

THE CIA
EXPOSES
AREA 51

1
00:00:19,140 --> 00:00:16,230
my name is George Knapp I'm a journalist

2
00:00:21,600 --> 00:00:19,150
at Kas unlike this these guys here my

3
00:00:23,730 --> 00:00:21,610
connection to the topic of area 51 is a

4
00:00:25,650 --> 00:00:23,740
little more tenuous I have never been

5
00:00:27,960 --> 00:00:25,660
inside the place I will never be allowed

6
00:00:29,279 --> 00:00:27,970
to get inside the place but I'll tell

7
00:00:33,509 --> 00:00:29,289
you I've been writing about it since

8
00:00:35,939 --> 00:00:33,519
1985 I've spent I have been inside but

9
00:00:37,590 --> 00:00:35,949
I've spent more days and nights outside

10
00:00:39,360 --> 00:00:37,600
hearing in than you can ever you can

11
00:00:41,070 --> 00:00:39,370
imagine trying to dodge security and

12
00:00:44,430 --> 00:00:41,080
coyotes and whatever else is out there

13
00:00:46,890 --> 00:00:44,440

and you know when I die I'm sure that

14

00:00:50,070 --> 00:00:46,900

this will be somehow area 51 will be

15

00:00:51,600 --> 00:00:50,080

part of my obituary along with tales of

16

00:00:54,780 --> 00:00:51,610

various debauchery and other things like

17

00:00:56,820 --> 00:00:54,790

that this is a panel of extraordinary

18

00:00:58,680 --> 00:00:56,830

people united by their interest in and

19

00:01:01,469 --> 00:00:58,690

involvement with the most extraordinary

20

00:01:02,820 --> 00:01:01,479

place as we all know a place it you know

21

00:01:05,760 --> 00:01:02,830

it's sort of a contradiction in terms

22

00:01:08,520 --> 00:01:05,770

that is the world's best-known secret

23

00:01:11,070 --> 00:01:08,530

military base kind of the rock star of

24

00:01:13,380 --> 00:01:11,080

the off-the-grid testing facilities it's

25

00:01:14,310 --> 00:01:13,390

a place with no name and a place with a

26

00:01:17,120 --> 00:01:14,320

whole lot of needs

27

00:01:20,789 --> 00:01:17,130

you know paradise ranch the Box a

28

00:01:22,889 --> 00:01:20,799

Watertown area 51 Dream Land or the

29

00:01:25,469 --> 00:01:22,899

current official name very catchy in my

30

00:01:28,560 --> 00:01:25,479

opinion an operating location near groom

31

00:01:29,039 --> 00:01:28,570

lake but put that on a bumper sticker or

32

00:01:31,950 --> 00:01:29,049

a t-shirt

33

00:01:34,800 --> 00:01:31,960

area 51 as we all know has been shrouded

34

00:01:37,410 --> 00:01:34,810

in secrecy some would argue too much

35

00:01:39,179 --> 00:01:37,420

secrecy and the cone of silence that was

36

00:01:41,429 --> 00:01:39,189

sort of dropped over the base at least

37

00:01:43,649 --> 00:01:41,439

for a while has been a contributing

38

00:01:45,359 --> 00:01:43,659

factor to all kinds of wild stories that

39

00:01:47,669 --> 00:01:45,369

have cropped up most of which I have

40

00:01:49,620 --> 00:01:47,679

reported at one time or another so

41

00:01:51,590 --> 00:01:49,630

tonight we'll talk about secrecy a

42

00:01:53,700 --> 00:01:51,600

little bit how and why secrets are kept

43

00:01:56,069 --> 00:01:53,710

about some of the steps that are taken

44

00:01:58,919 --> 00:01:56,079

to ensure that secrets were and still

45

00:02:00,450 --> 00:01:58,929

are being kept and we'll talk about the

46

00:02:02,370 --> 00:02:00,460

steps that have been taken to lift the

47

00:02:14,729 --> 00:02:02,380

veil to allow the public to finally know

48

00:02:20,320 --> 00:02:18,160

we did not talk about a lot of things if

49

00:02:23,559 --> 00:02:20,330

we're not during that period but during

50

00:02:26,520 --> 00:02:23,569

that period the technology vans from

51
00:02:28,839 --> 00:02:26,530
Spain and Aeronautics Electronics

52
00:02:32,229 --> 00:02:28,849
stealth and so on

53
00:03:00,610 --> 00:02:32,239
where's the most advanced our effort one

54
00:03:05,680 --> 00:03:03,940
I really appreciate you guys coming

55
00:03:08,080 --> 00:03:05,690
forward and talking about all this it's

56
00:03:10,300 --> 00:03:08,090
fascinating so as one of the

57
00:03:13,210 --> 00:03:10,310
highest-ranking CIA officials out at

58
00:03:14,020 --> 00:03:13,220
area 51 during a very exciting time it

59
00:03:16,390 --> 00:03:14,030
sounds like

60
00:03:19,300 --> 00:03:16,400
are you aware of a facility or

61
00:03:38,369 --> 00:03:19,310
facilities on or near Nellis range

62
00:03:38,379 --> 00:04:04,190
not aware of it well that's four

63
00:04:09,629 --> 00:04:07,470

you ever heard of an s4 at Tonopah there

64

00:04:11,309 --> 00:04:09,639

is a slant for a total fat estimate

65

00:04:12,839 --> 00:04:11,319

which by the way I talked about tells

66

00:04:14,550 --> 00:04:12,849

grant his question in some of the

67

00:04:17,840 --> 00:04:14,560

Department of Energy talked books as

68

00:04:21,060 --> 00:04:17,850

area 52 so that that would explain the

69

00:04:23,400 --> 00:04:21,070

public acknowledgment from information

70

00:04:25,320 --> 00:04:23,410

officer in 1989 when a well-known

71

00:04:27,180 --> 00:04:25,330

journalist called and asked about a

72

00:04:29,689 --> 00:04:27,190

facility called ask for they were

73

00:04:33,270 --> 00:04:29,699

probably referring to the one in Tonopah

74

00:04:38,460 --> 00:04:33,280

and are there multiple or single s fours

75

00:04:43,279 --> 00:04:40,290

thank you very much fascinating so the

76

00:04:46,080 --> 00:04:43,289

last question is for dr. Rob Roy Barnes

77

00:04:49,350 --> 00:04:46,090

just a personal curiosity I get to ask

78

00:04:51,510 --> 00:04:49,360

that you know weird questions so as the

79

00:04:54,960 --> 00:04:51,520

chief historians of CIA are you aware of

80

00:04:57,180 --> 00:04:54,970

in 1971 the Department of Defense asked

81

00:05:00,390 --> 00:04:57,190

for produced and publicly funded a

82

00:05:02,760 --> 00:05:00,400

feature film titled UFOs past present

83

00:05:05,189 --> 00:05:02,770

and future where was admitted on camera

84

00:05:07,020 --> 00:05:05,199

by high ranking officials in the

85

00:05:10,379 --> 00:05:07,030

military that UFOs as far as they could

86

00:05:11,909 --> 00:05:10,389

tell were of non terrestrial origin are

87

00:05:13,170 --> 00:05:11,919

you aware of that film and the funding

88

00:05:17,730 --> 00:05:13,180

of it by the Department of Defense in

89

00:05:21,240 --> 00:05:17,740

1971 not afraid not it so we have no say

90

00:05:23,939 --> 00:05:21,250

in it so the CIA is no longer studying

91

00:05:26,159 --> 00:05:23,949

the UFO phenomenon or they are they're

92

00:05:32,189 --> 00:05:26,169

not officially right now studying the

93

00:05:35,189 --> 00:05:32,199

UFO phenomena thank you else anything

94

00:05:36,930 --> 00:05:35,199

else for a battle I mean secrets can be

95

00:05:39,360 --> 00:05:36,940

kept reading

96

00:05:40,800 --> 00:05:39,370

we hear this Washington leaks like a

97

00:05:44,160 --> 00:05:40,810

sieve there's no such thing as a secret

98

00:05:49,140 --> 00:05:44,170

secrets can't be kept again kid
