*presentation by*

**GEORGE KNAPP**

**McMENAMINS HOTEL OREGON  
19TH ANNUAL**

**UFOFEST**

1  
00:00:04,160 --> 00:00:02,210  
whenever you introduce somebody like

2  
00:00:06,680 --> 00:00:04,170  
this guy you look for the superlatives

3  
00:00:08,680 --> 00:00:06,690  
and salient points and you don't have to

4  
00:00:12,440 --> 00:00:08,690  
look too far to find him he's a

5  
00:00:14,390 --> 00:00:12,450  
broadcast journalist par excellence many

6  
00:00:17,029 --> 00:00:14,400  
Sundays you'll hear him on coast to

7  
00:00:19,700 --> 00:00:17,039  
coast but even more than that he's got

8  
00:00:22,400 --> 00:00:19,710  
fire in the belly to get the real story

9  
00:00:25,670 --> 00:00:22,410  
as opposed to just the first story that

10  
00:00:28,490 --> 00:00:25,680  
falls to hand join me in extending the

11  
00:00:28,900 --> 00:00:28,500  
most warm welcome here mr. George Knapp

12  
00:00:37,270 --> 00:00:28,910  
[Applause]

13  
00:00:42,470 --> 00:00:38,500

[Music]

14

00:00:50,280 --> 00:00:42,480

thank you everyone so let me start off

15

00:00:56,790 --> 00:00:53,790

[Applause]

16

00:00:58,530 --> 00:00:56,800

actually I didn't forget it I didn't

17

00:01:00,900 --> 00:00:58,540

want to bring it and Tim said it was

18

00:01:03,060 --> 00:01:00,910

okay so I've always wanted to make a

19

00:01:05,070 --> 00:01:03,070

presentation dressed like this because

20

00:01:08,430 --> 00:01:05,080

this is how I dress at home most of the

21

00:01:10,440 --> 00:01:08,440

time when I'm not work and besides I'm

22

00:01:15,060 --> 00:01:10,450

in an alien parade today so I don't want

23

00:01:17,760 --> 00:01:15,070

to be wearing a suit and tie it's

24

00:01:20,100 --> 00:01:17,770

terrific to be invited back here you

25

00:01:22,859 --> 00:01:20,110

know to McMinnville I I started lobbying

26

00:01:25,050 --> 00:01:22,869

to be reinvented back here about a

27

00:01:26,999 --> 00:01:25,060

minute after I finished the presentation

28

00:01:28,650 --> 00:01:27,009

the last time I was here I lobbying

29

00:01:31,980 --> 00:01:28,660

isn't the right word groveling is more

30

00:01:34,740 --> 00:01:31,990

like it because I it's it is so much fun

31

00:01:36,210 --> 00:01:34,750

you know I retired from the UFO

32

00:01:38,400 --> 00:01:36,220

conference scene

33

00:01:39,870 --> 00:01:38,410

more than three years ago I just had had

34

00:01:41,419 --> 00:01:39,880

enough of it you know you go to the same

35

00:01:44,010 --> 00:01:41,429

conferences there's the same people

36

00:01:45,600 --> 00:01:44,020

presenting the same stuff and it was a

37

00:01:48,290 --> 00:01:45,610

waste of my time and then you get in all

38

00:01:50,249 --> 00:01:48,300

the arguments with the crazies who are

39

00:01:52,320 --> 00:01:50,259  
committed to this position or that

40

00:01:55,620 --> 00:01:52,330  
position or that conspiracy and I had

41

00:01:57,270 --> 00:01:55,630  
enough so I said that's it but I I knew

42

00:02:00,270 --> 00:01:57,280  
at the time that there was one

43

00:02:04,320 --> 00:02:00,280  
conference that could bring me out of my

44

00:02:06,120 --> 00:02:04,330  
underground bunker one conference that

45

00:02:11,240 --> 00:02:06,130  
would get me back on the scene and that

46

00:02:16,530 --> 00:02:14,040  
but the Tahiti folks haven't called

47

00:02:19,170 --> 00:02:16,540  
so actually McMinnville is the one I

48

00:02:20,820 --> 00:02:19,180  
mean this is the most fun conference and

49

00:02:27,720 --> 00:02:20,830  
I've been to him all over the world for

50

00:02:29,550 --> 00:02:27,730  
the last 30 years there's nothing close

51  
00:02:31,440 --> 00:02:29,560  
there's nothing close to and it's so

52  
00:02:33,089 --> 00:02:31,450  
much fun the attitude of the folks who

53  
00:02:36,330 --> 00:02:33,099  
are here is so healthy and inquisitive

54  
00:02:39,000 --> 00:02:36,340  
and and I have been trying to convince

55  
00:02:41,369 --> 00:02:39,010  
him to go ahead and start an i-team of

56  
00:02:45,420 --> 00:02:41,379  
his own so I could move to McMinnville I

57  
00:02:47,220 --> 00:02:45,430  
mean McMenamin they save old buildings

58  
00:02:50,790 --> 00:02:47,230  
and restore them that's a passion of

59  
00:02:53,309 --> 00:02:50,800  
mine they they make beer they make wine

60  
00:02:54,990 --> 00:02:53,319  
they roast coffee and they put on a UFO

61  
00:02:58,930 --> 00:02:55,000  
conference I need to work for these

62  
00:03:04,220 --> 00:03:01,790  
so it's it's an exciting time for the

63  
00:03:06,740 --> 00:03:04,230

UFO topic big things are underway I

64

00:03:07,880 --> 00:03:06,750

think my friend Jeremy Korbel was

65

00:03:09,470 --> 00:03:07,890

talking about it the other night for

66

00:03:11,330 --> 00:03:09,480

those of you who are here about all

67

00:03:13,370 --> 00:03:11,340

these different acronyms and programs

68

00:03:15,410 --> 00:03:13,380

and you could think about I know it

69

00:03:17,059 --> 00:03:15,420

seems like progress is slow and we get

70

00:03:21,110 --> 00:03:17,069

frustrated that more information doesn't

71

00:03:22,880 --> 00:03:21,120

come out about UFOs in general but Wow a

72

00:03:25,729 --> 00:03:22,890

lot of stuff has happened here since

73

00:03:27,770 --> 00:03:25,739

last October last October on a stage in

74

00:03:32,059 --> 00:03:27,780

Seattle a guy named Lou Elizondo stepped

75

00:03:34,610 --> 00:03:32,069

forward and said the fact is the US

76  
00:03:36,979 --> 00:03:34,620  
government has been studying UFOs it

77  
00:03:39,199 --> 00:03:36,989  
never stopped in 1969 as we were told

78  
00:03:40,759 --> 00:03:39,209  
when Project Blue Book ended they of

79  
00:03:42,620 --> 00:03:40,769  
course they've been studying it you know

80  
00:03:46,250 --> 00:03:42,630  
there are intrusions over national

81  
00:03:48,710 --> 00:03:46,260  
security facilities encounters with US

82  
00:03:50,509 --> 00:03:48,720  
military so we've always suspected that

83  
00:03:51,949 --> 00:03:50,519  
they were studying it and Lou came

84  
00:03:53,690 --> 00:03:51,959  
forward and said not only are we

85  
00:03:55,280 --> 00:03:53,700  
studying it but I was in charge of it

86  
00:03:58,220 --> 00:03:55,290  
and I resigned because it's not good

87  
00:04:00,080 --> 00:03:58,230  
getting enough of a priority that's

88  
00:04:02,479 --> 00:04:00,090

that's a really big deal and then two

89

00:04:04,309 --> 00:04:02,489

months after that in December the New

90

00:04:06,559 --> 00:04:04,319

York Times breaks a story about the

91

00:04:08,180 --> 00:04:06,569

program that Lou had been in charge of

92

00:04:10,160 --> 00:04:08,190

they kind of confused things a little

93

00:04:11,780 --> 00:04:10,170

bit about the 22 million dollars that

94

00:04:13,550 --> 00:04:11,790

have been spent by the Pentagon because

95

00:04:18,949 --> 00:04:13,560

in fact that money had gone to another

96

00:04:22,640 --> 00:04:18,959

program all SAP that has distinct

97

00:04:24,310 --> 00:04:22,650

connections to Las Vegas as all UFO

98

00:04:26,990 --> 00:04:24,320

stories seems to have seemed to have

99

00:04:28,550 --> 00:04:27,000

there is a trail of breadcrumbs from

100

00:04:30,830 --> 00:04:28,560

just about any UFO story you could

101  
00:04:33,230 --> 00:04:30,840  
imagine not only to Las Vegas and Bob

102  
00:04:34,879 --> 00:04:33,240  
Bigelow but also to skinwalker ranch

103  
00:04:38,420 --> 00:04:34,889  
will be which we'll be talking about

104  
00:04:41,690 --> 00:04:38,430  
today in addition to the revelations

105  
00:04:43,129 --> 00:04:41,700  
about a tip and all SAP there's a lot of

106  
00:04:45,290 --> 00:04:43,139  
other information that's been dribbling

107  
00:04:47,390 --> 00:04:45,300  
out we did a story last night you didn't

108  
00:04:50,420 --> 00:04:47,400  
see it because it's it's in Las Vegas TV

109  
00:04:52,879 --> 00:04:50,430  
but about the tic-tac you up out those

110  
00:04:54,980 --> 00:04:52,889  
videos were released people complained

111  
00:04:56,450 --> 00:04:54,990  
about them but just what we UFO folks do

112  
00:04:57,740 --> 00:04:56,460  
there are too grainy we don't they're

113  
00:04:59,300 --> 00:04:57,750

not long enough we don't know what it is

114

00:05:00,740 --> 00:04:59,310

and maybe it's a bird maybe it's a

115

00:05:02,450 --> 00:05:00,750

balloon well it's not a bird and it's

116

00:05:04,190 --> 00:05:02,460

not a balloon and it's not another

117

00:05:06,320 --> 00:05:04,200

airplane it's something from somewhere

118

00:05:08,670 --> 00:05:06,330

else it does things that we can't do and

119

00:05:11,969 --> 00:05:08,680

I was able to release a report

120

00:05:14,580 --> 00:05:11,979

was written for the DIA and the Pentagon

121

00:05:17,670 --> 00:05:14,590

that analyzed all the sensor data that

122

00:05:20,040 --> 00:05:17,680

shows beyond any question that these

123

00:05:23,129 --> 00:05:20,050

crafts are do things that we can't do

124

00:05:24,870 --> 00:05:23,139

it's an exciting time I know there is

125

00:05:26,670 --> 00:05:24,880

frustration and that we want more

126

00:05:29,159 --> 00:05:26,680

information in fact we want all of it

127

00:05:30,360 --> 00:05:29,169

and we want it now it's coming and and

128

00:05:31,650 --> 00:05:30,370

then there and the if you think about

129

00:05:33,390 --> 00:05:31,660

the progress that's been made in the

130

00:05:37,620 --> 00:05:33,400

last eight months it's just it's just

131

00:05:40,950 --> 00:05:37,630

incredible as I said I think all roads

132

00:05:43,230 --> 00:05:40,960

one way or another lead to Las Vegas and

133

00:05:44,820 --> 00:05:43,240

to skinwalker ranch it's in Utah which

134

00:05:47,159 --> 00:05:44,830

is what we're gonna talk about today and

135

00:05:49,409 --> 00:05:47,169

I am I don't think I'm exaggerating and

136

00:05:51,420 --> 00:05:49,419

saying that it is the strangest place on

137

00:05:53,460 --> 00:05:51,430

earth at least the strangest place on

138

00:05:56,670 --> 00:05:53,470

earth that has been studied it is the

139

00:05:59,520 --> 00:05:56,680

most intensely studied paranormal UFO

140

00:06:01,290 --> 00:05:59,530

hotspot in the world and it hasn't just

141

00:06:04,409 --> 00:06:01,300

been studied once it's been studied

142

00:06:08,460 --> 00:06:04,419

twice which we'll cover tonight Robert

143

00:06:11,670 --> 00:06:08,470

Bigelow the he's described as shadowy

144

00:06:14,070 --> 00:06:11,680

billionaire CIA front he's in the tea

145

00:06:16,620 --> 00:06:14,080

business he's in he's a casino owner

146

00:06:20,850 --> 00:06:16,630

he's a drug runner all kinds of crazy

147

00:06:24,149 --> 00:06:20,860

stories is has spent more money pursuing

148

00:06:25,710 --> 00:06:24,159

UFOs paranormal psychic phenomena than

149

00:06:28,409 --> 00:06:25,720

any person in the history of the world

150

00:06:29,909 --> 00:06:28,419

and he bought bought this property and

151  
00:06:31,920 --> 00:06:29,919  
we're gonna get into why he bought it in

152  
00:06:33,960 --> 00:06:31,930  
a couple of minutes but he installed

153  
00:06:35,279 --> 00:06:33,970  
scientists on therefore there were there

154  
00:06:37,830 --> 00:06:35,289  
he owned it for 20 years

155  
00:06:41,700 --> 00:06:37,840  
the scientists were there for seven or

156  
00:06:43,920 --> 00:06:41,710  
eight years 24/7 either they were there

157  
00:06:45,540 --> 00:06:43,930  
or had cameras there and they tried to

158  
00:06:47,969 --> 00:06:45,550  
figure out what the heck was going on

159  
00:06:49,770 --> 00:06:47,979  
this place has a history of really

160  
00:06:51,659 --> 00:06:49,780  
strange activity and they were doing

161  
00:06:53,370 --> 00:06:51,669  
what scientists are supposed to do and

162  
00:06:57,659 --> 00:06:53,380  
they basically have caught nothing but

163  
00:07:00,060 --> 00:06:57,669

grief for it ever since it is a UFO

164

00:07:02,040 --> 00:07:00,070

hotspot this is a UFO conference based

165

00:07:05,129 --> 00:07:02,050

on you know the McMinnville photos and

166

00:07:07,080 --> 00:07:05,139

and the legacy of this area and so we

167

00:07:09,629 --> 00:07:07,090

will talk about UFOs but this is not

168

00:07:12,960 --> 00:07:09,639

really a UFO story it's much bigger than

169

00:07:14,610 --> 00:07:12,970

that much broader and it the reality of

170

00:07:16,080 --> 00:07:14,620

what happened at that ranch at that

171

00:07:19,170 --> 00:07:16,090

property suggests that there is a

172

00:07:20,940 --> 00:07:19,180

connection between UFOs a lot of other

173

00:07:21,460 --> 00:07:20,950

things that people categorize as

174

00:07:23,980 --> 00:07:21,470

paranoia

175

00:07:25,390 --> 00:07:23,990

what that connection is well maybe we

176

00:07:28,300 --> 00:07:25,400

can explore that together to try to

177

00:07:31,120 --> 00:07:28,310

figure it out it's almost like the UFOs

178

00:07:33,490 --> 00:07:31,130

are the shiny bauble that is used to

179

00:07:38,070 --> 00:07:33,500

sort of lure us into the dark forest

180

00:07:41,290 --> 00:07:38,080

where other kinds of murky beings reside

181

00:07:43,360 --> 00:07:41,300

so I wrote a book about it with colum

182

00:07:45,040 --> 00:07:43,370

Kelleher in 2005 it's called hunt for

183

00:07:46,960 --> 00:07:45,050

the skinwalker which is the same title

184

00:07:51,430 --> 00:07:46,970

as Jeremy's film that we'll get into in

185

00:07:53,410 --> 00:07:51,440

a moment and the reason I wrote the book

186

00:07:56,680 --> 00:07:53,420

is actually I had started the project as

187

00:07:58,810 --> 00:07:56,690

a documentary as a documentary film Bob

188

00:08:00,280 --> 00:07:58,820

Bigelow bought that property in 1996

189

00:08:02,950 --> 00:08:00,290

which we'll get into further in a moment

190

00:08:04,360 --> 00:08:02,960

and basically shut it down he had his

191

00:08:05,920 --> 00:08:04,370

scientists in there and they were not

192

00:08:08,680 --> 00:08:05,930

releasing information they didn't want

193

00:08:10,660 --> 00:08:08,690

it to be overrun by UFO folks or crazy

194

00:08:12,880 --> 00:08:10,670

people or or whatever they wanted to be

195

00:08:14,560 --> 00:08:12,890

able to study it and they expanded the

196

00:08:16,510 --> 00:08:14,570

study and and tried to get information

197

00:08:18,430 --> 00:08:16,520

from people who live in the general area

198

00:08:20,740 --> 00:08:18,440

but they didn't really want to publicize

199

00:08:23,020 --> 00:08:20,750

it well I'm hearing all this information

200

00:08:25,180 --> 00:08:23,030

as it goes along because I'm friends

201  
00:08:27,610 --> 00:08:25,190  
with Bob and and I got to know his staff

202  
00:08:30,730 --> 00:08:27,620  
at knids and and so I'm seeing all this

203  
00:08:34,180 --> 00:08:30,740  
wild stuff that's going on but I can't

204  
00:08:36,130 --> 00:08:34,190  
tell anybody about it and around 2000

205  
00:08:37,930 --> 00:08:36,140  
they allowed me to start visiting the

206  
00:08:40,300 --> 00:08:37,940  
property I brought along a photographer

207  
00:08:42,610 --> 00:08:40,310  
each time we had visited we would shoot

208  
00:08:44,620 --> 00:08:42,620  
interviews with the scientists who are

209  
00:08:47,110 --> 00:08:44,630  
working on the project with neighbors

210  
00:08:50,380 --> 00:08:47,120  
with eyewitnesses who had seen strange

211  
00:08:55,329 --> 00:08:50,390  
things documenting what I thought would

212  
00:08:57,460 --> 00:08:55,339  
be a really great film around 2003 after

213  
00:08:59,470 --> 00:08:57,470

I had made several trips there Bigelow

214

00:09:01,060 --> 00:08:59,480

sort of it the word about the ranch is

215

00:09:03,460 --> 00:09:01,070

kind of getting out there being overrun

216

00:09:06,310 --> 00:09:03,470

by trespassers and drunks and partiers

217

00:09:10,150 --> 00:09:06,320

and and UFO crazies and so he said

218

00:09:10,660 --> 00:09:10,160

please don't put that out so I didn't so

219

00:09:12,790 --> 00:09:10,670

I buried it

220

00:09:16,390 --> 00:09:12,800

and we had the tapes and all the

221

00:09:20,440 --> 00:09:16,400

materials in boxes but I kept pestering

222

00:09:21,940 --> 00:09:20,450

them much as jeremy has pestered me that

223

00:09:24,550 --> 00:09:21,950

I really would like to get it out

224

00:09:26,110 --> 00:09:24,560

someday around 2003 the activity at the

225

00:09:28,780 --> 00:09:26,120

ranch had declined to such a degree that

226

00:09:30,910 --> 00:09:28,790

the knids folks Bigelow and dr. colum

227

00:09:31,990 --> 00:09:30,920

Kelleher had figured well what do we got

228

00:09:33,730 --> 00:09:32,000

to lose

229

00:09:35,650 --> 00:09:33,740

we'll let you go ahead and write some

230

00:09:37,390 --> 00:09:35,660

articles not do the documentary but

231

00:09:38,950 --> 00:09:37,400

right some articles without any photos

232

00:09:41,410 --> 00:09:38,960

for the place so you don't make it

233

00:09:43,450 --> 00:09:41,420

easier for people to find it and I did

234

00:09:46,720 --> 00:09:43,460

and we put him in a little newspaper a

235

00:09:48,250 --> 00:09:46,730

weekly paper in Las Vegas and this thing

236

00:09:50,260 --> 00:09:48,260

went all over the world suddenly these

237

00:09:51,820 --> 00:09:50,270

stories were out that people did not

238

00:09:53,890 --> 00:09:51,830

know they had heard some of it there had

239

00:09:56,710 --> 00:09:53,900

been some news reports back in 1996

240

00:09:58,660 --> 00:09:56,720

about cattle mutilations and lights in

241

00:10:01,510 --> 00:09:58,670

the sky but the kinds of things that

242

00:10:04,930 --> 00:10:01,520

that were described in that report were

243

00:10:07,300 --> 00:10:04,940

way way beyond standard UFOs and cattle

244

00:10:09,250 --> 00:10:07,310

mutilations really truly bizarre stuff

245

00:10:12,640 --> 00:10:09,260

that we're going to talk about today and

246

00:10:14,590 --> 00:10:12,650

then in 2005 Bigelow said well go ahead

247

00:10:18,310 --> 00:10:14,600

and release the book

248

00:10:20,830 --> 00:10:18,320

the idea was needs hoped that by having

249

00:10:23,260 --> 00:10:20,840

some publicity about these kinds of hot

250

00:10:25,420 --> 00:10:23,270

spots that we might get some input from

251  
00:10:27,550 --> 00:10:25,430  
other places other people in other

252  
00:10:29,740 --> 00:10:27,560  
regions that would say hey we've got

253  
00:10:31,210 --> 00:10:29,750  
something similar that here why don't

254  
00:10:33,160 --> 00:10:31,220  
you guys come and investigate and then

255  
00:10:34,570 --> 00:10:33,170  
knids would have something else to do we

256  
00:10:37,300 --> 00:10:34,580  
did get information or they got

257  
00:10:39,040 --> 00:10:37,310  
information about it but it it never led

258  
00:10:40,450 --> 00:10:39,050  
to any further studies that teams would

259  
00:10:44,890 --> 00:10:40,460  
go out and look at these other hot spots

260  
00:10:46,450 --> 00:10:44,900  
Yakima Sedona Dulce New Mexico for

261  
00:10:48,250 --> 00:10:46,460  
example and they spent a lot of time on

262  
00:10:50,020 --> 00:10:48,260  
the ground but it never evolved into the

263  
00:10:53,260 --> 00:10:50,030

kind of study that happened at the

264

00:10:56,260 --> 00:10:53,270

skinwalker ranch so needs folded its

265

00:11:00,100 --> 00:10:56,270

10th it the organization dissolved in

266

00:11:01,330 --> 00:11:00,110

right around 2004-2005 because the

267

00:11:04,090 --> 00:11:01,340

activity at the ranch had gone

268

00:11:06,100 --> 00:11:04,100

underground what we learned later though

269

00:11:08,530 --> 00:11:06,110

and I was not able to talk about this

270

00:11:11,200 --> 00:11:08,540

either is that a new study began 2008

271

00:11:13,630 --> 00:11:11,210

and it was funded by you it was funded

272

00:11:15,490 --> 00:11:13,640

by American taxpayers and it was

273

00:11:18,040 --> 00:11:15,500

conducted at the suggestion of the

274

00:11:19,930 --> 00:11:18,050

Defense Intelligence Agency the DIA and

275

00:11:22,210 --> 00:11:19,940

so for a couple of years their

276

00:11:23,530 --> 00:11:22,220

government-funded investigators some of

277

00:11:27,040 --> 00:11:23,540

the same people who had worked for needs

278

00:11:30,820 --> 00:11:27,050

were on the property investigating the

279

00:11:32,890 --> 00:11:30,830

paranormal UFOs and a whole bunch of

280

00:11:35,260 --> 00:11:32,900

other stuff that are way beyond what you

281

00:11:39,730 --> 00:11:35,270

would think a normal UFO or government

282

00:11:42,790 --> 00:11:39,740

study would be interested in I want to

283

00:11:44,860 --> 00:11:42,800

give you a sense of sort of a sense of

284

00:11:47,110 --> 00:11:44,870

what the ranch is like in

285

00:11:48,760 --> 00:11:47,120

you know that the book we put out and

286

00:11:50,650 --> 00:11:48,770

had no photos for reasons that I just

287

00:11:53,829 --> 00:11:50,660

mentioned and and the documentary

288

00:11:54,519 --> 00:11:53,839

project that we started long ago was

289

00:11:56,680 --> 00:11:54,529

shelved

290

00:11:58,480 --> 00:11:56,690

Jeremy Korbel has been pestering me for

291

00:12:01,180 --> 00:11:58,490

a long time to may be revive it and when

292

00:12:03,430 --> 00:12:01,190

Bob Bigelow sold the property in 2016

293

00:12:05,920 --> 00:12:03,440

and a new owner came in I was sort of

294

00:12:08,050 --> 00:12:05,930

relieved of my promise that I wouldn't

295

00:12:10,720 --> 00:12:08,060

put this stuff out so we we started

296

00:12:12,579 --> 00:12:10,730

working on it it's that the new film

297

00:12:15,519 --> 00:12:12,589

were proud proud of it it's not out yet

298

00:12:17,440 --> 00:12:15,529

but will be soon it's two films it's the

299

00:12:19,930 --> 00:12:17,450

story of the original stuff that I shot

300

00:12:22,120 --> 00:12:19,940

and never showed to anyone and it's also

301  
00:12:24,820 --> 00:12:22,130  
the new stuff that Jeremy has has

302  
00:12:27,310 --> 00:12:24,830  
acquired interviews with people who

303  
00:12:28,630 --> 00:12:27,320  
would never come forward before and it's

304  
00:12:30,130 --> 00:12:28,640  
kind of exciting so I want to show you a

305  
00:12:39,280 --> 00:12:30,140  
clip that give you a sense of where

306  
00:12:43,900 --> 00:12:39,290  
we're heading here it was dead night out

307  
00:12:50,980 --> 00:12:43,910  
of nowhere that weird flash and you see

308  
00:12:53,500 --> 00:12:50,990  
that look at that that's amazing there

309  
00:12:56,110 --> 00:12:53,510  
is some kind of intelligence operating

310  
00:13:01,690 --> 00:12:56,120  
here and you're not allowed to talk

311  
00:13:11,330 --> 00:13:01,700  
about it this is like the area 51 of the

312  
00:13:13,790 --> 00:13:11,340  
paranormal going public now

313  
00:13:16,610 --> 00:13:13,800

it is perhaps the most important

314

00:13:18,230 --> 00:13:16,620

scientific effort of our time the

315

00:13:19,940 --> 00:13:18,240

Pentagon and CIA they've been

316

00:13:22,280 --> 00:13:19,950

investigating encounters with the

317

00:13:25,640 --> 00:13:22,290

paranormal at the ranch we're talking

318

00:13:27,680 --> 00:13:25,650

about unidentified flying objects UFOs

319

00:13:29,720 --> 00:13:27,690

the program received more than 20

320

00:13:31,579 --> 00:13:29,730

million dollars for its work this is a

321

00:13:33,680 --> 00:13:31,589

potential threat a grave one to our

322

00:13:36,920 --> 00:13:33,690

country and everybody who lives there

323

00:13:39,110 --> 00:13:36,930

knows about something is here something

324

00:13:41,060 --> 00:13:39,120

that the government's doing right above

325

00:13:46,150 --> 00:13:41,070

my head and I could hit it with a tennis

326

00:13:51,069 --> 00:13:48,009

they should not have vanished but they

327

00:13:53,259 --> 00:13:51,079

vanished we are on the eve of something

328

00:13:58,410 --> 00:13:53,269

momentous well any of the fingers be

329

00:14:02,410 --> 00:14:00,610

Declassified videos an authentic

330

00:14:08,810 --> 00:14:02,420

Department of Defense footage published

331

00:14:08,820 --> 00:14:28,380

[Applause]

332

00:14:36,640 --> 00:14:31,120

so that's a little taste of what the

333

00:14:38,020 --> 00:14:36,650

films gonna look like and some of the

334

00:14:39,460 --> 00:14:38,030

things that are in that and some of the

335

00:14:41,020 --> 00:14:39,470

things that we'll talk about today and

336

00:14:42,550 --> 00:14:41,030

they're over the next two hours I've

337

00:14:44,530 --> 00:14:42,560

never been able to talk about in public

338

00:14:46,630 --> 00:14:44,540

before because the best thing was secret

339

00:14:48,610 --> 00:14:46,640

you know it was a government project and

340

00:14:49,750 --> 00:14:48,620

while I was aware of it because of my

341

00:14:52,090 --> 00:14:49,760

friendships were the people who were

342

00:14:54,370 --> 00:14:52,100

involved I was under a I didn't have to

343

00:14:56,620 --> 00:14:54,380

sign anything no one is gonna throw me

344

00:14:58,840 --> 00:14:56,630

in jail but I would violate a confidence

345

00:15:00,910 --> 00:14:58,850

which for a journalist that's your your

346

00:15:02,790 --> 00:15:00,920

stock-in-trade that's what that's how

347

00:15:05,200 --> 00:15:02,800

you learn stuff people tell you things

348

00:15:07,420 --> 00:15:05,210

on the condition that you don't spill it

349

00:15:10,000 --> 00:15:07,430

immediately and and that has served me

350

00:15:11,500 --> 00:15:10,010

very well over the years and the story

351  
00:15:12,850 --> 00:15:11,510  
about the ranch I mean I knew about it

352  
00:15:16,870 --> 00:15:12,860  
since 1996

353  
00:15:18,520 --> 00:15:16,880  
I never went public till 2003 the story

354  
00:15:22,570 --> 00:15:18,530  
of the bast study I had known about it

355  
00:15:24,910 --> 00:15:22,580  
since it started around 2008 actually a

356  
00:15:27,220 --> 00:15:24,920  
little bit in 2007 but we didn't make it

357  
00:15:29,410 --> 00:15:27,230  
public until this year so sometimes just

358  
00:15:31,090 --> 00:15:29,420  
by being patient and hanging on you get

359  
00:15:32,620 --> 00:15:31,100  
to learn a lot of stuff people tell you

360  
00:15:35,170 --> 00:15:32,630  
stuff if they think they can trust you

361  
00:15:36,850 --> 00:15:35,180  
and I know that puts me in a category of

362  
00:15:38,740 --> 00:15:36,860  
being in league with the evil cabal

363  
00:15:42,310 --> 00:15:38,750

government or something but you know Oh

364

00:15:45,130 --> 00:15:42,320

I'll deal with that somehow I thought I

365

00:15:47,200 --> 00:15:45,140

would tell you some stories that we have

366

00:15:48,460 --> 00:15:47,210

not discussed in public and some stories

367

00:15:50,260 --> 00:15:48,470

that I have told in public before

368

00:15:54,880 --> 00:15:50,270

because not everyone here I think has

369

00:15:58,320 --> 00:15:54,890

heard about the ranch but in 1994 the

370

00:16:01,840 --> 00:15:58,330

property in question had been vacant for

371

00:16:03,670 --> 00:16:01,850

seven years nobody lived on it there the

372

00:16:06,010 --> 00:16:03,680

will show you what the ranch looks like

373

00:16:08,230 --> 00:16:06,020

here a little bit but this family moved

374

00:16:10,750 --> 00:16:08,240

in we call him in the book the Gorman's

375

00:16:13,030 --> 00:16:10,760

their real name has been well known it's

376

00:16:14,950 --> 00:16:13,040

been released by other people the reason

377

00:16:15,580 --> 00:16:14,960

that we stick with it is because we made

378

00:16:18,520 --> 00:16:15,590

an agreement

379

00:16:20,290 --> 00:16:18,530

they weren't going to use the real name

380

00:16:21,820 --> 00:16:20,300

they were gonna tell anybody and I

381

00:16:23,470 --> 00:16:21,830

honored that agreement so in the book

382

00:16:25,750 --> 00:16:23,480

when column I wrote it we didn't use

383

00:16:27,070 --> 00:16:25,760

their real name you could find it if you

384

00:16:28,840 --> 00:16:27,080

wanted to look for it we stuck with

385

00:16:31,090 --> 00:16:28,850

Gorman so that's the name I'm going to

386

00:16:34,690 --> 00:16:31,100

use even though some of you may know

387

00:16:37,180 --> 00:16:34,700

what the real name is dad is a an

388

00:16:39,520 --> 00:16:37,190

educated man college educated he's an

389

00:16:41,140 --> 00:16:39,530

expert in Simmons Hall artificial

390

00:16:41,889 --> 00:16:41,150

insemination raising these special

391

00:16:44,860 --> 00:16:41,899

cattle

392

00:16:48,129 --> 00:16:44,870

he's an expert marksman and hunter just

393

00:16:50,920 --> 00:16:48,139

a real solid guy his wife we call her

394

00:16:52,780 --> 00:16:50,930

Ellen I think in the book is the vice

395

00:16:55,960 --> 00:16:52,790

president of a bank in town also

396

00:16:57,999 --> 00:16:55,970

educated smart solid solid as a rock the

397

00:17:00,549 --> 00:16:58,009

two kids were both straight-a students a

398

00:17:02,590 --> 00:17:00,559

boy and a girl just a solid family they

399

00:17:06,100 --> 00:17:02,600

buy this property in northeastern Utah

400

00:17:09,819 --> 00:17:06,110

and it's their dream property it's 480

401  
00:17:12,159 --> 00:17:09,829  
acres it's a beautiful place and they

402  
00:17:14,409 --> 00:17:12,169  
are unloading their stuff on the very

403  
00:17:17,620 --> 00:17:14,419  
first day on the property they have some

404  
00:17:19,929 --> 00:17:17,630  
calves in the corral and they look out

405  
00:17:21,520 --> 00:17:19,939  
across the pasture and they see this

406  
00:17:24,399 --> 00:17:21,530  
large beast

407  
00:17:25,779 --> 00:17:24,409  
it's a canine is it a dog they're

408  
00:17:27,309 --> 00:17:25,789  
looking at it trying to figure it out no

409  
00:17:28,690 --> 00:17:27,319  
it's a it's a wolf we didn't know that

410  
00:17:31,000 --> 00:17:28,700  
we're wolves in this part of the country

411  
00:17:33,100 --> 00:17:31,010  
this thing starts walking toward them

412  
00:17:36,159 --> 00:17:33,110  
its head down it's being very docile

413  
00:17:38,289 --> 00:17:36,169

they figure this must be somebody's pet

414

00:17:40,930 --> 00:17:38,299

this must be somebody's pet wolf and it

415

00:17:44,649 --> 00:17:40,940

gets closer and closer to them and as it

416

00:17:47,680 --> 00:17:44,659

does they I think one of them brushed it

417

00:17:50,529 --> 00:17:47,690

and it it had rained that day so there

418

00:17:52,450 --> 00:17:50,539

was a wet dog smell they recall and this

419

00:17:54,310 --> 00:17:52,460

thing was gigantic I mean they the

420

00:17:56,500 --> 00:17:54,320

ranchers about my size and the back of

421

00:17:59,830 --> 00:17:56,510

this wolf came up this high so it was

422

00:18:02,560 --> 00:17:59,840

huge and it's walking between the family

423

00:18:04,870 --> 00:18:02,570

and acting like a pet and then it spots

424

00:18:06,850 --> 00:18:04,880

one of these calves that made the

425

00:18:08,860 --> 00:18:06,860

mistake most of the calves are huddled

426  
00:18:10,899 --> 00:18:08,870  
back on the side of the corral they see

427  
00:18:13,419 --> 00:18:10,909  
this wolf one of them made the mistake

428  
00:18:15,700 --> 00:18:13,429  
of sticking its snout through the bars

429  
00:18:17,320 --> 00:18:15,710  
and this wolf springs into action and

430  
00:18:20,409 --> 00:18:17,330  
chomps down on this calf and starts

431  
00:18:22,270 --> 00:18:20,419  
trying to drag it out of the corral why

432  
00:18:24,970 --> 00:18:22,280  
don't we play this clip this is column

433  
00:18:27,190 --> 00:18:24,980  
Kelleher the the main investigator on

434  
00:18:31,389 --> 00:18:27,200  
the in the mid study put a couple of

435  
00:18:35,799 --> 00:18:31,399  
cobs in this Corral here and this one

436  
00:18:38,970 --> 00:18:35,809  
here and they saw this this wolf had was

437  
00:18:42,610 --> 00:18:38,980  
just trotting across the the field here

438  
00:18:44,770 --> 00:18:42,620

from this direction and it stopped

439

00:18:47,049 --> 00:18:44,780

occasionally it was there was a light

440

00:18:49,630 --> 00:18:47,059

rain it was it was a misty kind of a day

441

00:18:51,549 --> 00:18:49,640

with with light rain and so they were

442

00:18:54,060 --> 00:18:51,559

watching this wolf as it was coming

443

00:18:57,570 --> 00:18:54,070

towards them and

444

00:18:59,820 --> 00:18:57,580

seemingly kind of unconcerned the wolf

445

00:19:02,280 --> 00:18:59,830

stuck his head in into the corral

446

00:19:05,580 --> 00:19:02,290

grabbed us that the muzzle of the of the

447

00:19:08,580 --> 00:19:05,590

calf in full view of these two try to

448

00:19:11,910 --> 00:19:08,590

drag it out of the corral the car fire

449

00:19:14,400 --> 00:19:11,920

you know I was going wild so Terry and

450

00:19:16,980 --> 00:19:14,410

his dad went over with

451  
00:19:19,860 --> 00:19:16,990  
you know stout sticks and started

452  
00:19:23,930 --> 00:19:19,870  
beating on the wolf to try to let get it

453  
00:19:26,910 --> 00:19:23,940  
make sure that it let go the the calf

454  
00:19:28,520 --> 00:19:26,920  
several times they beat on the on the on

455  
00:19:31,260 --> 00:19:28,530  
the wolf without any effect whatsoever

456  
00:19:36,030 --> 00:19:31,270  
so Terry asked his son to go in to get a

457  
00:19:38,130 --> 00:19:36,040  
357 Magnum the Sun came out and the the

458  
00:19:39,690 --> 00:19:38,140  
wolf was still dragging trying to drag

459  
00:19:43,350 --> 00:19:39,700  
that the calf through that the corral

460  
00:19:46,590 --> 00:19:43,360  
and Terry sort of pointed the Magnum at

461  
00:19:48,990 --> 00:19:46,600  
the animal and shot it now as far as I

462  
00:19:51,300 --> 00:19:49,000  
remember he shot at either three or four

463  
00:19:54,060 --> 00:19:51,310

times and it was like from increasingly

464

00:19:56,400 --> 00:19:54,070

close range first of all it was from

465

00:19:59,250 --> 00:19:56,410

from several feet and then it was closer

466

00:20:03,180 --> 00:19:59,260

and closer on the fourth shot the animal

467

00:20:06,030 --> 00:20:03,190

I believe let the let the calf go but

468

00:20:09,030 --> 00:20:06,040

the the animal was didn't the the wolf

469

00:20:11,040 --> 00:20:09,040

didn't let out any yelps of pain that

470

00:20:14,550 --> 00:20:11,050

there was no sign of blood there was

471

00:20:16,200 --> 00:20:14,560

there was no sign of distress yeah the

472

00:20:19,290 --> 00:20:16,210

animal let the calf go and looked at

473

00:20:21,660 --> 00:20:19,300

Terry Terry gets the 3006 which you know

474

00:20:24,020 --> 00:20:21,670

can bring bring down an elk you know

475

00:20:27,690 --> 00:20:24,030

from from a relatively long distance

476  
00:20:30,060 --> 00:20:27,700  
shot at at but you know a distance of 20

477  
00:20:32,100 --> 00:20:30,070  
feet and this time there was a big

478  
00:20:35,160 --> 00:20:32,110  
recoil from the animal you know the

479  
00:20:37,400 --> 00:20:35,170  
animal kind of recoiled but still didn't

480  
00:20:40,530 --> 00:20:37,410  
give out any pain or anything like that

481  
00:20:43,340 --> 00:20:40,540  
but kind of backed off for maybe 10 feet

482  
00:20:45,950 --> 00:20:43,350  
15 feet and Terry shot at

483  
00:20:50,390 --> 00:20:45,960  
it was actually a sixth time with the

484  
00:20:52,940 --> 00:20:50,400  
30-yard six and this time he saw a bunch

485  
00:20:56,690 --> 00:20:52,950  
of flesh that the bullet exited from the

486  
00:20:58,820 --> 00:20:56,700  
animal with with flesh and this time the

487  
00:21:02,270 --> 00:20:58,830  
animal just kind of turned on us on its

488  
00:21:05,480 --> 00:21:02,280

heel and just trotted off you know

489

00:21:08,500 --> 00:21:05,490

almost casually and exactly where it

490

00:21:12,890 --> 00:21:08,510

would come from across in that direction

491

00:21:14,470 --> 00:21:12,900

now you know the piece of flesh was

492

00:21:17,600 --> 00:21:14,480

lying on the ground and they they

493

00:21:20,450 --> 00:21:17,610

examined it so they beat it with sticks

494

00:21:23,029 --> 00:21:20,460

it doesn't react they shot at four times

495

00:21:25,340 --> 00:21:23,039

with the 357 I owned one of those those

496

00:21:27,260 --> 00:21:25,350

are pretty powerful handguns it doesn't

497

00:21:30,260 --> 00:21:27,270

do anything it stops and and it just

498

00:21:33,320 --> 00:21:30,270

looks at them shoot shoot it twice with

499

00:21:35,899 --> 00:21:33,330

the with the hunting rifle 30.6 chunk of

500

00:21:38,630 --> 00:21:35,909

flesh and fur falls off but the animal

501  
00:21:41,930 --> 00:21:38,640  
is not in any other kind of distress and

502  
00:21:45,260 --> 00:21:41,940  
it just trots off onto the this the

503  
00:21:46,549 --> 00:21:45,270  
southern side of the property and on

504  
00:21:49,940 --> 00:21:46,559  
that side of the property there's these

505  
00:21:52,640 --> 00:21:49,950  
big trees and brush and on the opposite

506  
00:21:54,770 --> 00:21:52,650  
side of that then further is a river and

507  
00:21:56,930 --> 00:21:54,780  
it gets muddy so the rancher and his son

508  
00:21:58,730 --> 00:21:56,940  
are thinking geez this is a big powerful

509  
00:22:00,529 --> 00:21:58,740  
animal that's wounded we got to go after

510  
00:22:01,909 --> 00:22:00,539  
it they grab another hunting rifle and

511  
00:22:05,210 --> 00:22:01,919  
they go after it and it wasn't hard to

512  
00:22:06,919 --> 00:22:05,220  
track the wolf because though in the

513  
00:22:09,279 --> 00:22:06,929

muddy ground it was heavy it probably

514

00:22:12,110 --> 00:22:09,289

weighed 200 pounds and it was leaving

515

00:22:15,260 --> 00:22:12,120

tracks that went into the mud two inches

516

00:22:17,360 --> 00:22:15,270

deep so they're tracking it occasionally

517

00:22:20,180 --> 00:22:17,370

through the brush they see a see a

518

00:22:22,570 --> 00:22:20,190

glimpse of the animal it walks into what

519

00:22:25,100 --> 00:22:22,580

is a clearing it's about 50 yards across

520

00:22:27,320 --> 00:22:25,110

by the time the the rancher and his son

521

00:22:28,940 --> 00:22:27,330

get to this clearing they walk out the

522

00:22:31,970 --> 00:22:28,950

tracks go right out into the middle of

523

00:22:34,970 --> 00:22:31,980

this thing and stop it was as if this

524

00:22:36,289 --> 00:22:34,980

thing vanished into thin air they go

525

00:22:37,610 --> 00:22:36,299

walking back to see the rest of the

526  
00:22:39,500 --> 00:22:37,620  
family what are we gonna tell them about

527  
00:22:40,880 --> 00:22:39,510  
this well we did you know basically

528  
00:22:43,010 --> 00:22:40,890  
we're gonna have to just get over it and

529  
00:22:45,260 --> 00:22:43,020  
move on this is the first day they moved

530  
00:22:47,750 --> 00:22:45,270  
into the property they go back and pick

531  
00:22:49,810 --> 00:22:47,760  
up the chunk of fur and flesh and I

532  
00:22:52,930 --> 00:22:49,820  
guess they're not thinking like a

533  
00:22:55,520 --> 00:22:52,940  
forensic investigator or a UFO

534  
00:22:56,870 --> 00:22:55,530  
investigator so they don't keep it but

535  
00:22:58,880 --> 00:22:56,880  
this fur and flesh

536  
00:23:01,700 --> 00:22:58,890  
smelled like rotten meat like it had

537  
00:23:03,710 --> 00:23:01,710  
been out in the Sun for a couple of days

538  
00:23:08,060 --> 00:23:03,720

it was rotting they didn't keep it

539

00:23:09,710 --> 00:23:08,070

unfortunately but so later when the

540

00:23:12,080 --> 00:23:09,720

knids guys get there I'm jumping ahead

541

00:23:14,360 --> 00:23:12,090

but when the knids guys get there and

542

00:23:16,280 --> 00:23:14,370

hear this story they prepared sort of

543

00:23:18,950 --> 00:23:16,290

like a photo lineup like you would do

544

00:23:21,890 --> 00:23:18,960

for a suspects in a criminal case and

545

00:23:24,380 --> 00:23:21,900

they showed the family likenesses of

546

00:23:26,390 --> 00:23:24,390

different species of wolves and they

547

00:23:28,250 --> 00:23:26,400

asked each of them independently the

548

00:23:30,020 --> 00:23:28,260

four people to pick out which one they

549

00:23:32,150 --> 00:23:30,030

had seen and they all settled on the

550

00:23:32,960 --> 00:23:32,160

same one and the one they settled on is

551  
00:23:35,600 --> 00:23:32,970  
a direwolf

552  
00:23:35,990 --> 00:23:35,610  
and it's been extinct for ten thousand

553  
00:23:37,910 --> 00:23:36,000  
years

554  
00:23:41,120 --> 00:23:37,920  
and that wasn't the only time they saw

555  
00:23:43,070 --> 00:23:41,130  
this wolf that the wife the mom had

556  
00:23:45,710 --> 00:23:43,080  
another encounter at the front gate and

557  
00:23:49,370 --> 00:23:45,720  
that'll show you in a moment later this

558  
00:23:51,650 --> 00:23:49,380  
same wolf was in the company of two dogs

559  
00:23:55,100 --> 00:23:51,660  
they're traveling as a pack and the dogs

560  
00:23:57,890 --> 00:23:55,110  
had these giant oversized heads just

561  
00:23:59,120 --> 00:23:57,900  
really weird animals and a weirder still

562  
00:24:02,000 --> 00:23:59,130  
that they'd be hanging out with this

563  
00:24:03,800 --> 00:24:02,010

this bulletproof wolf so that that's day

564

00:24:05,750 --> 00:24:03,810

one that's day one on the property

565

00:24:08,570 --> 00:24:05,760

they're thinking uh you know we just got

566

00:24:10,940 --> 00:24:08,580

to kind of move on finish unpacking and

567

00:24:13,160 --> 00:24:10,950

and get on with this now I'm gonna tell

568

00:24:15,080 --> 00:24:13,170

you some stories today that you're not

569

00:24:17,240 --> 00:24:15,090

gonna believe and I'm okay with that you

570

00:24:19,280 --> 00:24:17,250

don't have to believe it I don't have an

571

00:24:21,770 --> 00:24:19,290

agenda I don't know what the explanation

572

00:24:24,500 --> 00:24:21,780

for this stuff is I have no idea and I

573

00:24:26,770 --> 00:24:24,510

don't think anybody else does either

574

00:24:29,570 --> 00:24:26,780

well we'll explore some possible

575

00:24:31,910 --> 00:24:29,580

connections towards the end then we'll

576

00:24:34,550 --> 00:24:31,920

open it up with the questions but no one

577

00:24:36,470 --> 00:24:34,560

can explain how that works or what that

578

00:24:38,450 --> 00:24:36,480

animal was or where it was from or some

579

00:24:40,430 --> 00:24:38,460

of the other creatures or experiences

580

00:24:42,440 --> 00:24:40,440

that I'm going to tell you about again I

581

00:24:44,210 --> 00:24:42,450

don't expect you to believe it but I'm

582

00:24:46,940 --> 00:24:44,220

telling you that this is how it happened

583

00:24:54,160 --> 00:24:46,950

and and that the witnesses are telling

584

00:24:57,410 --> 00:24:54,170

us the truth so the family moves in

585

00:24:58,790 --> 00:24:57,420

strange things start happening let me

586

00:25:01,460 --> 00:24:58,800

show you the what the ranch looks like

587

00:25:03,470 --> 00:25:01,470

let's roll that so this is skinwalker

588

00:25:04,970 --> 00:25:03,480

Ridge that's the northern side of the

589

00:25:07,910 --> 00:25:04,980

property you'd see it's a really

590

00:25:11,450 --> 00:25:07,920

beautiful piece of acreage 480 acres

591

00:25:13,880 --> 00:25:11,460

it's divided into three homesteads

592

00:25:15,950 --> 00:25:13,890

and there is only one way in there's

593

00:25:18,230 --> 00:25:15,960

only one way to get into the property by

594

00:25:19,820 --> 00:25:18,240

the way on this on the north side is

595

00:25:22,430 --> 00:25:19,830

something called bottle hollow the whole

596

00:25:24,980 --> 00:25:22,440

thing is surrounded by ute tribal land

597

00:25:27,320 --> 00:25:24,990

that's the I wish I had stolen that sign

598

00:25:29,000 --> 00:25:27,330

because it's gone now but that's the

599

00:25:31,370 --> 00:25:29,010

opening day that's the gate that gets

600

00:25:33,110 --> 00:25:31,380

into the ranch there's only one way in

601  
00:25:35,750 --> 00:25:33,120  
it goes all the way through the three

602  
00:25:38,780 --> 00:25:35,760  
homesteads and and it's always locked

603  
00:25:39,950 --> 00:25:38,790  
and that becomes important because of

604  
00:25:41,720 --> 00:25:39,960  
some of the events that I'm going to

605  
00:25:44,150 --> 00:25:41,730  
describe to you the only way to get in

606  
00:25:46,160 --> 00:25:44,160  
that property is right there and the

607  
00:25:48,920 --> 00:25:46,170  
ridge on one side the river on the other

608  
00:25:50,630 --> 00:25:48,930  
and this road and it goes right by the

609  
00:25:53,300 --> 00:25:50,640  
ranch house now that's the ranch house

610  
00:25:55,550 --> 00:25:53,310  
where the the family lived when they

611  
00:25:58,250 --> 00:25:55,560  
first moved in we could just freeze on

612  
00:26:00,710 --> 00:25:58,260  
that for a second when they first moved

613  
00:26:03,410 --> 00:26:00,720

in they the house they noticed that

614

00:26:05,510 --> 00:26:03,420

these giant steaks with big heavy chains

615

00:26:07,700 --> 00:26:05,520

were both at the front door and on the

616

00:26:09,950 --> 00:26:07,710

side door as if the people who had lived

617

00:26:11,750 --> 00:26:09,960

there had these giant guard dogs they

618

00:26:14,540 --> 00:26:11,760

also noticed that all of the doors had

619

00:26:17,360 --> 00:26:14,550

locks on both side bolts and locks they

620

00:26:20,000 --> 00:26:17,370

noticed doors inside had locks on both

621

00:26:21,800 --> 00:26:20,010

sides and cabinets had locks it was like

622

00:26:23,690 --> 00:26:21,810

the people that lived there had been

623

00:26:26,450 --> 00:26:23,700

paranoid now though those folks by the

624

00:26:28,430 --> 00:26:26,460

way had been contacted the family they

625

00:26:29,540 --> 00:26:28,440

lived there before and Wow but they have

626

00:26:31,430 --> 00:26:29,550

no idea what we're talking about

627

00:26:33,470 --> 00:26:31,440

paranormal stuff they they don't

628

00:26:36,620 --> 00:26:33,480

remember anything like that we'll get

629

00:26:38,120 --> 00:26:36,630

into that so that the family thought

630

00:26:39,980 --> 00:26:38,130

that's kind of weird it's like they're

631

00:26:41,300 --> 00:26:39,990

worried about keeping something out and

632

00:26:43,820 --> 00:26:41,310

they're worried about keeping something

633

00:26:45,260 --> 00:26:43,830

in and all these locks but again like

634

00:26:47,270 --> 00:26:45,270

with the wolf thing they kind of just

635

00:26:49,190 --> 00:26:47,280

let it go this is their dream property

636

00:26:49,610 --> 00:26:49,200

they just got here they're gonna get on

637

00:26:51,530 --> 00:26:49,620

with it

638

00:26:54,290 --> 00:26:51,540

these are some observation towers that

639

00:26:57,050 --> 00:26:54,300

were built by the knids team when they

640

00:26:59,660 --> 00:26:57,060

came in in 1996 they have like dog runs

641

00:27:01,280 --> 00:26:59,670

they would have dogs inside those those

642

00:27:03,440 --> 00:27:01,290

runs and then the observation decks the

643

00:27:06,560 --> 00:27:03,450

team would go out in the pastures at

644

00:27:09,230 --> 00:27:06,570

night for observation looking for UFOs

645

00:27:10,640 --> 00:27:09,240

or whatever and that the dog runs are

646

00:27:12,020 --> 00:27:10,650

some interesting stories about things

647

00:27:15,710 --> 00:27:12,030

that happen there when they installed

648

00:27:17,150 --> 00:27:15,720

them someone kept opening them and the

649

00:27:19,130 --> 00:27:17,160

dogs they put them in and five minutes

650

00:27:22,160 --> 00:27:19,140

later the dogs are out they'd started

651  
00:27:24,470 --> 00:27:22,170  
putting locks on the on the gates and

652  
00:27:25,730 --> 00:27:24,480  
then it happened anyway

653  
00:27:27,490 --> 00:27:25,740  
the locks would disappear there was a

654  
00:27:31,820 --> 00:27:27,500  
lot of trickster elements that happen

655  
00:27:33,740 --> 00:27:31,830  
that we'll get into that's another shot

656  
00:27:36,830 --> 00:27:33,750  
of one of the dog runs the needs team

657  
00:27:38,810 --> 00:27:36,840  
used the dog dogs as sort of biosensors

658  
00:27:41,330 --> 00:27:38,820  
because they could see and hear and

659  
00:27:42,620 --> 00:27:41,340  
sense things that before the humans who

660  
00:27:44,570 --> 00:27:42,630  
were with them would be aware that

661  
00:27:49,220 --> 00:27:44,580  
something was amiss or something was

662  
00:27:51,230 --> 00:27:49,230  
near this is the middle homestead

663  
00:27:52,490 --> 00:27:51,240

there's three homesteads remember this

664

00:27:54,650 --> 00:27:52,500

is the middle one it's been long

665

00:27:56,450 --> 00:27:54,660

abandoned it looks like a scene from a

666

00:27:57,710 --> 00:27:56,460

horror movie but it's just decayed over

667

00:27:59,630 --> 00:27:57,720

the years because nobody's lived there

668

00:28:01,669 --> 00:27:59,640

but this is sort of the beating heart of

669

00:28:05,120 --> 00:28:01,679

skinwalker ranch this this property this

670

00:28:07,039 --> 00:28:05,130

area where the most unusual the most

671

00:28:10,340 --> 00:28:07,049

intense the weirdest and most

672

00:28:12,020 --> 00:28:10,350

inexplicable events seem to occur it was

673

00:28:14,570 --> 00:28:12,030

all sort of concentrated in this general

674

00:28:17,210 --> 00:28:14,580

area this is a this is the corral this

675

00:28:19,490 --> 00:28:17,220

is the corral where the the calves were

676  
00:28:22,100 --> 00:28:19,500  
and where another incident happened

677  
00:28:23,780 --> 00:28:22,110  
involving Bulls see that white facility

678  
00:28:26,810 --> 00:28:23,790  
there that's a it's an old trailer that

679  
00:28:29,000 --> 00:28:26,820  
they use to store tools in and there's

680  
00:28:30,919 --> 00:28:29,010  
only one door in and they always kept it

681  
00:28:32,840 --> 00:28:30,929  
locked and locked with the big heavy

682  
00:28:37,730 --> 00:28:32,850  
wire around it which will become a

683  
00:28:41,690 --> 00:28:37,740  
factor a little bit later yeah that's

684  
00:28:44,930 --> 00:28:41,700  
the that's the trailer so that's the

685  
00:28:46,669 --> 00:28:44,940  
door that that was created because of

686  
00:28:49,990 --> 00:28:46,679  
something that was inside that kicked it

687  
00:28:56,810 --> 00:28:50,000  
out I'll tell you about a little bit

688  
00:28:58,940 --> 00:28:56,820

that's what kicked it out those bulls so

689

00:29:01,250 --> 00:28:58,950

the family started having weird

690

00:29:03,890 --> 00:29:01,260

experiences that we would call sort of

691

00:29:05,690 --> 00:29:03,900

poltergeist kind of activity and it was

692

00:29:07,610 --> 00:29:05,700

right from the get-go right immediately

693

00:29:09,980 --> 00:29:07,620

and you know UFOs are one thing

694

00:29:11,180 --> 00:29:09,990

creatures that we'll get into in a bit

695

00:29:12,680 --> 00:29:11,190

there's a lot of scary stuff that

696

00:29:15,260 --> 00:29:12,690

happened there but the stuff that gives

697

00:29:18,200 --> 00:29:15,270

me little goosebumps is the poltergeist

698

00:29:19,789 --> 00:29:18,210

stuff they felt that something was

699

00:29:23,360 --> 00:29:19,799

watching them the whole time they were

700

00:29:26,000 --> 00:29:23,370

there and they weren't wrong they

701  
00:29:28,310 --> 00:29:26,010  
started having inanimate objects became

702  
00:29:30,740 --> 00:29:28,320  
animated and it happened almost every

703  
00:29:32,539 --> 00:29:30,750  
day so we got a chronology of all the

704  
00:29:34,940 --> 00:29:32,549  
events that they could remember and they

705  
00:29:37,230 --> 00:29:34,950  
rattled off dozens of them so frying

706  
00:29:40,830 --> 00:29:37,240  
pans and spatulas would move

707  
00:29:45,060 --> 00:29:40,840  
and then the trickster started picking

708  
00:29:48,060 --> 00:29:45,070  
picking up the pace Terry the rancher

709  
00:29:50,460 --> 00:29:48,070  
mr. Gorman is out in the field is using

710  
00:29:53,130 --> 00:29:50,470  
a big post hole digger to dig holes to

711  
00:29:54,870 --> 00:29:53,140  
put posts or fencing and it's a fairly

712  
00:29:56,760 --> 00:29:54,880  
heavy piece of equipment he stops for a

713  
00:29:58,200 --> 00:29:56,770

second takes a drink of water goes and

714

00:30:00,210 --> 00:29:58,210

wipes his brow goes in the bathroom

715

00:30:02,130 --> 00:30:00,220

comes back his post hole digger is gone

716

00:30:03,300 --> 00:30:02,140

now there's nobody out there there's

717

00:30:05,130 --> 00:30:03,310

there's nobody else out there

718

00:30:07,050 --> 00:30:05,140

he looks all over for the darn thing

719

00:30:10,920 --> 00:30:07,060

finds it three weeks later

720

00:30:11,280 --> 00:30:10,930

25 feet up in a cottonwood tree just

721

00:30:14,370 --> 00:30:11,290

weird

722

00:30:16,110 --> 00:30:14,380

his son is tasked with moving a quart of

723

00:30:18,810 --> 00:30:16,120

wood he needed to move in a hundred

724

00:30:20,310 --> 00:30:18,820

yards he and his friends had done this

725

00:30:22,350 --> 00:30:20,320

to get it closer to the house where

726

00:30:24,060 --> 00:30:22,360

they're gonna use it there they went in

727

00:30:25,770 --> 00:30:24,070

when they finished and had lunch came

728

00:30:28,410 --> 00:30:25,780

back out the whole quart of wood is

729

00:30:30,780 --> 00:30:28,420

moved back to the original spot they did

730

00:30:32,730 --> 00:30:30,790

the same thing with fence poles these

731

00:30:35,250 --> 00:30:32,740

are big heavy fence poles they had the

732

00:30:37,650 --> 00:30:35,260

Sun and three of his friends spent four

733

00:30:39,900 --> 00:30:37,660

hours doing this moved all these heavy

734

00:30:41,490 --> 00:30:39,910

fence poles and when they came back out

735

00:30:43,830 --> 00:30:41,500

it had moved back to the original

736

00:30:46,320 --> 00:30:43,840

location except it was it was just like

737

00:30:48,300 --> 00:30:46,330

an inch or two off like so they could

738

00:30:51,030 --> 00:30:48,310

prove the whole thing had been moved and

739

00:30:53,640 --> 00:30:51,040

back but not to its original spot mom

740

00:30:55,950 --> 00:30:53,650

would take shower every morning she goes

741

00:30:59,130 --> 00:30:55,960

into the bathroom she she locks the door

742

00:31:01,440 --> 00:30:59,140

she puts a towel and a hairbrush on the

743

00:31:03,420 --> 00:31:01,450

cabinet she gets out of the shower the

744

00:31:06,120 --> 00:31:03,430

door is still locked towel and hairbrush

745

00:31:09,780 --> 00:31:06,130

are gone they find the hairbrush later

746

00:31:11,460 --> 00:31:09,790

in the freezer mom goes grocery shopping

747

00:31:13,350 --> 00:31:11,470

it's a ranch family they buy a lot of

748

00:31:15,840 --> 00:31:13,360

food so they're not to go back and forth

749

00:31:17,460 --> 00:31:15,850

to town they she brings it home takes

750

00:31:19,080 --> 00:31:17,470

all the groceries out of the bags and

751

00:31:21,180 --> 00:31:19,090

puts it into the cabinets leaves the

752

00:31:24,180 --> 00:31:21,190

room comes back all the foods back in

753

00:31:27,870 --> 00:31:24,190

the bags that that kind of stuff is just

754

00:31:30,630 --> 00:31:27,880

happen to him all the time they had a

755

00:31:33,570 --> 00:31:30,640

dog that they needed that had bed fleas

756

00:31:35,070 --> 00:31:33,580

so they put a flea collar on it and the

757

00:31:38,160 --> 00:31:35,080

very next day the flea collar is gone

758

00:31:40,260 --> 00:31:38,170

well dogs do that they can do it it's

759

00:31:43,940 --> 00:31:40,270

not that unusual but the next day it was

760

00:31:46,470 --> 00:31:43,950

back now the dog didn't put it on there

761

00:31:48,930 --> 00:31:46,480

was a lot of stuff like that and then

762

00:31:50,330 --> 00:31:48,940

they started they felt that they were

763

00:31:53,539 --> 00:31:50,340

being watched and they started

764

00:31:56,090 --> 00:31:53,549

seeing shadows and shapes in the windows

765

00:31:57,710 --> 00:31:56,100

these dark tall dark humanoid shapes

766

00:32:01,610 --> 00:31:57,720

outside the windows they would hear

767

00:32:02,779 --> 00:32:01,620

heavy footprints outside the house then

768

00:32:05,029 --> 00:32:02,789

they started hearing the heavy

769

00:32:06,769 --> 00:32:05,039

footprints inside the house and they

770

00:32:09,049 --> 00:32:06,779

started seeing the shapes inside the

771

00:32:10,940 --> 00:32:09,059

house and then they started seeing the

772

00:32:13,640 --> 00:32:10,950

shapes at the bottom of their bed inside

773

00:32:15,620 --> 00:32:13,650

the house and it freaked him out they

774

00:32:17,960 --> 00:32:15,630

would go out at night in that it's a

775

00:32:20,690 --> 00:32:17,970

beautiful and serene pasture but they

776

00:32:22,399 --> 00:32:20,700

would hear voices coming from the sky

777

00:32:24,620 --> 00:32:22,409

above their head speaking a strange

778

00:32:28,100 --> 00:32:24,630

language in sort of a mocking tone

779

00:32:29,539 --> 00:32:28,110

laughing at him and you know they're

780

00:32:31,880 --> 00:32:29,549

looking up they can't see anything at

781

00:32:34,010 --> 00:32:31,890

night the whole pasture would light up

782

00:32:38,510 --> 00:32:34,020

as if there was a giant spotlight in the

783

00:32:41,450 --> 00:32:38,520

sky boom sometimes the light appear to

784

00:32:42,889 --> 00:32:41,460

be coming out of the ground itself just

785

00:32:46,389 --> 00:32:42,899

like a beam of light right out of the

786

00:32:48,970 --> 00:32:46,399

ground they would hear sounds at night

787

00:32:51,230 --> 00:32:48,980

and sometimes in the daytime of

788

00:32:52,730 --> 00:32:51,240

machinery under the ground they would

789

00:32:55,039 --> 00:32:52,740

feel the rumbling that could hear

790

00:32:57,019 --> 00:32:55,049

metal-on-metal it was like there was an

791

00:32:59,000 --> 00:32:57,029

underground steel mill or a railroad

792

00:32:59,480 --> 00:32:59,010

under there and they couldn't figure it

793

00:33:01,389 --> 00:32:59,490

out

794

00:33:05,269 --> 00:33:01,399

the people who had lived there before

795

00:33:08,870 --> 00:33:05,279

the Meyer family had when they added a

796

00:33:10,789 --> 00:33:08,880

weird thing to the deed they wanted to

797

00:33:12,950 --> 00:33:10,799

insist that the new owners before they

798

00:33:15,250 --> 00:33:12,960

do any digging on the property they

799

00:33:17,840 --> 00:33:15,260

should let the Myers know they were

800

00:33:20,330 --> 00:33:17,850

subtly suggesting don't be messing with

801  
00:33:23,960 --> 00:33:20,340  
the earth and and as we're gonna learn a

802  
00:33:26,060 --> 00:33:23,970  
little bit later it seemed like that was

803  
00:33:28,279 --> 00:33:26,070  
one of the activities that would stir

804  
00:33:30,590 --> 00:33:28,289  
stuff up when you dug in the earth they

805  
00:33:32,840 --> 00:33:30,600  
had an earthmover the guy who's there

806  
00:33:34,930 --> 00:33:32,850  
now they have an earthmover because it's

807  
00:33:37,730 --> 00:33:34,940  
a big ranch yeah move stuff around and

808  
00:33:39,919 --> 00:33:37,740  
whenever they would do that things would

809  
00:33:42,200 --> 00:33:39,929  
erupt and it was hard to predict what

810  
00:33:45,470 --> 00:33:42,210  
I'll do a little side story here the

811  
00:33:47,600 --> 00:33:45,480  
first visit that I made they invited me

812  
00:33:49,610 --> 00:33:47,610  
in part because I think they hope that

813  
00:33:52,430 --> 00:33:49,620

my inherent weirdness quotient might get

814

00:33:55,159 --> 00:33:52,440

something going and so we went to the

815

00:33:56,930 --> 00:33:55,169

property and the arrival of strangers

816

00:33:58,610 --> 00:33:56,940

that that'll get something going make a

817

00:34:00,380 --> 00:33:58,620

lot of noise out there that gets the

818

00:34:02,090 --> 00:34:00,390

attention or whatever it is and you dig

819

00:34:03,919 --> 00:34:02,100

in the dirt so we did all that stuff

820

00:34:05,480 --> 00:34:03,929

this I was the stranger we

821

00:34:07,460 --> 00:34:05,490

built of fire we made a bunch of noise

822

00:34:09,589 --> 00:34:07,470

did some interviews and we got the earth

823

00:34:11,780 --> 00:34:09,599

mover and moved some dirt around and

824

00:34:16,690 --> 00:34:11,790

then they put me on a chair in the

825

00:34:18,770 --> 00:34:16,700

middle homestead and left me there and

826

00:34:20,450 --> 00:34:18,780

so you know they had a couple of

827

00:34:22,490 --> 00:34:20,460

instruments on me they were they went a

828

00:34:23,869 --> 00:34:22,500

couple hundred miles a couple of hundred

829

00:34:25,460 --> 00:34:23,879

yards away and we're watching through

830

00:34:28,040 --> 00:34:25,470

different scopes and infrared binoculars

831

00:34:32,329 --> 00:34:28,050

and stuff to see if something came to

832

00:34:34,339 --> 00:34:32,339

get me and I would like to tell you that

833

00:34:37,879 --> 00:34:34,349

I'm I'm feeling very brave and you know

834

00:34:41,359 --> 00:34:37,889

I'm fine with it bring it on yeah not

835

00:34:43,129 --> 00:34:41,369

really I was thinking to myself well you

836

00:34:45,740 --> 00:34:43,139

know UFO that'd be great

837

00:34:47,510 --> 00:34:45,750

I'm happy to see UFO orbs yeah that'd be

838

00:34:49,210 --> 00:34:47,520

that'd be awesome but there's some other

839

00:34:51,409 --> 00:34:49,220

things that I'm gonna tell you about now

840

00:34:53,750 --> 00:34:51,419

that I don't want to really come into

841

00:34:55,669 --> 00:34:53,760

contact with that night however there

842

00:34:58,069 --> 00:34:55,679

was nothing came to get me except

843

00:34:59,569 --> 00:34:58,079

mosquitoes so I was i sat out there

844

00:35:03,770 --> 00:34:59,579

about 45 minutes I think and that's

845

00:35:08,030 --> 00:35:03,780

quite enough so all of this strange

846

00:35:09,410 --> 00:35:08,040

stuff was going on and strange they they

847

00:35:11,990 --> 00:35:09,420

felt that they were being watched

848

00:35:15,049 --> 00:35:12,000

and it just seemed to get weirder and

849

00:35:17,120 --> 00:35:15,059

weirder they had no idea about the area

850

00:35:21,170 --> 00:35:17,130

and they saw the rancher starts asking

851  
00:35:24,530 --> 00:35:21,180  
around about it this area the Uintah

852  
00:35:26,200 --> 00:35:24,540  
Basin has a history as a UFO hotspot for

853  
00:35:28,069 --> 00:35:26,210  
as long as humans have lived there

854  
00:35:30,500 --> 00:35:28,079  
people have been seeing strange things

855  
00:35:33,140 --> 00:35:30,510  
in the sky what we would call UFOs the

856  
00:35:37,520 --> 00:35:33,150  
first Europeans to cross that that area

857  
00:35:40,910 --> 00:35:37,530  
the basin father Escalante 1776 leading

858  
00:35:42,829 --> 00:35:40,920  
a Spanish missionaries and they reported

859  
00:35:45,680 --> 00:35:42,839  
in their journals strange lights in the

860  
00:35:47,299 --> 00:35:45,690  
sky above their campfire the youths who

861  
00:35:49,789 --> 00:35:47,309  
have lived there they have 15

862  
00:35:53,030 --> 00:35:49,799  
generations back of stories that they

863  
00:35:55,819 --> 00:35:53,040

tell about the sky people and objects in

864

00:35:58,520 --> 00:35:55,829

the sky and and things on this

865

00:36:00,260 --> 00:35:58,530

particular piece of property I'll just

866

00:36:03,559 --> 00:36:00,270

tell you about the skinwalker legend now

867

00:36:06,109 --> 00:36:03,569

it is it is a legend it is lore it is

868

00:36:08,180 --> 00:36:06,119

religion to Native American people

869

00:36:10,819 --> 00:36:08,190

skinwalker is not really something that

870

00:36:13,579 --> 00:36:10,829

the Utes believe in all that much but

871

00:36:17,450 --> 00:36:13,589

the Navajo do and back in the day back

872

00:36:17,870 --> 00:36:17,460

in the day in the 17 1800 s the Utes and

873

00:36:19,550 --> 00:36:17,880

the knob

874

00:36:21,670 --> 00:36:19,560

were at war what the youths were a

875

00:36:24,920 --> 00:36:21,680

fierce proud people

876  
00:36:28,100 --> 00:36:24,930  
terrific horsemen dangerous warriors and

877  
00:36:30,260 --> 00:36:28,110  
they battled the Navajo in fact they

878  
00:36:32,750 --> 00:36:30,270  
align themselves with the Spanish and

879  
00:36:35,930 --> 00:36:32,760  
drove the Navajo out of their ancestral

880  
00:36:37,940 --> 00:36:35,940  
homes in Colorado so the story about

881  
00:36:40,940 --> 00:36:37,950  
skinwalker which is how the title comes

882  
00:36:42,500 --> 00:36:40,950  
from is that the Utes believed that the

883  
00:36:45,400 --> 00:36:42,510  
Navajo put a curse on them that they

884  
00:36:48,860 --> 00:36:45,410  
said a skinwalker and that that that

885  
00:36:51,620 --> 00:36:48,870  
that Ridge that we saw above the ranch

886  
00:36:54,710 --> 00:36:51,630  
that is what is known as the path of the

887  
00:36:57,080 --> 00:36:54,720  
skinwalker so the tribe believed that

888  
00:36:58,610 --> 00:36:57,090

people should not go there they there's

889

00:37:00,800 --> 00:36:58,620

no prohibition from it but they had

890

00:37:02,330 --> 00:37:00,810

strongly advised tribal members to not

891

00:37:06,320 --> 00:37:02,340

go on that ranch and that is still true

892

00:37:08,570 --> 00:37:06,330

today skinwalker in the sense of what

893

00:37:11,870 --> 00:37:08,580

we're discussing today is sort of a an

894

00:37:14,030 --> 00:37:11,880

umbrella term that the tribe use to

895

00:37:16,190 --> 00:37:14,040

describe all the strange stuff that they

896

00:37:19,820 --> 00:37:16,200

had seen on that property over the

897

00:37:24,260 --> 00:37:19,830

decades over the centuries and it is

898

00:37:27,350 --> 00:37:24,270

also sort of a a metaphor for the knids

899

00:37:30,230 --> 00:37:27,360

team to come that that whatever it is

900

00:37:31,970 --> 00:37:30,240

that's there seems to be a trickster a

901  
00:37:34,550 --> 00:37:31,980  
shape-shifter something that changes

902  
00:37:37,700 --> 00:37:34,560  
shape and form it gives us glimpses of

903  
00:37:39,800 --> 00:37:37,710  
itself at times of its own choosing it

904  
00:37:42,050 --> 00:37:39,810  
appears in different forms to different

905  
00:37:45,020 --> 00:37:42,060  
people it is elusive it is intelligent

906  
00:37:47,990 --> 00:37:45,030  
hunting it proved to be quite a daunting

907  
00:37:51,620 --> 00:37:48,000  
challenge the Uintah Basin is beautiful

908  
00:37:54,560 --> 00:37:51,630  
Stark it's rich in hydrocarbons dinosaur

909  
00:37:57,860 --> 00:37:54,570  
bones until the big oil boom caused by

910  
00:38:00,230 --> 00:37:57,870  
fracking it was about 90% Mormon salt

911  
00:38:02,840 --> 00:38:00,240  
salt of the earth folks LDS the other

912  
00:38:04,880 --> 00:38:02,850  
10% were the Utes they were given a

913  
00:38:08,630 --> 00:38:04,890

reservation at the end of the Civil War

914

00:38:10,550 --> 00:38:08,640

by Abraham Lincoln the 8th cavalry the

915

00:38:12,230 --> 00:38:10,560

buffalo soldiers were sent there built a

916

00:38:14,840 --> 00:38:12,240

fort fort Duchene to keep an eye on them

917

00:38:16,400 --> 00:38:14,850

to keep the peace buffalo soldiers are

918

00:38:18,290 --> 00:38:16,410

their own story because it turns out

919

00:38:20,720 --> 00:38:18,300

that this particular group of Calvary

920

00:38:24,920 --> 00:38:20,730

men were all freemasons steeped in the

921

00:38:27,770 --> 00:38:24,930

dark arts and some of them are buried in

922

00:38:29,990 --> 00:38:27,780

the in the areas of fort duchesne that

923

00:38:31,310 --> 00:38:30,000

the Native Americans the the Utes have

924

00:38:34,310 --> 00:38:31,320

built over and they built

925

00:38:37,040 --> 00:38:34,320

homes and dug up the ground to pour

926

00:38:39,170 --> 00:38:37,050

concrete foundations and found graves

927

00:38:40,520 --> 00:38:39,180

and uniforms of the Buffalo Soldiers who

928

00:38:42,920 --> 00:38:40,530

were buried there so it's sort of like a

929

00:38:45,200 --> 00:38:42,930

Hollywood movie in Reverse you know

930

00:38:47,480 --> 00:38:45,210

we're we're always building haunted

931

00:38:49,750 --> 00:38:47,490

houses on Indian burial grounds this is

932

00:38:51,140 --> 00:38:49,760

kind of the the opposite side of that

933

00:38:54,110 --> 00:38:51,150

the Utes

934

00:38:55,700 --> 00:38:54,120

have their own government they have

935

00:38:58,970 --> 00:38:55,710

their own businesses they're modern

936

00:39:01,790 --> 00:38:58,980

people they generally coexist peacefully

937

00:39:04,250 --> 00:39:01,800

with the non Utes and the tribe for us

938

00:39:06,550 --> 00:39:04,260

as investigators for needs and then for

939

00:39:08,810 --> 00:39:06,560

us as filmmakers we had a tough time

940

00:39:11,330 --> 00:39:08,820

breaking through to them and getting

941

00:39:13,220 --> 00:39:11,340

them to talk they didn't trust us it

942

00:39:16,700 --> 00:39:13,230

took a long time jeremy has made really

943

00:39:18,860 --> 00:39:16,710

great progress in the last year or so in

944

00:39:20,480 --> 00:39:18,870

gaining access to Utes and we've been

945

00:39:22,490 --> 00:39:20,490

able to engage with them and hear a

946

00:39:26,000 --> 00:39:22,500

whole new level of stories about what's

947

00:39:28,340 --> 00:39:26,010

been going on there in 1974 a guy named

948

00:39:30,830 --> 00:39:28,350

Frank Salisbury Utah State University

949

00:39:34,010 --> 00:39:30,840

wrote an excellent book called the Utah

950

00:39:36,320 --> 00:39:34,020

UFO display the use of the word display

951

00:39:39,470 --> 00:39:36,330

and his title is is telling I think but

952

00:39:42,080 --> 00:39:39,480

it was it was because at that time in

953

00:39:45,200 --> 00:39:42,090

the late 50s all through the 60s into

954

00:39:47,810 --> 00:39:45,210

the 70s that basin for whatever reason

955

00:39:49,100 --> 00:39:47,820

was a UFO hotspot more UFO sightings per

956

00:39:51,410 --> 00:39:49,110

capita than maybe anywhere in the

957

00:39:54,770 --> 00:39:51,420

country and pretty much if you go there

958

00:39:56,810 --> 00:39:54,780

now you you would be hard-pressed to

959

00:39:58,940 --> 00:39:56,820

find somebody who hasn't seen one or who

960

00:40:01,130 --> 00:39:58,950

has a family doesn't have a family

961

00:40:03,320 --> 00:40:01,140

member who's seen UFOs of all kinds of

962

00:40:05,930 --> 00:40:03,330

shapes and sizes why that particular

963

00:40:08,110 --> 00:40:05,940

area no we don't really know a lot of

964

00:40:10,220 --> 00:40:08,120

doctors all with the Salisbury's

965

00:40:12,560 --> 00:40:10,230

information came from a guy named jr.

966

00:40:14,450 --> 00:40:12,570

Hicks he lives in a spent his entire

967

00:40:16,730 --> 00:40:14,460

life there in the basin

968

00:40:19,250 --> 00:40:16,740

he was the science teacher he taught

969

00:40:21,650 --> 00:40:19,260

science to generations of school kids

970

00:40:24,140 --> 00:40:21,660

who live in the in the area and as they

971

00:40:26,480 --> 00:40:24,150

would become adults or teenagers and see

972

00:40:28,490 --> 00:40:26,490

UFOs or weird stuff they would go back

973

00:40:30,050 --> 00:40:28,500

to their science teacher jr. Hicks and

974

00:40:32,360 --> 00:40:30,060

tell him the story and he started

975

00:40:34,310 --> 00:40:32,370

compiling all these files and cases and

976

00:40:35,960 --> 00:40:34,320

he would drive through the properties

977

00:40:38,840 --> 00:40:35,970

and interview witnesses and put together

978

00:40:41,450 --> 00:40:38,850

an amazing compendium thousands of cases

979

00:40:43,490 --> 00:40:41,460

that he looked at the best 400 or so he

980

00:40:44,860 --> 00:40:43,500

gave to dr. Salisbury which formed the

981

00:40:47,090 --> 00:40:44,870

basis of this book

982

00:40:49,340 --> 00:40:47,100

Jr Hicks is a pretty cool guy and

983

00:40:51,560 --> 00:40:49,350

because he knew everybody growing up

984

00:40:53,450 --> 00:40:51,570

they trusted him until told his story so

985

00:40:55,580 --> 00:40:53,460

he got a lot of information and he

986

00:40:57,080 --> 00:40:55,590

shared a lot of that stuff with us jr.

987

00:40:58,760 --> 00:40:57,090

Hicks is the guy the first time I met

988

00:41:01,910 --> 00:40:58,770

him on my first visit to the property

989

00:41:03,710 --> 00:41:01,920

who told me that Ridge is the path of

990

00:41:05,570 --> 00:41:03,720

the skinwalker and it got a little chill

991

00:41:07,130 --> 00:41:05,580

when he said it wise what is what's a

992

00:41:09,050 --> 00:41:07,140

skinwalker I'd never heard of it before

993

00:41:11,950 --> 00:41:09,060

and he told me the story about the Utes

994

00:41:14,810 --> 00:41:11,960

and the prohibition or rather the

995

00:41:18,440 --> 00:41:14,820

admonition against going there and we've

996

00:41:19,490 --> 00:41:18,450

been working on that ever since you know

997

00:41:21,260 --> 00:41:19,500

I could talk all day about the

998

00:41:23,540 --> 00:41:21,270

skinwalker but in essence it is a

999

00:41:26,090 --> 00:41:23,550

shape-shifter it's an evil presence a

1000

00:41:27,770 --> 00:41:26,100

sorcerer in order to become a skinwalker

1001  
00:41:29,510 --> 00:41:27,780  
according to aho beliefs you have to

1002  
00:41:31,460 --> 00:41:29,520  
kill somebody a member of your own

1003  
00:41:33,500 --> 00:41:31,470  
family and then you'll be able to morph

1004  
00:41:38,240 --> 00:41:33,510  
into other animals and other shapes a

1005  
00:41:41,270 --> 00:41:38,250  
crow a fox a wolf wolf so it's it's an

1006  
00:41:44,690 --> 00:41:41,280  
interesting idea and maybe it seems

1007  
00:41:46,730 --> 00:41:44,700  
quaint to some of us who do not share

1008  
00:41:47,900 --> 00:41:46,740  
that particular belief or that culture

1009  
00:41:49,820 --> 00:41:47,910  
but the Utes

1010  
00:41:51,740 --> 00:41:49,830  
take it very seriously the Navajo take

1011  
00:41:54,260 --> 00:41:51,750  
it very seriously as evidenced by the

1012  
00:41:57,260 --> 00:41:54,270  
fact that we tried to ask about it even

1013  
00:41:59,660 --> 00:41:57,270

to tribal officials to police officers

1014

00:42:00,830 --> 00:41:59,670

to academics they didn't want to talk

1015

00:42:03,350 --> 00:42:00,840

about it because by mentioning

1016

00:42:05,030 --> 00:42:03,360

skinwalker there was a concern that you

1017

00:42:07,940 --> 00:42:05,040

invoke it you invoke its name you

1018

00:42:09,980 --> 00:42:07,950

invited into your life and the there

1019

00:42:12,890 --> 00:42:09,990

they take it very seriously because it's

1020

00:42:16,340 --> 00:42:12,900

pretty scary and it's scary in ways that

1021

00:42:17,960 --> 00:42:16,350

that transcend the tribe they believe

1022

00:42:20,870 --> 00:42:17,970

that the Navajo had put a curse on them

1023

00:42:23,600 --> 00:42:20,880

and that's that was what was unfolding

1024

00:42:25,430 --> 00:42:23,610

on the Gorman ranch and the Gorman's had

1025

00:42:28,400 --> 00:42:25,440

no way of knowing this they buy the

1026

00:42:30,560 --> 00:42:28,410

property in 1994 they notice all the

1027

00:42:32,150 --> 00:42:30,570

weird stuff all the weird events that

1028

00:42:35,030 --> 00:42:32,160

start happening the shapes and shadows

1029

00:42:37,010 --> 00:42:35,040

the lights the voices then they start

1030

00:42:39,380 --> 00:42:37,020

seeing weird animals in addition to the

1031

00:42:40,420 --> 00:42:39,390

wolf incident from that first day that

1032

00:42:44,120 --> 00:42:40,430

was just the beginning

1033

00:42:47,660 --> 00:42:44,130

Ellen as I mentioned she saw something

1034

00:42:49,160 --> 00:42:47,670

similar at the gate they saw birds that

1035

00:42:51,440 --> 00:42:49,170

would show up that looked like they they

1036

00:42:53,300 --> 00:42:51,450

were red they came out of like the

1037

00:42:55,220 --> 00:42:53,310

Amazon or something that they're not

1038

00:42:58,309 --> 00:42:55,230

native to that they would show up there

1039

00:43:00,650 --> 00:42:58,319

were times when flocks of geese would be

1040

00:43:03,439 --> 00:43:00,660

lying over the property and they'd watch

1041

00:43:05,180 --> 00:43:03,449

him these giant V's of geese Canadian

1042

00:43:07,249 --> 00:43:05,190

geese and as soon as they got over the

1043

00:43:09,319 --> 00:43:07,259

ranch house it was like they ran into an

1044

00:43:11,449 --> 00:43:09,329

invisible pillar there and they all

1045

00:43:14,650 --> 00:43:11,459

scattered some of them fall out of the

1046

00:43:17,150 --> 00:43:14,660

sky here's a here's a weird one

1047

00:43:19,039 --> 00:43:17,160

one afternoon Tom and Ellen arrived at

1048

00:43:20,599 --> 00:43:19,049

the ranch after stopping in town they

1049

00:43:22,339 --> 00:43:20,609

see a commotion in the corral

1050

00:43:24,529 --> 00:43:22,349

something's kicking up a lot of dust as

1051  
00:43:26,150 --> 00:43:24,539  
they got closer they could see something

1052  
00:43:29,809 --> 00:43:26,160  
is attacking their horses in the corral

1053  
00:43:33,829 --> 00:43:29,819  
and it says big heavy beasts it looks

1054  
00:43:36,349 --> 00:43:33,839  
like a hyena but its muscular low to the

1055  
00:43:39,140 --> 00:43:36,359  
ground with a big furry Fox like tail

1056  
00:43:40,549 --> 00:43:39,150  
and it's got claws and it's scratching

1057  
00:43:42,769 --> 00:43:40,559  
at the haunches of these horses that are

1058  
00:43:44,390 --> 00:43:42,779  
jumping up and down and it wasn't

1059  
00:43:46,759 --> 00:43:44,400  
imaginary because the horses were

1060  
00:43:48,469 --> 00:43:46,769  
injured the rancher jumps out of his

1061  
00:43:50,660 --> 00:43:48,479  
truck yells at this thing and goes

1062  
00:43:52,779 --> 00:43:50,670  
charging after it it takes off out of

1063  
00:43:55,099 --> 00:43:52,789

the corral goes up skinwalker Ridge

1064

00:43:57,199 --> 00:43:55,109

jumps into a rock and disappears it's

1065

00:43:59,029 --> 00:43:57,209

vanished I had never seen that before

1066

00:44:00,890 --> 00:43:59,039

and they can't identify what the heck

1067

00:44:05,509 --> 00:44:00,900

that was but its claws definitely left

1068

00:44:07,130 --> 00:44:05,519

marks bulletproof wolves strange animals

1069

00:44:09,680 --> 00:44:07,140

mystery voices strange lights

1070

00:44:10,849 --> 00:44:09,690

poltergeist what do you need after that

1071

00:44:12,640 --> 00:44:10,859

you need UFOs

1072

00:44:15,620 --> 00:44:12,650

so they started seeing a bunch of them

1073

00:44:18,680 --> 00:44:15,630

the first one they saw it looked like an

1074

00:44:20,569 --> 00:44:18,690

RV it was at the third homestead down at

1075

00:44:22,130 --> 00:44:20,579

the other end of the property and the

1076  
00:44:23,870 --> 00:44:22,140  
rancher and his son are out at night and

1077  
00:44:26,569 --> 00:44:23,880  
they see what they think are headlights

1078  
00:44:29,059 --> 00:44:26,579  
coming from the third ranch toward their

1079  
00:44:30,469 --> 00:44:29,069  
house they wondered how the hell did

1080  
00:44:33,199 --> 00:44:30,479  
this guy get down there in a Winnebago

1081  
00:44:35,269 --> 00:44:33,209  
he must be stuck let's go help him so

1082  
00:44:37,370 --> 00:44:35,279  
they start walking in that direction the

1083  
00:44:40,609 --> 00:44:37,380  
headlights start coming toward them then

1084  
00:44:43,640 --> 00:44:40,619  
the headlights go up up and over the

1085  
00:44:45,920 --> 00:44:43,650  
trees and out and it they described it

1086  
00:44:50,120 --> 00:44:45,930  
once it was in the sky they described it

1087  
00:44:53,120 --> 00:44:50,130  
as what UFO researchers would call a

1088  
00:44:54,859 --> 00:44:53,130

trooper what was seen in Brazil for a

1089

00:44:57,769 --> 00:44:54,869

lot of years a big refrigerator looking

1090

00:44:59,479 --> 00:44:57,779

thing or an RV type shape but it clearly

1091

00:45:01,339 --> 00:44:59,489

was not a Winnebago if it wasn't

1092

00:45:04,789 --> 00:45:01,349

Winnebago I'd like to buy one of those

1093

00:45:08,630 --> 00:45:04,799

flying Winnebagos next they started

1094

00:45:10,789 --> 00:45:08,640

seeing these a daylight sightings of

1095

00:45:12,080 --> 00:45:10,799

silver discs they saw classic flying

1096

00:45:14,350 --> 00:45:12,090

saucers except

1097

00:45:18,220 --> 00:45:14,360

they the one that they encountered

1098

00:45:21,500 --> 00:45:18,230

generated an emotional response in them

1099

00:45:23,750 --> 00:45:21,510

and they were elated almost giddy like

1100

00:45:26,120 --> 00:45:23,760

it was accessing something in their

1101

00:45:27,260 --> 00:45:26,130

brain to mess with their emotions and

1102

00:45:29,000 --> 00:45:27,270

that wouldn't be the only time that

1103

00:45:30,800 --> 00:45:29,010

happened there were other crafts that

1104

00:45:33,230 --> 00:45:30,810

and orbs and things that they saw that

1105

00:45:35,270 --> 00:45:33,240

had the opposite effect there were some

1106

00:45:37,820 --> 00:45:35,280

UFOs that looked like stealth fighters

1107

00:45:39,560 --> 00:45:37,830

that would float silently over the over

1108

00:45:42,200 --> 00:45:39,570

the property Ellen saw them first at the

1109

00:45:44,090 --> 00:45:42,210

gate again and they were ringed by what

1110

00:45:45,950 --> 00:45:44,100

looked like Christmas lights or disco

1111

00:45:48,950 --> 00:45:45,960

lights there were a couple of times when

1112

00:45:51,170 --> 00:45:48,960

they would just appear over Tom it was

1113

00:45:52,760 --> 00:45:51,180

he was out at night in the pasture and

1114

00:45:54,650 --> 00:45:52,770

then BOOM there's one right there

1115

00:45:57,200 --> 00:45:54,660

he took to stalking them he'd go out

1116

00:45:58,490 --> 00:45:57,210

with a rifle at night he was thinking

1117

00:46:00,680 --> 00:45:58,500

it's the government doing this stuff

1118

00:46:02,240 --> 00:46:00,690

that government is somehow trying to

1119

00:46:03,800 --> 00:46:02,250

drive him off his land so he'd get his

1120

00:46:06,860 --> 00:46:03,810

gun and he was ready to shoot one out of

1121

00:46:09,500 --> 00:46:06,870

the sky but he watch it he'd hide so

1122

00:46:11,240 --> 00:46:09,510

these things are not omnipotent they

1123

00:46:12,710 --> 00:46:11,250

could be fooled but he watched him

1124

00:46:15,110 --> 00:46:12,720

floating around over the property

1125

00:46:17,570 --> 00:46:15,120

shining spotlights over the ranch at

1126  
00:46:18,950 --> 00:46:17,580  
different spots and he it's cold the

1127  
00:46:22,400 --> 00:46:18,960  
night that he's telling the story about

1128  
00:46:24,440 --> 00:46:22,410  
and he moves his knee and it cracks and

1129  
00:46:26,510 --> 00:46:24,450  
this thing reacts it hears the Krakken

1130  
00:46:28,550 --> 00:46:26,520  
reacts and shines a light in his

1131  
00:46:31,130 --> 00:46:28,560  
direction and he he took off they

1132  
00:46:32,780 --> 00:46:31,140  
started seeing all kinds of orbs the

1133  
00:46:35,090 --> 00:46:32,790  
first ones were these white things that

1134  
00:46:37,120 --> 00:46:35,100  
would flit around it's not fireflies

1135  
00:46:39,650 --> 00:46:37,130  
they were about the size of a softball

1136  
00:46:41,510 --> 00:46:39,660  
floating around in the trees sometimes

1137  
00:46:43,070 --> 00:46:41,520  
they'd hover sometimes they'd come

1138  
00:46:46,100 --> 00:46:43,080

toward them then they started seeing

1139

00:46:49,160 --> 00:46:46,110

these red things also orbs that seemed

1140

00:46:50,870 --> 00:46:49,170

to design to go after their animals

1141

00:46:52,970 --> 00:46:50,880

scared the hell out of their animals

1142

00:46:54,920 --> 00:46:52,980

drove their wood divided their their

1143

00:46:56,930 --> 00:46:54,930

cows that would drive him off cliffs and

1144

00:46:59,600 --> 00:46:56,940

then the blue ones the Blue Meanies

1145

00:47:02,230 --> 00:46:59,610

these things were bigger than a softball

1146

00:47:04,640 --> 00:47:02,240

they would get real close they were

1147

00:47:07,010 --> 00:47:04,650

looked like it was made out of glass and

1148

00:47:10,490 --> 00:47:07,020

inside of them was this bubbling blue

1149

00:47:11,330 --> 00:47:10,500

liquid no means of propulsion they

1150

00:47:13,250 --> 00:47:11,340

couldn't figure out how these things

1151  
00:47:15,050 --> 00:47:13,260  
were flying but when these things would

1152  
00:47:17,210 --> 00:47:15,060  
get close both the animals and the

1153  
00:47:19,100 --> 00:47:17,220  
people it would drive them to their

1154  
00:47:21,110 --> 00:47:19,110  
knees with fear just drive them crazy

1155  
00:47:23,120 --> 00:47:21,120  
with fear like it was accessing a

1156  
00:47:24,860 --> 00:47:23,130  
flight-or-fight kind of

1157  
00:47:26,690 --> 00:47:24,870  
it thing in your head now it's weird

1158  
00:47:28,040 --> 00:47:26,700  
they had seen a lot of weird stuff they

1159  
00:47:32,570 --> 00:47:28,050  
were kind of getting used to

1160  
00:47:34,790 --> 00:47:32,580  
spooky scary stuff but this thing drove

1161  
00:47:37,250 --> 00:47:34,800  
them literally to their knees and and

1162  
00:47:39,680 --> 00:47:37,260  
mess with them they started having weird

1163  
00:47:41,390 --> 00:47:39,690

dreams in addition to seeing the things

1164

00:47:43,400 --> 00:47:41,400

outside the window they would have the

1165

00:47:45,800 --> 00:47:43,410

same dreams at night the husband and

1166

00:47:48,610 --> 00:47:45,810

wife and then in these dreams these

1167

00:47:51,440 --> 00:47:48,620

beings in the sky are watching him and

1168

00:47:54,470 --> 00:47:51,450

talking about him and they said oh yeah

1169

00:47:56,030 --> 00:47:54,480

Tom he knows he's where we're here when

1170

00:47:58,430 --> 00:47:56,040

they wake up and they both tell the same

1171

00:47:59,900 --> 00:47:58,440

dream again they're upset about it a

1172

00:48:01,340 --> 00:47:59,910

couple of times they would wake up and

1173

00:48:03,800 --> 00:48:01,350

they'd have these scoop marks on their

1174

00:48:06,230 --> 00:48:03,810

on their hands and fingers so that it's

1175

00:48:11,720 --> 00:48:06,240

really trying to scare the hell out of

1176

00:48:13,760 --> 00:48:11,730

them I'll tell you what they they

1177

00:48:15,380 --> 00:48:13,770

started in addition to all these UFOs

1178

00:48:17,000 --> 00:48:15,390

that they were saying their neighbors

1179

00:48:18,800 --> 00:48:17,010

were seeing him sometimes sombrero

1180

00:48:20,720 --> 00:48:18,810

shaped objects that would fly right into

1181

00:48:24,200 --> 00:48:20,730

skinwalker Ridge almost like it's a

1182

00:48:27,170 --> 00:48:24,210

holographic projection of some sort as

1183

00:48:28,910 --> 00:48:27,180

they Tom starts asking his neighbors he

1184

00:48:30,050 --> 00:48:28,920

finds out that pretty much everybody out

1185

00:48:32,330 --> 00:48:30,060

there has been seeing him and have been

1186

00:48:34,190 --> 00:48:32,340

seeing him for a long time and he I

1187

00:48:35,480 --> 00:48:34,200

guess he probably was wishing why didn't

1188

00:48:38,900 --> 00:48:35,490

somebody tell me that before I bought

1189

00:48:44,240 --> 00:48:38,910

this property they started losing

1190

00:48:47,150 --> 00:48:44,250

animals cattle now they've got 80 head

1191

00:48:49,430 --> 00:48:47,160

in their herd and these are expensive

1192

00:48:51,200 --> 00:48:49,440

animals and a lot of them started

1193

00:48:53,540 --> 00:48:51,210

disappearing altogether he would watch

1194

00:48:55,580 --> 00:48:53,550

he would you could follow the tracks in

1195

00:48:56,690 --> 00:48:55,590

the snow right into a snowbank and then

1196

00:48:59,810 --> 00:48:56,700

poof they're gone like they were

1197

00:49:01,070 --> 00:48:59,820

snatched out of the sky then they

1198

00:49:04,130 --> 00:49:01,080

started finding them that are cut up

1199

00:49:06,620 --> 00:49:04,140

classic mutilation stuff the neighbor

1200

00:49:07,100 --> 00:49:06,630

was having the same experiences mr.

1201  
00:49:09,440 --> 00:49:07,110  
Garcia

1202  
00:49:12,050 --> 00:49:09,450  
his cat had the one incident that he

1203  
00:49:13,340 --> 00:49:12,060  
told me about was he had two cows that

1204  
00:49:14,690 --> 00:49:13,350  
were in a special pen he had him

1205  
00:49:17,330 --> 00:49:14,700  
sequestered from the rest of the herd

1206  
00:49:18,350 --> 00:49:17,340  
he's in the house and they're locked

1207  
00:49:20,090 --> 00:49:18,360  
there's no way they're gonna get out

1208  
00:49:22,010 --> 00:49:20,100  
he's in the house and he looks out and

1209  
00:49:23,600 --> 00:49:22,020  
both of them are outside the corral that

1210  
00:49:25,610 --> 00:49:23,610  
he'd created outside the fence and

1211  
00:49:27,440 --> 00:49:25,620  
they're laying down and he goes rushing

1212  
00:49:30,110 --> 00:49:27,450  
out what the heck is going on these

1213  
00:49:31,730 --> 00:49:30,120

can't yet these cows had their legs were

1214

00:49:34,120 --> 00:49:31,740

broken their front legs are both broken

1215

00:49:36,160 --> 00:49:34,130

how did this happen

1216

00:49:38,020 --> 00:49:36,170

he goes back in the house he's gonna get

1217

00:49:41,290 --> 00:49:38,030

a gun and take him down he comes back

1218

00:49:43,240 --> 00:49:41,300

outside the cows are gone they didn't

1219

00:49:45,700 --> 00:49:43,250

walk their legs are broken they're in

1220

00:49:48,400 --> 00:49:45,710

severe pain goes back in the house

1221

00:49:49,960 --> 00:49:48,410

puzzled an hour later they're both back

1222

00:49:52,630 --> 00:49:49,970

he goes outside to see him now they've

1223

00:49:55,500 --> 00:49:52,640

got for all of their legs are broken as

1224

00:49:59,650 --> 00:49:55,510

if they had been dropped from the sky

1225

00:50:04,030 --> 00:49:59,660

the Gorman's lost a total of thirty head

1226

00:50:07,740 --> 00:50:04,040

and out of a herd of 80 animals that's

1227

00:50:11,560 --> 00:50:07,750

pretty bad that's that's a significant

1228

00:50:13,120 --> 00:50:11,570

loss there was one particular mutilation

1229

00:50:15,190 --> 00:50:13,130

incident that happened after the

1230

00:50:17,410 --> 00:50:15,200

scientific team was there and I think I

1231

00:50:19,090 --> 00:50:17,420

want to show you that now the Gorman's

1232

00:50:20,890 --> 00:50:19,100

were especially sensitive to the

1233

00:50:22,990 --> 00:50:20,900

incident with the Bulls because of the

1234

00:50:25,960 --> 00:50:23,000

losses they'd already suffered out of a

1235

00:50:28,270 --> 00:50:25,970

herd of 80 cattle they lost 14 head

1236

00:50:31,330 --> 00:50:28,280

prior to the arrival of knids some

1237

00:50:33,670 --> 00:50:31,340

disappeared others were sliced up 12

1238

00:50:35,830 --> 00:50:33,680

more cows and calves were killed while

1239

00:50:38,380 --> 00:50:35,840

knids was on the ranch their neighbors

1240

00:50:40,270 --> 00:50:38,390

the Garcias lost several animals as well

1241

00:50:42,040 --> 00:50:40,280

some of their cattle appeared to have

1242

00:50:44,590 --> 00:50:42,050

been killed by being dropped onto the

1243

00:50:46,600 --> 00:50:44,600

pasture from a great height the cattle

1244

00:50:49,150 --> 00:50:46,610

mutilation mystery has been reported in

1245

00:50:51,730 --> 00:50:49,160

at least 15 states dating back to the

1246

00:50:54,550 --> 00:50:51,740

1960s thousands of animals have been

1247

00:50:56,890 --> 00:50:54,560

sliced up with surgical precision mostly

1248

00:50:59,230 --> 00:50:56,900

under the cover of darkness if humans

1249

00:51:01,510 --> 00:50:59,240

are doing it not a single suspect has

1250

00:51:04,000 --> 00:51:01,520

ever been caught for the Gorman's the

1251  
00:51:06,580 --> 00:51:04,010  
livestock losses were devastating both

1252  
00:51:12,220 --> 00:51:06,590  
financially and psychologically and then

1253  
00:51:14,050 --> 00:51:12,230  
things got worse on March 10th 1997 Tom

1254  
00:51:16,330 --> 00:51:14,060  
Gorman and his wife walked out of their

1255  
00:51:18,820 --> 00:51:16,340  
home and into the pasture planning to

1256  
00:51:21,190 --> 00:51:18,830  
tag the ears of several calves that had

1257  
00:51:23,260 --> 00:51:21,200  
been born in the preceding days it was a

1258  
00:51:25,540 --> 00:51:23,270  
bright clear morning snow was on the

1259  
00:51:27,190 --> 00:51:25,550  
ground 50 yards from their house they

1260  
00:51:30,450 --> 00:51:27,200  
found the first calf was they were with

1261  
00:51:33,610 --> 00:51:30,460  
their their dog that the two of them

1262  
00:51:36,280 --> 00:51:33,620  
tagged and weighed this animal they they

1263  
00:51:40,930 --> 00:51:36,290

checked it at I believe was 84 pounds

1264

00:51:43,780 --> 00:51:40,940

or 87 pounds and they left the animal

1265

00:51:46,000 --> 00:51:43,790

there with it with the mother everything

1266

00:51:49,420 --> 00:51:46,010

seemed to be fine although they did

1267

00:51:52,840 --> 00:51:49,430

detect an odor in the air around this

1268

00:51:56,740 --> 00:51:52,850

area they they detected a strong musk

1269

00:51:59,710 --> 00:51:56,750

smell they took note of it and then they

1270

00:52:02,020 --> 00:51:59,720

headed west and they went about 300

1271

00:52:04,870 --> 00:52:02,030

yards west beyond that the dog run was

1272

00:52:08,800 --> 00:52:04,880

not was not there at the time but about

1273

00:52:12,010 --> 00:52:08,810

300 yards beyond towards where that

1274

00:52:14,710 --> 00:52:12,020

incline is and they were tagging a

1275

00:52:16,600 --> 00:52:14,720

second animal only 30 to 40 minutes had

1276

00:52:19,000 --> 00:52:16,610

passed the Gorman's had an unobstructed

1277

00:52:20,850 --> 00:52:19,010

view of everything in the field but

1278

00:52:23,350 --> 00:52:20,860

didn't see or hear anything unusual

1279

00:52:25,960 --> 00:52:23,360

until their dog focused its attention

1280

00:52:28,750 --> 00:52:25,970

back toward the house and the first calf

1281

00:52:31,090 --> 00:52:28,760

the dog with them down here at this

1282

00:52:32,950 --> 00:52:31,100

stage began to act really strangely it

1283

00:52:35,320 --> 00:52:32,960

started growling the hair on the back of

1284

00:52:39,220 --> 00:52:35,330

its neck went up and it started facing

1285

00:52:42,790 --> 00:52:39,230

back towards here growling and snarling

1286

00:52:44,770 --> 00:52:42,800

and then it just took off west away from

1287

00:52:45,340 --> 00:52:44,780

this spot it just took off he was never

1288

00:52:47,500 --> 00:52:45,350

seen again

1289

00:52:49,450 --> 00:52:47,510

the Gorman's were curious and walked

1290

00:52:52,630 --> 00:52:49,460

back across the field first thing they

1291

00:52:57,520 --> 00:52:52,640

saw was the mother of the animal was

1292

00:53:00,310 --> 00:52:57,530

running back and forth kind of in a sort

1293

00:53:02,680 --> 00:53:00,320

of half circle from about this area to

1294

00:53:04,810 --> 00:53:02,690

the fence line just running back and

1295

00:53:07,060 --> 00:53:04,820

forth and it was limping I mean it was

1296

00:53:10,630 --> 00:53:07,070

dragging its foot it was limping they

1297

00:53:12,250 --> 00:53:10,640

met the animal and they noticed that it

1298

00:53:14,800 --> 00:53:12,260

was just totally out of breath

1299

00:53:17,080 --> 00:53:14,810

it was panting it was obviously in deep

1300

00:53:19,450 --> 00:53:17,090

stress and it was dragging one leg and

1301  
00:53:20,440 --> 00:53:19,460  
then they noticed the calf or what was

1302  
00:53:22,630 --> 00:53:20,450  
left of it

1303  
00:53:26,410 --> 00:53:22,640  
spread-eagled on the ground just about

1304  
00:53:29,410 --> 00:53:26,420  
here with was it was lying with all four

1305  
00:53:30,120 --> 00:53:29,420  
limbs just spread on the ground all of

1306  
00:53:32,960 --> 00:53:30,130  
it in turn

1307  
00:53:36,390 --> 00:53:32,970  
body cavity was gone it was completely

1308  
00:53:40,049 --> 00:53:36,400  
pretty well all of its muscle was gone

1309  
00:53:43,680 --> 00:53:40,059  
from from the torso the legs were still

1310  
00:53:47,279 --> 00:53:43,690  
intact but the one of the ears was also

1311  
00:53:49,499 --> 00:53:47,289  
gone so they called ned's the rancher

1312  
00:53:51,480 --> 00:53:49,509  
placed a call to the knids investigators

1313  
00:53:53,609 --> 00:53:51,490

who'd returned to las vegas for a rare

1314

00:53:56,039 --> 00:53:53,619

weekend off within a few hours a

1315

00:53:59,730 --> 00:53:56,049

four-man team including a veterinarian

1316

00:54:01,230 --> 00:53:59,740

was on the scene that crosby started now

1317

00:54:03,089 --> 00:54:01,240

the first thing that the veterinarian

1318

00:54:04,890 --> 00:54:03,099

noticed adjourned the necropsy was the

1319

00:54:07,910 --> 00:54:04,900

theme the ear of the animal had been

1320

00:54:10,980 --> 00:54:07,920

sliced off with a very sharp instrument

1321

00:54:13,950 --> 00:54:10,990

possibly a scalpel and the ear had

1322

00:54:18,900 --> 00:54:13,960

contained a very large plastic yellow

1323

00:54:22,650 --> 00:54:18,910

tag an ear tag that they had just put on

1324

00:54:26,249 --> 00:54:22,660

and it was gone so the net crows he

1325

00:54:27,990 --> 00:54:26,259

proceeded a boat 10 feet away from the

1326

00:54:30,420 --> 00:54:28,000

animal there was a femur one of the

1327

00:54:32,910 --> 00:54:30,430

femurs had been forcibly ripped out of a

1328

00:54:34,890 --> 00:54:32,920

ball-and-socket joint which is extremely

1329

00:54:37,499 --> 00:54:34,900

difficult to do I mean in terms of

1330

00:54:39,420 --> 00:54:37,509

strength was it looked initially you

1331

00:54:41,940 --> 00:54:39,430

know superficially like a massive

1332

00:54:44,430 --> 00:54:41,950

predator had just laying waste to this

1333

00:54:47,160 --> 00:54:44,440

animal removed you know 60 pounds of

1334

00:54:48,839 --> 00:54:47,170

meat in 45 minutes which we don't know

1335

00:54:51,059 --> 00:54:48,849

of any predator that could have done

1336

00:54:53,460 --> 00:54:51,069

that and how could a predator inflict

1337

00:54:56,190 --> 00:54:53,470

such carnage without being seen or heard

1338

00:54:58,079 --> 00:54:56,200

by the rancher his wife or his dog who

1339

00:55:00,299 --> 00:54:58,089

were a few hundred yards away in the

1340

00:55:03,059 --> 00:55:00,309

same field on what was a quiet Sunday

1341

00:55:05,519 --> 00:55:03,069

morning no four-legged predator known to

1342

00:55:07,680 --> 00:55:05,529

science could do it the team gathered

1343

00:55:10,319 --> 00:55:07,690

tissue and bone samples which were sent

1344

00:55:12,660 --> 00:55:10,329

to three independent pathology labs the

1345

00:55:14,670 --> 00:55:12,670

results arrived later but confirmed what

1346

00:55:17,069 --> 00:55:14,680

seemed obvious in the pasture that day

1347

00:55:19,620 --> 00:55:17,079

the calf had been carved up by someone

1348

00:55:22,140 --> 00:55:19,630

wielding sharp metallic instruments a

1349

00:55:24,720 --> 00:55:22,150

heavy machete like object had slammed

1350

00:55:27,390 --> 00:55:24,730

into the bones a smaller scalpel like

1351  
00:55:29,370 --> 00:55:27,400  
knife had sliced the hide and muscle but

1352  
00:55:31,289 --> 00:55:29,380  
a closer inspection revealed that it was

1353  
00:55:34,829 --> 00:55:31,299  
definitely sharp instruments used there

1354  
00:55:38,740 --> 00:55:34,839  
was no sign of blood was no sign of

1355  
00:55:40,450 --> 00:55:38,750  
entrails around it was perfectly clean

1356  
00:55:42,490 --> 00:55:40,460  
not a drop of blood on the grass we went

1357  
00:55:43,960 --> 00:55:42,500  
even as far as doing an experiment by

1358  
00:55:46,450 --> 00:55:43,970  
pouring blood on the grass to see how

1359  
00:55:48,940 --> 00:55:46,460  
fast would seep through videotaped the

1360  
00:55:50,589 --> 00:55:48,950  
grass and showed you know even two days

1361  
00:55:52,480 --> 00:55:50,599  
later you could still see the stain on

1362  
00:55:54,579 --> 00:55:52,490  
the grass so there was no blood

1363  
00:55:57,010 --> 00:55:54,589

whatsoever not a single drop either

1364

00:55:59,819 --> 00:55:57,020

underneath the animal on the animal or

1365

00:56:02,170 --> 00:55:59,829

on the grass it was just completely a

1366

00:56:04,390 --> 00:56:02,180

professional tracker was brought in he

1367

00:56:06,069 --> 00:56:04,400

scoured every inch of ground in and

1368

00:56:09,190 --> 00:56:06,079

around the field looking for tracks

1369

00:56:11,470 --> 00:56:09,200

human animal or vehicle nothing

1370

00:56:14,349 --> 00:56:11,480

eventually the investigators reached an

1371

00:56:16,030 --> 00:56:14,359

unsettling conclusion the bottom line is

1372

00:56:18,280 --> 00:56:16,040

this animal must have been killed

1373

00:56:20,170 --> 00:56:18,290

elsewhere because there was no blood

1374

00:56:21,760 --> 00:56:20,180

there was no blood on the scene and then

1375

00:56:25,140 --> 00:56:21,770

the animal must have been brought back

1376

00:56:28,630 --> 00:56:25,150

laid down carefully almost you know

1377

00:56:30,400 --> 00:56:28,640

really almost ritually on the spot where

1378

00:56:32,710 --> 00:56:30,410

it had been tagged the knids team

1379

00:56:34,720 --> 00:56:32,720

investigated dozens of mutilation cases

1380

00:56:37,569 --> 00:56:34,730

across the country many of the tissue

1381

00:56:39,940 --> 00:56:37,579

samples were analyzed in needs own lab

1382

00:56:42,670 --> 00:56:39,950

in Las Vegas and then double-checked by

1383

00:56:45,309 --> 00:56:42,680

independent labs they hired the Utah

1384

00:56:47,849 --> 00:56:45,319

calf was in a category all its own it

1385

00:56:50,170 --> 00:56:47,859

seemed akin to psychological warfare

1386

00:56:52,240 --> 00:56:50,180

intended to shock and frighten the

1387

00:56:54,099 --> 00:56:52,250

witnesses the following night there was

1388

00:56:56,620 --> 00:56:54,109

another scare in the darkness of the

1389

00:56:58,410 --> 00:56:56,630

first homestead shots were fired at

1390

00:57:01,180 --> 00:56:58,420

something that had rattled the herd

1391

00:57:03,430 --> 00:57:01,190

eventually colum Kelleher surmised that

1392

00:57:05,800 --> 00:57:03,440

the perpetrators responsible for the

1393

00:57:08,500 --> 00:57:05,810

calf were mechanical like an assembly

1394

00:57:11,140 --> 00:57:08,510

line in a meat packing plant a machine

1395

00:57:14,200 --> 00:57:11,150

was involved with this carnage whatever

1396

00:57:17,830 --> 00:57:14,210

happened to that calf was an

1397

00:57:22,920 --> 00:57:17,840

extraordinary skillful job

1398

00:57:27,970 --> 00:57:25,120

so let me tell you about the shots that

1399

00:57:29,950 --> 00:57:27,980

were fired after this calf incident

1400

00:57:31,420 --> 00:57:29,960

everybody's pretty much on edge we've

1401  
00:57:32,920 --> 00:57:31,430  
kind of jumped ahead because I haven't

1402  
00:57:35,580 --> 00:57:32,930  
told you about the mids arrival but I'll

1403  
00:57:38,890 --> 00:57:35,590  
get to it so everyone's kind of on edge

1404  
00:57:41,020 --> 00:57:38,900  
animals the dogs the the people

1405  
00:57:42,460 --> 00:57:41,030  
everybody was kind of hunkered down and

1406  
00:57:45,010 --> 00:57:42,470  
hiding there was just a sense of

1407  
00:57:47,680 --> 00:57:45,020  
foreboding on the property and then the

1408  
00:57:49,570 --> 00:57:47,690  
rancher hears these cows making noise

1409  
00:57:51,550 --> 00:57:49,580  
bellowing out in the first homestead

1410  
00:57:52,030 --> 00:57:51,560  
near that near where this calf had been

1411  
00:57:54,370 --> 00:57:52,040  
killed

1412  
00:57:56,680 --> 00:57:54,380  
he's figures I'm not losing another

1413  
00:57:58,930 --> 00:57:56,690

animal and he grabs his rifle and jumps

1414

00:58:00,730 --> 00:57:58,940

in his truck and takes off toward that

1415

00:58:02,470 --> 00:58:00,740

where the noise is coming from two guys

1416

00:58:04,510 --> 00:58:02,480

from knids two scientists

1417

00:58:06,820 --> 00:58:04,520

jump in their car and they go after him

1418

00:58:09,220 --> 00:58:06,830

and they're videotaping part of it the

1419

00:58:12,400 --> 00:58:09,230

rancher jumps out of his truck he sees

1420

00:58:14,980 --> 00:58:12,410

two things at the bottom of this tree is

1421

00:58:16,990 --> 00:58:14,990

a really big round thing looks like a

1422

00:58:19,900 --> 00:58:17,000

big hairy bear except there it's just

1423

00:58:21,850 --> 00:58:19,910

it's a circle and up in the tree is some

1424

00:58:25,480 --> 00:58:21,860

eyes and these eyes are like this big

1425

00:58:27,370 --> 00:58:25,490

and they're yellow in the tree above

1426  
00:58:29,230 --> 00:58:27,380  
where the the thing is at the bottom he

1427  
00:58:31,420 --> 00:58:29,240  
pulls out his rifle and pops this thing

1428  
00:58:33,310 --> 00:58:31,430  
that's on the bottom and he yells out I

1429  
00:58:36,670 --> 00:58:33,320  
hit it and as soon as he hit it it

1430  
00:58:39,010 --> 00:58:36,680  
disappeared boom like it like a balloon

1431  
00:58:41,350 --> 00:58:39,020  
exploding then he starts shooting at the

1432  
00:58:43,270 --> 00:58:41,360  
ice in the tree and he hit that too

1433  
00:58:46,120 --> 00:58:43,280  
because something whatever it was fell

1434  
00:58:48,460 --> 00:58:46,130  
out of the tree and at the bottom it was

1435  
00:58:50,530 --> 00:58:48,470  
still there was still snow in patches in

1436  
00:58:52,900 --> 00:58:50,540  
that in that area at that time of the

1437  
00:58:56,910 --> 00:58:52,910  
year and this thing whatever it was left

1438  
00:59:00,010 --> 00:58:56,920

a footprint in snow and it looked like

1439

00:59:03,640 --> 00:59:00,020

claws it looked like a raptor like great

1440

00:59:06,250 --> 00:59:03,650

big claws the rancher and the two guys

1441

00:59:07,840 --> 00:59:06,260

from knids go into the brush to look for

1442

00:59:10,540 --> 00:59:07,850

it there's no blood or anything but that

1443

00:59:12,070 --> 00:59:10,550

track which they videotaped told them

1444

00:59:15,460 --> 00:59:12,080

that there was an animal of some kind

1445

00:59:16,840 --> 00:59:15,470

there like a dinosaur and they went

1446

00:59:18,640 --> 00:59:16,850

after it they went into the brush with

1447

00:59:21,070 --> 00:59:18,650

the guns in the dead of night out there

1448

00:59:23,410 --> 00:59:21,080

looking for it they never found it I

1449

00:59:25,270 --> 00:59:23,420

think probably thank goodness I want to

1450

00:59:27,430 --> 00:59:25,280

back up to another story that happened

1451  
00:59:30,040 --> 00:59:27,440  
before you saw the freeze-frame of the

1452  
00:59:32,049 --> 00:59:30,050  
Bulls that were looking really surly and

1453  
00:59:33,519 --> 00:59:32,059  
angry

1454  
00:59:35,949 --> 00:59:33,529  
whatever this thing was this

1455  
00:59:38,170 --> 00:59:35,959  
intelligence it was a trickster it

1456  
00:59:39,819 --> 00:59:38,180  
played mind games it was always one step

1457  
00:59:42,939 --> 00:59:39,829  
ahead of everybody he can anticipate

1458  
00:59:45,039 --> 00:59:42,949  
what the rancher and his family and what

1459  
00:59:47,199 --> 00:59:45,049  
the scientists who eventually came there

1460  
00:59:48,969 --> 00:59:47,209  
we're going to do next you put up a

1461  
00:59:49,900 --> 00:59:48,979  
camera in an area where there's been a

1462  
00:59:51,640 --> 00:59:49,910  
lot of activity

1463  
00:59:53,709 --> 00:59:51,650

there's nothing happens there anymore it

1464

00:59:55,630 --> 00:59:53,719

moves over here and it just played mind

1465

00:59:58,599 --> 00:59:55,640

games and the Bulls is the example

1466

01:00:00,400 --> 00:59:58,609

you'll recall that that Corral with the

1467

01:00:03,039 --> 01:00:00,410

the white trailer in it

1468

01:00:04,660 --> 01:00:03,049

well the rancher and his wife are

1469

01:00:06,309 --> 01:00:04,670

heading to the third homestead they're

1470

01:00:08,109 --> 01:00:06,319

in the truck they've lost a bunch of

1471

01:00:09,549 --> 01:00:08,119

animals they're about ready to go under

1472

01:00:12,130 --> 01:00:09,559

and the rancher says to his wife you

1473

01:00:13,259 --> 01:00:12,140

know if we something happens to one of

1474

01:00:16,539 --> 01:00:13,269

those bulls

1475

01:00:19,870 --> 01:00:16,549

we'll go we're done they had four Bulls

1476

01:00:22,989 --> 01:00:19,880

these four very expensive 2,500 pound

1477

01:00:24,939 --> 01:00:22,999

powerful monster animals and they're all

1478

01:00:27,189 --> 01:00:24,949

in the corral in their Corral that day

1479

01:00:29,229 --> 01:00:27,199

they drive down to the third homestead

1480

01:00:32,469 --> 01:00:29,239

they come back they're gone 25 minutes

1481

01:00:34,359 --> 01:00:32,479

the Bulls are gone they're freaking out

1482

01:00:36,429 --> 01:00:34,369

they jump out start looking around how

1483

01:00:38,380 --> 01:00:36,439

is this possible there's nobody here

1484

01:00:40,390 --> 01:00:38,390

it's not rustlers they they couldn't get

1485

01:00:43,049 --> 01:00:40,400

into the property and if they did these

1486

01:00:45,400 --> 01:00:43,059

Bulls are not easy to move around

1487

01:00:47,380 --> 01:00:45,410

they're there looking all over the place

1488

01:00:49,029 --> 01:00:47,390

scrambling he the rancher goes over

1489

01:00:51,789 --> 01:00:49,039

there's a grate at the top of the the

1490

01:00:53,709 --> 01:00:51,799

trailer just on a whim he looks inside

1491

01:00:55,479 --> 01:00:53,719

all four of the Bulls are inside this

1492

01:00:57,339 --> 01:00:55,489

trailer they're crammed together

1493

01:00:59,199 --> 01:00:57,349

there's no there's no way you could

1494

01:01:01,569 --> 01:00:59,209

you'd need a forklift to get one of them

1495

01:01:03,519 --> 01:01:01,579

in that trailer and to get all four of

1496

01:01:05,669 --> 01:01:03,529

them in in that amount of time crammed

1497

01:01:09,279 --> 01:01:05,679

in there and they were like in a trance

1498

01:01:10,959 --> 01:01:09,289

they were he yells to his wife hey I

1499

01:01:13,719 --> 01:01:10,969

found him they're over here and when he

1500

01:01:15,640 --> 01:01:13,729

yelled they wake up and they start

1501  
01:01:17,410 --> 01:01:15,650  
kicking the hell out of the the sides of

1502  
01:01:19,569 --> 01:01:17,420  
this tree that the trailer and they

1503  
01:01:22,689 --> 01:01:19,579  
knocked a hole in that that's where you

1504  
01:01:24,130 --> 01:01:22,699  
saw that big piece of wood in the side

1505  
01:01:26,049 --> 01:01:24,140  
of the thing and then they got out and

1506  
01:01:28,239 --> 01:01:26,059  
the photo that we showed yeah that's the

1507  
01:01:30,099 --> 01:01:28,249  
that's that's where they kicked it out

1508  
01:01:32,769 --> 01:01:30,109  
and got out but they were in a pretty

1509  
01:01:34,660 --> 01:01:32,779  
bad mood for a while now all right I

1510  
01:01:37,029 --> 01:01:34,670  
guess somebody could do a trick like

1511  
01:01:38,439 --> 01:01:37,039  
that but here's here's the other part of

1512  
01:01:40,269 --> 01:01:38,449  
the mystery the dudes guys were not

1513  
01:01:42,339 --> 01:01:40,279

there that day but they the rancher

1514

01:01:43,599 --> 01:01:42,349

called and told them about it they flew

1515

01:01:45,080 --> 01:01:43,609

from Las Vegas they were there in a

1516

01:01:47,330 --> 01:01:45,090

couple of hours

1517

01:01:49,250 --> 01:01:47,340

they start using instrumentation to see

1518

01:01:53,300 --> 01:01:49,260

if they can detect anything and the

1519

01:01:56,210 --> 01:01:53,310

entire Corral was magnetized like

1520

01:01:58,220 --> 01:01:56,220

whatever technology or method was used

1521

01:02:01,430 --> 01:01:58,230

to get those bulls Murray uncooperative

1522

01:02:04,880 --> 01:02:01,440

mean animals into that force them into

1523

01:02:06,770 --> 01:02:04,890

that trailer had somehow magnetized the

1524

01:02:08,750 --> 01:02:06,780

entire Corral and stayed magnetized for

1525

01:02:11,570 --> 01:02:08,760

several hours the funny thing is the

1526

01:02:13,790 --> 01:02:11,580

door had not been opened there's a

1527

01:02:15,380 --> 01:02:13,800

there's a thing of wire that was still

1528

01:02:17,510 --> 01:02:15,390

around it so whoever got him in there

1529

01:02:19,880 --> 01:02:17,520

didn't use the door and there were even

1530

01:02:21,680 --> 01:02:19,890

cobwebs on the inside that door that

1531

01:02:24,320 --> 01:02:21,690

we're still there so that's a pretty

1532

01:02:25,940 --> 01:02:24,330

weird thing and then to have the the

1533

01:02:28,310 --> 01:02:25,950

calf mutilation right after that

1534

01:02:30,980 --> 01:02:28,320

followed by the dinosaur they're really

1535

01:02:33,910 --> 01:02:30,990

messed up so they had a whole range of

1536

01:02:36,230 --> 01:02:33,920

other weird stuff going on they had

1537

01:02:38,480 --> 01:02:36,240

something you'd call Bigfoot they saw a

1538

01:02:40,430 --> 01:02:38,490

family a Bigfoot at one point four of

1539

01:02:42,770 --> 01:02:40,440

them they would see these things eight

1540

01:02:44,960 --> 01:02:42,780

feet tall running across the the

1541

01:02:46,790 --> 01:02:44,970

pastures they would see something that

1542

01:02:48,410 --> 01:02:46,800

was invisible that would you could tell

1543

01:02:50,420 --> 01:02:48,420

it was going through the water it would

1544

01:02:52,340 --> 01:02:50,430

displace water and then get out and

1545

01:02:54,230 --> 01:02:52,350

water is dripping off of whatever the

1546

01:02:56,300 --> 01:02:54,240

heck it was it would go through their

1547

01:02:58,340 --> 01:02:56,310

cattle scared the hell out of their

1548

01:02:59,900 --> 01:02:58,350

cattle just divide the whole herd like

1549

01:03:01,850 --> 01:02:59,910

something going right through it they

1550

01:03:04,250 --> 01:03:01,860

would smell it they could smell it it

1551

01:03:06,050 --> 01:03:04,260

was this powerful musk smell and

1552

01:03:07,880 --> 01:03:06,060

whenever that musk smell was happening

1553

01:03:11,270 --> 01:03:07,890

they knew something bad was gonna go on

1554

01:03:14,240 --> 01:03:11,280

there were huge what we would call like

1555

01:03:16,910 --> 01:03:14,250

crop circles burned areas big circle

1556

01:03:18,740 --> 01:03:16,920

circles eight feet across in a

1557

01:03:20,960 --> 01:03:18,750

triangular pattern there was one

1558

01:03:22,370 --> 01:03:20,970

incident that got picked up it's part of

1559

01:03:24,260 --> 01:03:22,380

the reason that Bob Bigelow heard about

1560

01:03:27,080 --> 01:03:24,270

the ranch something went down into the

1561

01:03:30,110 --> 01:03:27,090

third homestead at night and dug dozens

1562

01:03:32,000 --> 01:03:30,120

of holes big scoops hundreds of pounds

1563

01:03:35,690 --> 01:03:32,010

of soil each it was like somebody took a

1564

01:03:39,350 --> 01:03:35,700

giant cookie cutter lifted and used

1565

01:03:41,930 --> 01:03:39,360

a crane to put it down there and pick up

1566

01:03:44,450 --> 01:03:41,940

these hundreds of pounds of soil dozens

1567

01:03:46,160 --> 01:03:44,460

of them appeared overnight they were

1568

01:03:48,170 --> 01:03:46,170

still there the first time I could you

1569

01:03:50,840 --> 01:03:48,180

could still see him the first time I was

1570

01:03:52,630 --> 01:03:50,850

visiting they had a UFO that came up

1571

01:03:55,010 --> 01:03:52,640

that over that same part of the property

1572

01:03:57,220 --> 01:03:55,020

the rancher kind of joked about it it

1573

01:03:58,839 --> 01:03:57,230

was pilot error that clipped

1574

01:04:02,260 --> 01:03:58,849

the tops off of these top cottonwood

1575

01:04:03,819 --> 01:04:02,270

trees 56 50 or so feet of the top of

1576

01:04:06,730 --> 01:04:03,829

these trees were chopped off and it was

1577

01:04:10,930 --> 01:04:06,740

a big like a little you left in the tops

1578

01:04:13,990 --> 01:04:10,940

of these trees all of this is of course

1579

01:04:17,290 --> 01:04:14,000

taking a toll on the family I having a

1580

01:04:20,620 --> 01:04:17,300

hard time with it by the time the knids

1581

01:04:23,349 --> 01:04:20,630

guys arrived the story of those those

1582

01:04:24,819 --> 01:04:23,359

cookie cutter soil things a photo was

1583

01:04:27,700 --> 01:04:24,829

taken it gets picked up by the local

1584

01:04:29,589 --> 01:04:27,710

paper then by The Associated Press and a

1585

01:04:31,990 --> 01:04:29,599

story is done Zak van Eyck I think of

1586

01:04:34,030 --> 01:04:32,000

Deseret news to some stories about this

1587

01:04:35,920 --> 01:04:34,040

UFO ranch where some weird stuff had

1588

01:04:38,200 --> 01:04:35,930

happened the rancher meets with him he

1589

01:04:39,940 --> 01:04:38,210

tells him about UFOs and he tells him

1590

01:04:41,890 --> 01:04:39,950

about the mutilations but he doesn't

1591

01:04:43,810 --> 01:04:41,900

tell him these other stories and so when

1592

01:04:45,310 --> 01:04:43,820

we came out with that stuff a lot of

1593

01:04:48,660 --> 01:04:45,320

people didn't thought we were making it

1594

01:04:51,250 --> 01:04:48,670

up but we weren't the families messed up

1595

01:04:53,620 --> 01:04:51,260

by the time knids arrived they're all

1596

01:04:57,339 --> 01:04:53,630

sleeping in the same room on the floor

1597

01:04:58,900 --> 01:04:57,349

at night for safety and comfort the kids

1598

01:05:00,700 --> 01:04:58,910

who'd been straight-a students were on

1599

01:05:02,410 --> 01:05:00,710

the verge of dropping out of school the

1600

01:05:05,109 --> 01:05:02,420

wife had been vice-president of the bank

1601  
01:05:07,180 --> 01:05:05,119  
had lost her job the dad's about ready

1602  
01:05:09,550 --> 01:05:07,190  
to lose it he thinks it's a government

1603  
01:05:11,410 --> 01:05:09,560  
or he's starting to suspect that

1604  
01:05:13,870 --> 01:05:11,420  
something beyond government because of

1605  
01:05:16,270 --> 01:05:13,880  
the other things that that happened

1606  
01:05:19,089 --> 01:05:16,280  
there he's on the phone one night with

1607  
01:05:21,790 --> 01:05:19,099  
the friend of mine in Las Vegas he's got

1608  
01:05:24,880 --> 01:05:21,800  
these three big dogs big tough country

1609  
01:05:27,609 --> 01:05:24,890  
dogs that are chasing one of these Blue

1610  
01:05:30,160 --> 01:05:27,619  
Meanies these blue orbs this thing is

1611  
01:05:32,050 --> 01:05:30,170  
floating just above the heads of these

1612  
01:05:35,140 --> 01:05:32,060  
dogs who are jumping up and snapping at

1613  
01:05:37,870 --> 01:05:35,150

it and it's leading the dogs across the

1614

01:05:39,819 --> 01:05:37,880

pasture and he's telling mr. big lo he

1615

01:05:42,280 --> 01:05:39,829

says hey something's happening here I

1616

01:05:44,230 --> 01:05:42,290

got to go he hangs up the phone and

1617

01:05:46,750 --> 01:05:44,240

right at that point this this blue thing

1618

01:05:49,809 --> 01:05:46,760

led the dogs into the brush and out of

1619

01:05:53,829 --> 01:05:49,819

his line of sight and then he hears

1620

01:05:56,470 --> 01:05:53,839

these shrieks and the dogs are gone he

1621

01:05:58,120 --> 01:05:56,480

goes out there and looks and on the spot

1622

01:06:01,180 --> 01:05:58,130

where the dogs had gone into the brush

1623

01:06:04,300 --> 01:06:01,190

there's these three greasy spots on the

1624

01:06:06,460 --> 01:06:04,310

ground the animals never came back it

1625

01:06:09,069 --> 01:06:06,470

looks like they'd been vaporized by

1626  
01:06:10,930 --> 01:06:09,079  
something that was pretty much it for

1627  
01:06:12,819 --> 01:06:10,940  
the family they'd they'd had enough

1628  
01:06:15,309 --> 01:06:12,829  
I'll tell you another thing that it

1629  
01:06:16,960 --> 01:06:15,319  
happened the word starts to get out

1630  
01:06:20,470 --> 01:06:16,970  
about the ranch before the knids guys

1631  
01:06:22,299 --> 01:06:20,480  
arrived and people start showing up

1632  
01:06:24,789 --> 01:06:22,309  
there's like men and black type people

1633  
01:06:27,309 --> 01:06:24,799  
around the periphery watching

1634  
01:06:29,319 --> 01:06:27,319  
there are overflights of strange not

1635  
01:06:30,819 --> 01:06:29,329  
just UFO is just strange craft black

1636  
01:06:37,000 --> 01:06:30,829  
helicopters that kind of stuff right out

1637  
01:06:39,250 --> 01:06:37,010  
of right out of UFO lore and again it

1638  
01:06:41,559 --> 01:06:39,260

felt like they were being watched so one

1639

01:06:44,260 --> 01:06:41,569

day this guy shows up at the front gate

1640

01:06:45,910 --> 01:06:44,270

and gets the attention of the rancher he

1641

01:06:49,210 --> 01:06:45,920

says I've driven he looks like Grizzly

1642

01:06:51,490 --> 01:06:49,220

Adams big husky due to the big beard

1643

01:06:53,500 --> 01:06:51,500

he says I've driven hundreds of miles

1644

01:06:56,859 --> 01:06:53,510

here I've been drawn to this property

1645

01:06:59,440 --> 01:06:56,869

can you let me meditate out here the

1646

01:07:02,049 --> 01:06:59,450

ranchers aren't you crazy come on man

1647

01:07:03,640 --> 01:07:02,059

and he keeps he's insisting please you

1648

01:07:05,500 --> 01:07:03,650

know I'll leave my car here you can drop

1649

01:07:06,730 --> 01:07:05,510

me wherever you want and I'll get away I

1650

01:07:07,809 --> 01:07:06,740

just want to do it for a couple of them

1651  
01:07:09,789 --> 01:07:07,819  
you know half an hour or something like

1652  
01:07:11,620 --> 01:07:09,799  
that they finally talked him into it he

1653  
01:07:12,970 --> 01:07:11,630  
in the Sun let the guy get in their

1654  
01:07:17,920 --> 01:07:12,980  
truck they drive them to the middle

1655  
01:07:19,690 --> 01:07:17,930  
homestead my chair and the guy is like

1656  
01:07:21,700 --> 01:07:19,700  
looking at the sky and chanting and

1657  
01:07:23,200 --> 01:07:21,710  
stuff and the rancher and his kid or

1658  
01:07:25,990 --> 01:07:23,210  
lean on their truck and looking what

1659  
01:07:27,309 --> 01:07:26,000  
this crazy sob is doing they're getting

1660  
01:07:31,120 --> 01:07:27,319  
it could chuckle out of it and then they

1661  
01:07:33,760 --> 01:07:31,130  
hear a noise they hear a cowbell in the

1662  
01:07:35,200 --> 01:07:33,770  
brush out there ding-a-ling-a-ling they

1663  
01:07:37,029 --> 01:07:35,210

don't have any cow bells on their cows

1664

01:07:39,609 --> 01:07:37,039

they're hearing this noise and they

1665

01:07:41,740 --> 01:07:39,619

start seeing something Oh cake moving

1666

01:07:43,960 --> 01:07:41,750

through the brush can't quite make out a

1667

01:07:45,670 --> 01:07:43,970

figure of it like what is going on this

1668

01:07:47,920 --> 01:07:45,680

guy's oblivious to it he's talking to

1669

01:07:50,980 --> 01:07:47,930

the cosmos and this suddenly this thing

1670

01:07:54,130 --> 01:07:50,990

comes out of the brush it's like the

1671

01:07:56,349 --> 01:07:54,140

movie predator where they the camouflage

1672

01:07:58,839 --> 01:07:56,359

technology is used that's what this

1673

01:08:00,579 --> 01:07:58,849

thing looks like it it bends light it

1674

01:08:02,410 --> 01:08:00,589

comes right up to this guy who's still

1675

01:08:03,849 --> 01:08:02,420

got his eyes closed and it lets out a

1676

01:08:06,220 --> 01:08:03,859

roar right in front of his face this

1677

01:08:07,539 --> 01:08:06,230

roar you could hear for like a mile I

1678

01:08:11,010 --> 01:08:07,549

like a lion

1679

01:08:12,640 --> 01:08:11,020

this guy just about shits his pants

1680

01:08:15,250 --> 01:08:12,650

pardon me

1681

01:08:17,950 --> 01:08:15,260

he flies in the back he flies under

1682

01:08:19,780 --> 01:08:17,960

lands on the ground this thing goes back

1683

01:08:21,640 --> 01:08:19,790

into the bushes the rancher and his son

1684

01:08:23,220 --> 01:08:21,650

come over are you okay he grabs on to

1685

01:08:24,930 --> 01:08:23,230

the rancher he won't let go get

1686

01:08:27,630 --> 01:08:24,940

me the hell out of here this place is

1687

01:08:29,249 --> 01:08:27,640

cursed its demons and they take him to

1688

01:08:32,340 --> 01:08:29,259

the front gate and he's yelling and

1689

01:08:34,320 --> 01:08:32,350

screaming the whole way but that was the

1690

01:08:35,820 --> 01:08:34,330

story I was told before they put me on

1691

01:08:40,499 --> 01:08:35,830

the chair right in that spot so I was

1692

01:08:44,070 --> 01:08:40,509

thinking I'm good with UFOs orbs fine no

1693

01:08:45,570 --> 01:08:44,080

predator please so there were a lot of

1694

01:08:47,460 --> 01:08:45,580

those kinds of things that really messed

1695

01:08:49,110 --> 01:08:47,470

with the family when Bob Bigelow sees

1696

01:08:50,940 --> 01:08:49,120

the story that had been picked up a

1697

01:08:52,349 --> 01:08:50,950

Associated Press he wastes no time he

1698

01:08:54,329 --> 01:08:52,359

hops on a plane he goes to see the

1699

01:08:56,190 --> 01:08:54,339

rancher he brings colum Kelleher and

1700

01:08:58,440 --> 01:08:56,200

John Alexander with him they hear these

1701

01:09:00,360 --> 01:08:58,450

stories it takes a while to win his

1702

01:09:04,979 --> 01:09:00,370

trust and then they said how about if I

1703

01:09:07,470 --> 01:09:04,989

buy the ranch and the guy says sold the

1704

01:09:09,930 --> 01:09:07,480

family Bigelow got him a place somewhere

1705

01:09:12,210 --> 01:09:09,940

else in the same area the rancher was

1706

01:09:14,190 --> 01:09:12,220

not ready to give up this guy is tough

1707

01:09:16,470 --> 01:09:14,200

he doesn't want to be run off his

1708

01:09:18,809 --> 01:09:16,480

property so they hired him to stay on as

1709

01:09:20,280 --> 01:09:18,819

the ranch manager and they bought

1710

01:09:22,079 --> 01:09:20,290

another herd of cattle it might have

1711

01:09:23,910 --> 01:09:22,089

been his herd of cattle and left him out

1712

01:09:25,380 --> 01:09:23,920

there sorta as bait to see what would

1713

01:09:27,660 --> 01:09:25,390

come and get him and then the mid

1714

01:09:29,700 --> 01:09:27,670

scientists needs is the National

1715

01:09:30,900 --> 01:09:29,710

Institute for discovery science Bob

1716

01:09:33,990 --> 01:09:30,910

Bigelow created this organization

1717

01:09:37,829 --> 01:09:34,000

because it was basically dissatisfied

1718

01:09:39,660 --> 01:09:37,839

with the major UFO organizations that

1719

01:09:41,970 --> 01:09:39,670

he'd offer him a million dollars to do

1720

01:09:45,870 --> 01:09:41,980

some quality work it's a long story but

1721

01:09:47,370 --> 01:09:45,880

they they screwed it up and so he formed

1722

01:09:49,499 --> 01:09:47,380

his own organization and some of these

1723

01:09:51,420 --> 01:09:49,509

people were world-class a couple of

1724

01:09:54,840 --> 01:09:51,430

astronauts one man who had been on the

1725

01:09:56,100 --> 01:09:54,850

moon two US senators a really amazing

1726

01:09:58,920 --> 01:09:56,110

group of people that's a science

1727

01:10:00,570 --> 01:09:58,930

advisory board and then they had rapid

1728

01:10:03,510 --> 01:10:00,580

response teams people like Colin

1729

01:10:05,729 --> 01:10:03,520

Kelleher Eric Davis veterinarians

1730

01:10:07,500 --> 01:10:05,739

trackers if they had an outbreak of

1731

01:10:09,479 --> 01:10:07,510

mutilations somewhere they put him on a

1732

01:10:11,010 --> 01:10:09,489

plane and send him there take samples

1733

01:10:13,290 --> 01:10:11,020

send it to labs try to figure this stuff

1734

01:10:14,970 --> 01:10:13,300

out same thing with UFO hot spots

1735

01:10:17,250 --> 01:10:14,980

they're doing what science is supposed

1736

01:10:19,950 --> 01:10:17,260

to do and they did the same thing with

1737

01:10:21,420 --> 01:10:19,960

the ranch so Bigelow buys the ranch the

1738

01:10:24,330 --> 01:10:21,430

science advisory board has a big

1739

01:10:26,550 --> 01:10:24,340

argument about what approach to take

1740

01:10:29,550 --> 01:10:26,560

with this place that is essentially a

1741

01:10:31,440 --> 01:10:29,560

paranormal living lab part of the

1742

01:10:33,690 --> 01:10:31,450

science advisory board had suggested

1743

01:10:36,120 --> 01:10:33,700

well maybe we go in saw maybe we go in

1744

01:10:38,220 --> 01:10:36,130

without a lot of technology and just

1745

01:10:40,649 --> 01:10:38,230

of try to interact with whatever it is

1746

01:10:42,959 --> 01:10:40,659

psychically or use shaman or something

1747

01:10:44,580 --> 01:10:42,969

like that the other guys that wanted to

1748

01:10:46,770 --> 01:10:44,590

go in and put sensors and cameras and

1749

01:10:48,600 --> 01:10:46,780

equipment and try to measure things the

1750

01:10:50,490 --> 01:10:48,610

way science would do that's the side

1751  
01:10:52,919 --> 01:10:50,500  
that went one out so when they came in

1752  
01:10:55,169 --> 01:10:52,929  
they installed a trailer that was filled

1753  
01:10:57,930 --> 01:10:55,179  
with equipment all kinds of sensory gear

1754  
01:11:00,450 --> 01:10:57,940  
and they put cameras up on poles that

1755  
01:11:02,629 --> 01:11:00,460  
would have a wide swath of the property

1756  
01:11:05,040 --> 01:11:02,639  
so they could sort sort of detect and

1757  
01:11:06,780 --> 01:11:05,050  
record images of weird stuff that went

1758  
01:11:08,610 --> 01:11:06,790  
on and they did what science is supposed

1759  
01:11:10,050 --> 01:11:08,620  
to do they interviewed the family they

1760  
01:11:11,640 --> 01:11:10,060  
endured they investigated their

1761  
01:11:13,169 --> 01:11:11,650  
background they found out that they were

1762  
01:11:15,720 --> 01:11:13,179  
solid citizens they interviewed the

1763  
01:11:17,550 --> 01:11:15,730

neighbors they interviewed the the tribe

1764

01:11:19,649 --> 01:11:17,560

they found out they gathered information

1765

01:11:21,959 --> 01:11:19,659

they they checked the property for

1766

01:11:24,209 --> 01:11:21,969

geomagnetic anomalies they look for any

1767

01:11:27,510 --> 01:11:24,219

hallucinogenic plants that might inspire

1768

01:11:29,790 --> 01:11:27,520

Helou you know psychedelic images and

1769

01:11:31,500 --> 01:11:29,800

hallucinations didn't find any that they

1770

01:11:33,149 --> 01:11:31,510

did what science is supposed to do they

1771

01:11:35,220 --> 01:11:33,159

didn't have an agenda they weren't there

1772

01:11:36,930 --> 01:11:35,230

to prove that UFOs are real or ETS are

1773

01:11:39,890 --> 01:11:36,940

here because they don't know what it was

1774

01:11:43,110 --> 01:11:39,900

and they still don't know

1775

01:11:44,790 --> 01:11:43,120

so they come in like gangbusters and the

1776

01:11:47,129 --> 01:11:44,800

stuff starts happening to them and

1777

01:11:49,470 --> 01:11:47,139

they're there interacting at the same

1778

01:11:51,300 --> 01:11:49,480

time with the with the rancher they

1779

01:11:54,689 --> 01:11:51,310

start seeing the same things the balls

1780

01:11:57,330 --> 01:11:54,699

of light but it's always just out it it

1781

01:11:59,820 --> 01:11:57,340

operates under its own rules and it was

1782

01:12:01,470 --> 01:11:59,830

always just outside a camera range they

1783

01:12:03,870 --> 01:12:01,480

had a lot of equipment malfunctions

1784

01:12:05,790 --> 01:12:03,880

batteries would die vehicles would die

1785

01:12:07,620 --> 01:12:05,800

at the same points in the property

1786

01:12:10,919 --> 01:12:07,630

they'd have compasses that would just go

1787

01:12:13,250 --> 01:12:10,929

crazy there was a lot of really weird

1788

01:12:18,629 --> 01:12:13,260

measurable stuff whatever this thing was

1789

01:12:20,700 --> 01:12:18,639

is it's physical it did physical things

1790

01:12:23,129 --> 01:12:20,710

it certainly did physical things to the

1791

01:12:25,350 --> 01:12:23,139

land to the animals to the people who

1792

01:12:27,270 --> 01:12:25,360

live there and it was non-physical it

1793

01:12:29,000 --> 01:12:27,280

was psychic metaphysical whatever you

1794

01:12:32,070 --> 01:12:29,010

want to call it it was all of the above

1795

01:12:35,310 --> 01:12:32,080

this was not just a UFO story it was a

1796

01:12:38,520 --> 01:12:35,320

whole range and category of really weird

1797

01:12:40,530 --> 01:12:38,530

stuff among the strange things that the

1798

01:12:44,760 --> 01:12:40,540

rancher had seen in the sky were these

1799

01:12:46,740 --> 01:12:44,770

really big almost like a Sun a big

1800

01:12:49,410 --> 01:12:46,750

orange orb that would appear once in a

1801  
01:12:50,070 --> 01:12:49,420  
while on the property and he would get

1802  
01:12:52,200 --> 01:12:50,080  
out of his

1803  
01:12:54,420 --> 01:12:52,210  
an on occasion you look through these

1804  
01:12:56,940 --> 01:12:54,430  
orange orbs they're not orbs at all like

1805  
01:13:00,209 --> 01:12:56,950  
a hole in the sky and on the other side

1806  
01:13:01,920 --> 01:13:00,219  
was another sky and it was different it

1807  
01:13:03,630 --> 01:13:01,930  
was daytime here it's nighttime over

1808  
01:13:06,060 --> 01:13:03,640  
there if it was daytime there was

1809  
01:13:08,700 --> 01:13:06,070  
nighttime here and occasionally he would

1810  
01:13:10,800 --> 01:13:08,710  
see things flying in and out of what

1811  
01:13:12,660 --> 01:13:10,810  
looked like a portal at other times on

1812  
01:13:14,729 --> 01:13:12,670  
the property he'd see these amorphous

1813  
01:13:17,400 --> 01:13:14,739

yellowish balls of light that would

1814

01:13:19,620 --> 01:13:17,410

appear at different times in association

1815

01:13:22,320 --> 01:13:19,630

with phenomena when these balls of light

1816

01:13:24,840 --> 01:13:22,330

would appear floating over the over the

1817

01:13:27,959 --> 01:13:24,850

pasture weird stuff would happen

1818

01:13:30,920 --> 01:13:27,969

creatures would appear well one night

1819

01:13:34,140 --> 01:13:30,930

while the knids guys are on the property

1820

01:13:36,320 --> 01:13:34,150

they have an experience with one of

1821

01:13:39,810 --> 01:13:36,330

these yellow balls of light that

1822

01:13:40,229 --> 01:13:39,820

strongly suggested to them that the

1823

01:13:45,630 --> 01:13:40,239

ranch

1824

01:13:48,990 --> 01:13:45,640

is a highway a portal are really a live

1825

01:13:52,050 --> 01:13:49,000

road to other realities we'll play the

1826  
01:13:54,390 --> 01:13:52,060  
clip ground zero for odds sightings was

1827  
01:13:56,700 --> 01:13:54,400  
always the middle homestead at nights

1828  
01:13:58,890 --> 01:13:56,710  
lights and orbs could be seen floating

1829  
01:14:00,870 --> 01:13:58,900  
through the creaky old buildings it's

1830  
01:14:03,090 --> 01:14:00,880  
also where the rancher had multiple

1831  
01:14:06,510 --> 01:14:03,100  
sightings of the most puzzling object an

1832  
01:14:09,000 --> 01:14:06,520  
orange glowing hole in the sky Gorman

1833  
01:14:11,280 --> 01:14:09,010  
told Kelleher and others the orange ball

1834  
01:14:14,100 --> 01:14:11,290  
seemed to be a portal and on the other

1835  
01:14:16,080 --> 01:14:14,110  
side was a quote different sky on at

1836  
01:14:19,080 --> 01:14:16,090  
least one occasion the rancher saw a

1837  
01:14:21,900 --> 01:14:19,090  
smaller object fly out of the orange orb

1838  
01:14:24,090 --> 01:14:21,910

into the sky over his property the

1839

01:14:26,250 --> 01:14:24,100

exotic possibility that the ranch might

1840

01:14:28,440 --> 01:14:26,260

be a portal to another world has

1841

01:14:31,620 --> 01:14:28,450

occurred many times to the knids team

1842

01:14:34,110 --> 01:14:31,630

but how to prove it in August 1996 the

1843

01:14:36,360 --> 01:14:34,120

portal Theory erupted again in a stark

1844

01:14:38,190 --> 01:14:36,370

demonstration the rancher and an

1845

01:14:40,410 --> 01:14:38,200

investigator were conducting a night

1846

01:14:42,720 --> 01:14:40,420

surveillance atop the ridges they

1847

01:14:45,030 --> 01:14:42,730

spotted a hovering ball of light in the

1848

01:14:47,210 --> 01:14:45,040

middle homestead an object that was seen

1849

01:14:51,140 --> 01:14:47,220

four feet off the ground

1850

01:14:54,050 --> 01:14:51,150

that it looked like a dull yellow light

1851

01:14:56,030 --> 01:14:54,060

I mean it was innocuous hovering over

1852

01:14:57,890 --> 01:14:56,040

the road it just appeared out of nowhere

1853

01:15:00,050 --> 01:14:57,900

and then it begins to expand and grow

1854

01:15:02,570 --> 01:15:00,060

and then it opens up into about a

1855

01:15:03,620 --> 01:15:02,580

approximately three foot wide openings

1856

01:15:06,800 --> 01:15:03,630

they turned on the night-vision

1857

01:15:09,050 --> 01:15:06,810

equipment they had and lo and behold

1858

01:15:10,880 --> 01:15:09,060

everything from a dull yellow light

1859

01:15:12,260 --> 01:15:10,890

became like a three dimensional it

1860

01:15:15,020 --> 01:15:12,270

looked like a three dimensional tunnel

1861

01:15:17,000 --> 01:15:15,030

that was just you know hovering over the

1862

01:15:19,400 --> 01:15:17,010

ground where there's a light shining

1863

01:15:21,080 --> 01:15:19,410

from coming out from within this opening

1864

01:15:22,550 --> 01:15:21,090

on the other side of the opening that's

1865

01:15:23,780 --> 01:15:22,560

just the natural background of the ranch

1866

01:15:25,780 --> 01:15:23,790

they see the road they see the grass

1867

01:15:28,460 --> 01:15:25,790

from the pasture and so forth slowly

1868

01:15:30,350 --> 01:15:28,470

this incident unfolded where they saw

1869

01:15:34,280 --> 01:15:30,360

this what looked like a humanoid

1870

01:15:36,680 --> 01:15:34,290

creature crawling literally elbowing his

1871

01:15:39,290 --> 01:15:36,690

or her way through this this tunnel

1872

01:15:42,200 --> 01:15:39,300

hovering four feet above the ground and

1873

01:15:44,210 --> 01:15:42,210

out of this opening crawls a very large

1874

01:15:47,000 --> 01:15:44,220

what I understood to be an 8-foot tall

1875

01:15:49,700 --> 01:15:47,010

black creature with the head and no neck

1876

01:15:51,560 --> 01:15:49,710

and a torso arms and legs no details her

1877

01:15:53,360 --> 01:15:51,570

features noted on it there was a second

1878

01:15:55,550 --> 01:15:53,370

witness standing right beside the other

1879

01:15:58,970 --> 01:15:55,560

guy with the the infrared technology all

1880

01:16:00,710 --> 01:15:58,980

he could see was a dull yellow light

1881

01:16:03,170 --> 01:16:00,720

that had expanded to about four feet in

1882

01:16:04,760 --> 01:16:03,180

diameter it just literally grabbed the

1883

01:16:06,890 --> 01:16:04,770

outside edges of this opening pulled

1884

01:16:08,930 --> 01:16:06,900

itself through came out stepped onto the

1885

01:16:13,040 --> 01:16:08,940

dirt road and ran off into the darkness

1886

01:16:15,320 --> 01:16:13,050

the creature stood up once it got out

1887

01:16:16,940 --> 01:16:15,330

onto the ground and walked away into the

1888

01:16:20,300 --> 01:16:16,950

darkness I mean can you imagine two

1889

01:16:23,780 --> 01:16:20,310

people on the top of a cliff or a sort

1890

01:16:26,450 --> 01:16:23,790

of a a bluff 150 feet off the ground in

1891

01:16:28,730 --> 01:16:26,460

the middle of nowhere and then the

1892

01:16:29,960 --> 01:16:28,740

opening began to shrink and collapse in

1893

01:16:32,150 --> 01:16:29,970

on itself and turn into a brilliant

1894

01:16:33,680 --> 01:16:32,160

light that just faded away that's a

1895

01:16:36,710 --> 01:16:33,690

perfect description that was given by

1896

01:16:39,110 --> 01:16:36,720

Matt Visser and John Kramer and Bob

1897

01:16:41,600 --> 01:16:39,120

forward and other colleagues there's in

1898

01:16:44,930 --> 01:16:41,610

a physical review paper on the optical

1899

01:16:46,760 --> 01:16:44,940

nature of wormholes I mean that is not I

1900

01:16:49,250 --> 01:16:46,770

would say military technology that's

1901

01:16:52,490 --> 01:16:49,260

some kind of a phenomena that has it

1902

01:16:54,799 --> 01:16:52,500

smacks of interdimensional phenomena

1903

01:16:56,629 --> 01:16:54,809

we don't know what it is that was one

1904

01:16:58,910 --> 01:16:56,639

theory that it certainly sounds like

1905

01:17:01,040 --> 01:16:58,920

it's a portal as we understand it but

1906

01:17:02,750 --> 01:17:01,050

really that stuff is over my head those

1907

01:17:04,970 --> 01:17:02,760

guys don't know their this you know

1908

01:17:06,919 --> 01:17:04,980

throwing out one idea and telling you

1909

01:17:09,140 --> 01:17:06,929

what they actually saw they had some

1910

01:17:11,810 --> 01:17:09,150

really harrowing encounters on the

1911

01:17:14,089 --> 01:17:11,820

property themselves there was so those

1912

01:17:15,529 --> 01:17:14,099

two guys were walking again in the

1913

01:17:19,490 --> 01:17:15,539

middle homestead at night they have a

1914

01:17:21,529 --> 01:17:19,500

couple of dogs with them and the dogs

1915

01:17:23,060 --> 01:17:21,539

suddenly go behind their legs they're

1916

01:17:25,790 --> 01:17:23,070

hiding they're scared of something and

1917

01:17:29,000 --> 01:17:25,800

up at the top of the trees they see this

1918

01:17:31,459 --> 01:17:29,010

dark cloud that's that's floating it's

1919

01:17:33,680 --> 01:17:31,469

floating across the trees getting bigger

1920

01:17:37,520 --> 01:17:33,690

and bigger and it stops right in front

1921

01:17:41,870 --> 01:17:37,530

of them and they they freeze and this

1922

01:17:44,089 --> 01:17:41,880

thing Eric Davis who's a PhD physicist

1923

01:17:46,609 --> 01:17:44,099

brilliant man who's worked for top

1924

01:17:48,919 --> 01:17:46,619

secret labs and things he's frozen and

1925

01:17:51,950 --> 01:17:48,929

suddenly another voice comes out of him

1926

01:17:55,669 --> 01:17:51,960

it's not his it's them we're watching

1927

01:17:58,459 --> 01:17:55,679

you he's saying this we're watching you

1928

01:18:00,379 --> 01:17:58,469

calm is looking at him what and it's not

1929

01:18:02,930 --> 01:18:00,389

him it's somebody else speaking through

1930

01:18:05,209 --> 01:18:02,940

him in a different voice he snaps out of

1931

01:18:08,180 --> 01:18:05,219

it after a couple of minutes the kraut

1932

01:18:10,129 --> 01:18:08,190

cloud goes away Eric was messed up for a

1933

01:18:12,560 --> 01:18:10,139

couple of days having terrible dreams

1934

01:18:13,910 --> 01:18:12,570

couldn't sleep but it was a real thing

1935

01:18:16,700 --> 01:18:13,920

you know there were uh there were other

1936

01:18:18,589 --> 01:18:16,710

weird things that they investigated son

1937

01:18:20,620 --> 01:18:18,599

you know we put we decided when we wrote

1938

01:18:23,209 --> 01:18:20,630

the book we're gonna put them all in and

1939

01:18:25,850 --> 01:18:23,219

people can sort it out themselves the

1940

01:18:28,160 --> 01:18:25,860

only incident that we hesitated about

1941

01:18:32,899 --> 01:18:28,170

that we argued about maybe leaving out

1942

01:18:35,450 --> 01:18:32,909

as this one to Native American the

1943

01:18:36,979 --> 01:18:35,460

police officers are driving through

1944

01:18:38,870 --> 01:18:36,989

their range I told you the whole ranch

1945

01:18:40,790 --> 01:18:38,880

is surrounded by tribal land there's a

1946

01:18:42,470 --> 01:18:40,800

road there's a paved road that leads to

1947

01:18:44,540 --> 01:18:42,480

the dirt road that leads into the ranch

1948

01:18:46,870 --> 01:18:44,550

they're coming around the bend it's

1949

01:18:50,689 --> 01:18:46,880

nighttime and they see two figures

1950

01:18:53,540 --> 01:18:50,699

standing right at the bend there their

1951

01:18:54,740 --> 01:18:53,550

backs are to the road the guys shined

1952

01:18:58,520 --> 01:18:54,750

their lights over there what are these

1953

01:19:01,399 --> 01:18:58,530

two guys up to to six foot tall guys in

1954

01:19:03,080 --> 01:19:01,409

trench coats smoking cigarettes they

1955

01:19:04,450 --> 01:19:03,090

shine the light over to them the guys

1956

01:19:08,620 --> 01:19:04,460

turn around their heads

1957

01:19:09,189 --> 01:19:08,630

they're dogs I know I'm not I'm not

1958

01:19:12,070 --> 01:19:09,199

making that up

1959

01:19:14,110 --> 01:19:12,080

they're dogs they're a dog faces these

1960

01:19:17,410 --> 01:19:14,120

these Indian cops look at each other

1961

01:19:19,930 --> 01:19:17,420

holy crap they look back dogs are going

1962

01:19:21,990 --> 01:19:19,940

trenchcoats gone they get out of the car

1963

01:19:24,790 --> 01:19:22,000

cigarettes still burning on the ground

1964

01:19:25,270 --> 01:19:24,800

now we thought maybe we'll leave that

1965

01:19:27,070 --> 01:19:25,280

one out

1966

01:19:28,870 --> 01:19:27,080

that sounds pretty crazy but you know

1967

01:19:31,090 --> 01:19:28,880

what I mean since the book came out in

1968

01:19:33,580 --> 01:19:31,100

2005 there's all kinds of dog man

1969

01:19:37,630 --> 01:19:33,590

stories that we've been hearing from

1970

01:19:38,950 --> 01:19:37,640

around the country so we kept it in you

1971

01:19:40,899 --> 01:19:38,960

know the needs guys tried to communicate

1972

01:19:42,399 --> 01:19:40,909

with whatever it was they had different

1973

01:19:44,370 --> 01:19:42,409

experiments that they tried to talk to

1974

01:19:47,140 --> 01:19:44,380

whatever it is and that that failed

1975

01:19:49,419 --> 01:19:47,150

after a while of hunting the skinwalker

1976

01:19:51,490 --> 01:19:49,429

the skinwalker got tired of the game and

1977

01:19:54,459 --> 01:19:51,500

decided I'm going away and the activity

1978

01:19:57,250 --> 01:19:54,469

plummeted it went underground and the

1979

01:20:00,880 --> 01:19:57,260

the phenomena seemed to make a statement

1980

01:20:02,979 --> 01:20:00,890

that it was tired of this one thing it

1981

01:20:05,620 --> 01:20:02,989

did well let's play this other clip

1982

01:20:07,479 --> 01:20:05,630

about phenomena first this is a song

1983

01:20:13,479 --> 01:20:07,489

that Jeremy put together about this nude

1984

01:20:17,140 --> 01:20:13,489

study in 1978 a local newspaper reported

1985

01:20:19,959 --> 01:20:17,150

high activity in the UN to basin silver

1986

01:20:23,260 --> 01:20:19,969

dome shaped objects were seeing flying

1987

01:20:25,780 --> 01:20:23,270

saucers some witnesses observing the

1988

01:20:29,140 --> 01:20:25,790

display from close proximity from

1989

01:20:32,169 --> 01:20:29,150

underneath the craft UFOs were buzzing

1990

01:20:35,430 --> 01:20:32,179

the locals with jagged green lights like

1991

01:20:35,440 --> 01:20:38,869

[Music]

1992

01:20:44,939 --> 01:20:42,270

nothing really changes is constantly the

1993

01:20:47,459 --> 01:20:44,949

phenomenon is engaging people it's a

1994

01:20:53,359 --> 01:20:47,469

pattern of close encounters it's

1995

01:20:56,219 --> 01:20:53,369

commonplace people hunt the cause

1996

01:20:57,869 --> 01:20:56,229

scientists investigate the carnage the

1997

01:21:09,540 --> 01:20:57,879

nits team tried to quantify the

1998

01:21:12,000 --> 01:21:09,550

performances they created control

1999

01:21:14,310 --> 01:21:12,010

studies for plant growth they monitored

2000

01:21:20,159 --> 01:21:14,320

the environment they calculated the

2001

01:21:22,919 --> 01:21:20,169

variables they analyzed every event but

2002

01:21:25,799 --> 01:21:22,929

mostly they waited for the phenomenon to

2003

01:21:28,879 --> 01:21:25,809

express itself and the phenomenon seemed

2004

01:21:32,040 --> 01:21:28,889

toy with them to play games with them

2005

01:21:37,139 --> 01:21:32,050

silence followed by dramatic displays of

2006

01:21:48,089 --> 01:21:37,149

control it did what it wanted it does

2007

01:21:49,199 --> 01:21:48,099

what it wants to anybody it was

2008

01:21:50,969 --> 01:21:49,209

something that was picked up on the

2009

01:21:52,649 --> 01:21:50,979

cameras they had this there's Bank of

2010

01:21:54,659 --> 01:21:52,659

recording equipment on these cameras

2011

01:21:56,279 --> 01:21:54,669

that were recorded 24 hours a day and

2012

01:21:58,409 --> 01:21:56,289

occasionally they'd see something

2013

01:22:00,270 --> 01:21:58,419

there'd be a light in a sea of inky

2014

01:22:02,669 --> 01:22:00,280

darkness snow really worth all that much

2015

01:22:04,290 --> 01:22:02,679

that looked like the Twin Towers that

2016

01:22:07,439 --> 01:22:04,300

disappeared out there and then it was

2017

01:22:09,869 --> 01:22:07,449

gone it was frustrating for the knids

2018

01:22:12,270 --> 01:22:09,879

guys the activity goes underground and

2019

01:22:16,739 --> 01:22:12,280

then it makes a couple of statements or

2020

01:22:18,689 --> 01:22:16,749

like bon voyage grand farewell the

2021

01:22:21,779 --> 01:22:18,699

cameras that are up on the on these

2022

01:22:23,639 --> 01:22:21,789

poles have a wide view there are three

2023

01:22:27,149 --> 01:22:23,649

of the poles and cameras on all of them

2024

01:22:28,529 --> 01:22:27,159

and down the the side this is the new

2025

01:22:31,009 --> 01:22:28,539

version but when did was there they had

2026

01:22:34,379 --> 01:22:31,019

these plastic covers for the wires and

2027

01:22:38,580 --> 01:22:34,389

the the plastic covers were wrapped up

2028

01:22:40,529 --> 01:22:38,590

with several layers of duct tape so one

2029

01:22:42,989 --> 01:22:40,539

day the camera goes out one of these

2030

01:22:44,729 --> 01:22:42,999

cameras goes out and they go look at it

2031

01:22:47,459 --> 01:22:44,739

and it's torn to pieces it's just ripped

2032

01:22:51,300 --> 01:22:47,469

to shreds the wires are ripped out

2033

01:22:53,400 --> 01:22:51,310

the plastic covering is gone and and all

2034

01:22:55,830 --> 01:22:53,410

that the tape is gone as well something

2035

01:22:57,180 --> 01:22:55,840

and really just shredded it so they

2036

01:22:58,920 --> 01:22:57,190

realize ah ha we've got the other

2037

01:23:00,870 --> 01:22:58,930

cameras they can see this let's go back

2038

01:23:02,340 --> 01:23:00,880

we'll back time it when this camera went

2039

01:23:03,990 --> 01:23:02,350

out we'll look at the other cameras and

2040

01:23:06,060 --> 01:23:04,000

see what went up that Poland tore it up

2041

01:23:07,890 --> 01:23:06,070

and they get the cameras back and look

2042

01:23:10,680 --> 01:23:07,900

at it and then whatever did it was

2043

01:23:12,420 --> 01:23:10,690

invisible there's nothing there can't

2044

01:23:14,310 --> 01:23:12,430

really make out the stuff flying around

2045

01:23:16,890 --> 01:23:14,320

when they took it back and analysed it

2046

01:23:18,930 --> 01:23:16,900

later once later they were able to see a

2047

01:23:21,320 --> 01:23:18,940

little tiny blue light buzzing around

2048

01:23:24,990 --> 01:23:21,330

the camera when it got ripped to shreds

2049

01:23:26,400 --> 01:23:25,000

it was just like a like this from the

2050

01:23:26,970 --> 01:23:26,410

phenomena get out of here you're not

2051

01:23:28,500 --> 01:23:26,980

welcome

2052

01:23:30,120 --> 01:23:28,510

they had one other incident that we'll

2053

01:23:32,660 --> 01:23:30,130

talk about me we'll do it tomorrow about

2054

01:23:37,470 --> 01:23:32,670

a nice circle that was kind of also a

2055

01:23:39,030 --> 01:23:37,480

giveaway so needs that the activity

2056

01:23:41,610 --> 01:23:39,040

stops they don't really have any other

2057

01:23:43,920 --> 01:23:41,620

places that are hotspots knids itself

2058

01:23:47,729 --> 01:23:43,930

goes underground Bob Bigelow dissolved

2059

01:23:49,439 --> 01:23:47,739

at about 2004 and they don't really have

2060

01:23:51,060 --> 01:23:49,449

any conclusions about the ranch they

2061

01:23:53,040 --> 01:23:51,070

can't publish a paper about it who's

2062

01:23:55,290 --> 01:23:53,050

going to publish it what would they say

2063

01:23:56,760 --> 01:23:55,300

they don't know what this was how do you

2064

01:23:59,580 --> 01:23:56,770

describe it all these different

2065

01:24:01,680 --> 01:23:59,590

activities it's almost as if weird on

2066

01:24:04,590 --> 01:24:01,690

purpose so that nobody would take it

2067

01:24:09,689 --> 01:24:04,600

seriously but that wasn't the end of the

2068

01:24:12,090 --> 01:24:09,699

study in 2007 a guy from the DIA the

2069

01:24:14,939 --> 01:24:12,100

Defense Intelligence Agency reads the

2070

01:24:16,320 --> 01:24:14,949

book he contacts mr. Bigelow says I'd

2071

01:24:19,200 --> 01:24:16,330

like to go to the ranch I think there's

2072

01:24:21,360 --> 01:24:19,210

something there for us to look at he

2073

01:24:23,160 --> 01:24:21,370

goes to the ranch he has an experience

2074

01:24:25,470 --> 01:24:23,170

he's not there 15 minutes and he sees

2075

01:24:27,840 --> 01:24:25,480

his weird ball of light in the living

2076

01:24:30,959 --> 01:24:27,850

room or he's talking to the ranch lady

2077

01:24:32,670 --> 01:24:30,969

no the wife who's the caretaker he

2078

01:24:35,130 --> 01:24:32,680

doesn't say anything at the time goes

2079

01:24:38,000 --> 01:24:35,140

back to Washington meets with Senator

2080

01:24:40,800 --> 01:24:38,010

Harry Reid of Nevada guy that I

2081

01:24:42,930 --> 01:24:40,810

introduced to the UFO topic some years

2082

01:24:45,540 --> 01:24:42,940

ago and he's secretly been a UFO buff

2083

01:24:49,130 --> 01:24:45,550

for the last thirty years or so he had

2084

01:24:52,290 --> 01:24:49,140

met with Bigelow he had talked to other

2085

01:24:54,720 --> 01:24:52,300

scientist about his interest this dia

2086

01:24:56,669 --> 01:24:54,730

guy had proposed let's do a study let's

2087

01:25:00,600 --> 01:24:56,679

study something more than just lights in

2088

01:25:00,960 --> 01:25:00,610

the sky shapes and saucers and things of

2089

01:25:03,360 --> 01:25:00,970

that sort

2090

01:25:05,550 --> 01:25:03,370

let's look at something bigger because

2091

01:25:07,530 --> 01:25:05,560

it looks like from the experiences of

2092

01:25:10,140 --> 01:25:07,540

the ranch that these things are somehow

2093

01:25:11,820 --> 01:25:10,150

interconnected Harry Reid goes to some

2094

01:25:12,840 --> 01:25:11,830

colleagues gets the money for it they

2095

01:25:14,820 --> 01:25:12,850

put it out the bid

2096

01:25:16,830 --> 01:25:14,830

Bigelow Aerospace of course bids on it

2097

01:25:18,360 --> 01:25:16,840

the same people who had worked on knids

2098

01:25:20,370 --> 01:25:18,370

are a lot of the folks who work on this

2099

01:25:22,320 --> 01:25:20,380

program and they set up a study in

2100

01:25:25,080 --> 01:25:22,330

secret and that study focused on

2101  
01:25:26,880 --> 01:25:25,090  
skinwalker ranch and they cover a lot of

2102  
01:25:28,680 --> 01:25:26,890  
ground and they talked the new witnesses

2103  
01:25:32,910 --> 01:25:28,690  
and dug up new evidence and created

2104  
01:25:36,570 --> 01:25:32,920  
massive reports as and as well as a

2105  
01:25:39,000 --> 01:25:36,580  
database that is gigantic that we may

2106  
01:25:41,070 --> 01:25:39,010  
never see some of the stuff that I did

2107  
01:25:44,070 --> 01:25:41,080  
last night the story is material that

2108  
01:25:46,710 --> 01:25:44,080  
was involved with that but it's a lot of

2109  
01:25:48,660 --> 01:25:46,720  
you know hundreds of folio requests have

2110  
01:25:50,280 --> 01:25:48,670  
been filed for these there are reports

2111  
01:25:52,950 --> 01:25:50,290  
but I'm not sure that they're ever gonna

2112  
01:25:54,810 --> 01:25:52,960  
be released however we do know quite a

2113  
01:25:56,670 --> 01:25:54,820

bit about what they learned and we know

2114

01:26:00,570 --> 01:25:56,680

do know that they took this seriously

2115

01:26:05,220 --> 01:26:00,580

and that the idea that these various

2116

01:26:07,980 --> 01:26:05,230

phenomena UFOs Bigfoot poltergeists crop

2117

01:26:11,460 --> 01:26:07,990

circles cattle mutilations invisible

2118

01:26:15,300 --> 01:26:11,470

beings orbs all that stuff is it related

2119

01:26:16,920 --> 01:26:15,310

I can tell you it's all there I don't

2120

01:26:19,050 --> 01:26:16,930

know if this is trying to send us a

2121

01:26:21,180 --> 01:26:19,060

message that maybe it is all somehow

2122

01:26:23,850 --> 01:26:21,190

related or it is the same phenomena

2123

01:26:26,090 --> 01:26:23,860

taking different shapes and sizes and

2124

01:26:29,070 --> 01:26:26,100

appearing to us at different times or

2125

01:26:31,340 --> 01:26:29,080

you know it just happens to be a

2126  
01:26:34,920 --> 01:26:31,350  
paranormal Highway where all this stuff

2127  
01:26:37,410 --> 01:26:34,930  
intersects we don't know you know they

2128  
01:26:40,010 --> 01:26:37,420  
had the a tip study that was underway

2129  
01:26:43,650 --> 01:26:40,020  
the Pentagon that Lou Elizondo ran

2130  
01:26:45,510 --> 01:26:43,660  
focused entirely on UFOs nuts-and-bolts

2131  
01:26:48,000 --> 01:26:45,520  
craft because that's the kind of thing

2132  
01:26:50,850 --> 01:26:48,010  
that the military is willing to support

2133  
01:26:53,340 --> 01:26:50,860  
if it's a perceived perceived threat to

2134  
01:26:56,250 --> 01:26:53,350  
ships and planes and nuclear weapons all

2135  
01:26:59,850 --> 01:26:56,260  
right we'll look into that but this wow

2136  
01:27:02,550 --> 01:26:59,860  
wow stuff the program was killed in

2137  
01:27:05,850 --> 01:27:02,560  
large part because people inside the

2138  
01:27:07,710 --> 01:27:05,860

Pentagon and dia number one were worried

2139

01:27:10,650 --> 01:27:07,720

that the story would get out which of

2140

01:27:11,250 --> 01:27:10,660

course it did and number two that it was

2141

01:27:14,370 --> 01:27:11,260

satanic

2142

01:27:14,910 --> 01:27:14,380

that it's demonic you know maybe it is

2143

01:27:18,150 --> 01:27:14,920

maybe

2144

01:27:19,490 --> 01:27:18,160

is demonic but to studying it and trying

2145

01:27:22,530 --> 01:27:19,500

to figure it out

2146

01:27:23,370 --> 01:27:22,540

invoke it that's like saying you know we

2147

01:27:25,229 --> 01:27:23,380

don't want to mention the word

2148

01:27:27,300 --> 01:27:25,239

skinwalker because it might come into

2149

01:27:32,310 --> 01:27:27,310

our lives but that's true

2150

01:27:34,380 --> 01:27:32,320

and it happened answers I guess are hard

2151  
01:27:37,740 --> 01:27:34,390  
to find you know the the property

2152  
01:27:39,510 --> 01:27:37,750  
Bigelow sold the property in 2016 that's

2153  
01:27:41,040 --> 01:27:39,520  
that's the new that's what it looks like

2154  
01:27:42,630 --> 01:27:41,050  
now they installed new gates there's a

2155  
01:27:46,919 --> 01:27:42,640  
new owner who doesn't want his identity

2156  
01:27:48,450 --> 01:27:46,929  
known that's that's him we we got him to

2157  
01:27:51,510 --> 01:27:48,460  
talk to us a little bit Jeremy got him

2158  
01:27:53,280 --> 01:27:51,520  
to talk for the camera he's trying to

2159  
01:27:55,200 --> 01:27:53,290  
carry on the study to revive the study

2160  
01:27:58,380 --> 01:27:55,210  
and and once again there's been a big

2161  
01:28:00,240 --> 01:27:58,390  
spike in activity I say that reluctantly

2162  
01:28:04,130 --> 01:28:00,250  
because whenever I've said that before

2163  
01:28:06,120 --> 01:28:04,140

it causes all kinds of YouTube

2164

01:28:07,890 --> 01:28:06,130

investigators to go ahead and go make

2165

01:28:10,380 --> 01:28:07,900

their own skinwalker movie and they go

2166

01:28:12,090 --> 01:28:10,390

on the property and they they drink beer

2167

01:28:15,479 --> 01:28:12,100

and they appear in the window at night

2168

01:28:17,640 --> 01:28:15,489

and take flash photos and they take

2169

01:28:19,650 --> 01:28:17,650

souvenirs one guy tore the whole gate

2170

01:28:21,390 --> 01:28:19,660

off oh this is some of the security that

2171

01:28:24,720 --> 01:28:21,400

was following us around the last time we

2172

01:28:26,669 --> 01:28:24,730

visited you know so I guess I'll wrap it

2173

01:28:28,620 --> 01:28:26,679

up and let you ask some questions but I

2174

01:28:30,209 --> 01:28:28,630

mean we don't know the answer nobody

2175

01:28:33,150 --> 01:28:30,219

knows the answer how does all this stuff

2176

01:28:36,780 --> 01:28:33,160

fit together is it et or alien well it's

2177

01:28:38,729 --> 01:28:36,790

not exactly what we think of as et is it

2178

01:28:40,370 --> 01:28:38,739

the military maybe some of it it could

2179

01:28:43,020 --> 01:28:40,380

be the military doing some sign a

2180

01:28:46,530 --> 01:28:43,030

psychological exercise that the military

2181

01:28:48,060 --> 01:28:46,540

take that cow a calf and carve it up and

2182

01:28:50,490 --> 01:28:48,070

dump it back there did the military did

2183

01:28:53,220 --> 01:28:50,500

commandos get into the bathroom and take

2184

01:28:55,500 --> 01:28:53,230

the towel in the hairbrush imagine given

2185

01:28:58,410 --> 01:28:55,510

that order go go take her hairbrush and

2186

01:28:59,910 --> 01:28:58,420

put it in the freezer the military

2187

01:29:02,280 --> 01:28:59,920

didn't do all this stuff this stuff has

2188

01:29:03,630 --> 01:29:02,290

been going on for 250 years maybe

2189

01:29:05,990 --> 01:29:03,640

they're doing it now but they didn't

2190

01:29:09,689 --> 01:29:06,000

start it so that's not an explanation

2191

01:29:14,160 --> 01:29:09,699

inter-dimensional I don't know I don't

2192

01:29:16,260 --> 01:29:14,170

know is it all related it seems like we

2193

01:29:17,820 --> 01:29:16,270

got a learning curve here that it's

2194

01:29:20,240 --> 01:29:17,830

telling us that it is somehow related

2195

01:29:22,680 --> 01:29:20,250

that reality isn't what it used to be

2196

01:29:25,110 --> 01:29:22,690

that it's much more wondrous and

2197

01:29:26,580 --> 01:29:25,120

mysterious than we might imagine and we

2198

01:29:28,470 --> 01:29:26,590

need to start thinking about it in those

2199

01:29:28,919 --> 01:29:28,480

kinds of terms at least I hope that's

2200

01:29:31,919 --> 01:29:28,929

what it

2201  
01:29:36,030 --> 01:29:31,929  
as opposed to just alien teenagers just

2202  
01:29:37,740 --> 01:29:36,040  
messing with us I know that there is a

2203  
01:29:39,180 --> 01:29:37,750  
Native American connection there is a

2204  
01:29:41,630 --> 01:29:39,190  
Native American connection to the other

2205  
01:29:44,100 --> 01:29:41,640  
hotspots though that I mentioned before

2206  
01:29:46,890 --> 01:29:44,110  
but I don't really understand it I think

2207  
01:29:49,080 --> 01:29:46,900  
they seem to have a better better grasp

2208  
01:29:52,620 --> 01:29:49,090  
of this and are more comfortable with it

2209  
01:29:55,140 --> 01:29:52,630  
then then we are and then the rest of

2210  
01:29:56,880 --> 01:29:55,150  
the culture but getting them to open up

2211  
01:29:58,830 --> 01:29:56,890  
it's been tough we have made progress

2212  
01:30:00,300 --> 01:29:58,840  
recently and and you'll be able to see

2213  
01:30:01,919 --> 01:30:00,310

it when the film comes out but do you

2214

01:30:04,560 --> 01:30:01,929

know the knids guys did what they're

2215

01:30:05,820 --> 01:30:04,570

supposed to do and that's what Jeremy

2216

01:30:08,189 --> 01:30:05,830

and I have been trying to do as well is

2217

01:30:11,280 --> 01:30:08,199

to you know investigate the unexplained

2218

01:30:26,170 --> 01:30:11,290

not to explain the uninvestigated thank

2219

01:30:32,110 --> 01:30:29,710

you want to chat okay what's on your

2220

01:30:34,690 --> 01:30:32,120

mind there's a lot work that gate

2221

01:30:36,700 --> 01:30:34,700

actually been on a public road and it

2222

01:30:39,820 --> 01:30:36,710

being unlawful like in the first place

2223

01:30:41,470 --> 01:30:39,830

and I know they had tried to get the law

2224

01:30:44,470 --> 01:30:41,480

change so the road was considered

2225

01:30:45,460 --> 01:30:44,480

private and make the gate legit but I

2226

01:30:47,560 --> 01:30:45,470

don't know if anything happened about

2227

01:30:51,640 --> 01:30:47,570

that do you know any more about this yes

2228

01:30:53,770 --> 01:30:51,650

I think officially they did that is a

2229

01:30:56,050 --> 01:30:53,780

was a public access road

2230

01:30:57,460 --> 01:30:56,060

even when Bigelow owned it but he put up

2231

01:31:00,160 --> 01:30:57,470

a gate and wouldn't let people in and

2232

01:31:03,130 --> 01:31:00,170

and got away with it when the property

2233

01:31:04,900 --> 01:31:03,140

transferred in 2016 it the whole

2234

01:31:07,480 --> 01:31:04,910

argument about whether the gate was

2235

01:31:10,900 --> 01:31:07,490

public or not started up again the owner

2236

01:31:14,410 --> 01:31:10,910

got a stay while he went to the County

2237

01:31:18,250 --> 01:31:14,420

Commission and and I think Court as well

2238

01:31:20,530 --> 01:31:18,260

and he's he's a wealthy guy so I think

2239

01:31:22,630 --> 01:31:20,540

he managed to convince them that it

2240

01:31:25,000 --> 01:31:22,640

needs to remain private so it has been

2241

01:31:27,250 --> 01:31:25,010

officially changed and it is private

2242

01:31:29,920 --> 01:31:27,260

property not a public access anymore the

2243

01:31:31,690 --> 01:31:29,930

public I think the idea that the public

2244

01:31:33,840 --> 01:31:31,700

could use that road to go through

2245

01:31:36,790 --> 01:31:33,850

skinwalker ranch any time it wanted to

2246

01:31:39,730 --> 01:31:36,800

terrify the owner for good reason so he

2247

01:31:42,220 --> 01:31:39,740

got to change thank you sure George one

2248

01:31:43,840 --> 01:31:42,230

of the things that I really wonder about

2249

01:31:45,460 --> 01:31:43,850

that I think wonder if it kind of ties

2250

01:31:48,760 --> 01:31:45,470

all of this together is the idea of a

2251  
01:31:51,600 --> 01:31:48,770  
multiverse and there's a universe that

2252  
01:31:54,490 --> 01:31:51,610  
could be just beside us right here and

2253  
01:31:56,920 --> 01:31:54,500  
the difference between us and them is

2254  
01:32:01,870 --> 01:31:56,930  
that their atoms vibrate at a different

2255  
01:32:04,330 --> 01:32:01,880  
frequency and if those atoms vibrate at

2256  
01:32:06,460 --> 01:32:04,340  
our frequency they can skip over into

2257  
01:32:08,920 --> 01:32:06,470  
our universe and then vibrate at that

2258  
01:32:10,990 --> 01:32:08,930  
frequency and go back so that's one of

2259  
01:32:13,120 --> 01:32:11,000  
the things I wonder about science and it

2260  
01:32:14,290 --> 01:32:13,130  
seems like physicists and scientists

2261  
01:32:16,060 --> 01:32:14,300  
keep coming back to that with

2262  
01:32:19,240 --> 01:32:16,070  
mathematics I can't get away from that

2263  
01:32:21,280 --> 01:32:19,250

idea so I yeah I'm with you on that we

2264

01:32:23,560 --> 01:32:21,290

wrote about it in the book is that one

2265

01:32:25,120 --> 01:32:23,570

time what the multiverse idea was pretty

2266

01:32:27,640 --> 01:32:25,130

exotic and crazy and now it's

2267

01:32:29,200 --> 01:32:27,650

cutting-edge stuff I mean I would think

2268

01:32:31,660 --> 01:32:29,210

that cosmologists most of them now

2269

01:32:33,430 --> 01:32:31,670

accept that that is distinct possibility

2270

01:32:35,830 --> 01:32:33,440

it's consistent with string theory that

2271

01:32:38,860 --> 01:32:35,840

there are other realities you know we

2272

01:32:40,060 --> 01:32:38,870

say to ourselves in that context we say

2273

01:32:42,190 --> 01:32:40,070

to ourselves we're

2274

01:32:44,500 --> 01:32:42,200

all ready for the truth we want to know

2275

01:32:46,480 --> 01:32:44,510

what's going on and we're thinking to

2276

01:32:48,310 --> 01:32:46,490

that in the context of UFOs flying

2277

01:32:49,570 --> 01:32:48,320

saucers are here from other planets and

2278

01:32:52,510 --> 01:32:49,580

I remember the first time you

2279

01:32:54,580 --> 01:32:52,520

interviewed dr. jacques ballet he had

2280

01:32:57,250 --> 01:32:54,590

said I'm gonna be really disappointed if

2281

01:33:01,420 --> 01:32:57,260

the ultimate answer to the UFO mystery

2282

01:33:04,050 --> 01:33:01,430

is merely ETS coming here from other

2283

01:33:06,460 --> 01:33:04,060

planets to visit us occasionally because

2284

01:33:08,140 --> 01:33:06,470

the evidence suggests otherwise the

2285

01:33:10,090 --> 01:33:08,150

evidence suggests we're in the middle of

2286

01:33:12,610 --> 01:33:10,100

some other intelligence whether that's

2287

01:33:14,530 --> 01:33:12,620

dimensional it's an ultra terrestrial or

2288

01:33:17,170 --> 01:33:14,540

crypto terrestrial or whatever you want

2289

01:33:18,820 --> 01:33:17,180

to call it the idea is that we live

2290

01:33:20,980 --> 01:33:18,830

among them they're here they can

2291

01:33:22,990 --> 01:33:20,990

interject themselves into our reality at

2292

01:33:25,270 --> 01:33:23,000

will and there's nothing we can do about

2293

01:33:27,220 --> 01:33:25,280

it now people may be ready for truth

2294

01:33:29,400 --> 01:33:27,230

about flying saucers that they're ETS

2295

01:33:32,440 --> 01:33:29,410

from other planets but I am after

2296

01:33:35,020 --> 01:33:32,450

dealing with the ranch for more than 20

2297

01:33:37,330 --> 01:33:35,030

years I'm not sure we're ready for this

2298

01:33:40,300 --> 01:33:37,340

other discussion of reality the idea

2299

01:33:44,110 --> 01:33:40,310

that there is another intelligence that

2300

01:33:46,240 --> 01:33:44,120

sees everything it knows what it knows

2301

01:33:48,250 --> 01:33:46,250

what you think it knows what you're

2302

01:33:49,960 --> 01:33:48,260

gonna do beforehand it sees you when

2303

01:33:54,760 --> 01:33:49,970

you're sleeping when you're in the

2304

01:33:58,030 --> 01:33:54,770

shower people would freak out I think I

2305

01:34:00,850 --> 01:33:58,040

think the general public this audience

2306

01:34:02,320 --> 01:34:00,860

excluded I guess you're a general public

2307

01:34:03,760 --> 01:34:02,330

once in a while but I think I think

2308

01:34:06,610 --> 01:34:03,770

people who are here are curious enough

2309

01:34:09,370 --> 01:34:06,620

to hear this could handle it but I think

2310

01:34:11,620 --> 01:34:09,380

a big large swaths of the population

2311

01:34:12,870 --> 01:34:11,630

would have trouble with it maybe that is

2312

01:34:19,780 --> 01:34:12,880

the answer the multiverse

2313

01:34:21,730 --> 01:34:19,790

extra-dimensional so I don't know is the

2314

01:34:23,170 --> 01:34:21,740

third homestead also just abandoned how

2315

01:34:25,630 --> 01:34:23,180

long has it been since people lived

2316

01:34:27,100 --> 01:34:25,640

there how many things happen there do

2317

01:34:28,780 --> 01:34:27,110

things come from there go to there

2318

01:34:33,190 --> 01:34:28,790

what's the deal with the third homestead

2319

01:34:35,530 --> 01:34:33,200

it is abandoned it is has been abandoned

2320

01:34:38,740 --> 01:34:35,540

I sing I think it was built in the 1920s

2321

01:34:41,650 --> 01:34:38,750

so it's been empty since maybe the 1950s

2322

01:34:43,390 --> 01:34:41,660

the current owner of the ranch has had a

2323

01:34:45,970 --> 01:34:43,400

team of historians that have looked back

2324

01:34:47,470 --> 01:34:45,980

into the records and have located the

2325

01:34:49,600 --> 01:34:47,480

family members of the people who built

2326

01:34:51,160 --> 01:34:49,610

that third homestead the third homestead

2327

01:34:53,050 --> 01:34:51,170

was actually the first one it's the

2328

01:34:53,310 --> 01:34:53,060

smallest and then the second one and

2329

01:34:55,290 --> 01:34:53,320

then

2330

01:34:57,300 --> 01:34:55,300

the current house is the is the youngest

2331

01:34:59,430 --> 01:34:57,310

but the people who live there have a

2332

01:35:02,460 --> 01:34:59,440

really there's a great family story

2333

01:35:03,870 --> 01:35:02,470

about what we'd call a men in black guy

2334

01:35:06,150 --> 01:35:03,880

showing up in the middle of a snowstorm

2335

01:35:08,520 --> 01:35:06,160

being invited in he was like really

2336

01:35:11,010 --> 01:35:08,530

weird wearing really weird clothes from

2337

01:35:12,300 --> 01:35:11,020

the future and then he said they said

2338

01:35:15,090 --> 01:35:12,310

you do we need to give you a ride to

2339

01:35:18,030 --> 01:35:15,100

town no I'm fine and he walks out they

2340

01:35:22,020 --> 01:35:18,040

they opened the door and he's gone he's

2341

01:35:24,630 --> 01:35:22,030

gone and then the the Meijer family that

2342

01:35:27,390 --> 01:35:24,640

has have made statements since the book

2343

01:35:30,120 --> 01:35:27,400

came out we we never had any problem we

2344

01:35:31,620 --> 01:35:30,130

didn't install all those locks we didn't

2345

01:35:34,140 --> 01:35:31,630

have guard dogs we never saw anything

2346

01:35:36,240 --> 01:35:34,150

but people around them in their own

2347

01:35:38,790 --> 01:35:36,250

family that neighbors who knew them said

2348

01:35:40,050 --> 01:35:38,800

they did in fact have experiences I just

2349

01:35:43,050 --> 01:35:40,060

didn't want to deal with it anymore and

2350

01:35:44,880 --> 01:35:43,060

didn't want to talk about it and while

2351  
01:35:47,550 --> 01:35:44,890  
they were there they seemingly came to

2352  
01:35:48,840 --> 01:35:47,560  
an accommodation with whatever it is the

2353  
01:35:50,610 --> 01:35:48,850  
same is true for the husband and wife

2354  
01:35:52,380 --> 01:35:50,620  
who live on the ranch now there they

2355  
01:35:54,420 --> 01:35:52,390  
were the caretakers for a couple of

2356  
01:35:57,690 --> 01:35:54,430  
years under Bob Bigelow and they have

2357  
01:36:00,510 --> 01:35:57,700  
stayed on with the new owner and they

2358  
01:36:02,730 --> 01:36:00,520  
see stuff all the time they don't talk

2359  
01:36:05,520 --> 01:36:02,740  
about it and it doesn't seem to bother

2360  
01:36:07,530 --> 01:36:05,530  
them too much there is an incident in

2361  
01:36:09,000 --> 01:36:07,540  
their past where it it seems to have

2362  
01:36:11,610 --> 01:36:09,010  
caused some physical harm but they've

2363  
01:36:14,370 --> 01:36:11,620

moved on from it so whatever this thing

2364

01:36:17,760 --> 01:36:14,380

is you can learn to live with it and it

2365

01:36:20,250 --> 01:36:17,770

again it shows itself to you it it sets

2366

01:36:23,790 --> 01:36:20,260

the rules one other thing I want to

2367

01:36:26,340 --> 01:36:23,800

mention is that what's on the ranch

2368

01:36:31,230 --> 01:36:26,350

doesn't stay on the ranch it follows

2369

01:36:34,680 --> 01:36:31,240

people the the agents who were part of

2370

01:36:36,900 --> 01:36:34,690

the study conducted for the DIA who were

2371

01:36:38,910 --> 01:36:36,910

on the property all had experiences and

2372

01:36:41,820 --> 01:36:38,920

it seemed like people who brought guns

2373

01:36:45,450 --> 01:36:41,830

on the property the tough folks commando

2374

01:36:47,400 --> 01:36:45,460

types who these were they all had

2375

01:36:50,040 --> 01:36:47,410

experiences there and it followed them

2376

01:36:51,960 --> 01:36:50,050

home and it's it's seven or eight years

2377

01:36:55,230 --> 01:36:51,970

later it's still messing with them now

2378

01:36:58,920 --> 01:36:55,240

and it it shows itself to family members

2379

01:37:03,030 --> 01:36:58,930

scars that a lot of people creatures

2380

01:37:04,500 --> 01:37:03,040

appear stuff flies around the room wine

2381

01:37:05,140 --> 01:37:04,510

bottles break on the wall that kind of

2382

01:37:08,500 --> 01:37:05,150

stuff

2383

01:37:10,780 --> 01:37:08,510

has happened to them and is ongoing and

2384

01:37:13,990 --> 01:37:10,790

it happened to the Gorman's when they

2385

01:37:16,750 --> 01:37:14,000

moved out of the area they moved to

2386

01:37:20,979 --> 01:37:16,760

Idaho and it followed them for a while

2387

01:37:21,370 --> 01:37:20,989

too so it's a it's not to be trifled

2388

01:37:23,229 --> 01:37:21,380

with

2389

01:37:24,970 --> 01:37:23,239

I know we're sitting here talking about

2390

01:37:27,430 --> 01:37:24,980

it and it's kind of fun but it's a it's

2391

01:37:30,250 --> 01:37:27,440

spooky and it's weird and we don't know

2392

01:37:33,669 --> 01:37:30,260

what its priorities or goals are we can

2393

01:37:38,530 --> 01:37:33,679

only guess did you do any excavation of

2394

01:37:41,820 --> 01:37:38,540

the ground or anybody else dig down to

2395

01:37:43,840 --> 01:37:41,830

see if there was an ancient foundation

2396

01:37:45,700 --> 01:37:43,850

not to my knowledge there were

2397

01:37:47,140 --> 01:37:45,710

discussions of that and then it never

2398

01:37:48,580 --> 01:37:47,150

went anywhere there were discussions

2399

01:37:51,760 --> 01:37:48,590

about getting ground-penetrating radar

2400

01:37:54,010 --> 01:37:51,770

to look in a couple of it's a 480 acres

2401

01:37:57,910 --> 01:37:54,020

it's a big ranch but there's one

2402

01:38:01,120 --> 01:37:57,920

particular area mr. Bigelow John

2403

01:38:02,770 --> 01:38:01,130

Alexander had and how put off who was an

2404

01:38:05,290 --> 01:38:02,780

advisor to the science advisory board

2405

01:38:07,090 --> 01:38:05,300

had been involved with the remote

2406

01:38:09,310 --> 01:38:07,100

viewing program knew all these remote

2407

01:38:11,919 --> 01:38:09,320

viewers the ones that really know their

2408

01:38:13,479 --> 01:38:11,929

stuff and had worked for CIA and the

2409

01:38:15,040 --> 01:38:13,489

Pentagon and they got a couple of those

2410

01:38:17,260 --> 01:38:15,050

guys to take a look at it and they all

2411

01:38:19,450 --> 01:38:17,270

seemed to look at the same place in fact

2412

01:38:20,860 --> 01:38:19,460

I engaged a team or remote viewers to

2413

01:38:22,959 --> 01:38:20,870

take a look at the property they all

2414

01:38:25,180 --> 01:38:22,969

looked at the same place the team that I

2415

01:38:29,200 --> 01:38:25,190

got involved they they saw military

2416

01:38:32,770 --> 01:38:29,210

folks underground and with banks of

2417

01:38:34,470 --> 01:38:32,780

equipment the the one remote viewer the

2418

01:38:36,820 --> 01:38:34,480

best remote viewer in the world

2419

01:38:39,010 --> 01:38:36,830

identified a particular part of the the

2420

01:38:40,840 --> 01:38:39,020

ranch in the third homestead that was

2421

01:38:43,600 --> 01:38:40,850

just he gets got he didn't know what it

2422

01:38:45,729 --> 01:38:43,610

was but it was dark and he suggested if

2423

01:38:46,930 --> 01:38:45,739

you got a dig to dig there to my

2424

01:38:49,270 --> 01:38:46,940

knowledge that never happened and they

2425

01:38:53,470 --> 01:38:49,280

did not use ground-penetrating radar but

2426

01:38:55,990 --> 01:38:53,480

the new owner may thank you sure they're

2427

01:38:58,510 --> 01:38:56,000

moving past the idea of nuts and bolts

2428

01:39:01,630 --> 01:38:58,520

analysis of UFO propulsion and moving

2429

01:39:06,700 --> 01:39:01,640

ahead to the idea of consciousness being

2430

01:39:08,410 --> 01:39:06,710

an interactive factor in propelling UFOs

2431

01:39:09,850 --> 01:39:08,420

and considering the fact that every time

2432

01:39:11,530 --> 01:39:09,860

we go to sleep at night our

2433

01:39:13,360 --> 01:39:11,540

consciousness leaves is the premise

2434

01:39:14,950 --> 01:39:13,370

being this is not just lights in the sky

2435

01:39:17,140 --> 01:39:14,960

and craft this is something else

2436

01:39:18,010 --> 01:39:17,150

that was the reason that study the all

2437

01:39:19,840 --> 01:39:18,020

SAP program

2438

01:39:22,750 --> 01:39:19,850

the bass study was so amazing because it

2439

01:39:25,600 --> 01:39:22,760

wasn't just looking at flying saucers

2440

01:39:28,450 --> 01:39:25,610

and nuts-and-bolts craft it was created

2441

01:39:30,010 --> 01:39:28,460

to look at is there an interaction with

2442

01:39:32,050 --> 01:39:30,020

these other phenomena and it was a

2443

01:39:33,880 --> 01:39:32,060

that's an amazing thing and it was

2444

01:39:35,770 --> 01:39:33,890

threatening to people it made them

2445

01:39:37,240 --> 01:39:35,780

uncomfortable but the fact is that's

2446

01:39:38,920 --> 01:39:37,250

what it's probably going to take you

2447

01:39:40,960 --> 01:39:38,930

need to look at the big picture that's

2448

01:39:43,830 --> 01:39:40,970

what this study was the knids study was

2449

01:39:46,960 --> 01:39:43,840

about it's what the bast study was about

2450

01:39:48,880 --> 01:39:46,970

2016 I was here and there was a couple

2451  
01:39:53,770 --> 01:39:48,890  
of guys called the paranormal Rangers

2452  
01:39:56,920 --> 01:39:53,780  
and they were Navajo federal agents john

2453  
01:39:59,490 --> 01:39:56,930  
dover and stan milford have you spoke

2454  
01:40:02,680 --> 01:39:59,500  
with them or had any kind of a

2455  
01:40:04,600 --> 01:40:02,690  
collective can i have not you know we I

2456  
01:40:06,610 --> 01:40:04,610  
was amazed because when we started

2457  
01:40:08,200 --> 01:40:06,620  
working on the book column and I had

2458  
01:40:10,540 --> 01:40:08,210  
reached out to a number tribe and

2459  
01:40:13,150 --> 01:40:10,550  
including the Navajo the Tribal Council

2460  
01:40:14,980 --> 01:40:13,160  
tribal historians and nobody wanted to

2461  
01:40:18,040 --> 01:40:14,990  
talk to us about skinwalkers stuff we

2462  
01:40:20,110 --> 01:40:18,050  
end up getting Anglo professors at

2463  
01:40:22,180 --> 01:40:20,120

university professors who had studied

2464

01:40:24,520 --> 01:40:22,190

native cultures who are willing to share

2465

01:40:26,770 --> 01:40:24,530

with us their impressions but and then

2466

01:40:28,750 --> 01:40:26,780

it's been seven or eight years all the

2467

01:40:30,430 --> 01:40:28,760

sudden the Navajo police officers come

2468

01:40:33,160 --> 01:40:30,440

out there on television talking about it

2469

01:40:36,550 --> 01:40:33,170

they deal with skinwalker stuffs Bigfoot

2470

01:40:38,590 --> 01:40:36,560

stuff witches and they take it seriously

2471

01:40:40,360 --> 01:40:38,600

because it is serious to their their

2472

01:40:42,640 --> 01:40:40,370

constituents so they go out on those

2473

01:40:45,760 --> 01:40:42,650

kind of calls I'd love to to interact

2474

01:40:47,830 --> 01:40:45,770

with the Navajo officers and I hope I

2475

01:40:50,050 --> 01:40:47,840

get a chance if somebody here knows them

2476

01:40:51,910 --> 01:40:50,060

I'd love to have a phone number I'll

2477

01:40:53,980 --> 01:40:51,920

call him you have a unique position in

2478

01:40:57,010 --> 01:40:53,990

that you're involved as a really

2479

01:41:00,730 --> 01:40:57,020

successful mass communicator and also

2480

01:41:04,620 --> 01:41:00,740

have this really respected foot in UFO

2481

01:41:08,470 --> 01:41:04,630

and paranormal and I've often wondered

2482

01:41:11,470 --> 01:41:08,480

what's the justification for greater

2483

01:41:12,310 --> 01:41:11,480

media not to pick up and communicate the

2484

01:41:15,340 --> 01:41:12,320

things that you're communicating

2485

01:41:17,470 --> 01:41:15,350

especially with what you're saying is

2486

01:41:20,410 --> 01:41:17,480

coming out from this extended research

2487

01:41:22,360 --> 01:41:20,420

so what do you hear from your cohorts

2488

01:41:24,820 --> 01:41:22,370

and greater media as how can they

2489

01:41:27,130 --> 01:41:24,830

justify turning a blind eye to all of

2490

01:41:28,930 --> 01:41:27,140

this information it's pretty much the

2491

01:41:30,210 --> 01:41:28,940

same it's always been is that it's the

2492

01:41:32,070 --> 01:41:30,220

the giggle factor

2493

01:41:34,170 --> 01:41:32,080

I mean the reason that the Pentagon

2494

01:41:36,090 --> 01:41:34,180

canceled that study same thing nobody

2495

01:41:38,550 --> 01:41:36,100

wants to be a Chris melon wrote a

2496

01:41:40,350 --> 01:41:38,560

Washington Post op-ed piece about nobody

2497

01:41:42,540 --> 01:41:40,360

wants to be the alien guy in the

2498

01:41:44,700 --> 01:41:42,550

Pentagon it does know you no good even

2499

01:41:46,770 --> 01:41:44,710

now after the tick tack and and all this

2500

01:41:48,690 --> 01:41:46,780

stuff has come out pilots don't want to

2501

01:41:50,910 --> 01:41:48,700

report this it does not help their their

2502

01:41:53,250 --> 01:41:50,920

careers and the same is true in my line

2503

01:41:56,900 --> 01:41:53,260

of work I get away with it because I've

2504

01:41:59,250 --> 01:41:56,910

been at it a long time and I was I was a

2505

01:42:02,160 --> 01:41:59,260

had a certain amount of credibility

2506

01:42:04,230 --> 01:42:02,170

before I became the alien guy but I've

2507

01:42:07,170 --> 01:42:04,240

caught nothing but grief about it ever

2508

01:42:09,420 --> 01:42:07,180

since and and I think it's a shame

2509

01:42:11,490 --> 01:42:09,430

because there are legitimate things you

2510

01:42:14,910 --> 01:42:11,500

can write about you know that you can

2511

01:42:17,190 --> 01:42:14,920

have an honest inquiry and you can try

2512

01:42:19,410 --> 01:42:17,200

to separate wheat from chaff and boil it

2513

01:42:21,270 --> 01:42:19,420

down and do good news stories the same

2514

01:42:23,550 --> 01:42:21,280

way the same way I've always approached

2515

01:42:26,910 --> 01:42:23,560

it the same way I would any news story

2516

01:42:28,740 --> 01:42:26,920

you know but there it's the giggle

2517

01:42:30,840 --> 01:42:28,750

factor keeps people from getting into it

2518

01:42:33,480 --> 01:42:30,850

yeah I am amazed that the New York Times

2519

01:42:36,720 --> 01:42:33,490

did that story now they screwed it up a

2520

01:42:39,930 --> 01:42:36,730

little bit but it'll be fixed it'll be

2521

01:42:42,360 --> 01:42:39,940

sorted out but I thought that that would

2522

01:42:44,610 --> 01:42:42,370

change the media environment and and for

2523

01:42:46,320 --> 01:42:44,620

a while it did suddenly New York Times

2524

01:42:48,060 --> 01:42:46,330

does the story Politico doesn't

2525

01:42:50,220 --> 01:42:48,070

Washington Post does it The New Yorker

2526

01:42:52,020 --> 01:42:50,230

magazine some of them are dumping on the

2527

01:42:54,780 --> 01:42:52,030

other media because they got scooped

2528

01:42:57,360 --> 01:42:54,790

that that comes with the territory but

2529

01:42:59,880 --> 01:42:57,370

there was a big flurries Fox News is

2530

01:43:04,710 --> 01:42:59,890

Tucker Carlson had all these guys on his

2531

01:43:07,110 --> 01:43:04,720

show multiple times CNN MSNBC even and

2532

01:43:09,570 --> 01:43:07,120

you know so I had high hopes that

2533

01:43:11,190 --> 01:43:09,580

because the New York Times had done it

2534

01:43:12,360 --> 01:43:11,200

it would make it acceptable for other

2535

01:43:14,280 --> 01:43:12,370

media to do that

2536

01:43:17,370 --> 01:43:14,290

and I think there might be some residual

2537

01:43:19,650 --> 01:43:17,380

effect for that right now I think it may

2538

01:43:22,590 --> 01:43:19,660

have opened up a door for other people

2539

01:43:24,990 --> 01:43:22,600

to pursue this serious journalists to

2540

01:43:27,900 --> 01:43:25,000

route to we report it accurately I'm

2541

01:43:29,010 --> 01:43:27,910

hopeful but you know if you're asking

2542

01:43:32,910 --> 01:43:29,020

why it hasn't happened over the years

2543

01:43:36,840 --> 01:43:32,920

because the giggle factor ridicule my

2544

01:43:40,050 --> 01:43:36,850

wall at home has the editorial cartoons

2545

01:43:41,970 --> 01:43:40,060

that have been drawn about me over the

2546

01:43:44,060 --> 01:43:41,980

years by our state's largest newspaper

2547

01:43:45,770 --> 01:43:44,070

every time somebody's pissed off

2548

01:43:47,960 --> 01:43:45,780

about something they bring up UFO stuff

2549

01:43:49,940 --> 01:43:47,970

you know I do a story about Vice cops

2550

01:43:51,830 --> 01:43:49,950

being crocodile that's the UFO guy

2551

01:43:53,960 --> 01:43:51,840

that's all right and they had these

2552

01:43:56,210 --> 01:43:53,970

cartoons one had me with a butterfly net

2553

01:43:58,760 --> 01:43:56,220

chasing a flying saucer the other one

2554

01:44:01,970 --> 01:43:58,770

was called the marshmallow head

2555

01:44:03,710 --> 01:44:01,980

Chronicles and it was head it had to ET

2556

01:44:05,390 --> 01:44:03,720

hitman had come to earth to rub me out

2557

01:44:07,370 --> 01:44:05,400

and they had ray guns and they're

2558

01:44:10,190 --> 01:44:07,380

standing at a gas station

2559

01:44:11,570 --> 01:44:10,200

looking at these two gas pumps of course

2560

01:44:14,720 --> 01:44:11,580

they are Earth men but which one is

2561

01:44:16,550 --> 01:44:14,730

George Knapp they said I thought was

2562

01:44:18,290 --> 01:44:16,560

funny I you know I'm in a public

2563

01:44:20,750 --> 01:44:18,300

position I have a sense of humor so I

2564

01:44:23,960 --> 01:44:20,760

got the originals there on my wall but

2565

01:44:25,850 --> 01:44:23,970

you know we had these columns when the

2566

01:44:29,350 --> 01:44:25,860

first series about Bob Lazar that we did

2567

01:44:32,300 --> 01:44:29,360

back in 89 and then another in 1990 and

2568

01:44:34,640 --> 01:44:32,310

the it drove the my colleagues in

2569

01:44:36,170 --> 01:44:34,650

journalism crazy because of all the

2570

01:44:38,060 --> 01:44:36,180

public attention that it got it drove

2571

01:44:40,730 --> 01:44:38,070

him crazy so they would take pot shots

2572

01:44:44,240 --> 01:44:40,740

every chance they got they had a column

2573

01:44:46,910 --> 01:44:44,250

called they were kidnapped by aliens and

2574

01:44:49,340 --> 01:44:46,920

they it was about alien abduction

2575

01:44:51,500 --> 01:44:49,350

stories and the medical experiments that

2576

01:44:55,600 --> 01:44:51,510

are done and they dubbed me a grande

2577

01:44:58,100 --> 01:44:55,610

mola in the Church of cosmic proctology

2578

01:44:59,840 --> 01:44:58,110

and they had another column the media

2579

01:45:01,700 --> 01:44:59,850

columnist said boy people are rushing

2580

01:45:03,800 --> 01:45:01,710

home at night to see short nap stories

2581

01:45:05,540 --> 01:45:03,810

they can't wait to get there not because

2582

01:45:07,010 --> 01:45:05,550

they're interested in UFOs but because

2583

01:45:10,220 --> 01:45:07,020

they want to be there when he finally

2584

01:45:11,680 --> 01:45:10,230

goes bull goose loony on the air so it

2585

01:45:14,630 --> 01:45:11,690

comes with the territory

2586

01:45:16,220 --> 01:45:14,640

I'm alright with it what bothers me is

2587

01:45:17,840 --> 01:45:16,230

the people making those jokes and the

2588

01:45:19,880 --> 01:45:17,850

columnist writing that stuff have never

2589

01:45:21,860 --> 01:45:19,890

done one win of their work they haven't

2590

01:45:24,140 --> 01:45:21,870

sat out in area 51 night after night

2591

01:45:26,000 --> 01:45:24,150

looking in the sky dodging the security

2592

01:45:27,560 --> 01:45:26,010

patrols they haven't read the books have

2593

01:45:29,150 --> 01:45:27,570

an interview the witnesses haven't come

2594

01:45:30,770 --> 01:45:29,160

to events like this and when they do

2595

01:45:32,390 --> 01:45:30,780

come to events like this they write the

2596

01:45:35,060 --> 01:45:32,400

same stories look at the people and the

2597

01:45:36,740 --> 01:45:35,070

funny hats and the funny shirts and the

2598

01:45:39,830 --> 01:45:36,750

goofy books that they're selling and and

2599

01:45:41,570 --> 01:45:39,840

they they have fun and they et phone

2600

01:45:43,160 --> 01:45:41,580

home and where's Elvis and the same

2601

01:45:47,990 --> 01:45:43,170

jokes that every reporter has ever

2602

01:45:49,640 --> 01:45:48,000

covered I've told get sold hey George

2603

01:45:53,240 --> 01:45:49,650

thanks so much for coming I love your

2604

01:45:55,290 --> 01:45:53,250

work me and my friend we actually went

2605

01:45:58,439 --> 01:45:55,300

to Vernal Utah where this game

2606

01:46:00,299 --> 01:45:58,449

Walker ranch was in 2016 we had some

2607

01:46:02,689 --> 01:46:00,309

vacation time wanted to go out there see

2608

01:46:04,859 --> 01:46:02,699

what it was like beautiful place yeah

2609

01:46:06,870 --> 01:46:04,869

one of the most interesting things that

2610

01:46:08,580 --> 01:46:06,880

we figured out was the fracking the

2611

01:46:10,620 --> 01:46:08,590

horrible fracking stories and all the

2612

01:46:12,180 --> 01:46:10,630

stillborn births that were happening in

2613

01:46:14,850 --> 01:46:12,190

the area which was a huge story Rolling

2614

01:46:17,549 --> 01:46:14,860

Stones covered it but one of the biggest

2615

01:46:19,770 --> 01:46:17,559

things we found by talking to some of

2616

01:46:23,280 --> 01:46:19,780

the locals at the bars some of them were

2617

01:46:26,069 --> 01:46:23,290

definitely native was the fight over the

2618

01:46:27,510 --> 01:46:26,079

Indian water rights the reservation

2619

01:46:29,720 --> 01:46:27,520

water rights that the Indians had

2620

01:46:33,540 --> 01:46:29,730

apparently treaties had been an old

2621

01:46:36,419 --> 01:46:33,550

agreements had been they have been gone

2622

01:46:39,930 --> 01:46:36,429

back on and somewhere he was suggesting

2623

01:46:43,260 --> 01:46:39,940

that there was a curse put on the whites

2624

01:46:45,600 --> 01:46:43,270

from that had taken over that land

2625

01:46:47,549 --> 01:46:45,610

because of that can you comment on that

2626

01:46:49,740 --> 01:46:47,559

or have you heard that at all I know

2627

01:46:51,810 --> 01:46:49,750

that the Utes like pretty much every

2628

01:46:53,970 --> 01:46:51,820

other indigenous tribe has have been

2629

01:46:55,470 --> 01:46:53,980

screwed over multiple times and treaties

2630

01:46:57,720 --> 01:46:55,480

don't work the paper they're written on

2631

01:47:00,180 --> 01:46:57,730

I'm not up on the current water battles

2632

01:47:01,819 --> 01:47:00,190

but the the lands that they have of

2633

01:47:04,080 --> 01:47:01,829

shrunk and shrunk and shrunk

2634

01:47:06,959 --> 01:47:04,090

occasionally they've expanded again but

2635

01:47:08,760 --> 01:47:06,969

there are clashes cultural clashes and

2636

01:47:11,310 --> 01:47:08,770

people take advantage of them every

2637

01:47:13,020 --> 01:47:11,320

chance they get I I don't know about the

2638

01:47:14,399 --> 01:47:13,030

curse on the water wouldn't surprise me

2639

01:47:18,740 --> 01:47:14,409

though right thank you

2640

01:47:21,600 --> 01:47:18,750

sure so considering the the severity of

2641

01:47:24,359 --> 01:47:21,610

the cattle mutilations and the fact that

2642

01:47:27,419 --> 01:47:24,369

it sounds like quite a few dogs were

2643

01:47:31,709 --> 01:47:27,429

killed why do you think an alien

2644

01:47:35,609 --> 01:47:31,719

presence and or spirits or whatever it

2645

01:47:37,830 --> 01:47:35,619

is wouldn't do the same harm to humans

2646

01:47:41,100 --> 01:47:37,840

you know people on the ranch that they

2647

01:47:43,410 --> 01:47:41,110

are taking their time and toying with on

2648

01:47:46,020 --> 01:47:43,420

this land yeah it's an interesting

2649

01:47:48,419 --> 01:47:46,030

question that we pondered for a long

2650

01:47:51,060 --> 01:47:48,429

time is why didn't they carve up people

2651

01:47:52,799 --> 01:47:51,070

right and they didn't I know there are

2652

01:47:56,330 --> 01:47:52,809

stories about it that people died out

2653

01:48:02,010 --> 01:47:59,520

whatever this intelligence is it

2654

01:48:04,620 --> 01:48:02,020

seemingly differentiates between us and

2655

01:48:08,910 --> 01:48:04,630

other species it didn't kill any humans

2656

01:48:13,530 --> 01:48:08,920

but it killed dogs cats cows it cut up

2657

01:48:15,090 --> 01:48:13,540

forces it it mutilated skunks and and

2658

01:48:18,180 --> 01:48:15,100

other creatures out there at messed with

2659

01:48:20,490 --> 01:48:18,190

birds it's it it it draws a line

2660

01:48:22,650 --> 01:48:20,500

somewhere I guess I'm glad that know

2661

01:48:24,540 --> 01:48:22,660

people have been carved up but I think

2662

01:48:26,850 --> 01:48:24,550

it looks at what we do to animals and

2663

01:48:28,380 --> 01:48:26,860

figure it must be ok I was wondering

2664

01:48:30,600 --> 01:48:28,390

that about the cattle especially I mean

2665

01:48:32,040 --> 01:48:30,610

we eat the cattle and they have just

2666

01:48:33,479 --> 01:48:32,050

finished tagging the cat there's nothing

2667

01:48:36,780 --> 01:48:33,489

aliens have done to cattle that we

2668

01:48:38,700 --> 01:48:36,790

haven't done ten times over so but it

2669

01:48:41,729 --> 01:48:38,710

does seem a tiny bit egotistical that

2670

01:48:43,110 --> 01:48:41,739

that they are differentiating humans

2671

01:48:45,660 --> 01:48:43,120

which is integral I think they have an

2672

01:48:48,180 --> 01:48:45,670

interest in us yeah I I hope it's a

2673

01:48:50,130 --> 01:48:48,190

hopeful interest that they hope to bring

2674

01:48:52,110 --> 01:48:50,140

us along and we can join the cosmic

2675

01:48:54,990 --> 01:48:52,120

community at some point and we'd be

2676  
01:48:58,320 --> 01:48:55,000  
ready for it or not ready now sure have

2677  
01:48:58,950 --> 01:48:58,330  
you are you aware of any efforts

2678  
01:49:02,610 --> 01:48:58,960  
underway

2679  
01:49:06,150 --> 01:49:02,620  
amongst the from within the you tribe

2680  
01:49:10,830 --> 01:49:06,160  
and the Navajo Nation to make any amends

2681  
01:49:13,040 --> 01:49:10,840  
from what may I'm seeing might be some

2682  
01:49:16,979 --> 01:49:13,050  
of the source of this conflict that's

2683  
01:49:18,830 --> 01:49:16,989  
focused on skinwalker ranch not that I

2684  
01:49:21,780 --> 01:49:18,840  
know of

2685  
01:49:23,040 --> 01:49:21,790  
they're uh they're kind of they're kind

2686  
01:49:24,720 --> 01:49:23,050  
of afraid of the place they don't mess

2687  
01:49:26,100 --> 01:49:24,730  
with it you know it's I know that there

2688  
01:49:27,419 --> 01:49:26,110

have been tribal members that have

2689

01:49:29,010 --> 01:49:27,429

worked on the property over the years

2690

01:49:31,560 --> 01:49:29,020

but in general they leave it alone and

2691

01:49:33,060 --> 01:49:31,570

they it's it's very difficult to pierce

2692

01:49:36,270 --> 01:49:33,070

the veil and get them to talk about it

2693

01:49:38,669 --> 01:49:36,280

Jeremy is and and I and have made some

2694

01:49:40,560 --> 01:49:38,679

progress over the last year we've been

2695

01:49:42,720 --> 01:49:40,570

allowed on tribal property that was

2696

01:49:44,220 --> 01:49:42,730

never open to us before this place

2697

01:49:46,290 --> 01:49:44,230

called dark Canyon this is where

2698

01:49:48,150 --> 01:49:46,300

skinwalker Ridge is the path of the

2699

01:49:49,890 --> 01:49:48,160

skinwalker dark canyon is where it

2700

01:49:51,750 --> 01:49:49,900

supposedly lives and they let us go in

2701  
01:49:54,000 --> 01:49:51,760  
there with cameras and and have been

2702  
01:49:55,919 --> 01:49:54,010  
very accommodating we've talked to some

2703  
01:49:57,570 --> 01:49:55,929  
of their police officers who have that I

2704  
01:49:59,520 --> 01:49:57,580  
told you about the hitch-hiker effect

2705  
01:50:02,459 --> 01:49:59,530  
some of those officers have had those

2706  
01:50:05,100 --> 01:50:02,469  
experiences themselves and so they are

2707  
01:50:07,110 --> 01:50:05,110  
they are keenly aware of the phenomena I

2708  
01:50:08,700 --> 01:50:07,120  
don't think they have any interest in

2709  
01:50:10,800 --> 01:50:08,710  
trying to reach an accommodation with

2710  
01:50:13,530 --> 01:50:10,810  
what's on the ranch because they've it's

2711  
01:50:15,270 --> 01:50:13,540  
everywhere in the unit of base and it's

2712  
01:50:16,919 --> 01:50:15,280  
not just there it's everywhere it just

2713  
01:50:19,770 --> 01:50:16,929

happens to be the skinwalker ranch is

2714

01:50:21,990 --> 01:50:19,780

the place that was studied the most it's

2715

01:50:24,330 --> 01:50:22,000

it's an interesting experiment

2716

01:50:27,870 --> 01:50:24,340

the needs guys discussed during the

2717

01:50:30,810 --> 01:50:27,880

study could you go out throw a dart in a

2718

01:50:33,090 --> 01:50:30,820

map and then go there and intensely

2719

01:50:35,750 --> 01:50:33,100

study it and find the same kind of stuff

2720

01:50:38,370 --> 01:50:35,760

the same kind of stories and experiences

2721

01:50:42,600 --> 01:50:38,380

everywhere if you just looked hard

2722

01:50:44,640 --> 01:50:42,610

enough maybe you could I don't know but

2723

01:50:46,320 --> 01:50:44,650

no I as far as I know the native the

2724

01:50:48,660 --> 01:50:46,330

Utes are not trying to reach an

2725

01:50:50,130 --> 01:50:48,670

accommodation with what's the ramble I

2726

01:50:52,830 --> 01:50:50,140  
was reading some reports about

2727

01:50:56,160 --> 01:50:52,840  
skinwalker ranch the people who were

2728

01:50:57,960 --> 01:50:56,170  
there were having abduction experiences

2729

01:51:01,730 --> 01:50:57,970  
that you really didn't touch on very

2730

01:51:05,010 --> 01:51:01,740  
much at one point my understanding is

2731

01:51:07,230 --> 01:51:05,020  
the grades that were visiting often one

2732

01:51:09,720 --> 01:51:07,240  
of their arms got chopped off and they

2733

01:51:11,580 --> 01:51:09,730  
were looking into that do you know do

2734

01:51:14,700 --> 01:51:11,590  
you have any insight on that at all

2735

01:51:16,290 --> 01:51:14,710  
that didn't happen if it did it's been

2736

01:51:17,970 --> 01:51:16,300  
kept real secret I don't I don't

2737

01:51:20,520 --> 01:51:17,980  
remember them ever seeing any gray is

2738

01:51:22,770 --> 01:51:20,530

there and as far as the abduction

2739

01:51:24,420 --> 01:51:22,780

experiences none of the the ranch family

2740

01:51:26,490 --> 01:51:24,430

that we're talking about had those

2741

01:51:28,320 --> 01:51:26,500

experiences there are a lot of weird

2742

01:51:30,570 --> 01:51:28,330

stuff and there's some missing time and

2743

01:51:31,890 --> 01:51:30,580

like I said they had that scoop marks on

2744

01:51:34,950 --> 01:51:31,900

their thumbs that are sometimes

2745

01:51:37,050 --> 01:51:34,960

indicative of an abduction no conscious

2746

01:51:39,390 --> 01:51:37,060

memories of an abduction there was one

2747

01:51:41,130 --> 01:51:39,400

for the family next door and the story

2748

01:51:43,200 --> 01:51:41,140

is that these two teenage girls are

2749

01:51:45,660 --> 01:51:43,210

coming home at night they drive right

2750

01:51:47,430 --> 01:51:45,670

past their house down which is on the

2751  
01:51:50,340 --> 01:51:47,440  
same road as that dirt road that leads

2752  
01:51:51,780 --> 01:51:50,350  
to the ranch they drive past their own

2753  
01:51:54,240 --> 01:51:51,790  
property

2754  
01:51:55,890 --> 01:51:54,250  
toward the ranch and there's a police

2755  
01:51:57,270 --> 01:51:55,900  
car behind them or what they think is a

2756  
01:51:59,820 --> 01:51:57,280  
police car because of the flashing

2757  
01:52:01,380 --> 01:51:59,830  
red-and-blue lights and they keep on

2758  
01:52:04,950 --> 01:52:01,390  
going the next thing they know they're

2759  
01:52:08,100 --> 01:52:04,960  
in their car up on skinwalker Ridge snow

2760  
01:52:10,650 --> 01:52:08,110  
road up there it's the next morning it

2761  
01:52:13,790 --> 01:52:10,660  
wasn't a cop car behind them that's the

2762  
01:52:19,520 --> 01:52:13,800  
only abduction experience that I've ever

2763  
01:52:24,120 --> 01:52:19,530

heard directly but sorry thank you sure

2764

01:52:27,930 --> 01:52:24,130

hi I had a question about have you

2765

01:52:31,860 --> 01:52:27,940

talked to bob lazar about skinwalker

2766

01:52:33,450 --> 01:52:31,870

ranch and if so what's his opinion I've

2767

01:52:34,530 --> 01:52:33,460

shared with him some of these stories

2768

01:52:36,650 --> 01:52:34,540

and Jeremy

2769

01:52:38,550 --> 01:52:36,660

has been working on a project with Bob

2770

01:52:42,540 --> 01:52:38,560

over the last couple of months

2771

01:52:44,460 --> 01:52:42,550

and has told him some of it he has

2772

01:52:45,780 --> 01:52:44,470

enough faith in us to know that there

2773

01:52:47,880 --> 01:52:45,790

must be something to it or we would

2774

01:52:50,820 --> 01:52:47,890

still be working on it but it's not his

2775

01:52:53,520 --> 01:52:50,830

his deal he's totally focused on his

2776

01:52:57,210 --> 01:52:53,530

business and his wife and his life in

2777

01:52:59,280 --> 01:52:57,220

Michigan and as as we have said I have

2778

01:53:00,840 --> 01:52:59,290

said many times in public presentations

2779

01:53:03,690 --> 01:53:00,850

he'd he'd just as soon leave all this

2780

01:53:07,890 --> 01:53:03,700

stuff behind Jeremy might be the person

2781

01:53:10,500 --> 01:53:07,900

who asked that if you're around he's had

2782

01:53:12,840 --> 01:53:10,510

more direct contact with Bob in the last

2783

01:53:15,450 --> 01:53:12,850

couple of months on this subject so ask

2784

01:53:17,850 --> 01:53:15,460

him i beginning of your presentation i

2785

01:53:19,320 --> 01:53:17,860

think you were touching on the the

2786

01:53:21,450 --> 01:53:19,330

previous family who put a bunch of

2787

01:53:24,510 --> 01:53:21,460

heavy-duty locks on one of the houses

2788

01:53:26,130 --> 01:53:24,520

and i think your wording was to either

2789

01:53:28,260 --> 01:53:26,140

keep something out or keep something in

2790

01:53:30,060 --> 01:53:28,270

and i don't think he ever circled back

2791

01:53:32,400 --> 01:53:30,070

to that i was just curious what that was

2792

01:53:33,960 --> 01:53:32,410

about well they were curious about why

2793

01:53:36,420 --> 01:53:33,970

there'd be locks on both sides of the

2794

01:53:38,730 --> 01:53:36,430

doors why there were locks on both side

2795

01:53:40,950 --> 01:53:38,740

the doors inside and then when they were

2796

01:53:42,390 --> 01:53:40,960

there among in the plethora of things of

2797

01:53:44,030 --> 01:53:42,400

weird stuff that was happening as doors

2798

01:53:47,310 --> 01:53:44,040

opening and closing on their own and

2799

01:53:49,110 --> 01:53:47,320

things coming in and out so the people

2800

01:53:51,660 --> 01:53:49,120

who had been there before we're trying

2801  
01:53:53,250 --> 01:53:51,670  
to keep something out for trying to

2802  
01:53:55,830 --> 01:53:53,260  
protect themselves and headlocks all

2803  
01:53:57,770 --> 01:53:55,840  
over the place and everyone who's lived

2804  
01:54:01,050 --> 01:53:57,780  
there since has had the same experience

2805  
01:54:04,440 --> 01:54:01,060  
doors and windows opening up and heavy

2806  
01:54:05,670 --> 01:54:04,450  
footsteps outside and inside and i don't

2807  
01:54:08,010 --> 01:54:05,680  
think you're gonna stop him with locks

2808  
01:54:11,870 --> 01:54:08,020  
but that was what they tried two part

2809  
01:54:16,110 --> 01:54:11,880  
question harry reid's infamous black eye

2810  
01:54:18,530 --> 01:54:16,120  
anything to do with this nothing no I

2811  
01:54:22,500 --> 01:54:18,540  
you know I know in Harry Reid since my

2812  
01:54:24,360 --> 01:54:22,510  
own and I believed the story that he

2813  
01:54:28,110 --> 01:54:24,370

told that he had an accident there he's

2814

01:54:30,780 --> 01:54:28,120

right now by the way he had surgery on

2815

01:54:33,150 --> 01:54:30,790

Monday on May 2nd I should tell you that

2816

01:54:35,400 --> 01:54:33,160

I was on my way to his home in Henderson

2817

01:54:37,560 --> 01:54:35,410

with another guy to talk about this

2818

01:54:39,630 --> 01:54:37,570

subject he wanted a debrief because he's

2819

01:54:41,730 --> 01:54:39,640

he's actively trying to move something

2820

01:54:46,260 --> 01:54:41,740

forward using what influence he has left

2821

01:54:48,220 --> 01:54:46,270

to reignite a study not only of UFOs but

2822

01:54:50,200 --> 01:54:48,230

the other surrounding phenomena

2823

01:54:51,940 --> 01:54:50,210

what Harry Reid did when the story

2824

01:54:54,580 --> 01:54:51,950

eventually comes out about how far he

2825

01:54:58,120 --> 01:54:54,590

went to initiate this program and to

2826

01:54:59,229 --> 01:54:58,130

protect it I think you're gonna I don't

2827

01:55:01,750 --> 01:54:59,239

know if you'll like Harry Reid or not

2828

01:55:03,430 --> 01:55:01,760

but I think you'll be impressed by it by

2829

01:55:06,640 --> 01:55:03,440

how many times he went to bat for it

2830

01:55:09,100 --> 01:55:06,650

right now may 2nd I was on my way to his

2831

01:55:10,750 --> 01:55:09,110

house and he calls me and says we're

2832

01:55:13,570 --> 01:55:10,760

canceling the meeting I just came from

2833

01:55:16,090 --> 01:55:13,580

the doctor and it was a routine

2834

01:55:17,530 --> 01:55:16,100

screening and they found something so

2835

01:55:19,630 --> 01:55:17,540

we'll have to reschedule it and then

2836

01:55:22,180 --> 01:55:19,640

that day he had an MRI and they found

2837

01:55:24,910 --> 01:55:22,190

cancer on his pancreas now pancreatic

2838

01:55:28,510 --> 01:55:24,920

cancer is pretty bad so Monday he had

2839

01:55:30,790 --> 01:55:28,520

surgery he's at Johns Hopkins University

2840

01:55:33,130 --> 01:55:30,800

if you've read about pancreatic cancer

2841

01:55:35,140 --> 01:55:33,140

you know what the chances are but I'm

2842

01:55:37,420 --> 01:55:35,150

hoping that he hangs on and bounces back

2843

01:55:39,450 --> 01:55:37,430

because he'd be a valuable ally and

2844

01:55:42,220 --> 01:55:39,460

trying to get this thing going again

2845

01:55:44,140 --> 01:55:42,230

depending on for all the talk about

2846

01:55:47,680 --> 01:55:44,150

leaking this and leaking that and they

2847

01:55:50,140 --> 01:55:47,690

want disclosure and acclamation they are

2848

01:55:52,180 --> 01:55:50,150

not our friends on this issue and they

2849

01:55:54,520 --> 01:55:52,190

don't want this study and they don't

2850

01:55:56,380 --> 01:55:54,530

want documents to be released if any of

2851  
01:55:57,610 --> 01:55:56,390  
you have filed FOIA is to try to get

2852  
01:55:59,530 --> 01:55:57,620  
some of this information that I'm

2853  
01:56:03,130 --> 01:55:59,540  
talking about then you know what the

2854  
01:56:03,790 --> 01:56:03,140  
reaction has been they don't want to

2855  
01:56:05,380 --> 01:56:03,800  
talk about it

2856  
01:56:08,740 --> 01:56:05,390  
and they don't want to deal with it and

2857  
01:56:10,180 --> 01:56:08,750  
it's myopic and and foolish because

2858  
01:56:11,620 --> 01:56:10,190  
these things are real they're here

2859  
01:56:13,450 --> 01:56:11,630  
they're interacting with they're

2860  
01:56:16,090 --> 01:56:13,460  
demonstrating technological superiority

2861  
01:56:19,000 --> 01:56:16,100  
over our most advanced systems and

2862  
01:56:21,460 --> 01:56:19,010  
sensors and somebody needs to find out

2863  
01:56:23,530 --> 01:56:21,470

how these things work and whether we can

2864

01:56:25,660 --> 01:56:23,540

build them and to make damn sure it's

2865

01:56:27,220 --> 01:56:25,670

not the Russians or Chinese or Iranians

2866

01:56:29,770 --> 01:56:27,230

or North Koreans that are building them

2867

01:56:33,970 --> 01:56:29,780

first I'm wondering whether you see a

2868

01:56:36,160 --> 01:56:33,980

possible intersection between the

2869

01:56:40,000 --> 01:56:36,170

phenomena that is seemingly represented

2870

01:56:43,990 --> 01:56:40,010

by this location and a phenomenon that

2871

01:56:47,310 --> 01:56:44,000

you also report visa vie mutual

2872

01:56:52,930 --> 01:56:47,320

acquaintance of ours david Milady's

2873

01:56:55,180 --> 01:56:52,940

maybe maybe and I wanted to tell the

2874

01:56:58,060 --> 01:56:55,190

Dave this before I told it to an

2875

01:57:00,910 --> 01:56:58,070

audience but yeah that that top that

2876

01:57:03,070 --> 01:57:00,920

that question has come up whether

2877

01:57:06,310 --> 01:57:03,080

there is a connection between the

2878

01:57:09,910 --> 01:57:06,320

paranormal type stuff poltergeist stuff

2879

01:57:11,860 --> 01:57:09,920

weird phenomena that the ranch had

2880

01:57:13,600 --> 01:57:11,870

experienced and the disappearances of

2881

01:57:16,209 --> 01:57:13,610

people in national parks and national

2882

01:57:21,250 --> 01:57:16,219

forests and the answer I was given as

2883

01:57:24,100 --> 01:57:21,260

maybe that that's kind of a chilling

2884

01:57:26,110 --> 01:57:24,110

little thought there but maybe and it's

2885

01:57:28,660 --> 01:57:26,120

I don't know how far somebody has looked

2886

01:57:30,100 --> 01:57:28,670

into that but I am hoping to get more

2887

01:57:32,709 --> 01:57:30,110

information about it and I'll let you

2888

01:57:34,360 --> 01:57:32,719

know I'll let him know yeah yeah there's

2889

01:57:36,550 --> 01:57:34,370

seemingly something the same yet

2890

01:57:40,240 --> 01:57:36,560

obviously not the same but sort of the

2891

01:57:42,100 --> 01:57:40,250

same yeah enigmatika intelligence I mean

2892

01:57:43,540 --> 01:57:42,110

it you know those people disappear and

2893

01:57:45,070 --> 01:57:43,550

some of them most of them don't come

2894

01:57:46,479 --> 01:57:45,080

back that didn't happen on the ranch

2895

01:57:48,820 --> 01:57:46,489

right but it doesn't mean it can't

2896

01:57:50,410 --> 01:57:48,830

happen there and maybe it's more than

2897

01:57:52,959 --> 01:57:50,420

one it's more than one intelligence

2898

01:57:55,000 --> 01:57:52,969

maybe were the the cosmic drive-in movie

2899

01:57:56,620 --> 01:57:55,010

theater were so weird and strange that

2900

01:57:58,450 --> 01:57:56,630

they come from all over the place and

2901  
01:57:59,830 --> 01:57:58,460  
other dimensions to check us out and

2902  
01:58:02,830 --> 01:57:59,840  
they have different motives and

2903  
01:58:04,870 --> 01:58:02,840  
different interests don't know it's it

2904  
01:58:07,510 --> 01:58:04,880  
sure is fun to speculate and pursue it

2905  
01:58:09,280 --> 01:58:07,520  
though yeah yes hey George

2906  
01:58:13,479 --> 01:58:09,290  
I noticed after the New York Times

2907  
01:58:15,850 --> 01:58:13,489  
article came out the following weeks you

2908  
01:58:18,070 --> 01:58:15,860  
had some stories where you had been

2909  
01:58:20,680 --> 01:58:18,080  
interviewing Lewis Alexander and I

2910  
01:58:22,959 --> 01:58:20,690  
noticed that in the interviews it

2911  
01:58:24,669 --> 01:58:22,969  
appears it was from the same interview

2912  
01:58:27,729 --> 01:58:24,679  
he was in the same clothes as the same

2913  
01:58:29,590 --> 01:58:27,739

location and each time it clarified

2914

01:58:32,560 --> 01:58:29,600

something from the New York Times

2915

01:58:33,700 --> 01:58:32,570

article so I'm curious and you had kind

2916

01:58:35,919 --> 01:58:33,710

of mentioned that there's more

2917

01:58:37,600 --> 01:58:35,929

clarification coming is some of that

2918

01:58:39,220 --> 01:58:37,610

coming from that interview session like

2919

01:58:41,110 --> 01:58:39,230

do you have more stories coming from

2920

01:58:42,700 --> 01:58:41,120

that time I hope so

2921

01:58:44,560 --> 01:58:42,710

I mean we did a really long interview

2922

01:58:47,320 --> 01:58:44,570

here's the deal on this New York Times

2923

01:58:50,200 --> 01:58:47,330

story is the and I haven't said this

2924

01:58:54,220 --> 01:58:50,210

before so I'm aware of the the bath

2925

01:58:56,050 --> 01:58:54,230

study and the AUSA and a tip and all

2926

01:58:57,820 --> 01:58:56,060

that stuff because I was allowed to be a

2927

01:58:59,560 --> 01:58:57,830

fly on the wall while that stuff was

2928

01:59:00,100 --> 01:58:59,570

underway but I couldn't tell anybody

2929

01:59:03,400 --> 01:59:00,110

about it

2930

01:59:05,320 --> 01:59:03,410

so when the word comes out Lou Elizondo

2931

01:59:06,669 --> 01:59:05,330

comes forward with Tom DeLonge and in

2932

01:59:08,500 --> 01:59:06,679

October great

2933

01:59:10,450 --> 01:59:08,510

good that's moving forward that's great

2934

01:59:13,720 --> 01:59:10,460

it's out of the closet a little bit and

2935

01:59:14,220 --> 01:59:13,730

then so I did some stories about it and

2936

01:59:15,630 --> 01:59:14,230

I have

2937

01:59:17,370 --> 01:59:15,640

more than I had planned to do and then

2938

01:59:20,790 --> 01:59:17,380

they I am told the New York Times is

2939

01:59:23,160 --> 01:59:20,800

going to break this thing and I called

2940

01:59:26,670 --> 01:59:23,170

up all of the people who were involved

2941

01:59:27,990 --> 01:59:26,680

in this so well why is the New York time

2942

01:59:29,880 --> 01:59:28,000

to get to break it I've been sitting on

2943

01:59:32,400 --> 01:59:29,890

this thing for five or six years I want

2944

01:59:34,260 --> 01:59:32,410

to do the story and they implored me

2945

01:59:36,210 --> 01:59:34,270

they said that the New York Times if

2946

01:59:38,460 --> 01:59:36,220

somebody else breaks it before they do

2947

01:59:41,490 --> 01:59:38,470

that they'll just cancel it and they

2948

01:59:44,220 --> 01:59:41,500

implored me that if I would hold off I

2949

01:59:46,710 --> 01:59:44,230

would get access to certain things and

2950

01:59:48,330 --> 01:59:46,720

interviews it was important for the New

2951  
01:59:50,190 --> 01:59:48,340  
York Times to do it because and they put

2952  
01:59:52,020 --> 01:59:50,200  
this as gently as they could I am NOT

2953  
01:59:53,790 --> 01:59:52,030  
the New York Times and I would heartily

2954  
01:59:56,040 --> 01:59:53,800  
agree with them on that so it was

2955  
01:59:58,140 --> 01:59:56,050  
important for The Times to break it so

2956  
02:00:00,300 --> 01:59:58,150  
that it changed the media environment so

2957  
02:00:01,680 --> 02:00:00,310  
that other news organizations would go

2958  
02:00:05,130 --> 02:00:01,690  
ahead and pursue it and that's how it

2959  
02:00:08,010 --> 02:00:05,140  
worked out so yeah I've had a lengthy

2960  
02:00:11,340 --> 02:00:08,020  
interviews with senator Reed and Lou and

2961  
02:00:14,220 --> 02:00:11,350  
other people and we parsed it out it's

2962  
02:00:15,510 --> 02:00:14,230  
not part of some big scheme where I'm

2963  
02:00:18,930 --> 02:00:15,520

working with the government it's that I

2964

02:00:20,940 --> 02:00:18,940

work for klas TV my audience with all

2965

02:00:24,720 --> 02:00:20,950

due respect is the TV viewers in Las

2966

02:00:26,820 --> 02:00:24,730

Vegas so that's how I write for I don't

2967

02:00:30,470 --> 02:00:26,830

write for ufologists I write for them

2968

02:00:34,560 --> 02:00:30,480

and we have what we call sweeps periods

2969

02:00:37,650 --> 02:00:34,570

periods of the year when ratings really

2970

02:00:39,360 --> 02:00:37,660

count when my employer counts on me to

2971

02:00:41,010 --> 02:00:39,370

produce stories that are a great

2972

02:00:43,950 --> 02:00:41,020

interest to the general public so that

2973

02:00:47,190 --> 02:00:43,960

we can make money on advertising so you

2974

02:00:48,840 --> 02:00:47,200

some will see a plot in this that I'm

2975

02:00:50,880 --> 02:00:48,850

just dishing it out a little piece at a

2976

02:00:53,360 --> 02:00:50,890
