269

00:21:49,000 --> 00:21:53,000

but after nearly eight years, those responsible were still running free.

270

00:21:53,000 --> 00:21:57,000

Then Kansas City firemen pushed aside painful memories

271

00:21:57,000 --> 00:21:59,000

to help us get this story on the air.

272

00:21:59,000 --> 00:22:01,000

Keely Shay Smith has more.

273

00:22:02,000 --> 00:22:05,000

Bob, the efforts of the Kansas City Fire Department

274

00:22:05,000 --> 00:22:07,000

paid off in a big way.

275

00:22:07,000 --> 00:22:10,000

More than 600 calls poured into our phone center

276

00:22:10,000 --> 00:22:12,000

and two hotlines set up by local authorities.

277

00:22:12,000 --> 00:22:17,000

The infusion of new leads led directly to the indictment of five suspects.

278

00:22:18,000 --> 00:22:22,000

When the long-awaited news was announced at a press conference last June,

279

00:22:22,000 --> 00:22:25,000

the excitement was tempered by lingering emotions.

280

00:22:25,000 --> 00:22:31,000

Even though it was very difficult for many of us who participated in that recreation at that event,

281

00:22:31,000 --> 00:22:35,000

it came at a time when many of our spirits were down,

282

00:22:35,000 --> 00:22:40,000

leads that wouldn't fall, and we needed a lift, and we got a lift.

283

00:22:41,000 --> 00:22:45,000

All five suspects are now facing a federal arson charge.

284

00:22:45,000 --> 00:22:50,000

George Frank Shepherd, his brother Earl, their nephew Brian Shepherd,

285

00:22:50,000 --> 00:22:56,000

Frank Shepherd's girlfriend, Darlene Edwards, and Richard W. Brown.

286

00:22:57,000 --> 00:23:01,000

Citing the pending trial, authorities declined to speculate on motive

287

00:23:01,000 --> 00:23:05,000

if convicted the suspects could spend the rest of their lives in prison.

288

00:23:10,000 --> 00:23:14,000

The case was reported to the Kansas City Fire Department

289

00:23:14,000 --> 00:23:19,000

in June, 2017, when the case was reported to the Kansas City Fire Department.

290

00:23:19,000 --> 00:23:23,000

The case was reported to the Kansas City Fire Department

291

00:23:23,000 --> 00:23:28,000

in June, 2017, when the case was reported to the Kansas City Fire Department.

292

00:23:41,000 --> 00:23:47,000

Tonight is November 8th, 1996, and somewhere a young woman is likely celebrating her 33rd birthday.

293

00:23:47,000 --> 00:23:52,000

She has no idea that she has an entire clan of loving relatives eager to meet her.

294

00:23:52,000 --> 00:23:56,000

With your help, she may find out tonight.

295

00:24:00,000 --> 00:24:05,000

July 21st, 1995, El Tidina, California.

296

00:24:05,000 --> 00:24:10,000

It was a day of homecoming. A day Marjorie Kim and her long-lost granddaughter

297

00:24:10,000 --> 00:24:13,000

Lois Capizello will never forget.

298

00:24:15,000 --> 00:24:23,000

We all felt just a click. The minute we met, it's hard to explain how total strangers

299

00:24:23,000 --> 00:24:29,000

who know nothing about each other can just click and bond in a matter of moments, within one hug.

300

00:24:29,000 --> 00:24:37,000

It was like an answer to a prayer that I had prayed for 32 years, knowing that she was out there.

301

00:24:37,000 --> 00:24:40,000

We've been anxious as much, waiting.

302

00:24:40,000 --> 00:24:46,000

32 years, Lois and Marjorie had waited to meet each other, but it was hardly the end of the search.

303

00:24:46,000 --> 00:24:52,000

In fact, it was just the beginning of a new quest. The quest neither had imagined possible.

304

00:24:53,000 --> 00:25:00,000

Lois Capizello was born in November of 1963 and adopted almost immediately.

305

00:25:00,000 --> 00:25:06,000

Her birth father was Marjorie Kim's son, John, a policeman who died in 1979.

306

00:25:06,000 --> 00:25:13,000

Years before, when John was only 17, he learned that his high school sweetheart, Judy, was pregnant.

307

00:25:13,000 --> 00:25:17,000

The news threw both households into turmoil.

308

00:25:18,000 --> 00:25:23,000

By the time Lois was born, the families were barely on speaking terms.

309

00:25:23,000 --> 00:25:28,000

Marjorie had wanted to adopt the baby, but Judy's parents would not permit it.

310

00:25:28,000 --> 00:25:33,000

Judy's sister came by on the slide to give Marjorie word of the birth.

311

00:25:35,000 --> 00:25:37,000

Oh, hi Patty. Hi. Come on in.

312

00:25:37,000 --> 00:25:40,000

No, I can't. I've got to get back home.

313

00:25:40,000 --> 00:25:44,000

Look, I just wanted to tell you that Judy gave birth today.

314

00:25:44,000 --> 00:25:45,000

Oh, gosh.

315

00:25:45,000 --> 00:25:47,000

A boy or a girl?

316

00:25:47,000 --> 00:25:49,000

Twins. Girls.

317

00:25:49,000 --> 00:25:51,000

Wonderful.

318

00:25:51,000 --> 00:25:54,000

But one of them died.

319

00:25:54,000 --> 00:25:58,000

Oh, poor Judy. How's she doing?

320

00:25:58,000 --> 00:26:00,000

She's doing all right.

321

00:26:00,000 --> 00:26:02,000

Well, can I come see her?

322

00:26:02,000 --> 00:26:05,000

No, I don't think that would be a good idea.

323

00:26:05,000 --> 00:26:08,000

Look, I've got to get going.

324

00:26:08,000 --> 00:26:10,000

I'll give her my best.

325

00:26:10,000 --> 00:26:12,000

And thanks for coming.

326

00:26:12,000 --> 00:26:14,000

Sure.

327

00:26:15,000 --> 00:26:18,000

It was not a happy time.

328

00:26:18,000 --> 00:26:24,000

And that date always stuck in my mind over the years.

329

00:26:24,000 --> 00:26:29,000

It should be two, it should be three, it should be four, it should be five.

330

00:26:29,000 --> 00:26:31,000

On through the years.

331

00:26:33,000 --> 00:26:37,000

Those painful thoughts continued until the day of the reunion.

332

00:26:37,000 --> 00:26:42,000

The introductions were barely over when Marjorie and Lois realize that the past

333

00:26:42,000 --> 00:26:44,000

still held a perplexing mystery.

334

00:26:44,000 --> 00:26:46,000

I want to see you too, Grandma.

335

00:26:46,000 --> 00:26:48,000

You should have come back.

336

00:26:48,000 --> 00:26:50,000

What do you mean?

337

00:26:50,000 --> 00:26:52,000

Honey, you should have come back.

338

00:26:52,000 --> 00:26:57,000

I'd never been to her house before, so to have someone tell me why didn't I come back,

339

00:26:57,000 --> 00:27:01,000

I was very confused and I said, I don't understand what you're asking me

340

00:27:01,000 --> 00:27:03,000

and she was, well, you've been here before.

341

00:27:03,000 --> 00:27:06,000

Yes, you were, honey. About 15 years ago, huh, Derek?

342

00:27:06,000 --> 00:27:10,000

Lois' cousin, Derek Stain, remembered vividly.

343

00:27:10,000 --> 00:27:15,000

I was in front and I was riding my bike

344

00:27:15,000 --> 00:27:20,000

and a car pulled out and a girl got out.

345

00:27:20,000 --> 00:27:23,000

Grandma, there's somebody here.

346

00:27:25,000 --> 00:27:27,000

Hi.

347

00:27:27,000 --> 00:27:29,000

Can I help you?

348

00:27:29,000 --> 00:27:31,000

I'm looking for Judy Kim.

349

00:27:31,000 --> 00:27:33,000

Does she live here?

350

00:27:33,000 --> 00:27:37,000

Well, this is the Kim residence, but I'm sorry, there's no Judy here.

351

00:27:37,000 --> 00:27:39,000

There isn't?

352

00:27:39,000 --> 00:27:42,000

Well, do you know any Judy Kim?

353

00:27:42,000 --> 00:27:45,000

I'm sorry.

354

00:27:45,000 --> 00:27:48,000

Is there somewhere I could help you?

355

00:27:48,000 --> 00:27:50,000

No.

356

00:27:50,000 --> 00:27:52,000

No, it's okay.

357

00:27:52,000 --> 00:27:55,000

I'm sorry to bother you.

358

00:27:55,000 --> 00:27:57,000

Thanks.

359

00:28:03,000 --> 00:28:06,000

Why does that girl look so familiar?

360

00:28:06,000 --> 00:28:09,000

I know her from somewhere.

361

00:28:10,000 --> 00:28:13,000

It was Derek who made the connection.

362

00:28:13,000 --> 00:28:16,000

She sure looked like Uncle John.

363

00:28:20,000 --> 00:28:24,000

And then it hit me and to myself, I said,

364

00:28:24,000 --> 00:28:26,000

Dear God, I let her leave.

365

00:28:26,000 --> 00:28:29,000

It was Johnny's daughter and I let her leave.

366

00:28:29,000 --> 00:28:32,000

She said, she looked just like your father, she looked like you.

367

00:28:32,000 --> 00:28:35,000

You know, I don't understand. If you haven't been here, who was it?

368

00:28:35,000 --> 00:28:37,000

My twin.

369

00:28:37,000 --> 00:28:39,000

But she died.

370

00:28:39,000 --> 00:28:41,000

What if she didn't?

371

00:28:41,000 --> 00:28:43,000

Oh, God, Lois.

372

00:28:43,000 --> 00:28:45,000

Oh, God.

373

00:28:45,000 --> 00:28:47,000

It's like a little thing in your stomach just kind of clenches up

374

00:28:47,000 --> 00:28:49,000

and you're just thinking, oh, my God, you know, she didn't die.

375

00:28:49,000 --> 00:28:51,000

She's alive and she's, you know,

376

00:28:51,000 --> 00:28:54,000

walking around there somewhere searching, just as I did.

377

00:28:57,000 --> 00:29:01,000

Adoption agencies often try to keep twins together.

378

00:29:01,000 --> 00:29:04,000

Lois and the Kims now suspect someone claimed

379

00:29:04,000 --> 00:29:08,000

that one twin died in order to make it easier to place the babies.

380

00:29:08,000 --> 00:29:11,000

Lois looked for a death certificate for her twin.

381

00:29:11,000 --> 00:29:14,000

But despite a thorough search, she found nothing.

382

00:29:16,000 --> 00:29:20,000

I think the lack of any of that information proves to me that she is alive.

383

00:29:20,000 --> 00:29:25,000

And that that girl who came to the door was my twin sister.

384

00:29:27,000 --> 00:29:30,000

I'm looking for Judy Kim. Does she live here?

385

00:29:30,000 --> 00:29:32,000

Well, this is the Kim residence.

386

00:29:32,000 --> 00:29:34,000

When Lois contacted her birth mother's family,

387

00:29:34,000 --> 00:29:37,000

they told an almost identical story.

388

00:29:37,000 --> 00:29:42,000

A mysterious young girl had shown up at their home at around the same time.

389

00:29:42,000 --> 00:29:44,000

Is there somewhere I could help you?

390

00:29:44,000 --> 00:29:51,000

I am sure in my heart that the girl that came to my house 15, 16 years ago

391

00:29:51,000 --> 00:29:55,000

was my son, John's daughter, the twin.

392

00:29:56,000 --> 00:30:01,000

I would love with all my heart to see her, to be able to see her.

393

00:30:01,000 --> 00:30:04,000

Like God answered, my prayer was with Lois.

394

00:30:04,000 --> 00:30:07,000

Let's sit on the knee, Joey.

395

00:30:08,000 --> 00:30:13,000

For Lois, finding her father's family has been a wonderfully rich and rewarding experience.

396

00:30:13,000 --> 00:30:17,000

An experience she hopes to soon share with her twin sister.

397

00:30:19,000 --> 00:30:25,000

She has a family who loves her, who'd like to get to know her.

398

00:30:25,000 --> 00:30:28,000

We may have missed the first 30 years or so of our life,

399

00:30:28,000 --> 00:30:31,000

but we have many more to get to know each other.

400

00:30:31,000 --> 00:30:34,000

And I'd like to meet her and have her be a part of my life.

401

00:30:37,000 --> 00:30:41,000

Lois' twin sister was born at St. Anne's Maternity Hospital in Los Angeles.

402

00:30:41,000 --> 00:30:47,000

The date on the birth certificate would be either November 8th or November 13th, 1963.

403

00:30:47,000 --> 00:30:52,000

Lois' twin would have been 16 or 17 when she visited the Kims in the late 70s.

404

00:30:52,000 --> 00:30:57,000

Today she is 33 years old and would no doubt look very much like Lois Capizani.

405

00:30:58,000 --> 00:31:03,000

Lois' twin sister is a young woman who is a young man who is a young man of color.

406

00:31:03,000 --> 00:31:08,000

In a moment, two brothers search for answers in the baffling disappearance of their mother.

407

00:31:19,000 --> 00:31:24,000

You're about to meet two young men on a desperate quest to find out what happened to their mother.

408

00:31:24,000 --> 00:31:27,000

She disappeared more than two years ago.

409

00:31:27,000 --> 00:31:31,000

Lois' son is convinced that she is dead, the victim of foul play.

410

00:31:31,000 --> 00:31:35,000

And her son's are convinced that their stepfather is the one person who may know what happened.

411

00:31:39,000 --> 00:31:42,000

August 5th, 1994.

412

00:31:42,000 --> 00:31:47,000

In the late afternoon, 19-year-old Nick Ausley arrived at his mother's house in Ruckston, Maryland.

413

00:31:47,000 --> 00:31:51,000

They had planned to spend the evening together.

414

00:31:51,000 --> 00:31:55,000

The door was ajar and she was nowhere to be found.

415

00:31:55,000 --> 00:31:58,000

Mom? Hey, mommy, how?

416

00:31:58,000 --> 00:32:02,000

Her car was gone and a set of keys lay on the kitchen table.

417

00:32:02,000 --> 00:32:06,000

Nick waited until 2 a.m., then went home for the night.

418

00:32:06,000 --> 00:32:08,000

Mommy, are you all right?

419

00:32:08,000 --> 00:32:14,000

When I woke up that morning, I was really concerned, called her house, and she didn't answer.

420

00:32:14,000 --> 00:32:19,000

And at that moment I realized that something was really, really wrong.

421

00:32:19,000 --> 00:32:25,000

And I felt like, at that point, she was probably dead, because it was so unlike her and so out of character.

422

00:32:25,000 --> 00:32:30,000

And basically, I haven't felt anything different since that moment.

423

00:32:30,000 --> 00:32:33,000

We had a memorial service, but we never had a funeral.

424

00:32:33,000 --> 00:32:35,000

And that kills me.

425

00:32:35,000 --> 00:32:41,000

The fact that she's out there somewhere, this wonderful, amazing woman who did so much for so many people.

426

00:32:41,000 --> 00:32:47,000

And we can't give her that final tribute and do what's right.

427

00:32:49,000 --> 00:32:54,000

Susan Hurley Harrison grew up in a wealthy, close-knit Massachusetts family.

428

00:32:54,000 --> 00:32:58,000

In 1967, she married one of her brother's roommates at Harvard.

429

00:32:58,000 --> 00:33:03,000

Their sons, John and Nick, were born five years apart.

430

00:33:03,000 --> 00:33:09,000

But in 1984, Susan left her husband and became involved with a man named Jim Harrison.

431

00:33:09,000 --> 00:33:12,000

Four years later, they were married.

432

00:33:12,000 --> 00:33:18,000

From the start, the relationship was reportedly marked by heavy drinking, frequent fights, and mutual abuse.

433

00:33:18,000 --> 00:33:24,000

Problems with Jim Harrison attributes to Susan's alleged manic depression.

434

00:33:24,000 --> 00:33:33,000

Susan, when she was not manic depressive, was just a wonderful woman and a wonderful wife.

435

00:33:33,000 --> 00:33:39,000

And when the manic depressive aspect came on periodically, that was bad.

436

00:33:39,000 --> 00:33:47,000

She would start screaming and yelling, and she would start destroying things in or around the house.

437

00:33:47,000 --> 00:33:55,000

And she would run around the house and use bad language.

438

00:33:55,000 --> 00:33:59,000

It was really sad and really tough.

439

00:33:59,000 --> 00:34:06,000

It's another excuse that he tries to use, tries to take the blame from himself for what, even now, even still.

440

00:34:06,000 --> 00:34:09,000

Even when she's not around to say, okay, maybe it was my fault.

441

00:34:09,000 --> 00:34:16,000

Well, I think the first time that I recognized that there was abuse in the relationship was when I actually saw abuse myself

442

00:34:16,000 --> 00:34:18,000

when I was about 12 years old.

443

00:34:18,000 --> 00:34:22,000

Susan and her ex-husband shared custody of Nick and John.

444

00:34:22,000 --> 00:34:27,000

On the night Nick claims he witnessed abuse, John was off visiting prospective colleges.

445

00:34:27,000 --> 00:34:31,000

Nick was staying with his mother and Jim Harrison.

446

00:34:31,000 --> 00:34:39,000

Listen, listen, don't tell me what to do. This is my house. I pay for it. You don't bring anything into this house.

447

00:34:39,000 --> 00:34:46,000

I remember waking up around two in the morning, one or two in the morning, and hearing voices and some screaming.

448

00:34:46,000 --> 00:34:48,000

Mom?

449

00:34:50,000 --> 00:34:52,000

What's going on out there?

450

00:34:52,000 --> 00:34:55,000

She said, Jim's been hurting me. He won't leave me alone.

451

00:34:55,000 --> 00:34:59,000

He's had a little fight. Jim won't leave me alone. Are you okay?

452

00:34:59,000 --> 00:35:04,000

And I said, well, I gotta get out of here. And so I called my brother's girlfriend at the time and talked with her.

453

00:35:04,000 --> 00:35:11,000

And she said, you should get out of there. I'll come pick you up, go outside, stay in the driveway, and then I'll come get you.

454

00:35:13,000 --> 00:35:16,000

Nick says that while he waited, the battle moved outside.

455

00:35:19,000 --> 00:35:21,000

Susan, you forgot these.

456

00:35:21,000 --> 00:35:23,000

Why do you want to have a lampshade thing?

457

00:35:23,000 --> 00:35:27,000

Open that trunk. Open that trunk. I don't want those ugly lampshades out of the house.

458

00:35:27,000 --> 00:35:28,000

I can't get away.

459

00:35:28,000 --> 00:35:29,000

Open that trunk.

460

00:35:29,000 --> 00:35:31,000

Leave him alone.

461

00:35:32,000 --> 00:35:34,000

Are you okay?

462

00:35:36,000 --> 00:35:41,000

I see my mother as a victim of domestic violence and a victim of abuse.

463

00:35:41,000 --> 00:35:49,000

And I think that she was caught up in a vicious cycle that a lot of women who are in those same situations are caught up in.

464

00:35:49,000 --> 00:35:52,000

And that it's just very difficult for them to leave.

465

00:35:52,000 --> 00:35:57,000

The only thing I've ever done is defended myself when she attacked me.

466

00:35:58,000 --> 00:36:08,000

And to some degree that involved simply leaving the house for a day or so and other times putting myself into the bedroom and closing the door.

467

00:36:09,000 --> 00:36:13,000

And just trying not to let her abuse me.

468

00:36:14,000 --> 00:36:16,000

But I've never abused her, never.

469

00:36:17,000 --> 00:36:25,000

Our uniformed police officers had been called to their home on a number of occasions for cause of domestic violence.

470

00:36:25,000 --> 00:36:32,000

And when they responded to the home they found on occasion Susan had some injuries that were questionable.

471

00:36:32,000 --> 00:36:34,000

There had been some drinking on both parties.

472

00:36:34,000 --> 00:36:40,000

And it was usually a very confused situation for the officer to determine exactly what had happened.

473

00:36:42,000 --> 00:36:46,000

Finally in January of 1994, Susan left Jim Harrison.

474

00:36:46,000 --> 00:36:51,000

She rented a house and launched her own business selling handcrafted lampshades.

475

00:36:52,000 --> 00:36:54,000

She felt very good about it.

476

00:36:54,000 --> 00:36:59,000

She called me a couple of times and said, you know, so this is what you've been talking about all these years.

477

00:36:59,000 --> 00:37:04,000

And she just said what a wonderful feeling it was to know that she could go out there and do something on her own.

478

00:37:04,000 --> 00:37:09,000

She said at the end of the day she felt so good having worked all day at this.

479

00:37:09,000 --> 00:37:15,000

And so there was a lot, we thought, that she was finally getting herself together.

480

00:37:15,000 --> 00:37:17,000

However, that wasn't the case.

481

00:37:17,000 --> 00:37:20,000

Susan was still seeing Jim Harrison on occasion.

482

00:37:20,000 --> 00:37:24,000

By all accounts, the fighting continued unabated.

483

00:37:24,000 --> 00:37:28,000

I found out, she told me, that she had seen him a couple of times.

484

00:37:28,000 --> 00:37:34,000

And obviously that made me angry, made me feel sick to my stomach.

485

00:37:34,000 --> 00:37:41,000

All of a sudden I saw the slippery slope and I saw her sliding back into all the things that she'd worked so hard to get out of.

486

00:37:41,000 --> 00:37:44,000

And that worried me.

487

00:37:45,000 --> 00:37:48,000

Nick Housley shared his brother's concerns.

488

00:37:48,000 --> 00:37:54,000

Nick says that in early August of 1994, he confronted his mother and delivered an ultimatum.

489

00:37:54,000 --> 00:37:56,000

I want this to end now. See the Jim Ross.

490

00:37:56,000 --> 00:38:01,000

Family members say that the next morning Susan decided to leave Jim for good.

491

00:38:03,000 --> 00:38:09,000

But just two days later Susan Harrison disappeared and police went to speak with Jim Harrison.

492

00:38:10,000 --> 00:38:15,000

He told them that Susan had visited him on three separate occasions a previous day.

493

00:38:15,000 --> 00:38:17,000

Yes, some officer or not. This is Officer Rogers.

494

00:38:17,000 --> 00:38:25,000

The third time she arrived about seven and she attacked me verbally.

495

00:38:25,000 --> 00:38:28,000

And it was very discouraging.

496

00:38:28,000 --> 00:38:35,000

And she asked for glasses of wine and I gave her what she asked for.

497

00:38:35,000 --> 00:38:43,000

And she went to sleep and woke up and she entirely changed and she was delightful and good.

498

00:38:43,000 --> 00:38:45,000

And it was very loving and wonderful.

499

00:38:45,000 --> 00:38:48,000

You could decorate this room just the way you always wanted.

500

00:38:48,000 --> 00:38:53,000

According to Jim Harrison, he and Susan drank wine and talked for about two hours.

501

00:38:53,000 --> 00:38:57,000

Around 9 p.m. Susan took another nap.

502

00:38:58,000 --> 00:39:01,000

And when she woke up, it would gone bad again.

503

00:39:01,000 --> 00:39:08,000

I was just wondering if maybe it was a dream that she had caused her to go bad instead of staying good.

504

00:39:10,000 --> 00:39:13,000

Jim, why did you change the locks in the house?

505

00:39:13,000 --> 00:39:16,000

Susan, we went through this an hour ago.

506

00:39:16,000 --> 00:39:17,000

So tell me again.

507

00:39:17,000 --> 00:39:21,000

I didn't change the locks in the house. I changed the locks in the family room.

508

00:39:21,000 --> 00:39:23,000

It's my house and you changed the locks, Jim.

509

00:39:23,000 --> 00:39:25,000

Yes, it is your house.

510

00:39:25,000 --> 00:39:27,000

Now just calm down.

511

00:39:27,000 --> 00:39:28,000

What is that?

512

00:39:28,000 --> 00:39:29,000

Problems with the power.

513

00:39:29,000 --> 00:39:30,000

Jim.

514

00:39:30,000 --> 00:39:34,000

Jim Harrison claims that Susan's mood turned uglier by the minute.

515

00:39:34,000 --> 00:39:35,000

Susan, just calm down.

516

00:39:35,000 --> 00:39:38,000

Don't tell me to calm down. I'm sick of being down.

517

00:39:38,000 --> 00:39:40,000

Don't. And don't walk away from me.

518

00:39:40,000 --> 00:39:41,000

Good night.

519

00:39:41,000 --> 00:39:43,000

Don't walk away from me. Talk to me.

520

00:39:43,000 --> 00:39:46,000

Susan, you're being bad again.

521

00:39:46,000 --> 00:39:53,000

I left the family room and went upstairs to my bedroom and she followed me to the bottom of the steps.

522

00:39:53,000 --> 00:39:57,000

And she stayed there and yelled at me at the steps for a short period.

523

00:39:57,000 --> 00:39:59,000

And then left.

524

00:39:59,000 --> 00:40:05,000

Left the house and started a car and drove out.

525

00:40:05,000 --> 00:40:09,000

Police found no flaws in Jim Harrison's account.

526

00:40:09,000 --> 00:40:18,000

Then three weeks later, Susan's car, a 1992 green sub convertible, was discovered at National Airport in Washington, D.C.

527

00:40:18,000 --> 00:40:20,000

some 50 miles from Baltimore.

528

00:40:21,000 --> 00:40:27,000

Records show that the car entered the parking lot around 6 a.m. on August 6, 1994.

529

00:40:27,000 --> 00:40:30,000

The day Susan disappeared.

530

00:40:30,000 --> 00:40:39,000

The keys were in the ignition, the gas tank was full, raising the possibility that Susan had simply walked away from her life.

531

00:40:39,000 --> 00:40:44,000

Well, in any missing person investigation, you know, we approach it in a several prong manner.

532

00:40:44,000 --> 00:40:48,000

Could they be missing on their own accord and that don't want to be found?

533

00:40:48,000 --> 00:40:50,000

Or is there foul play?

534

00:40:50,000 --> 00:40:59,000

And we haven't uncovered any information that would lead credence to her trying to disappear in any fashion whatsoever.

535

00:40:59,000 --> 00:41:05,000

In November of 1994, Jim Harrison agreed to take a polygraph.

536

00:41:05,000 --> 00:41:10,000

He has publicly admitted that he failed the test, but claims the test was not administered properly.

537

00:41:10,000 --> 00:41:16,000

Today, Jim Harrison maintains he had nothing to do with his wife's disappearance.

538

00:41:16,000 --> 00:41:24,000

I love Susan, and I really do pray to God that she's alive and well.

539

00:41:24,000 --> 00:41:30,000

And I pray to God that you all can help find her and please do your best to help find her.

540

00:41:32,000 --> 00:41:36,000

There's no indication of what we may consider a stranger type of killer.

541

00:41:36,000 --> 00:41:43,000

So we feel that what happened to Susan was committed by someone close to her, that there had been some type of a dispute,

542

00:41:43,000 --> 00:41:50,000

and someone lost control when circumstances took a tragic twist.

543

00:41:52,000 --> 00:41:58,000

I have dreams of walking down the street with her or just running into her somewhere.

544

00:41:58,000 --> 00:42:02,000

And all this time she's been gone, finally getting a chance to be with her again.

545

00:42:03,000 --> 00:42:07,000

And I know it's just a dream. I know that there's not a chance that she's ever going to come back,

546

00:42:07,000 --> 00:42:15,000

but I miss her so much and I at least get to see her in these dreams and get to be with her.

547

00:42:15,000 --> 00:42:20,000

But there's no doubt in my mind that she'll never be able to be with me again.

548

00:42:32,000 --> 00:42:37,000

The End

549

00:42:52,000 --> 00:42:56,000

On our next Unissolved Mysteries, what happens when we die?

550

00:42:56,000 --> 00:43:01,000

For a man named Howard Storm, a medical emergency took him to the brink of death

551

00:43:01,000 --> 00:43:04,000

and on a personal journey into the very depths of hell.

552

00:43:05,000 --> 00:43:17,000

That place was more full of torment and despair than anything you could ever imagine in this world.

553

00:43:17,000 --> 00:43:20,000

There's a place where you wouldn't want to send your worst enemy.

554

00:43:20,000 --> 00:43:26,000

Join me again next time, On the Unissolved Mysteries.

555

00:43:50,000 --> 00:43:55,000

The End
