

2004 NIMITZ TIC TAC UFO EVENT SERIES

**PART
TWO**

PRESENTED BY
JEREMY KENYON LOCKYER CORBELL

1
00:00:09,450 --> 00:00:06,690
my name is Jeremy Korbel I seek to

2
00:00:12,110 --> 00:00:09,460
weaponize your curiosity and if you're

3
00:00:15,270 --> 00:00:12,120
ready to suspend your own prejudice

4
00:00:25,440 --> 00:00:15,280
welcome to the world of extraordinary

5
00:00:27,690 --> 00:00:25,450
beliefs material that has been pulled

6
00:00:30,750 --> 00:00:27,700
out of a man's leg that should not exist

7
00:00:33,600 --> 00:00:30,760
this sample could not have been made on

8
00:00:36,510 --> 00:00:33,610
earth because the isotopic ratios I know

9
00:00:41,400 --> 00:00:36,520
there are alien craft here from another

10
00:00:43,200 --> 00:00:41,410
planet I was inside one who are we and

11
00:00:45,630 --> 00:00:43,210
where are we actually sitting within the

12
00:00:48,600 --> 00:00:45,640
architecture of our universe are we

13
00:01:04,560 --> 00:00:48,610

alone or is the answer simply stranger

14

00:01:07,770 --> 00:01:04,570

than we can think I was a guy in charge

15

00:01:10,260 --> 00:01:07,780

of over 300 people at twelve airplanes I

16

00:01:12,120 --> 00:01:10,270

do have first-hand account of something

17

00:01:15,749 --> 00:01:12,130

that I could not explain this thing's

18

00:01:18,179 --> 00:01:15,759

been over 100 broadcasts and over 300

19

00:01:20,129 --> 00:01:18,189

plus publication you know I guess if a

20

00:01:23,699 --> 00:01:20,139

flying saucer landed in the middle of

21

00:01:25,469 --> 00:01:23,709

the mall in DC and the news people saw

22

00:01:28,370 --> 00:01:25,479

it where it became a reality like you

23

00:01:31,139 --> 00:01:28,380

see a movie then it would instantly go

24

00:01:34,169 --> 00:01:31,149

but because that hasn't happened and you

25

00:01:37,529 --> 00:01:34,179

know I'm I don't see it happening then

26

00:01:39,300 --> 00:01:37,539

it takes time I have talked to people in

27

00:01:40,800 --> 00:01:39,310

the government about this there are

28

00:01:42,779 --> 00:01:40,810

people trying to figure out what are

29

00:01:44,999 --> 00:01:42,789

these things can we advance ourselves

30

00:01:46,859 --> 00:01:45,009

from the technologies let's stop looking

31

00:01:48,539 --> 00:01:46,869

at these things like they're freakish

32

00:01:51,120 --> 00:01:48,549

and let's try and learn from them and

33

00:01:52,709 --> 00:01:51,130

then possibly reverse engineer or

34

00:01:54,269 --> 00:01:52,719

develop technology to gives us that

35

00:01:55,300 --> 00:01:54,279

capability sure you're not going to

36

00:02:02,539 --> 00:01:55,310

believe

37

00:02:04,429 --> 00:02:02,549

again this is part 2 of my interview

38

00:02:06,800 --> 00:02:04,439

with commander David flavor if you

39

00:02:09,169 --> 00:02:06,810

haven't listened to part 1 go do that

40

00:02:11,600 --> 00:02:09,179

now you need to understand who commander

41

00:02:14,750 --> 00:02:11,610

flavor is and the nature and importance

42

00:02:16,940 --> 00:02:14,760

of his UFO encounter in this discussion

43

00:02:19,280 --> 00:02:16,950

we get into the details we talked about

44

00:02:21,860 --> 00:02:19,290

the different witness reports on the

45

00:02:24,559 --> 00:02:21,870

tic-tock UFO encounter and talked about

46

00:02:27,590 --> 00:02:24,569

the nature of observation and how it can

47

00:02:29,479 --> 00:02:27,600

be flawed this highlights the important

48

00:02:31,840 --> 00:02:29,489

role of a good investigator and how

49

00:02:35,240 --> 00:02:31,850

event witnesses can't be compared as

50

00:02:37,850 --> 00:02:35,250

apples to apples commander favor even

51
00:02:40,850 --> 00:02:37,860
relates a couple stories that provide

52
00:02:44,210 --> 00:02:40,860
deeper meaning into the feelings he has

53
00:02:46,940 --> 00:02:44,220
on why intelligent observation and study

54
00:02:49,340 --> 00:02:46,950
in the UFO topic is important Dave's

55
00:02:51,259 --> 00:02:49,350
quite candid in this interview his hope

56
00:02:54,410 --> 00:02:51,269
is that you understand the importance of

57
00:02:56,870 --> 00:02:54,420
serious UFO encounters being seriously

58
00:02:59,210 --> 00:02:56,880
investigated that there's so much to

59
00:03:02,210 --> 00:02:59,220
gain but also so much to lose if we

60
00:03:05,720 --> 00:03:02,220
don't openly investigate observe UFO

61
00:03:10,390 --> 00:03:05,730
technologies that he's hopeful due to

62
00:03:16,869 --> 00:03:16,000
I wanted to continue the interview so

63
00:03:18,759 --> 00:03:16,879

it's on the record

64

00:03:20,410 --> 00:03:18,769

I think some things should be cleared up

65

00:03:21,280 --> 00:03:20,420

what you have to say is important

66

00:03:23,110 --> 00:03:21,290

especially when it starts getting

67

00:03:24,699 --> 00:03:23,120

distorted so I want to ask you a few

68

00:03:26,860 --> 00:03:24,709

questions and I want to see if you can

69

00:03:29,380 --> 00:03:26,870

put these things to bed that pilot

70

00:03:32,020 --> 00:03:29,390

report that's touted out there as being

71

00:03:33,460 --> 00:03:32,030

legitimate they're quoting somebody that

72

00:03:35,050 --> 00:03:33,470

they're calling source and everybody

73

00:03:38,259 --> 00:03:35,060

else is called other knowledgeable one

74

00:03:42,039 --> 00:03:38,269

other knowledgeable - okay one okay - in

75

00:03:43,809 --> 00:03:42,049

that document whoever source is which

76

00:03:46,390 --> 00:03:43,819

I've figured out who it is and it's

77

00:03:49,240 --> 00:03:46,400

obviously not you you're okay - in that

78

00:03:50,860 --> 00:03:49,250

document source is saying that the radio

79

00:03:53,339 --> 00:03:50,870

controller was a female and you

80

00:03:57,729 --> 00:03:53,349

clarified that for me on our last talk

81

00:03:59,830 --> 00:03:57,739

and the 13 page report that came out the

82

00:04:02,470 --> 00:03:59,840

controller's name is poison and that's a

83

00:04:05,199 --> 00:04:02,480

man name so I believe that to be correct

84

00:04:07,179 --> 00:04:05,209

in the 13 page report compared to the

85

00:04:09,610 --> 00:04:07,189

one on TTS a but you gotta remember that

86

00:04:10,929 --> 00:04:09,620

the one on TTS a you know what it's

87

00:04:14,860 --> 00:04:10,939

years after the fact

88

00:04:16,390 --> 00:04:14,870

- the person is experiencing significant

89

00:04:18,009 --> 00:04:16,400

ly lower they were relatively new

90

00:04:19,750 --> 00:04:18,019

there's a lot that goes into that

91

00:04:22,570 --> 00:04:19,760

don't create everyone in the scenarios

92

00:04:26,040 --> 00:04:22,580

as apples and apples I mean there is

93

00:04:28,300 --> 00:04:26,050

anywhere from brand-new on the ship to

94

00:04:30,550 --> 00:04:28,310

someone like myself we've been out there

95

00:04:33,159 --> 00:04:30,560

for 16 years and it's my fifth

96

00:04:35,529 --> 00:04:33,169

deployment it's not apples to apples you

97

00:04:37,120 --> 00:04:35,539

are the commander of your squadron it's

98

00:04:39,339 --> 00:04:37,130

not just that I was just fortunate

99

00:04:41,710 --> 00:04:39,349

enough to never I never left the cockpit

100

00:04:43,659 --> 00:04:41,720

so I was either deployed or I was

101
00:04:45,490 --> 00:04:43,669
teaching so I didn't go do a short tour

102
00:04:48,250 --> 00:04:45,500
I wasn't in a jet for three years or

103
00:04:51,659 --> 00:04:48,260
whatever I was current from the day I

104
00:04:54,189 --> 00:04:51,669
started flight school until I retired

105
00:04:56,050 --> 00:04:54,199
which is really you can't even do it

106
00:04:56,700 --> 00:04:56,060
anymore you're not even allowed to put

107
00:05:00,189 --> 00:04:56,710
anymore

108
00:05:02,050 --> 00:05:00,199
Aviation is a very perishable skill when

109
00:05:04,420 --> 00:05:02,060
I say that I mean recalls a perishable

110
00:05:05,680 --> 00:05:04,430
skill understanding you know when you're

111
00:05:07,570 --> 00:05:05,690
out over the water and you don't have

112
00:05:09,969 --> 00:05:07,580
visual references which northwood self

113
00:05:11,350 --> 00:05:09,979

what seas what's with and the ability to

114

00:05:12,969 --> 00:05:11,360

pull all that back

115

00:05:14,740 --> 00:05:12,979

you don't just get it yet tomorrow you

116

00:05:16,360 --> 00:05:14,750

can't read a book and get it it's

117

00:05:18,730 --> 00:05:16,370

literally a repetitive practice

118

00:05:20,890 --> 00:05:18,740

constantly doing it that's very

119

00:05:23,950 --> 00:05:20,900

important when we start talking about

120

00:05:26,830 --> 00:05:23,960

this in the TTS a website dock

121

00:05:28,960 --> 00:05:26,840

the pilot report source is the other

122

00:05:30,730 --> 00:05:28,970

person who's flying the plane

123

00:05:33,070 --> 00:05:30,740

you both have WSO's but it's the other

124

00:05:34,029 --> 00:05:33,080

person flying the plane when there's two

125

00:05:37,180 --> 00:05:34,039

planes to go

126
00:05:39,460 --> 00:05:37,190
engage the tic-tac so that person named

127
00:05:42,010 --> 00:05:39,470
source was the other pilot that day and

128
00:05:45,580 --> 00:05:42,020
that pilot you're saying didn't have as

129
00:05:49,270 --> 00:05:45,590
much experience as say yourself I'm not

130
00:05:50,860 --> 00:05:49,280
even close that person you know it was

131
00:05:53,589 --> 00:05:50,870
literally in opposite ends of the

132
00:05:56,050 --> 00:05:53,599
spectrum as far as experience the other

133
00:05:58,839 --> 00:05:56,060
pilot knows that they talk to them quite

134
00:06:00,850 --> 00:05:58,849
often the other thing that was in that

135
00:06:03,219 --> 00:06:00,860
document and it's something that you and

136
00:06:04,870 --> 00:06:03,229
I talked about before that document was

137
00:06:07,810 --> 00:06:04,880
released before the New York Times

138
00:06:10,659 --> 00:06:07,820

before anything and he told me a story

139

00:06:13,120 --> 00:06:10,669

and that story was that after you

140

00:06:14,920 --> 00:06:13,130

engaged the tic-tac you came back into

141

00:06:18,310 --> 00:06:14,930

the ready room the person were calling

142

00:06:22,960 --> 00:06:18,320

source started writing on printer paper

143

00:06:25,659 --> 00:06:22,970

and mailed a report to their aunt that

144

00:06:27,580 --> 00:06:25,669

said keep this because it's important

145

00:06:30,219 --> 00:06:27,590

stuff about some real x-files [h__\h] is

146

00:06:32,740 --> 00:06:30,229

that correct that is actually a true

147

00:06:35,379 --> 00:06:32,750

face the other part of that story that

148

00:06:38,110 --> 00:06:35,389

we had talked about it was sad that you

149

00:06:41,620 --> 00:06:38,120

made an electronic copy of the gun tape

150

00:06:43,439 --> 00:06:41,630

from your f-18 so when the other guys

151
00:06:46,689 --> 00:06:43,449
when they came back with the video I

152
00:06:49,120 --> 00:06:46,699
copied those tapes and I put them in the

153
00:06:51,610 --> 00:06:49,130
face where they ever ended up I do not I

154
00:06:54,659 --> 00:06:51,620
do not possess them they were they were

155
00:06:56,920 --> 00:06:54,669
actually in a safe or safekeeping

156
00:06:58,180 --> 00:06:56,930
probably they obviously thank someone

157
00:07:01,089 --> 00:06:58,190
found them because they weren't marked

158
00:07:03,850 --> 00:07:01,099
on it just had a PCL paper on it it said

159
00:07:06,999 --> 00:07:03,860
for CEO so whatever happened to them

160
00:07:09,370 --> 00:07:07,009
after that I don't know is that normal

161
00:07:11,110 --> 00:07:09,380
protocol to create copies of the tapes I

162
00:07:13,570 --> 00:07:11,120
mean it's not uncommon to copy things

163
00:07:15,490 --> 00:07:13,580

and as the CEO I I actually have that

164

00:07:17,560 --> 00:07:15,500

ability to go or copying this and we'll

165

00:07:19,950 --> 00:07:17,570

just keep it in the safe which is what

166

00:07:23,439 --> 00:07:19,960

happened it was all handled correctly

167

00:07:25,959 --> 00:07:23,449

but yeah hell yeah copy them the tapes

168

00:07:28,510 --> 00:07:25,969

are actually classified so you just

169

00:07:31,060 --> 00:07:28,520

can't pull video off which happened

170

00:07:32,709 --> 00:07:31,070

anyway which I mean obviously there's

171

00:07:35,550 --> 00:07:32,719

that's a whole other story

172

00:07:38,020 --> 00:07:35,560

that we're not going to get into

173

00:07:39,670 --> 00:07:38,030

could you can copy stuff and then you

174

00:07:40,930 --> 00:07:39,680

can declassify it by getting rid of a

175

00:07:42,600 --> 00:07:40,940

lot of the marketing it but it's kind of

176

00:07:44,950 --> 00:07:42,610

a moot point just it's already out there

177

00:07:46,960 --> 00:07:44,960

just to make the story real clear

178

00:07:49,810 --> 00:07:46,970

because it's it's confusing in that

179

00:07:51,820 --> 00:07:49,820

report on the TTS a website that the guy

180

00:07:53,560 --> 00:07:51,830

source said that you began making an

181

00:07:55,960 --> 00:07:53,570

electronic copy immediately after

182

00:07:58,030 --> 00:07:55,970

getting back of a gun tape of the f18 so

183

00:08:02,620 --> 00:07:58,040

it makes it sound like the only footage

184

00:08:05,470 --> 00:08:02,630

on video is the footage from the plane

185

00:08:07,780 --> 00:08:05,480

that you see on YouTube we don't take

186

00:08:09,850 --> 00:08:07,790

the HUD camera unless we're doing

187

00:08:12,600 --> 00:08:09,860

certain dishes there's nothing on ours

188

00:08:15,820 --> 00:08:12,610

conveyor lock feeding graphic targeting

189

00:08:19,300 --> 00:08:15,830

that is a true statement and that report

190

00:08:22,540 --> 00:08:19,310

on the TTS a website by source is

191

00:08:24,550 --> 00:08:22,550

incorrect yeah there are some known

192

00:08:26,790 --> 00:08:24,560

discrepancies that are out there you

193

00:08:30,370 --> 00:08:26,800

know and some of that is cuz it is

194

00:08:31,630 --> 00:08:30,380

significantly past the event go and if

195

00:08:33,250 --> 00:08:31,640

someone hits you cold and you're not

196

00:08:35,710 --> 00:08:33,260

thinking about it and then they start

197

00:08:37,030 --> 00:08:35,720

taking notes on what you're saying you

198

00:08:38,380 --> 00:08:37,040

know I guess the reason it's so clear

199

00:08:40,210 --> 00:08:38,390

for me is I always thought it was funny

200

00:08:43,360 --> 00:08:40,220

and like all my friends knew about this

201
00:08:45,490 --> 00:08:43,370
and the story hasn't changed there's

202
00:08:47,890 --> 00:08:45,500
nothing to change is what it is I'm not

203
00:08:50,650 --> 00:08:47,900
trying to elaborate or make it more

204
00:08:53,290 --> 00:08:50,660
interesting or the fish didn't get

205
00:08:56,430 --> 00:08:53,300
bigger I just wanted you know to clear

206
00:08:59,470 --> 00:08:56,440
all that up it'd be amazed that even

207
00:09:01,270 --> 00:08:59,480
people misconception on board of what

208
00:09:03,360 --> 00:09:01,280
people thought you know years after what

209
00:09:05,680 --> 00:09:03,370
you're told or will be relied to newer

210
00:09:08,460 --> 00:09:05,690
people people will put stuff in their

211
00:09:10,750 --> 00:09:08,470
mind and they'll believe that over time

212
00:09:12,640 --> 00:09:10,760
now I don't think most of the mistakes

213
00:09:15,010 --> 00:09:12,650

the discrepancies are intentional at all

214

00:09:18,490 --> 00:09:15,020

I just think it's you know how the mine

215

00:09:20,530 --> 00:09:18,500

for members and it is what it is there

216

00:09:24,040 --> 00:09:20,540

was a New York magazine article

217

00:09:26,050 --> 00:09:24,050

it was very unfavorable and it was also

218

00:09:28,690 --> 00:09:26,060

facing some of its article off of that

219

00:09:30,430 --> 00:09:28,700

tts a document where source is talking

220

00:09:32,290 --> 00:09:30,440

where there are inaccuracies we already

221

00:09:34,420 --> 00:09:32,300

know about in that article the writer

222

00:09:36,610 --> 00:09:34,430

said it seems that to the Stars is

223

00:09:39,820 --> 00:09:36,620

trying to shroud favors account in a

224

00:09:43,030 --> 00:09:39,830

spooky fog of faux top secrecy this is a

225

00:09:47,020 --> 00:09:43,040

dicey strategy giving framers prominence

226

00:09:48,790 --> 00:09:47,030

in online UFO circles they're assuming

227

00:09:50,380 --> 00:09:48,800

in that article that you were the

228

00:09:52,180 --> 00:09:50,390

and source that you were inexperienced

229

00:09:54,280 --> 00:09:52,190

now we know that's not true

230

00:09:57,190 --> 00:09:54,290

so the New York magazine article when it

231

00:10:00,400 --> 00:09:57,200

said given framers prominence in online

232

00:10:05,949 --> 00:10:00,410

UFO circles have you ever been involved

233

00:10:08,530 --> 00:10:05,959

with online UFO circles Dave I have not

234

00:10:11,019 --> 00:10:08,540

been involved in any you know it could

235

00:10:14,170 --> 00:10:11,029

be people talking about the other thing

236

00:10:17,500 --> 00:10:14,180

I want to throw is go to the starch is

237

00:10:19,420 --> 00:10:17,510

not trying to do anything like that

238

00:10:23,199 --> 00:10:19,430

they took some reports that they had

239

00:10:26,400 --> 00:10:23,209

gathered there are spin accuracies but

240

00:10:31,060 --> 00:10:26,410

they are accounts I was an aircraft

241

00:10:33,310 --> 00:10:31,070

mishap investigator so plane crash let

242

00:10:34,420 --> 00:10:33,320

strange do that and the first thing you

243

00:10:36,519 --> 00:10:34,430

learn it as soon as you get the

244

00:10:38,350 --> 00:10:36,529

eyewitness they give you their accounts

245

00:10:41,380 --> 00:10:38,360

now their account is not always throw

246

00:10:43,360 --> 00:10:41,390

accurate but it's their account what you

247

00:10:45,009 --> 00:10:43,370

need to do is you need to take all of

248

00:10:47,160 --> 00:10:45,019

them and then get the whole picture

249

00:10:50,829 --> 00:10:47,170

before you take one person's story

250

00:10:52,420 --> 00:10:50,839

because there's always an accuracies you

251
00:10:54,190 --> 00:10:52,430
know so someone would say I thought I

252
00:10:56,079 --> 00:10:54,200
heard a bang and then I looked up but

253
00:10:58,510 --> 00:10:56,089
what you really did it I know we didn't

254
00:11:00,819 --> 00:10:58,520
see it they heard a bang and then I seen

255
00:11:02,199 --> 00:11:00,829
you know they find crash where they saw

256
00:11:03,579 --> 00:11:02,209
it doing something and they thought it

257
00:11:05,110 --> 00:11:03,589
was out of control but it really was out

258
00:11:07,120 --> 00:11:05,120
of control the guy was just practicing

259
00:11:10,150 --> 00:11:07,130
spins but it was something else that

260
00:11:12,639 --> 00:11:10,160
caused the action he over G to pull out

261
00:11:14,530 --> 00:11:12,649
broke as far I'm just throwing these

262
00:11:17,019 --> 00:11:14,540
things out there there's a lot of things

263
00:11:20,290 --> 00:11:17,029

that happen you know the eye is not

264

00:11:22,449 --> 00:11:20,300

always 100% you know you could be

265

00:11:25,420 --> 00:11:22,459

deceived but you build the picture in

266

00:11:27,010 --> 00:11:25,430

your mind and after time the stories

267

00:11:29,199 --> 00:11:27,020

will start to change or you just forget

268

00:11:30,850 --> 00:11:29,209

some of the detail it's better than

269

00:11:33,150 --> 00:11:30,860

stolen just because it says source

270

00:11:35,769 --> 00:11:33,160

doesn't mean it's me because it's not I

271

00:11:37,210 --> 00:11:35,779

totally respect what Tom DeLonge and his

272

00:11:39,579 --> 00:11:37,220

group are doing he's put together an

273

00:11:41,710 --> 00:11:39,589

incredible group of people who as part

274

00:11:45,189 --> 00:11:41,720

of that Louis heard the stories news

275

00:11:46,930 --> 00:11:45,199

talk to everybody he knows what they it

276

00:11:49,569 --> 00:11:46,940

is what it is because it's a personality

277

00:11:51,880 --> 00:11:49,579

put up so I'm just trying to shine a

278

00:11:53,680 --> 00:11:51,890

light on that a prominent publication

279

00:11:55,509 --> 00:11:53,690

like New York magazine can have all

280

00:11:58,150 --> 00:11:55,519

their facts wrong and then make

281

00:12:00,790 --> 00:11:58,160

statements about you such as that you

282

00:12:02,450 --> 00:12:00,800

have a prominence in online UFO circles

283

00:12:04,220 --> 00:12:02,460

when I know for a fact I'm talking

284

00:12:05,720 --> 00:12:04,230

with you you're not involved in any of

285

00:12:07,520 --> 00:12:05,730

this you never have been involved in any

286

00:12:10,100 --> 00:12:07,530

of this and I think it's important to

287

00:12:12,530 --> 00:12:10,110

show that against a magazine like New

288

00:12:14,110 --> 00:12:12,540

York magazine that people respect where

289

00:12:17,900 --> 00:12:14,120

they get stuff completely wrong and

290

00:12:20,210 --> 00:12:17,910

insert absolutely fabricated statements

291

00:12:23,210 --> 00:12:20,220

such as the one I just read you this is

292

00:12:25,970 --> 00:12:23,220

a perfect example why the military we

293

00:12:27,680 --> 00:12:25,980

try and stay away from the press so you

294

00:12:29,840 --> 00:12:27,690

get the partial truce you get one side

295

00:12:31,700 --> 00:12:29,850

of the story instead of unbiased

296

00:12:33,920 --> 00:12:31,710

reporting even if you don't like what

297

00:12:36,410 --> 00:12:33,930

the report is report it you know the

298

00:12:38,600 --> 00:12:36,420

news used to be that way but it's not I

299

00:12:40,130 --> 00:12:38,610

told you at the beginning that if this

300

00:12:42,590 --> 00:12:40,140

goes big people are gonna try to distort

301
00:12:45,350 --> 00:12:42,600
it and now we're seeing it physicist

302
00:12:48,200 --> 00:12:45,360
Eric Davis who is physicist for OSAP and

303
00:12:50,570 --> 00:12:48,210
bass he came on coast-to-coast and Eric

304
00:12:52,730 --> 00:12:50,580
said there was testimony being given to

305
00:12:55,430 --> 00:12:52,740
government individuals to try to

306
00:13:00,440 --> 00:12:55,440
reinvigorate the funding for programs

307
00:13:02,900 --> 00:13:00,450
such as a tip AUSA ass are you hopeful

308
00:13:06,680 --> 00:13:02,910
for that process that we're gonna begin

309
00:13:09,860 --> 00:13:06,690
studying this again yes yeah actually

310
00:13:12,530 --> 00:13:09,870
him you know I guess if a flying saucer

311
00:13:14,990 --> 00:13:12,540
landed in the middle of the mall in DC

312
00:13:16,940 --> 00:13:15,000
and the news people saw it where it

313
00:13:20,120 --> 00:13:16,950

became a reality like you'd see a movie

314

00:13:21,890 --> 00:13:20,130

then it would instantly go away but

315

00:13:23,980 --> 00:13:21,900

because that hasn't happened and you

316

00:13:28,520 --> 00:13:23,990

know I I don't see it happening

317

00:13:31,340 --> 00:13:28,530

then it takes try physicist Eric Davis

318

00:13:33,260 --> 00:13:31,350

he worked for all sap and bass looking

319

00:13:36,260 --> 00:13:33,270

at all of this stuff he said there were

320

00:13:38,690 --> 00:13:36,270

actually hundreds of tic-tac incidents

321

00:13:40,220 --> 00:13:38,700

East Coast West Coast but also other

322

00:13:43,010 --> 00:13:40,230

places in the world where he said there

323

00:13:45,050 --> 00:13:43,020

were tic-tac style events so my question

324

00:13:48,500 --> 00:13:45,060

to you is are you aware of other pilots

325

00:13:50,690 --> 00:13:48,510

who have engaged tic-tac style craft a

326

00:13:52,970 --> 00:13:50,700

AVS and almost aerospace vehicles or

327

00:13:54,890 --> 00:13:52,980

UFOs are you aware that this is not an

328

00:13:56,480 --> 00:13:54,900

isolated event that there are other

329

00:14:01,040 --> 00:13:56,490

tic-tac events that the united states

330

00:14:03,230 --> 00:14:01,050

government was aware of actually the

331

00:14:04,730 --> 00:14:03,240

tic-tac I mean you can see in one of the

332

00:14:07,280 --> 00:14:04,740

videos that was released and obviously

333

00:14:10,040 --> 00:14:07,290

not exact the gimbal you're talking

334

00:14:12,460 --> 00:14:10,050

about yes the gimbal video you know so I

335

00:14:15,769 --> 00:14:12,470

don't know I think what's unique about

336

00:14:19,100 --> 00:14:15,779

Munson in 2000 or our instant

337

00:14:22,249 --> 00:14:19,110

Orlov isn't Italy physically when after

338

00:14:26,509 --> 00:14:22,259

I I went after the thing and it was

339

00:14:30,290 --> 00:14:26,519

reacting with me based on that but I

340

00:14:33,049 --> 00:14:30,300

know when I talked to you so he said

341

00:14:34,850 --> 00:14:33,059

that was the most unique thing you know

342

00:14:36,499 --> 00:14:34,860

they have other sightings they have

343

00:14:39,319 --> 00:14:36,509

other sensors that are tracking these

344

00:14:42,139 --> 00:14:39,329

things no one else has really chased or

345

00:14:45,019 --> 00:14:42,149

engaged with it like me that I know I

346

00:14:47,780 --> 00:14:45,029

mean I have a very limited scope in the

347

00:14:50,329 --> 00:14:47,790

big picture unlike some I don't consider

348

00:14:52,280 --> 00:14:50,339

myself to be an expert although I do

349

00:14:55,280 --> 00:14:52,290

have first-hand account of something

350

00:14:56,389 --> 00:14:55,290

that I could not explain after thousands

351

00:14:59,480 --> 00:14:56,399
and thousands of hours of flying

352

00:15:01,670 --> 00:14:59,490
fighters you did tell me somebody that

353

00:15:04,759 --> 00:15:01,680
you spoke with it was a helicopter pilot

354

00:15:07,150 --> 00:15:04,769
and there was an event that happened in

355

00:15:10,249 --> 00:15:07,160
the night they were picking up pqs

356

00:15:12,319 --> 00:15:10,259
because I was a flying drone used for

357

00:15:13,879 --> 00:15:12,329
training can you tell me that story I

358

00:15:16,699 --> 00:15:13,889
think that's important because it

359

00:15:19,759 --> 00:15:16,709
relates to this phenomenon he was

360

00:15:23,059 --> 00:15:19,769
picking up um torpedoes when a test from

361

00:15:26,360 --> 00:15:23,069
the be here meter asteroid at the flying

362

00:15:27,889 --> 00:15:26,370
drone they're painted bright orange ship

363

00:15:29,809 --> 00:15:27,899

radar track they can do all kinds of

364

00:15:31,280 --> 00:15:29,819

training when they're done a parachute

365

00:15:33,189 --> 00:15:31,290

deploys and lands in the water they

366

00:15:35,420 --> 00:15:33,199

float and then he gotta go pick him up

367

00:15:36,860 --> 00:15:35,430

same thing with the torpedo it's a

368

00:15:38,990 --> 00:15:36,870

kilometer around they'll shoot it I

369

00:15:42,019 --> 00:15:39,000

thought that it blows ballast that it

370

00:15:44,990 --> 00:15:42,029

floats has a locator and you go fight he

371

00:15:46,670 --> 00:15:45,000

had went out he was a Puerto Rico he saw

372

00:15:49,910 --> 00:15:46,680

this object coming up when they were

373

00:15:52,939 --> 00:15:49,920

picking one up came up from blood oh it

374

00:15:53,840 --> 00:15:52,949

was big so they were doing it again they

375

00:15:55,040 --> 00:15:53,850

were going to pick someone they're

376

00:15:58,429 --> 00:15:55,050

getting ready to put the diver in the

377

00:16:00,559 --> 00:15:58,439

water he was on lift going down and then

378

00:16:02,540 --> 00:16:00,569

right after that the thing was coming up

379

00:16:04,639 --> 00:16:02,550

again so they pulled the diver up but

380

00:16:06,590 --> 00:16:04,649

procureur the pqm is sitting there and

381

00:16:10,449 --> 00:16:06,600

it just could shut down and the object

382

00:16:13,639 --> 00:16:10,459

goes not a disappears so there was a USO

383

00:16:16,249 --> 00:16:13,649

unidentified submerged object that was

384

00:16:18,679 --> 00:16:16,259

bigger than a submarine when they were

385

00:16:22,069 --> 00:16:18,689

trying to retrieve this thing hold it

386

00:16:24,410 --> 00:16:22,079

under the water and took it it just it

387

00:16:26,540 --> 00:16:24,420

sucked out you know things just don't

388

00:16:27,949 --> 00:16:26,550

think rapidly either just get and

389

00:16:29,700 --> 00:16:27,959

they're not you know these things blow

390

00:16:34,260 --> 00:16:29,710

ballots so they don't just don't

391

00:16:37,110 --> 00:16:34,270

a flow so something something hold it

392

00:16:38,460 --> 00:16:37,120

down okay so to be clear we're talking

393

00:16:39,990 --> 00:16:38,470

about a buddy of yours who is a

394

00:16:43,200 --> 00:16:40,000

helicopter pilot who relate a story

395

00:16:45,240 --> 00:16:43,210

about how a USO to book this object down

396

00:16:46,670 --> 00:16:45,250

under the water that's made to float not

397

00:16:48,170 --> 00:16:46,680

to be retrieved again is that correct

398

00:16:52,890 --> 00:16:48,180

that's correct

399

00:16:54,510 --> 00:16:52,900

it happened to him twice twice yeah the

400

00:16:57,540 --> 00:16:54,520

first time when he saw it they got their

401
00:16:59,040 --> 00:16:57,550
drone up and the second time was when he

402
00:17:00,870 --> 00:16:59,050
pulls a diver out of the water and the

403
00:17:02,880 --> 00:17:00,880
thing just got sucked down a disappeared

404
00:17:05,760 --> 00:17:02,890
different locations different drones

405
00:17:08,100 --> 00:17:05,770
different days same location different

406
00:17:09,690 --> 00:17:08,110
drones different days I mean that shows

407
00:17:12,090 --> 00:17:09,700
us that there's just a lot going on

408
00:17:13,980 --> 00:17:12,100
that's just not talked about you report

409
00:17:16,290 --> 00:17:13,990
stuff and people do anything and there

410
00:17:18,300 --> 00:17:16,300
comes out there's tons of stuff out

411
00:17:19,740 --> 00:17:18,310
there I would say there's a very low

412
00:17:21,810 --> 00:17:19,750
percentage of stuff that actually makes

413
00:17:23,610 --> 00:17:21,820

it do an official investigation or where

414

00:17:25,800 --> 00:17:23,620

anyone knows about it it's as you said

415

00:17:27,750 --> 00:17:25,810

to me the other day when you report

416

00:17:30,030 --> 00:17:27,760

something like this it could be a career

417

00:17:32,790 --> 00:17:30,040

killer so there's an aspect of it where

418

00:17:35,070 --> 00:17:32,800

you don't want to report it yes Anand I

419

00:17:37,530 --> 00:17:35,080

don't had any negative effects

420

00:17:40,320 --> 00:17:37,540

career-wise then again you never know

421

00:17:41,550 --> 00:17:40,330

because I retired so I mean I guess I

422

00:17:43,800 --> 00:17:41,560

didn't stick around long enough to have

423

00:17:45,480 --> 00:17:43,810

him say I was nuts but like all my

424

00:17:46,860 --> 00:17:45,490

friends you've known this for years they

425

00:17:47,190 --> 00:17:46,870

don't they don't look at me like I'm

426

00:17:48,330 --> 00:17:47,200

nuts

427

00:17:51,960 --> 00:17:48,340

they don't think they look at me like

428

00:17:53,970 --> 00:17:51,970

I'm not you are describing from a

429

00:17:56,220 --> 00:17:53,980

trained professional observers position

430

00:17:58,440 --> 00:17:56,230

exactly what happened and I think people

431

00:18:00,090 --> 00:17:58,450

are appreciative of that one more thing

432

00:18:02,400 --> 00:18:00,100

that people have been saying who are

433

00:18:04,470 --> 00:18:02,410

part of what was going on those days as

434

00:18:07,040 --> 00:18:04,480

far as I grade our operators they a

435

00:18:10,740 --> 00:18:07,050

number of them say that there were

436

00:18:12,840 --> 00:18:10,750

non-uniformed individuals who came on to

437

00:18:15,180 --> 00:18:12,850

the boat maybe it was the next day maybe

438

00:18:17,730 --> 00:18:15,190

it was the same day and tried to get the

439

00:18:20,240 --> 00:18:17,740

tapes and that the tapes were not given

440

00:18:24,600 --> 00:18:20,250

to them do you know anything about this

441

00:18:26,850 --> 00:18:24,610

that's total [h__h] so let me ask you

442

00:18:30,000 --> 00:18:26,860

this do you really think guys are going

443

00:18:33,770 --> 00:18:30,010

to come on board the USS Nimitz

444

00:18:36,600 --> 00:18:33,780

and try and get those tapes that I had

445

00:18:39,660 --> 00:18:36,610

and I'm the squadron CEO so what are the

446

00:18:41,190 --> 00:18:39,670

senior people on that boat and they're

447

00:18:43,250 --> 00:18:41,200

only going to go to petty officer Jones

448

00:18:44,990 --> 00:18:43,260

and ask him for those tapes

449

00:18:47,810 --> 00:18:45,000

people are actually gonna bite off on

450

00:18:49,760 --> 00:18:47,820

that you know I'll raise the flag owing

451
00:18:51,050 --> 00:18:49,770
that's probably not happening first of

452
00:18:52,820 --> 00:18:51,060
any ones coming up in the ship the

453
00:18:54,290 --> 00:18:52,830
captain's going to be informed and I

454
00:18:56,570 --> 00:18:54,300
know both the captains that were on

455
00:18:58,520 --> 00:18:56,580
there when I was on board so I'm

456
00:19:00,350 --> 00:18:58,530
counting that happen and I was really

457
00:19:03,050 --> 00:19:00,360
good friends well not without Admiral

458
00:19:05,780 --> 00:19:03,060
but the next Admiral who was on there so

459
00:19:07,220 --> 00:19:05,790
I would argue the fact I don't think

460
00:19:09,980 --> 00:19:07,230
anyone came up and no one ever came to

461
00:19:11,750 --> 00:19:09,990
me and asked for those tapes there was a

462
00:19:13,730 --> 00:19:11,760
joke that there was people coming out

463
00:19:16,040 --> 00:19:13,740

and when I figured out that they were

464

00:19:17,870 --> 00:19:16,050

doing this thought it was cute I went

465

00:19:20,360 --> 00:19:17,880

and got my tapes back and had a nice

466

00:19:22,370 --> 00:19:20,370

one-way conversation with them but you

467

00:19:23,810 --> 00:19:22,380

know this is this is exactly how rumors

468

00:19:25,790 --> 00:19:23,820

started this is the whole thing when

469

00:19:29,360 --> 00:19:25,800

Helene wrote the New York Times article

470

00:19:31,130 --> 00:19:29,370

that covered my piece I told her do not

471

00:19:32,990 --> 00:19:31,140

mess up the facts because I'm tired of

472

00:19:35,420 --> 00:19:33,000

reading stuff that's messed up as a

473

00:19:37,730 --> 00:19:35,430

matter of fact I told Chris sent you two

474

00:19:40,310 --> 00:19:37,740

stars when when I first saw the press

475

00:19:42,320 --> 00:19:40,320

release and I watched it you sent me the

476

00:19:44,210 --> 00:19:42,330

list and the dad was wrong and when I

477

00:19:45,350 --> 00:19:44,220

talked to them I said look if we're

478

00:19:47,660 --> 00:19:45,360

going to do this we're going to do it

479

00:19:49,850 --> 00:19:47,670

right but there are some significant

480

00:19:50,390 --> 00:19:49,860

issues with what you said that is not

481

00:19:52,610 --> 00:19:50,400

true

482

00:19:54,200 --> 00:19:52,620

if we're going to tell a story I want

483

00:19:55,880 --> 00:19:54,210

the story to come out the exact same way

484

00:19:59,420 --> 00:19:55,890

it's been told for the last fourteen

485

00:20:02,540 --> 00:19:59,430

years because here's what problem if you

486

00:20:04,490 --> 00:20:02,550

get conflicting facts and people go well

487

00:20:06,940 --> 00:20:04,500

maybe there's some there's some untruths

488

00:20:09,800 --> 00:20:06,950

and they're trying to pull our leg

489

00:20:12,560 --> 00:20:09,810

they're making stuff up no we're not

490

00:20:14,390 --> 00:20:12,570

making stuff up this is the story and if

491

00:20:16,130 --> 00:20:14,400

we sit down and tell it everyone will

492

00:20:18,590 --> 00:20:16,140

agree that yep that's pretty much what

493

00:20:20,530 --> 00:20:18,600

happens you know but because someone

494

00:20:23,090 --> 00:20:20,540

made a mistake it's not necessarily that

495

00:20:24,710 --> 00:20:23,100

it's just a mistake thank you for

496

00:20:26,120 --> 00:20:24,720

clarifying that because a lot of people

497

00:20:27,560 --> 00:20:26,130

are running with that story but it

498

00:20:29,810 --> 00:20:27,570

sounds like it was a story that was

499

00:20:31,460 --> 00:20:29,820

created as a joke on the ship so all of

500

00:20:33,050 --> 00:20:31,470

a sudden there's suited dudes coming in

501
00:20:35,210 --> 00:20:33,060
trying to get the footage and being

502
00:20:36,950 --> 00:20:35,220
denied so you actually took your tapes

503
00:20:39,310 --> 00:20:36,960
back had a one-way conversation with

504
00:20:41,390 --> 00:20:39,320
somebody who was starting that rumor

505
00:20:43,670 --> 00:20:41,400
well they thought they would play a

506
00:20:45,710 --> 00:20:43,680
little joke by that time this is about

507
00:20:48,620 --> 00:20:45,720
day two I was about done with the jokes

508
00:20:50,210 --> 00:20:48,630
so what was the joke well it was the

509
00:20:52,370 --> 00:20:50,220
joke of though someone's coming out this

510
00:20:54,290 --> 00:20:52,380
is being investigated so I went and got

511
00:20:56,630 --> 00:20:54,300
my tapes down in the intelligence center

512
00:20:58,610 --> 00:20:56,640
we actually I told the kid

513
00:21:00,259 --> 00:20:58,620

here's our defense for me in about two

514

00:21:01,610 --> 00:21:00,269

minutes or I'm gonna have my way in here

515

00:21:03,049 --> 00:21:01,620

and I'm gonna find them myself

516

00:21:05,690 --> 00:21:03,059

which means pulling drawers out of [h__h]

517

00:21:07,639 --> 00:21:05,700

growing it he got him for me really fast

518

00:21:10,070 --> 00:21:07,649

told him I said if your boss has an

519

00:21:12,769 --> 00:21:10,080

issue he can come in truck no one ever

520

00:21:14,930 --> 00:21:12,779

came and talked to me it was never a big

521

00:21:17,090 --> 00:21:14,940

deal took him back to my ready room put

522

00:21:19,340 --> 00:21:17,100

him in the same they just thought it was

523

00:21:21,200 --> 00:21:19,350

funny I didn't have a sense of humor for

524

00:21:23,180 --> 00:21:21,210

it at that point I think you put that

525

00:21:25,310 --> 00:21:23,190

rumor to bed the idea that there were

526

00:21:27,139 --> 00:21:25,320

people that were coming on the ship from

527

00:21:29,389 --> 00:21:27,149

an intelligence agency trying to

528

00:21:31,610 --> 00:21:29,399

confiscate the tapes however it's kind

529

00:21:34,039 --> 00:21:31,620

of sad there wasn't an investigation at

530

00:21:36,350 --> 00:21:34,049

that time it took until 2009 for there

531

00:21:39,590 --> 00:21:36,360

to be an intelligence investigation the

532

00:21:42,440 --> 00:21:39,600

other information I got Rear Admiral DC

533

00:21:44,450 --> 00:21:42,450

Curtis at the time he really shelved the

534

00:21:46,490 --> 00:21:44,460

whole story that he could have passed it

535

00:21:49,070 --> 00:21:46,500

up command and he wanted to go on

536

00:21:50,990 --> 00:21:49,080

deployment and he didn't handle it the

537

00:21:53,029 --> 00:21:51,000

way other people would handle it or well

538

00:21:54,860 --> 00:21:53,039

I will say that it could have been

539

00:21:57,470 --> 00:21:54,870

handled better you know I'm not gonna

540

00:21:59,379 --> 00:21:57,480

speak for her animal Curtis I don't

541

00:22:01,310 --> 00:21:59,389

really understand how he stymied the

542

00:22:03,769 --> 00:22:01,320

investigation like people have said to

543

00:22:05,649 --> 00:22:03,779

me I don't understand that and I mean he

544

00:22:08,180 --> 00:22:05,659

just didn't [h__\h] do anything it I

545

00:22:10,549 --> 00:22:08,190

mean I'll tell you so I salute

546

00:22:12,139 --> 00:22:10,559

night-vision goggles okay you know

547

00:22:13,909 --> 00:22:12,149

you're a pilot you got to grow up but

548

00:22:15,169 --> 00:22:13,919

you don't have to grow up sometimes we

549

00:22:18,730 --> 00:22:15,179

can be a little bit childish because

550

00:22:21,470 --> 00:22:18,740

you're 34 years old and you're flying

551
00:22:23,649 --> 00:22:21,480
supercool jet so even if you're 25 when

552
00:22:26,960 --> 00:22:23,659
I started applying the real test

553
00:22:29,269 --> 00:22:26,970
it's just fun and it's cool and it's a

554
00:22:32,419 --> 00:22:29,279
great job so we would pull around I had

555
00:22:36,110 --> 00:22:32,429
an I had a mvg no qualms so we would fly

556
00:22:38,570 --> 00:22:36,120
around at 200 feet at night with no

557
00:22:41,419 --> 00:22:38,580
license because we'd be in the morning

558
00:22:43,039 --> 00:22:41,429
here's where we're allowed to do that so

559
00:22:46,340 --> 00:22:43,049
we can technically fly around with the

560
00:22:48,860 --> 00:22:46,350
lights on so we would and we see you can

561
00:22:50,389 --> 00:22:48,870
see campfires you know because people

562
00:22:52,580 --> 00:22:50,399
are below us camping you can see

563
00:22:54,649 --> 00:22:52,590

campfires from way away because the

564

00:22:57,379 --> 00:22:54,659

goggles will pick up that light from way

565

00:22:59,629 --> 00:22:57,389

way tomorrow so we even get going really

566

00:23:01,430 --> 00:22:59,639

fast and then we pull the power back to

567

00:23:03,830 --> 00:23:01,440

idle so we go zing over the top of these

568

00:23:05,990 --> 00:23:03,840

campfires and then you just like

569

00:23:07,250 --> 00:23:06,000

afterburners and pull up and you leave

570

00:23:09,560 --> 00:23:07,260

them on for a minute and then turn them

571

00:23:10,190 --> 00:23:09,570

off so think about you're sitting on the

572

00:23:12,950 --> 00:23:10,200

ground

573

00:23:16,820 --> 00:23:12,960

got a nice campfire it's a pretty starry

574

00:23:19,220 --> 00:23:16,830

night and you don't hear anything then

575

00:23:21,919 --> 00:23:19,230

all of a sudden there's a lot of war

576

00:23:24,979 --> 00:23:21,929

there's fire above your eyes you're like

577

00:23:27,849 --> 00:23:24,989

oh my god and then the fire goes out and

578

00:23:30,590 --> 00:23:27,859

there's nothing there what is that

579

00:23:35,539 --> 00:23:30,600

that's some Top Gun [h__\h] Dave that's

580

00:23:37,190 --> 00:23:35,549

hilarious so when you do that you know

581

00:23:38,149 --> 00:23:37,200

we always think either crazy well maybe

582

00:23:40,430 --> 00:23:38,159

they're not crazy

583

00:23:42,200 --> 00:23:40,440

and can you explain it now if there was

584

00:23:44,899 --> 00:23:42,210

a real investigation you would come and

585

00:23:46,669 --> 00:23:44,909

say well the Jets were flying in this

586

00:23:48,009 --> 00:23:46,679

area they were doing low training they

587

00:23:50,389 --> 00:23:48,019

don't we don't do low training right now

588

00:23:52,099 --> 00:23:50,399

at least they weren't I don't know if

589

00:23:53,659 --> 00:23:52,109

they're doing it now or not because

590

00:23:55,789 --> 00:23:53,669

there's a huge safety factor to it

591

00:23:57,799 --> 00:23:55,799

flying into the ground is normally not

592

00:23:59,389 --> 00:23:57,809

good for your health but if you've

593

00:24:00,979 --> 00:23:59,399

investigated and it was all we were

594

00:24:02,840 --> 00:24:00,989

doing everything right which we were

595

00:24:04,609 --> 00:24:02,850

they could track and say well that was

596

00:24:07,029 --> 00:24:04,619

an airplane in that area doing low

597

00:24:09,739 --> 00:24:07,039

trainer he was just messing with you

598

00:24:10,849 --> 00:24:09,749

what if people never report it then

599

00:24:12,259 --> 00:24:10,859

they're gonna think for the rest of

600

00:24:15,919 --> 00:24:12,269

their life they saw something you can't

601
00:24:17,239 --> 00:24:15,929
explain and if you're not an aviation

602
00:24:18,529 --> 00:24:17,249
person you don't think the Jets are

603
00:24:20,960 --> 00:24:18,539
flying around because you're normally

604
00:24:23,180 --> 00:24:20,970
not quiet but if you pull up jet idling

605
00:24:24,680 --> 00:24:23,190
you've got a bunch of speed on it it'll

606
00:24:27,499 --> 00:24:24,690
go for quite a while before it really

607
00:24:28,700 --> 00:24:27,509
goes to slow you just turn the burners

608
00:24:30,139 --> 00:24:28,710
on and do whatever you want and then

609
00:24:31,999 --> 00:24:30,149
turn them off and you still got a bunch

610
00:24:34,609 --> 00:24:32,009
of not you're good until you're out of

611
00:24:36,950 --> 00:24:34,619
the area and then you just bring the

612
00:24:38,899 --> 00:24:36,960
motors back up and slightly so your

613
00:24:42,049 --> 00:24:38,909

point is that when you're a trained

614

00:24:44,749 --> 00:24:42,059

observer like you are you had a job at

615

00:24:47,269 --> 00:24:44,759

one time which made you investigate

616

00:24:49,190 --> 00:24:47,279

things like crashes so when you're a

617

00:24:50,779 --> 00:24:49,200

trained observer you'd get to the bottom

618

00:24:52,700 --> 00:24:50,789

of it but if you're not a trained

619

00:24:55,180 --> 00:24:52,710

observer then you're not going to see

620

00:24:58,399 --> 00:24:55,190

all the moving parts of an observation

621

00:25:00,859 --> 00:24:58,409

so your point is apples to apples we

622

00:25:03,470 --> 00:25:00,869

can't compare all observers as the same

623

00:25:06,289 --> 00:25:03,480

however your observation of the event

624

00:25:08,720 --> 00:25:06,299

has been consistent verified and matches

625

00:25:10,580 --> 00:25:08,730

up with all details yeah not all

626

00:25:11,960 --> 00:25:10,590

observers are the same and if you're

627

00:25:13,639 --> 00:25:11,970

really going to do the investigation

628

00:25:15,950 --> 00:25:13,649

which is kind of what Lou is doing and

629

00:25:18,830 --> 00:25:15,960

it's what Blue Book did back in the 60s

630

00:25:20,810 --> 00:25:18,840

and 70s should go figure out is there an

631

00:25:21,560 --> 00:25:20,820

explanation because that's our natural

632

00:25:23,629 --> 00:25:21,570

human

633

00:25:25,779 --> 00:25:23,639

we need especially from a science

634

00:25:28,310 --> 00:25:25,789

standpoint there's always an explanation

635

00:25:30,469 --> 00:25:28,320

it's the ones that you can't explain

636

00:25:33,169 --> 00:25:30,479

those are the ones that you gotta go

637

00:25:37,700 --> 00:25:33,179

okay and those are the cases that are

638

00:25:40,460 --> 00:25:37,710

documented and investigate everybody so

639

00:25:43,009 --> 00:25:40,470

I was the CEO of a fighter squadron and

640

00:25:44,869 --> 00:25:43,019

I chased this thing one of the many that

641

00:25:47,210 --> 00:25:44,879

we have been tracking on and off for

642

00:25:50,810 --> 00:25:47,220

days and there was never an

643

00:25:52,519 --> 00:25:50,820

investigation so I would ask what else

644

00:25:58,609 --> 00:25:52,529

is out there you know where that's at
