

1

00:00:00,000 --> 00:00:04,000

The End

2

00:00:04,000 --> 00:00:08,000

Tonight on Unsolved Mysteries

3

00:00:08,000 --> 00:00:13,000

He was a once and future king, truly an American icon.

4

00:00:13,000 --> 00:00:18,000

But for 20 years, the details of his untimely death have been cloaked in mystery.

5

00:00:18,000 --> 00:00:23,000

Now a trusted member of Elvis Presley's inner circle has sparked a stunning controversy.

6

00:00:23,000 --> 00:00:28,000

Is it possible that the king of rock and roll took his own life?

7

00:00:29,000 --> 00:00:32,000

Is there a big foot in Florida's Everglades?

8

00:00:32,000 --> 00:00:37,000

Or could the photographs, footprints and hair samples be an elaborate hoax?

9

00:00:37,000 --> 00:00:42,000

She was an eccentric heiress known for her reclusive lifestyle,

10

00:00:42,000 --> 00:00:47,000

her devotion to her 58 show dogs, and for occasionally dressing like a man.

11

00:00:47,000 --> 00:00:49,000

Then she disappeared.

12

00:00:49,000 --> 00:00:52,000

What happened to Camilla Lyman?

13

00:00:54,000 --> 00:00:57,000

Welcome to the house on 37th Street.

14

00:00:57,000 --> 00:01:01,000

It may look perfectly normal, but don't be fooled.

15

00:01:01,000 --> 00:01:05,000

The folks who live here say their modest home is in fact haunted,

16

00:01:05,000 --> 00:01:11,000

and not by a single ghost, but by an entire gang of restless spirits.

17

00:01:11,000 --> 00:01:15,000

Join me for these intriguing stories and more.

18

00:01:15,000 --> 00:01:20,000

Perhaps you may be the one chosen by fate to solve a mystery.

19

00:01:58,000 --> 00:02:01,000

The End

20

00:02:08,000 --> 00:02:12,000

He once reigned supreme as a world's greatest entertainer,

21

00:02:12,000 --> 00:02:19,000

but on August 16, 1977, Elvis Presley's remarkable life came to a shocking end.

22

00:02:19,000 --> 00:02:22,000

At first it was said he died of a heart attack.

23

00:02:22,000 --> 00:02:26,000

Later reports suggested a massive drug overdose.

24

00:02:28,000 --> 00:02:34,000

The mystery of Elvis's death is so baffling that even those closest to him can't agree on the cause.

25

00:02:34,000 --> 00:02:38,000

Yet Elvis's own stepbrother, a trusted member of the Inner Circle,

26

00:02:38,000 --> 00:02:41,000

maintains that the king's death was not accidental.

27

00:02:41,000 --> 00:02:44,000

He says that Elvis committed suicide.

28

00:02:45,000 --> 00:02:50,000

Elvis Presley woke up on the 16th of August, premeditated,

29

00:02:50,000 --> 00:02:53,000

planned, took and killed himself deliberately.

30

00:02:54,000 --> 00:02:56,000

But why?

31

00:02:56,000 --> 00:03:01,000

Why would a man who could have anything and everything he desired take his own life?

32

00:03:01,000 --> 00:03:05,000

What dark secrets could bring him to such a desperate act?

33

00:03:07,000 --> 00:03:12,000

Not surprisingly, most people refuse to believe that Elvis Presley died by his own hand.

34

00:03:12,000 --> 00:03:17,000

However, David Stanley's eyewitness account, along with the circumstantial evidence,

35

00:03:17,000 --> 00:03:20,000

is compelling and warrants a closer look.

36

00:03:20,000 --> 00:03:23,000

Tonight we'll hear both sides of this ongoing controversy

37

00:03:23,000 --> 00:03:29,000

and learn the bizarre and intriguing details of Elvis's final days from those who knew him best.

38

00:03:34,000 --> 00:03:37,000

It had become part of Elvis Presley's daily routine,

39

00:03:37,000 --> 00:03:40,000

three times a day on a strict schedule,

40

00:03:40,000 --> 00:03:45,000

nearly a dozen different prescription drugs, including demoral and second-all,

41

00:03:45,000 --> 00:03:48,000

administered by members of his entourage.

42

00:03:51,000 --> 00:03:57,000

According to insiders, this dangerous cycle of drug use had its beginnings in 1958,

43

00:03:57,000 --> 00:04:01,000

when Elvis was drafted into the army and sent overseas.

44

00:04:02,000 --> 00:04:05,000

I went to Germany with him after I got out of the Marine Corps.

45

00:04:05,000 --> 00:04:09,000

Bodyguard Red West was a close friend of Elvis Presley's from junior high school,

46

00:04:09,000 --> 00:04:14,000

and was a key figure in the biographical film Elvis, All the King's Men.

47

00:04:15,000 --> 00:04:17,000

He was on guard duty on the Russian front,

48

00:04:17,000 --> 00:04:20,000

and if you went to sleep, you're in and got caught asleep, you're in trouble.

49

00:04:20,000 --> 00:04:24,000

So this sergeant said, take these little things here, they'll keep you up.

50

00:04:24,000 --> 00:04:29,000

And wow, man, it started feeling good, and that's how it began.

51

00:04:31,000 --> 00:04:32,000

After his army discharge,

52

00:04:32,000 --> 00:04:37,000

Elvis starred in a long series of inconsequential but highly profitable movies.

53

00:04:38,000 --> 00:04:42,000

Elvis's greatest desire was to be a serious dramatic actor,

54

00:04:42,000 --> 00:04:45,000

and this was denied him because he was a hero.

55

00:04:45,000 --> 00:04:50,000

And this was denied him because his management felt that they wouldn't make as much money

56

00:04:50,000 --> 00:04:52,000

if they put him in a dramatic role.

57

00:04:52,000 --> 00:04:55,000

They wanted him to be in the formula.

58

00:04:55,000 --> 00:04:57,000

So this depressed him a great deal.

59

00:04:59,000 --> 00:05:01,000

Frustrated by the unsatisfying movie roles,

60

00:05:01,000 --> 00:05:04,000

and overwhelmed by the crushing demands of his fans,

61

00:05:04,000 --> 00:05:10,000

Elvis retreated into a shadow world behind the gates of his Memphis mansion, Graceland.

62

00:05:11,000 --> 00:05:14,000

Elvis sort of put himself into a cocoon.

63

00:05:14,000 --> 00:05:20,000

He surrounded himself with paid friends, for the most part, called the Memphis Mafia.

64

00:05:21,000 --> 00:05:27,000

And Graceland, more or less, became a tomb for him, or a cave to go hide from life.

65

00:05:27,000 --> 00:05:31,000

The windows were sealed, the outside did not enter in.

66

00:05:31,000 --> 00:05:35,000

So his day-to-day touch with reality had really been removed.

67

00:05:38,000 --> 00:05:40,000

The hardest thing for Elvis was being Elvis.

68

00:05:40,000 --> 00:05:43,000

People say, what do you think the most difficult part of Elvis's freshest life was?

69

00:05:43,000 --> 00:05:49,000

Being Elvis Presley, looking out a window, seeing 10,000 people who think you can walk on water.

70

00:05:49,000 --> 00:05:55,000

Walking out on a stage and seeing 22,000 flashbubs going off, thinking you are a king.

71

00:05:57,000 --> 00:06:03,000

The combination of high times on tour and isolation at home, extracted an unforeseen toll.

72

00:06:03,000 --> 00:06:10,000

Elvis's affairs, abscesses and drug use led to the end of his celebrated six-year marriage to Priscilla.

73

00:06:10,000 --> 00:06:15,000

The divorce punctured the protective bubble around Elvis's carefully maintained image.

74

00:06:17,000 --> 00:06:24,000

When she did leave him, it wasn't so much that his heart was broken, that the love of his life is gone.

75

00:06:24,000 --> 00:06:31,000

It was more because he was Elvis, and Elvis always got his way, this time he didn't.

76

00:06:31,000 --> 00:06:34,000

He would get himself in a rage over that.

77

00:06:34,000 --> 00:06:42,000

He would get himself so worked up over it, that he would begin to take the medications to deal with the depression of the rage.

78

00:06:42,000 --> 00:06:45,000

And then suddenly some shows are starting to be canceled.

79

00:06:46,000 --> 00:06:55,000

By the mid-1970s, insiders say that Elvis' dependency on drugs was so complete that he required around-the-clock care and supervision.

80

00:06:55,000 --> 00:07:00,000

It was provided by David Stanley and a group of men known as the Lifers.

81

00:07:00,000 --> 00:07:03,000

They catered to the king's every need.

82

00:07:04,000 --> 00:07:07,000

We were the ones who were with Elvis all the time.

83

00:07:08,000 --> 00:07:15,000

Elvis needs something to eat. Elvis needs to be woken up at a certain time. Elvis needs his medication.

84

00:07:19,000 --> 00:07:25,000

A dangerous and destructive routine of medication was administered on a steady schedule to Elvis at his insistence.

85

00:07:25,000 --> 00:07:30,000

He received the drugs in three separate doses that were called attacks.

86

00:07:30,000 --> 00:07:40,000

Each attack contained numerous medications and pills syringe form, among them Valium, Nambuton, Demerol, Coilud and Sekinol.

87

00:07:42,000 --> 00:07:47,000

The first attack was usually delivered between 2 and 3 a.m.

88

00:07:51,000 --> 00:07:58,000

After he'd take his attack, what attack one, he would have a couple of cheeseburgers, potatoes.

89

00:07:58,000 --> 00:08:09,000

The attack one effect would get him groggy and sleepy. We would have to watch Elvis, because sometimes he'd be eating to fall asleep with a food in his mouth, oftentimes choking on his own food.

90

00:08:10,000 --> 00:08:15,000

After sleeping for a few hours, Elvis would awaken for attack two.

91

00:08:16,000 --> 00:08:26,000

That would last for several hours, and now you're in the morning hours. You know, you're looking at 10 or 11, then it'd be attack three, which was the same contents of attack one and two.

92

00:08:26,000 --> 00:08:32,000

So you're talking, by the time you got done, let's just call it 11 sleeping pills per attack. That's 33.

93

00:08:33,000 --> 00:08:37,000

Let's call it three shots of demerol per. That's nine shots.

94

00:08:38,000 --> 00:08:44,000

And some people would say, well, golly, that's six months worth. That was a nightly dose.

95

00:08:47,000 --> 00:08:54,000

I talked to him about drugs. He said, you don't need this stuff. He said, no, you're wrong. I do need it.

96

00:08:54,000 --> 00:09:00,000

I looked at him and said, you're serious. You really need this stuff. He says, right, I need it.

97

00:09:01,000 --> 00:09:08,000

And that's when I threw my hands up and said, I've done all I can do. And I was gone shortly thereafter.

98

00:09:11,000 --> 00:09:19,000

David Stanley says he also tried to intervene to save Elvis from himself. But the king didn't welcome these intrusions of reality.

99

00:09:19,000 --> 00:09:20,000

No, you don't got to have me.

100

00:09:20,000 --> 00:09:24,000

You don't tell me anything. I'm telling you right now, you work for me and I've got to have my shot.

101

00:09:24,000 --> 00:09:25,000

You pay me to take care of you.

102

00:09:25,000 --> 00:09:26,000

And I'm not going to hear it.

103

00:09:26,000 --> 00:09:27,000

And I'm not going to do it tonight.

104

00:09:27,000 --> 00:09:29,000

I'm not going to hear what you think you are, man. I'm telling you right now.

105

00:09:29,000 --> 00:09:31,000

No, you can't have me right now.

106

00:09:31,000 --> 00:09:38,000

Now, I knew Elvis wouldn't have shot me. But I knew right then we have got a serious, serious drug problem here.

107

00:09:39,000 --> 00:09:46,000

Elvis's depression deepened in the weeks prior to his death. Despite the millions he'd made, he was short of money.

108

00:09:46,000 --> 00:09:54,000

His manager had booked another tour, which Elvis was dreading. He was visibly overweight in poor

health and in a final humiliation.

109

00:09:54,000 --> 00:09:59,000

Rock and Roll's greatest sex symbol was now reportedly impotent.

110

00:10:00,000 --> 00:10:09,000

Perhaps Elvis was most despondent about a book some former employees, including Red West, were about to publish.

111

00:10:09,000 --> 00:10:16,000

The book chronicled their years in the King's Inner Circle. Their revelations threatened to expose the secret Elvis.

112

00:10:16,000 --> 00:10:20,000

The one his adoring fans knew nothing about.

113

00:10:20,000 --> 00:10:26,000

This would be the first time that the fans saw him overweight, not looking good.

114

00:10:26,000 --> 00:10:33,000

With the knowledge of what the book contained. And it was, oh my god, they'll know.

115

00:10:33,000 --> 00:10:37,000

And he knew the whistle had been blown on his clean image and he was terrified.

116

00:10:37,000 --> 00:10:43,000

And you could just look at him and see the depression. You could see the God, I don't know if it's worth going on mentality.

117

00:10:43,000 --> 00:10:50,000

Kind of dreading the tour one day. I don't want to go on a tour. They're going to think this. They're going to think that.

118

00:10:50,000 --> 00:10:52,000

He was just really confused.

119

00:10:52,000 --> 00:10:56,000

David, come over here and pray with me. Come over here and kneel down.

120

00:10:56,000 --> 00:11:03,000

The last days he was really searching. He was digging into it. He was looking for the answer. He was looking for a way out.

121

00:11:03,000 --> 00:11:12,000

The last time I saw Elvis, he said goodbye to me. He was crying. I love you. He hugged me. I'll never ever see you again.

122

00:11:12,000 --> 00:11:16,000

The next time you see me, it'll be in a higher place in a different plane.

123

00:11:17,000 --> 00:11:26,000

The exact sequence of events is still a mystery. But this much is known about Elvis' last day. It was suspiciously different in several ways.

124

00:11:26,000 --> 00:11:37,000

He ignored his usual late night feast. He was given his three attack envelopes. Nearly three dozen pills and nine syringes full of demoral at their usual times.

125

00:11:37,000 --> 00:11:41,000

But he left them untouched.

126

00:11:41,000 --> 00:11:53,000

Elvis' girlfriend, Ginger Alden, was the last person to see him alive. According to reports, around 9.30 am, Elvis got out of bed and went to the bathroom to read.

127

00:11:53,000 --> 00:12:03,000

Elvis was a very busy person. He was very busy. He was very busy. He was very busy. He was very busy.

128

00:12:03,000 --> 00:12:07,000

Elvis was very busy. He was very busy.

129

00:12:07,000 --> 00:12:12,000

Elvis was very busy. He was very busy. He was very busy. He was very busy. He was very busy.

130

00:12:12,000 --> 00:12:20,000

That's where Elvis' body was found a few hours later. Paramedics were already there by the time David Stanley arrived.

131

00:12:20,000 --> 00:12:33,000

I looked and saw Elvis in the fetal position and knew he was gone. First thing I said was, you son of a bitch. I knew right there and then at that time that Elvis said, I am out of here.

132

00:12:33,000 --> 00:12:46,000

David says he found all three attack envelopes and several demoral syringes nearly empty. He believes Elvis took all three attacks simultaneously. The purpose? To end his life.

133

00:12:47,000 --> 00:12:56,000

The official autopsy found that Elvis died of an irregular heartbeat due to severe cardiovascular disease.

134

00:12:56,000 --> 00:13:04,000

I don't think there's any evidence that there was a tremendous amount of drug abuse or anything misuse.

135

00:13:04,000 --> 00:13:13,000

Dr. Kevin Marigian is a well-known clinical pharmacologist. He has studied the official coroner's toxicology report that was released to the public.

136

00:13:14,000 --> 00:13:24,000

I know there's been a lot of theories and there's been a lot of conjecture. There's always a debate. That kind of adds to the mystique of Elvis.

137

00:13:24,000 --> 00:13:30,000

But he didn't die of an overdose. He died of some event, probably cardiac an origin.

138

00:13:30,000 --> 00:13:36,000

Good lord. That'd kill an animal, kill a cow, that much medication.

139

00:13:36,000 --> 00:13:43,000

So when I talk to you about this, I am not looking for reasons to back up what I believe.

140

00:13:43,000 --> 00:13:50,000

I'm telling you what I know and the fact is that much medication will kill you and Elvis knew that.

141

00:13:50,000 --> 00:13:58,000

Especially because he knew the physician's death's reference, because he was educated on drugs. He knew that that would take him out.

142

00:14:01,000 --> 00:14:04,000

No one in the Elvis can tell you what he was thinking that last night.

143

00:14:04,000 --> 00:14:08,000

David Stannock can't tell you what he was thinking. I can't tell you what he was thinking.

144

00:14:08,000 --> 00:14:14,000

Doctors can look at all the charts they want to look at, but it's not going to tell you what Elvis was thinking.

145

00:14:15,000 --> 00:14:23,000

I know him like a book. I know he's religious and I know what he would do and what he wouldn't do.

146

00:14:23,000 --> 00:14:26,000

And he would not kill himself purposely.

147

00:14:30,000 --> 00:14:36,000

Did Elvis Presley take his own life? The controversy may one day be settled.

148

00:14:36,000 --> 00:14:42,000

Elvis' father Vernon reportedly commissioned a private autopsy after the official report was completed.

149

00:14:42,000 --> 00:14:46,000

Exactly what those doctors found is still unknown.

150

00:14:46,000 --> 00:14:51,000

At Vernon's request, the results will remain sealed until the year 2027.

151

00:15:01,000 --> 00:15:15,000

The Florida Everglades, hot, humid, mosquito-infested swamp land, an exotic setting for some unusual creatures, and some unusual people too.

152

00:15:16,000 --> 00:15:28,000

For eight months, David Shealy has sat all alone in the middle of a swamp, looking for a legendary creature said to roam the Everglades. Florida's answer to Bigfoot.

153

00:15:30,000 --> 00:15:41,000

David's quest began in 1973. He was just 10 when he and his older brother Jack trekked through the swamps near O'Choppy, 75 miles west of Miami.

154

00:15:41,000 --> 00:15:44,000

It was a muggy day he would never forget.

155

00:15:44,000 --> 00:15:48,000

Look, that's why I call that snake a frog. It's huge.

156

00:15:48,000 --> 00:15:51,000

My brother noticed something in the distance.

157

00:15:51,000 --> 00:15:53,000

What is that?

158

00:15:53,000 --> 00:15:57,000

And he said to me, he said, what's that? What is that over there?

159

00:15:57,000 --> 00:16:02,000

What is it, man? Let me see. Let me see.

160

00:16:02,000 --> 00:16:08,000

And I couldn't see it because the grass was too high, so he had to pick me up where I could get a better look.

161

00:16:08,000 --> 00:16:15,000

And when I looked out across the prairie, I could see a huge figure, probably eight feet tall, maybe 300 pounds.

162

00:16:15,000 --> 00:16:19,000

It was walking on two legs like a man would walk.

163

00:16:19,000 --> 00:16:20,000

Oh, man.

164

00:16:20,000 --> 00:16:22,000

It was like a giant skunk ape.

165

00:16:22,000 --> 00:16:25,000

I knew it had to be the skunk ape.

166

00:16:25,000 --> 00:16:29,000

The skunk ape? Just the sound of it brings a smile.

167

00:16:29,000 --> 00:16:34,000

The idea of a creature larger than a gorilla with a motor like a skunk might seem far-fetched.

168

00:16:34,000 --> 00:16:40,000

But since that time, 25 years ago, David Shealy has spent his free time searching for this elusive creature.

169

00:16:40,000 --> 00:16:46,000

Is a skunk ape the product of a fertile imagination nourished by the hot steamy nights of the Everglades?

170

00:16:46,000 --> 00:16:49,000

Or is it real?

171

00:16:49,000 --> 00:16:54,000

Folks, you sure picked a beautiful day for your trip through the Everglades.

172

00:16:54,000 --> 00:17:01,000

July 19, 1997 started out as an ordinary day for Everglades tour guide John Vickers.

173

00:17:01,000 --> 00:17:05,000

We're driving the bus down to Turner River Road, and I'm pointing out wildlife.

174

00:17:05,000 --> 00:17:10,000

If you look over to your right, you'll see a couple of the alligators taking their afternoon nap.

175

00:17:10,000 --> 00:17:20,000

All of a sudden, about 200 yards in front of our bus, a creature, a hairy, standing upright on its hind legs,

176

00:17:20,000 --> 00:17:26,000

crossed the road. At this point, one of the passengers tapped me on the shoulder.

177

00:17:26,000 --> 00:17:28,000

What was that?

178

00:17:28,000 --> 00:17:31,000

Well, I'm not sure. But it's nothing to worry about.

179

00:17:31,000 --> 00:17:34,000

I think it's probably the old man that lives out the Everglades here.

180

00:17:34,000 --> 00:17:36,000

I don't think he bought that.

181

00:17:36,000 --> 00:17:41,000

A total of five people on the bus claimed they saw what John saw.

182

00:17:41,000 --> 00:17:47,000

I don't know whether it was a real skunk ape or whether it was a hoax.

183

00:17:48,000 --> 00:17:50,000

But it's something real.

184

00:17:50,000 --> 00:17:55,000

John and his group are not the only ones to see the odd creature that week.

185

00:17:55,000 --> 00:18:00,000

Two days later, local real estate agent Jan Brock was on her way to work.

186

00:18:00,000 --> 00:18:08,000

I was driving probably about 7.30, 7.45 in the morning, and I noticed something getting ready to cross the road.

187

00:18:08,000 --> 00:18:15,000

My first thought was that it had to be a bear, and this particular time I looked and I was like, something was not right.

188

00:18:15,000 --> 00:18:22,000

The animal just kind of scurried off across the road, and that's when I realized it couldn't have

been a bear.

189

00:18:22,000 --> 00:18:30,000

I wasn't sure what I saw, and didn't really want people to think I was a little nuts, so I didn't say anything about it.

190

00:18:30,000 --> 00:18:36,000

Fire Chief Vince Doar left for work slightly later than Jan. He and Jan are neighbors.

191

00:18:36,000 --> 00:18:42,000

I've seen something go across the road. It wasn't dressed in regular shirt and pants like a man.

192

00:18:42,000 --> 00:18:49,000

It was more brown or looked more like a bear color, but I knew it wasn't a bear because it was walking upright.

193

00:18:49,000 --> 00:18:53,000

So I speeded up, got up to that area, I got out.

194

00:18:58,000 --> 00:19:05,000

I yelled out, and it stopped and turned, and at that time I snapped one photograph.

195

00:19:06,000 --> 00:19:10,000

This is the actual photograph of the creature taken by Vince Doar.

196

00:19:10,000 --> 00:19:14,000

I saw the picture that Vince had taken, and it was the same thing I saw.

197

00:19:14,000 --> 00:19:17,000

Jan seen it, so that made me feel like I wasn't seeing things.

198

00:19:17,000 --> 00:19:24,000

When you hear people talking about what they saw, and then you actually see it yourself, obviously you're going to believe that there's something out there.

199

00:19:26,000 --> 00:19:31,000

A year has gone by. It is now September of 1998.

200

00:19:31,000 --> 00:19:39,000

David Shearey keeps up his long eight-month vigil, hoping to obtain his own proof of the skunk ape's existence.

201

00:19:39,000 --> 00:19:46,000

I was sitting in my tree stand, and I dozed off, and I heard something splashing in the water.

202

00:19:46,000 --> 00:19:49,000

And it sounded like a person walking towards me.

203

00:19:50,000 --> 00:19:55,000

When I looked up, there it was, coming right at me at about a hundred yards away.

204

00:19:55,000 --> 00:19:58,000

I started taking pictures right away.

205

00:19:58,000 --> 00:20:06,000

I took 27 photographs over a period of about three or four minutes as it crossed the marsh.

206

00:20:07,000 --> 00:20:09,000

I couldn't believe what I saw.

207

00:20:09,000 --> 00:20:26,000

It was almost ghostly, and it wasn't until the next day when I took the camera to the developer that I realized that I had actually captured a skunk ape on film.

208

00:20:27,000 --> 00:20:32,000

With his photographs, David knew he needed some sort of corroboration.

209

00:20:32,000 --> 00:20:38,000

He called upon Dade County archaeologist Bob Carr to study his pictures.

210

00:20:38,000 --> 00:20:40,000

These photographs were very compelling.

211

00:20:40,000 --> 00:20:49,000

The statue, the size, the motion of this creature did not appear to be a human being, and the suggestion of the gate is very primate light.

212

00:20:49,000 --> 00:20:57,000

I think there are enough details to make one realize that this would have to be a very, very clever hoax to be perpetrated.

213

00:20:58,000 --> 00:21:01,000

Now Bob Carr felt he should get some more verification.

214

00:21:01,000 --> 00:21:05,000

He brought an Everglades tracker, TL Riggs.

215

00:21:05,000 --> 00:21:13,000

On two occasions I found footprints in the soft earth.

216

00:21:13,000 --> 00:21:19,000

All the tracks that I saw at that particular time, only the ball of the foot and the toes showed.

217

00:21:19,000 --> 00:21:24,000

There were none that showed that a heel had been left down.

218

00:21:25,000 --> 00:21:28,000

Riggs made plaster castings of the footprints.

219

00:21:28,000 --> 00:21:37,000

Looking at just the front end of the foot, which is all we can do, I would say that it would have to weigh at least 300 pounds.

220

00:21:37,000 --> 00:21:41,000

TL Riggs came up with an idea for gathering more evidence.

221

00:21:41,000 --> 00:21:50,000

He wanted to collect hair samples, so he snapped a number of branches at a height of 4 to 5 feet, far too high a reach for most animals.

222

00:21:50,000 --> 00:21:56,000

That way he could snag some hair should a skunk ape come in contact with the jagged edges.

223

00:21:56,000 --> 00:22:10,000

By setting a great number of those along trails, I've been able to harvest several legitimate looking hairs that are unlike anything I've ever seen.

224

00:22:10,000 --> 00:22:17,000

Was the hair collected by TL Riggs from some unknown creature or simply from a man in an ape suit?

225

00:22:18,000 --> 00:22:24,000

Unsolved mystery sent two samples to a lab at Trinity University in San Antonio, Texas.

226

00:22:24,000 --> 00:22:31,000

In my mind, the evidence we've looked at from O'Choppe indicates there's definitely a phenomena that's real.

227

00:22:31,000 --> 00:22:34,000

What we don't know is what that phenomena is.

228

00:22:34,000 --> 00:22:43,000

We are closer to the answer probably than we've ever been, but the answer will only come when the hair is analyzed and DNA is extracted,

229

00:22:43,000 --> 00:22:50,000

and then we will know the molecular and genetic footprint and who and what this creature might be.

230

00:22:51,000 --> 00:22:54,000

We are still waiting for the results of the DNA tests.

231

00:22:54,000 --> 00:22:59,000

However, electron microscopy has ruled out synthetic fibers as might be used in an ape costume.

232

00:22:59,000 --> 00:23:09,000

And so far, many mammals have been eliminated as well, including bears, gorillas, chimpanzees, kunks, dogs and cats, and humans.

233

00:23:10,000 --> 00:23:13,000

We'll update the story when the DNA results become available.

234

00:23:23,000 --> 00:23:27,000

Coming up, one day a millionaire heiress disappeared.

235

00:23:27,000 --> 00:23:32,000

Ten years later, police discovered her body in a mysterious double life.

236

00:23:32,000 --> 00:23:35,000

Who killed Camilla Lyman and why?

237

00:23:40,000 --> 00:23:45,000

September 24, 1997, Hopkinson, Rhode Island.

238

00:23:45,000 --> 00:23:52,000

Dog beater Greg Siner was cleaning out the kennels on his newest state when he made a shocking discovery.

239

00:23:52,000 --> 00:24:01,000

I was hosing down the kennel and I smelt a fall loader and thought that maybe the septic system wasn't working properly.

240

00:24:02,000 --> 00:24:07,000

I decided to look inside to see if it needed to be pumped.

241

00:24:07,000 --> 00:24:12,000

And when I did, there was a skull staring straight back at me.

242

00:24:14,000 --> 00:24:23,000

Once I saw the bottom jaw, I realized it was human and just knew that this was Camilla.

243

00:24:24,000 --> 00:24:28,000

Millionaire heiress Camilla Lyman, the estate's previous owner.

244

00:24:28,000 --> 00:24:31,000

Ten years earlier, she had mysteriously vanished.

245

00:24:31,000 --> 00:24:36,000

In October 1998, dental records confirmed the skull was Camilla's.

246

00:24:36,000 --> 00:24:38,000

Police determined she'd been murdered.

247

00:24:38,000 --> 00:24:42,000

A missing person's case had suddenly become a homicide.

248

00:24:42,000 --> 00:24:48,000

Ironically, the clues to Camilla Lyman's murder might not be found in the bizarre nature of her death,

249

00:24:48,000 --> 00:24:52,000

but in the strange and mysterious nature of her life.

250

00:24:54,000 --> 00:24:56,000

Camilla Lyman grew up rich.

251

00:24:56,000 --> 00:24:59,000

Her parents were old money Boston aristocrats.

252

00:24:59,000 --> 00:25:03,000

Camilla shared her father's passion for show dogs.

253

00:25:03,000 --> 00:25:08,000

Arthur Lyman soon discovered that his youngest daughter had quite a gift.

254

00:25:08,000 --> 00:25:11,000

In the dog world, she was very successful.

255

00:25:11,000 --> 00:25:14,000

She was a good handler and she was a good breeder.

256

00:25:14,000 --> 00:25:17,000

And she showed her dogs extremely well.

257

00:25:17,000 --> 00:25:19,000

She was very proficient.

258

00:25:20,000 --> 00:25:23,000

Camilla never dated, never married.

259

00:25:23,000 --> 00:25:25,000

Her dogs were her life.

260

00:25:25,000 --> 00:25:30,000

A solitary spinster, she lived with her parents on their 100 acre estate.

261

00:25:30,000 --> 00:25:33,000

Arthur Lyman died in 1968.

262

00:25:33,000 --> 00:25:38,000

When Camilla's mother died five years later, her world seemed to fall apart.

263

00:25:38,000 --> 00:25:41,000

Forty, alone.

264

00:25:41,000 --> 00:25:44,000

Her behavior became more and more bizarre.

265

00:25:45,000 --> 00:25:49,000

Probably in the middle to late 70s,

266

00:25:49,000 --> 00:25:55,000

it began to be apparent that the westward place was not being taken care of the way it should be.

267

00:25:57,000 --> 00:25:59,000

Camilla became a recluse.

268

00:25:59,000 --> 00:26:03,000

She spent more time with her dogs than she did with people.

269

00:26:03,000 --> 00:26:06,000

Camilla's appearance began to change as well.

270

00:26:06,000 --> 00:26:10,000

She bought animal steroids, then took them herself.

271

00:26:10,000 --> 00:26:14,000

Her voice deepened. She developed facial hair.

272

00:26:14,000 --> 00:26:17,000

She began wearing men's clothing.

273

00:26:17,000 --> 00:26:22,000

To the outside world, Camilla had been transformed into a middle-aged man.

274

00:26:22,000 --> 00:26:26,000

And then my sister in California called me up and said,

275

00:26:26,000 --> 00:26:29,000

hey, Camilla's on the TV dressed as a man.

276

00:26:29,000 --> 00:26:30,000

What do you think?

277

00:26:30,000 --> 00:26:33,000

And I said, well, I'd heard that she did sometimes do that.

278

00:26:34,000 --> 00:26:39,000

In this rare video, shot in 1978, Camilla was dressed as a woman.

279

00:26:40,000 --> 00:26:45,000

By 1985, she'd legally changed her name to Cam Leiman

280

00:26:45,000 --> 00:26:47,000

and was dressing as a man.

281

00:26:48,000 --> 00:26:52,000

It was shocking in a way and very surprising.

282

00:26:52,000 --> 00:26:56,000

But because of your respect for people's privacy,

283

00:26:56,000 --> 00:27:00,000

unless Camilla wished to explain why she was doing this,

284

00:27:00,000 --> 00:27:02,000

we didn't ask any questions about it.

285

00:27:02,000 --> 00:27:04,000

We just accepted it the way it was.

286

00:27:05,000 --> 00:27:10,000

I remember people talking about Camilla and the changing of her clothing

287

00:27:10,000 --> 00:27:12,000

and her appearance.

288

00:27:12,000 --> 00:27:15,000

But you have to remember, you were at dog shows.

289

00:27:15,000 --> 00:27:17,000

You're judging dogs, not people.

290

00:27:17,000 --> 00:27:22,000

I think Camilla felt very comfortable amongst her dog friends.

291

00:27:24,000 --> 00:27:29,000

In the early 1980s, now dressing as a man, isolated from her family,

292

00:27:29,000 --> 00:27:33,000

Cam became friends with fellow dog lover George O'Neill.

293

00:27:35,000 --> 00:27:40,000

George O'Neill became the sole confidant, advisor, accountant,

294

00:27:40,000 --> 00:27:43,000

and representative of Camilla.

295

00:27:46,000 --> 00:27:48,000

He took care of paying her bills.

296

00:27:48,000 --> 00:27:51,000

He took care of arranging for her to get to dog shows

297

00:27:51,000 --> 00:27:53,000

and many times getting her to the shows.

298

00:27:53,000 --> 00:27:57,000

He was a friend who she socialized with

299

00:27:57,000 --> 00:28:03,000

and had great confidence in his abilities to help her conduct her affairs.

300

00:28:06,000 --> 00:28:11,000

As George O'Neill took over more and more duties and chores for Camilla,

301

00:28:11,000 --> 00:28:13,000

he became her sole confidant.

302

00:28:13,000 --> 00:28:16,000

She associated with no one other than George O'Neill.

303

00:28:17,000 --> 00:28:19,000

Camilla became more and more eccentric.

304

00:28:19,000 --> 00:28:22,000

She would often carry a briefcase with hundreds of thousands of dollars

305

00:28:22,000 --> 00:28:24,000

and large amounts of jewelry in it.

306

00:28:24,000 --> 00:28:29,000

She would go out to the store and have \$10,000 in her pocket to buy a quart of milk.

307

00:28:32,000 --> 00:28:38,000

December 1987, Camilla's friends didn't receive their usual Christmas card.

308

00:28:38,000 --> 00:28:41,000

Camilla hadn't been heard from for months.

309

00:28:41,000 --> 00:28:46,000

Concerned, the family contacted the law firm in charge of the Lyman Trust.

310

00:28:46,000 --> 00:28:49,000

They in turn hired Charles Allen.

311

00:28:50,000 --> 00:28:56,000

They were very concerned because checks that had been sent to Camilla

312

00:28:56,000 --> 00:28:59,000

had rather than being endorsed with her signature,

313

00:28:59,000 --> 00:29:03,000

were being endorsed with an account number of a bank account in Rhode Island.

314

00:29:05,000 --> 00:29:10,000

Allen claims that George O'Neill had been depositing Camilla's trust fund checks.

315

00:29:10,000 --> 00:29:14,000

He was surprised to discover O'Neill held Camilla's power of attorney.

316

00:29:15,000 --> 00:29:20,000

Even more surprising to Allen, George O'Neill was Camilla's sole beneficiary

317

00:29:20,000 --> 00:29:23,000

and stood to inherit her estate.

318

00:29:23,000 --> 00:29:24,000

Yeah?

319

00:29:24,000 --> 00:29:26,000

Mr. O'Neill, my name is Charles Allen.

320

00:29:26,000 --> 00:29:28,000

I'm here to inquire about Camilla Lyman.

321

00:29:28,000 --> 00:29:30,000

I haven't seen her.

322

00:29:30,000 --> 00:29:33,000

Mr. O'Neill did not express any concern for her safety.

323

00:29:33,000 --> 00:29:39,000

He felt that she had done this before and that she had just gone off on a trip.

324

00:29:39,000 --> 00:29:42,000

I understand all of that.

325

00:29:42,000 --> 00:29:47,000

Reportedly, O'Neill claimed he'd last spoken with Camilla in July 1987,

326

00:29:47,000 --> 00:29:49,000

a full year earlier.

327

00:29:49,000 --> 00:29:52,000

In the middle of an argument, she hung up on him.

328

00:29:54,000 --> 00:29:59,000

He told me that on the following day, he went to Camilla's house

329

00:29:59,000 --> 00:30:02,000

and found the telephone ripped out of the wall

330

00:30:02,000 --> 00:30:05,000

and found no sign of Camilla

331

00:30:05,000 --> 00:30:08,000

and found her dogs unattended, unfed,

332

00:30:08,000 --> 00:30:12,000

and found the kennel somewhat in disarray.

333

00:30:12,000 --> 00:30:13,000

Camilla!

334

00:30:13,000 --> 00:30:19,000

Mr. O'Neill indicated that he felt that Camilla may have gone off to Europe

335

00:30:19,000 --> 00:30:21,000

to have a sex-change operation.

336

00:30:22,000 --> 00:30:25,000

Camilla had been missing for over a year.

337

00:30:25,000 --> 00:30:27,000

No police report had been filed.

338

00:30:27,000 --> 00:30:30,000

Nobody in the family had been notified.

339

00:30:30,000 --> 00:30:36,000

Yet according to Charles Allen, George O'Neill continued to deposit Camilla's checks.

340

00:30:37,000 --> 00:30:41,000

I found it very hard to believe that a woman who didn't like going to the dentist,

341

00:30:41,000 --> 00:30:47,000

who didn't like going to the doctor, would go off to Europe and have a sex-change operation.

342

00:30:47,000 --> 00:30:49,000

This woman didn't like leaving her home.

343

00:30:52,000 --> 00:30:56,000

George O'Neill hired full-time caretakers for the kennels.

344

00:30:56,000 --> 00:31:01,000

Greg Siners says O'Neill began showing Camilla's champion spaniel as his own.

345

00:31:02,000 --> 00:31:08,000

Camilla was no longer around, but the dog was still out there being campaigned.

346

00:31:08,000 --> 00:31:13,000

He was now campaigned under the ownership of George and June O'Neill.

347

00:31:14,000 --> 00:31:22,000

Charles Allen claims that much of Camilla's net worth from bank accounts to family heirlooms had simply disappeared.

348

00:31:23,000 --> 00:31:26,000

We're talking about between three and five million dollars here.

349

00:31:26,000 --> 00:31:31,000

Some of that was in antiques, some of it was in money, some of it was in stock.

350

00:31:31,000 --> 00:31:34,000

And its whereabouts are unknown at this time.

351

00:31:36,000 --> 00:31:40,000

And then there was the question of Camilla's beloved dogs.

352

00:31:41,000 --> 00:31:47,000

When I first heard George O'Neill's story, I'd absolutely never crossed my mind that it was a true story

353

00:31:47,000 --> 00:31:52,000

because she never ever would have left her dogs. It was totally out of character.

354

00:31:52,000 --> 00:31:55,000

Any chance that we could maybe go over and get on the property and maybe take a look around?

355

00:31:55,000 --> 00:31:57,000

She's not there, I'm telling you.

356

00:31:57,000 --> 00:32:04,000

On a number of occasions I wanted to search the property and this search would have certainly included the septic system,

357

00:32:04,000 --> 00:32:06,000

but George O'Neill would not allow it.

358

00:32:08,000 --> 00:32:12,000

In December 1994, a probate hearing was held.

359

00:32:12,000 --> 00:32:16,000

Camilla Cam Lyman was declared legally dead.

360

00:32:16,000 --> 00:32:20,000

Three years later, her body was found in the septic tank.

361

00:32:21,000 --> 00:32:32,000

The fact that we could bury Camilla and physically put an end to her life in a peaceful way was a wonderful sense of closure for us.

362

00:32:32,000 --> 00:32:38,000

On the other hand, there's still more that we need to pursue.

363

00:32:38,000 --> 00:32:46,000

We need to bring the person who committed this unbelievable crime to justice.

364

00:32:47,000 --> 00:32:54,000

A strange life, a mysterious death, a family searching for answers.

365

00:32:55,000 --> 00:33:10,000

Music

366

00:33:10,000 --> 00:33:16,000

Next, he's no ordinary investigator, but this is no ordinary case.

367

00:33:16,000 --> 00:33:20,000

Join us for a spine-tingling tour of a real haunted house.

368

00:33:25,000 --> 00:33:31,000

It seemed like a nice house, on a nice street, in a nice neighborhood.

369

00:33:31,000 --> 00:33:34,000

Nothing extraordinary about it at all.

370

00:33:34,000 --> 00:33:38,000

Or so thought Ed and Mary Woods of Vancouver, Washington.

371

00:33:38,000 --> 00:33:43,000

But that was before the peculiar noises and the eerie encounters with things that go bump in the night.

372

00:33:46,000 --> 00:33:48,000

At first it was almost imperceptible.

373

00:33:48,000 --> 00:33:53,000

A quiet rattle, a slight chill, the barest whisper of a presence.

374

00:33:53,000 --> 00:33:57,000

Until some seven months after Ed and Mary moved in.

375

00:34:00,000 --> 00:34:04,000

I've heard the sound of a music box.

376

00:34:06,000 --> 00:34:08,000

It was very faint.

377

00:34:16,000 --> 00:34:20,000

I went into my husband's office and looked around.

378

00:34:21,000 --> 00:34:26,000

There was no sign of anything in there, but I kept hearing it.

379

00:34:26,000 --> 00:34:32,000

And it wasn't something I heard in my mind, like you would imagine it.

380

00:34:32,000 --> 00:34:35,000

It was an actual sound in the house.

381

00:34:35,000 --> 00:34:39,000

I thought somebody had opened up a music box and it was playing.

382

00:34:39,000 --> 00:34:44,000

The first time I had an experience where I noticed something actually happening,

383

00:34:44,000 --> 00:34:47,000

I was sitting in my office with the door closed.

384

00:34:51,000 --> 00:34:57,000

Mary had warned Ed that there was something very odd about the house.

385

00:34:57,000 --> 00:35:01,000

But Ed just assumed his daughter was playing a prank.

386

00:35:01,000 --> 00:35:05,000

I thought I'd surprise her by opening the door.

387

00:35:05,000 --> 00:35:08,000

There was nobody there.

388

00:35:08,000 --> 00:35:11,000

I checked and everyone in the house was asleep.

389

00:35:11,000 --> 00:35:17,000

I called University of Washington because they have a seismograph station down here.

390

00:35:17,000 --> 00:35:21,000

In Vancouver, monitoring the fault lines from Mount St. Helens.

391

00:35:21,000 --> 00:35:26,000

They told me at that time there were no fault lines running through the area.

392

00:35:26,000 --> 00:35:28,000

There was no underground aquifer.

393

00:35:28,000 --> 00:35:33,000

There was no weakness that could account for any type of movement in the house,

394

00:35:33,000 --> 00:35:37,000

other than normal settling that will happen with the house as it gets older.

395

00:35:40,000 --> 00:35:43,000

But if Mother Nature wasn't responsible,

396

00:35:43,000 --> 00:35:46,000

then who or what was stirring up all the trouble?

397

00:35:46,000 --> 00:35:49,000

Mary was about to find out.

398

00:35:57,000 --> 00:35:59,000

I actually saw the figure of a woman.

399

00:35:59,000 --> 00:36:05,000

She was about my height, wearing a scarf around her head and like a long, flannel night gown.

400

00:36:07,000 --> 00:36:09,000

I was not scared of her.

401

00:36:09,000 --> 00:36:13,000

I did not get the impression that she was mean.

402

00:36:13,000 --> 00:36:15,000

I was startled.

403

00:36:15,000 --> 00:36:18,000

I mean, you have something come out of the hall and you're going, okay.

404

00:36:18,000 --> 00:36:21,000

But no, I was not frightened of her.

405

00:36:21,000 --> 00:36:23,000

I was a startled buyer.

406

00:36:23,000 --> 00:36:28,000

After several encounters, Mary decided to do a little research.

407

00:36:30,000 --> 00:36:33,000

I have been able to identify her through going through records.

408

00:36:33,000 --> 00:36:36,000

She was a former resident.

409

00:36:36,000 --> 00:36:39,000

Who had died in the home of a prolonged illness.

410

00:36:39,000 --> 00:36:41,000

She had died of cancer.

411

00:36:41,000 --> 00:36:47,000

The latter part of her life towards him because of the heavy radiation and chemotherapy,

412

00:36:47,000 --> 00:36:50,000

she wore scarves because she had lost all her hair.

413

00:36:50,000 --> 00:36:54,000

And she practically lived in flannel night gowns.

414

00:36:55,000 --> 00:36:57,000

I get the feeling of protectiveness.

415

00:36:57,000 --> 00:36:59,000

Like she's watching over the kids.

416

00:36:59,000 --> 00:37:02,000

Going in, checking on the kids, making sure they're okay.

417

00:37:02,000 --> 00:37:08,000

I found out later that her children were in the same bedrooms that my children are in.

418

00:37:08,000 --> 00:37:11,000

And it could be she's just looking for hers.

419

00:37:13,000 --> 00:37:16,000

It didn't take long for word to get around.

420

00:37:16,000 --> 00:37:19,000

The house on 37th Street was haunted.

421

00:37:19,000 --> 00:37:22,000

Even the local newspaper wrote it up.

422

00:37:23,000 --> 00:37:25,000

About a week after the article came out,

423

00:37:25,000 --> 00:37:30,000

I received a phone call from the mother of one of my daughters.

424

00:37:30,000 --> 00:37:34,000

She had known the woman who lived in the house prior to us.

425

00:37:34,000 --> 00:37:37,000

She had helped take care of her before she died.

426

00:37:37,000 --> 00:37:39,000

She asked me if I'd ever seen any pictures of her.

427

00:37:39,000 --> 00:37:41,000

I said no, I've never seen any pictures.

428

00:37:41,000 --> 00:37:44,000

She said the two of you could pass as twins.

429

00:37:44,000 --> 00:37:50,000

She said that might be one of the reasons that she's attached herself to you.

430

00:37:50,000 --> 00:37:54,000

It's because you're about the same age as she was when she passed away.

431

00:37:54,000 --> 00:37:57,000

And the two of you look quite a bit alike.

432

00:37:58,000 --> 00:38:01,000

But the lady in white was just the beginning.

433

00:38:02,000 --> 00:38:06,000

The first thing I actually saw was a man standing in the living room.

434

00:38:06,000 --> 00:38:08,000

What a must-see on the hill.

435

00:38:08,000 --> 00:38:13,000

It looked like an old riverboat gambler with a little ribbon tie and a mustache.

436

00:38:13,000 --> 00:38:17,000

You look at him twice because you're not too sure if he's going to do something.

437

00:38:17,000 --> 00:38:19,000

He never moves though.

438

00:38:19,000 --> 00:38:22,000

He's always perfectly still,

439

00:38:22,000 --> 00:38:24,000

just looking down the hallways.

440

00:38:24,000 --> 00:38:27,000

He seems just very inimical.

441

00:38:27,000 --> 00:38:30,000

I couldn't want to cross this guy.

442

00:38:32,000 --> 00:38:37,000

Yet another apparition, seen by both Ed and Mary, is far less sinister.

443

00:38:37,000 --> 00:38:39,000

They call her Pinky.

444

00:38:42,000 --> 00:38:46,000

Pinky is a little girl, 8 to 10 years old.

445

00:38:48,000 --> 00:38:51,000

And once in a while, you hear a giggle.

446

00:38:51,000 --> 00:38:54,000

First time, I thought it was our youngest daughter.

447

00:38:54,000 --> 00:38:57,000

We'd been sitting in the living room watching movies,

448

00:38:57,000 --> 00:39:01,000

and I thought it was my youngest daughter giggling at the movies.

449

00:39:01,000 --> 00:39:04,000

So I looked down and realized she had fallen asleep in front of the TV

450

00:39:04,000 --> 00:39:07,000

and was sound asleep, so there was no way.

451

00:39:10,000 --> 00:39:14,000

For Ed and Mary, the extraordinary was becoming commonplace.

452

00:39:14,000 --> 00:39:17,000

Consider the spirit in the story of the young woman.

453

00:39:17,000 --> 00:39:20,000

The extraordinary was becoming commonplace.

454

00:39:20,000 --> 00:39:22,000

Consider the spirit in the shower.

455

00:39:22,000 --> 00:39:25,000

Never seen, but definitely felt.

456

00:39:26,000 --> 00:39:31,000

Our cells and many people that have been guests of ours who have taken baths or showers

457

00:39:31,000 --> 00:39:36,000

have found themselves accompanied in the shower

458

00:39:36,000 --> 00:39:43,000

by a friendly hug and a general body rub that seems to be quite female in nature.

459

00:39:43,000 --> 00:39:47,000

It doesn't seem to matter if the person taking the shower is male or female.

460

00:39:47,000 --> 00:39:51,000

Somebody's been gone a long time, I think,

461

00:39:51,000 --> 00:39:55,000

and missed some of the things that the world had to provide.

462

00:39:57,000 --> 00:40:02,000

When Ed's son came to visit, he got the welcome of a lifetime.

463

00:40:02,000 --> 00:40:05,000

He went into the shower, came out, and the first thing out of his mouth

464

00:40:05,000 --> 00:40:08,000

is he looked at his dad and said, OK, what's with the shower?

465

00:40:08,000 --> 00:40:11,000

Honestly, I thought they were teasing me.

466

00:40:11,000 --> 00:40:14,000

I thought they were just giving me a line about the ghosts.

467

00:40:14,000 --> 00:40:17,000

About a week later, I went in and took a shower

468

00:40:17,000 --> 00:40:21,000

and got a very friendly hug, and I came out and I looked at my husband

469

00:40:21,000 --> 00:40:25,000

and I says, I think your ghosts like see their sex.

470

00:40:27,000 --> 00:40:30,000

According to Ed and Mary, the ghostly activities in the house

471

00:40:30,000 --> 00:40:34,000

often go beyond shadowy specters and gentle caresses.

472

00:40:35,000 --> 00:40:37,000

Four, five years?

473

00:40:37,000 --> 00:40:39,000

I mean, it's ridiculous.

474

00:40:39,000 --> 00:40:41,000

What?

475

00:40:44,000 --> 00:40:47,000

Now you'll hear a crash in the bathroom, and you walk back in.

476

00:40:47,000 --> 00:40:50,000

Everything will be laying down on the counters or on the floor.

477

00:40:50,000 --> 00:40:53,000

Nothing ever seems to be broken.

478

00:40:53,000 --> 00:40:56,000

You'll see things being moved around rattled,

479

00:40:56,000 --> 00:41:00,000

pictures being moved almost every day for about three or four months,

480

00:41:00,000 --> 00:41:03,000

and then it'll die down for a couple of months.

481

00:41:06,000 --> 00:41:10,000

I've come to accept it just under the fact that there are things in this world

482

00:41:10,000 --> 00:41:13,000

we can't explain.

483

00:41:13,000 --> 00:41:17,000

As far as the woodses were concerned, there was little doubt.

484

00:41:17,000 --> 00:41:19,000

The house was haunted.

485

00:41:21,000 --> 00:41:24,000

We called in an expert in all things paranormal,

486

00:41:24,000 --> 00:41:28,000

a professional ghost buster, if you will, to conduct a thorough investigation.

487

00:41:29,000 --> 00:41:33,000

Perhaps he could make some sense out of the house on 37th Street.

488

00:41:33,000 --> 00:41:35,000

All right.

489

00:41:35,000 --> 00:41:37,000

Let's go ahead and move down the hallway here.

490

00:41:37,000 --> 00:41:40,000

Now, I want you to tell me, both of you tell me just pretty much

491

00:41:40,000 --> 00:41:43,000

where we're at the Lady in White and where things happen.

492

00:41:43,000 --> 00:41:46,000

Lloyd Auerbach, a lecturer and writer, has been investigating

493

00:41:46,000 --> 00:41:49,000

paranormal phenomena for nearly two decades.

494

00:41:49,000 --> 00:41:53,000

Our cameras were on hand when he paid his first visit to the house.

495

00:41:53,000 --> 00:41:58,000

Auerbach came armed with an open mind and an instrument called a magnetometer.

496

00:41:58,000 --> 00:42:01,000

It was reading next to nothing, literally.

497

00:42:01,000 --> 00:42:07,000

The magnetometer that I use is sold for detecting whether or not you have electromagnetic pollution.

498

00:42:07,000 --> 00:42:10,000

It's not a ghost detector, by any way, shape or form.

499

00:42:10,000 --> 00:42:14,000

It's a good indicator that there's a physical connection in the environment to their experience

500

00:42:14,000 --> 00:42:18,000

that helps validate that they're not completely making it up in their minds.

501

00:42:18,000 --> 00:42:22,000

It helps me understand that they're not completely making it up in their minds also.

502

00:42:22,000 --> 00:42:24,000

There is some correlation.

503

00:42:26,000 --> 00:42:29,000

Our back painstakingly made its way through the house.

504

00:42:29,000 --> 00:42:32,000

OK, now we got a reading again.

505

00:42:32,000 --> 00:42:36,000

In several areas, the magnetometer spiked without explanation,

506

00:42:36,000 --> 00:42:39,000

most notably in the back bathroom.

507

00:42:39,000 --> 00:42:40,000

It's fairly high.

508

00:42:40,000 --> 00:42:41,000

The living room.

509

00:42:41,000 --> 00:42:43,000

I'm getting some things in the corner.

510

00:42:43,000 --> 00:42:44,000

And the hallway.

511

00:42:44,000 --> 00:42:46,000

I'm getting actually a high reading again, high energy reading,

512

00:42:46,000 --> 00:42:48,000

which I just kind of suddenly spiked up.

513

00:42:48,000 --> 00:42:52,000

This is a very unusual pattern that we're seeing here

514

00:42:52,000 --> 00:42:56,000

that seems to relate to the phenomena, or at least to the sensation of it,

515

00:42:56,000 --> 00:42:58,000

but doesn't seem to relate to anything else.

516

00:42:58,000 --> 00:43:02,000

So I can pretty much rule out the physical environment for causing this.

517

00:43:02,000 --> 00:43:05,000

You know how like a generator under the house somewhere, do you?

518

00:43:05,000 --> 00:43:06,000

No!

519

00:43:06,000 --> 00:43:08,000

Over the years I've done investigations.

520

00:43:08,000 --> 00:43:10,000

I have started feeling things myself.

521

00:43:10,000 --> 00:43:13,000

I wouldn't call myself by any means, a psychic.

522

00:43:13,000 --> 00:43:17,000

But I would say that I'm becoming more aware of my sensitivities.

523

00:43:17,000 --> 00:43:21,000

And I tend to get a sinus pressure that often makes me feel like

524

00:43:21,000 --> 00:43:24,000

I need more oxygen, which makes me yawn or start feeling tired.

525

00:43:24,000 --> 00:43:27,000

And this was happening to me on a cyclical basis while I've been here,

526

00:43:27,000 --> 00:43:30,000

and it was connecting directly to the magnetometer reading.

527

00:43:30,000 --> 00:43:32,000

You're feeling like somebody's around right now?

528

00:43:32,000 --> 00:43:33,000

Any sense of it?

529

00:43:33,000 --> 00:43:34,000

Well, once in a while.

530

00:43:34,000 --> 00:43:35,000

Just once in a while?

531

00:43:35,000 --> 00:43:39,000

For myself, there was an odd correspondence, I guess,

532

00:43:39,000 --> 00:43:43,000

with the spike in the meters, and I'd get a real cold feeling,

533

00:43:43,000 --> 00:43:48,000

or a chill down the back of my neck, or the hair on my arms would raise up.

534

00:43:48,000 --> 00:43:50,000

Like goosebumps.

535

00:43:50,000 --> 00:43:53,000

It didn't happen all the time.

536

00:43:55,000 --> 00:43:59,000

But on several of the occasions, I felt like there was somebody in the room.

537

00:43:59,000 --> 00:44:03,000

I don't know if I'm just picking up on things that have been going on,

538

00:44:03,000 --> 00:44:07,000

or if there actually was somebody there.

539

00:44:07,000 --> 00:44:11,000

No, this one I've seen several times, but he's been at the end of the hallway.

540

00:44:11,000 --> 00:44:14,000

Was somebody or something there?

541

00:44:14,000 --> 00:44:20,000

Perhaps a few agitated spirits trying to bridge the gulf between the dead and the living.

542

00:44:20,000 --> 00:44:24,000

Lloyd Auerbach believes it is possible, but by no means definite.

543

00:44:24,000 --> 00:44:30,000

Ed and Mary Woods, however, have moved beyond possibility to certainty.

544

00:44:30,000 --> 00:44:35,000

The stories we have examined are still shrouded in mystery,

545

00:44:35,000 --> 00:44:39,000

still needing at one final clue that will unlock the truth.

546

00:44:39,000 --> 00:44:43,000

Perhaps someone watching can shed light on these perplexing cases.

547

00:44:43,000 --> 00:44:46,000

Perhaps that someone is you.
