

1

00:00:00,000 --> 00:00:04,000

The End

2

00:00:04,000 --> 00:00:08,000

Tonight on Unsolved Mysteries

3

00:00:08,000 --> 00:00:14,000

It was unthinkable just days after the cold-blooded attacks of 9-11,

4

00:00:14,000 --> 00:00:18,000

America faced another ominous threat, bioterrorism.

5

00:00:18,000 --> 00:00:21,000

The instrument of death this time, anthrax,

6

00:00:21,000 --> 00:00:27,000

a toxic bacterium that can kill in a matter of days and did five times.

7

00:00:27,000 --> 00:00:29,000

The killer is still on the loose,

8

00:00:29,000 --> 00:00:34,000

and the FBI needs your help to solve this baffling case.

9

00:00:34,000 --> 00:00:37,000

A Texas teenager is kidnapped.

10

00:00:37,000 --> 00:00:41,000

His father has seven hours to collect the ransom and deliver it to his abductors.

11

00:00:41,000 --> 00:00:46,000

The fate of young Kyle McElroy hangs in the balance.

12

00:00:46,000 --> 00:00:51,000

For more than 20 years, Monica Labou has been searching for her birth parents.

13

00:00:51,000 --> 00:00:54,000

Her investigation has brought her to a painful conclusion.

14

00:00:54,000 --> 00:00:58,000

At a very young age, she may have been kidnapped.

15

00:00:58,000 --> 00:01:01,000

Perhaps you can help Monica learn the truth.

16

00:01:01,000 --> 00:01:06,000

At Texas A&M University, a suspected serial rapist is caught

17

00:01:06,000 --> 00:01:10,000

when his first victim has a second startling face-to-face encounter with him.

18

00:01:10,000 --> 00:01:13,000

After being released on bail,

19

00:01:13,000 --> 00:01:16,000

Don Richard Davis Jr. dropped out of sight.

20

00:01:16,000 --> 00:01:20,000

He'll bring you an update on his surprising arrest and trial.

21

00:01:21,000 --> 00:01:24,000

A woman whose family was ripped apart by murder

22

00:01:24,000 --> 00:01:26,000

searches for her long-lost siblings.

23

00:01:26,000 --> 00:01:28,000

Thanks to our audience,

24

00:01:28,000 --> 00:01:33,000

she is finally reunited with a relative she believed she would never see again.

25

00:01:34,000 --> 00:01:37,000

Join me for these intriguing stories and more.

26

00:01:37,000 --> 00:01:42,000

Perhaps you may be the one chosen by fate to solve a mystery.

27

00:02:20,000 --> 00:02:24,000

The End

28

00:02:29,000 --> 00:02:32,000

Tuesday, October 16, 2001.

29

00:02:35,000 --> 00:02:40,000

Norma Wallace reported for work at the Postal Office in Trenton, New Jersey.

30

00:02:40,000 --> 00:02:42,000

Hey, Aziz.

31

00:02:42,000 --> 00:02:46,000

She wasn't feeling well and thought it was a mild case of the flu.

32

00:02:46,000 --> 00:02:50,000

But as the day wore on, Norma became increasingly ill.

33

00:02:50,000 --> 00:02:53,000

She could barely breathe.

34

00:02:54,000 --> 00:02:57,000

Some 200 miles away in Washington, D.C.,

35

00:02:57,000 --> 00:03:03,000

another postal worker, Leroy Richmond, was suffering nearly identical symptoms.

36

00:03:03,000 --> 00:03:06,000

He too became gravely ill.

37

00:03:08,000 --> 00:03:12,000

In a matter of days, both Norma and Leroy were hospitalized.

38

00:03:12,000 --> 00:03:15,000

Their conditions growing worse by the hour.

39

00:03:15,000 --> 00:03:18,000

They seemed to be slowly suffocating to death.

40

00:03:18,000 --> 00:03:21,000

The doctors couldn't figure out why.

41

00:03:21,000 --> 00:03:23,000

But after administering a battery of tests,

42

00:03:23,000 --> 00:03:26,000

they finally came up with a diagnosis.

43

00:03:27,000 --> 00:03:29,000

Anthrax.

44

00:03:31,000 --> 00:03:35,000

What these veteran postal workers were told by doctors was terrifying.

45

00:03:35,000 --> 00:03:37,000

Like millions of other Americans,

46

00:03:37,000 --> 00:03:43,000

Leroy Richmond and Norma Wallace were aware of an anthrax-related death in Florida just days earlier.

47

00:03:43,000 --> 00:03:49,000

Now they were suffering from the most virulent form of the disease, fatal 95% of the time.

48

00:03:49,000 --> 00:03:54,000

Suddenly in the wake of September 11th, the nation faced a second wave of terrorism.

49

00:03:54,000 --> 00:03:58,000

Who would commit such heinous crimes and why?

50

00:04:03,000 --> 00:04:08,000

Someone somewhere in the world had access to the deadly substance anthrax,

51

00:04:08,000 --> 00:04:12,000

the knowledge to work with it, and an environment appropriate for its handling.

52

00:04:13,000 --> 00:04:17,000

Was it an individual or the work of a group?

53

00:04:17,000 --> 00:04:20,000

Where were they located and what were their motives?

54

00:04:20,000 --> 00:04:25,000

These questions plagued investigators and continue to do so today.

55

00:04:25,000 --> 00:04:29,000

For a nation still reeling from the 9-1-1 terrorist attacks,

56

00:04:29,000 --> 00:04:32,000

it seemed nearly impossible to fathom.

57

00:04:34,000 --> 00:04:42,000

The anthrax time bomb started ticking 11 days before striking Norma and Leroy on October 5th, 2001.

58

00:04:44,000 --> 00:04:51,000

63-year-old Robert Stevens, a photo editor at The Sun newspaper, died in Boca Raton, Florida.

59

00:04:51,000 --> 00:04:57,000

The cause? Exposure to anthrax spores, which experts believe came from an open letter.

60

00:04:58,000 --> 00:05:02,000

But the letter had been thrown away, its origin unknown.

61

00:05:02,000 --> 00:05:07,000

Suddenly federal investigators were thrust into the world of bioterrorism.

62

00:05:07,000 --> 00:05:09,000

They were baffled.

63

00:05:10,000 --> 00:05:14,000

We don't have a crime scene in the traditional sense.

64

00:05:14,000 --> 00:05:21,000

We don't have witnesses and we really don't have anyone that we can call and inform at this point.

65

00:05:23,000 --> 00:05:26,000

The same week, more media targets.

66

00:05:26,000 --> 00:05:29,000

NBC News and The New York Post in Manhattan.

67

00:05:32,000 --> 00:05:36,000

It is clear that the terrorists responsible for these attacks

68

00:05:36,000 --> 00:05:41,000

intended to use this anthrax as a weapon.

69

00:05:43,000 --> 00:05:48,000

But this time a clue postmarks on the envelopes, Trenton, New Jersey.

70

00:05:49,000 --> 00:05:54,000

A swarm of FBI agents checked every mailbox in town for traces of anthrax.

71

00:05:54,000 --> 00:05:56,000

They found none.

72

00:05:58,000 --> 00:06:00,000

Only more questions.

73

00:06:00,000 --> 00:06:01,000

Why Trenton?

74

00:06:01,000 --> 00:06:03,000

Was the anthrax package there?

75

00:06:03,000 --> 00:06:05,000

Did the terrorists live in the area?

76

00:06:05,000 --> 00:06:09,000

Or were the letters mailed from the city only as a ruse?

77

00:06:12,000 --> 00:06:16,000

Whoever had the diabolical will and ability to put anthrax in the mail

78

00:06:16,000 --> 00:06:21,000

could easily have the intelligence to plot unimaginable false trails.

79

00:06:24,000 --> 00:06:26,000

October 9th, 2001.

80

00:06:27,000 --> 00:06:32,000

Two more anthrax-laced letters again postmarked Trenton.

81

00:06:34,000 --> 00:06:37,000

This time politicians the targets.

82

00:06:37,000 --> 00:06:41,000

Senators Tom Dashel and Patrick Leakey at their offices in D.C.

83

00:06:43,000 --> 00:06:48,000

A form of anthrax so pure and concentrated it was termed weapons grade.

84

00:06:50,000 --> 00:06:52,000

This is dangerous, dangerous stuff.

85

00:06:52,000 --> 00:06:56,000

It was estimated that two trillion spores went into each of those envelopes

86

00:06:56,000 --> 00:06:58,000

which would have been two grams.

87

00:06:58,000 --> 00:07:02,000

One envelope may have had a hundred million lethal doses.

88

00:07:08,000 --> 00:07:09,000

Unthinkable.

89

00:07:09,000 --> 00:07:13,000

Under the right conditions just two grams of anthrax could potentially wipe out

90

00:07:13,000 --> 00:07:15,000

one third of the U.S. population.

91

00:07:17,000 --> 00:07:20,000

Investigators came to a significant conclusion.

92

00:07:23,000 --> 00:07:29,000

Notes contained within the anthrax-laden envelopes were so similar in handwriting

93

00:07:29,000 --> 00:07:32,000

they had to come from the same source.

94

00:07:32,000 --> 00:07:37,000

But the content of the notes could be viewed as a clue or another ruse.

95

00:07:39,000 --> 00:07:45,000

It references to 9-11, death to Israel, and Allah is great, point to Arab terrorists,

96

00:07:45,000 --> 00:07:50,000

or to someone who wanted investigators to think Arab extremists were involved.

97

00:07:53,000 --> 00:07:57,000

We are looking at three broad areas.

98

00:07:57,000 --> 00:08:01,000

The first being international terrorists, domestic terrorism.

99

00:08:01,000 --> 00:08:04,000

We're looking at some of the individuals within the United States.

100

00:08:04,000 --> 00:08:08,000

And then we're looking at the lone wolf as well.

101

00:08:09,000 --> 00:08:11,000

October 20th, 2001.

102

00:08:15,000 --> 00:08:20,000

Hundreds of federal investigators worked night and day to solve a crime like none they had ever encountered.

103

00:08:23,000 --> 00:08:27,000

Meanwhile postal worker Normal Wallace fought for her life.

104

00:08:28,000 --> 00:08:32,000

Her temperature had soared above 100. She was in shock.

105

00:08:32,000 --> 00:08:37,000

The anthrax spores were secreting a lethal exotoxin, causing blood vessels to break

106

00:08:37,000 --> 00:08:40,000

and the bacteria to pulse through her bloodstream.

107

00:08:43,000 --> 00:08:47,000

I felt like I was dying.

108

00:08:47,000 --> 00:08:51,000

I felt like I couldn't breathe.

109

00:08:51,000 --> 00:08:57,000

Once the spores enter your lungs, they actually attack the tissues and the lymph nodes

110

00:08:57,000 --> 00:09:03,000

and causes the anthrax to actually take possession of your body.

111

00:09:03,000 --> 00:09:04,000

Yes.

112

00:09:04,000 --> 00:09:05,000

Normal, you've got to read this.

113

00:09:05,000 --> 00:09:11,000

Normal knew her condition was serious, but the news of just how serious was alarming.

114

00:09:11,000 --> 00:09:14,000

I'm just reading about the survival rate.

115

00:09:15,000 --> 00:09:21,000

When my brother brought me the information back, it said that inhalation anthrax was the deadliest form of anthrax.

116

00:09:21,000 --> 00:09:24,000

95% of the people die.

117

00:09:24,000 --> 00:09:30,000

So I said, I'm ready. Whatever God decides for me, I'm ready for it.

118

00:09:33,000 --> 00:09:37,000

The prognosis for Leroy Richmond was also grim.

119

00:09:37,000 --> 00:09:42,000

Suffering excruciating pain, Leroy laid helpless as his lungs filled with fluids.

120

00:09:42,000 --> 00:09:48,000

Worse, doctors knew their most powerful drugs were rarely effective in fighting this silent killer.

121

00:09:50,000 --> 00:09:54,000

I think I was about as near in death then as I ever was going to get.

122

00:09:54,000 --> 00:10:00,000

My breathing had become so shallow that I was actually panting like a dog would breathe.

123

00:10:00,000 --> 00:10:06,000

And I heard a couple guys say, man, he's not going to last for a couple hours and that would be it

for him.

124

00:10:07,000 --> 00:10:14,000

But how would two mail sorters at two different post offices become infected in the first place?

125

00:10:14,000 --> 00:10:18,000

High-tech mail sorting equipment.

126

00:10:18,000 --> 00:10:27,000

Investigators concluded that the sheer speed of 30,000 envelopes per hour flying through a sorter could send millions of anthrax spores into the air.

127

00:10:27,000 --> 00:10:33,000

Routine machine maintenance using air blowers only made the possibilities worse.

128

00:10:34,000 --> 00:10:39,000

I looked up and saw this dust and this this sudden stuff coming out of the machine.

129

00:10:39,000 --> 00:10:46,000

And I just looked up and said, oh my God, and I said like that and probably in that instance I may have inhaled the spores.

130

00:10:47,000 --> 00:10:54,000

Errequitously, Norma and Leroy survived their harrowing ordeals. However, their lives will never be the same.

131

00:10:56,000 --> 00:11:02,000

I can't do all the things that I would normally do and the diagnosis from the doctor is not the same.

132

00:11:02,000 --> 00:11:09,000

The diagnosis from the doctors is, look, Mr. Richmond, the toxin-lubinio in your system for at least a year and a half to two years.

133

00:11:10,000 --> 00:11:16,000

The hardest part is not knowing what's going to happen next year or ten years from now.

134

00:11:16,000 --> 00:11:23,000

You know, whether my memory is going to come back or whether I'm just going to, you know, fade into oblivion.

135

00:11:24,000 --> 00:11:29,000

Despite their uncertainty, Norma Wallace and Leroy Richmond at least have a future.

136

00:11:29,000 --> 00:11:34,000

Four other anthrax victims weren't so lucky, bringing the death toll to five.

137

00:11:36,000 --> 00:11:41,000

October 21st and 22nd, 2001, Washington, D.C.

138

00:11:41,000 --> 00:11:45,000

Leroy's coworkers, Thomas Morris and Joseph Cersine.

139

00:11:47,000 --> 00:11:52,000

October 31st, New York City. Hospitals were closed.

140

00:11:52,000 --> 00:11:59,000

City Hospital worker Kathy Nguyen. Three weeks later, Otley Lundgren in Derby, Connecticut.

141

00:12:01,000 --> 00:12:05,000

The deaths of Kathy and Otley were especially puzzling.

142

00:12:05,000 --> 00:12:14,000

A thought has concluded they had somehow come in contact with anthrax-tainted mail that may have been contaminated in the sorting process, but no one could say for certain.

143

00:12:15,000 --> 00:12:19,000

It was said that the lethal dose for human was eight to ten thousand spores.

144

00:12:19,000 --> 00:12:27,000

It would suggest by the deaths of the lady in Connecticut, New York City, that probably many fewer spores led to their death.

145

00:12:28,000 --> 00:12:32,000

November 30th, 2001. A breakthrough.

146

00:12:32,000 --> 00:12:38,000

Experts determined the anthrax spores in each of the letters came from the same strain of the bacterium.

147

00:12:39,000 --> 00:12:46,000

The so-called AEM strain was confined to only six research labs in the U.S.

148

00:12:46,000 --> 00:12:56,000

That led FBI profilers to conclude the anthrax attacks were probably not the work of international terrorists, but rather someone right here at home.

149

00:12:56,000 --> 00:13:01,000

Someone who may have had access to one of these facilities.

150

00:13:02,000 --> 00:13:09,000

Loading these letters with anthrax required specific expertise.

151

00:13:09,000 --> 00:13:17,000

In other words, it couldn't be done in your basement or your garage unless you had some specific equipment.

152

00:13:19,000 --> 00:13:23,000

May 2002. Still no prime suspect.

153

00:13:24,000 --> 00:13:37,000

However, scientific analysis of the genetic fingerprints of the anthrax spores revealed they may have come from one of two research sites, both under the control of the U.S. Army.

154

00:13:37,000 --> 00:13:45,000

The Medical Research Institute at Fort Detrick, Maryland and the Dugway Proving Ground in Utah.

155

00:13:46,000 --> 00:13:57,000

Today federal investigators are in the midst of a controversial program to administer voluntary polygraph tests to large numbers of employees at these two sites.

156

00:13:57,000 --> 00:14:03,000

The goal? To smoke out individuals who might have information about the anthrax attacks.

157

00:14:06,000 --> 00:14:13,000

Meanwhile, with no assurance the elusive killer has ties to any of these facilities. The manhunt continues at home and abroad.

158

00:14:16,000 --> 00:14:24,000

That person has to be a serious coward and unable to deal with reality to have done something like that.

159

00:14:24,000 --> 00:14:30,000

And it's not just that it could have happened here, but it could have happened anywhere.

160

00:14:30,000 --> 00:14:36,000

We are in the middle of an exhaustive national international investigation.

161

00:14:36,000 --> 00:14:45,000

We've interviewed over 5,000 people already. We've issued well in excess of 1,300 subpoenas.

162

00:14:45,000 --> 00:14:50,000

And every little piece of the puzzle helps.

163

00:15:06,000 --> 00:15:09,000

We'll see you next time.

164

00:15:20,000 --> 00:15:23,000

Day shift is over, time for the real workers.

165

00:15:23,000 --> 00:15:30,000

Eighteen-year-old Kyle McElroy is among the most promising young citizens of the small town of Troup, Texas.

166

00:15:30,000 --> 00:15:34,920

He works for his father, Kevin, who owns a plastics factory.

167

00:15:34,920 --> 00:15:38,160

At the end of each day, Kevin turns a reins of the business

168

00:15:38,160 --> 00:15:39,920

over to Kyle.

169

00:15:39,920 --> 00:15:41,760

Despite his youth, he has proven himself

170

00:15:41,760 --> 00:15:44,760

to be an adept supervisor of the night shift.

171

00:15:44,760 --> 00:15:47,000

He's going to give me 12 cotter pens, hold me in place

172

00:15:47,000 --> 00:15:48,000

until the morning.

173

00:15:48,000 --> 00:15:51,000

Together, father and son have made the McElroy Plastics

174

00:15:51,000 --> 00:15:53,000

Company a booming success.

175

00:15:54,000 --> 00:15:57,000

Friday, March 10th, 9 20 a.m.

176

00:15:57,000 --> 00:15:59,000

McElroy Plastics.

177

00:16:01,000 --> 00:16:02,000

Who is this?

178

00:16:05,000 --> 00:16:06,000

Sarah, who?

179

00:16:06,000 --> 00:16:11,000

Marnie come in and told me that asked me if I knew about Sarah.

180

00:16:11,000 --> 00:16:14,000

And I said, well, what company did she work for?

181

00:16:14,000 --> 00:16:17,000

She said she wouldn't tell me nothing.

182

00:16:17,000 --> 00:16:18,000

This is McElroy.

183

00:16:18,000 --> 00:16:20,000

I'm a big fan of her.

184

00:16:20,000 --> 00:16:22,000

She wouldn't tell me nothing.

185

00:16:22,000 --> 00:16:23,000

This is McElroy.

186

00:16:23,000 --> 00:16:24,000

How can I help you?

187

00:16:24,000 --> 00:16:27,000

Kevin, we have your son.

188

00:16:27,000 --> 00:16:28,000

Take the 110 south.

189

00:16:28,000 --> 00:16:30,000

You'll find his truck there.

190

00:16:30,000 --> 00:16:33,000

Look in the truck for further instructions.

191

00:16:33,000 --> 00:16:35,000

Do not call the police.

192

00:16:35,000 --> 00:16:38,000

We are watching you.

193

00:16:38,000 --> 00:16:40,000

I'm not really in the mood for this right now.

194

00:16:40,000 --> 00:16:44,000

I'm thinking, you know, it might be a joke.

195

00:16:44,000 --> 00:16:46,000

That's not funny.

196

00:16:46,000 --> 00:16:49,000

And I'm really not believing this boy I'm hearing.

197

00:16:49,000 --> 00:16:51,000

Put him on the phone.

198

00:16:51,000 --> 00:16:58,000

So she put Kyle on the phone just for maybe five seconds or so.

199

00:16:58,000 --> 00:17:01,000

Daddy, do what they say.

200

00:17:01,000 --> 00:17:05,000

They mean it or they're going to kill me.

201

00:17:05,000 --> 00:17:09,000

The last time Kyle had been seen was at the end of his work shift

202

00:17:09,000 --> 00:17:11,000

the previous night.

203

00:17:11,000 --> 00:17:16,000

Kevin was now certain the mysterious Sarah was dead serious.

204

00:17:17,000 --> 00:17:21,000

Kevin McElroy had only moments to decide what course of action to take.

205

00:17:21,000 --> 00:17:26,000

Despite the kidnappers warning, he contacted the Troop Texas police department.

206

00:17:26,000 --> 00:17:31,000

The officers were determined to keep their involvement a secret from Kyle's abductors.

207

00:17:31,000 --> 00:17:35,000

Following Sarah's orders, Kevin set out to retrieve the written instruction

208

00:17:35,000 --> 00:17:40,000

from Kyle's abandoned truck.

209

00:17:40,000 --> 00:17:45,000

As a precaution, Kevin allowed a Troop Texas police officer to follow him discreetly.

210

00:17:45,000 --> 00:17:49,000

The officer posing as a rancher would stop further along the road

211

00:17:49,000 --> 00:17:53,000

and observe Kevin from a distance.

212

00:17:53,000 --> 00:17:57,000

Both men knew they had to expect the unexpected.

213

00:18:02,000 --> 00:18:06,000

The truck was locked and Kevin had no keys.

214

00:18:06,000 --> 00:18:12,000

The first thing I was thinking is, are we dealing with a bunch of terrorists

215

00:18:12,000 --> 00:18:18,000

or what if while I'm trying to get in the picket, it blows up?

216

00:18:23,000 --> 00:18:27,000

The ransom note was just where Sarah said it would be.

217

00:18:32,000 --> 00:18:39,000

The letter said that they were asking for \$200,000 and \$100 bills

218

00:18:39,000 --> 00:18:44,000

and that I had seven hours to come up with the money and then go back to my office

219

00:18:44,000 --> 00:18:49,000

and that's when they would call me and tell me where to drop that off at.

220

00:18:52,000 --> 00:18:55,000

With six and a half hours remaining until the kidnappers' deadline,

221

00:18:55,000 --> 00:19:00,000

Kevin arrived at a prearranged staging area to meet with the authorities.

222

00:19:00,000 --> 00:19:03,000

The FBI was now in charge of the case.

223

00:19:03,000 --> 00:19:06,000

Garrett, you're down.

224

00:19:06,000 --> 00:19:09,000

They want a couple hundred thousand dollars.

225

00:19:09,000 --> 00:19:16,000

There was nothing in that note to tell us where Cal was, where to deliver the money

226

00:19:16,000 --> 00:19:20,000

or what means Cal will be released.

227

00:19:20,000 --> 00:19:24,000

So we knew the abductors had to contact Mr. McElroy again.

228

00:19:24,000 --> 00:19:26,000

Ride with him.

229

00:19:26,000 --> 00:19:28,000

So I sent two agents with him.

230

00:19:28,000 --> 00:19:32,000

For their plan to work, FBI agents had to be present at Kevin's factory

231

00:19:32,000 --> 00:19:35,000

when the kidnapers phoned again.

232

00:19:35,000 --> 00:19:40,000

But they had to do so under conditions of absolute secrecy.

233

00:19:40,000 --> 00:19:47,000

All of Kevin's employees were sent home under the pretense of a major mechanical breakdown at the plant.

234

00:19:50,000 --> 00:19:56,000

4 p.m. The way was now clear for the FBI to move in.

235

00:19:56,000 --> 00:20:02,000

By this time Kevin had collected only half of the demanded \$200,000.

236

00:20:05,000 --> 00:20:07,000

Terry to Gary, we're inside.

237

00:20:07,000 --> 00:20:10,000

The next move belonged to the kidnapers.

238

00:20:13,000 --> 00:20:15,000

6 p.m.

239

00:20:15,000 --> 00:20:16,000

Hello?

240

00:20:16,000 --> 00:20:17,000

You have the money.

241

00:20:17,000 --> 00:20:18,000

We got most of it.

242

00:20:18,000 --> 00:20:20,000

What do you mean most of the money?

243

00:20:20,000 --> 00:20:23,000

I can't get the whole \$200, it's a Friday, the banks don't have it.

244

00:20:23,000 --> 00:20:26,000

The FBI worked furiously to trace the call.

245

00:20:26,000 --> 00:20:31,000

The FBI had asked me to stall her.

246

00:20:31,000 --> 00:20:34,000

I said, you're going to get your money.

247

00:20:34,000 --> 00:20:38,000

I said, but I want to talk to Kyle and I want to make sure he's all right.

248

00:20:38,000 --> 00:20:40,000

She said, he's fine.

249

00:20:40,000 --> 00:20:43,000

She said, you're not going to get to talk to him.

250

00:20:43,000 --> 00:20:45,000

Listen to me, pay attention.

251

00:20:45,000 --> 00:20:47,000

Take the money you have.

252

00:20:47,000 --> 00:20:52,000

Sarah instructed Kevin to drive to a pay phone outside a local restaurant.

253

00:20:52,000 --> 00:20:56,000

There he would find a note directing him what to do next.

254

00:20:56,000 --> 00:21:00,000

The call was traced to a rural phone booth.

255

00:21:00,000 --> 00:21:05,000

But by the time the FBI got there, Sarah had vanished.

256

00:21:05,000 --> 00:21:11,000

The only course of action now was to follow her orders and take every precaution possible.

257

00:21:25,000 --> 00:21:29,000

7 p.m.

258

00:21:30,000 --> 00:21:45,000

I didn't see a note or the guy was kind of expecting a little brown envelope like the rats had come in.

259

00:21:45,000 --> 00:21:49,000

And so I went to pick him through all that trash.

260

00:21:49,000 --> 00:21:54,000

I thought, well, maybe there's something in this trash, maybe on a candy wrapper.

261

00:21:54,000 --> 00:22:00,000

So, you know, I went through it and the very bottom of that pile was a note.

262

00:22:00,000 --> 00:22:06,000

The note ordered Kevin to deliver the ransom money to a laundromat a half a mile away.

263

00:22:06,000 --> 00:22:12,000

He would then receive another call at his office and forming him where he could find Kyle.

264

00:22:14,000 --> 00:22:19,000

The FBI rapidly deployed his SWAT team near the back of the laundromat.

265

00:22:19,000 --> 00:22:24,000

We've got a 360 degree view. There's no movement at this time.

266

00:22:28,000 --> 00:22:33,000

When Kevin drove up to the laundromat to drop off the ransom money, there was a lot of tension.

267

00:22:33,000 --> 00:22:36,000

Anytime someone's life is on the line, there's a lot of tension.

268

00:22:36,000 --> 00:22:39,000

You want to get this done and find the victim as soon as possible.

269

00:22:49,000 --> 00:22:58,000

One hour passed.

270

00:22:58,000 --> 00:23:04,000

Two suspects approaching from the north.

271

00:23:04,000 --> 00:23:07,000

Baby caps, blue sweatshirts, blue jeans.

272

00:23:07,000 --> 00:23:09,000

They're looking around.

273

00:23:09,000 --> 00:23:12,000

Gone for the money. Got the money. There go.

274

00:23:12,000 --> 00:23:15,000

FBI, Fuse! Down, down, down, go, go, go!

275

00:23:20,000 --> 00:23:32,000

One of the men arrested was an employee of the McElroy Plastics Company, a friend of Kyle's, Victor Ferratis.

276

00:23:32,000 --> 00:23:39,000

The FBI learned his real name was Daniel Rios. Two alleged accomplices were also arrested.

277

00:23:39,000 --> 00:23:43,000

But the woman who called herself Sarah was nowhere to be found.

278

00:23:44,000 --> 00:23:52,000

The following day, the suspects told the FBI Kyle could be found on an abandoned farm outside of town.

279

00:23:52,000 --> 00:23:57,000

Kevin waited anxiously as agents went in search of his son.

280

00:23:57,000 --> 00:24:06,000

It was late in the evening. They asked me if they could speak to me. They had some information for me.

281

00:24:06,000 --> 00:24:11,000

And I could tell by the looks on their face that it wasn't good.

282

00:24:11,000 --> 00:24:17,000

And they said that he was dead. They found him dead.

283

00:24:19,000 --> 00:24:24,000

It's like somebody walking up and hitting, but you can't feel it.

284

00:24:24,000 --> 00:24:29,000

You know, you think about it and it just makes you mad.

285

00:24:30,000 --> 00:24:38,000

The medical examiner determined Kyle had been choked to death before the first ransom call was ever made.

286

00:24:38,000 --> 00:24:43,000

The FBI believes his abductors made a recording of Kyle, then killed him.

287

00:24:43,000 --> 00:24:47,000

Sarah then played the tape for Kevin over the phone.

288

00:24:47,000 --> 00:24:52,000

They say they learned that Sarah was in fact Desiree Dawn Lingo Perkins.

289

00:24:52,000 --> 00:24:58,000

The FBI believes she was a prostitute known to frequent migrant worker camps in the area.

290

00:24:58,000 --> 00:25:07,000

She is now wanted for murder. She is 5'6 and her weight fluctuates between 170 and 200 pounds.

291

00:25:29,000 --> 00:25:34,000

May 1970.

292

00:25:34,000 --> 00:25:41,000

In a small Texas town a fragile child clutched her only friend and waited patiently.

293

00:25:41,000 --> 00:25:47,000

Her family was on the move again. A routine that had become all too familiar.

294

00:25:47,000 --> 00:25:52,000

It was the eighth move to five different states in Monica LeBeau's young life.

295

00:25:52,000 --> 00:25:57,000

Eventually she would move a total of two days.

296

00:25:57,000 --> 00:26:01,000

Eventually she would move a total of 28 times in 15 years.

297

00:26:01,000 --> 00:26:03,000

Okay, can you get her chair?

298

00:26:03,000 --> 00:26:07,000

I would come home from school, you know, and there would be boxes everywhere.

299

00:26:07,000 --> 00:26:11,000

And I knew it was time to go again.

300

00:26:11,000 --> 00:26:15,000

Monica's parents, Pablo and Burma LeBeau, were older.

301

00:26:15,000 --> 00:26:18,000

Her two half sisters grown and never around.

302

00:26:18,000 --> 00:26:23,000

However, the lonely little girl didn't question her family's nomadic lifestyle.

303

00:26:23,000 --> 00:26:28,000

Or why she was always kept home from school on class picture days.

304

00:26:28,000 --> 00:26:33,000

Monica simply learned to fend for herself, but it wasn't easy.

305

00:26:33,000 --> 00:26:39,000

I would get kind of angry because by the time I made friends we were up and gone again.

306

00:26:39,000 --> 00:26:44,000

So that was kind of hard.

307

00:26:44,000 --> 00:26:49,000

Then at age 16, when most teams were thinking about boys in the latest fashion rage,

308

00:26:49,000 --> 00:26:54,000

Monica's life was turned upside down.

309

00:26:54,000 --> 00:27:04,000

My mother got ill and I had to transfer my mother's medical papers to where she was in the hospital.

310

00:27:04,000 --> 00:27:18,000

And I was reading through my mom's folder and I read some words that just probably changed my life forever.

311

00:27:19,000 --> 00:27:26,000

That's when I found out that my mother had a total hysterectomy in 1945.

312

00:27:26,000 --> 00:27:31,000

There's no way I could have belonged to her.

313

00:27:31,000 --> 00:27:37,000

Imagine finding out your mother had a hysterectomy nearly two decades before you were born.

314

00:27:37,000 --> 00:27:40,000

That she couldn't possibly have been your mother.

315

00:27:40,000 --> 00:27:43,000

And for 16 years you'd been lied to.

316

00:27:43,000 --> 00:27:47,000

If Burma LeBeau wasn't Monica's mother, then who was?

317

00:27:47,000 --> 00:27:54,000

The search for that answer is consume Monica's life, leading her into an incredibly tangled web of lies, half-truths and innuendos.

318

00:27:54,000 --> 00:28:02,000

What makes this story even more disturbing, however, is where it all may lead to an unthinkable crime.

319

00:28:05,000 --> 00:28:11,000

I asked my mother, I said, if you're not my mother, I want to know who is my mother.

320

00:28:12,000 --> 00:28:21,000

And she got mad, but she told me that my mother was a family member.

321

00:28:21,000 --> 00:28:22,000

My sister?

322

00:28:22,000 --> 00:28:23,000

My sister.

323

00:28:23,000 --> 00:28:25,000

She really had a child, she couldn't take care of you.

324

00:28:25,000 --> 00:28:26,000

Why didn't you tell me?

325

00:28:26,000 --> 00:28:28,000

I was shocked.

326

00:28:30,000 --> 00:28:35,000

And that was probably the worst shock of my life.

327

00:28:35,000 --> 00:28:38,000

She said it was you, is that true?

328

00:28:38,000 --> 00:28:45,000

It was true that Monica's half-sister was much older, 19 years in fact, but could she really be her mother?

329

00:28:45,000 --> 00:28:54,000

I'd ask her straight out if she was my mother, and she said, no, I'm not your mother.

330

00:28:54,000 --> 00:28:55,000

Don't believe her.

331

00:28:55,000 --> 00:28:59,000

She said, well, mom just doesn't want to face the truth.

332

00:28:59,000 --> 00:29:01,000

And I said, well, what is the truth?

333

00:29:01,000 --> 00:29:03,000

Who is?

334

00:29:03,000 --> 00:29:22,000

And my sister told me that my real mother sold me for a bus ticket to New York, and that she was trash and no good, and I didn't need to know her anyway.

335

00:29:22,000 --> 00:29:26,000

She gave you to your mom.

336

00:29:26,000 --> 00:29:29,000

Had Monica really been sold for the price of a bus ticket?

337

00:29:29,000 --> 00:29:33,000

Or was this simply another bizarre story about her birth mother?

338

00:29:33,000 --> 00:29:37,000

Monica didn't know who to trust or who to believe.

339

00:29:37,000 --> 00:29:41,000

Again, she haunted her parents to tell her the truth.

340

00:29:41,000 --> 00:29:47,000

The more I asked, the more they wouldn't tell me anything.

341

00:29:47,000 --> 00:29:55,000

And I started wondering at that point, maybe something bad happened.

342

00:29:55,000 --> 00:29:59,000

Monica was not convinced her parents had something to hide.

343

00:29:59,000 --> 00:30:07,000

She began snooping around the house in search of any link to her past, and soon went across a sturdy metal box.

344

00:30:07,000 --> 00:30:14,000

Inside was a very document Monica had hoped to find, her birth certificate.

345

00:30:14,000 --> 00:30:17,000

But the details seemed sketchy.

346

00:30:17,000 --> 00:30:22,000

There was no hospital listed, no address, no doctor.

347

00:30:22,000 --> 00:30:29,000

And the document had not been filed until the early 1970s when Monica was seven years old.

348

00:30:29,000 --> 00:30:35,000

She had only one place to turn for help, one of her half sisters.

349

00:30:35,000 --> 00:30:44,000

She said your mom and dad paid a lawyer \$2,000 to make this false birth certificate.

350

00:30:44,000 --> 00:30:47,000

Was Monica's whole life a fraud?

351

00:30:47,000 --> 00:30:57,000

It now made sense why, growing up, she never had her own social security number, but used her father's instead.

352

00:30:57,000 --> 00:31:05,000

Chicago was listed as Monica's place of birth, and in 1990, at age 26, she contacted Illinois judge Gene Scott

353

00:31:05,000 --> 00:31:08,000

in hopes of finding an adoption record.

354

00:31:08,000 --> 00:31:12,000

Judge Scott answered her in a letter.

355

00:31:12,000 --> 00:31:25,000

She told me that she could not find anything from the years 62, 63, 64, that she had searched all the records that they had there.

356

00:31:25,000 --> 00:31:28,000

Chicago had turned into another dead end.

357

00:31:28,000 --> 00:31:35,000

Sadly, it all seemed like a bad soap opera, but Monica thrust into the lead role.

358

00:31:35,000 --> 00:31:42,000

For the next decade, Monica was haunted by the strange and conflicting stories surrounding her past.

359

00:31:42,000 --> 00:31:48,000

Still, she managed to get on with her life, marry and have a daughter of her own.

360

00:31:48,000 --> 00:31:53,000

Mom, I need to know who I am, and I think it's important for my daughter to know that too.

361

00:31:53,000 --> 00:32:01,000

During a rare family get-together, Monica decided to try one last time to find out the truth.

362

00:32:01,000 --> 00:32:08,000

My mom, at that point, was just angry, very angry.

363

00:32:08,000 --> 00:32:13,000

She started getting mad, and my sister, they just kind of looked at each other.

364

00:32:13,000 --> 00:32:15,000

Mother!

365

00:32:15,000 --> 00:32:18,000

According to Monica, her half-sister suddenly became irate.

366

00:32:18,000 --> 00:32:21,000

I never gave birth to this child.

367

00:32:21,000 --> 00:32:27,000

She began ranting about how nearly four decades earlier, her mother had hidden a tiny baby from the police.

368

00:32:27,000 --> 00:32:31,000

Mother, I had to tell lies to the police, and I did that for you and Dad.

369

00:32:31,000 --> 00:32:33,000

Oh, please, line now.

370

00:32:33,000 --> 00:32:34,000

They were looking for you.

371

00:32:34,000 --> 00:32:36,000

Monica was stunned.

372

00:32:36,000 --> 00:32:39,000

In an instant, the past came flooding back.

373

00:32:39,000 --> 00:32:46,000

She remembered as a teenager, overhearing her father talk about stashing a cardboard box in a bar,

374

00:32:46,000 --> 00:32:51,000

something about roadblocks, and the need to tell the truth.

375

00:32:51,000 --> 00:32:55,000

A picture began to emerge that was both ugly and sinister.

376

00:32:56,000 --> 00:33:04,000

The indication that I got from the whole thing is that my mother had probably kidnapped me.

377

00:33:04,000 --> 00:33:12,000

I really started thinking, my God, have they just step and take me, you know, from somebody?

378

00:33:12,000 --> 00:33:17,000

To this day, that question and others remain unanswered.

379

00:33:17,000 --> 00:33:20,000

Was Monica abducted as an infant?

380

00:33:20,000 --> 00:33:27,000

An appalling crime that forced Pablo and Burma LeBode to stay one step ahead of the law?

381

00:33:27,000 --> 00:33:32,000

Was a tiny baby sold by a desperate young girl for the price of a bus ticket?

382

00:33:32,000 --> 00:33:38,000

Or is Monica's half-sister, not her sister at all, but her mother?

383

00:33:38,000 --> 00:33:47,000

I would be willing to go through anything, a DNA test, anything at all,

384

00:33:47,000 --> 00:33:51,000

and be able to find out the truth behind all this.

385

00:33:51,000 --> 00:33:58,000

If Monica's half-sister agreed to be tested, it would answer at least one of these puzzling questions.

386

00:33:58,000 --> 00:34:05,000

However, according to relatives, she recently left her husband of 25 years and simply disappeared.

387

00:34:05,000 --> 00:34:11,000

On another sad note, Monica's own husband passed away in 1998.

388

00:34:11,000 --> 00:34:15,000

He was only 31 years old.

389

00:34:15,000 --> 00:34:23,000

The tragic loss has only deepened Monica's resolve to find her birth mother.

390

00:34:23,000 --> 00:34:31,000

I'm without an identity, and I'm searching, and I'm probably going to keep searching.

391

00:34:31,000 --> 00:34:34,000

I'm not going to give up.

392

00:34:34,000 --> 00:34:42,000

Monica was born with only half a year lobe on her left ear, a clue that may help unravel this mystery.

393

00:34:42,000 --> 00:34:57,000

And if Monica was indeed kidnapped, she believes it happened in the Miami, Florida area in 1963 or 1964.

394

00:34:57,000 --> 00:35:02,000

MUSIC

395

00:35:02,000 --> 00:35:06,000

Previously, we brought you the story of the fear that gripped Texas A&M University

396

00:35:06,000 --> 00:35:10,000

when police thought that a serial rapist was on the loose.

397

00:35:10,000 --> 00:35:19,000

Now that a suspect is behind bars, the residents of a small college town can finally feel more secure.

398

00:35:19,000 --> 00:35:23,000

The rapist hid his intentions behind a shoal of normalcy.

399

00:35:23,000 --> 00:35:26,000

He looked like just another student out for an evening jog,

400

00:35:26,000 --> 00:35:33,000

but as he turned to go back toward his intended victim, his casual demeanor turned violent.

401

00:35:33,000 --> 00:35:46,000

The suspect kept that knife within her sight, and she had every indication at that point that he would use that knife on her.

402

00:35:46,000 --> 00:35:51,000

Thirty minutes later, the rapist disappeared into the shadows.

403

00:35:51,000 --> 00:35:56,000

University police released a composite sketch and character profile of the suspect.

404

00:35:56,000 --> 00:36:03,000

Several months later, a knife-wielding assailant attacked another Texas A&M student.

405

00:36:03,000 --> 00:36:08,000

From nowhere, she said, a knife appeared and was placed against her throat.

406

00:36:08,000 --> 00:36:11,000

He threatened her. He told her that if she screamed, he was going to kill her,

407

00:36:11,000 --> 00:36:16,000

and then took her to the location that he had already prepared.

408

00:36:16,000 --> 00:36:20,000

This composite was based on the second victim's description,

409

00:36:20,000 --> 00:36:27,000

a comparison with a first drawing bolstered investigator's suspicions that a serial rapist was stalking the campus.

410

00:36:27,000 --> 00:36:34,000

Authorities papered the campus community with posters, but the rapes went unsolved for 10 months.

411

00:36:34,000 --> 00:36:42,000

The critical break in the case came from the first victim herself, when she happened to stop for groceries at a local market.

412

00:36:42,000 --> 00:36:45,000

Thanks. Howdy. How you doing?

413

00:36:45,000 --> 00:36:47,000

Hey.

414

00:36:48,000 --> 00:36:50,000

This is a knife.

415

00:36:50,000 --> 00:36:55,000

The young woman was convinced that she was face to face with a man who raped her.

416

00:36:55,000 --> 00:36:59,000

Excuse me. You forgot something.

417

00:37:03,000 --> 00:37:08,000

Police would soon learn that the clerk was named Don Richard Davis Jr.

418

00:37:08,000 --> 00:37:13,000

He was scheduled to graduate from Texas A&M in three weeks.

419

00:37:14,000 --> 00:37:20,000

When this photograph of Davis was shown to the second victim, she too identified him as the rapist.

420

00:37:22,000 --> 00:37:27,000

DNA tests confirmed the identification with 90% certainty.

421

00:37:27,000 --> 00:37:33,000

Don Richard Davis Jr. was charged with aggravated sexual assault and released on bail.

422

00:37:33,000 --> 00:37:36,000

Six days later, Davis disappeared.

423

00:37:36,000 --> 00:37:41,000

For the next five years, police had a fugitive case on their hands.

424

00:37:44,000 --> 00:37:52,000

In October of 2000, a routine traffic violation in Cleveland would be the beginning of the end for Davis.

425

00:37:52,000 --> 00:37:58,000

Don Davis got stopped on a traffic stop one day, and when they rolled his fingerprints at that point in time,

426

00:37:58,000 --> 00:38:04,000

that's when it connected up as a hit with Don Davis, and then that information just kind of mushroomed from there.

427

00:38:04,000 --> 00:38:09,000

Davis was brought back to Texas to stand trial in the rapes of the two women.

428

00:38:10,000 --> 00:38:14,000

But before his trial began, he pled guilty to the charges.

429

00:38:14,000 --> 00:38:18,000

A jury heard testimony to determine his sentence.

430

00:38:18,000 --> 00:38:23,000

Don Richard Davis will serve 99 years in prison, pending his appeal.

431

00:38:23,000 --> 00:38:36,000

With the conviction of Mr. Davis, justice has been served, and I know for a fact that the two victims that we had are extremely relieved.

432

00:38:37,000 --> 00:38:41,000

They feel better, and I think they're probably sleeping a lot better now,

433

00:38:41,000 --> 00:38:45,000

because Mr. Davis will no longer be out on the streets.

434

00:38:52,000 --> 00:38:57,000

On a previous broadcast, we brought you the story of Laurie DeLorm Magnon.

435

00:38:57,000 --> 00:39:04,000

At the age of three, Laurie was adopted under mysterious circumstances by a family in Kansas City, Missouri.

436

00:39:05,000 --> 00:39:10,000

The reason for her adoption was kept secret by all parties involved.

437

00:39:10,000 --> 00:39:16,000

Laurie had no idea what happened to her birth parents or her brother and three sisters.

438

00:39:16,000 --> 00:39:19,000

As she grew older, Laurie searched for her family,

439

00:39:19,000 --> 00:39:26,000

but only discovered that her mother, Frances Camarena, died on November 27, 1956.

440

00:39:27,000 --> 00:39:36,000

Along with her husband and son, Laurie decided to look at the Kansas City star on the day of her mother's death.

441

00:39:36,000 --> 00:39:44,000

Staring back at her from the front page was a 14-month-old Laurie surrounded by her four siblings.

442

00:39:44,000 --> 00:39:50,000

That's when I first saw the picture of me and my brother and my sisters, first time.

443

00:39:51,000 --> 00:39:56,000

The accompanying article finally revealed the dark, violent secret in Laurie's past.

444

00:39:59,000 --> 00:40:09,000

In the pre-dawn hours of November 26, 1956, Laurie's father, Alexander Camarena, murdered Laurie's mother.

445

00:40:12,000 --> 00:40:18,000

Laurie learned that her father was convicted of second-degree murder and died in 1991,

446

00:40:18,000 --> 00:40:25,000

but her efforts to find her older sisters, Phyllis, Rosemary and Nancy, and her younger brother,

Robert, have failed.

447

00:40:26,000 --> 00:40:31,000

My real brother and sisters, we lost both our parents now.

448

00:40:31,000 --> 00:40:33,000

Here you are, Mommy.

449

00:40:33,000 --> 00:40:37,000

And I think they need me like I need them.

450

00:40:37,000 --> 00:40:44,000

Shortly after our broadcast, Ruth Crook, Laurie's birth cousin, contacted our telecenter.

451

00:40:44,000 --> 00:40:50,000

A friend of Ruth's had seen the show and told her that her long-lost cousin was looking for her birth family.

452

00:40:51,000 --> 00:41:01,000

It was a happy shock and very exciting to know that she had been found because everyone always wondered what happened to those two children.

453

00:41:01,000 --> 00:41:04,000

My dream, my dream's coming true.

454

00:41:04,000 --> 00:41:15,000

Three weeks later, Laurie found herself at her adopted sister's house outside of Kansas City, eagerly awaiting the arrival of the relatives she has spent her entire life searching for.

455

00:41:15,000 --> 00:41:16,000

Hi.

456

00:41:16,000 --> 00:41:17,000

Hi.

457

00:41:17,000 --> 00:41:18,000

How are you?

458

00:41:18,000 --> 00:41:19,000

Fine.

459

00:41:19,000 --> 00:41:20,000

It's for you.

460

00:41:20,000 --> 00:41:24,000

First out of the car was Laurie's older sister, Rosemary.

461

00:41:24,000 --> 00:41:27,000

I just was just looking at her.

462

00:41:27,000 --> 00:41:29,000

I just couldn't believe it.

463

00:41:29,000 --> 00:41:34,000

And we were both crying and it just felt good to hold her.

464

00:41:34,000 --> 00:41:36,000

We just held each other.

465

00:41:36,000 --> 00:41:38,000

So happy you're here.

466

00:41:38,000 --> 00:41:43,000

And I was just shaking when I got out of the car.

467

00:41:43,000 --> 00:41:45,000

You know, I was just shaking.

468

00:41:46,000 --> 00:41:49,000

And I was just shaking when I got out of the car.

469

00:41:49,000 --> 00:41:52,000

You know, just nervous and happy.

470

00:41:52,000 --> 00:41:54,000

Very joyful.

471

00:41:58,000 --> 00:42:04,000

Soon, Laurie was surrounded by aunts, uncles and cousins she never even knew she had.

472

00:42:06,000 --> 00:42:14,000

As her birth family and adopted family became acquainted, Laurie's circle of loved ones grew larger than she could have ever imagined.

473

00:42:15,000 --> 00:42:18,000

My brother, Doral, this is Rosemary.

474

00:42:18,000 --> 00:42:19,000

Hi.

475

00:42:19,000 --> 00:42:20,000

Yeah.

476

00:42:20,000 --> 00:42:21,000

I feel surrounded by love.

477

00:42:21,000 --> 00:42:23,000

I feel really great.

478

00:42:23,000 --> 00:42:26,000

I have all these pictures of me when I was a baby.

479

00:42:26,000 --> 00:42:27,000

I haven't ever seen.

480

00:42:27,000 --> 00:42:32,000

And for the first time, Laurie got to see a picture of her mother.

481

00:42:32,000 --> 00:42:35,000

Oh, she's beautiful.

482

00:42:35,000 --> 00:42:38,000

The eldest sister, Phyllis, was unable to attend the reunion.

483

But she and Laurie met each other shortly after the rest of the family reunited.

484

00:42:43,000 --> 00:42:49,000

Sadly, Laurie's younger brother, Robert, seen as an infant in the news photo, died in 1982.

485

00:42:49,000 --> 00:42:54,000

And after our original broadcast, Laurie finally located the last sibling, Nancy.

486

00:42:54,000 --> 00:43:01,000

Nancy and Laurie have spoken on numerous occasions and hope to have another family reunion in the near future.

487

00:43:01,000 --> 00:43:07,000

Dear God, thank you for bringing together this wonderful family of families.

488

00:43:07,000 --> 00:43:09,000

We especially thank you for bringing it together.

489

00:43:09,000 --> 00:43:16,000

Now that we're all back together, that we have each other now, we'll ride each other, call each other, visit each other.

490

00:43:16,000 --> 00:43:18,000

Nothing will keep us apart.

491

00:43:18,000 --> 00:43:20,000

Everybody's just all excited.

492

00:43:20,000 --> 00:43:21,000

It's all excitement.

493

00:43:21,000 --> 00:43:22,000

It's all good.

494

00:43:32,000 --> 00:43:35,000

For every mystery, there is someone who knows the truth.

495

00:43:35,000 --> 00:43:37,000

Perhaps it's you.
