LOCAL NEWS

1
00:00:05,599 --> 00:00:03,290
fanox formerly known as comic-con kicked

2
00:00:08,059 --> 00:00:05,609
off its first of three days filled with

3
00:00:10,759 --> 00:00:08,069
celebrities and events this is Jeremy

4
00:00:13,220 --> 00:00:10,769
Korbelt and you are actually premiering a

5
00:00:15,379 --> 00:00:13,230
movie here it's called hunt for the

6
00:00:16,790 --> 00:00:15,389
skinwalker and it's actually takes place

7
00:00:18,830 --> 00:00:16,800
here in Utah not to give too much away

8
00:00:21,260 --> 00:00:18,840
but it's actually about some paranormal

9
00:00:23,090 --> 00:00:21,270
activity it is so my film is called hunt

10
00:00:25,279 --> 00:00:23,100
for the skinwalker and it is premiering

11
00:00:26,120 --> 00:00:25,289
here at fan X I'm really excited about

12
00:00:28,160 --> 00:00:26,130
that

13
00:00:30,169 --> 00:00:28,170

it is about a ranch in northeastern Utah

14

00:00:31,730 --> 00:00:30,179

where there it is the most famous

15

00:00:33,319 --> 00:00:31,740

paranormal hotspot in history and it's

16

00:00:35,660 --> 00:00:33,329

the most scientifically studied

17

00:00:37,639 --> 00:00:35,670

paranormal hot spot in history both by

18

00:00:39,619 --> 00:00:37,649

private industry and by the Defense

19

00:00:41,119 --> 00:00:39,629

Intelligence Agency our United States

20

00:00:42,590 --> 00:00:41,129

government studied the paranormal

21

00:00:44,690 --> 00:00:42,600

activity at this ranch it's an

22

00:00:46,880 --> 00:00:44,700

incredible story and my films about that

23

00:00:48,709 --> 00:00:46,890

and it's premiering tonight at Doc's

24

00:00:50,299 --> 00:00:48,719

tell me a little bit about that because

25

00:00:51,740 --> 00:00:50,309

obviously there's thousands of people

26
00:00:53,270 --> 00:00:51,750
here but there are also a lot of people

27
00:00:55,760 --> 00:00:53,280
that are interested in that kind of

28
00:00:57,529 --> 00:00:55,770
thing and so how important is bringing a

29
00:00:59,029 --> 00:00:57,539
film like that to an event like this I

30
00:01:00,979 --> 00:00:59,039
think this audience is going to really

31
00:01:02,599 --> 00:01:00,989
appreciate this world premiere of this

32
00:01:03,799 --> 00:01:02,609
film that's why we brought it here

33
00:01:04,189 --> 00:01:03,809
instead of we're premiering it somewhere

34
00:01:06,200 --> 00:01:04,199
else

35
00:01:09,469 --> 00:01:06,210
is because it does have this crossover

36
00:01:11,450 --> 00:01:09,479
between a fiction and reality it's an

37
00:01:14,300 --> 00:01:11,460
incredible story that seems too

38
00:01:16,039 --> 00:01:14,310

unbelievable to be true but it is true

39

00:01:18,140 --> 00:01:16,049

and that's your problem

40

00:01:19,910 --> 00:01:18,150

and so tonight it'll be interesting to

41

00:01:22,039 --> 00:01:19,920

have the audience engaging here in Utah

42

00:01:24,499 --> 00:01:22,049

where most of the film was actually

43

00:01:25,910 --> 00:01:24,509

filmed and so because this you said that

44

00:01:27,679 --> 00:01:25,920

this is your first time here what have

45

00:01:29,690 --> 00:01:27,689

you thought so far a fan out I mean it's

46

00:01:32,030 --> 00:01:29,700

incredible there are so many people the

47

00:01:34,160 --> 00:01:32,040

diversity of people and interest this is

48

00:01:35,539 --> 00:01:34,170

the perfect place to premiere this film

49

00:01:37,069 --> 00:01:35,549

especially because the subject matter

50

00:01:38,660 --> 00:01:37,079

and then it's based out of Utah but

51
00:01:40,819 --> 00:01:38,670
really this is going global this is

52
00:01:42,830 --> 00:01:40,829
going global on September 11th on iTunes

53
00:01:44,270 --> 00:01:42,840
Amazon Xbox all those things you can

54
00:01:45,920 --> 00:01:44,280
rent it and get all this bonus material

55
00:01:47,450 --> 00:01:45,930
but this is the night this is the night

56
00:01:49,880 --> 00:01:47,460
when everybody gets to see for the first

57
00:01:52,069 --> 00:01:49,890
time what this film is about so I am

58
00:01:53,690 --> 00:01:52,079
excited this event is incredible and I

59
00:01:55,670 --> 00:01:53,700
really hope to support it and be here

60
00:01:57,080 --> 00:01:55,680
for the following years yeah think so
