

PATIENT SEVENTEEN

ALIEN IMPLANTS
NOT OF THIS WORLD?

1
00:00:07,220 --> 00:00:04,160
dr. Roger Leir did confirm Olivia

2
00:00:09,650 --> 00:00:07,230
patient number 17 so you're gonna get

3
00:00:13,370 --> 00:00:09,660
this thing out that's what he's telling

4
00:00:26,810 --> 00:00:22,510
[Music]

5
00:00:29,990 --> 00:00:26,820
we're using ultrasound to try and locate

6
00:00:32,930 --> 00:00:30,000
the exact position of the object it's

7
00:00:35,210 --> 00:00:32,940
not easy because it's not only

8
00:00:42,619 --> 00:00:35,220
superficial but it's also close to the

9
00:00:48,259 --> 00:00:45,439
object um down it's just on the form of

10
00:00:51,470 --> 00:00:48,269
metal so that goes into a metallurgical

11
00:00:53,869 --> 00:00:51,480
process one step at a time where we look

12
00:00:56,389 --> 00:00:53,879
at it under electron microscope we're

13
00:00:58,750 --> 00:00:56,399

going to draw the patient's blood and

14

00:01:02,720 --> 00:00:58,760

then we put it in a centrifuge and spin

15

00:01:06,850 --> 00:01:02,730

it down and separate the cellular

16

00:01:13,749 --> 00:01:10,670

that's my little incision we spread it a

17

00:01:19,180 --> 00:01:13,759

little bit you see a little spot there

18

00:01:25,310 --> 00:01:22,219

we'll put the soft tissue and that and

19

00:01:29,080 --> 00:01:25,320

that wash this out on a circle so would

20

00:01:34,539 --> 00:01:31,359

I'll leave a little piece of soft tissue

21

00:01:36,969 --> 00:01:34,549

on there so that when we use things like

22

00:01:39,700 --> 00:01:36,979

electron microscope which will do it see

23

00:01:54,679 --> 00:01:39,710

the labs that soft tissue will show up

24

00:01:58,950 --> 00:01:56,760

look at the

25

00:02:02,069 --> 00:01:58,960

the chemical components which is the

26
00:02:05,010 --> 00:02:02,079
Deeks on the screen we can see that on

27
00:02:07,499 --> 00:02:05,020
that particular one it's all carbon yeah

28
00:02:12,059 --> 00:02:07,509
it's very similar to several other

29
00:02:14,280 --> 00:02:12,069
objects will be seen Roger stations the

30
00:02:16,440 --> 00:02:14,290
nerve cells grow into the membrane and

31
00:02:17,699 --> 00:02:16,450
this membrane forms the interface

32
00:02:21,390 --> 00:02:17,709
between the nervous system and the

33
00:02:23,789 --> 00:02:21,400
electronics of the device these devices

34
00:02:25,530 --> 00:02:23,799
seem to be deliberately inserted into

35
00:02:27,960 --> 00:02:25,540
people there's a portal of entry and

36
00:02:30,059 --> 00:02:27,970
we've never an inflammatory response to

37
00:02:33,449 --> 00:02:30,069
the objects which is in Pylea really

38
00:02:36,539 --> 00:02:33,459

parson Curtis I think concert back

39

00:02:38,880 --> 00:02:36,549

that'll they tell the tale as well as to
