

1  
00:00:06,860 --> 00:00:04,670  
in January of 1971 I boarded a

2  
00:00:10,009 --> 00:00:06,870  
spacecraft and traveled to a ser this

3  
00:00:12,589 --> 00:00:10,019  
world of brilliant kurti the soil there

4  
00:00:15,680 --> 00:00:12,599  
is burn and gray and the horizon is

5  
00:00:19,609 --> 00:00:15,690  
always further than it appears it is a

6  
00:00:22,060 --> 00:00:19,619  
static world has only known science on

7  
00:00:24,439 --> 00:00:22,070  
its landscape human perspective is alter

8  
00:00:26,330 --> 00:00:24,449  
millions of human beings were watching

9  
00:00:29,359 --> 00:00:26,340  
two men walk on the surface of another

10  
00:00:32,569 --> 00:00:29,369  
world that this wasn't the achievement

11  
00:00:34,700 --> 00:00:32,579  
of an individual this was rather the

12  
00:00:38,540 --> 00:00:34,710  
achievement of our species are certain

13  
00:00:40,490 --> 00:00:38,550

efficient d from emitter stands but what

14

00:00:42,590 --> 00:00:40,500

I did not know was that I had yet to

15

00:00:45,200 --> 00:00:42,600

grasp what would prove most

16

00:00:47,779 --> 00:00:45,210

extraordinary what I saw the weather was

17

00:00:51,080 --> 00:00:47,789

all I had ever known all I never loved

18

00:00:53,650 --> 00:00:51,090

and he longed for all that I once

19

00:00:56,540 --> 00:00:53,660

thought had ever been and ever would be

20

00:00:59,569 --> 00:00:56,550

it was all their suspect in the cosmos

21

00:01:02,050 --> 00:00:59,579

on that fragile little sphere I swear to

22

00:01:04,150 --> 00:01:02,060

grand epiphany accompanied by jewelry

23

00:01:06,190 --> 00:01:04,160

it occurred to me that's about if you

24

00:01:09,070 --> 00:01:06,200

look at my body molecule to the

25

00:01:11,230 --> 00:01:09,080

spacecraft itself were manufactured long

26

00:01:14,110 --> 00:01:11,240

ago the furnace of the ancient stars

27

00:01:17,290 --> 00:01:14,120

that burned in heaven I perceived the

28

00:01:20,020 --> 00:01:17,300

universe's in some way conscious my life

29

00:01:22,420 --> 00:01:20,030

Direction is about to change I've often

30

00:01:24,970 --> 00:01:22,430

likened that experience to game of

31

00:01:27,340 --> 00:01:24,980

pick-up sticks within a few days my

32

00:01:30,550 --> 00:01:27,350

beliefs about life we're thrown into the

33

00:01:32,680 --> 00:01:30,560

air and scattered about there's taken me
