

IMMACULATE DECEPTION

THE JOHN LEAR STORY / EPISODE 1

1
00:00:19,690 --> 00:00:17,290
I often wonder about the nature of

2
00:00:22,000 --> 00:00:19,700
reality about our relationship to the

3
00:00:24,160 --> 00:00:22,010
creative force that forged the particles

4
00:00:27,010 --> 00:00:24,170
of our stars and intertwine them with

5
00:00:29,440 --> 00:00:27,020
the molecules of our bodies who are we

6
00:00:32,080 --> 00:00:29,450
and where are we actually sitting within

7
00:00:35,020 --> 00:00:32,090
the architecture of our universe are we

8
00:00:38,410 --> 00:00:35,030
alone or is the answer simply stranger

9
00:00:41,139 --> 00:00:38,420
than we can think my name is jeremy

10
00:00:44,139 --> 00:00:41,149
Korbel I seek to weaponize your

11
00:00:47,410 --> 00:00:44,149
curiosity and if you're ready to suspend

12
00:01:34,230 --> 00:00:47,420
your own prejudice welcome to the world

13
00:01:59,340 --> 00:01:57,719

oh and welcome once again to on the

14

00:02:01,050 --> 00:01:59,350

record if you joined us last week you

15

00:02:03,300 --> 00:02:01,060

heard some startling revelations about

16

00:02:06,060 --> 00:02:03,310

UFOs and the government cover-up about

17

00:02:08,279 --> 00:02:06,070

UFOs from noted UFO researcher John Lear

18

00:02:10,259 --> 00:02:08,289

who has been here many times before all

19

00:02:11,699 --> 00:02:10,269

right you you recently decided to take

20

00:02:13,890 --> 00:02:11,709

it upon yourself to try to get to the

21

00:02:15,570 --> 00:02:13,900

bottom of this major cover-up what you

22

00:02:17,280 --> 00:02:15,580

say as a cover-up you went up to groom

23

00:02:18,479 --> 00:02:17,290

Lake would you say is like a center of

24

00:02:20,550 --> 00:02:18,489

this UFO activity

25

00:02:22,110 --> 00:02:20,560

you made a tape while you were there

26

00:02:23,610 --> 00:02:22,120

let's take a brief look at that tape if

27

00:02:26,430 --> 00:02:23,620

we could and then when we come back you

28

00:02:29,160 --> 00:02:26,440

can explain it we're standing just about

29

00:02:31,620 --> 00:02:29,170

eight miles to east of Groom Lake Nevada

30

00:02:34,320 --> 00:02:31,630

the super government secret test site

31

00:02:37,800 --> 00:02:34,330

and just a few minutes ago we saw one of

32

00:02:39,780 --> 00:02:37,810

the government extraterrestrial UFOs fly

33

00:02:42,420 --> 00:02:39,790

over there we all watched it for about

34

00:02:44,610 --> 00:02:42,430

there seven or eight minutes right here

35

00:02:48,780 --> 00:02:44,620

I have my celestron scope rods eight

36

00:02:51,569 --> 00:02:48,790

inches and I had I had it focused in for

37

00:02:54,710 --> 00:02:51,579

about 15 seconds and saw myself but in

38

00:02:57,780 --> 00:02:54,720

fact it was a disc now we're going to

39

00:02:59,699 --> 00:02:57,790

stay here for another couple hours here

40

00:03:02,580 --> 00:02:59,709

to see if we can show you folks an

41

00:03:05,069 --> 00:03:02,590

actual extraterrestrial flying saucer

42

00:03:07,979 --> 00:03:05,079

being flown by the government so if you

43

00:03:09,330 --> 00:03:07,989

just stand by and we'll be looking over

44

00:03:11,099 --> 00:03:09,340

that mountain which is where they are

45

00:03:12,960 --> 00:03:11,109

they also come over here which is over

46

00:03:14,910 --> 00:03:12,970

at Bald Mountain there's some lights

47

00:03:16,800 --> 00:03:14,920

over there which you can't see but they

48

00:03:18,170 --> 00:03:16,810

are a number of trucks we don't know

49

00:03:20,879 --> 00:03:18,180

whether they're looking down here and

50

00:03:22,680 --> 00:03:20,889

what they're doing up there but we

51
00:03:24,300 --> 00:03:22,690
managed to get in here we're standing on

52
00:03:26,550 --> 00:03:24,310
public land it's a completely legal

53
00:03:28,199 --> 00:03:26,560
where we are this physicist who showed

54
00:03:30,720 --> 00:03:28,209
you where the saucer is supposedly

55
00:03:32,539 --> 00:03:30,730
they're flying up a group link what

56
00:03:34,890 --> 00:03:32,549
happened is I was approached by

57
00:03:36,390 --> 00:03:34,900
government theoretical physicists

58
00:03:38,940 --> 00:03:36,400
employed by the government who works on

59
00:03:41,420 --> 00:03:38,950
the saucers up at groom like he has seen

60
00:03:45,360 --> 00:03:41,430
the aliens he is tired of the cover-up

61
00:03:47,280 --> 00:03:45,370
he knows what a ripoff it is of how much

62
00:03:47,920 --> 00:03:47,290
how many billions of dollars were

63
00:03:50,289 --> 00:03:47,930

wasting

64

00:03:52,869 --> 00:03:50,299

on trying to develop develop technology

65

00:03:55,420 --> 00:03:52,879

that's already been developed and he

66

00:03:57,160 --> 00:03:55,430

told me when and where to stand and we

67

00:03:58,660 --> 00:03:57,170

drove up there we were actually there on

68

00:04:00,850 --> 00:03:58,670

three occasions I mean the fact that

69

00:04:02,589 --> 00:04:00,860

that the military doesn't want you

70

00:04:05,140 --> 00:04:02,599

around the top secret base doesn't mean

71

00:04:08,080 --> 00:04:05,150

there's flying saucers there I know it

72

00:04:10,449 --> 00:04:08,090

doesn't except we had just seen what the

73

00:04:14,470 --> 00:04:10,459

theoretical physicist that was with us

74

00:04:16,659 --> 00:04:14,480

that I told us where to stand I and you

75

00:04:19,599 --> 00:04:16,669

know what time to look the next day he

76

00:04:20,979 --> 00:04:19,609

was told instead of driving to work to

77

00:04:23,620 --> 00:04:20,989

drive to a certain place

78

00:04:25,960 --> 00:04:23,630

he was debriefed with a gun in his ear

79

00:04:28,719 --> 00:04:25,970

and asked why you know he told this and

80

00:04:30,279 --> 00:04:28,729

told us that and well he's worked in

81

00:04:31,840 --> 00:04:30,289

what capacity with him up there

82

00:04:33,939 --> 00:04:31,850

theoretical physicist but I mean what

83

00:04:36,279 --> 00:04:33,949

did he do around the saucer so I'm just

84

00:04:38,920 --> 00:04:36,289

wasting my breath all I can tell you is

85

00:04:40,990 --> 00:04:38,930

that when you find out the truth a month

86

00:04:43,450 --> 00:04:41,000

from now a year from now two years from

87

00:04:55,060 --> 00:04:43,460

now you'll look back and you'll say my

88

00:04:56,710 --> 00:04:55,070

god the son of a gun was right oh and

89

00:04:58,510 --> 00:04:56,720

welcome to a special edition of on the

90

00:05:00,520 --> 00:04:58,520

record into more than five years since

91

00:05:02,980 --> 00:05:00,530

we've been hosting these programs no

92

00:05:05,680 --> 00:05:02,990

guest has inspired such a widespread and

93

00:05:08,350 --> 00:05:05,690

enduring audience response as has John

94

00:05:10,779 --> 00:05:08,360

Lear son of the famed aviation pioneer

95

00:05:13,150 --> 00:05:10,789

at a world-class pilot in his own right

96

00:05:15,460 --> 00:05:13,160

as many of you may know though Lear the

97

00:05:18,370 --> 00:05:15,470

son is best known for his research into

98

00:05:21,070 --> 00:05:18,380

UFOs a phenomenon described by some as

99

00:06:44,690 --> 00:05:21,080

worldwide hoax described by others as

100

00:06:49,280 --> 00:06:46,850

hey you know what I think what is

101

00:06:51,110 --> 00:06:49,290

created fake what just like we said

102

00:06:54,230 --> 00:06:51,120

yesterday learnt something new every day

103

00:06:57,230 --> 00:06:54,240

especially how to make fake blood that's

104

00:06:59,120 --> 00:06:57,240

not well this is well I best experiment

105

00:07:02,270 --> 00:06:59,130

since I was experimenting with you know

106

00:07:03,560 --> 00:07:02,280

cleaning stuff cleaning oil and I mix it

107

00:07:05,300 --> 00:07:03,570

all together and I put it in the tube

108

00:07:09,650 --> 00:07:05,310

now I'm kind of making my own invention

109

00:07:11,780 --> 00:07:09,660

follow-on and my ancestors grandpa was a

110

00:07:13,940 --> 00:07:11,790

very good pilot he was on an adventure

111

00:07:16,400 --> 00:07:13,950

but my great-grandfather was a very good

112

00:07:19,810 --> 00:07:16,410

inventor the car rating on stereo he

113

00:07:22,850 --> 00:07:19,820

built so that was very interesting and

114

00:07:25,910 --> 00:07:22,860

he and he also built the autopilot for

115

00:07:28,480 --> 00:07:25,920

the Air Force when he died he was

116

00:07:45,490 --> 00:07:28,490

working on a water-powered School Bus

117

00:07:49,060 --> 00:07:48,220

the aliens they don't harm me they want

118

00:07:51,130 --> 00:07:49,070

to take you up they want to make sure

119

00:07:53,770 --> 00:07:51,140

everything is going on with your body

120

00:07:56,980 --> 00:07:53,780

okay so what they do is they'll come

121

00:08:01,930 --> 00:07:56,990

down and they'll freeze time to pick you

122

00:08:04,780 --> 00:08:01,940

up they take you up when you're 1 3 9 11

123

00:08:06,820 --> 00:08:04,790

and 13 after that they don't take care

124

00:08:09,100 --> 00:08:06,830

of you but what they do is they put you

125

00:08:11,290 --> 00:08:09,110

in their ship and they take you up there

126

00:08:12,820 --> 00:08:11,300

and they you know they make sure

127

00:08:14,950 --> 00:08:12,830

everything's running right in your body

128

00:08:16,960 --> 00:08:14,960

and if everything's not running right

129

00:08:19,630 --> 00:08:16,970

there you know they're gonna fix it like

130

00:08:24,160 --> 00:08:19,640

I had a little cramp in my leg the other

131

00:08:26,560 --> 00:08:24,170

day and I was it was 9:00 and I woke up

132

00:08:27,390 --> 00:08:26,570

the next morning it was gone just Grant

133

00:08:31,390 --> 00:08:27,400

was gone

134

00:08:33,070 --> 00:08:31,400

my belief is I do believe that they had

135

00:08:34,570 --> 00:08:33,080

they they took me up there and they

136

00:08:36,850 --> 00:08:34,580

worked on my leg

137

00:08:38,320 --> 00:08:36,860

they you know they helped me out I mean

138

00:08:39,940 --> 00:08:38,330

I don't believe in all that kill the

139

00:08:42,790 --> 00:08:39,950

aliens you know they're not they don't

140

00:08:45,130 --> 00:08:42,800

exist I don't believe in that stuff so I

141

00:08:47,080 --> 00:08:45,140

believe they took me up digs

142

00:08:50,800 --> 00:08:47,090

they you know they fix him up my body

143

00:09:12,640 --> 00:08:50,810

and that was it I believe that I believe

144

00:09:29,360 --> 00:09:15,350

everything you think you know is an

145

00:09:32,750 --> 00:09:29,370

immaculate deception you seem to have an

146

00:09:34,610 --> 00:09:32,760

extraordinary belief when you look up at

147

00:09:36,620 --> 00:09:34,620

the moon what do you see

148

00:09:40,370 --> 00:09:36,630

three things happened within the space

149

00:09:42,860 --> 00:09:40,380

of a month that set my whole thinking in

150

00:09:47,060 --> 00:09:42,870

a different direction the most

151
00:09:48,800 --> 00:09:47,070
interesting of which was a photo during

152
00:09:50,840 --> 00:09:48,810
the night or when you can see it during

153
00:09:54,320 --> 00:09:50,850
the day if you look right dead center of

154
00:09:57,620 --> 00:09:54,330
the moon that is the sinus man a sinus

155
00:10:01,630 --> 00:09:57,630
met a means middle cavity and right in

156
00:10:05,120 --> 00:10:01,640
the middle of sinus meadow is a coward

157
00:10:07,960 --> 00:10:05,130
it stands six miles high

158
00:10:10,820 --> 00:10:07,970
it's made of a glass-like material

159
00:10:12,410 --> 00:10:10,830
because you can see through it that that

160
00:10:17,180 --> 00:10:12,420
thing is really there it's really six

161
00:10:19,700 --> 00:10:17,190
miles I and it is something so along

162
00:10:23,150 --> 00:10:19,710
with that I had been doing some studying

163
00:10:24,650 --> 00:10:23,160

in remote viewing a guy like me who

164

00:10:25,760 --> 00:10:24,660

doesn't know when the door bells going

165

00:10:28,490 --> 00:10:25,770

to ring or the phone's going to ring

166

00:10:30,620 --> 00:10:28,500

with absolutely no sense of something

167

00:10:33,800 --> 00:10:30,630

going to happen if he could make this

168

00:10:34,760 --> 00:10:33,810

remote viewing work if it was really if

169

00:10:37,490 --> 00:10:34,770

I could really do it

170

00:10:42,650 --> 00:10:37,500

so I went to the week class and to make

171

00:10:46,670 --> 00:10:42,660

a long story short after two days it was

172

00:10:49,070 --> 00:10:46,680

apparent that yes I could it was really

173

00:10:52,460 --> 00:10:49,080

amazing that was the second thing that

174

00:10:55,810 --> 00:10:52,470

happened seeing this other than seeing

175

00:10:58,900 --> 00:10:55,820

the tower the third thing is I had been

176

00:11:01,340 --> 00:10:58,910

talking with

177

00:11:05,870 --> 00:11:01,350

two or three people around the United

178

00:11:09,400 --> 00:11:05,880

States about objects on the moon and we

179

00:11:13,579 --> 00:11:09,410

were sending back and forth drawings and

180

00:11:17,360 --> 00:11:13,589

and photos that they were interesting

181

00:11:21,500 --> 00:11:17,370

through this I met a guy in Chicago who

182

00:11:23,780 --> 00:11:21,510

was mailing me back and forth over the

183

00:11:25,300 --> 00:11:23,790

courses way before we had computers to

184

00:11:30,170 --> 00:11:25,310

email stuff

185

00:11:33,199 --> 00:11:30,180

he showed me a lunar orbiter photo the

186

00:11:38,740 --> 00:11:33,209

lunar orbiter five looking straight down

187

00:11:45,620 --> 00:11:38,750

and nestled in the crater of Copernicus

188

00:11:48,319 --> 00:11:45,630

was a were five cylinders that looked

189

00:11:52,430 --> 00:11:48,329

like they had to be what three or four

190

00:11:55,189 --> 00:11:52,440

hundred feet tall and it was obviously

191

00:11:57,259 --> 00:11:55,199

they were they were cylinders no no

192

00:11:59,810 --> 00:11:57,269

doubt about it and they were they just

193

00:12:02,720 --> 00:11:59,820

stuck up like that and I looked at I

194

00:12:05,480 --> 00:12:02,730

said somebody put that there that's real

195

00:12:07,939 --> 00:12:05,490

I can remember the hairs standing up on

196

00:12:11,389 --> 00:12:07,949

the back of my neck because this is real

197

00:12:14,000 --> 00:12:11,399

I found it that this is something so

198

00:12:16,660 --> 00:12:14,010

that started me on looking at more stuff

199

00:12:21,259 --> 00:12:16,670

basically those three things are what

200

00:12:24,860 --> 00:12:21,269

led me into more and more interest in

201
00:12:28,280 --> 00:12:24,870
pictures of the moon the moon is a place

202
00:12:31,069 --> 00:12:28,290
for the guards to be sure that we don't

203
00:12:35,750 --> 00:12:31,079
escape we don't get away while we're on

204
00:12:37,819 --> 00:12:35,760
earth maturing our soldiers I was here

205
00:12:39,050 --> 00:12:37,829
working in the Rose Garden and my

206
00:12:41,269 --> 00:12:39,060
eight-year-old daughter comes through

207
00:12:45,290 --> 00:12:41,279
that back gate and says what is that mom

208
00:12:48,319 --> 00:12:45,300
a UFO and she's pointing this way and I

209
00:12:50,179 --> 00:12:48,329
look up and there's a you up

210
00:12:54,619 --> 00:12:50,189
right over the mountain you can see the

211
00:12:56,600 --> 00:12:54,629
top of sunrise mountain behind and as I

212
00:12:58,220 --> 00:12:56,610
looked up there's another one which she

213
00:13:00,259 --> 00:12:58,230

hadn't seen because she was running in

214

00:13:03,879 --> 00:13:00,269

with her friend there was another one

215

00:13:09,330 --> 00:13:03,889

coming in behind it and traveling it

216

00:13:20,600 --> 00:13:14,670

I would say

217

00:13:22,920 --> 00:13:20,610

it would have been as big from here

218

00:13:27,060 --> 00:13:22,930

between those two countries

219

00:13:28,950 --> 00:13:27,070

our guys were had to be flying SS there

220

00:13:31,920 --> 00:13:28,960

was no purpose of them flying over a

221

00:13:35,040 --> 00:13:31,930

populated area as many as they have up

222

00:13:37,410 --> 00:13:35,050

that they area 51

223

00:13:39,420 --> 00:13:37,420

of course I guys are going to try you

224

00:13:44,100 --> 00:13:39,430

know try them out fly them

225

00:13:49,740 --> 00:13:44,110

I know Lazar was developing a name for

226

00:13:51,870 --> 00:13:49,750

the fuel that they use and did I believe

227

00:13:55,400 --> 00:13:51,880

it's called something 15 but you know

228

00:14:00,150 --> 00:13:55,410

that's not my area that's in John's area

229

00:14:05,880 --> 00:14:00,160

but like I said it's really really been

230

00:14:07,710 --> 00:14:05,890

interesting married to this man oh by

231

00:14:11,250 --> 00:14:07,720

the way when I'm in here my computer is

232

00:14:15,540 --> 00:14:11,260

all bring my a MacBook it'll just

233

00:14:18,390 --> 00:14:15,550

collapse sometimes or just go completely

234

00:14:21,450 --> 00:14:18,400

black or that full battery let's go

235

00:14:23,990 --> 00:14:21,460

completely black sorry senior government

236

00:14:28,020 --> 00:14:24,000

operatives living across the street

237

00:14:30,240 --> 00:14:28,030

taking all of these dumb you know photos

238

00:14:32,580 --> 00:14:30,250

and they're looking through the walls

239

00:14:34,350 --> 00:14:32,590

with this secret government telescope

240

00:14:36,000 --> 00:14:34,360

that you can see through wall looking

241

00:14:38,630 --> 00:14:36,010

out over there going through all of his

242

00:14:42,930 --> 00:14:38,640

computer files and he had to get a new

243

00:14:45,210 --> 00:14:42,940

computer box because they just destroyed

244

00:14:46,740 --> 00:14:45,220

the last one that's all their former

245

00:14:48,570 --> 00:14:46,750

computer and they're sending

246

00:14:50,340 --> 00:14:48,580

transmissions over to him and they're

247

00:14:51,570 --> 00:14:50,350

wiping everything off and they're

248

00:14:53,610 --> 00:14:51,580

running the internet so swell because

249

00:14:55,920 --> 00:14:53,620

they're using everything using

250

00:14:58,920 --> 00:14:55,930

everything in this house Howard care

251
00:15:00,720 --> 00:14:58,930
stuff and they're just transferring

252
00:15:02,190 --> 00:15:00,730
everything off and they're copying

253
00:15:07,200 --> 00:15:02,200
everything that's on his computer

254
00:15:10,740 --> 00:15:07,210
monitors I live somewhere across the

255
00:15:12,720 --> 00:15:10,750
street and one of the houses grandpa

256
00:15:14,460 --> 00:15:12,730
yeah you know the guys sure across the

257
00:15:19,370 --> 00:15:14,470
street taking a little stuff off and

258
00:15:23,690 --> 00:15:21,600
because I want to know something I

259
00:15:26,010 --> 00:15:23,700
definitely want to know something

260
00:15:30,840 --> 00:15:26,020
they're looking for they're looking for

261
00:15:32,370 --> 00:15:30,850
something I thought it was 88 coz 87

262
00:15:35,460 --> 00:15:32,380
they start they just started

263
00:15:43,579 --> 00:15:35,470

yeah but 88 was when they really started

264

00:15:52,710 --> 00:15:43,589

going through everything good 2012 - 19

265

00:15:54,800 --> 00:15:52,720

24 years old four years yeah the first

266

00:15:57,720 --> 00:15:54,810

time we found out about it is the

267

00:15:59,880 --> 00:15:57,730

beating the telephone guy that used to

268

00:16:01,530 --> 00:15:59,890

work on Alice's Jack's phone because

269

00:16:04,200 --> 00:16:01,540

when they're teenagers always changing

270

00:16:06,450 --> 00:16:04,210

lines and place different phones and

271

00:16:09,960 --> 00:16:06,460

stuff kinda might one day he told me

272

00:16:12,570 --> 00:16:09,970

that did you know there's a tap on your

273

00:16:14,280 --> 00:16:12,580

phone and I said no he said you want me

274

00:16:15,900 --> 00:16:14,290

to check it out and I said now they're

275

00:16:18,570 --> 00:16:15,910

harmless well I'd like to check it out I

276

00:16:20,670 --> 00:16:18,580

said hey help yourself so he came back

277

00:16:23,310 --> 00:16:20,680

in a half an hour and he said I went

278

00:16:25,320 --> 00:16:23,320

down Monroe I went down Hollywood

279

00:16:27,150 --> 00:16:25,330

Hollywood to Bonanza and I went it as

280

00:16:31,079 --> 00:16:27,160

far as Nellis and it's farther than that

281

00:16:33,810 --> 00:16:31,089

the tap so he says I'm going to check at

282

00:16:35,490 --> 00:16:33,820

the office so the next morning he came

283

00:16:38,220 --> 00:16:35,500

he says John I can't work on your phones

284

00:16:40,320 --> 00:16:38,230

anymore I said why not he says because

285

00:16:42,540 --> 00:16:40,330

your phone is tapped the mainframe and

286

00:16:45,210 --> 00:16:42,550

there's no paperwork and I went to my

287

00:16:49,920 --> 00:16:45,220

supervisor about it and she said if you

288

00:16:56,370 --> 00:16:53,040

well they wouldn't want to rob this

289

00:17:01,440 --> 00:16:56,380

place I'll tell you that my

290

00:17:05,660 --> 00:17:01,450

pistol-packing grandma it was at the

291

00:17:08,700 --> 00:17:05,670

opening of the fashion show mall and

292

00:17:10,620 --> 00:17:08,710

this kid ran I was just putting three

293

00:17:13,829 --> 00:17:10,630

children and then my two granddaughters

294

00:17:16,800 --> 00:17:13,839

are my two daughters and in the back of

295

00:17:18,450 --> 00:17:16,810

the car and their friend and this kid

296

00:17:21,930 --> 00:17:18,460

ran up and said give me your money and I

297

00:17:28,290 --> 00:17:21,940

said okay took my purse out he's holding

298

00:17:32,220 --> 00:17:28,300

it got twenty two on me and I pulled my

299

00:17:36,120 --> 00:17:32,230

45 on him and he turned in ran reach

300

00:17:39,450 --> 00:17:36,130

back and grazed my leg fired a shot and

301

00:17:46,430 --> 00:17:39,460

son at that time I didn't keep a round

302

00:17:55,080 --> 00:17:46,440

in the chamber but I do now a 22 come on

303

00:17:57,810 --> 00:17:55,090

you just picked the wrong person it

304

00:18:07,690 --> 00:17:57,820

doesn't just happen it's written the

305

00:18:14,480 --> 00:18:12,530

am I going to leave a message for my

306

00:18:19,010 --> 00:18:14,490

family

307

00:18:22,820 --> 00:18:19,020

to open on my demise about what I've

308

00:18:24,560 --> 00:18:22,830

discovered I think it's pretty well out

309

00:18:26,000 --> 00:18:24,570

there what I've discovered I hadn't

310

00:18:27,680 --> 00:18:26,010

thought about it maybe I'll give it some

311

00:18:30,710 --> 00:18:27,690

thought and leave some kind of message

312

00:18:34,400 --> 00:18:30,720

like that the message is pretty scary

313

00:18:39,169 --> 00:18:34,410

it's hard to tell people that your own

314

00:18:40,700 --> 00:18:39,179

lock stock and barrel by the ETS you

315

00:18:43,240 --> 00:18:40,710

don't do anything that they don't know

316

00:18:47,150 --> 00:18:43,250

about have interrupted and personally

317

00:18:50,630 --> 00:18:47,160

guided we're done everything that they

318

00:18:53,090 --> 00:18:50,640

have told us to do now as we walk

319

00:18:54,980 --> 00:18:53,100

through the path of life sometimes

320

00:18:58,549 --> 00:18:54,990

things aren't going too good that means

321

00:19:01,299 --> 00:18:58,559

we're on the wrong path everything has

322

00:19:04,520 --> 00:19:01,309

been predetermined all been written

323

00:19:07,220 --> 00:19:04,530

there should be no variation get off the

324

00:19:11,330 --> 00:19:07,230

path you're gently guided back onto the
