

2004 NIMITZ TIC TAC UFO EVENT SERIES

WITH TREVOR / RADAR OPERATOR

PRESENTED BY JEREMY KENYON LOCKYER CORBELL

1
00:00:08,270 --> 00:00:05,539
my name is Jeremy Korbel I seek to

2
00:00:10,930 --> 00:00:08,280
weaponize your curiosity and if you're

3
00:00:14,120 --> 00:00:10,940
ready to suspend your own prejudice

4
00:00:24,320 --> 00:00:14,130
welcome to the world of extraordinary

5
00:00:26,509 --> 00:00:24,330
beliefs material that has been pulled

6
00:00:29,599 --> 00:00:26,519
out of a man's leg that should not exist

7
00:00:32,420 --> 00:00:29,609
this sample could not have been made on

8
00:00:35,330 --> 00:00:32,430
earth because the isotopic ratios I know

9
00:00:40,280 --> 00:00:35,340
there are alien craft here from another

10
00:00:42,020 --> 00:00:40,290
planet I was inside one who are we and

11
00:00:44,420 --> 00:00:42,030
where are we actually sitting within the

12
00:00:47,420 --> 00:00:44,430
architecture of our universe are we

13
00:00:54,740 --> 00:00:47,430

alone or is the answer simply stranger

14

00:00:57,709 --> 00:00:54,750

than we can think and think I know what

15

00:01:02,240 --> 00:00:57,719

I saw I definitely saw different footage

16

00:01:05,750 --> 00:01:02,250

during this 2004 event of a different

17

00:01:08,780 --> 00:01:05,760

object by far the object that I saw was

18

00:01:11,270 --> 00:01:08,790

a flying saucer shape not a tic-tac

19

00:01:13,550 --> 00:01:11,280

and I've tried verifying this to other

20

00:01:16,190 --> 00:01:13,560

people and they just did not want to

21

00:01:18,969 --> 00:01:16,200

talk about it um you never forget that

22

00:01:25,749 --> 00:01:18,979

day the rest of my life that day changed

23

00:01:30,920 --> 00:01:28,160

that's the voice of a man named Trevor

24

00:01:32,719 --> 00:01:30,930

Trevor was a radar operator and a direct

25

00:01:35,539 --> 00:01:32,729

witness to one of the most current and

26
00:01:40,609 --> 00:01:35,549
well-documented UFO encounters in modern

27
00:01:43,130 --> 00:01:40,619
history on December 21st 2017 there was

28
00:01:45,350 --> 00:01:43,140
a tectonic shift in secrecy the

29
00:01:48,020 --> 00:01:45,360
Department of Defense authorized two

30
00:01:50,359 --> 00:01:48,030
videos of fighter pilots engaging UFOs

31
00:01:52,880 --> 00:01:50,369
to be released to the public and the New

32
00:01:54,710 --> 00:01:52,890
York Times published a story about our

33
00:01:58,670 --> 00:01:54,720
government's involvement in studying the

34
00:02:00,830 --> 00:01:58,680
subject the 2004 Nimitz tick-tack UFO

35
00:02:03,859 --> 00:02:00,840
encounters became the tip of the spear

36
00:02:05,749 --> 00:02:03,869
in the public debate on UFOs commander

37
00:02:07,730 --> 00:02:05,759
David flavor a fighter pilot with the

38
00:02:10,309 --> 00:02:07,740

Black Aces came forward with his

39

00:02:12,380 --> 00:02:10,319

experiences and testimony there were a

40

00:02:13,760 --> 00:02:12,390

number of individuals during the events

41

00:02:17,240 --> 00:02:13,770

who were aware of

42

00:02:19,270 --> 00:02:17,250

was unfolding Trevor is one of them more

43

00:02:21,530 --> 00:02:19,280

and more witnesses are coming forward

44

00:02:23,870 --> 00:02:21,540

for those of you who remember the

45

00:02:25,910 --> 00:02:23,880

tic-tac UFO case is one that I reported

46

00:02:29,590 --> 00:02:25,920

on on coast to coast am with George

47

00:02:32,540 --> 00:02:29,600

Knapp both in May and October of 2017

48

00:02:34,640 --> 00:02:32,550

this UFO case was on my radar for years

49

00:02:37,070 --> 00:02:34,650

prior and I took the time to build a

50

00:02:39,970 --> 00:02:37,080

small network of witnesses involved in

51
00:02:42,860 --> 00:02:39,980
this unique military UFO event series

52
00:02:45,410 --> 00:02:42,870
the story is now out and the pieces are

53
00:02:47,210 --> 00:02:45,420
being put together by the public and the

54
00:02:49,880 --> 00:02:47,220
news continues to explode and be

55
00:02:53,170 --> 00:02:49,890
understood around the world government

56
00:02:56,030 --> 00:02:53,180
footage from active UFO engagements

57
00:02:58,220 --> 00:02:56,040
Travers testimony is unique and as you

58
00:02:59,870 --> 00:02:58,230
will hear he was exposed to footage from

59
00:03:02,330 --> 00:02:59,880
the event series that sounds a bit

60
00:03:06,350 --> 00:03:02,340
different than what is now in the public

61
00:03:12,440 --> 00:03:06,360
realm I'm just reporting the news it's

62
00:03:15,110 --> 00:03:12,450
up to you to make sense of it all what

63
00:03:17,030 --> 00:03:15,120

is your name what was your rank and what

64

00:03:19,460 --> 00:03:17,040

were you do these my first name is

65

00:03:23,870 --> 00:03:19,470

Trevor I will not disclose my last name

66

00:03:27,410 --> 00:03:23,880

I was an operation specialist I was a e4

67

00:03:30,530 --> 00:03:27,420

my duties were pretty much tare Aaron

68

00:03:33,170 --> 00:03:30,540

surface radar I also worked on a system

69

00:03:35,750 --> 00:03:33,180

called gym battle I did a bunch of other

70

00:03:39,500 --> 00:03:35,760

stuff too than my division we're talking

71

00:03:42,560 --> 00:03:39,510

about the 2004 Nimitz tick-tack UFO

72

00:03:45,470 --> 00:03:42,570

events you were on board and part of

73

00:03:47,690 --> 00:03:45,480

that deployment can you tell me a little

74

00:03:51,290 --> 00:03:47,700

bit about that we're just doing like

75

00:03:53,890 --> 00:03:51,300

workups like JT FX going out to the

76
00:03:57,230 --> 00:03:53,900
operating area and playing or game

77
00:03:59,900 --> 00:03:57,240
testing out equipment doing all those

78
00:04:02,480 --> 00:03:59,910
sorts of things and training people I

79
00:04:05,300 --> 00:04:02,490
was actually on air radar site at that

80
00:04:08,930 --> 00:04:05,310
time specifically everything went down

81
00:04:11,150 --> 00:04:08,940
within however many days I was seeing

82
00:04:14,000 --> 00:04:11,160
things on the radar I just remember the

83
00:04:16,940 --> 00:04:14,010
one day where it was very obvious that

84
00:04:19,940 --> 00:04:16,950
something going on in the top left side

85
00:04:21,890 --> 00:04:19,950
of that box operating box because we all

86
00:04:23,480 --> 00:04:21,900
have our own specific boxes that we be

87
00:04:26,090 --> 00:04:23,490
circle them I just thought it was

88
00:04:27,030 --> 00:04:26,100

suspicious I mean with all the

89

00:04:28,860 --> 00:04:27,040

experience and

90

00:04:32,970 --> 00:04:28,870

the things that I've seen and so we're

91

00:04:36,720 --> 00:04:32,980

talking about 2004 on the image I would

92

00:04:39,720 --> 00:04:36,730

say in your on general scene is people

93

00:04:41,940 --> 00:04:39,730

on our radar as in charge of teen ager

94

00:04:44,910 --> 00:04:41,950

love is supply Pio

95

00:04:48,390 --> 00:04:44,920

you were in charge of an aspect of radar

96

00:04:51,690 --> 00:04:48,400

operations on the Nimitz during that UFO

97

00:04:54,630 --> 00:04:51,700

event correct yes I was part of an

98

00:04:57,780 --> 00:04:54,640

airlock team yet in 2004 between

99

00:05:00,210 --> 00:04:57,790

November 10th through November 14th when

100

00:05:02,370 --> 00:05:00,220

there was a whole series of events there

101
00:05:04,530 --> 00:05:02,380
was a crescendo commander David flavour

102
00:05:07,350 --> 00:05:04,540
and the flight group that went after him

103
00:05:08,970 --> 00:05:07,360
came back with footage of these events

104
00:05:10,800 --> 00:05:08,980
and came back on board but your

105
00:05:13,710 --> 00:05:10,810
experience was a little different you

106
00:05:16,770 --> 00:05:13,720
were in a secure radar room and started

107
00:05:18,630 --> 00:05:16,780
to notice something strange and you were

108
00:05:20,790 --> 00:05:18,640
the first to notice it yeah we weren't

109
00:05:23,580 --> 00:05:20,800
CDC what is that

110
00:05:25,140 --> 00:05:23,590
combat Direction center what they call

111
00:05:27,780 --> 00:05:25,150
it quote unquote the heart of the ship

112
00:05:31,710 --> 00:05:27,790
it's a normal day and all of a sudden

113
00:05:34,910 --> 00:05:31,720

what happens you just start saying

114

00:05:38,550 --> 00:05:34,920

things that topless there's a box

115

00:05:40,230 --> 00:05:38,560

thirteen things blip in and out you just

116

00:05:42,900 --> 00:05:40,240

see something chill in there for a

117

00:05:44,430 --> 00:05:42,910

little bit and then boom it's gone and

118

00:05:46,920 --> 00:05:44,440

then it's over here in a different area

119

00:05:49,800 --> 00:05:46,930

of that corner it's like flashing it's

120

00:05:51,480 --> 00:05:49,810

solid it's gone that it moves to the

121

00:05:53,820 --> 00:05:51,490

left to the right so it keeps doing that

122

00:05:55,650 --> 00:05:53,830

like it's moving around it's you know

123

00:05:58,170 --> 00:05:55,660

there's activity going on bringing

124

00:06:00,030 --> 00:05:58,180

myself like what's going on I let my

125

00:06:03,360 --> 00:06:00,040

supervisors know what's going on and

126
00:06:06,150 --> 00:06:03,370
they said okay you know it's no big deal

127
00:06:07,800 --> 00:06:06,160
you'd mark aircraft whatever they were

128
00:06:11,240 --> 00:06:07,810
you would mark them I couldn't do it

129
00:06:13,740 --> 00:06:11,250
because that object or whatever that was

130
00:06:16,140 --> 00:06:13,750
listening in and out I couldn't tag it

131
00:06:18,780 --> 00:06:16,150
so they basically ignored it my home

132
00:06:19,590 --> 00:06:18,790
watch at least that's what I that's what

133
00:06:21,030 --> 00:06:19,600
I know

134
00:06:22,950 --> 00:06:21,040
you know what I mean maybe they knew

135
00:06:24,690 --> 00:06:22,960
something I don't know if you got to

136
00:06:27,450 --> 00:06:24,700
remember we're just doing work ups we're

137
00:06:29,300 --> 00:06:27,460
in the Pacific Ocean you know you're

138
00:06:32,970 --> 00:06:29,310

only so far off the coast of Mexico

139

00:06:34,770 --> 00:06:32,980

south of California and west of West off

140

00:06:36,840 --> 00:06:34,780

the coast of Mexico you don't think

141

00:06:37,980 --> 00:06:36,850

anything crazy but when you're seeing

142

00:06:40,020 --> 00:06:37,990

just this

143

00:06:42,420 --> 00:06:40,030

an area with a little obviously

144

00:06:44,820 --> 00:06:42,430

something is over there so you're having

145

00:06:46,260 --> 00:06:44,830

a normal day you're watching your your

146

00:06:48,690 --> 00:06:46,270

radar scans you're supposed to be

147

00:06:50,640 --> 00:06:48,700

tagging aircraft and all of a sudden

148

00:06:53,130 --> 00:06:50,650

you're seeing these anomalous blips

149

00:06:54,750 --> 00:06:53,140

coming in and out off of your screen and

150

00:06:57,030 --> 00:06:54,760

you're thinking what's going on we're

151
00:06:59,280 --> 00:06:57,040
not in a war zone where we're in a you

152
00:07:03,120 --> 00:06:59,290
know us controlled area you at that

153
00:07:05,700 --> 00:07:03,130
point alert or notify your superiors and

154
00:07:07,830 --> 00:07:05,710
they kind of look at it and say okay

155
00:07:08,700 --> 00:07:07,840
keep going they don't make a big deal

156
00:07:11,070 --> 00:07:08,710
about it

157
00:07:13,440 --> 00:07:11,080
right yeah mm-hmm because you're

158
00:07:16,110 --> 00:07:13,450
training people to you know what is

159
00:07:18,840 --> 00:07:16,120
doing work UPS I mean we're not in a you

160
00:07:21,810 --> 00:07:18,850
know in a hot zone so if you were in a

161
00:07:23,790 --> 00:07:21,820
hot zone this would be fuzz all over it

162
00:07:25,560 --> 00:07:23,800
FA pans would have been over there in

163
00:07:28,080 --> 00:07:25,570

seeing these blips communion radar if

164

00:07:30,270 --> 00:07:28,090

you were in a war zone the the alerts

165

00:07:32,970 --> 00:07:30,280

would go off they'd shoot f-18s over

166

00:07:34,290 --> 00:07:32,980

there this would be a big deal and these

167

00:07:35,730 --> 00:07:34,300

objects that were coming in and out of

168

00:07:39,390 --> 00:07:35,740

your screen did they appear to be moving

169

00:07:42,240 --> 00:07:39,400

fast is that why they were yeah like it

170

00:07:44,910 --> 00:07:42,250

would be and it would be stationary as

171

00:07:47,250 --> 00:07:44,920

I'm boom it would move then it would

172

00:07:50,160 --> 00:07:47,260

just chill there whereas if it's

173

00:07:52,890 --> 00:07:50,170

aircraft it would be moving like a solid

174

00:07:55,600 --> 00:07:52,900

movement across the string whereas here

175

00:07:56,830 --> 00:07:55,610

it's like jumping around

176

00:07:59,710 --> 00:07:56,840

but that's the only way I could describe

177

00:08:01,420 --> 00:07:59,720

it jumping around that's what was funky

178

00:08:04,179 --> 00:08:01,430

I mean how could something move so fast

179

00:08:08,920 --> 00:08:04,189

like that I've never seen it under radar

180

00:08:11,350 --> 00:08:08,930

so not yet ee oh hell no nah

181

00:08:13,869 --> 00:08:11,360

the way that these things were moving is

182

00:08:17,709 --> 00:08:13,879

unlike anything that you've ever seen

183

00:08:20,200 --> 00:08:17,719

with our technologies oh yeah definitely

184

00:08:22,179 --> 00:08:20,210

I've never seen that before with that

185

00:08:25,629 --> 00:08:22,189

that's what gets your suspicion you know

186

00:08:27,520 --> 00:08:25,639

you're thinking what's going on why is

187

00:08:30,219 --> 00:08:27,530

there all this movement going on

188

00:08:32,639 --> 00:08:30,229

that all this activity yeah you're

189

00:08:34,930 --> 00:08:32,649

seeing these targets moving income

190

00:08:36,940 --> 00:08:34,940

extraordinary ways that would be

191

00:08:40,540 --> 00:08:36,950

considered a threat anywhere else if you

192

00:08:42,730 --> 00:08:40,550

were in a hostile territory and and you

193

00:08:44,860 --> 00:08:42,740

can't tag them you can't mark them you

194

00:08:47,079 --> 00:08:44,870

Lert whoever's in command above you and

195

00:08:50,490 --> 00:08:47,089

they look at it and they tell you keep

196

00:08:53,769 --> 00:08:50,500

just keep working yeah basically yeah

197

00:08:55,769 --> 00:08:53,779

yeah and you can't tell if it was

198

00:09:00,490 --> 00:08:55,779

multiple objects

199

00:09:02,170 --> 00:09:00,500

how many anomalous targets did you see

200

00:09:03,490 --> 00:09:02,180

during that course of the beginning of

201

00:09:07,389 --> 00:09:03,500

observing this on your radar

202

00:09:10,509 --> 00:09:07,399

I mean I'm on lot six to eight hours so

203

00:09:14,019 --> 00:09:10,519

the whole time I was on watch is this

204

00:09:16,720 --> 00:09:14,029

the day that the whole ship became

205

00:09:18,430 --> 00:09:16,730

alerted that evening the pilots gear and

206

00:09:22,389 --> 00:09:18,440

with footage the only thing I could tell

207

00:09:24,400 --> 00:09:22,399

you is that yes it is that day um never

208

00:09:26,920 --> 00:09:24,410

forget that day the rest of my life I

209

00:09:29,650 --> 00:09:26,930

gave my path down then it might watch I

210

00:09:31,389 --> 00:09:29,660

gave my path down and I passed down that

211

00:09:34,480 --> 00:09:31,399

activity that I've had found that

212

00:09:36,370 --> 00:09:34,490

activity one specific person and that

213

00:09:38,500 --> 00:09:36,380

one specific person is the one that

214

00:09:40,900 --> 00:09:38,510

called me to come up and look at the

215

00:09:44,319 --> 00:09:40,910

video you were relieved of your command

216

00:09:47,980 --> 00:09:44,329

in the afternoon between 11 a.m. and 1

217

00:09:51,130 --> 00:09:47,990

p.m. but it was that day November oh

218

00:09:53,350 --> 00:09:51,140

yeah November 14 to 2004 when commander

219

00:09:55,780 --> 00:09:53,360

David flavor came back and and the

220

00:09:57,819 --> 00:09:55,790

flight after him with footage and that

221

00:10:01,050 --> 00:09:57,829

spread like wildfire across the ship

222

00:10:03,970 --> 00:10:01,060

that they had caught something the UFOs

223

00:10:06,670 --> 00:10:03,980

but something else happened so you are

224

00:10:08,329 --> 00:10:06,680

relieved of your command you go back to

225

00:10:09,920 --> 00:10:08,339

your birthing

226

00:10:11,720 --> 00:10:09,930

being relieved of your command you pass

227

00:10:15,170 --> 00:10:11,730

the information forward to somebody and

228

00:10:17,389 --> 00:10:15,180

in an unusual move you were called to

229

00:10:19,340 --> 00:10:17,399

view some footage because I guess they

230

00:10:22,340 --> 00:10:19,350

felt like they owed you that much for

231

00:10:23,689 --> 00:10:22,350

being the first to actually see and try

232

00:10:25,009 --> 00:10:23,699

to target these things so can you

233

00:10:27,470 --> 00:10:25,019

explain to me you're in your birthing

234

00:10:30,079 --> 00:10:27,480

what exactly happened I get a phone call

235

00:10:32,509 --> 00:10:30,089

you know I didn't think nothing of it so

236

00:10:34,879 --> 00:10:32,519

I get the phone he's like dude you've

237

00:10:38,030 --> 00:10:34,889

got to get up here right now and check

238

00:10:40,970 --> 00:10:38,040

this out he goes right I didn't run but

239

00:10:43,639 --> 00:10:40,980

I hauled ass up to CDC I got up there

240

00:10:47,299 --> 00:10:43,649

and sure enough they brought me over sat

241

00:10:49,600 --> 00:10:47,309

down watch the video I watch it with a

242

00:10:52,329 --> 00:10:49,610

few officers a couple that were you know

243

00:10:54,970 --> 00:10:52,339

pilots and you know few that weren't

244

00:10:58,069 --> 00:10:54,980

many of these people have had you know

245

00:10:59,869 --> 00:10:58,079

eons in the Navy so yeah we're just

246

00:11:02,360 --> 00:10:59,879

sitting there watching the video and

247

00:11:06,259 --> 00:11:02,370

slowing the video watching it several

248

00:11:07,929 --> 00:11:06,269

times blew my mind how long were you in

249

00:11:11,420 --> 00:11:07,939

your birthing before you got that call

250

00:11:13,489 --> 00:11:11,430

approximately I would say it was a long

251
00:11:16,009 --> 00:11:13,499
it was a nighttime yet you know I was

252
00:11:17,989 --> 00:11:16,019
still in my coveralls may may be a

253
00:11:19,280 --> 00:11:17,999
couple hours maybe this is the

254
00:11:21,139 --> 00:11:19,290
information I was trying to get from

255
00:11:23,119 --> 00:11:21,149
that specific person that called me and

256
00:11:25,429 --> 00:11:23,129
they wouldn't they wouldn't talk to me

257
00:11:27,290 --> 00:11:25,439
you've already said a couple times that

258
00:11:29,090 --> 00:11:27,300
you have tried to dig into this you've

259
00:11:30,619 --> 00:11:29,100
tried to get other people involved in

260
00:11:34,069 --> 00:11:30,629
that day to talk to you people seem

261
00:11:37,340 --> 00:11:34,079
hesitant or resistant to talk about this

262
00:11:39,619 --> 00:11:37,350
event why is that great question I don't

263
00:11:41,480 --> 00:11:39,629

know I know that one guy is you know

264

00:11:43,939 --> 00:11:41,490

he's a patriot you know I don't know if

265

00:11:45,829 --> 00:11:43,949

he feels like he's going against the

266

00:11:48,110 --> 00:11:45,839

government or his country I don't know I

267

00:11:50,299 --> 00:11:48,120

did talk to a female she was on the

268

00:11:52,939 --> 00:11:50,309

gonna watch that passed down and she

269

00:11:55,129 --> 00:11:52,949

remembers that pilot coming in the CDC

270

00:11:57,889 --> 00:11:55,139

engineering the video where do you walk

271

00:12:01,610 --> 00:11:57,899

to what does it look like and who's in

272

00:12:04,460 --> 00:12:01,620

there yes I walk in CDC excited to tell

273

00:12:07,460 --> 00:12:04,470

and I go past the chip news chain like a

274

00:12:09,919 --> 00:12:07,470

left that's the air radar with your FCS

275

00:12:12,379 --> 00:12:09,929

over there and I just go behind the I

276

00:12:14,689 --> 00:12:12,389

call it the command table go behind

277

00:12:16,610 --> 00:12:14,699

there and they're all encouraging me to

278

00:12:19,280 --> 00:12:16,620

sit down check this out and the rooms

279

00:12:21,079 --> 00:12:19,290

dark you know at CDC it's dark Lots

280

00:12:22,040 --> 00:12:21,089

activity going on I don't touch the

281

00:12:23,480 --> 00:12:22,050

computer on

282

00:12:25,850 --> 00:12:23,490

any of that stuff they're sitting there

283

00:12:28,670 --> 00:12:25,860

showing me what's going on and it's

284

00:12:31,070 --> 00:12:28,680

already downloaded I mean I don't know

285

00:12:32,480 --> 00:12:31,080

that's insanely fast I don't know how

286

00:12:34,220 --> 00:12:32,490

that works but it's downloaded the

287

00:12:37,699 --> 00:12:34,230

zipper net what do you mean by it was

288

00:12:41,329 --> 00:12:37,709

insanely fast and downloaded this kind

289

00:12:43,400 --> 00:12:41,339

of uh secured secret I don't know how

290

00:12:46,579 --> 00:12:43,410

secret or top secret or whatever like

291

00:12:48,440 --> 00:12:46,589

internet so only a certain people have

292

00:12:52,490 --> 00:12:48,450

access to that Internet

293

00:12:55,220 --> 00:12:52,500

so it's a highly secure net really is

294

00:12:58,370 --> 00:12:55,230

what it is and it was downloaded already

295

00:13:00,620 --> 00:12:58,380

to that net the video was downloaded to

296

00:13:02,750 --> 00:13:00,630

that net yeah the one that I saw yeah

297

00:13:04,280 --> 00:13:02,760

when I came in there I didn't know any

298

00:13:08,180 --> 00:13:04,290

of that you know what I mean I had no

299

00:13:09,710 --> 00:13:08,190

clue until a month or so ago that that

300

00:13:12,470 --> 00:13:09,720

the pilot actually came in their home

301
00:13:14,900 --> 00:13:12,480
footage so I think I take the footage

302
00:13:18,040 --> 00:13:14,910
that I saw I'm guessing it it's got to

303
00:13:21,079 --> 00:13:18,050
be from underneath the nose of the f-18

304
00:13:22,430 --> 00:13:21,089
what you saw is different than what's

305
00:13:24,740 --> 00:13:22,440
out there and that's what's so

306
00:13:27,680 --> 00:13:24,750
interesting they quickly uploaded this

307
00:13:29,569 --> 00:13:27,690
to sipper net and in the footage you saw

308
00:13:31,850 --> 00:13:29,579
you described it very differently than

309
00:13:35,030 --> 00:13:31,860
what is out there about the events what

310
00:13:37,940 --> 00:13:35,040
do you see on the screen you can see

311
00:13:41,360 --> 00:13:37,950
that the a team's are moving and you see

312
00:13:44,300 --> 00:13:41,370
this object mimic the f-18 this object

313
00:13:46,940 --> 00:13:44,310

had shot some biscuits in the ocean up

314

00:13:49,490 --> 00:13:46,950

you could see that that object made a

315

00:13:51,920 --> 00:13:49,500

couple different quick maneuvers so if

316

00:13:56,210 --> 00:13:51,930

the FAK made a lot led banked left it

317

00:13:59,060 --> 00:13:56,220

mocked the f-18 every time describing

318

00:14:01,040 --> 00:13:59,070

the object mirroring that the pilots are

319

00:14:03,530 --> 00:14:01,050

actually mirroring the movements like

320

00:14:06,829 --> 00:14:03,540

mocking the the minutes

321

00:14:11,930 --> 00:14:06,839

it was outpacing our best fighter planes

322

00:14:16,189 --> 00:14:11,940

Oh easy yeah the last part of the video

323

00:14:17,870 --> 00:14:16,199

that I remembered is that this object so

324

00:14:21,110 --> 00:14:17,880

if you're looking at the screen it went

325

00:14:23,930 --> 00:14:21,120

left and then it banked straight up I

326

00:14:26,810 --> 00:14:23,940

mean it just it was insane I couldn't

327

00:14:27,290 --> 00:14:26,820

even explain like it just went to the

328

00:14:30,319 --> 00:14:27,300

left

329

00:14:32,960 --> 00:14:30,329

really fast my boom went straight up and

330

00:14:35,570 --> 00:14:32,970

I know this was on on the super net

331

00:14:37,610 --> 00:14:35,580

because we slowed it down like face

332

00:14:40,550 --> 00:14:37,620

it's down by surname by name like

333

00:14:42,620 --> 00:14:40,560

basically in slow-mo and you can see

334

00:14:45,620 --> 00:14:42,630

where this thing it doesn't even exist

335

00:14:48,740 --> 00:14:45,630

like it like it's time you know where

336

00:14:51,350 --> 00:14:48,750

it's that fast that you cannot see this

337

00:14:54,110 --> 00:14:51,360

object for a period of a couple frames

338

00:14:56,180 --> 00:14:54,120

and then it just boom it goes up and I

339

00:14:58,970 --> 00:14:56,190

remember the officers saying there's

340

00:15:01,340 --> 00:14:58,980

nothing on this planet that can do that

341

00:15:02,300 --> 00:15:01,350

it's not possible that the aircraft

342

00:15:05,930 --> 00:15:02,310

could be in pieces

343

00:15:08,900 --> 00:15:05,940

how many G's is that to pull up like

344

00:15:11,060 --> 00:15:08,910

that just not possible we don't have

345

00:15:14,060 --> 00:15:11,070

anything like that that can move like

346

00:15:15,949 --> 00:15:14,070

down on this planet Earth and there's

347

00:15:19,370 --> 00:15:15,959

nothing that can take those type of G's

348

00:15:21,680 --> 00:15:19,380

that force that's what they're trying to

349

00:15:24,530 --> 00:15:21,690

point out to officers like when we slow

350

00:15:27,170 --> 00:15:24,540

mode the video you didn't see it for so

351
00:15:29,840 --> 00:15:27,180
many frames you wouldn't see the object

352
00:15:33,019 --> 00:15:29,850
for several frames and then you saw it

353
00:15:34,639 --> 00:15:33,029
and then boom it was gone when it made

354
00:15:38,300 --> 00:15:34,649
that maneuver it would it would

355
00:15:41,930 --> 00:15:38,310
basically disintegrate you know in

356
00:15:44,180 --> 00:15:41,940
Campinas so it was so fast and the

357
00:15:47,300 --> 00:15:44,190
g-forces would have been so spectacular

358
00:15:48,500 --> 00:15:47,310
your camera can pick it up exactly yep

359
00:15:51,050 --> 00:15:48,510
that's exactly it

360
00:15:54,560 --> 00:15:51,060
what did the object look like it looks

361
00:15:56,090 --> 00:15:54,570
more tellingly to me and flat on the

362
00:15:57,949 --> 00:15:56,100
bottom but I don't

363
00:15:59,710 --> 00:15:57,959

everybody says pic Tech I don't remember

364

00:16:03,340 --> 00:15:59,720

that at all

365

00:16:05,590 --> 00:16:03,350

straight down like a flat bottom what

366

00:16:08,560 --> 00:16:05,600

you saw did not look like a tic-tac or

367

00:16:10,510 --> 00:16:08,570

an oblong level it looked just like just

368

00:16:13,090 --> 00:16:10,520

like a flying saucer just like we all

369

00:16:17,440 --> 00:16:13,100

know we've all seen reports of you know

370

00:16:19,870 --> 00:16:17,450

just a dome with a flat bottom exactly

371

00:16:22,570 --> 00:16:19,880

how I remember it just like that you

372

00:16:25,990 --> 00:16:22,580

could tell that you could tell in the

373

00:16:28,660 --> 00:16:26,000

video it's obvious you could totally

374

00:16:30,970 --> 00:16:28,670

tell that so it had a domed top a flat

375

00:16:33,690 --> 00:16:30,980

bottom were there any seams on it or did

376

00:16:37,120 --> 00:16:33,700

it just look like a round of time

377

00:16:40,270 --> 00:16:37,130

McQueen smooth okay so your classic

378

00:16:42,580 --> 00:16:40,280

flying-saucer flat bottom dome top right

379

00:16:46,720 --> 00:16:42,590

did everybody in that room know that

380

00:16:47,680 --> 00:16:46,730

they were looking at a UFO yes sir did

381

00:16:50,380 --> 00:16:47,690

ever be in that room have the

382

00:16:54,190 --> 00:16:50,390

understanding that it was not ours

383

00:16:58,930 --> 00:16:54,200

meaning not human oh yeah yeah

384

00:17:00,550 --> 00:16:58,940

they're shocked you know they can't

385

00:17:01,840 --> 00:17:00,560

believe what they're seeing but they can

386

00:17:03,820 --> 00:17:01,850

and that's true

387

00:17:05,530 --> 00:17:03,830

some of you were pretty sure this was

388

00:17:10,150 --> 00:17:05,540

extraterrestrial for lack of a better

389

00:17:13,090 --> 00:17:10,160

term oh yeah so this footage you saw is

390

00:17:15,850 --> 00:17:13,100

different than the footage that you see

391

00:17:17,800 --> 00:17:15,860

has been released by the Department of

392

00:17:19,630 --> 00:17:17,810

Defense mm-hmm oh yeah then watches

393

00:17:22,660 --> 00:17:19,640

several times and it's not the thing

394

00:17:27,189 --> 00:17:22,670

they definitely saw different footage

395

00:17:30,670 --> 00:17:27,199

during this 2004 event of a different

396

00:17:34,630 --> 00:17:30,680

object by far the object that I saw was

397

00:17:37,750 --> 00:17:34,640

a flying saucer shape not a tic-tac and

398

00:17:39,670 --> 00:17:37,760

it's not even as clear as I saw it the

399

00:17:42,550 --> 00:17:39,680

video footage you saw was much clearer

400

00:17:44,070 --> 00:17:42,560

than what the public is seeing now right

401

00:17:47,410 --> 00:17:44,080

yeah mm-hmm

402

00:17:51,100 --> 00:17:47,420

this is a technology that none of us

403

00:17:53,530 --> 00:17:51,110

ever seen and no officers even in there

404

00:17:54,910 --> 00:17:53,540

seen it but when they're making comments

405

00:17:57,220 --> 00:17:54,920

about you know there's nothing on this

406

00:18:00,460 --> 00:17:57,230

planet back and you know exert those G's

407

00:18:02,920 --> 00:18:00,470

that dispels you Hampton you don't

408

00:18:05,440 --> 00:18:02,930

believe this saucer technology is ours

409

00:18:07,060 --> 00:18:05,450

definitely not maybe we aren't

410

00:18:08,590 --> 00:18:07,070

experimenting with stuff like that but

411

00:18:11,470 --> 00:18:08,600

yeah I mean I've never seen anything

412

00:18:13,270 --> 00:18:11,480

like it it's the common understanding of

413

00:18:17,950 --> 00:18:13,280

the people you talked with did this

414

00:18:21,220 --> 00:18:17,960

not human technology yeah mm-hmm the

415

00:18:22,140 --> 00:18:21,230

earth going in and out of the water out

416

00:18:26,770 --> 00:18:22,150

of the water

417

00:18:28,900 --> 00:18:26,780

correct well we do know from commander

418

00:18:32,500 --> 00:18:28,910

David flavors testimony that there was a

419

00:18:34,360 --> 00:18:32,510

USO unidentified submerged object under

420

00:18:36,940 --> 00:18:34,370

the water it's sounding more and more

421

00:18:38,440 --> 00:18:36,950

like the footage you saw is not the

422

00:18:41,560 --> 00:18:38,450

footage that was released by the

423

00:18:43,270 --> 00:18:41,570

Department of Defense oh yeah we're

424

00:18:45,610 --> 00:18:43,280

talking about a flying saucer that was

425

00:18:47,950 --> 00:18:45,620

under the water and dozens of tic-tacs

426
00:18:50,140 --> 00:18:47,960
were dropping down from 80,000 feet to

427
00:18:53,950 --> 00:18:50,150
dock with it that you got to see clear

428
00:18:55,810 --> 00:18:53,960
as day on footage correct that footage

429
00:18:56,410 --> 00:18:55,820
is probably never gonna get out but you

430
00:18:58,750 --> 00:18:56,420
saw it

431
00:19:01,450 --> 00:18:58,760
I don't think though every release it

432
00:19:03,550 --> 00:19:01,460
and I think footage that they do release

433
00:19:05,020 --> 00:19:03,560
and will release they're gonna make it

434
00:19:07,290 --> 00:19:05,030
fuzzy they're not gonna make it clear

435
00:19:11,140 --> 00:19:07,300
for you guys and they're gonna cut it up

436
00:19:13,150 --> 00:19:11,150
why they don't want people to know that

437
00:19:15,160 --> 00:19:13,160
that technology is out there especially

438
00:19:16,990 --> 00:19:15,170

when what I've seen where you know you

439

00:19:19,570 --> 00:19:17,000

see that objects get that time and just

440

00:19:20,680 --> 00:19:19,580

shoot straight up anticipate there's

441

00:19:23,380 --> 00:19:20,690

nothing that can do that

442

00:19:24,460 --> 00:19:23,390

so they're showing us a whitewashed

443

00:19:26,890 --> 00:19:24,470

version

444

00:19:29,560 --> 00:19:26,900

what you saw was so impressive if people

445

00:19:32,500 --> 00:19:29,570

saw that they might freak out oh yeah I

446

00:19:36,190 --> 00:19:32,510

think so it's a pretty clear video are

447

00:19:38,980 --> 00:19:36,200

you excited that some of these releases

448

00:19:41,830 --> 00:19:38,990

are coming out is this a good thing in

449

00:19:44,680 --> 00:19:41,840

your opinion I think it's an awful thing

450

00:19:47,080 --> 00:19:44,690

I think that the government needs to be

451
00:19:49,900 --> 00:19:47,090
a lot more honest with people tell them

452
00:19:50,940 --> 00:19:49,910
what's out there I love it because it

453
00:19:54,490 --> 00:19:50,950
doesn't scare me

454
00:19:58,180 --> 00:19:54,500
it doesn't freak me out and I'm excited

455
00:19:59,950 --> 00:19:58,190
it's more information more video but if

456
00:20:02,260 --> 00:19:59,960
you had that video and you had the

457
00:20:05,410 --> 00:20:02,270
authority what would you tell the public

458
00:20:06,910 --> 00:20:05,420
all right work come up to the video you

459
00:20:09,330 --> 00:20:06,920
know I mean I'd work them up in the

460
00:20:11,890 --> 00:20:09,340
video with you know past history of

461
00:20:13,600 --> 00:20:11,900
what's been going on and just work them

462
00:20:15,910 --> 00:20:13,610
up for the video only tone this is the

463
00:20:19,000 --> 00:20:15,920

newest footage the newest information we

464

00:20:22,000 --> 00:20:19,010

have and you know there's nothing to be

465

00:20:24,780 --> 00:20:22,010

afraid of you know these people earn

466

00:20:28,050 --> 00:20:24,790

these objects or whatever not a threat

467

00:20:31,110 --> 00:20:28,060

they're just here to do their thing and

468

00:20:33,180 --> 00:20:31,120

get what they need and leave everybody's

469

00:20:35,250 --> 00:20:33,190

starting to call them anomalous aerial

470

00:20:37,830 --> 00:20:35,260

threats originally the intelligence

471

00:20:40,170 --> 00:20:37,840

community was using AAV anomalous aerial

472

00:20:42,930 --> 00:20:40,180

vehicle but the moment this story hit

473

00:20:46,380 --> 00:20:42,940

the news they turned the last V in a a V

474

00:20:48,030 --> 00:20:46,390

to a a t an omlette aerial threat if

475

00:20:49,440 --> 00:20:48,040

they were a threat and then why don't

476

00:20:51,240 --> 00:20:49,450

they shoot down that's a team

477

00:20:53,310 --> 00:20:51,250

why didn't why don't they blow up the

478

00:20:54,960 --> 00:20:53,320

Nimitz the whole fleet they already have

479

00:20:57,780 --> 00:20:54,970

a plan in the works if they chant if

480

00:21:00,960 --> 00:20:57,790

they changed it they have to do it they

481

00:21:02,060 --> 00:21:00,970

have to change the mermen UFOs

482

00:21:08,010 --> 00:21:02,070

especially

483

00:21:10,080 --> 00:21:08,020

why would they change it is that knowing

484

00:21:13,200 --> 00:21:10,090

what they're doing right isn't it kind

485

00:21:15,960 --> 00:21:13,210

of obvious I don't believe UFOs are

486

00:21:19,560 --> 00:21:15,970

threat and it tells me that there's

487

00:21:21,150 --> 00:21:19,570

greater technology beyond this earth

488

00:21:23,790 --> 00:21:21,160

that could destroy it

489

00:21:26,280 --> 00:21:23,800

that hasn't destroyed us hundreds of

490

00:21:28,470 --> 00:21:26,290

thousands of years I think people are a

491

00:21:31,650 --> 00:21:28,480

lot more comfortable with it people do

492

00:21:34,170 --> 00:21:31,660

believe in it and this footage and all

493

00:21:38,580 --> 00:21:34,180

the other footage that there is of this

494

00:21:40,860 --> 00:21:38,590

event it's open of people's eyes and and

495

00:21:43,140 --> 00:21:40,870

its really made in some clarified as far

496

00:21:46,020 --> 00:21:43,150

as UFOs being real and being state I

497

00:21:48,150 --> 00:21:46,030

think it's a great thing it makes people

498

00:21:51,570 --> 00:21:48,160

wonder make people think of their

499

00:21:53,790 --> 00:21:51,580

existence it's pretty it's pretty cool I

500

00:21:56,340 --> 00:21:53,800

think it's a good thing and I think the

501
00:21:58,200 --> 00:21:56,350
government scared and that they know

502
00:22:00,720 --> 00:21:58,210
that people are comfortable with it you

503
00:22:02,820 --> 00:22:00,730
know what I mean they people are people

504
00:22:05,820 --> 00:22:02,830
are very comfortable with people hosts

505
00:22:07,530 --> 00:22:05,830
and people are absorbing it you think

506
00:22:10,530 --> 00:22:07,540
they're having to respond with how

507
00:22:13,380 --> 00:22:10,540
comfortable people are becoming correct

508
00:22:16,980 --> 00:22:13,390
yes you have to remember the Internet is

509
00:22:18,930 --> 00:22:16,990
is the government sphere but everybody

510
00:22:21,480 --> 00:22:18,940
is getting all this information out able

511
00:22:24,230 --> 00:22:21,490
to communicate and talk resume that have

512
00:22:26,910 --> 00:22:24,240
been in that it was all newspapers

513
00:22:29,730 --> 00:22:26,920

propaganda where the internet you have

514

00:22:32,880 --> 00:22:29,740

access to anybody you want so the

515

00:22:35,550 --> 00:22:32,890

Internet has democracy's truth in a way

516

00:22:37,480 --> 00:22:35,560

and that is a great fear of our

517

00:22:42,259 --> 00:22:37,490

government

518

00:22:45,190 --> 00:22:42,269

yes you know people see this stuff no

519

00:22:47,659 --> 00:22:45,200

question life you know no question

520

00:22:49,519 --> 00:22:47,669

everything that they know I mean that's

521

00:22:51,019 --> 00:22:49,529

my opinion I think people are ready for

522

00:22:55,070 --> 00:22:51,029

it and be like oh yeah we need that okay

523

00:22:58,070 --> 00:22:55,080

no big deal what else we got that day

524

00:23:01,180 --> 00:22:58,080

changed my whole perspective on life

525

00:23:04,720 --> 00:23:01,190

they blew my mind I knew there was more

526

00:23:08,509 --> 00:23:04,730

in this world and universe than anything

527

00:23:14,169 --> 00:23:08,519

imaginable so that's you know it opened
