

1

00:00:30,000 --> 00:00:53,520

The Air Force Base here in Roswell, New Mexico, was the center of a controversy back in 1947

2

00:00:53,520 --> 00:00:57,520

that over 40 years later still remains unsolved.

3

00:00:57,520 --> 00:01:03,520

The events of a mysterious craft were found on a remote ranch allegedly stored here in Hangar 84.

4

00:01:03,520 --> 00:01:06,520

To this day there are many who believe it was a UFO.

5

00:01:06,520 --> 00:01:11,520

When we first heard of the incident at Roswell, we assumed it was just another UFO sighting

6

00:01:11,520 --> 00:01:17,520

that could be easily explained, a distant aircraft, an air missile, or perhaps it was just a hoax.

7

00:01:17,520 --> 00:01:23,520

However, eyewitness accounts and disturbing evidence suggest that something strange happened here at Roswell,

8

00:01:23,520 --> 00:01:26,520

something that cannot be easily dismissed.

9

00:01:31,520 --> 00:01:39,520

July 2, 1947, a violent electrical storm sweeps over the desolate plains of south central New Mexico.

10

00:01:43,520 --> 00:01:47,520

At this time of year these storms are almost nightly occurrences.

11

00:01:48,520 --> 00:01:54,520

At his remote ranch house, Mack Brazel patiently waits out the fury of the storm.

12

00:01:56,520 --> 00:02:06,520

Mack was a... he was just an old time cowboy, I guess you'd say, and he was pretty serious.

13

00:02:06,520 --> 00:02:10,520

If he told you something you could pretty well depend on it.

14

00:02:18,520 --> 00:02:25,520

Apparently Mack Brazel heard a thunder clap that night that somehow sounded different.

15

00:02:33,520 --> 00:02:39,520

The story is that Mack Brazel supposedly heard a loud crash at some point during the storm

16

00:02:39,520 --> 00:02:41,520

and didn't know if it was related to the storm or not.

17

00:02:41,520 --> 00:02:47,520

According to his son, Mack was on the range the next day looking to see which fields

18

00:02:47,520 --> 00:02:51,520

may have gotten precipitation the night before so they could move the livestock to those fields

19

00:02:51,520 --> 00:02:53,520

because the grass would be better there.

20

00:02:53,520 --> 00:02:57,520

And in his process of looking to see where the rain had come down,

21

00:02:57,520 --> 00:03:01,520

he found the debris fields spread out near his ranch house.

22

00:03:01,520 --> 00:03:06,520

It was obvious that something had crashed in one of his pastures the night before.

23

00:03:06,520 --> 00:03:10,520

Whatever it was was broken up beyond identification.

24

00:03:14,520 --> 00:03:17,520

The debris field was approximately three quarters of a mile long,

25

00:03:17,520 --> 00:03:21,520

maybe as much as two or three hundred feet in width.

26

00:03:21,520 --> 00:03:26,520

Scattered along there were a few of the other fields that he had been to.

27

00:03:26,520 --> 00:03:29,520

Maybe as much as two or three hundred feet in width.

28

00:03:29,520 --> 00:03:32,520

Scattered along there were bits and pieces of material.

29

00:03:32,520 --> 00:03:35,520

We refused to call it metal because from the descriptions we have,

30

00:03:35,520 --> 00:03:40,520

it was more of a plastic-like material, very strong, very lightweight.

31

00:03:40,520 --> 00:03:43,520

The pieces of it were described as being three or four feet long,

32

00:03:43,520 --> 00:03:46,520

but as light as a feather, as thin as newsprint.

33

00:03:46,520 --> 00:03:51,520

There were metal beams that were slightly flexible but very strong

34

00:03:51,520 --> 00:03:54,520

and it was spread out all over the field.

35

00:03:56,520 --> 00:04:02,520

Some of the metal pieces appear to have strange qualities and unusual tensile properties.

36

00:04:27,520 --> 00:04:32,520

Later that day, Mack drove over to his closest neighbors,

37

00:04:32,520 --> 00:04:36,520

Floyd and Loretta Proctor, who lived ten miles away.

38

00:04:36,520 --> 00:04:38,520

Good afternoon, Floyd.

39

00:04:38,520 --> 00:04:39,520

Good afternoon, Loretta.

40

00:04:39,520 --> 00:04:42,520

Hi, Mack. What brings you all the way out here?

41

00:04:42,520 --> 00:04:45,520

For Mack, he was excited.

42

00:04:45,520 --> 00:04:50,520

You know, he was wanting somebody to go down and check it out.

43

00:04:50,520 --> 00:04:52,520

And we should have.

44

00:04:52,520 --> 00:04:54,520

We didn't.

45

00:04:54,520 --> 00:04:56,520

Take a look at that.

46

00:05:00,520 --> 00:05:03,520

Light a match to see what I'm talking about.

47

00:05:03,520 --> 00:05:08,520

And he brought a little sliver of wood-looking stuff

48

00:05:08,520 --> 00:05:14,520

and him and my husband tried to cut it and burn it,

49

00:05:14,520 --> 00:05:18,520

but it wouldn't whittle and it wouldn't burn.

50

00:05:18,520 --> 00:05:21,520

Well, Mitt, that's pretty damn odd.

51

00:05:21,520 --> 00:05:24,520

Now I would say it looked like plastic back then,

52

00:05:24,520 --> 00:05:26,520

why, you know, we didn't have plastic

53

00:05:26,520 --> 00:05:31,520

and I guess it was more like some kind of a lightweight wood.

54

00:05:34,520 --> 00:05:38,520

The Proctors urged Brazill to go to the authorities.

55

00:05:38,520 --> 00:05:42,520

The following Monday, Brazill reported his discovery to the sheriff

56

00:05:42,520 --> 00:05:46,520

who informed New Yorkers that he had been in the city for a long time

57

00:05:46,520 --> 00:05:49,520

and that he had been in the city for a long time.

58

00:05:49,520 --> 00:05:52,520

And the next day, he was discovered to the sheriff

59

00:05:52,520 --> 00:05:55,520

who informed nearby Roswell Army Air Base.

60

00:06:00,520 --> 00:06:04,520

That afternoon, Mack Brazill led two Army intelligence officers

61

00:06:04,520 --> 00:06:06,520

to the crash site.

62

00:06:08,520 --> 00:06:11,520

One of the officers was Major Jesse Marcell Sr.,

63

00:06:11,520 --> 00:06:13,520

an experienced combat pilot,

64

00:06:13,520 --> 00:06:16,520

I wanted to stay there, Mr. Brazill. Lieutenant?

65

00:06:17,520 --> 00:06:20,520

Even with his experience, Marcell was unable to identify

66

00:06:20,520 --> 00:06:22,520

what kind of craft it was.

67

00:06:22,520 --> 00:06:25,520

Marcell died in 1982,

68

00:06:25,520 --> 00:06:28,520

but before his death, he gave the following interview

69

00:06:28,520 --> 00:06:31,520

for a documentary film about UFOs.

70

00:06:32,520 --> 00:06:35,520

There were just fragments strewn all over the area,

71

00:06:35,520 --> 00:06:39,520

an area about three-quarters of a mile long and several hundred feet wide.

72

00:06:39,520 --> 00:06:42,520

So we proceeded to pick up the parts.

73

00:06:42,520 --> 00:06:45,520

I tried to bend the stuff. It will not bend.

74

00:06:45,520 --> 00:06:48,520

I even tried to burn that. It would not burn.

75

00:06:48,520 --> 00:06:50,520

That stuff weighs nothing.

76

00:06:50,520 --> 00:06:53,520

It's not in there thicket and tinfoil and a pack of cigarettes.

77

00:06:53,520 --> 00:06:57,520

We even tried making a dent in it with a 16-pound sledgehammer.

78

00:06:57,520 --> 00:06:59,520

Still no dent in it.

79

00:07:00,520 --> 00:07:04,520

One thing I was certain of, being familiar with all the activities,

80

00:07:04,520 --> 00:07:08,520

that it was not a weather balloon, nor an aircraft, nor a missile.

81

00:07:08,520 --> 00:07:12,520

It was something else, which we didn't know what it was.

82

00:07:16,520 --> 00:07:18,520

Late on the night of July 7th,

83

00:07:18,520 --> 00:07:20,520

Major Marcell drove back to Roswell.

84

00:07:20,520 --> 00:07:24,520

His car loaded down with the unusual remains found on the ranch.

85

00:07:26,520 --> 00:07:29,520

Before going onto the base, he stopped by his home.

86

00:07:29,520 --> 00:07:32,520

He wanted to show his family what he had found.

87

00:07:33,520 --> 00:07:35,520

When he came back to the house,

88

00:07:35,520 --> 00:07:39,520

he had had a bunch of wreckage with him at the time.

89

00:07:39,520 --> 00:07:41,520

He brought the wreckage into the house,

90

00:07:41,520 --> 00:07:43,520

actually awakened my mother and myself out,

91

00:07:43,520 --> 00:07:46,520

so we could view this because it's so unusual.

92

00:07:49,520 --> 00:07:52,520

It's about two o'clock in the morning, as I recall, right?

93

00:07:52,520 --> 00:07:55,520

He spread it out so we could get some basic idea

94

00:07:55,520 --> 00:07:57,520

of what it looked like, what it was.

95

00:07:59,520 --> 00:08:02,520

Jesse Marcell Jr. was 11 years old at the time

96

00:08:02,520 --> 00:08:04,520

and remembers the incident vividly.

97

00:08:05,520 --> 00:08:07,520

He is one of the few people still alive,

98

00:08:07,520 --> 00:08:10,520

known to have handled pieces of the debris.

99

00:08:13,520 --> 00:08:17,520

We were all amazed by this debris that was there.

100

00:08:17,520 --> 00:08:20,520

Probably because we didn't know what it was, you know, just the unknown.

101

00:08:21,520 --> 00:08:24,520

Look at this writing. What do you think that is?

102

00:08:24,520 --> 00:08:28,520

The most remarkable fragment was a short piece of eye-beam,

103

00:08:28,520 --> 00:08:31,520

which was covered with strange symbols and embossed markings.

104

00:08:31,520 --> 00:08:33,520

Looks like some kind of hieroglyphics.

105

00:08:33,520 --> 00:08:37,520

This writing could be described as like hieroglyphics,

106

00:08:37,520 --> 00:08:40,520

Egyptian-type hieroglyphics, but not really.

107

00:08:40,520 --> 00:08:44,520

The symbols that were in the eye-beams were more of a geometric-type configuration

108

00:08:44,520 --> 00:08:46,520

in various designs.

109

00:08:46,520 --> 00:08:49,520

It had a violet-purple-type color

110

00:08:49,520 --> 00:08:52,520

and was actually an embossed part of the metal itself.

111

00:08:54,520 --> 00:08:57,520

Years after this incident happened,

112

00:08:57,520 --> 00:09:00,520

we would talk privately among ourselves

113

00:09:00,520 --> 00:09:04,520

about what the possibilities of this, what this thing was.

114

00:09:04,520 --> 00:09:08,520

And I feel that we, well, I know that we came to the conclusion

115

00:09:08,520 --> 00:09:10,520

that it was not of earthly origin.

116

00:09:13,520 --> 00:09:16,520

If I had not actually held pieces of it in my hand,

117

00:09:16,520 --> 00:09:18,520

I would not think that it would be possible.

118

00:09:18,520 --> 00:09:21,520

But because I happened to see this, that's the only reason I believe it.

119

00:09:24,520 --> 00:09:28,520

Major Marcel took the wreckage to the Roswell base where he was stationed.

120

00:09:30,520 --> 00:09:33,520

Roswell was home to the 509th Bomb Squadron,

121

00:09:33,520 --> 00:09:36,520

the Air Force's sole atomic bomb group at the time.

122

00:09:37,520 --> 00:09:40,520

It was a closed base, and personnel stationed there

123

00:09:40,520 --> 00:09:43,520

required a high security clearance.

124

00:09:45,520 --> 00:09:48,520

The following morning, it is believed that some of the pieces were flown

125

00:09:48,520 --> 00:09:50,520

to Wright Field, near Dayton, Ohio,

126

00:09:50,520 --> 00:09:54,520

with a short stop at Carswell Air Base at Fort Worth, Texas.

127

00:09:56,520 --> 00:09:59,520

That same morning, Colonel William Blanchard,

128

00:09:59,520 --> 00:10:02,520

the commanding officer, made a crucial decision.

129

00:10:02,520 --> 00:10:07,520

He went public with the story of the discovery made by Mac Brazel.

130

00:10:10,520 --> 00:10:13,520

The press release read in part,

131

00:10:13,520 --> 00:10:17,520

The many rumors regarding the flying disc became a reality yesterday,

132

00:10:17,520 --> 00:10:21,520

when the intelligence office of the 509th Bomb Squadron

133

00:10:21,520 --> 00:10:24,520

was fortunate enough to gain possession of a disc

134

00:10:24,520 --> 00:10:27,520

through the cooperation of a local redshirt.

135

00:10:30,520 --> 00:10:34,520

The press release was immediately picked up by newspapers across the country.

136

00:10:35,520 --> 00:10:38,520

The story created a furor.

137

00:10:43,520 --> 00:10:46,520

That same day, it was reported that an engineer

138

00:10:46,520 --> 00:10:50,520

for the Soil Conservation Service made another remarkable discovery.

139

00:10:52,520 --> 00:10:56,520

Barney Barnett of Socorro, New Mexico, died in 1969,

140

00:10:56,520 --> 00:10:59,520

but he may have been the person who discovered

141

00:10:59,520 --> 00:11:01,520

what was perhaps the first positive proof

142

00:11:01,520 --> 00:11:04,520

that there was other life in our universe.

143

00:11:09,520 --> 00:11:11,520

Barney was just a real straightforward,

144

00:11:11,520 --> 00:11:14,520

just what you would call a real straight guy.

145

00:11:14,520 --> 00:11:18,520

He wouldn't tell you one story out of color or nothing.

146

00:11:18,520 --> 00:11:21,520

That's why I was really surprised when he related this information to me

147

00:11:21,520 --> 00:11:23,520

about Christ's author.

148

00:11:26,520 --> 00:11:30,520

He told me that he came onto this spaceship, it was during the daytime.

149

00:11:30,520 --> 00:11:34,520

It was in oval shapes, similar to what had been identified,

150

00:11:34,520 --> 00:11:36,520

you know, in different sightings and so on.

151

00:11:36,520 --> 00:11:39,520

And it had crashed and it had broken open.

152

00:11:47,520 --> 00:11:50,520

There was beings laying, about four beings laying on the ground,

153

00:11:50,520 --> 00:11:53,520

not in the spaceship, laying on the ground.

154

00:11:54,520 --> 00:11:59,520

He did describe that the heads were larger than the bodies by proportion.

155

00:11:59,520 --> 00:12:03,520

And they had some type of clothing on that looked a little bit different,

156

00:12:03,520 --> 00:12:06,520

not exactly like our spacesuits or that sort of thing.

157

00:12:06,520 --> 00:12:09,520

But the four were laying on the ground.

158

00:12:09,520 --> 00:12:14,520

And they were scattered not too far from the object.

159

00:12:16,520 --> 00:12:19,520

Barney told Verne that he reached the crash site

160

00:12:19,520 --> 00:12:22,520

about the same time as a group of archaeology students

161

00:12:22,520 --> 00:12:25,520

who had seen the wreckage from their nearby dig.

162

00:12:36,520 --> 00:12:39,520

The military had also apparently discovered the second crash site

163

00:12:39,520 --> 00:12:44,520

after an aerial search, but they arrived too late to secure the area.

164

00:12:45,520 --> 00:12:48,520

Sergeant, get those people out of there and in front of this jeep now.

165

00:12:48,520 --> 00:12:52,520

Barney Barnett and the students had a clear and detailed look

166

00:12:52,520 --> 00:12:54,520

at the craft and its occupants.

167

00:12:56,520 --> 00:13:00,520

When the army showed up, they immediately escorted these people from the scene.

168

00:13:00,520 --> 00:13:03,520

And then at that time they gave them a warning

169

00:13:03,520 --> 00:13:06,520

not to relate any information to anybody.

170

00:13:06,520 --> 00:13:10,520

From that time on, Barney never mentioned it to anybody

171

00:13:10,520 --> 00:13:13,520

until the time that he told me about the thing.

172

00:13:14,520 --> 00:13:19,520

Ladies and gentlemen, it is my duty to inform you

173

00:13:19,520 --> 00:13:24,520

all efforts to track down the members of the archaeology dig have been unsuccessful.

174

00:13:24,520 --> 00:13:26,520

This is a restricted area.

175

00:13:26,520 --> 00:13:30,520

While the Barnett story has only been told secondhand,

176

00:13:30,520 --> 00:13:33,520

many believe there is just too much supporting

177

00:13:33,520 --> 00:13:36,520

circumstantial evidence to completely dismiss it.

178

00:13:39,520 --> 00:13:42,520

When he first told me I was a sort of flabbergast, I didn't know what to say,

179

00:13:42,520 --> 00:13:45,520

but I believed it because of his integrity.

180

00:13:48,520 --> 00:13:51,520

I'd stake my life on his reliability.

181

00:13:51,520 --> 00:13:54,520

He would never concoct any story.

182

00:13:54,520 --> 00:13:57,520

That's why I believe it should be true.

183

00:14:05,520 --> 00:14:09,520

On July 8, 1947, newspapers across America published accounts

184

00:14:09,520 --> 00:14:12,520

that a UFO had supposedly crashed in New Mexico.

185

00:14:15,520 --> 00:14:18,520

That same day, according to some investigators,

186

00:14:18,520 --> 00:14:21,520

a cargo plane carrying the debris from the crash site

187

00:14:21,520 --> 00:14:24,520

arrived at an airbase in Fort Worth, Texas.

188

00:14:24,520 --> 00:14:29,520

At almost the same moment, the army received the news of a second crash site,

189

00:14:29,520 --> 00:14:32,520

where alien bodies may have been found.

190

00:14:34,520 --> 00:14:37,520

Brigadier General Roger Raimi was the ranking commander

191

00:14:37,520 --> 00:14:40,520

of the Eighth Army Air Force at Fort Worth.

192

00:14:40,520 --> 00:14:44,520

Within hours, Raimi's office issued a new press release,

193

00:14:44,520 --> 00:14:48,520

stating that the material recovered in New Mexico was not a UFO,

194

00:14:48,520 --> 00:14:52,520

but in reality, the wreckage of a U.S. Army weather balloon.

195

00:14:53,520 --> 00:14:56,520

Dad said, obviously, it was a cover-up story.

196

00:14:56,520 --> 00:14:58,520

It was not a weather balloon.

197

00:14:58,520 --> 00:15:04,520

He was a little disturbed about that, but he had his own intelligence

198

00:15:04,520 --> 00:15:07,520

and security classification to protect.

199

00:15:07,520 --> 00:15:09,520

He could not really go public with,

200

00:15:09,520 --> 00:15:12,520

hey, this is not the real thing.

201

00:15:12,520 --> 00:15:14,520

I mean, this is not a weather balloon.

202

00:15:14,520 --> 00:15:16,520

So he had to keep that to himself.

203

00:15:20,520 --> 00:15:24,520

But the UFO incident was still very much alive from Mac Brazel.

204

00:15:24,520 --> 00:15:28,520

At the time rumors surfaced that Brazel was held at the Roswell base

205

00:15:28,520 --> 00:15:33,520

until after the new cover story had been circulated and generally accepted.

206

00:15:35,520 --> 00:15:38,520

By the time Brazel returned to his ranch,

207

00:15:38,520 --> 00:15:42,520

all traces of the Roswell incident had apparently been removed from the area

208

00:15:42,520 --> 00:15:45,520

and taken to Wright Field and Dayton, Ohio.

209

00:15:46,520 --> 00:15:48,520

Everything went to Wright Field.

210

00:15:48,520 --> 00:15:51,520

That's where the Air Technical Intelligence Center was.

211

00:15:51,520 --> 00:15:53,520

That was where they could make the studies.

212

00:15:53,520 --> 00:15:56,520

Subsequent to that, we think that the material has been sent elsewhere.

213

00:15:56,520 --> 00:16:00,520

We think one of the bodies has gone to Langley, CIA headquarters.

214

00:16:00,520 --> 00:16:02,520

We think another has gone to MacDill,

215

00:16:02,520 --> 00:16:04,520

which is an Air Force base in Florida,

216

00:16:04,520 --> 00:16:07,520

where they have an aerospace medicine facility.

217

00:16:07,520 --> 00:16:09,520

We don't know where other stuff is gone.

218

00:16:09,520 --> 00:16:12,520

We think some of it is still left at Wright Field.

219

00:16:16,520 --> 00:16:19,520

I think the reasons for the initial cover-up are pretty straightforward

220

00:16:19,520 --> 00:16:21,520

when you stop to think about it.

221

00:16:21,520 --> 00:16:24,520

Remember, this is two years after the worst war the planet had ever seen.

222

00:16:24,520 --> 00:16:29,520

You didn't think in terms of nice guys here to say hello kind of thing.

223

00:16:29,520 --> 00:16:32,520

They didn't know how to deal with them.

224

00:16:33,520 --> 00:16:35,520

What could you tell the public?

225

00:16:35,520 --> 00:16:37,520

It would have been totally irresponsible to say,

226

00:16:37,520 --> 00:16:41,520

by the way, we thought you'd like to know that there are alien visitors to planet Earth,

227

00:16:41,520 --> 00:16:44,520

that we can't do a darn thing to prevent them from flying over the country.

228

00:16:44,520 --> 00:16:46,520

We don't know what they want or where they're from,

229

00:16:46,520 --> 00:16:48,520

but we thought you'd like to know.

230

00:16:48,520 --> 00:16:52,520

For this group of people at that time to do that would have been totally irresponsible.

231

00:16:54,520 --> 00:16:56,520

In spite of the circumstantial evidence,

232

00:16:56,520 --> 00:16:59,520

there was no real proof to dispute the Army's contention

233

00:16:59,520 --> 00:17:02,520

that the wreckage was in fact a weather balloon.

234

00:17:03,520 --> 00:17:05,520

Then, more than 30 years later,

235

00:17:05,520 --> 00:17:08,520

UFO researchers obtained a document

236

00:17:08,520 --> 00:17:12,520

which many contend proves the Roswell incident actually occurred.

237

00:17:14,520 --> 00:17:19,520

In 1984, this top-secret document known as the MJ-12 memo

238

00:17:19,520 --> 00:17:23,520

was mailed anonymously to a UFO researcher.

239

00:17:24,520 --> 00:17:28,520

Operation Majestic-12, or MJ-12 as it's called,

240

00:17:28,520 --> 00:17:32,520

was a group of 12 people apparently established by the president

241

00:17:32,520 --> 00:17:37,520

to deal with the wreckage from Roswell and the whole problem that that created.

242

00:17:38,520 --> 00:17:41,520

How did these things work? Where did they come from?

243

00:17:41,520 --> 00:17:43,520

How can we get more information?

244

00:17:43,520 --> 00:17:46,520

How can we analyze the wreckage in the bodies and so forth?

245

00:17:46,520 --> 00:17:50,520

And how do we interact with the rest of society having that knowledge?

246

00:17:54,520 --> 00:17:57,520

The contents of the report stunned researchers.

247

00:17:57,520 --> 00:17:59,520

In part, it read,

248

00:18:00,520 --> 00:18:03,520

On 07 July 1947,

249

00:18:03,520 --> 00:18:07,520

a secret operation was begun to assure the recovery of the wreckage.

250

00:18:08,520 --> 00:18:12,520

Aerial reconnaissance discovered that four small human-like beings

251

00:18:12,520 --> 00:18:14,520

had apparently ejected from the craft,

252

00:18:14,520 --> 00:18:17,520

about two miles east of the wreckage site.

253

00:18:18,520 --> 00:18:20,520

All four were dead.

254

00:18:21,520 --> 00:18:24,520

Civilian and military witnesses in the area were debriefed,

255

00:18:24,520 --> 00:18:27,520

and news reporters were given the effective cover story

256

00:18:27,520 --> 00:18:30,520

that the object had been a misguided weather belief.

257

00:18:33,520 --> 00:18:37,520

The government has consistently refused a comment on the MJ-12 memo,

258

00:18:37,520 --> 00:18:40,520

and there is still no proof of its origin.

259

00:18:43,520 --> 00:18:47,520

But if we are to believe the MJ-12 document and the other accounts,

260

00:18:47,520 --> 00:18:50,520

then we must ask ourselves a fantastic question.

261

00:18:51,520 --> 00:18:54,520

Did our government in 1947

262

00:18:54,520 --> 00:19:00,520

really discover evidence that there is life in the universe outside our own atmosphere?

263

00:19:04,520 --> 00:19:07,520

Apart from Barney Barnett, there is only one man

264

00:19:07,520 --> 00:19:10,520

who has ever admitted to having seen these aliens.

265

00:19:11,520 --> 00:19:14,520

My husband, Oliver Henderson,

266

00:19:14,520 --> 00:19:17,520

otherwise known as Pappy in the Air Force,

267

00:19:17,520 --> 00:19:21,520

he was interested with many of this country's top secrets,

268

00:19:21,520 --> 00:19:23,520

and they were safe with him.

269

00:19:23,520 --> 00:19:26,520

He never told anything that he wasn't supposed to.

270

00:19:27,520 --> 00:19:33,520

And therefore, it was 34 years after this incident happened that I heard about it.

271

00:19:35,520 --> 00:19:38,520

Captain Pappy Henderson was the man who piloted the plane

272

00:19:38,520 --> 00:19:41,520

that took the first pieces of wreckage out of Roswell.

273

00:19:42,520 --> 00:19:45,520

In 1981, two years before he died,

274

00:19:45,520 --> 00:19:49,520

he told his wife that in spite of military denials,

275

00:19:49,520 --> 00:19:51,520

the Roswell incident really happened.

276

00:19:55,520 --> 00:20:01,520

My husband told me the bodies were small, smaller than human bodies.

277

00:20:02,520 --> 00:20:08,520

The heads were larger, and the eyes were rather sunken and a little slanted.

278

00:20:09,520 --> 00:20:13,520

Clothing was of material unlike anything he'd seen before.

279

00:20:14,520 --> 00:20:16,520

They were strange.

280

00:20:16,520 --> 00:20:19,520

They were not of this earth.

281

00:20:27,520 --> 00:20:33,520

When my husband, first pilot, aircraft commander, tells me this story, I believed him.

282

00:20:38,520 --> 00:20:41,520

More than 40 years have passed since that hot summer night

283

00:20:41,520 --> 00:20:45,520

when a violent thunderstorm swept over the Brazel Ranch.

284

00:20:47,520 --> 00:20:50,520

The military declared that the remnants found in that remote field

285

00:20:50,520 --> 00:20:52,520

came from a downed weather bowl.

286

00:20:55,520 --> 00:20:59,520

But the people who actually saw and held the wreckage disagreed.

287

00:21:00,520 --> 00:21:02,520

Perhaps it was an experimental aircraft

288

00:21:02,520 --> 00:21:06,520

that the military wanted to keep top secret at all costs.

289

00:21:08,520 --> 00:21:13,520

But perhaps, just perhaps, it was something else.

290

00:21:30,520 --> 00:21:33,520

For almost 50 years, the events that took place at Roswell

291

00:21:33,520 --> 00:21:37,520

in the official explanation of fuel suspicion and charges of cover-up

292

00:21:37,520 --> 00:21:42,520

as recently as September 8, 1994, the Air Force released yet another report

293

00:21:42,520 --> 00:21:45,520

stating that the rumors of alien contact were groundless.

294

00:21:46,520 --> 00:21:49,520

In spite of these assertions, witnesses continued to come forward

295

00:21:49,520 --> 00:21:52,520

insisting that the reports are true.

296

00:21:52,520 --> 00:21:56,520

Of all the new accounts, the story related by a man named Glenn Dennis

297

00:21:56,520 --> 00:21:59,520

is too compelling to be ignored.

298

00:22:01,520 --> 00:22:06,520

In 1947, Glenn Dennis was 22 years old and just out of college.

299

00:22:07,520 --> 00:22:10,520

That summer, he was working as a mortician's assistant

300

00:22:10,520 --> 00:22:12,520

at a funeral home in Roswell.

301

00:22:13,520 --> 00:22:16,520

Two days before the saucer's story broke,

302

00:22:16,520 --> 00:22:20,520

Dennis received a strange phone call from the Roswell Air Base.

303

00:22:20,520 --> 00:22:22,520

Ballard, funeral home.

304

00:22:22,520 --> 00:22:24,520

Mr. Ballard, please.

305

00:22:24,520 --> 00:22:27,520

He's not in, but this is Glenn Dennis. Can I help you?

306

00:22:27,520 --> 00:22:31,520

Glenn, this is Captain Meiser. I'm the mortician, mortuary officer over at the base.

307

00:22:31,520 --> 00:22:33,520

Yes, sir.

308

00:22:33,520 --> 00:22:39,520

He was wanting to know what size hermetically sealed baby caskets did we have.

309

00:22:39,520 --> 00:22:43,520

Did we have specifically three feet, six inches,

310

00:22:43,520 --> 00:22:48,520

or did we have maybe no larger than a four-foot hermetically sealed casket?

311

00:22:51,520 --> 00:22:56,520

That afternoon, Glenn Dennis was called to transport an injured airman to the Roswell Base.

312

00:22:56,520 --> 00:23:02,520

When he arrived, he was surprised to find the base infirmary surrounded by MPs.

313

00:23:04,520 --> 00:23:09,520

Two ambulances parked at the curb immediately drew Glenn's attention.

314

00:23:11,520 --> 00:23:14,520

I looked into the ambulance.

315

00:23:14,520 --> 00:23:19,520

I saw quite a bit of wreckage of some type.

316

00:23:19,520 --> 00:23:25,520

It looked like stainless steel that had become in contact with a high degree of heat.

317

00:23:25,520 --> 00:23:29,520

It was a purplish-bluish color.

318

00:23:29,520 --> 00:23:36,520

I noticed one large piece of the wreckage could look like there was some Egyptian hieroglyphics.

319

00:23:45,520 --> 00:23:49,520

The confusion at that day that I was out there was so great

320

00:23:49,520 --> 00:23:52,520

that I don't think anyone really knew what the other man was doing.

321

00:23:52,520 --> 00:23:55,520

And I don't think they even knew each other.

322

00:23:55,520 --> 00:23:59,520

I think they were brought in from different military bases or whatever.

323

00:24:02,520 --> 00:24:05,520

Sir, is there anything you want me to do?

324

00:24:05,520 --> 00:24:06,520

Can I help you?

325

00:24:06,520 --> 00:24:09,520

I'm Glenn Dennis with the Ballard Funeral Home and we have a contract with the base.

326

00:24:09,520 --> 00:24:11,520

Well, this area is off-limits today.

327

00:24:11,520 --> 00:24:14,520

Yeah, but there was a crash outside. Do you want me to go back and get ready or anything?

328

00:24:14,520 --> 00:24:18,520

Son, this is an off-limits area today. You're not allowed in here.

329

00:24:18,520 --> 00:24:21,520

Sergeant, escort this man back to the funeral home?

330

00:24:21,520 --> 00:24:27,520

2MPs came up and said, sir, we have to escort you back to your mortuary.

331

00:24:27,520 --> 00:24:31,520

Hold it right there. Bring that man back here.

332

00:24:38,520 --> 00:24:41,520

And you get this straight. When you get back to town, you didn't hear anything

333

00:24:41,520 --> 00:24:44,520

and you didn't see anything because nothing happened here. Do you understand me?

334

00:24:44,520 --> 00:24:46,520

That's not true. I just saw a crash outside.

335

00:24:46,520 --> 00:24:47,520

Nothing happened.

336

00:24:47,520 --> 00:24:49,520

You can't tell me what to do. I'm a civilian.

337

00:24:49,520 --> 00:24:50,520

Oh, really?

338

00:24:50,520 --> 00:24:54,520

And that's when he said, let, mister, somebody will be picking your bones out of the sand

339

00:24:54,520 --> 00:24:56,520

if you go start a lot of rumors.

340

00:24:56,520 --> 00:24:59,520

You got me? Get him out of here.

341

00:25:04,520 --> 00:25:07,520

There's a door opened into one of the supply room

342

00:25:07,520 --> 00:25:11,520

and the nurse that I knew personally was coming out.

343

00:25:11,520 --> 00:25:13,520

You better get out of here. You're going to get in a lot of trouble.

344

00:25:13,520 --> 00:25:15,520

Get him out of here!

345

00:25:15,520 --> 00:25:18,520

Something very drastically was wrong at the base.

346

00:25:18,520 --> 00:25:20,520

Hold that door!

347

00:25:20,520 --> 00:25:23,520

Naturally, I, you know, was curious and mad

348

00:25:23,520 --> 00:25:26,520

and couldn't believe what was happening.

349

00:25:26,520 --> 00:25:32,520

So the first person I thought I was to contact the nurse to see what she might know

350

00:25:32,520 --> 00:25:36,520

and could she bring me up to date on what was going on?

351

00:25:36,520 --> 00:25:39,520

You have to promise me that you will not mention my name.

352

00:25:39,520 --> 00:25:44,520

The next day, the nurse agreed on the condition that Glenn never revealed her identity.

353

00:25:44,520 --> 00:25:48,520

Yesterday, I went into the supply room to pick up some bandages

354

00:25:48,520 --> 00:25:53,520

and there were two officers there who ordered me to take notes during this...

355

00:25:53,520 --> 00:25:58,520

What she said that she saw, that they were doing a partial autopsy.

356

00:25:58,520 --> 00:26:04,520

And there were these two old hospital gurneys with these two little crash bags on top.

357

00:26:04,520 --> 00:26:12,520

There was a crash bag that was open and there was two very mutilated, very small bodies.

358

00:26:12,520 --> 00:26:16,520

But they weren't children. I never seen anything like that.

359

00:26:16,520 --> 00:26:22,520

And then one of the officers had these long forceps.

360

00:26:22,520 --> 00:26:24,520

They turned a hand over that had been severed

361

00:26:24,520 --> 00:26:29,520

and they were explaining that it was a very fragile hand, only four fingers.

362

00:26:29,520 --> 00:26:32,520

Let me draw it for you.

363

00:26:32,520 --> 00:26:42,520

It's like an arm with four fingers with little suction cups.

364

00:26:42,520 --> 00:26:45,520

The head was very large, the eyes were set back.

365

00:26:45,520 --> 00:26:47,520

They didn't have the ear lobes or anything.

366

00:26:47,520 --> 00:26:51,520

There was like two canals, like two ear canals.

367

00:26:51,520 --> 00:26:54,520

There was only two openings where the nose...

368

00:26:54,520 --> 00:27:00,520

The mouth she explained and what she said she wrote down was only like an inch slit.

369

00:27:00,520 --> 00:27:07,520

They described there was no teeth, that it was just like a piece of cartilage, maybe.

370

00:27:07,520 --> 00:27:15,520

Then they opened the next back and there was a whole creature in there that wasn't mutilated.

371

00:27:15,520 --> 00:27:19,520

It was just horrible. I'd never seen anything like that in my life.

372

00:27:19,520 --> 00:27:22,520

In all, the nurse claimed to have seen three bodies.

373

00:27:22,520 --> 00:27:26,520

She was adamant that none of them was earthly in origin.

374

00:27:30,520 --> 00:27:33,520

After Glenn left the nurse, he returned to his office.

375

00:27:33,520 --> 00:27:36,520

When he casually unfolded the newspaper on his desk,

376

00:27:36,520 --> 00:27:43,520

it was the infamous edition of the Roswell Daily Record.

377

00:27:43,520 --> 00:27:45,520

Glenn never saw the nurse again.

378

00:27:45,520 --> 00:27:49,520

A few weeks later, rumors circulated that she had died in a plane crash

379

00:27:49,520 --> 00:27:52,520

after being transferred out of the country.

380

00:27:52,520 --> 00:27:59,520

To this day, Glenn Dennis remains convinced that the details of her story are true.

381

00:27:59,520 --> 00:28:02,520

There had to be some type of a body presence.

382

00:28:02,520 --> 00:28:04,520

There had to be something there.

383

00:28:04,520 --> 00:28:09,520

I don't think the nurse lied about it because I don't think she knew how to lie in the first place.

384

00:28:09,520 --> 00:28:15,520

And I just think something happened very unusual and I doubt very seriously

385

00:28:15,520 --> 00:28:18,520

if the world will ever know what happened.

386

00:28:18,520 --> 00:28:26,520

I'm absolutely convinced that the Roswell events crystallized government secrecy about UFOs.

387

00:28:29,520 --> 00:28:34,520

I think Roswell became important to the military because possibly for the first time

388

00:28:34,520 --> 00:28:41,520

they actually could get their hands on the remains of a flying saucer.

389

00:28:41,520 --> 00:28:44,520

They had the debris. They had bodies.

390

00:28:44,520 --> 00:28:49,520

They had possibly the remains of a propulsion unit.

391

00:28:49,520 --> 00:28:56,520

This was an unprecedented opportunity.

392

00:28:56,520 --> 00:29:01,520

600 miles west of Roswell, somewhere in the midst of the vast Nevada desert,

393

00:29:01,520 --> 00:29:04,520

is a top secret military installation.

394

00:29:04,520 --> 00:29:14,520

It's been called the ranch, the funny farm, dreamland, groom lake, and most commonly area 51.

395

00:29:14,520 --> 00:29:20,520

It doesn't appear on any map and although it can be seen with a naked eye from an adjoining ridge,

396

00:29:20,520 --> 00:29:25,520

the Air Force insists that area 51 does not exist.

397

00:29:25,520 --> 00:29:33,520

It's been there since the 1960s and it's a site where extremely advanced aviation technology

398

00:29:33,520 --> 00:29:37,520

is tested usually under cover of darkness.

399

00:29:37,520 --> 00:29:43,520

Some of these objects actually look like what people have reported as UFOs.

400

00:29:43,520 --> 00:29:49,520

This amateur video was shot near area 51 using a special digital zoom lens.

401

00:29:49,520 --> 00:29:55,520

Skeptics say the strange lights seen here and in other videos are experimental military aircraft,

402

00:29:55,520 --> 00:30:03,520

but others remain convinced that they are in reality the test flights of alien spacecraft.

403

00:30:03,520 --> 00:30:08,520

The only thing I was told is that I was going to be working on an advanced propulsion system.

404

00:30:08,520 --> 00:30:13,520

Bob Lazar says he worked for six months at a secret installation near area 51.

405

00:30:13,520 --> 00:30:20,520

Something different than a jet or rocket, something different than a propeller,

406

00:30:20,520 --> 00:30:26,520

which I thought was fantastic, that was exactly what I was interested in.

407

00:30:26,520 --> 00:30:31,520

I had no idea that this was of extraterrestrial origin.

408

00:30:31,520 --> 00:30:39,520

As astonishing as it may seem, Bob Lazar claims that the United States government is in possession of alien spacecraft.

409

00:30:39,520 --> 00:30:44,520

One of them, nicknamed the Sport Model, measures 52.8 feet in diameter.

410

00:30:44,520 --> 00:30:49,520

Lazar claims he witnessed a test flight in March of 1989.

411

00:30:49,520 --> 00:30:55,520

The flight of the disk was short. The bottom of the disk itself glowed a very faint blue.

412

00:30:55,520 --> 00:31:01,520

As it rose to about 20 or 30 feet, the sound dissipated and it was completely silent

413

00:31:01,520 --> 00:31:07,520

and hung silently in the air, which was quite a sight for something that size.

414

00:31:07,520 --> 00:31:12,520

It moved very slowly over to the left, very slowly over to the right, and then sat back down.

415

00:31:12,520 --> 00:31:19,520

It was very uneventful. Well, as uneventful as a flying saucer test could be.

416

00:31:19,520 --> 00:31:28,520

While some charge that Bob Lazar is a fraud and lacks scientific credentials, others maintain that his story is essentially true.

417

00:31:28,520 --> 00:31:35,520

In the five years I've been working on this, I've accumulated approximately two dozen other witnesses who will corroborate the story.

418

00:31:35,520 --> 00:31:40,520

Some of them who worked at Groom Lake in Area 51 in the 50s, 60s, 70s and 80s,

419

00:31:40,520 --> 00:31:44,520

all of whom have different bits and pieces that would tend to corroborate.

420

00:31:44,520 --> 00:31:48,520

People who have seen the flying disks, people who have worked at the base and watched the tests,

421

00:31:48,520 --> 00:31:54,520

people that have been told by the superior officers that these things came from somewhere else.

422

00:31:54,520 --> 00:32:01,520

When Unsolved Mysteries asked the Air Force about Area 51, they refused to acknowledge its

existence.

423

00:32:01,520 --> 00:32:08,520

Bob Lazar believes that the shroud of official secrecy is hiding much more than alien spacecraft.

424

00:32:08,520 --> 00:32:15,520

I did have the opportunity to view autopsy photos, and when they were taken I couldn't even guess.

425

00:32:15,520 --> 00:32:20,520

They were black and white, the being was dead.

426

00:32:20,520 --> 00:32:26,520

It was only an upper chest photograph of the being.

427

00:32:26,520 --> 00:32:34,520

The image of the being was cut in a T-Fashion with the skin pulled back, and what was removed was one large organ.

428

00:32:34,520 --> 00:32:40,520

I think the situation has become more complex as the years have passed,

429

00:32:40,520 --> 00:32:46,520

since there seems to be a possibility that we're dealing not just with one species of extraterrestrial,

430

00:32:46,520 --> 00:32:50,520

but possibly several who may have several motives.

431

00:32:50,520 --> 00:32:58,520

Any discussion of the possible motives of extraterrestrials who may be visiting the Earth is purely speculative.

432

00:32:58,520 --> 00:33:04,520

We have no way of knowing, but if UFO reports are taken literally,

433

00:33:04,520 --> 00:33:10,520

they certainly do suggest that we are dealing with a technological civilization,

434

00:33:10,520 --> 00:33:15,520

in other words a civilization with an advanced scientific knowledge.

435

00:33:15,520 --> 00:33:21,520

You don't get advanced scientific knowledge without a great degree of curiosity.

436

00:33:21,520 --> 00:33:27,520

I would expect that an extraterrestrial civilization would visit the Earth for exactly the same reason

437

00:33:27,520 --> 00:33:32,520

we visit the remote outposts of our own planet, to learn things.

438

00:33:46,520 --> 00:33:50,520

The quiet beauty of New York's Hudson River Valley,

439

00:33:50,520 --> 00:33:56,520

a life's location is 40 miles north of the bustling streets of Manhattan.

440

00:33:56,520 --> 00:34:01,520

The Valley is home to upscale professionals and retirees.

441

00:34:01,520 --> 00:34:09,520

They tend to be well educated and cosmopolitan, hardly the type of people you'd expect to be swept up by UFO fever.

442

00:34:09,520 --> 00:34:17,520

Yet that is exactly what happened to more than 5,000 area residents between 1983 and 1989.

443

00:34:19,520 --> 00:34:25,520

The epidemic of sensational UFO sightings in the Hudson River Valley lasted six years.

444

00:34:25,520 --> 00:34:31,520

Ultimately the entire episode was largely dismissed as a hoax, perpetrated by a group of local stunt pilots.

445

00:34:32,520 --> 00:34:39,520

However to this day, many of the eyewitnesses maintain that what they saw could not have been a handful of airplanes.

446

00:34:43,520 --> 00:34:49,520

Dennis Sant, a husband and father of five, has worked in local government for 17 years.

447

00:34:49,520 --> 00:34:53,520

He is currently the highest ranking deputy in Putnam County.

448

00:34:54,520 --> 00:34:57,520

On March 17, 1983,

449

00:34:57,520 --> 00:35:01,520

Sant's home in Brewster was the site of an extraordinary event.

450

00:35:15,520 --> 00:35:17,520

It was a very large object.

451

00:35:17,520 --> 00:35:23,520

The structure of it was very dark gray, metallic, almost girder type looking.

452

00:35:27,520 --> 00:35:29,520

Girls, girls come out here and see this.

453

00:35:32,520 --> 00:35:35,520

The objects seemed to be very silent.

454

00:35:37,520 --> 00:35:40,520

The lights were iridescent, bright.

455

00:35:40,520 --> 00:35:44,520

They stood out in the sky in three dimension.

456

00:35:44,520 --> 00:35:49,520

It looked like a city of lights just hung in the sky of all brilliant colors.

457

00:35:51,520 --> 00:35:56,520

At that time the girls became very frightened and they ran inside the house.

458

00:35:57,520 --> 00:36:01,520

Then my son and I were just drawn underneath it.

459

00:36:05,520 --> 00:36:10,520

I felt very good about encountering a visual contact with the object.

460

00:36:15,520 --> 00:36:19,520

We followed the object around to the backyard.

461

00:36:20,520 --> 00:36:23,520

At that point a feeling of fright came upon me.

462

00:36:26,520 --> 00:36:28,520

Thoughts started to flood my mind.

463

00:36:28,520 --> 00:36:31,520

Thoughts of the craft touching ground.

464

00:36:31,520 --> 00:36:34,520

Thoughts of an encounter with an alien being.

465

00:36:34,520 --> 00:36:36,520

Thoughts of being abducted.

466

00:36:36,520 --> 00:36:41,520

All types of fearful thoughts started to enter into my mind.

467

00:36:44,520 --> 00:36:50,520

And it seemed only to be seconds before the object started to move again.

468

00:36:50,520 --> 00:36:53,520

But the feelings were overwhelming.

469

00:36:57,520 --> 00:37:02,520

From beginning to end, the 19 or 20 minutes that I had viewed that craft

470

00:37:02,520 --> 00:37:07,520

was also a time of self-examination of myself and who I was.

471

00:37:08,520 --> 00:37:15,520

Dennis Santana's family were not the only ones mesmerized by the extraordinary light formation.

472

00:37:17,520 --> 00:37:21,520

A few miles away, traffic screeched to a halt on Interstate 84

473

00:37:21,520 --> 00:37:24,520

as a mysterious object hovered overhead.

474

00:37:26,520 --> 00:37:29,520

The Hudson Valley sightings had only just begun.

475

00:37:30,520 --> 00:37:36,520

I was sitting there looking at it and I wasn't afraid.

476

00:37:36,520 --> 00:37:40,520

I was just amazed. I was in awe of it. I didn't know what it was.

477

00:37:40,520 --> 00:37:44,520

Officer Andy Sadoff, a 10-year veteran of the New Castle police,

478

00:37:44,520 --> 00:37:48,520

is also an instructor in criminal child abuse procedures.

479

00:37:51,520 --> 00:37:54,520

On March 24th, one week after Dennis Sant's sighting,

480

00:37:55,520 --> 00:37:59,520

Officer Sadoff was working routine traffic patrol.

481

00:38:01,520 --> 00:38:07,520

I was working a 4 p.m. to midnight tour and assigned to set up some radar to look for speeding cars.

482

00:38:10,520 --> 00:38:16,520

I had the radar set up and I looked up into the sky and saw, coming from east to west,

483

00:38:16,520 --> 00:38:19,520

there was a series of lights. And at first I thought it was a plane.

484

00:38:19,520 --> 00:38:23,520

It was quite a distance, quite far away, but it was really quite large.

485

00:38:24,520 --> 00:38:29,520

As I recall, there were mostly white lights, but there were green lights also.

486

00:38:29,520 --> 00:38:32,520

It was alternating green and white lights.

487

00:38:32,520 --> 00:38:38,520

It approached my vehicle and as it approached the vehicle, it stopped and it seemed to hover.

488

00:38:41,520 --> 00:38:45,520

There was no sound and I'm looking at this thing thinking, what is it?

489

00:38:46,520 --> 00:38:51,520

When I put my head out the window and I'm looking up at it, it was huge.

490

00:38:53,520 --> 00:38:56,520

The thing that I recall the most is I was amazed that there was no noise.

491

00:38:56,520 --> 00:39:01,520

There was no humming, there was no engine, no low sound to it.

492

00:39:01,520 --> 00:39:04,520

It was absolutely silent.

493

00:39:04,520 --> 00:39:08,520

Just seconds later, the eerie silence was broken.

494

00:39:08,520 --> 00:39:11,520

Another eyewitness report.

495

00:39:11,520 --> 00:39:15,520

Could you please send somebody else? I'm observing something incredible.

496

00:39:18,520 --> 00:39:22,520

Unit 5 to base, I'm seeing it too. It's hovering above my car.

497

00:39:22,520 --> 00:39:25,520

It's heading towards town, I'm following it.

498

00:39:28,520 --> 00:39:31,520

At the base, I saw a car.

499

00:39:32,520 --> 00:39:38,520

At the time that we started to transmit over the air, that was about the time that it started to move.

500

00:39:38,520 --> 00:39:42,520

It moved very slowly, almost floated.

501

00:39:42,520 --> 00:39:46,520

We followed it until it disappeared off into the hills.

502

00:39:49,520 --> 00:39:52,520

I was mostly curious as to what it could be.

503

00:39:52,520 --> 00:40:00,520

Excited to try and figure out, maybe it's this or maybe it's a government thing.

504

00:40:00,520 --> 00:40:04,520

But I wasn't frightened of it, no. There really wasn't time to be frightened of it.

505

00:40:04,520 --> 00:40:09,520

I was spending most of my time trying to figure out why there was no noise coming out of this thing.

506

00:40:09,520 --> 00:40:14,520

It was truly a flying city, if that's the way you want to call it.

507

00:40:14,520 --> 00:40:16,520

I mean, it was huge.

508

00:40:16,520 --> 00:40:20,520

Computer engineer Ed Burns is a retired senior manager for IBM.

509

00:40:20,520 --> 00:40:26,520

At the time of the sightings, Burns handled the company's contracts in Japan and South America.

510

00:40:30,520 --> 00:40:37,520

On the night of March 24th, at virtually the same time Officer Sadoff was pursuing the mysterious object,

511

00:40:37,520 --> 00:40:43,520

Ed Burns was driving home on the Takanik Parkway, 10 miles north of Sadoff's location.

512

00:40:46,520 --> 00:40:50,520

I have nowhere. I got a lot of static on the radio.

513

00:40:50,520 --> 00:40:54,520

I thought maybe I was on the wrong number and then I went over to turn the dial again,

514

00:40:54,520 --> 00:40:58,520

and that's when I looked up and saw this craft.

515

00:41:01,520 --> 00:41:14,520

It was a triangular chevron ship, and the back of that chevron had to be as large as a football field at least.

516

00:41:14,520 --> 00:41:21,520

It was one solid piece of a chevron shape, and there was no noise.

517

00:41:21,520 --> 00:41:26,520

It seemed so close to the ground.

518

00:41:26,520 --> 00:41:31,520

It seemed like I could have thrown a rock at it maybe.

519

00:41:33,520 --> 00:41:38,520

Ed Burns pulled off the highway and joined a group of motorists by the side of the road.

520

00:41:38,520 --> 00:41:42,520

All were gazing skyward, seemingly dumbstruck.

521

00:41:42,520 --> 00:41:48,520

It was so shocking. This one fellow that I was talking to never did answer me a bit.

522

00:41:48,520 --> 00:41:54,520

Isn't that incredible? Have you ever seen anything so huge?

523

00:41:55,520 --> 00:42:00,520

He was just staring at this thing, and I remember his size of his eyes were so huge,

524

00:42:00,520 --> 00:42:04,520

and he never did answer me at all. It seemed like I'd talked for an hour, it was probably only a minute,

525

00:42:04,520 --> 00:42:09,520

but I was so excited about it, I wanted to share whatever I was feeling at the time.

526

00:42:10,520 --> 00:42:16,520

Where was it from? I'm not into astronomy, Mars, I mean I don't know the solar systems,

527

00:42:16,520 --> 00:42:22,520

but what I had witnessed that night was not from this planet.

528

00:42:27,520 --> 00:42:33,520

The eyewitness reports indicated the object was slowly moving north over the Hudson River Valley.

529

00:42:37,520 --> 00:42:41,520

Officer Sadov and at least 12 others saw it in Newcastle.

530

00:42:42,520 --> 00:42:47,520

10 minutes later, Ed Burns and at least 20 motorists saw it near Millwood.

531

00:42:48,520 --> 00:42:54,520

10 minutes after that, the phones began ringing off the hook in the police station at Yorktown.

532

00:42:56,520 --> 00:42:59,520

Yorktown PD Officer Wolfe, no ma'am, everything is fine.

533

00:42:59,520 --> 00:43:02,520

No, we've had several reports, everything is under control.

534

00:43:02,520 --> 00:43:07,520

Every line kept going, every single line constantly. Answer the phone, another line, another line.

535

00:43:07,520 --> 00:43:09,520

Answer the next line, another line, another line.

536

00:43:09,520 --> 00:43:11,520

I've heard about it, sir, there's really nothing to worry, please hold, sir.

537

00:43:11,520 --> 00:43:18,520

I got to the point, I got a call of the Connick Parkway being stopped, the people were all out in the cars.

538

00:43:18,520 --> 00:43:21,520

It was starting to get really crazy.

539

00:43:21,520 --> 00:43:22,520

Go ahead, Soravilla.

540

00:43:22,520 --> 00:43:24,520

I'll be 10, 17.

541

00:43:24,520 --> 00:43:27,520

I tried calling the cars to find out if they saw anything.

542

00:43:27,520 --> 00:43:33,520

And the only one that called with the cars was Kevin, said that he would stop in.

543

00:43:33,520 --> 00:43:40,520

Officer Kevin Soravilla had also seen the dazzling lights reported by dozens of Yorktown residents.

544

00:43:40,520 --> 00:43:45,520

The object was extremely large, and it was estimated to be close to 300 to 400 yards wide.

545

00:43:45,520 --> 00:43:50,520

We stood out in front facing to the north, and in approximately about five minutes,

546

00:43:50,520 --> 00:43:53,520

the object began to appear from the northern horizon.

547

00:43:54,520 --> 00:43:57,520

Look at that thing, man, unbelievable.

548

00:43:59,520 --> 00:44:04,520

Officers Wolfe and Soravilla were standing side by side under the same sky,

549

00:44:04,520 --> 00:44:08,520

yet their accounts are entirely contradictory.

550

00:44:08,520 --> 00:44:10,520

It's got to be a group of planes or something.

551

00:44:10,520 --> 00:44:11,520

I don't think so.

552

00:44:11,520 --> 00:44:12,520

Yeah, I think I see a wing in there.

553

00:44:12,520 --> 00:44:15,520

I don't think so, they don't look like planes.

554

00:44:15,520 --> 00:44:22,520

Officer Soravilla is convinced that what he saw was one large object with a number of small lights.

555

00:44:23,520 --> 00:44:30,520

I was, say, approximately 16, 18 lights running in a V formation, approximately 200 to 400 yards wide.

556

00:44:30,520 --> 00:44:35,520

I was standing between the lights to see any type of a solid structure

557

00:44:35,520 --> 00:44:39,520

where he may have basically been staring at the lights themselves.

558

00:44:39,520 --> 00:44:41,520

They look like airplanes to me, I says, Kevin.

559

00:44:41,520 --> 00:44:45,520

I says, you know, I live near an airport, so I see these airplanes every day.

560

00:44:45,520 --> 00:44:49,520

So as they were coming over, he says, well, you can't hear anything.

561

00:44:49,520 --> 00:44:55,520

I said, listen, with that, when we started hearing a drone, it wasn't one big solid unit.

562

00:44:55,520 --> 00:45:00,520

But if you looked at it for like a couple of minutes or even a fraction as it was coming over,

563

00:45:00,520 --> 00:45:03,520

I could see where some people would have gotten upset.

564

00:45:06,520 --> 00:45:09,520

Suddenly the Hudson Valley sightings had taken a dramatic turn.

565

00:45:09,520 --> 00:45:16,520

It appeared that the UFOs were a hoax, nothing more than small aircraft flying in precise patterns.

566

00:45:16,520 --> 00:45:21,520

But this earthly explanation was lost in an avalanche of additional sightings

567

00:45:21,520 --> 00:45:24,520

which continued unabated month after month.

568

00:45:25,520 --> 00:45:31,520

Is anywhere from upwards of 7 to 10 aircraft that do fly around in formation?

569

00:45:31,520 --> 00:45:34,520

And this is visible from our tower.

570

00:45:35,520 --> 00:45:39,520

Anthony Capaldi has been an air traffic controller for just under 10 years.

571

00:45:40,520 --> 00:45:47,520

In the summer of 1983, he made an observation that seemed to settle a UFO controversy once and for all.

572

00:45:48,520 --> 00:45:54,520

The first time I observed the formation flying, it looked a little peculiar.

573

00:45:55,520 --> 00:45:57,520

What's that over Stormville?

574

00:45:58,520 --> 00:46:04,520

And from our vantage point in the tower, they just appeared to be just one big light

575

00:46:04,520 --> 00:46:07,520

because they are flying in tight formation.

576

00:46:07,520 --> 00:46:16,520

To estimate the size, maybe two football fields wide.

577

00:46:20,520 --> 00:46:28,520

I imagine it's possible at first glimpse that an observer may not be fully aware of what this formation is.

578

00:46:28,520 --> 00:46:35,520

But I don't think if this formation flew over an individual's head at 1,000 feet,

579

00:46:35,520 --> 00:46:38,520

that there's any way you can misdiagnose it for anything.

580

00:46:38,520 --> 00:46:43,520

But formation flying due to the sound of the aircraft engines,

581

00:46:43,520 --> 00:46:48,520

and I imagine at 1,000 feet, you could really determine that it's aircraft.

582

00:46:49,520 --> 00:46:53,520

The UFO was surely seen before these Hoaxter pilots began their night flights.

583

00:46:54,520 --> 00:46:58,520

And after these Hoaxter's began their night flights,

584

00:46:58,520 --> 00:47:01,520

people would call me up who had seen the UFO in previous dates and said,

585

00:47:01,520 --> 00:47:06,520

well, I saw something strange in the sky, but it wasn't the same thing that I saw a week before.

586

00:47:06,520 --> 00:47:08,520

It definitely was planes.

587

00:47:08,520 --> 00:47:12,520

So you had people who saw the UFO, and then you had people who saw the planes

588

00:47:12,520 --> 00:47:18,520

and were able to identify each as being something strange and something totally explainable.

589

00:47:19,520 --> 00:47:21,520

Holy, good God.

590

00:47:22,520 --> 00:47:23,520

I don't know.

591

00:47:23,520 --> 00:47:24,520

Not plane.

592

00:47:25,520 --> 00:47:27,520

I'll be talking to you something funny.

593

00:47:27,520 --> 00:47:29,520

I don't know what the hell it is.

594

00:47:29,520 --> 00:47:33,520

This home videotape showing a light formation above Brewster, New York,

595

00:47:33,520 --> 00:47:38,520

was taken July 24th, 1984 by local resident Bob Puzzwally.

596

00:47:38,520 --> 00:47:42,520

Philip Mbrogno is convinced it shows a UFO.

597

00:47:43,520 --> 00:47:48,520

Being a scientist myself, I'm still waiting for it to be proved 100%,

598

00:47:48,520 --> 00:47:52,520

although it has been looked at by a number of photographic experts

599

00:47:52,520 --> 00:47:57,520

who indicate that the movement of the object on the video seems to be one rigid object

600

00:47:57,520 --> 00:48:00,520

and not individual objects.

601

00:48:00,520 --> 00:48:06,520

Plus there were hundreds and hundreds of witnesses who saw the UFO and said it was something strange,

602

00:48:06,520 --> 00:48:10,520

but the night that the airplanes were seen, there were also dozens of witnesses

603

00:48:10,520 --> 00:48:14,520

who said in fact that they did see airplanes.

604

00:48:16,520 --> 00:48:21,520

This image was videotaped in June of 1984, also by Bob Puzzwally.

605

00:48:21,520 --> 00:48:26,520

Skeptics and believers all agree that it shows a squadron of small planes

606

00:48:26,520 --> 00:48:29,520

that some say are military aircraft.

607

00:48:33,520 --> 00:48:39,520

If you look at that video, you can see that the lights are shifting position in relation to each other.

608

00:48:40,520 --> 00:48:44,520

The fellow who videotaped it is talking about, he can hear the engines,

609

00:48:44,520 --> 00:48:48,520

he can see the stars as the object is passing over him.

610

00:48:48,520 --> 00:48:51,520

As a matter of fact, when that videotape was made of the airplanes,

611

00:48:51,520 --> 00:48:54,520

no one came forward to say they had seen a UFO.

612

00:48:54,520 --> 00:48:57,520

People called me and said they had seen airplanes flying in formation,

613

00:48:57,520 --> 00:49:01,520

but the night of the UFO sighting when the videotape was made,

614

00:49:01,520 --> 00:49:08,520

I had hundreds of phone calls to different telephone lines of people who had in fact seen a UFO.

615

00:49:11,520 --> 00:49:16,520

What is the truth about the spectacular light formations that cruise the Hudson River Valley,

616

00:49:16,520 --> 00:49:23,520

where the aerial stunts performed by sophisticated pranksters are UFOs of unknown origin?

617

00:49:23,520 --> 00:49:28,520

Even those who saw the same object at the same time cannot agree.

618

00:49:28,520 --> 00:49:34,520

I personally think that it was an airplane where people who were playing games,

619

00:49:34,520 --> 00:49:39,520

trying to get a rush and an excitement out of making people feel,

620

00:49:39,520 --> 00:49:47,520

hey, there's somebody from another world here, where in fact, they were just fooling people's mind.

621

00:49:49,520 --> 00:49:53,520

If it was ultra-light, I'm a little amazed by the precision flying.

622

00:49:53,520 --> 00:49:59,520

I have to see it again to believe it. I'm not too sure. I'm not too sure about it.

623

00:49:59,520 --> 00:50:08,520

In a man's life, particular things unfold that make an impression for the rest of their life.

624

00:50:08,520 --> 00:50:15,520

This was one of those moments in my time that made a very dramatic impression upon me.

625

00:50:15,520 --> 00:50:18,520

What I saw was not planes in formation.

626

00:50:22,520 --> 00:50:28,520

There was no shaking or movement or rocking back and forth of any of the lights.

627

00:50:28,520 --> 00:50:33,520

It was perfectly still. I'm not trying to say what it was. I don't know what it was.

628

00:50:33,520 --> 00:50:35,520

I know it wasn't an airplane.

629

00:50:37,520 --> 00:50:41,520

I tell the story a lot to certain friends that I can trust that'll believe me.

630

00:50:41,520 --> 00:50:46,520

My wife, I think, believes me because she loves me and respects me.

631

00:50:46,520 --> 00:50:50,520

I don't know of my children do, but they love and respect me.

632

00:50:50,520 --> 00:50:55,520

But they also read the papers, I guess, and I guess about five other airplanes.

633

00:50:55,520 --> 00:51:01,520

Maybe they equated to that, but boy, I'll tell you, I'll never forget that as long as I live.

634

00:51:01,520 --> 00:51:04,520

In five airplanes, it was not.

635

00:51:06,520 --> 00:51:13,520

In preparing to film this story, unsolved mysteries asked the alleged hoaxers to recreate one of their flights during daylight hours.

636

00:51:13,520 --> 00:51:16,520

No one was willing to be publicly identified.

637

00:51:16,520 --> 00:51:22,520

This may be because when flown at night, some of the maneuvers violate FAA regulations.

638

00:51:22,520 --> 00:51:28,520

According to Tony Capaldi, most of the formation flights took place on Thursday nights.

639

00:51:28,520 --> 00:51:34,520

It is interesting to note that less than one-third of the UFO sightings occurred on Thursday nights.

640

00:51:35,520 --> 00:51:39,520

The World of Brussels

641

00:51:50,520 --> 00:51:56,520

Brussels, Belgium, is known as the capital of capitals, an ancient city of charm and elegance.

642

00:51:57,520 --> 00:52:04,520

It would seem unlikely that old world Brussels would be the focal point of a very contemporary controversy.

643

00:52:05,520 --> 00:52:14,520

Since the fall of 1989, several thousand people from all walks of life have reported that Belgium is being invaded from the skies.

644

00:52:15,520 --> 00:52:23,520

Basically what we saw was this big triangle object with three bright white lightings in the corners.

645

00:52:23,520 --> 00:52:27,520

And it was immobile above the motorway.

646

00:52:28,520 --> 00:52:31,520

In the middle was a flashing red light.

647

00:52:31,520 --> 00:52:36,520

It passed by approaching the roofs since it was flying so low.

648

00:52:37,520 --> 00:52:43,520

You could see three white lights which formed an equilateral triangle.

649

00:52:45,520 --> 00:52:49,520

What exactly is it that thousands of people have been seeing in the night sky over Belgium?

650

00:52:50,520 --> 00:52:54,520

These drawings were generated from the testimony of hundreds of eyewitnesses.

651

00:52:54,520 --> 00:53:02,520

Almost without fail, they describe an immense triangular object with bright lights at the corners

and another light in the center.

652

00:53:04,520 --> 00:53:09,520

Then on July 11, 1991, an extraordinary press conference was held.

653

00:53:10,520 --> 00:53:17,520

High-ranking members of the Belgian military briefed the media on a UFO which Air Force jets had attempted to chase down

654

00:53:17,520 --> 00:53:20,520

and remarkably had recorded on the radar screens.

655

00:53:21,520 --> 00:53:24,520

This is the footage that was presented at that conference.

656

00:53:28,520 --> 00:53:33,520

UFO sightings here in the United States have traditionally been met with skepticism.

657

00:53:33,520 --> 00:53:37,520

In most cases justified by government and military officials.

658

00:53:37,520 --> 00:53:41,520

The reports have elicited either denials or in most cases a simple no comment.

659

00:53:42,520 --> 00:53:44,520

But you are about to see as a first.

660

00:53:44,520 --> 00:53:51,520

This story was filmed with a complete cooperation of the Belgian Air Force and the Jean-Dame Rie, a national law enforcement agency.

661

00:53:54,520 --> 00:54:00,520

Belgium lies on the southeast edge of the North Sea, bordered by Germany, France, Luxembourg and the Netherlands.

662

00:54:01,520 --> 00:54:06,520

The mystery of the Belgian UFOs began on the night of November 29, 1989,

663

00:54:06,520 --> 00:54:11,520

just outside of the small town of U-Pan, less than seven miles from the German border.

664

00:54:15,520 --> 00:54:19,520

Jean-Dame's Heinrich Niko and Hubert von Montigny were on a routine patrol.

665

00:54:19,520 --> 00:54:26,520

As we approached the crossroads at Neurose Road, our attention was drawn to an unusual sign.

666

00:54:26,520 --> 00:54:30,520

We saw a field near the road that was all lit up.

667

00:54:30,520 --> 00:54:33,520

It was like lights on a huge road.

668

00:54:34,520 --> 00:54:38,520

The road was a little bit more narrow than the road.

669

00:54:38,520 --> 00:54:41,520

The road was a bit more narrow than the road.

670

00:54:41,520 --> 00:54:44,520

The road was a bit more narrow than the road.

671

00:54:44,520 --> 00:54:46,520

The road was all lit up.

672

00:54:46,520 --> 00:54:50,520

It was like lights on a huge football field.

673

00:54:52,520 --> 00:54:57,520

We thought it was strange and we wanted to know what was causing those lights.

674

00:54:59,520 --> 00:55:03,520

So we pulled over to the side of the road.

675

00:55:04,520 --> 00:55:09,520

There was a huge triangular platform and underneath it, strong headlights.

676

00:55:09,520 --> 00:55:13,520

And in the middle was this blinking, pulsating orange light.

677

00:55:13,520 --> 00:55:16,520

The whole thing was floating in the air.

678

00:55:20,520 --> 00:55:25,520

Nikol and von Montigny immediately called the dispatcher and he put the lights on.

679

00:55:25,520 --> 00:55:28,520

He said, I'm going to call the dispatcher.

680

00:55:29,520 --> 00:55:34,520

Nikol and von Montigny immediately called the dispatcher and he called Albert Kreuz.

681

00:55:39,520 --> 00:55:43,520

Suddenly they told me they were seeing a strange object in the sky.

682

00:55:44,520 --> 00:55:46,520

It made no noise.

683

00:55:48,520 --> 00:55:53,520

We joked about it and said it might be Santa Claus trying to land.

684

00:55:58,520 --> 00:56:02,520

We called the dispatcher to sign a military order.

685

00:56:04,520 --> 00:56:08,520

Kreuz noted the unusual report in his log but remained skeptical.

686

00:56:18,520 --> 00:56:23,520

The gendarmes followed the unknown object as it soared across the Belgian countryside toward Uphol.

687

00:56:24,520 --> 00:56:29,520

We could see it clearly because the headlights were very strong.

688

00:56:29,520 --> 00:56:34,520

We could also see the flickering orange ball underneath.

689

00:56:36,520 --> 00:56:43,520

We were driving very slowly because it seemed like there was someone in that object

690

00:56:43,520 --> 00:56:48,520

and that someone was trying to observe what was happening on Earth.

691

00:56:49,520 --> 00:56:54,520

Moments later, a strange light flashed across the window of Kreuz's office in Uphol.

692

00:57:04,520 --> 00:57:09,520

Often the distance I could see something bright but I didn't know what it was.

693

00:57:09,520 --> 00:57:15,520

Suddenly I saw something that looked like a laser beam, shoot out of the light

694

00:57:15,520 --> 00:57:19,520

and then come back to the light.

695

00:57:23,520 --> 00:57:28,520

We continued to observe the object as it circled over the city of Uphol.

696

00:57:28,520 --> 00:57:32,520

It appeared to be heading toward the forest.

697

00:57:38,520 --> 00:57:41,520

Gendarmes Nikol and his partner were mesmerized.

698

00:57:41,520 --> 00:57:45,520

They began to suspect that this visitor had some special purpose.

699

00:57:48,520 --> 00:57:53,520

On each side of the object there was a kind of laser beam and a ball that was leaving the object

700

00:57:53,520 --> 00:57:57,520

and coming back as if the ball were trying to measure something.

701

00:57:57,520 --> 00:58:01,520

So it was easy for us to keep track of it in the sky.

702

00:58:03,520 --> 00:58:09,520

When Nikol next called into dispatch, Kreuz reported that he had contacted four local airports.

703

00:58:09,520 --> 00:58:13,520

Each had reported no unusual activity in the skies.

704

00:58:17,520 --> 00:58:22,520

For a full 30 minutes the Gendarmes watched in awe as the object hovered in the distance.

705

00:58:22,520 --> 00:58:26,520

Then the remarkable episode took another unexpected turn.

706

00:58:30,520 --> 00:58:33,520

All of a sudden it came out of nowhere.

707

00:58:33,520 --> 00:58:36,520

Another spacecraft. We were a little frightened.

708

00:58:37,520 --> 00:58:40,520

The one we'd been following was still over there

709

00:58:40,520 --> 00:58:44,520

and our second one was rising up into the sky.

710

00:58:44,520 --> 00:58:47,520

At a given moment it tilted slightly.

711

00:58:47,520 --> 00:58:52,520

We could see again the shape of a triangle with bright headlights and one in the middle.

712

00:58:52,520 --> 00:58:54,520

It was exactly like the first object.

713

00:58:54,520 --> 00:58:57,520

We could see some kind of dome on the top with two or three small windows

714

00:58:57,520 --> 00:58:59,520

and there was a light inside the object.

715

00:58:59,520 --> 00:59:03,520

By the time we realized what it was, the object flew away.

716

00:59:07,520 --> 00:59:12,520

A moment later, whatever doubts dispatcher Kreuz still had evaporated.

717

00:59:15,520 --> 00:59:22,520

Through the open window I saw a strange machine floating about 500 feet away from me.

718

00:59:22,520 --> 00:59:26,520

It looked like a large ship floating in the air.

719

00:59:26,520 --> 00:59:32,520

It drifted in front of me for a few seconds then flew away in the direction of La Calamine.

720

00:59:32,520 --> 00:59:35,520

It was a beautiful thing to see.

721

00:59:39,520 --> 00:59:45,520

Six minutes later, two other Gendarmes encountered a similar object in the small village of La Calamine,

722

00:59:45,520 --> 00:59:47,520

eight miles to the north of the island.

723

00:59:47,520 --> 00:59:49,520

The Gendarmes were very surprised.

724

00:59:49,520 --> 00:59:53,520

They were surprised by the fact that the object was floating in the air.

725

00:59:53,520 --> 00:59:57,520

They saw a small village of La Calamine, eight miles to the north.

726

01:00:04,520 --> 01:00:08,520

We had heard our colleagues talking about this flying object.

727

01:00:08,520 --> 01:00:12,520

In the beginning, we thought it was some sort of joke,

728

01:00:12,520 --> 01:00:14,520

but then we saw something.

729

01:00:14,520 --> 01:00:16,520

It wasn't fun anymore.

730

01:00:23,520 --> 01:00:26,520

Both of us had a strange feeling.

731

01:00:26,520 --> 01:00:30,520

It was impossible to explain what the object was.

732

01:00:30,520 --> 01:00:35,520

We thought it was an American airplane or something.

733

01:00:35,520 --> 01:00:40,520

We had no other explanation for what it might be,

734

01:00:40,520 --> 01:00:44,520

but it was real and it was above us.

735

01:00:45,520 --> 01:00:52,520

All four of these extraordinary sightings occurred within 20 miles in one hour of each other.

736

01:00:52,520 --> 01:00:59,520

That same day, 11 other Gendarmes and more than 100 private citizens came forward with similar reports,

737

01:00:59,520 --> 01:01:03,520

all describing a similar triangular object.

738

01:01:03,520 --> 01:01:08,520

Then in April of 1990, this extraordinary photograph was taken.

739

01:01:09,520 --> 01:01:14,520

It shows the same array of lights which was described by the eyewitnesses.

740

01:01:14,520 --> 01:01:21,520

By using a computer to enhance the film's contrast, the triangular shape becomes clearly visible.

741

01:01:24,520 --> 01:01:28,520

That remarkable image is currently being analyzed by scientists in Belgium.

742

01:01:28,520 --> 01:01:34,520

It offered what many believe is the first photographic evidence that UFOs were frequenting the Belgian sky.

743

01:01:35,520 --> 01:01:40,520

In the last two years, Belgian authorities have been deluged by thousands of sightings.

744

01:01:40,520 --> 01:01:45,520

The difficult task of deciphering and coordinating the reports has been undertaken by a privately funded organization

745

01:01:45,520 --> 01:01:49,520

of scientists and citizens known as SOBEPS.

746

01:01:51,520 --> 01:01:55,520

Working hand in hand with the Belgian military in the Gendarmes Ries,

747

01:01:55,520 --> 01:02:00,520

SOBEPS opened lines of communication and set up procedures anticipating future encounters.

748

01:02:00,520 --> 01:02:03,520

They did not have to wait very long.

749

01:02:05,520 --> 01:02:10,520

In March of 1990, the next wave of Belgian UFO sightings began.

750

01:02:10,520 --> 01:02:15,520

Captain Jacques Passon, the Gendarmes Ries, was called to a residence outside of Brussels

751

01:02:15,520 --> 01:02:20,520

when dinner guests reported a series of strange lights in the sky.

752

01:02:25,520 --> 01:02:30,520

These points of light were very different than the other stars.

753

01:02:30,520 --> 01:02:35,520

They were much bigger and much brighter and not the color of stars.

754

01:02:35,520 --> 01:02:40,520

The main colors were reddish or yellow and the others were green.

755

01:02:41,520 --> 01:02:46,520

Later, they began to travel short distances in an erratic manner.

756

01:02:48,520 --> 01:02:53,520

Thirty miles away at a NATO tracking station, radar had detected an unknown object

757

01:02:53,520 --> 01:02:57,520

at the exact location the dinner guests had reported seeing the lights.

758

01:02:58,520 --> 01:03:04,520

It showed up as a small circle with a tail in the lower left quadrant of the radar screen.

759

01:03:06,520 --> 01:03:12,520

We found two other civilian and military radar sites like Zemmelsack, Burton, Saint-Hubert

760

01:03:12,520 --> 01:03:17,520

and they had precisely the same echo at the same place.

761

01:03:17,520 --> 01:03:25,520

We were unable to identify this echo as being either enemy, either friendly.

762

01:03:26,520 --> 01:03:30,520

It was not very clear for us that it was an aircraft.

763

01:03:30,520 --> 01:03:36,520

With confirmations from four different radar stations, the Belgian Air Force was now on alert.

764

01:03:36,520 --> 01:03:41,520

Something very unusual was in the skies over Belgium.

765

01:03:47,520 --> 01:03:51,520

Two F-16s from the Belgian Air Force were immediately deployed.

766

01:03:51,520 --> 01:03:55,520

Their mission? To locate and identify the object.

767

01:03:58,520 --> 01:04:03,520

The pilots gave chase and soon locked onto the object with onboard radar.

768

01:04:03,520 --> 01:04:07,520

Delta 5-7. This is to confirm that we now have a lock on.

769

01:04:07,520 --> 01:04:13,520

But after just five seconds, the object bolted out of range at a blistering speed.

770

01:04:14,520 --> 01:04:21,520

We measured some exceptional accelerations which cannot be related to conventional aircraft.

771

01:04:21,520 --> 01:04:24,520

That is clear.

772

01:04:26,520 --> 01:04:32,520

For the next hour, the pilots reported that the object seemed to be playing a high-tech game of cat and mouse.

773

01:04:32,520 --> 01:04:37,520

Each time they achieved lock on, the object darted out of range.

774

01:04:38,520 --> 01:04:46,520

The pilots confirmed that it was impossible for them to accelerate as quick as the target was doing.

775

01:04:48,520 --> 01:04:52,520

An examination of the onboard radar footage astonished the military.

776

01:04:52,520 --> 01:04:56,520

This is a portion of the actual footage recorded that evening.

777

01:04:56,520 --> 01:05:01,520

The UFO appears in the center of the screen as a diamond shape.

778

01:05:02,520 --> 01:05:07,520

The figure in the upper right hand corner indicates the altitude of the object in thousands of feet.

779

01:05:07,520 --> 01:05:12,520

When the pilots first locked on, the object was at 7,000 feet.

780

01:05:12,520 --> 01:05:16,520

But within seconds, it had climbed at 10,000 feet.

781

01:05:16,520 --> 01:05:22,520

Then incredibly, the object plummeted to just 500 feet in a span of only five seconds.

782

01:05:23,520 --> 01:05:32,520

At the same time, the object accelerated to 990 knots, more than 1,000 miles per hour, or one and a half times the speed of sound.

783

01:05:32,520 --> 01:05:39,520

This fantastic combination of acceleration and descent would have been fatal to a human pilot.

784

01:05:42,520 --> 01:05:45,520

And there is yet one additional oddity.

785

01:05:45,520 --> 01:05:51,520

Even though the craft exceeded the speed of sound, remarkably, no one on the ground ever reported it.

786

01:05:52,520 --> 01:05:59,520

The data then, at all these performances which were registered during the lock-on of the radar,

787

01:05:59,520 --> 01:06:05,520

it was totally outside of the normal performance envelope of any airplane.

788

01:06:05,520 --> 01:06:11,520

Despite the fact that the UFOs have been observed by thousands of eyewitnesses,

789

01:06:11,520 --> 01:06:15,520

despite the fact that they have been recorded on military radar,

790

01:06:15,520 --> 01:06:19,520

and despite the fact that one unknown object is in the air,

791

01:06:19,520 --> 01:06:25,520

and despite the fact that one unknown object has easily evaded sophisticated high-tech fighter jets,

792

01:06:25,520 --> 01:06:31,520

skeptics continue to dismiss the sightings as nothing more than mass UFO hysteria.

793

01:06:31,520 --> 01:06:38,520

They believe that the radar reports can be attributed to false echoes or changes in atmospheric conditions.

794

01:06:40,520 --> 01:06:44,520

Some people don't believe us and the things we have seen.

795

01:06:44,520 --> 01:06:46,520

Well, they are free not to believe us.

796

01:06:46,520 --> 01:06:51,520

It doesn't matter to me, but I have seen something and what else can I say?

797

01:06:51,520 --> 01:06:54,520

It was not some invention of my mind.

798

01:06:54,520 --> 01:06:59,520

I saw it and it was very real, and it happened just as I have said.

799

01:06:59,520 --> 01:07:04,520

I got out of the car and hovering over us was a big black triangle.

800

01:07:04,520 --> 01:07:06,520

It was very dark.

801

01:07:06,520 --> 01:07:13,520

The triangle had a large light on top of it and the light circled around while the triangle remained suspended in the air.

802

01:07:13,520 --> 01:07:17,520

There have been thousands of observations in Belgium,

803

01:07:17,520 --> 01:07:24,520

and I think it's our job to try to find out if there is really something in the air,

804

01:07:24,520 --> 01:07:30,520

where it comes from, what the origin is, and what the intentions are.

805

01:07:30,520 --> 01:07:36,520

Indeed, there is something going on in Belgium which is beyond our control.

806

01:07:37,520 --> 01:07:42,520

There is one curious fact which bears mentioning.

807

01:07:42,520 --> 01:07:50,520

Despite thousands of sightings in Belgium, there have been just a handful of UFOs reported in the neighboring countries of France, Germany, and the Netherlands.

808

01:07:50,520 --> 01:07:55,520

For skeptics, this is additional proof that the sightings are nothing more than fantasy.

809

01:07:55,520 --> 01:08:01,520

However, some people speculate that the objects may be attracted to Belgium's highway system,

810

01:08:01,520 --> 01:08:07,520

which is so brightly lit at night that it was visible even to the astronauts on the moon.

811

01:08:16,520 --> 01:08:21,520

Every year, there are thousands of reports of unidentified flying objects.

812

01:08:21,520 --> 01:08:27,520

As the rule people who admit to having an encounter with a UFO open themselves to ridicule and derision.

813

01:08:27,520 --> 01:08:32,520

Some will call them crazy, others will openly accuse them of concocting a hoax.

814

01:08:32,520 --> 01:08:42,520

In this story, the person involved is a simple, unassuming man who is always skeptical about UFOs until he had his own close encounter.

815

01:08:44,520 --> 01:08:50,520

Stephen Michalak and his wife came to Manitoba, Canada from Poland after the Second World War.

816

01:08:51,520 --> 01:08:58,520

Stephen found work as an industrial mechanic in a cement plant, and life was happy and uneventful for nearly 20 years.

817

01:09:02,520 --> 01:09:08,520

Stephen was an amateur rock hound who spent every spare moment in the beautiful natural woodlands of Manitoba.

818

01:09:09,520 --> 01:09:20,520

I love nature, I love birds, animals, and also I have interest in nature's old rocks.

819

01:09:20,520 --> 01:09:31,520

Every weekend, the long weekend, I usually travel, go out in the country and snooping in the rocks.

820

01:09:32,520 --> 01:09:39,520

On May 20, 1967, Stephen was prospecting approximately 100 miles east of Winnipeg.

821

01:09:39,520 --> 01:09:45,520

Suddenly, he was distracted when a flock of geese in the pond below kicked up an unusual racket.

822

01:09:46,520 --> 01:10:01,520

Looking on the tree, I notice a two-cigarette-like shape thinks with the hump in the middle.

823

01:10:01,520 --> 01:10:06,520

What the hell is that?

824

01:10:07,520 --> 01:10:14,520

One stay in the air and the other one is coming down, down, down.

825

01:10:22,520 --> 01:10:27,520

I start looking for marks.

826

01:10:27,520 --> 01:10:34,520

I never see anywhere or NASA or something written on it.

827

01:10:34,520 --> 01:10:38,520

No, nothing like I didn't see anything on it.

828

01:10:38,520 --> 01:10:47,520

But still I was thinking that probably experimenting with a vehicle from the United States.

829

01:10:49,520 --> 01:10:55,520

Stephen Michalak says that he made this sketch of the strange craft just after he saw it land.

830

01:10:55,520 --> 01:11:02,520

I do remember one description that he gave at the time. He said that the skin of the craft, the outside of the craft was flawless.

831

01:11:02,520 --> 01:11:06,520

Stan Michalak was 10 years old in 1967.

832

01:11:06,520 --> 01:11:13,520

No, nothing. It was as though you had milled out of a solid block of steel this disk, this saucer with the dome on top.

833

01:11:15,520 --> 01:11:20,520

Stephen Michalak told his son that after a few moments, the door of the craft slowly opened.

834

01:11:21,520 --> 01:11:34,520

When the gate opened, there was a kind of shriek like a kid's in problem or something.

835

01:11:34,520 --> 01:11:45,520

Thinking of USA, I said, okay, young boys, seems to me you are in trouble.

836

01:11:45,520 --> 01:11:49,520

You got troubles, I'll help you.

837

01:11:51,520 --> 01:11:55,520

When his English received no response, Stephen tried Russian.

838

01:11:55,520 --> 01:11:57,520

I'll help you.

839

01:11:59,520 --> 01:12:01,520

Then Polish.

840

01:12:07,520 --> 01:12:09,520

And finally German.

841

01:12:15,520 --> 01:12:18,520

Come out here. I'll help you.

842

01:12:19,520 --> 01:12:23,520

Please, come out here.

843

01:12:25,520 --> 01:12:27,520

I'll help you.

844

01:12:28,520 --> 01:12:35,520

Stephen says that as he drew nearer the door, the light was so bright he had to snap down the visor on his safety goggles.

845

01:12:35,520 --> 01:12:45,520

After a few moments, the door suddenly shut.

846

01:12:45,520 --> 01:12:55,520

According to Stephen, the craft rotated counterclockwise, knocking him backwards and setting his shirt on fire.

847

01:12:55,520 --> 01:13:01,520

After he was in the car, he was in the car.

848

01:13:01,520 --> 01:13:05,520

He was in the car, and he was in the car.

849

01:13:05,520 --> 01:13:09,520

He was in the car, and he was in the car.

850

01:13:09,520 --> 01:13:25,520

After igniting with the fire, the craft lifts up 30 to 40 feet in vanishing.

851

01:13:25,520 --> 01:13:32,520

And then I decided, I said, now is the time for me to buzz off from here, go out.

852

01:13:32,520 --> 01:13:35,520

So I started going.

853

01:13:35,520 --> 01:13:40,520

He started feeling strange and threw up several times.

854

01:13:40,520 --> 01:13:53,520

At the same time, he was experiencing spots in front of his eyes, which could be after effects from the brilliant lights emanating from what appeared to be ducts or ports in the top of the alleged craft.

855

01:13:54,520 --> 01:14:05,520

When Stephen checked his compass, trying to find his way southeast to the road, he says a needle went haywire.

856

01:14:05,520 --> 01:14:13,520

Disoriented and badly burned, Stephen took his best guess at the direction.

857

01:14:13,520 --> 01:14:23,520

Nine hours later, he'd finally arrived back home and win a peg, or his story made local headlines, and apparently left doctors baffled.

858

01:14:23,520 --> 01:14:31,520

At that point in time, the diagnosis, if you can call it that, was burns.

859

01:14:31,520 --> 01:14:35,520

And sure, they were burns, yes. Heat caused burns.

860

01:14:35,520 --> 01:14:42,520

What they couldn't diagnose and didn't have a clue about was what appeared below the chest on the abdomen.

861

01:14:42,520 --> 01:14:55,520

The exact same pattern of holes that was on the grid on the side of the craft in the same order, in the same rows, in the same number, appeared as red spots on his lower abdomen, red dots.

862

01:14:57,520 --> 01:15:01,520

Stephen was released from the hospital, but he says his symptoms worsened.

863

01:15:01,520 --> 01:15:06,520

The nausea continued, and his body seemed to emit a sulfuric stench.

864

01:15:07,520 --> 01:15:12,520

There was this sulfur ozone electric burning motor stink about him.

865

01:15:12,520 --> 01:15:17,520

It's like he's carrying an aura of the smell. Whenever you walked and you got close to you, you could smell this.

866

01:15:17,520 --> 01:15:21,520

Not bad showers wouldn't take it out. That lasted for weeks.

867

01:15:21,520 --> 01:15:30,520

I remember seeing him in bed constantly, tired, nauseous, headachey, not feeling well, losing a lot of weight.

868

01:15:31,520 --> 01:15:41,520

Stephen Micolak was tested for radiation poisoning. The results were negative, yet no one could explain the source of the strange burns on his torso.

869

01:15:42,520 --> 01:15:47,520

The physicians were actually unable to determine many of Micolak's ailments.

870

01:15:47,520 --> 01:15:53,520

They knew, for example, he was physically thermally burned. His chest was burned and singed.

871

01:15:53,520 --> 01:15:57,520

But the pattern lower down on his chest was very, very unusual.

872

01:15:57,520 --> 01:16:08,520

It was eventually determined that it was a chemical burn, not a radiation burn, although he did have some symptoms that might have suggested that some people had some sort of radiation effects might have been involved.

873

01:16:12,520 --> 01:16:17,520

On June 30th, six weeks after the encounter, Stephen and a friend went looking for the site.

874

01:16:20,520 --> 01:16:26,520

After several hours, they found a burned-out circle with a radius of more than 15 feet.

875

01:16:26,520 --> 01:16:30,520

This is it! I knew it! I told you!

876

01:16:30,520 --> 01:16:36,520

On this barren patch of rock was a circular, roughly circular ring of vegetation.

877

01:16:36,520 --> 01:16:45,520

Dead pine needles, dirt, leaves, that sort of thing. The rock had been swept clean except for this ring which was surrounding this area.

878

01:16:46,520 --> 01:16:58,520

They also noticed that a few of the trees appeared to have dead branches as if something had either come in and touched them or brushed by them with an intense heat or some other effects.

879

01:17:01,520 --> 01:17:08,520

Within days, a team of experts from the United States working in cooperation with the Royal Canadian Air Force converged on the site.

880

01:17:08,520 --> 01:17:13,520

They took measurements, cataloged soil samples, and checked for radiation.

881

01:17:14,520 --> 01:17:19,520

The levels appeared alarmingly high and the Health Department considered quarantining the area.

882

01:17:19,520 --> 01:17:26,520

Later, however, they discovered that the high levels were caused by a vein of radium which ran under the entire region.

883

01:17:33,520 --> 01:17:38,520

Meanwhile, Stephen's burns, which had appeared to be healing, suddenly flared up again.

884

01:17:39,520 --> 01:17:44,520

According to Stephen, his doctors remained mystified.

885

01:17:47,520 --> 01:17:57,520

After every three months, my burns from legs and here we're coming back, showing up again and

burning.

886

01:17:57,520 --> 01:18:02,520

And burning and vomiting. Anything I eat, bingo, goes.

887

01:18:03,520 --> 01:18:15,520

To this day, you can, if you let you, can press into his skin and feel subcutaneous scar tissue in the form of those burns on his chest which he playfully calls his buttons.

888

01:18:15,520 --> 01:18:19,520

And it's there. You cannot deny this. This is there.

889

01:18:20,520 --> 01:18:22,520

Look at these cracks.

890

01:18:23,520 --> 01:18:30,520

On May 19, 1968, one year after Stephen Michalak's close encounter, he and a friend returned to the site.

891

01:18:32,520 --> 01:18:39,520

Just about a little north of center, the Geiger counter rose very, very dramatically.

892

01:18:40,520 --> 01:18:53,520

At that point, within an 18 inch section of the crack, they scooped out a hole, almost half a jar full of what appeared to be molten rock or molten metal of some sort.

893

01:18:53,520 --> 01:18:59,520

Subsequently, we found out what it was, but at that time it was unclear, but it was quite radioactive.

894

01:19:00,520 --> 01:19:08,520

According to Ed Barker, an analysis revealed that the material was an extremely pure grade of silver that is difficult to obtain.

895

01:19:08,520 --> 01:19:13,520

It had been coated with pitch-blendore, which contains both uranium and radium.

896

01:19:15,520 --> 01:19:24,520

This is what we found, three identical bars of what appear, at first glance, to be silver alloy of some sort.

897

01:19:25,520 --> 01:19:32,520

They were obviously manufactured somehow. It was considerably radioactive.

898

01:19:32,520 --> 01:19:36,520

Now it's perfectly safe to handle.

899

01:19:37,520 --> 01:19:45,520

This is one of the biggest mysteries and one of the biggest puzzles, and skeptics have pointed to this as the reason why the case should be discounted.

900

01:19:45,520 --> 01:19:53,520

Why would particles and metal fragments of this size and radioactivity have been missed by all previous investigators?

901

01:19:53,520 --> 01:19:57,520

And this is one mystery that we don't have definite answers to this day.

902

01:19:59,520 --> 01:20:05,520

Ed Barker believes a silver was planted by someone who may have wanted to lend credence to Stephen Micolack's story.

903

01:20:06,520 --> 01:20:20,520

...planted on the site, saying that I do not believe Micolack had anything to do with this, but I do believe that it was planted.

904

01:20:22,520 --> 01:20:27,520

I'd like to think that one day we'll get a letter from the U.S. government and it'll say,

905

01:20:27,520 --> 01:20:31,520

we have the two craft in our hangar over here and we were experimenting with them at the time.

906

01:20:31,520 --> 01:20:37,520

Sorry, and I'd want to go and see them. And I'm sure Dad would too, and that would be great.

907

01:20:37,520 --> 01:20:43,520

What would be worse is to have this thing drag to a point and drag on where it's never explained.

908

01:20:46,520 --> 01:20:52,520

Today Stephen Micolack is 76 years old. He and his wife continue to live in Manitoba.

909

01:20:53,520 --> 01:20:57,520

Stephen still is not sure what it was he saw back in 1967.

910

01:20:57,520 --> 01:21:05,520

He says doctors have never been able to explain the burns on his chest or the mysterious symptoms which resembled radiation poisoning.

911

01:21:07,520 --> 01:21:12,520

Since no other explanation is forthcoming, Stephen Micolack is willing to entertain the notion,

912

01:21:12,520 --> 01:21:17,520

no matter how far-fetched, that he saw something not of this earth.

913

01:21:23,520 --> 01:21:29,520

Here at Un-Saw Mystery, we profile a number of people who've experienced remarkable recoveries from serious illness.

914

01:21:29,520 --> 01:21:35,520

In most cases, these turnarounds are attributed to the power of the human spirit or to the power of faith.

915

01:21:35,520 --> 01:21:41,520

But the woman you're about to meet believes she is alive today because of something far more incredible.

916

01:21:41,520 --> 01:21:44,520

A miracle that came from outer space.

917

01:21:45,520 --> 01:21:48,520

This is Lynn Plaskett of New Smyrna Beach, Florida.

918

01:21:48,520 --> 01:21:53,520

A former county councilwoman, Lynn is one of the most respected members of her community.

919

01:21:55,520 --> 01:22:01,520

In 1981, Lynn saw a television program about UFOs which featured a clip from the Mike Douglas show.

920

01:22:01,520 --> 01:22:06,520

During the broadcast, she was told that she had been a member of the U.S. military.

921

01:22:06,520 --> 01:22:10,520

She was told that she had been a member of the U.S. military.

922

01:22:10,520 --> 01:22:13,520

She featured a clip from the Mike Douglas show.

923

01:22:13,520 --> 01:22:17,520

During the broadcast, she heard the sound of what was said to be an alien spacecraft.

924

01:22:17,520 --> 01:22:21,520

For Lynn, it triggered a deep subconscious memory.

925

01:22:21,520 --> 01:22:28,520

When this sound came across the TV, I sat straight up in my seat.

926

01:22:28,520 --> 01:22:37,520

Chills came over my whole body and I said, oh my God, oh my God, that's the same sound that I heard that night in my room.

927

01:22:37,520 --> 01:22:42,520

And that's when I knew for sure that that experience had actually happened to me.

928

01:22:44,520 --> 01:22:48,520

By all accounts, Lynn Plaskett should have died in 1975.

929

01:22:48,520 --> 01:22:55,520

She was 24 years old, recently separated from her husband and raising a three-year-old son on her own.

930

01:22:55,520 --> 01:22:59,520

Then a routine physical through Lynn's life into turmoil.

931

01:23:00,520 --> 01:23:04,520

They said that there's carcinoma in your uterus.

932

01:23:04,520 --> 01:23:10,520

We want to prepare you for possible hysterectomy, mentally, physically, and of the like.

933

01:23:10,520 --> 01:23:13,520

So even though I didn't want any more children at that time,

934

01:23:13,520 --> 01:23:18,520

when they tell you that they may take everything that you have, you start having second thoughts.

935

01:23:20,520 --> 01:23:25,520

During a presurgical exam, Lynn's doctor made another disturbing discovery.

936

01:23:25,520 --> 01:23:29,520

Tomorrow we'll go ahead with the cone biopsy, and then depending on what that shows,

937

01:23:29,520 --> 01:23:31,520

you might need to do the hysterectomy.

938

01:23:31,520 --> 01:23:32,520

Okay.

939

01:23:36,520 --> 01:23:37,520

How long have you had this?

940

01:23:37,520 --> 01:23:38,520

What?

941

01:23:38,520 --> 01:23:39,520

Just a little lump here.

942

01:23:39,520 --> 01:23:41,520

I don't know.

943

01:23:41,520 --> 01:23:44,520

Lynn's doctor decided to take a biopsy of the growth.

944

01:23:44,520 --> 01:23:47,520

At the same time, he performed the uterine biopsy.

945

01:23:47,520 --> 01:23:48,520

I'm not gonna take that out as well.

946

01:23:48,520 --> 01:23:49,520

Just take a look under the microscope.

947

01:23:49,520 --> 01:23:53,520

Upon coming out of the surgery, the doctors came to me and said,

948

01:23:53,520 --> 01:23:55,520

well, we have some good news and some bad news.

949

01:23:55,520 --> 01:23:58,520

The good news is, is that we didn't have to perform the hysterectomy.

950

01:23:58,520 --> 01:24:00,520

And I'm thinking, that's great.

951

01:24:00,520 --> 01:24:02,520

And I said, so what's the bad news?

952

01:24:02,520 --> 01:24:07,520

The lymph node in your neck did turn out to be what's known as a T-cell lymphoma.

953

01:24:08,520 --> 01:24:12,520

A T-cell lymphoma is an extremely rare form of cancer.

954

01:24:12,520 --> 01:24:17,520

Lynn says she was told there were only three known cases on record in the United States.

955

01:24:17,520 --> 01:24:21,520

All three were newborns who died within a year of diagnosis.

956

01:24:21,520 --> 01:24:23,520

And that's also involved with the disease.

957

01:24:23,520 --> 01:24:29,520

The doctor told me that, in their opinion at that time, that I had three months to live.

958

01:24:29,520 --> 01:24:34,520

This had infiltrated my lungs, my liver.

959

01:24:34,520 --> 01:24:39,520

It was basically, my understanding at that time, it was pretty much engulfed my entire body,

960

01:24:39,520 --> 01:24:44,520

except for my stomach and my brain, and they weren't too sure about those, those two places.

961

01:24:45,520 --> 01:24:51,520

That afternoon, Lynn's doctor allowed her to leave the hospital, provided she returned the next morning.

962

01:24:51,520 --> 01:24:54,520

When Lynn got home, the house was empty.

963

01:24:54,520 --> 01:24:57,520

Her sister had taken her son out for the day.

964

01:25:01,520 --> 01:25:04,520

And that is when it all came and hit me.

965

01:25:07,520 --> 01:25:09,520

I started crying for my three-year-old son.

966

01:25:09,520 --> 01:25:13,520

And I thought, you know, he is too young.

967

01:25:13,520 --> 01:25:16,520

The only thing he will remember is that I left him.

968

01:25:18,520 --> 01:25:23,520

In the midst of her anguish, Lynn says she experienced an episode that was nothing short of phenomenal.

969

01:25:27,520 --> 01:25:32,520

I heard what sounded like an electrical or a buzzing type sound.

970

01:25:33,520 --> 01:25:38,520

And then the room started filling up with a fog-like smoke.

971

01:25:42,520 --> 01:25:47,520

Lynn says she suddenly found herself being lifted from the bed, levitated into thin air.

972

01:25:50,520 --> 01:25:55,520

It was not a frightening experience, even though I didn't understand, you know, what was happening to me.

973

01:25:55,520 --> 01:25:57,520

It was very pleasant.

974

01:25:57,520 --> 01:26:01,520

Next, Lynn says a truly extraordinary occurred.

975

01:26:07,520 --> 01:26:13,520

A small disc-shaped object about eight inches in diameter came into the open window.

976

01:26:13,520 --> 01:26:20,520

It had a raised portion on the top and multicolored lights.

977

01:26:20,520 --> 01:26:25,520

It went from my head, passed down to my feet.

978

01:26:29,520 --> 01:26:31,520

It never actually touched me.

979

01:26:31,520 --> 01:26:36,520

However, I felt as if, for some reason, it was almost examining me.

980

01:26:43,520 --> 01:26:46,520

And as far as I can remember, I just rolled over and went to sleep.

981

01:26:50,520 --> 01:26:54,520

I never got up. I never thought, oh my God, what was that?

982

01:26:54,520 --> 01:27:01,520

I just automatically just felt so relaxed that I just rolled over and went to sleep.

983

01:27:01,520 --> 01:27:05,520

When I woke up the next morning, I was like revived.

984

01:27:05,520 --> 01:27:08,520

I just knew that I was going to be all right.

985

01:27:11,520 --> 01:27:14,520

That same morning, Lynn began a rigorous chemotherapy program.

986

01:27:14,520 --> 01:27:19,520

It was a last desperate attempt to prolong her life, if only for a few months.

987

01:27:19,520 --> 01:27:27,520

My doctor told me, even if I took the experimental drugs, that I would never see my 26th birthday,

988

01:27:27,520 --> 01:27:32,520

that some of the effects from these drugs would make my bones so brittle

989

01:27:32,520 --> 01:27:36,520

that I would be an old woman, any young woman's body.

990

01:27:37,520 --> 01:27:41,520

But remarkably, just four days after Lynn's first treatment,

991

01:27:41,520 --> 01:27:47,520

she says her doctor discovered that a malignant tumor in her chest had drastically shrunken size.

992

01:27:50,520 --> 01:27:53,520

Four months later, Lynn was in total remission.

993

01:27:53,520 --> 01:27:57,520

For all intents and purposes, she was cancer-free and has been ever since.

994

01:27:57,520 --> 01:28:04,520

It may seem unbelievable, but Lynn has no doubt that she was cured by a visitor from beyond the stars.

995

01:28:05,520 --> 01:28:13,520

The way they explained it to me was that this is medical journal type of healing cure.

996

01:28:13,520 --> 01:28:16,520

I mean, it was phenomenal to them.

997

01:28:16,520 --> 01:28:26,520

And my doctor explained to me that, in his opinion, 99% of my cure was my mental attitude towards the disease.

998

01:28:26,520 --> 01:28:28,520

What else could they say?

999

01:28:28,520 --> 01:28:34,520

Lynn's original physician declined to be interviewed for this segment.

1000

01:28:34,520 --> 01:28:40,520

We asked cancer specialist Dr. Rex Green to offer his opinion on Lynn's dramatic recovery.

1001

01:28:40,520 --> 01:28:47,520

Whatever she experienced, I don't second-guess or judge what my patients tell me,

1002

01:28:47,520 --> 01:28:55,520

is whatever she experienced. I can't comment on it, but I certainly find chemotherapy a better explanation for what happened.

1003

01:28:55,520 --> 01:29:00,520

I know what happened to me. I'm alive today. I'm living proof that this occurred to me.

1004

01:29:00,520 --> 01:29:04,520

And I'm just happy to be able to share this with other people.

1005

01:29:06,520 --> 01:29:14,520

If you believe in something, no proof is necessary. And if you don't, no proof is sufficient.

1006

01:29:16,520 --> 01:29:21,520

I believe that without that experience, I would not be here at all.

1007

01:29:21,520 --> 01:29:27,520

Even taking the chemotherapy, without that experience, I would not be here sitting and talking to you now.

1008

01:30:21,520 --> 01:30:23,520

Thank you.
